

## ARGUE MORAL OBLIGATIONS OF COVENANT

Governor Cox Enters Into Discussion of League Question

DECLARES NO LEGAL HOLD UPON COUNTRY

Claims That Conscience of World Will Determine Right Action to Take

By the Associated Press. DAYTON, O., Oct. 27.—Whether or not the American congress would be bound morally to adopt recommendations from the league of nations was discussed today by Governor Cox, during a demonstrative day spent in his home communities including Middletown, O. His boyhood home, and here tonight in his home city.

Ask Point Blank Question. The question of a moral obligation was asked point blank by a man in the democratic presidential "candidate's" audience at Middletown. "Without giving a 'yes' or 'no' answer," Governor Cox declared that there would be no legal obligation upon the United States, but that "the presumption is the conscience of the world will determine some action which will not only be right but which will be effective." He added that the Monroe doctrine had been maintained without giving a "yes" or "no" answer, favored a Hitchcock reservation declaring congress should go to accept or reject league advice as to employing American military force.

Discussion of moral obligations under the league was the first during the governor's campaigning and was broached by a stranger in the governor's Middletown address. It was said that the man, who stated that at one time he had taught school, refused to give his name.

Held Explicit Debate. He and Governor Cox held a lengthy and spirited, but friendly joint debate which lasted several minutes, regarding the moral obligations and several other league questions.

The incident caused the governor to relate other circumstances of the campaign in which he said, "hecklers" and other means had been used by Chairman Hays of the republican national committee in attempts at embarrassment.

Governor Cox also continued his fight in all today's speeches against Senator Harding, his republican opponent, reiterating that the senator was "wringing and wringing" upon the league issue and trying to obtain election "under false pretenses."

The governor reiterated that a "great wave" of league sentiment was sweeping the nation.

MISS PANKHURST AFRAID TO TRY HUNGER STRIKE

LONDON, Oct. 28.—Sylvia Pankhurst, the militant suffragist, in a letter to Nikolai Lenin, the bolshevik premier, which is now in the hands of the government, is said to have made this interesting comment: "A expect six months imprisonment. I have considered a hunger strike, but I am afraid that we now have been destroyed since the government has been testing the Irish hunger strikers' die."

Miss Pankhurst was arrested last week charged with publishing seditious literature. She was admitted to half pending removal.

Several years ago Miss Pankhurst was among the first of alleged offenders against British law and order who went on hunger strikes and thus obtained their release.

BRITISH GOVERNMENT PASSES EMERGENCY BILL

LONDON, Oct. 27.—The government's emergency bill which provides for full control in the event of a miners' strike, should involve the railway and transport workers was passed through all its remaining stages today and passed the third reading which is final tonight. The vote was 235 to 65.

## GAINING IN EAST DECLARES COX IN MESSAGE SENT HERE

That a great groundswell has struck the east and a splendid victory is in sight in a statement contained in a telegram from Governor James M. Cox "received, yesterday by Thomas M. Robertson, of the county democratic central committee."

According to the telegram, reports from national headquarters indicate that the democratic party will carry New York, New Jersey, Connecticut, Rhode Island and New Hampshire in addition to several other eastern states whose support is already assured.

In closing his communication Governor Cox asked Mr. Robertson for his continued support, saying "I ask and will appreciate your unceasing efforts from now until election day and untiring vigilance at the polls."

## EMERGENCY COAL ORDERS SUSPENDED

Interstate Commerce Commission Passes Order Regulating Coal Supply

WASHINGTON, Oct. 27.—Emergency orders for preference, in our supply and priority in the movement of bituminous coal to Lake Erie ports for transshipment to the northwest were suspended indefinitely today by the interstate commerce commission.

Demand for coal at the lake ports for transshipment is now less than at any time since the orders were entered on July 10, the commission stated, with extensive accumulations of coal at these ports and a large volume of coal in transit. Production of coal and coal supply have been considerably increased, the commission added, and are now believed adequate to take care of the northwest without the priority order.

## BOYCOTT WILL PREVENT WAR FLAGSHIP

PLAGIARIST, ARIZ., Oct. 27.—The "economic" boycott feature of the league of nations will prevent future wars," William G. McAdoo declared in a five minute speech here this afternoon from the platform of an east-bound train. "The league of nations depends on this one league, the league of nations," he added. Mr. McAdoo denounced republicans who he said were "misrepresenting the league" to the American people.

## Forney's Candidacy

With the unanimous endorsement of the press of his home county of Latah, which, with a single exception, is Republican and with the unqualified endorsement of Hon. Edgar C. Steele, Judge of the Second Judicial District who is a Republican, J. H. Forney of Moscow comes to the voters of Idaho as the Democratic candidate for Justice of the Supreme Court.

Judge Forney's Democratic candidacy with these Republican endorsements indicate how deep rooted in the public mind is the conviction that our courts are not political institutions; that our Judges should not be elected under circumstances that will tend to make them take a partisan view of litigation or litigants; and that no man measures up to our standards for Justice of the Supreme Court unless we know that in all judicial matters he is not partisan.

That the spirit of the Judiciary is fairly free from partisan bias is well established by the endorsement Judge Edgar C. Steele gives Judge Forney. Judge Steele is a Republican but he is first a Judge and as a Judge he knows that the test of a man's fitness to be a Justice of the Supreme court is his ability, honesty, integrity, training and education rather than his politics. And as Forney, the Democrat has the proper qualifications, Steele the Republican endorses him for the office.

So with the press, generally speaking. Politics is not the standard by which the press measures our candidates for Justice of the Supreme Court and hence politics is not the qualification which determines whom the press will support.

This attitude is typically American. The average American is fair and therefore he applies fair tests to those seeking his suffrage and this is what has made us the greatest nation on earth.

## NIGHT RIDERS TERRORIZE SOUTH

## CHURCH IS RENDEZVOUS OF COTTON GIN RAIDERS

MONTGOMERY, Ala., Oct. 27.—A small country church on the Culman-Blount county line was the rendezvous of the alleged night raiders who posted guns and stores with warning to close down until cotton was ginned at 40 cents a pound, according to officers who returned here tonight after raiding in the arrest of 43 men. All of the suspects lived within a radius of five miles of Arab, a small community in Blount county and were comparatively young men, the officers said.

The arrests followed investigations by State Fire Marshal W. J. Williams and Conrad Austin, chief of the law enforcement squad. The latter said he had evidence enough to convict all of those arrested who will be charged with conspiring to commit a felony and suffering threats verbally and in writing.

## DIAZ SAILS FROM CUBA

HAVANA, Cuba, Oct. 27.—General Felix Diaz, nephew of former President Porfirio Diaz, who was exiled from Mexico for alleged revolutionary activities, arrived here today from New Orleans on the steamer Cartago to join his family. General Diaz had been here since his expulsion from Mexico. The American government granted General Diaz passports to visit the United States.

Above: The warning that has been posted on cotton gins. Below: One of the cotton gins of the south. Insert is a picture of F. F. Florence, banker, who says the gin fires are not the work of intelligent farmers.

## COLORADO RANGERS UNDER ARMS TO QUELL DISORDER

DENVER, Col., Oct. 27.—Two hundred odd Colorado rangers are under arms tonight at Golden, awaiting orders from the governor to move into the northern Colorado coal fields where what state officials term an "illegal" strike of miners has been called effective at midnight tonight.

Governor Shoup, in a statement today, served notice on miners and operators that no disorders growing out of the strike will be tolerated. The first men to answer the strike call, according to union officials of district 15 United Mine Workers of America, were miners of the Russell mine in Weld county who left off work this afternoon. Pumps were posted to prevent flooding.

According to union officials 2,000 men in Jefferson and Boulder counties will respond to the strike call, issued as a result of a vote taken Monday night. The men demanded a working agreement and adjustment of wages. Four mines, employing about 400 men, have unexpired contracts with the union, will be exempt from the strike order.

In his statement today Governor Shoup declared that the strike will deprive one third of the state of coal and added "life and property will be protected and law and order will be preserved without fear of political consequence or without favor to any persons or interests involved."

State officials declared the strike illegal on the grounds that the state industrial commission already had assumed jurisdiction in the strike controversy under state laws and had set a hearing for November 4. The men contend that the strike order is legal because notice had been served on the state commission on September 17—more than thirty days prior to the strike order.

## BODY OF MACSWINEY LIES IN STATE IN LONDON CATHEDRAL

LONDON, Oct. 27.—The body of the late lord mayor of Cork Terence MacSwiney, is lying in state tonight in St. George's cathedral. A bodyguard composed of members of the Cork and London brigades of the Irish Volunteers, dressed in civilian clothing is keeping vigil throughout the night beside the coffin which is shrouded in a Sinn Fein flag.

The first services will be held tomorrow morning at 11 o'clock when a requiem mass will be celebrated. The funeral will be given by Archbishop Mannix, other dignitaries officiating. The funeral party will leave Euston station tomorrow evening on the regular train.

The inquest at the prison was concluded shortly after noon but it was 5 o'clock before permission for the removal of the body was given and arrangements completed for the taking over of the body by the family.

WORKING FOR "SOLIDARITY" SEATTLE, Wash., Oct. 27.—Parley P. Christensen, farmer-labor candidate for president in an address here today declared the people "are much industrial slaves as were the black-men of fifty years ago," and said his party is "working for a great solidarity."

## PRESENT ARGUMENTS FOR RECOGNITION OF IRISH REPUBLIC

WASHINGTON, Oct. 27.—Arguments favoring recognition of the "new republic of Ireland" were formally presented to Secretary Colby at the state department tonight by a group of Irish sympathizers, headed by Frank P. Walsh, former joint chairman of the war labor board.

Mr. Walsh was accompanied by Eugene Kincaid, New Jersey; James McClure, former mayor of St. Louis; James McGarrity, Philadelphia, and Daniel C. O'Flaherty of Richmond, Va., all members of a larger committee appointed at the Irish race convention in Philadelphia two years ago and which sent a committee composed of Mr. Walsh, former Governor Dunne of Illinois, and Michael Ryan of Philadelphia to Paris to intercede with the American delegation at the peace conference for Irish recognition.

## FRENCH LANDSLIDE

CHICAGO, Oct. 27.—Prediction of the election of Harding and Coolidge by the "most remarkable landslide in the history of the country" was made by Senator Hiram W. Johnson tonight upon his arrival from the east. "It is practically the same in every state," the senator said.

## WILSON MAKES FIRST SPEECH SINCE ILLNESS

Calls on "Fellow Countrymen" to Endorse League of Nations

SPEAKS FROM CHAIR TO PRO-LEAGUE REPUBLICANS

Visitors Declare Occasion is 'Inexpressably Solemn and Tender'

WASHINGTON, Oct. 27.—President Wilson in his first speech since he was taken ill more than a year ago, called on his "fellow countrymen" today to endorse the league of nations and stimulate them to "the concert of peace and the completion of the great moral achievement" on their part, which he said the world war represented.

Speaks From Wheel Chair.

Speaking from his wheel chair to a delegation of pro-league republicans and independents who called at the White House, the president declared that the "great moral influence of the United States would be 'absolutely thrown away' if the nation did not now complete the task which our soldiers and sailors so patriotically undertook to execute."

"The American people, Mr. Wilson said, should not be deceived into supposing that imperialistic schemes brought about by the defeat of Germany. He declared that there were other nations which were likely to be powerfully moved or were already moved by 'conquerer's jealousy' by the desire to dominate and to have their own way in politics and in enterprise" and that it was "necessary to apprehend them that the world would be united against them as it was against Germany if they attempted any similar thing."

The president read his address from a manuscript. His visitors declared in a formal statement after leaving the White House that it was evident he was "voicing the profoundest emotions if his heart" and that more than once "his voice choked," especially when he referred to "the soldier boys and the mothers of those who had fallen in battle."

"The whole occasion was inexpressably solemn and tender," said the statement, adding that the delegation felt that it was "nothing less than a privilege to be present at this historic moment when the president had been brought to 'stand at the physical condition as the result of his indefatigable labors for his country and for humanity.'"

"They felt" concluded the statement, "that this might be the president's last appeal to the conscience of his countrymen in the supreme moral decision that they are called upon to make."

MAJOR DALRYMPLE SAYS HE HASN'T RESIGNED

CHICAGO, Oct. 27.—After it had been announced at the federal building today that Major A. V. Dalrymple, federal prohibition director for the central states had resigned, no word was received from the major in Washington saying he had not resigned and did not intend to quit.

The telegrams from Major Dalrymple said he was in Washington to assist in the revision of the regulations governing the transportation and delivery of alcoholic liquor.

## GREAT BRITAIN GIVES UP CONFISCATION RIGHT

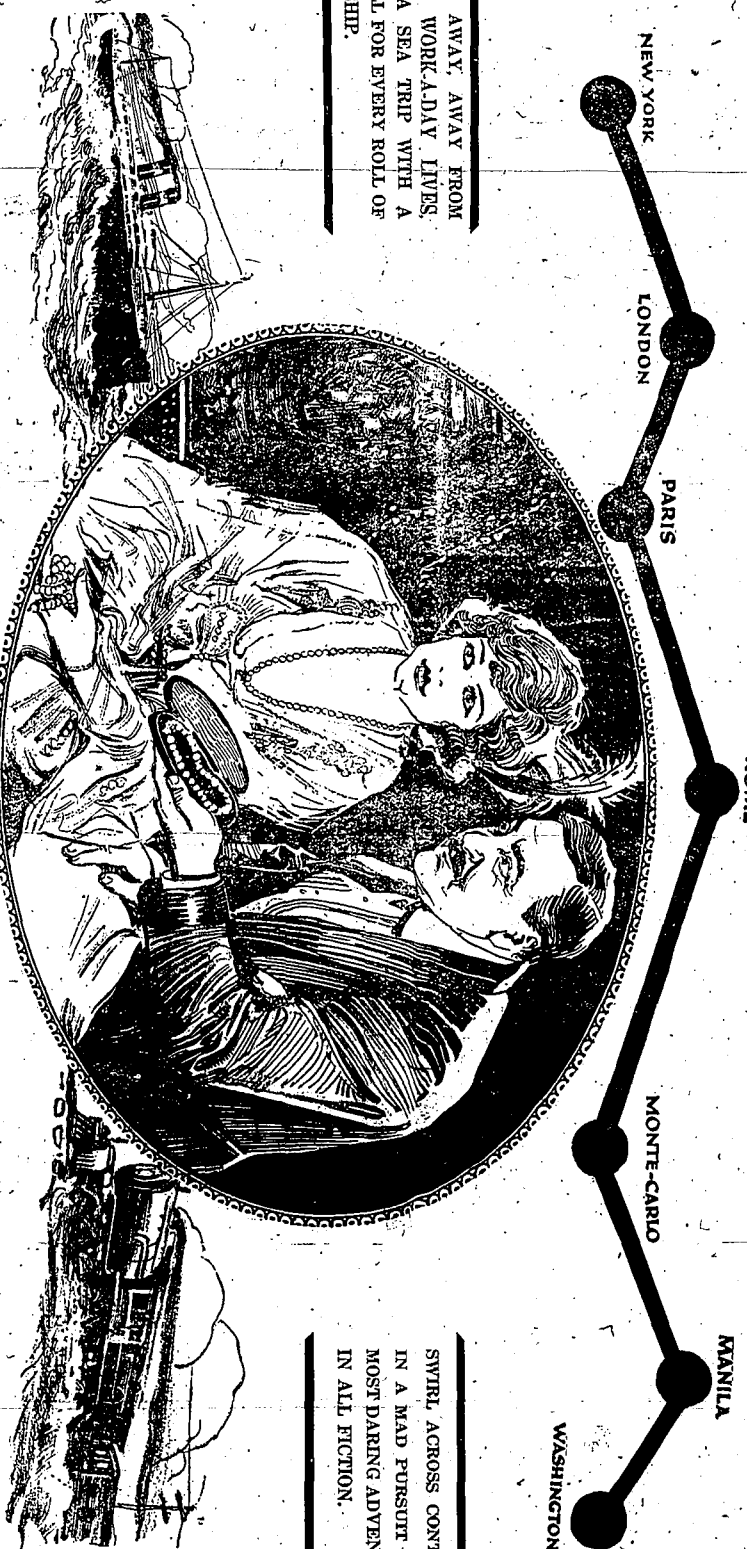

PARIS, Oct. 27.—The French foreign office received official notification today that Great Britain renounces the right of confiscation of German property in the United Kingdom. This has caused great surprise, which is freely expressed in French official circles. French officials emphasize the gravity of this move, as they say Germany will make a similar request of France, which will then be obliged to grant it. However, they point out that the renunciation by Great Britain is not as sweeping as it at first appears.

## CONSIDER WASHINGTON

Let us pause in the heat of a political campaign and consider George Washington, first president of the United States, Father of his country, idol and inspiration of the youth of America, the man whom all Americans speak of with reverence and pardonable pride.

In a letter to Thomas Jefferson under date of July 6, 1797, he wrote: "I had no conception that parties would or even could go to the length I have witnessed; nor did I believe until lately, that it was within the bounds of possibility that every act of my administration would be tortured and the grossest and most invidious misrepresentation of them made. I am so that too in such exaggerated and invidious terms as could scarcely be applied to a Negro—a notorious defaulter—or even even to a common pickpocket."

Can you not recall, who read this that Theodore Roosevelt came in for the same calumny and can you not today hear Republican orators reviling the President of these United States just as Washington was reviled. Washington was even accused of being untrue to the cause of the Revolution. Can you not discern in the tirades on the President the same line of attack, the same absolute dishonesty of purpose, the same exhibition of utter depravity. It won't hurt you to read again the words of Washington and pause a moment and give them weight in the light of what is occurring in this presidential campaign.

## POSTAL SAVINGS LAW MEANS PONZI'S PLAN

WASHINGTON.—It is pretty soft for bankers to borrow money from the government at 2 1/2 per cent interest and then to pay the government at 4 per cent.

By this process the hard pressed taxpayers of the United States made

## WHEN RHEUMATISM HITS YOU HARD!

Sloan's Liniment should be kept handy for aches and pains. WHY wait for a severe pain, an ache, a rheumatic twinge following exposure, a sore muscle, a sprain or lameness to make you quit work, when you should have Sloan's Liniment handy to help cure it and keep you active, and fit and useful? Without rubbing, for it penetrates, apply a bit today to the afflicted part. Note the gratifying, clean, prompt relief that follows. Sloan's Liniment couldn't keep it many a time and it didn't do the world over if it didn't do it here. That's your reminder. All drug stores—three places in Twin Falls—most economical. 50c, 75c, \$1.00.

**Sloan's Liniment** (Pain's Enemy)

the national banks a percent of \$5,250,000 the last year on postal savings funds alone.

But it won't happen again if Congressman Clyde Kelly, Pennsylvania, can get a bill through which he proposes to introduce Doc. 1, when congress meets. His plan is to remove all restrictions on deposits in postal savings banks, to pay depositors 4 per cent interest, and, instead of redistributing these funds in national banks, he would loan them back to the people to improve farms and build homes for any other legitimate and safe purpose.

Here is the way Congressman Kelly says the national banks lifted \$5,250,000 of the people's money this last year.

Of the \$175,000,000 on deposit in the postal savings banks, \$150,000,000 of it was deposited in the national banks. The national banks paid the government 2 1/2 per cent interest. Then the treasury department borrowed \$1,000,000,000 from these banks by issuing "treasury certificates" at 6 per cent. By this transaction the government, or the taxpayers, lost the difference of 3 1/2 per cent on \$150,000,000, which is \$2,250,000.

In other words the people furnished the \$150,000,000 at 2 per cent, the government added one-half per cent and let the banks have it. The banks added 3 1/2 per cent and let the government have it again, and the government then subtracted 1 1/2 per cent and let the farmers have it.

Ponzi's financing scheme is tame compared to this one!

"The bill I will introduce," says Kelly, "proposes to wipe out all limits and pay 4 per cent on deposits. It will abolish the clause requiring that the funds be deposited with banks, and will substitute one, with proper machinery, to loan the money to the people in commerce and industry at 5 per cent. To become a borrower one would have to become a member of the organized community for borrowing purposes and the organization would stand good for all the loans. Ability to borrow would depend more on the moral character of the person than the ownership of property."

## COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre At Once.

Common garden sage, brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and salt hair beautifully dark and lustrant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation, improved by the addition of other ingredients, a large bottle, at little cost, at drug stores, known as "Weyl's Sage and Sulphur Compound," thus avoiding a lot of muss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. In darkening your hair with Weyl's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and lustrant, and you appear years younger. Adv.

**ISSUES RESTRAINING ORDER**  
OMAHA, Neb., Oct. 27.—Judge Woodruff in federal court at Norfolk, Neb., today issued a temporary order restraining Sheriff Hays and County Treasurer Matthews of Knox county, Neb., from selling and selling the property of the Chicago & Northwestern and the Minneapolis & Omaha railroad company for taxes.

## TAKE SALTS TO FLUSH KIDNEYS

Get Less Meat If You Feel Back-ache or Have Bladder Trouble.

Meat forms uric acid which exerts and overworks the kidneys in their efforts to filter it from the system. Intercurrent attacks of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels, removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or neck, headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush out the body's urinous waste get about four ounces of Epsom salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of the grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Epsom salts are inexpensive, harmless and makes a delightful of ferocious lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Adv.

## WHITE MAKES PUBLIC CIRCULAR LETTER

NEW YORK, Oct. 27.—Portions of a circular letter, said to have been sent to directors of corporations by an official of the republican national committee, were made public here tonight by George White, chairman of the democratic national committee. Mr. White declared the letter tends to prove Governor Cox's charge that republicans would "sell out to the corporations." Mr. White's statement follows:

"A circular letter sent to directors of corporations by Charles B. Warren, chairman of the ways and means committee of the republican national committee, has come to my attention. The contents of this letter will convince all who have any remaining doubts that the republican national committee is prepared to sell out to the

United States of America to the corporations if Senator Harding is elected." This is a grave charge, but it is borne out by the contents of Mr. Warren's letter.

"Under date of October 20, 1920, in addressing directors of corporations, he writes:

"With you, therefore, determine promptly what the value of republican success means to you and your corporate interests? Make your financial pledges accordingly and mail the enclosed card with remittance to the Detroit office today."

"The signature of Mr. Warren is not printed on this letter but it is signed in red ink over the printed name. The letter is written on the stationery of the republican ways and means committee.

"No more sordid document and more corroborative of Governor Cox's charge that certain corporations are trying to buy an underhold in the government has come to light in this campaign."

## SPECIAL MEETING OF STOCK-HOLDERS OF TWIN FALLS ATHLETIC ASSOCIATION.

Notice is hereby given that on Wednesday, November 10, 1920, a special meeting of stockholders of the Twin Falls Athletic Association will be held in the Commercial Club of the city of Twin Falls, county of Twin Falls, state of Idaho, at 8 o'clock p. m. for the purpose of electing a board of directors for said corporation, and for the further purpose of authorizing the board of directors to sell and transfer the real estate belonging to said corporation, and to make such arrangements that would be to the best interest of the club.

## TELL OF BENEFITS TO BE DERIVED FROM WATERWAYS

MINNEAPOLIS, Minn., Oct. 27.—Hearings which would result to the northwest from the proposed Great Lakes-St. Lawrence (St. Lawrence) project, were pointed out to the International Waterways commission at a hearing here today by business men and others.

The proposed outlet to the sea via the Great Lakes and the St. Lawrence river, witnesses said, would result in increased exports from this section to the advantage of producers and shippers, bringing increased land values.

Helped from freight car congestion, committee is prepared to sell out to the

fellow completion of the waterway, they declared.

The commission will continue the hearing tomorrow.

## WANTED TO MARRY BEFORE SHE CHANGED MIND

LOS ANGELES.—Mrs. Domini Redfern told Arthur Quincy Hagerman she would marry him if it happened quickly, before she should change her mind.

It was Sunday and no chance to get a license. Hagerman quickly arranged with a friend, Lieut. Armand Anderson, to take them riding in his airplane. He also arranged for an

other friend, James Littlehawn, a young minister, to go along.

"But out over the Pacific ocean Littlehawn refused to marry them."

Lieut. Anderson stepped into the gap. "I'll marry you," he said. "A skipper of this craft on the high seas I have the right to perform the ceremony." Prompted by the minister, he did.

Hagerman is a magazine writer. Mrs. Redfern, 21 and blond, secured a divorce from her first husband and her second husband died.

## The Community Spirit

Twentieth century progress has given us thousands of things our forefathers lived without. Such things make it possible for us to support an ever-growing population in increasing comfort and plentifulness.

Modern progress is based upon cooperation. Each of us does those things we are best fitted to do well, and each of us is dependent in turn upon the others for everything else.

Only by all working together, the farmers and the city people, the merchants and the buying public, the manufacturers and their employees can we ever develop that true community spirit which will give all maximum prosperity.

## HEAVYWEIGHTS TO FIGHT IN HAVANA

Jack Dempsey and Georges Carpentier to Battle in Cuba for World's Title; Announce Date, Later

NEW YORK, Oct. 27.—The fight between Jack Dempsey and Georges Carpentier for the heavyweight championship of the world will be held in Havana, Cuba. It was announced here tonight.

Selection of Havana as the scene of the contest was made by Wm. Rickard, Charles G. Cochran, and William B. Brady, who stated they had received an offer of such proportion from a syndicate of Cuban capitalists that it was finally decided the championship battle would be staged in Havana.

Details of the match have been agreed upon and the actual signing of the articles of agreement merely await the arrival of a representative of the Cuban syndicate. He is expected to reach here within a week and upon his arrival definite announcement of the date of the contest will be made.

The three promoters made the announcement after a lengthy conference in W. A. Brady's office. None of them would disclose the identities of the Cuban capitalists who bid successfully for the big battle.

"I am perfectly satisfied with the Havana arrangement," said Rickard, "but I cannot disclose the identity of the representative of the Cuban syndicate as yet. He will be here in a week or so and everything will be announced upon his arrival. The Cuban capitalists have made us an offer which means a safe guarantee for success for us and eliminates to a great extent any chance of gambling on the proposition."

**SAYS SYMPATHY ALIENATED**  
LOS ANGELES, Cal., Oct. 27.—The failure of the United States to enter the league of nations has alienated the sympathy of the rest of the world, Homer S. Cummings, former chairman of the democratic national committee declared today in an address at Long Beach, near here.

## YAKIMA FARMERS GIVE AWAY MELONS

Rather Than Sell at Low Washington Fruit Growers Allow Motorists to Help Themselves

YAKIMA, Wash.—Invitations are being issued by ranchers in the Yakima valley to free melon parades. Motorists are hailed with the request to "eat in and help yourself."

The wayfarer establishes himself in the center of a ten-acre patch of luscious watermelons or cantaloupes and slices open one after another until the ultimate melon delight is obtained.

The small boy does not sneak forth by Marlight to "moon" melons; he borrows a big knife or a gunnysack at the farmhouse door and plunges into a melon delectable.

a slice of watermelon costs fifteen cents.

The cheapest varieties of melon sell for five cents each here in Yakima, yet the growers cannot afford to crate and ship their product. Thousands of dollars and months of hard toil are lost; and the ranchers hardly can understand why.

"I pack 25 cantaloupe in a crate," explained one grower. "I am paid 50 cents for the lot in Yakima, and promised the return of the crate. If I don't happen to get the crate, I'm out 25 cents for that."

"The express rate to Seattle, the nearest large market, is 72 1-2 cents. The commission man gets 42 1-2 cents. I have been paying \$5.50 a day, with hard, for pickers, and every crate of melons I have shipped has resulted in a dead loss. It is cheaper to let them rot on the vines."

No attempt is made to charge anything for melons or tomatoes. During the week the pleasant shooting was permitted in Yakima county, hunters quenched the thirst of their dogs by breaking open a dozen or more of big ripe watermelons and letting the animals lap up the juice. The finest quality of cantaloupe could be carried off without price.

Only the Japanese were packing, and they made use exclusively of

home labor, women and children doing the work for which the white farmer would be compelled to pay high wages.

The heavy Yakima potato crop is also going to be sold at a loss, the ranchers say.

**BELIEVES CONSTANTINE MAY OBJECT TO PRINCE PAUL**

ATHENS, Oct. 27.—The question of Prince Paul's accession to and Constantine's renunciation of the throne is the absorbing topic of conversation here. Some of Constantine's partisans are pessimistic and say that his return is impossible. They explain that the opposition had no other course than to support his cause against Premier Venizelos.

In government circles, it is believed that Constantine will refuse to approve Prince Paul's accession until after the elections so as to not destroy the platform of his adherents. Later it is thought he may comply with the government's requirements.

George. It is asserted that Constantine, despite his outward attitude, would be glad of such a solution. However, the government's attitude is said to be definite and irrevocable. Others take a dark view declaring that Constantine will remain inflexible even after the election and refuse to ratify Prince Paul's call to the throne or give the guarantees the government demands. It is contended that he would prefer to put the Venizelos government in an embarrassing position and foster interclass discord in Greece, in the hope of ultimately being called upon as its savior.

**MRS. PEELE INDICTED FOR MURDER OF PROMOTER**

LOS ANGELES, Cal., Oct. 27.—Mrs. Louise L. Peete, of Denver, charged with the murder of Jacob Charles Denton, wealthy mining promoter, in an indictment returned to jury, tonight was in the county jail awaiting trial in the superior court set for November 28.

Proceedings against the former occupant of the Denton residence, in the cellar of which the mining man's body was found buried September 25, moved today with speed. She seemed calm when she entered the grand jury's room at 11:30 a. m. and still calm when she emerged two minutes later. She had used those two minutes, it was stated, to tell the grand jurors she would not testify. Five minutes later it was reported, the jury had voted to indict her.

When the time came for her to plead she stood with her head up and chin out.

"You have heard the indictment," said the court. "How do you plead, guilty or not guilty?" Without a second's delay and in a voice loud and clear and firm, the accused woman answered: "Not guilty."

**BLOOD OF MONKEY SHOWS NO SIGNS OF DISEASE**

LONDON, Oct. 27.—Scientific examination of the blood of the monkey which bit King Alexander, according to an Athens dispatch to the Times shows no signs of any disease, and the blood health of the king is reported to be excellent.

# PAYS TRIBUTE TO FORMER LEADERS

**Senator Harding Tells Audience That America Is to Perpetuate Spirit Which They Awakened**

CLEVELAND, O., Oct. 27.—Paying tribute to Theodore Roosevelt and William McKinley as authors of the new era of national development, Senator Harding told a crowd of several thousands in Gray's armory tonight that his ambition was to perpetuate the spirit of united and forehanded nationalism which he said they had awakened.

Recalling that today was the anniversary of Roosevelt's birth, the nominee declared that the Roosevelt policies had brought to the United States a "new conscience and a sterner doctrine" that all right must be founded upon obligations and a fundamental fair play. He praised Roosevelt unreservedly for his "largeness of heart, wisdom and outstanding integrity."

Under the leadership of McKinley Mr. Harding added, the nation found new unity and a new industrial life which Roosevelt fostered by his ability to awaken in American citizenship a new sense of nationality and advancement.

"I see before us another great work to do," the candidate continued, "and we must in united faith to America for a new contribution. It calls for that understanding among peoples and nations that shall draw all together in harmony and unity."

## DENY KNOWLEDGE OF THROWING OF GAMES

CHICAGO, Oct. 27.—The Chicago American League club, in a statement tonight through its secretary, Harry Graham, denied that Harry Redmond or anyone else had given the club positive evidence, prior to the grand

jury, baseball investigation that Chicago players had "thrown" games to Cincinnati in the 1919 world series.

The statement was in reply to reports that the club had been aware of the game throwing and could have taken action before the grand jury began its investigation.

Redmond, who was brought here by President H. H. Johnson of the American league to testify, announced last night that he had told the jury he had given President Charles A. Comiskey of the club positive evidence last winter that the series was "fixed."

Redmond never gave anyone connected with the club any evidence upon which the club could act," said the statement. "The club was informed last winter that Redmond had lost heavily on the series and had learned that games were thrown and would be willing to give evidence upon which the guilty persons could be convicted if the club would make good his losses."

## DISABLED VETERANS ARE MAKING "COME BACK"

NEW YORK.—The first real step in the rehabilitation of disabled soldiers has just been taken. The statement must not be taken to discredit the efforts that have been made by hundreds of agencies and individuals looking toward that end, but the fact that this is the first real step because it has been taken by the soldiers themselves.

The first of the formation is Columbia University of a "Come Back" Club, the purpose of which is to combat two things that have almost spelled ruin for thousands of disabled soldiers.

The first of these things has been the inconsiderate way they have been treated by the federal board and employers in many cases (the second has been a very opposite thing—the "you have suffered for us, your life should be made a bed of roses attitude").

Both having wreaked havoc among the ranks of disabled soldiers, the one creating discontent and discouragement and the other a feeling of

resent and the other a feeling of ambition and creating of false perspective.

The "Come Back" Club at Columbia has been set up. It is the spirit of the "Come Back" club is based on the belief that with spirit a man can overcome almost any handicap. This spirit, organizers of the club feel, can be built up on three points of pride—pride in his ability to come back as an individual, pride in the standing of his club as a whole at the school he attends, and pride in public acknowledgment of the fact that the disabled soldier has a real place in the community.

The "Come Back" club at Columbia has been that more than 300 disabled soldiers have joined the club and it is now their aim to establish a similar club in every school in the country that has disabled soldiers in attendance.

One of the first plans to be worked out was the finding of a suitable place near Columbia where every "buddy" could be housed under the same roof and in that way drive away that spirit of "solitude" that has been accumulated by many disabled soldiers.

## ROGERSON ITEMS

Iroy E. Mather returned to Rogerson Saturday and brought his family with him. They will reside here and Mrs. Mather will teach in the Rogerson school.

Walter H. Russell is spending a few days this week in Rogerson.

Hattie Holsely went to Twin Falls Monday after spending a week visiting friends and relatives in Rogerson.

C. C. Higgins and C. G. Winters left Tuesday with freight for Three Creek.

Perry Brown and Jim Shearer left Tuesday for Jarbridge with freight.

Miss Nina Nicolay left on Monday's train to attend Teachers' Institute in Twin Falls.

M. W. Davis and Horace Walpole of Shoshone basin were in Rogerson on business Monday.

Robert McLean of Antelope Springs was in Rogerson Tuesday forenoon.

W. M. Hines left Rogerson Monday on a hunting trip to be gone until the first of next week.

Mrs. Elmer Fitzpatrick of Rogerson is visiting friends and relatives in Pocatello, Idn.

J. B. Hite has returned to Pocatello where he is receiving medical attention.

Mr. and Mrs. Fred Craig of Goat Springs were in Rogerson Monday afternoon.

Mrs. Frances Newson of San Jacinto was in Rogerson Tuesday.

Bill Holsely who has been in Rogerson for a few days has returned to Connet, Nevada.

John S. Welchall was in Rogerson from his ranch Tuesday forenoon.

Joe E. Smith who has been in Twin Falls for some time with his wife, who is ill at the County hospital, returned Sunday to Rogerson.

## PROHIBITION LOOMS BIG ON PHILIPPINE ISLANDS

MANILA, P. I.—Prohibition looms big on the Philippine horizon now. Many of the Americans here are opposed to prohibition, while there is a growing sentiment among the Filipinos in favor of it.

Dr. Marvin A. Ruder, pastor of the Methodist church here, is the principal exponent of prohibition. His Filipino aide is Bienvenido A. Tan, a young lawyer and member of the municipal board.

The municipal board recently considered a measure prohibiting the sale of liquor in Manila, but when the measure was passed down it was passed to prohibit sale to American soldiers, sailors and marines only.

Congressman Charles H. Randall, member of the congressional junketeers, who visited the islands, stated he would bring the question of Philippine prohibition before congress.

## STEEL CORPORATION GIVES REPORT OF TOTAL EARNINGS

NEW YORK, Oct. 27.—Total earnings of the United States Steel corporation for the third quarter of the calendar year, ended today, totaled \$18,051,540, a gain of \$4,825,835 over the preceding period.

Net income of \$35,735,737 showed a gain of \$4,050,832 with a surplus of \$17,865,055 as compared with \$12,

775,833 three months ago.

Earnings applicable to the common stock after payment of various interest charges and the preferred dividend were equal to \$4.76 a share, an increase of 40 cents over the preceding quarter. The usual dividends of 1.54 per cent on the preferred and

1.14 per cent on the common were declared, the directors evidently having no thought of an "extra" dividend on the junior issue, despite market gossip to the contrary. Examination of the statement by monthly statements, disclosed largest earnings for July with a decline of al-

most \$1,000,000 in August and a fairly good recovery in September. In substance, the report confirms the testimony of observers of trade conditions, namely, that the steel and iron industry is "marking" time, pending readjustment, presumably downward, of price schedules.

## DOINGS OF THE DUFFS

# Market News

## Grain

## Live Stock

CHICAGO, Oct. 27.—Although new upturn in the price of wheat took place today, the market afterward underwent a sharp setback. Attention was given to farm strike reports with the chief bullish influence. On the other hand, export buying appeared to have come almost to a halt. The market closed weak, 2-4 to 3-4 and oats 1-2 to 3-4. In provisions, the outcome was unchanged to 40c lower.

General buying associated with current advice about farmers taking concerted action to put a stop to rural sale of wheat gave the market a decided upturn, at the outset, some houses had messages which asserted that farmers were picketing and sending back homeward producers who were hauling wheat. Other houses said country acceptance of bids were more liberal than had been expected in view of the strike call. Conflicting gossip about settlement of the English coal strike added to the uncertainty of traders. Then the fact became more and more apparent that at least for the time being exporters had almost completely withdrawn from the market. Throughout most of the remainder of the day, bears were in control of the pit.

Corn and oats merely reflected the action of wheat.

Provisions lacked support. Packers selling was reported.
