

U. S. CITIZENS ARE MURDERED BY BOLSHEVIK

Red Cross Representative and Nurses Killed
By Cavalry

STATE DEPARTMENT HAS NO INFORMATION

Knew of Capture of Captain Kilpatrick and Say Fate Is of "Grave" Concern

By the Associated Press.
LONDON, Nov. 9.—Captain Emmet Kilpatrick, representative of the American Red Cross in South Russia, and two nurses were brutally killed during a Bolshevik cavalry raid on Salgo station, says a dispatch to Reuters tonight.

DEPARTMENT GETS REPORT

WASHINGTON, Nov. 9.—Reports reached the state department today that Captain Emmet Kilpatrick of the American Red Cross and C. A. Atchey of the Mennonite Relief society, had been captured in the soviet advance in southern Russia, but no mention of the possible death of either one was made. It was believed that the recent assertion of the soviet government that an "American mission" headed by "General Moroz" had been captured by their troops, was founded on the capture of Kilpatrick.

Kilpatrick was last seen, the advice said, at Novokozelsk, October 30. Mr. Atchey, who is founder of the Mennonite Relief society, lived at Hailstadt October 25.

Was Former Publisher.

Kilpatrick, formerly publisher of a country newspaper, served with the American army in France as lieutenant of field artillery and after the armistice as chief of the supply division of the American commission to negotiate peace. He obtained his discharge from the army in Paris in September 1919 and became connected with a civilian with the commission. When the commission was dissolved, Kilpatrick joined the Lithuanian army as a captain along with a number of other Americans and saw several months of active service on the Lithuanian-Bolshevik battle front. When the fighting ended, he asked for his discharge and returned to Paris to join the American Red Cross in 1920 and be ordered first to Constantinople and then to Southwest Russia.

In the records of the war department, Kilpatrick's next of kin was shown as Lilla M. Kilpatrick, sister of Camden, Alabama. "Kilpatrick was last seen at Novokozelsk on October 30, stripped to his underwear in bitter cold weather and being led away by Red Cavalry raiders," said the state department official, given out before the London report of the captain's death was received. "His fate is consequently a matter of grave concern."

ADMITS HE IS WANTED.

GREAT FALLS, MONT., Nov. 9.—The man believed to be Dennis Cahill, arrested by Great Falls police yesterday charged with the murder of Florence Barton, a prominent Kansas City girl October 2, today admitted he is wanted in Kansas City for fleeing an \$11,000 bail bond, according to the police.

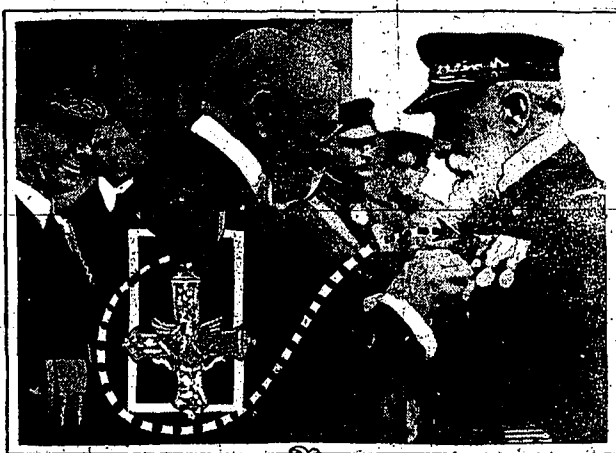

CLAIM ONE BODY SLIPPED.

KINMAN, ARIZ., Nov. 9.—An old body, alleged to be worth \$2,000,000 and said to have slipped down from old mining company's property to that of another, was the basis of a suit on trial today in the Mohave county superior court.

OREGON EXPERIENCES EARTHQUAKE SHOCKS

PORTLAND, ORE., Nov. 9.—Flourishes were shaken and loose objects slightly moved by an earthquake shock at 12:15 last night. Many persons today reported they had felt tremors, though light, with an east to west movement.

U. S. Decorates French Naval Officers

PARIS, Nov. 9.—More than 100 French naval officers have been decorated with the American Distinguished Service Cross for their war services. Photographs show U. S. Ambassador Hugh C. Wallace at Paris pinning the cross on the breast of Admiral Alouin of the French navy. Inset is a picture of the American Distinguished Service Cross.

HARDING GOES TARPON FISHING

Hooks a Big One, But Line Gets Fouled and He Loses—Enjoying Self Immensely.

POINT ISABEL, TEX., Nov. 9.—President-elect Harding went tarpon fishing today and although his prize catch got away after a 45-minute tussle, he liked the sport so well that he stayed out from morning until night-fall.

It was the breaking of a troll line tangled in the wreckage of the old wharf that lost his fight with the biggest fish he ever had hooked. A tarpon, described by his friends as measuring more than six feet. The giant fish which Mr. Harding had fought with—was about to give up when the line caught fast and snapped in two. He had several other bites, but could not come ashore, favored on the first day of his vacation by clear hot weather.

Mr. Harding set forth on the expedition after six o'clock this morning. At the Point Isabel life saving station, three miles out, he transferred from his motor launch to a skiff and went to work. The fight with the tarpon took place soon afterward and when it was over he decided to make a day of it and sent the launch back to bring his lunch. Previously the president-elect had planned to play a game of golf during the afternoon at the Brownsville country club.

ANNOUNCE ITALIANS' PRESENT ULTIMATUM

LONDON, Nov. 9.—A central news dispatch from Rome says the Italian delegates at Santa Margherita have presented an ultimatum to the Anglo-Slav delegation concerning the frontier line and the independence of Fiume.

The Rome newspapers according to the Stefani agency, suggest that the conference may be brought to an abrupt termination. The Messagero says that the discussions are over and must be ended, and that whatever the result, the Italian government will be found prepared and resolute.

CITY TAXPAYERS FAVOR ISSUANCE OF NEW BONDS

The vote at the polls yesterday on the special bond issue resulted in an overwhelming affirmative vote, the \$75,000 issue for taking up the deficit in the street intersection fund, being carried by a majority of 211. The plurality in favor of issuing \$20,000 worth of securities, the proceeds of which will be devoted to the city fire department, was slightly smaller, being 188.

The number of votes cast is considered remarkably light in view of the fact that over 2,000 taxpayers had registered. Only 751 ballots were cast.

Totalling the \$75,000 for the street intersection fund was made necessary by work done over and above the or-

CLAIMS MEMORIAL WOULD CONSTITUTE BREACH OF TRUST

WASHINGTON, Nov. 9.—Use of \$50,000,000 offered by the Kingdom of Colombia to the American Legion for a national memorial in Washington would constitute a "moral breach of trust and an act of injustice," to many suffering soldiers. Marvin G. Sperry, national president of the Post Office Soldiers and Sailors Legion, declared in an open letter today to Supreme Knight James A. Flaherty.

WORKMEN REFUSE WAGE INCREASE

Twelve Thousand Workmen of Building Trades Decline Promised Raise in Salary.

BAITIMORE, MD., Nov. 9.—Twelve thousand workmen, members of building trades in this city, have declined to accept an increase in wages. At a meeting of representatives of the workers a motion to accept a wage increase from 30 cents to \$1 an hour was tabled by an overwhelming majority. One year ago the union rate for carpenters was fixed at 20 cents an hour with the understanding on November 1 this year this increase would become effective. The agreement was signed by contractors, builders and representatives of the trade. The employers made no attempt to recede from the agreement. Some of the men say that as prices are falling and there are indications of steady work at the present wage, they are satisfied. Plasterers alone of the building trades have gone on strike for an advance in wages.

COLBY TO VISIT IN SOUTH AMERICA

President Wilson Directs Secretary to Journey to Brazil and Uruguay in His stead.

WASHINGTON, Nov. 9.—President Wilson announced tonight that he had directed Secretary Colby of the state department "on my behalf and in my stead" to visit Brazil and Uruguay in acknowledgment of the recent visits to this country of the presidents of those republics.

The president also said he would be gratified if Mr. Colby took the opportunity to visit Buenos Aires in response to the recent invitation received from the Argentine government. "It has long been my hope that I might personally return these visits," the president's statement, issued at the conclusion of today's cabinet meeting, said, regarding the recent tour in this country of Presidents Drum of Uruguay and Pessoa of Brazil, "and I can conceive of no worthier object to which I could devote my time and strength, but I am prevented from doing so and cannot longer postpone the honorable courtesy of their reciprocation which this country is strongly desirous of showing to the governments and peoples of both Brazil and Uruguay."

Secretary Daniels announced tonight that Secretary Colby and his party would make the trip aboard the Dreadnaught Florida of the Atlantic fleet. The date of sailing has not been announced.

GERMANY DELIVERS PAYMENT ON DEBT

LONDON, Nov. 9.—Germany has delivered to the reparations commission bonds to the amount of sixty billion gold marks, the value of which is approximately three billion pounds at the present rate of exchange. This announcement was made in the house of commons today by Austen Chamberlain, chancellor of the exchequer. The delivery is in accordance with the requirements of the peace treaty and the commission proposes to hold them as security for, and in acknowledgment of Germany's debt.

EXPECT RED FORCES TO MAKE BIG ATTACK

SERAIATOPOL, Nov. 9.—The Red forces are expected to attack the Percep Peninsula as soon as their heavy artillery arrives. General Wrangel's withdrawal of the North Crimea defense unit has been successful. His veterans were not great. Three armored cars and five airplanes were lost.

ELEOT UNKNOWN MAN

HILLBORO, HI., Nov. 9.—Elected surveyor of Montgomery county, the republican candidate, "J. John" son, of no one knows where, can't be found. The name was written on the republican primary ballot in October as a joke. "John" was elected, replacing a man who has been surveyor for twenty years.

SHIPPING BOARD HEADS CHARGED WITH GRAFT IN REPORT MADE TO HOUSE

BULGARIA REQUESTS ADMITTANCE TO THE LEAGUE OF NATIONS

GENEVA, Nov. 9.—Bulgaria's request for admission to the league of nations was received at the headquarters of the league today. The application which came from President Stambouloff was received by Sir Eric Drummond, secretary of the league, and is being forwarded to the members. The Bulgarian premier's objectives for the government and nation are completely in the decision of the former King Ferdinand and his government to grant access to the league of nations. Mr. Stambouloff declares that it will observe the same loyalty in attitude with regard to the obligations assumed by Bulgaria.

The application closes with "the hope that Bulgaria in view of the clause will not be treated regarding admission to the league in a similar manner as other nations defeated, but will be allowed to prove the sincerity of its intentions, thus contributing to the re-establishment of the peace of Europe."

AUSTRIANS SEEK ADMITTANCE

VIENNA, Nov. 9.—The Austrian government has formulated a memorial requesting admission of Austria to the league of nations. The draft of the memorial was adopted by the chief parliamentary committee today. It will be presented to parliament which assembles tomorrow and then will be forwarded to the league headquarters in Geneva.

A dispatch from Paris November 4 announced that Austria was to make a request for membership in the league of nations during November. The same dispatch stated that Premier Stambouloff of Bulgaria would personally lay Bulgaria's claims before the league at Geneva, but that the applications of Germany and Austria would be made by neutrals.

BELGIAN MINERS TO GO OUT ON STRIKE

BRUSSELS, Nov. 9.—A general strike affecting 150,000 coal miners, is probable November 15. The miners of the central colliers today laid down their tools and the miners at Mons, who were on strike, opposed the strike, have decided to come work next Monday.

SYMPATHIZERS PULL DOWN BRITISH FLAG

NEW YORK, Nov. 9.—A British flag, part of the armistice day decorations at the Capitol theater, was pulled down tonight and burned. While a large number were in line at the box office of a man, claiming to be an Irish republic sympathizer, hauled down the flag with a hooked stick and with several others rushed to the gutter where the flag was burned. The manager of the theater telephoned the police but the men had disappeared. Sunday the flag was pulled down but was later replaced.

WILL POSTPONE VISIT

ROME, Nov. 9.—Giovanni Giolitti, grand old man of the famous Italian patriot, who some time ago was authorized by the Italian government to visit Mexico to return the visit of a special Mexican republic mission, has decided to postpone his departure until the visit of the Italian-Japanese negotiations is known. General Garibaldi had expected to sail either November 10 or November 17.

WILL REJECT BILL

LONDON, Nov. 9.—The labor party has decided to move the rejection of the Irish home rule bill when it is presented for third reading Thursday. The party also proposes to send a representative commission to Ireland to investigate the republic.

RAID KOREAN VILLAGE

TOKIO, Nov. 9.—Twenty armed "malcontents" are reported yesterday to have raided a Korean village. The local police drove off the rebels, killing one.

Allege—Corruption of Officials of the Fleet Corporation

CONTRACTS OBTAINED BY FRAUD IS CLAIMED

Gross Waste of Government Funds and Padding of Payrolls Is Now Charged

By the Associated Press.
WASHINGTON, Nov. 9.—Corruption of employees and officials of the shipping board emergency fleet corporation, graft in purchasing supplies for the navy in repairing government owned merchant ships, and the use of political or other influence in obtaining contracts for ship construction and the allocation of captured vessels to operating companies, are among the charges made in a report submitted to the house committee on shipping today.

Chairman Tamm of the shipping board refused tonight to discuss the report, declaring that any statement he might have to make would be made to the house committee which is now conducting its investigation of the board's operations. The report was made public tonight by the committee of which Representative Walsh, republican, is chairman. It covers more than 100 printed pages and deals exhaustively with many phases of progress of the board operations as observed by the committee's investigation over a period of more than a year.

Discussing the report, Mr. Fisher explained that it was designed to deal only with problems which could be solved wholly by the shipping board itself and "left untouched" fourteen general subjects in connection with the board's operations. Among these were technical errors in the construction program, German-American deals, and the functions of board officials' enforcement of the new merchant marine act and avoidance of the selective draft act.

Charge Gross Waste

Taking up in detail seven general phases of the board's activities, the report charged gross waste of government funds, improperly drawn contracts which cost the government large sums and failure of the various divisions of the board to cooperate in the construction program. German-American deals, and the functions of board officials' enforcement of the new merchant marine act and avoidance of the selective draft act.

Padding of payrolls by firms repairing shipping board vessels, ownership by companies operating government vessels of stock in companies furnishing supplies to those craft at prices ranging anywhere from forty to fifty per cent above wholesale cost, wholesale theft of supplies and equipment from ships and the loss of millions of dollars through improperly secured loans made to contractors building government vessels were also charged.

The investigators alleged that in some cases the fleet corporation loaned money to contractors and accepted as security bonds issued by companies incorporated by the contractors. "which bonds have since been found to be worthless." The charge also was made that in many cases shipbuilding plants which are going concerns are turned over to contractors as salvage, prepositioned and the contractors thus reap large profits at the expense of the fleet corporation.

DENY PETITION TO CHANGE IDAHO TIME

WASHINGTON, Nov. 9.—The petition of the Idaho public utilities commission that Idaho be placed in the standard mountain time zone rather than in the Pacific time zone, was denied today by the interstate commerce commission.

LOCAL LIVESTOCK WINNING HONORS

Carload of Duroc Jersey Pigs Owned by Boys and Girls Club Comes to Win Prizes.

Continuing their success started at the Western Rural Livestock show at Spokane, the boys and girls club members are making a clean sweep of the events at the Northwestern Livestock show at Lewiston, with their carload of Duroc pigs.

Club judging has been completed, the stock from this county taking first, second, third, fourth, fifth and sixth in the competition for four pigs, and duplicating this feat in the event for sows. Local litters took first, second, third and fourth, and everything in the club running, from first to tenth on hams, sows and litters.

Judging in the national open events started yesterday morning, and in the competition for four pigs the swine belonging to Clifford Caldwell took fourth and fifth. A. L. O'Leary, who is in charge of the local stock states that the keenest kind of competition prevails, but he is confident that Twin Falls will win on sows and litters in this class.

In this class \$2400 in prize money is offered and Mr. O'Leary declares that the stock in his charge and that of W. H. Hambo, of Buhl, is taking most of the money. Local stock buyers to Clifford Caldwell, Robert Weaver, Anna Huerelle and Alfred Strunk.

ROGERSON NEWS NOTES

ROGERSON, Nov. 9. — Blair Langford motored to Three creek Saturday to bring the mail to Rogerson.

A. E. Player of Salmon Dam was in Rogerson on Saturday.

Mr. and Mrs. Wm. Hines returned Sunday evening from Twin Falls and Jerome.

Walter J. Dean, Miss Nina Nicolay and Mr. and Mrs. M. D. Kelsey motored to Twin Falls Saturday evening.

Francis Peterson of Twin Falls was in Rogerson between Friday Saturday.

Bryant Willis and Thomas Willis of Shoshone basin were in Rogerson Monday forenoon, enroute to Twin Falls.

Harry Duncan and family of Chino creek motored to Rogerson Saturday to shop and visit with friends.

Mr. E. Brackett of Salmon Dam was in Rogerson Saturday.

Ed Trevisan was in Rogerson on business Monday forenoon.

Mrs. Wilfred E. Dunn of Three creek, who has been in Two Rivers, Wash., for some time was in Rogerson Sunday enroute to her home.

The Hines, Clara McConnell and Jennie and Edith Davis of Shoshone basin were in Rogerson shopping Monday.

There will be no meeting of the Ladies Aid society on Friday of this week at the missionary society of Rogerson Presbyterian church and all who care will attend a joint session of the Twin Falls society of that city in the Christian church Friday.

Regular services at the Presbyterian church in Rogerson as usual. The state Sunday school superintendent

will have the pupils Sunday evening instead of Nov. Young.

A meeting of the Salmon tract owners and the Salmon River Canal company was held Saturday at Hol, for the purpose of discussing the possibility of abandoning the tract from 60,000 to 35,000 acres. Those who attended the meeting from Rogerson were Fred and Henry Peterson, John Gahner, E. J. Martin, Paul Scheidt, John Hickell, O. D. Vandewerk and Jesse E. Smith.

W. H. Soncrave of Gray Mining company, Contact, Nevada, was in town Monday.

Mrs. H. L. Sawyer and Mrs. M. Minnerly returned Saturday from Twin Falls.

Mrs. E. B. McCorkle is seriously ill at her home in Rogerson.

Ideals and Happiness.
Lasting happiness results from building ideals into concrete structures that minister to human happiness. The material things of the world leave their worth, but even that depends upon the uses they are put to. Many a log valuable for furniture building has been used to fill sawpits over which sorrow was heaped. And the same is true of ideals. To really count they must be fitted to good ends. Joy comes from projecting yourself into the future and the welfare of the race.

Mankind's Wastefulness.
Macquarie Island, sought by Sir Douglas Mawson as a gateway for the Antarctic fauna, is nearly 400 square miles in area, lying 900 miles from Tasmania, in latitude 55 degrees south. Penguins of various species, sea elephants and seals exist here in vast numbers, but are being ruthlessly slaughtered for their oil. A flightless parrot, living on the island when it was discovered in 1810, has been exterminated by cats turned loose and allowed to run wild.

Appreciated Lover's Tribute.
When Jenny Lind was in Vienna, years ago, a lover learned military and forestry so that he might save in her but daily three red roses as a tribute to her art. He might have sent single baskets to her over the footlights. But his choice was more delicate and Jenny Lind was pleased. Princess Stephanie, too, used to wear flowers in her hat, according to a prominent florist, who trimmed exotic military for her daily.

Ancients Used Wire Rope.
In Egypt thick beaten wire was made into cables as far back as the second dynasty, 2200 B. C., and thence doubled and knotted through one another appeared in the sixth dynasty, 2000 B. C. Yet chains were not commonly used until much later. The Greeks excelled in such work, as they used chain cables and rigging in place of rope to resist the Atlantic gales.

LUMBER COMPANY FILES SUIT

The Nibbs-Channel Lumber Company yesterday filed suit in the district court for the sum of \$1562.65, which amount the complaint alleges is due plain title for building material for a house and garage, ordered by and delivered to the defendants and for which they have never paid. Good Dean, Emma Good Dean and John Garwood were named as the defendants.

COMPLAINT FILED CHARGING MURDER

Peter Wiedenman Is Charged With Slaying Son-in-law, Irving E. Kelsey by Attorney Stephan.

Prosecuting Attorney Frank L. Stephan yesterday filed a formal complaint in the probate court directly charging Peter Wiedenman with the murder of his son-in-law, Irving E. Kelsey. Wiedenman has retained Attorney W. F. Guthrie to conduct his defense in the court trial. Mr. Guthrie is one of the best known criminal lawyers in this section of the state. Nothing is known as to the facts of the defense he will put up for his client.

Arrangements for the funeral of the victim of the tragedy are being held in abeyance awaiting the arrival of relatives from Iowa. Kelsey was 42 years old and an employee of the "Miss Brothers" garage, where he was highly esteemed by his employers and respected and liked by his fellow workmen. No substantiation has yet been secured of the reports that Kelsey had been making vilifying statements concerning his wife and father-in-law.

JAPANESE HAVE HIGH HAND IN MANCHURIA

Peking, China.—Reports, which here indicate that the Japanese are carrying things with a high hand in Manchuria now that the other troops of the allies are virtually out of the country. The Peking and Tientsin Times has received from its correspondents reports which it presents under the heading "Reign of Terror in Manchuria." It says that at least two Russian workmen, who made some disparaging remarks about the Japanese emperor in talking to a Japanese soldier in the Russian railway hospital, were seized by Japanese soldiers and "summarily shot on the spot."

At Harbin, the newspaper says, Japanese sentries stationed on a bridge threw one Russian off the bridge, breaking his collar bone, and stabbed another in the face a bayonet when the Russians insisted upon crossing the bridge.

The Japanese are reported by the newspaper to have taken full possession of Kharbin and arrested 11 Russian workers and banded them close to the coast as a precaution against "Soviet" and the Times adds that by this time "no doubt they have been shot by Baron Ungers Stenhouse."

Local Population Terrorized.

The Japanese are declared to have brought to Kharbin and arrest 100 Soviet troops, who are reported to be actively assisting the Japanese and helping to terrorize the local population. The Times predicts that since the Chinese are likely to increase as the Japanese hold on the Russian far east becomes more intense, and states that the Japanese garrison at Harbin is to be increased by 1,000 more men. This re-enforcement is declared by the paper to be absolutely unnecessary "as the Chinese troops stationed there are sufficient to maintain order."

The situation along the Chinese Eastern Railway was characterized by the correspondent as a "war of attrition." He stated that the Japanese military authorities had decided to place their own guards and sentries along the whole stretch of the railway, which crosses Upper Manchuria, because they were about to send troops and military supplies along that railway and were afraid the Russian railway workers, who were opposed to Japanese intervention, might try to stop the Japanese from carrying out their plans.

"The Japanese seem bent upon bringing trouble among the Russian population residing inside the railway area by giving them a series of principles so as to bring about open strife which will give them an excuse to take determined action even to the seizing and working of the Chinese Eastern," wrote the correspondent.

The correspondent admitted that the Japanese had the right to send troops over the railway to protect the frontier against invasion, but that this did not confer the right to occupy settlements along the line, or interfere with the rights of local population. He declared that the purpose of the Japanese to seize control of the railway called for an immediate protest on the part of the allies.

Forced to Work at Bayonet Point.
In Nikolai, he reported, the railway workers having gone on strike, the Japanese soldiers were rounding them up and forcing them at the point of the bayonet to do the work of laborers.

Since the foregoing situation was described, information has been made public in Moscow that Chinese and Russian military commissioners in conference at Verkhne-Ussinsk, Transbaikalia, have reached an agreement under which "mutual rights of the Russian soviet government in the Eastern Manchurian railway were recognized and the Chinese guaranteed to withdraw their troops from along the railway line." It was pointed out that China's agreement that the Russians should retain possession of its road deprived the Japanese of one of their best excuses for keeping troops in.

WILL PRESENT VICTORY MEDALS

Arrangements for Armistice Day Celebration of American Legion Completed.

The committee of the local post of the American Legion yesterday announced the completion of final arrangements for the celebration of armistice day in this community. The committee has been working for some time past on the program for the day and has arranged a most attractive one.

Proceedings will be started with a parade of all the ex-service men of the city in uniform, starting from in front of the postoffice on Main avenue at 12:45, and ending up at the high school. It is estimated that there will be a little over 400 men in line.

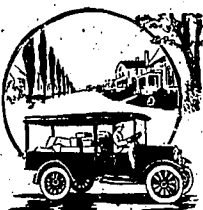

Presentation of the Victory medals will be an impressive ceremony and will be staged in the high school auditorium at 1:30 p. m. Congressman Addison T. Smith has gladly consented to make the presentation speech, and Dr. W. P. Passer, local post commander, will make the speech of acceptance. The presentation will be given by Rev. Asher H. Brand, and a quartet will render a selection of patriotic songs.

The football game between the high schools of Twin Falls and Rupert will be played at 2:30 p. m.

A Practical Adjustment To Realities

is a characteristic of the business man who accomplishes things.

This institution keeps informed about his requirements through its Board of Directors who are actively engaged in industry and commerce.

These relations of ours with the practical affairs of every day business enable us to closely adjust our service and general policies to existing conditions.

We especially invite the accounts of business men.

Twin Falls Bank & Trust Co.

Twin Falls, Idaho.

"Member Federal Reserve System"

has been transferred from Friday, as originally scheduled, and will be played at 2:30 in the afternoon as an added attraction. Superintendent H. G. Hildreth stated that the school should close and consequently no such action has yet been taken.

One of the main events of the day will be the big boxing bouts but on at the Laverling theater at 8 p. m. when Al Young, lightweight champion of the northwest, will clash with Able Minkind, lightweight holder of the Intermountain country, in the main go.

Both of these men are well known in this section, being fast, aggressive and packing a heavy punch. Minkind and Young have met on several previous occasions, all of these encounters resulting in draws. They will meet again at the Laverling this evening at 7:30 in preparation for the battle. Two good preliminary scraps will also be put on. Tickets are now on sale at Macaulay's cigar store. All receipts will be devoted entirely to the legion's building fund. It is stated by members of the committee in charge of the program, who predict that a large crowd will turn out to see the scraps.

In addition to the evening's program a dance will be given by the legion at the Laverling.

FILER NEWS

Frank DeKloze spent a few days in Idaho the first of the week.

Mrs. Harry Musgrave and little son Edward spent last week in Twin Falls visiting her parents, Mr. and Mrs. T. B. Hendrick.

Charles McChesney, mayor of Filer, has issued a proclamation designating Thursday, November 11, Armistice Day, as a legal holiday and urges all people so to observe it.

Emac Benn returned last week from a visit to Idaho City, where he also stopped at points in Iowa and Missouri.

Madames Schildman, Hammerquist and S. A. Benn entertained at the Schildman home Friday afternoon in honor of Mrs. J. P. Duerk, who leaves soon for California. The ladies presented Mrs. Duerk with a sterling silver spoon as a token of regard. After a very pleasant social afternoon luncheon was served to the guests.

Mrs. Duerk, the teacher in the primary department, is reported as much better. She hopes to be back in school next week.

Three new pupils entered the fifth grade and two the sixth grade on Monday. This makes an enrollment of 52 in the school. All the grades are crowded. The architect promises the new building before the holidays.

The girls of the seventh and eighth grades secured \$140 of the 1927 membership for the Red Cross. The teachers in the grade school organized a social club Monday evening.

Mrs. T. H. Ellis and Miss Elizabeth presented Mrs. Ellis with a shower at the home of Mrs. Ellis Friday afternoon complimentary to Mrs. Marie Oym. Many beautiful and

useful gifts of silverware, linen and aluminumware, were bestowed upon the bride-to-be. At the close of the afternoon daily refreshments were served.

Rev. John Pearson of Salt Lake, secretary of the Society for the Friendless, addressed a union meeting of all the churches in M. D. church Sunday evening. He spoke in behalf of the ex-convict and took an offering amounting to \$27 for the work.

The Filer post of the American Legion have an excellent program planned for the celebration of Armistice Day, November 11. The program will be given in the Hygrade which is estimated will seat 1000 people. Major C. M. Booth of Pocatello will deliver the address and present the victory medals to the ex-service men. Some of the best talent of the city will sing and an orchestra will furnish musical selections. The general public is cordially invited to be present.

The T. N. T. on harbor business in the club pool hall has been sent to Mrs. J. D. Vanhook's Saturday afternoon at 1:30 when their daughter, Lella and Harold Moore were united in marriage by Rev. A. W. Barakat. The house was prettily decorated with autumn flowers.

After the ceremony a delicious wedding dinner was served. The guests were Mr. and Mrs. W. C. Musgrave, Mr. and Mrs. J. C. Musgrave, Mr. and Mrs. J. O. Tice, Mrs. Bradshaw, Rev. and Mrs. Barakat, a number of young people and their well and favorably known and their many friends only in best wishes for their future happiness. Mrs. Moore will continue her work in the Pleasant bank where she has been employed for the last two years. Mr. Moore is in charge of the rural mail carrier out of Filer. Mr. and Mrs. Moore will live in the house recently occupied by Mr. and Mrs. Charles Flaney.

Mr. and Mrs. E. W. Horling of the Modern four have attended the laying of the cornerstone of the new Methodist church in Twin Falls Sunday afternoon. They stayed over to attend the dinner given Monday noon in honor of Bishop Charles Wesley Burns of Helena, Montana, was in Twin Falls and laid the corner stone of the new M. E. church. Some of the Filer Methodists went to hear him.

IN BANKRUPTCY NO. 1228.
In the District Court of the United States for the District of Idaho, Northern Division.
In the matter of Charles Wesley Burns of Helena, Montana, as in and by the report of the creditors of said bankrupt in hereby called for the 20th day of November, 1920, at 10 o'clock a. m., at the office of the undersigned referee in Twin Falls, county of Twin Falls, state of Idaho; such meeting will be held for the purpose of claiming, appointment of trustee and examination of bankrupt. Dated at Twin Falls, Idaho, November 10, 1920.

W. ORR CHAPMAN,
Referee in Bankruptcy.
20 Nov. 10 11
COUNTY PROBATION OFFICER LEAVES ON BUSINESS
John R. Ault, county probation officer, left yesterday for Gooding, Glenna Ferry and Mountain Home. While at Gooding he will prosecute Clarence King, of Buhl, who is now in jail at that place charged with running away with a 15-year-old Buhl girl.

PLEADS NOT GUILTY.
Harold Thompson of Buhl, charged with wife desertion, was arraigned before Judge O. P. Durand for the present court yesterday morning. Thompson pled not guilty. His trial was fixed for Thursday afternoon at 2 o'clock.

SECURE LICENSE.
Marriage licenses were issued yesterday to Fred Kaster, 23 years old, of Buhl, and Lella Williamson, 23, of Filer; and Fred Gilbert, 37, and Luella Fish, 45, both of Twin Falls.

ARGENTINE SENATE WILL FIGHT FOOD SPECULATORS
BUENOS AIRES, Nov. 8.—The Argentine senate has undertaken to fight the hoarders and speculators

in food, clothing, fuel and other necessities by placing the trade in such articles under the control of a government board with broad powers. A measure adopted by the senate would charge the proposed board with the duty of assuring an adequate supply, facilitating distribution and preventing hoarding and speculation.

against the common interest of the nation. The bill provides for the appointment of national boards throughout the country, empowered to buy and sell, provide warehousing facilities and means of distribution and to proceed against persons storing supplies in order to cause increased prices. If

prices are too high, the board may recommend expropriation, which measure can then be taken by decree by the executive power of the nation. In cases of food hoarding or destruction for the purpose of increasing prices, the law provides fines and imprisonment up to \$50,000 and two years respectively.

INDUSTRIAL WEEDING OUT.

The Philadelphia Textile Manufacturing Association, which employs 225,000 workers, has started to "weed out" its employes. J. L. Benton, managing director of the association, has frankly declared the purpose of getting rid of the "radicals and incompetents." He disclaims opposition to union labor, but insists that the textile factories will not tolerate either the extremely radical leaders who are "making trouble" or the incompetent workmen "forced on them during the war."

It is these radical leaders and inefficient workmen, declares Mr. Benton, who keep up the high cost of living. Unwise leaders by encouraging foolish strikes and sowing the seeds of discontent interfere with production, and production is likewise hampered right along by having on the payroll and in charge of machines men who are not fit for their jobs. "Three skilled workmen," he says, "can do a great deal more and better work than six unskilled." It is for the interest of the honest, competent and fair-minded employes, he insists, to agree with such a policy as this, for it is the only means by which the factories can pay them good wages and lower prices to consumers.

The employers are naturally under suspicion of unwarranted self-interest, and are being severely criticized by the unions. No doubt there is a good deal to be said for both sides. The action of this big group of employers, however, serves to emphasize a fact that will have to be recognized everywhere sooner or later. It is that in a time of economic readjustment, when business is getting dull and prices generally are sinking, wages are naturally threatened, the same as profits, and there is only one way to safeguard either—speed up and increase the efficiency of the plants.

In boom times any man, whether a white-collar worker or an overalls worker, can get a job and hold it with little trouble. Industry gets full of human "weeds." When the boom passes weeds are no longer tolerated. There is free competition once more in the realm of labor. The capable and loyal man holds the job; the incapable and disloyal one may lose it.

This is unfortunate for those who cannot help their own incapacity. But it is the law of economic competition under which we live.

THE GREEK PROBLEM.

Greece is considering whether to recall the exiled King Constantine. On November 14 there is going to be a national election. It will show whether the people are with Premier Venizelos and the allies in their determination to keep Constantine and his eldest son George off the vacant throne, and give it to Constantine's youngest son, Paul.

It is a bad mixup, which may seriously affect the peace of Europe if it is not properly handled. Constantine is remembered as the brother-in-law of the former Kaiser Wilhelm and the monarch who played into the hands of Germany, interfered with the allies' prosecution of the war and almost wrecked Greece, until he was kicked off the throne and Alexander was put in his place, with Venizelos as premier.

It was Venizelos who, more than any other man, had seen Greece successfully through the late Balkan wars and given her a self-respecting place among modern nations. Since the expulsion of Constantine he has accomplished new wonders for his country, greatly extending her territory, population and prestige. Yet it is the old story. Many reactionary Greeks long for the Prussian tyranny of the exiled Constantine, and with Venizelos, as their ancestors with Aristides, are "tired of hearing him called the just." It is said that

there is danger of a majority vote being cast in favor of Constantine.

The allied powers may not permit that. Interference would belie the principle of "self-determination" but do they dare let Greece, made great by the Paris treaty, and with its strategic position in the eastern Mediterranean, come again under the power of an autocratic king who betrayed Greece and the allies? It was Great Britain and France, moreover, that created modern Greece, and guaranteed its constitutional freedom, and placed the present dynasty on its throne, under a pledge of good behavior.

If the Greeks do vote for the recall of Constantine the question will doubtless be brought before the league of nations. It will be a hard nut to crack.

CALIFORNIANS FOR FRANCE.

Here is a new compliment for California—and with it another racial problem. Dr. Paul Garnot of the Beaujon hospital, Paris, wants to repopulate France by importing Californians to marry the French girls. There are, he says, some 2,000,000 more women than men in France; due, chiefly, to the losses of war. He understands that California has an excess of male population, and he admires greatly the strength, cleanness and vigor of American men in general and California men in particular. What more simple and desirable than for the excess Californians to run right over to France and take up the unclaimed blessings that are there awaiting?

Perhaps it would work—and perhaps it wouldn't. Some American men have been delighted to take unto themselves wives from France and have found themselves well suited, even after the lure of strangeness has passed. Most of the American boys were glad enough to shake the dust of France from their feet forever and are unmistakably in favor of American girls who understand them and whose ways are their ways, as life companions. The percentage of American boys who wanted to live in France with French wives after the war is so small as to be negligible.

France is splendid in her way, and all Americans admire her. But she is old, and her customs are set in the mold of a thousand years. Will Californians in any number want to forsake the freedom, the dash, the opportunity of their western slope for the restraints and walled gardens of the old world? Hardly, we fancy. Dr. Garnot may have a great idea but he is doomed to disappointment in its realization.

GENTLEMANLY DRIVING.

"What is your traffic kick?"

"What is your remedy for it?"

These questions are asked publicly in a city which has had much trouble with automobile traffic, and is arranging a series of public hearings before the city council to devise improvements.

It will probably be found there, as elsewhere, that while the situation can be helped by certain changes or innovations in the parking and driving rules, the main trouble is one which no mere traffic code can remedy. It is a trouble which seems to be inherent in human nature, and whose cure depends on the moral improvement of the species.

In plain English, it is the "road hog" propensity of motorists. This is a regular characteristic of a comparatively small minority, but streaks of it are found now and then in almost everybody, and everyone who drives a car and everyone who crosses a street or highway on foot suffers from it.

It is a strange thing how often a man behind a steering wheel will act in a way that he would be ashamed of in a home, an office or a public gathering. Jostling and shoving and threatening and cutting across in front of other people are just as discourteous on the road as they are anywhere else. So is many another trick of the road hog. It is just as desirable for a driver to be a gentleman on the road as it is in a drawing room. It is more important, for on the road discourtesy is likely to be attended with serious danger.

Be a gentleman on the road. That simple admonition, if followed, would do more to eliminate the confusions and dangers of traffic than all the technical rules in the world.

OUTBURSTS OF EVERETT TRUE

SALTS FINE FOR ACHING KIDNEYS

We Eat Too Much Meat Which Clogs Kidneys, Then the Back Hurts.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, cures, headache, rheumatic twinges, torpid liver, peevish stomach, sleeplessness and all sorts of bladder disorders. You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jud Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the salt of grapes and Roman juice, combined with lithin, and is harmless to flesh, clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jud Salts is harmless, inexpensive, makes a delightful effervescent lithin-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jud Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Adv.

CALIFORNIA PROHIBITS FRUIT JUICE AND CIDER

SAN FRANCISCO, Nov. 9.—Under the bureau's construction of the law, now and all persons who produce fruit juice or cider for home use, which said juices or ciders are intoxicating in fact, will be promptly prosecuted under the law and in addition, all double taxes and penalties provided in the revenue laws will be imposed. A telegram from William M. Williams, United States commissioner of Internal Revenue in Washington, to the San Francisco Chronicle in response to a query regarding the state, meant that home manufacture of dry wines to the extent of 200 gallons would be permitted by the department of internal revenue.

WOOL GROWERS MEET TO DISCUSS PROBLEMS

SALT LAKE CITY, Utah, Nov. 9.—Leaders of various wool growers associations from Montana, Wyoming, Idaho and Utah met here today with Professor C. R. Marshall, secretary

of the National Woolgrowers association, for a discussion of problems confronting the wool producers of the west.

Wool pools and various methods of marketing were the main subjects brought up at today's conference. To-morrow, when more woolmen are expected to be present, other problems of the wool business are to be discussed.

"NEEDS GO HAND IN HAND" DECLARIES GOV. COOLIDGE

BOSTON, Nov. 9.—Governor Coolidge, as the principal speaker at the annual dinner of the Boston Chamber of Commerce tonight said that economic needs and governmental needs went hand in hand and that they could not be met properly without co-operation between business and government. He referred specifically to the problem of the national debt.

MANY TASKS YET FOR RED CROSS

Organization Comes to Fourth Roll Call With War Tasks Still Uncompleted.

WASHINGTON, Nov. 9.—"The Red Cross comes to its fourth roll call with its war task still unfinished," said Dr. Livingston Farrand, chairman of the central committee in a statement today urging enrollment in the relief service during the fortnight beginning on Armistice day, November 11.

"Never were the world and national needs so pressing and the corresponding opportunities for service so great," declared Dr. Farrand. "It is only too evident that the world has not been able even to approach the re-establishment after the war. Widespread distress and sickness are in the face in Europe and the Red Cross is carrying on to the extent of its resources in an attempt to answer the call to help. Flow permanent and far-reaching that answer shall be depends upon the minds and consciences of the American people."

"At home the wounded and sick soldiers and sailors in hospitals and elsewhere are still numbered by the thousands. The Red Cross cannot demobilize its forces organized to stand by those who gave their best for their country and extend what aid and comfort may be possible."

"An attempt to build up the health of the country, which is the outstanding feature of the peace program of the Red Cross, is taxing the energies of the organization. Demands for visiting nurses comes from every corner of the United States and every effort is being made to supply that need, the filling of which is vital. The organization of health centers is opening up a new conception of community welfare everywhere."

"Home service is still a necessary function of the Red Cross, for there are thousands of families of soldiers and sailors which are still in need of friendly counsel and relief. The Red Cross is organizing and standardizing its capacity for disaster relief, so that there shall be in constant readiness a trained organization ready upon a moment's notice to carry its work of mercy anywhere."

"So throughout the entire land the Red Cross is striving to salvage the spirit of co-operation aroused by the war and to turn it to the public good. To this, and it needs the service and cooperation of every man, woman and child in the country."

The fourth roll call will be broadcast throughout the country next Thursday, the second anniversary of the signing of the armistice, and continue wherever necessary. To Thanksgiving day, November 25. An innovation in this roll call will be a membership certificate presented to every payer of dues, whether it be \$1 for annual membership or \$100 for patron membership, as well as a 1921

MEMBERSHIP BUTTON AND WINDOW MEMBERSHIP FLAG

PROHIBITION STATUTES MAY BE MORE DRASTIC

TACOMA, Wash., Nov. 9.—The next state legislature, which convenes in January, will be asked to enact more drastic prohibition laws despite the fact that the federal statutes are designed to make all states bone dry.

Donald A. McDonald, federal prohibition director for this state, has taken the initiative in the movement, and he has announced that the legislature will be requested to pass a law that will send to jail all persons convicted of liquor selling. Mr. McDonald has enlisted the aid of George D. Conner of Seattle, secretary of the state Anti-Saloon League, and Fred Shoemaker, commissioner of public safety here, in the movement.

"An British Columbia voted war, a stringent law is needed in Washington," Mr. McDonald said. "I know one bootlegger in the state who has cleared at least \$50,000 in the past two years. Recently he was convicted and fined \$200. I want a stiff jail sentence for first offenders against the liquor laws."

Mr. McDonald said that 50 roads cross the line from British Columbia into Washington, and the problem of stopping liquor sales with British Columbia dealers will be much more difficult than in the past.

WRECKERS SHOW NEED OF NEW SAFETY EQUIPMENT

PARIS, Nov. 8.—Need for hastening adoption of the "continuous brake" on freight cars says M. L. Trocuer, minister of public works, is made apparent by the wrecking of an express train outside Paris a few days ago. Nearly 50 persons were killed and scores injured.

Such brakes are provided for in the economic section of the peace treaties, he said, but their adoption depends upon agreement among European countries.

"The 'continuous brake' is designed to operate automatically upon cars that may break loose from a train. The accident was caused by several loose cars becoming derailed when they rolled down grade to the forward part of the freight train, waiting for them. The loose cars fell across the track of the express that arrived half a minute later."

INCREASE PASSENGER FARES

ROME, Nov. 9.—A royal decree just issued increases the price for passenger travel on railroads and trolleys from a maximum of 150 per cent to a minimum of 100 per cent over pre-war charges. On street cars the increase in fare in the day-time will be from six cents to nine cents and at night from eight cents to 10 cents. A ride on a street car at night therefore will now cost 10 per cent more than a ride in a cab prior to the war.

SEEK TO AVERT BASEBALL WAR

Plea Made to Minor League Officials to Meet With New Organization to Discuss Question.

KANSAS CITY, Nov. 9.—A plea to have the National Association of Minor Leagues appoint a committee of three to meet with a similar committee from the National League in a final effort to avert a baseball war and form a new governing body to control the game was made to the minor league convention here tonight.

President Johnson of the American League, and G. W. Miller of Chicago, attorney for the league, appeared before the minor league convention to urge them to show no favor to either side in the major league dispute, but asked that a committee be appointed to meet in the event the national league could be persuaded to join in the proposal.

President Johnson declared that he was in favor of granting the minor leagues equal representation of the proposed new national committee sharing equal power with American and National leagues.

"I think the baseball loving public is as hard to 'bunk' as the average baseball man," Mr. Miller said, "and if we are going to reorganize baseball let us recognize it on a sound, sane and practical basis that will not set us somewhere and not with the idea of deceiving the public into believing that we are doing something that we are not doing."

"The first conception of the Lasker plan is that a combination of eminent and distinguished gentlemen who stand so high in the estimation of the public that very mention of their names will carry with it an evidence of good faith, be selected to take charge of organized baseball. Do you think these men could come anywhere near stamping out of baseball that you men who have been in the game all your lives? No, think that the men who are to constitute the supreme court, or at least a majority of them, should be practical baseball men."

The minor league officers adjourned without taking any action on the recent proposal of the American league officials but the sentiment prevailed tonight that Lasker plan would receive no consideration at this time.

LOW PRICES PREVAIL ON CHICAGO BOARD

CHICAGO, Nov. 9.—Lowest prices in four years prevailed today for all options of wheat and oats on the Chicago board of trade. The newspapers printed declines of 6 to 7 cents for wheat and two or three cents for corn and oats under yesterday's prices. Wheat was 33 to 39 cents lower today than it was a week ago and corn quotations were less than one-half what they were six months ago. The December option in wheat closed today at \$1.77 to \$1.78. December corn 75 cents, and December oats 45c.

Coinciding with the new low prices in wheat came announcement from Minneapolis millers of declines in family patents to new low points, the price dropping below \$10 a barrel for the first time in nearly year. Lower corn prices were followed by declines in pork.

"Finish corn" heavy receipts aggregating 105,000 animals in ten markets, were declared to be one of the causes of the decline in pork.

Kansas banks may start curtailing loans to farmers and this might force Kansas wheat on the market. Lator reports quoted the Kansas bank commissioner as stating that while some banks were over-loaned there would be no blanket order of curtailment of loans, but that each bank's situation would be considered on its merits. The bank commissioner joined J. C. Mohler, secretary of the state board of agriculture in declaring, "there was no strike of the farmers to hold wheat for higher prices."

SPANISH AUTHORITIES ISSUE SPECIAL STAMP

MADRID, Nov. 9.—On an interesting collection of special stamps was issued by the Spanish government for the use of the delegates to the national postal congress. It comprised stamps of 15 different denominations, each of a different color. The upper half of the stamps bear a bust of the king looking toward the left and wearing his crown. In the center is a picture of a new postoffice in Madrid, ribbon encircles the pictures bearing the letters "VITI C. de U. P. U." (Seventh Congress of the Universal Postal Union.)

SEEKS TO FORECLOSE

Charles H. Krenzel yesterday filed suit in the district court for foreclosure upon a lien on materials alleged to have been furnished the defendants. Those named in the complaint are John S. Kimes, D. F. Grubb and Arthur Gates, who transacted business under the name of the Idaho Plumbing and Sheet Metal company.

CONSTABLE IS KILLED

LOS ANGELES, Cal., Nov. 8.—R. E. Liden, constable at Lancaster, a small town near here, was shot and killed by two men today when he stopped them to ask about the

ownership of a newly painted automobile they were driving. Officers pursued the men and killed one after they had left their automobile and fled to the hills. Early tonight the second man surrendered. The dead fugitive was identified as a former convict.

ACCUSED FALLS ASLEEP

SAN FRANCISCO, Nov. 9.—James H. Singleton, on trial for murder in connection with poisoning or his wife, Mrs. Elizabeth Singleton, fell asleep repeatedly during the jury selection today and had to be warned by the court to remain awake. The callist was instructed to see that Singleton did not fall asleep during the trial.

FURTHER SUGAR REDUCTION FAILS TO MATERIALIZE

MONTREAL, Nov. 9.—Further reductions in the price of sugar failed to materialize today despite the fact that Atlantic sugar refinery stock was driven by heavy selling, to a new low level of 39 1/2, closing at forty.

terfurners said they expected the market to rally in a few days, but retailers were buying conservatively notwithstanding the flat 12 cent quotation to wholesalers was unchanged. In the Vancouver market sugar was reported selling at 15 cents whole sale. Flour declined 50 cents a barrel in Vancouver, carload lots of 25 being quoted at \$11.85 a barrel.

KENTUCKY TOWN IS THREATENED BY FIRE

UNIONTOWN, Ky., Nov. 9.—Uniontown is threatened with destruction by fire which started last night in the Hotel Zora. The hotel was completely destroyed and the fire had spread to the business district. Little hope is held of saving any buildings for all has been sent to northern cities. Uniontown has a population of about 5,000 and is located near the Illinois line.

IDAHO THEATRE

WEDNESDAY AND THURSDAY

Do not Miss Seeing this Paramount Picture of the finest grade.

ROBERT WARWICK AND BEBE DANIELS in a scene from "THE FOURTEENTH MAN" A PARAMOUNT AIRCRAFT PICTURE

"THE 14th MAN"

with Robert Warwick

Don't you admire the virile type of man who will risk his life or his honor at a moment's notice to protect the right? Robert Warwick is that kind of a hero in this picture.

The picture is packed with excitement, romance and adventure, including a slashing battle in the prize ring.

It will do you good to laugh at a Clyde Cook Special Comedy.

CLYDE COOK IN "KISS ME QUICK"

Cook is hilariously funny and the entire picture riots with laughter.

WELDS that WILL stand the strain, wear and abuse that the original casting is built for—that is the character service we offer.

ROADS CRUMBLE UNDER TRUCKS

Most of Highways Will Go to Pieces Under Grinding of Heavy Traffic—Make Tests.

WASHINGTON—The effect of different kinds of tires and weights of cars on good roads is being worked out by the bureau of public roads, department of agriculture. Experts in the bureau have invented a number of machines to test how hard certain kinds of truck tires lift a road surface when they strike a rough place in the pavement.

To show the importance of proper travel over certain roads, recent tests were made with a three-ton truck carrying a 1-1/2 ton load so that the total weight on each rear wheel was 7500 pounds, the upper portion being 7700 pounds and the spring portion 6300 pounds.

The truck was equipped first with an old tire that had been worn down to a thickness of one inch. Then, with exactly the same load on the truck, a wheel was fitted with a new solid tire 2 1/2 inches in thickness. Next, a single wheel was 35 by nine inches, inflated to a pressure of 132 pounds per square inch, were used.

In addition to truck compact tests, the bureau is making contact tests of actual road slabs, wear tests of paving, subgrade and concrete surfaces and is examining subgrade samples taken from places where road surfaces have actually failed.

And to the testing of heavy trucks, to make them pay for the results in proportion to the amount of wear and tear they cause, experts say that for heavy trucks the axle load and effect of tires should be considered. For ordinary automobiles the horsepower of the engine would be the measure of tire effort, the machine exerts on the surface. There are so few tests then that there are hardly considered in the bureau's investigation.

The view the bureau experts take of testing certain kinds of vehicles and tires so that they will have to pay for the damage done, is, instead, to prevent vehicles from using a road that will cause it to break down structurally. For instance, there might be 50 miles of road that cost \$2,000,000, and capable of accommodating three-ton trucks. There might be a dozen five-ton trucks that would want to use the road, it would be impossible to tax them so as to pay the damage they would do; for one trip over it would cost the road in bad shape and cause it to go to pieces under lighter traffic. The best policy is to bar the heavy trucks.

The actual wearing off of the surface of a road has been little considered, and either dirt vehicles set about the same end.

ENGLISH WOMEN TURN TO PIPE FOR SOLACE

LONDON, Nov. 9.—Pipe smoking seems to be on the increase among London women and fashionable cigar stores display dainty small brims, some set with precious stones. It is said there is a growing demand for them.

At one west London theater where smoking is permitted two smartly dressed women were seen the other evening in a box puffing at their jeweled pipes, and soon an old Irish woman in the gallery followed suit. There was a "clay" "cutty."

In a first-class railroad car between Hammersmith and London, a quarrel arose the other day between a number of non-smoking women and a better woman refused to put out her cigarette at her sister traveler.

IMPORTS ARE VALUABLE

MANILA, P. I., Nov. 8.—Of the total value of goods imported into the Philippine Islands during the month of August, 1920, amounting to \$12,242,000, one half came from the United States. Imports from Japan were second in point of value, the total being \$1,600,000.

ANNOUNCEMENT

CHALLENGES HIS COUSIN TO DUEL

Britisher, Heir of Crusades, Would Do Battle With Relative to Vindicate Honor.

LONDON—The most amazing character in England today is Sir Claude Champion de Crespigny, a 73-year old baronet, who has challenged his cousin, Lord Kenyon, 17 years his junior and a close friend of the king, to a duel "to vindicate his honor."

The trouble started over a little dispute over some property and the subsequent sending of a white feather, or to Lord Kenyon by the dueling duelist.

Sir Claude does not belong to the twentieth century of taxis, movies, phones and fox trots. He is a reincarnation of the kind of men who joined the Crusades. He was born at least 500 years ago.

At first the challenge was taken by both Lord Kenyon and the public as a joke. But Sir Claude says he is in deadly earnest.

Sir Claude's life has been one narrative of hairbreadth escapes and adventures. He has crossed the North Sea in a halibut, swam the narrow gut of the first Nile catfish; fought to the death a menacing rhinoceros, and figured in many fights with insolent waiters and cab drivers. Sir Claude was always "mistaken with his name."

Challenge "Absurd."

Lord Kenyon is England's tallest peer. He stands six feet four, as against his cousin's five feet seven. He says the challenge is "too absurd." His cousin, however, knows, challenged him before, some years ago, in Athens.

This "placard for two" and "Tydo Park at dawn" stuff, Sir Claude has forgotten, went out of fashion long before rhinoceros did.

The last famous duel was in 1816, between the Earl of Cardigan and Captain Tuckett.

Four years later, Queen Victoria was successful in having a law passed making dueling a punishable offense.

CHRISTEN SUGAR PLANT WITH CHAMPAGNE BOTTLE

MANILA, P. I., Nov. 9.—A bottle of champagne was broken over the fly wheel when the machinery of the latest sugar central to be erected in the Philippine Islands, was set in motion late in September, at Davao, Occidental Negros.

The new mill, the property of the Moscos Sugar Central company, is now ready to begin grinding the new sugar crop which will start to mature about soon.

The mill which has a capacity of 3500 tons a day, represents an outlay of \$4,500,000, including about 50 miles of narrow gauge railroad track for the transportation of the sugar cane from the plantations to the central.

PHILIPINOS SUCCESSFUL IN PASSING BAR EXAMS

MANILA, P. I., Nov. 9.—Out of a class of 276 who took the examination for admission to the bar in the Philippine Islands, 48 were successful, according to announcement of the supreme court today. All of the successful candidates were Filipinos, with exception of one American.

One of the successful candidates was a Filipino woman, Miss Josefa Alindata, who is the sixth Filipino woman to be admitted to practice law in the Philippine Islands.

STUBS TOE FINDS GOLD

STEWART, I. C., Nov. 9.—In chasing a goat a miner known here as "John the Miner" stumbled on a deposit of ore. It is 16 inches in width and assays 562 ounces in silver, 320 in gold and about 15 per cent copper.

DAIRYMAN VISITS CITY

Mr. V. Castle, field chairman for the federal government in the northwest, was in Twin Falls Monday in the interests of the dairy business in this country. Mr. Castle stopped over here on his way to the fair of the Government stock which will be held at Grange. These cattle are of the highest type of the breed, having been brought over directly from the Irish Isles.

Market News

Live Stock

Grain

CHICAGO, Nov. 9.—Beef and butcher cattle sold to 26 cents lower; spot steady; top yearlings \$17.50; no heavy cattle sold above \$16.75; bulk native steers \$16.00; westerns largely \$16.00 to \$16.25; top westerns \$16.25; butchers' and heifers mostly \$15.25; calves, calves and calves \$15.00 to \$15.50; bulk steady to lower; calves firm; bulk westerns \$14.00 to \$14.75.

Hogs \$5.00, fairly active; mostly lower than yesterday's average, spot more on light; light \$13.75; very few higher; top \$14.00; bulk packing \$12.75 to \$13.00; pigs 75 cents lower; bulk desirable 100 to 1030 pound pigs \$12.50 to \$13.50.

Sheep 18,000; fat lambs steady to 25 cents lower; choice native lambs \$12.50; bulk native \$11.25 to \$12.25; fat sheep steady; spot strong; top owned \$6.75; bulk native \$5.25 to \$6.50; feeders steady; choice feeder lambs \$12.50.

CHICAGO, Nov. 9.—Wheat, corn and oats all sold today at the lowest figures in four years. Support was lacking and there was talk current that Kansas bankers were discussing credit cuttings, which would mean more grain on the market. Wheat closed heavy, 6-1-4 to 7-1-2 net lower, with December \$1.77 to \$1.78 and March \$1.75 to \$1.76 1-4.

Corn lost 2 7/8 to 3-1-2 and oats 1-8 to 2-3-4. Provisions finished unchanged to 4-10 cents lower.

At first, the wheat market showed an upward tendency in response to rallies in foreign exchange. Besides shorts manifested a disposition to cover on account of the security of recent decline. When demand from shorts had been noticed, the bottom seemed to drop out of the market and prices rapidly descended. Toward the last part of the day attention centered more and more on possible extensive calling of rural loans in Kansas. Heavy loss and weakness in the New York stock market contained as notable disposing factors.

Corn and oats were swayed by the action of wheat. Automatic stop loss orders did a good deal to accelerate the downward plunge of all cereals. Provisions fell with hogs and grain.

OMAHA, Neb., Nov. 9.—Hogs, 4,500; 25 to 35 cents lower; quality good; bulk \$12.50 to \$12.75; top \$13.00.

Cattle, 14,000; best steers and bulk steady to 25 cents lower; butchers' and veal steady; stockers and feeders 10 to 25 cents lower; top range cows \$8.75; bulk western steers \$8.00 to \$8.25.

Sheep 16,000; fully steady on all classes. Lambs \$12.00 to \$12.25; wethers \$8.25; ewes \$8.25; feeding lambs \$11.75.

CASH GRAIN.

CHICAGO, Nov. 9.—Wheat—No. 1 hard \$1.01; No. 2 hard \$1.00 1-4; No. 3 hard \$1.00 1-2; No. 4 hard \$1.00 1-4; No. 5 hard \$1.00 1-4; No. 6 hard \$1.00 1-4; No. 7 hard \$1.00 1-4; No. 8 hard \$1.00 1-4; No. 9 hard \$1.00 1-4; No. 10 hard \$1.00 1-4; No. 11 hard \$1.00 1-4; No. 12 hard \$1.00 1-4.
