COMMANDER CLEMENTS CALLED TO TESTIFY

Shipping Board Assistant To Appear Before Investigating Committee Soon

By the Associated Press.
NEW YORK, Nov. 10.—Additional evidence of alleged irregularities and mismanagement in the affairs of the United States Shipping board were introduced today before the congressional committee investigating the affairs of the board by J. P. Richardson, assistant secretary and statistician of the committee.

The investigation is based largely upon a report submitted by Mr. Richardson and A. M. Fisher, secretary and statistician of the committee, after a year's work.

At the conclusion of today's session Chairman Walsh announced that Commander A. B. Clements, executive assistant to Admiral Benson, chairman of the shipping board, would be a witness tomorrow. Chairman Walsh read a telegram from Admiral Benson which stated that the board would not object to Commander Clements testifying and that the records, officers and employees of the board were at the disposal of the committee at any time or place the committee desired.

Mr. Walsh said Admiral Benson and other officials of the board, as well as Charles M. Schwab, and Chas. Fier, former heads of the emergency fleet corporation, may be asked to appear. The hearings will be continued in New York for two weeks, and then it is likely, said Chairman Walsh, that the committee will go to Philadelphia and Washington. Cross examination by Representative H. J. Doyle of Mr. Richardson took up a considerable part of the afternoon session. Characterizing the witness' previous testimony as a "general indictment," Mr. Doyle sought to bring out specific instances of alleged "political influence," favoritism, etc.

The witness professed his reply to the first question asked with the statement that his report did not purport to fix any illegal act on the part of any person.

"The purpose of our criticism," he said, "that we hope to bring out existing conditions so that they may be rectified by the shipping board itself. I want to give full credit to the board for its achievements. It had a gigantic job, one of the greatest ever met by man."

Answering questions as to specific instances of alleged political influence he recalled that he had been informed that a ship building firm in Texas had "threatened" to appeal to a senator from that state to bring about what was claimed by the company to be a delay in a settlement of an account. He added, that he had no knowledge as to what, if any thing, the senator did.

RESIGNATION OF CHICAGO POLICE CHIEF IS ASKED

By the Associated Press.
CHICAGO, Nov. 10.—Mayor William Hale Thompson today requested the resignation of Chief of Police John J. Garry and immediately after requesting it appointed his secretary, Charles Fitzmorris, chief, for the announced purpose of "ridding Chicago of crooks."

"Garry did his best, but Fitzmorris can do better," was the mayor's comment on the appointment of the latter. "Fitzmorris has studied crime and knows the game and I am confident that he will get rid of the criminals."

The resignation of Chief Garry was not entirely unexpected. He had been the target of various councilmen for some time and it was rumored frequently that he would be asked to quit. Recently he was called before the federal grand jury to tell of his investigation into the alleged illicit liquor traffic here. Last spring an attack was made on the chief by several councilmen and it was understood that he was given six months probation by the mayor with the understanding that if he had not made good at the end of that time he would be asked to step out.

Mr. Garry said he had no intention, however, of the mayor's plans until the mayor called on him today. "He told me he had some new plans to try out and that he wanted me to resign," Garry said. "Of course, I did."

CRIME IN IRELAND NOW ON INCREASE

By the Associated Press.
LONDON, Nov. 10.—Crime in Ireland increased largely immediately after the funeral of Lord Mayor McSwiney, according to latest statistics which record 99 serious crimes in the week ended November 6, as compared with 46 the previous week, and 50 for the week ended October 23.

Nine police barracks were damaged or destroyed; 24 raids were carried out on the malls and four Sinn Féin raids were made. Ten policemen were killed, 24 wounded and 11 others shot at. Three soldiers were killed; one was wounded and 12 were shot at. Forty-five arrests were made for outrages or political offenses. Since the first of January 1918, 108 policemen have been killed and 218 wounded; 32 soldiers have been killed and 90 wounded.

UNIFORMED MEN IN RAID ON NEWSPAPER

By the Associated Press.
LEITRIM, Ireland, Nov. 10.—A party of men who are said to have been wearing khaki uniforms raided the offices of the Leitrim Observer last night. They entered the premises by force, held up the proprietor and his sister with revolvers, wrecked the machinery and printing plant, smashed furniture and then set fire to the building. The flames were extinguished. The windows of the newspaper were shattered with revolver bullets.

MINE WORKERS ARE FINED FOR STRIKE

GREENSBORO, Colo., November 10.—Former President George O. Johnson of District 15 and twelve other officials and members of the United Mine Workers of America today were fined \$35 and \$50 each under the state industrial law in connection with the coal mine strike of Nov. 1919.

ENGLISH IN U.S. ARE THREATENED

British Embassy Announces Receipt of Threat of Reprisals Against Britons in This Country.

By the Associated Press.
WASHINGTON, Nov. 10.—The British embassy announced today it had taken steps to call the attention of the state department to a message recently received by the British chief secretary for Ireland, dated Nov. 9, and threatening reprisals against Englishmen residing in the United States. "If there are any more reprisals in Ireland on and after the 14th day of November," the New York message was sent in the name of the Amalgamated Irish Societies of America and bore the signature of "J. V. O'Connor, president."

At the state department it was said nothing had been received tonight from the embassy in relation to the message. No comment as to the course the Washington government might pursue was available.

The New York message as made public by the embassy read:

"We hereby inform and warn you that if there are any more reprisals in Ireland on and after the 14th day of November, 1920, that the men of Irish blood in this country and their sympathizers will immediately begin reprisals of Englishmen here who are not citizens of the United States. For every man, woman and child who is murdered after the above date by the cowardly English soldiers and police, three Englishmen in this country will pay the penalty."

"Amalgamated Irish Societies of America."
Signed, J. V. O'Connor, President.

SEEK BURGLARS TO RELEASE BANKER LOCKED IN VAULT

OTTAWA, Ill., Nov. 11.—When the safe of the National City bank was opened early today, no one was inside. It was feared Francis Carry, a bank employee, had been locked inside by robbers and the time lock set for next Friday morning.

OTTAWA, Ill., Nov. 10.—Electric torches, dynamite and safe blowers from the Joliet penitentiary tonight were called on in effort to free Francis J. Carry, bank teller, from a time lock vault in the National City bank in which he was locked early on the evening by a bandit who took \$50,000 from the safe, but dropped it in the freightway. Late tonight Carry had not been freed and it was feared he would succumb before the safe could be opened. The time lock was set for 3 p. m. Friday.

After attempts to loosen the door with electric torches and dynamite failed, a call was sent to the Joliet penitentiary for safe blowers believed to be in prison there and arrangements made for a special train from Chicago to bring them here. The warden reported, however, that he had only a few "old fashioned safe crackers who would be of no use on a modern time vault."

INSURGENT'S LEADER GIVES UP TO BRITISH

LONDON, Nov. 10.—Abdul Wahid, reputed leader of the Mesopotamian insurgents, has surrendered unconditionally and is under British guard at Kufa, 100 miles south of Bagdad, according to a Bagdad dispatch to the Evening News today.

EXPLAIN MOTIVE FOR LEGION GIFT

Headquarters of Knights of Columbus Tells of Offer of Five Million for Memorial.

NEW YORK, Nov. 10.—National headquarters of the Knights of Columbus issued a statement today explaining the motives actuating in the organization's offer of \$5,000,000 to the American Legion for the erection of a permanent war monument in Washington.

The statement was in reply to the published declaration of Marvin G. Sperry, national president of the Private Soldiers and Sailors Legion that such use of funds collected by subscriptions for other purposes would constitute "a moral breach of trust and an act of injustice."

"After completing its war work abroad and conducting educational and employment work for the benefit of ex-soldiers in this country, the statement declared, the organization 'will have funds from those necessary to maintain its reconstruction work, to devote to the soldiers welfare.'"

"In giving this building to the nation through the American Legion, the veterans' organization of broadest constituency and largest members," the statement added, providing for "to the nation a monument that would otherwise be erected through taxation or another of the much dreaded 'drives.'"

FIND SAND IN SUGAR

LONDON, Nov. 10.—It is a popular speculation that grocers mix sand with their sugar, but E. F. Whitten, public chemist of Paddington, says that he never found a trace in 40 years' search until this year. This year he found two cases of sand adulteration.

QUESTION OF ADRIATIC IS NOW SETTLED

Istrian Frontier Decided in Favor of Jugo-Slavs Says Dispatch

FIUME IS GRANTED ITS INDEPENDENCE

Final Agreement Expected to Be Signed By Italian Premier Giolitti Today

By the Associated Press.
LONDON, Nov. 10.—A dispatch to the London Times from Santa Margherita says the Adriatic question has been settled.

According to these advices, the principal points in the settlement are: First, the Istrian frontier is practically decided in favor of the Jugo-Slavs.

Second, Fiume is to be independent with territorial continuity to Italy.

Third, the islands, Corfu, Lussini and Unie are granted to Italy. Premier Giolitti will sign the agreement tomorrow on behalf of Italy.

With reference to the Italian frontier on which the Jugo-Slav negotiations hinged, both parties, says the Times, accepted the line of the treaty of London with certain rectification. The territorial concord will be accompanied by a commercial and probably a political agreement. According to the dispatch the decision of the Jugo-Slav delegation was conveyed to the Italians by M. Trumbitch, Jugo-Slav foreign minister.

WILL CONTINUE NEGOTIATIONS

TRIPALLO, Italy, Nov. 10.—After a long message had been received from Belgrade, the Serbian delegation, through foreign minister Trumbitch, notified the Italian delegation today that it was disposed to continue negotiations on the basis set forth by Italy. It was learned that after some hesitation the Jugo-Slav delegation has accepted the Italian frontier, including the Italian delegation today by Italy and also territorial continuity between Italy and the new state of Fiume.

Points not yet accepted include an assignment of the Italianity of the island of Corfu, Italian sovereignty over Zara with sufficient hinterland, and the annexation of several of the Dalmatian islands to Italy, particularly Lussini, Lissa, and Lagosta.

HARDING LANDS HIS FIRST BIG TARPON

POINT ISABELLA, Tex., Nov. 10.—President-elect Harding landed his first tarpon today and came back from the "Point Isabella" fishing grounds looking prouder than he did when a week ago late election day confirmed his overwhelming majority for the presidency.

The catch measured five feet and five inches, a fair sized tarpon for the season. "Point Isabella" fishing grounds looking prouder than he did when a week ago late election day confirmed his overwhelming majority for the presidency.

POISON CAUSES DEATH OF WOMAN

Mrs. Calvin H. Dent Dies From An Overdose of Bichloride of Mercury—Will Hold Inquest.

The report of the post mortem examination of the body of Mrs. Calvin H. Dent, submitted into yesterday evening by Dr. E. R. Dooley, states that the death of the woman was caused from a very large dose of bichloride of mercury. Mrs. Dent died Tuesday night shortly after midnight after an illness lasting only a few minutes. She resided on the Dent farm near Kimberly, with her husband and six children, ranging from 16 years in age to one month, who survive her.

Mr. Dent stated that he retired for the night about 8 o'clock and that he awakened a little after 11, finding his wife violently ill. When he asked what the matter was, she replied, "I'm sick. The devil has been here."

Perceiving that she was in great danger, Mr. Dent immediately summoned Dr. J. N. Davis, but in spite of his efforts to save her she died before the physician could reach the scene.

Dr. Davis notified Coroner J. P. Grossman directly upon his arrival and after a thorough examination both declared they were convinced that the woman had taken poison, basing their conviction on the fact that there were no other bars about her mouth such as could have been caused only by some deadly and virulent drug.

It is reported that there had been some bichloride of mercury in the pantry of the Dent home, but after a minute search the coroner declared he could find no poison or receptacle which gave any evidence of having contained a deadly drug. Mrs. Dent having evidently concealed the container after taking the dose that caused her death.

All of the evidence points to suicide, although those who entertain this belief are unable to assign any motive for the deed.

Many misfortunes had befallen the Dent family during the past year, a son having been prevalent and a common occurrence, and a crop failure on the ranch also adding to the already heavy burden that Mrs. Dent was called upon to bear. At the present time one of the children is ill with the measles and the house quarantined. It is understood, however, that the little girl's condition is not serious.

The inquest will probably be held immediately with the report of Dr. Dooley as the basis for the investigation.

LOCAL LIVESTOCK BREEDERS CONTINUE TO TAKE PRIZES AT LEWISTON SHOW.
Davis Wins Again.

More laurels were added yesterday to the long string gained by the stock from this county which is now being exhibited at the Northwest Livestock show at Lewiston, when local animals took ninth place for cows, third in a litter of four, and fourth on a young herd. A majority of the places in these events had already fallen to the lot of local breeders.

A. I. O'Reilly, who is in charge of the exhibiting of the swine, states that these prizes were won in competition with all of the best breeders of the northwest. There were 55 entries, making this show the largest exposition of Duroc-Jersey swine ever held west of the Missouri river. He estimates that the money in prizes won both at Spokane and Lewiston will exceed \$200, an \$242 have already been won.

Milo Davis, whose home is about four miles northwest of this city, won the championship of the northwest on sheep judging. Davis was unfortunately excluded on some technicality from competing in the event at the Spokane show. He is 15 years old and a student at the Twin Falls high school.

LOCAL SEED GROWERS TO GO TO CHICAGO.

According to H. E. Powers, county agent, about 15 local seed growers are going to Chicago to attend the International Grain and Hay show there from November 27 to December 4. This show is run in conjunction with the International Livestock Exposition and is the biggest event of its kind held in America.

In each class 25 prizes are offered ranging from \$40 to \$5. Among the products of this county to be exhibited there are wheat, clovers and alfalfa.

It is not known whether there is a slick confidence man in town or whether the employees of the O. A gentleman entered the shop and after receiving \$1 worth of service, gave his check in return. So far everything appeared to be rosy, but when the boss arrived he found that the check had not been signed, and now there is great lamentation in the establishment over the "bone" that somebody pulled.

GENEVA Nov. 10.—Geneva is beginning to feel its honors as the headquarters of the world and its residences are being violently elaborated to make room for the league of nations, with all its appointments.

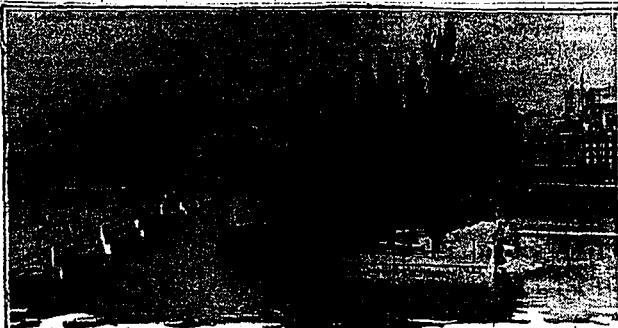

The secretariat of the league, three hundred strong, is occupying the largest hotel for its offices. The delegations to the assembly of the league on November 16, their secretaries and advisers are expected to number a thousand more, filling to the utmost the accommodations of this small city.

Eight Jap Delegates.

Judging by the promptness and numerical strength of its representation, Japan is the country that takes its role in the league most seriously. About 80 of its delegates already are here, taking up three floors in two of the leading hotels, and quarters have been reserved for 100 in all. Dr. Gaston Da Cunha, Brazilian ambassador to France and one of the most active members in the league council was the first delegate to arrive.

MOTOR EXPRESS WILL AID TRANSPORTATION

Facilities for Hauling Farm Produce Are Lacking.

Solution of Problem Seen in Establishment of Rural Auto Truck Feeder Lines—Specially Designed Vehicles Used.

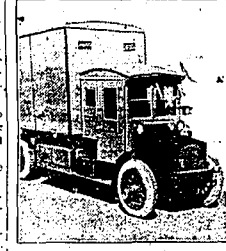

It has been asserted that 50 per cent of the perishable produce now grown on farms throughout the United States is wasted because proper facilities for hauling it to market are lacking. The loss to farmers, together with the expense loss to the whole nation due to this condition, reaches a tremendous total. It is further claimed the solution of this problem would go a long way to satisfactorily reduce the high cost of living. In a word it would give the farmer more money for his capital and work, but at the same time make the tariff easier on the ultimate consumer.

What is really needed is a branch feeder line to each farm. Obviously the railroads can not build them. The electric roads help, but do not entirely fill the bill. There is, however, one method of transportation which, used in conjunction with either of the above mentioned utilities, happily solves the problem. It is the motor truck line.

Worth-while trucks on good roads form the important link in the formation of a transportation system which will bring about the state of affairs referred to.

Already progressive cities are installing freight terminals for truck lines. Motor express has proven to be a logical, economical and sure method of bringing the farm to market. These lines are run the same as any railroad and may either operate independently or in conjunction with a railroad.

An example of the latter class is found in the motor truck feeder lines of a Wisconsin-Illinois railway company. About a year ago this company secured its express service as inadequate to care for its territory. They solved their problem by establishing rural motor-express lines to take up the work where the literarian left

Motor Trucks Expected To Solve Transportation Problem.

off. Trucks, specially designed for high-speed cross-country work were the vehicles selected for the work. They were equipped with hodies and trailers and put to work over certain routes. They easily proved their economical worth.

If a farmer has enough material going in a trailer can be left at his farm. He can then load it and it will be picked up on the next trip. The trucks run on time table schedule, make two trips over their routes each day, deliver and pick up all kinds of shipments no matter how small or large. Shipments received anywhere in the system up to 6 p. m. are at their destination, which may be any other place covered by the lines, before noon of the following day.

From the time the first trucks were installed the popularity of the feeder lines was never in doubt. More business than they could possibly handle was quickly offered to them and the feet has been expanding ever since. They offer a really dependable service which means money to the farmers served. The service has been in operation a year and the trucks have functioned all the time. Even the severest days of last winter did not mean a "drop of shipment."

end of the men of this little town. The women say the election has permanently disposed of two old enemies to the effect that a woman cannot keep a secret and that they cannot successfully play politics.

Over breakfast, at social gatherings after theater meetings and in the houses, the women carried on their political campaign secretly prior to election. It has been "buzzed" that they said, that the men politicians intend to let women hold over without bother of a new ticket. The women did not like the administration. They loathed and went to the polls and marked in the names of their candidates. The men were concerned with national and state politics only. The men did not bother about the city election. Result:

GERMANS CHANGE ATTITUDE TOWARD PUBLIC OFFICIALS

BERLIN, Nov. 10.—The change which has taken place in the attitude of Germans toward official personages was illustrated the other day at Yoncalla field where the German emperor formerly twice a year reviewed the troops of the Berlin garrison. President Ebert visited the field a few days ago to watch the drilling of a motor platoon but in the field of the audience which used to be accorded to the emperor, the crowd of 4,000 costumed performers used to recognize the president, jostled him and gave him scant show at the sandwich counter.

The German president, wandered about unaccompanied and stood there for a while behind the camera man while a scene was photographed. Later he made his way again at the edge of a crowd witnessing a "riot scene."

When the crowd was ordered out of the range, Herr Ebert received no consideration from the jostling spectators.

One of the crowd who recognized him called attention to his presence, but few gave him any notice.

SMALL CHILD BURNS TO DEATH IN YONCALLA

TACOMA, Wash., Nov. 10.—Ten children of Mr. and Mrs. J. D. Boone escaped with their parents, when fire destroyed the Boone home here at five this morning. But the eleven-year-old child, Joe, aged 5, sleeping in the attic, was burned to death. His 15-year-old brother, Harold, rescued another brother from the attic and was on his way to get Joe when the roof fell burning him. The parents threw several children from the second story into the arms of neighbors outside. Everything owned by the family, except night clothing, was burned.

YONCALLA, OREGON IS STRICTLY WOMEN'S TOWN

YONCALLA, Ore., Nov. 10.—Yoncalla, for one week has been strictly a woman town. In spirit and in fact women are the town's leaders since a week ago today when they elected a woman mayor and a woman to every other place in the city, government in-

most 41 of the 45 members of the league. The new kingdom of the Hedjaz has not yet announced the appointment of a delegate but has asked press facilities for a Hedjaz correspondent.

Make Brilliant Group.

The delegates already announced make up a brilliant group of statesmen, orators and diplomats, headed by two former presidents of republics. There are two former premiers, two presidents of senates, one president of a house of representatives, nine cabinet members, ministers—mostly ministers of foreign affairs—seven former cabinet ministers, four ambassadors and 20 ministers temporary.

The distinguished orators include Rene Vivanti, Dr. Da Cunha and Dr. Rafael Martinez Ortiz, Cuban minister to France.

Final propositions for the assembly will be completed Sunday by the league council which will meet at the old National hotel which, since it was bought by the engine, had been represented, replace of National. Changes in the agenda of the conference are considered unlikely.

The first important subject coming up, according to the program as it now stands, is an amendment to the league covenant. This discussion may, if the delegates so wish, be preceded by the question of the voting strength of the delegations. It is recalled that Leon Bourgeois, French representative at the time adoption

of the covenant expressed the hope that the assembly would accord French colonies the same right of representation as accorded the British Dominions. The French delegation thus far has given no notice that it will bring up the question.

AMERICAN HELD BY TURK FORCES

Friendliness of United States to Armenia Said to Be Reason for Action.

NEW YORK, Nov. 10.—The friendly attitude of the United States toward Armenia and absence of diplomatic relations with Turkey are given as reasons for the Turkish nationalist action in holding Colonel J. P. Coombs, director of the American commission for relief in the Near East at Samassun, according to a message from Colonel Coombs to the organization's representative in Constantinople by cable tonight.

Previous dispatches from Constantinople reported that the nationalists had refused Colonel Coombs permission to enter the interior on a tour of inspection or to allow him to return to Constantinople.

His message, apparently quoting the nationalists, said that permission was refused on three grounds:

The Turkish explanation closes with the statement that "at present travel by Americans in or out of Turkish territory is prohibited except by special instructions from Ankara."

RAILROAD COMMISSIONERS HOLD "EXPERIENCE" MEETING

WASHINGTON, Nov. 10.—Railway and utility commissioners laid aside their formal convention program today and held an "experience" meeting over the problem of street railways and enforcement of service standards on public utilities. Members of various state commissions who are attending the annual convention here, gathered in a round table conference to hear suggestions for improvement.

VETERANS PARTICIPATE IN GIANTIC SHAM BATTLE

CAMP DEK, N. J., Nov. 10.—Under the light of star shells, flares and other illuminants, the old First division, American's first fighting unit to participate in the world war went "over the top" today in a gigantic sham battle for entertainment of ten thousand of its own veterans in reunion and thousands of civilian visitors.

General Pershing and Brig. Gen. A. A. Fries, as guests of honor, with General E. A. Chamberlain, division

commander, and many other prominent army men, were interested observers.

Four regiments of infantry, three of artillery, three machine gun battalions, fleets of tanks, all of the first division and chemical warfare units from Lakohurst proving grounds, and Edgewood, Maryland, participated in the great natural amphitheatre of the forest of Marne Hill. Above this were the flashes of the big guns, the great flashes of the defenders, simulating "counter battery fire."

From nearly every angle the veterans have come into Dix for the reunion tomorrow.

CALIFORNIA SUICIDE MAY BE FORMER PRISONER

By the Associated Press.

OAKLAND, Cal., Nov. 10.—Police here today received reports that a man supposed to be G. F. Baker, Twin Falls, Idaho, lay dead under a train at Fairfield near here last night and was ground to bits. He was about 30 years old.

Witnesses said the train drew into the station, the man calmly laid down his rifle, took off his glasses and lay, placed them beside the grip and leaped under the second coach. In the grip was an Elks lodge card belonging to G. F. Baker, Twin Falls.

Dr. G. F. Baker was one of the first dentists to establish offices in this city, remaining here for several years and in the early part of last September left for San Jose, California, having disposed of his local practice. When his family moved from this place to the California city last June, Dr. Baker accompanied them and spent a few weeks on the Pacific coast. "While on his way to this city the automobile which he was driving plunged into a ditch, injuring his arm and fracturing several of his ribs."

ADVOCATE JAIL FOR BUILDING PROFITTEERS

CHICAGO, Nov. 10.—Jail for building profiteers as one means of lessening the housing shortage was advocated today by Senator Kenyon of Iowa in discussing the situation with witnesses appearing before the senate housing committee at its first session here.

Senator Kenyon repeatedly asked drastic laws for profiteers would reduce the housing shortage and add one witness that he "thought putting

a few of the building-profiteers in jail would help a lot."

Senator Kenyon, chairman of the committee, told several witnesses he thought a quick revision of federal tax laws would be a proper basis for action, declaring that heavy taxes made investors shun real estate. Most of the witnesses apparently could give Senator Calder little information concerning the effect revised tax laws would have. Chicago is two and one half years behind in its building program, Building Commissioner Dostrom said.

MARKED REDUCTION IN ENGLISH CIGAR SALES

LONDON, Nov. 10.—Since Chancellor Austen Chamberlain introduced his last budget, there has been a marked reduction in the retail sale of champagne and cigars in England.

Clear merchants say that during the recent months clearances from London and importations from Cuba have practically been suspended. The public, it is stated, refuse to buy at the high prices necessitated by the heavy duty and the inflated cost of the tobacco.

In 1914 a really good Havana cigar could be bought at 40 shillings to 50 shillings a hundred, but today the cost is more than five pounds a hundred.

While merchants are a little surprised at the decline in the sale of champagne, as prices have not been substantially increased. In many cases growers have shouldered a part of the duty imposed by the budget in the hope of maintaining the English demand.

KANSAS CITY BAKERS INCREASE SIZE OF BREAD

KANSAS CITY, Nov. 10.—A 10 per cent increase in the size of loaves of bread; the second such increase in two weeks without an accompanying price, was announced today by 12 of the leading bakers.

The increase, according to a statement, was a move on the part of the bakers to keep step with the favorable trend "in prices and in the expectation of the public."

This move, the statement says, was in spite of the fact that labor cost had increased and that lower prices of flour is not yet available.

SAYS GERMAN MINERS WILL DESTROY MINES

BERLIN, Nov. 10.—In an interview at Amsterdam where he has just returned after an investigation of the Ruhr district in Germany on behalf of the National Union, Eduard Damm, of Hindenburg, president of the federation of trade unions, declared that German miners would destroy the mines in the Ruhr region if the district was occupied by the allies.

Damm is quoted as saying: occupation appears to be possible although the German miners are doing the best they can and that whatever shortage there exists in coal delivery is not due to their lack of effort but to the political conditions as regards Poland.

WARN SERVICE MEN NOT TO ATTEMPT PARADE

COLUMBUS, O., Nov. 10.—A warning not to "try to get away with" a parade of ex-service men arranged for tomorrow in connection with an armistice day celebration, was found tonight under the door of the American Legion headquarters here. The warning which was unsigned and which was turned over to the department of justice reads: "Don't try to get away with that parade. We spotted one. We will send you war lovers to hell."

APPOINT COMMITTEE.

INDIANAPOLIS, Ind., Nov. 10.—National Commander Galbraith of the American Legion today announced appointment of a committee that will confer with war department officials now regarding plans for the roundup of blackens and draft evaders of the world war. The committee will go to Washington within 10 days, he said.

MARSHAL SHOTS MAN.

KEARNY, N.J., Nov. 9.—Lorton Murray of Gibson, this county, was shot, it is alleged by Harvey Graham, town marshal during an altercation at a dance at Gibson and tonight is at a Kearney hospital. Graham has been arrested on a warrant charging shooting with intention to kill.

CASHIER IS ROBBED.

PAIRFULTY, Neb., Nov. 9.—F. S. Tucker, cashier at the Rock Island depot, was snatched unceremoniously and robbed of \$225 today as he stepped from his office to a bank. The robber escaped. The condition of Tucker is critical.

SPEND AS MUCH FOR WINE AS FOR BREAD

ROME, Nov. 10.—Professor Tito Ancona, formerly under secretary of transportation in the Italian cabinet, has just made public a statement that while the Italian government has spent more than \$1,000,000,000 a year for bread for the people, the Italian workers have spent \$900,000,000 a year on wine alone.

The government's expenditure for wine has resulted from its undertaking to pay the difference between the cost of producing wheat and the price of bread. In consequence of this

the Italian workers have been able to buy bread at the rate of one lire for each kilogram of 2.20 pounds.

Professor Ancona says that while the workers are to spend more than this, they have no objection to paying four or five lire for a quart of wine, which before the war cost about 12 cents a quart. He asks whether it is just that the Italian government should spend so much more than \$900,000,000 annually for bread when the people do not grudge \$900,000,000 a year for the luxury of wine.

The professor advocates that the Italian government should spend less on bread and put what it costs and that they should drink less wine and export more of it, so that the profit on wine would help to pay for importation of bread.

The amount of land given over to wheat production in Italy greatly decreased last year. The disincentive is that the imports are increasing daily.

WORLD CANCELS AGREEMENT TOKYO, Nov. 9.—It is reported that Yukichi Arita, Japanese minister in Peking, has been instructed by the Japanese government to open negotiations for the cancellation of the "China-Japan" military agreement under which Japan has the right to co-operate with China in defense of the Siberian and Manchurian border.

THE COLD SORE

THE cold sore is a small, pink, pink growth on the human lip which is more painful to a sensitive, shivering nature than upsetting the consummate at a six o'clock dinner. It is one of nature's efforts to humble pride, and while it is a nuisance, it is not a disgrace. The victim will not appear at the movie, inoperative show for a week.

All medical authorities agree that the cause of the cold sore is harder to locate than the relation of the average sermon to the text. Some investigators declare it is caused by the same germ which brings on the hot-blooded fever, while others say that it is due to eating the self-same pineapple. This latter theory seems to be disproven by the fact that thousands of people eat layer after layer of pineapples every morning in the year without incurring a solitary bluish, while others who live an ascetic life—eat oatmeal, crackers and hot night-milk are oftentimes stricken with a cold sore which resembles a blushing young lion.

The cold sore chooses its own time for budding. It is very particular to put in an appearance the day before some voluptuous social event, and when worn with a décolleté gown and pink carnations makes a captivating color scheme. Every one else while we read in the newspapers of some high society wedding having to be postponed on account of the groom's absence, but in nearly all of these cases it will be found that the bride-elect has contracted with a handsome cold sore which cannot be hidden behind a tulle veil with any degree of success. It requires great fortitude and will power for an unprepared groom to stand up at the altar and run his stock through the ropes, under such circumstances, but it has been done.

There is no known cure for the cold sore except patience and hope. Some victims carry a camphor bottle and

apply the contents in a stealthy manner, while others so forth definitely into the world's worst quarter of black court-plaster. When a cold sore settles on the upper lip of man he can always circumvent it by growing a thick, branching mustache, but woman is denied this precious privilege and is obliged to suffer to silence.

The cold sore is probably given so that we will not become too proud of our looks. The man who can show lower lip has reached the point where any further infidelity would result in a blow-out.

BOND BUYERS
SEEK ISSUE

Securities of Twin Falls, Sold to be
in Demand by Financial Houses
of East and West

That the bond issue which was carried at the election on Tuesday will be in demand among a great many bond houses is indicated by four telegrams received by City Clerk W. A. Minnick making inquiries as to whether the result had been favorable. These communications were all from western houses, Bankers Trust company of Denver, Ralph Schuchman company of Portland, Oregon, Chase & Co. of Denver, James N. Wright & Co. of Denver and the Lumbermen's Trust company of Portland. Mr. Minnick has already replied to the inquiries and states that he expects that these five firms will be represented when the bids are opened at the city hall next Monday night at 8 o'clock.

Speaking of the disposition of the bonds the city clerk said that the bond market is much improved and that things are assuming a very optimistic outlook. He is confident that the securities will go at not less than 6 per cent interest and at par, which is required of all municipal general obligation bonds under the state law. So far all the bonds of the city have been sold at a premium.

In discussing the possibility of eastern bond buyers entering bids for the issue Mr. Minnick declared that it was very likely that they would do so. He called attention to the fact that the waterworks issue was disposed of to H. H. Spillars and company, of Toledo, Ohio, stating that all of the other general obligation bonds of the community were held by eastern houses with the single exception of \$50,000 of the waterworks issue, which was purchased by the Lumbermen's Trust company of Portland.

Figures compiled by the city clerk show that the bonded indebtedness of this city is just a trifle over \$200,000, of which \$155,000 is due to the waterworks issue. In comparison the bonded indebtedness of New York city, based on the debt and population of 1917, amounts to \$238 per capita, while if the calculations were based upon the same ratio for each of the inhabitants of this city, the figure would be slightly in excess of \$2,000,000 as against \$500,000. Also the figures for New York do not include the waterworks issue which amount to such a large item here.

News of Jerome

Jerome, Nov. 10.—Workers are busy securing members for the Red Cross association. The fourth annual fall fair is now on. DIRECTIONS FOR GETTING MESSAGES FROM ARITHM-A-LETTA

Select any number as a starting point in the circle on the subject you are interested in. Then commence to count on the NEXT number to the one selected. Count completely around the circle, putting down on paper in a row each eighth, seventh, sixth or fifth number as called for below. Always count to the right. If you count the numbers off correctly the last number will always be the one you selected at the beginning.

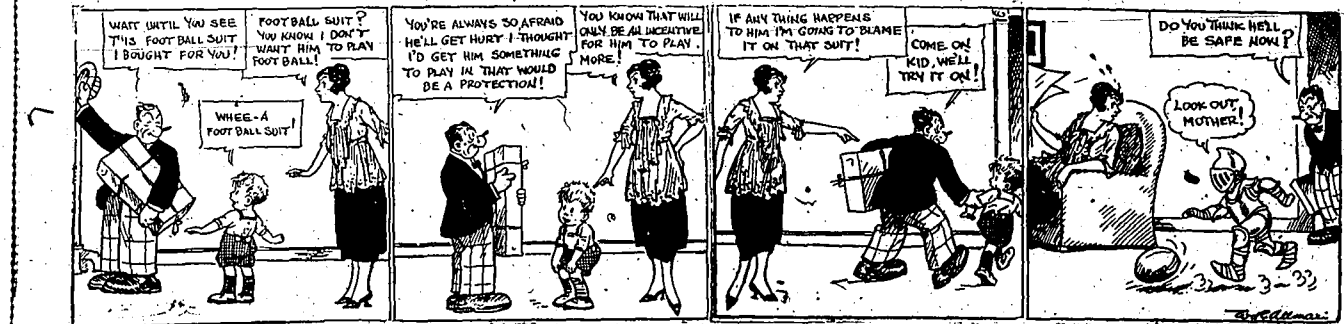

- If subject of BUSINESS is chosen, take first or outside circle and set down every eighth number.
- If subject of LUCK is chosen, take second circle from outside and set down every seventh number.
- If subject of WISHES is chosen, take third circle from the outside and set down every sixth number.
- If subject of WEALTH is chosen, take fourth circle from outside and set down every fifth number.
- If subject of MARRIAGE is chosen, take the inside circle and set down every fifth number.

After you have set down the numbers, place the corresponding letters over them, according to the key above. These letters in every case will form words and the words will form complete sentences. If part of a word is at the beginning and part at the end, join them together to form a word. Then arrange the words in a grammatical sentence.

LEGION BOYS PARADE TODAY

Armistice Day Celebration, Will Commemorate With Parade of All Members.

Starting from in front of the post-office on Main avenue, promptly at 12:45 this afternoon, a parade of all the ex-servicemen of the city will commence the local celebration of armistice day. Plans arrangements for the celebration of this memorable occasion have been arrived at only after weeks of hard-work on the part of the committee appointed by the local post of the American Legion, and all indications are that this endeavor will be successful in the same degree as have all the other many legion activities in this city to date.

In connection with the parade, the committee expects that all those who have their uniforms wear them, but that no man is to be seen in civilian dress. It is the feeling that every ex-serviceman, in uniform or civilian, is urged to be in the parade and start the day of on the right foot, and as there is no doubt but that the business men who are employers of legion members will gladly release them to take part in the festivities the committee declares that there is not excuse for anyone not being there on time. The stores have not, however, been requested to close, but the mayor has proclaimed a legal holiday for the occasion.

The big parade will wind up at the high school where the ceremony of presenting the Victory medals will occur. Congressman Addison J. Smith making the speech of presentation, and Mr. W. P. Farmer, post commander, that of acceptance. The Rev. Dr. H. H. Jones will preside over the blessing upon the assembly. There will be instrumental music to add to the impressiveness of the ceremony and a quartet will render a selection of patriotic songs.

A special added feature the foot ball game between the Twin Falls and Rupert high schools has been shifted from Friday over to today and will be played at 2:30 on Lincoln field. Neither of these elevens have yet been defeated, so it is the battle is a precedent. No request having been made that the schools be closed on such action will be taken, although Superintendent H. G. H. has declared that he thought the school of education would be glad to give such a step if it was considered essential to the success of the celebration.

Adding to the gaiety of the occasion there will be staged at the Lavering theatre, promptly at 8 o'clock, a boxing bout between Al Young, champion of the northwest, and Able Miskind, intermediate country title holder. These men have met several times before and have always provided a close hard fought battle.

At 10 o'clock the dancing of the legion will give a dance at the Lavering pavilion, the same kind of a successful affair that the organization always stages when it makes an effort to provide entertainment for the public. All proceeds will go toward the legion's fund.

Armistice Day Pledge

By F. W. GALBRAITH, JR.
National Commander, American Legion.

The swift triumph of our arms and those of our gallant allies which two years ago gave us the victory, the anniversary of which we observe today, marks the high-light of the present century in American affairs. Victories such as Armistice Day commemorate are not the issues solely of clashes of flesh and steel. They have a finer quality than that. They are the triumphs as well, of an unconquerable spirit.

F. W. GALBRAITH, JR.

No victory, however complete, long can survive the spirit that conceived it. The annals of mankind are replete with example; splendid triumphs in behalf of splendid causes that have gone for naught because the spirit that made them ceased to endure.

This is only the second anniversary of Armistice Day—a day destined, if we will, to keep company with the immortals of the calendar which mark great moments of history that shall never die. Succeeding generations will acclaim Armistice Day. God grant they always shall acclaim it in the spirit that made it, and that this spirit, like the day, shall be imperishable.

With this prayer in our hearts let us renew each year our vows of fealty, repledge and keep unshakable our faith in the high ideals, the lofty purposes, the unselfish aspirations and exalted, holy hopes that fired the hearts of Americans in 1918 and made ours a land from whence crusaders came, with souls a-flame, worthy of their victory.

To this end the American Legion today and forever solemnly pledges its all.

F. W. Galbraith, Jr.

next week. He states that he is having no difficulty whatsoever in securing sufficient cases.

ARTHUR-A-LETTA WITH FULL DIRECTIONS PRINTED TODAY

Arthur-A-letta, the latest fad throughout the east, is being printed in The Chronicle today, together with full directions how to receive messages from it on various subjects. It will give messages on several subjects and is so simple that any child can soon learn how. Arthur-A-letta parties are being planned throughout Twin Falls already and from the interest being shown, it should give this section of the country no closely as the Omaha fad.

Arthur-A-letta will be printed one more time in The Chronicle. Have your copies of the paper and amuse yourself and friends these long winter evenings.

DR. JOHN P. MYERS DIES AFTER SHORT ILLNESS

Following an operation for intestinal ulceration performed last Sunday, Dr. John P. Myers died shortly after noon yesterday. Dr. Myers, who was 49 years old, was one of the most prominent physicians of this city and had been connected with the Twin Falls clinic for the past six months. Besides his widow, Dr. Myers is survived by a son, a father and two sisters. The body will be sent to Portland, Oregon, for burial.

ALLIGES DISSECTION

Attaching dissection, Katie Lund yesterday died from an absolute divorce from Samuel Lund. The couple were married at Charleston, Arizona, August 8, 1917, and had three children, the oldest being 17 years of age.

SON BORN TO ALLENS.

A baby boy was born Tuesday night to Mr. and Mrs. Melvin Allen at their home, 161 Jackson street. Both mother and child are doing splendidly.

LICENSE TO WED.

Ranza T. Henderson, 22 years old, and Velma Anderson, 22, both of Buhl, were licensed to wed yesterday.

was performed by the Rev. C. E. Fairbank at four o'clock. The wedding party entered the room at the strains of the wedding march from "Tahoe" played by Mrs. Horace Holmes, cousin of the bride. The bride was beautifully dressed in a gown of ivory satin and wore a string of pearls, the rest of the train. She carried a shower bouquet of bridal roses.

After the reception a two-course luncheon was served. Following the ceremony the young couple left for Salt Lake where a short honeymoon will be spent. They will be at home to friends in Twin Falls after December 1.

MISHKIND' AND YOUNG WILL BATTLE TONIGHT

Tonight at the Lavering theatre Able Miskind and Al Young will clash in a ten-round boxing bout the number of the American Legion. All of the proceeds of the fight will go to the American Legion Building fund. Both Miskind and Young arrived in Twin Falls yesterday.

On the eve of the best fight that has ever been staged in this city confidence prevails in both camps and both scrappers are in the pink of condition.

Able Miskind last night declared that he expected to beat Young. He called attention to the two draws he has received with the champions of the northwest and to his six-round fight with Bobby North at the Manhattan club in Salt Lake City last Monday night. North was heralded as a comer, having made profitable showings against such fighters as Johnny Dundee, Willie Jackson, Johnny Ray, Pete Barretto and Phil Bloom, but in his first encounter with a boxer of national reputation Miskind won by a wide margin. He had North out in three rounds and was only prevented from scoring a knockout when the referee intervened. Miskind has whipped all the best boys in this section. He will have in his corner Mac McCabe and Earl Squires.

Al Young needs no introduction to local fight fans. He has dominated the lightweight class in this section of the country ever since his defeat of Lee Morley at Idaho Falls when he won the title. With the exception of Miskind, whom he has not yet beaten, there is no boxer of his weight around these dignities who has a chance with him. He predicts, however, that he will vanquish Miskind this time as the bout is to go twelve rounds while both of the previous meetings were over a six-round route.

Two good preliminaries will also be on the card. The advance card being at Macauley's clear since last night that there will be a record crowd on hand to see the scrap.

LEAVE FOR HOME

Mr. and Mrs. C. A. Kingsbury left for Idaho yesterday morning, being called there by the serious illness of Mrs. Kingsbury's sister, Mrs. S. K. Keyser.

FOOTBALL TEAMS PLAY HERE TODAY

Twin Falls and Rupert to Meet on Local Field Today—Neither Team Defeated to Date.

The battle at Lincoln field at 2:30 this afternoon, between the football elevens of Twin Falls and Rupert high schools, being together two teams which have not yet been defeated, so it goes without saying that there will be a desperate fight on the part of each to keep its team clean.

Although slightly weakened by the absence of Jake Irwin, the captain of the team, from the lineup, and the injury of Bob Denton in the Gooding game, Twin Falls will put up a strong team on the field and the general opinion is that they will not have much trouble in coming home with another victory. Whether or not the locals will be able to prevent the visitors from crossing the line is a matter of probability, for in spite of the fact that they have not been heard upon this season, football is a sport where the unexpected is always hovering over the field.

Adams will in all probability be sent in to take the place of Irwin and from the way that he has shown up in practice, local fans should have no worries on that score. Adams is a rough going guy who has been crowd, out of the lineup by a very narrow margin and is sure to make the most of this opportunity. Denton, it is expected, will be able to get in action for a part of the time, but in the event that his physical condition is such that he cannot stand the gaff throughout the entire encounter, Hubback and Stewart will be available to substitute for him. Twin Falls is blessed with a wealth of material which can be slipped in on a minute's notice without perceptibly weakening the makeup of the team.

Adapting the only method upon which the relative strength of two teams can be computed, the comparative scores. It appears that the local aggregation has all the heat of the argument. Twin Falls beat Buhl by a score of 14 to 0, while the best that the visitors were able to do against the army eleven was 21 to 14. The games with Gooding also indicate a large margin in favor of Twin Falls who beat them 42 to 0, the score of the Rupert-Gooding contest being 13 to 0 in favor of the former.

The probable Twin Falls lineup is as follows:

Center, right end; Bailey, right tackle; Adams, right guard; Denton, Hubback or Stewart, center; Putsler, left guard; McLean, left tackle; Taylor, left end; Newman, quarterback; Pils, right half; Hertz, left half; Phillips, full back.

Thompson of Pocatello has been selected to the referee and will have as his assistants Snodgrass, Jerome, Simpson, Jones, head line-man.

SEVERAL HASTENING ORDER. June Anderson yesterday filed a complaint in the district court asking a court order to restrain Sheriff A. N. Sprague from selling an automobile

in which she holds the major interest, but which Paul Dawson, also part owner, put up for security on a note for \$1550 which he was unable to meet. The car is scheduled to be sold today.

LONDON BANK GETS LARGEST JUTE FACTORY

LONDON, Nov. 10.—The Commercial Bank of London has acquired the world's largest jute factory situated at Dundee, and also has taken over five other jute concerns in the same town, says the Evening News today. The deal involves more than \$8,000,000 pounds sterling. The new concern intends to pay particular attention to the demand for jute goods from the United States.
