

## INTEREST IN ELECTION IN GREECE KEEN

Regarded as Having Greatest Influence in Future of Country

EXPECT RE-ELECTION OF LIBERAL PREMIER

Predict Unsettled Conditions Will Prevail No Matter Which Side is Victor

By the Associated Press.  
ATHENS, Nov. 13.—All Greece is deeply absorbed in tomorrow's election, the outcome of which is generally expected to be the return of Premier Venizelos and the liberal party to power by a large majority. The election is regarded as having the greatest influence of the country's future.

Confident of Victory.  
Although he has expressed himself as confident of victory, the premier has been conducting a most active campaign. He returned to Athens on Thursday in time to address an armistice gathering in which he was given an ovation by more than 100,000 persons.

The Venizelists carried huge wooden paper banners, emblem of the liberal party. Many persons shouted "Live the republic." For the most part the crowd was orderly. It was made up largely of workers. Both sides have charged that persons were paid to attend the meetings last Sunday.

Predict Unsettled Conditions.  
That the country will suffer an unsettled condition is forecasted for the election, no matter which side wins. If Venizelos gets the majority 270 of a total of 368 which his supporters claim, it is expected his royalists will denounce the elections as fraudulent. Should the royalists win, the Venizelists who have accused their man will not accept the royalists.

ASK FOR PASSPORTS.  
ATHENS, Nov. 12.—Demetrius Gounaris, former premier and leader of the element supporting the return of former King Constantine to the throne of Greece, who is the opponent of Premier Venizelos in the elections to be held Sunday, has requested passports to Italy. If he fails to be elected, his parliamentary immunity expires.

With the approval of M. Venizelos, was permitted to return to Greece to take part in the election. He was exiled during the war on the charge of high treason. His request for passports is regarded by the supporters of Premier Venizelos as a significant indication of the trend of the forthcoming election.

## ENGLISH GENERAL MAY COMMAND RUSS FORCES

LONDON, Nov. 13.—Gen. Wrangel has telegraphed Major General Charles Townshend, the commander of the British forces at Kut-el-Amara in 1915, asking him to take command of Wrangel's forces in Crimea. General Townshend is considering the matter.

Early in October it was reported that General Townshend was going to join General Wrangel on the Crimean front. This caused some comment at the time, but it was pointed out that General Townshend had resigned from the British army and that this offer was a personal affair.

## May Be Harding's Private Secretary

MONTCLAIR, N. J.—This charming picture of the family of Richard Washburn Child, noted writer and lawyer who may be President-elect Harding's private secretary, was made at the Child home in Montclair. The children are Anne, aged 2 1/2 years, and Baby Constance, 6 months old. Child was a correspondent with the Russian army during the war later becoming assistant to Frank Vandellip of the U. S. War Savings department.

## STEAMERS SMASH KLINE TESTIFIES IN BOARD PROBE

Lines is Battered with Hole in Side When Boat Clash; Passengers Safe

NEW YORK, Nov. 13.—As her passengers, 250 of whom were immigrants lined the rails for a glimpse of New York's skyline, the Spanish Royal mail steamer Montserrat collided today with the Mallory line freighter San Marcos. The vessels moving in from quarantine were under the lee of the statue of Liberty. The Montserrat was beached on the Brooklyn shore before she sank. The San Marcos, her bow smashed in, made her pier safely. Water poured through the gaping hole in the starboard side of the Montserrat. Seized with fear of drowning, the immigrants dashed for life rafts and boats. Captain Mulera, a skipper in the Spanish service, rang for full speed, turned the vessel sharply toward shore, jumped from the bridge into the excited crowd and restored order.

Other of the ship's officers, with Ramon Manuel, Villava Nova, Spanish consul at Vera Cruz, gave assistance to Captain Mulera by taking charge of life boat and raft stations and prevented immigrants from jumping overboard. One man however leaped overboard. He fell on the deck of a tug that had come alongside and was not seriously injured.

## SOCIALIST PARTY WILL SEND DELEGATE TO BERN

CHICAGO, Nov. 13.—The Socialist party of the United States today announced it would send a delegate to the international conference at the International Workers' order, socialist parties of England, Germany and Switzerland with a view of suggesting modifications which would permit them to join the Third (Moscow) Internationale. A Moscow representative will confer with the delegates.

The socialist party of the United States voted last year to join the Third Internationale with certain reservations.

## WILL ESTABLISH CENSORSHIP

THE HAGUE, Nov. 13.—The Dutch government proposes to allow the example of other countries and establish a national censorship of motion pictures. This control had previously been in the hands of the various municipalities. The proposed national system would admit of two classes of films—one which could be shown to all the population and others only to those above the age of 18.

## ASKS PROBE OF HAITIAN CONDITIONS

President of Country Says Treaty With America Violated

SEEKS INVESTIGATION OF CIVIL OFFICIALS

Declares Haiti Oppressed by American Minister and Financial Advisors

By the Associated Press.  
PORT-AU-PRINCE, HAITI, Nov. 13.—President Dardaen, in a statement today to correspondents, declared that if America desires the Haitians to consider the Haitian-American treaty as a basis of independence, it would be necessary to hold a congressional investigation of the civil functionaries.

Says Treaty Violated.  
"The treaty," the president said, "has been violated and not carried out because Haiti has been under the oppression of the American minister and I believe an investigation would clarify the situation."

"The minister and advisor have sent to Secretary Coby declarations alleged to have come from me, tending to infer that Haiti is not keeping her obligations."

"The burden of the president's attack was against the administration as he declared the marine administration except for occasional lack of judgment on the part of union officers was good. There were faults of organization which could not be prevented, but of late there had been a desirable improvement."

Mentions Names.  
The president mentioned no names. To express the firm belief that a congressional inquiry was necessary in order to amplify the testimony taken before the United States committee of inquiry.

The president charged: "When I protest against an agreement relative to Haitian affairs which the minister attributes to the Haitian government, the state department is not to be deceived. The minister and advisor have caused much distress to Haitians."

The American minister, A. B. Blanchard, to whom the president of Haiti had referred, declined to be seen tonight.

## RED CROSS OFFICIALS CONDEMN UNION ACTION.

NEW YORK, Nov. 13.—The Central Federated union's action last night in voting to ignore an American Red Cross appeal for support because the organization was inactive in Ireland was declared today by H. D. Burrell, director of membership campaign at Manhattan to be unjustifiable.

He branded the "ridiculous" statement made that the American Red Cross had refused to send workers into Ireland.

## FORESTRY HEADS APPROVE CAPEER RECOMMENDATIONS

ATLANTIC CITY, N. J., Nov. 13.—The Capper report made by the federal forestry service was approved at a meeting here today of the forestry heads of 11 states in the east. The report recommends an appropriation of not less than \$1,000,000 by the next session of congress for fire prevention and control and forest planting. The report will be transmitted to Washington at once and legislative representatives of the 14 states having forestry organizations will be pledged to support the action when congress assembles.

## HARDING STORM BOUND SPENDS DAY IN STUDY

POINT ISABEL, Texas, Nov. 13.—Cut off by an unseasonable storm from recreation on land or sea President-elect Harding spent today in Point Isabel studying and making preliminary preparation for the speech he delivers next Thursday at New Orleans.

The president-elect and his party were intruded by the cold weather which blew up today, blowing away off Laguna Madre, and a downpour of rain making the winding dirt road into Brownsville practically impassable. He had hoped at least to go in for golf at the Brownsville country club but automobile drivers pronounced the trip impossible.

Local weather charts thought tonight, however, that the storm would be over in a few hours and that warmer weather would follow.

## PREDICT RECOVERY OF HUNGER STRIKERS

CORR, Nov. 13.—"Not out of danger, but there is no reason why we should not pull them through," the fall doctors said today in report on the condition of the nine hunger strikers in Cork jail who yesterday broke their fast of 24 days.

Every three hours the prisoners are given liquid nourishment. This diet will be continued until Monday, when the first solid food, in the shape of boiled fish prepared with milk will be served them. With one exception they were able to read the newspapers this morning. All of them were in good spirits and very sympathetic with much enjoyment. Their first food yesterday was such as is given to infants less than six months old. Their appetites are returning rapidly.

## BANDIT'S ROB MAIL CAR ON BURLINGTON

COUNCIL BLUFFS, Ia., Nov. 13.—Robbers climbed aboard a Burlington passenger train in the yards here this morning, broke into a mail car, and made away with an undetermined number of mail sacks this evening when the train was moving from the Union Pacific transfer to the Burlington city station. Two sacks were recovered later.

The number stolen will not be known until a check is made of the mail. The robbers broke through a window from the outside, unhooked the chain which fastened the door of the inside, and thus gained entrance, mail officials say. The robbery was perpetrated while the clerks were in another car preparing for the trip east.

## BELIEVE BOAT LOST ON LAKE SUPERIOR

SALT STE. MARIE, Mich., Nov. 13.—Sault Ste. Marie overtook at 10 p.m. the steamer Francis J. Wilder, a steel freighter, with a crew of 35, is believed to have foundered in Lake Superior, northeast of Whitefish point. Captain William Mosler, of the steamer John Erickson, which arrived here tonight after battling her way through a severe storm, reported that he saw a vessel believed to be the Wilder, drifting toward Pansko, about 10 miles from the point. At the height of the storm the vessel's lights disappeared.

The council will give further consideration to Polish-Lithuanian affairs.

## PLACE CENSORSHIP ON FOREIGN CORRESPONDENTS

ATHENS, Nov. 13.—A censorship which ostensibly was removed last September has again been put into force against foreign correspondents. In this connection it is reported that the one occasion recently when the Foreign Affairs Police announced that censorship on news sent by foreign correspondents did not exist adding "no civilized country which respects itself would maintain censorship except for military matters."

## SAYS SERBIA WILL APPROVE RAPALLO PACT

Italian Minister Declares Apprehension to be Unfounded

DEFENSIVE TREATY TO BE CONCLUDED SOON

Jugo-Slav Minister Makes Promises of Early Ratification by Royal Decree

RAPALLO, Italy, Nov. 13.—"A defensive treaty between Italy and Jugoslavia will be negotiated and concluded at an early date according to reports current here."

Apprehension Unfounded.  
"The apprehension felt in some quarters that the Serbian constitutionality assembly about to be elected will not approve the Rapallo treaty is unfounded," Signor Bonomi, Italian minister said to the Associated Press today. "As M. Trumbitch (the Jugo-Slav minister) has promised that the treaty will be ratified by royal decree as was done in Italy in the case of the treaty of St. Germain."

"The Alpine frontier obtained by us is the strongest that could be desired for defensive purposes, without having any advanced outposts from which to carry out aggressive measures against our neighbors. For this reason we consented to give up Longuelieu, which dominates Liebach, as we don't believe any body in Italy is anxious to conquer Liebach." But our frontier even there is almost inaccessible.

Villages Not Necessary.  
"We give up the small villages of Castua and Spilno, because they are Slav centers and not necessary to our defense. We wished to keep Zara not for strategic purposes or because it can be fortified, but only in order to have that great beacon of Italy on the eastern Adriatic."

## QUESTION FULLY SOLVED

GENOA, Nov. 13.—Ducely Gouillet, president of the federation of seamen said today that he considered the Adriatic question fully solved and therefore he does not intend to give further support to any expedition of occupation opposed by the Jugo-Slav and Italian governments.

The deputy's statement is considered most important as he was one of the strongest supporters of Gabriel D'Annunzio. Only through him was the capture of the Italian steamship Corno and other vessels taken from Fiume made possible.

## FOR QUICK SALE

One new 1921 model Buick touring car. Will sacrifice for immediate sale. Has not left garage since being purchased. Address "Buick," Care Chronicle.

the utter failure of a three-week fast to bring his daughter "into the fold" Zeel Woolbridge, backwoods pastor, has hidden himself from his flock.

"I can't see it, papa, and I can't say I do if I don't," said Zeel Woolbridge, the daughter and a school teacher.

The Kentuckians hereabouts, all of them with a soft spot in their hearts for the "shoutin' kind" of religion, declare that "you can't bring a soul into the fold by starvin' the body. You gotta fast in spirit."

A month ago Woolbridge, evangelist and typical Kentuckian—of the revival, "shoutin' kind"—had come and scrawny—said, "I'm, almighty fast until my daughter walks in the sawdust path."

And for three weeks he didn't eat—but kept up his meetings in his little Denmark "tabernacle." Other folks from the hills at Russell came and were converted. But his daughter stayed in her little schoolhouse, three miles away.

At the beginning of the third week Woolbridge appeared in an invalid chair. At the end of that week he preached from the hill at Russell and again. "I'm, almighty fast until my daughter walks in the sawdust path."

And where has Woolbridge gone? "He's just up and left these here folks," Edgar Aaron, one of his converts told me.

"And this ain't the first time Zeel has failed when he tried to prove that fastin' for converts should be physical," Aaron said.

"He opened a meeting not far from here and said he'd fast until 12 souls were saved. But he only quit eatin' a week and only three were saved."

It is the general belief that Woolbridge has opened a revival meeting in another section of the backwoods—but Denmark folk don't know where.
