

LEADERS OF LABOR TALK WITH HOOVER

For Food Administrator
Came in Conference
With Council

DISCUSS INDUSTRIAL CONDITIONS OF U. S.

Federation Heads Formulate
Policy to Aid in Obtain-
ing Legislation With
Congress

By the Associated Press.
WASHINGTON, Nov. 16.—Herbert Hoover, former food administrator, was called into conference today by the executive council by the American Federation of Labor as it continued a fact-finding discussion of economic and industrial conditions, for the purpose of formulating a policy to be followed by the federation in legislation with congress.

Mr. Hoover was invited to the meeting, it was explained, because of his wide knowledge of economic and industrial conditions in America. It was indicated also that the council desired and had obtained from him data which eminent engineers have gathered on questions pertaining to or affecting labor.

Meet Behind Closed Doors.
Members who were in the council meeting behind closed doors were distinguished to talk of the discussions. There was evidence, however, that Mr. Hoover's speech did "set the place" for conditions now confronting labor on employers. Much data has been gathered by the federation with respect to economic conditions throughout the country. It is known also that during today's conference some members of the council, while holding employers largely responsible for present conditions, admitted that individual and even groups of workers, had not "played fair" in some instances. Mr. Hoover was understood to have told the conference that labor must do its share in the elimination of industrial faults and ills which make for unemployment.

With this view however, the former food administrator was said not to have agreed, explaining to the council that he believed other conditions affected the industrial condition more than labor leaders realized. He related to credit conditions, slackening of foreign as well as domestic demands and certain other related causes, it was understood.

Makes No Predictions.
As to the future outlook Mr. Hoover made no forecast. He did say, however, that he believed the existing economic depression was one of a temporary nature and that it constituted a part of the period of transition from war to peace conditions.

Among labor leaders there was a suggestion that the changing conditions of which Mr. Hoover spoke would necessitate changed policies on the part of organized workers and particularly the federation. They indicated that they were attempting to arrive at new conclusions and reshape their policies through the study of economic and industrial conditions confronting them as well as the employers.

GIVEN RECEPTION
NEW CASTLE, Wyo., Nov. 16.—Congressman F. W. Mondell still using crutches as the result of an accident several weeks ago, was given a reception by the home folks here today prior to his departure for Washington where he will remain for the December session of congress.

U. S. NAVAL VESSELS AID IN EVACUATION

WASHINGTON, Nov. 16.—Vice Admiral Huebner reported to the navy department that he was sending all available American naval vessels to the Black sea to evacuate Americans from the Crimean area. He also said he had ordered the USS Chattanooga to proceed to the Black sea.

Armenians-Flee From Turks

Recent dispatches from Armenia indicate that country is again being ravaged by the Turks. The top picture shows refugees fleeing from a recent Turkish massacre. An Armenian child; right, a Kurd chief-tain who helps the Turks in their devastation; below, a recent map of Armenia.

HARDING MAY VISIT IN MEXICO DURING VOYAGE

By the Associated Press.
BROWNSVILLE, Tex., Nov. 16.—An earnest invitation from Mexican officials to go into Mexico during his voyage in southern waters has been taken under advisement by President-elect Harding.

Should he accept, his visit probably will be limited to a short stop at Vera Cruz on his way from New Orleans to the Canal zone.

He will be asked to go into Mexico City, but this is understood to be considered so extensive a trip as to make it impossible because of engagements elsewhere.

The invitation was brought to Brownsville by Miss L. Torres, who said that in urging his acceptance he spoke both for the Mexican foreign officers and for General Obregon, Mexican president-elect. In an hour conference with the senator, who is pending here the last day of his own vacation, Mr. Torres made a special point that the senator or president at Obregon's inauguration in the Mexican capital on November 30.

Mr. Harding is expected by his friends as weighing a carefully considered decision before making a decision. It is declared that he is anxious to take every step to cement relations between the two republics but that on the other hand he is determined to do nothing that might be construed as an international propriety.

He has told friends that if he sees "an end" of any foreign country during his trip, he will do so solely as a private citizen and not in any sense an official representative of the United States government.

interference with the senator, who is pending here the last day of his own vacation, Mr. Torres made a special point that the senator or president at Obregon's inauguration in the Mexican capital on November 30.

MINERS ENTRAPPED IN BLAZING MINE

Sixteen Men Said to Be Held Prison-
ers by Flames in Kentucky—
No Hope for Rescue.

HAULINGTON, Ky., Nov. 16.—Fire near the opening of the Arnold mine one half mile east of here, has entrapped 16 men and with the conflagration growing in extent, little hope is held of rescuing them.

The fire, discovered late today, was started from defective wiring in a room near the opening and quickly spread. The mine is a drift mine with no shafts, making rescue possible only through the opening. The fire can be heard blazing under the ground and smoke is pouring forth in large volumes.

The men entrapped, consisting of three white men and 13 negroes, are three miles back from the entrance and it is feared that they will succumb to the smoke. Any attempt at rescue thus far has been without success.

The mine is owned by the St. Bernard Oil company of Evansville, Ind.

OPEN SESSIONS ARE SUBJECT OF DEBATE

GENEVA, Nov. 16.—How far the principle of open discussion might apply to the work of the assembly of the league of nations was a question which furnished the feature of today's sessions. It brought into view two of the chief figures among the delegates, Lord Robert Cecil, representing South Africa, contended for open meetings of the committee as well as of the full assembly. Rene Viviani, of the French delegation, stoutly defended the parliamentary tradition of private committee work with subsequent publication of the minutes. His view prevailed after a prolonged discussion.

ELECTION PUT PAPER TO SLEEP

DANVILLE, Ky., Nov. 16.—The Danville Advocate showed just how serious they take politics down here. The editor inserted this notice in the election edition: "The Advocate will be the next issue. The whole force getting returns last night and we'll go to sleep—the loss of and the news we got is enough to us to sleep."

ISSUES REQUISITION.

PEKA, Kans., Nov. 16.—Gov. Allen today issued a requisition on the governor of Nebraska for the return of Eugene Peniston to Peka on a charge of passing worthless money. He is held in Omaha.

CABLE TOLLS ARE CAUSE OF CONTROVERSY

State Department and West-
ern Union Company in
Dispute

HANDLE ONLY PREPAID MESSAGES IS CLAIM

Government Expected to Is-
sue Formal Statement
of Attitude in
Matter

By the Associated Press.

WASHINGTON, Nov. 16.—Chargé made in New York today by Newcomb Carlton, president of the Western Union Telegraph company that the state department had acted arbitrarily in dealing with bills for cable service rendered it, served to throw the triangular controversy between the company and the department into the open for the first time. It did not, however, evoke any formal reply from government officials, although there were indications that the department was preparing to issue, possibly tomorrow a formal statement of its attitude.

Make First Statement.

Mr. Carlton's statement was the first to be made by either party. It explained the refusal of his company to handle any but prepaid messages for the state department as notice that the state department shall not "arbitrarily decide" what it shall pay and when it shall pay for the use of the company's facilities.

This order was issued November 10, it was stated, at the department, and was applicable to all departments, but it is understood to have been enforced only against the state department. Officials of that department regard it as retaliation for refusal to grant the company permission to land a cable at Miami, Florida.

Under Secretary Davis and the solicitor of the department conferred today and are understood to have considered legal processes to which the department might have recourse against the company.

LAYS BLAME FOR PRODUCTS PRICE

Nebraska Man Declares Captains of
Finance and Grain Gamblers
Are Cause

COLUMBUS, O., Nov. 16.—The blame for low prices for farm products was laid on the doors of a "well organized conspiracy on the part of grain gamblers and some of the captains of finance" by O. G. Smith of Nebraska, president of the Farmers' National congress in his annual address at the annual convention of that body today. Mr. Smith expressed the hope that "Congress will endorse farmers in their refusal to sell their products at a loss."

It appeared the consensus of opinion among speakers that the American farm bureau federation was the organization best fitted to protect the farmer, seeing that he got "a proper return on his investment." Smith urged passage by congress of the French bill, requiring labelling woolen goods as to "virgin wool content," the Kenyon bill to control meat packers, urged restriction of immigration; urged dismissal of Louis F. Post, immigration commissioner and praised the American Legion for its Americanization work.

BARKER WILL MAKE NO IMPORTANT RECOMMENDATIONS

WASHINGTON, Nov. 16.—Secretary Baker announced today that no important recommendations for changes in army policies "would be made to this session of congress. This decision was dedicated particularly, he said, by a desire to allow the incoming administration to make its own recommendations and partly because the army reorganization bill passed at the last session of congress had not been entirely placed in effect.

MACHINERY IS LEFT TO RUST SAYS WITNESS

Resident Engineer Testifies
Before Investigators of
Board

DECLARES NO CARE TAKEN OF EQUIPMENT

Hearing of Affairs of Ship
Building Corporation
Continues in New
York

NEW YORK, Nov. 16.—Machinery and shipbuilding equipment valued at millions of dollars was left out in the open and deteriorated in value under the plants, it was stated today by the ending of the war. Paul H. MacNeil, a former resident engineer of the shipyard in the south Atlantic district, testified today before the Walsh committee, investigating shipbuilding board affairs.

"Assumed Great Deal."
MacNeil said he was stationed at Savannah and had five men under his supervision. His immediate chief being H. H. Dillingham at Jacksonville, the district plant engineer. Just what his own authority was he did not know, he testified, but he said he "assumed a great deal" in the endeavor to straighten out things.

He said the yards were well organized, better perhaps than the emergency fleet forces, for they generally could get the better of the government's "mismanagement." He brought out the fact that the name of the Terry shipyard and the National shipbuilding company, and a marine railway organization, over which he had supervision. He said that the Terry people were a true hearted set. First corporation to be used in ship construction, and that over his protests money in this fund was used to finance a subsidiary organization engaged in dry dock work, when their contracts were only about one-third complete. Through his efforts \$116,000 of this fund was held up, but he said that he ascertained that part of the money was again diverted.

Speaking of the National Shipbuilding company the witness said that work there had shut down previous to his arrival on the scene.

"I found nothing had been done to take care of the property and valuable machinery was laid unguarded to the weather," he said. On his own responsibility he took steps to save as much of it as was possible. He involved the properties as to quantity and value of the property and value. His "guess" at its value was between \$1,500,000 and \$2,000,000. He also asserted that in the auditing of the affairs of the plant 101 vouchers could not be accounted for.

BRUTAL TREATMENT CAUSES MAN'S DEATH

PHOENIX, Ariz., Nov. 15.—That "brutal and inhuman treatment" at the hands of Victor Check, son, and Boile Check, daughter in law, caused the death of Thomas J. Check of Topoka, Kan., here Saturday was the verdict of a coroner's jury here today. Witnesses testified that Check had been beaten frequently for years and that he begged neighbors to interfere for him.

WORKERS STORM PLANT

UARIS, Nov. 16.—Dismissed workmen of the Bleriot works attempted to storm the plant today with the purpose of occupying the plant for the benefit of the employees. They were repulsed by the police.

WRANGLER ARRIVES IN CONSTANTINOPLE

LONDON, Nov. 16.—General Baron Wrangel has arrived in Constantinople on the Russian cruiser Kornei, says a dispatch to the Exchange Telegraph from Constantinople.

UKRAINIAN FORCES RETREAT

TARNOPOL, Galicia, Nov. 16.—The Soviet troops have occupied Kamienetz, Rodkies, and the Ukrainian forces are retreating but "Soviet" masses of refugees are seeking safety in Poland.

CITY COUNCIL NAMED IN SUIT

John A. Bevercombe Begins Fight for
Permit to Construct Oil Station
—Falls West of Mandanville.

John A. Bevercombe was yesterday issued a writ of mandamus directed to the mayor and city council of Twin Falls commanding them to grant immediately his application for a building permit to construct a building on his property at the junction of Blue Lake, Shoshone street and Eleventh avenue.

This is the first step in the impending war between Bevercombe and the city authorities. At the council meeting of November 8, F. A. Webb appeared on behalf of the Continental Oil company with a request for permit to construct an oil filling station on this property. After hearing the arguments of both parties, A. L. Swim and John E. White opposing the proposition, council refused to grant the petition on the grounds that to do so would be detrimental to residential property values in the section, but principally because it would further endanger the lives of the children attending the Washington school.

A few days later Mr. Bevercombe appeared at the city hall and presented his request for a permit to the city clerk, who neither refused nor acquiesced, but took the matter under advisement. He presented it to the council at the last meeting.

ROGERSON NEWS NOTES

ROGERSON, Nov. 16.—Mrs. E. B. McCorkle, who has been ill at her home here for some time, left last Thursday for Twin Falls where she will be under the doctors care.

Myron Swanson of Cedar Creek was in Rogerson Saturday.

DATES SET FOR TRIAL OF CASES

District Court Hear Pleas in Opening
Session of Fall Term—Widdeman Pleads Not Guilty.

The great majority of the time to the district court yesterday morning and afternoon was consumed in arranging prisoners charged with criminal offenses and setting the dates for their trials.

There was, however, a preliminary hearing in the case of Jane Anderson against Paul Dawson, James S. Byers and A. N. Sprague, sheriff of Twin Falls county. Judge Babcock took instant request that a permanent order be issued restraining the defendants from selling an automobile in which she claims some interest under advisement. A letter purporting to be from Dawson to friends in Idaho Falls asking them to "fix matters up" was presented as evidence by the defendants.

Peter Widdeman, charged with the murder of Irving Kolsky, his son-in-law, enter a plea of not guilty. His trial was set for November 29, at 10 o'clock a. m.

Jose Juarez, charged with burglary in the second degree, and F. Gonzales, charged with grand larceny, also entered pleas of not guilty, their trials being set for November 29 and 30 respectively.

The date for the new trial of H. F. Ransmeyer, who was previously tried on a charge of murder, was placed at December 1, at 9:30 a. m.

Oliver Jones, the complaint against whom alleges illegal possession of intoxicating liquor, filed a plea of not guilty, but the date for his trial was not named. McKinley Tipton changed his plea of not guilty to the charge of grand larceny, to guilty and will be sentenced tomorrow morning, as will Henry Mulder who pled guilty to the same charge. Richard Marcus also pled guilty to the same offense and judgment will be pronounced in his case November 30.

This is one of the most peculiar cases on the entire calendar. It is said that Munner and Marcus entered a local church while a special meeting of some kind was in progress, where the former entertained the gathering with his splendid voice, while his accomplice made away with the rug from the pastor's study.

H. W. Sawyer filed a demurrer and motion to strike portions of the information charging him with practicing medicine without a license. The court took the request under advisement and will announce its decision tomorrow.

ment and will announce its decision tomorrow. J. W. Waiat, charged with forgery, entered a plea of not guilty and will be brought before the court for trial November 30.

PERSONAL MENTION

Miss Susan Sprague, sister of Mr. George Sprague, is due here this afternoon from her home in Boise. Miss Sprague expects to remain here some time.

Mrs. D. Sidney Smith of Shoshone motored to Twin Falls yesterday afternoon for a brief visit with friends.

THE MODERN BUSINESS MAN.

There are two obvious things that characterize the present-day American business man, as compared with his predecessors. He uses a flat-top desk and he takes a good deal of time off for lunch.

Ask one of these business men about his desk and he will tell you that it is simply a matter of efficiency. The old-fashioned roll-top desk affected by the last generation was notorious for its clutter and confusion. Important letters and papers were filed away in pigeon-holes and neglected, often forgotten. It was frequently necessary to make a special clearance, when the desk was opened in the morning to get elbow room for work. The modern desk seems to clear itself.

The modern business man need not feel so superior about it. If he were strictly candid he would admit that he himself deserves no special credit—that it is mainly the stenographer typewriter and other modern office equipment that make this clean desk possible. Of the result, though, there is no question.

Then there is the lunch-hour. Where a business man formerly took 20 or 30 minutes off for lunch, he now takes an hour off, and possibly two hours. Instead of eating around the corner or at his desk he probably goes to a hotel or some good restaurant. He often transacts important business at this meal or at least lays the groundwork for a good business deal. Quite often he attends a luncheon of some business, social or civic association at which there are speeches. Thus he utilizes the lunch hour to get into better touch with general business affairs and public affairs. He is a bigger, broader citizen for it.

Much of the activity thus crammed into the middle of the business day used to be left for the evening. Now, in most cities, it is mighty hard to get a business man down town at night. His day has satisfied him.

Foreigners, observing all this, are inclined to smile. They have always heard how hard the American business man works, and they find him, they insist, taking things easy. His business burdens, indeed, do sit more lightly on him. But he gets just as much business done as ever—more, in fact, because he avoids clutter, leaves trivial matters to his subordinates, handles only the important things and keeps in friendly, stimulating touch with other minds.

POLISH AND PRICES.

The farmers came into an Ohio city from the surrounding farms with wagonloads of sound, home-grown apples which they offered at low prices by the bushel or half-bushel. The grocers took a little flier in the home grown fruits and offered them at a reasonable figure in quantity. But the public, which for four years has been howling at the high cost of everything, refused to be interested in the native apples and went on buying shipped apples by the pound at fancy prices. Why? Because people had no place to store apples in quantity? Not at all. They liked the looks of the imported fruit. It had been polished. And wrapped.

Such instances are fairly good evidence that neither shortages nor profiteers are altogether to blame for high prices, and that the remedy lies less in legislation than in an awakening to old-fashioned common sense.

COOLING TOWARD ENGLAND.

The London Nation says: "Europe has disgraced herself in the eyes of America. Sympathy with the allies has evaporated and given place to hostility and suspicion. Never were the relations with England worse since the crisis with Venezuela. The infamy of our Irish policy, the grabbing of mandates, over-representation of the British empire in the league of nations and our world struggle for oil are

some of the ingredients in this brew of enmity." This statement may have been exaggerated a little for political reasons—the nation does not like the Lloyd George government. Still, it contains enough bitter truth to give Britons and other Europeans something to think about, and suggests the chief lines of justification for America's present coolness to her late allies.

In some respects the conduct of European governments since the armistice has really been disgraceful, as even their friends must admit. Instead of a dignified effort to liquidate the war along lines of strict justice, there has been too much unseemly grabbing on the part of all the major allies. This has appeared particularly obnoxious in the case of Great Britain, because her possessions were already so great, and because she had made such fine professions of disinterestedness and generosity. The Irish policy of the present British government has been the chief cause of the revival of American distrust and enmity.

All this is very unfortunate in the present critical state of international affairs. For their own welfare and the welfare of the world, Britain and America ought to stand together in essential matters. They cannot stand together unless Britain will return to her own best self, and practice the precepts of democracy and fair dealing that she lately preached so eloquently. There are many evidences that the English people are at heart agreed with the American people in these essential matters, but their government seems out of tune.

THE ARMY BONUS

Two recent developments regarding the military bonus are contradictory. One is the big majority vote given by the people of New York state for a bond issue of \$45,000,000 to provide payments to soldiers and sailors, such payments not to exceed \$250 in any instance. It is estimated that this means a tax of \$21 on every family in the state. The other development referred to is the semi-official announcement made by leaders at Washington that no bonus legislation need be expected from the next congress.

A popular vote approves the bonus plan. The emphasis of that vote seems to suggest that the people in other states would probably take similar action if they had the opportunity. Yet it is considered unlikely that Congress will approve national legislation along the same line.

These two positions, however, are not necessarily inconsistent. Most people might be expected to vote for a bonus for the war veterans out of sheer good will, without giving much consideration to the question of where the money was coming from. Those who would think of that might conclude that most of it would come out of a minority of heavy taxpayers—and therein they would be about right. Not every family in New York will pay that \$21 by any means. The average congressman is doubtless just as liberal, and as grateful to the soldiers and sailors, as the average voter, but he has to consider more carefully who is paying the money and what effect it will have on the public treasury and the public credit. Any legislative body is likely, in such a matter, to proceed with more caution than any electorate.

OUTER LINE OF DEFENSE.

Holland has been obliged to establish a cordon of guards along the German frontier, to bar the influx of red emissaries from Russia. Germany, it appears has a sort of "underground railroad" to smuggle them across.

The United States is more favorably situated than Holland. Between America and bolshevism lies the broad sea. Hitherto the watch has not been thoroughly effective, because there have been watchmen only on this side of the water. The department of state has now set up an outer line of defense. Consuls at European ports have been instructed to refuse passports to any prospective immigrants about whose purpose there is any doubt.

The measure is especially commendable in view of the pretentious efforts now being made by the soviet government to flood other lands with its "missionaries." The same policy might well be applied to immigration in general. Most of the weeding out could be done as easily at the ports of embarkation as at the ports of entry and most of the undesirables could thus be stopped before they start.

OUTBURSTS OF EVERETT TRUE

Don't Blame Your Eyes

Look to the Proper Illumination of Your Home

When you have to frequently stop reading at night and rest your eyes, it may not indicate the need of glasses. Very likely it is the kind of illumination under which you force your eyes to work.

Correct Illumination is the
Quality of Light—
Not the Quantity

The most perfect light is the shady side of a tree on a sunny afternoon. You can come close to that in your home by using the right number and kind of electric lamp globes.

What is right depends on the size of the room, the purpose for which you use it, the color of the walls, the height of the ceiling and the voltage of the current which supplies your house. Every socket should be filled, NOW, with a lamp that will give the right kind of illumination.

Come to us—tell us about your rooms, the color of the walls, and so forth—our lighting experts will prescribe the lamps which will provide you with the best, most economical, most restful illumination. See us today—prepare for long winter evenings.

CLAIM STATE CHAMPIONSHIP

Idaho Falls Football Association Lays Claim to State Honors to Play Salt Lake City

James S. Myers, a prominent attorney of Idaho Falls, declares that the football team at the high school of that city is the best that has ever represented them and that they are already claiming the championship of the state. A game with Salt Lake has been arranged for, according to Mr. Myers, to decide the championship of the two states.

Idaho Falls has rolled up amazing scores against all their opponents this season and as yet have been forced to play their first string men in only one encounter, that with St. Anthony's which they won by a score of 14 to 0, the lowest they have conceded this year. They walloped the last year's champions from Blackfoot, 59 to 6. This is the first time in 12 years that Idaho Falls has defeated the Blackfoot eleven, and needless to say the pride of the victors knows no bounds.

Mr. Myers declares that the eleven is extraordinarily heavy for a high school aggregation, averaging about 160 pounds a better, but this in spite of this weight, are equally as fast. Ted Bucklin and Smith are the stars of the outfit, the former in particular, being a speedy back who tips the scales close to the 185 pound mark.

Claims to the championship, however, appear to be a little ahead since they have defeated neither the local eleven, nor the creek team representing the Caldwell institution. The enthusiasts of this city have got to be shown conclusively that Idaho

Twin Falls Bank & Trust Co

Twin Falls, Idaho.

"Member Federal Reserve System"

Falls can beat Twin Falls before they are going to concede the championship. Efforts, if not already under way, should be started at once to secure a post season game here. This would settle the title between the two cities, and would definitely and leave no room for argument. Twin is picked as the scene of the contest for the reason of better facilities to accommodate the crowds that might be expected to attend a battle of this kind, and because of the great enthusiasm which generally prevails here. The game would at least clear expenses, and with good weather would no doubt net the athletic funds of both in situations a handsome profit.

Society

The Twentieth Century club met yesterday afternoon in the Baptist parsonage for their regular meeting with Mrs. Edwards of the Red Cross headquarters as chairman of the day. Addition T. Smith addressed the meeting at some length on the work of the Red Cross with the soldiers in the past war and what it is doing for the soldiers now. Miss McGrail, county Red Cross nurse, gave a report on the work done in the county. Mrs. Durion E. Morse gave a brief history of the Red Cross and its work. The meeting was held at the fourth Red Cross roll call which is now taking place.

The Wednesday Bridge club will meet at the home of Mrs. L. F. Morse this afternoon for their weekly meeting.

The Young Peoples class of the Methodist church entertained their friends last evening at the home of Mrs. Maunth. The evening was devoted to games. The hostess served refreshments at the close of the evening.

Miss Lillian Lind entertained at the home of her parents Saturday evening with a taffy pull. The evening was spent with the making of the candy and games. Those present were the Misses Geneth Young, Val, and Joel, Edna Perrott and Helen Trousdale; Messrs John Noh, Lowell Mickelwhite, Arthur Peavy, Dueto Swinn, Craven Scott and Ralfof Victory.

The young people of the Methodist church entertained Friday evening at the home of Mr. and Mrs. C. E. Lind with the Misses Lind hostesses with a rock party. At the close of the games the hostesses assisted by their mother served refreshments.

The marriage of L. E. Washburn of Duhl and Mary E. Dolleville of McMinville, Oregon, was solemnized

yesterday afternoon at 5 o'clock at the Methodist parsonage. Rev. E. L. White officiated. The couple were attended by Mr. and Mrs. John L. Ault. Following a brief honeymoon here the newly weds will make their home in Duhl where Mr. Washburn is justice of the peace.

URGES MODIFICATION OF WEIGHT REQUIREMENTS

ST. LOUIS, Nov. 15.—Modification of the carload weight requirements of the interstate commerce committee affecting grain and grain products when the present regions go out of force next January was urged by representatives of grain interests from throughout the United States at a hearing held here today by W. V. Hardee, director of traffic for the commission.

Railroad trafficmen and members of various state public service commissions also attended the hearing. A minimum carload weight of 18,000 pounds for grain products was established by the commission in August after grain men complained the 20,000 pound minimum was working a hardship on the industry.

Shippers asked for restoration of the 40,000 pound minimum in effect prior to October last year when transportation conditions caused the requirement to be raised. Shippers said the regulations affecting grain shipments that would be required to furnish cars that would exactly meet their needs.

Representatives of the railroads argued for continuance of the present regulation.

Mr. Hardee said the result of the hearing would be laid before the commission at once.

REDUPEN FIGHT TO SECURE PEACE WITH RUSSIA

LONDON, Nov. 15.—The "council of action of the laborers" had declared to reopen its fight against the government to secure peace and a return of trade with Russia, according to the Daily Herald, labor organ. The paper today prints the text of a manifesto of the "council of action" which contends that peace with Russia is in the paramount importance in relation to the unemployment problem in Great Britain.

"Break down the barriers which now obstruct the free exchange of commodities between Russia and Britain and the inevitable result will be that British manufactured goods would be created with the inflow of the necessary raw materials in exchange." The manifesto says, "Peace with Russia will increase employment and bring down prices."

"We cannot allow political imperialism or the interest of international financiers to stand in our way. Workers should not strive to promote inflated prices or perpetuate artificial bank rates."

The manifesto concludes by urging local councils to set to work and organize meetings and distribute leaflets calling for action.

VENIZELIST CABINET SAY THEY WILL RESIGN

ATHENS, Nov. 15.—In the announcement by the cabinet that it will resign if it is beaten in the election is considered here as a significant indication of the results of the battling. The Venizelists organs are gloomy; their editors tacitly admitting that the premier will not have a majority even if he is not defeated.

It is rumored that if Venizelos is defeated the British will prevent the landing of former King Constantine, declaring that his return to power is impossible.

The opposition's surprising vote is attributed in some quarters to over-confidence on the part of the Venizelists during the premier's absence from Greece during part of the campaign and his interest in foreign affairs, as well as to the silent organization of the Communists. It was only today that many members of the opposition made their appearance wearing the olive branch, their emblem.

Premier Venizelos, amid the turmoil spent Sunday night sleeping peacefully.

IMMIGRATION OFFICIALS WILL STUDY CONDITIONS

WASHINGTON, Nov. 16.—Anthony Caminetti, commissioner general of immigration, left Washington tonight for Europe to initiate a study of existing conditions affecting immigration to the United States. He will be accompanied by Surgeon J. W. Kerr of the United States public health service, who will make a study of health conditions at the principal immigration centers abroad. They will sail from New York tomorrow on the Adriatic.

Mr. Caminetti expects to conclude his trip in four or five weeks as it is his purpose to confer with the house immigration committee before he finally drafts the proposed immigration bill for the consideration of congress at its session beginning on December 6. He will visit the principal immigration centers, particularly in Germany, Italy and the Baltic, and will lay before the committee such conditions as he finds together with his recommendations. Mr. Caminetti said Secretary Wilson of the department of labor, who detailed him to go to Europe, was "anxious that there should be a cessation of the hardships resulting, as he states

from individuals in Europe, or elsewhere, breaking up their homes, selling their belongings, and expending the proceeds for transportation to this country only to find on their arrival at our ports that they are not admissible under our laws and must return to their former abode."

JAPANESE SILK FACTORIES TO CLOSE THREE MONTHS

LOS ANGELES, Cal., Nov. 15.—All silk factories in Japan will be closed for three months, beginning December 20, according to a cablegram received today from foreign minister Okuma in Tokio, by U. Oyama, consul in Los Angeles. Fall in silk prices was given as the reason. Approximately 350,000 girls will be thrown out of employment, it was stated.

SCHOOL CHILDREN FIND MISSING MAIL SACK

COUNCIL BLUFFS, Nov. 16.—Late yesterday afternoon pupils dismissed from the eighth avenue school which is located but a short distance from the scene of the robbery of the Burlington fast mail train Saturday night, found an empty registered

mail sack in front of the school building. Postoffice officials were notified and it was found that the sack had been sent from San Francisco to Washington. There is no way of telling what the bag had contained.

Early this morning rosters officials investigating the robbery say that they are without any substantial information as to the robbers. The "confession" made by Earl Phillips, the mail thief at the transfer, is doubted in the entirety, according to H. Glenn, postal inspector for Council Bluffs.

Phillips was arrested Sunday evening and after a grilling of several hours is said to have broken down and confessed to "being duped by two experienced criminals who performed the robbery while he stood watch and was later abandoned to his fate."

Inspector Glenn says that if Phillips does know the details of the robbery he has not revealed the information to the officers. "As far as I am concerned," said Mr. Glenn, "I am positive Phillips has given us a number of fictitious names and put us on the wrong trail. At the present time we are without anything definite to work on."

How Long Distance Service Is Constantly Guarded

As carefully as the sentinel guards the camp of his comrades in time of war, we guard your telephone talks over the long-distance telephone lines.

Your telephone is sheltered in home or office, but the wires connecting it with telephones in other cities and towns cross bleak mountain ranges and storm-swept prairies, subject constantly to the ravages of the elements.

Day and night the wire chiefs watch the circuits, testing them, keeping them clear and preparing in cases of emergency to rush repairmen to the scene of trouble.

Every morning at 6 o'clock, before the day's business begins, tests are made with delicate apparatus, and with it the place can be determined within at least 100 feet where a loose wire, a broken cross-arm or even a broken tree branch hanging in the wires, may be causing trouble.

Every month repairmen go over all the circuits. Cross-arms damaged by lightning are repaired, poles or wires loosened by the wind are strengthened, broken insulators are replaced and all other needed repairs are made. Even overhanging trees are trimmed up properly.

To insure the public against sudden breaking of poles, carrying down with them perhaps a score of wires, at regular intervals pole-to-pole inspections are made. Every pole is tested, decayed wood scraped away and a record of the condition of each pole placed on file so that replacements may be made as needed.

Carefully, constantly and unceasingly the long-distance lines are guarded to provide immediate service.

Market News

Live Stock

CHICAGO, Nov. 16.—Cattle 27,000; market demoralized; most native and western steers and butcher stock around \$11 lower than close in the west. Bulk native steers \$9.12 to \$12.75; western steers \$8.50 to \$9.50; butcher cows mostly \$4.75 to \$5.50; light heavy calves about \$8.50; light western steers \$10.00; stockers and feeders unevenly lower.

Sheep 40,000; mostly 25 and 35 cents lower than yesterday's average; fairly active; closing firm and steady to 10 cents higher than early; top \$12.50; bulk natives \$11.25 to \$12.25; 25 cents lower; bulk desirable 100 to 120 pound pigs \$12.00 to \$12.75.

Sheep 21,000; fat lambs generally 25 cents lower; top fed westerns \$12.25 to city butchers; packers top \$12.25; bulk natives \$11.25 to \$12.25; 25 cents lower; top ewes \$5.50; bulk native ewes \$5.00 to \$5.25; feeders steady; top feeder lambs \$12.75.

Grain

CHICAGO, Nov. 16.—European buying, and prospective, did a good deal to lift values in the wheat market. The finish although unsettled was 1-4 to 4 cents net higher with December \$1.87-1/2 to 1.87-3/4 and March \$1.77-1/2 to \$1.77-3/4.

Corn closed quiet but net lower to 3-8 cent advance, rate up to quarter to 1-3-8 and provisions varying from 30 cent decline to a gain of 35 cents.

Sales of wheat to Belgium estimated at 1,000,000 bushels, presumably all Canadian grown, and there was much talk of an effort to arrange credits in this country to help exports to Germany. Bullish statement was also given emphasis by the smallness of the stock of wheat here and at other western centers and by the persistent meagerness of rural offerings. In the last part of the day however, the market underwent a moderate reaction as a result of profit-taking by traders who apparently deemed that the advance had been enough for the time being.

Corn and oats tended to reflect the wheat advance, but met with an offset in the shape of heavy speculative selling of corn for December delivery.

For the most part provisions were weak with hogs. November lard though, was an exception.

OMAHA, Nov. 16.—Hogs, 5,000; 15¢ to 20¢ lower; bulk \$12.15 to \$12.75.

Cattle 25,700; beef steers and stock \$5.75 to 75¢ lower; bulls and veals \$5.00 to 50¢ lower; stockers and feeders \$5.00 to 75¢ lower.

Sheep, 16,000; lambs and yearlings 25¢ lower; top fed lambs \$11; sheep and feeders steady; best western \$7.15; best ewes \$6.25; top feeding lambs \$11.75.

Produce

BUTTER AND EGGS.
CHICAGO, Nov. 16.—Butter, unsettled; creamery 40 to 62¢. Eggs highest; receipts 2,102 cases; first \$9.70; ordinary firsts \$8.65 to \$9.00; at mark, cases included \$7.60 to \$8.40; standard \$10.75; cutters picked \$11.75; 12-1-2-3-4; refrigerator or firsts \$5.45 cents.

Poultry alive, unsettled; fowls 17¢ to 24-1-2¢; springs 25¢; turkeys 35¢.

FLUOR.
MINNEAPOLIS, Nov. 16.—Flour 20 to 25¢ higher; in carload lots family patents quoted at \$4.95 to \$5.75 a barrel; higher popped cotton seeds.

POTATOES.
CHICAGO, Nov. 16.—Potatoes 11¢ case market weak; Northern sacked and bulk \$2.10.

Finance

LIBERTY BONDS.
NEW YORK, Nov. 16.—Liberty bonds closed: 3-1/2, \$95.10; first 4-1/4, \$97.50; second 4-1/4, \$97.40; third 4-1/4, \$97.40; fourth 4-1/4, \$97.40; Victory 3-1/4, \$95.70; Victory 4-1/4, \$95.80.

TO PLAY WITH BROOKLYN.
MODESTO, Cal., Nov. 15.—Walter Kakeley of Modesto today signed a contract to play with the Brooklyn club of the National League in 1921. He is an infidel and now a student at St. Mary's college, Oakland.

HUSBY MUST MAKE \$50.
LAWRENCE, Kans., Nov. 16.—If you're looking for an educated wife and your monthly pay is less than \$50—don't look at Kansas University women. Co-eds here have decided husbands-to-be must have this a month or more.

pullman. The train had gone about a quarter of a mile from the depot when Chester plunged headlong through a window. He was unhurt and jumped to his feet immediately on striking the ground. He made his escape in the darkness. The stationer fired five shots at the fleeing man, but failed to stop him. One bullet is said to have knocked his hat from his head. Sheriff Talbot of Chester County is a friend and he and his deputies and a number of citizens formed a posse which followed in the chase. Chester was without a coat when he jumped from the car.

ENGLISH UNIVERSITIES TO DEVELOP WAR GASES

LONDON, Nov. 15.—Much adverse comment has been caused by the announcement at a scientific meeting yesterday that the war office had requested the universities to undertake research into the development to the utmost extent of chemical warfare for both offensive and defensive purposes. The subject was introduced in the house of commons today asking in effect how the government reconciled this order with article 171 of the treaty of Versailles under which the use of poisoning of other gases and all analogous liquids, whether by land or sea, is prohibited and whether the investigations would be governed by similar declarations by the council of the league of nations.

Premier Lloyd George replying said that the whole subject of chemical warfare had been under consideration by the government for the past

ALIAS SUMMONS.

In the District Court of the Fourth Judicial District of the State of Idaho, In and for Twin Falls county: May Thompson, plaintiff vs. John Charles Thompson, defendant.

The State of Idaho sends greetings to John Charles Thompson, the above named defendant.

You are hereby notified that a complaint has been filed against you in the district court of the fourth judicial district of the state of Idaho, in and for Twin Falls county by the above named plaintiff, and you are hereby directed to appear and answer said complaint within twenty days of the service of this summons if served within said judicial district, and within forty days if served elsewhere; and you are further notified that unless you so appear and answer said complaint within the time herein specified, the plaintiff will take judgment against you as prayed, in said complaint.

This is the purpose of the suit for dissolving matrimony for desertion.

Witness my hand and the seal of the said district court, this 1st day of November, 1920.

C. C. SIGGINS, Clerk of the District Court. By C. L. BOWEN, Deputy. J. P. Kosharek, Attorney for Plaintiff, Twin Falls, Idaho. Ex-Nov-9-12-19 34-Dec-1-18

JAP POPULATION FIGURES GIVEN

Census Bureau Announcement Shows
Influx of Orientals Has Increased
At Lower Rate

WASHINGTON, Nov. 16.—The Japanese population of the United States, according to the latest figures from the census bureau, has increased at a lower rate since 1910 than it did between 1900 and 1910, figures announced today by the census bureau showed. In 1910, however, there was a decided increase and nearly half the total population of the islands in made up of Japanese.

The number of Japanese women in the three Pacific census states and in Hawaii showed a heavy gain over 1910 population both in total and in relation to the number of male inmates.

California, with a total population of 2,116,851, showed a Japanese population of 76,126, an increase of 28,440 or 62.7 per cent since 1910, compared with a Japanese total in 1910 of 41,756 which was an increase over 1900 of 31,205 or 30.5 per cent. The Japanese population in 1910 constituted 1.7 per cent of the total population compared with two per cent this year.

In Hawaii the total population of all races is 255,912, of which 109,269 are Japanese. The Japanese in Japan since 1910 is 29,526 or 37.1 per cent. Compared with 18,564 or 30.4 per cent during the preceding decade. Japanese number 17,114 in Washington out of a total population of 656,621, a gain of 1,415 during the decade, or 22.4 per cent. Between

1900 and 1910 the Japanese population in Washington increased 7,312 or 130.2 per cent.

Japanese in Oregon when this year census was taken showed 4022 of a total population of 783,283. This was an increase of 604, or 17.7 per cent, half the rate of increase for the 1900, 1910 decade.

The census bureau's figures disclosed that on the Pacific coast, where females constituted not more than six per cent of the Japanese population in any state 20 years ago, women now make up 36.3 per cent of the Japanese in California, 34.7 per cent in Washington and 32.3 per cent in Oregon. In Hawaii, the ratio of Japanese women to men is nearly double that of 1900 and now is 42.7 per cent females.

COMMUNITY SONG FEST IS GREAT SUCCESS

The song fest held last night in the auditorium of the high school was an unqualified success. A much larger crowd than was anticipated by the most optimistic tanned out to join in the proceedings, the hall, once being packed and the ground floor of the room well filled.

Protestor Cal. Ote, who directed the singing, expressed himself as much pleased with the results of the endeavor and is planning to make the occasion a regular one. Every body joined in the singing of many new songs and ballads of the old days with a hearty good will and appeared to enjoy the process highly.

This is the first effort of the kind since the days of the war when the practice was regarded as an valuable aid in sustaining the public morale and attained such great success. A short program by the high school Glee club was well received and heartily applauded.

BUSINESS MEN FORM ATHLETIC ASSOCIATION

The business men of the city last night completed the organization of the Twin Falls Business Men's Athletic Association at a meeting held at the rooms of the chamber of commerce. The basis upon which the organization is formed is that of consistent and systematic exercise club, entitled to build up their physical strength and keep them in trim for the battle of the world of finance.

Donald L. Tobey, connected with the local high school, is physical director, and classes will be held regularly in the gymnasium of that institution. The first session will be on Thursday night, promptly at 8 p. m., and all members are urged to be present. The next meeting has been set for Tuesday, November 23.

The following officers were elected: W. L. Johnson, president; Dr. M. F. Passer, vice president; J. H. Mee, secretary-treasurer; L. M. Campbell, Oscar Newman and Dr. W. F. Passer were appointed as the committee on finance.

HOLD SPECIAL REVIVAL SERVICES AT HAZELTON

The special revival effort at Hazelton under the direction of E. W. Halliwell, is being continued each night, with the exception of Saturday night. Mr. Halliwell speaks every night, presenting vital themes; and his messages are earnest and practical. He asks for the continued support of every professed Christian in or near Hazelton, irrespective of any denomination.

Mr. Halliwell characterizes the revival as a social effort to win souls for Christ, and declares that such an effort "calls for the best that every individual has to offer and will fall in proportion as you fall in your attendance and interest." The meetings will continue for two weeks, and arrangements have been completed to furnish good vocal music at their will.

SETTLE ALL BASEBALL DISPUTES IN CHICAGO

CHICAGO, Nov. 16.—All disputes in professional baseball will be settled in Chicago, Federal Judge K. M. Ladd said today in reply to queries as to how he planned to settle his position on the bench and still find time to perform his duties as baseball commissioner, the position to which he recently was appointed by unanimous action of the two major leagues.

"When baseball matters come up, the participants will come to me here in Chicago and plead their case," said the judge. "I have nothing to do on Saturdays and Sundays and Federal court is always closed during much of the baseball season. I'll handle the two jobs without any trouble. I have a record for the past 16 years as sufficient assurance that I can handle anything that comes before me. The persons criticizing me on the grounds that I can't handle two jobs are not afraid I won't be able to do my work. They are afraid that I will."

CAMPAIGN FUND FIGHTERS TO WIND UP WORK

WASHINGTON, Nov. 16.—The senate committee investigating campaign expenditures will meet before congress reconvenes to wind up its work. Chairman Kenyon said today. Senator Kenyon added he did not expect to hold any more hearings and planned to have a report ready for presentation to the senate soon after congress meets.

SECRETARIES TO MEET IN CALDWELL

Annual Session of Commercial Club Secretaries Will Be Held Beginning November 23.

With the avowed object of securing a closer co-operation among the commercial departments of the state, the Commercial Secretaries Association of the state of Idaho will go into its annual session at Caldwell on November 23. Many questions deemed to be of interest to civic organizations, farmers and business men in general will come for consideration during the convention which will last until Wednesday afternoon, November 24.

Among the subjects which will be touched upon and treated at length by the many distinguished speakers are: tourist's parks, public utilities, transportation, highway development, reclamation and advertising and publicity. John Sneed, president of the Caldwell chapter of Commerce, will deliver the address of welcome and the convention will be brought to a formal close Wednesday afternoon with a big "get-together" luncheon.

Among the more important speakers are Governor J. W. Davis, who will deliver an address on "Reclamation in Idaho," Harry Dibble, of the federal reclamation service, and Mr. Joe Frank Reed, of the Idaho Reclamation Association, will also present papers on the same question, which means so much to the future and development of the state.

Senator E. L. Pfeiffer, public utilities commissioner, will appear before the convention with a treatise on "Public Utilities and Their Relations to Patrons." Another talk which is on a subject closely allied to this is that to be given by Leonard Way, rate expert of the public utilities on transportation in general. Mr. Way made the report recently which found that the freight rates to the intermountain region were not unfair when compared with the schedule on through freight.

INVITE DE VALERIA TO TESTIFY AT HEARING

WASHINGTON, Nov. 16.—On the eve of the opening of two of the hearings here on conditions in Ireland before a commission appointed by the committee on Ireland, to conduct the inquiry, announcement was made tonight that both the British embassy and Eamon De Valera, president of the "Irish republic" had been invited to be formally represented at the sessions as counsel or authorized spokesmen. No reply had been received by the commission tonight to these invitations.

The commission was informed today that passports had been granted to several of the witnesses it has invited to come to Ireland to testify. In this connection, it was said, that informal assurances have come from the British government that it will not seek to interfere with the proceedings by preventing attendance of Irish witnesses, although members of the commission also understood that they could expect no assistance in their task from the British.

TOKIO JOURNALISTS PASS RESOLUTIONS

TOKIO.—Over 30 Japanese journalists of the Tokyo press who have formerly resided in the United States met in Tokyo and passed a resolution concerning the Japanese question in California.

After pointing out that the signers discriminatory treatment given to Japanese subjects residing in a small section of the United States and who must appeal to the fair judgment and the profound sense of justice possessed by the whole American people are familiar with the conditions obtaining in the United States, the resolution says: "We absolutely deplore those extreme speeches and writings about the California problem on either side of the Pacific. The main point of the question pending between Japan and the United States is not that nothing but the people throughout the United States concerning discriminatory treatment of Japanese subjects manifested in the restriction in California. We do not believe that the American nation as a whole and the judicial authorities of the United States will take unreasonable and unjust measures toward Japanese subjects who are law-abiding in a state which is within the jurisdiction and under the control of the judiciary of the United States."

DENTIST PLANNED GRAIN COMBINE

CHICAGO, Nov. 16.—On behalf of the farmers marketing committee of 17, recently appointed by the American farm bureau federation, C. V. Gregory, editor of farm Journal here, today issued a statement deny-

ing that the committee had adopted any plan for marketing wheat. It, on reports had said that the committee, of which Mr. Gregory is a member, was about to float a giant wheat combine.

"The committee of 17 was appointed to study grain marketing and work out plans to prevent fluctuations in prices which are a hardship both to producer and consumer," said Mr. Gregory. "No member of the committee has suggested the adoption of tactics of a grain combine, or trust." The federal trade commission has not been asked for advice as to the formation of any combine. "The question of handling the grain crop of 1921 through a combine or of contracting with growers to deliver their crops to such a combine for a period of five to seven years has never been discussed by the committee and no proposal that the government be made a party to any wheat combine has been made by any member of the committee."

CHURCH MEMBERS ARE JOINED FOR FAMILY ROW

CHICAGO, Nov. 15.—The church members of the First Christian church Sunday came in the city court tonight when two women members of the congregation were declared guilty of disorderly conduct and fined \$25 and \$10 respectively.

According to evidence the trouble started when the pastor, Rev. A. Brook directed W. H. Wright, an officer of the church, to remove the elements for communion, saying that the house was too cold to continue the service.

The women were charged with attacking Mr. Wright as he was carrying out the directions and severe blows were said to have been struck. The disturbance is said to be the culmination of factional differences between certain members of the church.

WHOLESALE COMPANY LOSES IN SUGAR DEAL, CLAIM

WASCO, Tex., Nov. 15.—The Narmanet Wholesale Sugar company made a bad business speculation and are trying to avoid payment of a loss of 10 cents a pound on 135,000 worth of Mexican sugar bought from the Narmanet Wholesale company of this city. W. M. Foster of that firm declared tonight in answer to his indictment by a Boston federal jury today for alleged fraudulent transaction in sugar. The Providence block, on have refused to abide by the word of an arbitration board which decided in favor of the local concern, Mr. Foster said.

CHANCES GET DIVORCE

CHICAGO, Nov. 16.—The suit for separate maintenance of Mrs. Elida Piza Crane against Herbert F. Crane, Chicago millionaire, was ended today when Mr. Crane agreed to a settlement of \$100,000 and Mrs. Crane agreed to an absolute divorce.

HOTEL MEN OF WEST MEET IN CALIFORNIA

SANTA BARBARA, Cal., Nov. 16.—Over hundred and twenty-five hotel, railroad and steamship representatives arrived here today to attend the three-day meeting of the Western

Hotel Association, an organization of hotel men in California, Arizona, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington and Wyoming which opens tomorrow.

The meeting has been called to formulate and discuss plans to secure federal appropriations to encourage traveling in America, for federal, state and city government appropriations for building of highways

from national park to national park, for the establishment of summer automobile camps and for the development of communication by states, counties and cities.

MEXICAN IS CAPTURED. WICHITA FALLS, Tex., Nov. 16.—Joe Torras, Mexican, wanted on a charge of killing 13-year-old Archie Martin, was captured five miles south of here late tonight.

Would a Sane Man Eat Soap?

He had deliberately stolen his friend's sweetheart while the friend had gone on a long journey. Naturally, when his friend turned up, Paul Dwyer wasn't especially anxious that Suzanne and her former lover should meet. So he told her that the man was insane, and to prove it, said he ate soap! But when she discovered the deception she decided to get even. And what she didn't do with clever lines, funny situations, and hurricane of laughter, WANDA HAWLEY, as the beloved heroine, is the most enjoyable little lady you have ever seen.

Also a Two-Reel Comedy
