

ENGLAND MAY MAKE CHANGE IN IRISH BILL

Viscount Grey Makes Strong Plea for Generosity to Ireland

DEBATE IN HOUSE OF LORDS IS MEMORABLE

Expect Adjournment to Allow Government Time to Consider Proposed Amendments

LONDON, Nov. 24.—The debate in the house of lords on Irish home rule tonight was made memorable by a notable appeal from Viscount Grey, former secretary for foreign affairs to the government, for a month's hour attempt by generosity to Ireland to fashion the bill into an acceptable measure.

In a speech laying no resentment and taking full account of the government's extreme difficulties in Ireland, he urged that unless the government was able to secure effective control in Ireland it would be better to withdraw all the armed forces and leave Ireland to find her own salvation.

Whether the appeal will be heeded, time will show, but it is significant that Earl Middleton intends tomorrow to move adjournment of the debate for a fortnight to allow the government time to consider what amendments, if any, are desirable, and, if any, to be made.

Viscount Grey declared the real cause of failure in obtaining a settlement was the differences of opinion in Ireland itself. Until these differences were removed, he asserted, there could be no settlement and the bills before the lords, to put it mildly, had not made the difference.

Should have defined limits. Lord Grey argued that it would have been better had the government, instead of proposing a detailed bill, signified by laying down on broad lines the limits within which Ireland could have complete autonomy and the minimum which England must reserve for the security and safety not only of herself but of Ireland.

He outlined this minimum as first, placing Ireland in precisely the same position with regard to foreign affairs as the great self-governing dominions with the same right to be consulted about commercial treaties, and second, only one army in these two islands. He would not, however, contemplate the maintenance of any imperial troops in Ireland after home rule had passed, unless Ireland desired it.

MANY FANS SEEK TO WATCH PRISON FIGHT

LIVERWORTH, Nov. 24.—Fifty thousand fans have made application to witness the two boxing bouts at the federal prison tomorrow in which Jack Johnson will make a test of his condition in an attempt to "come back."

Few outsiders, however, will be admitted to the prison for the boxing tournament. Warden Anderson announced, as it was arranged strictly as a Thanksgiving day entertainment for the prisoners.

George Ows, formerly a sparring partner of Johnson, arrived yesterday. "Topknot" Johnson, another negro boxer, is expected tonight. Each will give five rounds with the former champion.

LANDOWNERS PROTEST AGAINST STATEMENT

WASHINGTON, Nov. 24.—Representatives of American landholders and oil interests in Mexico have protested to the state department against what they characterize as misleading statements made by R. V. Pequeura, confidential agent of the Mexican government, in an address delivered here last Friday before the American Petroleum Institute.

Mrs. Pequeura's statement, which has drawn a protest from land and oil owners in this country, has been used by some Americans in acquiring land in Mexico, but did not refer specifically to any oil interests.

A Real Thanksgiving Dinner

REVEAL SINN FEIN PLAN TO DESTROY SHIP DOCKS

LONDON, Nov. 24.—The most conspicuous incident in the Irish debate in the house of commons today was the revelation by Sir Hamar Greenwood, chief secretary for Ireland, of Sinn Fein plans to destroy property in Liverpool and Manchester—a revelation which was greeted, by Joseph Devlin with the exclamation: "All that was written in Dublin castle."

In other respects the debate followed the customary lines. Former Premier Asquith moved a resolution expressing abhorrence of the recent Dublin assassinations and condemnation of reprisals and urging immediate steps to bring about Irish pacification. An amendment by Colonel John Ward converted this motion into an expression of admiration for the courage and devotion of the crown forces in Ireland. This was adopted by 203 to 83, and the motion as amended was adopted by acclamation amid cheers.

HAVE MILITARY PLANS. LONDON, Nov. 24.—Alleged plans for blowing up the Liverpool docks and the Manchester power and water

OUTWARD CALM CLOAKS DUBLIN ACTIVITIES

DUBLIN, Nov. 24.—Dublin, long accustomed to tranquility, has settled back with two days of outward calm, which has, however, an insidious and unhealthy quality, cloaking much behind the scenes and there is activity in both camps.

While the daylight hours pass almost without incident, the curfew has come to be a signal for the crown forces to commence undesignated raiding of all sorts of premises, the seizure of any wanted documents and arrests of suspected persons. The arrests are becoming almost indiscriminate, but in many cases the detention ends after an examination at headquarters which shows and absence of connection with the republican movement.

WOMEN TO SEE FIGHT NEW ORLEANS, La., Nov. 24.—Judge Skinner in civil district court today enjoined the police from taking any action to prevent attendance of women at a prize fight here tonight between "Happy" Littleton of New York and Harry Krohn

PRISONERS ESCAPE. CHEROKEE, Nov. 24.—Seven of 59 American army court-martial prisoners from Koblenz, who were on board the transport Pochontas, made their escape today by breaking the glass in one of the port-holes of the vessel.

FARMER KILLS WIFE AND THREE CHILDREN

By the Associated Press. PENDER, Neb., Nov. 24.—George H. Binklage, a farmer of near here, reputed to be wealthy, today killed his wife and three children with a hatchet, badly wounded his baby and then hung himself to a rafter in the barn. Neighbors of Binklage said they believed he was despondent because of the falling off of the value of his land and because of the reductions in the price of farm products. Binklage committed the deed with a hatchet which he presumably had intended killing a goose or the family's tramping dog tomorrow, according to a hired girl who discovered the bodies a short time afterward. Binklage had been discussing the Thanksgiving dinner at the house, the girl said, and left immediately afterward for the barn.

BELEIVE CHURCH FIRE WAS ACCIDENTAL

NEW YORK, Nov. 24.—Belief that an incendiary was responsible for the destruction early today of the historic old structure of Plymouth Church, Brooklyn, for many years the pastorate of Henry Ward Beecher, was belittled by fire department officials tonight.

Fire marshals Friday stated it was their opinion that the blaze was entirely accidental. The new church edifice adjoining was badly damaged.

FORMER EMPRESS IMPROVES DOORN, Holland, Nov. 24.—The condition of Former Empress Augusta in Victoria of Germany is improved.

Declares Construction of American Falls Dam Means Great Future to Idaho

CALDWELL, Nov. 24.—Appropriations for reclamation in Idaho, the lifting of the ban on affairs here and the American Falls reservoir project here today at the annual convention of the secretaries of commercial clubs of Idaho. Harry Dibble, project manager of the Minner-dam project in an address on the American Falls reservoir and what it means to Idaho, said: "The hoped for construction of the American Falls reservoir probably holds the greatest possibility for the future development of Idaho of any single project that is now under consideration. Southern Idaho has reached a point in its irrigation development where the future is absolutely dependent upon the conservation of available water resources. Many present irrigation projects are dependent in whole or in part upon stored waters. Future projects are absolutely dependent upon storage. Will Reclaim 400,000 Acres. Specties of the Flow of the Snake

river above the Minner-dam show that it is possible by means of storage to provide needed supplementary water supply for lands to the extent of 800,000 or 900,000 acres which are now under irrigation, and to reclaim about 400,000 acres of land that is now in the desert state. To do this will require additional storage capacity of about three million acre-feet. It is easily possible, from an engineering standpoint, to construct a reservoir of this capacity at American Falls.

Have Made Investigations. The United States Reclamation Service began its investigations of the American Falls reservoir site many years ago. Thousands of dollars have been spent in this work, and at the present time careful surveys are being made on which to base regulations with the 500 owners for the right of way purchases. Test holes are being drilled on the dam site so as to make sure that the type of dam built will be adapted to the founda-

HARDING MAKES TRIP THROUGH PANAMA CANAL

PANAMA, Nov. 24.—President-elect Harding came through the Panama canal from Cristobal to the Pacific coast today and crossing into the republic of Panama exchanged with President Porras personal felicitation. Senator Harbord also expressed a warm hope for better relations between the United States and Panama. Although declaring that he acted purely as a private citizen in making an informal call during his vacation visit to the canal zone, the president-elect conveyed the strong message to the Panama executive his desire to see Panama established firmly in the affection of the southern neighbors. Later President Porras came across the boundary and an American territory told Mr. Harding that he warmly reciprocated these wishes.

The trip through the canal zone was in the nature of an inspiration of the waterway in which Mr. Harding has shown unusual interest. He noted many questions about the practical problem of the canal management and the details of its operations minutely.

BRING INDICTMENTS IN BUILDING PROBE

NEW YORK, Nov. 24.—New York's warfare against the alleged building trust today brought forth three new indictments charging extortion, as well as testimony linking the wrought iron and wrought steel industries to the long list of other producers of construction materials which are alleged unlawfully to hold prices uniform throughout the country.

While the allied cases of an extraordinary grand jury and the joint legislative committee made this progress in their major offenses, legal skirmishes occurred in two courts and the city's independent inquiry into its millions of dollars in contracts was postponed until Monday.

SOVIET FORCES WILL AGAIN OCCUPY VILNA

KOVNO, Lithuania, Nov. 23.—The Soviet representative in Alexandrovsk has informed the Lithuanian government that the Bolshevik forces will be obliged again to occupy Vilna, according to advice received from Alexandrovsk.

ROCKEFELLER HAS GIVEN NEARLY HALF BILLION

NEW YORK, Nov. 24.—John D. Rockefeller has given away nearly half a billion dollars to his son, John D. Rockefeller Jr., declared here tonight in what is believed to be the first authentic detailed statement that has ever been made concerning his father's philanthropic gifts. The approximate total of the gift is \$475,000,000, nearly half of which has been distributed in the last five years.

RETURNS WITH PRISONER SPOKANE, Wash., Nov. 24.—Accompanied by John Doughty, who is taking at Toronto, Canada, in connection with the disappearance of

Ambrose J. Small, millionaire treasure hunter, Detective Sergeant Austin Mitchell of Toronto passed through here tonight.

BLUE JACKETS STAND GUARD OVER CABLE

U. S. Armed Forces Prevent Splicing of Cable Ends

TELEGRAPH COMPANY SEEKS INJUNCTION

Western Union Officials Ask Restraining Order to Stop Interruptions by Daniels

MIAMI, Fla., Nov. 24.—An armed force from a navy battleship was still standing guard tonight over a Western Union Telegraph company barge in the bay here to prevent connecting of the shore ends of a submarine cable, work on which was interrupted by the government craft during the day. The company's employees sent out this morning to connect the cable ends were still on the barge which they had been "requested" by the bluejackets, they said, not to leave.

The cable was laid to connect Miami with Miami Beach and passes under water, at the opening in the new roadway.

The section of the cable for which since has stored aboard the barge since the company's cable work was first interrupted by direction from Washington several months ago. The work was held up, the meeting on orders from the New York office of the company to connect the cable ends immediately. It was said, but the sub-chief charge of the situation before splicing actually had been.

SEEK INJUNCTION. WASHINGTON, Nov. 24.—Counsel for the Western Union Telegraph company sought an immediate injunction against Secretary Daniels of the navy department today in the District of Columbia supreme court following interruptions of the company's cable connecting operations at Miami, Florida. Complaint was made to the court that the naval authorities had taken action despite the fact that the secretary was called upon by the court last Monday to show cause why a restraining order against interference with the Miami-Miami Beach cable line should not be issued.

Representatives of the secretary assured the court that an order to tear up the cable had been countermanded and that the present status would be maintained until the injunction hearing had been held. Friday the company's application for an immediate injunction was thereupon withdrawn.

COMMISSIONER INDICTED ON CHARGE OF LIEBEL

NEW YORK, Nov. 24.—David Hirschfeld, city commissioner of accounts was indicted today by an extraordinary grand jury investigating vice conditions here, on a charge of publishing a libel against Governor Charles F. Whitman and Assistant District Attorney James E. Smith.

After entering a plea of not guilty Mr. Hirschfeld was released under \$1,000 bail and given until December 1 in which to file motions. A request by his counsel for a stay of ten days was denied.

ASK INVESTIGATION OF MARKET DECLINE

WASHINGTON, Nov. 24.—Congressional investigation has been ordered on the commodity exchanges where farm products are dealt in, was asked the American Farm Bureau federation announced today as congress reconvenes. Representative Hiram Boren, Okla., has proposed an investigation into the commodity market, which he said is due to the decline in the prices of cereal grains, livestock and other commodities. He said that the investigation should be conducted by the bureau and give many producers out of the producing business, and declared that "protection and speculation have been permitted to control said market."

Continued On Page Five.

FOOTBALL MEN ARE PREPARED FOR BIG GAME TODAY

The stage is all set for the big game with Boise high school which has been looked forward to with great anticipation by followers of the gridiron game in this city and the only remaining uncertainty is the weather.

This contest is of particular interest because it marks the resumption of athletic relations between the two institutions which were broken off some years ago after Boise had administered a terrific beating to a Twin Falls team. Negotiations have been under way for several years since that time, but previous to this season have always fallen through because the two schools were unable to reach an agreement on some technicality.

Contrary to expectations that the Boise boys would arrive here yesterday, they got in Tuesday night, having left the train at Shoshone and made the rest of the journey via the stage. According to Coach Keane, his outfit is in splendid condition and he appears to be very optimistic over the result. The team went through a brief workout on Lincoln field yesterday afternoon and put on the final finishing touches before the start of the contest which will have a direct bearing on the state championship.

Coach Keane, in speaking of his aggregation, declared that while they are not welded into such a smooth unit as they were last year, they are, nevertheless, comparatively all the players are of green, they have a slight advantage

and are very much faster than Twin Falls. There is no doubt about the relative weights as Twin averages around 145 pounds or less, while Boise will probably exceed the 160 pound mark as an average. Most of this weight, however, is in the line, the backfield being very scanty of avoirdupois. As to the relative speeds of the two aggregations, Twin Falls supporters have got to be shown.

Boise is reported to rely mainly upon an open game to make their gains, the forward pass in particular being the weapon most frequently used. Lamson, the Boise right end, is reputed to be a wonder on the revolving end, with Metcalf, the 115-pound quarterback, throwing most of the passes. Coach Byrnes, however, has constantly drilled his boys to break up this type of play and their success in doing so in the game with Buhl last Friday, indicates that his efforts have borne considerable fruit. Two of the Buhl passes were turned into touchdowns for Twin Falls.

Many people flocked into town yesterday to attend the game and tickets will be greatly in demand at game time, as the biggest crowd that has ever attended an event of this kind in this city is anticipated and it is expected that the facilities of the park will be sorely taxed.

A parade will start from the corner of Shoshone and Main avenue a little after 2 o'clock, headed by the high

school band. Practically the entire membership of the number of comers will be in line behind the band and join the students in the march to the field. All members of this organization are requested to be at this place promptly at 2 o'clock in order to avoid any delay.

Boise has participated in five encounters this season and although there is no game upon which a comparison of the strength of the two teams can be made, the record of the capital eleven does not appear to be so formidable or impressive as that compiled by the locals. Twin Falls has won over one of seven contests, running up a total of 436 points while they have yet to be scored upon. Boise winning four and losing to Caldwell. Boise has scored 160 points, 12 having been marked up against them. The records of the two teams follow: Twin Falls 71; Filor 0. Twin Falls 64; Jerome 0. Twin Falls 64; Buhl 0. Twin Falls 62; Luray 0. Twin Falls 42; Gooding 0. Twin Falls 42; Rupert 0. Twin Falls 77; Buhl 0.

Boise 54; Ontario 0. Boise 24; Welser let. 0. Boise 17; Payette 3. Caldwell 10; Boise 7. Boise 48; Nampa 0.

No definite information as to the lineup could be secured from either coach, but it is probable that the teams will take the field as follows:

Twin Falls: Left end, Taylor; left tackle, McAttee; left guard, Putzler; center, Denton; right guard, Irwin (captain); right tackle, Carter; right end, Tolson; quarter, Newman; half, Horst; right half, Pix; full, Phipps.

Boise: Left end, Heer; left tackle, Quinn (captain); left guard Drake; center, Cameron; right guard, Stuntz; right tackle, Fowler; right end, Lams; end, quarter, Metcalf; left half, Neal; right half, Cooper; full, Pitts.

News of Jerome

Mrs. Hinshope, who has been spending the past year here with relatives, returned to her home in southern Arkansas last Tuesday.

Warren Maxwell, of Ft. Collins, Colo., who has been visiting with his brother, Paul, and other relatives, departed for his Colorado home last Tuesday.

Miss Leola Wilson, teacher of Luray school, left last Wednesday for a visit with friends at Wilson Lake. Mrs. Ernest Witt is teaching during her absence.

Mr. and Mrs. Art Eldred are the happy parents of a seven-pound son. The Legion Post will reorganize next Tuesday for the annual year after the business session. There will be a banquet.

Many of the farmers are fall plowing, the recent rains having put the fields in excellent condition.

Mr. and Mrs. Clyde King have returned from the visit with friends in Boise.

The I. O. O. F. society held their regular meeting on last Tuesday evening and conferred the Golden Rule degree on two candidates. A luncheon was served at the close of the business session.

Honoring Mrs. P. F. Green, Mrs. Abramson entertained the Wednesday bridge club at her home on Wednesday afternoon. Dainty refreshments were served at the close of a pleasant afternoon.

Mrs. E. D. McClellan entertained at a whist party at her home out of town on last Friday evening. Dainty refreshments were served at the close of the evening.

The Red Cross drive will close next Thursday. A number of ladies have been actively engaged during the past few weeks securing renewals and memberships.

Dr. Dwight and son Owen of Twin Falls visited the North Side tract last Sunday. They brought Stanford Larson home from the hospital where he has been for the past six weeks, receiving treatment for his broken limb. He is able to walk on crutches and it is believed that he will soon be permanently cured.

Mrs. C. F. Zeller entertained the Catholic ladies Altar society at her home last Thursday afternoon.

Mr. and Mrs. Gerboth visited friends in Arcadia Sunday last.

J. W. Tapper of Richfield, Idaho, transacted business here during the past week.

In honor of her brother, George Godfrey, Mrs. R. H. Goemmer entertained the following guests at a six o'clock dinner on last Saturday evening: Jennie Patrick, Elton Keate, Evelyn Orser, Mary Godfrey, Carl Snodgrass, Tom Orser and Leslie Nims.

Mrs. J. H. Judd has as her guest a brother, Mr. Matthew of Portland, Oregon.

The Canyonside card club was entertained on last Thursday evening at the Dick Cullen home.

The employes, wives and husbands, were delightfully entertained at the proposition, H. I. Abramson's, home on last Tuesday evening at a six o'clock dinner. The guests were entertained at games and cards until a late hour.

Mr. Townshead has moved to the John Graham farm one mile north of town, the Graham family spending the winter in California.

G. I. Towle has returned from Boston, Mass., where he was called recently on account of the sudden death of his mother.

H. H. Elder and wife have as their

Thanksgiving Puzzle

WHICH IS THE TURKEY GOBLER

guests Mr. Elder's parents of Coeur d'Alene, Idaho, who are on their way to California to spend the winter. Victor E. Warner of the First National bank, has been appointed deputy state tax examiner. He has taken up his new duties in the capital city.

W. P. Klee, Sr., has returned from the St. Alphonsus hospital in Plover, greatly improved after undergoing an operation.

Mrs. A. K. Ambrose entertained a few ladies on last Tuesday afternoon in honor of her mother, Mrs. Thompson, who left the following day for her home in Ontario, Oregon.

The girls of the Christian Endeavor entertained the boys of that society on last Friday evening at the church, the result of a contest between the girls and boys in which the boys won. The girls furnished a splendid entertainment and closed with a delicious luncheon.

The club will meet next Tuesday afternoon at the rest room in the library.

Mrs. Marwick of Twin Falls is visiting her parents, Mr. and Mrs. Lester, who reside south of town.

Mrs. A. E. Gould entertained at a bridge party at her home on last Monday afternoon.

R. E. Shephard transacted business in Twin Falls early in the week.

The Jerome teachers were delightfully entertained on last Tuesday evening at the LaFette hall by the Royal Neighbors. A very entertaining program was given, after which a sumptuous luncheon was served.

Mrs. S. D. McClellan has as her guest her mother, Mrs. Stegel of southern California.

Mrs. Flora Richardson is spending the holiday vacation with friends in Water.

ROGERSON NEWS NOTES

J. Blair Langford left Rogerson Saturday for Albany, Illinois, called there by the death of his father.

Robert A. Deal was in Rogerson on business Saturday.

Lafe Johnson spent Saturday in Rogerson on business.

Allen C. Reynolds of Devil Creek motored to Rogerson Saturday.

Mrs. Lena Cooper and Miss Ina West returned from a business trip to Twin Falls Saturday.

Miles W. Dwyer of Shoshone Basin was in Rogerson Saturday for a short time on route to Twin Falls.

Mr. and Mrs. William Hines motored to Twin Falls on business Saturday.

Mrs. Joe Stewart of the Point ranch who is visiting her daughter in Durley, returned Saturday.

Carl Patrick of Three Creek was a

business visitor in Rogerson Saturday. Al Hulst of Buhl was in Rogerson for a short time Saturday evening.

W. K. Templeton spent Sunday in Rogerson, departing Monday morning for Shoshone Basin. Mr. Templeton is preparing to move to Twin Falls for the winter.

Mrs. H. K. Gibbs and children spent the week end in Twin Falls visiting friends and relatives and shopping.

Walter J. Dean and Charles L. Craly motored to the county seat Saturday evening, returning Sunday.

J. C. Smith of Contact, Nevada, was a business visitor in Rogerson Monday.

Henry Fields of San Jacinto, Nevada, was in Rogerson on business Monday.

Wilford E. Dunn of Three Creek spent a part of Monday in Rogerson. Warren Godfrey arrived in Rogerson Sunday prior to leaving for Jarvis, Nevada, Monday.

Paul Schmitt of Rogerson motored to Twin Falls Monday.

James P. Duncan, who arrived recently from Stanley, Idaho, motored to Three Creek on business Monday.

George B. Thompson of the Thompson Drug company of Rogerson was

a business visitor at the county seat Monday. Milan Nicolay, principal of the Rogerson school, returned Sunday from Twin Falls where she spent the week on professional business. Ray Roberts of the Rogerson garage had the misfortune to smash one of his fingers last week while repairing a car. H. A. Jones of the Javan Mines company was in Rogerson Monday on business. Henry Jones of Hollister was in Rogerson on business Monday.

COMMERCE CLUB BUREAU URGES NEW R.R. DEPOT

Civic Body Takes Definite Action Towards Securing Better Railroad Facilities

Immediate and definite action looking toward the provision of better railroad facilities on the Minidoka-Buhl branch line is requested in resolutions adopted by the railroad bureau of the local chamber of commerce and addressed to the officials of the Oregon Short line. A new depot, adequate road ballasting and better train accommodations comprise the much needed improvements contained in the communication approved by the bureau headed by J. A. Keefe, other members of which are T. J. Lloyd, J. A. Steinhil, R. C. Latsch and E. N. Flory.

The present depot, which was constructed some years ago at a cost not in excess of \$2,000 has a total waiting room space of less than 1,000 square feet, and on rainy or cold days when traffic is average or normal, does not furnish sufficient seating capacity for the traveling public itself without taking into consideration the requirements of friends and relatives of the departing and arriving travelers. On days when the traffic is

\$400,000 Gem Theft Victim

Police and detectives of New York are searching for nearly a half million dollars' worth of gems and jewelry stolen from Mrs. Charlotte King Palmer, won by divorce.

above normal, there is not even a comfortable room for the patrons of the road, according to the document, as on these occasions depot accommodations for not less than 200 people are necessary.

The resolution points out, the fact that climatic conditions in this section of Idaho require that shelter and warmth be furnished to the traveling public throughout the fall, winter and spring months. These conditions, it declares, are causes of great inconvenience, are uncomfortable, are unhealthy, are unsanitary and the cause of the spread of sickness and disease.

Attention is also called to the fact that Twin Falls is the originating point of a staple traveling public of not less than 17,000 people drawn from the city and the surrounding country and that it is one of the most rapidly growing sections in the entire west, thus causing this problem to become more severe each year. The resolution characterizes the depot as an utter disgrace to the community from an architectural standpoint.

The unheated road bed is called a dust patch and the moving train picks up this dust in quantities and completely inundates the riding passenger, approximately \$42,000,000 worth of goods, according to the resolution, farm products, representing at least \$1,500,000 in freight receipts to the company, it declares, were shipped out during 1919, while not less than \$1,000,000 in passenger revenue must have been received during that time.

Such heavy traffic and income from the investment, says the resolution, undoubtedly justifies the ballasting of the entire road bed from Minidoka to Buhl. Another point which is strongly brought out is that people coming into Twin Falls are so disgusted with our community because of this introduction to living conditions, thus driving away many prospective home seekers.

Complaint is also made concerning the character of the day coaches constituting the regular passenger trains on the branch line. It is stated that these conveyances are very inferior to the standards of the class of people using these accommodations and that they are so small that the actual number of seats is often insufficient for the convenience of those traveling.

YESTERDAY BANNERDAY AT COUNTY COURT HOUSE

As far as marriage licenses are concerned, yesterday was a banner day at the county court house, six of these permits being issued during the day. Thoro licensees to wed were James Francis Anderson, 34 years old, of Twin Falls, and Arbutus Frances Ward 23, of Buhl; James C. Clark of Meridian and Leona Brinker of Curry; James H. Phipps, 47, and Katie Wahlgren, 35, both of this city; Kelley Walker, 24, and Hazel Marshall, 26, both of Kimberly; August Peterson 23, and Habet Seastrom, 22, both of Castleford, and Lester A. Gray 33, and Blanche Walker 18, both of Piler.

UTAH CONSTRUCTION CO. CASE IN COURT

For the third day, the case of the Utah construction company against the Twin Falls Shoshone River Land and Water company, the Shoshone Canal company and the water users on Shoshone creek, occupied the greater part of the district court yesterday. The case was brought by plaintiff on an adjudication of certain day night following a very short in-

terview on Shoshone and Big creeks to which they claim prior right by virtue of construction work and development. The case will again be continued on Friday.

JUDGE DUVAL TAKES CASE UNDER ADVISEMENT

After a hearing in the prothonotary yesterday, Judge O. P. Duval took the case of the above named Mrs. Olive Kempton and Fred Cartwright, charged with contributing to the delinquency of children under 18 years of age, under advisement. The irregularity brought out the fact that the child's mother is suffering from tuberculosis while Mrs. Kempton is also afflicted with an incurable ailment. Taking these facts under consideration, Judge Duval did not reach any definite decision.

water rights on Shoshone and Big creeks to which they claim prior right by virtue of construction work and development. The case will again be continued on Friday.

CONSTRUCTION OF DAM MEANS MUCH TO IDAHO
Continued from Page One.
bring back into Snake river large volume of water which makes it possible to generate electricity to the low areas even when the river is turned dry at Millar. Many other projects are available on the head waters of the Snake and other streams.

The plan for financing the American Falls reservoir was worked out in cooperation with a committee representing numerous irrigation projects, of which Mr. John W. Hart of Idaho, Idaho, was chairman.

Up to date, contracts have been let for approximately 230,000 cubic yards of concrete to be used for the dam. The dam will be approximately 230,000 cubic yards of concrete to be used for the dam.

BOYS' WEIRD CRIME STUNS KANSAS TOWN

Youth Pays \$200 to Chum to Kill His Family—Confesses Crime to Authorities.

ALMENA, Kas., Nov. 24.—Nobody knew what Carl Johnson, 17-year-old farm boy, was thinking about as he and his brother ransacked the country for a night and wide night after night, on the old farm houses that were their nearest available approach to their brothers.

Nobody knew what Elmer Holerman, 16-year-old farm boy, was thinking about as he trooped in to the picture show in the little country settlement of Almenna when the evening chorus night came.

And now nobody knows or can guess by the wildest effort of horrified imagination, what Carl and Elmer were thinking about when, if Carl's confession is true, Elmer offered him \$200 to kill the whole Holerman family so Elmer could inherit the property, and Carl undertook the job and fired into the family group through a window as they sat together.

Did Olive go? You just bet she did! Or after supper, woulding the sister and aged grandmother.

He'll hide no more. Carl will rife at night no more for awhile, for he is locked in a little picture box of stone with iron bars at floor and window, in the greenhouse yard at Norton; and Elmer, out on \$1,000 bond, goes no more to town unless his father is by his side.

And next February Carl and Elmer will be tried for murder.

It is a propitious tragedy, an inevitable actuality, a melodrama in the exaggerated terms of a boy's lurid fancy, in a setting of staid Kansas cornfields.

The bare facts are these: On the evening of Oct. 26, as Jacob Holerman, well-to-do farmer, living a mile and a half out of Almenna, sat with his wife, her mother, Mrs. Julia E. Sharp, aged 89, and the daughter, Faye, 21, in their lamp-lit sitting room, five shots were fired through the window from the darkness outside.

Faye was struck twice and the grandmother once. A deputy sheriff, called by Holerman, met Carl coming out of the cornfield. He confessed having done the shooting, and said Elmer hired him to do it.

Carl told the same story, in the lock-up at Norton, standing first on one foot and then on the other, used a small boy caught in mischief. He does not look his 17 years.

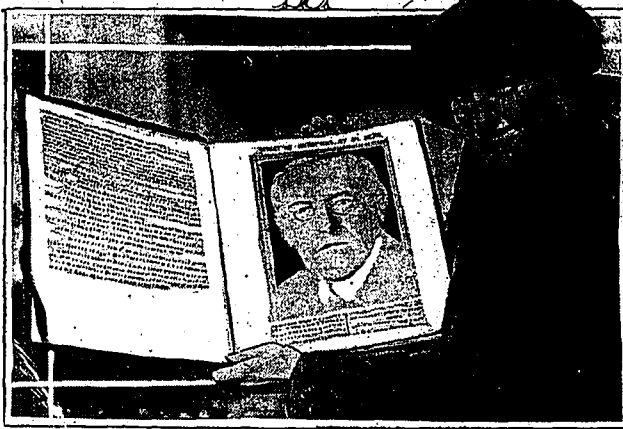

Elmer will not talk to anyone about the matter—not even to his father, Jacob Holerman. Friends of the Holermans refused to believe the boy guilty, in spite of startling corroborative evidence at the hearing.

Some of the circumstances were almost comic. The first shot, Carl says Elmer furnished him, was a "22-short," little better than a popgun. The wounds it made proved to be slight punctures.

From the time when Carl claims the plot was hatched, in front of the sitting room window of the "Royal Cafe" in Almenna—four tables, a counter and a nasal phonograph—until he was arrested in the cornfield, was not more than three-quarters of an hour.

Only three-quarters of an hour! And now there are iron bars between Carl and the country roads where he used to ride the old farm horse at night. And Elmer goes silently about his chores and never appears in the village without his father beside him. And he is still thinking the "stupid thoughts of youth," but nobody knows what they are.

Scrapbook Girl Visits the President

WASHINGTON—Miss Olive Chase, 15-year-old Washington schoolgirl, has kept a scrap book of newspaper pictures of President Wilson ever since he took office. Her mother wrote to Wilson, telling him about it and as a result, Mrs. Wilson invited Olive to the White House that the president might look over the collection.

for the coming crop, it became known here tonight.

A plan for the extension of credit to European sugar importers is enable them to buy Cuban sugar in order to contemplate along with other movements aimed at bettering the nation's position in the world's sugar markets.

KEEP MONEY IN BARNKINS KEVAI, Eastonia.—Here folks save their money in their barns. They tuck it into bags and hang it on the rafters. They're not afraid of thieves, for the money is worthless. Seven governments have issued seven kinds of paper money in Russia since 1914, and the peasants are saving each variety in the hope that maybe some one of the governments will return to power and make some of the money good, according to Red Cross officers here.

WILL REQUIT ELECTION. DALLAS, Tex., Nov. 23.—The country will live to regret what it has done in the recent election, Thomas H. Marshall, vice president of the United States, declared in an address at a railway station today.

HAD GOOD IDEA. HUTCHINSON, Kas.—P. F. Maguire, local hotel manager, has \$25,000 more in his bank account today because he had an idea and used it. He watched his chef poaching eggs and thought there ought to be a new way to do it. So he invented an egg poacher, patented it and sold the patent to a Kansas City concern for \$25,000.

LOST DIGIT ON CAR. DES MOINES.—Glimme back my finger: I paid my fare," yelled Vincent Ceisi to the street car conductor. "You can have it now; the company can't use it," said the s. c. c. as he opened a platform door and let Ceisi remove the tip of his finger, clipped off by the sudden closing of spring panel. Ceisi's at the City hospital.

COAT DIDN'T FIT. MIDDLETOWN, O.—The thief who stole Emmet Coyte's overcoat from a cafe returned it because it didn't fit. He kept the \$35 which was left in one of the pockets.

MAGAZINE WRITER DIES. MOHENTSO, Cal., Nov. 23.—Mrs. Margaret Calk, brewer, widely known magazine writer, died here today. She was born in New Orleans in 1877.

BANKERS WILL AID IN CUBAN SUGAR HARVEST. HAVANA, Nov. 23.—The National City Bank of New York has notified its Havana branch to place \$10,000,000 at the disposal of Cuban sugar planters, to enable them to prepare

the Iowa Bankers' association and the extension division on Monday, Tuesday and Wednesday, December 20, 21 and 22.

OHIO STATE INVITED TO PLAY CALIFORNIA. PASADENA, Cal., Nov. 24.—The football team of the Ohio state university was formally invited today to represent the east in the annual east vs. west gridiron classic in Pasadena, New Year's day.

BY ALLMAN

CANAL COMPANY SEEKS TO FORM NEW DISTRICT

Petition Will be Filed Soon Asking Permission to Organize New Irrigation District

A petition will be filed in the immediate future by D. B. Moorman, president of the Murrumbidgee Canal company, for the organization of the Miller Lower Lift Irrigation district and if the petition is granted, the new district will take over all the lands, property and equipment of the canal company.

The formation of this district is necessary in the event of several farmers owning about 2,500 acres of land on the tract served by the canal company to either purchase water or to dispose of their lands. These owners are now residing outside of the state of Idaho and consequently lying idle and unproductive.

Being a private corporation there is no way in which the canal company can force these non-resident proprietors to put their lands under cultivation, but by the creation of an irrigation district every person owning land within the district may be made to stand his share of the general expenses of upkeep and maintenance. The power of determining what lands shall be included in the district rests solely in the hands of the board of county commissioners.

It is proposed that the new district take over entirely the Murrumbidgee Canal company, by the purchase of 10,000 shares of capital stock outstanding, at a price of \$50 per share. This total of \$500,000 will include the water rights to the flow of the Snake river and the 25,000 acres that are irrigated annually from the proposed Murrumbidgee Falls reservoir under a contract with the federal government, and to seven more, yesterday from the power plant, ditches and all other equipment of the company.

The power plant of the present company is usually well equipped having two 500-horsepower pumps and five transformers. The plant is situated at the old town of Minner. Fairfield and Richfield will ship the water being pumped from the 12 cars immediately. H. J. Black Snake river above the Minner dam, leaving for that locality yesterday while about 15 miles of main canal take charge of the work while three more water users on the tract more cars are to be sent out from it is estimated that the annual cost of irrigation as soon as possible. In per acre will be \$3.33 which is said to be an exceptionally low figure for a project of the kind. There are more than 10,000 acres in the proposed district, the great majority of which has been under irrigation since June 1, 1920, when the first water was turned into the ditches. The lands is said to be far more productive than the average.

With the consummation of the proposed plan, D. B. Moorman will retire absolutely from the field in that territory except for the shares of stock held to cover the land which he owns there.

Mr. Moorman has been on the tract for the past 10 years, coming to this section from Bellingham, Wash., and in spite of many handicaps and obstacles has made the Murrumbidgee Canal company a great success. His proposition. This is the third project he has undertaken, the others being drainage projects in the state of Washington and all of them have been unqualified successes.

Attorney J. E. Wiles, who was instrumental in the organization of the company, will have complete charge of all the negotiations for the disposal of the stock.

WHEAT GROWERS RECEIVE FIRST LOAN ON GRAIN

Returns From First Carloads Shipped to Millers at Ogden Are Distributed to Local Men

The Idaho Wheat Growers' association has received returns on the first five carloads of wheat consigned to the Globe Milling company at Ogden and the checks have been disbursed to the growers at Murtaugh, Buhl and Twin Falls. The amount received totaled \$6,384, or a loan of \$1 on each bushel shipped, less the handling charges at this end, the millers absorbing all freight charges.

While it is not obligatory under the terms of the signed agreement, but the association should dispose of their grain to this company. It is more than probable that such will be obtained which will also cover the charges of transportation as in the purchase of some other concern is the purveyor, the organization must stand these costs.

The worrying that many of the members of the association have been subjected to through fear that they would not receive the full \$1 agreed upon has been proved unfounded. A communication to the association has been made to stand his share of the general expenses of upkeep and maintenance. The power of determining what lands shall be included in the district rests solely in the hands of the board of county commissioners.

Due to the great drop, however, that the price of wheat has taken, it is possible that a \$1.00 in the market soon takes place, the loan company, by the purchase of 10,000 shares of capital stock outstanding, at a price of \$50 per share. This total of \$500,000 will include the water rights to the flow of the Snake river and the 25,000 acres that are irrigated annually from the proposed Murrumbidgee Falls reservoir under a contract with the federal government, and to seven more, yesterday from the power plant, ditches and all other equipment of the company.

The power plant of the present company is usually well equipped having two 500-horsepower pumps and five transformers. The plant is situated at the old town of Minner. Fairfield and Richfield will ship the water being pumped from the 12 cars immediately. H. J. Black Snake river above the Minner dam, leaving for that locality yesterday while about 15 miles of main canal take charge of the work while three more water users on the tract more cars are to be sent out from it is estimated that the annual cost of irrigation as soon as possible. His proposition. This is the third project he has undertaken, the others being drainage projects in the state of Washington and all of them have been unqualified successes.

Attorney J. E. Wiles, who was instrumental in the organization of the company, will have complete charge of all the negotiations for the disposal of the stock.

COUNTY AGENT POWERS MAKES CROP RECORD

Prepares Statistical Chart of Yields of Ten Major Crops of This Twp

H. E. Powers, county agricultural agent, is busy at work compiling a statistical chart of the yields of ten of the major crops of this county and is desirous of obtaining accurate and certified reports. This chart is for the use of the statisticians of both the state and federal departments of agriculture and will be given national publicity. All reports as to yields must be sent in during the early part of December.

At present, claims the world's record for potato yield with an average of 325 bushels per acre on a ranch near Kanab in the southern section of the state established in 1918. Washington is the holder of a similar title for the production of wheat, one rancher having an average yield of 117 bushels to the acre on an 11 acre field.

Figures on the yield of sugar beets are not at present available, but one man in this county has reported and proven an average of 25 tons to the acre on a six acre tract. This is thought to be a record although no definite substantiation has been secured.

The 10 major crops on which reports are desired are alfalfa, feed, alsike, red clover, potatoes, wheat, onions, beans, corn, beets and hay.

PERSONAL MENTION

Mr. and Mrs. G. F. Steelmath, motored in from their home at Hanson, yesterday for a short business and pleasure trip. Mrs. Lewis Miller of Ellers spent Wednesday afternoon in Twin Falls visiting the shopping district.

Mr. A. Lydia Dreher of Hanson was among the out-of-town visitors in Twin Falls yesterday for a few hours. Mrs. Peter Mal of Hanson was a Twin Falls visitor yesterday afternoon, visiting at the home of friends. Mrs. G. G. Victor of Null spent Wednesday afternoon in Twin Falls visiting the shopping district.

James W. Nance of Murtaugh is in Twin Falls for a short business and pleasure trip. Mrs. H. P. Gibbs of Rogerson was in Twin Falls yesterday between trains for a few hours shopping. J. W. Richards of Durley arrived in Twin Falls yesterday for a two days' business trip.

C. A. Kells of Boise arrived in Twin Falls last evening and will remain over Thanksgiving. A. A. Peterson of Castleford was in Twin Falls yesterday afternoon in the interest of business matters.

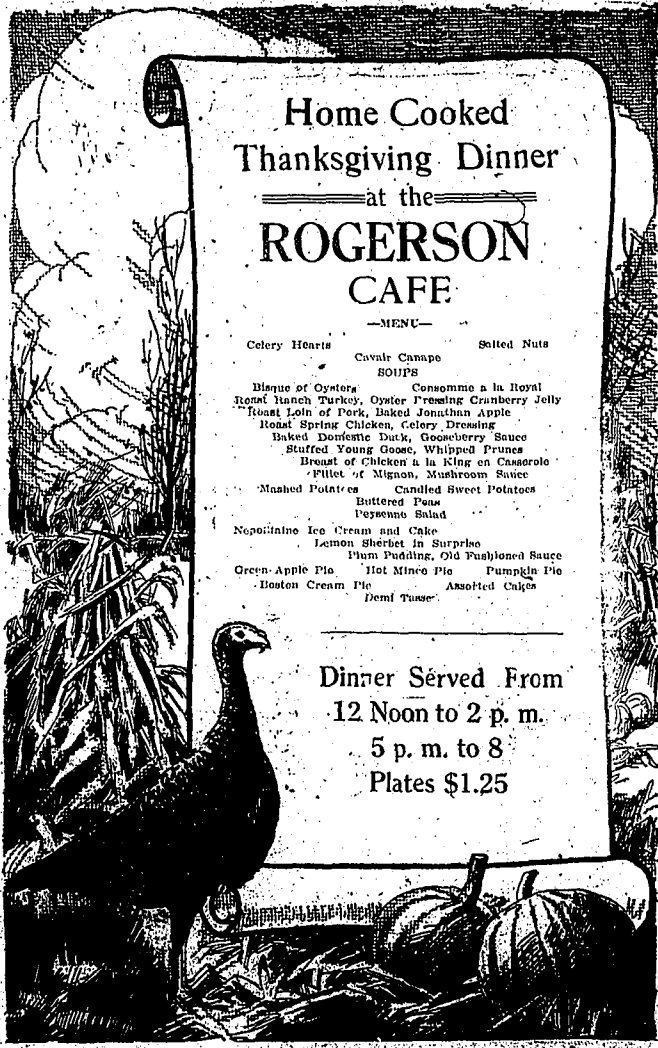

MAY USE ISLAND CLERKS. BOSTON, Nov. 24.—Shoppers in many stores in this city will soon be waited upon by sightless men and women if the plans made known today by the state commission for the blind, mature. Certain merchants have offered to furnish departments in their stores to be conducted wholly by those who as a result of the war or other causes have lost their sight.
