VOL. X, NO. 199.

TWIN FALLS, IDAHO, WEDNESDAY MORNING, DECEMBER 1, 1920.

PRICE FIVE CENTS.

PRESIDENT WILSON WOULD ACT AS MEDIATOR TO END HOSTILITIES IN ARMENIA

Proffers Personal Mediation
Through "Representative"
to League

WILL ENDEAVOR TO
BRING ABOUT PEACE

Says He is Without Authority
to Offer Military Aid
Without Consent of
Congress

WASHINGTON, Nov. 30.—President Wilson today proffered his "personal mediation through a representative" to end hostilities in Armenia.

In Reply to Invitation
The offer was in reply to an invitation from Paul Hymans, president of the council of the league of nations, transmitting a resolution adopted in behalf of Armenia by the assembly of the league at Geneva, November 22. It requested that the "horrors of the Armenian tragedy" be brought to the attention of the powers with a view to obtaining some power with the task of taking the necessary measures to stop the hostilities in Armenia. The United States, although not a member of the league, was included among the nations of the world to whom the broadcast invitation was issued.

Adoption of the resolution was preceded by some discussion of the feasibility of organizing an international mediator to intervene in Armenia, as called alternately by Turkish nationalists, the Bolsheviks and trans-Caucasian elements.

General Forecasts Action
In his reply however, Mr. Wilson said he was without authority to offer or employ military forces of the United States in any project for the relief of Armenia, or any material contribution rendering the consent of congress which is not now in session, and whose action he could not forecast.

The president declared however, he was willing upon assurances of the moral and diplomatic support of the powers, to endeavor to bring about peace between the contending parties in Armenia through arbitration. He asked suggestions as to avenues through which the offer should be conveyed and the parties to whom it should be addressed.

May Choose Morgenthau
Among officials in close touch with the president it was suggested that on account of the familiarity of Henry Morgenthau, former ambassador to Turkey, with near eastern problems, it was possible that he would be the "representative" through whom Mr. Wilson might act. The president already has before him much data bearing on the Armenian situation, which he has entrusted to his confidential Armenian boundaries.

Question as to the fate of the Armenian nation was asked in the league assembly at Geneva by Rene Viviani, of France, who declared that the attitude of the league toward Armenia would constitute either vindication or condemnation of the league to the world. The Armenian resolution was adopted by unanimous vote and it was expected to lead directly to the powers' mediation in the struggle between Armenia and the Turkish nationalists, who since the declaration of Armenia as an independent state after the armistice, have threatened to overwhelm the country.

GOVERNOR DAVIS NOT
FOR JAP. CITIZENSHIP

BOISE, Nov. 30.—Governor Davis today took on record against any treaty that will go to foreign born Japanese in Idaho or in this country the right of citizenship or to increasing the number of race within this country which cannot be assimilated into the existing form of civilization here.

ALBANIAN STUDENT ACQUITTED
PARIS, Nov. 30.—A young Albanian student charged with having shot and killed a French Albanian Premier June 13 last, was acquitted today.

BANDITS SECURE LIBERTY BONDS FROM MESSENGER

NEW YORK, Nov. 30.—Four bandits held up two messengers of the Manhattan Brokerage firm of Dean, Taylor and Company in Brooklyn this afternoon, seized a package said to contain \$467,000 in liberty bonds, fired a fusillade of shots and escaped.

Three of the bandits thrust the messengers' faces while the fourth snatched the package. Then, entering an automobile standing at the curb, they drove away.

The bonds, in denominations of \$5,000 and \$10,000, were being carried to Isaac Brothers, a hardware firm, in exchange for securities of small denomination. All but \$60,000 worth of the securities were said to be negotiable.

EIGHT BODIES FOUND

By the Associated Press.
SEATTLE, Wash., Nov. 30.—Eight bodies from the lost barge W. J. Pirie, including that of Mrs. Alfred Jensen, wife of the master of the vessel, have been found on the beach in the vicinity of Cape Johnson, according to a message from the coast guard cutter Shenandoah. Of the fate of 11 others aboard the vessel, nothing could be learned today, although searching parties combed beneath the beach for bodies that might have drifted ashore. The wife and baby son of Captain Jensen were passengers on the boat.

Unconscious and suffering from cold and exposure, the two sailors were found last night by an Indian patrol party and taken to the native village of La Push, where they were cared for by Mrs. W. S. Taylor, formerly a trained nurse, wife of the storekeeper at that place. Both are Chileans and unable to speak English.

According to the broken story told by the two men, the barge went down a few hours after the last report from the steamer Santa Rita, Friday afternoon, in the teeth of a 70 mile southeast gale. Both clung to lumber from the barge and were washed ashore. They saw the bodies of Captain Jensen and the mate and later found the body of an unidentified Chilean sailor, which they brought ashore.

WILL CONSIDER RELIEF
WASHINGTON, Nov. 30.—Messengers for the relief of the farmers will be considered at a joint meeting Thursday of the senate and house agriculture committees. The joint session was asked for today by the senate committee, which, at a special session to consider the question.

ELKO COUNTY TO ASK AUTHORITY TO ISSUE BONDS

Nevada Legislature to Be Asked to Permit County to Raise \$100,000 to All Railroad.

Immediately upon the convening of the Nevada state legislature in January, bill will be introduced authorizing the board of county commissioners of Elko county to issue bonds to the amount of \$100,000, the proceeds of the sale of which are to go toward the bonus fund for the construction of the railroad from Wells to Rogerson.

Through efforts of the Associated Citizens' legislators have been pledged to introduce and support this bill, while the county commissioners have given assurance that they will issue the bonds provided that the permission of the state assembly is secured, which is required under the state laws governing the issuance of securities.

It is declared that there is very little doubt but that the legislature will give the proposition its sanction and thus give another boost to the railroad that means so much to the country which it will serve.

Approximately \$40,000 has been raised by popular subscription in the campaign thus far, and officials both of the Idaho-Nevada Holding company and of the organizations pushing the proposition are very much encouraged over the prospects of the bond issue, as it was thought that \$50,000 would be the maximum that could be secured from the Elko county.

LEILA KLOPASH, director of publicity for the Associated Citizens of Elko county, who arrived in Twin Falls yesterday, having visited Rogerson, Amsterdam and Hollister spouses, declared that in all of these three communities, interest in the project is very strong. He interviewed, he stated, many of the most prominent citizens and business men at these places, and they assured him that they were heartily in accord with the proposed road and that they thought that they represented the general sentiment of their respective towns.

SELF SACRIFICE DAY AT NATION'S LEAGUE ASSEMBLY

By the Associated Press.
GENEVA, Nov. 30.—This was what might be called self-sacrificing day in the assembly of the league of nations. Spain and other Spanish speaking members sacrificed their request that Spanish should be made one of the official languages. M. Viviani of the French delegation, withdrew an amendment in order to enable the assembly to reach a unanimous vote on the rules of procedure, while Viscount Ishii, head of the Japanese delegation, in a speech that commanded great attention said that Japan would forego the renewal of its demand that the league recognize the principle of equality of peoples regardless of race, nationality or religion.

INVESTIGATION OF CONDUCT OF MARINES ENDS

Hearing of Conditions in Haiti Ends With Testimony of Colonel Hooker

PORT AU PRINCE, Haiti, Nov. 30.—The naval court of inquiry investigating the actions of American marines concluded its hearings in Haiti today with the examination of Lieutenant Colonel Hooker of the gendarmerie, who testified to the belief that 2,000 peaceful Haitians had been killed by bandits in the last few years. He declared that from March 1919 to October 1919, large farming and settlement areas were completely wiped out by bandits.

Col. Hooker gave a startling idea of the methods of the outlaws, citing nearly a dozen cases to show how bandits were multiplied. He said that in every instance they were decapitated and their vital organs removed and scattered along the trails.

Two marines were burned to death after torture, Col. Hooker asserted. He testified that he and his men killed the bandits and their abettors and sent them to the gallows and sent the bandits' heads to be crushed by the bandits' guns. The records, he said, showed that 22 gendarme officers were killed.

JEWISH LEADERS CONDEMN SPREAD OF PROPAGANDA

Brand As Forgery Protocol Claiming Jews Had Promotions in Conspiracy.

NEW YORK, Nov. 30.—A condemnation of the "wid-spread campaign of secret anti-Jewish propaganda in the United States" contained in a statement prepared at conference of several national Jewish organizations, addressed to "Our Fellow Citizens" and made public today by the American Jewish committee.

The statement brands as a forgery the "so-called" protocols of the Learned Elders of Zion, now being circulated by secret agencies to give rise to the belief that the Jews, in conjunction with the Freemasons, had been for centuries engaged in a conspiracy to produce revolution and anarchy by means of which they hoped to attain control of the world by the establishment of some sort of despotic rule.

Henry Ford's references to the Jews in his "Dearborn Independent" are denounced as false. The statement declares that "Ford, in the fullness of his knowledge, unqualifiedly declares the protocols to be a forgery, and argues that every Jew is a Bolshevik."

UNITED STATES PROPOSES NEW TREATY WITH MEXICO

WASHINGTON, Nov. 30.—A formal proposal from Secretary Coby that commissioners be appointed by the United States and Mexico to draft a treaty upon which can be based resumption of full diplomatic relations between the two governments has been taken to Mexico City by Roberto V. Pequeira, Mexican confidential agent in Washington.

This was disclosed tonight when the state department made public Mr. Coby's answer to Mr. Pequeira's recent letter urging recognition by the United States of the new government of Mexico. It was handed to the Mexican agent before his departure for Mexico City to attend the inauguration of President-elect Obregon of Mexico, December 1.

Referring to his conversation with Mr. Pequeira, Secretary Coby in his letter said they served to leave no

NEW LEADER OF REPUBLIC TELLS PLANS

OBREGON DISCUSSES
COUNTRY'S PROBLEMS

President-Elect Gratified at
Courtesy Shown by U. S.
Visitors to Inauguration

By the Associated Press.
MEXICO CITY, Nov. 30.—Mexico will not ask admission to the league of nations but should an invitation to membership be extended by the league, it would be given consideration.

This declaration was made by General Alvaro Obregon, president-elect of the republic, in an interview today with The Associated Press, during which he discussed various problems that will demand his attention when he assumes the presidency at midnight tonight.

Will Remain Aloof
General Obregon said he was certain that the provisional government under President De La Huerta had not requested such membership and it was the intention of his government to continue this policy of aloofness, his attitude being that Mexico in making overtures for membership in the league would engage in a humiliating act entirely inconsistent with its traditional national pride.

The correspondent was received in General Obregon's home, adjacent to Chapultepec castle, the presidential residence, where for several weeks the president-elect, because of a slight indisposition, has conducted his affairs. General Obregon, who is in the best of health now, presided at his discussion of Mexican problems with an expression of gratitude for the courtesy shown him by visitors who are in Mexico City for his inauguration.

"It indicates a better feeling between the two countries which will continue to grow," he said.

Discusses Projects
Petroleum regulations, the labor situation, radicalism and his proposed legislative projects were discussed.

"The great problem I face at the next Mexican legislative is that of general reconstruction," he declared. "I have reflected my attitude toward

GIVE UP PLAN FOR MEMORIAL FOR VETERANS

Monument to Have Been Erected in
Memory of Local Service Men
Will Not Be Built.

The idea of a memorial park in honor of Twin Falls veterans of the world war has been definitely given up, according to C. D. Thomas, president of the executive board in charge of the proposition, and the great majority of the money subscribed for that purpose has been turned over to the local post of the American Legion. Those who subscribed to the fund, but who refused permission to turn their money over to the organization, will be returned the amount which they donated, less the pro rata share of the general expenses incurred by the executive board. This deduction amounts to 18 per cent.

Between \$5,000 and \$7,000 has been placed in the hands of the soldiers organization, to be used in the construction of a memorial building and home, with the provision that the building be used for the use and benefit of all ex-soldiers in the county, whether or not they maintain membership in the legion. This total com-

prises approximately 50 per cent of the total amount subscribed, only 20 per cent of the donors refusing to give signed permission to the executive board to dispose of the funds in that way.

Letters have been written to all of those subscribers who refused to transfer their donations to the legion and will be mailed out about December 1, according to Mr. Thomas, and it is expected that the work will be finished by the 15th of that month. The amount so far refunded totals \$1200.

The original plan was to employ the funds in beautifying the land about Shoshone Falls, which is owned by the state and which has been dedicated for use as a public park, but the expense was found to be so great, and several other obstructions sprang up, that it was thought advisable to drop the matter. Members of the committee having charge of the work were: C. D. Thomas, president; Mrs. M. G. Hitley, secretary; C. J. Hahn, treasurer; M. J. Sweetley; R. H. Stevenson, Carrie Harper White and W. F. Bracken.

ROBBERS RETURN LOOT TAKEN FROM TWIN FALLS FIRM

Merchandise, Amounting to, nearly
\$1000 returned to Wright's Store
by Penitent Thieves.

When Wright & Sons store was opened for business, this morning a packing case containing over \$1000 worth of merchandise was reported before the front door. Investigation of the contents identified the goods as being that which was pilfered from the establishment last Sunday night.

Goods to the amount of approximately \$100 were returned, but the local authorities are at work running down several clues which may lead to the arrest of the burglars. Entrance to the store was gained by smashing a windowlight in a rear door and was discovered by the night merchant's police.

Deputy Sheriff H. C. VanAalsdalen, who went to Burley following the robbery here to make an investigation of several alleged suspicious characters, reports that he found nothing which would connect them with the crime in this city. Stops have been taken by the Burley officials to prevent any transient merchants or vendors from disposing of their wares until the source from which the merchandise originated has been thoroughly investigated.

STORAGE IN JACKSON LAKE SHOWS INCREASE

The latest report from Moran, Wyoming, at the outlet of the Jackson Lake reservoir, shows that the amount of water in storage there totaled 201,540 acre feet on November 20, the amount being conserved on the same date a year ago being 41,620 acre feet. Water stored during the week ended Nov. 20 amounted to 3,550, and during the same period last year, 6,510. Precipitation for this same week totaled .75 inches and for the corresponding week last year, zero. Precipitation from Sept. 1 to Nov. 20, 1920, is placed at 4.87 inches, and for the similar period last year, at 5.42 inches.

THEFT OF HAM BRINGS DOG IN PROBATE COURT

A dog may be the best friend of man, but that fact did not prevent the canine belonging to M. Lyons of Fourth avenue east, from getting her into court yesterday afternoon.

L. Hansen appeared before Probate Judge O. P. Duvall yesterday and swore out a search warrant, having lost a ham and having seen it in the possession of one of his neighbors. The warrant was issued and a search of the premises disclosed the presence of the ham, Mrs. Lyons admitting that it might be the bone of contention.

Further investigation, however, showed that Mrs. Lyons does have been making a feast on the meat, whereupon she had taken it away from them and after cutting off the portions which they had touched, decided to put it to a more humane use, thus resulting in its being found in her possession.

FACTORY EMPLOYEES TO AID FELLOW WORKERS

CINCINNATI, O., Nov. 30.—The 500 employees of the Nash Clothing Manufacturing company in this city which is operated on the "golden rule" basis today at a meeting decided voluntarily to surrender their jobs for a month, either January or February in order to give work to the unemployed of other clothing factories.

They took this action after Arthur Nash, former minister and president of the company, had stated that clothing manufacturer were closing in all parts of the country and that thousands are being thrown out of employment.

The employees also agreed that if wages increased to reduce wages in other firms down the prices of clothing and stimulate business, that those earning more than \$5 a day would be the first to consent to a reduction.

WILL AID FRAMING OF WOOL EMBARGO

SALT LAKE CITY, Nov. 30.—With a view of furnishing data required by Senator Reed Smoot in his introduction of a bill at the coming session of congress calling for an embargo on all foreign wool, Frank J. Henshaw, president of the National Wool Growers' association, left for Washington today. En route they will stop at Chicago to confer with officials of the National Farm Bureau and obtain further information there for presentation before the legislators.

FIRE COMPANY MAKES DIVIDEND REDUCTION

AKRON, O., Nov. 30.—Directors of the Firestone Tire and Rubber company today notified common stockholders that the dividend payable December 30 would be at the rate of six per cent a year instead of eight per cent. This is in line with the

conservative policy adopted by the company to conserve cash resources during the present readjustment period, the notification said.

The directors also announced that all salaries would be reduced ten per cent effective at once.

No change was made in the wage scale now effective in the factory.

ANNULMENT CASE HEARD IN DISTRICT COURT

The hearing of the evidence in the case of Frank C. Williams against Mary Williams was commenced in the district court yesterday, plaintiff requesting an annulment of his marriage to defendant and alleging that she would him and that she has never been divorced from her alleged first husband, now alive.

Defendant in this case did not appear, either in person or by counsel, and the case was continued, the court holding that sufficient evidence to prove the allegations in the complaint had not been adduced. Plaintiff is represented by Attorney E. L. Ashton. The case of the state against J. Kawai was continued until this morning because of the absence of two of the former's witnesses. Kawai is charged with forging the name of U. Watanabe to draft for \$400, the draft being cashed by John Urdila. Urdila and John G. Bradley, cashier of the Twin Falls Bank and Trust company, appeared yesterday and testified, Urdila having in turn cashed the draft at that banking institution. W. S. Baly and Edith Baly, charged with the commission of a statutory offense, were found guilty and fined \$300 and \$200 respectively, the former paying the costs. They paid their fines and were released.

JUDGMENT WITHHELD IN BRENNAN CASE

Judgment in the case of James Brennan, charged with attempting to defraud an inkkeeper of a board bill, was withheld yesterday by O. P. Duvall, judge of the probate court, upon receipt of his promise that he would stick to his job and pay his debts in monthly installments. The complaint was preferred by the Pacific hotel. Brennan has a wife and two children, a fact which influenced Judge Duvall in withholding judgment.

WHEAT GROWERS WILL HOLD KIMBERLY MEETING

There will be a meeting in Kimberly next Thursday at the office of the Zuck and Adams Real Estate firm under the auspices of the Idaho Wheat Growers' association. Dr. John E. White, president of the local branch, will address the meeting, organization matters and questions pertaining to the wheat of the Idaho Milling company at Oqon for a loan of \$1 on each bushel, being taken up at the meeting.

WILL GIVE LECTURE

A free lecture on Christian Science by Dr. J. M. East of Kansas City, Missouri, will be given in the high school auditorium on Friday, December 10, at 3:15 p. m. The public is cordially invited to attend.

G. A. R. TO MEET

Dr. McCook post of the G. A. R. will hold its regular meeting December 4, at which meeting the election of officers will be held and other important business will come before the post.

CHIEF WHITE IS BURIED

SAN FRANCISCO, Nov. 30.—Accompanied on his solemn way by recovery policeman in the city with the exception of the traffic squad and

a few vitally needed for duty elsewhere, the funeral of Chief of Police D. A. White was held here today. A requiem high mass at St. Mary's cathedral and the procession of San Francisco, Oakland and other police with draped stars and batons, marked the obsequies.

WILL EXAMINE BANK

BISMARCK, N. D., Nov. 29.—The state board of auditors late today decided to make an examination of the bank of North Dakota next month. The board has authority to make such an examination under an initial law adopted at the November election which becomes effective December 27.

RAISIN CROP LARGE

FRESNO, Cal., Nov. 29.—The 1919 crop of the San Joaquin valley was sold for approximately \$50,000,000 and comprised 122,591 tons, the California Associated Raisin company

handling 159,160 at a sales return of \$43,180,254.41 according to its annual report made public here.

REVENUE BOAT SERVICE

GALVESTON, Texas, Nov. 29.—Regular steamship service between Galveston and Tampico and other Mexican ports will be resumed at once, according to an announcement by the Mexican navigation company. Both freight and passengers will be carried.

SECURE LICENSE

A marriage license was issued yesterday to Percy B. Ruxley, 45 years old, of Buhl, and Carrie E. Ferguson, 42, of Portland, Oregon.

PEACE COMES TO MEXICO AFTER TEN YEARS OF STRIFE

The Induction Into Office of General Obregon Marks New Era for Southern Republic.

MEXICO CITY, Nov. 30.—The induction into office of president of General Alvaro Obregon means peace for this republic—peace, the condition little known here for 10 years.

Of course it may mean progress. It may mean wise statesmanship and prosperity, but the people of Mexico want peace and they elected the most popular man in their realm to give it to them.

Ever since the election General Obregon and Provisional President de la Huerta have been busy pacifying all factions. His aim has been peace at any price, for Mexico never had a president or a leader that couldn't make war, but it has had few that could establish peace.

So the new regime took up with General Peñon, in the oil district; with the General Zapata factions in the state of Morelos; with Pancho Villa and the Yaqui Indians in the north, the question of peace.

It literally went into the market and bought peace. Peñon had caused much trouble in the oil district of Tampico, and he is now settled down

to quiet life; General Zapata "died in action" six months ago, but his followers, who still menacing things, were conference was called, and the story of how General Villa was put on a ranch in Zacatecas and given a life-time job, being "good" is too familiar to repeat. The Yaquis are quiet for the first time in years—the fact, it is said, nobody but Obregon had been able to get them to abandon the war path.

Real Peace-Work.
So the man who took office here Wednesday bids fair to become the world's champion peace-maker.

Villa and another brigand—a man who at one time murdered 65 persons, and who has since been drowned—killed an Englishman in 1917 named Benson. Obregon didn't argue the question long as to whether the Mexican government was responsible for this killing. He simply said "how much do we owe you?" and he agreed to give the English government \$20,000 as indemnity to the relatives of Benson.

This transaction was made by the provisional government, but it is known that Obregon was the moving spirit of the peace program.

In this respect it is believed Obregon will establish justice and depend upon the Washington administration to extend recognition, regardless of whether certain exploiters are satisfied.

One of President Obregon's first acts will be to float a large loan, if that is possible. What Mexico needs now is money. The public debt is around \$50,000,000 and her finances are in bad shape. The tight money market is probably the worst handicap Obregon faces.

WILL CONSIDER LEGISLATION TO HELP FARMERS

Meeting of Joint Committee From House and Senate Called to Plan Aid in Failing Crops

WASHINGTON, Nov. 30.—Possible remedial legislation for agricultural markets for surplus products, some joint meeting of the agricultural committee of the senate and house next Thursday. The senate committee went over the situation today and invited the house committee members to meet with them at that time, to see what could be done to alleviate the situation caused by falling prices for farm products.

Senate committee had tentative suggestions for consideration included:

Revival of the war finance corporation and the opening of European markets for surplus products, some plan for extending credit to foreign nations and amendment of the federal reserve act to afford extension of credits on agricultural crops.

Senator Norris, Nebraska, said establishment of trade with Russia will be one of the means of relief. Senator Francis, Maryland, another member of the committee, plans to introduce a resolution for the purpose.

Senator Harrison, Mississippi, also a committee member indicated that congressmen from cotton states were ready to join with those from the wheat and cattle states in pushing relief legislation. The Mississippi senator said he wanted to see the war finance corporation revived and provisions made for government loans to the agricultural interests.

The government encouraged the farmers to make this crop, which was of a very high cost of production and the government ought to apply exceptional treatment to aid them," asserted Senator Harrison who said he had bills to offer dealing with the problem if the joint committee session reached no definite program.

The senator said he would also favor making property in the hands of the alien property custodian, amounting to about \$400,000,000 available for extending credit to Germany to purchase surplus American supplies.

By LORRY JACOBS

I saw a ragged, tattered waif who yet smiled up at me. "How can he smile, when he's so poor? It is a mystery." Said Sonny Smiles who walked with me. "The answer's easy, clear. He does not know what money is and so he knows no fear."

And then we saw another chap who was not poor but yet he looked as though he might do well if more world's goods he'd get. "You'd like to know why that smiles?" said Sonny. "Here's the dope. Although he has no coin, it's true, a fortune's his in hope."

And still another passed our way—a bustling, busy man, who whistled as he hurried past—in fact, he almost ran. "That man can smile," said Sonny, "because he's found success. And forging on towards his goal is sure for him—no guess."

"And so you'll find," said Sonny Smiles, "the scheme of things is fair to all of us, if we see right, and dodge all needless care. No matter what our walk of life or how much wealth is ours we've got a reason for a smile that shortens weary hours."

IF BACK HURTS BEGIN ON SALTS

Flush Your Kidneys Occasionally If You Eat Meat Regularly.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores as they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headache, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of grinding, getting about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it is no longer irritating, thus "curing" kidney disorders.

Jad Salts is non-toxic and does not irritate the stomach. It is a powerful effervescent salt water which when taken with regular meals cures all kidney ailments, then to keep the kidneys healthy and the blood pure, thereby avoiding all kidney complications.—ADV.

BACKING GOOD GOVERNMENT.

There are always plenty of good citizens to condemn bad government, but many an honest attempt at good government has failed for lack of similarly pronounced interest. An effort to reverse this situation is under way in one of the many cities where crime and crookedness have flourished of late.

The resignation of the former mayor brought a new incumbent into office automatically. As he was a quiet man, with a good but uneventful public history, and had but part of a term to run, little was expected of him in remedying the evils which had flourished under the former executive.

The quiet man proved to have ideas of his own. He started a clean-up in every department over which he had jurisdiction. He took the police out of politics and set them to catching crooks. If there was any failure to connect between arrests and convictions, he hunted the weak spot mercilessly, from the judges' bench to the janitorship of the police station.

When the reputable citizens awoke to what was really going on, they formed themselves solidly to support the mayor. If, at the end of his term, he refuses re-election, no candidate will be considered who will not agree to carry on for a clean town. Failure to make good will be considered reason for removal from office. The women's clubs have signified their intention to co-operate actively. It is believed that one year's honest, unfeared administration, backed with the support of the best element of the city, will see the end of crime as a serious problem in the community. No one can tell whether this belief is justified or not, but almost any desired result may be expected when citizens join forces with their city government to promote the common good.

APPLE YEAR.

"An apple a day keeps the doctor away," ran the old rhyme. There is much truth in it. Many of the illnesses of winter, particularly the heavy colds, might be avoided if apples were more freely used.

When winter comes, people are apt not only to close up houses and offices so that they get much less fresh air than during the open months, but to confine their vegetables to the heavier varieties. Their fruits are too often confined to those put up in sugar syrups, which add to the heaviness and richness of the winter fare. The system can manage a richer dietary when the thermometer is low than when it is high, because it needs additional fuel to keep the body warm. But it needs the mineral salts, the water-soluble vitamins, the fresh acids and other qualities which make the fresh fruits and salads of summer both palatable and wholesome.

The addition of a box or two of apples to the cellar of the average family will correct these evils. There is hardly a fruit which is susceptible of so many varied uses. What with apple pie, apple sauce, baked apples, apple dumplings (a whole meal in themselves), apple-nut-and-celery salad, fried apples, stewed apples and the apple butter, not to mention the children's apple between meals, and the big bowl that stands on the living-room table to be eaten with the evening book or talk, a box of apples has a way of vanishing pretty rapidly. In putting in the winter stores an allowance of two apples a person per day is none too much.

Fortunately this is apple year. More apples, and fewer hard colds ought to add greatly to the family happiness in the coming winter.

THAT EARLY SHOPPING

The usual pleas to the public to do its shopping early are to be seen on every hand. Some people will obey the injunction, and indeed are to be seen even now with furrowed foreheads

and closely clutched Christmas gifts. But the standing army of those who put it off to the last minute will be well recruited, as always.

Because this is a somewhat uncertain year in business, there will be a larger number of people than usual who will decide to give no presents. They will hold to their determination heroically until about Dec. 23, and then go pro-Christmas with a rush. Besides these people, there will be the grand old guard whose nature it is in any circumstances to consider any amount of time as plenty of time, no matter how much of it lies behind them.

There are several good reasons for lining up with the early birds. The stocks are better, the clerks less tired, and leisurely selection is usually in the interest of economy as well as otherwise more satisfactory. Perhaps the best reason for buying gifts now is that it leaves the shopper free to enjoy the spirit of Christmas when the day draws near, instead of being distracted with hurry, or pestered with a guilty feeling that while all the world was thinking of somebody else he was wrapped in his own concerns.

INDIAN SELF-DETERMINATION.

The Society of American Indians has recently been in session in St. Louis. Like many another group, the Indians have their own special grievances and their "demands" to make of the government.

Among the resolutions adopted at the convention was one condemning the present Indian bureau system, and urging that the Indians be placed under the laws of the respective states in which their reservations are located. This would permit the Indians, many of whom are skilled in agriculture or live stock raising, and many of whom are educated, to run their own affairs with no more restrictions or supervision than citizens normally experience.

Another resolution protested against the removal of Indians from their long-established homes or the establishment of water power projects in reservations without their consent.

What should be done about the Indians is something the average citizen is incompetent to say, because most Americans know little about Indian affairs. Where the Indians are skilled and trained in their particular occupations, and where they are sufficiently educated to transact business and handle their affairs without being put at a disadvantage by unscrupulous exploiters, it seems reasonable enough that they should prefer to enjoy the self-directing status as other citizens and residents of the country.

WOMEN IN THE JURY ROOM

A reporter who covered a case in the district court of Orange, N. J., in which the jurors were all women, avers that, sticking around after the jury had retired to consider its verdict, he heard these remarks floating through the transom:

"Anyway, he's too nice to be guilty."

"He is guilty, so there!"

"He is not!"

"He is, too!"

"He is!" "He isn't!" "Yezzzzzz!"

And so on for 20 minutes, until "from out the maelstrom of altissimo forensics" came this ultimatum:

"You girls can stay here all day if you want to. My husband is going to be mad if dinner isn't ready, and I'm going to beat it right now and run over to the delicatessen store."

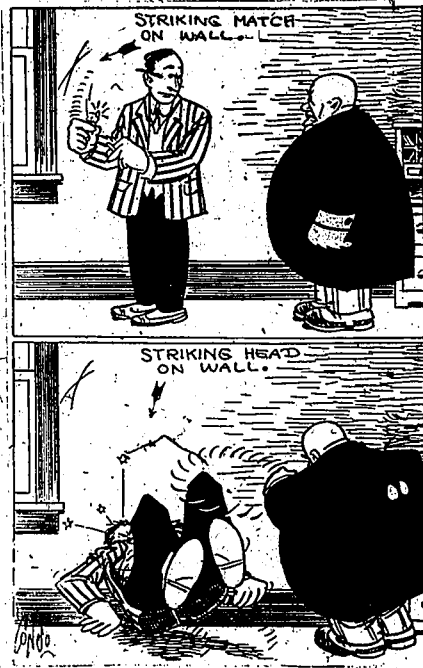

Two minutes later the jury brought in a verdict of guilty. But it wasn't altogether the aforesaid ultimatum that did it, the reporter intimates. The attorney for the defense had made the tactful mistake of declaring, in summing up his case, "I appeal to you as women of average intelligence."

Now, to make the picture complete, let some veracious person exhibit the process by which an ordinary male jury arrives at its verdict.

Australian colleges have no presidents, and refuse to have any, because, they explain, they have heard that American college presidents are autocrats. Nothing personal about that, have heard that. b.f.d...saemia 12356 shrdlun we hope.

Astrological note: About this time of year, the sidereal influences tend to arouse a general desire for better roads. Even the uninitiated can see the stars, and feel their influences, as they bump along.

OUTBURSTS OF EVERETT TRUE

NEW LEADER OF MEXICO TELLS PLANS

Continued From Page One.

various problems in a series of projects which I have submitted to congress for consideration.

"Of first interest to America, of course, is the oil problem and in this connection I might say that articles 14 and 27 will not be abrogated. But I am sure that within a short time a commission will be appointed to regulate the application of these articles.

"Will Ask Fair Treatment
"I do not intend to make any recommendations to congress regarding petroleum matters beyond urging that the commission be established and that all parties concerned be given fair and just treatment. I feel certain that this problem ultimately will be settled to the entire satisfaction of all concerned."

Asked what he considered the most significant results accomplished by the new Mexican government, which retired tonight, General Obregon answered that undoubtedly its greatest work was the pacification of the republic, which, he said, "is a consequence to the revolutionary movement of last summer."

The institution of economical methods in public administration, which has resulted in the equalization of the national budget and an approach to financial stability was cited by the president-elect as another significant result.

Labour is Greatest Problem
"One of Mexico's greatest problems at present is of labor," General Obregon said. "I am positive that radicalism is not so widespread that it constitutes a menace to the peace of Mexico. However, I do recognize that the workers have the right to fight for the betterment of their conditions and my government will lend all possible aid to secure such betterment, if the workers act within the law and order."

Disarmament—President-elect recently submitted to congress a law which contemplates a system of pensions and insurance policies for employees who have grown old in service or who have become disabled as the result of their work. Certain wage increases are also proposed by the law.

Disarmament—President-elect recently submitted to congress from which he wishes to increase the responsibilities of the president and his aides. General Obregon declared that the constitution of 1917 delivered too much power to the chief legislative without providing sufficient responsibilities and that it was the exercise of these almost tyrannical powers by Carranza that led to the revolution against him.

The various members of the cabinet would be made equally liable for not opposing the chief legislative in such dissensions.

Take the oath of office tonight with the profound feeling that I have an immense task before me, concluded the president-elect. "I shall strive to administer my office with due regard to justice for all abiding by the law and the constitution. With the cooperation of the country at large I hope to see unbroken peace and the prosperity of my country."

DISCLAIMERS REPORTS
LONDON, Nov. 30.—United States Senator Medill McCormick of Illinois on his arrival in London today from the United States disclaimed reports

that he was visiting Europe to feel out the nations on a new plan for a league of nations. He said his trip to Europe had no political significance. He will visit Paris, Rome, Prague, Warsaw and Berlin.

CHECK EXPRESSED FEAR
PHOENIX, Ariz., Nov. 29.—Ten days before the death of Thomas J. Check, 77-year-old health seeker, reputed wealthy, he expressed fear for his life and applied for aid. Mrs. Lillian Warner (Gorman) later today in the preliminary examination of Mr. "Victor Check," charged with the former's murder.

CHAIRMAN FURNAL FRIDAY
LONG BEACH, Cal., Nov. 30.—Funeral services will be held here Friday for Eugene W. Chaffin, production chairman in 1908 and 1912 who died as his home here today. Burial will be at East Troy, Wis., where Mr. Chaffin was born November 1, 1852.

URGES ADMISSION OF GERMANY TO LEAGUE

BERLIN, Nov. 30.—Dr. Bernhard Dernburg, former minister of finance and secretary for the colonies in an open letter to Horacio Pueyrredon, Argentine foreign minister who is head of the Argentine delegation to the league of nations assembly, urges him to use his good offices to secure the admission of Germany to the league of nations.

Dr. Dernburg lays emphasis on the declaration of the German foreign secretary, Dr. Simon, that Germany would not care to enter the league unless she were welcome to the other members.

It is asserted by Dr. Dernburg that the German people are deeply wounded by the spirit of the Versailles treaty, which, he says, attempts to stamp Germany with marginal inferiority. He denies that Germany committed any acts before or during the war which her former enemies had not also committed. In this connection, the writer declares that Germany is, at any time, to go before an impartial tribunal and accept its verdict, since Germany desires but one thing—justice.

NORTH DAKOTA BANKERS TO SEEK FINANCIAL AID

FAIRGO, N. D., Nov. 30.—The executive council of the North Dakota State Bankers' association after all day session here tonight pleaded its cooperation with the banks of North Dakota, outside investment firms and individuals to bring financial aid to the state.

Eighteen state banks have closed recently because of depleted reserves due, it is said, to failure of farmers to meet loans and refusing to sell grain until prices are higher. Resolutions were adopted asking that congress be urged to take immediate steps to restore "fair and equitable prices for grain and cattle."

BOLLING DENIES HE PARTICIPATED IN SLUSH FUND

Brother-in-Law of President Makes Statement Concerning Alleged Gift in Shipping Board

NEW YORK, Nov. 30.—R. Wilmer Bolling, treasurer of the United States shipping board and brother-in-law of President Wilson today emphatically denied allegations that he had participated in the \$250,000 fund alleged to have been distributed by Tucker K. Sands for securing a contract with the United States Shipping board.

Bolling was a voluntary witness before the Walsh congressional committee which is investigating shipping board affairs.

Sister, who also appeared voluntarily before the committee, was shown the photostat copy of Sands' charges, now a part of the record and he made positive denial of the allegations against him.

Supplementing a statement made to the press this morning, which was read into the record of the proceedings, Bolling testified that his first intimation of the charges came to him in the form of an anonymous letter addressed to Joseph P. Tumulty, followed by a similar letter addressed to William G. Macdonald.

"There is not a word of truth in the allegations made by Sands," Bolling said.

He added that the letter which alleged that he participated in the fund, had been turned over to the department of justice. He testified that the charges against his name and reputation had been investigated not only by the department of justice but by shipping board officials and had been found to be without foundation.

Alonso Tweedale, comptroller of the board was called as a witness and testified that prior to his recommending Mr. Bolling for the appointment as treasurer of the shipping board he had been informed of the allegations by Bolling himself. Tweedale testified he ascertained that the charges against his name were unfounded by Hiram Thomas, assistant attorney general, through the secret service branch of the government, and was found to be nothing wrong with Bolling.

He also said that he had talked with John T. McLean, investigator for the shipping board and was given similar information.

"McLean told me there was nothing to implicate Mr. Bolling," the witness asserted.

The witness said that he considered Mr. Bolling an "eminently straightforward and honorable man."

"Bolling," he added, "has millions of dollars in his hands every day. I would trust any matter to his care knowing it would be taken care of as well as I could do it myself."

REPRISALS TAKE PLACE THROUGHOUT IRISH CITY

CORK, Nov. 30.—The odor of charred, or smouldering wood prevails in Cork and the main street is unrecognizable with the debris of fire wrecked houses.

Since Friday the entire city has been lighted by the glare of incendiary fires, which have destroyed a dozen large buildings, causing loss estimated at about \$1,500,000.

Early today a second unsuccessful attempt was made to burn the city hall which was recently badly damaged by a bomb explosion or a fire.

No less than five Sinn Fein clubs have been destroyed.

The present series of fires followed warnings that reprisal would take place unless three army officers kidnapped recently from a train at Waterfall were returned unharmed.

A report which has not been confirmed is that the bodies of all three of the officers were found in a field near Waterfall.

OFFICERS DISCOVER STOLEN BILL CACHE

OMAHA, Neb., Nov. 30.—Ten dollar bills, totalling \$28,898, reported today recovered by the federal forces as part of the loot taken by the men who committed the big mail car robbery in Council Bluffs, Ia., November 13 last, were found in a cache at the home of Keith Collins, in Council Bluffs, according to post-office inspector W. M. Coble, of Omaha.

NEWFOUNDLAND PLANS SOLDIERS' MEMORIAL

ST. JOHN'S, N. F., Nov. 30.—Newfoundland, which contributed a very large proportion of her population to the British land and naval forces in the World War, is making preparations for the construction here of an elaborate memorial to those who fell on the field of battle or went down with torpedoed ships. Plans have been drawn for a memorial arch, with

a monument beneath, leading through a colonnade to a normal school building. In which the central hall will be designated as Memorial hall.

In the hall will be displayed tablets bearing the names of all Newfoundlanders who gave their lives in the war.

It is estimated that the cost of the project will be about \$250,000. It will be raised in part by popular subscription and it is expected that the government will provide the funds for the school building.

The site of the memorial will be the Parade Ground in St. John's.

WISCONSIN ESTABLISHMENT OF TAX COMMISSION

WINNEBAGO, Wis., Nov. 30.—A move for the establishment of the Nevada State Tax Commission and other commissions at the coming session of the legislature, and for drastic reductions in state expenses has been started by the Nevada Taxpayers' association, which met here recently.

W. C. Nowara, an expert on land values and taxes, said the legislature would be presented with a balance sheet showing that ranchers and live stock raisers cannot continue to do business at the present rate of taxation and the present prices they receive.

Nowara is preparing a table which will be presented to the legislature, showing how taxes have outgrown production while at the same time the state's population has decreased in the last ten years.

J. Sheehan, state senator-elect, and W. A. Brown, assemblyman-elect, expressed themselves as in accord with the Live Stock association, suggesting he believe a cut of 50 per cent could be made in state expenses without affecting the efficiency. Referring to the plan to build a new prison, Sheehan said:

"With a population of only 77,000 we must think we are all criminals if we build a new prison."

GOVERNORS MEET FOR ANNUAL CONFERENCE

DIATHIRSHURG, Pa., Nov. 30.—Governors and government elect from all parts of the country arrived today for the twelfth annual governors conference which will begin its three day session at the state capital tomorrow.

Governor Spruiell of Pennsylvania arrived here yesterday, personally in his office at the capital.

Governor Coolidge of Massachusetts with Mrs. Coolidge is expected to arrive in time for the welcoming banquet tomorrow evening. They will be guests of Governor Spruiell during their stay.

Tomorrow's exercise begins with an address of welcome by Governor Thomas E. Campbell of Arizona.

In the afternoon Governor Henry J. Allen of Kansas will speak on "The responsibility of the state industrial union."

Governor Spruiell will preside at the opening session of the conference which afterward will be directed by a legislative committee consisting of Governor Spruiell, J. B. Robertson of Oklahoma, and Simon Humberger of Utah.

SAYS BOLSHIEVISM HAS NO HOLD IN LITHUANIA

LONDON, Nov. 30.—Bolshevism has never gained a foothold in Lithuania, says Dr. Joseph Purvickis, the Lithuanian minister for foreign affairs, who has just arrived here to take his post as ambassador to the British government. Various attempts, he said, have been made to introduce it there by Russian emissaries, but he declared there was no truth in rumors that a pro-bolshevik dictatorship was contemplated in the new country or the Baltic.

"In my country there is not even a Communist party," said Dr. Purvickis. "Of the 112 members of our National assembly, 68 are Christians, 29 belong to the Farmers' union, 15 are socialists, of a moderate type; six are Jews and three may be described as friendly to Poland, although they are adverse to a union of Lithuania with that country."

REFUSE TO DISCUSS CLOSING OF BANK

STERLING, Colo., Nov. 29.—Neither James P. Burney nor National Bank Examiner Roy E. Smith would make a statement tonight, explaining the closing today of the Farmers' National Bank of Sterling, a member of the Federal reserve system.

The closing of the bank followed a conference of directors and officials with Examiner Smith, lasting from Saturday night until this morning. The bank had extensive loans among farmers of this district.

The November 15 statement of the bank which was organized in June, 1909 showed deposits of \$1,850,876.29 and loans and discounts of \$1,697,810.72. According to the statement, there was due the federal reserve bank \$259,080 and other banks \$232,005.19.

Bank officials said they would make no statement pending the arrival of the chief national bank examiner.

MAKES PROFIT IN CHICKENS

TACOMA, Wash., Nov. 30.—Alma Ocken, age 15, a McKenna school girl, shared \$451.33 from her stock of chickens for the year just ended and made one of the best records reported to the County Boys and Girls club. She has 210 chickens, and they produced 224 dozen eggs during the year. The eggs sold for \$66.72, and gave her a net profit of \$451.33.

CALIFORNIA BEARS ARE THE HIGH SCORING MACHINE OF THE PACIFIC COAST CONFERENCE

U. of C. Favorites to Meet Ohioans in New Year Classic at Pasadena Carnival of Roses

Buckeyes' Aerial Attacks May Prove Stumbling Block to Westerners Declares Sport Writer

By Dean Snyder.

With the California Bruins and Ohio State invited to furnish the gridiron entertainment for the Rose tournament at Pasadena on New Year day two different kinds of scoring machines will be brought together.

The Buckeyes, champions of the Western Conference, are a low scoring team. They won the title honors with a season total of but 27 points. Almost in direct contrast to them the University of California team is the highest scoring team of the conference.

Scoring Machine.

Against the strong teams of the Pacific Coast conference, including the Washington State, Oregon State, Oregon Aggies and Stanford, the Californians piled up 44 points to their opponents 14 this year—and those 14 points were the result of a fumble in one game and a doubtful kick in another.

Any team that has attempted to play old-fashioned football against the Bears this year has been up against a brick wall defense. But followers of the Ohioans know that they are a forward passing team, who have no regard for the old style line football.

California Stars.

The Californians have four outstanding stars on their eleven this year. They are "Buck" Muller, end, and an All-American man, "Pokey" Sprott, half-back, Dan McMillan, tackle and J. B. Morrison, full-back. All four of these men are whales on defense and offense. Sprott and Muller were both members of the Olympic team.

Muller's Speed. Muller, right end, although he is but 19, is one of the most powerful athletes ever developed on the coast. He weighed 188 pounds and is considered the fastest running Californian. Squads have had in the last 10 years. Working with Erb, the 160-pound quarter, Muller has proven to be the most consistent forward pass ground runner of all the Coasters.

He's a red-headed, Irishman, and never speaks from the time whistle blows until the quarter is ended, but he tackles 'em till their teeth crack and can be counted on to eliminate two opponents for each play coming around his end.

Whipsnap Tackle. Sprott, backfield star, has been a great ground gainer for the Bears. His method of whipsnap tackling whereby he grabs his man by the arm and spins him round for a big toss has many times caused a three or four-yard loss to his opponents and their consequent loss of the ball.

At tackles the Californians have a pair of fast darting men who weigh 135 pounds in Dean and McMillan.

His Ten First. McMillan is a heady, quick-thinking man and plays the "hit 'em first" sort of game. He has been one of the main reasons for keeping the Californians goal line practically unbreached this year.

Morrison has stood out as one of the best full-backs on the coast. He weighs 175 pounds and his plunges have made it possible for his team to march straight down the field without having to resort to over-the-top play. He boote consistently for 60 yards and several of his kicks have measured 70 yards. He is 6 feet 1 inch and when charging resembles a bat-

tering ram with his head ducked down as he plows through.

Ohio's Threat.

It will be interesting to note just how the forward pass' wonder team of Ohio will stack up against the high scoring machine of the west.

Will the Buckeyes' quarterback, "Hog" Workman; and his speedy running mate, Pete Stuchcomb, be able to pull the New Year day game out of the fire in the last minute of play as they won the Western Conference title from Illinois?

The Californians will have to watch 'em.

HOLD MOSS FOR KILLING OF PEIRCE

PITTSBURGH, Nov. 29.—Jack Moss of Philadelphia was arrested tonight and according to the police, is being held in connection with the killing of Henry T. Peirce, in his apartment at Philadelphia two weeks ago. Clyde S. Edeburn, captain of detectives, announced that Moss had told him he was present when Peirce was killed but that the prisoner said he had no actual part in the killing.

Moss came to Pittsburgh with a man named Williams last Tuesday and registered at the hotel. Williams secured a position as clerk in the hotel, and when he disappeared today, Moss missed his overcoat and reported the case to the authorities.

While lodging his complaint a detective is said to have recognized him as answering the description of the suspect in the Peirce case, four missing front teeth being the main link in the identification.

He was arrested and after a brief interrogation, Captain Edeburn announced that the prisoner had admitted he was in Peirce's apartment when the killing took place but said he had taken no part in the actual killing.

When first questioned, Captain Edeburn said, Moss told him that Treidway had hit Peirce with the butt of a pistol as the party entered the latter's apartment, but later, in a written statement, he had changed his story and accused a man named "Al" of striking the blow.

SPORTSMEN WANT ELK.

WINNEMUCA, Nev., Nov. 30.—The plan of the sportsmen's club of Elko, Nevada, to secure fifty elk from Jackson's Hole, Wyoming, and ship them to Elko, is opposed by the Nevada Live Stock association. It is estimated that fifty head of elk will increase in ten years to 2,500, and the deer crowd out that many cattle. The elk at Jackson's Hole are owned by the federal government and a lumber bar may be secured by a community

U. of C. Favorites to Meet Ohioans in New Year Classic.—This group of stars has made the University of California a great scoring machine this year. They are "Buck" Muller, end, and an All-American man, "Pokey" Sprott, half-back; J. B. Morris in, full-back, and Dan McMillan, tackle.

free of charge, by paying the freight, and upon the showing that the elk will not be a detriment to or encroach upon any cattle or sheep ranges.

WILL LEAD BRAVES.

BOSTON, Nov. 30.—The appointment of Fred Mitchell, who has been leader of the Chicago Cubs for the past 10 years, as field manager of the Boston Braves was announced by G. W. Grant today. In taking the place of G. W. Stallings, Mitchell returns to the team for which he acted as battery coach before going to Chicago.

BURNHAM IS ELECTED.

ST. LOUIS, Mo., Nov. 29.—Harry N. Burnham of Denver, Col., was elected president of the American Travel Development association at its annual convention today. Among the other officers elected was Herbert Cuthbert, Seattle, Wash., second vice president.

WILL HURRY REPLY.

OTTAWA, Nov. 29.—The government in the house of commons today promised to present to parliament with the least possible delay the American government's recent note concerning oil and the British government's reply to it.

LOCAL BUSINESS HOUSES TO CLOSE FOR BIG CONTEST

Many Firms Will Close Their Doors During Idaho Falls-Twin Falls Football Game Friday.

Further evidences of the splendid spirit of enthusiasm, co-operation and support evidenced by the business men of the city at the game with Boise here on Thanksgiving day, are shown by the large list of firms which have already agreed to close their establishments on December 3, when Idaho Falls comes here for the game that will decide the state championship.

The civic bureau of the chamber of commerce, which is making the canvass of the city, expects that many other places of business will follow in line with this idea and help boost the game as it deserves.

The following having already agreed to close: W. H. Wright and Sons, United Stores, through F. W. Dumke, Eldridge Clothing store, L. H. Hamsen, Also Clothes Shop, Big White store, Idaho Department store; J. A. Sinclair, Three Rules store, Golden Rule Mercantile store, the Toggery, Majestic Pharmacy, Twin Falls Book and Stationery company, Cio Book store, Barber Shoe company, Fisher Drug company, Salsbury Hardware company and the Shoe Market.

EVANS ELECTED CAPTAIN.

MOSCOW, Ida., Nov. 30.—Graver Evans of American Falls, Idaho, last night was elected captain of the 1921 football team of the University of Idaho. Evans, who plays an end, has been a member of the varsity team for two seasons. He was captain of the university baseball team last season.

MAKES NEW RECORD.

MARIETTA, O., Nov. 30.—Don Whiting, Marietta college, football star, completed seven consecutive forward passes for seven straight first downs in a game with Boston college November 30, and it is believed to be a world's record, it was announced here today.

ECKERSALL KNOWS.

COLUMBUS.—Walter Eckersall says that Pete Stuchcomb is the smartest player of the year in west-

ern football. He credits Stuchcomb's thinker for winning the conference title for the Bucks.

JOE STECHER DEFEATS FRENCHMAN IN CONTEST

KANSAS CITY, Mo., Nov. 30.—Joe Stecher, champion heavyweight wrestler, successfully defended his title tonight by winning from Salvatore Chevillier, Frenchman, in straight falls. The first came in 24 minutes, and 40 seconds through a head scissor and the second in seven minutes, 40 seconds with a body scissors and arm hold.

In a catch to catch can bout Ed "Strangler" Lewis defeated Raymond Chazeau, Canadian, in straight falls, the first in 23 minutes 10 seconds with a headlock and the second in 7 minutes 35 seconds with a headlock and arm hold.

BOY POPULAR.

PORTLAND.—Boy McCormick, the light heavyweight champ of Europe, is always there with a handshake. He never asks who he is going to fight or how much he weighs. What interests Boy is how long he'll have to train.

ONE RECOVERS.

TACOMA.—Ole Anderson, the Pacific coast boy who failed to make much of a hit down east as a knock-out fighter, but who won a lot of credit for toughness, is tipping over heavyweights again.

IT'S COMPLICATED.

NEW YORK.—There are 27 clauses in the contract, which Dempsey and Carpenter signed to fight for the title. That doesn't name the time or place, either.

CHICAGO, Nov. 30.—Depression in wheat prices resumed today from continuance of rural failures and from the failure to make grain firm. The market closed unsettled at the same as yesterday's finish to 3 cents lower with December 25 1/4-1/2 to 1 1/2¢ 1/2 and March 11 1/2¢ to 1 1/2¢ 1/2. Corn lost 1-2 to 1 1/8 and oats 3-8 to 1 3/8 cents. In provisions the outcome ranged from 7 cents decline to 15 cents advance.

SEATTLE GRAIN FIRM UNABLE TO COMPLETE CONTRACT

SEATTLE, Wash., Nov. 30.—Announcement that the Olwell Grain company with offices in Seattle and Coeur d'Alene, Wash., would be unable to care for its contracts for December wheat deliveries was made local creditors of the concern here today by W. J. Olwell, manager. While no formal assignment to creditors has been filed for record, Mr. Olwell said this matter had been taken up by J. L. Olwell, sole owner, at present in Coeur d'Alene. The extent of the company's liabilities was not determined, Mr. Olwell said.

advice today to the state department. They are members of the Grey American corps, assigned as inspectors of the European child fund and were arrested in Vilna by Lithuanian authorities and taken to Kovno for investigation.

The dispatch acknowledged that they had gone there to distribute foodstuffs shipped there for babies and children. Their chauffeur also was arrested. Upon the request of the British legation at Warsaw, the British commander at Kovno is expected to make informal inquiries regarding the women and extend any aid he can.

PREDICTS PROSPERITY

DES MOINES, Ia., Nov. 29.—Relief from the money stringency of the last few months and a return to prosperity were predicted today in a statement made by M. V. Henderson, state superintendent of banking.

NOTICE OF WRIT OF ATTACHMENT

In the District Court of the Fourth Judicial District of the State of Idaho in and for Twin Falls County Ben Thomas, plaintiff, vs. M. B. Brown, J. T. Roberts and Lawrence P. McKinstor, defendant.

Notice is hereby given that on November 18th, 1920, a writ of attachment was issued out of the above entitled case in the above entitled action, attaching the property of the above named defendant for the sum of \$500.00.

In witness whereof, I have hereunto set my hand and the seal of this court this 16th day of November, 1920.

C. C. ROGINS
Clerk of the District Court.
By C. L. BOWEN, Deputy.

Serial No. 012286.
NOTICE FOR PUBLICATION.
Department of the Interior, U. S. Land Office at Halley, Idaho, November 10, 1920.
Notice is hereby given that John L. Roberts, assignee of Mary E. Ott, of Jerome, Idaho, who, on November 2, 1913, made Desert land entry No. 012286, for lot 3 section 1-4; NW 1-4, E-2, SW 1-4, section 1, township 4 south, range 18 east, Boise meridian, has filed notice of intention to make final proof, to establish claim to the land above described, before Frank T. Dacey, U. S. Commissioner, at Shoshone, Idaho, on the 30th day of December, 1920.
Claimant names as witnesses: Wilbur Wayne Prickett; Edna G. Prickett; John E. Ott; Myron Black, all of Jerome, Idaho. BEN R. GRAY, Register.

Serial No. 019013.
NOTICE FOR PUBLICATION.
Department of the Interior, U. S. Land Office at Halley, Idaho, November 16, 1920.
Notice is hereby given that Asa M. Calver, of Hansen, Idaho, who, on May 29, 1916, made Homestead entry No. 019212, for NW 1-4, section 17 township 11 south, range 12 east, Boise meridian, has filed notice of intention to make final three year proof, to establish claim to the land above described, before H. E. Powers, U. S. Commissioner, at Twin Falls, Idaho, on the 3rd day of January, 1921.
Claimant names as witnesses: Elmer Minton, of Hansen, Idaho; John E. Lichty, of Hansen, Idaho; Calvin Rosenberg, of Hansen, Idaho; Sidney Tull, of Kimberly, Idaho. BEN R. GRAY, Register.

ALIAS SUMMONS.
In the District Court of the Fourth Judicial District of the State of Idaho, in and for Twin Falls County, John Charles Thompson, plaintiff, vs. John Charles Thompson, defendant.
The State of Idaho sends greetings to John Charles Thompson, the above named defendant, and the undersigned is hereby notified that a complaint has been filed against you in the district court of the fourth judicial district of the state of Idaho, in and for Twin Falls County by the above named alias summons, and you are hereby directed to appear and answer said complaint within twenty days of the service of this summons if served within said judicial district, and within forty days if served elsewhere; and you are further notified that unless you so appear and answer said complaint within the time herein specified, the plaintiff will take judgment against you as prayed, in said complaint.
It is the purpose of the suit for dissolving matrimony for desertion. Witness my hand and the seal of the said district court, this 1st day of November, 1920.
J. P. Kosharek, Attorney for Plaintiff, Twin Falls, Idaho.
By C. L. BOWEN, Deputy.

NOTICE TO CREDITORS.
Estate of William H. Smith, deceased.
Notice is hereby given by the undersigned, Horace A. Hegg, administrator of the estate of William H. Smith, deceased, to the creditors of and all persons having claims against the said deceased, to exhibit them with the necessary vouchers, within four months after the first publication of this notice, to the said Horace A. Hegg, at the office of Messrs. James R. Bothwell and W. Orr Chapman, in Twin Falls, county of Twin Falls, state of Idaho, this being the place fixed by the transaction of the business of said estate.
Dated November 16, 1920.
HORACE A. HEGG, Administrator.

James R. Bothwell, W. Orr Chapman, Attorneys for Administrator, Residing at Twin Falls, Idaho.
