ASSEMBLY IN DEBATE OVER AMENDMENTS

Delegates Show Desire For Revision Permitting U. S. Entry

COMMITTEE TO STUDY PROPOSED CHANGES

Postpone Discussions of Changes in Covenant Until Next Session of Body

GENEVA, Dec. 2.—Amendments for revision have been the floor of the assembly of the league of nations today, the debate bringing out clearly that amendment of the covenant was in the minds of nearly all the delegates, some of whom were pressing their desire for a perfect instrument, their others but all thinking of a revision that would remove obstacles to the entry of the United States.

Article Ten Not Mentioned. Article ten was not mentioned in the debate, but has been frequently discussed in small circles, and Mr. J. W. Rowell, of Canada, who has insisted that adoption of a resolution by a committee should not be understood as closing the door to the presentation of amendments, has proposed by the Scandinavian, is said to have in mind the article that has been subjected to much contention.

The delegation of the British dominions have been studying how to approach the assembly on this question. The eventual proposal to eliminate article ten, is somewhat comprised by the general understanding that a consideration of all proposed changes should be postponed until studied by a special committee. This understanding however, came largely from the anxiety of the delegates not to precipitate revision until the attitude of the United States under the new government is known.

Leon Bourgeois, of the French delegation is preoccupied with the investigation of the committee should lead it to consider alterations involving a revision of the treaty of Versailles and he demanded today that it be understood that the committee should declare itself incompetent to consider any amendment to the covenant that involved modification of the treaty.

The close of the debate brought a great silence when Senator Patterson of Argentina who failed to take part in the debate, voted alone against the resolution rejecting consideration of amendments to the covenant at this session. The presiding officer, Mr. Hyman, hesitated a moment to believe that the lone delegate could prevent unanimity.

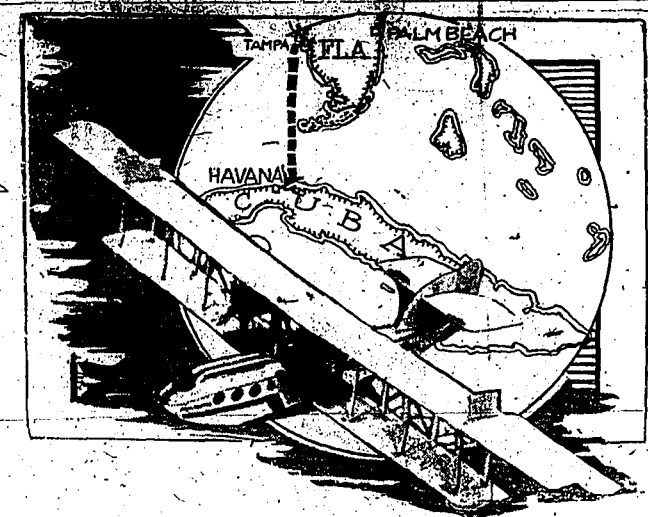

Mr. Viviani, France, relieved the tension when he remarked that postponement by consideration of amendments involved only a question of procedure and that unanimity was not necessary. Thereupon the chairman declared adopted the resolution, which provided that the Scandinavian amendments be studied by a committee to report to the council and giving the committee authority to consider any other amendments that may be proposed.

FORMER DEPUTY SHERIFF IS SHOT WHEN MOB OF CITIZENS FIRE ON JAIL IN ATTEMPT TO LYNCH FIVE NEGROES CHARGED WITH MURDER

GOLDSBORO, N. C., Dec. 2.—One man, Elmer, former deputy sheriff of Wayne county, was shot during an attack tonight on a special guard of 15 citizens barricaded in the Wayne county court house when a mob of citizens fired on the jail in attempt to lynch five negroes for being charged with murder of a white man.

The firing lasted only a few minutes. Barricaded behind lead curtains the small force in the court house returned the fire and succeeded to have been the leader of the mob was killed. The mob scattered. A company of state police arrived from Durham.

Out of Dry Territory in One Short Jump

From the land of the chocolate milk shake to the land of the rickety and the mint julep with the speed of a bird. Passengers traveling on this monster ship, "P-11-1," one of the most luxurious air vessels on the wing today, have a quick passage between Tampa and Cuba.

ELIMINATE NEW AND LODGE FROM CABINET CHOICE

Report Definite Development of Visit of Harry M. Daugherty to Prominent Republicans

WASHINGTON, Dec. 2.—Elimination of Senator Lodge from Massachusetts and Senator New of Indiana as prospective officers of President Harding's cabinet was reported to be a definite development of the visit here today of Harry M. Daugherty of Ohio, friend and advisor of the president-elect.

Mr. Daugherty conferred with a number of prominent republicans including Senator Lodge and New. There was no announcement of the subjects of results of the conferences, but close friends of the two senators said they both had advised Mr. Daugherty that they desired no cabinet preference believe that they could perform a better service for the president-elect and their party by remaining in the senate.

The Massachusetts senator made public a statement urging that course of Senator New. Friends of Senator Lodge said that they believed that his position regarding Senator Lodge applied with equal force to himself.

Many matters of legislation were said to have been discussed by Mr. Daugherty with his republican conferees. These include Senator Watson of Indiana, who will go to Philadelphia tomorrow to confer with Senator Lodge said that they believed that his position regarding Senator Lodge applied with equal force to himself.

The question whether partial revision to meet conditions regarded as urgent should be attempted during the coming session of congress was also discussed. The inauguration was among subjects said to have been taken up with Mr. Daugherty.

DISCLOSURE DIVIDEND. RETURNED TO VA. Dec. 2.—Directors of the Chesapeake Oil company at a meeting here today declared a 250 per cent dividend.

Let's Fill the Chuckholes

The men and women of the tract desire to visit Twin Falls. Christmas is approaching. It is time to mail the little remembrances to the folk back east. These must be bought.

In such circumstances, we find our roads well, high impassable. Ruts, chuckholes, mire pots—these bar the way to those who would come to do their shopping.

Is there no help? It is not the intent of the Chronicle to fix blame for the condition which obtains, nor to scold over conditions. Only to suggest that some way be found to relieve a condition which is truly distressing to the folk on the ranches.

Can not the worst of these mud holes be filled with crushed rock? This would not, it is true, build permanent roads. But it would make possible the visits to the shopping centers which are so much desired by the ranchers. It would enable them to send out their little packages. It would gladden hearts. It would be well worth while. It can be done. Will it?

SENATOR HARDING DECLINES OFFER OF WILSON YACHT

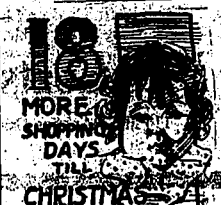

WASHINGTON, Dec. 2.—Senator Harding declined today President Wilson's offer to place the presidential yacht Magalloway at his disposal next Saturday on his arrival at Norfolk to carry the president-elect to Washington. It was necessary, the senator said, in a radio message to Secretary Daniels, who transmitted the offer yesterday to the steamer Pastores, that he should make the trip by rail. The senator's message, as made public in the navy department, follows:

"I cannot thank the president for Magalloway tender. Am obliged to travel to Washington by rail. My gratitude to you."

"Warren G. Harding."

COLBY TO SAIL FROM NORFOLK SATURDAY

WASHINGTON, Dec. 2.—Secretary Colby plans to leave Washington tomorrow on the first stage of his voyage to South America to return to the duties of the president-elect of Brazil Epitaphio and President Balmora of Uruguay, and to be the guest of the Argentine government at Buenos Aires. He will sail from Norfolk on the battleship Florida Saturday, according to present plans.

EXPECT REDUCTION OF NATION'S DEBT BY END OF YEAR

WASHINGTON, Dec. 2.—Despite the increase of \$112,644,571 in the public debt during November, announced today by the treasury, officials of the department declared tonight that at the end of the year a reduction of \$200,000,000 could be expected from the gross debt of \$24,087,000,000 as it stood on September 30.

On November 30 the nation's debt was \$24,175,155,241 compared with \$24,087,000,000 on October 30. Officials explained however that the November 15th issue of treasury certificates, amounting to \$232,000,000, with only \$34,000,000 in certificates maturing in the month was mainly responsible for the increase.

FORMER CHOIR BOY CONFESSES MURDER

CHICAGO, Dec. 2.—Nicholas Viana, former choir boy and known as the "song bird" of the county jail, made a complete confession today to participation in the killing of Andrew Bowman and Benedict Wendell in a holdup.

The confession came after Governor Frank O. Lowden refused to pardon him this afternoon. Viana is sentenced to die on the gallows December 10.

Because of Viana's youth—he is only 19 years old—Miss Jane Adams of Hull House, and two public school teachers, entered an appeal before Governor Lowden to save the boy from the gallows.

The young bandit holds a police man responsible for his present predicament. He declared that the first time he was arrested the policeman took him from him and a pal \$400 realized in a robbery and then turned them loose instead of locking them up and prosecuting them.

HARDING VESSEL HOMEWARD BOUND IN STORMY SEAS

By the Associated Press. ON BOARD THE STEAMER PASTORES, Dec. 2.—The steamer Pastores with President-elect Harding on board, this evening was proceeding northward on the Atlantic coast at a speed which made it doubtful whether her officers would be able to realize their hopes of docking the vessel at Norfolk Saturday morning.

Most of today the steamer battled against head winds, but during the afternoon and evening she sailed with a fair breeze and at nightfall was opposite the north central Florida coast, about 300 miles at sea.

Notwithstanding the constant rolling of the ship Mrs. Harding remained on deck during the afternoon and evening. She said she felt weak but more comfortable than at any time during the voyage.

During the day Mr. Harding worked a part of the time on the speeches he will deliver at Norfolk and Bedford, Va. Nevertheless he took time to play his daily game of shuffle board.

COUNTRESS TRIED ON CONSPIRACY CHARGE

By the Associated Press. DUBLIN, Dec. 2.—At the royst barracks today the Countess Jean-Marie Markievicz, member of parliament for the St. Patrick's division of Dublin City, who was arrested two months ago, was tried by court martial on a charge of conspiring between June 1, 1918, and September 1, 1920, to organize a "Flanna Firearm" otherwise known as Sinn Fein boy scouts.

This organization has been charged with conspiracy to murder military police, with unlawful drilling, the carrying of arms, furnishing recruits to the Irish volunteers and generally promoting disaffection.

The countess, looked extremely ill today. The military escort, consisted of the police and soldiers, taken by the newspaper photographers.

The newspaper men were searched when they entered the barracks. The countess today refused to recognize the court, and this session was occupied with the examination of witnesses for the prosecution.

The proceedings were enlivened by the countess acting as interpreter for counsel, who frequently stumbled over the pronunciation of Irish names in the translation of documents.

VICTIMS OF AMBUSH ARE SENT TO ENGLAND

By the Associated Press. CORK, Dec. 2.—The bodies of the 15 auxiliary police and 10 victims of the Kilmichael ambush, were brought today from Macroom and placed on a navy tender for shipment to England. Confinees of the Royal Irish Constabulary escorted the procession. Places of business were closed and the hope shut down. Rumors of men and boys failed to uncover of the procession passed by until reminded by the black and white.

Last night was the quietest Cork had experienced in more than a week.

CONDITION OF FORMER EMPRESS IS IMPROVED

DOORN, Dec. 2.—The former German Empress Augusta Victoria was able to sit up for a few minutes today. She has rallied again from one of the most heart attacks which are becoming more frequent. The improvement is considered only temporary.

GOVERNORS' CONFERENCE FAVORS CREATION BY THE FEDERAL GOVERNMENT OF FOREIGN TRADE FINANCE CORPORATION TO AID U. S. FARMERS

HAIRSBURG, Pa., Dec. 2.—Under the leadership of Governors W. L. Harding of Iowa and Thomas W. Bickett of North Carolina, the governors' conference in session here today, went on record as favoring creation by the federal government of a foreign trade finance corporation designed to come to the rescue of American farmers who face ruin because there is no market for their surplus stocks of foodstuffs, grain and other products.

A report adopted by the governors' conference declared that recommendation that the federal government use its good offices to obtain regarding of farmers debts through a system of rural credits from throughout the country. On account of a rule prohibiting the passage of any rule for the day.

TAKE PLIGHT OF FARMERS TO CONGRESS

Agricultural Committees of House and Senate Begin Hearings

HITCHCOCK PLANS TO INTRODUCE MEASURES

Would Use Profits of Federal Reserve Banks For Loans to Farming Interests

By the Associated Press. WASHINGTON, Dec. 2.—The plight of farmers, due to falling prices was taken today to congress.

Agricultural committees of the senate and house, in joint session, began hearings on conditions brought about by falling prices preliminary to division to meet measures. They decided to ask Secretary Houston and Governor Harding of the federal reserve board to come before them tomorrow after Eugene Meyer Jr., former head of the war finance corporation, had declared that rehabilitation of that body would go a long step toward furnishing the needed relief by financing exports of surplus crops.

Will Introduce Measures. Senator Hitchcock of Nebraska told the conference he planned to introduce measures making available the profits of the federal reserve banks amounting to about \$60,000,000 for the agricultural interests. Governor Harding, with whom the Nebraska senator conferred, issued a statement saying that neither he nor the board had taken any stand on the proposition. He declared he had criticized Senator Hitchcock's plan, but that the matter was not within the province of the board as it concerned the use of funds which the law required should be paid into the treasury.

Smoot Proposes Embargo

Legislation extending a billion dollars credit to Germany was advocated before the joint committee by J. J. Brauer of New York, who claimed to represent the German government, while Senator Smoot of Utah announced he would propose an embargo of wool for relief of America wool growers in a bill he will offer Monday.

Senator Charles Campbell of Kansas suggested that profits of the grain corporation, about \$100,000,000 be made available for loans to farmers.

Mr. Meyer told the joint committee that the act creating the war finance corporation was passed four months after the armistice and intended by congress to bridge over the situation by financing exports until normal economic conditions were restored. He said conditions now were those which he had predicted in 1918, in enacting measures and that restoration of the corporation would have a tremendous stabilizing effect.

BUHL FARM LAND TRADE FOR HOTEL IN IDAHO FALLS

Local Real Estate Firm Engineers
Transaction Involving \$350,000
Possession Is Given.

One of the largest real estate deals engineered in this section of the state in several years was consummated December 1, by the Lloyd-Craven company of this city, the transaction involving more than \$350,000.

Under the terms of the agreement, the property of the Lucerne Farm and Stock company, located six miles from Buhl, has been transferred to F. C. Hansen, of the F. C. Hansen Investment company of Idaho Falls. The consideration involved amounting to \$185,500. The land, which consists of 720 acres, is said to be of splendid quality, while the equipment is up to date, including a number of silos.

The contract also provides for the taking over of the new Idaho hotel at Idaho Falls, a strictly modern structure, by Jacob Schaefer, general manager of the Lucerne Farm and Stock company, at a price of \$172,500, the deal thereby assuming the nature of a trade.

Final arrangements have been completed and the parties to the transaction will assume control of their newly acquired properties today.

TINKER ARRESTED ON CHARGE OF DESEDITION

Jesse C. Tinker, reported to have been arrested last Tuesday, has just been taken into custody on a charge of wife desertion. Although there was a warrant out for him Tuesday there was no arrest, and Tinker appeared at the sheriff's office yesterday morning of his own volition.

Tinker alleges that his wife left a good home here last April and went to live with her own people in Malad, where she now insists that he move and support her. He states that when his wife, Gladys J. Tinker, left Twin Falls for Malad, he went to the station with her and bought her ticket, and also claims that he has been sending her money ever since she left. As proof of this latter statement, he declares that he can

produce cashier's checks on a local bank, he having taken regulations to send money in this form, after his wife had denied having received several amounts which he claims to have sent her. They were married in this city on September 25, 1919.

DR. ALEXANDER NAMED AS DEFENDANT IN SUIT

Dr. D. L. Alexander was yesterday named as defendant in a suit for \$25,000 damages filed in the district court yesterday by Walters, Hodgkin and Bailey on behalf of J. F. Patton, the complainant alleging malpractice.

Plaintiff declares in the information that he employed Dr. Alexander to remove his tonsils, the operation being performed on July 28, 1920, and also declares that the defendant did not provide a competent person to administer the anesthetic.

Negligence in administering the anesthetic, the complaint alleges caused a quantity of ether to run into one of defendant's eyes, thereby badly injuring that eye. It is declared in the information that plaintiff was compelled to secure the services of a specialist to save his sight. The sum of \$842 is also requested as compensation for the time lost from employment, for bills for medical aid and for other causes.

NEW VENUE DRAWN FOR RAISSEYER CASE

The new trial of H. F. Ransseyer, convicted of second degree murder at the last session of court, was commenced at 10 o'clock yesterday, but no evidence was taken during the day, the selection of the jury not having been completed. The panel was exhausted at 4 o'clock and a new venue was directed drawn.

Ransseyer was ordered out of the hall by John Abel, when he shot in the leg and who afterwards died from the effects of the wound, according to the decision of the jury in the last trial. The crime was committed near Pilo, and the sentence pronounced was from 10 to 20 years. The judge, however, set the verdict aside and ordered a new trial.

SUED FOR COLLECTION

John C. Delcote was named as the defendant in a suit instituted yesterday to recover a point of \$1,697 alleged to have been loaned him on his promissory note by the Amalgamated Sugar company, plaintiff in the case. The notes, four in number, are for \$500, \$350, \$162 and \$50, respectively.

SUIT IS FILED

The Paysee Investment company yesterday filed suit in the district court to recover the sum of \$1,700, alleged to be due them on a note, together with interest and attorney's fees. The defendant is C. S. Peck.

PORK MARKET DECLINES TO PRE-WAR LEVEL

Hog On Hoof Prices 'Drop' to 16 1/2 Cents—Beef Drops 17 Per Cent Since November 1.

CHICAGO, Dec. 2.—Hogs on the hoof have returned to what is practically their 1913 pre-war price level, but from figures obtained today from one of the "big five" packers. Pork and pork products, at wholesale, are on their way toward that same level, the November report of the Institute of American meat packers indicates, and have reached the scale prevailing in April, 1917, when the United States entered the war.

Beef also is on the downward path, the wholesale price of carcass beef having dropped 17 per cent since September 1, according to the institute's figures.

The biggest drop recorded, however, is in live hogs. The packing house figures show work on the hoof brought eight cents a pound in November, 1913. During the war the farmer virtually was guaranteed an average of 17 1/2 cents. In July 1919 the price reached 23 cents a pound. Today hogs are back around 10 1/2 cents.

Retail prices, however, have not kept pace with the falling wholesale market, the packers say. Indeed, said, but he declined to go into detail on the ground that retailers might boycott his company. Quotations from two retail dealers, one whose store is claimed as a high price equilibrium and the other as a cut rate market, show a wide divergence in prices, partly due, however both said, to a difference in the grade of meat handled.

Explaining why the wholesale price has failed to fall as fast as the livestock quotation, a packing house official said: "There are two features of the comparative price situation that should be borne in mind. One is the price of by-products; the other the cost of labor. The average consumer naturally thinks of meat animals only as they affect his table. He sees that the price of hogs has dropped and he thinks, of course, that meat should follow at once."

"Only about 16 per cent of the live hogs is meat. The other 24 per cent consists of waste and by-products, which just now have little value. Also in the carcass there are parts that must be sold for low prices, for example:

"Labor is now receiving much greater awards than it did in 1913. The total increase of plant wages has been more than 170 per cent."

"Thus, though there have been substantial decreases in wholesale pork prices, these price drops cannot quite equal the fall in live animal prices."

JAUREZ SENTENCED BY DISTRICT COURT JUDGE

Jose Jauerez, who pleaded guilty to the charge of burglary in the second degree, was sentenced yesterday by Judge W. A. Babcock, to a term in the county jail for six months to five years. Jauerez, who first entered a plea of not guilty to the charge of attempting to steal a suit of clothes from the store, at W. H. Eldridge, later changed his plea to guilty.

SUES FOR \$25,000

A suit to collect \$25,000 alleged damages was instituted in the district court yesterday G. D. Culbertson and Ruth Culbertson against A. A. Triguero, the complaint alleging that defendant injured plaintiffs' reputations and brought them into public contempt and ridicule by allegations that they maintained a disreputable and lewd house. Plaintiff is represented by Attorney Homer S. Mills.

SPEED COP WINS

Ross Henry proved to be the first victim of Ray Brown, the new speed cop, when the officer pulled him yesterday for driving at an excessive speed along Shoshone street. Brown chased Henry for about ten blocks but finally got him. Henry was fined \$10.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How to Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Nerve Cream from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh—Relief comes so quickly—Adv.

LEAGUE AMENDMENTS.

Several amendments to the League of Nations constitution have been proposed at Geneva, but though some of them are viewed favorably by many members none are to be voted at this session. The assembly is to have another session next spring, and prefers to postpone any such action until then.

It is the frankly expressed desire of the present leaders of the league to undertake no changes in the covenant until they have a chance to talk them over with the next president of the United States. This is a wise position for the league, and one sure to meet the approval of Americans.

It is reassuring to doubters on this side of the water that amendment of the covenant is taken as a matter of course. It serves as a useful reminder that according to Article 26 of the covenant, amendments may be submitted at any time to the countries belonging to the league, and will become effective when ratified by those represented in the council and a majority of the nations represented in the assembly; also that only country not reconciled to an amendment is permitted to quit the league.

The position taken also opens the way for the United States to enter the league virtually on its own terms, and yet without the unpleasant appearance of demanding special privileges and dodging responsibilities that the other members have assumed.

The United States was meant to be a charter member of the league. For a charter member to come in with a special set of reservations and exemptions would certainly be to invite injurious comparison and criticism. If, however, it can be arranged that the changes desired by the United States shall be made a part of the league covenant, not only will critics have the assurances they seek, but their country will be on the same self-respecting footing in the league as all the other countries.

Senator Harding has not yet announced his league policy. It need occasion no surprise, however, if it proves to follow this line.

The obvious danger to be guarded against is that, in taking up the general question of changes, the bars may let down too far, and some nation may insist on amendments so fundamental as to make the league impotent.

HONEST ADVERTISING.

The Associated Advertising clubs of the world are engaged in a national campaign for "truth in advertising." They have a National Vigilance committee prepared to prosecute fraudulent advertisers. So effective, however, has been the moral propaganda of this organization, and so ready are business men in general to accept high standards of honesty, that there is seldom any occasion for more drastic methods than suggestion and persuasion. As Richard H. Lee told an audience in Tacoma, recently:

"The enemies of honest business know that there is mobilized behind the Associated Advertiser every business organization of standing in the country, ready to fight in defense of commercial integrity."

The committee, he says, is simply helping the nation's business to "make its advertising 100 per cent dependable." It is not far below that proud level now, as any fair-minded person may discover by a careful examination of present-day newspaper advertising.

There is no doubt as to the wisdom of this policy. Incomparably more business is done on the new basis of truthful publicity than on the old, repudiated, basis of exaggeration and distortion, and it is done with more pleasure and satisfaction to everybody concerned. The greatest American business institutions have been built on a foundation of truthful statements. It is

truthfulness that makes America successful in the world's markets. It is truthfulness that has made the American people the greatest purchasers in the world.

Those who ask what is the use of advertising, if only the strict truth is to be told, do not understand the rudiments of advertising. Truth itself has to be advertised, emphatically and repeatedly, lest falsehood crowd it out of people's minds. Any minister of the gospel can testify to that. Moreover, there is room for endless competition in the manner of presenting truth, whether one is dealing with religion, as the preachers do, or beauty, as the poets do, or human nature, as the novelists and playwrights do, or merchandise, as the commercial advertisers do. Art may be used in presenting falsehood, too, but it seldom succeeds very long.

THE INCOME TAX PAYMENT.

Uncle Sam has refused to allow any extension of time for payment of the December income tax. This means that a host of private accounts the country over will go unpaid until further notice, payrolls will be suspended and money borrowed right and left. Two things will be blamed—Uncle Sam and taxation. Neither is at fault. The whole trouble lies in the slipshod business methods of a great people who, knowing that certain definite sums must be paid at certain stated intervals, make no preparation to meet them.

Uncle Sam is wholly within his rights. He has bills coming due which must be paid promptly if the nation's finances are to be kept sound. Taxes are high, it is true, but that is unavoidable when any country is paying for a war.

The whole thing points with unmistakable directness to the need of budget for private expenses and the "pay-as-you-go" policy. The budget provides for a proper apportionment of the income, with reference to all known expenses and a margin for the unexpected—that is, savings. This in turn makes possible the pay-as-you-go policy because, as each expense occurs, the fund is there to meet it.

A city which has recently reorganized its finances has this policy for the disbursement of funds: "No department to exceed its annual apportionment; no department to spend in any month more than one-twelfth of its annual apportionment." This will mean that the city must live within its income. If every individual and every business concern in the nation were doing that today, the fact that Uncle Sam wants his money would cause neither dissatisfaction nor discomfort.

DRY MISSOURI.

Missouri went dry in the Nov. 2 election by a majority of 57,261 votes. St. Louis showed an overwhelming wet majority, but Kansas City voted dry, and so did all but 22 out of 114 counties in the state.

Missouri was really dry before this last election. The Eighteenth Amendment held no exception for any state. Missouri's action is interesting, however, from the fact that some states have seemed to derive pleasure from futile attempts to lessen the drought by voting in favor of a slightly higher percentage of alcohol in beer than that prescribed by the Volstead act.

Two years ago the same state-wide prohibition law that met such unquestioned success this month was lost in Missouri by about 85,000 votes. The complete reversal of this popular verdict indicates satisfaction with the prohibition regime and a sincere endorsement of more thorough enforcement of the law of the land.

King Alexander of Greece has been succeeded, temporarily at least, by his grandmother. She's probably a better man than his father, at that. And she has the distinct advantage of never having had a Prussian military training.

They say in Buffalo it is necessary to have a physician's certificate in order to buy coal. We've heard of hogs eating coal, for certain obscure medicinal purposes, but what's the idea in this case?

The Scandinavians who want the economic boycott revoked for small nations liable to invasion have forgotten that there is a kind of dog which bites the hand that feeds it.

OUTBURSTS OF EVERY TRUE

INTERNAL REVENUE BUREAU MAKES REPORT OF WORK

WASHINGTON, Dec. 2.—Collection of \$5,077,621 in taxes and efforts to control the liquor traffic under the prohibition act formed the principal work of the internal revenue bureau during the fiscal year, Commissioner Williams said in his annual report made public tonight.

The tax collection was the greatest in the history of the nation, he added, while in prohibition enforcement the bureau was faced with the creation of an organization which embraced all states and Hawaii, Mexico and Alaska.

Total income and profit taxes made up the bulk of the revenue obtained by the government with \$2,655,003, but the report shows that an additional \$295,809,355 came from tobacco taxes. The levy on distilled and fermented liquors produced \$130,401,149 and miscellaneous and war taxes brought in \$38,062,371. The remainder of the revenue was from capital stock, stamp and special taxation.

Mr. Williams noted the collection of \$13,117,778 from aliens who are departing for their native lands after a temporary residence in the United States. Most of these, he said, were not inclined to comply with the revenue regulations which require the satisfaction of all tax liabilities before passports are issued.

Total expenditure of the bureau was \$25,647,439 including \$2,059,774 to enforcement of prohibition; \$449,327 to enforce the Harmon narcotics law and \$59,703 for enforcement of the child labor law. This made the actual cost of collecting the record tax bill \$27,037,134 or 50 cents per \$100 as compared with 53 cents per \$100 for the fiscal year of 1919.

APPROVE NEW BILL TO CONTROL IMMIGRATION

WASHINGTON, Dec. 2.—Tentative approval was given today by members of the house immigration committee to the bill framed by Representative Johnson of Washington, chairman of the committee, which practically would suspend immigration for a two year period. Mr. Johnson said he would introduce the measure Monday when congress convenes.

Committee members said they were hopeful that both the house and senate would dispose of immigration legislation early in the session. Under an agreement reached at the committee conference, entry for permanent residence in the United States would be limited to parents, grand parents, sons and grandsons under 18 years of age, and unmarried or widowed daughters and grand-daughters of citizens or of aliens who have acquired United States citizenship.

Clauses permitting the entrance for a six months period of travelers or officials of foreign governments, their families, servants and employees, and of aliens who have resided for at least one year continuously in Canada, Cuba or Mexico met with general approval of committee as did the admission of students for a temporary stay in this country.

COMMITTEE CONTINUES "BUILDING TRUST" PROHIBITION

NEW YORK, Dec. 2.—While the joint legislative committee investigating the "Building Trust" continued its inquiry today into the activities of

building materials organizations, the New York extraordinary jury was grinding out a number of indictments for the criminal prosecution of persons connected by the investigation.

Robert P. Brudell, president of the building trades council, three times previously indicted for extortion and attempted extortion, was on the list handed up to Judge Mulholland in general sessions today. This was learned when he appeared before Judge Mulholland tonight accompanied by his attorney and pleaded not guilty. The nature of the charge was not disclosed as three others said to have been named in the same indictment, had not yet been served with bench warrants. Brudell's bail of \$100,000 on the other indictments was continued. The committee today heard testimony alleging that the stone-mason contractors of the city had organized for the boosting of the price of masonry work.

This organization—the Stonemason Contractors association—it was alleged by Anthony Bresca, mason contractor, made a million dollar levy on its members annually and forced contractors into membership with the aid of a walking delegate to stonemasons union.

Sliding Tread, secretary of the association of dealer fit Mason building materials, admitted he had destroyed five bundles of correspondence containing thousands of letters in July 1920, after he had read in the newspapers that the district attorney was investigating operations of the association.

Ernest Braun, secretary of the masons supply bureau testified he had destroyed the "option cards" of that organization many months after they had come into existence. The cards had been sought by the committee as important evidence of the bureau's system of fixing prices and matching bids.

During the examination of witnesses, the committee took possession of all of the books and records of the various bureaus under the association of dealers in mason building materials, which have been offered in evidence. The committee adjourned. Mr. Tread never read into the record an extract from the minutes of the meeting—the members of the mason and his lingers us dealers and we will eventually prove to the manufacturers that we are the only and logical channels through which they can dispose of their goods to the market and, in due time, our association will be reflected in our bank accounts."

GOMPERS DELIVERS ADDRESS TO CONTROL LABOR COUNCIL

NEW YORK, Dec. 2.—Samuel Gompers, president of the American Federation of Labor, presiding tonight at a meeting of the newly organized central trades and labor council of Greater New York and vicinity, told the 200 delegates present he regarded it to become "the most practical, constructive and just labor organization in the world."

He urged his audience at all times "to give free manifestation of the spirit that will mean labor's continued advance, right and justice all the while."

The gathering was called to elect officers for the new body, which has absorbed the Central Federated Union of Manhattan, the Central Labor Union of Brooklyn, and other labor organizations in the city and its suburbs. Its membership is said to exceed 150,000 workers affiliated with the American Federation of Labor. Each union was represented by three delegates.

GOVERNMENT WILL SEEK GRAIN INFORMATION

CHICAGO, Dec. 2.—Plans of the federal government to obtain better information of world consumption and production of grains, live stock, dairy products and wool are described today at the annual convention of the Farmers' national grain dealers' association by E. G. Montgomery of the department of agriculture.

The plan being worked out by the department, Mr. Montgomery said, was to establish experts in various centers of the world. They would be associated with foreign consulates. He declared that consumption of some commodities had been so reduced in Europe as to cause a great surplus, a condition, he added, that was reflected in this country.

Leslie F. Gates, president of the Chicago Board of Trade, declared that elimination of the present system of trading would result in monopoly by a few big concerns that would develop. Future trading prices are stabilized to a greater extent than without such trading.

SEEK MISSING BOY

PEORIA, Ill., Dec. 2.—Fearing foul play, a searching party of seven men was still combing the vicinity of Bushnell, Ill., near here tonight to find Johnnie Jennings, aged 13, who has been missing since Wednesday afternoon. He is the son of a wealthy farmer.

CANUCKS WOULD STAGE BATTLE ACROSS BORDER

Ottawa Sportmen Make Offer to Rickard to Sile For Championship Prize Fight

NEW YORK, Dec. 2.—An offer of a site for the holding of the Dempsey-Carpenter heavyweight championship fight in Canada, was received today by Promoter Tex Rickard.

The proposition, from a syndicate of wealthy Ottawa sportmen suggested holding the contest at Hull, just across the river from Ottawa during June. It was stated that \$250,000 was available as a guaranty and Rickard was requested to discuss the matter with a representative of the Canadian syndicate.

Rickard said that he would arrange for a conference in the near future but that in the meantime had been made for staging the battle at any particular place. Under the contract the bout can be held anywhere in the United States, Canada, Mexico or Cuba, providing the principals are given sufficient notice of the site to arrange for proper training facilities.

It was again intimated today by the chief promoter that in case it was found inadvisable to hold the contest in or near New York city, the match would, in all probability, be staged in London, where Carpenter is a great drawing card.

When it was pointed out to Rickard that the existing contract did not cover a ring encounter in Europe he stated that both Manager Kearns and Champion Dempsey had agreed to sign a new contract including such changes. Should the emergency arise it is quite likely that instead of Dempsey receiving \$300,000 and Carpenter \$200,000 the boxers will agree to battle for a percentage of the gate receipts, which are estimated as likely to run into hundreds of thousands of dollars with the fight staged in London.

GIVE INTERPRETATION OF ARTICLE XXV OF COVENANT

GENEVA, Dec. 2.—Article 10 of the league of nations covenant does not guarantee the territorial integrity of any member of the league, according to the first official interpretation of that article by the league, unanimously adopted by the commission on the admission of new states. This declaration is generally regarded as one of the most important decisions yet taken by the league members.

The interpretation was provoked by the proposal of Giuseppe Motia, of the Swiss delegation who asked that if the present status of Austria were changed, Vorarlberg be permitted to join Switzerland. The text of the interpretation follows:

"We cannot recommend the adoption of the proposal put forward by M. Motia. We are indeed of the opinion that the entry of Austria into the league will in no way prejudice or affect the question of the territory of Vorarlberg. We cannot help adding that the suggestion that admission to the league should have any such effect appears to arise from a misconception of article X. It cannot be too emphatically stated that article X does not guarantee the territorial integrity of any member of the league. All it does is to condemn external aggression on territorial integrity and political independence of any member of the league and calls upon council to consider what can be done to resist such aggression."

M. Motia made the point that Vorarlberg at a recent plebiscite indicated its desire to join with Switzerland. He contended that under article ten, Vorarlberg would be prohibited from becoming part of Switzerland should Austria at a latter date join Germany, and the purpose of his proposal was to remove any obstruction in the way of Vorarlberg.

SEARCH OF DETECTIVES UNCOVERS DOCUMENTS

LONDON, Dec. 2.—The keen search by Scotland Yard operative to uncover Sinn Féin machines, it is declared, have discovered many documents which disclose the complete list of the members of the Irish self-determination league and also discs as to the whereabouts of men and women desired by the authorities. The discs are being followed closely. Meanwhile measures for the safety of public buildings are being taken. It is reported that the question of closing West Minister Abbey to the public is being considered.

MEXICAN BAKERS ON STRIKE

MEXICO CITY, Dec. 2.—All the bakers in the capital today declared a strike which will leave the city without bread by tomorrow. The strike vote was taken yesterday and bakeries closed down at noon today. The newspaper reported that the bakers' union, composed of 10,000 members, was based on an ancient Mexican law.

RIVAL GRID TEAMS TO BATTLE TODAY FOR CHAMPIONSHIP

With fair weather today, a crowd, exceeding even that present at the game with Idaho Thanksgiving day is expected to attend the battle this afternoon with Idaho Falls, the game that will definitely settle the aspirations of both teams to the state championship.

Lincoln Field, having been covered with a heavy bed of straw Wednesday night in order to prevent the freezing of the ground, should be in splendid condition.

Couch Evans declared that all his men are at the top of their form with the exception of Billy, the star tackle. Ward Carter, however, who gave two such sterling exhibitions at Buhl and here against Boise, will be available to fill his shoes again and may be depended upon to do the job in a worthy fashion.

Ward Carter, Substitute.

As to the strength of the teams that Twin Falls and Idaho Falls have met in compiling their wonderful records, no comparison is available, none of them having met this year. It must be borne in mind, however, that although the assertion was made last year that the Buhl team, champions of this section, had defeated more powerful eleven than their rivals from Blackfoot, the latter took them into camp with more than 30 points to spare.

This game will show what Twin Falls can do against a team of its own class. During the entire season they have not met a single outfit with the exceptions of Rupert and Boise, that were able to give them even a hard workout, and the great majority of them have been worse than mediocre. So what they can do against a team that knows more than the mere rudiments of the game, if Idaho Falls really has such an aggregation will

he displayed on Lincoln Field this afternoon.

The chamber of commerce, the rotary club, the American Legion and the city officials have gotten behind the local boys with a vengeance and the business men are going to turn out today in even greater numbers than at the contest here Thanksgiving day.

Bob Tutzler, Guard.

job day, at which time they did themselves proud.

An air of confidence prevails in the local camp today, a fact evidenced not only by the attitude and spirit of the players themselves and of their coach, but in the great goals of money that the "financial fathers" of the city are aligning about in their support. Almost any chance remark is instantly seized upon as the "opportunity to make a wager in support of Twin Falls' chances. Twin Falls has gone back to the days of "Slippery Guile" and unless the officers are lenient in the extenuating circumstances local judges are going to have a full calendar very soon.

Idaho Falls also, however, is a shining example of confidence and faith in the outcome of the great battle while the few of the backers who are in town will soon be carrying their arms in slings after digging down so often and so deep for the wherewithal to cover the offerings of local sportsmen. Coach Kinsinger will make no prediction as to the result of the game, but his manner certainly conceals his concern and anxiety, if such he feels.

The probable line-ups for the game will be as follows:

TWIN FALLS—Taylor, left end; Mackie, left tackle; Jacobson, left guard; Denton, center; Irwin (captain), right guard; Carter, right tackle; Epler, right end; Newman, quarter; Hertz, left half; Fitz, right half; Phillips, full.

IDAHO FALLS—Bucklin, left end; Holden, left tackle; Jacobson, left guard; McHugh, center; Heath, right guard; Russell, right tackle; Thompson, right end; Gossas, quarter; Payne, left half; Reed (captain), right half; Conan, full.

LOCAL INTERESTS MAY BUY BOSTON RED SOX

BOSTON, Dec. 2.—Purchase of the Boston American league baseball club will be sought by local interests, Joseph F. Conway, a former president of the New England amateur athletic association said today. If consummated the deal probably would result in an attempt to bring back to playing management of the Red Sox William F. Carrigan, world series leader in 1915 and 1916, who now is a banker at Lewiston, Maine. The price on the Red Sox club, not by Frantz is upwards of \$1,000,000.

CLINCHES FIRST PLACE CHICAGO, Dec. 2.—Johnny Layton of St. Louis clinched first place in the world's three cushion championship billiard tournament preliminary today by defeating Arch Kleckhoffer 50 to 35 in 41 innings. Each had a high run of seven.

Don't Stalk Grizzlies Too Closely

The picture shows Dr. C. F. Hardy of Milwaukee (center), who killed the bear, and his two guides, Charley Berry (left) and Walter Cochran, (right), who helped him stalk it. The silvertip weighed about 800 pounds.

NO ADVANTAGE IN WEIGHT OF RIVAL ELEVENS

Contestants for State Football Honor Average 145 Pounds; Expect Great Game

Despite the many reports reaching here as to the greatly superior weight of the Idaho Falls squad, which arrived here yesterday, figures given out by the coaches of the rival elevens show that there is not even the difference of one pound between them, the average of both being placed at 145 pounds.

While Twin Falls' weight is very evenly distributed in the line and the backfield, Idaho Falls shows a heavy set of forwards with a comparatively light backfield. The majority of the availed-pound of the Idaho Falls outfit, however, is on the left side of their line, and this is thought to be an indication that most of their plays will be around Twin Falls right wing, or into the line on that side. The lineup of the two teams, with the individual weights of the first string men are appended below:

Twin Falls:—Taylor, l. e., 134; Mackie, l. t., 141; Purdie, l. g., 155; Denton, c., 137; Irwin (Capt.), r. g., 145; Bailey, r. t., 151; Epler, r. e., 143; Newman, q. b., 156; Hertz, l. h., 135; Fitz, r. h., 150; Phillips, f. b., 150.

Idaho Falls:—Bucklin, l. e., 165; Holden, l. t., 153; Jacobson, l. g., 155; McHugh, c., 135; Heath, r. g., 140; Russell, r. t., 135; Thompson, r. e., 134; Gossas, q. b., 131; Payne, l. h., 136; Reed (Capt.), r. h., 162; Conan, f. b., 162.

CALL OFF BOUT

CLEVELAND, O., Dec. 2.—The ten round bout scheduled for tonight between Pat Moore of Memphis and Carl Treumle of Cleveland, bantams, was called off into today because Treumle was one pound over the stipulated weight of 110 pounds at 3 p. m. and Moore would not concede the extra weight.

BY MORRIS ACKERMAN. (Noted Hunter and Fishing Expert.)

Grizzly! There's a word that commands the attention of whether they are hunters or not.

It is the ambition of every big game hunter to some day run amuck of a big grizzly bear and walk home with the hide.

Last month on my trip in the Canadian Rockies, eight of these huge silvertips were sighted and our party was fortunate enough to bring five of them back.

I had an experience on this trip with grizzly bears that I will not forget soon.

Three of 'Em.

Dr. Tomlin, myself, Curley Phillips, chief guide, and Charley Berry, another guide, started on a five-day-over-the-mountain trip about.

On the last morning while heading for camp we saw three bears go over the skyline. A big she-bear and her two yearling cubs.

We stalked the yearlings down a grassy slope where they were industriously digging for gophers.

Mamma Knows. When we were within 200 yards of them, Currie, the guide, suggested that I pick off one of the cubs and that

"mamma bear would show up." We were in the scrub-at the time, and just as I sat down to rest my elbows on my knees I looked around and there was mamma within ten feet of me.

It seemed that she understood her babies were in danger and had been stalking us too.

Close Stalking. Now that's my idea of stalking a grizzly grizzly! I fired another shot after her for good luck and fortunately one of my shots took effect.

However, I hate to think what happened had I perforated baby silvertip and mamma had ascertained who was responsible, as she most certainly would have done, looking over my shoulder.

"Dude" Hunters.

The grizzly is second in size only to the Alaskan brown bear. It weighs, when full grown, about 800 pounds.

This bear has a bad reputation. Falling into the crushing, hugging arms of a grizzly is the dread of all "dude" hunters.

But notwithstanding this "general idea of danger I have not found them to be "dude actors." He or she who gets out of your way if given a chance.

It is only when you wound them that they attack.

Shoot, so King. However, I am convinced that if you are hunting them the old sage—"Shoot until they are dead and then fire a few more shots for luck"—isn't a bad thing to remember. The victory of a bear is something unbelievable. They fight to the last and even in their last struggles show remarkable strength. It is real sport hunting grizzlies, but take my advice and don't stalk 'em too close. It's pleasant—and much safer.

JOE LYNCH WINS FROM JACK SHARKEY

NEW YORK, Dec. 2.—Joe Lynch knocked out Jack Sharkey in the 15th and final round of their bout at the Madison Square Garden tonight. Both are New York bantamweights. The end came after 45 seconds of fighting. Lynch's victory earned him the right to meet Pete Herman of New Orleans, world's bantamweight champion, in a 15 round bout for the title in the same ring on December 22.

WHEAT PRICES ON UPWARD TREND AT CHICAGO MARKET

Commodity Makes Advance of 11 Cents Per Bushel; March Grade Now Worth \$1.04 1/2

CHICAGO, Dec. 7.—Suggestion of possible coming shortage of bread supplies in the United States, accompanied a buying spree today in the wheat pit on "change." Prices ran up 11 cents a bushel. March grade, the principal futures contract traded in at present.

The sudden spike, lifted March wheat to \$1.04 1/2, nearly 20 cents higher than last Friday when the market was in a state of collapse owing to a series of agricultural bank failures in North Dakota and to an extraordinary combination of other depressing circumstances. The long downward plunge of other prices, which then culminated, had been taken advantage of from time to time by European interests to acquire ownership of large volumes of wheat but it was not generally realized until today that the total of foreign buying might ultimately prove excessive.

If figures that were current today, among dealers turn out to be near the truth, the export surplus in this country has been valued at \$6,000,000 bushels a total of 15,000,000 bushels less than the aggregate ordinarily on hand when a new harvest is beginning about July 1.

Nervousness over the export situation was added to by statements that the new crop in Australia had been mostly bought up, presumably for Europe and that the Argentine harvest was being interfered with owing to adverse weather.

"Buy a barrel of flour" agitation contributed a good deal to further disturbance in wheat values, and so also did uncertainty as the measures which may be taken soon by congress with a view to relieving economic difficulties, especially as affecting farmers.

Among the shorts in wheat who were popularly believed to have hurried to cover today was a big New York speculator who is identified with the cotton trader.

PERSONAL MENTION

Emily Dougherty motored to Twin Falls Thursday on a combined business and pleasure trip, from her home in Hansen.

Mr. and Mrs. D. Harold McGrath returned to their home in Jerome last evening after several days visit with friends in the city.

Mrs. Francis Lee Johnson of Murtagh spent Wednesday in Twin Falls shopping.

Freeman B. Kempton of Kimberly transacted business in the city yesterday.

Mrs. L. C. Doty of Kimberly is in the city for a few days, visiting friends.

Miss Marion Bennett returned to her home in Gooding yesterday. Miss Bennett was maid of honor at the Stevenson-Coates wedding, and while here a guest at the Stevenson home.

J. W. Williamson of Filer spent yesterday in the city on business.

Mr. and Mrs. Lester F. Albert returned home yesterday after an extended visit with friends and relatives in Minnesota.

A. H. Corbett is spending several days in the city from his home in Lone Beach, Cal., visiting friends and looking after business.

Mr. and Mrs. J. C. Wheeler and daughters, Ruth and Ann, left yesterday for Fall Lake City, called there by the death of their daughter.

C. H. Burling is spending several days in Burley, called there on business.

Mr. and Mrs. Gulich of Filer spent Tuesday in Twin Falls shopping and looking after business matters.

St. T. Read of Jerome was a business visitor in the city Thursday.

Mr. and Mrs. W. N. Hines of Rogerson spent several days here visiting friends.

Bulah Mouncey spent Wednesday afternoon in town shopping, from Buhl.

Ralph Rawlings is in the city for a few days visiting friends and to attend the football game this afternoon.

Harry Boyd returned yesterday from Nebraska, where he was called by the serious illness of his mother.

Mrs. E. E. Hays of Filer was en route yesterday's arrivals in the city.

Wm. T. Foster, Paul Combs and Ross Hopkins returned yesterday from an extended visit in California.

Mollie E. Flory of Jerome is spending several days visiting friends.

Mrs. Stett Van Riper of Buhl was a visitor here for a short time yesterday.

C. E. Holmes is spending several days here, transacting business on the way to Berkeley, Cal., for an extended visit with his family.

L. L. Wood spent yesterday in the city on business.

Miss Clara Beamer of Halloy, who has been a guest at the Statenson home for the past week left for Burley yesterday where she will visit at the home of her sister for some time.

Mrs. Paul Haddock accompanied by Mrs. A. E. Walters, returned to Burley yesterday, after spending the past week at the Walters home.

HARDING REPLIES TO OWEN APPEAL FOR NEW RATES

Plea of Oklahoma Senator for Lowering of Re-Discount Rate Brings Response From Governor

By the Associated Press. WASHINGTON, Dec. 7.—An appeal by Senator Owen, democrat of Oklahoma to the federal reserve board for a general lowering of its rediscount rates, brought a response tonight from W. P. G. Harding, the board's governor, which declared that the organization was "reluctant to discuss proposed changes in discount rates," because such discussion would "have an unsettling effect and give those not in position to form an opinion as to the probable action of the board, an advantage over those not thus situated."

Senator Owen's letter said that reserve bank earnings from present discount rates were running at 150 per cent per annum, "putting the government in the position of profiteering, and in some cases 'absolutely stopping legitimate distribution.'"

Governor Harding, countered with the statement that the senator was ignoring the opposition forces opposing the movement in prices which for months past have been in evidence all over the world.

"The board believes the unfavorable conditions which are now the subject of so much complaint were inevitable," Governor Harding added, "and could not in any event have been long deferred. It confidently asserts that but for the precautionary measures taken several months ago, conditions would be far worse than they are, with the prospect of stabilization and revival much more remote."

To the profiteering charge, Governor Harding retorted that the profit of serving banks after paying the government franchise tax would be, not 150 per cent or more, but barely seven per cent on their liability to stockholders.

Senator Owen characterized the board's policy as "indiscriminate debauchery, largely due in my opinion to the lack of vision of the New York City Bank." Mr. Harding replied that the board "hopes that even though your views and those of the

board may not coincide in all respects you may later on reach the conclusion that in the light of subsequent events the board's policies are sound."

IRISH HOME RULE BILL IN DIFFICULTY

LONDON, Dec. 7.—The Irish Home Rule bill is not having the smooth passage through the committee in the house of lords that it was expected to have after the opening debate yesterday.

Bern Birkhead again today referred to the difficulties involved in the amendments offered by Lord Shandon yesterday, and expressed the hope that Lord Shandon would reconsider the matter before the report stage was reached.

There seems to be a belief in some quarters that when the question comes up again in the report stage changes will not be persisted in.

IDENTIFY VICTIMS OF NEW YORK FIRE

NEW YORK, Dec. 7.—Identification of the last of the five victims who perished early today amid flames that swept a five-story apartment house in West Fifty-second street as Betty Jones, wife of Bobby Jones, a London dancer, was made tonight.

The other victims were: Dr. F. M. Potter, veterinarian of the New York Hippodrome, trainer of animals and an owner of race horses; Mrs. Eva Luscombe, English premier danseuse and actress, the wife of Victor Luscombe, an employee of Lloyd's, London.

WILSON HARD AT WORK ON MESSAGE

WASHINGTON, Dec. 7.—President Wilson is still at work on his annual message to congress and it was indicated today that it probably would not be completed before the end of this week or nearly next week. It is understood that the present plan to communicate it to congress next Tuesday, the day following the opening of the session.

The president is expected to make a number of recommendations regarding taxation and government finances and senators from the western and southern states are hopeful that he will deal with the situation which the farmers are facing as a result of falling prices for their produce.

Several hundred guns and pistols have been surrendered voluntarily to authorities at Mingo county since modified military law went into effect in the coal strike zone. It was disclosed at military headquarters here. The surrender was in compliance with the order of Colonel Herman Hall, commanding the federal troops in the district, that no person other than the regularly constituted authorities may carry or possess arms or munitions.

The exact number was not known by the military but Sheriff Blankenship said there were about 450 guns and small arms collected at the city hall in Matewan.

METHODIST MINISTER RELEASED ON BAIL

WINDSOR, Ont., Dec. 7.—Rev. J. O. L. Spracklin, Methodist minister and Ontario license inspector, was released on \$20,000 bail furnished by members of his congregation late today, after he had been committed to jail by a police magistrate for trial on a charge of "killing and maiming" Beverly Trumble, an innkeeper.

The case will be tried next spring.

THOUSANDS HAVE KIDNEY TROUBLE AND NEVER SUSPECT IT

Applicants for Insurance Often Rejected.

Judging from reports from druggists who say customers are in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance companies, in an interview of the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is too common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. Dr. Kilmer's Swamp Root is on sale in all drug stores in bottles of two sizes, medium and large.

However, if you wish to fast this great preparation send ten cents to Dr. Kilmer & Co., Birmingham, N. Y., for a sample bottle. When writing be sure and mention this paper—Adv.

The Sweet's of Life

There's one thing sure about Sweet's CHOCOLATES—they are never neglected.

True, big sister's new suitcase may divert her attention for a moment, but young nuisance will be found right on the job. And after all you can hardly blame him—that you'll appreciate, once you've learned how good these super-chocolates are.
