### BORAH AND BRYAN HOLD CONFERENCE

Discuss Possibilities of Their Reaching Agreement For Peace

### IDAHO SENATOR STILL AGAINST ANY ALLIANCE

Senator Harding Believed to Have Only Broad Outline For Peace Arrangement

WASHINGTON, Dec. 22.—William J. Bryan, who visited President-elect Harding at Marion recently held a lengthy conference today with Senator Borah of Idaho, a leader among republican opponents of the league of nations.

**Discuss World Peace**  
The purpose of Mr. Bryan's visit here, it was stated, "primarily, was to discuss possibilities of securing an agreement or reaching some common ground in the movement toward maintenance of world peace."

From what could be learned of his conference with Senator Borah, it was said that the views of Mr. Bryan and the Idaho senator were unchanged. It was indicated that Senator Borah remained implacable toward any arrangement involving any international alliance.

Significance was given Mr. Bryan's call upon Senator Borah because of the former's very recent talk with Senator Harding and the former cabinet premier's expressions, after his Marion visit, of hopes for a solution of the world peace problem.

Senator Borah also discussed the subject with Senator Borah, for an hour during the latter's stop, over here early this month.

**Have No General Outline**  
Information obtained here from senators and others who have conferred with the president-elect is that Senator Harding has formulated in his mind only a broad general outline, consisting of an arrangement for peace and has not yet come to a consideration of details of any plan. Some who have visited Senator Harding, however, state that he apparently does not recommend absolute disapproval of the treaty of Versailles.

"Establishment of a world court and development of a new code of international law and procedure are other features of Senator Harding's thought according to word brought here from the Marion conferences.

"Difficulties of establishing a world court or substituting some such plan for the league of nations, however, are being discussed privately among senators.

"A judicial league is no more feasible than a political league," was the statement today of Senator Reed of Missouri, prominent democrat in congress, who had a long talk with Senator Harding last week.

"It is the accepted rule," Senator Reed said, "that no judge shall sit in any case in which he has any interest, also that the litigants should not participate in the judgment."

**OREGON SENATOR IN CARE OF PHYSICIAN**  
WASHINGTON, Dec. 22.—Senator Chamberlain of Oregon is under the care of specialists at a local hospital, it became known tonight. His condition was said to be serious with the possibility that an operation may be necessary.

**MORGAN LEAVES EXILE**  
BERNE, Switzerland, Dec. 22.—Former King Ludwig of Bavaria, who second a Swiss monarch, has returned to his ancestral castle at Wildenwart, Russia.

Latest "Front Porcher", Bill Bryan and Cape

The good people people of Marion, O., are beginning to be bored by the visits of celebrities. But nobody shrugs or yawns when Bill Bryan breezes into town. This picture of Bryan and President-elect Harding was snapped at the corner of the famous front porch. On the left is a secret service man.

### COAL OPERATORS TESTIFY BEFORE SENATE COMMITTEE

By the Associated Press.  
WASHINGTON, Dec. 22.—How the national coal association, an organization of coal operators, dealt with the government and cooperated with the coal operators last summer were details in which the senate investigation committee spent ten hours.

J. H. Morrow, vice president of the organization, told how the association drafted orders for the interstate commerce commission to issue on transportation matters, paid the expenses of the United States geological survey in collecting official figures on coal production; kept Joseph P. Tumulty, secretary to President Wilson, informed of all steps, and successfully fought proposals to establish a fuel administration although coal prices continued to mount.

D. W. Wentz, the association's president testified to purchasing for the war department at the height of the shortage, 150,000 tons of coal, for which the government paid \$11.50 a ton, while another corporation which

he controlled was selling and selling coal for \$22.75 a ton.

The examination of two witnesses was continued from time to time, as senators' practical correspondence taken from the organization files during an unannounced search of its offices in Washington last Saturday and Sunday and questioned sharply the purpose and public interest of the step taken by the association and government agencies alike.

Mr. Wentz said he advised commission members, paid the expenses of the purchases. Senator Carter producing a sheet of figures, said that "million of tons" had been obtained for the army by other buyers during September and October, at prices ranging from \$2 to \$15. Another representative from the shipping board said that the bunker coal at Hampton Roads during the summer and fall and costs the shipping board \$15.50 a ton in quantities. Mr. Morrow testified by saying that it "was an inexcusable example of government inefficiency as ever saw."

### ENGLISH TROOPS IN IRELAND WITHOUT DISCIPLINE, CLAIM

WASHINGTON, Dec. 22.—A characterization of the "black and tan" in Ireland as "wholly without discipline and not responsible to anybody" was given today by a former corporal in the United States army in reply to a request of the commission of the committee of one hundred investigating the Irish question for "an appraisal through the eyes of a soldier of English forces in Ireland."

D. J. Broderick of Chicago, who said he served on the Mexican border before the world war and in the navy during hostilities told the commission that he called men of the military forces took into their hands reprisals against the people of occupied territory at "black and tan" and English soldiers in Ireland, they would be tried by court martial and sentenced to long terms in military prisons."

### UTAH MERCHANT IS KILLED BY ROBBERS

SALT LAKE CITY, Dec. 23.—Richard Lighter, Blue Creek, Utah merchant, was captured to death by robbers Monday night. Only small amount was taken. Checks, car keys, stamps, postage stamps and \$200 in cash were overlooked.

### CONFERENCE SERIES OF HARDING BRINGS RESULTS IS CLAIM

MARION, O., Dec. 22.—Although many important decisions remain to be made, it became known tonight that President-elect Harding's series of conferences here have brought him much nearer the solution of the big problems of his administration.

A world peace plan, based on the united moral influence of the great powers, in taking more concrete form, has been approved sharply. Details of conferences here have brought him much nearer the solution of the big problems of his administration.

Available material for the cabinet has been sorted, and finally and although no appointments have been offered at the field of possibilities has been narrowed sharply. Details of conferences here have brought him much nearer the solution of the big problems of his administration.

**PROMINENT PIANIST DIES**  
BOSTON, Dec. 22.—Mrs. Annie N. Baldwin, a pianist who has been associated with many musical celebrities, died here today.

### THIS MAY KEEP THEM FROM BEING FULL OF HOPE

CHICAGO, Dec. 22.—Recent undertakings are so full of "joy and hope" they won't object, Robert M. Switzer, county clerk proposed to the finance committee today that the price of marriage licenses be raised to the same scale as a dog license.

Marriage permits, cost \$1.50 and a dog license \$3.  
"I don't see why the fee for a marriage license should not be raised to the dignity of that for a dog license," Mr. Switzer said. "A young man about to be married is so full of joy and hope that I am sure, few if any would object."

### CLARA BARTON SMITH GIVES SELF UP TO TEXAS AUTHORITIES

Women Sought Over Entire County in Connection With Hamon Death Surrenders

JARDRES, Mexico, Dec. 22.—Clara Barton Smith, wanted in Ardmore, Okla., in connection with the death of Jake L. Hamon, Oklahoma millionaire, arrived here at 6:45 tonight, and immediately was taken into custody by Sheriff Buck Garrett of Ardmore, who had arrived on the hotel an hour before.

After Miss Smith stopped off the train which came from Chihuahua City, she reached to Sheriff Garrett, shook hands with him cordially and exclaimed:

"Mr. Garrett, I am so glad to see you."  
The sheriff then conducted Miss Smith to a waiting automobile and the party of peace officers and attorneys drove off in the direction of the home of James L. Smith, the woman's father.

### ITALIAN DESTROYER SHELLS LEGIONAIRES

ROME, Dec. 22.—The Italian torpedo boat destroyer Zeffire, has shelled the forces of Gabriele d'Annunzio occupying Voglia, says the Stefani agency. The legionnaires, who landed at Cutigliero, marched to Sain but on the way left their commanding officer and six men and two machine guns in the hands of regular troops. The legionnaires made their escape in the collier. Other raids have been made in Dalmatia.

### MEASURE FOR PROTECTION OF FARM PRODUCTS PASSES AFTER EIGHT HOUR DEBATE

#### BLOW YOUR NOSE WITH CARE SAYS LUNG SPECIALIST

LONDON, Dec. 22.—Blow your nose with care! Gently. Quietly.

This is the injunction Sir St. Clair Thomson, famous throat and lung specialist, is trying to get across to Britons.

"When you blow hard," says Sir St. Clair, "you injure your nasal apparatus just like a bicyclist in an automobile sometimes wrecks the muffler."

"Besides, you scatter germs," Sir St. Clair especially enjoins one not to blow like the late King Edward used to do.

The king's blowing fairly rattled the windows in Buckingham palace.

"I urged the king to breathe rather than to blow," says Sir St. Clair; "but a breeze never satisfied him."

#### KU-KLUX-KLAN IN SILENT PARADE IN CITY IN FLORIDA

Masked Men Disguised in White Caps, Masks, and Gowns Make Display in City Streets

JACKSONVILLE, Fla., Dec. 22.—More than 200 members of a branch of the Ku Klux Klan silently paraded the streets of South Jacksonville last night disguised in white caps, masks and gowns and headed by a herald bearing a flaming cross. No explanation was given.

In a recent similar parade in Jacksonville one of the advance riders announced that "a band of solemn, determined men" would pass and wanted "no one to follow them," when the Klansmen reached the cross of the city, every light in the business district snuffed out. When they were switched on again a few minutes later, the riders had vanished.

W. J. Simmons, of Atlanta, Imperial Wizard of the Klan, recently announced that one of its purposes was to maintain "white supremacy" but that it would support constituted authority and not tolerate lawlessness.

#### DUTCH WILL RESUME TRADE WITH RUSSIA

THE HAGUE, Dec. 22.—The Dutch government is ready to permit trade with Bolshevik Russia, under certain conditions. Speaking in the second chamber today, H. A. Narkanebeck, foreign minister, said:

"The government will not impose obstacles to commercial relations with Russia but cannot accept any responsibility for these relations."

#### ARMENIAN SOVIET ANNULS 11 LOANS

LONDON, Dec. 22.—The Armenian Soviet in a proclamation has annulled 11 foreign loans, especially the American loan, which the Armenian workers have been willing to repay, says a Reuters dispatch from Constantinople.

**OPPOSES HASTY ACTION**  
LONDON, Dec. 22.—Premier Lloyd George in the house tonight opposed hasty action in altering the law of the land in connection with the Greek war, which will regard the Greeks as they might be antagonists of their recent action.

#### Representative Rainey, of Illinois, Makes Bitter Attack

#### OPPOSITION CLAIMS CLASS LEGISLATION

#### Declare Passage Will Send Cost of Living Higher; Amendments Get No Consideration

By the Associated Press.  
WASHINGTON, Dec. 22.—Over the measure of a distant minority, the House tonight advanced the Foodstuffs emergency tariff bill by a vote of 196 to 86. The vote was taken at 8:45 o'clock, after eight hours of debate.

Political lines were swept aside on the final vote of 196 yeas and one oppositionist combining with 72 republicans supporting the measure, while 14 republicans lined up with 72 democrats against the bill.

**Haley Attacks Measure**  
It was evident long before the vote was taken that supporters of the measure, as intended to protect some 20 food-stuff products for a two months' period, had also situation will be hard. But Representative Haley, dem., cent. Illinois, leading the opposition, opened a bitter attack which increased in intensity as the debate wore on.

"Inasmuch as, perhaps, he misused the measure," said the republicans, with loud rars, of "noes" sent his proposed amendments down to defeat. A few republicans supported him in his attack but a score of his own party turned from their traditional stand against a high tariff to join the majority.

Opposition speakers charged that the measure would send the cost of living higher and branded it as class legislation. Opponents of the bill said it would save the agricultural industry.

**Chairman Foreman of the ways and means committee, which reported the measure in opening the debate, declared the measure was not scientific and admitted it was hastily drawn, but asserted that it was the best that could be had at this time.**

**Only Way to Extend Relief**  
Representative Garner, democrat, Texas, speaking in support of the bill said he felt it was the only way in which congress could extend the relief so urgently needed by the farmers.

Representative Madden, republican Illinois, however, assailed his colleague for opening the way to a renewal of prohibitive living costs. Pointing his finger at the industry, leader's desk he said:

"You men will make two lamb chops cost \$1.50 again and you will make our suits of clothes cost one hundred per cent more."  
Representative Garrett of Tennessee, said he says in this bill a "deter-mined effort to divide the democratic party, to make members of that party turn their backs on every principle of taxation for which the party has stood in its whole history."

"I cannot believe the republican leaders seriously hope to get this bill passed," he added. "It is an approved it is a fine piece of political strategy."  
In his attempt at amendment, Mr. Rainey sought to show that the bill for the most part carries higher rates than the Foodstuffs tariff. He also urged of retaliatory tariffs and embargoes by other nations.

In this connection an amendment by Representative O'Leary, democrat, N. C., was introduced, which would increase the tariff on the importation of duty-free goods, and would also increase the rate of duty on the importation of duty-free goods. It was expected the rate of seven per cent would be raised to ten per cent.

# ATTENTION TO VARIATION IN WATER PRESSURE

Superintendent Pilgerim of Water Works Department Shows Differences Throughout City.

In connection with the installation of the water meters, Superintendent John Pilgerim of the water works department of the city administration yesterday called attention to the great variation in the amount of pressure at the various fire hydrants throughout the city at different hours in the day.

Mr. Pilgerim declared that the

wastage of water during the summer months had resulted in a depletion of pressure at noon of ten pounds from the pressure at midnight. Tests on July 13, 1920, at midnight, showed a pressure of 75 pounds, he stated, while at noon this figure was reduced by ten pounds. The amount of pressure, Mr. Pilgerim said, should not vary more than five pounds at these two hours.

He pointed out the fact that the city has just purchased entirely new and modern fire equipment and said that unless a uniform and powerful pressure can be maintained at all times, this money will have been wasted, while the city will be afflicted with a much greater degree of large and destructive conflagrations. The amount of water which a hydrant will deliver is governed mainly by its proximity to the main supply because of friction through the pipes, while since the city employs a gravity system of feeding the water, the elevations of the various hydrants also plays an important part.

Through the installation of meters, Mr. Pilgerim declared, the water works department hopes to eliminate the waste of water and thus assure a liberal, ample and uniform pressure at all times.

## BURLEY CITIZENS WILL VOTE ON SUNDAY SHOWS

After receiving petitions both advocating and opposing Sunday moving picture shows, the Burley City Council has decided to settle the question by vote of the citizens direct. The proposition will be voted on January 5, in conjunction with the bond election to be held there on that date.

The vote will be taken merely for the purpose of giving the city council the sentiment of the people in the matter and the desire of the majority as expressed at the polls will be put into force. No registration will be required to cast a ballot in this election. The same question has been fought out in like manner in many cities and towns in Idaho, some going on record as opposing Sunday picture shows and some being opposed.

## VIOLATED PAVING LAW.

Violation of the ordinance governing the parking of automobiles, cost Ira Aulery \$2.50 in police court yesterday.

# STATEMENT SHOWS ACCOMPLISHMENTS OF DEPARTMENT

Many New Water Mains Laid, New Fire Hydrants Installed and Connections Made.

A statement was issued yesterday by the superintendent of the water works department of the city showing the amount of work accomplished during the past year, including the laying of mains, making of service connections, installation of fire hydrants and other construction work.

The statement follows: "The water department has laid 27,415 feet of mains divided as follows: 2240 feet of six-inch cast iron, 4470 feet of six-inch red wood, and 18,705 feet of four-inch red wood.

"Of these new mains there were made about 300 service connections. One hundred of these are completely new and on vacant property, while 165 new service connections for vacant property were made in the paving district where new mains had already been laid, and 50 per cent of all old service connections were partially renewed and lowered to get them low enough to prevent them from freezing. This was done at considerable expense, but we believe that the water department will be benefited through lowering the operating cost and repairs to the pavement, and also in maintaining a better service for the consumer.

"The number of service connections at this time to vacant property in the new paving district amounts to 265.

"There were 14 fire hydrants reset. Seven fire hydrants were also moved on account of widening the streets and seven additional hydrants set in new locations, making a total of 28 set during the year and a total of 124 fire hydrants within the city limits."

# COURT DENIES PETITION FOR MANDAMUS WRIT

Dispute Between John A. Bevercombe  
and City Authorities Defini-  
tely Settled.

Denial of the application of John A. Bevercombe for a writ of mandamus by Judge W. A. Eberbeck of the district court yesterday definitely settled a war between Bevercombe and the city authorities which has been raging for some time.

Mr. Bevercombe first appeared before council meeting on November 8, with a request for a permit to construct a gasoline filling station for automobiles on a lot which belongs to him at the intersection of Blue Lakes boulevard, Shoshone street and Eleventh avenue north. John E. White and A. L. Swain appeared before council on this occasion and opposed the issuance of the permit on the grounds that to grant it would be to unnecessarily endanger the lives of children attending the Washington school through the creation of cross currents in the traffic. They also undertook to prove that the installation of such a station there would injure the value of the surrounding residence properties and that the property owner was entitled to receive this consideration for his investment.

After a lengthy discussion at this meeting, council decided to deny the request, following which Mr. Bevercombe made application to the city clerk for a permit to construct a building on the same site, which action was taken by the city authorities to be only another means of securing permission to put up the gas filling station. Mr. Minnick did not grant the permit, nor did he refuse, but again presented the matter to council. Again baffled in his efforts, Mr. Bevercombe, through his attorneys, made application to the judge of the district court for a writ of mandamus directed to the mayor and city council ordering them to issue him the building permit, which writ was yesterday denied.

Council, however, took steps to prevent the construction of the proposed station by the passage of an ordinance prescribing a certain distance which must separate any automobile gasoline or oil filling station from any

school buildings or grounds where children use in attendance during any part of the school year, provided that in order to be served a machine must cross a sidewalk.

## REPARATIONS CONFERENCE DECIDES TO ADJOURN

BRUSSELS, Dec. 20.—The allied delegates to the second financial conference to discuss German reparations have decided to adjourn the present session next Thursday and to reconvene the conference in Brussels probably on January 10.

The delegates found at the inter-allied session today that the reports on the points raised by the Germans have only been half finished and a definite reply to the German requests for concessions probably will be given only at the January session after the reports of the delegates have been approved by their governments and the allied views harmonized.

The delegates continue to protest that real results will be obtained although they are now going at a slower rate in this direction than had been expected. The question of the cash balances to be paid by Germany on the liquidation of her account has made it necessary to summon other experts. The reports of the French experts on the upper Silesian question have been delayed and the conference therefore decided to take time to go into all the questions thoroughly so that they may be settled once for all.

### THE RESPONSIBLE AGE

A new light was thrown on the subject of leniency for the youthful offender recently when one of the Chicago crime commissioners refused to interfere to save a 19 year old youth sentenced to be hanged for murder.

There was no question of the boy's guilt, nor of his wilful prosecution of a criminal career for years before the culminating crime. No appeal could be made for him on any but sentimental grounds—his youth and the grief of his family. Those, naturally, took little note of the suffering which his murder of an innocent citizen has inflicted, nor of his trio character as a public menace.

In response to the appeal made to him the commissioner replied that the youth "was not too young to be called by his country to die for it. He was not as young as many who did die in the late war and earlier wars. Sentimentalism did not save them. It would have been dangerous if it

had saved the youthful murderer." This may seem like harsh justice, but it is justice none the less. The majority of the crimes with which the country reeks at present are the work of gangsters who, youthful as they are, are not too young to know the right from the wrong. One reason why they find the choice of wrong so easy is that their youth is often allowed to interfere with their punishment.

The reason the young criminal finds that he will be held to strict accountability for his acts, the sooner there will be a check upon his crimes.

### IMMINENT EXCLUSION

There is always some hypocrisy about the explanations which men and nations give for their conduct. Americans have said, and doubtless believed, that they permitted practically unlimited immigration because they wanted America to be "a haven for the oppressed of every land." We have all felt that virtuous glow of generosity, to be sure. But the basic reason was economic, not sentimental or altruistic. Nations are seldom altruistic.

We let in the immigrants because we needed them to help develop the country and do the rough work that we could not do for ourselves. We let them in because it was profitable to the country as a whole.

Now the bill has no more illusions on the subject. Public sentiment is strong enough to control the interests that would benefit selfishly, at the country's expense, from continued dumping of foreigners on our shores. That is, provided public sentiment has its way in the United States senate as it has had in the house.

The bill to stop immigration for a year, while the nation gets its breath, and Congress hammers out a permanent policy, is welcomed by the majority of Americans. The United States has an unquestionable right to enact such a law, and to continue its operation as long as it sees fit;

# OUTBURSTS OF EVERETT TRUE

otherwise national sovereignty would be a joke.

And there is really a sort of altruism in this selfishness which excludes immigrants for the present, just as there was in the selfishness which admitted them freely in the past. When we welcomed them because we needed them and could assimilate them, we benefited them along with ourselves. When we bar them during a period when we do not need them and cannot take care of them, we "consolidate our gains" and make ready to provide a better chance for all the foreign-born who are now here and all whom we may admit hereafter.

### THE RUSSIAN EXPERIMENT

Says Lincoln Steffens: "It is a fortunate thing for the world that orthodox Marxian Socialism has fallen, in the extraordinarily able hands of a slacker man in Russia. If they make it work, they will bless the world. If they fail, the rest of the world will be able to work out some better system. The part of every true American is to aid them in making good the trial."

Most Americans are long tolerant of Bolshevikism than Mr. Steffens is, and less convinced of the sincerity and ability of the men responsible for it. Still, in the main, Mr. Steffens' view is probably right. Socialism, as somebody once said of Christianity, "had never been tried." It remained a mere theory, but a theory which appealed strongly to many minds in every land, and which often made trouble because of the flaming opposition of such minds to more slow-moving and conservative systems. It was desirable that the doctrine should be given a practical test, on a big scale, so that mankind might learn once for all, by a spectacular demonstration, whether it would work.

Russia is now giving such a demonstration. The experiment is pretty hard on the Russians, but if they can stand it, the rest of the world should be able to. If the result is a catastrophic failure, as most Americans expect it to be, the lesson will certainly be worth to America all it has cost Russia.

### CHARACTERISTIC STATEMENTS OF JOHNSON AS FALSE

NEW YORK, Dec. 22.—Characterizing as deliberate falsehoods statements credited to Dan Johnson, relative to the elections of the directors of the American League, Harry Frazer, president of the Boston club today in a letter to Mr. Johnson invited him to resign as president of the league and declared there can be no peace while both remain in the American League.

The statements credited to Mr. Johnson and in which Mr. Frazer took exception were:

"The league had always resorted to the ballot instead of using the usual rotation method of the election board of directors when it was found the rotation method would bring an undesirable member to the board;" and "It was the sentiment that two members be not brought into the directorate as they attempted to wreck the American League."

"I had hoped that you had learned something in the two past years," Mr. Frazer's letter continued, "and since the agreement of peace was reached in Chicago I have refrained from making any comment but upon this uncalled for attack upon Mr. Comiskey and myself, I think it about time for you to stop making

threats and prove some of the many misleading statements and assertions that you have made, regardless of the attitude of anybody else in the American League. I want you to know that from this time on, there can be no peace as far as I am concerned, while you and I remain in the American League.

If you have your sense of justice or realization of the harm you have caused baseball, or any regard for the game which has made you possible, you would tender your resignation as president of the American League before causing any further harm.

"If you wish to go into any discussion either privately or publicly or our relations since my connection with the American League in 1916, I will be pleased to meet you at any time or place you mention. But in the meantime, I strongly advise you to eliminate any further attacks upon the Boston American League club or me personally."

# FORMER CHAMPION BEATS AD SANTEL IN MATCH

SAN FRANCISCO, Dec. 22.—Earl Caddock, former heavyweight champion wrestler of the world, departed for his home in Iowa today to spend Christmas with his family after having defeated Ad Santel here last night.

In two hour wrestling he took one fall in one hour, 37 minutes and 5 seconds with a head scissor and arm lock. Santel was on the aggressing for the first 30 minutes, though at no time was the former champion in actual danger.

Caddock tried twice before the fall.

to get Santel on his shoulders, but both times Santel wriggled out, after being in the hold two or three minutes.

**SOLDIERS IN BATTLE**  
LONDON, Dec. 22.—An encounter between Italian regulars and d'Annunzio's legionaries is reported to have occurred at Teleno, 100 miles from Fiume, says a "trist" dispatch to the London Times. One regular soldier was killed and two wounded. The government engineers put the rebel Arditi to flight by a counter-attack.

# EMERALD AMATEUR BOXERS ARRIVE IN UNITED STATES

Will Compete in Series of International Matches to Be Held Middle of January.

NEW YORK, Dec. 22.—A second contingent of Emerald boxers arrived from London today to compete in a series of international bouts here in the middle of next month. In the party were Captain E. V. Chandler, heavyweight champion of Great Britain; and British artists Hugh Brown, light heavyweight champion of the British army runner up to the winner in this class in the Olympic games, and John Watson, heavyweight champion of the British navy. They have fought and light heavyweight champions of the London "bobbies".

Opponents from the New York police force and the United States army and navy have not yet been selected to meet the English team, but William Spengler, heavyweight champion of the police and a member of the American Olympic boxing team, is certain to be one representative of the defending team. British army and navy champions. A series of tryouts will be staged at several points throughout the country and various winners will be brought here to compete in a final round.

The bouts probably will be staged under the international boxing federation rules, but a third or fourth round in case a decision is not reached. A special dispensation will be sought, permitting the contests to go six rounds and in case this is granted, it will be the most interesting boxing carnival ever staged. These bouts will be followed by a series in which the principals will be the sectional champions of the various industrial boxing centers including the timber, mining and steel industries.

More than 100 trophies have been provided by the sponsors of the various industrial boxing clubs.

## HOUSE PASSES NEW TARIFF MEASURE

Continued From Page One.

cents a pound on cotton users of New York said the cotton users of New England were at a standstill and predicted an additional duty would result in further unemployment through the abandonment of plans to reorganize.

During the day a number of senators entered the house chamber, and their presence led to reports that they were prepared to talk the bill to death in the senate. Many republicans said tonight they were almost convinced that the bill would not be passed by the senate.

Mr. Fordney said, in the course of debate, that he hoped to see congress at the extra session, substitute for this bill a relief measure which would remain in effect until a satisfactory tariff schedule could be worked out.

"I expect," he continued, "to see congress re-enact either the Dingley or the Payne-Aldrich schedules."

## YOUTH "DRAWS" CHARGE IN NEW YORK COURT

NEW YORK, Dec. 22.—Assistant District Attorney Sullivan in general sessions court today held five alices of paper in his hand, five charges against Lawrence Hawthorne, 22 year old youth, held under \$100,000 bail for his part in the Hotel Astor holdup last week.

Beside him sat the prisoner waiting to plead to them.

"I'll draw one card" and plead guilty to the indictment on it," Hawthorne said.

"Which one?" asked the assistant district attorney.

He held the slips as he would a poker hand. The indictments ranged from assault to burglary in the first degree, punishable by "not less than 10 years in state prison."

"Any one will do," Hawthorne drew at random.

He picked burglary in the first degree. The severest of the lot.

"Guilty to the charge, your honor," he said.

Then he was led back to the Tombs. He will be sentenced Christmas eve.

## JARRIDGE MINER KILLED BY TUNNEL COLLAPSE

A cave-in of earth in a tunnel in the Elmore mine company's shaft at Jarbridge, Nevada, caused the death yesterday of Vaso Vrickovich.

At the time of the fatal accident, he was placing timbers in the tunnel, the slightest death could be avoided.

Vrickovich was a native of Macedonia.

naturalized citizen of the United States and a world war veteran in the service of his adopted country. He was well known and highly respected in Jarbridge and is buried by a sister and cousin both residing in Jarbridge. An inquest will be held and funeral arrangements will be announced later.

## CLOSE FIRST PHASE OF REPARATIONS COMMITTEE

BRUSSELS, Dec. 22.—At the conclusion of the first phase of the second financial conference to discuss German reparation the delegates apparently have a good idea of Germany's ability to pay and of the assistance the allies must give to Germany to meet their demands. Informal discussion between the delegates will continue until the congress meets again on January 19. The German delegates left Brussels this afternoon for Berlin. The allied delegations met again to bring about an agreement in their reports to their respective governments. They will depart tomorrow.

## CLAIM NEGOTIATIONS FOR PEACE NOT ENDED

DUBLIN, Dec. 22.—There is no truth in the rumors that negotiations for peace in Ireland have been broken off. The Associated Press is authoritatively informed. There has been only a hitch in the peace discussions and the belief is expressed that the negotiations soon will be resumed with good prospects of success.

It is reported that Archbishop Clune has gone to London for consultations with the premier. The archbishop on his previous visit to London is said to have obtained from the premier an outline of the terms on which the government is ready to arrange a truce with the republican army and some idea of the conditions that the government is prepared to grant the Sinn Fein for a settlement of the question of independence.

## WOULD FORBID WITHDRAWING OF COMPANIES FROM STATE

JACKSON, Miss., Dec. 22.—State Revenue Agent Stokes V. Robertson late today issued out a writ of injunction before Chancellor Striker forbidding the 133 fire insurance companies doing business in this state, against whom he has filed suit for penalties under the anti-trust laws from withdrawing from the state.

## CALIFORNIA INDIAN POPULATION DECIMATED

SAN FRANCISCO, Dec. 22.—The Indian population of California has been decimated in 70 years, dropping from 210,000 to 20,000, the Indian board of co-operation announced to-

day. Eviction, starvation and disease were the reasons assigned.

Five thousand of the present Indian population are on "small, inadequate and undesirable reservations" and other 15,000 are scattered through the mountain counties, with no land of their own. The board declared the Indians are the shuttlecock between the state and federal governments, denied the right even of citizenship.

# LYNCH WINS BANTAMWEIGHT TITLE

## Given Decision Over Former Champ Herman In New York Battle

MADISON SQUARE GARDEN, New York, Dec. 22.—Joe Lynch, the little boxer from the west side of Manhattan Island, who jumped into prominence about three years ago as an ilky boxer, won the bantamweight championship of the world from Herman of New Orleans in a 16-round battle at Madison Square Garden. The men weighed in under 115 pounds, as called for in the article of agreement, at 2 o'clock this afternoon but the official weights announced by the slate boxing commission when the men entered the ring tonight were 115 pounds each. Lynch looked the much more drawn of the two men when the bout began, while Herman was in the better condition so far as looks went. Herman was an odds-on favorite in what betting was included in.

Both boys were nervous at the outset. Lynch's advantages of height and reach soon were apparent and excessive caution on the part of Herman cost him any chance he might have had to hold his title.

In four of the rounds Herman had the better of the argument, but in only one of these had he any decided advantage over Lynch. In this round he had Lynch in difficulty, but that was all. Herman's defense at times was puzzling to the challenger, but whenever he landed one of his long lefts or right hook swings, a grin of satisfaction spread over Lynch's countenance, while Herman's face denoted that he was afraid of his opponent's wallop.

In the rounds where he had the better of Lynch, Herman took chances. When he did attack, he was very successful but those efforts were only spasmodic while Lynch was the aggressor in all the rest of the rounds.

Lynch clearly outpointed his man in ten rounds. Herman had four and the opening season was just about even.

Lynch suffered from a cut lip, early in the mill and badly injured thumb of his right hand during the third round.

Lynch was dented as he was carried out without any audible comment, Herman and his manager sail on the Imperator for England tomorrow at noon. The ex-champion is matched to meet Jimmy Wilde, the little paper-weight boxer and English champion, in a 20-round bout in London on Jan-

uary 14. So far as could be learned tonight, Herman's defeat will not affect his plans in any way and he intends to sail and fulfill his English engagement.

The bantam championship fight tonight gathered the biggest crowd the Garden ever held. Both Herman and Lynch weighed in under the stipulated 115 pounds. Although Lynch had the advantage in height and reach, Herman was a 7 to 5 favorite in the betting.

The curtain roared was a fast six round to between George Thompson of San Jose, Cal., and Willie Spencer of Los Angeles, Cal. Thompson gained the decision.

Ray Moore of St. Paul knocked out Jimmy Martin of Brooklyn in the first round of the second bout which was to have gone 10 rounds.

Johnny Buff of Jersey City, out-fought "Biggie" Smith of Panama in the first round of the semi-final bout, but the latter in round two on the card was called off. Smith made his first appearance in the Garden a couple of weeks ago and scored a knockout in 21 seconds, but tonight he was only flashy at times and the judges awarded the bout to Buff.

Lynch entered the ring for the main event, a few seconds before 10 o'clock and took his seat. In the lucky corner from which he fought and defeated "Young" Sharkey a short time ago.

At 10 o'clock Herman got into the ring. After the principals and the referee, Patsy Halley, had faced a battery of cameras, the ring was cleared for the championship battle. Herman wore white trunks with a black belt and Lynch green trunks with a gold belt on the left side. They shook hands at 10:02 p. m.

Round one.—They began with light sprays. Lynch landed left to the head. At close quarters Herman sent both hands in rapid succession to the body. Lynch jabbed left to the face and hooked his right to the head. Herman swung right and left to head. Both boys were nervous and were just feeling each other out. They exchanged light body blows and jabbed before the bell the champion landed lefts and rights in rapid succession to the body three times. There was no damage done and the round was pretty even.

Round two.—After an exchange of

body blows, Lynch landed a hard right hook to the head. He landed another hard right and missed a left for the body. They exchanged lefts to the face. Lynch tried long left jabs for the body without damage and they fell into a clinch. Lynch jabbed left to the nose and the bell found them at close quarters both playing for the body mostly. Lynch's round.

Round three.—Herman landed a hard left to the jaw. After some infighting Herman sent his right to the back of the neck and Lynch crossed his right hand to the jaw sending Herman to the ropes. When they returned to the center of the ring Lynch drove his right twice to the body and swung his right to the ribs and again to the head. Herman clinched and Lynch sent a short right to the head before the bell. Lynch's round.

Round four.—Lynch hooked twice to the head and Herman was forced to duck. Lynch drove his right twice to the body and swung his right to the ribs and again to the head. Herman clinched and Lynch sent a short right to the head before the bell. Lynch's round.

Round five.—Lynch planted two hard lefts on the head, the second slugging Herman. Herman fell short for the body. Lynch landing left and right on the head.

Lynch hooked his right to the ear. Lynch forced his man all over the ring and had all the honors of the round, during which Herman failed to land a solid blow.

Round six.—Most of Herman's leads were short. Lynch's right enabled him to land long lefts to the face and head. At close quarters Herman planted left and right to the body and then Lynch landed four rights on the head and a left on the body without a return. In the boxing that ensued Herman proved to be the cleverer and had the round by more than a shade.

Round seven.—Lynch cut loose with two right swings which Herman blocked. Lynch hooked right to the head. Herman stepped in but Lynch drove him back with left and right to the face. They exchanged body blows and were sparring at the bell. Lynch's round.

Round eight.—Lynch popped a hard left to Herman's nose and then ducked safely from a right swing. Lynch jabbed his left twice to the face and stepped inside of Herman's leads. Lynch missed two right hooks to the head. They exchanged body blows. Herman missed several blows and outboxed Lynch to the end of the round. Herman's round.

Round nine.—There was a flurry of infighting and then Lynch landed a hard right uppercut to the jaw. The crowd was then shouting for more action. Lynch hooked a hard left to the jaw and at close quarters Herman sent the left and right to the body. Lynch's round.

Round ten.—Lynch jabbed left and swung his right to the head. Herman landed a couple of his favorite blows. In an exchange of lefts Herman drew blood from Lynch's mouth with a stiff hook. Herman bored in and tried to follow up with another blow to the face but was short. Lynch missed a right swing and Herman shot a right to the jaw following with right and left to the wind at the bell. Herman's round.

Round eleven.—They sparred for a long range for a half minute. Herman kept blocking Lynch's left jabs and then began forcing the put in changed left hooks to the face, then Herman landed two lefts to the face and right to the body. Herman was beating Lynch to the punch and had the better of the round.

Round twelve.—Herman's defensive work was excellent, now of Lynch's swings going wild over his head. Lynch hooked left to face and landed a corking right on jaw forcing Herman to the ropes where he covered up. Lynch jabbed left to face and hooked right three times to the head, while Herman held his left glove. Lynch swung two rights to the head. They were sparring at the bell. Lynch's round.

Round thirteen.—Lynch came up ducking and sent left and right to the

face without a return. Lynch swung another on the jaw as Herman clinched. Lynch hooked his right three times to the head and Herman hooked left to face. Herman kept strictly on the defensive until the bell rang. Lynch's round.

Round fourteen.—Lynch swung and jabs to the head and then landed a solid left hook on the jaw following with two short rights to the head. Lynch hooked a right to the head, missed another and then forced Herman to the ropes in his aggressive show, landing short right hook to the ear. He kept jabbing his left, the only return from Herman being half an rights to the ribs. Lynch's round.

Round fifteen.—Lynch tried to float Herman into a lead, but Herman would not go in. Lynch put tier to the wind and a light right to the head. Then he hooked a right to the head and brought the glove down to the ribs. Lynch hooked two lefts to the head and they were in a harmless mess when the gong ended the bout. Lynch's round.

Announcer Humphrey, after taking the slips from the judges and reading them shouted: "The judges have decided on a new champion, having agreed on Lynch as the winner."

### BAN JOHNSON REPEATS TO CHARGES OF HUSTON

CHICAGO, Dec. 22.—President Ban Johnson of the American League last night issued a statement replying to the charges made yesterday in New York by Colonel T. H. Huston, part owner of the New York club that the American league had violated a pre-arranged plan in choosing its board of directors by ballot at the recent meeting. Mr. Johnson said that the league had always resorted to the ballot instead of using the usual rotation method, when it was found the rotation method would bring "an undesirable member" to the board.

### OHIO STATE FOOTBALL TEAM REACHES COAST

SACRAMENTO, Cal., Dec. 22.—The Ohio State University football team, which will play University of California at Berkeley New Year's day, were received here today by Governor Stephens. He said he was a native of Ohio and was sorry to see such fine young men going to certain defeat.

### OHIO MEN KILLED WHEN CAR GOES OVER GRADE

EL DORADO, Kan., Dec. 21.—J. W. Shaffer of Tulsa, Okla., general superintendent of the Pure Oil company, C. C. Hine of El Dorado, superintendent of the Kansas division of American league had violated a pre-arranged plan in choosing its board of directors by ballot at the recent meeting. Mr. Johnson said that the league had always resorted to the ballot instead of using the usual rotation method, when it was found the rotation method would bring "an undesirable member" to the board.

od would bring "an undesirable member" to the board.

"At our meeting," said Mr. Johnson, "it was the sentiment that two members should not be brought into the directorate, as they had attempted to wreck the American League."

Mr. Ruppert of New York was elected a member of the board, but declined to serve. The club owners then elected Mr. Shibe to fill his place.

"Col. Huston, once removed from the files of the New York American League club a private letter, I did not receive the satisfaction of Mr. Hoelder and it led to the removal of Leo Magee and Hal Chase from the board."

wife of the murderer. Mrs. Andrews was living with her parents. Tonight, Andrews went to the Merriam home and demanded that he be allowed to take his three-year-old son. His wife denied him the right, and Mayor and Mrs. Merriam supported their daughter. Andrews according to the report took a revolver from his pocket and shot his father in law and mother in law. He made no attempt to harm his wife and son. Andrews had always gone by the name of McFarland, but his wife says that his correct name is Andrews. Mayor Merriam, a man of 70 years, is a pioneer of Seward.

BANDITS CONTINUE TO TERRORIZE OHIO CITY  
TOLEDO, Dec. 21.—Bandits continued to terrorize Toledo today, following a \$15,500 robbery last night at the office of the American Railway

Express company in which ten guards were overpowered by six masked men armed with shotguns. Shortly before noon today three automobile bandits kidnaped W. O. Baldwin, bookkeeper for the Ohio Bell Telephone company and took him to the outskirts of the city where they threw him from their car after robbing him of \$660.

After being overcome with ether, Mrs. W. W. Simmons was bound and gagged by two masked men who looted the home of everything of value. Mrs. Simmons is said to be in a critical condition from the shock.

Several other houses and street robberies were reported to the police today.

## SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll stop a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old-fashioned Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been dyed.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.—Adv.

NEBRASKA MAYOR IS KILLED BY SON-IN-LAW

SEWARD, Neb., Dec. 21.—George A. Merriam, mayor of Seward, was shot and instantly killed tonight by Arthur Andrews, alias Patrick McFarland, his son-in-law. Mrs. Merriam, wife of the mayor, was shot twice and seriously wounded by Andrews, who following the shooting cut his throat. He was taken up as dead, but was later found to be alive, though in a critical condition.

# TWO STATES ARE ORDERED TO MAKE RAISE IN RATES

### Interstate Commerce Commission Orders State to Make Freight Rates Concise.

WASHINGTON, Dec. 22.—State railway commissions of Arkansas and Minnesota were ordered today by the Interstate commerce commission to increase passenger rates and excess baggage charges to the level prevailing in interstate commerce. The commission held that the present charges in the two states amounted to a discrimination against interstate traffic.

Both Arkansas and Minnesota were numbered among the 17 states who refused to grant a 20 per cent increase in passenger fares last August to conform with the increase in interstate traffic, and the decision today marks the first action to be taken by the commission since hearings were given seven states here recently. The commission previously ruled against the state commissions of New York and Wisconsin and those cases are now being fought in the courts.

The state commissions of Arkansas and Minnesota granted an increase in freight rates but due to existing state laws they were powerless to raise rates on passenger fares and excess baggage. In

Minnesota the state rat, for passenger fares was set at two cents per mile by the legislature but the carrier obtained an injunction at the end of the federal control period, which prevented the state commission putting pre-war rates into effect. In Arkansas the maximum rate also goes two cents a mile.

The Interstate commerce commission set as its authority to raise rates in opposition to state laws made by legislatures.

Changes in the Arkansas rates must be made by February 15 and in Minnesota by February 1, the interstate commerce commission ruled.

In the Arkansas case, Commissioner Eastman dissented but the Minnesota decision was unanimous.

### REPORT SHOWS COST OF PRODUCTION OF PRODUCTS

Figures presented at the recent hearing in Peacotole on a reduction of railroad freight rates on wheat, chana and potatoes show the various production costs of those three products and also of hay. These statistics are based on the yields and costs of four of the most successful ranches on the tract, those of the United States agricultural department, W. F. Alworth, E. J. Turner and H. J. Weaver.

The lowest cost of a bushel of wheat was that incurred by H. J. Weaver, whose grain cost him \$1.23 per bushel on a yield of 40 bushels to the acre, while the production cost of the government farm and W. F. Alworth were \$1.68 and \$1.50, respectively. The figures on hay showed that the lowest production cost of

these four farms was that of W. F. Alworth, whose cost averaged \$10.50 per ton on a basis of five tons to the acre, while the government farm with a yield of 2.3 tons per acre showed a cost of \$14.35.

Based on a yield of 78.91 bushels to the acre, the cost of beans on the government farm was placed at \$3.26 per bushel, while the statistics relating to the cost of producing potatoes, per hundredweight, were as follows: Government farm, \$1.06; E. E. Turner, \$1.02; H. J. Weaver, 1.10.

swing, 600 nationalities in military formation issued from their quarters near the Communal theater, intending to carry out a parade through the streets and to sing war songs and about the war cry of Gabriel's d'Annunzio. At first the nationalists were confronted by male nurses from the lunatic asylum. These nurses, all soldiers, marched in the opposite direction, to the nationalists, waving red flags.

Then a volley of rifle fire swept over the nationalists, the shots coming from the battlements of a famous castle.

A stampede of the people immediately followed the firing. During

the shooting which continued only for a few minutes, the screams of the horror stricken people could be heard above the volleys from the rifles.

Response from citizens of Twin Falls but there are still a number of stockings remaining unfilled.

Green Christmas stockings can be secured from this office by simply calling for them. It's a simple, inexpensive matter to fill them with good things for the children and return them here. The Salvation Army will gather these stockings and on Wednesday night, December 29, they will be distributed from Patrick hall by a real Santa Claus.

Stockings should be returned to this office in order that the Salvation Army may properly distribute them.

The reason that the Christmas tree will not be ready for the children until next Wednesday night is because the Salvation Army was unable to secure a suitable hall until that date. But regardless of the fact that the gift giving will be delayed a few days, it promises to be one of the biggest things ever attempted by an organization of this city.

The letters from two little fellows printed in yesterday's Chronicle asking for a gift from Santa Claus this year brought forth considerable re-

### RUSH REPUBLICAN FUNDS AT DISPOSAL OF COUNTY

NEW YORK, Dec. 22.—An money raised in this county on Irish republican bonds is in the control of the disposal of the minister of finance of the Irish parliament at Harry Boland, secretary to Eamon de Valera, said tonight.

The statement was in reply to a demand on De Valera made by the local council of the Friends of Irish Freedom that money be forwarded to Ireland to relieve distress caused in the work of restoration and reconstruction.

### COMPLAINS IN CLASH IN CITY IN ITALY

"BOLOGNA, Italy, Dec. 22.—A serious clash occurred here yesterday at Ferrara, 25 miles north of Bologna, where the soldiers had organized a demonstration in protest against the recent attacks in Bologna upon socialist meetings. Four persons were killed and many were wounded before police and troops restored order. Fifteen Red Guards were arrested. More than 10,000 persons gathered for the socialist demonstration. Authorities believed the absence of police and carabinieri from the scene would aid in avoiding trouble. The theater was decorated with red flags. In the royal box the coat of arms of the house of Savoy was replaced by a portrait of Nikolai Lenin, the Russian soviet premier. While the meeting was in full
