## FIRST BIG RUSH FAST ABATING

### Despite Desperate Efforts to Proceed Toward Objective, German Forces Apparently Stalled and Blows Growing Steadily More Feeble--Battle Has Waned

### Allies Await Further Onslaughts Uncrushed, Secure in Knowledge That First Critical Period Is Safely Passed--Hun Dead Scattered Over Scores of Square Miles Show Awful Cost in German Lives

(By William Philip Slims, United Press Staff Correspondent)

WITH THE BRITISH ARMIES IN FRANCE, April 14--Despite the most desperate efforts to progress towards their first goal, the Germans apparently are stalled. Hazebrouck, Bailleur, Aire, Lillois and Bethune are still in possession of the British.

The German blows are growing more feeble, while the allied resistance is strengthening.

The battle has slowed down practically to a good stop, similar to the Picardy drive after the first week. Though the first phase seemingly has ended, the fighting continues and undoubtedly will not cease for some time. But another critical period has been put behind the allies, who are awaiting further onslaughts, uncrushed.

Whole Army Checked. Part of Von Armin's fourth army and practically all of Von Quast's sixth army, comprising more than twenty divisions (250,000 men) have been bloodily checked.

The British were the first to admit the seriousness of the German assault, but scattered over the hundred square miles of the Lys battlefield the German dead reveal the price.

Dead men and horses and smashed transport litter the approaches to Bethune, St. Venant, Norville, Bailleur and Neuve-Eglise, as proof of the progress of the British artillery, machine guns and low-flying airplanes, smashing roads and bridges as fast as the German engineers could build them.

Roads Are Ruined. Paved and macadamized roads are so shell-pitted, prisoners say, as to render the difficulties in bringing up guns and ammunition almost insurmountable. The enemy troops are subsisting on "iron rations" (in the American army this consists of bacon, hardtack and coffee), kitchon carts having been unable to follow them for two days.

Opposite and Capture. Von Stiehl's divisions today, after the stiffest struggle, won a few hundred yards in the region of Meteren. Von Eberhardt's storm troops broke down under hot British fire west of Neuve-Eglise after a slight advance.

The head-on has thus been reduced to a petty struggle. The sky is overcast and there is a high, biting wind.

On the Lys battle front, local fighting continued today for tactically important positions.

The treaty of the British in the half-burned city of Ballleur foiled Hindenburg's plan. Von Eberhardt attacked Neuve-Eglise more than ten times, hoping to break through to northward of Hailleur. He took the city but could not progress beyond.

## DID RAIDER SINK YANKEE S. S. CYCLOPS

### AMERICAN COLLIER LAST HEARD OF IN WEST INDIAN PORT IS MISSING WITH CREW OF 323

### NAVY OFFICERS PRACTICALLY GIVE UP HOPE

(By United Press.) WASHINGTON, April 15--Presence of a mysterious German raider or submarine in the western Atlantic may account for the disappearance of the American collier Cyclops, which is missing with 293 aboard.

Last heard of in a West Indian port with a valuable manganese cargo from Brazil, the Cyclops is still sought but navy officers today had practically abandoned hope that she would be located. Some thought the raider or submarine theory could explain the mysterious silence of the big ship since March 4. But they had no evidence of any lurking prowler on the Cyclops wake.

"The whole thing is an enigma," said a navy official today, "and one theory apparently will account for it as well as another. Our information as to a submarine, while rather vague in character, indicates that a U-boat was not responsible."

Under command of Captain Worley, U. S. N. R. P., Norfolk, she had proceeded safely to the West Indian port where she had dropped out of sight.

The public information committee yesterday was told that the vessel was seen by a private citizen and that she was believed to have been wrecked near the mouth of the Amazon river.

Under command of Captain Worley, U. S. N. R. P., Norfolk, she had proceeded safely to the West Indian port where she had dropped out of sight.

The navy department was sure the man was the consul general.

One theory, not generally credited, was that a German spy or spies were aboard and had wrecked the machinery.

Los Angeles, Cal., April 15--Charlie Chaplin, motion picture comedian, has been drafted and expects to depart for military training.

Temperature fell to 20 degrees Sunday night, ranged around the freezing point from early in the evening.

Pair tonight and Tuesday with heavy frost tonight is the prediction of the department of agriculture weather bureau transmitted through the local telephone exchange.

## HINDENBURG FAILS IN BIG OFFENSIVE

### HEAVY ASSAULTS ENDED ON NORTH FIGHTING LINE

### Initial Phase of Great Flanders Battle is Over and British Troops Victorious--Haig's Armies Holding Germans Without a Split Along Entire Line

KAISER ON THE JOB

AMSTERDAM, April 15--The Kaiser was on the Flanders battlefield near Lillois (18 miles back of the present line) from Tuesday to Thursday, according to German newspaper records here today.

"THE FULL STRATEGIC PLAN HAS NOT BEEN ACCOMPLISHED," declares the Frankfurter Zeitung.

"THE EMERGENCY APPARENTLY DOES NOT PRODUCE THE DESIRED RESULTS."

The first phase of the Flanders battle is over, with the British victorious.

Hindenburg has failed to attain any of his ambitious strategic or geographical objectives. He has been unable to split Haig's armies and has captured none of the important cities for which he was driving--Hazebrouck, Bailleur, Aire, Lillois and Bethune.

Fighting is continuing along portions of this front but, according to a United Press dispatch from William, Philip Slims, the German attacks are becoming more feeble while the British resistance is strengthening.

Attacks Break Down. This was borne out by a general official report today, in which he said that seven successive enemy attacks northward of Ypres (in the fringe of the Nieppe forest) broke down.

The enemy, it is believed, will continue to drive at Bailleur, on the northern edge of the Flanders salient; at St. Venant in the center, and at Bethune, on the southern edge, for a few days.

German Assaults Continue. The Germans are continuing their attacks against prominent forward posts of St. Mihiel, in the Toul sector--and have attempted to storm Franco-American positions north of St. Mihiel, on the right bank of the Meuse.

CZERNIN QUILTS; RESIGNATION IS ACCEPTED

AMSTERDAM, April 15--Count Czernin, Austro-Hungarian foreign minister, has resigned, an agency dispatch from Vienna declared today. Emperor Karl is said to have accepted the resignation.

The report of Count Czernin's resignation was accepted by his successor, has been appointed.

## THIRD BIG CALL FOR DRAFT MEN IS DULY ISSUED

### NEARLY FIFTY THOUSAND TO BE MOBILIZED BETWEEN MAY 1 AND 15--IDAHO TO SUPPLY 165

WASHINGTON, April 15--Orders for the mobilization between May 1 and 15 of 49,843 drafted men--the third big call within a month--were sent out by Provost Marshal General Crowder.

More big calls will follow during May. It is officially stated plans are to break all mobilization records for any month since the war. Today's order takes men from every state and includes all remaining quotas of the first draft.

This mobilization will follow directly after the one for 100,000 men, scheduled for April 28 to May 1. Another mobilization of 200,000 men has just been completed.

Speeding Up the Work. The remarkable speeding up of the draft mobilization is in response to further allied appeals for more men.

Following the policy of sending recruits in small units for camp just as rapidly as the trained fighters can be transported to France, the mobilization order today will be scattered over eleven regular army posts.

Where They Go to. The camps selected are: Fort Glenn, New York; Fort Thomas, Kentucky; Columbus Barracks, Columbus, Ohio; Vancor Barracks, Portland; Fort Ogden, Georgia; Fort McDowell, California; Fort Seward, Georgia; Jefferson Barracks, St. Louis; Fort Logan, Colorado; Jackson Barracks, New Orleans; Fort Sam Houston, Texas.

Following are among the state quotas: Arizona, 115; Arkansas, 593; California, 1187; Colorado, 690; Idaho, 165; Illinois, 6047; Indiana, 845; Iowa, 1810; Kansas, 1210; Kentucky, 1338; Michigan, 2593; Minnesota, 1925; Missouri, 3185; Montana, 354; Nebraska, 957; Nevada, 49; New Mexico, 274; New York, 50,000; North Carolina, 1300; Ohio, 2900; Oklahoma, 646; Oregon, 281; Pennsylvania, 3776; South Dakota, 487; Utah, 108; Washington, 431; West Virginia, 640; Wisconsin, 2135; and Wyoming, 93.

## HAIIG'S MEN RETIRE AT ONE POINT

### NEUVE-EGLISE IS GIVEN UP FOR SECOND TIME IN FACE OF DESPERATE GERMAN ATTACKS--ALL OTHER LINES ARE NOW HOLDING

LONDON, April 15--The Germans have again retaken Neuve-Eglise.

"There was severe fighting all day yesterday before Neuve-Eglise," Field Marshal Haig reported today.

"After beating off numerous attacks we were compelled in the end to withdraw for a second time from the village.

Successful military operations east of Rhebac last night resulted in the capture of 150 enemy prisoners and several machine guns.

Southwest of Bailleur enemy parties temporarily penetrated gas positions, but a counter attack restored our lines."

German Driven Back. The Germans have been driven back with great loss in fierce fighting northwest of Morrille, Field Marshal Haig reported today.

"In this sector, during the course of the day no less than seven attacks were repelled with heavy loss," he said.

"Once the enemy advanced in five waves. Under the force of the attack our line was held but slight; but the counter attack completely restored it."

## IDAHO OFFICER RESISTING HUNS VICTIM OF GAS

### REPORTED INJURY TO LIEUTENANT OF WEISER UNIT INDICATES TROOPS IN FRONT LINE

Indication that Idaho troops may be in the van of the allies' lines resisting the advance of the Huns in France and Belgium is brought from Moscow in word received there that Lieutenant James Harris has been gassed in action. Harris was first lieutenant of the unit that was the second Idaho regiment, and went to France with that unit, which was converted into a company of the forty-first division machine gun battery, as were K company of Buhl, I company of Payette, and M company of Idaho Falls.

Lieutenant Harris is a graduate of the class of 1918 from the law school of the University of Idaho. He was known on the campus as "Tortie," and was a member of the Beta Beta Beta fraternity. After receiving his degree, he entered the practice of law at Weiser, and was prosecuting attorney of Washington county, Idaho, when called into the military service last spring.

## GERMAN OPERA SINGER BARRED AT DES MOINES

DES MOINES, Iowa, April 15--Des Moines and Iowa once again went on record as against Germany and Germans.

Governor Harding issued an order today forbidding Frida Hempel, German operatic singer, from singing at the Coliseum tomorrow night.

The singer has been here for several days trying to establish her loyalty to the United States despite her nationality. Newspapers and local organizations fought her local appearance from the start.

## HUN ATTACK IS REPULSED BY YANKEES

### AMERICAN TROOPS ON RIGHT BANK OF THE MEUSE KILL 34 AND WOUND TEN OF GERMAN RAIDING PARTY IN FIERCE FIGHTING

## UNION BUILDERS HOLD OUT FOR HIGHER WAGES

### LABOR REPRESENTATIVE STATES BASIS OF CLAIM FOR INCREASED PAY BEGINNING MAY 15

Arguing that their wages at the present time are insufficient to meet the increasing cost of living, building trades laborers affiliated with the Twin Falls Building Trades Council declare that they will insist upon full compliance on the part of employers beginning May 15 with the terms of the increased wage scale which they proposed putting into effect on April 1.

Provisions of scale: The scale provides that wages of men employed in excavation work shall be \$2.50 a day; that masons, bricklayers, roofers, and carpenters shall receive \$2.50 a day and that all other building laborers shall receive \$2.00 a day. Prior to April 1, and at the time the workmen notified their employers that they expected acceptance of this scale on that date, the workmen said that they had not been at a day less than provided for in the scale. An agreement was entered into by the building trades laborers and their employers whereby raise in wages of 50 cents a day was granted voluntarily, and the workmen are holding out on the basis of the 50-cent raise at the present time.

**Misunderstood Terms**—The building trades laborers claim that it was their understanding of the agreement at the time they entered into it, that they were to be paid 50 cents additional only in special meeting of their organization and voted to reconsider their action. They are asking now that the increased wage scale be paid beginning May 15, to all building trades workmen irrespective of the date of the contract covering the work on which they are employed.

**Other Unions Endorse Stand**—Endorsement of the Building Trades Council and of Central Union, composed of delegates from nine local labor organizations, has been given the demands of the building laborers.

**Anticipate No Difficulty**—Representatives of the workmen's organizations express the opinion that the matter of the wage scale will be adjusted without difficulty. They deplore the discouragement of local building resulting from statements that labor is in a strike condition in the industry in prospect.

**There is no occasion for anyone deferring plans for building.** H. F. Henry, recording secretary of the Building Trades Council, said Saturday, "Among our members there are those who are fully qualified to estimate and superintend any sort of building that may be desired, and our numbers are great enough to insure its completion, if building operations through the regular channels should be suspended."

**Beard Warning Claim**—"Building trades workmen have asserted that they will not work on buildings where non-union labor is employed if it is possible to secure union labor to do the work, but in view of the emergency of the war situation they are inclined to overlook individuals that in normal times would give rise to protest," Mr. Henry said.

**"Our members are not un patriotic,"** he continued. "G. B. McGraw, business manager for the Building Trades Council, and myself are enrolling signers for the United States public service reserve that is enrolling workmen to engage in work wherever and whenever they are called by the government."

**Want Signs in War Front**—"If given appropriate that no credit is to be given to those who are working in which we are engaged, we are willing to work merely for the keep in the present crisis; but we are not going to do that and so we others make big profits and get no gear," he added.

## ATTACKS FEEL OUT PERSHING'S FORCES

### CAMPAIGN AGAINST AMERICANS DISAPPOINTING TO BRITISH—MORALE VERY HIGH

(By J. W. T. Mason, Written for the United Press.)

NEW YORK, April 15.—Von Hindenburg's first serious attempt to test the morale of the American troops in France has had results that must prove highly disappointing to the German general staff. There can be no doubt but that the series of enemy thrusts against the American trenches in the St. Mihiel sector has been for the purpose of putting Hindenburg's 24 divisions, the fighting qualities of General Pershing's force. It is now essential for Hindenburg to know with fair exactitude how the Americans are capable of fighting because American units are beginning to arrive in support of the British line protecting the roads to the channel ports.

Hindenburg, therefore, unquestionably ordered the attack to be developed against the trenches held exclusively by American forces in France so that German commanders could be instructed as to what to do with engineering American in Picardy and Flanders.

**Only Best Troops Used**—This is why "shock" troops were used by the Germans. "Shock" troops are the most highly trained and most dependable soldiers in the German army. They are not used at a day less than provided for in the scale. An agreement was entered into by the building trades laborers and their employers whereby raise in wages of 50 cents a day was granted voluntarily, and the workmen are holding out on the basis of the 50-cent raise at the present time.

## WAR DEPARTMENT NOT DISCOURAGED

### LONG AND BITTER STRUGGLE IS LOOKED FOR BUT GERMANY IS TEMPORARILY CHECKED

(By Carl D. Great, United Press Staff Correspondent.)

WASHINGTON, April 15.—"The turning point in the war is being reached." The war department's weekly summary of operations today voiced this opinion, adding that the German has failed "to achieve victory in the field" and will soon be compelled to go back to old tactics "seeking to gain limited objectives."

The statement warned, however, that the Germans have scored a distinct advantage, which it would be very unwise to overlook to belittle.

**Strikes at Weakest Point**—The time passes, it becomes evident, the enemy is striking with vigor at the weakest point he can find opposite him," said the war department.

"In the offensive in Picardy, the Germans sought for a rift in the line where the French and British forces joined.

"Failing to achieve any definite far-reaching results from this operation, they promptly returned to the east elsewhere and plunged forward hoping that by driving a wedge into the sector along the front held by the Portuguese and British units they may be able to split the British, break the sea and effect a break through."

## THIRTY-EIGHT COFFINS ONE RESULT OF FLEE

NORMAN, Okla., April 15.—Thirty-eight small pine boxes lay today in a trench, long exposed in the polders. It was the result of the first meeting place of the victims of Saturday's flood at the state insane asylum.

Except for one identified body, the boxes contained the charred remains of little boys who were burned beyond recognition. Which, if not, each box represented no one could tell.

Under threatening clouds and damp, raw wind, a handful of spectators witnessed the simple burial Sunday.

## MILLIONS OF DOLLARS TO BE DISTRIBUTED

CHICAGO, April 15.—Millions of dollars back pay granted in Judge A. Schuler's arbitration award was turned over to packing house workers through the nation today.

More than 100,000 employees will receive a portion of \$2,000,000, it is estimated, in individual amounts ranging from \$30 to \$1000. Third Liberty loan bonds will be pitched by thousands of the workers with this back pay.

Mealtime, packing houses are preparing to install the basic eight-hour work day May 5, as ordered by the arbitrator.

## TROOP TRAIN IS DERAILED AND MANY INJURED

### TWO KILLED, 35 OR MORE HURT WHEN FIVE CARS LOADED WITH TROOPS JUMP TRACK

NEW YORK, April 15.—Two soldiers were killed, ten seriously injured and 25 slightly hurt when five cars of a troop train were derailed on the Long Island railroad at Central Islip, Long Island, at 3:50 a. m. today.

The fifth car from the locomotive left the rails, carrying four other cars with it. All of them, turned over. The train was made up of 12 cars carrying troops from Camp Upton to Long Island City. All cars were of steel construction, which prevented more fatalities, according to railroad officials.

The cause of the wreck, which it will take all day to clear up, has not been determined.

PRIZES GIVEN BEST LOAVES OF WAR BREAD

MRS. JOHN J. PETERS OF TWIN FALLS, WITH ENTRY 85 PER CENT SUBSTITUTE WINS FIRST

Mrs. John J. Peters, 435 Third avenue west, Twin Falls, baked the loaf that was awarded premier honors by the judges in the war bread baking contest conducted here Saturday under the auspices of the Twin Falls Federation of Rural Women's clubs.

Each Substitute Had Mrs. Peters had contained 85 per cent wheat flour substitute. Second prize was awarded to Mrs. Ernest White, 223 Eighth avenue east, Twin Falls, whose loaf contained 60 per cent substitute, and third prize, won by Mrs. Giffette, 524 Main avenue north, Twin Falls.

The judges were Miss Gertrude Denke, county home demonstration agent, and Miss Wilfred Young, of the Twin Falls high school domestic science department.

Decision Made Difficult Declaration of the judges was made difficult by the excellence of all 16 loaves entered in the contest. Regulations of the contest provided that at least 50 per cent wheat flour substitute and as much as possible should be used.

The selection for premier honors finally narrowed down to the three loaves which won prizes and one entered by Mrs. John B. White, president of the federal club. Mrs. White withdrew, the judges insisting that her entry should receive honorable mention. Choice between the loaves entered by Mrs. Peters and Mrs. White was determined by reason of the fact that the loaf entered by the former contained the greater amount of substitute.

Flour Given as Prize The prizes, which were donated by the Twin Falls Milling & Elevator company, were as follows: First, three sacks of wheat flour and three sacks of barley flour. Second, two sacks of wheat flour and two sacks of barley flour. Third, one sack of wheat flour and one sack of barley flour.

Prize Winning Recipes Following are the recipes for the prize winning loaves: First Prize—85 Per Cent Substitute 1 1/2 cups yeast, 1 pint potato water, 2 mashed potatoes, 1 tablespoon salt, 3 tablespoons sugar, 2 tablespoons melted lard, 2 cups wheat flour, about eight cups of rice flour, or enough to make a stiff dough. Follow general directions of making ordinary wheat bread, that is: first mix sponge and let it rise. Knead to a stiff dough. Let it rise again and knead under loaves. Let the loaves rise and bake about one hour. Second Prize—60 Per Cent Substitute 1 1/2 cups yeast, 1 cup corn starch, 1 1/4 cups rice flour, 1 1/4 cups wheat flour, 3 tablespoons sugar, 1 small tablespoon salt, 1/4 cup home-made yeast. Third Prize—50 Per Cent Substitute 1 1/2 cups good yeast, 2 1/2 cups warm water, 2 tablespoons Wesson oil, 2 tablespoons white flour, 1 cup white corn meal, 1 cup rice flour, 3/4 cup wheat flour, 3/4 cup barley flour. Beat all together and let rise overnight in a warm place. Then mix in a stiff dough with 1 cup white flour, 1 cup warm water and 3 heaping tablespoons salt. Let rise twice then knead into loaves and let it rise again. Bake one hour.

BUHL TAKES HONORS IN STATE CONTEST

TWO OUT OF THREE FIRST PRIZES ARE OBTAINED BY REPRESENTATIVES OF WEST END SCHOOL

Representatives of the Buhl high school won two out of the three first prizes in the state high school declamatory contest at Burley last Friday. In the finals, Miss Hazel McBoo of Buhl, took premier honors in the dramatic division, and Hay Green of Buhl, was awarded first place in the oratorical division. First honors in the humorous division went to Miss Fern Farrow of Burley.

Three contestants in each division participated in the final contest, and the preliminary contest, which was held the afternoon before, there were entered in the dramatic division, nine contestants; in the oratorical, eight. There were only three contestants entered in the humorous division, and all took part in the final contest.

The judges were President Axlone and Professor Babcock of the Albion state normal school, and Mrs. G. A. Azline. Fawcett was designated as the place for the next state contest and it was decided to arrange for district preliminary contest to qualify contestants in the state contest. Superintendent C. O. Manning of the Buhl schools, was given charge of the arrangements for the district contests.

GIVE FIVE HUNDRED BOOKS FOR SOLDIERS

Twin Falls Library Reports Donations Asks for Continuance to Chase Elmo Davis

The Twin Falls public library reports that the people of the community have contributed about five hundred books during the past week for the use of our soldiers and sailors, and that still more books are coming in. All soldiers who have been opened for the receipt of books will be continued indefinitely, and the public is urged to form the habit of turning in their new books as soon as they have read them. In this way, a constant supply of fresh books into the camps will be assured, and a most effective morale established against the blue devils of loneliness and depression.

NEW BOOKS AT LIBRARY

The following new books have been added to the Twin Falls public library: Pippin-Richards. To Arms—Tinnyars. Golden Rule—Kerr. Marjory—Arlinck. Four A Bishop—Wells. Trees of Heaven—Steadnik. Non-Fiction The State—Wilson. Constitutional Government in U. S.—Wilson. Nationalism War and Society—Krebitz. Vigilante Days and Ways—Langford. Life of Shakespeare—Bolle. JACK PICKFORD TODAY IN 'THE SPIRIT OF '76'

HE'S A YANKEE DOODLE DANDY—A YANKEE DOODLE DO OR DIE! IT'S A "RED, WHITE AND BLUE STORY" OF THE OLD HOME TOWN—WRITTEN BY JUDGE WILLIS BROWN OF THE CHICAGO JUVENILE COURT—SHOWING AT THE IDAHO UOMMUNG TODAY

THE IDEA that just because a man is old enough to be a veteran in a Home for Old Soldiers he is no longer fit for active service, is dissipated in "The Spirit of '76" in which Jack Pickford is appearing as star at the Idaho theatre.

GERMAN AGENTS CAUSE TROUBLE

It is shown by the author, Judge Willis Brown of the Chicago Juvenile Court, in this, his first venture into screen-land, that as long as a man has the necessary courage and can still shoulder a musket, he is good enough to defend a town. The idea arises when the youth typified by Mr. Pickford in the story, finds the workmen in his town in danger of being led into a violent strike by German agents.

VETERANS REPORT

He invokes the aid of a company formed from the ranks of the men who once before had fought for their country and its cause; the veterans with pride and hearts again singing with the buoyant spirit of youth-time, march into the breach and stop the foreign cohorts in their attempted marching until the hastily summoned militia can arrive.

Lord & Taylor's great Fifth avenue department store, New York City, and appeared in person and sold over twenty thousand dollars' worth of bonds in a few minutes.

In "A Petticoat Plot," the new Paramount picture, Vivian Martin will be surrounded by a remarkable cast, her old "anxieties" being none other than Theodore Roberts and James Null, and her sweetest the good-looking and youthful Harrison Ford, whose clever acting has brought him to fame.

"A Petticoat Plot" is an adaptation of a novel of that name by James C. Lincoln, the well known writer who specializes in Cape Cod

gold. Euld Bennett last week started work on her third into production for Paramount release, the title of which has not yet been decided. For this picture Mr. Euld Bennett has secured the Al Barnes circus tent, including fourteen lions, trapezes, clowns and wagons—all the paraphernalia of a menagerie circus. A big lot has been obtained where the tents have gone up on the middle show. As the queen of the sawdust ring, Miss Bennett was compelled to enter the lion cage and put the beasts through their paces.
