PRICED FIVE CENTS

GERMAN TIDE IS STEMMED IN PART

British Troops Under Haig Bend Under Strain But Hold Fast—Advancing Enemy Parties Cut to Pieces by Storm of Shot and Shell at Close Range

Hun Attempts to Develop Attacks East of Robecq Broken Up With Heavy Loss of Life—Line of Defense Is Completely Restored South of Arras

LONDON, April 17.—British troops have recaptured Metz-en, Field Marshal Haig announced today. "In the neighborhood of Wytschaete yesterday evening, we successfully counter-attacked," Haig said. "In Metz-en the situation also was restored. The village is ours. Repeated hostile attacks north of Bailloul yesterday afternoon and evening were repulsed with loss to the enemy. "At Bailloul, a body of German infantry in close formation was caught under our fire at close range and suffered heavy casualties. We also took a few prisoners.

Every Advance Broken Up

"The enemy endeavored to develop an attack east of Robecq yesterday afternoon, after a desperate bombardment, but this advance was broken up. "Advancing enemy parties were caught under our fire east of Ypres yesterday afternoon, at our old positions, and were destroyed. "South of the same, hostile artillery fire increased considerably this morning. "South of Arras, opposite Boyelles (seven miles south) our line was completely restored."

"The withdrawal on the Ypres front is negotiable but it was necessary for the purpose of shortening the lines," General Haig, director of operations, declared in an interview this afternoon. "The new line is better than the old one."

SAMMIES WILLING TO STICK TO JOBS

AMERICAN SOLDIERS HAPPY AND HEALTHY AND ANXIOUS FOR A SHOT AT THE ENEMY

(By United Press.)
WASHINGTON, April 17.—The American soldier has made good in France.

Secretary of War Baker brought that message back to the country today in a press interview in which he declared that the big thing for America to do is to support the war, financially, in equipment, in bacon and in courage. "The American soldier, he declared, is healthy and happy, eager for the fight and anxious only to stick on the job until it is done. While refusing to comment on the present drive, Baker pointed out that the three armies in France are "filled with the most tremendous spirit," while the civilian population are "quite determined and confident."

Confidence in Barmatines
"The impression one gets from France," he said, "is one of tremendous earnest, confident enthusiasm. "The whole spirit is one of almost inspired—and certainly inspiring—determination. Anyone who goes there must have an increasing sense of admiration for the magnificent and speed with which we have gone about our task of building communication lines and structures of various kinds, in organizing the task as a whole. "France is a bovine fall of the most energetic people who know no hours and no limitations on their labors. The condition of our soldiers in France is a thing to be proud of. "Our boys are well, physically strong and robust, and well in every other way. Their behavior is good and their relations with the British and French cordial and sympathetic."

BOLO PASHA EXECUTED FOR HIGH TREASON

COURT YARD AT VIN CENNES WITNESSES FINAL ACT IN LIFE DRAMA OF MAN WHO SERVED GERMANY IN AMERICA AND FRANCE

(By United Press.)
PARIS, April 17.—Bolo Pasha, convicted of high treason, was executed in the court yard at Vincennes today. He was confident of a reprieve until yesterday evening.

Bolo's execution probably took place before a firing squad, as that was the method understood to have been recommended by the tribunal before which he was tried.

Padi Bolo, who received his title of Pasha from Abbas Pasha, former Khedive of Egypt, was arrested September 29, 1917, charged with receiving money from Germany for use in spreading peace propaganda in France.

Active in This Country

His arrest was brought about by disclosures made in the United States regarding his activities here early in 1916. He is alleged to have obtained \$2,000,000 here, which was deposited in this country by the Deutsche Bank of Berlin.

Placed on trial February 4, 1918, Bolo was convicted two days later. He was reprieved, but his sentence was affirmed. Connected with the Bolo affair are Joseph Calliaux, former premier; Chas. Humbert, former senator, and Fernand Monier, presiding judge of the highest court in Paris.

Bolo's eyes were bandaged at his own request. He apparently was very weak. He made no statement. The firing squad consisted of twelve volunteers.

Bolo Pasha addressed his last words to a gentleman who was bandaging his eyes. "It is not necessary to tie it so tight," he said.

A single volley was fired. Bolo had fallen to the scene of the execution in a limousine, guarded by soldiers. The body, which was claimed by his brother, Monsignor Bolo, was taken to the Vincennes cemetery.

Collapsing at End

Bolo did not know the exact time of his execution until he was taken from his cell. Then he collapsed. "He wore a white tie and gloves and a blue handkerchief was used to bandage his eyes. Death was instantaneous, but a lieutenant afterward carried out the formality of shooting the dead man through the ear to insure death.

MORE LIBERTY LOANS, MORE DRAFTS CERTAIN

(By United Press.)
KANSAS CITY, Mo., April 17.—"There will be another Liberty Loan, and another—no one knows how many—and there will be another draft, and another and another. You must realize this is an ordinary war. It is a great crusade with all the best national struggles for a great principle. It will end—when we win!"

These were some of the striking features today of the address of Major General Leonard Wood, to nine thousand persons who attended a Liberty Loan justification here.

Having returned from a few weeks ago from the fighting front in France, General Wood gave a fresh version of the "allies' situation. Throughout his talk, he emphasized that the war will be long and fraught with many sacrifices in America.

THREE FLYERS KILLED AS AIRPLANES CRASH

(By United Press.)
HOUSTON, Texas, April 17.—Second Lieutenant Roland J. Wilton, South Boston, Mass.; First Lieutenant Joseph W. Wrenner, Mass.; and Second Lieutenant Leo J. Nugent, Washburn, Iowa, were killed and Cadet Maurice was seriously injured in two airplane crashes at Ellington field here late yesterday. Wilton and Wrenner were doing camera gun work when their plane went into a tail spin and crashed to the ground. Nugent and Maurice, flying together, fell 500 feet, in the second accident.

RECAPTURE OF WYTSCHAETE IS LOOKED FOR

HUN OCCUPATION OF THE TOWN BELIEVED TEMPORARY—GERMAN ADVANCE IN DRIVE TO WARD HAZEBROUCK IS CONTINUING WITH TERRIBLE SLAUGHTER

(By United Press.)
WASHINGTON, April 17.—To show the need for a "new law" to stamp out German propaganda in the United States, the senate today began hearings on Senator Chamberlain's bill to turn spies and propagandists over to military authorities.

Civil authorities from a number of states will tell how enemy propagandists have time and again slipped through the meshes of the law's net. They have jumped ball and invoked legal technicalities of all sorts to escape.

Witnesses will tell also how the laxity of many judges has contributed to the escape of dangerous aliens, many of whom were never caught again.

Department Is Criticized

The department of justice has for many months been criticized in letters to members of congress for not taking stronger measures to hold suspects. Senator Chamberlain's position is that under civil law the department is often powerless, even though the accused is guilty.

There will be much opposition to making the whole United States part of the zone of military operations, and to turning over disposition of suspects to the military. But that reason Chamberlain plans to show by the hearings the absolute necessity for such a revolutionary step.

King Bill Coming Up

Another move to scotch the "dislike of culture" in this country will be a measure to be held within a few days on Senator King's bill to bar German language newspapers from the mails. King declares these papers have been potent agents of the Kaiser in spreading lies about the United States and its allies.

King's bill to disband the German-American alliance is on the senate calendar and already has produced the desired effect, through voluntary discontinuance of the "organizations."

German propaganda has eluded up production of ships, airplanes and ordnance for the American army and has caused trouble in draft army training camps. W. F. Bloodgood, Milwaukee, declares today before the senate military affairs committee.

He is acting chairman of the Milwaukee council of defense. Bloodgood declared enemy agents bought upon cards and gave them in time serious agitation might have been created.

Operating in Washington

Bloodgood said many German agents driven out of Canada are in Washington today, busy about their plotting unhindered. In army camps printed propaganda has been freely circulated. In the thirty-second division, made up of Wisconsin and Michigan men, difficulties were caused between officers of Polish and German extraction, Bloodgood said.

"I do not wish to convey the impression we can't depend on these officers, because we can," said Bloodgood. "But if propaganda had not been dealt with in time serious agitation might have been created."

Something Must Be Done

"If something is not done what is likely to happen?" asked Senator Chamberlain before the senate military affairs committee.

"The people are likely to revert to the old days," he said.

NORTH HALF OF GERMAN WEDGE IS FIGHTING ON

NIGHT REPORT BY HAIG GIVES NO INDICATION OF LET-UP IN GERMAN ADVANCE ON MESSINES

(By United Press.)
LONDON, April 17.—The fighting on the Western front has spread according to the Ypres salient and the entire northern half of the new German wedge is the scene of bloody combat, according to Field Marshal Haig's night report.

"The fighting on the Messines ridge, one of the famous Messines ridge, is in the hands of the enemy. They also have obtained a footing in Metz-en, a mile west of Bailloul. Haig reported increased artillery fire in the Paschechelle sector (Ypres salient).

On the northern flank of the Pheary front, severe fighting is under way beyond Bolleux, seven miles south of Arras, where the Germans attacked yesterday. The German war office merely reported the capture of Bailloul, and the storming of the Wytschaete heights.

The French communiqué described violent mutual cannonading in the vicinity of Montdidier but there was no infantry action there.

'BISMARCK' SCHOOL IS NOW 'PELISHING'

(By United Press.)
CHICAGO, April 17.—John J. Forshing, America, was a decision over Prince Otto von Bismarck, Germany, here last night. A Chicago school named for the former hunch chancellor adopted the name of the American general at the school board's orders. This action follows a general movement throughout the city to remove all traces of German-named streets, statues and buildings.

DOWN GERMAN PLANE

(By United Press.)
PARIS, April 17.—A German battle plane has been brought down between Creut Cour and Le Grand-Breuil (a distance of about fifty miles northwest of Paris) it was officially announced today.

TELLS PRESIDENT OF EUROPE'S NEED

SECRETARY OF WAR BAKER PREPARED TO TAKE RAPID ACTION TO HELP THE WAR

(By United Press.)
WASHINGTON, April 17.—First news details of the west front inferno with suggestions as to how to quench it best and quickest, were to be given President Wilson today by Secretary of War Baker.

Back at his task after touring the front west end and visiting the allied war leaders, Baker was prepared with ideas for improving war work. He was known to be convinced that the combined American-Allied strength would keep the boche from achieving victory again, and that he felt that more Americans added constantly, the

FIXES PENALTY FOR INDOLENT IN WAR TIMES

COUNCIL PASSES MEASURES ENDORSED BY BAR ASSOCIATION MAKING IDLENESS OFFENSE

Measures amending the vagrancy ordinances to provide punishment by fine or imprisonment for willful idleness and for attempt at discharging any person seeking employment were adopted by the city council under suspension of the rule requiring three readings, at its meeting Monday night.

The measures were drafted by a committee composed of City Attorney John R. Dierke, James B. Bothwell and Everett M. Sweeney, named at meeting Monday of the Twin Falls County Bar association, following a statement relative to unsatisfactory conditions existing here made to that body at that time by Mayor F. F. Bracken.

Three separate ordinances define the offenses which are made misdemeanors and punishable by fine or imprisonment. The preamble, which is the same for each ordinance, declares that it is the duty of every citizen to employ his time, ability and industry to the fullest extent to the end that the exigencies of war times may be met, and that it is the two-fold duty of the municipality to encourage such employment and to prevent to the extent possible any influence that would interfere with it.

Not only the failure to work, but the attempt on the part of anyone to prevent accomplishment of war needs is declared inimical to the welfare of the city and the nation.

Following are the offenses as defined by the ordinances, the penalty being the same in each instance: Every person who has the physical ability to work, who loafs, idles or idlers in or about any place or on the street or open to the public in the city of Twin Falls shall be guilty of a misdemeanor, and upon conviction shall be fined in any sum not exceeding \$100 and costs, and in default of payment of such fine and costs the offender shall be confined to the jail of Twin Falls county and at hard labor on the streets or elsewhere for the benefit of said city at the rate of \$2 for each day until such fine and costs are paid.

Every person who has the physical ability to work and does not regularly follow a useful employment for the space of at least six hours per day, or who does not for the space of two days seek useful employment when not employed, or who, when not employed, does not labor with diligence as ordered his is guilty of a misdemeanor.

Every person who makes any representation to any person employed or seeking employment, concerning wages, conditions, hours or other material matters concerning employment or employs not in fact, or who induces or seeks to induce any person engaged in employment to cease to labor therein, shall be guilty of a misdemeanor.

BULL SUPERINTENDENT SPEAKS AT HOLLISTER

C. G. Manning Presents Patriotic Topics Before Salmon Tract Audience Tuesday

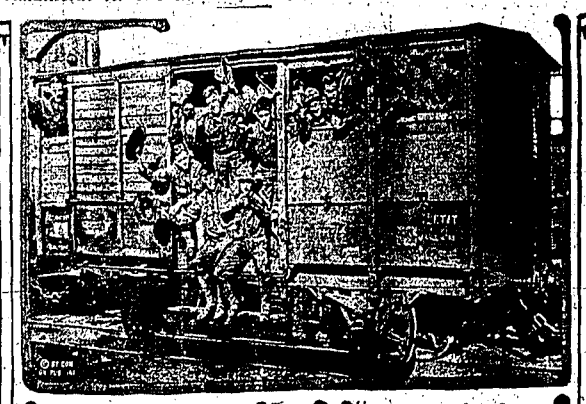

Superintendent C. G. Manning of the Bull schools was the principal speaker at a patriotic meeting in the high school building at Hollister. The meeting was held under the auspices of the speakers' division of the county council of defense, and the county farm bureau co-operating. Other speakers were W. V. Alworth, president of the farm bureau; Mack O'Connell, county home demonstration agent; and Donald McLean, county agricultural agent. Several selections were given by the Bull high school orchestra.

MINISTER CALLS FOR REALIZATION OF WAR

REV. L. R. FRANCK, SERVING AS Y. M. C. A. WORKER IN GEORGIA UBOES CLAIMS OF HONOR

"Do your best to make our people here think it, speak it, do it, make it the big thing of their lives—the war, to lick the Kaiser, to save our honor and those principles that go to make human life worth living," is the injunction given in a letter to Sergeant W. B. McCracken, in charge of the local marine corps recruiting station, by Rev. L. R. Franck, pastor of Ascension Episcopal church, Twin Falls, who is now on duty as a Y. M. C. A. worker in the army cantonment at Atlanta, Georgia.

Drive Bitch South

"It seems much more like war times than I did out west," Mr. Franck says. "The great offensive on the west by the huns has stirred up the country more over here than anything that has happened. It is encouraging to see things more business like in a determination to meet the huns. President Wilson's speech at Baltimore was also a stirring challenge, and was well received by the many thousands who heard it."

No Hazy Task Ahead

"God knows our people need some thing to hoist their heads. We are going to beat the huns. No one doubts that, but we need not fool ourselves into thinking that we have a short or light task on our heads. I am satisfied that we will find that out sooner or later."

RECOLLECTOR HEARS SPEAKERS

A patriotic meeting Monday evening in the Excelsior school house, four miles south of Hanger, was addressed by O. D. Thomas, chairman of the Liberty Loan drive in Twin Falls county; W. F. Alworth, president of the state farm bureau; and Miss Gertrude Bencke, county home demonstration agent. A representative audience was in attendance.

SUES BULL DISTRICT FOR SUM DEPOSITED

Corporation Avers Right to Withdraw from Contract to Buy the Highway Bonds

Asserting its claim to \$2000 deposited under contract of October 10, 1917, with the Bull highway district, in compliance with the conditions of a sale of \$175,000 worth of highway district bonds which were subsequently sold and delivered to another bond dealer, the Municipal Securities Corporation of Illinois, for the Hancock Bond company, has filed suit in district court here against the Bull highway district to recover the amount of its deposit, together with interest at seven per cent from the date of sale.

The plaintiff sets out in its complaint filed Saturday, that it entered into a contract with the highway district to purchase its bonds provided the proceedings relative to the bond issue should be approved by all reputable bond attorneys; that it later had rejected the bond issue in question and that subsequent demand upon the highway district for the return of the deposit had been refused. As reasons for the rejection of the bonds, the complaint sets out the opinion of F. William Kraft of Chicago, upon whose advice the plaintiff refused to accept the bonds. The reasons given for disqualification of the issue are that the bonds were numbered and open to identification; that notice of the sale of the bonds was not in conformity with the statutes; that the bonds were sold below par contrary to law, and that the issue of \$400,000 was in excess of the constitutional limit. The rest of the asserted valuation of the district.

COUNCIL AUTHORIZES NEW WALK DISTRICT

Improvements to be Extended Generally Over Sections Where Owners Prefer—Defer Wage Increase

Creation of a new improvement district in the city of Twin Falls for the purpose of installing sidewalks in districts where property owners have asked for such improvement is to be a result of the action taken by the city council at its meeting Monday night when the street committee was directed to have prepared an ordinance for this purpose. The petition of G. E. Lind and other property owners in the block fronting on Second avenue east between Shoshone and second streets asking for installation of a sidewalk from the Rogerson hotel corner to Second avenue was received by the council at this session.

City Engineer E. V. Berg was directed to make surveys for east and west trunk roads through the Blue Lakes and Ashton additions. Action on a petition of several day laborers employed by the city waterworks and street departments, asking for increase in pay with a minimum wage of \$4 per day was deferred until the next regular meeting on May 6. The council, after passing ordinances constituting willful idleness, and interference with would-be workers offenses to be punishable as misdemeanors, adjourned to reconvene Thursday evening at which time bills on installation of the filtration plant and other improvements and extension of the municipal waterworks system will be opened.

T. R.'S YOUNGEST GRANDSON

Colonel Roosevelt and his youngest grandson, Archibald Roosevelt Roosevelt, Jr., photographed at the home of Thomas Lockwood in Boston, where Mrs. Archie Roosevelt and her son are staying until Captain Roosevelt returns from France. It was the first time the colonel had seen his new grandson. "He's a Roosevelt all over," was the colonel's comment.

WE CORDIALLY INVITE YOU TO ATTEND OUR Spring Paint Opening Day Saturday, April 20

THE DARK HOUR

America, France and England are fighting today side by side with their backs against the wall. It is impossible to place any other construction upon the current news.

To be sure there is a ray or two of hope in the general gloom of the hour. Such of the American troops as have been tried have not been found wanting.

But the Allies stand today closer to destruction than they ever have. Let there be no misunderstanding. The fate of civilization hangs in the balance today.

Let us look for sound constructive work from Secretary of War Baker, fresh from the front, his mind attuned to the needs of the hour.

But our own part, those of us who remain at home in safety, was never so necessary of performance. Our duty is plain. We must help to the fullest extent of our strength and endurance.

The American nation today is cemented together by the ties of adversity. And out of this adversity must arise the force and the strength necessary to crush the German menace into the dust.

MAKING A START

The report of Chairman Hurley of the Shipping Commission to the effect that several wooden boats will be ready for launching May first and that others will follow at not too long delayed intervals is indeed welcome news.

There can be no question but what shipping is the primary need of this country and the Allies. Shipping and airplanes and it is difficult to figure which is the most important. Once a start is definitely made it is predicted that production will not cease for a single moment.

MUCH WORK YET

Notwithstanding the splendid start made there is still a long hard road ahead of the third Liberty Bond campaign. While a number of towns, cities and counties have already "gone over the top," the country by districts has not yet made more than a reasonably good start.

GOVERNOR REPORTS DRAFT ENLISTMENTS

Local Board Receives Names of Some Registrants Who Have Entered Service as Volunteers

The local board, Tuesday received from the governor's office a list of registrants under the draft in Twin Falls who have enlisted voluntarily in various arms of the military service at Fort Douglas, Utah, as follows:

- Quartermaster corps—Jud B. Gulick, Roy Edmundo, Omar K. Ditch, Ralph Cottingham, Elmer J. Hayden, Henry H. Chase, Lyman E. Elm. Signal corps, aviation section—Chas. K. Warner, Claude P. Oliver, Dennis P. Stewart, Ross J. Pettibone, Yewell L. Crowl, Donamias E. Beck, Myron D. Chipman, Charles Stample, John Stiers, Clarence G. Jola, Herbert B. Howard, Don W. McKillop, Samuel J. Kelso, James E. Price, Helmer A. Fouley. Coast artillery—David W. Carter, Ross Fottljohn. Medical department—Fred L. Kelly, Fred O. Williams. Thirtieth Engineers—Arthur C. Allen, James Clifford Parrott of Twin Falls has enlisted at San Francisco, where he is attending medical school, in the medical enlisted reserve corps for the period of the emergency. Lylo Ward of Buhl has enlisted at San Diego, and Orvin Burlington of Castletown has enlisted at Des Moines, both in the navy for the term of the war.

HEALTH FOOD FIRM FULLY ORGANIZED

Corporation is Formed Here to Make and Market Cereal Diabetic Articles and Combination Flour

The White Cross Health Food company of Twin Falls has completed its organization as a corporation, with capitalization of \$10,000. The company will manufacture health foods and cereals, and a combined flour, using a scientific combination of wheat substitutes. At present and until their new building is completed, they are using a portion of the building occupied by the Idaho Sash & Door company. At a meeting of the stockholders last Friday evening the president and general manager, Dr. W. R. Atherton, vice-president, F. H. Wheeler, secretary and treasurer, F. Bacon Morrissy, local manager, D. T. Atherton.

YOUTHFUL MUSICIANS TO PLAY FOR RED CROSS

Grade Schools Orchestra, Under Direction of Miss Simpson, Announces Benefit Concert

The Twin Falls grade schools orchestra, composed of 27 youthful musicians ranging in age from 10 to 14 years, under the direction of Miss Jessie Simpson will give a concert in the high school auditorium on Monday evening, May 22, for the benefit of the Junior Red Cross. The public is invited to take advantage of this opportunity to appreciate the appreciation of the efforts put forth by the members of the organization in musical attainment as well as of the cause in the interest of which they are devoting their talents on this occasion.

BUY CIGARS FOR RED CROSS

Shoop growers and wool buyers gathering at a banquet in the McCall hotel at Shoshone Saturday evening, bought three boxes of cigars for \$40, which sum was turned over to the Red Cross.

MISS MARY VAN KLEECK

Miss Mary Van Kleeck, in charge of a new women's division in the war department, will be responsible for the maintenance and housing of women who work in Uncle Sam's munition plants. In fact, her supervision extends to women working in private plants as well. Women supervisors will be named for each district where there will be one of the inmates. Those which will add to their well-being will be the establishment of canteens where they may obtain wholesome food if reasonable prices.

GENERAL GORDON'S WIDOW REVIEWS TROOPS

"They are as fine a body of men as were our boys in the sixties," was the comment of Mrs. Joseph B. Gordon, widow of the famous Confederate general, after reviewing the troops at Camp Gordon, Ga., named in honor of the Southern soldier.

With the Red Cross Work At Home and Abroad

Surgical Dressings (By Amelia Josephine Burr) Interminable folds of gauze. For those whom we shall never see. Remember when your fingers passed. That every drop of blood to stain this whiteness, falls for you and me. Part of the price that keeps us free. To serve our own, that keeps us clean. From shame that other women know. Oh avarice we have never seen. Forgive us that we are so slow. God—if that blood should cry in vain. And we have let our moment go.

The organization of the city branch of the T. P. chapter is nearly completed. The following officers have been appointed by the board: Mrs. P. F. Bracken, chairman; Mrs. Geo. Alken, vice chairman; Mrs. L. E. Bellamy, secretary; Mrs. C. C. Biggins, treasurer; Mrs. W. F. Pike, chairman sewing committee.

The work in the surgical dressing department will begin again on Monday, April 22. Now that the women in Twin Falls understand the pressing need of these dressings let it never again be necessary to send out a call for workers. Every day the need grows greater as every day the number of our boys over seas grows larger. As many workers as we had last month will fill our quota, the hours and the days go the same.

The quarterly meeting of the county auxiliary has been postponed to Saturday, April 27.

Because of the forming of the Twin Falls city branch it is necessary that a check be made on all outstanding yarns. Will anyone having wool either in finished or unfinished garments, report same to the sewing room on or before April 20. The first aid classes under Dr. C. R. Scott will take their final examinations in about two weeks, after which a new class will be started.

Under the leadership of the Children's Bureau in the United States, a country wide effort for the saving of the lives of 100,000 children

PRISONER OF WAR IN GERMANY WRITES

Mrs. P. W. Meach Receives Letter from a Newburgh, Belgian Corporal, Now in Camp of the Hun

One of the most interesting documents seen in Twin Falls in some time is in the possession of Mrs. and Mr. P. W. Meach in the shape of a letter from a nephew of Mrs. Meach, written from the German war prison camp at Wittenberg. The letter is entirely in French and is almost wholly personal. Envelopes and letters are in one pile and the marks of the various censors through whose hands it passed are plainly visible. The letter reached Twin Falls just a day or two ago but is dated several months ago. Funeral Perry, the writer, was a lance corporal with a Belgian artillery regiment. He has been a prisoner since October, 1914. According to Ambassador Gerard, Wittenberg is one of the worst of German prison camps. The writer stated that his health was good.

MARRIAGE LICENSES

A marriage license was issued here Tuesday to John White and Doris M. Whitaker, both of Oakley. Make our Want Ads do your work.

WOODMEN MAKE PLANS FOR "LOG-ROLLING"

Representatives of All South Idaho Camps Expected Here on the Occasion. Modern Woodmen representing every camp in the southeastern Idaho jurisdiction are expected here on the occasion of the "log-rolling" which is to take place on the evening of May 23, and for which the local camp is making extensive preparations. Both the Moose hall and the Masonic temple, it is planned, will be opened to the Woodmen on this occasion. In one hall the initiatory ceremonies will be conferred on a large class of candidates, while in the other a social entertainment is to be given to be followed by a banquet served by the members of the local lodge of Royal Neighbors. W. H. Tyer of Boise, state deputy local camp, and National Lecturer Thomas are officials of the order whose attendance is expected.

MOURNS MOTHER'S DEATH

The death of her mother, Mrs. Zoover, aged 81, which occurred Thursday evening at her home six miles south of Marsburg, is mourned by Mrs. E. J. Dean and many friends and acquaintances in the community. Funeral services were held Saturday from the Dean home.

DADDY DAIRY

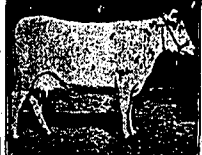

RECORD OF HOLSTEIN COW

California Animal Sets High Mark by Producing 2471 Pounds of Butter in Seven Days.

Purbred Holstein cows are certainly doing their level best to respond to Zoover's injunction to increase production. Records are being broken so rapidly that a cow no sooner gets used to her championship trials than another one matches them than another.

Miss Valley Mead De Kol Walker has just added to the dairy fame of California by breaking the record for butter production in the latter three-year-old class, by producing 24.01 pounds of butter in seven consecutive days, in the division covering tests begun not less than 240 days from freshening.

Miss Valley Mead De Kol Walker created at the age of three years, three months, twenty-seven days, and began her test eight months after freshening. In the seven days she produced

445 pounds of milk, yielding 34.01 pounds of butter. Her first record, during 11 days from freshening, is 183.8 pounds of milk, yielding 50.30 pounds of butter. She is making a large yearly record and is due to calve again within the year.

By yielding more than 24 pounds of butter in a week after having been milked for eight months she has established a new world's record, displacing Flandrine Hologgen Payne, whose record, begun 336 days after freshening, is 338.3 pounds of milk and 22.57 pounds of butter.

TRAINING FOR YOUNG BULLS

Should Be Taught to Be Led by Halter When Quite Young—Caretaker Must Be Master.

When quite young the bull should be trained to be led by the halter. By the time he is a year old, a strong ring should be inserted in his nose so he can be led by a staff. It is not safe to try to lead a grown bull merely by a halter or rope fastened to his ring. In leading by the staff, the caretaker should always walk at the side and never in front of the bull. One of the essentials in training the young bull is that he must be taught that his caretaker is his master. Bulls known to be vicious usually are handled with care, with the result that fewer accidents are likely to occur with them than with those considered gentle.

SILAGE FOR DAIRY ANIMALS

Found Superior to Corn Fodder by Experiment Stations—Larger Amount of Nutrients.

Experiments conducted by experiment stations demonstrate that silage is superior to corn fodder for dairy cows. Cows receiving silage in the ration produced 33 percent more milk than cows receiving corn fodder. Henry in "Feeds and Feeding" states that "silage gives better results than dry corn fodder for the reason that cows fed the succulent palatable silage usually consume a heavier ration than those fed the dry fodder and hence have a larger amount of nutrients available for milk production after the maintenance requirements of the body have been met."

All accounts due Dr. J. F. Oughlin are payable to Mrs. Richmond, who is located at Dr. Oughlin's former office in the Oulbert building—Adv.

TEN O'CLOCK

And the day is done! Fighting has ceased, and quiet again reigns on all fronts—if for only a few hours.

By this time—ten o'clock—the newspaper correspondents have finished their last "stories" of the day's fighting, and these stories are speeding over the wires to America—to amplify the reports these trained newspaper observers have sent off during the day.

The United Press has representatives with all of the allied armies in the field, and in all of the important capitals of Europe.

It is their business to supply United Press readers in America with facts—cold, colorless FACTS.

And by ten o'clock at night they have "covered" the day.

But ten o'clock at night in Europe is still early afternoon in the time zone in which we live.

That is how the Daily News can give you

"Today's News Today"

Merely an advantage in time—that's all.

Our forms are held every afternoon until the "last word" from Europe arrives direct at our office—over our own leased United Press wire.

All day long the "big" stories of the entire world are being sped across the continent on this wire, and the Daily News gets them all, and gives them fresh—the day they happen—to its readers.

You read about it the day it happens.

Do it now.

ATTORNEY ONLY GETS NO RAISE IN PAY

Reuben Dale Schiffman, Listed as Draft Delinquent, While Perfecting Self for Service

CONSTITUTION INHIBITS COMMISSIONERS FROM MAKING CLEAN SWEEP

With the exception of the prosecuting attorney, whose salary of \$1050 a year is established by provision of the state constitution, candidates who are chosen at the next general election in November to fill the several county offices will enjoy increased salaries provided for them by action of the county commissioners Tuesday in compliance with the law requiring such action to be taken by the county board at its session in April prior to a general election.

In the case of the sheriff, clerk, assessor and treasurer, the commissioners approved increases in each instance in the sum of \$200 per year, fixing the annual salaries of each of these officers at \$9000 a year. In allowing annual pay of \$1200 to the probate judge and county superintendent of schools, the commissioners approved an increase in the annual pay check of \$300 for each. They also doubled the salaries of the coroner and county surveyor, fixing the salary of each at \$100 per year.

PAST COUNTY STAGED (By United Press.) TOLEDO, Ohio, April 17.—Soldier Bartfield, who was drafted by MacCarroll of Allentown, Pa., in Philadelphia two weeks ago, returned the completion here last night in a viciously fought and flashy ten-round contest. Bartfield had a substantial margin at the finish though MacCarroll was strong enough to take the final round.

AUSTRIAN PREMIER QUILTS (By United Press.) ZURICH, April 17.—Austrian Premier Von Renner has resigned, according to reports received here today.

Veterinary Inspectors Active—With a view to arranging with the respective county agents for a series of hog cholera control, methods demonstration meetings in Bannock and Power counties, Dr. Herbert T. Cook, inspector of the Twin Falls station bureau of animal industry, left Tuesday evening for Pocatello. At the same time, Dr. G. D. Bishop, also an inspector on duty at the local station, left to enter upon an inspection trip over Minidoka and Camanche counties in company with the county agents.

Will Pursue Bugs Here—Dr. Woldemar, head of the department of biology at the University of Idaho, will arrive in Twin Falls in the near future to begin research investigations relative to aphids pests of clover and fruit trees. Word of Dr. Woldemar's assignment to the Twin Falls district came to County Agent Donald McLean Tuesday in a letter from President S. H. Lindley of the state university. Dr. Woldemar is regarded as an authority in his field of study and Dr. Lindley states that he cannot promise that he will remain in this district long.

Band to Give Dance at Filer—So successful has the war fund benefit dances of the Twin Falls band been that the organization has decided to give similar dances elsewhere, the first of the one-of-a-kind affairs to be given on Monday evening next at the Haystack roof garden floor at Filer. "If you have never attended one of the band dances you can hardly realize the good time that can be had at these affairs." "If you ever want to get your money's worth besides helping a good cause."

DISPLAYS ABSOLUTE READINESS TO SERVE

Reuben Dale Schiffman, Listed as Draft Delinquent, While Perfecting Self for Service

The name of Reuben Dale Schiffman has been added to the list of registrants called to make up the national army contingent that will leave here the last of this month. Technically Schiffman is a delinquent under the draft. Actually there is no more delinquent patriotic than he. The local board at Kansas City, which failed to make complete returns on his physical condition in time to enable the technical charge that was filed against Schiffman when he failed to report after being summoned for a prior draft contingent.

He was in Kansas City at the time, taking a training course prescribed by the war department to perfect himself for more efficient performance of duty in the motor service. He is a son of John A. Schiffman, engineer at the Riggsman hotel, and a mechanic by trade.

He arrived here Sunday from Kansas City and related the circumstances relative to the position in which he found himself to members of the local board at its earliest opportunity.

GERMAN SHELL PIERCES GANNIE'S SOUP-KITCHEN

Nobody Was Hurt But "Look at the Soup," is the General Howl

(By Fred S. Ferguson, United Press Staff Correspondent.) WITH THE AMERICAN ARMY ON THE LOBBRAINE FRONT—(By Mail)—There's a certain crossroads back of a certain sector on the American front that the Germans take a particular delight in shelling. Near the crossroads there is a dugout. Man working nearby lives there. Just at supper time a recent evening the Boche began shelling the position. The men were in the dugout they heard a shell coming. Then it arrived. It came straight through the dugout, and went smack through the soup kettle.

"Nobody hurt, but, hell, look at the soup!" was the report of the sergeant a few minutes later.

"That's one boy that certainly came in without knocking," he added as he surveyed the soup-soaked floor.

FIVE TO GRADUATE AT POPLAR HILL

President G. A. Axline of Albion State Normal to Deliver Address of Ocasione

President G. A. Axline of the Albion State Normal school, will deliver the address in connection with the eighth grade graduation exercises on Friday, April 19, at Poplar Hill school, three miles south and one mile west of Filer. Five pupils will receive certificates of graduation which will be presented by the Albion Normal, write, county superintendent. The graduates are Edith Conant, Edith Lucille Fresh, Maurine Cole, Marvin Cole and Fred Kastler. Mr. Lulu Weatherly is the teacher.

STRIKES FORBIDDEN DURING THE WAR

(By United Press.) ST. PAUL, Minn., April 17.—Strikes during the war were forbidden by an order today of the Minnesota railway commission. The commission, the state war board. The order forbids strikes or lockouts and directs employees not to ask for union recognition in shops where the labor organizations were not recognized before the war.

"While the commission believes the order will solve Minnesota's labor differences during the war, union leaders declare the order antagonistic labor," they pointed to the commission's stand against the striking street car men in the twin cities last year, which led to a general strike, only settled by the president's mediation commission.

ALLIES WILL TAKE ALL EXCESS STOCK

LIBERTY MOTORS WILL NOT GO BEGGING—EUROPE WANTS TO BUY SUPPLY HERE

WASHINGTON, April 17.—The allies have contracted for all Liberty motor production in excess of American needs, it became known today. Airplane experts said the allies regard it as an efficient, as evidenced by their anxiety to get the surplus which can be produced after surplus production is attained.

The Liberty motor has been turned up to 450 horsepower, as against the original plans for 300 and now engineers are experimenting to make a further increase.

"Incidentally, American factories are making some of the Rolls-Royce, Big-bone and other foreign engines used in aviation.

Motor truck production is being slowed down to give shipping more steel, but sufficient of these trucks— fifty per cent of them American made— are now at the western front.

CALL TEN MORE MEN FROM COUNTY IN MAY

Twin Falls county will be asked to furnish 10 men for the May draft, according to the appointments made by Major S. E. Evans, assistant to the adjutant general. Idaho has been asked for a total of 105 men, who will be sent to Fort McChesney, at San Francisco, early in May.

Vehicles Bear Owners' Names. In England all cars and wagons must bear the owner's name and address before being used in a public highway.

TONIGHT

LAST OPPORTUNITY TO SEE JACK PICKFORD IN "THE SPIRIT OF '17" AT THE IDAHO THEATRE

NOT THE PRODUCTION REGARDLESS AS REDUCED—AN EXTREMELY PATRIOTIC FEATURE

"The Spirit of '17" is not to be compared with the picture, "The Spirit of '76," which resulted in the conviction of the producer on the charge of producing a seditious film. Many people who saw this Pickford production and read the United Press dispatch in yesterday evening's news, confessed the two productions were wonderful how "The Spirit of '17" which they had seen, could fit any way be considered as a seditious film. They all said they had regarded it as intensely patriotic. "The Spirit of '17" is not the "Spirit of '70" which Robert S. Goldstein produced, and who now lives in a maximum sentence of 30 years imprisonment. Evidence in his trial established that Goldstein was in communication with German consular agents while he was planning the production.

Jack Pickford, the star of "The Spirit of '17," has now joined the aviation corps. Paramount still has two more of his productions which have not as yet been released, but Jack Pickford says he is in "the Uncle Sam" just as he is in "The Spirit of '17."
