PRICE FIVE CENTS

Red Cross Week—May 20-27

WHAT THE RED-CROSS MEANS TO ME, (By Elmer I. Goshen.)

THE Red Cross means to me service in time of need. It means that our boys at the front will have done for them what I would like to have done for me if I were at the front. It means the lessening of suffering

and pain and death. It means the Gospel of Humanity—the absence of which caused this war. It means that we at home will give our dollars while our boys give their bravery and their lives fighting for our freedom.

In a word, the Red Cross is a call to duty, and no good citizen will neglect this duty and this supreme privilege. We will give freely and show a tottering autocracy how a nation of freemen cares for its boys.

"A great net of mercy drawn through
an ocean of unspeakable pain"

"I'm afraid that's all I can spare"

You're a regular, red-blooded, true-blue American. You love your country. You love that flapping, snapping old flag. Your heart thumps hard when the troops tramp by. You're *loyal*---100%!

You intend to--you *want* to--help win the war in a hurry.

"Sacrifice? Sure," you've been thinking. "Just you wait till they really need it." And you've honestly thought you *meant* that too.

But--look yourself in the eye, now, and search up and down inside of your heart--*did* you mean it? *Did* you really mean "sacrifice"?

Listen: You feel poor. This third Liberty Loan, the high prices, the Income Tax--you've *done* your bit. You feel that you've given all you can spare.

What? Then what *did* you mean? What's that you said about loving your country? What did you think the word "sacrifice" means?

Surely you didn't mean, did you, to give only what you can *spare*?

What about our boys who are giving their lives in the trenches? Are *they* giving only what they can "spare"?

How about those mothers and little "kiddies" in the shell-wrecked towns of that war-swept hell:--hungry--ragged--sobbing--alone? Giving up their homes, their husbands, their fathers.

While *we*--over here with our fun and our comforts--we hold up our heads and feel *patriotic* because we have given--*what?* Some loose bills off the top of our roll. "*We've* given all we can spare!"

Come, come! Let's quit fooling ourselves. Let us learn what "sacrifice" *means*. Let us give *more* than we can spare--let us "give till the heart says stop."

Every cent of every dollar received for the Red Cross War Fund goes for War Relief.

The American Red Cross is the largest and most efficient organization for the relief of suffering that the World has ever seen.

It is made up almost entirely of volunteer workers, the higher executives being without exception men accustomed to large affairs, who are in almost all cases giving their services without pay.

It is supported entirely by its membership fees and by voluntary contributions.

It is today bringing relief to suffering humanity, both military and civil, in every War torn allied country.

It plans tomorrow to help in the work of restoration throughout the world.

It feeds and clothes entire populations in times of great calamity.

It is there to help your soldier boy in his time of need.

With its thousands of workers, its tremendous stores and smoothly running transportation facilities, it is serving as America's advance guard--and thus helping to win the war.

Congress authorizes it.

President Wilson heads it.

The War Department audits its accounts.

Your Army, your Navy and your Allies enthusiastically endorse it.

Twenty-two million Americans have joined it.

Contributed to the Red Cross by

Twin Falls Milling and Elevator Company.

MAN POWER SPEEDED UP FOR ATTACK

ONE HUNDRED FORTY OF THE BEST GERMAN DIVISIONS CONCENTRATED BETWEEN OISE AND NORTH SEA—OVER ONE AND HALF MILLION MEN

By HENRY WOOD (United Press Staff Correspondent) WITH THE FRENCH ARMIES IN THE FIELD, MAY 20.—In preparation for resumption of their offensive, the Germans have concentrated 140 of their best divisions between the North sea and the Oise. These comprise two-thirds of their entire army and total in round numbers 1,650,000 men, including 1,180,000 infantrymen.

This mass, which includes all the divisions the Germans were able to reorganize and reform after their March offensive, is divided into five great armies, as follows:

Keep Main de Boer

The fourth army, comprising seven divisions (84,000 men) between the North sea and Ypres, commanded by Von Arnim; the sixth army, numbering twenty-seven divisions (284,000 men), between Ypres and Ghent, commanded by Von Quast; the seventeenth army, between Ghent and Boulogne, commanded by Von Below; the second army, between Boulogne and Moreuil, commanded by Von Barkmann; and the eighteenth army, between Moreuil and Neoyon, commanded by Von Rattler.

The last three armies, comprising forty-eight divisions (576,000 men) make a total of eighty-two divisions (834,000 men) in the front line between the sea and the Oise. Fifty-eight divisions (696,000 men) are stationed in reserve behind them for the purpose of feeding the attack—when once launched—and filling up the losses.

Yields Allied Armies

There is every indication that the coming resumption of the offensive will have the same objectives as the first—threaten Amiens; to cut the Amiens-Clermont railway; to force the evacuation of the Ypres salient and to separate the main British and French armies, thus forcing an evacuation of northern France and permitting the establishment of a new line from the mouth of the Somme to Neoyon, by way of Montdidier.

Place Bases on Channel

The Germans thus would realize their long cherished dream of submarine bases on the channel, from which they could menace the allies' maritime traffic.

Against this dream the allies' precaution has been a swelling wave of supreme confidence the coming drive.

FAMOUS FLYER KILLED IN AIR

MAJOR RAOUX LUFBERY STRUCK BY A GERMAN BULLET IN FIGHT

By FRANK J. TAYLOR (United Press Staff Correspondent) WITH THE AMERICAN ARMIES IN LOBBANNE, MAY 20.—Major Raoul Lufbery, American ace and former pilot of the Lafayette escadrille, was killed in an air battle over the American lines today.

Lufbery was struck by a machine gun bullet during a running fight and fell from his monoplane.

His body fell in the American front line and was recovered.

Lufbery spent his youth in New Haven, Conn. His parents died and he was adopted by a family at Bourges, France. He ran away at 18 and wandered about the world before he met the aviator, Marc Percepe, who trained him as his assistant. When he followed into the French aviation corps at the outbreak of the war, Lufbery found that he was recognized as an American citizen. He became a pilot before he was transferred to the American army.

HOW MUCH IS BARKYARD HUNTING WORTH?

(By United Press)

ALBANY, N. Y., May 20.—The Thomas cat with the Curcio wolf had better stay indoors in New York from now on.

He became a pilot before he met the aviator, Marc Percepe, who trained him as his assistant. When he followed into the French aviation corps at the outbreak of the war, Lufbery found that he was recognized as an American citizen. He became a pilot before he was transferred to the American army.

FOMENTED REBELION FROM VERY BEGINNING

Hand of Germany Seen in Irish Situation from the Time War Commenced—All Chief Plotters Now Believed in Custody—Suppression of Plot Results in Only One Case of Bloodshed.

(By United Press) LONDON, May 20.—With the number of Sinn Feiners under arrest in various parts of Ireland estimated at from 100 to 500 today and the situation apparently well in hand, it came to light that the German government has long been active for an Irish rebellion ever since the war began.

Even after failure of the plot instigated by Sir Roger Casement, Charleston Hill, was said to have been organized by Germany, published in France in a magazine to aid propaganda for an Irish republic.

St. John Giffney, discharged United States consul to Germany, is alleged to have been among the chief propagandists for Germany. He is said to have gone to Stockholm last summer to get Dutch and Scandinavian Socialists to support an Irish republic. He carried, it is said, quantities of violent anti-British and pro-German literature.

All the chief plotters are now believed to be in custody.

Cousins Markiewicz arrived last evening accompanied by a pet dog. He was taken to a secret place in London. Chief Secretary Short with evidence against the Sinn Feiners will probably arrive today, officials said.

"Stories of German submarines are likely to figure in the trial."

The Times said: "The evidence against the Sinn Feiners will be published as soon as its authenticity is beyond question."

(By United Press) DUBLIN, May 20.—Quiet prevails throughout Ireland today.

With the exception of the shooting of Ted O'Driscoll at Balbrinny when he resisted arrest on a taxibus, there has been no bloodshed in connection with the suppression of the alleged Sinn Fein revolutionary plot.

It is estimated that 150 Sinn Feiners were arrested in Dublin today. Saturday and Sunday were unquiet and trains were packed with golfers and fishers going to the country.

(By United Press) HOLY HEAD, England, May 20.—Portyck Sinn Feiners, including Edward de Valera, arrested in connection with the alleged pro-German plot in Ireland, have arrived here aboard a British warship. Seventy others are expected here today.

WANT NEXT PLANT SOMEWHERE ELSE

RESIDENTS ON SCENE OF GREAT EXPLOSION ASK IMMUNITY IN FUTURE

(By United Press) PITTSBURGH, Pa., May 20.—Two hundred employees of the Acton Chemical company were still unaccounted for at 10 o'clock today.

This included workers of the night shift, many of whom lived in cabins near the plant, which were destroyed by Saturday's first big blast of TNT. Officials today admitted that additions to the death roll may be made.

(By United Press) OAKDALE, Pa., May 20.—Investigators for the war, navy and justice departments today continued the probe into the Acton explosion horror here which has been the most serious in the hunt for the bodies of a score or more employees still believed missing.

Carloaders Suspected Cause

The little evidence assembled indicates that the 100 or more killed and upwards of 200 injured were victims of possible carloaders.

The investigators apparently were unanimous in their belief on that point. Several men arrested during the last 48 hours were up for close questioning today.

A petition addressed to President Wilson asking that the now plant be located elsewhere was sent to Washington today. Nearly every resident of this shaken and grief-stricken town was a signer.

More Bodies in Ruins

There were 404 men in both shifts and 100 horses in the ruins of the plant during the week. Of the 424 on the roll Saturday, 294 have been accounted for as known dead, injured and missing, or as survivors.

SHIPS AND MORE SHIPS

(By United Press) NEW YORK, May 20.—"Fifty ships of major size in June" is the promise of Kaiserliche Oelber, United States shipping commission, today.

He said, "We are going to charter the seven seas with American shipping," that July's ship output will exceed June, and August will be still bigger.

WOULD PREVENT GERMAN USE OF RUSSIAN PEOPLE

PRESIDENT WILSON WILL CAMPAIGN TO PROTECT DEMOCRACY FROM INROADS OF THE HUN

(By United Press) WASHINGTON, May 20.—President Wilson is set upon a definite campaign to thwart Germany's intention to subjugate Russia and eventually use her peoples against the allies.

While there is scant belief among American and allied military men that Russia could organize any effective fighting force in less than two years, increasing confidence is felt here that the Russian can be saved from German domination.

The president's address in New York emphasized that any hope that Germany might have of getting peace in the west at the expense of Russia or other Slavic peoples in the east is futile.

When the president first took this stand after the Bolshevik drew Russia out of the war, his position was not enthusiastically concurred in by the other allies. Today, however, the president's attitude is referred to by them as right.

As America's military position in France strengthens it will not be very long before the war more in the west will have diplomatic command added attention.

To Safeguard Russia

This is held to signify that the Russian democracy is to be safeguarded unless it joins in the war on the side of Germany.

Some foreign diplomats here, however, believe that only a miracle now can save Russia from the clutches of Prussian rule unless allied intervention is made soon. While those regrets in Russia the Germans are gradually restoring law and order and may ultimately gain the favor of the Russian people, these diplomats fear.

After quieting and winning the Russian people, Germany could compel them to work in German munitions factories so that many thousands of German workers may be released for active military service.

WHOLE WORLD TO JOIN IN SPECIAL PRAYER

(By United Press) BOME, May 20.—The Catholic clergy of the whole world has responded to the pope's appeal, promising to celebrate mass on June 29—the feast of St. Peter—according to the pope's instructions, the Observator Rome declared today.

The pope has issued to the Catholic clergy a special prayer for world peace to be delivered on June 29.

GEAR SUMMERS IN SWITZERLAND

(By United Press) ZURICH, May 20.—Negotiations are reported to be under way for establishment of the former czar's family in Switzerland.

(By United Press) NEW ALLIANCE CHINA AND JAPAN (By United Press) WASHINGTON, May 20.—China and Japan have entered into a defensive agreement for the protection of themselves in event of German aggression in Siberia, according to state department adviser from the American minister at Peking.

SAN FRANCISCO QUAKE BLAMED FOR TROUBLE

NEW YORK, May 20.—Frederick Rignor, formerly proprietor of a large hotel in San Francisco, was given an indeterminate sentence of from three months to three years here today, after he had pleaded guilty to a charge of forging a draft for \$2000.

Rignor told the court that he had lost all his money in the San Francisco earthquake and is trying to get back some of it. An investigation that finally landed him in San Quentin prison for term of seven years, of which he served five. He declared he served the time to shield others and came out of the prison with \$2000, which he insisted was paid him by those he had bilked.

REVIEW OF WAR SHOWS QUIET DAY

CONSIDERABLE AERIAL ACTIVITY REPORTED BY PERSHING WITH LOCAL RAIDS AT INTERVALS—HEAVY LOSSES IN GERMAN AIR FORCES

(UNITED PRESS WAR SUMMARY) 1357th day of the war; six days of the big offensive.

Paris, May 20.—Major Raoul Lufbery of the American aviation corps, former member of the Lafayette escadrille, was killed by a machine gun bullet during a running fight over the Somme last night. His body was dropped from his machine and was recovered in the American front line.

The official communique issued from American headquarters Sunday said all fronts occupied by American troops were quiet, and no aerial activity of importance. American aviators brought down two hostile planes.

BRITISH FRONT—Field Marshal Haig reported that hostile cannonading was poorly conducted Sunday morning. The British northward to Broetry. It is in this sector that many authorities believe the next major assault by the Germans will be attempted.

Haig also reported a successful British raid in the Albert sector and the capture of a German raid north of Hinges, the southern portion of the Flanders front.

William Philip Simms cabled that German prisoners admit six airplanes are poorly equipped and arm of inferior material, many of them collapsing in mid-air. This has led to heavy casualties in German aviation camps.

FRENCH FRONT—Henry Wood cabled that the Germans have concentrated 1,650,000 men, including 1,180,000 infantry, of their best divisions, on the west front, from the North sea to the Oise, in preparation for resuming their offensive. The Germans have concentrated 1,650,000 men, including 1,180,000 infantry, of their best divisions, on the west front, from the North sea to the Oise, in preparation for resuming their offensive.

BRITISH NAVY—The admiralty announced that the majority of the German torpedo and submarine craft which previously operated from bases in Flanders have been locked in Bruges, obviously as a result of the blocking of the harbors of Ostend and Zeebrugge by the sinking of concrete-filled ships. Bruges is 13 miles directly east of Ostend and eight miles directly south of Zeebrugge.

GERMAN NAVAL—The admiralty announced that the majority of the German torpedo and submarine craft which previously operated from bases in Flanders have been locked in Bruges, obviously as a result of the blocking of the harbors of Ostend and Zeebrugge by the sinking of concrete-filled ships. Bruges is 13 miles directly east of Ostend and eight miles directly south of Zeebrugge.

AUSTRIA—Prague declared under martial law, following street fighting and demonstrations by Czechs and Jews. Slavs, who are agitating for separation from the dual monarchy and immediate peace. Crowds paraded the streets cheering for President Wilson and Premier Lloyd George and Clemenceau.

RUSSIA—Bolshevik and Turk forces were reported in a Petrograd dispatch to be still fighting for possession of Baku, the center of the greatest oil district in the world.

ENGLAND—Four enemy airplanes were brought down southeast of London in an attempted raid on England Sunday.

FRENCH NAVY—The French navy reported that a German submarine, and captured the commander.

PRESIDENT ENJOYS WEEK-END JOURNEY

WASHINGTON, May 20.—President Wilson returned from New York this morning greatly rested by the trip. So thoroughly did the president enjoy himself that he has decided to take several more week-end trips.

PRESIDENT SIGNS OVERMAN BILL

WASHINGTON, May 20.—President Wilson today signed the Overman bill, which gave him power to reorganize and co-ordinate the executive departments of the government.

BOLSHEVIEV IN FIERCE FIGHT WITH TURKS

(By United Press) PETROBRAD, May 20.—Bolshevik forces which captured Baku, the great oil center on the Caspian sea, are still fighting with the Turkish forces who are striving to retake the city. It is reported that the casualties there today are two thousand killed and three thousand wounded.

VILLAGE FALLS TO AUSTRALIANS

Field Marshal Haig Reports Highly Successful Attack by Australians Upon Ville-Sur-Ancêtre—360 Prisoners and 20 Machine Guns Are Taken by Victorious Troops.

British Casualties Very Light in Fighting Along Whole Front—Artillery Action Spasmodic With Local Raids of Frequent Occurrence—Hun Surprise Attacks Fail at Many Points—French Take Prisoners.

(By United Press) LONDON, May 20.—Australian troops captured the village of Ville-sur-Ancêtre, north of the Somme, in a surprise attack on Saturday night, taking 360 prisoners and twenty machine guns. The Australians' casualties were light, Field Marshal Haig said in his night report.

Regarding this operation the German war office said: "British local attacks on the south bank of the Aisne sanguinarily collapsed."

Haig also reported a successful raid on a German post southwest of Meteren, in Flanders.

The French war office reported mutual cannonading north of the Aisne. French patrols brought in prisoners in the Hagard-on-Santerre sector. German surprise attacks, the communique said, failed on the river Aisne and in the Argonne and Woerze regions.

GENERAL MARCH WILL BE NAMED CHIEF OF STAFF

BELIEVED TO PLACE GOOD MAN IN PLACE WHERE HE CAN RENDER REAL SERVICE TO COUNTRY

(By United Press) WASHINGTON, May 20.—President Wilson this week will name Major General Peyton C. March, a full general and chief of staff.

General Tucker H. Bliss, now chief of the general staff, an American representative on the Versailles council, will become a brevet general.

These important changes mean vastly more than merely the honor to March of wearing the general's insignia—four shoulder straps—they spell the removal of restrictions on him.

The change was decided today following Secretary of War Baker's consultation with Senator Wood. Saturday, at the war cabinet, Baker announced that March's nomination will undoubtedly pass the senate quickly and without any opposition.

Senate Will Approve

Baker was told the senate thinks "very well of March, who has demonstrated in his brief tenure acting chief that he is a 'live wire,' with no respect for red tape and with more hearty hatred for delay or inaction.

For March the change is momentous. Coming in his place of military chiefdom with General Pershing, March's nomination will undoubtedly pass the senate quickly and without any opposition.

AMERICAN SHIP BUNK

(By United Press) WASHINGTON, May 20.—The American cargo carrier J. G. McCullough has been sunk by a mine or torpedo in foreign waters, the navy department announced today.

All on board were saved except Engineer Daugherty, address unknown.

FRAGUE UNDER SIEGE

(By United Press) ZURICH, May 20.—A state of siege has been declared in Fragne. Following fighting and street demonstrations against Germany, according to a dispatch from that city today.

ENEMY RAIDS LONDON

(By United Press) LONDON, May 20.—Four German airplanes are reported to have been brought down during an enemy air raid on London last night. There are no details concerning the casualties.

UKRAINE VILLAGES ARE IN FLAMES

(By United Press) MOSCOW, via London, May 20.—Towns and villages in Ukraine are in flames.

General Blagovestnik, self-styled "liberator" of Ukraine, is ignited by the population, which is fleeing to great Russia.

NEW REGISTRATION DAY IS JUNE FIFTH

(By United Press) WASHINGTON, May 20.—Registration day for all men who have become 21 since the last selective service registration day, has been set for June 1. Provost Marshal General Crowder has announced.

PRESIDENT SIGNS NEW REGISTRATION LAW

WASHINGTON, May 20.—The president today signed the bill providing for military registration of all men who have become 21 since the last selective service enrollment.

The adjustment general's day will be announced Saturday by the War Department.

GRAND DUKE SERIOUSLY ILL, REPORT FROM MOSCOW

(By United Press) MOSCOW, May 20.—Grand Duke Alexis, former czar's eldest son, is seriously ill, according to a report from Tobolsk.

SOMETHING DIFFERENT

It is perhaps with pardonable pride that The News today calls attention to an artistic and journalistic effort along more or less new lines—we refer to the Red Cross drawing on page one of this issue.

Some weeks ago Miss Irene Visser of Twin Falls was advised of the desire of The News to offer some slight measure of assistance to the Red Cross cause in a little different manner than that usually employed.

From an artistic standpoint, the sketch has much to recommend it, and it is not impossible that the fact that work of this character can be executed in Twin Falls, will come to many people as a distinct surprise.

Large sums have before now been paid to artists for more than local reputation for sketches for poster and similar work which have no higher merit. In due course Miss Visser was asked for the bill for her work. Her reply was, "Oh, for the Red Cross—no one cent."

GRADUATE AT

BUILD WINS FIRST PLACE

Miss Hazel McGehee, daughter of Mrs. Dixie Oliver, earned first honors in this year's high school graduating class, and Miss Eleanor Ray, daughter of Mr. and Mrs. J. W. Ray, earned second honors, says the Buhl Herald.

The members of the high school graduating class are: Hazel McGehee, first honor; Eleanor Ray, second honor; Joseph Smith, president; Evelyn Davis, secretary; and others.

BOOZE PLANT LOCATED

IN SHACK NEAR IGO

(Special to The News)

AMERICAN FALLS—Sheriff Jeffries and his deputies, Saturday, raided a booze factory at Igo, arrested four men, and secured about three gallons of the product of the still. It is well called, gosh.

The plant was operated by a shack on the homestead of C. C. Collier and the men under arrest are C. O. Robinson, a plowman, often come from Robinson, his son, Orr Allen, and a man giving the name of Smith.

PORTUGAL GOVERNMENT

FORMALLY RECOGNIZED

(By United Press)

WASHINGTON, May 20.—American and allied diplomats have formally recognized the new government at Portugal, under Dr. Pires, on the sixteenth, said the department officials.

DR. BYRNE, THE OPTICIAN

is now at his office, room 10-16, at 742 Main avenue south (rear stairs). Headache and hives are often come from eye-strain. We get relief in such cases with properly fitted glasses. J. T. Evans—Adv.

WORK BEGINS ON IMPROVING WATER SYSTEM

ARRIVAL OF ENGINEER IS SIGNAL FOR INAUGURATION OF ACTIVE OPERATIONS OF CONTRACTORS

C. E. Painter, of Kansas City, representative of Burns & McDonnell, supervising engineers, arrived here Saturday to enter upon his duties as chief contractor engineer for the improvement and extension of the Twin Falls municipal waterworks system, provided for in a \$376,000 bond issue carried at an election in January.

Active Work Begins
Arrival of Mr. Painter was the signal for contractors to whom the several phases of the work had been awarded, to commence active operations on Sunday. Mr. Painter is the stake for guidance of William Harless, sub-contractor, in the work of excavation at the site of the filter plant to be installed, and the removal of the first earth for this purpose was accomplished this morning.

Mr. Harless, to whom sub-contract for excavation for the filter plant and for hauling materials that will be used in its construction has been let by the board, arrived here today with the successful bidder for the installation of the plant, holds also the contracts for ditching and laying of the new mains. He has recently completed large contracts on road work in the Burnley highway district and on the new road, Kellogg, Nevada, and is in position to throw all his men and teams into the work here.

Salt Lake Contractor Here
H. N. Houser of the Houser-Harless company, arrived here today with the expectation of remaining until the work under the contract held by his firm is completed.

The filtration plant to be installed is to be furnished by the Pittsburgh works, and is of 6,000,000 gallons daily capacity. The peak consumption of water during the summer of 1917 was approximately 4,000,000 gallons daily. In view of the heavy loss resulting in delivery through the present defective and inadequate distribution system, it is estimated that when the new distribution system is installed the filtration plant being installed now will be adequate to supply the city when it has been raised to twice its present population.

Adequate Fire Protection
The new waterworks system will afford abundant supply of water, distributed throughout the city under 60 pounds pressure. All the fire hydrants to be installed will be situated on mains of 6 inches diameter or larger and will be fitted for connection with the steam fire engine.

THIRTEEN HELD FOR TRIAL

Men Charged With Conspiracy at Bu-pers Trial
(Special to The News)

RUPEE—All the defendants in the conspiracy cases of the state versus E. E. Fisher, F. N. Victor, William Lyman, Sr., William Lyman, Jr., Hiram Thompson, A. J. Cray, J. G. Jones, J. L. McCurry, H. E. Tabb, A. E. Rowley, J. H. Plank, L. B. Redford and Leland Hickerson, and the state versus E. E. Fisher, F. N. Victor and Hiram Thompson, Thursday appeared before the probate court, waived their preliminary examinations and were held to answer to the district court for trial, which will probably be next week.

William Lyman, Sr., is mayor of Rupert, H. E. Tabb is a member of the city council, and Hiram Thompson is sheriff of Minidoka county.

In the case of E. R. Dangler against Hiram Thompson for removal of the sheriff from office, the taking of testimony was completed Thursday, and the case since was adjourned until Judge Babcock of the district court.

Walker, Rupert.

Outgoing Grand High Priest Homer David was presented with a beautiful gavel ring by the order.

TWIN FALLS STILL AT TOP OF LIST

HOLDS IDAHO RECORD FOR WAR STAMP SALES, BUT MUST DO MORE

Twin Falls county is still well at the head of all the counties in the amount of its subscriptions to War Savings stamps, it is not traveling at as good a pace as some of the others. At the present time, says Alan B. Eaton, secretary of the state committee, in commenting upon his report for the sales in Idaho for the month of April.

"Nevertheless, Twin Falls county will speed up if any county tries to pass her," he adds.

The total sales to May 1 in this state since the campaign opened have reached \$754,805.07, or \$1.87 per capita. The most is \$29 per capita.

The following is the April showing by counties:

| County | April Sales | Per Capita |
|--------------------|-------------|------------|
| Twin Falls | \$1,561,253 | .09 |
| Ada | 1,145,650 | .05 |
| Canyon | 1,378,871 | .02 |
| Blaine | 1,612,07 | .46 |
| Boundary | 3,329.70 | .83 |
| Shoshone | 18,998.19 | .39 |
| Gooding | 9,928.21 | .72 |
| Now Perco | 1,910.77 | .47 |
| Benewah | 2,768.81 | .34 |
| Lewis | 2,835.74 | .42 |
| Bonner | 10,843.09 | .54 |
| Latah | 9,981.01 | .59 |
| Camas | 4,788.01 | .33 |
| Jiliah | 5,871.65 | .43 |
| Elmore | 3,491.29 | .59 |
| Bannock | 14,167.89 | .85 |
| Lincoln | 7,138.80 | .38 |
| Washington | 4,065.00 | .47 |
| Pewment | 7,010.37 | .47 |
| Dolce | 1,137.31 | .47 |
| Kootenai | 17,217.69 | .91 |
| Butte | 2,337.48 | 1.03 |
| Madison | 2,534.39 | .32 |
| Camas | 1,543.70 | .49 |
| Boise | 2,415.06 | .34 |
| Adams | 1,420.00 | .33 |
| Bingham | 4,924.77 | .37 |
| Clearwater | 1,753.41 | .23 |
| Payette | 2,795.27 | .40 |
| Jerome | 2,928.22 | .42 |
| Jefferson | 2,558.18 | .37 |
| Valley | 4,449.65 | .42 |
| William Lyman, Sr. | 1,416.73 | .25 |
| Custer | 1,877.35 | .44 |
| Franklin | 1,077.17 | .16 |
| Power | 944.01 | .16 |
| Bear Lake | 1,318.16 | .16 |
| Oceola | 941.03 | .16 |
| Owyhee | 886.17 | .06 |
| Teton | 257.00 | .06 |

The April figures represent only the postoffice sales as the detailed bank commitments (almost negligible as compared with postoffice sales) were delayed in receipt. This would make a slight difference in rank in a few of the counties. This will be checked in next month with May's bank sales.

PAY LAST TRIBUTE TO ITALIAN AVIATOR

(By United Press)

MINEOLA, L. I., May 20.—The body of Captain Civico Bonatti, the Italian aviator killed Friday by a fall, will be buried Tuesday.

The casket is draped with the Italian flag, which is given to aviators who hold the distinction of being an "airman."

Prominent Italian and American officials came here today to pay tribute to the memory of the famous flyer.

BOHL SOLDIERS IN FRONT LINE

CAPTAIN BIGGS TELLS OF CHANGES AMONG MEN OF BOHL COMPANY

(Special to The News)

That all of the members of the unit that was K Company of Buhl in the Idaho regiment, except the officers, are now in the front line trenches in France is the word conveyed in a letter from Captain Claude V. Biggs, commanding this unit, received by L. C. Wambura of Buhl. The commissioned and non-commissioned officers of Company D of the One Hundred Forty-seventh machine gun battalion.

Captain Biggs' letter bears the date of April 13, and is as follows: "I have been thinking for a long while I would write you but getting out of the habit of letter writing."

You would hardly know old K Company now, as there are so many new faces. However, we still have most of the old non-commissioned officers except Fred Hopkins. Johnson is acting long sergeant during the time Hinckley is in the hospital. He is backing along pretty well and will be getting soon.

Glen Taylor is still in the States at Newport News, Va. I would write you that he will be here for six or eight weeks yet. Roy C. Chamberlain is a first lieutenant now and with me, and Fox is second lieutenant. Have two more second lieutenants at the machine gun school. Also have a captain attached to our company. It has been transferred from the 14th M. G. Bn. to the 14th, and is now Company D of that organization. You know of course that we lost all of our privates some three months ago. The new privates are nearly all from New York City of the draft army.

Don't know when we will get to the front as ours is a depot division. Roy and I put in our application with the draft but were turned down. Our men are billeted in houses and barns and are fairly comfortable now that the cold weather is over. We have very little sickness. I was on the sick report for a month when I was down, with bronchitis. But am alright now.

I get very little news from Buhl. Squires and Barry both write, but I never get received their letters. Have had two or three from McQuay and several others. Have not seen a Buhl paper since we left New York. Write and give me all the news. I see that they are trying to organize another militia regiment in Idaho.

Best regards to all.

Sincerely,
CLAUDE V. BIGGS.

Address Capt. Claude V. Biggs, 14th M. G. Bn., American E. F. France, P. O. 724.

STOCKGROWERS AND FARMERS BUY STORE

AMSTERDAM MERCHANDISE INSTITUTION IS TAKEN OVER BY CO-OPERATIVE CONCERN

AMSTERDAM—A \$10,000 corporation to be known as the Farmers' & Stockmen's Mercantile institution, has been formed by farmers and stockmen of this vicinity to take over the business of the Amsterdam Mercantile company, previously conducted by Robert Lutz, C. E. Mueson and F. W. Harler of Twin Falls. Officers have been elected by the stockholders as follows: president, A. E. Caldwell; vice-president and manager, Gerrit Peters; secretary, Dolph Knutle. The officers, together with Stefan Bos and J. E. Pohlman, constitute the board of directors.

The business is to be conducted on the basis of a co-operative institution.

The stockholders at the present time number 35, but the number will be increased very largely.

GRANTS DIVORCE TO MAN IN SERVICE

On the grounds of desertion, John E. Allen of Buhl, an enlistment man in the United States navy, was granted a decree of divorce from his wife, Edith Allen, by Judge W. A. Babcock in district court here Saturday. This case when submitted about two weeks ago was taken under advisement by the court for the reason that evidence had not been introduced at that time to show that the decree was sought by Allen. Statement was made that Allen desired the separation and that his parents had been authorized by him to bring the legal action. The petition for the divorce was signed by Attorney J. W. Taylor of Buhl, who on Saturday introduced further evidence in support of the validity of the claim. The defendant did not appear and noimony was granted.

The Allens were married in Twin Falls, May 15, 1915.

COMMISSIONERS BUY BABY INCUBATOR

FIRST INSTRUMENT OF KIND IN STATE IS REQUIRED FOR COUNTY GENERAL HOSPITAL

The first incubator for prematurely born children, ever brought into the state of Idaho will be installed in the Twin Falls county general hospital, which is rapidly nearing completion and will be opened to the public about June 1.

In one of the first orders given for hospital equipment, the county commissioners contracted for an incubator, but it was never delivered. On Saturday they contacted again for the instrument and delivery by express is promised within three weeks' time.

The incubator is to be heated by electricity, and in case of emergency heat can be supplied by hot water bottles.

Local physicians, according to the county commissioners, state that occasion for the use of this instrument is encountered in each one's practice once or twice annually.

INCREASING PRODUCTIVE HOURS ON THE FARM

ELECTRICITY AND ELECTRICAL-RELATED WATER PUMPING PERBUB ACCOMPLISHES THIS

How many working hours per year are necessary to keep your farm up to its normal production?

If it is an average sized farm—1600 acres—it will require from 7000 to 8000 hours for three workers—the owner or manager, hired man and the farmer's wife.

If it is your desire and purpose to increase the production on your farm, it will be necessary to increase the number of working hours, or to make some of these hours "count" for more than they would ordinarily.

One of the most modern aids to the farmer and his household is electricity. In most instances this is secured from a private electric plant installed on the farmer's own premises, because most

FIRST LOADS OF CRUSHED ROCK LAID ON GRADE

COMMISSIONER BREWER DIRECTS WORK ON IMPROVEMENT OF SHOESHONE FALLS ROAD

Under the supervision of County Commissioner W. F. Brewer of Hansens, the rock crusher was set in operation Friday at Shoeshone falls, to produce the first crushed lava rock with which the entire length of the grade on the south side of the canyon will be spread to a depth of eight or nine inches within the next six weeks. About 14 yards of crushed rock were produced that day and four loads were hauled and spread on the grade.

Workmen Reduce Pitch
Following lines established by Engineer A. E. Fox, a force of workmen and teams are at work on the grade reducing the maximum eight per cent pitch over the stretch of about 300 yards.

Meets Tourists' Demands
With the opening of the tourist season when hundreds of auto tourists visit the area for a better road to this scenic attraction is demanded, and the commissioners state that when the work now under way is completed, there will be no better grade of its kind in the state. Graveling of the road will eliminate the dust and annoyance from dust that has been a problem each year.

SENATOR SMOOT IS NOT SURE ABOUT IT OPPOSES INHERITION IN RECORD OF BIOLOGY TO CHARLES E. HUGHES

(By United Press)
WASHINGTON, May 20.—New proposals submitted today by members of the senate military committee delayed final action on the compromise in the fight between administration forces and advocates of senate aircraft inquiry.

Senator Thompson indicated the new plan submitted was not entirely acceptable in view of the president's attitude. Thompson has a quarrel with Senator Smoot, Republican and member of Thompson's committee, over inserting in the congressional record a long article praising Charles E. Hughes' qualifications as an investigator. Smoot objects to including the article.

"The senator's objection seems to confirm reports that the appointment of Judge Hughes does not meet with the approval of his Republican friends in the senate," said Thompson.

"It was a very remarkable appointment made from beyond the grave," Thompson finally overrode Smoot's objection and the article on Hughes went in.

Shakeup Coming
Meanwhile a considerable shakeup, including some suspensions in the aircraft service, was understood to be in the making at the war department. The suspensions were reported to be the result of a plan to take the men out while their records are being cleared or until they were found to be involved in some wrong doing.

The present plan calls for separating the six series from the equipment service and this will involve a considerable reorganization of personnel.

The flying group will determine the types of planes required and the equipment which will see to it that they are equipped and trained.

MR. STOKES GOES TO TRIAL

(By United Press)
KANSAS CITY, Kan., May 20.—Mrs. Rose Pastor Stokes, socialist wife of J. G. Phelps Stokes, wealthy New York Socialist, was scheduled to go to trial here today charged with violation of the espionage act. She was indicted on three counts, April 25.

The charges are the outgrowth of a letter Mrs. Stokes wrote the Kansas City Star, deprecating that she had publicly declared that she believed the government should have the unequalled support of every citizen in its war aim.

Optical Skill and Experience
To examine eyes correctly and scientifically. To fit glasses accurately. To reduce defective vision—requires optical skill and experience, both of which we have.

LOCAL BRIEFS

Auto Repair Shop Moves—The Auto Repair Shop, E. O. Havasi, proprietor, has moved into its new location in the building at the corner of Shoeshone street and Third avenue south.

Predicts Showers Again—Showers tonight and Tuesday are forecast in the weather bureau prediction transmitted this morning through the local telephone exchange.

Attends War Council—Judge James H. Bothwell left Sunday evening for Boise, where he is attending the sessions of the Idaho council of war workers. He is a member of the state council of defense legal committee.

Rural Teachers Meet—The meeting of rural teachers held Saturday at 1:30 at the Park Bureau rooms proved very interesting. President Axlin of Alton State Normal gave the address, followed by Home Economics Agent Miss Deneske and F. A. Smutz.

Two Jobs Marooned—Clarence Rice of Three and Richard H. Oiler of Buhl have been accepted through the local recruiting station for enlistment in the marine corps, and leave this evening for Salt Lake, where they will be assigned to training station.

Has Full Schedule—The program for Miss Gertrude Deneske, home economics agent, for this week follows: Monday afternoon, Hansens; Tuesday, Kimberly; Wednesday, Lacerans; Thursday, Hillier; and Friday to Buhl to attend farm bureau day there.

On Recruiting Trip—Corporal Claude C. McCre of the local United States army recruiting station, left this morning to spend the week in Gooding on a recruiting trip. Sergeant Leonard Brimley returned Saturday from Kimberly, where he spent last week on a similar mission.

Will Meet Drive Captains—Walter Rieche, Twain Falls club chairman for the Red Cross war fund drive, will meet the captains of the 20 teams that have been named to wage the campaign in this district at a luncheon at 7 o'clock this evening in the Hotel Peruvian, at which time final instructions will be delivered.

Time Set for Enlistment—The next selective service contingent of seven men from Twin Falls county has been called to report at 10 o'clock Tuesday morning, May 22, at the office of the local board in this city, to leave that evening for Camp Lewis, Washington, in pursuance of instructions from the adjutant general's department.

Visits Daughter Here—Mrs. M. E. Harper of Los Angeles, mother of Mrs. J. E. White of White Haven, who visited here during the winter, returned from her home in Los Angeles with her mother, Mrs. A. M. Ingersoll, who is 92 years of age. Up to the present time Mrs. Ingersoll has knitted 33 pairs of socks for the Red Cross. They will not leave her indefinitely.

Not. Rotarians' Gift—The flag-pole that was erected this morning at the intersection of Main avenue and Shoeshone street is not the gift of the Rotarians to the city, but is a pole from which significant messages will be flung during the progress of "The Red Cross" war fund drive in Twin Falls this week. The use of the pole, which is of spruce and 40 feet high, is donated for this purpose by the Idaho Power company.

Admits Bootlegging—Emmett Hillborn, aged 19 years, arrested here Saturday night by City Police Officers Wm. Taylor and D. E. Redman, when arraigned Monday morning before Probate Judge E. DeWalt pleaded guilty to illegal possession of intoxicating liquor. When arrested Hillborn had four pints of whisky in his possession. He told the officers that he had found a cache of 14 pints between this city and Shoeshone, and that he had sold nine pints for 94 cents and drank one pint.

Court Convenes and Adjourns—Practically all of the members of the Twin Falls County Bar were in attendance at the opening session of the May term of district court here, when it was convened by Judge Babcock this morning. Immediately after the opening the court announced an adjournment until Saturday next, which time final calling of the petitioners of 12 applicants for naturalization will be held. Judge Babcock left today for Rupert, where he resumes sessions of the district court. It is announced that a jury will not be summoned for the May term of district court here before June.

Boys Being Auto Back—Overtaken near Montello, Nevada, Saturday afternoon by Sheriff F. M. Kenda and Deputy John M. Beck, four Elkhart boys ranging in age from 15 to 17 years were forced to turn back in the car taken from the father of one of them and are now lodged in the county jail. The boys said they were bound to Salt Lake, but the boy whose father owned the car was to be compensated for it with a team of horses which the boy had bought and almost paid for, but admitted that the value of the transfer had not been fulfilled and the government case probably will not be prosecuted.

Attorney Entails as Engineer—Carl L. DeLong, for several years past a

CHAUTAQUA IS IN SERVICE LINE

WAR PROBLEMS AND REPORTS CLAIM LION'S SHARE OF PROGRAM

The first announcement of the Chautauqua program, which is being conducted clearly that it is dedicated chiefly to national service. President Wilson has strongly endorsed the Chautauqua in a letter saying, "Let me express the hope that you will fitly use the encouragement and support of the government to a patriotic institution that may be said to be an integral part of the national defense." That the other officials of Washington are of the same mind is evidenced by the fact that the government has granted special incentives to be sent over every Chautauqua circuit in the United States.

Brings Word from Front
Probably the most important government-accredited lecturer to appear on the week's program will be Lincoln L. Witt, war correspondent direct from the western front. He was sent by the government solely to obtain information on the actual conditions in Europe and to present them to Chautauqua audiences. He sailed for Europe February 13, and brought the last word from the war zone, dealing chiefly with Pershing and "our boys" in the American section of the line.

The United States food administration, under the direction of Herbert Hoover, is sending a food demonstrator to Chautauqua on the morning of the last day in present war experience and a part of country food which have been evolved in the government kitchens at Washington. This demonstration will be free to everyone.

Another lecturer commissioned by Washington, Dr. C. J. Hubbard, who will be in constant touch with the Chautauqua office, will present at Chautauqua our war problems, as seen by the government, on this side of the Atlantic.

Interviewer of Von Hindenburg
Perhaps the most thrilling and interesting war lecture of the week will be that given by Capt. J. M. de Beaufort of the Belgian artillery. Capt. de Beaufort is the author of "Behind the German Yell," one of the "best sellers" among present year war books, now in its seventh edition. Bearing a letter from Von Hindenburg's nephew, which acted as a guide passport, he spent eight months in the fighting front, and Zepplin bases, the Russian front, and interviewing many of the big German military leaders, including Hindenburg.

Another prominent lecturer of the week will be H. W. Adams, "Heroes of the Mountains," Ned Woodman and Edna Eugenia Lowe.

Quita a departure from ordinary Chautauqua attractions will be presented on the third night in "Plays of Our Allies" by the Elkhart Players. These are short drama, masterpieces of the great European playwrights, truly portraying the life of our allied people.

Music Sounds Patriotic Note
A strong patriotic note will be reached in the music of the week. The feature attraction for the first night will be "The Old Soldier Fiddlers," under the direction of Col. J. A. Patton. These old veterans of the Civil war, two from the north and two from the south, present a rousing patriotic program of instrumental music, camp fire and war time songs. The most noteworthy musical attraction of the week will be on the fifth night when the Central war band comes to Chautauqua for two programs. This band was honored with opening and closing the San Francisco exposition and is both the largest and the best band ever brought over to the west coast.

The closing evening at Chautauqua will be known as "An Evening in Hawaii," featuring the Royal Hawaiian Quartet and Mildred Lee Olesens in her illustrated—travels, "Traveling Through Paradise—Hawaii," a couple of Mark Twain, two of the Hawaiian Islands fifty years after Mark Twain's sojourn; there, visited the places he has made famous in his writings and being remarkable displaying views and motion pictures of the places of interest, including Mt. Kilauea, Hawaii's active volcano.

WHEN YOU CLEAN HOUSE TRY OUR STANDARD KALONIA—Young Hardware Co.—Adv.

Classified Ads are cheap—effective.

Prominent figure in local political, business and agricultural circles, has been accepted for enlistment as a private in the engineer corps of the army and left Sunday evening for Fort Douglas, Utah. Mr. DeLong was for some time manager here for the Boyle Commission company, quitting that position to resume the practice of law about four years ago. Of recent date he has given his attention exclusively to his farm and the growing interests of the community above the draft age, but his determination to take an active part in the war induced him to enlist voluntarily as a private.

RED CROSS WORK IS EVERYONE'S BUSINESS

CHAIRMAN STUART H. TAYLOR MAKES APPEAL AT BEGINNING OF WAR FUND DRIVE

Make your Red Cross subscription in cash, if possible, in the request made by Chairman Stuart H. Taylor in a statement issued at the beginning of the campaign in Twin Falls county.

Chairman Taylor's statement is as follows: "Everybody in Twin Falls county, of course, wants to give to the Red Cross. Money was never asked for a warlike cause, and you will be solicited, this week. Make up your mind now as to the best way you can do and then make your subscription in cash, if possible. Pledge until a lot of work for the banks in collecting them and when the Red Cross is getting ready to make some big purchases, cash is what some team does not sell you, at once, do not think your money is not wanted. It may be that some names were inadvertently omitted. If you are not appearing on Tuesday or Wednesday as a headquarters in the Parlor and make your subscription. This is your war as much as anyone else and you must do your part."

"Now, the Red Cross asks \$100,000,000, and wants Twin Falls county to give \$21,000. We gave liberally last time and must not fall down this time. Your name has been given to some team and you will be solicited, this week. Make up your mind now as to the best way you can do and then make your subscription in cash, if possible. Pledge until a lot of work for the banks in collecting them and when the Red Cross is getting ready to make some big purchases, cash is what some team does not sell you, at once, do not think your money is not wanted. It may be that some names were inadvertently omitted. If you are not appearing on Tuesday or Wednesday as a headquarters in the Parlor and make your subscription. This is your war as much as anyone else and you must do your part."

A party intended to celebrate Saturday afternoon to attend a dance there for the benefit of the Red Cross. Those who went were Mr. and Mrs. John Gott, Mr. and Mrs. C. O. Marshall, E. C. Levering and Mr. and Mrs. V. H. Orsby.

A wedding which will be of interest to many of the younger set of Twin Falls will take place early in June when Miss Mary Sherlock, daughter of Mr. and Mrs. A. B. Sherlock, will become the bride of Irvin Wadlinger, son of Mr. and Mrs. E. P. Netelger. Miss Sherlock is a member of this year's graduating class of the local high school and the groom finished his education in Kansas.

PERSONALS

Mrs. D. A. Harris of Butley spent the week end with Mr. and Mrs. A. T. Ward and daughter, Rachel.

F. W. Dumke, manager of the United Stores, returned from Pocatello yesterday, where he had been to take the Shriners degree.

James B. Steple is suffering with a severe case of pneumonia.

Mrs. Geo. McGregor of Berger is at the Boyd hospital, where she is being treated for a crippled hand, which has troubled her for several years.

Miss Jessie Simpson, of the music department of the high school, left Tuesday for her home in the east. She will visit at Omaha enroute.

NAVAL PATROL FORCE IS BEING INCREASED

(By United Press)
WASHINGTON, May 20.—The American navy is increasing its patrol force in European waters, the navy department officially stated today.

This increased patrol is one of the factors in the decrease in submarine sinkings. The aircraft contingent is being augmented and the ship forces are being enlarged.

Acting Secretary of the Navy Benson declared the department felt the submarine situation has improved but the department would be loath to make optimistic predictions for the optimistic relax and

the submarine campaign burst out with renewed vigor. Benson declared that there was some reason to believe Germany has super-submarines of unusual power and training value but that so far it has been impossible to establish the truth of such reports.

Deaths

Corey E. Hagg, whose death at the age of 37 years, occurred at 4:30 o'clock Saturday afternoon at a local hospital, following a surgical operation for gut-rot, had been for 35 years a resident of the vicinity of Hansen, and assistant manager of the Hansen Milling & Elevator company which institution was established. He was one of the best known residents of the Hansen community, and funeral services held on his Monday afternoon from the Hansen church, conducted by Rev. A. W. Hartshorn, were largely attended.

Mr. Hagg had been injured in an automobile accident near Burley several weeks ago, but his death was a result of the affection from which he had suffered for some time. He is survived by his widow, who is a daughter of J. M. Waters of Kimberly, and by four sons; also by his mother, Mrs. Lucinda W. Hagg.

Harry C. Trwain Harry C. Trwain, for eight months past an employe of the Oregon Short line freight depot here, and before that for several years a resident of the vicinity of Clatskanie, who had farm property, died at 6 o'clock Saturday afternoon in a Salt Lake hospital here, following several weeks' illness. The remains were brought to Twin Falls today, and funeral services will be held at 2 o'clock Wednesday afternoon from the Episcopal St. Joseph church here.

Mr. Trwain was a native of Sweden, 35 years of age. He was unmarried and is survived by two sisters, Mrs. E. H. Mober of Twin Falls, and Mrs. M. E. Tinder of Silver City, Utah, who is here. Two half-brothers, Axel and Axel Balch, with the American expeditionary forces in France, also are left.

Mr. Trwain was for a number of years a resident of Oakley.

INVESTIGATION SOUNDS DEATH KNELL OF PEST

DR. J. E. WODESDALEK SAYS, AS RESULT OF WORK—HERE, A PHIS WILL BE CONTROLLED

Dr. J. E. Wodesdalek, head of the department of zoology and entomology of the state university at Moscow, who has been investigating the clover aphid problem in this section, will leave tomorrow to finish the semester at the university and continue other research work during the summer months. Ralph H. Smith, of the University of California, has been engaged to continue the work here as outlined by Professor Wodesdalek. Mr. Smith has had considerable experience in entomology and comes highly recommended for experimental work.

Volunteers to Fight Pests
Following the investigation, early this spring, of A. O. Burrill, who assisted in the department of zoology and entomology and worked on the clover aphid in southern Idaho during the past year, and a half, the university experienced some difficulty in getting a well trained man at a moment's notice, and at that time of the year, since most of the contracts of entomologists in the country run out the end of June or July. Dr. Wodesdalek, therefore, volunteered to take the problem into his own hands, being particularly anxious to have the early spring activities of the pest investigated this season for that important phase of the problem had not been worked out heretofore. Mrs. Wodesdalek, who also specializes in biology at the University of Wisconsin, has been given charge of the teaching work at the University of Idaho during the professor's absence.

Investigator Has Confidence
During the few weeks that he has been here, Dr. Wodesdalek has worked with the pest almost unceasingly and from every conceivable standpoint, and his determined efforts have resulted in the accumulation of a large amount of valuable information concerning its habits and life-history. In view of much of this new, scientific knowledge the methods of controlling the pest will apparently be simple and less expensive. Absolute confidence is being entertained in this research for the investigator, through his many publications of original research, has established an enviable record as a scientist not only in America but abroad as well. He has been honored by several national scientific organizations and much of his work has received a great deal of publicity.

Pests Numerous This Year
There is every indication that the

GEN. LEONARD WOOD

Here is Gen. Leonard Wood surprised to learn that he is commander in chief of the Lincoln Patriotic army, composed of women of America who will fight against German propaganda. Clover aphid pests will be numerous this season for, several old clover fields and many old clover areas in orchards were found to be badly infested. Due to the early discovery of the pest this spring by Dr. Wodesdalek, many acres of such infested, and otherwise poor clover, owing to old age, have been ploughed under and billions of aphids were destroyed. The same fields now bear splendid stands of wheat and other grain, and the owners are congratulating themselves and the state university because they will be thousands of dollars ahead. Their neighbors, too, are rejoicing because infestation of their fine young clover crops has been prevented.

End in Sight
After this year the clover aphid pest should be absolutely under control. Simple and inexpensive control measures based on proper attention to rotation of crops in the orchards as well as in the fields, avoiding old clover stands, flooding wherever possible, sheep pasturing in the fall, rolling, etc., will soon be published in simple language in pamphlet form and ready for distribution. This will give every farmer an opportunity to familiarize himself with this pest which in the past has caused over half a million dollars worth of damage in Idaho per year. It is hoped that every farmer will cooperate in the control measure which will be advocated, for, negligence on the part of a few will mean continual damage to all owing to the rapid reproduction and migration of the pest. Spraying, which is always more or less expensive, may have to be resorted to this summer in infested fields. This can be done most

effectively immediately after the first hay crop is harvested. In the case of infested alkali clover the field should be clipped early, and then sprayed. Hereafter, however, if the other measures will be carefully carried out, it should not be necessary to spray.

—Description in German.
The complete scientific results of this thorough piece of work will be published later in the form of an experimental station bulletin, which will not doubt be a valuable contribution to the biological sciences in general.

GIRL GRADUATE BECOMES WARBride

MISS MARIE PETTYGROVE AND JAY L. DOWNING ARR WED ON EVE OF DEPARTURE FOR CAMP

Miss Marie Pettygrove, daughter of Mr. and Mrs. A. E. Pettygrove, and a graduate this year of the Kimberly high school, is the "war bride" of Jay L. Downing, for four years past superintendent of Kimberly schools, who has been called under the next selective service call to report for military duty at Camp Custer, Michigan.

The marriage was celebrated Sunday afternoon in the presence of relatives and immediate friends at the home of the bride's parents near Hanson, Rev. A. W. Hartshorn, pastor of the Hansen Methodist church, officiating. The young couple were attended by Mr. and Mrs. Earl T. Provoost of Twin Falls.

The bride is popular and well known as an accomplished musician, being a graduate two years ago of the Twin Falls Conservatory of Music, and having appeared frequently in public entertainments.

Mr. Downing is a graduate of the law department of the University of Michigan, and returns to his native state to respond to the call into the military service.

LOAN MOST SUCCESSFUL
YET, HAYS McADOO
(By United Press.)
WASHINGTON, May 20.—"The most successful loan the United States has offered," Secretary McAdoo said, regarding the third Liberty Loan.

PLANT WORKING A DOUBLE SHIFT

USES OVERLOAD OUL POTATOES A DAY—MAY INCREASE FROM ONE TO SIX UNITS

(By United Press.)
IDAHO FALLS.—The factory and plant of the Idaho Food Products Co. here, the only plant of its kind in the United States, after several months' delay and disappointment, is working a "double shift," or 24 hours a day, in order to try and catch up with their orders. The plant is providing a ready cash market for cull potatoes, which are being used at the rate of a car load a day. Any potato that is sound can be used—little, big and misshapen or potatoes that are not up to standard for the market are accepted and at a good price, averaging from 25 to 50 cents per hundred in bulk, without sorting or sacking.

C. M. Grissom marketed a big part of a crop of small potatoes that he was planning to haul out and throw away, when he learned that there was a market. The present plant is of one unit. If

the present demand for the potato flour increases it would be entirely possible to increase the plant to six units, furnishing a ready cash market for six car loads of potatoes daily.

Spray your fruit trees; it pays. We handle spray material. Earl Fruit Co. Don't you wait! Advertise it in the Classified Column and get rid of it.

FAT ORDERS PLACED FOR MEAT AND LARD

(By United Press.)
CHICAGO, May 20.—Lard and meat orders totaling nearly 300,000,000 pounds were placed with American packers by the government last week for Great Britain's account, it was announced here.
