PRICED FIVE CENTS

## TWO MILLION READY FOR WAR USE IN MAY

### DAILY DRAIN FOR WAR PURPOSES NOW PLACED AT \$65,000,000—RECORD FOR THIS MONTH SETS A NEW HIGH WATER MARK FOR AMERICA

(By United Press)

WASHINGTON, May 23.—The United States, during May, will hurl approximately \$2,000,000,000 into the war—and a new record for war expenditures will have been set.

The battle against German autocracy to date has cost America \$13,000,000,000 and is expected to reach another billion by June 1. The daily drain is now \$65,000,000.

With these facts to face, members of the congressional finance committees were to see President Wilson today and Secretary McAdoo before the end of the week in an effort to dissuade them from their purpose to go ahead with a tax bill.

Whatever McAdoo believes should be done, however, the president will sanction, it is stated.

Major Lester Kitchin will lay before President Wilson his determination that Congress and not the treasury department shall draw the new revenue bill if one must come at this season.

#### World Tax War Contracts

"It is clearly within the jurisdiction of the treasury department and administration to show the necessity for a bill, but how to raise money and what taxes are to be levied come clearly within the jurisdiction of the ways and means committee of the house of representatives," said Kitchin today.

Kitchin is also in favor of taxing war contracts.

McAdoo is known to have a number of ideas on what a new tax bill should contain and it is certain he will insist that some of them be written into the bill.

#### Enormous Sum Available

According to figures being prepared by McAdoo, internal revenues due June 30 are expected to exceed \$400,000,000. At this present rate of the increase in war expenditures, that sum will last only until about August 1. Then, every department of the government will begin eating tremendous chunks out of the third Liberty Loan.

Meanwhile, interest in the nation's public debt mounts higher. Since the United States entered the war, the interest has grown to the astounding total of \$92,000,000. The interest for May alone will aggregate more than \$40,000,000. To date this government has loaned to seven of our associates in the war a total of \$4,763,687,000.

#### AWARDED D. S. G.

By LOWELL METZ.

(United Press Staff Correspondent) WITH THE AMERICANS ON THE BRITISH FRONT, May 22.—Colonel J. M. Hodge of the United States Engineers has been awarded the distinguished service order by Great Britain as a result of the gallantry of his command which quickly turned combatants in opposing the German advance during the fighting at the end of March.

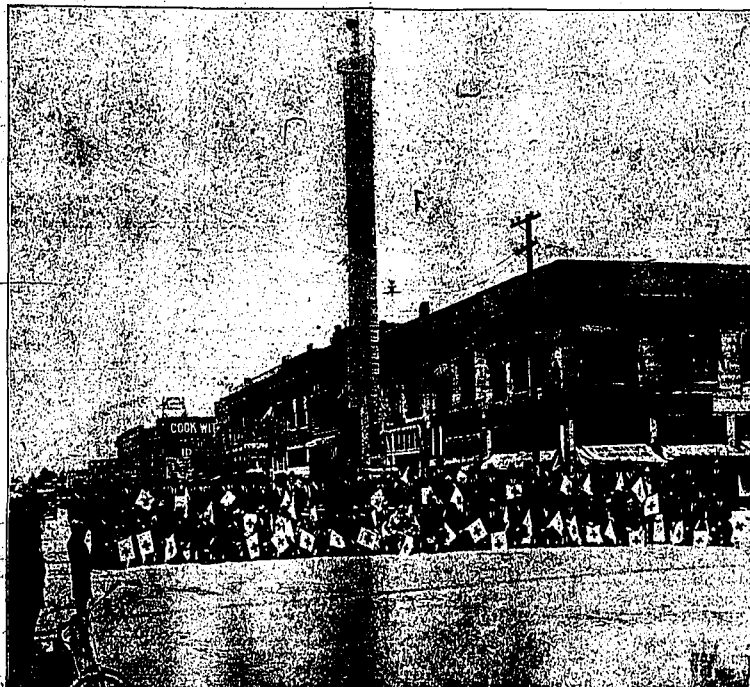

#### PHARS NIP SHOOTAGE

(By United Press)

OHIOAGO, May 23.—"There is every indication of a greater outbreak of coal next winter than we had last, unless production is increased and great conservation practiced," declared H. W. Pratt, president, in opening the third annual convention of the International Railway Fuel Association here today.

Pratt followed this morning with an appeal to railway men which was over one-fourth of the country's output, to "put the red, white and blue in coal." He declared that there should be "no Sundays or holidays in the mine, railroad or coal yard any more than there is in the trenches with the Hun fighting our boys."

## ALLIES NIBBLE HUN FORCES IN SERIES OF RAIDS

### GERMANS CONTINUE TO PLAY WAITING GAME AND TAKE LOSING END IN DIBBOLATORY FIGHTING ALL ALONG WEST FRONT.

(By United Press)

LONDON, May 23.—The allies maintain their superiority in raiding operations along the west front it was shown in the night official statements.

Field Marshal Haig reported another successful raid Tuesday night in the neighborhood of Hebuterne, in which casualties were inflicted on the Germans. Yesterday a second attempt was made to raid British positions southeast of Measiel was repulsed. Artillery was active on other British sectors.

The French war office reported heavy artillery fire in the Thennes-Hallies sector, southeast of Amiens and south of the Avre, on the same general front. French troops took prisoners in raids southwest of Lassigny in the Verdun sector and in Loraine.

Heavy allied cannonading along the northern portion of the Flanders front between Arras and Albert was reported by the German war office. It was claimed that allied attacks near Kemmel and Loore broke down.

## BRITISH FORCES ARE STILL BOMBING BASE

LONDON, May 23.—A German destroyer was sunk and the mole and seaplane base at Zebruggen were badly damaged by bombs which British naval aviators dropped in operations between Monday and Wednesday, the admiralty announced this afternoon.

British aerial observers, according to a previous announcement, have reported that German torpedo and submarine craft are immobilized in Bruges basin, the inland town connected with Ostend and Zebruggen by canals.

Reports from the sources said the German had been forced to abandon the Belgian naval bases because of the bottling up of the harbors by sunken block ships and the constant harassment by bombing planes.

## ARTILLERY IS ACTIVE

LONDON, May 23.—German bombardment of portions of the Picardy and Flanders fronts and continued raiding operations were reported by Field Marshal Haig today.

"There was hostile artillery fire in the Ancre valley south of Lens, east of Bebecq and east of the Nieppe forest during the night," the statement said.

"We carried out successful raids at Ayeble, Balaux and St. Mart, inflicting casualties and capturing some machine guns.

"The enemy rushed one of our posts near Arvey wood last night and two of our men are missing."

## COMMENDED FOR ENLIGHTENED

(By United Press)

WASHINGTON, May 22.—For rescuing the aged bridge tender at Cape Island creek, Cape May, N. J., in April during a gale, Cockswain Clarence J. Case, son of Mrs. Myrtle Case, Los Angeles, was commended today by Secretary Daniels.

"I WOULD LIKE to have you tell me how it is that one of our illustrations of a classified advertisement in your columns will get no half a dozen answers the first day—I know it will do this because it has done it for me, AND I HOLD THE STUFF."

A customer of The Daily News said this across the counter yesterday. It did not surprise anyone in The News office, but this same thing has surprised a good many in the last few weeks.

## DRASTIC STEP TO RAISE MORE MEN

### New Rule Operative July First Will Permit of Compulsory Army Service For Thousands Not Now Listed in Various Classifications Under Draft Law.

All loafers of every description, waiters, servants, sales clerks, fortune tellers, ushers, etc., to come before local boards and dependency exemptions will be no excuse—only useful occupations to be spared.

(By United Press)

WASHINGTON, May 23.—All men subject to draft hereafter must "do a man's work or fight."

This rule, operative July first, provides that all loafers and men not in useful occupations listed in deferred draft classes must engage in useful war work or be drafted into the fighting service.

Provost Marshal General Crowder announced today the plan for this new system. It will seize at once upon gamblers, race track men, waiters, bartenders, club, hotel and apartment attendants, persons engaged or occupied in games, sports and amusements with some exceptions, domestic servants, sales and other clerks of department stores and mercantile establishments.

Dependency exemptions will not protect men thus classified.

#### May Catch Baitlayers

Provost Marshal General Crowder declared, however, to give a specific ruling as to whether the order affects baseball until one has been presented to him by a local board or until Secretary Baker has made a statement of policy thereon. Other war department legal experts said the order would not be construed otherwise than as taking draft this definite subject made it known that Secretary Baker was not available as he was testifying before the house appropriations committee.

The new order does not specifically state what will be done in case of striking workmen. The only approach to him by a local board or until Secretary Crowder's statement that "temporary absences from regular employment not to exceed 60 days, unless habitual and frequent, shall not be considered as idleness."

Local boards will conduct the weeding out process. They are empowered to summon before them the idlers and the non-essential workers listed, giving them a chance to explain their purpose of a useful war occupation, and

## RED CROSS HOSPITAL BLOWN TO PIECES BY GERMAN AIR RAIDERS

### Over One Hundred Nurses, Patients and Attendants Killed and Wounded in Series of Bomb Attacks on Unprotected Buildings Back of Lines—Red-Cross Emblem in Plain Sight

Huge Machine Circles Over Objectives, Dropping Bombs Designed to Kill, Maim and Destroy—Heroic Nurses Stick to Posts While Patients and Comrades Are Struck Down—German Commander Among the Captured.

By WILLIAM PHILIP BIRDS, (United Press Staff Correspondent) WITH THE BRITISH ARMIES IN FRANCE, MAY 23.—MORE THAN 100 WOMEN NURSES, PATIENTS AND ATTENDANTS WERE KILLED OR WOUNDED IN A RAID ON A LARGE NUMBER OF HOSPITALS BY GERMAN AIRMEN.

IN THIS, THE LATEST GERMAN AIR ATTACK, A SCORE OF HUGE GOTHIA AIRPLANES CIRCLED OVER THEIR OBJECTIVE WHERE THE RED CROSS WAS PLAINLY VISIBLE, DROPPING A NUMBER OF BOMBS OF ENORMOUS SIZE TO SMASH THE BUILDINGS, AND A STILL GREATER NUMBER OF SMALL SHRAPNEL BOMBS TO KILL NURSES AND WOUNDED. THE SHRAPNEL WAS THROWN TO RUIN AT THE LEVEL OF THE GROUND, SO AS TO INSURE THE GREATEST POSSIBLE DESTRUCTION OF LIFE.

BRITISH AVIATORS AND ANTI-AIRCRAFT GUNS BATTLED WITH THE HUN SQUADRON, BRINGING DOWN THE ENEMY COMMANDER'S MACHINE.

I visited the scene of the bombing today. Here about the hospital were the splinters. One-half of the entire hospital, where the greatest death toll was posted, had almost entirely disappeared. Nearby was a crater, fifteen feet across and ten feet deep, where a large bomb fell on the nurses' quarters.

Raided Last Two Hours

Crippled with shrapnel bomb fragments, those who witnessed the attack told me they never had seen anything so wonderful as the courage of the women during the raid, which began at 10:20 a. m. and lasted for two hours. Dugouts were provided for them in case of danger, but none deserted the patients.

Many of these latter were very bad cases of horrible compound fractures, with open wounds, necessitating suspension in harnesses. Other poor chaps were strapped in bed, in order that their bones would knit straight. The slightest movement for any of these men not only was agonizing but extremely dangerous.

Women Stay by Patients Throughout Two solid hours, while an

## WAR MUNITIONS IN REALMS OF FANOFY

(By United Press)

NEW YORK, May 23.—Deputy Attorney General Alfred L. Becker today reported to government authorities that he had completed an investigation of reports of huge stores of German-owned rifles, machine guns and ammunition hidden near New York, and found the rumors unfounded.

#### ANOTHER FLAYER GOES

(By United Press)

NEW YORK, May 23.—Another big league ball player has been called to the army. Joe Barnes, according to messages received here, will soon leave the Giants as he has been ordered to report to his local board May 23.

#### FAIRBANKS IMPROVING

(By United Press)

INDIANAPOLIS, Ind., May 23.—Chas. W. Fairbanks' spirit's good night, it was feeling better this morning. It was announced at his home here, where he is ill from Bright's disease.

## GENERAL WOOD WILL SEE FOREIGN SERVICE

(By United Press)

WASHINGTON, May 23.—Major General Leonard Wood, senior major general on the army list, will soon be in foreign service.

His friends in the army predict he will be a corps commander soon after he shows himself on the western line. Wood, early this year, studied conditions abroad and came back here with a number of critical observations. As a storm center in war department affairs for many years, he aroused officials by his statements, but they decided that any attempt to sidetrack him would be made. It is now established that foreign service is assured him.

#### ROOSEVELT REINSTATED

(By United Press)

NEW YORK, May 23.—Colonel Theodore Roosevelt has been reinstated as a member of the Republican club and the large oil painting of him that was taken down in 1912 has been dusted off and rehung in a place of honor near one of William Howard Taft.

# WILL TAKE UP NEW TAX BILL AT EARLY DATE

### NOW LITTLE QUESTION BUT WHAT PRESENT SESSION WILL SEE ENACTMENT OF ANOTHER MEASURE FOR WAR REVENUE.

(By United Press.)  
WASHINGTON, May 23.—President Wilson has decided to stand behind Secretary McAdoo in the tax bill fight. Recent developments here convinced members of Congress that a revenue measure of some kind would be forced through this session. McAdoo himself worked during the day on facts and figures to present to members of the house and senate finance committees later this week.

President Wilson regards a tax bill necessary at this session of congress. McAdoo's contention for a tax measure this session will probably result in early opening of work on the measure by house and senate committees.

Recent likelihood.  
Congressional leaders believed that congress probably will recess from time to time while the committees are working. Those enabling senators and congressmen get back home for campaigning and at the same time when the time comes to pass a measure.

Distinct difference of opinion.  
President Wilson's cabinet regarding the need for a tax bill this session. Postmaster General Burleson has opposed the proposed action.

Secretary McAdoo today worked on the preparation of figures to submit to congress finance leaders. In compiling his reply to congressional inquiries on a bill in this session, McAdoo is taking into consideration the arguments presented by house and senate leaders, but it was said, "standing by his guns in the fight."

### WILL SUPPORT McADOO.

Word today that the president would support McAdoo for a revenue bill this session and with a tax bill. McAdoo's leader Kitchin said McAdoo had not advanced a single good reason for a revenue bill at this session and declared that if one is to be framed, congress will stand its ground on what goes into it.

Kitchin also came out in stronger terms than he has hitherto used in favor of heavy taxes on excess war profits and incomes, and promised to outline his whole proposition on the floor of the house as soon as he was formally notified that a revenue bill had been decided upon.

It developed today that McAdoo had advanced two reasons for a bill at this session, during his conference with Kitchin and Senator Simmons Monday.

### Outline His Reasons.

First, it would give the country some idea of the nature of the tax to be paid and thus aid the sale of liberty bonds during the next drive.  
Second, it would show clearly the advantage of the non-taxable liberty bonds over other taxable securities such as an investment.

Kitchin and Simmons told McAdoo that in their opinion neither reason justified a revenue bill at this session, and the only thing that would justify such a course would be the actual need of the government for more money.  
Kitchin said the senate finance committee could begin on a tax bill as soon as they get the word, and that it would likely be ready for the senate by August.

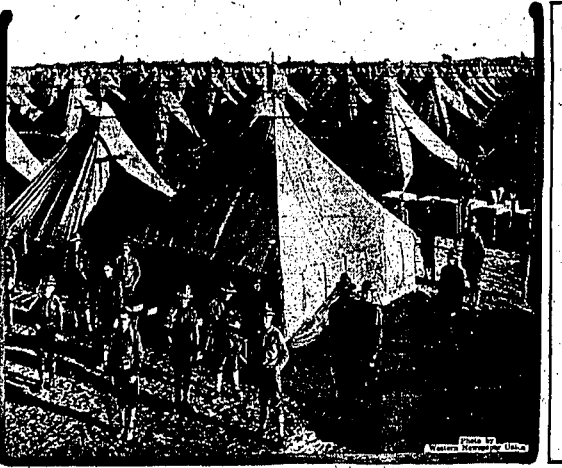

### ISIS THEATRE REOPENS FRIDAY

NAME CHANGED BY NEW OWNERS TO AMERICA—WILL BE FUTURE HOVER EXHIBITORY.

Friday evening the Isis theatre will be reopened under a new name, after having been closed for more than a year. The theatre will open Friday night, the name being changed to The America. The new owners are A. D. McQuire and his son Herbert, of Tremonton, Utah, who will actively assume the management of the house. Mr. McQuire is engaged in the newspaper and motion picture business at Tremonton, but has selected Twin Falls as his future home city.

The new managers will show moving pictures exclusively. They propose to show a high class of pictures. The first class moving picture house. The name has been changed to The America. The new owners are A. D. McQuire and his son Herbert, of Tremonton, Utah, who will actively assume the management of the house. Mr. McQuire is engaged in the newspaper and motion picture business at Tremonton, but has selected Twin Falls as his future home city.

## "SHADOW OF THE CROSS" AT CAMP MACARTHUR

In this photograph of Camp MacArthur, Wyo., the "Shadow of the Cross" is seen on every tent. There was considerable excitement among the boys until one discovered that the shadow crosses were caused by the stowpipe and electric wire crossing on the top of each tent.

### YOUR HAND, LEUTENANT!

(By United Press.)  
LONDON, May 23.—When two of his men were trapped in a dog's den which had been struck by a gas shell. Second Lieut. Berry McLaughlin of the royal field artillery, went to their aid without waiting to don a mask.  
He then went on duty at forward observation officer, although suffering from the gas.  
Later in the day he had to be sent to hospital.

### TODAY'S CASUALTIES NUMBER EIGHTY-SIX

(By United Press.)  
WASHINGTON, May 23.—Eighty-six casualties listed by the war department today included fourteen killed in action, twelve dead of wounds, eleven of disease; thirty-nine wounded severely and also wounded slightly; one missing in action.  
Lieutenant James Palache of Farmington, Conn.; died of wounds. Lieutenant John T. McGuire, St. Louis, and Lieutenant Hugh L. Sutherland, Benoit, Miss., were severely wounded.

### Killed in Action

Sergeant Clem Hobbs, Red Oak, Iowa; Corporal John C. Foster, Greenfield, Ill.; Charles J. Gaartha, Springfield, Mass.; Mac L. Nichol, 600 Locust St., N. Y.; Harvey D. Rihel, Pacific Junction, Iowa; Privates William Brogan, St. Louis, Mo.; George J. Brown, Brooklyn, N. Y.; Joseph H. Coyne, Brighton, Mass.; Edward S. Harting, Boston, Mass.; Max E. Nichols, 600 Locust St., Atlantic, Iowa; Edward H. Lamont, Tonkner, N. Y.; Albert Maciejowski, Brooklyn, N. Y.; Albert Traugott, Tulsa, N. J.; Szymon Yorosko, Volinik, Russia.

### Missing in Action

Private Recco Summa, Waterbury, Conn.

### GERMAN SHOTS PRISONER

(By United Press.)  
LONDON, May 23.—Because he refused to give coffee to the camp at the order of his German guard, Private Joseph Barry of the Scots Guards, was shot to death while interned in Germany, according to information brought here today by a former fellow prisoner.

Barry, according to the story, was taken prisoner in the early part of the war, and imprisoned at Sennelager. One day one of the guards ordered him to bring coffee from the camp to the barracks.

"Englishmen don't drink coffee," replied Barry.

The guard then ordered Barry's fellow prisoners to stand away from him, leaving Barry standing alone. The guard put the rifle to his shoulder and shot Barry, who died within a few minutes.

According to information received the guard was up for trial, but the disposition of the case is not known.

### WOULD KEEP THEIR SLAVES

(By United Press.)

PARIS, May 23.—German farmers do not want an exchange of prisoners of war with Russia.

The exchange was provided for in the peace treaty of Brest-Litovsk, and already has started.

There is a general protest among the German farmers, who are getting their work done for nothing, or for a nominal wage, by Russian prisoners of war, who specifically are slaves in Germany.

The farmers claim that if they are deprived of this slave labor before September the results will be disastrous upon the food production. German papers recently received here give considerable prominence to this question.

## SEPARATE ARMY NOT NEW IDEA

### PERSHING'S PLAN DECIDED UPON WHEN BAKER WAS IN FRANCE.

(By United Press.)

WASHINGTON, May 23.—Formation of the first American field army had already been undertaken when Secretary of War Baker was in France.

He revealed this following publication of the United Press story pointing out the likely appointments to leadership therein.

Major General Hunter Liggett, Baker said, was working on the organization plans and General Pershing also had the problem under consideration. Liggett's prominent part in shaping the plans was taken as confirmation of the report that he would be commander of this army.

Brigading of Americans will continue during the summer, it is assumed, but by fall or winter a return to the original divisional plan is likely.

Shipment of troops is progressing at a surprisingly good rate and next year the added tonnage and the extra destroyers will, in the words of Secretary Daniels, permit transport of millions this year the American army abroad.

D. R. Macaw made a trip to Twin Falls Sunday afternoon, taking his father, W. M. Macaw, to the hospital, where an operation will be necessary.

Rev. C. E. Diehl, pastor of the M. E. church here, took charge of the services at Twin Falls Sunday.

Mrs. Lena Fritz of Twin Falls spent Sunday with Mrs. Joe Mallory.

J. J. Lapher attended the Masonic meeting at Pocatello Saturday, returning home Sunday.

The Yagel Motor company's safe was visited by a thief Thursday night and robbed of a number of dollars in cash and several checks.

Mrs. W. W. Young and Mrs. W. W. Young were visiting at Idaho Falls, where Mrs. Young expects to spend the summer. Mrs. Young will return home in a short time.

Misses Stella and Lulu Macaw, Lillian and Edith Young accompanied Owen Young on a trip Wednesday to Rabbit Springs and Rogerson, looking after Mr. Young's ranch interests in that section.

The Southern Idaho Fair association held a business meeting here Thursday evening. E. A. Reed of Twin Falls was present.

H. G. Mazonby was a business caller in Twin Falls Wednesday last week. The majority of people from Filer attended the circus at Twin Falls on Saturday.

Rev. Best of Twin Falls held services at the M. E. church here Sunday. J. A. Johnson and Dr. A. A. Newberry spent Sunday at the river fishing.

Chas. Leithart and family of Buhl spent Sunday at the Lee Mead home. Mrs. Earl Murray has been quite ill with mumps.

Miss Gladys and Lloyd Ashton of Twin Falls spent Sunday at the Murray home.

### MURTAUGH

MURTAUGH.—Murtaugh trained more than twice its quota the first day of the Red Cross drive. They raised \$1500, their quota being \$650.

Mr. and Mrs. C. Tolman are rejoicing over the arrival of a baby boy, born Friday, May 17.

Miss Mae Hall returned home Sunday from Twin Falls, where she has been visiting since returning from California, where she has spent the fall and winter.

Arthur Williams left Friday morning for Washington, D. C., where he will enter the government employ as a teleprinter. Mr. Williams tried to get last spring, but could not pass the physical examination.

L. Rose of Okla. arrived Sunday at 10:30 a. m. to visit at the home of Tom and Mrs. J. J. Fisher and daughter visited at Heyburn Sunday.

Mr. James Porter, who was operated on at the Morgan hospital in Twin Falls last Wednesday, is getting along nicely. Mrs. Stockdale, a sister of Mrs. Porter had an operation on her tonsils Monday.

School closed in Murtaugh last Friday. The teachers taught their pupils to ice cream and cake. The primary department, under Miss Jones, had a picnic on the lawn at Mrs. Perry Weaver's.

Miss Gladys Rose of Twin Falls visited several days at Mrs. Elmer Hunt's last week.

### Gone to Grass.

# WOODMEN WILL HONOR MEMBERS IN THE SERVICE

LODGE MEN AND WOMEN GATHER FROM NEIGHBORING POINTS FOR "LOGROLLING."

Dedication of the service flag of Twin Falls camp, Modern Woodmen of America, bearing 14 stars representative of its members in the military service, will be a feature of the program to be given in connection with the "logrolling" occasion this evening for which Woodmen and Royal Neighbors from practically every camp and lodge in the southeastern Idaho district have gathered in Twin Falls today.

The Woodmen's program will be given in the Masonic temple at the conclusion of a lodge session in which the initiatory degree will be conferred upon a large class of candidates for membership, including 80 from Twin Falls, and several from Hollister, Shoshone, Hagerman and elsewhere.

Expect 400 at banquet. During the lodge session, a program will be given by the Royal Neighbors in the Moose hall, for the visitors who are not qualified to take part in the lodge session, and at the close of the Woodmen's program, a banquet will be served for 400 lodge men and women in the Herriott building at the corner of Second avenue and Second street west. Dr. W. F. Pike of Twin Falls, will

LEOPOLD STRAUSS

Leopold Strauss of New York, a member of the Presbyterian hospital unit now in France, voluntarily allowed himself to be inoculated with the flu virus germ. The experiment, which was conducted by American and British doctors, was to determine whether the flu virus carried the disease and whether their flu virus carried influenza.

He will deliver the address of welcome at the opening of the Woodmen's lodge session, and also will act as toastmaster at the banquet. The degree work will be conferred by the officers and degree team of the Twin Falls camp. The lodge session in the Masonic temple and the Royal Neighbors' program in the Moose hall will begin at 8 o'clock in the evening.

**Patriotism Prima Memento.**

Addresses will be made at the Woodmen's program in the Masonic temple by W. H. Tyer of Boise, deputy state head-council; State Lecturer Titus Rupert; C. D. Thomas and Dr. W. F. Pike. The opening address of the Grand Lodge of Liberty surrounded by the nation's defenders represented by the men in charge of the local army and marine corps recruiting stations, will be followed by the singing of the "Star Spangled Banner" by a quartet composed of D. A. Salmon, Ed George, Robert Williams and Lloyd Patrick. The program will close with the singing of "America." Musical numbers will include a violin solo by Charles Raymond, piano solo by Miss Mattie Wilson, a duet by the Witt sisters. Miss Inez Puckett will give a reading.

**On the Honor Roll**

The service flag to be dedicated at this time bears stars for the following Twin Falls Modern Woodmen: Captain P. W. McRoberts, Dr. M. E. Corbin, Wilbur Heller, Thad N. Patton, Roy Patton, Dewey Patton, Louis Toddson, Ben Elder, E. E. Logsdon, Robert Fleming, Jess Thompson, Blaine C. Vansauldo, Andrew Flynn and Henry P. Howe.

# P. E. O. SISTERHOOD YEAR'S SESSION ENDS

ELECTION AND INSTALLATION OF OFFICERS ON PROGRAM FRIDAY.

Election of officers, to be installed at the concluding session in the afternoon, is an important feature of tomorrow morning's program for the third annual convention of the Idaho grand chapter of the P. E. O. sisterhood which convened here Wednesday afternoon.

Beginning at 8:30 o'clock in the morning, one hour will be devoted to committee work, and at 9:30 o'clock the convention will be called to order. The order of business following the opening ode is as follows: Devotional; by Mrs. Maude DeHart of Blackfoot, first vice-president; roll call; minutes of previous session; secret-work; committee reports; report of treasurer; vocal solo, Mrs. Mattie Wilson, of Blackfoot; election of officers; question box; miscellaneous business; adjournment.

The closing session will be called to order at 1:30 o'clock in the afternoon, and the following is the program: Roll call; minutes of officers; report of treasurer; symposium, Mrs. Eva Shawhan, Boise; Mrs. Bonnie Bell, Mrs. Helen Engleson; vocal solo, Mrs. Margaret Tock, Twin Falls; report of committee on resolutions; report on secret work by organizer, Mrs. Eda M. Warner, Twin Falls; installation of officers; new business; minutes of present session; closing ode; adjournment.

**ROCK CREEK**

ROCK CREEK.—The teacher and pupils of District No. 5 entertained the mothers at the school house, Friday afternoon. The school house was decorated with the work that the pupils had finished during the term, and a short program was rendered. At the close of the program, punch and water were served by the girls. The Junior Red Cross, which is composed of the pupils of the school, had on exhibition a large box of treacle candies, a hand-made comfort, a box of tin foil, collected by the younger pupils, and \$25.00 worth of receipts for punk collected by the older boys.

Everett McFaster hauled a load of wool from his dry farm Monday evening, consisting of twelve sacks, which at the present price of wool will net him an average of \$255.00.

The Red Cross drive is on at Rock Creek. A. P. Murray, Sr., L. P. Larson, Magnus Larsen and Mr. Ashdown have charge of the Excelsior and Rock Creek districts, with Hansen as the head.

A. P. Murray, Jr., and Perry Jones went to the mountains for Derrick timber Thursday, returning Sunday. They encountered a snow storm while in the hills.

Mr. and Mrs. D. P. Albee left Sunday for a week's visit with friends at Contact, Nevada. Mr. and Mrs. Denver Tunks are in charge of the ranch during their absence.

Mr. and Mrs. L. M. Van Eaton were in Twin Falls Friday morning. Mrs. Van Eaton, who has been ill for some time, went in to consult with her physician.

Miss Helen Dross, who has been attending the high school at Twin Falls during the past winter, returned home Friday.

Mrs. L. P. Larson, Mrs. A. P. Murray and Dolph Murray went to Twin Falls Saturday. Dolph has been suffering with rheumatism for several days, and they went in for medical advice.

Louise Demoree spent the week end with her grandparents, Mr. and Mrs. John F. Hansen, of Twin Falls.

Mr. and Mrs. George Crockett visited a dentist at Twin Falls Saturday and while there, exchanged their old car for a new one.

Mrs. Morris, who has been at the Twin Falls hospital for a week, returned Friday much improved. In health.

Miss Maude Pomeroy, teacher of District No. 5, will give her pupils a picnic in Rock Creek canyon Friday, May 24, the last day of school. The parents are all invited and a merry time is expected.

All of the surplus grain is being delivered to the Hansen Elevator as fast as the owners have time to move it. C. Peterson, Nephil Larson and L. P. Larson have been hauling during the past week. Most of this grain would have been delivered during the fall months, but there was no room available for storing it.

**NOTICE**

I will accept a limited number of students for the summer months on violin, clarinet, cornet and other orchestra instruments.

Parents: This is the chance to get the boy or girl started on that favorite instrument for the fall school term when the orchestra and band will be reorganized. For further information as to instrument, time and terms, write me or call phone No. 782-W. B. O. Linder, Music studio at 223 Fifth avenue east.—Adv.

"A great net of mercy drawn through an ocean of unspeakable pain"

# Across the Seas They Call

**A** CROSS the seas from every war-torn nation in the Allied cause there comes the call for Red Cross help.

It comes from soldiers who have grimly faced the gleaming bayonet steel and poison gas and screaming shells, and who now lie with parching throats and throbbing wounds.

It comes from soldiers sick with fever, pneumonia, tuberculosis.

It comes from soldiers crippled, mutilated, blinded, who can no longer fight and must be taught and trained for useful occupations.

It comes from the underfed, shivering, hopelessly prisoners in the German prison camps.

It comes from little children, orphaned, homeless, slowly starving day by day, by tens and tens of thousands.

It comes from mothers in the pillaged zones of war whose hearts and souls have been made numb with horror.

From all these millions of suffering human beings there comes across the seas the call for help—help that because of the frightful burdens placed upon our Allies cannot be given unless it be provided by the American Red Cross.

Another hundred million is needed to "carry on."

What will America's answer be?

Every cent of every dollar received for the Red Cross War Fund goes for War Relief.

The American Red Cross is the largest and most efficient organization for the relief of suffering that the World has ever seen.

It is made up almost entirely of volunteer workers, the higher executives being without exception men accustomed to large affairs, who are in almost all cases giving their services without pay.

It is supported entirely by its membership fees and by voluntary contributions.

It is today bringing relief to suffering humanity, both military and civil, in every War torn allied country. It plans tomorrow to help in the work of restoration throughout the world.

It feeds and clothes entire populations in times of great calamity.

It is there to help your soldier boy in his time of need.

With its thousands of workers, its transportation stores and smooth running transportation facilities, it is serving as America's advance-guard—and thus helping to win the war.

Congress authorizes it. The War Department audits its accounts. Your Army, your Navy and your Allies enthusiastically endorse it.

Twenty-two million Americans have joined it.

Subscription Rates table with columns for Mail, One year, Six months, Three months, One month, and Garden.

Entered as second-class matter April 3, 1918, at the postoffice at Twin Falls, Idaho, under the Act of March 3, 1879.

HOME TIES AND MORALS

A good deal of practical psychology is involved in the request of the National War Work Council of the Y. M. C. A. in the western department, asking for photographs of the most familiar spot in each community to be converted into lantern slides and projected on the screens in the Y. M. C. A. buildings in the big cantonments.

Morale unquestionably is the most important of the constituent elements of victory. And morale, is admirably defined as a combination of courage, character and staying power.

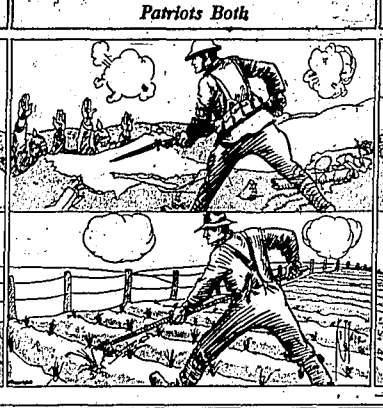

WAR STAMPS LEAD IN DANGER The respect to the amount of investment in War Savings Stamps, Twin Falls county leads the state of Idaho, according to the report of the secretary of the state committee.

FORWARDED IS FORWARDED A distinct service in the cause of humanity is being rendered by the speakers who are anticipating and unmasking the blast for an immediate peace that is shortly to be sent out through various channels of publicity in this country.

MAY SHIP THOUSANDS BY NEW AUTHORITY (By United Press) WASHINGTON, May 23.—Blanket authority to raise and send to France any number of men he may deem necessary is to be conferred on President Wilson through a provision to be written into the army appropriation today by the house military affairs committee.

ABE PILOT KILLED WITH THE AMERICAN ARMIES IN FRANCE, May 23.—The official communique issued at the American headquarters says: "Artillery fire has decreased in the sectors occupied by American troops. There are no new developments."

THE DEAD LETTER

By VIRGINIA LEE Alan Grayle wished as he arranged himself in the solitude of his room, looked into his heart and found so happiness nor prospect of it there, surveyed the prospect of a vast change in his life about to materialize, and decided solemnly that he was sacrificing sincerely and honor in accepting the man's offer.

With the Red Cross Work At Home and Abroad

RED CROSS NOTES It is with deep regret that the board accepts the resignation of Mrs. E. L. McVicar as secretary of the Twin Falls County Chapter of the American Red Cross. Mrs. McVicar has given generously of her time and energy during the past ten months, and will be greatly missed by all connected with the Red Cross work in the county.

Room 16 of the Lincoln school presented the Red Cross with two lovely baby bands recently. Rita Osborn brought the donation to headquarters. Thirty-eight cents, the proceeds from a little entertainment given by Peggy Schindler, Billie Burke Blackstone and Beth Blackstone, has been given to the Red Cross.

Women are the second line trenches in this war. Any woman who works to win this war is at least as much as the man who are fighting our boys over there.

Let our slogan be "Tolerant Co-Operation." The most important department of Red Cross activities is to be the Home Service Department, in the future. It is necessary for the morale of the men who are fighting to know that their families at home are cared for by the government, and the Red Cross Home Service section.

A new department is the Bureau of Communications. Any parent or next of kin wishing information in regard to a soldier who can not be heard from, may receive the benefit of this Bureau, and the matter will be taken up direct by cable from Washington, D. C.

Classes in First Aid are urged to be started for men. Classes in Home Care of the Sick and Dietetics are of the greatest importance, as there will soon be a dearth of competent nurses all over the country.

SAYS COUNTY'S APPORTIONMENT TO BE DOUBLED

SECOND RED CROSS DRIVE REPORTS SHOW SUBSCRIPTIONS OF \$36,063.63 WEDNESDAY NIGHT

Final reports on the second Red Cross war fund drive in Twin Falls county will show the county's quota of \$21,000 subscribed twice over, E. L. MacVicar, campaign manager, said this morning.

All Beach Quotas The drive in the Twin Falls sector was brought to a close last night. Reports of the several districts at 10 o'clock last night showed total subscriptions for the county in the sum of \$35,063.63. The campaign has not been closed in either the Bull or Kimberly sectors, but over the district in the county has reached its quota.

Always a Good Show H. J. Kingsbury is the leader of the team that turned in the largest amount in subscriptions in the Twin Falls sector, its report showing collection of \$1530.76. To this team the immense Iron helmet which, at the beginning of the drive, was displayed at the top of a pole at the intersection of Main avenue and Shoshone street, has been awarded. It is the purpose of the team leader to set the helmet again on the pole Saturday afternoon next, to be rattled by bullets fired by persons paying a dollar a shot for the privilege. The fund so collected will be donated to the Red Cross.

Subscriptions by Districts Following are the subscriptions by districts reported to headquarters here last night: Bull, \$2100; Filer, \$2750; Murtaugh, \$1314; Hanson, \$1250; Curry, \$1145; Kimberly, \$644.50; Pleasant View, \$698.25; Hollister, \$400; Hinkel, \$355.50; Rogerson, \$266; Berger, \$250.

Subscriptions collected by the executive committee, at headquarters here on Wednesday amounted to \$354.

Twin Falls Team Reports

Table listing names and amounts: H. J. Kingsbury 1530.76, W. Z. Smith 725.00, T. F. Murray 604.25, W. S. Hill 725.00, R. A. Parrott 702.75, G. J. McCormick 1397.50, W. E. Brown 725.00, A. L. Swain 230.00, J. E. Salladay 752.50, D. A. Wilson 1357.00, H. A. Harrison 744.50, Ben Hart 1541.25, J. C. Galt 725.00, L. T. Wright 554.00, G. R. Channell 515.00, H. E. Barber 671.50, C. C. Higgins 748.50, O. E. Carlson 1047.00, P. R. Coe 1148.00

LOCAL BRIEFS

Johns Marine Corps—Clarence Rice of Kimberly was accepted Wednesday by the local recruiting station for enlistment in the marine corps, and left that evening for Salt Lake.

Predicts Frost—Fair tonight and Friday; cooler tonight and probably frost Friday morning; in the middle of the weather bureau transmitted this morning through the local telephone exchange.

Martins Went Missing—Sergeant W. B. McCracken, in charge of the local marine corps recruiting station, has been directed to accept for enlistment men who have had experience in military or immediate transfer to Quantico, Virginia.

Enlistment Is Reported—William Francis Richards of Twin Falls, who has been attending school at Corvallis, Ore., has enlisted in the middle of the United States navy for the duration of the war, according to information received by the local board.

On Vacation Here—Ward Johnson, who has been for some time in the employ of the Studebaker Brothers corporation in Utah, accompanied by Mrs. Johnson, arrived here Tuesday to spend a short vacation with relatives and friends.

Return to Camp—At the expiration of a several days' furlough spent here with relatives and friends, E. L. Putnam and Charles L. DesRuisseaux, members of the Eighth marine corps regiment, stationed at Galveston, Texas, have returned to their post of duty. Mr. Putnam left Wednesday evening and stopped for a day's visit with his brother in Peacetto, and Mr. DesRuisseaux left this morning.

UNION WORKERS MAY CONDUCT OWN PLUMBING SHOP

DISAGREEMENT WITH EMPLOYERS IN REGARD TO WORKING CONDITIONS LEADS TO ACTION

Purchase and operation of a local plumbing establishment by union journeymen plumbers of Twin Falls is a probable outgrowth of a disagreement that has arisen between the master plumbers and their employees. These Plumbs Control The plumbing business in Twin Falls is practically controlled by three firms, the journeymen say, which have declared their purpose of conducting 'open shops.' Subsequent to the demand of the union journeymen, carpenters on May 1 for increase of 50 cents, bringing their daily wage up to \$5.50. Employers who refused to accede to the demands of the carpenters were declared 'unfair' by the central trades council, and union laborers were notified not to work in their employ. Caught by Builders' Action When the carpenters quit, the Home Plumbing & Heating company, J. A. Campbell, manager, was engaged to work on one of the jobs declared 'unfair.' According to the union plumbers, Mr. Campbell declared that he would continue in this work, thereby opposing the union employees who are bound, they say, not to work in company with non-union laborers. Although it had several contracts for work approved by the union, the Daljanyan Heating & Plumbing company deliberately undertook another 'unfair' contract, the union plumbers say, and the Healy Plumbing & Heating company, E. P. Snek, manager, was caught with several contracts for work declared 'unfair' by the trades council. Both firms thereupon declared their purpose of conducting 'open shops' at the Twin Falls Plumbing & Heating company, William Wall, manager. Union workers have quit the employment of these four firms. About 15 men are affected.

STICK TO THEIR POSTS.

WITH THE AMERICANS IN PICARDY, May 22.—In the midst of an enemy bombardment of a certain point on the front, with high explosives, shrapnel and gas shells, two men stuck to their posts, adding the usual and unobtrusive others. These men were Frank West of Madison, Wis., and E. A. Starks of Montclair, N. J. When the bombardment was at its height, with shells whistling overhead and bursting everywhere, they carried a photograph into a dugout and started up Harry Landers' "Beautiful Sunday." Everybody ignored the shells and joined in singing about how "It's nice to get back during a morning, but it's nicer to stay in bed." West worked tirelessly day and night until overcome by a gas shell. Then they forced him to go to the rear. His condition is not serious.

CLAIM WORLD'S RECORD

(By United Press) MADISON, Wis., May 23.—Claims of a world record for Miss Gladys Palmer, Wisconsin co-ed, were made today. She tossed a baseball 516 feet 11 inches in a women's meet here yesterday.

TODAY'S MARKETS

OMAHA LIVESTOCK SOUTH OMAHA, May 23.—Cattle—Receipts 4000; market steady to 10 lower; steers \$12.25 to \$17.20; cows and heifers \$7.00 to \$14.00; stocks and feeders \$7.50 to \$15; calves \$0 to \$13; bulls and stags \$10 to \$12.75. Hogs—Receipts 17,800; market \$0 to 25 lower; bulk \$16.75 to \$16.50; top \$17.00. Sheep—Receipts 5500; market steady to 10 higher; yearlings \$10 to \$12.50; wethers \$14.50 to \$16.50; lambs \$17.50 to \$19.50; ewes \$12 to \$13.

NEW YORK STOCKS

NEW YORK, May 23.—The stock market opened irregular again today. U. S. Steel was up 1/8 at 107 1/2 to 107 5/8; Maricopa common was off 3/8 at 88 1/2, and Maricopa preferred opened at 102; up 1 1/4. Bull stocks slumped during the first half hour, resulting in heavy losses. Union Pacific sold off 2 3/4 at 150 1/4. Canadian Pacific yielded a point at 144. Maricopa preferred fractionally.

HOG MARKET

CHICAGO, May 23.—The hog market closed active, 10 to 15 cents lower. Top \$17.50. Estimated tomorrow \$16.00. Cattle closed steady 10 cents lower. Top \$12.50; calves \$14. Estimated tomorrow \$10.00. Sheep closed steady. Top \$14.75; lambs \$15.00. Estimated tomorrow \$5.00.

CHICAGO GRAIN FUTURES

CHICAGO, May 23.—Demand was lacking and selling pressure quickly affected prices on futures on the board of trade here today. Provisions were somewhat depressed in sympathy and on a lower hog market. June corn was inactive, opening late at 189 3/4, down 1/2, and continuing at

that price. July corn was down 1/8, opening at 141 1/2 and sustained a further drop of 1/4 cent.

May oats opened at 75, down 1/4, and subsequently regained 1/4.—June oats remained unchanged after a dip of 3/8 at the opening, 75 3/4. July oats opened 1/8 down at 66 7/8 and remained unchanged.

PORTLAND LIVESTOCK

(By United Press) PORTLAND, Ore., May 23.—Cattle—Receipts 125; market steady, unchanged. Hogs—Receipts 330; market steady, unchanged. Sheep—Receipts 240; market steady, unchanged.

"A great net of mercy drawn through  
an ocean of unspeakable pain"

**T**HERE is only one way to give to the Red Cross--  
give till your heart says stop. A little contribution  
is only a salve to pride.

This is not to say that contributions of only one  
dollar, or even of only one nickle, are not desired--and  
*needed.*

For you to give \$5 when you can give \$25--for  
you to give \$25 when you can give \$100, or to give  
\$100 when you can give \$500--is to dodge the heaviest  
obligation that this war has laid upon you.

For remember, this is *not* a charity:--this is a  
*duty.*

This is not a time to give because others give.  
This is a time to give because *others need.*

No man can tell you how much you ought to give.  
Except this: that "Over There" the *need* is so great  
that only by cutting to the quick, only by giving all  
that you think you can give and then *more*--only  
by giving not a little of your excess but much of it--  
only by taking from your own children and from your  
wife and from yourself, can the *needs* of the men who  
are fighting for you and the *needs* of the children of  
the men who have died for you be met.

Ask your own soul how much it should be!

**Every cent of every dollar received for the Red Cross War Fund goes for War Relief.**

The American Red Cross is the largest and most  
efficient organization for the relief of suffering that the  
World has ever seen.

It is made up almost entirely of volunteer workers,  
the higher executive being without exception men ac-  
customed to large affairs, who are in almost all cases  
giving their services without pay.

It is supported entirely by its membership fees and  
by voluntary contributions.

It is today bringing relief to suffering humanity,  
both military and civil, in every War torn allied country.

It plans tomorrow to help in the work of restora-  
tion throughout the world.

It feeds and clothes entire populations in times of  
great calamity.

It is there to help your soldier boy in his time of  
need.

With its thousands of workers, its tremendous  
stores and smooth running transportation facilities,  
it is serving as America's advance guard--and thus  
helping to win the war.

Congress authorizes it.  
President Wilson heads it.

The War Department audits its accounts.  
Your Army, your Navy and your Allies enthu-  
siastically endorse it.

Twenty-two million Americans have joined it.

O. J. Culler, 4 1/2 miles E. W. of Twin Falls, phone 6704, has a five-year-old male, wt. 1250 lbs. and two-year-old colt. Price \$450.00.

NOTES

W. F. Alworth and family, with Donald McLean, attended the War Council at Boise, Monday.

Robert Lancaster, County Agent of Minidoka County, and E. Q. Avery, County Agent from Lincoln County, visited the Local Farm Bureau last Monday.

The State Poultryman will be in the County the last part of the week.

FARM MACHINERY

List Your Unused Farm Machinery. B. H. Kollmeyer suggests that farmers who have special tools that are not being used this year should list them with the Farm Bureau if they care to dispose of them. These men who raised potatoes, beans or sugar beets, that require special tools could dispose of them to their neighbors who are in need of them. This might save your neighbor paying as much as you.

We have prices on a potato crate that might interest you. See the Farm Bureau.

Wool pool has been closed-up and checks mailed out.

LABOR NOTES

The Farm Bureau was able to fill all the calls last week easily. The type of help applying now is better than earlier in the season. Many men from the eastern states, as Illinois and Ohio, are seeking positions. They are willing to accept the Farm Bureau scale, but lack irrigation experience. They will make the type you are looking for, men that will stick.

School is out and the high school boys are anxious to work. They will make good hay hands. The Bureau filled 34 calls this past week for steady help and two for short jobs.

WILL HAVE CHARGE OF CLOVER ALFalfa INVESTIGATION. Ralph E. Smith arrives.

Ralph E. Smith arrived Wednesday noon to relieve Dr. J. E. Woodcock of the State University, who has been at Twin Falls since April 15, investigating clover alfalfa. Dr. Woodcock returned Friday to Moscow to resume his duties. The importance of the work demanded that it be undertaken early this spring, and so Dr. Woodcock left the trip here to assist the work and a suitable man could be found to carry it on.

During his short stay he opened up many important lines of investigation which he returned to in his work, and he became very interested in his work, and he has many friends in the county, Mr.

Smith, who now has charge of the investigation in a general way at the State University. He has held a position in the Oregon Agricultural College and during the past winter was connected with the Zoology department of the California State University. He will have his office in the Farm Bureau, and is anxious to meet all the clover growers.

BOYS AND GIRLS' CLUBS. Since the closing of the schools for the summer vacation, the club work is receiving more attention, and added interest. Many districts are unfortunate in not having organized clubs, however, it is hoped by the Extension department that this work may be carried to all parts of the county next year, and that all boys and girls will be given an opportunity to join in this patriotic service. Mr. F. A. Smutz, recently appointed County Club Leader, is now devoting his time to the work, and is well pleased with the interest and enthusiasm shown by the boys and girls in their efforts.

Poultry Club members and all interested in the production of poultry will be glad to learn that Mr. F. A. Smutz, poultry specialist, of the U. S. Dept. of Agriculture will speak at the high school auditorium Wednesday, May 23, at 8:00 o'clock. Mr. Lane is a man of wide experience in poultry, and will devote his time to the Boys' and Girls' Clubs for several days this week.

It is hoped that reports of work in the various clubs will be received so that publication may be made in the News Bulletin. Reports of interest to all are given below.

full growth by July, and pass through into a pupa and thence into a moth.

Control. Land to be planted in cultivated crops should be plowed in mid summer or early fall. This covers-up vegetation where the moths would naturally lay eggs. Late fall plowing of grass land destroys many of the young hibernating cut worms. Seed and poultry will also eat a large number.

When the crop has been planted, and the field is infested, the use of poisoned bait is recommended. Mix 50 lbs. of wheat bran and 1 pound of cutworm Green, G finely chopped straw or lemon grass together thoroughly. Add a gallon of strong smelling low grade molasses and bring the mass to the consistency of a stiff dough with water. Sprinkle this around each hill sparingly. Alfalfa or middlings can be substituted for bran if necessary. In old clover fields planted to beans or peas it is well to have the bran spread before at night and therefore spread the bran in the evening.

The cut worm migrates from infested fields, and is safe to run a narrow band of poisoned bait around the field or along the side nearest the source of infestation.

HOW TO FIGHT GRASSHOPPERS. Charles R. Jones.

The life history of the grasshopper is very simple. The eggs are laid by the female in a shallow hole in the ground which she makes with her legs.

They are laid the last part of the summer, usually about the first of September. Hatching begins the following spring in May or June, and continues over the summer months. The number of eggs are cylindrical about 3/16 to 1/4 of an inch in length, curved slightly and of a yellowish color.

Upon hatching, the young grasshoppers resemble the full grown grasshopper. They lack wings, and have large heads, but have ravenous appetites, feeding upon green vegetation. They feed in the daytime and lie quiet at night on stems of grass and other objects.

They shed their outer coats five times before they develop wings, which requires about 60 to 90 days. They are now able to fly and the females lay their eggs in a shallow hole in the ground which she makes with her legs.

They are more destructive in the young stage than in the adult, having greater appetites. They eat all kinds of vegetation, preferring sweet young tender sprouts.

Prevention—To prevent hatching. Where they are destructive year after year practice close cultivation of all high banks, fence rows and road edges. This will expose the eggs to the weather and their natural enemies.

This can be accomplished by plowing, discing or harrowing. This should be done in late fall or early spring before they hatch. All ditches, road sides and fence rows should be all kept 8 inches deep in order to bury them too deep to over reach the surface.

In alfalfa fields and other places that cannot be plowed in affected areas cultivate 2 inches deep. In orchards spraying for codling moth will control the hoppers.

Control. The most effective way to control the grasshopper pest is by bran mash bait and spraying. The former is the best as it is effective and easier to apply. As there are various types of machines for catching them, but poisoning is more effective.

Poison Bran Mash Bait. This can be applied to grain field and orchard and alfalfa fields after removing the first cutting.

Mix 25 lbs. of coarse bran with 1 lb. of powdered white arsenic. Then two quarts of strong smelling cheap molasses or sugar syrup should be mixed with the bran and finely ground mixed of 6 oranges or lemons, add 2 gallons of water and mix all thoroughly.

The mixture should be sown thinly in field at the rate of 2 lbs. per acre. The early evening or early morning is best. Two to four applications a week a part should kill all the grasshoppers. Get your poultry to help you and go over your field systematically and thus you will not skip any spot.

SPRAYING. Mix 1 1/2 lbs. of sodium arsenate, 3 quarts of cheap molasses and 50 gallons

FOR SALE—Victrola and Best Records; nearly new. 253 Ninth Ave. N.

water. This should be sprayed over once every 24 hours. It takes 1 pound of sodium arsenate for alfalfa and 1 1/2 pounds for clover with a denser foliage.

It is best applied with an orchard power spray outfit. This should be diluted with an estimate at the rate of one quart of a half inch pipe 18 or 16 feet long, furnished with 5 mist nozzles. The nozzle should tip at an angle of 45 degrees in order to cover a wide area. If the nozzles are slightly spaced a path 20 to 25 feet wide can be covered. The apparatus corresponds to a potato sprayer.

Observe the following points: The spray must be thrown in a fine mist to reach all the foliage.

Too much spray will burn the foliage and the hoppers won't eat it. Don't stop the machine or cover corners while it will burn the foliage. The pressure should not be less than 150 and 500 is better.

The extension should clear the ground 4 feet so a mist spray will be thrown. Tank and piping should be cleaned thoroughly before using and strain the water. An obstruction may be fitted with or cause burning.

Do not spray during a rainy spell as the spray will be washed off. Spraying can be done at any stage of plant growth, but if applied on foliage 6 to 10 inches high, and when grass hoppers are 25 grown, best results will be obtained. Dead grass hoppers are eaten by their fellows and the poison does double duty.

Spray the roadsides and fence rows first. It will kill the weeds. Sprayed hay will not injure the stock.

Never forget you are using poison. Consult the county agent. He can plan a program and make a community effort instead of an individual affair.

What Grows. If grass hoppers have troubled in the neighborhood before, spread poisoned bran mash around the edge. The young hoppers can't fly but must crawl on grass and will eat the mash and be destroyed.

Next Oregon Excursion leaves Monday, May 27. Let us tell you about it. Darrow, Warehouse & Brunk, phone 3612, evening 547—Adv.

# HEAVY PENALTY NOW POSSIBLE

## ENEMY PROPAGANDISTS IN AMERICA HARD HIT BY NEW LAWS.

(By United Press)

WASHINGTON, May 23.—Enemy propagandists in the United States find themselves in a close-meshed net, due to the signing by President Wilson of the Espionage bill. This measure is the most drastic ever enacted to catch and punish the enemy agent.

It imposes a prison sentence of twenty years, a fine of \$10,000, or both on any person who:

- (1) Writes, prints or utters anything designed to obstruct a liberty loan campaign, recruiting for the army or navy, or anything vilifying the government or officials, or tending to incite resistance to them, or who by word or deed favors the cause of Germany or her allies.
- (2) Takes away mail privileges from persons convicted of violating them. If a man violates the act, no mail addressed to him, and none sent out by him will be delivered.
- (3) It is one of a list of laws President Wilson asked congress to enact to strengthen the government in dealing with international enemies. The others are bills penalizing sabotage and destruction of war materials, and that including women under the terms of the enemy alien law. All are now in effect.

The department of justice today announced that registration of women under the last named law will begin Monday, June 17, and continue until June 25.

### DRAFTING STEP TO RAISE MEN

(Continued from Page 1)

If they fall, draft them into the army. Strictly enforced, the new regulations would practically break up professional baseball, officials admitted, as sports is one of the classes from which the players now granted derogatory exemption are barred. The plan, however, is framed so that practically all of the men thus shifted or sent into the army can be replaced by women.

- Classifications Listed
- (A)—Officers of all types, employees and attendants of bookshops and race tracks, fortune tellers, clairvoyants, palmists and the like.
  - (B)—Persons engaged in the serving of food or drink in public places, including hotels and social clubs.
  - (C)—Passenger elevator operators and attendants, doorman, footmen and other attendants of clubs, hotels, stores, apartment houses, office buildings, and bath houses.
  - (D)—Persons, including ushers and other attendants, engaged and occupied in and in connection with games, sports and amusements, excepting athletic performers in legitimate sports, operas and theatrical performances.
  - (E)—Persons employed in domestic service.
  - (F)—Sales clerks and other clerks, employed in stores and other mercantile establishments.

In Far Reaching Step

As predicted some time ago by the United Press, the new bill is one of the most drastic and far-reaching steps ever undertaken by the war department. The scope of the regulations will soon be extended, General Crowder states, by adding several more non-useful occupations in the list.

"Men who are now engaged as above, or who are idlers, will not be permitted to seek relief because of the fact that they have drawn a late order number or because they have been placed in classes (A), (B), (C), or (D), on grounds of 'domestic' or 'the regulatory status.' The fact he is not usefully employed will outweigh some of the above conditions."

In addition General Crowder has provided that any local board will be empowered to force draft registrants to work whether it has original jurisdiction over the man or not. A man loafing around a Chicago pool hall, though registered in New York, can be sent to work or to the army, by the Chicago board.

To Determine Illness

In determining illnesses, regular vacations are not to be considered. Another question is the compelling of domestic circumstances that would not permit change of employment without disproportionate hardship to his dependent or dependents, or where a change would necessitate removal from the registrant or his family to another locality, the board may give consideration to the circumstances.

Where changes would cause night employment of women, boards are asked to take such circumstances into consideration in making their decisions.

Showing the necessity for the step, General Crowder said:

"One of the unanswerable criticisms of the draft has been that it takes men from the harvest and other occupations and throws them past thousands of leafless and idlers. The remedy is simple—to employ the industrial hands with other grounds for exemption and to require

that any men pleading exemption on any ground shall also show that he is contributing effectively to the industrial welfare of the nation.

Employment for All

"We shall give the idlers and men not effectively employed the choice between military service and effective employment. Every man, in the draft age at least, must work or fight.

"We must prohibit employment by able-bodied men in the field of harmful or inefficient employment and thus induct the vast wasted excess into useful fields. We must not think of Germany as merely possessing an army but of being an army—an army in which every factory and loom in the empire is a recognized part in a complete machine, running night and day at terrific speed. We must make of ourselves the same sort of effective machine."

### RED CROSS HOSPITAL

(Continued from Page 1)

endless chain of German bombers swirled across the hospital area, dropping high explosives at the hapless victims below, women went smiling from one critical case to another, laying gentle hands on foreheads.

"My God! It was great!" one youngster said.

In a plane which was brought down was the squadron commander. He was wounded in the arm and his observer was wounded in the leg. A third occupant of the machine was unharmed.

Commander O'Brien said:

The Prussian commander spoke English perfectly. He is now in one of the hospitals which he bombed, being cared for by the women whose sisters he killed. He claims he did not see the Red Cross' displaying a hospital. He said he was following a railway train.

"These hospitals never were bombed before. There were white Americans in the group but none of them was touched."

## PLANE AND MAIL LEAVE CHICAGO

### MISS KATHERINE STINSON STARTS ON DARING CROSS COUNTRY TRIP

(By United Press)

CHICAGO, May 23.—Miss Katherine Stinson left Chicago today on a proposed non-stop flight to New York City. She carried sixty-seven pieces of mail including a letter from Postmaster W. D. Cahill of Chicago to the postmaster of New York City.

Unopposed, Miss Stinson left Grant park at 7:34 a. m. in her new biplane. She decided to attempt the trip today, after repeated postponements on account of bad weather conditions promised to be ideal. The comparatively few pedestrians in the loop district who saw the airplane speeding overhead mistook it for a Red Cross campaign flyer or an aviator from Camp Grant at Rockford.

Few Witnesses Start

The only official witnesses to her start were Captain Richard Pillion and L. A. Donaghy of army headquarters. She carried rationals consisting of three handfuls of malted milk tablets.

Miss Stinson expected to land at Buffalo field, near Garden City, L. I., by eight o'clock tonight, having only about enough gasoline in the tank to last 11 hours.

When the flight was suddenly decided upon, a special messenger brought the mail from the postoffice with the 34 cent stamps on each cancelled. The light sack was quickly tied in place and Miss Stinson, with a joking remark about her short rationals, took wing. She was sworn in as a special mail clerk two weeks ago.

NEBRO LYONHED

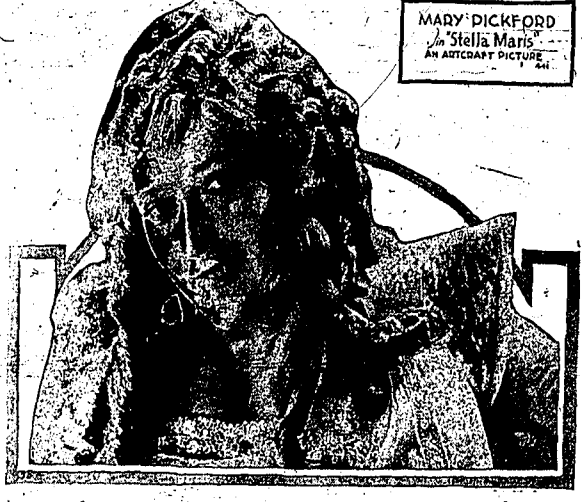

CORDELE, Ga., May 23.—Jim Cobb, alleged negro slayer of Mrs. A. L. Simmons, taken by a mob from the Griggs county jail at midnight, was lynched near here today. His body was afterwards riddled with bullets.

### M. TCHERNOFF

M. Tchernoff, leader of the social democrats in the Russian constituent assembly. He is head of the forces opposed to the rule of Lenin and Trotsky.

# "IT'S A WHALE OF A PICTURE," SAYS WID'S---"HATS OFF TO YOU, MARY, AFTER HAVING SEEN 'STELLA MARIS'---"THE PICTURE OF THE DECADE"---TONIGHT

"A DUAL ROLE THAT WILL CAUSE PEOPLE TO MARVEL"---"PROVES HERSELF A WONDERFUL ACTRESS IN THESE TWO PARTS"---"COMBINATION OF A REAL STAR AND A CLEVER DIRECTOR"---NO, THIS ISN'T "PRESS DOPE," BUT THE OPINION OF THE BEST KNOWN PICTURE CRITIC IN THE COUNTRY. MARY PICKFORD  
in "Stella Maris"  
AN ANTIQUARY PICTURE

THIS IS ONE OF THE BEST pictures Mary Pickford has done in her entire career on the screen.

"The most wonderful thing about the feature," says one reviewer, "is that it gives the biggest drawing card in pictures an opportunity to refute those statements that 'Mary Pickford is just Mary Pickford in everything she does,' for in this case she proves herself to be a remarkable character actress, as well as the sweet little ingenue as everybody regards her.

"From this time forth there can be no further question or any room for discussion as to whether or not Mary Pickford is any actress. She proves it here beyond the shadow of a doubt in the playing of the two roles in this production.

"As Stella Maris she is the delightfully charming Pickford as of yore, but in the role of Unity Blake, the little deformed orphan, she will be a revelation, presenting a characterization as wonderful as that of Richard Mansfield in 'The Russian Romance' from a character standpoint."

With two acts of VAUDEVILLE

### VIOLA DANA MAKES HER GREATEST HIT

Viola Dana comes into her own as the greatest of modern screen artists in the part of "June" in "Blue Jeans." While Miss Dana is known and her work is appreciated by hundreds of thousands of motion picture theater patrons none of the vehicles in which she has appeared in heretofore have given her the opportunity to show her real class as does "Blue Jeans."

"Blue Jeans," the seven-reel Metro production, in a regular country life story replete with all the characters familiar to the farm and to the small suburban village---it carries with it the atmosphere of David Harum with the quiet humor speed immortalized in the titles. The picture brings out the sense of the entire keyboard of human nature from the ridiculous to the sublime. "Blue Jeans" will be the opening feature at the America theatre Friday and Saturday nights.

### MAE MARSH IN IRVIN COBB'S LATEST STORY

Known throughout the world as the "wim girl of the screen," Mae Marsh proves in "The Face in the Dark" that she is capable of handling scenes in which tense, breathless interest and moving dramatic action makes spectators grip their seats and stare at the wonderful development of the star of "The Circus," "The Cinderella Man" and "The Beloved Traitor." Mae Marsh has been before the photoplay public for seven years. She needs no introduction. She speaks in all classes that go to the theatre. Known throughout the world as the bright particular star of those tremendous cinema spectacles, "The Birth of a Nation" and "Intolerance," Mae Marsh has a following not possible in any forced favorite. She stands on her own merits, and is a winner.

Irvin S. Cobb has no rivals. He is the most popular writer in America. His name will attract wherever it is shown. He is a regular contributor to the Saturday Evening Post, the magazine whose weekly circulation is larger than the yearly circulation of many others. Mr. Cobb is the author of more stories and novels than can be listed here, and enjoys the favor of every class of readers.

"The Face in the Dark" shows off the Orpheum today, which means that it's a play you sure will enjoy.

FOR EXCHANGE---job printing for money. Our work is like your money---the best. Twin Falls News.

## IRISH ARMY IS POSSIBLE WAY OUT OF TROUBLE

REORUITING ON A LARGE SCALE IS PLANNED AND HOPE MOVE WILL RESTORE HARMONY.

(By United Press)

DUBLIN, May 23.—The conscription question in Ireland may be settled by the formation of an Irish army.

The new conscription operations planned for Ireland will be on the "follow the drum" system, it was learned today. Recruiting stations will be established throughout the country, while regiments, headed by bands, will be paraded. Volunteers will be brigaded with the present Irish brigades, thus forming an Irish army. This reverses the previous attitude of the war office.

An anti-conscription conference it was decided to provide for the dependents of Sinn Feiners under arrest of the anti-conscription fund.

The delay of the lord mayor in going to America, it was explained today, is due to his refusal to submit documents which he intended to present to President Wilson.

The wife of Darrell Figgis has received a letter from him stating that he, Edward de Valera and the other Sinn Feiners under arrest have arrived in England and expect to be interned.

### AIR ATTACK ON PARIS

(By United Press)

PARIS, May 23.—An air attack on Paris last night, consisting of two distinct raids, was officially announced today.

The first enemy squadron failed to reach the city, being turned back by an aerial barrage. There was no victim from this attack.

The second raid was made in several relays of machines. Although met with another violent aerial barrage, this attack resulted in a number of bombs-put back in the Paris area.

## BOMBS BY TON FOR ENEMY IN BELGIUM

(By United Press)

LONDON, May 23.—British air forces in raids Tuesday and Tuesday night, dropped several tons of bombs on enemy strongholds in Belgium and Germany, it was officially announced today.

Some of the airplanes stationed at far as Meix, it was stated, bombing the railway station in that place. The railway yards at Liege were attacked, and two tons of bombs were dropped upon a chemical plant at Marchiennes. Three fires were started in the latter city.

During the same period, 10 enemy airplanes were brought down, while two others were forced down out of control and two balloons were destroyed. Anti-aircraft guns disposed of two other enemy planes.

## HALF WAY MARK IS PASSED IN THREE DAYS

WASHINGTON, May 23.—Sweeping onward on the crest of an unending national enthusiasm, the Red Cross war fund had passed the halfway mark early today.

With reports only for the first three days counted, the fund stood at \$25,000,000.

It is predicted the last three days will bring a tremendous oversubscription to the fund.

## SHIELDS FLEET DAY AND NIGHT

By FRED B. FERGUSON

(United Press Staff, Correspondent)

WITH THE AMERICANS IN FIGHT, MAY 22.—The Germans are taking the greatest precautions to avoid being prisoners. They have ceased sending out patrols and withdraw from their front lines at night, apparently in an effort to prevent Americans from capturing men who might give information regarding plans for resumption of the offensive.

Back areas on both sides are almost continuously bombardarded and shelled. Brilliant nightlights necessitate keeping to cover almost as close as in the day.

American artillery daily outposts the beaches. A checking up today showed that the German guns have destroyed eight German batteries since our capture of this sector. Ten were put back resulted in a number of bombs-out of action and only two of these have returned firing.

# HEAVY PENALTY NOW POSSIBLE

## ENEMY PROPAGANDISTS IN AMERICA HARD HIT BY NEW LAWS.

(By United Press)

WASHINGTON, May 23.—Heavy penalties in the United States are being levied in a close-meshed net, due to the signing by President Wilson of the Espionage bill. This measure is the most drastic ever enacted to catch and punish the enemy agent.

It imposes a maximum sentence of twenty years, a fine of \$10,000, or both on any person who writes, prints or utters anything tending to obstruct a liberty loan campaign, recruiting for the army or navy, or anything vilifying the government or officials, or tending to incite resistance to them, or who by word or deed favors the cause of Germany or her allies.

It takes away all privileges from persons convicted of violating them. If a man violates the act, he is not allowed to work, and is sent out by him will be delivered.

It is one of a trio of laws President Wilson asked congress to enact to strengthen the government in dealing with international spies. The others are bills penalizing sabotage and destruction of war materials, and including women under the terms of the enemy alien law. All are now in effect.

The department of justice today announced that registration of women under the last named law will begin Monday, June 17, and continue until June 25.

### DRAFTING STEP TO RAISE MEN

(Continued from Page 1) If they fall draft them into the army. Strictly enforced, the new regulations would practically break up professional baseball, officials admitted, as sports is one of the classes from which the players now granted dispensation exemptions are barred. The players, however, are framed so that practically all of the men thus shifted or sent into the army can be replaced by women.

Classification Listed Besides the others, the following classes of livelihood were named by General Crowder as being closed to draft registrants after July 1:

- (A)—Gamblers of all types, employees and attendants of bookshops and race tracks, fortune tellers, clairvoyants, palmists and the like;
- (B)—Persons engaged in the serving of food or drink in public places, including hotels and social clubs;
- (C)—Famagist, doctor, optician and attendant, stevedore, footmen and other attendants of clubs, hotels, stores, apartment houses, office-buildings and bath houses;
- (D)—Persons, including valets and other attendants, who are employed in and in connection with games, sports and amusements, excepting actual performers in legitimate concerts, operas and theatrical performances;
- (E)—Persons employed in domestic service;
- (F)—Sales clerks and other clerks, employed in stores and other mercantile establishments.

In Par Reaching Step As predicted some time ago by the United Press, the plan is one of the most drastic and far-reaching steps ever undertaken by the war department. The scope of the regulations will soon be extended, General Crowder stated, by adding several more non-useful occupations to the list.

"Men who are now engaged as porters or as messengers are not permitted to seek relief because of the fact that they have drawn a later order number or because they have been placed in classes 2, 3 or 4, on the grounds of dependency," the regulation states. "The fact he is not usually employed will outweigh some of the above conditions."

In addition General Crowder has provided that any local board will be empowered to force draft registrants to work whether it has original jurisdiction over the man or not. A man leaving around a Chicago post hall, though registered in New York, can be sent to work or to the army by the Chicago board.

To Determine Willness In determining willness, regular vacations are not to be considered. An officer who is on the receiving end of domestic circumstances that would not permit change of employment without disproportionate hardship to his dependents or dependents, or where a change would necessitate removal of the registrant or his family to another locality, the board may give consideration to the circumstances.

Where changes would cause night employment of women, boards are asked to take such circumstances into consideration in making their decisions. Showing the necessity for the step, General Crowder said: "One of the unanswerable criticisms of the draft has been that it takes men from the farms and useful occupations and marches them past crowds of loafers and idlers. The remedy is simple—to compel the industrial base with other grounds for exemption and to require

that any man pleading exemption on any ground shall also show that he is contributing effectively to the industrial welfare of the nation.

Employment for All "We shall give the idlers and men not effectively employed the choice between military service and effective employment. Every man of the draft age at least, must work or fight. "We must prohibit engagement by able-bodied men in the field of hurtful or ineffectual employment and thus induce the wastefulness of idleness in the field. We must not think of Germany as merely possessing an army but of being an army—an army in which every factory and loom in the empire is a recognized part in a complete machine, running night and day at terrific speed. We must make of ourselves the same sort of effective machine."

### RED CROSS HOSPITAL

(Continued from Page 1)

endless chain of German bombers swirled across the hospital area, dropping high explosives on the helpless victims below, women went smiling from one critical case to another, laying gentle hands on favored heads.

"By God! It was great!" one youngster said. It is a plan which was brought down was the squadron commander. He was wounded in the arm and his observer was wounded in the leg. A third member of the machine was unharmed.

Commander Offers Excuse The Prussian commander speaks English perfectly. He is now in one of the hospitals which he bombed, being cared for by the women whose sisters he killed. He claims he did not see the Red Cross, denoting a hospital. He said he was following a railway train. These hospitals never were bombed before. There were some Americans in the group but none of them was touched.

### PLANE AND MAIL LEAVE CHICAGO

### MISS KATHERINE STINSON STARTS ON DARING CROSS COUNTRY TRIP

(By United Press)

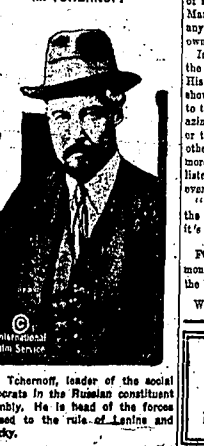

CHICAGO, May 23.—Miss Katherine Stinson left Chicago today on a proposed non-stop flight to New York City. She carried sixty-seven pieces of mail, including a letter from Postmaster W. B. Carlisle of Chicago to the postmaster of New York City. Departed, Miss Stinson left Grant park at 7:34 a. m. in her new biplane. She decided to attempt the trip today, after repeated postponements on account of bad weather conditions promised to be here. This comparatively few passengers in the long district who saw the airplane speeding overhead mistook it for a Red Cross campaign flyer or an aviator from Camp Grant at Rockford.

Few Witnessed Start The only official witnesses to her start were Captains Richard Pollen and L. A. Dougherty of army headquarters here. She carried rationals consisting of three handfuls of malted milk tablets.

Miss Stinson expected to land at Mitchell field, near Garden City, L. I., by night's "black night," having only about enough gasoline in the tank to last 11 hours. When the flight was suddenly decided upon, a special messenger brought the mail from the postoffice with the undertaking by the war department. The light sack was quickly tied in place and Miss Stinson, with a joking remark about her short rations, took wing. She was sworn in as a special mail clerk two weeks ago.

NEGRO LYONARD CORDELE, Ga., May 23.—Jim Cobb, alleged negro slayer of Mrs. A. L. Simmons, taken by a mob from the Crippen county jail at midnight, was lynched near here today. His body was afterwards hidden with bullets.

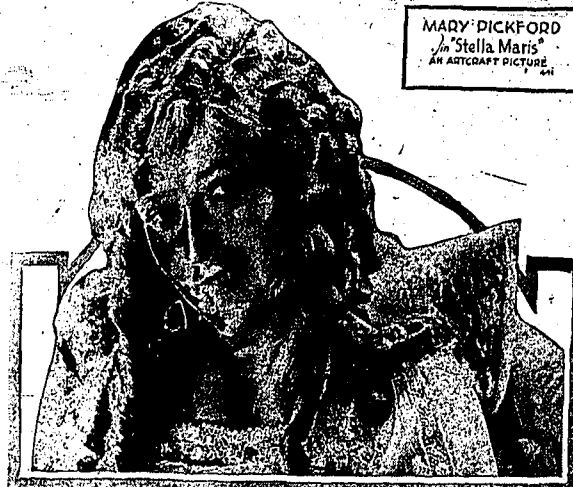

### M. TCHERNOFF

M. Tchernoff, leader of the social democrats in the Russian constituent assembly. He is head of the forces opposed to the rule of Lenin and Trotsky.

# "IT'S A WHALE OF A PICTURE," SAYS WID'S--- "HATS OFF TO YOU, MARY, AFTER HAVING SEEN "STELLA MARIS"---"THE PICTURE OF THE DECADE"--- TONIGHT

MARY PICKFORD in "Stella Maris" AN AUTOCRAFT PICTURE

THIS IS ONE OF THE BEST pictures Mary Pickford has done in her entire career on the screen.

"The most wonderful thing about the feature," says one reviewer, "is that it gives the biggest drawing card in pictures an opportunity to refute those statements that 'Mary Pickford is just Mary Pickford in everything she does,' for in this case she proves herself to be a remarkable character actress, as well as the sweet little ingenue as everybody regards her.

"From this time forth there can be no further question or any room for discussion as to whether or not Mary Pickford is any actress. She proves it here beyond the shadow of a doubt in the playing of the two roles in this production."

"As Stella Madda she is the delightfully charming Pickford as of yore, but in the role of Unity Blake, the little deformed orphan, she will be a revelation, presenting a characterization as wonderful as that of Richard Mansfield in 'The Parisian Romance' from a character standpoint."

With two VAUDEVILLE acts of

### VIOLA DANA MAKES HER GREATEST HIT

Viola Dana comes into her own as the greatest of modern screen artists in the part of "June" in "Blue Jeans." While Miss Dana is known and her work is appreciated by hundreds of thousands of motion picture theatre patrons some of the vehicles in which she has appeared in heretofore have given her the opportunity to show her real class as does "Blue Jeans."

"Blue Jeans," the seven-reel Metro production, is a regular country life story replete with all the characters familiar to the farm and to the small suburban village. It carries with it the atmosphere of David Harum with the quiet Mosier speech immortalized in the title. The picture brings out the tones of the entire keyboard of human nature from the ridiculous to the sublime. "Blue Jeans" will be the opening feature at the America theatre Friday and Saturday nights.

### MAE MARSH IN IRVIN COBB'S LATEST STORY

Known throughout the world as the "whim girl on the screen," Mae Marsh in "The Face in the Dark" that she is capable of handling scenes in which tense, breathless interest and rousing dramatic action makes spectators grip their seats and marvel at the wonderful development of the story of "Polly of the Circus," "The Cling Jerehla Man" and "The Beloved Traitor." Mae Marsh has been before the photoplay public for seven years. She needs no introduction. She appeals to all classes that go to the theatre. Known throughout the world as the bright particular star of those tremendous cinema spectacles, "The Birth of a Nation" and "Intolerance," Mae Marsh has a following not possible to any forced favorite. She stands on her own merits and is a winner.

Irvin S. Cobb has no rival. He is the most popular writer in America. His name will attract wherever it is shown, for he is a regular contributor to the Saturday Evening Post, the magazine whose weekly circulation is larger than the yearly circulation of many others. Mr. Cobb is the author of more stories and novels than can be listed here, and enjoys the favor of every class of readers.

"The Face in the Dark" show at the Orpheum today, which means that it's a play you sure will enjoy.

FOR SALE—Horse, buggy and harness, city broke, safe for lady, 123 8th Ave. E.

FURNITURE FOR SALE—Must be sold this week; call at 202 6th avenue east, 2 blocks east of high school; the 6 room bungalow also for sale at a bargain.

### IRISH ARMY IS POSSIBLE WAY OUT OF TROUBLE

### RECRUITING ON A LARGE SCALE IS PLANNED AND HOPE MOVE WILL RESTORE HARMONY

(By United Press)

DUBLIN, May 23.—The conscription question in Ireland may be settled by the formation of an Irish army.

The new recruiting operations planned for Ireland will be on the "follow the drum" system, it was learned today. Recruiting stations will be established throughout the country, while regiments, headed by bands, will be paraded. Volunteers will be brigaded with the present Irish brigades, thus forming an Irish army. This reverses the previous attitude of the war office.

At an anti-conscription conference it was decided to provide for the dependents of Sinn Feiners under arrest out of the anti-conscription fund. The delay of the lord mayor in going to America, it was explained today, is due to his refusal to submit documents which he intended to present to President Wilson.

The wife of Darroll Figgis has received a letter from him stating that he, Edward de Valera and the other Sinn Feiners under arrest have arrived in England and expect to be interned.

### AIR ATTACK ON PARIS

(By United Press)

PARIS, May 23.—An air attack on Paris last night, consisting of two distinct raids, was officially announced today.

The first enemy squadron failed to reach the city, being turned back by an aerial barrage. There was no victim from this attack.

The second raid was made in several relays of machines. Although met with another violent aerial barrage, this attack resulted in a number of bombs out of action as well as only two of them being dropped in the Paris area.

### BOMBS BY TON FOR ENEMY IN BELGIUM

(By United Press)

LONDON, May 23.—British air forces in raids Tuesday and Wednesday night, dropped several tons of bombs on enemy strongholds in Belgium and Germany. It was officially announced today.

Some of the airplanes penetrated as far as Metz. It was stated bombs in the railway station in that place. The railway yards at Liege were attacked, and two tons of bombs were dropped upon a chemical plant at Mannheim. Three fires were started in the latter city during the same period, 10 enemy airplanes were brought down, while two others were forced down out of control and two balloons were destroyed. Anti-aircraft guns disposed of two other enemy planes.

### HALF WAY MARK IS PASSED IN THREE DAYS

WASHINGTON, May 23.—Sweeping onward on the crest of an unexampled national enthusiasm, the Red Cross war fund had passed the halfway mark early today.

With reports only for the first three days counted, the fund stood at \$52,100,393.

It is predicted the last three days will bring a tremendous overabundance to the fund.

### REHELS FALL DAY AND NIGHT

BY FRED S. FERGUSON

(United Press Staff Correspondent) WITH THE AMERICANS IN PIDE ARDY, May 23.—The Germans are taking the greatest precautions to avoid losing prisoners. They have ceased sending out patrols and withdrawal from their front lines at night, apparently in an effort to prevent Americans from capturing men who might give information regarding plans for resumption of the offensive.

Back areas on both sides are almost continuously bombarded and shelled. Brilliant moonlight necessitates keeping cover almost as close as in daytime.

American artillery daily outposts the bushes. A checking up today showed that the American guns have destroyed eight German batteries since October entered this sector. Ten were not being dropped in the Paris area.
