FRIDAY, JUNE 7, 1918.

TO RE-EXAMINE ALL DEFERRED CLASS MEN AT ONCE

SCARCITY OF FIGHTING MEN MADE AVAILABLE BY LOCAL BOARDS REASON FOR DRASTIC ORDER BY PROVOST MARCHAL GENERAL

(By United Press) WASHINGTON, June 7.—Provost Marshal General Crowder today sent orders to every local and district draft board to overhauled and re-examine men exempted or placed on deferred class particularly at those who have tried to enter the city to evade the draft, "sticker" ship yard workers and men in other classes who have been granted special privileges because they claimed they were engaged in necessary war work.

Some Weak States
Fearing as the states in which some counties fall below even a ten per cent classification in class one; California, New Mexico, Iowa, Ohio, Kentucky, North Carolina, Missouri, New York, Massachusetts.

Local boards, government appeal agents and members of the legal advisory boards," reads the order, "should direct special attention to the following classes of cases:

Class 2, A and B; class 3, A, B and C; class 4, A. Thousands of registrants are now in class 4 who should be in class 2 or class 1. Government appeal agents must present all facts to the local board for the purpose of obtaining quick action but should be instructed to appeal every case where the classification is not convincingly correct. Their activities should not be confined to the classes enumerated above but the same corrective measures should be applied to all other cases of deferred classification which the local boards are requested to re-examine so that justice may be done. Local boards are instructed to especially re-examine all doubtful cases under the new examination standards.

When class one in any particular locality is very high, agents are requested to re-examine so that justice may be done. Local boards are instructed to especially re-examine all doubtful cases under the new examination standards.

The heavy drain of class one men is indicated in Crowder's statement that "classifications should be scientifically adjusted now so as to avoid the necessity of proceeding to the deferred class."

This would tend to confirm the growing indication that all class one men

(Continued on Page 8)

ORDER STRIKE BY WAY OF PROTEST

HIGH SCHOOL STUDENT BODY TAKES DRASTIC METHOD OF ENFORCING VIEWS

(By United Press) SAN DIEGO, Cal., June 7.—The 1800 students of the San Diego high school and the Junior college who struck yesterday in protest of the discharge of Principal Arthur Gould and student and other teachers, were still out today. Members of the cadet corps are picketing the buildings to deny admission to any student who might repeat and try to go back.

The students' leaders assert they will remain out until the school board offers reinstatement of the instructors. A petition was presented to the board yesterday and immediate action on it demanded.

The parade of the "airlifters" attracted thousands in the downtown streets yesterday and they were cheered from the curbs. The board is accused of political activity and organization against the trustees.

MAY RECORDS SET NEW MARK

(By United Press) WASHINGTON, June 7.—Exceeding the ship production of April by 112,000 tons, the emergency fleet corporation turned out 345,150 deadweight tons in May, the United States shipping board announced today. There were launched during the month thirty-nine steel ships of a deadweight tonnage of 22,750, and thirty-two wooden ships totaling 115,700 tons.

ASKS EIGHT BILLION IN TAX BILL

(By United Press) WASHINGTON, June 7.—McAdoo today shocked congress with a request for eight billion in tax bill. McAdoo's action suggests that there will be two more Liberty bond campaigns before June 30, 1918—the first in October, which is expected to raise \$5,000,000,000, and the second some six months later, when another big loan will be floated, the size to depend on how great are the returns from war, savings and other loans.

To raise \$3,000,000,000 in taxes, McAdoo suggested a heavy draft on war profits, the Northwestern railroad telegraph wires, declares that the town of Chelsea is almost entirely under water.

All business houses and residences have been flooded and people have been forced to move to higher floors, where they are subsisting on scanty rations.

The town river is out of the banks. Hundreds of head of stock have been drowned, and much crop damage has resulted.

Word received here today from Tama said the dam went out there last night but that the damage was not heavy. The water was reported receding at Tama today.

IOWA TOWN IS CAUGHT BY FLOOD

(By United Press) CEDAR RAPIDS, Iowa, June 7.—Informant via Northwestern railroad telegraph wires, declares that the town of Chelsea is almost entirely under water.

All business houses and residences have been flooded and people have been forced to move to higher floors, where they are subsisting on scanty rations.

The town river is out of the banks. Hundreds of head of stock have been drowned, and much crop damage has resulted.

Word received here today from Tama said the dam went out there last night but that the damage was not heavy. The water was reported receding at Tama today.

PREDICTS ACTION ON LEFT WING

(By United Press) PARIS, June 7.—"It is clearly evident that action will develop further to the left of the present battle front, especially on the Meusefront and Noyon front," Marshal Huot, French military expert, declared.

"The right wing of the crown prince's army doubtless is preparing for violent pressure north of Compiègne (in the vicinity of Laassigny)."

GERMAN AIRPLANES HOVER OVER PARIS

(By United Press) PARIS, June 7.—Twenty German airplanes attempted to reach Paris last night, it was officially announced today.

The alarm was given at 11:23 last night. A powerful aerial barrage was immediately put up. "All clear" was signalled at 1:20 this morning.

MAY RIX WAGES FOR ALL WAR WORKERS

(By United Press) WASHINGTON, June 6.—A plan for a government guaranteed wage for all war workers, including those in private manufacturing plants is being studied by the labor policies board.

Under this plan the government would fix the wage to be paid for every trade.

This, it is argued, would stabilize the employment problem now worrying the war manufacturers and prevent cost threat bidding for men.

PORT ORDERED REOPENED

(By United Press) PHILADELPHIA, Pa., June 7.—The port of Philadelphia was reopened today following the clearing of the mine field in Delaware bay.

AUSTRIA TO SHARE FATE OF RUSSIA

INNUMERABLE ATTEMPTS AGAINST THE MILITARY WORKS SIGNIFICANT OF THE GROWING STATE OF REVOLUTION, SAY OF SERVERS

(By United Press) BERN, June 7.—Austria is about to undergo an experience similar to that of Russia, when the czar was deposed, according to statements of travelers returning from Vienna. They declared it is significant that innumerable attempts have been made against military works and establishments. In the Adriatic region, Slavs have destroyed mines in the ports and canals of Dalmatia and on the Croatian coast. In Bosnia, Hungarian patrols have been massacred and railways seriously damaged.

The food situation is very serious and the government has posted decrees declaring that the export, desertion or falsification in military transactions are punishable by hanging or shooting.

Town Heads Locked Up
The burgomasters of Munich, Crefeld and Dessau have been imprisoned for profiteering. At Munich the "burgomasters" narrowly escaped lynching. A mob which charged he had filled his residence with government food, stormed the house but he had fled. They seized the food and sold it at huge war profits.

The food situation in some parts of Germany also is growing worse, it is reported. At Cologne a mob attacked an unguarded food train, completely emptying it.

HUN COUNTER ATTACKS FAIL TO LOOSEN GRIP OF AMERICAN TROOPS

GROUND CAPTURED YESTERDAY IN NEIGHBORHOOD OF CHATEAU-THIERRY STILL IN YANKEE HANDS, NOTWITHSTANDING TERRIFIC EFFORTS TOWARD RECAPTURE—FRENCH INFANTRY, AMERICAN MARINES AND MACHINE GUNNERS CONSOLIDATING POSITIONS ALONG ENTIRE FRONT

SAYS OFFICIAL IS HUN AGENT

(By United Press) WASHINGTON, June 7.—Charges that Charles Engelhard, plaintiff adviser to the war industries board, is American representative of a German firm that aims to control the world's platinum were made in the House today by Representative Henry T. Rainey of Illinois.

Engelhard controls eighty per cent of this country's platinum through control of three firms besides his own, Rainey said.

The Jewellers Vigilance committee Rainey attacked as "unpatriotic profiteers," charging the organization had defeated a proposal to tax heavily platinum jewelry and fossilized effective platinum commencing orders. His proposed platinum be taken from the hands of the war industries board "unless sufficient commanding orders are made on one."

Mother was cannot be fought without platinum, Rainey explained, because the metal is absolutely necessary in making guns, explosives, airplanes and nitrogen. He said there was danger of a shortage here.

"The German firm of W. G. Herken has its headquarters in Hana, Germany," Rainey said. "It has a branch in the United States controlled by Chas. Engelhard, who has his office at 333 Church street, New York City, and representatives that doing business at Charles Engelhard, by it is a branch of this German firm. This German firm is the largest dealer in platinum in the world."

NEVADA FLOUR MILL CLOSED
WASHINGTON, June 7.—Because they sold wheat flour branded as barley flour, sold wheat substitutes and profiteered, the Elko Milling company, Elko, Nevada, today was ordered closed as on June 15, for a period of three months. At the end of that time they may apply for a new license, after assurances to obey the food administration's regulations, but the present manager will not be allowed to run any of the company's plants.

NEW YORK THEATRE PREPARES

(By United Press) NEW YORK, June 7.—Collars de luxe for use in times of German air raids are being prepared today by the suburbs here. In the basement of one of their playhouses are constructing a stage; so the bombs start falling while the show is on, actors and audience can slip down downstairs.

UNITED PRESS WAR SUMMARY

(United Press War Summary) Further hundred and fifty miles of the war, seventy-sixth day of the big offensive.

MARNE FRONT
Fighting continuing northwest of Chateau-Thierry, where American and French troops pushed the Germans back here since the beginning of a five-day offensive Wednesday night and Thursday morning.

French gained slightly on the extreme northern portion of the Marne front. British recaptured a town between the Hamme and Rhime on the eastern flank.

PIEDMONT FRONT
French took prisoners in raid near Montdidier and Noyon.

Flanders Front
British inflicted heavy casualties in a raid north of Bethune.

Loos Front
American and German artillery engaged in a lively artillery duel during the night.

AUSTRIA-HUNGARY
Travelers reaching Switzerland from Vienna say Austria-Hungary is on the verge of a revolution similar to that which overthrew the czar in Russia.

CROP OUTLOOK ASSURES OF PLENTIFUL SUPPLIES

GRANARY OF AMERICA, NOW DEPLETED, WILL BE FILLED TO OVERFLOWING WITH COMING HARVEST—WHEAT IS 30 PER CENT GREATER

(By United Press) WASHINGTON, June 7.—The American granary, heavily drained for allied food needs, will be amply refilled. Estimates show the agriculture department today showed prospects for total wheat production of 531,000,000 bushels—substantially greater than the average production since 1911 and nearly 30 per cent larger than last year's crop.

Reports on other grain crops, now sown as wheat substitutes, also showed satisfactory gains, with the exception of oats, which, apparently, will fall slightly below the 1917 yield.

Oats Acre About
The condition of the oats crop was reported at 92.20 per cent against 88.9 June 1, 1917, and 85.4 the ten year average, which forecast a production of 1,500,000,000 bushels, against 1,257,000,000 in 1917, and 1,190,000,000 the average between 1912 and 1916 inclusive, and a yield per acre of 33.7 bushels against 35.5 in 1917. Total acreage was estimated at 44,675,000 acres, or 10.1 per cent of the 1917 crop.

Condition of the barley crop was reported at 90.5 per cent against 89.3 June 1, 1917, and 90.4 per cent the ten year average, which forecast a production of 235,000,000 bushels, against 200,000,000 in 1917, and 220,000,000 bushels the average between 1912 and 1916, inclusive, and a yield per acre of 25.8 bushels, against 23.7 in 1917. Total acreage was estimated at 9,100,000 acres, or 16.3 per cent of the 1917 crop.

Estimates of June First
The condition and estimated production on June 1 of other crops was given as follows:

Rye 83.6 against 84.3 last year and 81,000,000 bushels against 69,100,000 bushels against 60,100,000 last year.

All hay 89 against 83.1 last year, and 107,000,000 tons against 94,900,000 tons last year.

Pasture, 92.5 against 83.9 last year (no production) and 203,000,000 bushels against 276,000,000 bushels last year.

Powder 89 against 60.5 last year and 42,900,000 bushels against 45,100,000 last year.

HOSPITAL SHIP SUNK BY MINE

GERMANS BEIZE TWO HOLLAND TRAWLERS AS WELL—FOUR LOSE LIFE

(By United Press) AMSTERDAM, June 7.—The Dutch hospital ship Konings Regentes was sunk by a mine in the North sea while bound from an English to a Dutch port. Four fishermen were killed.

It was at first believed that the British delegation to the Anglo-German conference for the exchange of war prisoners (no production) and 203,000,000 bushels against 276,000,000 bushels last year.

Powder 89 against 60.5 last year and 42,900,000 bushels against 45,100,000 last year.

It was learned today that the German U-boat which sank the Dutch trawler Zeester and Boefina, and have taken them into Breda.

MILITARY ACT IS BRINGING OUT MEN

(By United Press) OTTAWA, Ont., June 7.—Eighty-eight men have been called to duty under the military act and 73,000 have complied, according to figures available today. There has been a great increase in the number of recruits in Quebec. It is now believed that the military act will be raised under the act will be the color before parliament convenes.

BASEBALL HEAD NAMED BY YALE

(By United Press) NEW HAVEN, Conn., June 7.—H. Boyd of New Haven has been elected captain of the Yale baseball team for next season, and Sullivan Hyde, Englewood, N. Y., re-elected manager.

Yale expects a full football season this fall. It is now believed that the military act will be raised under the act will be the color before parliament convenes.

NON-PARTISANS DISCLOSE THEIR CAMPAIGN PLANS

WILL "INDORSE" CANDIDATES AND SUPPORT THEM ON OLD PARTY TICKETS IF POSSIBLE

(By United Press)
Candidates for office will not be nominated by the Nonpartisan league in Idaho this year. They will be endorsed. Note the distinction between nomination and endorsement. This point is nicely explained by W. G. Scholz, of the league, in speaking as a representative of the Idaho Statesman of the caucus held in some of the counties last Saturday.

"Delegates to the county conventions were chosen in these precinct caucuses," he said. "In the good old days the county conventions have not been called yet. They will not all be held on the same day, and the time for holding them will be set to accommodate the farmers of the respective counties. By that I mean they will not be called in the midst of haying or harvest."

Will Endorse Only
"What will be done at the county conventions?" Mr. Scholz was asked. "The Nonpartisan county conventions will endorse candidates for the legislature," was the reply. "They will not nominate candidates, they will endorse them. If the candidates so endorsed are nominated on either the Republican or Democratic ticket they will receive the support of the members of the Nonpartisan league. If they are not nominated by either of the parties, the name will go on the official ballot through action of the league."

Have Definite Object
"Asked as to the state platform convention, Mr. Scholz said the league was paying no attention to it. The organization will not undertake to send delegates to the platform convention. It was made clear that the league was concentrating its efforts on control of the legislature in order to secure the enactment of certain laws in which the league members are particularly interested."

"Mr. Scholz said he could not say whether Nonpartisan league tickets would be named in the counties. The state leaders, he said, were discouraging this, but he thought it likely that there might be Nonpartisan tickets in some of the counties. Some county officers have made themselves especially obnoxious to the league they will be opposed if they are up for reelection."

CAPTAIN AND CREW ARE SAFELY LANDED

(By United Press)
NORFOLK, Va., June 7.—Captain R. E. Goldman, of the three-masted schooner "Edward R. Baird," sunk by a German submarine in Cape Charles Tuesday, and the six members of the crew were landed here on an American destroyer which picked them up an hour after they had taken to the sea, late yesterday.

Captain Goldman said the submarine when half a mile off sent a signal through his foremast and allowed him to leave to. The captain and five members of the crew of the U-boat boarded the schooner, gave Captain Goldman and his crew five minutes in which to abandon the ship, and placed bombs alongside the vessel, and blew her up after seizing her papers.

BITTER CHARGE OF POLITICS IS MADE

(By United Press)
WASHINGTON, June 7.—Charging that German submarines had been "lured" to American shores by United States senators who attacked the conduct of the war, Senator Lewis, Illinois, yesterday afternoon precipitated a bitter wrangle in the senate.

Lewis' charges were hotly rebutted by Republican members, who charged him in turn with "attempting to stop submarine warfare on American shipping by making an attack on the Republican party."

EMMELINE PANKHURST ARRIVES IN NEW YORK

NEW YORK, June 7.—Working conditions of English women are greatly improved since suffrage has been granted them, Mrs. Emmeline Pankhurst, famous leader of the English suffragists of England declared here. "I am better, she said."

Mrs. Pankhurst reached this country aboard a French liner. She said the passengers were not told of the presence of German submarines on this side of the Atlantic.

"The famous leader came to deliver a message of patriotism from England's women to the women of this country."

SHOULD TREAT IRISH SAME AS ENGLISH

LONDON, June 6.—"Unless the offer of land to Irish volunteers is extended to our soldiers, it will cause jealousy and ill-feeling," the Pall Mall Gazette declared today, in relation to the French's new Irish recruiting plan.

GENERAL PLUMER

Gen. Sir Herbert Charles Plumer is one of the noted British generals commanding the troops battling to break the force of the German drive in Flanders.

HUN KINDNESS PART OF PLAN

OFFICIAL SOUNDS WARNING IN MATTER OF U-BOAT TREATMENT

(By United Press)
WASHINGTON, June 7.—German "kindness" to U-boat victims off the coast is part of her plan to influence American and Latin-American opinion, according to the view of Acting Secretary of the Navy Roosevelt today.

He expressed the view that victims have been supplied with food and treated well largely so that Germany could counteract impressions of her known brutality on the sea.

Perhaps more important, however, according to the secretary, is the fact that Germany is attempting to influence Latin-American opinion by apparently making a grant show of force off the United States coast.

DECLARES I. W. W. OPPOSED DRAFT

(By United Press)
CHICAGO, June 7.—I. W. W. activities in Minnesota after the declaration of war, as viewed by Mayor Louis Bauer, Crosby, Minnesota, were described in the I. W. W. trial here. Bauer, on the witness stand, named several of the defendants and said I. W. W.'s had openly opposed the draft and advised others to avoid it.

Arthur B. Chesham, Eureka, Calif., another witness, asserted that one of the defendants had made derogatory remarks regarding the flag and the men who had registered a year ago. He also connected the organization with strikes in the Eureka district.

ASTRONOMER MAKES VALUABLE DISCOVERY

(By United Press)
BAKER, Ore., June 6.—Dropping his eyes momentarily from the sky, W. M. Cooney, astronomer here to observe the sun eclipse, found a gold nugget worth \$3.20.

ALLIES ADVANCE TROOPS ALONG MARNE SECTOR

POSITIONS TEMPORARILY OCCUPIED BY GERMANS ARE RECAPTURED WITH AMERICAN HELP

(By United Press)
LONDON, June 7.—Allied forces advanced their lines at two points on the western portion of the Marne battle front yesterday and recaptured positions which the Germans had temporarily occupied on the eastern part of the front, night official statements reported.

"Between the Oureq and the Marne, an attack carried out by French and American troops enabled us to advance our lines about one kilometer in the region of Neully-le-Potier and Buzignies," the French communiqué said.

"We took 270 prisoners, including tank officers."

(This refers to the advance made by American marines northwest of Chateau-Thierry. Staff dispatches report an advance of two to four kilometers on an eight-kilometer front.)

French Using Tanks
French troops, aided by tanks, advanced their lines west of Longpont, (nine miles southwest of Soissons). The Germans delivered a series of local attacks between Rheims and the front. The Germans completely checked at Chantilly (five miles north of the river), but occupied Bilguy (three miles east of Chantilly). A British counter attack regained Bilguy.

Southwest of St. Dizier (two miles northeast of Bilguy) the French report an advance of two kilometers which the Germans had gained during the morning.

Germany Ignores Americans
The German war office continues to ignore the presence of Americans on the Marne front. Referring to the French and American gains, Berlin said: "On the battle front there were local engagements near west of Chantilly and on the Ardre river." The Germans claimed that since May 27, they have taken more than 55,000 prisoners, 656 cannon and more than two thousand machine guns.

"Field Marshal Hind reported the repulse of enemy attacks in the neighborhood of Loree, on the northern edge of the Planchers front, by French troops. Heavy artillery fighting was reported on the Italian front.

In the Balkans there was mutual cannonading between Lake Doiran and the Cerza.

JAPAN'S STAND IS FIRM ON QUESTION

(By United Press)
TOKIO, June 6.—(Delayed)—Japan has never desisted of its offer to the world in Germany, declares resolution passed today by the Shunjiakai, an organization of representatives of newspapers and news agencies in Tokio.

"Japan will adhere to the sensible Anglo-Japanese alliance," declares the resolution, "and will co-operate with the allies in the prosecution of the war against the enemy."

The resolution was brought about by rumors that Japan might be looking forward to a post-bellum pact with Germany.

Don't you want it? Advertise it in the Classified Column and get rid of it.

Read the Classified Ads.

IT'S HARD TO GET

There's more truth than poetry in those four words. And some good sound advice that you will do well to heed.

We overcame many market difficulties in securing the beautiful Summer merchandise which is here to meet your requirements. It will be practically impossible to secure further assortments at prices as moderate as we are now naming.

As an aid to patriotic thrift, we suggest that you supply your Summer needs now, and avoid the disappointment which will come through unnecessary delay.

This is our message to every thrifty woman. Consider it carefully.

Pretty White Goods

Never, no never, did we show prettier white goods, sheer voiles and organdies—some in pretty self patterns. Then there's heavier skirtings and suitings in plain and patterns that are really extraordinary and when we are talking Economy—what's more to the point than dainty white goods. Reasonably priced.

LADIES' AND CHILDREN'S PUMPS ARE IN SEASON

There's a long hot season ahead and pumps will be the comfortable footwear. Comfort and fit come first—then wearability. Our shoes are all of those and then they cost no more, if as much, as other lines. Investigate for yourself.

BOOTH MERCANTILE COMPANY

"Another Package From Booth's"

SEVEN THOUSAND PRISONERS KILLED

(By United Press)
COPENHAGEN, June 7.—Seven thousand red guard prisoners were killed by their white guard captors, a dispatch from Helsinki declares. It was stated that Finnish officials propose to send seven thousand other red guards into Germany as laborers.

The dispatch also reported the mysterious missing of the Russian transport in Europe of Helsinki harbor.

RUSSIAN RESERVES PREPARED TO FIGHT

(By United Press)
MOSCOW, June 5.—(Delayed)—Russian reserves are concentrating for the defense of Kaz, which was captured from the combined German and Turkish forces in a big battle May 24. The Germans and Turks are retiring along the Ardagan road, massacring the population.

Soviet forces have taken several towns in Ukraine, repulsing enemy counter attacks.

PERSHING REPORTS 48 CASUALTIES TODAY

Seventeen Killed in Action, Twelve Dead from Wounds, Seven Die from Disease, and Six from Accident

(By United Press)
WASHINGTON, June 7.—General Pershing reported forty-eight casualties to the war department today, divided as follows:

Seventeen killed in action; 12 dead from wounds; 7 from disease; 6 from accidents; 6 wounded severely.

Lieutenants Robert E. Anderson, Wilson, N. C.; Grosvenor Cather, Bladen, Nabr., and Henry W. Clarke, Boston.

Bigadier General Robert E. L. Michie, Stanton, Virginia, died of disease. Lieutenant Ralph M. Noble, Galesburg, Ill., previously reported missing, is now reported dead.

Killed in Action

Lieutenants Robert B. Anderson, Wilson, N. C.; Grosvenor C. Cather, Bladen, N. C.; Henry W. Clarke, Boston; Corporal Joseph Drabbin, Lodi, Cal.; Eriksen L. Evans, Lebanon Junction, Ky.; Silas Triplett, Huntington Creek, N. C.; Privates Joe W. Boural, Shreveport, N. D.; Clarence Henry Caw, St. Joseph, Mo.; Raymond E. Coltherton, Wash., N. Y.; Charles Doun, Alger, Wash.; Walter W. Hawk, Cincinnati, Ohio; George Olen, Brockton, Mass.; Nasr B. Shaheen, Moorehead, Minn.; Guy W. Showers, Harrisburg, Pa.; Mike Sinkovitch, Boston; Paul Harlic C. Smith, Middletown, N. Y.; Lewis T. Strickland, Cerro Gordo, N. C.

Died of Wounds

Lieutenants Lynn H. Harriman, Concord, N. H.; Welborn S. Priddy, Chicago; Corporal Otto G. Abbott, Newkirk, Okla.; Robert Finagan, Pittsburg, Pa.; Mechanician Herman Hansen, Elmora, Mich.; Privates William L. Baxter, St. Paul, Indiana; Miles Christianson, San Pedro, Cal.; William W. Gosnell, Greenville, Tenn.; Cab-Keen, Pinola, Miss.; Leon R. Matthews, Springfield, Mass.; Louis C. Sawyer, Fort Cox, Minn.; Arville Braggins, Visalia, Ky.

Died of Disease

Brig. Gen. Robert E. L. Michie, Stanton, Va.; Sergeant Edward Reamer Agnew, Carick, Pa.; Band Leader Hiram I. Cole, R. P. D. Box 269, Ingleswood, Cal.; Privates Chester Busby, Jackson, Tenn.; William H. Harris, Marietta, Ill.; George B. McKenna, Fort Pills, N. J.; Benjamin E. C. Wood, Lynn, Mass.

Died of Accident

Lieutenants Livingston L. Baker, aeroplane accident, care Baker & Hamblen, San Francisco, Cal.; Duncaio R. Green, aeroplane accident, New York; Earl H. Nevila, aeroplane accident, Wisconsin, Minn.; Privates George E. F. Fieck, Huron, S. D.; George Jacob Frye, Lynn, Mass.

JOHN GALSWORDY

CONTROL OF HOME HUNS

Almost the entire machinery for the handling of the matter of spying and disloyalty is provided through the two recently enacted laws known as the sedition act and the sabotage act.

These are the two measures which are depended upon to keep order within America's gates, and notwithstanding the haste attendant upon the preparation and passage of each, there is little question but what they will prove keystone instruments for the work in hand.

The Sedition Act provides a penalty of twenty years' imprisonment and \$10,000 fine for acts or utterances of disloyalty designed to obstruct the army draft of the Liberty Loan.

These two laws, together with a proper suppression of espionage among women enemies—who are often most skillful, and hence most dangerous—will greatly strengthen the means by which the Department of Justice can deal with the enemy on this side of the Atlantic.

CALLS ON GERMAN WOMEN TO REGISTER

Official Notice of Requirement is issued by P. M. Davis, Chief Registrar for Idaho

Official notice of the requirement for registration of German alien females has been issued by P. M. Davis, Chief Registrar, who has been appointed as chief registrar for Idaho.

The chief of police in Twin Falls will register these within the limits of the city, and Postmaster A. A. Strunk has charge of the registration of those outside the city who are residents of Twin Falls county.

In all other counties except those in which the cities of Boise, Coeur d'Alene, Lewiston, Pocatello and Twin Falls are located, the registration is to be done by the local postmaster.

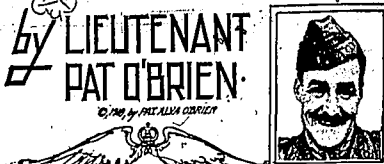

ELK LODGE RECEIVES INTERESTING LETTER

LOS ANGELES, Cal., June 7.—Kind thoughts are always appreciated but without airplanes, cannon and hundreds of men it would be impossible to carry them, we shall be helpless. The allies will never be beaten if America buckles down to work.

"OUTWITTING THE HUN"

By Lieutenant Pat O'Brien

CHAPTER I—Introductory. Pat O'Brien tells of his purpose in writing the story of his adventures.

CHAPTER II—Description of his enlistment in the Royal Flying Corps, his training in Canada and his transfer to France for active duty.

CHAPTER III—Description of the fight in which he brought down two German airplanes and his final flight in which he was brought down, wounded within the German lines and was made a prisoner of war.

CHAPTER IV—Discovers that the German hospital staff barbarously neglected the badly wounded and devoted their energies to restoring those who might be returned to the firing lines. Witnesses death in the hands of his best chum, Leat.

Whenever a new prisoner came and his German hosts had satisfied themselves as to his life history and taken down all the details—that is all he would give them—he was immediately surrounded by his fellow prisoners, who were eager for any bit of news or information he could possibly give them, and as a rule he was glad to tell us, because, if he had been in the hands of the Huns for any length of time, he had seen very few English officers.

The conditions of this prison were had enough when a man was in normally good health, but it was barbarous to subject a wounded soldier to the hardships and discomforts of the place. However, this was the fate of

From a Photograph Taken in the Courtyard of the Officers' Prison at Courcelles, Which Lieutenant O'Brien Preserved Through His Perilous Journey. O'Brien is Shown Standing Behind the German Guard, Who Sit at the Table in the Center of the Group.

was as much speculation as to who would win the prize as it had been the finest treasure in the world. The great prize was one-third of a loaf of bread. Through some arrangement, which I never quite figured out, it happened that among the eight or ten men who were there with me, there was always one-third of a loaf of bread over. There was just one way of getting that bread, and that was to draw lots. Consequently that was what started the lottery. I believe if a man had ever been inclined to cheat he would have been severely tempted in this instance, but the game was played absolutely square, and if a man had been caught cheating the chances are that he would have been taken by the rest of the officers as long as he was in prison. I was fortunate enough to win the prize twice.

"One man—and I think he was the smallest eater in the camp—was it on three successive days, and it was well for him that his luck deserted him on the fourth day, for he probably would have been handled rather roughly by the rest of the crowd, who were growing suspicious. But we handled the drawing ourselves and knew there was nothing crooked about it, so he was spared.

We were allowed to buy pens, and being small and very hard, they were used as the stakes in a game.

MANY AMERICANS SIGNALLY HONORED

DISTINGUISHED SERVICE CROSS FOR CONSPICUOUS HEROISM IS CONFERRED

(By United Press) WITH THE AMERICAN ARMY IN LORRAINE, June 7.—The following Americans have been awarded the distinguished service cross for "conspicuous heroism": Lieutenant G. B. Wood, Corporal H. J. Montgomery, Private E. Y. Armstrong, E. H. Bolt and C. L. Buehl.

While on patrol duty they invaded the enemy trenches, captured twice their number of Germans, drove off a recon party and brought the prisoners back to the American lines. Valuable information was obtained from the prisoners.

Lieut. L. R. Holmes and Sergeant L. B. Murphy, who crawled through twenty strands of enemy wire, leaped upon a German sentry and brought him back across No Man's land.

Corporal E. T. Burch, who rescued a wounded comrade under a heavy barrage fire.

Captain G. R. Holbert and Lieutenants D. Moccasin and P. M. Clouty, engineer officers, who coolly continued their work under shell fire when they could have retired.

ARMENIANS DIE BY THOUSANDS

(By United Press) LONDON, June 7.—Ten thousand Armenians were massacred by Turks in one fortnight, according to a Moscow dispatch.

All Georgians and Caucasians up to 47 years of age, have been ordered mobilized, the dispatch said.

German and Ukrainian troops have occupied the territory north of Kharkov, aiming to capture Karak and Kostoff.

THE WAR TODAY

By J. W. T. MABON (United Press War Expert)

NEW YORK, June 7.—Von Hindenburg has begun to show serious uneasiness at the effective part American units are playing in the fighting along the western front. Evidence of his disquiet appears in the new concentration of Teutonic forces along the American Lorraine sector.

The purpose of the persistent arrival of enemy troops at Metz is primarily to threaten General Pershing into withdrawing more Americans from the Ypres, Alsace and Meuse fronts. The Germans well know that the Lorraine sector is the principal American sector in France.

Von Hindenburg also is aware that all indications suggest this area will be the scene of America's ultimate major offensive.

Von Hindenburg therefore, is now threatening to attack in Lorraine hoping the Americans may be unable to protect their own positions and at the same time participate fruitfully at the other end of France in the defense of Paris and the channel ports.

The American staff, however, is highly experienced in making large deductions from small but consistent facts.

Full military and psychological studies unexceptionally has been given at German headquarters to the plan and moral of the American troops fresh to modern battle conditions. Von Hindenburg does not like the situation they are creating in western France. The result is the Lorraine threat. The American position is very strong and Von Hindenburg has had no encouragement to believe he can break through. There is undeniable temptation, however, to the Germans to move the Lorraine front farther away from the German boundary. Von Hindenburg to succeed he would increase the distance America's own offensive must go before it reaches the Rhine. Faced by this condition, it is even possible General Pershing might no longer use American western France but would reserve them definitely for the future drive to the Rhine.

SUES SHERIFF FOR RECOVERY OF AUTO

Mrs. Ella Palmer of Hollister, through her attorney, W. P. Guthrie, on Thursday filed suit in district court here against F. M. Kendall, as sheriff of Twin Falls county, to recover possession of a Ford automobile confiscated by the officers under the provisions of an act of the last session of the state legislature, when her husband, J. A. Palmer, was arrested on a charge of illegal transportation and possession of liquor.

VISITOR AT RUPERT DIES

Mrs. J. L. Hatch passed away at the home of her parents, Mr. and Mrs. Joseph Parry, of Rupert, Thursday, May 30, after a week's illness of pneumonia. Mrs. Hatch came from Hatch, Idaho, May 23, for a short visit with relatives and took sick the following day. She was 25 years old. Besides her young husband she leaves to mourn her loss two sisters, Miss Katherine Parry and Mr. Alice Swops, of Rupert, and three brothers, William Parry of El Paso, Texas, and E. B. Parry of Soda Springs, Wyo., besides her parents. Funeral services were held at the Parry home, at 2 o'clock Saturday afternoon, and the remains were shipped to Hatch for burial.

ORPHEUM THEATRE

LONE ROBBER HOLDS UP 12

TELEPHONE MEN IN JEROME DELIVER CASH AT POINT OF GUN

(Special to The News)
JEROME—Alone and unassisted, one man in the streets of this city Wednesday evening, held up 12 employees of the Mountain States Telephone & Telegraph company construction crew camped here at the point of a gun, and took from them approximately \$50 in money. The police officers have satisfactory clues as to the identity of the highwayman and his apprehension and arrest is anticipated as a matter of a few hours' time.

ANNOUNCEMENTS

The next regular meeting of the Royal Neighbors of America will be held Friday evening, June 7, at 8 p. m., in the I. O. O. F. hall. All visiting members welcome.

CONVERT SPUDS INTO CURRENCY

FOOD ADMINISTRATOR TO TAKE HAND IN OWNERSHIP SQUABBLE

Twenty men and boys were put to work Thursday afternoon in the basement of the Munson & Harder warehouse in this city, at sorting a lot of between eight and ten car loads of potatoes that had been stored in storage there up to the present time, pending the settlement of the ownership of the tubers.

At the direction of State Food Administrator R. F. Bicknell and in pursuance of the terms of an agreement entered into at the instance of the county council of defense by the parties disputing the ownership, these potatoes are to be sold and the money proceeds will be held in escrow by the council pending settlement of the ownership question.

The question thus is to become one of the little to money rather, than to potatoes.

MAKE GOOD PLEDGES SAYS W.S.S. DIRECTOR

A. GUILBERT CALLS FOR FULFILLMENT OF INVESTMENT UNDERTAKINGS

Persons who pledged themselves to purchase certain amounts of War Savings Stamps in the January drive in Twin Falls county are asked to bring their investments up to date, and all others are urged to purchase the plan in their own purchases of the popular war securities by County Director A. Guilbert, in anticipation of the call that will be made June 28 by President Wilson, asking all good citizens to make reports at that time of the amount they have invested in War Savings Stamps.

PERSONALS

Miss Pauline Ripley returned Thursday from Pullman, Wash., where she has been attending school.

Miss Durd Wall left Thursday for Boston, where she will visit for a time with Miss Beatrice Ostrander and attend commencement exercises of Wellesley college, before entering the summer school at the University of Chicago.

Asher B. Wilson returned yesterday from a business trip in the east of several days' duration. Mrs. Wilson and Patricia will return later.

George Nygard, a farmer in the Holister section, spent Thursday here.

Mrs. J. F. Martin left Thursday evening for a few days' visit with her mother at Moscow. She was accompanied to Boise by her husband, who will return Monday.

National Association of Rotary clubs will hold in Kansas City, June 24 to 27.

Called Into Service—Miss Lena Eckert, since 1911 a deputy in the office of County Clerk E. J. Finch, Thursday morning received a telegram directing her to report for duty as a stenographer in the office of the surgeon general of the army at Washington, D. C. Miss Eckert took the civil service examinations, qualifying for this position, several weeks ago.

Veterans May Serve in Guards—A number of applications for enlistment in the United States guards is authorized in a memorandum just received by the local army recruiting station. Applicants must be men beyond the draft age and have had previous service in the army, navy, marine corps or well organized militia, police or fire department. After enlistment the men will be sent to such places as they may be desired by the commanding general of the department in which the depot is located.

Local Recruiters' Record—Reports from headquarters of United States army recruiting service in this district shows that the Twin Falls station with a record of 27 enlistments for the ten day period ending May 31, stands fourth on the list of eight substations in this respect. Following are the reports of each substation for the period: Salt Lake, 116; Hotello, 56; Ogden, 50; Twin Falls, 27; Boise, 25; Idaho Falls, 11; Pravo, 6; Price, 6.

Knight of Pythias Elect—Officers of Twin Falls lodge Knights of Pythias, to be installed at the first meeting in July, have been elected as follows: Chancellor, Commander, W. F. Bronough; Vice-Chancellor, E. E. Deady; public, James Woodhead; master of work, D. C. Grayback; master of arms, Wilbur Buckley; inner guard, H. M. Holler; outer guard, W. B. Hurd; keeper of records and seal, D. Harvey Cook; master of eschequer, W. F. Nixon.

YOU'VE CALLED RECENTLY?

These are the days that mark the transition from Spring to Summer—that bring dainty, airy apparel and fabrics for warm weather into prominence at this store.

Every section reveals interesting new assortments—everything showing evidence of the popular slender, graceful silhouette and bright cheerful colors for Summer.

Your wishes should be frequent, for each will bring to your attention some new phase of the ever-changing panorama of the fashions.

New Wash Dresses, Voiles, Gingham

Really, the prettiest things in summer dresses we ever saw. Some in white, some in colors, beruffled or plainer styles, such pretty materials too, and don't cost more than materials. Ready to Wear, Etc.

Silk Gloves

There's really satisfaction in telling you about them. They come in black, white and colors, and prices not much higher than ever. All double tipped fingers. They look dressy and are comfortable. There will be a big demand for them with kid gloves so high and scarce. Get yours now.

OPENS TRIAL ON STATUTORY OFFENSE

CASE OF A. L. RISSEB, FORMER CHOIR DIRECTOR, OCCUPIES ATTENTION OF DISTRICT COURT

The regular jury list of 50 names has been exhausted without securing a jury, and a special venire was ordered this morning.

The information filed in the case by the prosecuting attorney, charged Risseb with the commission of the offense of a statutory court here before Judge W. A. Babcock today. The first prospective jurymen in the trial was called at 3:30 o'clock Thursday afternoon.

He is a former employee of the Twin Falls sugar factory and one time director of a local church choir.

He is represented in this trial by Attorney E. V. Larson. The prosecution is being conducted by Prosecuting Attorney F. L. Stephan.

REGISTRARS SEEK AGENTS OF SERVICE

Several File Applications for Enrollment in Training Courses or Special Induction

The local board has on file the applications of several registrants both for enrollment in the special military training courses to be instituted in the state university, and for induction as being qualified for special or limited service in the army aviation section.

Those who are applicants for the special training include (Craig T. Dracken, Tom Berrington, Perry Spangler, Levi E. Smith, of Twin Falls, and Ivan C. Freeman of Dubl). Applicants for induction into the aviation section are Emil Strobeck, clerk; James W. Smith, clerk; Felix F. Audriano, electrician; Albert A. Woodhead, electrician; and Joe Dettori, cook, all of Twin Falls.

On the morning of June 3, at the home of Mrs. Olive L. White, her daughter Marie became the bride of Robert P. Nare, Rev. H. L. Caldwell of the Knoll Baptist church officiating. Several relatives and friends witnessed the ceremony. Mrs. Nare was a graduate of the class of '18 from the local high school, while Mr. Nare is affiliated with the First National bank. The young couple left that day for an extended camping trip.

On Wednesday afternoon at the home of her parents, Mr. and Mrs. H. R. Neumann, Miss Laura Younger became the bride of Albert Heller, Rev. Asher H. Brand officiating. The couple left for a short trip to Salt Lake, after which they will be at home on the groom's ranch at Castleford.

Births

To Mr. and Mrs. Harry E. Barber, Third avenue north, on Thursday, a son.

COAST SHIP YARDS CALL FOR LABORERS

TWENTY-THREE MEN FILE APPLICATIONS HERE AWAITING ORDERS TO GO TO WORK

George S. McGraw, district examiner for the United States employment service, with headquarters in the Daugh building, Twin Falls, was advised Thursday by Employment Service Director M. J. Kere, that need exists in the shipyards at Seattle for 1000 skilled workmen and for 2000 common laborers.

Twenty-three men who have filed applications here for this work are awaiting the receipt by the examiner of orders for them to go to Seattle, which are expected momentarily.

Examiner McGraw authorizes the statement that any laborer who is willing to pay his own expenses to the Pacific coast will be guaranteed employment in the shipyards.

Word received from several of the 35 men who left here two weeks ago under direction of the federal employment service to work in the Puget Sound shipyards is that a raise in pay has been established affecting all but two of them, and that this increase, together with overtime, brings the weekly pay checks up to between \$30 and \$55.

BIG EVENTS THAT THE FARM BUREAU WILL HOLD THIS YEAR

July 10—Three County Dairy Testers Clinic at Bliss Lakes. Dairy experts from all over the United States will attend and speak.
 July 25—Twin Falls County Ram Sale.
 Dwight Lincoln and E. O. Walters, auctioneers.
 January, 1919—Idaho Agricultural Societies, Twin Falls.

NEW MEMBERS OF THE FARM BUREAU

The following farmers joined the farm bureau this week:

Sam Marsh, Dahl, Route 2.
 M. Rangan, Dahl, Route 4.
 R. L. Goff, Dahl, Route 4.
 E. E. Brown, Elm.
 J. A. Steadman, Kimberly.
 W. E. Lantz, Dahl, Route 1.
 O. A. Rathburn, Dahl, Route 4.
 M. E. Taylor, Twin Falls.
 Ed Miller, Dahl.
 T. M. Baird, Twin Falls, Route 1.

LABOR REPORT FOR WEEK

Applications—Married men, 13; single men, 53.
 Placed—Married men, 6; single men, 22.
 Total hands placed during week, 28.
 Supt. 35.

The indications are that there will be plenty of labor to take care of the first cutting of hay. There is a surplus of labor in all the neighboring towns.

WANTED TO PURCHASE

Mrs. Stuart Severns, Hansen, Idaho wants a dozen pure bred Buff Orpingtons.
 The farm bureau has a call for same Ball variety in small or large lots.
 Next to call at the People's Grocery wants some sows and pigs.

FOR SALE

Twine at 25c
 The farm bureau is taking orders for twine at 25c a pound. Orders at once to secure the reduced price and insure prompt delivery.
 We have a party who has a second hand DeLaval or Sharples separator for sale.
 J. B. Stewart, phone 926-W, Twin Falls, has 10 grade Dorco Jersey brood sows for sale.
 A. J. Cahill, phone 570-R, Twin Falls, has a 5 year old buckskin cow, weight 1250, and a 2 year old buckskin calf. Terms.
 W. B. Spear has a medium sized team for sale.
 Bengalia, Peas.
 W. Kjosness, Moscow, Idaho, has several cars of Bengalia peas. These are suitable for seed.
 Albert Putzier, Twin Falls, has an 1100 pound hay driving mare. She is seven years old, and will work single or double.
 J. A. Heasley, Pleasant View, has 60 pounds of white clover seed for sale.
Potatoes
 The farm bureau can put you in touch with parties having well sorted potatoes in good condition.

CONDITIONS OF CROPS

Wheat
 Under the influence of the cool weather early sown wheat, barley and oats made satisfactory progress, and the harvesting and threshing of these crops have begun in portions of Arizona and in a few localities in California. Late sown grain in the northern states would be benefited by more rain, but it is growing slowly and rooting poorly, which promises well for the future, especially if helped by showers in June.
Hay (Including Alfalfa and Clover)
 Alfalfa is being harvested in Arizona, California, southern Oregon and portions of Idaho. In southern California a large amount of barley and oats has been cut for hay. Barley alfalfa was injured by frost in Idaho, and dry weather has been unfavorable for hay crops in Oregon.
Idaho—Horse: Wheat, barley, rye and oats generally are doing well, but in some localities are damaged by freezing weather. Winter wheat is justifying and beginning to head in the earliest districts. In many sections grain, pastures and meadows and ranges were benefited by good rains. Alfalfa cuttings has begun in Herk County, but the crop was injured by freezing weather in Canada, Lincoln and Twin Falls counties. The freeze seriously injured the commercial crop in Boise and Payette valleys was wiped out. The upper ranges are excellent;

all stock made good gains and will fit for market early.

BEAN PRICES PROMISING

Although bean production was increased enormously last year, bean prices remain so attractive that a renewed advance is probable this year. The general bean position, according to one of the government's recent market reviews, has been strengthened by large quantities of Colorado beans for the purchase of the entire California white sticks for the army. Michigan bean growers were being paid \$11.25 and \$11.75 per hundredweight for navy in Los Angeles, small whites were selling at from \$12.50 to \$12.75. Colorado county agents and small administrators are reported to be guaranteeing 88 cent per bushel.

DUTTON BREED CATTLE FOR STOCKS

The following letter was received by the Twin Falls County Farm Bureau:

"Dear Sir:

"Last year a number of the Idaho sheep men came down to Imperial Valley and bought certain grades in our country to feed their sheep. In the Yuma valley, on the Arizona side, we grow large quantities of cotton and have just heard that the Somerton Commercial company at Somerton, Arizona, in the Yuma valley, has left on hand about 500 tons of cottonseed cake which I thought your sheep men might like to know about and get hold of while it is available. It would all have been used up had rain not come just at the right time to start our crop this spring.

"If the sheep men in your section of the state can use any of this cottonseed cake, you should have them call directly with E. P. Taylor, extension director, Tucson, Arizona."

SALMON TRACT HAS GOOD CROP PROSPECT

A. D. Wicher, assistant county agent covered the Salmon tract Tuesday and Wednesday. Over one-half inch of rain fell at Hillwater, which penetrated the ground over four inches, so that the water was shut off Tuesday evening for a period of 10 days. The water had started the previous Wednesday, May 22, so that the farmers had covered a good deal of their land.

The first crop of hay will be late, cutting not being started before a July 10. Good prospects are good. The project manager, Mr. Hall, held off the water as long as possible but used excellent judgment and the water was turned in before any began to burn. The result will be delivered to the farmers as the rate of moisture comes per pound, c. l. f. at gulf ports, and 10% cents at Atlantic ports. The price of the twine is c. o. b. the cars at the plants is to be not more than 25 cents per 500 feet, or one pound. It will be noted that 3% cents to 4 cents per pound is allowed to cover freight, manufacturing costs, and profits.

Before the war the cost of silage at the American southeast was approximately one-third of the present cost. However, the increase in the price of the twine at the plants is relatively lower, thus showing the benefit of the control. With reference to the distribution of silage, the Bureau of Agriculture has ruled that only a reasonable margin of profit may be added by the dealers. The price at which they may sell is not established because of the varying costs of transportation from the markets to the scattered districts where the twine is to be used. However, it is understood to be the purpose of the Administration to watch closely the distribution and sale of the twine in order to prevent the operation of unreasonable profits by the dealers.

With respect to bags, the Food Administration has arranged with the job bag importers of the Pacific Coast for the movement of the next crop of twine in that region, where bulk handling is little employed. The sacks will cost the farmers of the Pacific Coast approximately 25 to 30 cents, depending upon the quality of the twine. The price would appear to be high; how-

ever, it is to be remembered that the twine for bags is unusually great. It is estimated that the total requirements of the country for all industries will be, this year, approximately 750,000,000. It is expected that 500,000,000, 600,000,000 bags will be required for the Pacific coast grain crop alone. It is not understood that the Food Administration has undertaken any arrangements for job bags.

For several years the Bureau of Markets has kept strongly before the farmers the importance and value of cooperative organizations, in handling various phases of their business; and whenever possible they have given practical assistance in organization. In the present instance, wherever the twine is to be made, it could be possible for them to make a considerable saving by purchasing cooperatively direct from the manufacturers at the same price which the dealer pays.

We quote you herewith, subject to prior sale and consumption, the following grades of c. o. b. Portland, for prompt shipment:

No. 1 B. H. West Bag—Standard size, 22 1/2 x 23 1/2 cents.
 No. 2 B. H. West Bag—Same size, suitable for barley and oats, 22 1/2 cents.
 No. 3 B. H. West Bag—Same size—Good bag for sacking, 21 cents.
 No. 1 B. H. East Bag—23 1/2 x 24 1/2 cents.

Four Fly Excellor—sack sewing twine, for sacking the farmers to use and a good pool twine, for large and twine, and plaid twine at the earliest possible date. While the price may not advance, the supply cannot be assured. Yours truly,

HARVEY ALLRED,
 State Director Farm Markets Dept.

BOYS' AND GIRLS' CLUBS

Through the courtesy of the Anamiated Sugar Company, several hundred gallons of sugar were supplied with sugar beet seed. This seed is distributed to encourage the planting of beets for use in making sirup. Contrary to the general belief this sirup can be made in the home and will be published later.

Twin Falls

Most of the boys and girls doing club work in Twin Falls are raising gardens or poultry. These gardens range in size from the small family garden to market gardens of several acres. Several of the boys in town are growing corn and more of potatoes. Few lambs are also being kept by members of the sheep club. An attempt is being made to get every boy and girl to do something of value during the summer months. The twine of the club director for the School District show that in only a few cases are there slacks among the club members in Twin Falls City. The busiest boys in most cases have the largest and best gardens in the county. Some who work in the city have four lots in garden and potatoes. This is evidence that no club member is too busy to do something in the way of contributing toward our total food supply.

It is hoped that the parents will in every possible case, aid and encourage the club members in their work. The boys and girls are investing their time in a work that is quite valuable and necessary in this time of food and labor shortage.

Ostland

The boys and girls of Poplar Grove, Castleford, Sunset View and Sundry Side school districts are grouped under the name of Uncle Sam's club. These boys and girls numbering about seventy are doing excellent work under the supervision of Mr. Sawyer and his assistants. The meeting held at the Poplar Grove School Tuesday evening was well attended and enjoyed by all present. A profitable evening was spent in program and club work.

Hansen

Hansen club work has been actively handled during the summer by local leader, Mr. Smutz, County Club Leader. He was in the district Wednesday of last week and reports excellent prospects for Hansen club. Mr. H. Smith will lead all clubs except the Hansen club which is under the direction of Mrs. Severns.

Gaming Clubs

The work in the Boys' and Girls' gaming clubs will begin in about two weeks with a demonstration in each locality where clubs are organized. It is hoped that experts from the State will be present to give instruction in the most proper methods of gaming. Although the work in these clubs has been seriously affected by the loss of the fruit crop, much of value to the members and to Uncle Sam's still program probably will work in a satisfactory manner at this time than the conservation of food products.

Sewing Clubs

Active work in the Sewing clubs began last Monday. Each of the city schools has an organized Sewing club of first, second and third grade. These girls began work by hemming towels for Red Cross. This work appeals to them particularly, as each one is anxious to do her bit toward the success of the war. It is hoped that these sewing clubs will do some for the Red Cross through these clubs.

This week the Broad Making club meet to discuss the making of war bread. Since the substitution of other cereals for wheat when because of such high prices, it is felt that the members should receive active support and encouragement from every home.

GOVERNMENT YIELDS PRICE OF TWINE

L. W. Phibary, Director of Extension Service, Explains Regulations

You request information as to the present prospects of getting sufficient twine to take care of it, the wheat crop of this year. I have taken this question up with Mr. Merrill of the food administration, who has this matter in charge for the entire country. He states that the supply in the United States is sufficient. If your Idaho farmers would like to secure binder twine, I would be very pleased to have you inform me of the facts supplied and their wholesale connections. There are no restrictions on the sale of twine, or distribution charges except that of 25 cents a ton, 6. This twine has been advised that the food administration will not consider a spread of 5 cents for each or 2 1/2 cents on times plus freight, as being unreasonable distributor's charge.

For this information you should be able to figure out a much binder twine should cost the farmers in your country. In case the retail dealers are charging a greater price than this, the fact should be immediately reported to Mr. Merrill of the U. S. Food Administration, or perhaps better to Mr. Bicknell, our state food administrator, or C. E. Munson, county administrator, of the county agent.

BAGS AND TWINE

This question is a very serious one for growers and consumers; and in order that we may locate any means of handling our 1918 potato crop, the state farm markets department has taken up with the proper authorities at Washington the question of bulk shipments. In June, 1917, we requested our common carriers to handle our potatoes in bulk but not with disappointment. Now that our federal government has supervision of the fleet, and in view of the great necessity we have of saving, we have hope that we will advise later the result of our efforts.

The bag and twine situation is this: The problem of securing an adequate supply has been handled by the United States Food Administration through its Bureau of Markets. The Food Administration has undertaken to assure an adequate supply of Binder Twine at reasonable prices. To this end it has arranged to purchase the necessary silage, and the product will be delivered to the manufacturers at the rate of moisture comes per pound, c. l. f. at gulf ports, and 10% cents at Atlantic ports. The price of the twine is c. o. b. the cars at the plants is to be not more than 25 cents per 500 feet, or one pound. It will be noted that 3% cents to 4 cents per pound is allowed to cover freight, manufacturing costs, and profits.

Before the war the cost of silage at the American southeast was approximately one-third of the present cost. However, the increase in the price of the twine at the plants is relatively lower, thus showing the benefit of the control. With reference to the distribution of silage, the Bureau of Agriculture has ruled that only a reasonable margin of profit may be added by the dealers. The price at which they may sell is not established because of the varying costs of transportation from the markets to the scattered districts where the twine is to be used. However, it is understood to be the purpose of the Administration to watch closely the distribution and sale of the twine in order to prevent the operation of unreasonable profits by the dealers.

With respect to bags, the Food Administration has arranged with the job bag importers of the Pacific Coast for the movement of the next crop of twine in that region, where bulk handling is little employed. The sacks will cost the farmers of the Pacific Coast approximately 25 to 30 cents, depending upon the quality of the twine. The price would appear to be high; how-

farm for storing your grain this year. HARVEY ALLRED, State Director Farm Markets.

able, not earlier than the twentieth of June, and July 1, would be still better. The reason for this is to allow the natural enemies (lady-bird beetles, ground beetles, etc.) which multiply and do not weather, to become as abundant as possible before the hay is cut. Keep water off of the field for at least two weeks before clipping, a long period in better, so as to keep down the new shoots and allow the surface of the ground to become thoroughly dry.

Get the hay into the shock as soon as possible, after cutting.

As soon as the hay has been removed from the field, and on a hot, bright, sunny day, go over the field with a spike-tooth harrow to which is attached a heavy brush drag. This treatment will knock the aphid off of the stubble. Several of the boys in town are growing corn and more of potatoes. Few lambs are also being kept by members of the sheep club. An attempt is being made to get every boy and girl to do something of value during the summer months. The twine of the club director for the School District show that in only a few cases are there slacks among the club members in Twin Falls City. The busiest boys in most cases have the largest and best gardens in the county. Some who work in the city have four lots in garden and potatoes. This is evidence that no club member is too busy to do something in the way of contributing toward our total food supply.

It is hoped that the parents will in every possible case, aid and encourage the club members in their work. The boys and girls are investing their time in a work that is quite valuable and necessary in this time of food and labor shortage.

Active work in the Sewing clubs began last Monday. Each of the city schools has an organized Sewing club of first, second and third grade. These girls began work by hemming towels for Red Cross. This work appeals to them particularly, as each one is anxious to do her bit toward the success of the war. It is hoped that these sewing clubs will do some for the Red Cross through these clubs.

This week the Broad Making club meet to discuss the making of war bread. Since the substitution of other cereals for wheat when because of such high prices, it is felt that the members should receive active support and encouragement from every home.

Unless the most stringent measures are taken by clover growers in southern Idaho to hold the clover aphid in check, a large per cent of the clover seed crop will be ruined, in fact, the average field is so badly infested at present, that unless control measures are used, the seed obtained will not pay for the expense of cutting and handling. Every field in Southern Idaho is infested, though many growers are not aware that aphid is in their fields. When only 200 or 400 aphids are present, they remain concealed beneath the little ensheathing leaves at the base of the stem. For the first time on the stem and you will find them. In later stages of infestation the aphids may be found on the surface of the stem and leaf stalks, as many as 6000 having been counted on the stem and on the leaf stalk of a single shoot.

As soon as the clover heads begin to open, the aphid crawls in among the little flowers, where the seeds are formed. Here they feed and reproduce, and fill the head with "honey dew." The aphid secretes a sticky substance which, on the vital juices of the plant, thus stunting its growth and preventing the formation of normal seed. (2) The mature clover head becomes saturated with honey dew so that the seed which is formed by the plant is so sticky that the seed may be obtained sticks together as though it were mixed with glue.

The University will announce definite measures this fall for permanent control of the clover aphid. The following recommendations are made in order to save the seed crop this year. It is absolutely necessary to clip for hay. Put off clipping as late as pos-

ible, not earlier than the twentieth of June, and July 1, would be still better. The reason for this is to allow the natural enemies (lady-bird beetles, ground beetles, etc.) which multiply and do not weather, to become as abundant as possible before the hay is cut. Keep water off of the field for at least two weeks before clipping, a long period in better, so as to keep down the new shoots and allow the surface of the ground to become thoroughly dry.

Get the hay into the shock as soon as possible, after cutting.

As soon as the hay has been removed from the field, and on a hot, bright, sunny day, go over the field with a spike-tooth harrow to which is attached a heavy brush drag. (2) The mature clover head becomes saturated with honey dew so that the seed which is formed by the plant is so sticky that the seed may be obtained sticks together as though it were mixed with glue.

The University will announce definite measures this fall for permanent control of the clover aphid. The following recommendations are made in order to save the seed crop this year. It is absolutely necessary to clip for hay. Put off clipping as late as pos-

able, not earlier than the twentieth of June, and July 1, would be still better. The reason for this is to allow the natural enemies (lady-bird beetles, ground beetles, etc.) which multiply and do not weather, to become as abundant as possible before the hay is cut. Keep water off of the field for at least two weeks before clipping, a long period in better, so as to keep down the new shoots and allow the surface of the ground to become thoroughly dry.

Get the hay into the shock as soon as possible, after cutting.

As soon as the hay has been removed from the field, and on a hot, bright, sunny day, go over the field with a spike-tooth harrow to which is attached a heavy brush drag. This treatment will knock the aphid off of the stubble. Several of the boys in town are growing corn and more of potatoes. Few lambs are also being kept by members of the sheep club. An attempt is being made to get every boy and girl to do something of value during the summer months. The twine of the club director for the School District show that in only a few cases are there slacks among the club members in Twin Falls City. The busiest boys in most cases have the largest and best gardens in the county. Some who work in the city have four lots in garden and potatoes. This is evidence that no club member is too busy to do something in the way of contributing toward our total food supply.

The following are some important things to keep in mind:

(1) There is danger of reinfection. All clover during seedling, fence rows, irrigation ditches, and clover stands in orchards, is infested with aphid. Each clover must be plowed under or grazed into the ground with some before the seed crop begins growth and the clover aphid may be carried by light breezes for long distances.

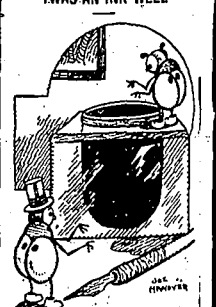

(2) Alkali is much more difficult to handle than red clover because it grows more densely and the stems spread out on the ground. This is much more difficult to mow than red clover because the aphid finds considerable protection from the heat of the sun. In the fields that are badly infested, i. e., where aphid are found abundantly in all parts of the plants, should be plowed up at once.

TOTAL ECLIPSE OF SUN A BRILLIANT SIGHT

NEXT WEEK SATURDAY'S PHENOMENON WILL BE OF WIDE INTEREST—OLD SOL WILL NOT BE COMPLETELY HIDDEN HERE—HIS SHADOW WILL CROSS U. S. IN 50 MINUTES

BY PROF. R. H. CURTISS
Through the total solar eclipse, clear weather will be the most promising stations are to be found in Idaho, Wyoming and Colorado.

Unless clouds interfere, those who venture to the totality region will undoubtedly be richly rewarded. For the phenomena which accompany a total solar eclipse are some of the most impressive found anywhere in nature.

To be sure, the partial phase which begins when the moon first encroaches upon the solar surface, perhaps an hour and two before totality, is not of special interest until the sun is nearly covered. However, before totality the shadows cast by the foliage seem strange because the light shining through each small interstice among the leaves makes a little crescent in the shape of the partly covered sun.

About ten minutes before the moon covers the sun entirely, the darkness begins to be felt, and the remaining light is deficient in blue and violet rays, producing an effect much like that of a calcium light rather than sunlight. Animals are perturbed and birds go to rest, while the temperature falls, and sometimes dew appears.

In a few moments, if the observer's view commands the distant horizon the moon's shadow is seen coming much like a huge shadow on the ground, extending with terrific swiftness. Just before the shadow reaches the observer, quivering, ripple-like bands are seen on every white surface. Then follows the darkness with startling suddenness, for the sun is so brilliant that even the small portion which remains visible shines within a very few seconds of total eclipse so dazzles the eye that it is unprepared for the quick transition. In a few moments, however, vision adjusts itself and then the solar atmosphere, the most striking spectacle of all, is revealed in all its splendor to the eye.

In the coming eclipse the corona and chromosphere, the lower parts of which will be very brilliant, will give a light at least three or four times as brilliant as the full moon, and since the diameter of the moon's shadow will not be large, a quantity of light will be sent in even to the center of the track from the surrounding air, where 20 or 30 miles away the sun is still shining. During totality there will not be much difficulty in reading an ordinary watch face, or always prevailing the sky is clear.

Astronomers find the total solar eclipse especially interesting because it offers opportunity for certain observations which can not be made at any other time. Thus, only on such a time as effective search be made for undiscovered planets or comets near the sun, for at all other times the sky about our luminary is prohibitively bright. Also at no other time can the corona be seen photographically with any known device.

As for the future, it is known that two other total solar eclipses will be visible in or near the United States in the next eight years. In September, 1923, a total eclipse track will cross northern Mexico, and in January, 1925, another total shadow will pass over the great lakes region and onward. Apparently the distribution of these three shadow paths is such that not one in the United States need travel to another country to witness at least one total eclipse in the near future.

Darrew, Morehouse & Brunk
115 Main Avenue East

FOR SALE

FOR SALE—One Dodge Touring car, equipped with Sedan top. One Buick truck, 1 ton capacity. Inquire G. R. Easly, care Western Auto company.

FOR SALE—New house for sale or trade. Phone 781-R.

FOR SALE—160 acre farm near forest reserve; good stock proposition; cheap, good terms. A. M. Wiktor, 137 Shoshone street north.

FOR SALE—Ford car, bicycle and some furniture. 848 Main north.

FOR SALE—Thoroughbred O. I. white pig, either sex, address 234-B, Beach, Route 2; Twin Falls.

FOR SALE—One old rose mesquite all trees; best 35, never watered later; cheap. Room 7, Cottillon Hall building.

DRAFT OF WOMEN IS FACING TROUBLE

PROPOSITION OF CONSCRIPTION OF FAIR SEX HAS BOUGHD BOARD AHEAD
LONDON—Conscription of women soon will start zigzagging its way through the house of commons. Sir William Bull's bill appears to be too coarse for success. If it ever becomes law the changes will be so great that his author must recognize it.

The bill may go on and suffer defeat. Or it may be tabled after it has served the purpose of permitting discussion of the completed problem of forcing Tommy into the army and putting on khaki or blue and do his bit. The Bill will not succeed unless the government lowers the minimum voting age for women. It proposes conscription of women between 18 and 30 years of age, but the majority of the women's suffrage law does not permit women to vote until they are 20 years old. Thus more than ninety per cent of the eligible for conscription have absolutely no voice in the government.

FOR SALE

FOR SALE—4 year old sorrel horse, weight 1100. Enquire Casper Nyberg, 2165 northeast of Hollister, Idaho.

BARE BARGAIN IN HIGH GRADE PLANO—For immediate sale we will sell at a substantial reduction in price a high grade piano which we have stored in Twin Falls; terms to a responsible party; quality guaranteed; particulars to be furnished by writing to the Denver Music Company, Denver, Colo.

FOR SALE—One good Hudson automobile. See T. J. Woods.

FOR SALE—Horse, buggy and harness, city broke, safe for lady. 128 1/2 Ave. E.

FOR SALE—3 acre with good improvements. See H. J. Andrus, Phone 503-3E. H. J. Andrus.

BLACK MINOBA EGGS for hatching \$1.00 per setting. Bernice Finke, 602 3rd Ave. W., Phone 1022M.

FOR SALE—Harley Davidson motor cycle, twin three speed, run 1200 miles; bargain for cash. Call at Majestic Pharmacy.

FOR SALE—My five-room residence, 1101 Shoshone avenue; the most desirable residence corner in town; large grounds, beautiful shade trees; price \$4000; one-half cash. See my responsible realty agent, J. Clyde Lindsey on premises.

DRESSMAKING

STRICTLY FIRST CLASS dress making and ladies' tailoring at 119 1/2 Main avenue north. Mrs. Geo. Key.

TO RENT

WANT TO RENT a small modern house. G. P. B., care Daily News.

WANTED

MONEY WANTED—We have loan for private money as follows: \$2500 to \$5000, at 20% per cent, 5 years at 10% per cent, first mortgages; also of three years, but at building at 10 per cent, valuation to 50 per cent. Call or write Ripley & Tinn, the Real Estate, Elmer, Idaho.

WANTED—Old Ford; want to trade in new photograph. Box 447, Buhl; Ida.

WANTED

WANTED—A used invalid's wheel chair. Phone 244-R.

POSITION WANTED—By competent young lady, a stenographer; references furnished. A. M., care of News.

WANTED—Excavating, such as cellars, cisterns, cess-pools, pipe-line, ditch digging, lawn mowing, lawn mower sharpening and adjusting, and odd job work. Address P. O. Box 635.

HELP WANTED

WANTED—Girl for general housework; small family. Phone 447.

WANTED—Experienced alterer, at Fashion Shop.

WANTED—Girl for store work at Jernst & Rambo's.

WANTED—Girl for general housework. 100 Sixth avenue north.

WANTED—Housekeeper on ranch. No children. Four and one-half miles south Montevideo School house. O. G. Gausman.

FOR RENT

OFFICE Rooms for rent over Alec Store. Inquire of F. R. Cox, same address.

FOR RENT—Summer rates for housekeeping apartments. Transient rooms by day, week or month. Oxford Apartments, North Main.

FOR RENT—One furnished room. 230 Fifth avenue north.

FOR RENT—Typewriter; say make, by month or longer; I pay express to Twin Falls; write me for terms; also good reballs for sale on easy terms. J. R. Richey, Rupert, Idaho.

MISCELLANEOUS

RADIATORS REPAIRED—All work guaranteed. 136 Second avenue north.

FRENCH taught by a Parisian. Apply Mrs. F. W. Meach, 2516 Sixth avenue north. Telephone 4737.

LOST

LOST—Boxing casing and rim; reward. Idaho Republic Truck Co., 127 Shoshone north.

HUN DUPLICITY IS SHOWN UP IN RECENT LETTER

FORMAL AGREEMENTS WERE SCRAPED OF PAPER—GERMANY BROKE PLEDGES AT WILL

By WILLIAM PHILIP SIMMS (United Press Staff Correspondent)

WITH THE BRITISH ARMIES IN FRANCE, June 7.—The German emperor and the freebooters about him continue to regard formal treaties as "mere scraps of paper," according to a letter just found on a prisoner.

Furthermore, there is every indication that the archbishop of Cologne was used as a tool when he wrote the pope requesting that the allies be asked not to bomb German cities on Corpus Christi day.

A letter written by a Cologne resident to a relative in the field sarcastically admitted there would be no Corpus Christi processions or Vespers in Cologne, either in the streets or inside the churches.

After deciphering a British air raid on Cologne a few days before, the Cologne resident wrote:

Sure of Holyday Effort

"The wretches wanted to pay another visit but only came as far as Wesseling, where both cities were heavily machine gunned, but tomorrow is Corpus Christi and we feel sure that another attempt will be made, for the scoundrels must believe processions will be held. No processions will be allowed, however, and the White-Bow processions are forbidden."

Upon receiving the archbishop's request, the British agreed not to bombard German cities on Corpus Christi day. They kept their word. On the other hand, the Germans shelled and tried to bombard Paris. Out here French villages and towns were bombed in the same ruthless manner, regardless of the implied agreement that neither side would bomb open towns during the church festival.

No Military Advantage

This bombing still continues. The villages which are in no way connected with military operations are mercilessly strafed every night.

I saw a group of women, children and old people huddled beside the road near a village. I asked them what was wrong. They replied they were spending the night in the open air. They always seek advantage of these nights to bomb them. There was no soldier in or near the hamlet.

From a conversation with an officer of the German air force, who had been taken prisoner, I learned that the Germans are determined to completely lay waste certain towns far behind the lines. Apparently they are carrying out a scheme of brigandage, the same as they did in Belgium and France at the beginning of the war.

Many Bomb-proof Cellars

It has been ascertained digging bomb-proof shelters outside many villages in northern France in which old folk, women and children spend their nights. This is doubly necessary on account of the latest practice of German airmen in machine gunning sleeping villages, as well as bombing them.

I know of eight women being killed in these village shelters by machine-gun fire. Babies, at their mothers' breasts, are killed in these trenches, just as their fathers die on the front line.

These trenches, dug near the houses far in the rear of the war zone, and in which women and children must hide to escape German machine gun fire and bombs, are one of the most gripping sights of the war.

CONGRESS AFTER SWOLLEN PROFITS

MOVEMENT UNDER WAY TO TURN EXCESS EARNINGS INTO TAX

By L. C. MARTIN (United Press Staff Correspondent)

WASHINGTON, June 6.—The senate today opened the drive on war profiteers. Unanimously passed the Bush resolution calling on Secretary McAdoo to furnish all available information on profiteering, together with a list of the concerns making more than 15 per cent profit.

The resolution calls for the information which President Wilson told congress in his revenue speech in the government's hands. It is to form the basis for a concerted wealth confiscation movement which may go as far as to take every penny of war profits.

Proponents of a congressional pursuit of war profits has begun.

While the house ways and means committee petitioned for one day its scheduled hearings on the new war tax bill, Senator Brown and others were prepared to continue vigorously for a bill to change the present excess profits tax into a war profits tax.

Smoot has drawn a bill under which he asserts, war profiteers will pay the bulk of the taxes, while general business, not owing its property to the war, will not be heavily taxed.

GERMANS WOULD LURE YANKEE SHIPS HOME

(By United Press)

LONDON, June 7.—English newspapers believe the submarine operations along the American coast are intended to lure back American destroyers and patrol boats now in European waters, but are confident this object will not be accomplished.

Bombardment of American coast cities is considered entirely probable.

"It has been anticipated that some of the Deutschland's voyages, a fighting submarine has succeeded in crossing the Atlantic," the Express said.

"The U-boat pirate will have plenty of opportunity for mischief in the western Atlantic. It is possible that some American seaborne tonnage will be bombarded."

"The extension of the U-boat campaign will mean some loss and damage, with certain retribution and the hardening of American determination."

"America realizes the submarine attack is intended to urge back American patrol boats and destroyers now in European waters. America can protect herself and help us too."

The first news of submarine operations on the other side of the Atlantic were published here yesterday afternoon.

The Graphic said:

"This desperate search by U-boats for victims is proof of the straits to which Germany has been reduced. That they got so many victims is due to the unexpectedness of the attack. Now that it has been wined, the United States will be prepared."

Limbs Registered Enlistments—Sheriff F. M. Kendall, chairman of the local board, has received instructions to issue no permits for voluntary enlistment of men in class one under the first draft, or for any rates registered under the selective service regulations on Wednesday last.

Mrs. B. Jemmetts is recovering from a recent operation at the Physicians & Surgeons hospital. Her daughter, Mrs. Anna Emory, who has been with her during her illness, leaves on Saturday morning for her home in Canada.

TOTAL SINKINGS REACH FOURTEEN

STEAMER HARPATHIAN IS SUNK ALONG LINES OF TRUE FRIGHTFULNESS

(By United Press)

NEW YORK, June 7.—(Herald Tribune)—A coming into play in the submarine raids on "Atlantic" coast shipping, according to details of the steamer Harpathian sinking, received here today.

The British ship of 3800 tons was torpedoed without warning between 50 and 100 miles off the Virginia capes. Captain Owen and his crew of 41 had barely time to get into the boat. Flying timbers from the explosion broke one man's leg and injured the head of another. The attack came at 5 a. m. when most of the crew were asleep, and some tumbled into the boats scantily clad.

The German pirate popped up for a minute and was seen to be a big craft, bearing the number 102 or 112 on her conning tower. For 20 hours the Harpathian's men were in their open boats with insufficient food and water. As they rowed for shore, they saw two more German submarines.

Many Ship Missing

Topping of the Harpathian brought the German sinking record to 14—six steamers and eight schooners. The missing total 25—ten passengers and 15 crew of the Carolin. Word came today of the safe arrival at a West Indian port of a 10,000 ton liner for which fear had been felt.

New York's lighting restrictions are being made drastic. Street lights at some places are regulated. A false air raid alarm, caused by blowing of locomotive whistles, caused great excitement in uptown Manhattan, many fleeing to cellars, while the police were deluged with telephone inquiries as to which way the supposed raid, rather, were heading.

HOOSIERS PAY LAST TRIBUTE OF RESPECT

(By United Press)

INDIANAPOLIS, June 7.—Hoosiers today paid their last farewell to Charles Warren Fairbanks.

While the body of the former vice-president lay in state in the capitol, long lines of friends and admirers marched through the corridors.

Services at the Fairbanks home this afternoon will be conducted by Bishop W. F. McDowell, of Washington, D. C. From the home, the body will be taken to Crown Hill cemetery, where lie the remains of James Whitcomb Riley and other noted men.

TODAY'S MARKETS

PORTLAND LIVE STOCK (By United Press)

AUTO TURNS TURTLE ONE MAN KILLED

(By United Press)

IOWA CITY, Iowa, June 7.—W. W. Harnell, wholesale grocer of this city, was instantly killed and Elvoo Casoy, county attorney and Dr. Edward Mahon, of Ottumwa, were seriously injured late last night, when the automobile in which they were riding ran into a ditch near here.

The machine rolled down a 70-foot hill and caught fire.

Harnell formerly was state champion high jumper and basketball star. Casoy was called into the aviation corps yesterday and Dr. Mahon was here to take a medical examination for army service.

TO RE-EXAMINE

(Continued from Page 1)

will be in service or training before the end of this year and deferred classes will have to be tapped to keep up the reserve until a new registration of 21-year-old men can be made.

Volunteers Make Differences

The small number of class one men in cities and counties was due largely to the number of voluntary enlistments there.

Men from 18 to 45 would be eligible to the draft under an amendment to the army bill today introduced in the senate by Senator Cummins of Iowa and referred to the military affairs committee. The amendment provides that no soldier shall be sent overseas until he is 21.

ACCUSED OFFICIAL IS GREATLY WORRIED

FORMER PREMIER CALLAUX IS ANXIOUS AS TO RIGHTS OF HIS ONE-TIME CONSTITUENTS

(By United Press)

PARIS, June 7.—Joseph Callaux, former premier, who is awaiting trial on a charge of treason, today sent a letter from Santo prison to the president of the chamber of deputies, protesting that his constituency is not represented. He also wrote to the president of the examining commission, demanding authorization for the proceedings against him.

Callaux is suffering from a disease of the digestive organs. M. Duval, under sentence of death also is ill.

BEBORE

BEBORE—Mr. and Mrs. Gerald Hill and family of Haggart were calling in this vicinity Sunday.

James Cleaver said little daughter of Nampa made a short call on his mother, Mrs. F. W. Berger, Friday.

R. E. Thomas and sons, Leonard Butcher and F. A. Parrott went fishing near Thousand Springs Sunday.

Mr. and Mrs. W. O. Young and family of Twin Falls visited at R. W. Lammer's home Sunday.

Mr. and Mrs. Rex Lammer visited her sister, Miss Jolie Parrott, at the Brogue home near Dahl Sunday.

F. W. Berger and J. M. Pierce are "courting" in Twin Falls this week.

Mr. and Mrs. F. W. Berger called at Richard Lincoln's near Filer Saturday.

Mrs. Betsy of Hollister spent Sunday with her sister, Mrs. C. W. Simpson.

Short Stories of Plays and Playsers

One of the real old-fashioned types of villain appears in Vivian Martin's new Paramount play, "Unclaimed Goods," in the part of "Gentleman Joe," played by George McDaniel, a "heavy" as of real talent. The professional gambler of the Western ming country is always picturesque and "Gentleman Joe" is made one of the most vivid of these types in the hands of McDaniel. "Unclaimed Goods" will be the feature of the bill at the Idaho Theatre next Monday, Tuesday and Wednesday.

"Love Keeps the Loop," another feature on the Idaho program for the first of the week, derives its title from one of the most sensational feasts ever performed in a motion picture. Mary Thurman, "Keep the Loop" an older star. The picture is a veritable cyclone of fun, in which other thrilling acts are done. Wayland Trask is in love with Mary Thurman, a career girl. Harry Booker, his father, calls on the girl in an attempt to break the engagement and fall a victim to her charms. Trask, spying on the old man, is filled with jealous rage and calls his mother, played by Laura LaVarnie. Charles Murray, a rival of Trask, conceals a cunning plot to get rid of Trask, and a lively time ensues, in which Booker is convinced he has killed Murray, and the latter believes he has killed Booker.

Ben Turpin, the comedian with the double-cross-eyes who equips his merry way through Paramount-Bennett comedies, is afraid only of a blow on the head. When Ben had returned his eyes, giving him a financial asset. The attending doctor remarked that another crack on the head might bring the eyes back to normal again. Which is why Ben is afraid.

The Heavy Hand of Justice. We read recently of a butcher who was discharged for being light fingered. His hand probably did not weigh enough to make it retail profitably. Fargo Courier-News.
