THE TWIN FALLS DAILY NEWS

Published by The Twin Falls News Publishing Co., Inc., at Twin Falls, Idaho

An independent afternoon newspaper issued every day except Sunday

H. A. READ, Publisher; JOHN C. HABRY, News Editor; H. M. SIMS, Manager

Subscription rates table: Mail, One year \$5.00, Six months \$3.00, Three months \$1.75, One month \$1.00

Entered as second-class matter April 8, 1914, at the post-office at Twin Falls, Idaho, under the Act of March 3, 1879

DIPLOMACY

No matter what the eventual outcome, there is no doubt but that Senator Borah in his fight for open treaties with all nations as opposed to old time secret diplomatic methods, has opened up an interesting field for thought.

colleagues of Europe among the men who have too long played with human lives as pawns in a game of chess, who have become so enmeshed in formulae and the jargon of diplomacy that they have ceased to be conscious of the poignant realities with which they traffic, and thus war will continue to be made until the great sinner who are the sport of professional schemers and dreamers say the word which shall bring out eternal peace—for that is impossible—but a determination that war shall be fought only in a just and righteous and vital cause.

Another editorial from a leading London paper, the Standard, of August 3, 1914, says: "We do not know what sort of children our grandchildren will be, but if they are at all like ourselves they will recall with astonishment how Europe went to war in 1914 without passion or hatred or malice; how between two and three hundred millions of people set out to slaughter one another in a fatalistic way merely because the diplomats had arranged things so."

The above excerpts are taken from the speech of June 6 by Senator Borah. They are sufficient to show the existence of a very substantial ground for the position of the Senator upon this vitally important question.

RAISING WHEAT According to conservative estimates, the wheat crop in Twin Falls county this year will reach five million bushels. It may run more than this—unless some unforeseen agency intervenes. It will hardly be less. This includes all wheat on the South Side project, the Salmon project and the dry farms of the county. If this amount should actually be harvested it means \$9,000,000 in money for the wheat growers of Twin Falls county at existing prices.

Some men who are familiar with the wheat outlook on a large scale believe that if this figure is reached Twin Falls county will have produced more wheat than any other county in the United States.

Last year approximately two and a half million bushels of wheat were raised within the county. This year there is double acreage in wheat, and the indications are that the yield per acre will be much heavier.

State School Funds. "Every state in the Union, except Georgia and Pennsylvania, has a permanent school fund, accumulated by various processes. The states admitted to the Union between 1822 and 1848, except Texas, received the sixteenth section in surveyed township for school purposes, and since 1848, with a few exceptions, the states on admission have received the sixteenth and thirty-sixth sections in each township. As a rule the various state school funds have been wisely and honestly managed.

Build Character Firmly. The character which you are cultivating is not your own. It is the building material out of which other generations will quarry stones for the temple of life. See to it, therefore, that it be granite and not shale.

Men Tactics. Turtle eggs are indeed savory and nutritious, but the trouble is to find the nest. The turtle should be taught to cackle.

NEWS and GOSSIP OF WASHINGTON

"Central" No Longer Is Bureau of Information

WASHINGTON, the most talkative place in the United States, if you will. Bureaus of the various departments are to be classed as "word producers," is one of the first large cities of the nation to eliminate talk among its telephone operators.

If you forget to wind your watch at night and wake up early in the morning oblivious of the time of day the eye-contracting "hello girl" will not be your savior. If you are held in your office while the Yankess and the Senators are gummeling each other at the ball park and you pine for the "score," central will be a blank if you ask her.

The White House and capitol could be raging forests of flames, and you in your suburban home might seek knowledge of the location of the fire by taking down the receiver, but central is prohibited from advising you. War has trebled the telephone service in Washington for purely legitimate business, and no longer is there time to be wasted by answering unnecessary questions, say officials of the company, who declared that more than an hour's time each day is saved by the company's decision to prohibit operators from answering unnecessary questions.

Another war move that saves time in Washington is the decision to close all departments to the public. Admission to the White House, except to the executive offices, is now refused to everybody. The time-saving process has even been extended to the street-car systems which now have installed the skip-stop plan, by which the service is expedited.

King of All "Cheap Skates" Found in New York

NEW YORK.—Not far from Herald square there is a blind man who makes a doubtful living selling newspapers. He has been there for years. It was a warm, spring morning with enough tang in the air to make New Yorkers shiver and their feet were aflutter. One of those 1918 model cheap men walked up to the stand. He had on a high hat, frock coat, striped trousers, spats and moustache and mallets. A cane was crooked over his left arm. He looked like a man who could recite "What the fish will wear" without missing a stroke.

A glancing war headline on the blind man's newspapers caught his eye. He passed, and from a distance tried to read the announcement. This whetted his curiosity, and stepping forward he withdrew the top newspaper, retaining it until he had finished the article. Al. Mr. Shappy Dresser ignored the mute appeal. He riddled the newspaper, slipped it under the blind man's arm, helped himself to a shrug and walked on. "A teamster with an unclean neck but perhaps a clean head was driving by. He saw the performance and with a wild whoop jumped from his seat and grabbed the pithy dresser by the arm. "Stealing the news from a blind man," he exclaimed. "That's a little more than the limit. You wouldn't expect to take the shaver's hands—all these may now be considered second-hand cheap men."

Fighting Under Two Flags

By J. W. PEGLER (United Press Staff Correspondent) EDITOR'S NOTE: This is the fourth installment of the first published story of the American Legion of the Canadian army with particular reference to the lives, recently ended in France, of Lieut. Col. Richard H. Griffiths and Maj. Alexander Rasmussen. The fifth and last installment will appear Monday.

For more than three years Griffiths and Mack campaigned together in the Darkest and then on the night of the vaudeville tour of the Western front—and out, in and out, from sector to sector until they knew every half-mile of line from the sea to St. Quentin.

Griffiths was a name. He was known. When his battalion would come marching up to the relief of a comparatively quiet sector, the outgoing troops knew the Foresters were in for a sweet time for Griffiths had only one way of fighting—the offensive way.

"Keep 'em worried; don't let 'em get soft," he would say. "And in the line he would place his troops where they make a thorough inspection of every post and strong point. He would sit up all the reserve stocks of ammunition and supplies. If anything was wrong Colonel Griffiths found it out by his own inspection. Shoot it at 'em. "What's all this?" he would ask a Stokes gunner, pointing to a big reserve pile of ammunition. "That's just a reserve, sir," the

# JULY FOURTH

ONE DAY ONLY BIG PATRIOTIC SPECTACLE WORLD'S MOST POPULAR STAR

Mary Pickford WORLD'S GREATEST DIRECTOR

Cecil De Mille IN GREAT PATRIOTIC SPECTACLE

# "THE LITTLE AMERICAN"

Commences at 10 and runs continuously all day.

### Fascinating Screen Facts

One of the most popular stories ever published in the Saturday Evening Post, "His Majesty Banker Deane," has been dramatized for the screen and will appear next week at the Idaho theater starring clever young Jack Pickford. Louis Huff and an excellent cast will support Mr. Pickford in this clever story, which deals with the adventures of a young strongman who believes himself a descendant of a great king of Egypt and until he is disillusioned acts the part, marrying the daughter of his millionaire "boss" and making thousands of dollars in reckless Wall street plunging.

Mary Pickford's new Artcraft production, "The Little American," staged under the personal direction of Cecil B. DeMille, contains many thrilling incidents, one of which is the torpedoing of the great transatlantic liner, the "Veritania," while a ball is in progress. The spectator sees the beautiful ballroom suddenly submerged and the throng of beautifully gowned dancers thrown into the water. By a strange coincidence these big scenes were taken on the second anniversary of the sinking of the "Lusitania." "The Little American" will be shown at the Idaho one day only, July fourth.

Vivian Martin, the charming Paramount star, is soon to appear in a film version of William J. Locke's novel, "Visitors," which in book form has been exceedingly popular. It is expected to make a most entertaining picture.

A magnificent ward in a hospital, temporarily turned into an English hospital, has been perfectly simulated in "Missing," Commodore J. Stuart Blackton's new Paramount picture, from the novel by Mrs. Humphrey Ward. The picture is realistic in the highest degree.

### MARRIAGE LICENSES

Marriage licenses were issued in Twin Falls Friday to the following: Harold A. Laska, Salt Lake, and Christiana Fraser, Twin Falls.

# COURT ORDER TO OPEN ASYLUM

## JUDGE BARCOCK ISSUES WRIT TO COMPEL ACCEPTANCE OF W. M. BROWN AT BLACKFOOT

A writ of mandamus to compel W. M. Jackson, superintendent of the Idaho State insane asylum at Blackfoot, to take into that institution William M. Brown of Nurtung, who was adjudged insane here on June 3, and since that time confined here in the county jail, was issued Friday by District Judge W. A. Balch. The complaint in the case filed by prosecuting Attorney Frank L. Stephan, Sheriff Frank M. Kendall is named as the plaintiff.

According to the complaint the superintendent came to Twin Falls for the purpose of returning with Brown to the institution, but upon learning that the patient was bedridden, as a result of paralysis, he refused to receive him into the asylum. Correspondence in regard to the case has passed between county officials and Governor Alexander, who ordered an investigation of the circumstances.

Since being taken in custody here, Brown's mental affliction is said to be increasing, and he has threatened his attendants. He is 61 years of age, unmarried, and has been by occupation a farmer.

W. M. BROWN, who was adjudged insane here on June 3, and since that time confined here in the county jail.

A wedding of interest to Twin Falls people occurred Saturday, June 22, at Whitehall, Montana, when Mrs. Cecelia Collier became the bride of Robert B. Payne. Both are well known here. Mrs. Payne being manager of Hickley's store for some time, of which her mother, Mrs. Hickley, was owner. Mr. Payne is associated with contractor G. W. Reed.

Thursday evening the Pythian Sisters enjoyed a delightful picnic at Shoshone Falls, cooking part of the "feast" over a blazing camp fire. They were conducted to the picnic grounds in autos, returning by moonlight. About thirty were present and a stellar affair is in store for the future.

Miss Gladys Chappel entertained delightfully at a dancing party Thursday evening. Punch was served throughout the evening, followed by dainty refreshments. Twenty-six guests were present.

Miss Fern Castello entertained delightfully Thursday evening at a card and dancing party. Twelve tables of "500" were in the living room which was later used for dancing. At the close of the evening, dainty refreshments were served to Mr. and Mrs. Dave Ginder, Mr. and Mrs. Fred Schaeffer, Mr. and Mrs. Wm. Wagner, Mr. and Mrs. Seider, Mr. and Mrs. Seligman, the Messers Amos, Roberts, Banker, Burton and Paul McShane, Conover, Hart, Amos, Howell, Agard, Bonitt, Warner, Wright, Tuttle, Putney, Messiers Peter Elliott and Estley and the Messrs. Beahm, Kenney, Myers, East, Dol and Ray Logan, Chas. and Zack North, Mrs. Bailey and McCooly.

### HELD TO ANSWER FOR KNIFE ASSAULT

Boy W. Standie of Hansen, Must Stand Trial in District Court on Polony Charge

As the result of a preliminary examination before Probate Judge O. P. Duvall here Friday, W. Standie of Hansen, was held to answer in the district court to the charge of assaulting Evans Thompson with a pocket knife at a dance Monday evening in the Electoral district schoolhouse, four miles south of Hansen. Dol in the sum of \$1000 was required.

Thompson, at the examination, exhibited his back, and his shoulders covered with bandages which were saturated with deep flesh wounds, inflicted by Standie. The complaining witness in the case is Mrs. Kae Thompson, mother of the injured man. Standie is said to have offered an explanation of his attack upon Thompson, the statement that he was first knocked down by Thompson and that subsequently Thompson's mother struck him with a club.

### WOULD BRING BACK SOLDIERS FOR WORK IN HARVESTFIELD

Some of the young men who have left this county under selective service call may return for a time to assist in harvesting crops if the request transmitted in a telegram Thursday to the community officer at Camp Lewis, Washington, is granted. Following is the telegram: "Will it be possible for you to obtain furloughs for 50 men from Crowder's platoon during the harvest time? This number is badly needed here during the next 30 days."

### LOCAL BRIEFS

School Teacher Here—Miss Harriet Pettolino, a graduate of a normal school in Washington, is here visiting, and will fill a position in the grade schools next fall.

Attends Brother's Funeral—Mrs. W. J. Smith left Wednesday for La Grande, Oregon, to attend the funeral services for her brother John Houghan, who died suddenly in that city.

Back from Convention—Mr. and Mrs. W. R. Hill returned Thursday evening from Homedale, Idaho, where they went from Boise at the close of the Republican state platform convention to which Mr. Hill was a delegate from this county.

Returns from East—Mrs. P. L. Schaeffer and son and daughter, Miss Agnes and Francis, returned yesterday from an extended visit at the old home in Iowa. They reported a delightful trip, but are glad to get back to Twin Falls.

Will Sell Cooked Food—The Hook Creek, Hansen and Excelsior auxiliaries of the Red Cross will hold a cooked food sale from a booth in the park on July Fourth. Home-made bread and cookies, chicken and beefed ham will be for sale from nine o'clock on throughout the day.

Ferry to Run—For the convenience of Fourth July visitors to Twin Falls, the Shoshone ferry will be in operation and the grade, on which road improvement work is in progress, will be opened from 6 o'clock Wednesday evening, July 3, until 6 o'clock Friday evening, July 6.

Committee Seeks Information—Anyone who desires to take part in the great Fourth of July parade in Twin Falls is instructed to communicate immediately with C. E. Munson, chairman of the parade committee, telephone 276, or with Sergeant W. E. McCracken at the local marine corps recruiting station.

Will Continue Soldiers Business—The music business established here by Robert E. Logan, one of the members of the selective service contingent which remained here Friday evening for Camp Lewis, will be conducted during his absence by his father and sister. The business is to be removed in

COAL CANNOT BE HAD IN TWIN FALLS ADMINISTRATOR C. D. THOMAS GIVES REASON FOR TEMPORARY FUEL SHORTAGE

There is not in Twin Falls at the present time a single pound of coal for sale, according to the statement of County Fuel Administrator C. D. Thomas this morning. The situation stems from the fact that cars have been directed temporarily from use in transportation of coal to other purposes. It will be serious only in the event that it continues for more than two weeks, when the threshing season will open. State Fuel Administrator R. F. Hickory here Thursday stated that cars would be not used within a few days for the moving of coal until such time as they should be required for the shipment of grain crops. Mr. Thomas has communicated with State Fuel Administrator F. R. Gooding, calling his attention to the necessity for a supply of coal here for threshing operations.

It is incumbent upon every consumer of coal to fill his cellar at the earliest possible moment, Mr. Thomas advises, for the reason that once the cars are diverted for the purpose of moving the grain crops they will be used exclusively for that work, probably until January 1.

PLEAD GUILTY AND PAY FINE "Holy" Moore and Mrs. Ethel Curran, recent arrivals in Twin Falls from Spokane, when Sheriff F. M. Kendall arrested her along with Karl Fritz, unregistered enemy alien as they were about to leave with Fritz and his wife for Utah, pleaded guilty in probate court here Friday to a charge of committing a statutory offense. Judge O. P. Duvall assessed a fine of \$25 against the woman and \$50 against the man.

The new future to new quarters at 110 Main avenue north. Draft Will Take Teacher—E. V. Natziger, for two years past instructor in science and athletic coach at the Twin Falls high school, will be one of the new to go from Twin Falls county July 22, under the next draft call, according to word sent to him Friday by the local board. Mr. Natziger is now in Chicago in attendance at the summer session of the University of Chicago.

Unexplained Absence of Fifteen Year Old Girard Andrews Occasions Concern at Home

The unexplained absence of Girard Andrews, 15 year old son of Mr. and Mrs. G. C. Andrews, residing three miles southeast of Twin Falls, who left home Sunday afternoon last, after offering to accompany his parents on a trip to Shoshone falls, is a source of utmost anxiety to his relatives and friends. They are of the opinion, since he was gone Sunday afternoon walking on the road about two miles west of his home, that he has gone out in search of employment. They have no objection to his working elsewhere, but are deeply anxious that he shall write and let them know of his whereabouts. "We believe," his mother said Friday, "that Girard simply became restless at home and wanted to work elsewhere for a while. There was no other reason why he should have left. He seemed quite happy and contented and never mentioned wanting to go. He probably thought we were all too busy to be bothered with his plans and desires."

Young Andrews is said to be large for his age. When he left home he was wearing a blue serge suit, but he took with him a suitcase containing his work clothes.

# Let an Expert Do It

Charging is not an especially complicated process, but it is an especially important one.

By proper charging, batteries are returned to their proper condition; by improper charging, their life is likely to be seriously shortened.

When your battery is charged by a Willard expert,

the charging rate is carefully determined, and is slowed down by just the right amount as the process nears completion.

Ask us about the Still Better Willard. It is the only battery with the "Bone Dry" principle that is your absolute assurance of getting a battery as new as the day it left the factory.

### GERMAN IS TAKEN AS RULES EVADER

AMIL HOLLENBROCK ALIAS MUEHLER, GLOBE TROTTER LANDED HERE

Failure to comply with the government's regulations regarding registered enemy aliens is the charge which has been filed by Sheriff F. M. Kendall against Amil Hollenbrock, alias Amil Muehler, who was arrested Thursday evening by Deputy Sheriff John Beck at the Journey farm, three miles east and six miles south of Twin Falls, where he had been employed for 10 days. Hollenbrock, according to his story to the officers, registered in compliance with the government's requirements in February at Boise, Idaho, but failed to report subsequently to the registrar, as required or to advise that officer of his intended departure from that district.

The complaint has been filed with United States Commissioner C. Higgins. Conviction of the charge may result in Hollenbrock's incarceration in a prison camp during the continuance of the war.

Hollenbrock told the officers that he had been a sailor, and that he had visited practically every important port in the world. He has been in the United States only about four years he stated.

### ENGLISH RECRUITS REPLACE BRIGADES

Premier Lloyd George Tells Commons American Divisions to Be Forward Soon

LONDON, June 28.—Premier Lloyd George, in addressing commons last night, threw an interesting light on the arrangements under which American troops were brigaded with the British and French. He said it was done with the understanding that British recruits should replace the brigaded Americans as soon as possible, so the latter could be formed into American divisions.

### Deaths

Alexander D. Harrison, 11 months old son of Mr. and Mrs. W. H. Harrison, died at 6 o'clock Friday morning at a local hospital. Funeral services were held at 2 o'clock Saturday afternoon from the Baptist church, with interment in the Twin Falls cemetery.

### MEANS BIG BOOST FOR AUTOMOBILES

The announcement by Director-General of Railroads McAdoo that on June 10 passenger rates will jump to three cents a mile and that a 25 per cent increase in freight rates goes into effect is declared by officials of the B. E. Goodrich Rubber Company to be the greatest boost transportation by motor vehicle has received since it became obvious that carriers other than steam driven would be essential for effective releasing of national resources.

One interpretation placed on the action of Mr. McAdoo is that the government believes motor trucks are capable of handling a tremendous share of the nation's freight and that the increase is to discourage shippers from using valuable car space for the transportation of products less essential to the needs of the nation.

Manufacturers of passenger cars have also taken heart because the decision tends to encourage greater use of the automobile for travel and unless an increase in the cost of gasoline offsets the gain motor cars should be used more than ever before.

### SAARBRUEN RAIDED

Berlin Dispatch Says Four Killed and Twelve Injured

AMSTERDAM, June 28.—Four persons were killed and twelve injured in the allied air raid over Saarbrücken Tuesday, according to a Berlin dispatch.

### MILLION SOLDIERS ABROAD BY FOURTH

PARIS, June 28.—Andre Tardieu, commissioner of Franco-American relations in writing his annual, declared today there will be a million American soldiers in France by July.

### GERMANY AGREES TO DISCUSS WELFARE OF WAR PRISONERS

WASHINGTON, June 28.—Germany has formally accepted the American offer to meet in Paris August 5 to discuss care, maintenance, and exchange of prisoners.

### BULGARIA WANTS WAR DECLARED ON GREEK

AMSTERDAM, June 28.—Bulgaria is demanding that Germany and Austria-Hungary declare war on Greece, the Kreuz Zeitung states.

Effective Thursday morning, May 8, and continuing until the completion of road improvement work now in progress, the Sheehans falls grade will be closed to traffic of all sorts except those on the basis of a permit issued by the Board of Supervisors on Monday, June 24, at 8 o'clock a. m. Monday, June 24, at the County Office.

### BUHL DISTRICT KEEPS TAB MOTOR TRUCKS

SUMMARY OF MONTH'S OPERATIONS SHOWS THAT GARFORD HAS LOWEST COST OF DELIVERY PER YARD—WHITELEADS IN YARDAGE WITH TRAILER

A summary of the number of hours each truck used by the Buhl Highway District worked during the month of May, the number of yards of gravel delivered and the cost of delivery for each per yard, reveals interesting facts. All of the trucks hauled the same distance, and over the same roads, so that the conditions for making the records were practically the same. The gravel was hauled from four to five miles from the pit to the road where used.

The summary shows that the White truck hauled the largest yardage, hauling 107 cubic yards more than its nearest competitor, the Garford. However, the cost of hauling per cubic yard was 68.95 cents for the Garford and 56.41 cents for the White. The cost of the other two trucks per cubic yard was considerably higher, and the yardage was much less. The cost of hauling per cubic yard for the Kelly Springfield was \$7.14 cents, and for the Mack delivered and the cost of delivery for 71.45 cents.

The four trucks delivered a total of 2,270 cubic yards of gravel during the month of May, 1918. The total cost of placing this gravel on the roads per cubic yard, including purchasing the gravel, loading the bunkers, and placing the gravel on the road, was between 90 and 91 cents per cubic yard. This cost includes everything except the depreciation on the trucks.

Following is a record of the truck performance for the various trucks during the month of May as made up by the secretary of the Buhl Highway District, J. C. Finch:

White	Garford	Kelly	Mack
Hours Worked 391	283	249	228
Mileage Made 1108	1060	1023	1108
Trucks 95	102	110	111
Yards 458	497	412	469
Trailers 98	51		
Yards 294	152		

White	Garford	Kelly	Mack

### Splash of Ships Will Be Heard Around the World

SCHWAB TELLS ILLINOIS MANUFACTURERS THAT BETWEEN NINETY AND ONE HUNDRED BOATS WILL ENTER WATER ON JULY FOURTH—BUILDING FASTER THAN THE HUNS CAN SINK

CHICAGO, June 28.—Chairman Hurley of the United States shipping board declared here Friday before the Illinois Manufacturers' Association that the close of the war will find the United States with a big merchant marine and vast opportunity for world trade.

"A thousand trade jams and dams all over the world will go out with a roar when peace returns," he said, "releasing stored agricultural products, raw materials, manufacturing facilities. We shall be in an advantageous position then, because we will have ships with which to take our place in the world trade. But ships will be of little use unless the American business man has by that time learned to think in terms of ships and world trade. He must learn to regard the whole world as his market."

Director Schwab Speaks  
He revealed that the president is a student of manufacturing costs and that he has kept personal account of the \$100,000,000 emergency fund given him by congress.

Charles M. Schwab, director general of the Fleet building corporation told the business men that ships are being completed rapidly. Between 60 and 100 will be launched July 4, he said, without holding back those ready for the dip before the fourth.

"They will make a splash that will be heard around the world," Schwab declared.

He repeated assurances that the U-boat is beaten and that ship construction is outstripping destruction by submarines.

Schwab made a hasty inspection of Chicago war plants in company with Edward N. Hurley and Charles Pize. He expected to visit lake ship building later.

### DELAY ACTION ON RUSSIAN SITUATION BECAUSE OF LACK OF STRONG PARTY TO DEAL WITH

By CARL D. GROAT (United Press Staff Correspondent)

WASHINGTON, June 28.—Delay in American aid to Russia is due to lack of a strong party there with which to deal. Government officials said today that this situation is proving one of the main obstacles, as it means that any faction ignored by the United States would probably turn upon Americans directly and perhaps dangerously.

"The Bolsheviks are not powerful enough to recognize or deal with, it is held. With Kerensky planning to come here soon, it is expected that he will attempt to get United States backing to put him again in power.

Despite the complications presented by the Russian chaos, the president is going ahead with his idea of assisting the nation and keeping it from succumbing entirely to German control.

Dwinsk Survivors Tell of Sinking of British Transport

**WERE ON VERGE OF STARVATION WHEN PICKED UP BY FISHING SCHOONER—THREE TIMES OTHER BOATS PASSED WITHOUT SEEING THEM**

HALIFAX, N. S., June 28.—Twenty survivors of the British transport Dwinsk, sunk off Bermuda on June 18, look up the shadow of death by thirst and starvation today when they were landed at Sheburne near the fishing schooner James M. Marshall.

Chained into one lifeboat of the geyen with which the Dwinsk was equipped these men had drifted and sailed 600 miles, during which time they lived a Robinson Crusoe, Swiss Family Robinson existence on bits each morning an desecrating.

Their boatwain's mate Larballerstein, who, like his twenty-three companions in British, told the story of the terrible voyage today.

**Lost Other Boat**

The submarine launched its torpedo early in the forenoon of June 18, and without giving the slightest warning. The men piled into the seven boats as the undersea craft started to shell the stricken vessel which was fast sinking.

The boats kept together all during the day, but when night came they separated and when another day came the boat carrying the boatwain's mate and his companions was out of sight

of the others. Three times during their long trip north and east they saw vessels pass them without halting to pick them up. They were far away from the fishing vessel off Seal Island they were down to the very last of their ship's biscuits and water with which the boat had been hastily provisioned when the attack was made.

The Marshall's home port is Gloucester, Mass.

Other survivors from the Dwinsk have been landed at New York and other American ports.

The twenty-four taken to Sheburne probably will be brought to Halifax.

Charles M. Schwab, "war ship builder," planned to leave Chicago tonight for the Pacific coast to witness the big "epiphany" of launching there July next. He told Chicagoans to look for a doubling of the special program which has resulted in the building of 100,000 shipping tons each day.

Schwab spoke before two meetings—Tillinois Manufacturers, Men of Wealth and Stockyards employees. He lauded the German submarine in his lecture and that the American shipbuilding program is working out smoothly enough to permit launching 100 ships a day by July 4.

## W. S. S. CAMPAIGN IN COUNTY FALLS SHORT OF GOAL

### DISTRICTS OUT OF ORDER ON HONOR ROLL—CITIZENS MUST INVEST \$800 MORE THIS YEAR

#### RESULTS OF W. S. S. DRIVE IN TWIN FALLS COUNTY

Subscription	Quota
Twin Falls	\$112,704
Apple	35,000
Elmer	25,000
Kimberly	20,410
Haskell	20,300
McIntosh	4,750
McIntosh	106,000
DeWitt	5,200
Hogerton	11,600
Hogerton	4,400
<b>Total</b>	<b>\$259,864</b>
<b>Quota</b>	<b>\$350,000</b>

Approximately \$100,000 short of its goal, the four days drive in Twin Falls county to secure subscriptions and pledges for investment of \$350,000 in War Savings Stamps came to a close Friday evening.

At that time at headquarters were only five of the ten districts reached or exceeded their quotas. The best record was by the following districts: Kimberly, Hessel, Hadden, Hollister and Berger.

#### Director Is Confident

Notwithstanding the fact that the campaign has fallen short of its goal, A. Gilbert, director of War Savings Stamps in Twin Falls county, expressed confidence that the county's appointment of \$400,000 will be fully subscribed before January 1, 1919. Sales of War Savings Stamps in the county up to June 1 were \$107,233. This amount plus the drive pledges brings the total of subscriptions and pledges up to \$307,233, leaving \$92,767 to be subscribed before the close of the year.

#### Results in Twin Falls

The results in Twin Falls were obtained by captains—each serving in each block—under the leadership of four colonels: H. J. Ringbaker, eastern division; J. W. Jesse, eastern division; C. S. McClinton, western division. Following are the reported totals of pledges and subscriptions in each division: Northern, \$77,500; southern, \$10,000; eastern, \$44,000; western, \$10,000.

#### The Banner Block

The banner block in the drive is block 23, on Blue Lakes boulevard between Sixth and Seventh avenues east. Subscriptions and pledges in this block totaled \$2,800. Claude S. Stewart is the captain for this block.

#### Colonel as Firebrand

As an outcome of the drive, and pursuant to an agreement previously entered into, Colonel John W. Jesse, who failed to secure in his district pledges and subscriptions exceeding the amounts secured in Colonel H. J. Ringbaker's division, will lead through the principal streets of the city on the Fourth of July a pig which has been donated for sale at the Red Cross auction on that day.

#### Limits Club Personnel

Following are the members of the "Limits Club" in Twin Falls, which is composed of subscribers to \$1000 worth of War Savings Stamps, as given out at headquarters this morning: Dr. T. O. Boyd, John M. Maxwell, Frank Bender, Mrs. Frank Bender, Mrs. John F. Cotghin.

#### The Limits Club of Kimberly

The Limits club of Kimberly is composed of the following: John W. Hardin, Mrs. John W. Hardin, Calvin Owens, J. M. Steolsmith.

#### Hanson's Limits Club

Hanson's Limits club consists of H. P. Larson and George Crockett.

#### The drive committee announces that membership in the several Limits clubs will be accepted at any time during the year.

#### Bruce's Interpretation

Little Bruce, who is in the second grade, startled her parents by insisting that her teacher was all the time calling for cigarettes. Her mother was so puzzled over this that she visited the school one afternoon to find out what the child meant by such a charge. In a little while the mystery was solved. The teacher, glancing around the room, called out to the pupils: "Sit erect, sit erect!" Beside looked at her mother and blurted out triumphantly: "There, mamma, didn't I tell you?"—New York.

## YANKS LAND IN ITALY

### SANITARY FORGES ARE FIRST TO GO TO ASSISTANCE OF ALLY

WASHINGTON, June 29.—The first American troops landed in Italy yesterday, Chief of Staff March announced today. They are mainly sanitary forces and have been on the high seas for some time.

This outfit is distinct from that which General Pershing will send. On the absence of his full official report on yesterday's drive, March declined any statement.

#### SITUATION ENCOURAGING

But he said the entire front position was favorable to the allies and pointed to the Italian success which had been inspiring from both a military and psychological standpoint.

His reports showed the Italians had captured 18,000 Austrians. The Italians have restored their line to practically what it was before the Austrian drive.

Concerning the landing of American troops in Italy, the chief point is that their character was chiefly non-combatant, but that combatant troops had been assigned by General Pershing to go from France.

#### Heat-Resisting Cement

It is often convenient to have a cement that will resist considerable temperatures. There is the recipe for a good heat-resisting cement: Take 50 parts of sulphur, one part of resin and one part of tallow. Mix these ingredients together and add one pound of water to form a paste. This cement must be heated before being used.

#### Best Methods

An ounce of prevention is worth well, you know what it is. The best way to put out a fire is not to let it start. The best way to cure a cold is not to have one.

#### PRIVATE HOXEY

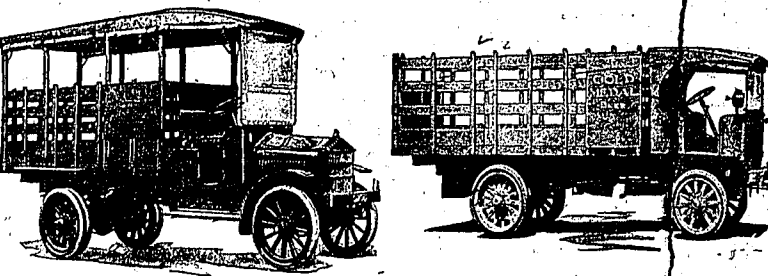

Private Hoxey, company A, One Hundred and Seventh Infantry, a fellow of the General Theological seminary, was part of a fashionable Episcopalian church at Texedo, N. Y., before he entered the war and now, in khaki, is with the New York division training for the trenches at Camp Wadsworth.

## Flags and Bunting

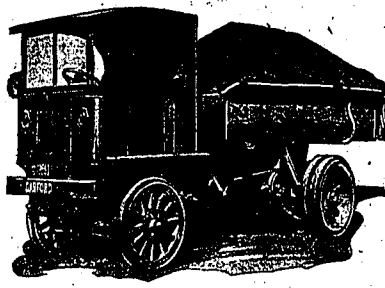

are always part of the Fourth. This year especially you will want the colors floating from your home, store or office. We can supply you at lowest cost.

# Garford Motor Trucks

## Not What You PAY But What You GET

Large and small business needs motor trucks—that is conceded. Motor trucks save you costly delays. Then the evident thing to do is to buy one today. But when you buy—buy a Garford. For Garfords have an established value. Years of manufacture have lent them the prestige you need. Garfords are dependable freight haulers. They are noted for power, stamina and economy.

Thousands of firms when once they buy Garfords, continue to re-purchase them. That is the best recommendation we know of. Built to resist the severest service strains—Garford Motor Trucks represent a good investment for you. When you buy a Garford you buy years of manufacturing experience. Delays are dangerous and costly. There is a Garford to fit your needs. Let our experts show you.

#### TODAY'S MARKETS

##### NEW YORK STOCKS

New York, June 29.—The stock market was reactionary at the opening today. Marine preferred, one of the leaders at yesterday's close, was off ½ at 102½. Reading was up ¼ at 20½, and U. S. Steel was up ¼ to 108½. The market closed irregularly. U. S. Steel closed down to 105, while Anaconda was up ¼ at 67 7/8. The only activities during the last hour were in copper and oil shares.

##### CHICAGO GRAIN

CHICAGO, June 29.—Belief that corn supplies will not be plentiful next month was back of an upward movement in corn futures on the Board of Trade here today. Oats trailed along. A reaction before the close was due to profit-taking and a general adjustment at the close of the week's business. Strength in grain futures maintained strength in provisions most of the time, despite lower hog prices. June corn was nominal, closing at \$1.48, down ¼¢ from yesterday's close. July corn opened at \$1.48½, down ¼¢, briefly and dropped 7/8¢ at the close. August corn was up ¼¢, opening at \$1.51 and later lost ¼¢. June oats opening late at 78½¢, was down 7/8¢. It closed at 80¢. July oats was unchanged at the opening, 75 5/8¢, later losing 5/8¢. August oats, down 1/8¢ at the opening, closed at 69 5/8¢.

#### FRENCH TAKE 1,000 PRISONERS

(Continued from Page One)

hardly by anti-aircraft batteries. Some bombs were dropped but there were no victims. "All clear" was sounded at 12:30, this morning. "South of the Alps the Germans attempted to eject the French from positions taken yesterday," the communique said. "Several battalions attacked between the Posen-en-Bas and Coty ravine. They were repulsed, and the French front was integrally maintained."

#### Fighting Around Rheims

"Southwest of Rheims there was sharp fighting in the sector between Montagne and Bigny (about half way between Rheims and the Marne). Italian troops ejected the Germans, who obtained a momentary footing in advanced elements. "Northwest of Mondlifer (in the Cantigny region) the Americans conducted a successful raid, taking forty prisoners, including one officer. "In the forest of Apremont (on the left wing of the American front) there is a line of French troops took prisoners and ammunition in a raid."

#### Real Purpose in Life

I am not concerned that I have no place; I am concerned how I may fit myself for one.—Confucius.

#### Thrive by Thrift—Buy W. S. S.

#### FRAUD EXISTS, SAYS

(Continued on Page Eight)

\$244,738,905, of which about one-tenth was applicable for dividends and surplus as compared with \$49,520,407 in 1914. The copper industry more than doubled its average earnings. "Twenty-one companies made profits in 1917 which ranged from one to 107 per cent on their investments. The average profit was over 24.4 per cent as compared with 11.7 per cent in 1913, normal year. These increases were partly due to heavy war demands.

#### Here's an Honest One

No unusual profits were found by the commission in the zinc industry with the exception of the New Jersey Zinc company. Basic percentage on the capital stock issue of \$36,000,000, this concern made 50 per cent profit in 1917, and paid a dividend of 40 per cent. The large profits of this concern are explained by the possession of an ore body of unusual purity and richness.

#### The International Nickel company

made profits in 1916 of \$13,557,000, 40 per cent of the net investment.

#### The increased profits here are due largely to good trade conditions and a large output.

#### Information of the commission does not indicate excessive profits on lumber on the western coast.

#### Forty-eight southern pine producers made an average profit on the net investment in 1917 of 17 per cent as compared with 6.2 per cent in 1916.

#### Coal Makes Good Money

Margins of the coal industry in many cases were two or three times normal. Twenty eastern bituminous mines in central Pennsylvania averaged a margin of 80 cents a ton in 1917, as compared with 20 cents in 1916. The highest margin of any of these companies was \$1.85 as compared with 41 cents in 1916. Out of 100 refining companies investigated, the first quarter of 1918 shows an average profit of about 21 per cent. The average pre-war profit was about 15 per cent. Leather industry profits increased high as five times over those of pre-war business.

#### Milk Business Great

Survey of the leading canned milk companies show that practically every increase or decline was inaugurated by either the Borden Condensed Milk company or the Hevolla Milk Condensing company. In 1917, according to the normal of the company, Hevolla made over 50 per cent on cost and 65 per cent on investment. The Borden made approximately 10 per cent considered relatively high. Salmon/canons' profits were ap-

proximately 52.8 per cent on the net income. This average does not reveal that some of the low-cost companies included in the average made over 200 per cent.

#### Some Juggling Too

Minnesota's Butterforges were resorted by concern coming under the ban of government price-fixing. In many cases the companies sought to evade the law by account juggling, the report said. One concern was found to have charged to expenses nearly \$2,000,000 paid in salaries and commissions. Several single items showed payments of over \$150,000.

#### Attending Gas School—Captain P. W. McRoberts of Twin Falls, commanding headquarters company of the One Hundred Forty-sixth regiment of field artillery, camped largely of Twin Falls boys, with the American expeditionary forces in France, has been detailed to attend a school for training for gas attack somewhere in France, according to word received in a letter under date of June 7 received from him Friday by Mrs. McRoberts.
