

## WIOLENT ENEMY REAR-GUARD ACTION FAILS TO STOP THE ALLIED ADVANCE

### GERMAN PLANS BADLY MIXED BY BREAKDOWN

FORCES DRAWN FROM ALL PARTS OF FRONT TO SAVE MATERIALS ACCUMULATED IN SOISSONS-REIMS SECTOR—TIME IS AGAINST HUNS

(By WEBB MILLER (United Press Staff Correspondent))  
PARIS, July 25.—Germany's desperation in ruthlessly sacrificing her manpower, time and material by throwing in division after division to be chewed up in the Soissons-Reims front is due to four reasons:

First, the allied armies around the ring encircling the Germans are giving the former the incentive of a new move when it disrupts the carefully laid summer campaign which Ludendorff promised would bring victory annals.

Second, Foch is using up the German's time, which is vitally important to them.

Third, the German militarists so encouraged the public with the idea of taking Paris that they dare not admit by retreating that their cause is gone.

Fourth, Ludendorff accumulated vast quantities of material within the Soissons-Reims pocket for future operations which he is trying to save by throwing in fresh divisions.

### THOUSANDS IDLE IN THE BRITISH MUNITION PLANTS

STRIKES IN COVENTRY AND BIRMINGHAM APPARENTLY SPREADING—WOMEN STILL WORK

LONDON, July 25.—Two hundred thousand munition workers in England were idle today as the result of strikes in Coventry and Birmingham. In Coventry 10,000 have joined the ranks of those who have laid down their tools, and in Birmingham 50,000 have walked out. Electricians were included in the strikes in the latter city, forcing the plants to shut down, which has thrown 150,000 out of employment.

Upon the result of today's conference between representatives of the government and the union men depend resolutions of more than 100,000 other workers to quit their tasks. Winston Churchill will be representative of the government in the conference. It is understood the war cabinet has taken the position that inasmuch as the strike is a direct blow at the government, plans will be laid at once to force the striking men into the army, unless they return to their work.

Women Strikers to Poles  
Meanwhile a few plans are struggling on at Manchester, through the resolution of five thousand women workers to stick to their work. A resolution has been passed by them pledging their loyalty to the government and to the men in the trenches.

A resolution adopted by workers in the Woolwich district says: "Strike now, and you will earn the blessings of the Kaiser."

Morning newspapers express sympathy with the workers but have no sympathy for a strike. They urge the government to handle the situation coolly.

The trades union advisory committee, following a conference today with government officials, advised the striking munition workers to resume work, the official press bureau announced.

### HUNS LIKELY TO STRIKE IN ITALY

ENEMY MUST PREPARE TO TAKE STING OUT OF DEFEAT IN WEST

WASHINGTON, July 25.—Stung by the smashing defeat of their plans in France, the Austrians are believed about to strike back in Italy.

General Guglielmo Giuglielmini, Italian military attaché here, believes the Boche will try this means of stopping Italians from going to the west front, and will also try to cover up at home the fiasco of the Italian campaign.

General Giuglielmini asserts the blow is most likely to come in the mountains front because the Austrian forces in this section were the least affected by the rout along the Piave.

### KING OF UTAH DEMANDS WAR

AGES PRESIDENT WILSON FOR DECLARATION OF WAR AGAINST BULGARIA AND TURKEY

WASHINGTON, July 25.—Senator King of Utah, called at the white house today, urged upon President Wilson an immediate declaration of war against Bulgaria and Turkey. King takes the stand that these two nations can be separated from their German alliance more quickly if they know that this country is ready to declare war upon them.

### ENEMY DRINGS UP TROOPS FOR FINISH FIGHT

MEN AND MATERIALS MOVE TOWARDS LINE OF BATTLE—LEADERS DARE NOT ACKNOWLEDGE DEFEAT TO THE PEOPLE AT HOME

(By LOWELL MELLETY (United Press Staff Correspondent))  
WITH THE FRENCH ARMIES IN THE FIELD, July 25.—The allies continue their relentless pressure against the pocket into which the crown prince's inglorious "Friedenstrum" led hundreds of hopeful German soldiers.

One point after another is giving away before the pressure. The measure of resistance which the Germans are offering between Rhêmes and Bolsons, likewise the measure of the danger of their situation, is shown by the fact that where 43 of their divisions (500,000 men) are now within the salient of which 15 were added after the "Friedenstrum" started.

Inside the pocket, the seriousness of the German predicament has been increasing daily for the past three days.

Fore in Tardenoux has been the center of all railway and highway traffic, from the west a heavy cavalry force, headed by the allied artillery and airplanes.

Just such a bombardment machine, I was able to discern while standing on a hill beneath a line of French sausage balloons a vast great volume of smoke rolling up from two villages behind the German lines. I saw the color of a balloon descend rapidly in parenthesis when one of these aviators attacked the gas bags.

Resistance Strong  
In this section, since dawn the French had advanced six kilometers (three and a half square miles), completing the capture of Hols de Challes and taking Brecey, once the Germans had been driven out of the town.

At some points the Germans resist hotly. At others apparently the machine gun positions are left to hold up the allied advance. Frenzied resistance of their kind is being met in other places.

### WORLD RECORD IS SHATTERED

DESTROYER WARD TURNED OUT COMPLETE IN SEVENTEEN AND ONE-HALF DAYS

WASHINGTON, July 25.—All world records for destroyed building were broken when the Ward was placed in commission at Mare Island navy yard today. The keel was laid May 15 and she was launched 17 1/2 days later. Before the war it took 30 to 24 months to complete a destroyer.

### MAIL CARRIERS STRIKE

OTTAWA, Ont., July 25.—Mail carriers today were on strike in many towns and cities of Canada, including Toronto, Peterboro, Brandon, Calgary and New Minister. Trouble in Montreal has been avoided through promises of bonuses to married men.

GERMANS CAPTURE TOWN AND WOOD BUT FRENCH RETAKE BOTH POINTS  
PARIS, July 25.—Heavy counter attacks last night in the region of Dornum, the Communists said.

### HINDENBURG IS GUESSING WILD ON FOCH PLANS

GERMAN ATTACKS IN THE AISNE-MARNE SALIENT INDICATE EXTREME CONFUSION OF ENEMY

By J. W. T. MASON, (United Press War Expert)  
NEW YORK, July 25.—The fourth year of the war is ending with the strategic initiative dramatically restored to General Foch along the Marne, following America's first co-operative engagements with the allies.

Desperate counter attacks by the Germans at the southeast corner of the Aisne-Marne salient, the farthest point removed from their central supply station at Fere-en-Tardenois, indicate von Hindenburg's fears that his Marne forces are in danger of being crumpled up by a surprise blow which Foch might launch in the Dornum sector.

Normally, the principal attention of the German general staff of this front should be centered on protection of the protection of the railway between Fismes and Fere-en-Tardenois, along which the troops in the Aisne-Marne salient are posted. The Franco-Americans are now within five miles of Fere-en-Tardenois, whose capture would be a matter of serious concern for the Germans.

Makeover Move  
Instead, however, of using what initiative he still possesses for the defense of Fere-en-Tardenois, von Hindenburg last night struck a blow near Dornum, where there has not been serious fighting since the present series of Franco-American assaults began. It is scarcely conceivable that the Germans are developing a strategy of offensive. The Dornum strike is essentially a defensive measure, destined to safeguard the Germans in the northern area of the Aisne-Marne salient.

The necessity for these plans was fully justified at the first serious encounter between the Americans and the Germans, which occurred at Fere-en-Tardenois south of the Marne, opposite Jaulgonne.

### HUN BANKS ARE ORDERED CLOSED

BRAZILIAN GOVERNMENT COMPELS LIQUIDATION OF THREE

RIO DE JANEIRO, July 25.—The Brazilian government today struck at the financial end of German propaganda in Brazil by ordering liquidation of three German banks here, which had been the center of German activities.

The banks taken over were the Allmao Trans-Atlantic company, capitalized at forty million marks; the Brazilian Bank For Deutschland, twenty-three million marks, and the Deutsche Bank, twenty million marks.

Liquidation of the banks is believed to be the immediate forerunner of a general uprooting of German interests.

HEAVY FIRE LOSS  
CHICAGO, July 25.—Damage estimated by owners at \$200,000 was caused here early today by fire which destroyed one-fourth of the amusement devices in the Forest Park resort here.

### FERE-EN-TARDENOIS IS MAIN CENTER OF FIGHT

ENEMY DEFENSE WEAKENS UNDER TERRIFIC ATTACKS

CITY UNDER INTENSE BOMBARDMENT BY ARTILLERY AND AIRMEN WHILE INFANTRY IS CLOSING IN FROM TWO SIDES, ADVANCING EASTWARD AND NORTHWARD, SLOWLY OVERCOMING DESPERATE RESISTANCE OF DEMORALIZED DEFENDERS

PARIS, July 25.—French and American troops are closing in on the important German strategic base of Fere-en-Tardenois from two sides. While the allied artillery and airmen are subjecting the city to a terrific bombardment, the infantry is advancing eastward and northward toward the city, slowly overcoming the enemy defense.

The capture of Epiades has enabled the French and Americans to penetrate to the center of Fere Forest (five miles directly south of Fere-en-Tardenois).

A strategic enemy mass, estimated at twenty divisions (240,000 men) is expected soon to aid in a counter maneuver.

### SHIP PROGRAM NEEDS SUPPORT OF THE NATION

DIRECTOR - GENERAL SCHWAB SAYS 10,000,000 TONS OF SHIPPING PER YEAR ARE NEEDED

PHILADELPHIA, July 25.—Charles M. Schwab, director general of the Emergency Fleet corporation, returned here today after an inspection of Pacific coast ship yards and declared there should not be "one ounce of American steel sent to foreign countries until the ship yards of America each have accumulated a reserve of at least 50,000 tons." Expiration of steel has caused the hampering the ship-building program.

While Schwab declined to comment extensively on foreign steel shipments, it is understood he has in mind agreements made with Japan and China whereby ship builders in those countries are allowed by the United States government steel for their own ships for every one constructed by them for this country. Schwab declared the railroad administration is hampering ship-building work in the shipyards through its use of steel in the building of cars.

"If necessary," Schwab said, "we will build our own plate mills to make steel to the shipyards. Ten million tons of shipping must leave the ways of this country each year. We need some distance from each other, but the enthusiastic help of every individual in the country to make this possible."

### THREE KILLED BY LIGHTNING

ONE BOLT TAKES HEAVY TOLL—ONE MAN THROWN FLY—THREE KILLED  
EPIHATA, Wash., July 25.—Three farmers driving four-horse teams at Epiphata were killed today when a bolt of lightning struck one of the teams. They were Don Williamson, J. Higgins and Alfred Fowles. Roy Billingsley, who was walking beside one of the wagons, was thrown into the air but was not seriously hurt. One horse was killed.

### THE WEATHER

Fair tonight, and Friday fair and warmer, is the prediction for the Twin Falls district of the department of Agriculture. Weather forecasts as transmitted this morning through the local telephone exchange.

### FORM NEW GOVERNMENT

AMSTERDAM, July 25.—The Bolsheviks have abandoned Oresburg and the government has been formed in the Ukraine, dispatches today from Moscow stated. The government is under the leadership of General Duffett.

### TWO HUNDRED DEPORTED

MOSCOW, July 25.—(Delayed)—Foreign Minister Tchichikov announced today that more than 200 Social-Bolsheviks implicated in the assassination of German Ambassador Minister Von Mirbach had been arrested.

# OPENS DOORS TO STUDENT NURSES

## BOYD HOSPITAL OF TWIN FALLS READY TO TRAIN 15 WOMEN

The Boyd hospital, Twin Falls, whose conditions of training have been approved, as required, by the state board of nurse examiners, is one of 1,579 nurses' training schools in the United States which have been accredited as training schools for 25,000 young women whom the government is calling to join the United States student nurse reserve and hold themselves in readiness to train for service as nurses.

In acceptance of the conditions prescribed by the government under which hospitals may be accredited as training schools, the Boyd hospital has done away with the three months' training course recently inaugurated as a war emergency measure and will provide instead the required two years' course of training.

Facilities of the Boyd hospital permit of the reception of 16 young women for the nurses training course.

### Enrollment Campaign

Enrollment of young women in the student nurse reserve is to begin July 29, throughout the nation under direction of the council of national defense.

The call is for women between the ages of 19 and 35.

Of the 10,000,000 responsible women of good education and sound health are wanted—the pick of the country.

Women will be given an opportunity to enroll in the reserve in any one of three ways:

- (1) As candidates to hold themselves in readiness until April 1, 1919, to accept assignments to nurses' training schools. These women will be sent to the schools as fast as vacancies occur. Those of superior qualifications will be given preference, and it is of course possible that not everyone who enrolls will be accepted.
- (2) As desiring to become candidates for the army nursing school recently established at the university of the war department, with branch schools in selected military hospitals.
- (3) As engaging to hold themselves in readiness until April 1, 1919, to accept assignments to either a civilian training school or the army nursing school. Those who so enroll will be called where the first need arises. The government hopes that a majority of those who enroll will thus put their names forward for both.

### Nurses Depend on Health

The fact of creating an unprecedented demand for trained nurses, says the women's committee of the national council of defense in a statement just issued in regard to the nurse training reserve. Only those who have taken the full training course are eligible for service with our forces overseas. These nurses are being drawn largely from our hospitals at home. Their places must be filled by student nurses enrolled for the full training course of from one to three years.

Every young woman who enrolls in the United States student nurse reserve is releasing a nurse for service at the front and swelling the home army which we must rely on to see our second line of hospital defenses. Upon the health of the American people will depend the spirit of our fighting forces.

# SAYS VICTORIES STIR RUSSIANS

## JOSEPH GOLDMAN FORMER RABBI PREDICTS OVERTHROW OF BOL SHEVSKI

One more allied victory or even the advance of the allies opposed to the Germans for a distance of five miles will be the signal in Russia for the revolt of the Russian people against the bolshevik government which has betrayed Russia to the Germans, and will mark the renaissance of the Russian active offensive against the Hun.

This is the prediction made here Tuesday by Joseph Goldman, former rabbi of the Jewish church in Russia, who addressed large meetings here July 14 in the Christian and Presbyterian churches on the Russian situation.

"I have always maintained that the Russian nation now is sick, but the victories of the allies will be the remedy that will restore it to health, and the Russian army is now going to be factors in the ending of the war in victory to the cause of humanity," Mr. Goldman said.

To Lecture at Kimberly  
Mr. Goldman lectured last Sunday to Burley and Kimberly, and on Monday next to address three gatherings in Kimberly. He will speak in the morning at the Christian church on "Julianism." At 3 o'clock in the afternoon he will address a mass meeting in the Star theater on "Russia and Her People," and in the evening at the Christian church he will lecture on the "Ten Lost Tribes of Israel."

## Artesian City Settlers Hall—Report that Voigt and Associates May be Interested

(Special to The News)  
**ARTESIAN CITY.**—Settlers of this locality are much pleased over the report that F. A. Voigt and some associates may be considering plans to reclaim the H. Hansen and high lands. Much of this land is already cleared and ready to bring in returns the day water is turned on it. Several settlers from here who had signed up for water with the Miller Canal company, have applied to Secretary D. B. McMeans for the return of their notes upon learning of the possibility of the company turning over the Hansen butte reclamation project to other interests.

The new crew is grading a two mile stretch on the Pettibone-Buttege boulevard this week.

Twin Falls visitors from this locality Saturday included Mr. and Mrs. M. B. Holoy, Mr. and Mrs. W. E. Griffith, Charles Summers, W. M. Meehan, T. T. Rutledge and Joseph Adams.

Miss Grace Swanson visited in Kimberly Friday.

KAISER GREATLY DISAPPOINTED OVER HIS SON'S TRIP TO PARIS

By WILLIAM PHILIP SIMMS (United Press Staff Correspondent)  
WITH THE BRITISH ARMIES IN FRANCE, July 25.—The Kaiser saw the German offensive falter before the Franco-American defense in the Champagne, then break up and fall back, before the allied counter offensive, according to information received here. According to the reports, the Kaiser planned to see Bon Fritz well off on his trip to Paris. What he did see was the crown prince getting the worst licking he has received since Verdun—and more Americans than he ever wanted to believe were in France.

**Higher Rates Required**

ALL over the country public service corporations are being allowed to advance their rates for service.

The Postoffice Department has increased letter postage rates 50%. The Government management of the steam railroads has raised rates 35%, so as to secure nearly a billion dollars more revenue, made necessary by war-time conditions.

The large increase in wages and in the cost of rolling stock, fuel and raw materials is generally recognized by the Government and the public as sufficient justification for rate increases.

The telephone service has not been exempt from the contributory causes that have increased the cost of giving public service. Four-fifths of all telephone materials are now costing as 150% of the average price of such materials before the war.

**SERVICE TAKES MORE MEN OF THIS COUNTY**

ABOUT 70 REGISTRANTS WILL ENTRAIN HERE TOMORROW FOR CAMP LEWIS

Not less than 70 young men entering the military service under selective service call will entrain from Twin Falls for Camp Lewis, Washington, when Twin Falls county sends their July quota of 69 registrants to national army cantonments. Eighty-nine Twin Falls county registrants have been called to fulfill this quota, and in addition to the 69 called for in this quota others will be sent at this time to fill the vacancies occasioned by the rejection of several men from the June 28 quota.

Seventeen of the registrants of this county announced under this call have been granted permission to entrain from points where they are now residing, and under similar arrangement 10 registrants of other counties of districts will entrain here with the Twin Falls county contingent.

**Planning Farewell**

Plans are being formulated for a farewell demonstration for the men leaving here Friday evening, similar to those carried out in connection with the departure of the men of this county who have preceded them into the service. In this demonstration, the Twin Falls band, the local post, Grand Army of the Republic, and other organizations and citizens generally will take part.

WHAT FOR?

At a conference held in Chicago the other day in connection with the work of the Women's National Liberty Loan Committee, Mrs. Ella Flagg Young, chairman, said: "I haven't had a new dress in the last three years." Mrs. S. A. Baldwin of San Francisco announced that she had no new hat ornaments—presumably for the same period. Mrs. Frank A. Vandorlin commented her quota in the form of a statement that she had had "no new clothes for the children; or at least as few as possible."

The object of the conference was to arrange for the organization of the Liberty Bonds in order to help market the Liberty Loan, and somehow or other the idea intrudes itself that the makers of the country would be helped by buying their share of bonds of the women who buy their wares.

MAINE CASUALTIES

WASHINGTON, July 25.—Sixty-four marine casualties were this divided: Killed in action, 20; died of wounds, 3; severely wounded, 38; missing in action, 3.

The list follows: Killed in Action: Corporal Francis E. Williams, Alliance, O.; Gunnery Sergeant G. R. Finegan, Newark, N. J.

Boys and Girls' Clubs: The premium list of the Southern Idaho Fair is now complete and will be published at an early date. Boys' and Girls' Club work has been given a very fine list of prices in all branches of the work, and members should watch these columns for details.

Sweet Clover Seed: Do you know that there is a source of considerable profit in the clover along the roads and ditch banks? It is a profitable duty on the part of all to produce and conserve to the best of their ability. The boys and girls of this county can not only reap a fine profit for themselves but also add thousands of dollars to the Thrift Stamp totals by using their spare time in harvesting this seed that would otherwise be wasted. Prizes will be offered by the Southern Idaho fair to the club member who harvests the greatest quantity of this seed.

Uta's Club: The Uta's Club of Castleford met with the county leader Saturday evening and planned their Festival day at Twin Falls. A delightful program consisting of music and recitations was rendered by the members. Refreshments were served and made by a number of those present. The singing of patriotic songs showed ability and true American spirit. After refreshments the club adjourned to meet again August 7.

Bickel Club: Bickel Club makes her garden party of the garden club in the Bickel district, east of Hansen, has sold already this season products from her garden at a profit of \$42, and all club members in this district are engaging enthusiastically and with excellent results in the vacation work offered by the organization, according to the statement of F. A. Smutz, county club leader upon his return Wednesday from his visit of inspection to that district. Gardens in this district range in size from one-tenth acre to one acre, Mr. Smutz said, and all bear evidence of careful care and skill, with an understanding of cultural principles.

Dairy: Twenty-two cows owned by members produced over 50 pounds butterfat each in June. These kind are making their owners money and none of them are for sale. THREE DROWNED WHILE SWIMMING: OSKALOOGA, Iowa, July 25.—Three persons were drowned in the Skunk river northwest of Fremont yesterday. Claude Milklin, 14, was swimming and got beyond his depth. His cries of distress brought Dr. L. A. Osborne, who plunged in to save him. Osborne got caught in a snag and his calls for help brought the Rev. W. E. Bruner, who was dragged under the water by the other two.

JAPAN APPROVES AID FOR RUSSIA

WASHINGTON, July 25.—Japan has approved the American proposal to aid Russia it was stated on high authority here today. The official text of the Japanese note to the United States on the subject has not yet been received, however, and until it is received, President Wilson will not issue his statement on the allied project of Siberia—it's scope and its purpose. It is ready for issuance as soon as the official text of the Japanese answer arrives from Tokio.

CONSTANTINE FOR FINNISH THRONE

PARIS, July 25.—Germany wants to place former King Constantine of Greece on the throne of Finland according to advice received from Stockholm and already has sounded Finland regarding the proposal. Advise it in the Classified columns of The News. Somebody will want it.

ILLINOIS RETAILERS WANT WORK ON FIGHT ORDER SUSPENDED FOR OTHERS

PEORIA, Ill., July 25.—Illinois shoe retailers have warned the government that serious "foot ills" will be suffered by the non-combatant public, if the war department continues to include shoe fitting in its classification of non-productive occupations.

Upon unanimous vote of the convention the association sent a telegram to Provost Marshal General Crowder and Illinois representatives in congress protesting against the enforcement of the "work or fight order" against shoe clerks of draft age.

Support in all war work and cooperation with the war industries head in the "conservation of material" was pledged in another resolution.

### TAKES TROOPS TO GUARD EMBASSY

AMSTERDAM, July 25.—Dr. Carl Helfferich, who will succeed the late Count von Mirbach as German ambassador to Russia, will take two battalions of troops to guard the embassy, according to a Berlin dispatch received today.

This is the first intimation that Helfferich, former vice chancellor and minister of the treasury and one of the strongest figures in German politics, would be ambassador to Russia.

STRATEGY OF CAUTION OPPOSED TO STRATEGY OF SLAUGHTER BY ALLIED GENERALISSIMO

By J. W. T. MASON  
(United Press War Expert)

NEW YORK, July 25.—General Foch still continues his strategy of cautious interest in adopting Von Hindenburg's strategy of slaughter. The war will not be won in the Aisne-Marne salient, therefore, General Foch is determined not to be lured into major operations to gratify the eager expectations of spectators at home. The dominant factor in the present situation between the Aisne and the Marne is that the Germans are eager to invade the allies into engaging in a great major offensive before America's strength is fully ready. It is therefore well within the limits of Von Hindenburg's strategy for great numbers of German reserves to be assembled south of the Aisne. These reserves are capable of forcing General Foch to pay a large death toll for moderate gains. Instead of accepting so crude a challenge, General Foch is holding back, patiently waiting for America's next million to arrive before striking with his matured power.

Lines in Good Shape

The present movements have immensely improved the Franco-American lines defending the roadways to Paris. To permit in heavy sacrifices of life for secondary advantages would be shortening his lines he might find it wiser to defend territory. General Foch is losing no tricks between the Aisne and the Marne. War cannot be played as fast as baseball.

End on the Rhine

The Rhine, not the Aisne, is the place to make the final drive for an American advance toward the Rhine would compel Von Hindenburg to withdraw from the Aisne-Marne salient or elsewhere along the west front so far shortening his lines he might find it wiser to defend territory. General Foch is losing no tricks between the Aisne and the Marne. War cannot be played as fast as baseball.

Miss Wolfe was one of the first teachers in the Twin Falls schools and has been resident of this city almost since the date of the opening of the townsite. She is completing her first term as county superintendent, having conducted the office in a manner giving general satisfaction.

### ARMY MAKES RECORD MEAT PURCHASE

CHICAGO—The largest single order for bacon and canned meats in the history of the world—99,500,000 pounds of lard and 134,000,000 pounds of canned meat—has just been placed by the quartermaster's department of United States army, for the American army overseas.

Louis F. Swift, in commenting on this today, said the order will take the bacon from approximately 1,900,000 hogs and if other work were dropped to produce it would be equivalent to the total bacon production of the five largest Chicago packers for nearly five weeks. However, six months will elapse before delivery is to be completed.

Mr. Swift said, "At the current prices on the day, last week, when the purchase was made, the packers would pay the livestock producers about \$80,000,000 for the necessary hogs and over \$50,000,000 for about 500,000 cattle required.

"The cattle will cost us twice as much, and the hogs two and one-half times as much as in the pre-war period.

"The whole order will be made up before the first of the year, despite the fact that, even before this purchase, one-fourth of the packers' facilities have been devoted to filling military demands.

"It is to get out the canned goods the packers will find it necessary to employ night and day shifts of cannery men. Notwithstanding the fact that the products are being rubbed forward through hurriedly, not a single complaint has been received on meals delivered to the armies abroad.

"The five packers are now killing about 300,000 hogs weekly to keep abreast of martial and domestic needs.

EXTENT OF AUSTRIAN LOSSES GREATLY EXAGGERATED, SAY NEWSPAPERS

ROME, July 25.—During the Albanian debacle the Austrians abandoned practically the whole of their field artillery and in one day fled 25 miles over the rugged mountains, a dispatch from Valona declared today.

Great numbers of Austrian soldiers deserted and hid in the hills, where they were hunted down and massacred by Albanian bands.

### NEW DIVISIONS ARE ANNOUNCED

NATIONAL ARMY TO BE AUGMENTED WITH REGULARS AS NUCLEUS

WASHINGTON, July 24.—Six new divisions of the national army with regulars as a nucleus have been ordered by Chief of Staff March, to be formed during this month at the following camps:

Revere, Mass.; Carter, Mich.; Meads, Md.; Fenton, Kansas; Sheridan, Ala.; Lewis, Wash.

These will be numbered nine to fourteen and will have two regular infantry regiments each as a nucleus. These regulars are gathered from guard duty about the country, having been replaced quietly during the past two months by home guards. All but these are national army men.

### SAY PRISONERS DECEIVED HUNS

GERMANY INDIGNANT OVER MISINFORMATION GIVEN BY CAPTIVES

AMSTERDAM, July 25.—The Germans are indignant because allied prisoners deceived them by declaring General Foch had no intention of starting a counter-offensive.

Commenting on the allied offensive, the Cologne Gazette says: "In many respects it was a surprise, owing to the misconception caused by prisoners' statements that the entente has no intention of attacking on this front, and owing to the mass employment of tanks, approaching under cover of darkness."

### HINDENBURG IN GUESSING

(Continued from Page One)

acks. Following this early promise the Americans contributed similar effective aid to General Foch's cautious developed drives, between the Aisne and the Marne, which are still proceeding.

Foot Trap by Foch

But such an expenditure of German power in this comparatively quiet district would not be made while the grave issues are still undecided at Verdun-Toulon, unless the German force of Foch was setting a new trap for them. The existence of so restless a mental attitude on the part of the Hohenzollern militarists is highly favorable for the allies. A confident French force is becoming noticeable in the German plans and a new respect is being shown for the strategic genius of Foch and the fighting ability of the Americans. Von Hindenburg has begun to guess wildly. The German people, in turn, may soon begin to distrust the scientific efficiency of the Kaiser's war machine.

Von Rehm's eventual retirement was a desperate expedient to stem the decline in German morale due to its speech.

### TO WEAR GOLD STAR FOR DEAD RELATIVES

WASHINGTON, July 25.—Delegates of men lost in the war may wear a black band with a gold star for each son sacrificed. President Wilson today endorsed adoption of the insignia to be worn on the left arm. The band will be as large as the soldier's in size, may be made of either gold metal or cloth.

### VIOLENT ENEMY BEAR GUARD

who later were taken prisoner, declared communications such that "something must happen". Civilians are now allowed only 200 grams of meat a week.

German Tagged

One German came in with a tag on his arm which had been attached by his captors. It read: "This prisoner gave water to American wounded." In addition to white bread the German was given a can of "bully hogg". He said this ration would serve six men in the German army. As a reward for giving water to our wounded the Boche and his comrades were given twenty packages of cigarettes.

The line beyond Epiene yesterday afternoon was the scene of heavy fighting, consisting mostly of cleaning up villages and making gains.

Just Caught Up

"We've been chasing the damn artillery for two days and just caught them," he said. "We worked day and night, but just as we would get the wire within reach of them now orders would come along for them to move on three or four miles. We haven't had time to stop but as we were going forward we're glad to keep on chasing them."

This particular battery completely wiped out a German battery which was retreating far in the rear of the enemy line. An observer spotted a long line of enemy wagons, trucks and guns. The artillery opened a withering fire and the caravan was quickly transformed into a pile of wreckage and shattered shells.

At one point in the Julgau region the Germans had strongly fortified the side of a hill. Machine guns were so thick they held up our advance. American artillery blow off the whole side of the hill. The scene of this action is now a terrible sight. The ground is sprinkled with smashed machine guns and gruesome bits of arms, legs and human torso.

### Veterans Helping

Even the veterinary corps is going in the glory of the fighting, sharing forward with our men. The German bringing back the wounded to the operating and dressing rooms.

Prisoners continue to indicate the comparative confusion in the enemy ranks, being from numerous divisions. It is established that some divisions had been reduced to three thousand men (a loss of 75 per cent). The prisoners are all hungry; the confusion wrought by allied infantry preventing the Germans from bringing supplies up to their forward lines.

**CHAPTER X**—He is shot through the arm in a brush with the Germans and sent to a hospital, where he catches typhoid.

## CHAPTER XIX (Continued)

The next day the Germans went through the wire coils, and shot all the inhabitants of the town. A lot of people, who had taken refuge in a factory over night, decided to come out with a white flag. They were allowed to think that the white flag would be accepted, but no sooner called they all out than they were seized by the women publicly violated in the square, after which the men were shot. The artillery was shot as he set in his hands, and the factory was blown up by the legs and pulled apart. In one place, a man was tied by the neck to the ceiling of his room and set on fire. His trunk was completely carried off, but his head and arms were saved. The head of a fifteen-year-old boy was placed in a sack, pierced by more than twenty bullet thrusts. Other dead were found with their hands still in the air, and their bodies against the wall. In another place the Germans had shot and sacked it. The women children were turned loose, unwilling to be allowed to take anything from the Germans. Nearly five hundred men were murdered to Germany. Three, who were almost exhausted by hunger, tried to escape. They were bayoneted and sent to death. Two men, who had taken refuge in a farm, were tied to a tree and shot in a mass. Another of six were tied together and after the Germans had put out their eyes and tortured them, they were thrown into the water. Three others were brought to their wives and children and Mrs. D. They ordered every one to leave here walking, and those who did not were shot. The others, about four hundred were drawn up in front of the hospital, and shot to the river bank. The Weidner he could not forget how looked.

"I remember just how it was." "There were eight men, in a row very well, standing in a row of the old prison. Next came two friends of mine named Balbau and Balbau, with Balbau's brother, then two men who had taken refuge in a barn and had been shot and killed; then two men whom I had never seen before, crying to save the way the were crawling—'Shoot me too, shoot me too.'"

"The men were lined up on the edge of the valley, which runs from the top to the bottom of the village. I was leaning on the shoulder of the old priest, and he was crying to me to 'yong—' I can't face 'em.'"

"I can't bear the sight any longer. I went back to the road and cried. I heard the volley and I fell. The men on the road said 'they're all down.' But a man had escaped by hiding and did not return how many

for screen, there was not a man left in bed.

"I need not tell you what we did to the German. They did not need to shoot him, after we got through with him. They did shoot what was left of him, to make sure, though."

"Now, I have heard people say that it is not the Germans we are fighting, but the Kaiser and his system. Well, it may be true that some of the Boche soldiers would not do these things if they did not have to; myself, I am not so sure."

"But you take this doctor. Here he was, an educated man, who had been trained all his life to help people who were in pain, and not to cause it. And he was not where he would have to obey the Kaiser or any other German. And this nurse had saved his life."

"So I do not see that there is any argument about it. The books that girl's wrists because he wanted to; that is all there is to it. Now, I say this German doctor was a dirty cur and a scoundrel. But I say that he is a fair sample of most of the Germans. I have met. And it is Germans of this kind that we are fighting—not merely the Kaiser."

"It is like going to college. I have never been there, but I have heard some people say it did not do a man any good to go. But I have never heard a man who went there say that. Probably you have not been over there, and maybe you think we are not fighting the German people, but only the Kaiser and his flunkies."

"Well, nobody had better tell me that. Because I have been there, and I have seen this. And I know."

## CHAPTER XX

Hell at Gallipoli.

After I was discharged from the hospital, I was ordered to report to my ship at Brest for sea duty.

The boys aboard the Cassard gave me a hearty welcome, especially Murray, who had come back after two weeks in the trenches at Dixmude. I was glad to see them, too, for after all, they were my friends, and I always feel more at home with them than with soldiers. There it was pretty rough stuff, as Dixmude—and after resting up at the hospital, I was keen on going to sea again.

The board was in dry dock for the repairs after her last voyage to the Dardanelles as convoy to the troops of the Duplex. Everything was being rushed to get her out as soon as possible, and crews were working day and night. There were other ships there too—superdreadnaughts, and dreadnaughts, and battleships, and armored cruisers, all being overhauled.

We received and placed guns of newer design, filled the magazines with the highest explosives known to naval use, and generally made ready for a hard job. Our magazines were filled with shells for our big 12 and 14-inch guns. A 14-inch shell can take a hole through the heaviest armor plate at 12,000 yards, and will do more damage than you would think.

When we had cooled and had got our stores aboard, we dressed for action—or rather, undressed. The decks were clear; hatch covers bolted and dunnage laid down; furniture, chests, tables, chairs were sent ashore, and inflatable gear, like life rafts, were packed, wet overboard. You could not find a single wooden chair or table in the ward room.

When the ship is cleared for action, a shell shattering inside cannot find much to set afire, and if one bursts on deck, there is nothing to burn but the wooden deck, and that's covered with steel plate.

Finally, we had roll call—all men present, all the kind. When we passed, we had to squat down on the steel mess deck and get from metal plates.

There had been a notice posted before we left that the Zepplins had been gun set aside, and we kept a eye out for them. The news proved to be a fake, though, and we did not see a single cigar whip we were out.

We made the trip to the Dardanelles without sighting a single enemy ship, staying in close touch with the Duplex, and busy every minute preparing for action.

I was made gun captain and given charge of the starboard bow turret, mounting two 12-inch guns. I had the men at gun practice daily, but by the time we neared the Dardanelles, after five days, they were in pretty fair shape.

It was about 8 a. m. when we drew near Cape Helles and took stations for action. The Duplex was in front of us. The batteries on the cape opened up on us, and in a few minutes later those of Kum Katch joined in.

## NO VACATION OUTFIT COMPLETE Without an EVEREADY Daylo

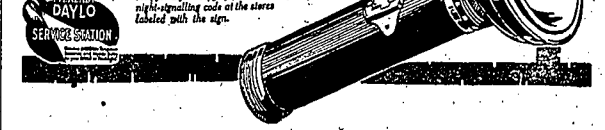

YOU will need a Daylo for those vacation nights around the camp; on fishing, hunting and hiking trips, for the early morning start or the late at night return.

Darkness is a blindfold, more dangerous perhaps because of the false sense of security when you think you know the way.

The short cut to safety lies along the path to the nearest Daylo dealer.

Go in today—get the type Daylo you need and take an extra Eveready Tungsten battery with you.

For safety, convenience and amusement, learn the Eveready night-signaling code for sending "Daylograms" from camp to camp, for signaling for help in case of danger, or for sending messages by light, which is visible for nine miles.

Ask for a free copy of the Eveready night-signaling code at the stores labeled with the sign.

conditioned that upon the failure of
the contractor to fully and faithfully
perform all the conditions and terms
of said contract and as in said contract
provided then the said bond shall be
in full force and effect, otherwise be
null and void.
The terms of payment for the performance
of the terms and conditions
of said contract shall be as follows:
The amount earned shall be determined
upon the estimate of the architect
of the City, Mr. John Visser, and
twenty (20) per cent of the amount
earned at the end of any calendar
month as shown by the estimate of
said architect then due and unpaid shall
be paid on the first Tuesday of the following
calendar month.
The full and entire amount of the
contract price shall be due and payable
upon the said architect certifying
in writing that the said building had
been fully constructed and completed
in compliance with the terms and
conditions of the contract.
The council reserves the right to
reject any and all bids.

LAKEVIEW, OREGON
Dear Sirs:
Fruit of all kinds is produced at this place. Apples, peaches, pears, plums, prunes, apricots, cherries and berries of all kinds grow and produce well and have a flavor unequalled. Alfalfa and fruit will be the coming business of the country. I know of no country that excels in either. Cattle, hogs, sheep and chickens all do well and are healthy; in fact most of the money of the country has been made out of the fruit business.

# TRAINED MEN TO CORNELL HIGH SCHOOL BOYS

### TWO LOCAL MEN WILL ATTEND SIX WEEKS COURSE PROVIDED BY WAR DEPARTMENT FOR TRAINING AS MILITARY INSTRUCTORS

Military instruction in the Twin Falls high school this year will be conducted by members of the faculty who are graduates of the training course instituted by the war department at the San Francisco presidio for the training of military instructors in colleges and high schools throughout the west.

A telegram received Wednesday by Mayor F. E. Bracken from Colonel Dickman, military commander at the San Francisco presidio, authorizes the sending of two men from Twin Falls to attend this training camp, which will be open to them not later than August 1, and which is to continue until September 15.

#### Student May Go

Dr. F. C. Dotter, dentist, of Twin Falls, is one of the men selected to attend this camp, and the second candidate is H. E. Mitchell, principal of the high school, in whose charge the matter has been placed by Superintendent Hal G. Blue and the board of school directors.

#### Board Introduce Course

The offer of the war department and available command is made through the action of the board of directors last spring in providing for the completion of this year of an athletic coach qualified to act as military instructor.

One hour each day during the school year will be devoted to military instruction in the high school this year, Mr. Mitchell states. He is of the opinion that the military instruction will be compulsory, to be entered by all boys students, except those physically disabled.

#### Drafts Out Faculty

Necessity for securing military instructors outside the high school faculty proper exists by reason of the fact that for one year no military instructors have been employed, while three of last year's faculty members who would have returned this year have been recalled by express orders that it is impossible for them to attend the training camp for the reason that it closes after the beginning of the school year.

#### Extended to High School

Following is the text of the telegram explanatory of the course of instruction in the training camp, received by Mayor Bracken:

The war department has instituted at the presidio of San Francisco a course for the training of military instructors in the colleges throughout this west. We have extended the privilege to include the high schools of the various cities of this state, and we have had or contemplate having military instruction as part of their course.

A state of California has 150 members of high school facilities here. We will take not to exceed two members of the staff from each high school in each city should you contemplate military training therein. I would suggest that instructors in athletics be considered.

#### Are Temporarily Enlisted

The course of instruction given includes physical training and training with rifles, grenades, machine guns, trench.

Applicants will be temporarily enlisted in the national army for the period of the camp which will close September 15. Applicants must be over 18 years of age and below or above the draft age if in draft age must have been examined by a reputable physician before coming.

Those who are accepted will be furnished with uniforms, and pay and allowances of privates. Transportation will be refunded at the rate of four cents per mile both ways.

We are at once if you will send any candidates, giving names and direct to me to report on August 15. It is desired that those shall be sent after August 1.

### Ever consider, Mr. Farmer, how easy it would be to locate a few customers for your eggs, poultry, fruit, etc., with a want ad?

### Your dignity will not be disturbed, or your time wasted by this course, and you will find eager customers at the best prices.

## MURTAUGH MAN KILLED BY TRAIN

### JOHN OKAELBERG, FARMER AND STOCKMAN, MEETS DEATH ON TRACKS AT BURLEY

(Special to The News)  
MURTAUGH — John Okaelberg, aged about 42, farmer and stockman for 12 years past a resident on his farm near Burley, Idaho, was instantly killed Tuesday evening when he was struck by the evening west-bound passenger train at Burley. Statement of those who witnessed the accident is that Mr. Okaelberg was asleep, evidently on the railroad right of way lying on his back, when the train struck him. The locomotive and baggage car cleared him but either he was awoken and started to rise or the vibration of the train brought him closer to the rails and he was struck on the head by the second coach. The remains were taken on the train back to Burley where a coroner's inquest is to be held today.

Mr. Okaelberg leaves his widow and five children. He comes here about 12 years of the community.

Mr. Okaelberg was having previously resided in Utah. He was regarded as one of the substantial citizens of the community.

## BOARD GRANTS CLAIMS FARMER REGISTRANTS

### Provides Deferred Induction Into Military Service for List of 14

The local board has granted claims for deferred induction into the military service for one of the registrants of Twin Falls county who were called for the selective service contingent meeting here on Camp Lewis Friday evening and who, according to their advisors, are actively engaged in agricultural pursuits. Following is the list of registrants to whom deferred induction was granted: George Leonard and Johnson, Twin Falls; James Allen (deceased), Twin Falls; H. H. Hester, Farnell, Missouri; John H. Wilkinson, Kimberly; Ralph Robert Modlin, Kimberly; Fred Albert Dudley, Hollister; Ralph Otto Butler, Kimberly; Grover Cleveland Jackson, Helper, Kansas; Bert Walcott, Amsterdam; Roy Small, Ruby; Perry Roberts, Hollister; Isaac Darr Lipberger, Hollister; John Olson, Twin Falls; Geoly Landy, Ruby.

## MURTAUGH RED CROSS TURNS IN ITS WORK

(Special to The News)  
MURTAUGH — Last week the Red Cross women turned in to the Twin Falls chapter the following articles: 13 bed shirts, 12 tape bed shirts, 12 operating aprons, 22 operating caps, four suits underwear, 4 bath robes, two awaters and two pair of socks.

One of the twin girls of Mr. and Mrs. Art James has been quite sick. Mrs. Barrence Engstrom, who has been sick the past week, is much improved.

Mr. and Mrs. J. W. Roberts and family and Mrs. G. E. Homblich of Salt Lake were Oakley visitors Sunday.

Mr. and Mrs. Ole Nelson of Heyburn visited at the home of P. G. Fahy Sunday.

Mr. and Mrs. L. E. Stansell left Saturday evening for Wood River on a fishing trip.

Mr. and Mrs. H. J. Clark and four children of Colorado Springs, arrived Monday to spend a few weeks at the homes of Mr. Clark's sisters, Mrs. Elmer Hunt, Mrs. D. Engstrom and Mrs. E. Boyd.

It is critically ill — P. J. Grossman, of the firm of Grossman & DeWitt, undertakers, was taken Wednesday afternoon to the county general hospital, where he is a patient suffering from stomach disease.

## THOUGHT U-BOAT WAS ENEMY CRAFT

### SO AMERICAN MERCHANTMAN SCORNS DIRECT HIT ON AMERICAN SUBMARINE

WASHINGTON, July 25.—An American submarine, fired on by mistake by an armed merchantman July 23, suffered slight damage, the navy department announced today, but returned to her base under her own power.

The department issued the following announcement: "The navy department is informed that a United States submarine was fired on by mistake by an armed merchant vessel on July 23 off the American coast."

One shell penetrated the outer hull of the submarine but did not explode. No material injury was done, only a small section of shell plating being damaged. No one aboard was injured and the submarine proceeded to her base under her own power."

## OUTTING EARLY GRAIN CROPS AT KIMBERLY

### Threshermen Anxious to Get Busy With Long Run Ahead

KIMBERLY.—The early crops of wheat and oats are being cut now and the bulk of the threshing will be done in a few days and as there is a long run ahead of them they are all anxious to get busy.

The Calman Chataougan closed Tuesday evening after six days season. Some good numbers were on the program but owing to the busy season and the fact that Chataougan had been held already this year in both adjoining towns there was not a large attendance, so Kimberly will probably not try the enterprise again next year.

Mrs. F. E. Moffett and baby returned to Michigan the first of the week with her father, who has been here visiting. There she will remain until after the week as Mr. Moffett leaves in a few days for the coast where he has enlisted.

Mrs. W. A. Gill is in Twin Falls in a hospital, where she underwent a serious but minor operation here and is reported as improving rapidly now, which will be good news to her many friends here.

## HAILEY BAR NAMES ENSIGN AS CANDIDATE

### Nomination of Junior District Judge to Succeed Himself Filed

Henry F. Ensign of Hailey, was nominated Tuesday by members of the Hailey bar for judge of the fourth judicial district to succeed himself. Judge Ensign has been junior judge of this district since his appointment to the bench nearly ten years ago to succeed Judge James H. Keiser, who resigned to enter the practice of law in this city. He has conducted one term of court here and has been an occasional visitor to Twin Falls since his appointment to the bench. He is held in high esteem among attorneys and laymen of the district.

Both judges of the fourth district, Judge William A. Babcock of Twin Falls and Judge Keiser are in the campaign so far without opposition, and it is freely predicted here that there will be no other candidates for these places this year.

## S. P. ATHERTON FILES FOR GOVERNOR'S JOB

### Twin Falls County Senator is Placed in Nomination by M. E. Lewis of Latah

S. P. Atherton, state senator from Twin Falls county, who announced his candidacy for the gubernatorial nomination on the Republican ticket several weeks ago, was formally nominated on that ticket Tuesday by M. E. Lewis, Republican senator from Latah county, who is visiting in the city, says the Idaho Statesman.

## AUSTRIAN SHIPS SUNK

### ROME, July 25.—Two Austrian transports were sunk in an Italian attack on Cattaro, according to dispatches received from Cattaro today.

## POSTER SHOW HELD FOR BELGIAN RELIEF

(Special to The News)  
JEROME—Saturday afternoon Miss Valentine Grant gave a poster show. She had many posters and among her collections was a German helmet that was taken at the battle of Liege. The poster show was decorated with the posters and white daisies. The afternoon program consisted of music and singing by the talented women of Jer-

ome. Ten of the Junior Red Cross girls served punch in the afternoon and also in the evening, when dancing till was indulged in until 11:30 and then a tableau was given. The parts were continued for an hour.

The Belgian—Miss Grant.  
France—Mrs. Fields.  
England—By Daggott.  
Italy—Mrs. Churchman, sister of Miss Grant.  
America—Mrs. Yorkes.  
Mother Red Cross—Mrs. Moore.  
The nurses were the Misses Epper, White, Davis, LeMay, Palace, Darling, Denton, Brewer, Rice, Gorman and Mitchell. After the tableau the dancing continued for an hour. This was given for the Belgian children relief, and all was given to them, as there was very little expense. The affair was very successful and greatly enjoyed by the large attendance. Make W. S. S. mean something to you.

## BEST IN THE LONG RUN

### How The Bayonet Lost a Great Battle

BAYONETS, first made at Bayonne, France, whenever they get their name, to begin, were almost as dangerous to the army with them as to his foe.

Furnished with a solid butt, to be jammed into the muzzle, it rendered a gun useless for firing.

The butt was soon changed to a socket, but not before the new-fangled bayonet brought the English army to grief at Killfranklin.

The English soldier found the bayonet a poor fit hard to get into his gun; and when it got it in, hard to get out. When he had to bayonet, he couldn't bayonet; when he had to shoot, he couldn't shoot.

# GOODRICH

## SERVICE VALUE TIRES

The bayonet experiment gave the Scots the battle. To safeguard tire users against the chance of experiment, Goodrich Test Car fleets put the road test to Goodrich Tire, to make them in word and deed SERVICE VALUE TIRES.

Goodrichesces but one tire name, SERVICE VALUE—That is, what a tire proves it is worth to the motorist on his car and on the road, in comfort, economy, dependability, and durability.

All Goodrich skill and sincerity build up SERVICE VALUE whether you get SILVERTOWN CORD TIRES, or BLACK SAFETY TREADS, you get SERVICE VALUE TIRES.

Gain mileage, and the security of knowing your tires will not fail, by demanding SERVICE VALUE TIRES.
