

TWIN FALLS DAILY NEWS

VOL. 1, NO. 125

TWIN FALLS, IDAHO, SATURDAY, AUGUST 31, 1918.

PERIOD FIVE CENTS

PERONNE PRACTICALLY ENCIRCLED; MOUNT KEMMEL IN BRITISH HANDS

HEAVY FINE AND 20 YEARS GIVEN L. W. W. LEADER

94 Anti-War Agitators Given Heavy Sentences by Federal Judge Landis—Court Approves Verdict of Jury

CHICAGO, August 31.—William D. Haywood and 93 other L. W. W.'s convicted of conspiring to interfere with the war program, were in jail here today while their attorneys work on an appeal that is the last hope between the convicted men and the Fort Leavenworth prison. Sentences ranging from 20 years' imprisonment and a \$4,000 fine against Haywood to four other defendants for ten days in jail for two others, were pronounced late yesterday by Federal Judge Landis.

Departure Delayed

The men will be held in Chicago on Landis' order until next Friday, after which they will be taken to Fort Leavenworth. Manifest attorneys for the L. W. W. announced that they will ask the federal court for appeals next Tuesday for a writ of error on which to base formal appeal. A special train was to have carried the men to prison tonight but Landis deferred their departure to permit their attorneys to take action toward an appeal.

Combined Fines \$2,500,000

Combined prison sentences imposed on the defendants by Judge Landis were 807 years and 20 days. The combined fines aggregated \$2,500,000.

Before pronouncing sentence, Judge Landis delivered a lengthy review of the evidence taken. He declared that there was "no avenue of escape" from the verdict the jury rendered.

Judge's Language Fiercely

Practically all of the defendants were sentenced officially. Haywood walked quietly away when his fate was pronounced. Later he declared the efforts of his organization will not relax because he is in jail. General Fletcher, Philadelphia, a member of the committee to support the sentence and to take a sentence, declared that "Judge Landis is using poor English today; his sentences are too long."

In the year of the court room forty women, wives and associates of the defendants, listened fearfully to the sentences meted out by the court. There was no outbreak from them when their men folk were hurried away to the federal building in pairs or groups. In fact, many were permitted to spend fifteen minutes with the defendants in a room set aside for the purpose.

Big Bill Is Well Known Here

William D. Haywood, with W. H. Meyer and Paul Robeson, of the Workers' Federation of America, sprang into national prominence when they were placed on trial in Boise in 1908 for the murder of Governor Frank Steuneger of Idaho. Haywood was acquitted after a trial in which high feeling was aroused.

Crowds in attendance on the trial camped on the public grounds in Boise. The houses of prominent citizens of Boise, including the residence of Governor Ben H. Hagerman, were immediately east of the trial camp at that time, were under guard, and scores of threatening letters were received by state officials and newspapers.

Senator W. E. Borah and ex-Governor James H. Hawley prosecuted the case for the state. The attorneys for the defense were Clarence Darrow of Chicago, A. E. Richardson of Denver and a host of associates, including John F. Nugent of Boise, who was the personal representative for Haywood.

CARDINAL FARLEY IS NOW OUT OF DANGER

Physician, however, says Prelate's Age Makes Relapse Possible

MAMRONOK, N. Y., August 31.—Cardinal Farley, archbishop of New York is now out of danger, a medical bulletin on his illness issued today stated.

The prelate's age makes a relapse possible, however, his physicians state.

CONGRATULATES BRITISH ON FLANDERS SUCCESSES

Lloyd George Eulogizes Giving Full Credit to Brilliant Move of French Marshal

LONDON, August 31.—Premier Lloyd George has sent the following reply to a message from Premier Orlando, congratulating the British on their success in France: "I am sure the magnificent victory council met, there has been a welcome transformation in the situation. Thanks to Marshal Foch, the allied generals and the troops, the Germans are now in retreat. We feel sure that this success at the beginning of the end of dominance of German militarism."

EXPECTS TO LIST 2521 MORE MEN FOR WAR SERVICE

Local Board Makes Estimate of Number of Registrants in County Subject to New Draft Law

Registration of the men subject to the provisions of the new power bill extending the draft ages from 21 to 18 years and from 45 to 49 years, now pending in congress, according to the estimates of the local board, will result in the addition of 2,521 names to the lists of men in Twin Falls county are liable for military service.

The registration of June 5, 1917, resulted in the listing of 2,507 men in this county. The registration of June 5, 1918, added 180 more.

Ready to Mail Supplies

The local board is now preparing to mail out to the registrants in each precinct, supplies to be used in the next registration, to be held under the terms of the new bill, here under consideration in congress, at an early date in September.

The estimates of the local board of the number of registrants to be listed in this registration in each precinct in Twin Falls county are as follows: Twin Falls No. 1, 114; Twin Falls No. 2, 110; Twin Falls No. 3, 204; Twin Falls No. 4, 174; Twin Falls No. 5, 56; Twin Falls No. 6, 98; Twin Falls No. 7, 200; Bull No. 1, 107; Bull No. 2, 230; Bull No. 3, 107; Bull No. 4, 107; Bull No. 5, 107; Bull No. 6, 107; Bull No. 7, 107; Bull No. 8, 107; Bull No. 9, 107; Bull No. 10, 107; Bull No. 11, 107; Bull No. 12, 107; Bull No. 13, 107; Bull No. 14, 107; Bull No. 15, 107; Bull No. 16, 107; Bull No. 17, 107; Bull No. 18, 107; Bull No. 19, 107; Bull No. 20, 107; Bull No. 21, 107; Bull No. 22, 107; Bull No. 23, 107; Bull No. 24, 107; Bull No. 25, 107; Bull No. 26, 107; Bull No. 27, 107; Bull No. 28, 107; Bull No. 29, 107; Bull No. 30, 107; Bull No. 31, 107; Bull No. 32, 107; Bull No. 33, 107; Bull No. 34, 107; Bull No. 35, 107; Bull No. 36, 107; Bull No. 37, 107; Bull No. 38, 107; Bull No. 39, 107; Bull No. 40, 107; Bull No. 41, 107; Bull No. 42, 107; Bull No. 43, 107; Bull No. 44, 107; Bull No. 45, 107; Bull No. 46, 107; Bull No. 47, 107; Bull No. 48, 107; Bull No. 49, 107; Bull No. 50, 107; Bull No. 51, 107; Bull No. 52, 107; Bull No. 53, 107; Bull No. 54, 107; Bull No. 55, 107; MAINTENANCE OF ENLARGED ARMY IS PROBLEM NOW

New Man Power Bill in Hands of President While Congress Considers Finances for Contemplated Armies

FOUR TO FIVE BILLION NEEDED, SAY EXPERTS

Ordinance Big Item—Pay Will Amount to More than Billion—Many Other Needs Must Be Provided For

By K. C. MARTIN (United Press Staff Correspondent) WASHINGTON, August 31.—Congress must appropriate between four and five billion dollars before its part in creating the army of victory is complete, congressional finance experts announced today. The bill providing the men was in President Wilson's hands today. Estimates of the money needed to clothe, equip and arm, train, feed and transport the 2,500,000 or more new soldiers will be called from civil life and put in France by July 1, next.

Estimates Expected

The estimates are expected to capitol hill shortly. House and senate appropriations committees expecting them have arranged to take up the bill, to expedite its passage. There may be a number of bills instead of only one to be introduced at intervals as the needs arise.

Only by comparison with previous appropriations have committee members been able to estimate what the new bill will call for. They have been informed that it will ask a huge sum for ordnance. This is obvious for the fact that an armory building must be required for 2,500,000 men, a legion.

Vast Number of Needs

A totally unaffordable estimate of the cost of the weaponing the new army based on ordnance appropriations in the \$100,000,000 army bill recently passed is \$5,000,000,000. This excluded munitions.

The pay of the new army alone will cost more than \$1,000,000,000 just for the rank and file, to say nothing of the officers and the additional clerks needed. There are small increases of the increase in food required.

Clothing, blankets, tents, must be provided at a cost estimated in the same manner to exceed \$1,000,000,000. This makes a roughly estimated total of \$1,800,000,000 for the essentials before the new army is ready to leave the United States.

U. S. Property Grows Hourly

In addition it is expected considerable sums will be asked for extending the establishment in France already constructed on a huge scale and getting housing, warehouses, camps, cold storage plants, hospitals—all probably will have to be expanded to care for the new program.

RECOMMENDS REDUCTION OF CREDIT REQUIREMENTS

New York Federal Reserve Bank Says Retrenching of Credits Is Patriotic Duty

NEW YORK, August 31.—A request that merchants and manufacturers reduce their credit requirements during the war was made today in a circular issued from the Federal reserve bank of New York. It suggests:

"That merchants and manufacturers not overbuy, that they carry as small stocks as possible, that they postpone new construction and business expansion, that they practice business economies and that individuals practice rigid economies and thus assist the merchants and manufacturers. Banks are asked to save their credit "which means that their customers must use less of it."

"Saving to reduce loans," the circular says, "is a patriotic service and only to saving to buy Liberty bonds and War Savings Stamps."

CARS COLLIDE AT STREET CROSSING

One Machine Is Damaged But No One Is Hurt in Accident

In an automobile collision at about 5 o'clock Friday afternoon at the corner of Shoshone street and Second avenue west, a Marmon car driven southward on Shoshone street by A. D. Caldwell, a proprietor of the Majestic pharmacy, crashed into a Chevrolet car being turned from Second avenue onto Shoshons by T. W. Pickett, local manager for the Earl Fruits company.

The Marmon, heading on the left side and the left front wheel of the Chevrolet were damaged. No one was injured.

EARL OF STANHOPE

The Earl of Stanhope, who has been with the English forces at the front in the man who made the statement before the house of lords, in substance: "The French hold their trenches by the wonderful 75-mm. gunner. The French system is expensive in ammunition; ours is expensive in lives."

SPAIN IN THROES OF HOT WRANGLE

Huns Torpedo Another Spanish Vessel While Governments Exchange Ideas

PARIS, August 31.—The Spanish vessel Alexandria has been torpedoed, according to a Madrid dispatch to the Journal.

The latest reports from German sources declare negotiations between Germany and Spain over the submarine situation are still under way, although the Spanish foreign minister had previously announced that Germany had acceded to all of Spain's demands.

American Warriors Welcomed in New York

Veterans from Marne—Battles Royally Entertained in the Metropolis

NEW YORK, August 31.—Four hundred honored veterans of America's battles in France are here today, the recipients of glowing greetings. They were to take part this afternoon in the field day stunts of the police department at Sheephead Bay.

The men all of whom were wounded and services which arrived yesterday and were cheered by thousands, who soon found out who they were as they marched from the Pennsylvania station through the streets to the sixty-sixth regiment armory.

PRESIDENT PLANS TWO WEEKS' TRIP

Swing Around the Circle Will Commence Late Next Month—Outline War Aims

WASHINGTON, August 31.—When President Wilson takes his swing around the circle for the liberty loan late next month, he will have the first opportunity since his last campaign of going directly before the body politic with straight talk on the war, his objectives in it, and what he proposes to do when it is over.

Picks Up McAdoo's Burden

His tour will be from coast to coast, north and south, and is, perhaps necessary, as the United Press announced yesterday, recently, by the family of Secretary McAdoo to carry along the load of loan campaigning. Then, too, this is to be the biggest loan America has yet floated for the war.

The president believes the people should know what the opportunity is for why it is worth spending and what America proposes to do in the way of readjustment within her borders to make the battle of her sons over there worth the fight they are making.

Will Spend Two Weeks

Incidentally party leaders expect the president will take the opportunity of telling the people that a congress, now controlled by the Democrats, has done a great work in the war, and the balance of power in the house and senate need not be changed to secure greater effort.

Owing to the ground covered by the trip, the president probably will be on the road for more than two weeks, returning to Washington early in October. It will be the longest single trip both in matter of mileage and time that he has taken since becoming president, and will mark his first visit to the west coast.

TODAY'S CASUALTIES

MORNING REPORT

The following casualties are reported by the Commanding General of the American Expeditionary Forces:

Wounded in action	30
Missing severely	65

THE UNIVERSAL CAR

Ford cars are important servants everywhere. They help the family enjoy life, bring the pleasures and advantages of the town within reach of the farmer and give practical service every day in country and town. They require a minimum of attention; any one can run the Ford and care for it, but it is better to have the repairs and replacements taken care of by those who are familiar with the work and have the tools, the genuine materials, and skilled men to do the work promptly. We pledge Ford owners the reliable Ford service with real Ford parts and standard Ford prices.

WANTS FARMERS TO NAME MEMBER OF BOND BOARD

Chairman C. D. Thomas Explains Plan of Campaign in County for Subscribing \$1,000,000 Liberty Bond Quota

DISTRICT COMMITTEES TO FIX APPORTIONMENTS

Individuals to Receive Statements of Amount They Are Expected to Invest Voluntarily on First Day

As an initial step in carrying out the plan adopted for securing subscriptions in Twin Falls county to its quota of \$1,000,000 worth of Liberty Loan Bonds of the fourth issue, Chairman C. D. Thomas has issued the following statement in respect to the appointment of a committee to fix the individual assessments upon citizens of this county:

In order that there shall be no complaint as to the board of assessments, I am willing as chairman, to adopt a plan to allow the farmers in the rural districts to name one of this board of assessment in each rural school district. The clerk of the school board to be the second member, he having been elected by the people as clerk, and the third member to be the captain of the last Liberty Loan drive in that district. If the farmers have an organization in their rural community, whatever it be, either farm bureau, Non-Partisan league, or any other organization, name the first member of the board in each district.

List Heads of Families

The assessment plan for the sale of the Fourth Liberty Loan bonds as adopted by the state of Idaho is as follows:

A list of all the heads of families must be first obtained, this list to be completed in each school district, as that will be the unit in Twin Falls county.

In the larger cities we will divide it into districts, but the unit will be the block. The fixing of these lists is almost completed at the present writing—the ladies of the county having taken over this work, and they have done it very efficiently.

A board of assessment will be appointed in each school district. In the larger school districts they will be subdivided into smaller districts for the convenience of this plan, and a board appointed in each sub-district. This board will meet on a certain day in the near future, and from the list of that district as given them by the chair-

man, they will make the assessment for each family. In making these assessments they will be controlled by the income and the resources of each person, giving a fair, just and equitable assessment to each family. This board will be composed of good level-headed men who will act without fear or prejudice. As soon as the assessment is made, a notice will be mailed to each family, notifying them of the amount of their assessment, also notifying them that the board will meet on a certain day to hear any complaint that any person has to make as to the amount of their assessment, so that before the opening of the Loan on the twenty-eighth day of September, every person will know just what they are to buy and will have been given a chance to make a complaint if they feel they have been assessed too high or too low. A failure to appear before the board and make complaint will be taken as evidence that they are satisfied with the amount assessed them by the board.

Urges Early Discharge of Duty

The sale of Liberty Bonds will begin on the morning of September 28. Every American citizen will be expected to go to the place designated in their district and buy his bond as early as possible in the morning. It is to be your first duty on the morning of September 28, as an American citizen to buy your bond. A list of the persons in the district and the amount of their assessment will be in the hands of a sales agent and each agent will be instructed not to receive any sale for a sum less than the assessment. You may buy your bonds at any bank—they will also have a list alphabetically arranged so that you can find the amount of each person's assessment. The ladies will have charge of the sale of these bonds on the first day, two or three ladies being appointed in each school district, making it most convenient for the purchasers, and in the larger cities a lady will be appointed in each block—and we especially urge that the residents of the block buy their bonds of the authorized sales woman in that block, as it will be so much easier to keep the records straight.

Must Emulate Boys at Front

The success of the plan will depend largely upon the fairness of the assessment board. This plan has been tried out both in Oregon and Iowa, and both of these states completed the sale of the Third Liberty Loan in three hours on the first day and were the first two states in the Union to complete their quota.

The quota for Twin Falls county will be \$1,000,000, and we expect under this plan that if every American citizen does his duty like the boys are at

FIGURES GAIN IN BOURBON VOTE

Official Expects to Use Twenty Per Cent More Democratic Ballots Than G-O-P.

On account of the vote of members of the Non-Partisan league which, in Idaho, has chosen the Democratic party as the vehicle through which to place its candidates in office, there will be 20 per cent larger vote cast in the Democratic primary election in Twin Falls county next Tuesday than in the Republican primary election, according to the estimate of C. L. Howe, deputy county clerk, who has been placed in direct charge of election matters by Recorder E. J. Finch.

Primary Vote of 1918

A total of 6,000 ballots have been printed for the Democratic primary as against 4,000 for the Republican. The total vote for governor in the Democratic primary election in this county in 1916 was 587, while the primary vote for all of the Republican gubernatorial candidates that year was 2,925.

Polling Places Designated

Supplies for the primary elections are being 4,000 in each precinct, except Twin Falls precincts, the voting place will be in the most central school house.

The following places have been designated as the polling places for Twin Falls precincts:

Twin Falls No. 1—Bogerson hotel sample rooms.

Twin Falls No. 2—Commissioner's room at the court house.

Twin Falls No. 3—Office of the Gooding Motor company, 513 Main avenue west.

Twin Falls No. 4—Office of Police Judge W. J. Smith, 320 Main avenue south.

Twin Falls No. 5—Residence of J. J. Pilgermer, 653 Second avenue east.

Twin Falls No. 6—Lincoln school.

Twin Falls No. 7—Washington school.

Doing their duty over in France, that these bonds will be sold and done with before noon of the first day.

Form of Assessment Notice

Following is the form of notice which will be mailed by the assessment boards to individual citizens:

The Board of Assessment having met in District..... you are hereby notified that your assessment for the Fourth Liberty Loan is \$..... On the..... day of..... 1918 the Board will meet to hear any complaints as to the amount of your assessment and you will be given a fair and just hearing. If we do not hear from you, it will be taken to mean that you are satisfied with the amount as assessed you as above stated.

On the morning of September 28, your first duty as an American citizen will be to buy your bond as per the above amount or as for the amount fixed by the Board after a hearing as early as possible.

Let us have our district completed before 9 o'clock in the morning. Yours for success, Chairman, Clerk.

NO VACATION OUTFIT COMPLETE Without an EVEREADY Daylo

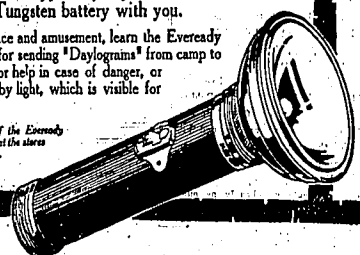

YOU will need a Daylo for those vacation nights around the camp; on fishing, hunting and hiking trips, for the early morning start or the late at night return.

Darkness is a blindfold, more dangerous perhaps because of the false sense of security when you think you know the way.

The short cut to safety lies along the path, to the nearest Daylo dealer.

Go in today—get the type Daylo you need and take an extra Eveready Tungsten battery with you.

For safety, convenience and amusement, learn the Eveready night-signaling code for sending "Daylograms" from camp to camp, for signaling for help in case of danger, or for sending messages by light, which is visible for nine miles.

Ask for a free copy of the Eveready night-signaling code at the stores labeled with the sign.

WIFE WITHDRAWS HER OBJECTION TO DIVORCE

Decree is Issued in District Court in Case of J. W. Feeler Against Spouse

A decree of divorce was granted Friday afternoon by Judge W. A. Babcock in District court here in the case of J. W. Feeler of Buhl against Ethel Feeler on the grounds of desertion dating from June, 1915. The Feelers were married in January, 1899, in Umatilla, Oregon. The property rights were settled by agreement between the parties to the action, and the defendant, on the grounds of desertion. She was awarded the custody of their 17-year-old daughter.

IDAHO PIONEER FERRYMAN VICTIM OF SUDDEN DEATH

Loa Oswald Dies at Home on Snake River One Hour After Stricken by Heart Disease

BUHL.—Loa Oswald, who established the Oswald ferry about 14 years ago, and a pioneer in this part of Idaho, died Wednesday afternoon at his home 15 miles northeast of Buhl on the Snake river, following an attack of heart trouble, says the Buhl Herald. He was sick but an hour before his death.

Mr. Oswald was about 60 years of age, and is survived by a wife and 10 children, eight boys and two girls. All of the children live in the Hagerman valley, except the oldest daughter who is married and lives at Eagleview, California, and Earl who resides in Portland.

Mr. Oswald was one of the oldest pioneers in this part of Idaho, and probably is known by more people than any other man in Idaho.

ANNOUNCEMENTS

The Epworth League meeting Sunday evening will be held in the male auditorium of the church at 8 o'clock, taking the place of the regular church service.

Vote for

JAMES F. AILSHIE

Republican Candidate for United States Senator for term ending March 4, 1921.

H. P. Hill; A. W. Irvin.

For Re-Election to the Office of Attorney General, on Democratic Ticket

He has made good. He has made the office of real service to the people as a whole by going out and assisting prosecuting attorneys in the prosecution of criminal cases of more than local importance. He has used his ability and the influence of his office to suppress the I. W. menace.

He has had two cases in the Supreme Court of the United States and won both, one of which was the famous liquor case which definitely settled the liquor question in Idaho.

His interpretation of the Workmen's Compensation Act breaks a spirit of injustice and fairness.

"Ted" Walters, as his friends call him, is a plain, unassuming, honest and capable official and true American.

LOCAL BRIEFS

On Fishing Trip.—W. S. Hill and W. R. Pribe and families left today on a fishing excursion to Wood river.

Spent Holiday Fishing.—County Assessor George W. Wilcox and his wife, S. Chavis Stewart, expect to leave this evening on a two days' fishing trip to the upper Wood river country.

Drop Labor Day Plans

Because of the inability of Senator Grey of Salt Lake to fulfill a speaking engagement here, plans formulated by the Twin Falls labor unions for exercises in connection with the observance here Monday of Labor Day have been abandoned. The plans now have requested the ministers of the several local churches to preach Labor Day sermons next Sunday.

Creamery Truck Burns

Wednesday evening at 8:30 a Ford truck owned by the Sterling Dairy Products company caught fire from an unknown source at the creamery headquarters near the depot and was badly damaged before the fire was located.

Enter Missouri College

The Misses Le Nolle Breckenridge, daughter of Mr. and Mrs. L. Breckenridge and Lorraine Putzler, daughter of Mr. and Mrs. Albert Putzler, leave Sunday for St. Charles, Mo., where they will attend Lindenwood College the year. Miss Breckenridge was a student there last year.

Brings Guests from Salt Lake

B. Perrine, returned by motor, Friday from Salt Lake, bringing with him D. A. Gustavson, consulting engineer for the Utah Oil company, and Miss Katherine Spencer, daughter of Dr. B. Spencer, passenger agent for the U. S. Express, who will remain in town until they are guests at Blue Lakes ranch for some time.

Books Released to Enlist—Anly's

Brother of Hollister and a former student of the Twin Falls high school, returned Friday from Salt Lake where he has spent several days conferring with Oregon State Line officials in an effort to be released from a contract for work, expired last month, after the closing of school last spring. Young Teromohm expects to be called to the service soon and desires to be released, but owing to an injury received while employed by the road is having some difficulty in attaining his goal.

PERHONALS

Mr. and Mrs. R. A. Roberts and daughter, Leola Phillips, left Saturday by motor for Salt Lake, where they will spend a week.

T. McEwain, manager of the shoe department of the Idaho Department Store, left Saturday for Salt Lake.

H. E. Hubbell of Castleford spent Friday in Twin Falls on business.

Miss Barbel Ongley of Castleford is the guest of Miss Mildred Jenkins this week.

Harry Atwood left Friday morning for Rockford, Illinois, where she will spend the next few months with her parents.

Miss Nora Anderson, who has been the guest of Mr. and Mrs. S. R. Nelson, will leave Friday morning for Tien, Washington, where she will visit before returning to her home at North Manchester, Indiana.

Miss Brian Johnson is spending the week end at Oakley with Mr. and Mrs. E. H. Langford and Mrs. H. W. Lutz of Rogerson are spending several days in Twin Falls.

Lloyd Carlson and Harvey Mills of Buhl returned to Twin Falls Friday.

Mrs. W. H. Jones of Hamilton spent Friday here with friends.

Miss Marie Hogenson of Burley is the guest of Miss Arletta Griffin.

Rev. and Mrs. C. L. Hunt are attending the conference of the Methodist church at Idaho Falls.

Mrs. Chas. Strickland of Salt Lake is the guest of Mr. and Mrs. Conrad Mergel.

DeWitt H. Young, J. G. Larsoff, Mr. and Mrs. W. J. Young and Mr. and Mrs. M. H. Hart returned Friday evening from a several days' camping-trip on the Little Wood river.

Mr. and Mrs. G. G. Jenkins and Mrs. P. F. Knook have returned after a tour of Yellowstone Park.

Mrs. J. White spent Friday at Rock Creek.

Miss Emma Eggleston of Filer is spending the week with her parents, Mr. and Mrs. G. W. Eggleston.

Gertrude Costello, little daughter of Mr. and Mrs. C. K. Costello of Buhl is spending the week with her grandparents, Mr. and Mrs. John Costello.

Mrs. J. H. Morgan and daughter, Elizabeth, of Buhl are the guests of Mr. and Mrs. M. C. Ware.

Miss Margaret Cairness of Buhl is the guest of Miss Clara Burkholder.

W. W. Greenburg of Wallace, Idaho, is spending several days here on business.

C. H. Horneman of Burley transacted business here Friday.

Miss Ruby Mysett of Miller is visiting friends here this week.

Facts About Ship's Speed

A ship increases her speed more readily over deep water, but on the other hand, the faster a ship runs the more depth of water she requires to prevent the hindrance caused by the dragging influence of the friction which is always felt when the ship's keel "scues" bottom. Menning ten knots an hour, a ship must have between 20 and 27 feet of depth, or she is dragged from below. If running 20 knots she needs a depth of 104 to 100 feet, and when running 30 knots she feels the drag over a depth of nearly 324 feet.

Phone 210 Second Ave. South

Telephone GOAL

Nibley-Channel LUMBER COMPANY

DO YOU WANT MINORITY RULE?

Do you believe that twenty-two per cent of the people of this county should force their rule and will upon you in the matter of division of Twin Falls county? Do you believe that your taxes should be raised and the valuation of the present county cut down one-third because twenty-two per cent wants to disrupt the steady progress of the whole county?

Vote Tuesday

Buhl county would take in sections of the county whose people are against division. She would insist that because she wants division the minority of the proposed new county should be disregarded. Yet at the same time a small minority element of the present Twin Falls county claims the right to their way and demands minority rule. Their inconsistency and selfishness is glaringly plain.

*Of logical and unbiased need for a new county there is none. No facts have been brought out by the divisionists which will justify such action. The whole idea of the Buhl divisionists stands out plainly and distinctly. **BUHL FOR SELFISH REASONS ONLY WANTS DIVISION.***

You are proud of Twin Falls county, proud of its wealth and prestige, not only in this state, but all over the entire country. Will your pride allow you to pass up your chance to vote to keep the county as it now stands? Just figure that your neighbor is just as busy as you are and that he is making a sacrifice to go to the polls to vote. Make it your duty to see that you do your bit as one of the big majority who do not want Twin Falls county mutilated.

Register today—Saturday is the last day.

Vote for the following Republican legislative candidates who are avowedly opposed to division:

State Senator—J. H. Seaver

Representatives—J. B. Conover

Vote for Three

Carl Miller

Mrs. Carrie Harper White

Theatroy
colossal spectacle "Intolerance," which comes to the Orpheum theatre soon, upon a million feet of lumber fine white of steel eye ropes, train loads of cement and 1124 tons of stary. Some idea of the magnitude of the Babylonian episode, which represents but one-fourth of the spectacle may be gained by the statement that in his reconstruction of that ancient world metropolis, Babylon, Mr. Griffith depicts the architectural wonders of this magnificent city, its walls 300 feet high, its famous palaces and towers "The Lady of the Camelias." The production gives Miss Bera's wonderful abilities the fullest scope, and she is at her best. Her play of emotions, as she pictures the life of the famous French girl, is vivid and real. Only Theda Bera can put just the brilliant touch to her "Camille" that will fairly electrify the picture-going public. A wonderful picture is in store for you.
Camille is very various, very beautiful and a very celebrated member of the French underworld; with a string of wealthy lovers, and all the usual ways of a woman of her class. Billie she is woman enough to really fall in love once and for all. But at the end of it all she dies a tragic death, leaving only the remembrance of her brilliant but unpleasant reputation and her love for Armand.
Reproducing Ancient Babylon - For the different backgrounds and scenic reproductions of historic places such as Babylon, Jerusalem, Paris and a modern city with its complex environment, D. W. Griffith, in his new evening were \$23.50 after all expenses were paid.

Hens 12c

No Royal Road to Old Age.
Unhappily there is no agreement on the recipe for living to a ripe old age, although every centenarian believes he has the secret. The fact is, there is a good deal of truth about it. Of course everybody knows that the person who starts in with a good physique and lives happily and temperately and usefully has the advantage over the person who takes a weak body and doesn't take care of himself. But even among those who have everything in their favor many fail to reach the four score years of the psalmist.

The Papyrus Plant.
In the story told by Mrs. Williams, mention is made of papyrus, which was called "papyrus" in the time when the mummy of her story lived. From that word came the Greek "papyrus" and our English word "paper." The historian Herodotus called it "bibli" and from this the old Greeks got a word "biblion," meaning a book, which we have carried on into our word "Bible." Go to a good dictionary and you will find a long list of words belonging with "biblion" and they are all connected with books.

TWO FOR ONE IS BRITISH AVERAGE

Two Enemy Planes Accounted For Every Time British Lose One, Air-Ministry Reports

NEW YORK, August 31.—Summing up the British aviation campaign for the weeks just passed, the British War Office today declared that there is a "consistent and remarkably high average of enemy machines destroyed week by week," and that there is "a singularly spasmodic and obviously nervous" method in Germany's efforts to combat the three-fold aerial offensive which is being carried on by the British.

Enemy Losses 70 Machines

The statement declares that in the week seventy enemy machines were destroyed and eleven driven down out of control on the west front alone. During the same period, it is stated, only 27 British machines were reported missing.

"Thus for every British airplane which failed to return," the statement says, "more than two German machines are reported to have been disabled.

Do Great Damage

"That these figures are by no means exceptional is shown by the fact that during the last four weeks 324 enemy machines have been accounted for under similar circumstances, while only 116 British have been reported missing. The same broad results are observed upon the Italian, Balkan fronts, where enemy machines have been destroyed or driven down out of control during the last week. Twelve British machines have been reported missing. Taking the whole of the European-Mediterranean battle fields together, the total air force has accounted for in the neighborhood of 120 enemy aircraft against a not loss of 59 British machines. It is, however, upon the western front that this remarkable disparity is significant for it is here that Germany is concentrating the major portion of her strength. It is here also that she is faced with the threefold problem, not only of defending her long battle front, but also of warning off the insistent and formidable British attacks upon her right and left flanks—Holston naval bases and the industrial centers of the Rhine.

Rupert Attorney Accused of Larceny

E. R. Damphier is Held to Answer Charge in District Court

(Special to The News)

RUPERT.—As the result of a preliminary examination before Justice of the Peace J. W. Smith, E. R. Damphier, attorney of this city, has been held to answer in the district court for a charge of grand larceny referred against him by prosecuting attorney W. W. Mattinson at the instance of Walker Davis, who alleges failure on the part of Damphier to turn over money collected for him within the statutory period.

Damphier claims that the money in question, which was collected from Henry Duncan, as a compromise settlement of a claim made by Davis, was paid to Duncan with his check drawn on the day after settlement was made. He avers that Davis failed to present the check for payment at the bank for nearly six weeks, holding it during the pendency of an action brought by Davis on a statutory charge. This action resulted in a disagreement of the jury and Davis thereupon presented his check for payment; but Damphier shortly before had ordered payment of the check stopped.

The prosecuting attorney was assisted in the preliminary examination by S. T. Lowe, of Burley. Damphier appeared in his own defense and was assisted by H. C. Mills of Rupert, and W. G. Bassett of Gooding. The proceedings were reported by Edwin W. Day, public and county stenographer, of Twin Falls.

PERONNE PRACTICALLY ENCLOSED

(Continued from page one)

When the Germans are back to the line they laid at the beginning of their March offensive.

Added to the menace to Peronne was the allied pressure on the Somme and north canal and northward from the Oise.

East of the Ailette river, French troops were threatening investment of Coucy-Le-Chateau, which is only two miles from the German's spring jumping off place at that point.

Confront Flanking Manoeuv

Between the Ailette and the Aisne, French and American troops were advancing by the main highway toward the Chemin des Dames and increasing the danger to the enemy of a flanking operation against that important ground which would probably necessitate relinquishment of the whole line eastward to Rheims.

Take Village of Baillet

In Flanders the village of Baillet, which changed hands several times during the German offensive and which was finally won by the enemy at a terrible cost has been given up to the British without a struggle.

Around Lens, British activities are increasing. This was accepted in some circles as a forecast of operations

which would connect the Picardy and Flanders fronts.

ARRA Center of Interest

The bull's eye of the military expert's interest today, however, was in the region of Arras, where the British have cut the Hindenburg line. Here the heaviest allied effort is now registering. Its purpose is to crumple the Drocourt-Queant "switch" and jeopardize the stability of the entire Hindenburg line by exposing its northern flank. Unless the Germans possess a new switch behind Queant, continuation of the allied boring tactics is liable to compel a much bigger retreat than last year's.

Huns Rush Meuse Defenses

The next strong German stopping place is probably the line before Lille and Valenciennes to the Meuse. This would mean an additional retreat from ten to thirty miles. In this connection it is remembered that the recent reports from Germany stated that thousands of prisoners, including Belgian

civilians, were hastily completing the old Meuse fortifications.

The enemy, realizing the crisis, is showing steadily increasing resistance in the switch region. Bullecourt, recaptured by the Germans, but again retaken by the British, and Bincourt, which is ours, are the bastions of the switch line.

John Harward's History Traced

Until modern times, says the London Graphic, John Harward was "the Melchior of New England." He was without father, without mother, without home. So profound was the ignorance concerning the founder of America's first and greatest university, that an offer of a princely reward for "five lines of definite information" about his life went unclaimed. Gradually, however, the labors of various industrious investigators bore fruit, until today John Harward is a real figure of American history, whose footsteps on English soil are clearly legible.
