## NO REPETITION OF YESTERDAY'S STRIKE

Players and Managers Come to Understanding as to Division of Proceeds—Players Claim They are Satisfied

By H. C. HAMILTON

PENWAY PARK, Boston, Sept. 11.—The Cubs and Red Sox continued their autumn blow at baseball here this afternoon with the temperature hovering only a few ticks above freezing. This it was certain would hold the crowd down but fear of a repetition of yesterday's threatened strike evidently helped to slow up the click of the turnstiles.

Old members met Wegman and Frazer at a hotel and asked them to give their share of money a boost.

Frazer denied an agreement had been reached. Wegman refused to be quoted. It is known, however, that the players expressed satisfaction following the conference.

The line up: Chicago—Flack, cf; Hollocher, ss; Mann, lf; Packer, cf; Merkle, 1b; Dick, 2b; Deal, 3b; Killefer, c; Tyler, p.

Boston—Hooper, rf; Shean, 2b; Strunk, cf; Whitman, lf; McInnis, 1b; Scott, 3b; Thomas, 3b; Schang, c; May, p.

## FIRST INNING

Chicago

Flack out, Thomas to McInnis, on an easy hopper. Hollocher out, Scott to McInnis. No runs, no hits, no errors. Mann held out and working a fast ball with good effect.

Boston

Hooper out Hollocher to Merkle. Shean fanned, swinging. Strunk singled over second. Hollocher dropped it, Hooper running back for the top. May was scored as a hit. Whitman flied to Packer. No runs, one hit, no errors. Packer took Whitman's lungy fly in deep center while running.

## SECOND INNING

Chicago

Packer out, Shean to McInnis. Merkle fanned, swung. Pick singled to left. Pick was caught off first. May to McInnis. No runs, one hit, no errors. Pick was dropped by May after about ten ineffectual throws to get him. He was finally nailed three feet off the bag.

Boston

McInnis out Tyler to Merkle. Scott to Tyler to Merkle. Thomas hit, Schang fanned Thomas at second. Hollocher to Pick. No runs, one hit, no errors. Thomas overran the bag or he would have been safe because Hollocher's throw was wide.

## THIRD INNING

Chicago

Deal flied to Whitman. Killefer out, Scott to McInnis. Tyler out, Scott to McInnis. No runs, no hits, no errors. May was showing excellent control and fine judgment in plugging to the Cubs. He was getting the corners all the time.

Boston

May walked on four wide ones. Hooper sacrificed. Tyler to Merkle. May taking second. Shean walked. Strunk out, Pick to Merkle. May taking third and Shean for the top. May on Shean second, and Whitman was safe at first when Flack dropped Whitman's line drive. The official scorer called it an error for Flack. McInnis safe at first on Hollocher's throw to Merkle but Whitman was out at first. Hollocher to Merkle to Deal. McInnis was given a bit for the chance was hard to handle. Two runs, one hit, one error.

## FOURTH INNING

Chicago

Flack singled to center. Hollocher out to McInnis, unassisted. Flack taking second. Mann was hit by a pitched ball and went to first. He was hit on the shin and fell in the dirt but soon got up and limped to first. Mann was caught off first, Schang to McInnis. He protested the decision but it didn't

## DISLOYAL PLACARDS APPEAR IN NEW YORK

"Defend Yourself! Don't Register!" Is Advice Given Anonymously

NEW YORK, Sept. 11.—The appearance of disloyal placards urging opposition to the new first day of sold out resulted in the institution of a search by police and department of justice men for their authors. The posters were found on windows, bill boards and scattered in the streets. Officers have been instructed to search persons found with one of the posters in his possession and to destroy all such literature found.

The posters were headed: "Defend yourself," "Don't register."

## PASSENGER LINER SUNK BY GERMAN SUBMARINE

Canadian Steamship Company Receives Word of Sinking of Mississauga

AN ATLANTIC PORT, Sept. 11.—Officials of the Canadian steamship company here today stated that they had received a cable stating that their passenger liner Mississauga, westbound from an English port, had been torpedoed and probably sunk. The cable gave no details. The Mississauga was a fine twin screw ship built at Glasgow in 1914, for the one class cabin and third class passenger trade of the Canadian Pacific steamship lines between London and Montreal. It had been taken by the admiralty for carrying American troops to England. She was 12,499 gross tons, 500 feet long, 64 feet beam, 35 feet draft and had an average speed of 17 knots an hour.

## RUSSIAN PEOPLE AWAKENING TO NATION'S CALL

Establishment of General Siberian Government at Omsk Will be Undertaken in Near Future

WASHINGTON, Sept. 11.—Establishment of a general Siberian government is expected to be in the near future, according to belief in diplomatic circles today.

This government would unite the organizations at Vladivostok, Chita and other points in the east. It would be sympathetic toward the allies and avowedly anti-Bolshevik.

Russian officials here are optimistic as to the situation in Siberia. Occupation of Nizhny in the Urali river is evidence of Bolshevik defeat. The news, recently reported lost to the Bolsheviks, is back in Czechoslovak hands, it is believed.

## Telegraph Lines Restored

Telegraphic communication has apparently been restored through Siberia. Mail communication is still blocked around Lake Balkan, where the Bolsheviks are reported to have blown up some of the thirty tunnels in that region. Czechoslovaks who have been outwitted by German-armed Bolsheviks at various points in Western Siberia are increasing their appeals to the allies for aid.

## Must Look to Japan

But help of any kind, it is stated in diplomatic circles here, is precisely what the United States, Great Britain and France are occupying on the western front. But Japan is unwilling to go ahead with the extensive plans she has prepared until the consent of the United States is obtained. Both diplomatic and military difficulties stand in the way. For operations of any magnitude in Siberia, Japan probably would have to import steel and other supplies from the United States.

Good reports are reported in Western Siberia, by the Russian wireless press, controlled by the Bolsheviks. The Urali and the lower middle Volga are producing above the average this year, three reports said. Whether these reports are put out to ally fear of famine is not known.

## PHILLIP STILL LEADS WISCONSIN PRIMARY

MILWAUKEE, Wis., Sept. 11.—With return from Milwaukee county the largest in the state missing in the official count, Governor E. L. Phillip today led Senator Ross P. ## LULL IN FIGHT IN ACCORDANCE WITH PROGRAM

Foch Will Conserve His Driving Power Until Hindenburg Again Takes Up His Weary March to Border

## HUN FOREIGN MINISTER AT FIELD HEADQUARTERS

Conference on Possibilities of Peace Under Way Between Admiral Von Hintz and Military Leaders

By J. W. T. MASON

NEW YORK, Sept. 11.—The reduction of the intensity of the fighting along the west front in a normal condition of the strategy dominating both Von Hindenburg's and General Foch's purposes.

It is Von Hindenburg's natural desire to rest briefly after his difficult retirement and it is wholly in accord with Marshal Foch's plans to conserve his own driving power until Von Hindenburg may be said to possess a quietest initiative. It is for him to say when his backward movement shall be voluntarily resumed. Until that time comes it is probable that Marshal Foch will order offensives on a large scale against the enemy's positions.

Announcement is made today that Admiral Von Hintz, the German foreign minister, has gone to Foch's headquarters for a conference with Von Hindenburg and Jaganoffsky. This conference may well control for the time being the military situation.

## Wants All He Can Get

One of the questions confronting the kaiser is to control as much of the territory as he can when peace is declared. Von Hintz has just visited Vienna for what is generally believed to be a discussion about a peace offensive.

If Von Hintz reports to Von Hindenburg and Jaganoffsky that there is any hope of a peace drive succeeding, it is highly probable the German retreat along the western front will be held down temporarily to the lowest minimum of which Von Hindenburg is capable of directing. Von Hintz will report at least that the well worn Austro-Hungarian peace camouflage line to be tried one more for Baron Burian, the Austro-Hungarian foreign minister, has already begun to play his part as a principal, assisted by a minor chorus.

## Time Growing Short

Nevertheless, Von Hindenburg cannot give Von Hintz very much time to make a peace drive successful, greatly endangering the work of building up the German reserve force. While the German armistice along to their present demarcated front, it is a safe thing that exhausted troops from Vienna will outpace any peace America's quarter of a million troops must continue to arrive in France.

Von Hindenburg knows he must not reply indefinitely in western France. He is to defend the Rhine against the Americans. Therefore if Von Hintz's peace campaign doesn't show quick results every consideration of strategy will require Von Hindenburg to retrace some more his homeward tramp.

## ARMY LEADERS WILL SOLVE WAR PROBLEM

Count Czernin's Endorsement of League of Nations Idea Accepted With Reservations

ROME, Sept. 11.—Newspapers attach importance to Count Czernin's letter in which he favored a league of nations and said the Kaiser and the German people were in favor of an honest peace.

It is the prelude to a peace of freedom and the public should be on its guard," said the Epoca.

It is Foch, Pershing, Diaz and the other commanders and not the diplomats who will solve the problem of the war.

## GENERAL CONFERENCE CALLED

AMSTERDAM, Sept. 11.—Admiral Von Scheer, chief of the German naval staff and members of the staff have been summoned to headquarters according to advice today.

An earlier dispatch said Foreign Secretary von Hintz had been called to a conference with the army chiefs.

## BRITISH SHIP WITH AMERICAN TROOPS IS HIT

German Torpedo Finds Its Mark Off British Coast—No Lives Lost Say Official Reports

WASHINGTON, Sept. 11.—Torpedoing of a British troop ship bearing American troops was reported to this government today. No lives were lost as far as the first reports show. The torpedoing occurred in foreign waters.

It was understood that the vessel was not sunk but reached safety without loss of any of the men aboard. After the information had been withheld for some time the navy department issued an official statement which showed the ship was torpedoed September 8th, off the British coast, but that all aboard were accounted for.

Previous Report Confirmed Confirmation of the torpedoing of the Canadian liner Mississauga was also received.

This latest statement was issued by Secretary Daniels:

"The navy department has received information from Vice Admiral Sims stating that a British liner carrying American troops was struck by a torpedo off the British coast, but that all the troops and others aboard were rescued; a motor was held and all accounted for."

## Huns Shell Lifeboats

CHRISTIANIA, Sept. 11.—A survivor of the torpedoed Norwegian ship Egealand arriving at Bergen today declared the vessel was sunk without warning.

The Huns shelled the lifeboats. The captain and four of the crew died from wounds and the mate went mad. German brutality has surpassed all limits.

## Restoring Former Fortifications

AMSTERDAM, Sept. 11.—The Germans are reported to be restoring the fortifications of Liege, Bruges and Ghent, according to advice from Belgium today.

Twenty thousand of the inhabitants were declared to have been removed from Maaubach. Liege, Bruges and Ghent are important cities of Belgium. Maaubach is a fortress in northern France, held by the Germans since 1914.

## Lose Half Million Men On Battle Field

LONDON, Sept. 11.—During the past two months the Germans have lost 500,000 men upon the battle fields, of which 300,000 were dead, the Paris correspondent of the Exchange Telegraph company estimated.

## Captured American Escapes

WITH THE AMERICANS IN FRANCE, Sept. 11.—How a captured American soldier escaped from a German patrol and kept the Boches at bay by throwing rocks at them, was told here today.

North of Toul the American was seized and carried off by the enemy squadrons. He suddenly broke away and dashed into a shell hole. There he seized rocks and pelted the Germans, sending them off until on jumped up on the American. With a trench knife as his only weapon, the Yankee killed the Boche and sprang across No Man's Land, reaching his own lines unharmed.

## Berlin Claims 3,000 Prisoners

BERLIN, via London, Sept. 11.—"Sixty-four of Ypres and captured 700 of the Lomme canal, repulsing English partial attacks we took prisoners," the war office announced today.

South of the Peronne-Cambrai road there were minor English attacks and violent fighting.

South of Gouzeaucourt and around Epehy the enemy was driven back by our counter-attack. We took 3,000 prisoners.

Partial fresh attacks were delivered against the Ilem St. Quentin road in an effort to surprise one of our posts. They were repulsed by artillery. There was local fighting between the Allette and the Aisne, but the afternoon artillery fire increased. In the evening strong enemy attacks failed.

## Allies Confront Huns In Old Positions

LONDON, Sept. 11.—(British admiralty wireless)—The Hindenburg line, save where it is already in possession of the British, is under the French or British guns along the whole of its length. The Germans have been forced back until they have reached ground which is crisscrossed with old trenches and their retirement has naturally slackened.

They are compelled to find temporary relief in a partial reversion to the old style of fighting.

The water section has gone and it remains to be seen whether the Siegfried section which lies between the Senne and Ja Pore and the Almerloch, which runs further south, will prove a more lasting security.

At present the British are across the hinge of the Hindenburg line, south of St. Quentin, and from Marquieu they threaten Cambrai from the northwest. The French are now close to La Fere, and are keeping the Germans upon the Aisne very busily occupied.

## LABOR DECLINES TO CONFER WITH ENEMY

Samuel Gompers Explains Attitude of Members of American Federation

LONDON, Sept. 11.—American labor will refuse to participate in a conference with enemy organizations, Samuel Gompers, president of the American Federation of Labor declared in an interview with British journalists made public here today.

"I don't want to appear demagogic," said Gompers, "but of this fact you may rest assured. There will be no conference with the enemy. The American Federation of Labor has taken on in this war. This means that the federation will refuse to participate in conferences with enemy representatives. The men and women of America are not simulating, they want nothing but the right of democracies to live their own lives without being manacled by militarist or autocracy. That includes the democracy of Germany."

## Attack This Morning Launched By British North of Peizerre—Important Ridges Reported Captured

## HUN LOSSES OVER HALF MILLION IN TWO MONTHS

Fortifications of Liege, Bruges and Ghent Being Restored By Germans—Advance Farther Towards St. Quentin

By LOWELL MELLETT WITH THE BRITISH ARMY, Sept. 11.—British forces launched an attack at 3 a. m. today northwest of Peizerre. As this is called it is reported to be the capture of important ridges. Peizerre is a northern suburb of Epehy on the Hindenburg line midway between Canai and the St. Quentin line.

## Take Old Line Positions

At Trossac cemetery, on the eastern edge of Havrincourt wood, the British advanced and occupied the old Hindenburg line in its entirety.

Heavy German shelling has developed all along the front. In the Senne valley the German batteries were worked so rapidly the bombardment was like a hurricane.

There is as yet no official confirmation of gains of the British at Peizerre.

## Capture Wagon Train

In the Tin court area, nearly three hundred German wagons were seized with 70 prisoners, including three officers. In this case, prisoners' feet reported captured number 608. The September total thus far is 3,027.

Regardless of intermittent heavy rains, sometimes storms and cold, and generally depressing weather the British are making steady gains and are usually gaining limited objectives.

Occasionally these assaults are defeated from the face of stiff resistance from refreshed German troops.

## Huns Outrigger Attack

A German attack west of Gouzeaucourt at 6 p. m. yesterday was repulsed except at dead man's corner, the junction of the Aisne river near the town.

At 9:10 o'clock last night enemy troops attempted to advance north of Ebrout St. Quentin. British outposts were withdrawn after a brisk engagement. No losses were suffered.

## Haig Reports Progress

LONDON, Sept. 11.—British troops advanced their line toward Attilly, less than three miles west of St. Quentin, in the Vermand, Field Marshal Haig reported today.

A strong German attack against the ridge west of Gouzeaucourt yesterday evening was repulsed.

The statement said: "We advanced our line yesterday in the direction of Attilly and Vermand. In the evening the enemy strongly attacked the ridge west of Gouzeaucourt. There was sharp fighting as a result of which the attack was completely beaten off except at one point where our post remained in the enemy's possession."

There was local fighting yesterday afternoon and evening in the neighborhood of Moeuvres and Excourt-St. Quentin. At the former an attack by a strong enemy who succeeded in entering our trenches was repulsed by counter attack with Ebrout St. Quentin the enemy was also repulsed after stiff fighting. We advanced our line slightly during the night west of Erquinghem (west of Arras).

## Huns Still Occupy Le Petite Montague

By FRED S. FERGUSON. WITH THE AMERICANS ON THE AISNE, Sept. 11.—Shelled out of his positions between Revillon and Glennay, by a heavy bombardment of German heavy artillery, the high road between those towns, falling back a little further toward the Aisne on our right.

The enemy still holds the strongly fortified heights of Le Petite Montague. He has withdrawn to the high road between the Aisne and the Vermand. Heavy rains have nearly halted the operations between the Aisne and the Vesle.

# NEXT SIXTY DAYS WILL BE VITAL ONES FOR HUNS

This Year's Fighting Season Drawing to Close—Will Foch Wait Until Next Year or Continue to Drive On?

## HINDENBURG ANNOUNCES RETREAT IS AT END

Germans May Endeavor to Recoup Part of Losses Is Thought in Some Quarters—Prepare for Offensive

By WILLIAM PHILIP SIMMS  
PARIS, Sept. 11.—Once again the allies stand face to face with the Germans on almost the identical lines where they stood throughout the winter, awaiting the unfolding of the great Toulon offensive. Once again as it was last March, each day is a day of waiting and suspense and "what will tomorrow bring?"

Today the British and Americans are making their last adjustments in front of the Hindenburg line.

### Next Sixty Days Tell

The British message Armenieres, Lens, Douai and Cambrai, while the French threaten St. Quentin, La Fere, St. Omer and Le Mans. Will the allies keep up their drive and will the Germans attempt to hold their present positions? The next sixty days must tell the tale. After that General Winter takes charge of operations.

Foch continues in his role of a human engine. The first bid he gave as to intentions was when he said the allies' offensive would not stop until victory had been won. This statement is elastic, as he probably intended it to be. It may mean an intense attack throwing the Germans back from the Hindenburg line this autumn, or it may mean postponing the new campaign until spring.

### Hindenburg Says Retreat Ends

Hindenburg announced that the retreat is at an end. This obviously means he intends to stick where he is. The Berlin Voerwaerts is an article that looks as if it has been inspired, announces that the Germans intend to fight on the offensive. In this statement, however, the Germans have ended each fighting season with some dazzling coup scheduled to give the German people courage to face the privations of winter. Hindenburg affirms this concept is very gloomy, he even admits the Kaiser's dynasty is endangered.

### Rumors Might Try Again

In view of this situation it would not be surprising if the Germans attempted some sort of a Volturno here, either a bayonet offensive or a peace offensive now, especially as they know that next spring the allies will smother them with men, airplanes, tanks, guns, shells, gas and machine guns. It is too late for that now to do anything. Local fighting keeps up in the British and French sectors, but this is interesting only as hammering behind the curtain between preparations for the next act.

Austrian Foreign Minister Expresses Belief That Peace Is Possible if Allies Would Pause Long Enough

## TURK OFFICIAL ADMITS VICTORY IS IMPOSSIBLE

"Conciliation Only Way Out," Declares Djemem Pasha, Turkish Minister of Marine—Defensive Warfare Now

AMSTERDAM, Sept. 11.—German Foreign Minister Von Hintz has been returning to army headquarters to confer with Ludendorff and Hindenburg, according to reports from Berlin today. Messages from Germany also brought word of the death at the front of Prince Albert of Sax.

### No Socialistic Compromise

The Berlin newspaper Voerwaerts flatly denied reports that Matthias Erzberger, managing director of the Catholic center party and Philipp Scheidemann, the socialist, were to be members of the new cabinet.

It had been stated that they were to be in a ministry to be formed by Dr. Baumbach, present cabinet minister, to place the Hertling regime. Reports that Erzberger and Scheidemann were to be in the cabinet gave rise to the belief that a strong peace element will be left in the ministry.

### Turk Admits Victory Impossible

Dispatches from Vienna quoted Djemem Pasha, the Turkish minister of marine, as saying that an absolute military victory is now impossible. "Conciliation is now the only way out." Vienna messages also quoted Baron Burian, the Austrian foreign minister, as declaring that this country will stand fast and fight a defensive warfare but not a defensive warfare by the side of Germany.

"Austria will continue to wage a defensive warfare by the side of Germany," said Burian. "All our advantages need to be provided an opportunity for an exchange of views and then perhaps there will be no further fighting needed to bring us closer."

### Soldiers Talk

This is the first statement approaching a peace feeler to emanate from the central powers since their offensive was definitely smashed and they were driven back to their former lines. Travelers arriving here state that during the last few days thirty men of the 25th German reserve regiment were shot for refusing to go to the front.

## INTEREST RUNS HIGH IN ILLINOIS PRIMARY

Mayor William Hale Thompson of Chicago Leads in U. S. Senate

CHICAGO, Sept. 11.—Illinois voters went to the polls today to nominate candidates for the United States senate and house of representatives. Candidates for state and county offices also were named.

With three candidates in the running, the center for the Republican senatorial nomination was the center of the greatest state-wide interest. Mc Cormick and George E. Foss, congressman, and Mayor William Hale Thompson of Chicago sought the honor. The campaign has been bitter with the war attitude of Thompson the object of persistent attack by his opponent.

Senator J. Hamilton Lewis, endorsed by President Wilson, was generally conceded an easy victory for the Democratic nomination. He was opposed by James Traynor and James O. Monroe. Ten congressional seats are to be filled at the November elections. Candidates were being named today. Among candidates for re-nomination were James Mann, house minority leader.

# If You Want to Send Your Home Paper to Your Boy in France, SAY SO—It Will Cost You Nothing

Twin Falls County boys in France are hungry for the home newspaper to them. There is no expense to the boys or their relatives at home. The expense of the service has been provided in other ways.

# Twin Falls County "Home Paper" Service

As a further means of letting the boys "Over There" know we are with them, a plan has been arranged by which all the boys in the service, Army, Navy, Y. M. C. A., Red Cross, K. C. and all other war workers from this county, will read regularly a copy of a home paper, so he will know what is going on "over here."

To carry this out, a committee is now working to get the names and address of every one from Twin Falls county who is in the service and to find out the preference as to paper. The committee then proposes to subscribe for enough county newspapers so that every man may have the pleasure of reading his home news. We possibly cannot go far enough to send EVERY man an individual paper, but we plan on placing a number of the county papers in every cantonment, camp or headquarters where any Twin Falls county men are stationed.

Enough funds are already provided to start this plan and all we want from the people of the County is the names and addresses of the boys and their preference as to paper.

We are asking that the next of kin to every boy in service fill out the coupon below and send it in, at once, so that we may get the papers started to the boys without further delay. We want EVERY BOY possible to see a "Home Paper," so it up to the relatives of those boys to get the information to us.

Troops Being Withdrawn Rapidly for Service on Western Front—Moscow Seething

LONDON, Sept. 11.—German troops are being withdrawn from Ukraine and sent to the western front, according to rumors circulating in Kiev, dispatches received here from Stockholm reported.

(Stockholm advices said fifty social revolutionaries were killed and 200 wounded in Moscow recently when Bolshevik troops dispersed a meeting.)

All the Siberian railway, eastward of Lake Baikal is now in possession of Czech-Slovak forces, a message from Vladivostok declared. The Czech-Slovaks completed their occupation of the country along the railroad by seizing Verkhniak and Sirostensk. The London Express learns that at least 1,000 British captives are held as hostages in Petrograd and Moscow, the Bolsheviks threatening to take revenge on them if harm comes to any more soviet officials.

Reports of Bolshevik victories over the Czech-Slovak troops were received today from Russian sources.

## TERRIFIC RAINSTORM HAMPELS OPERATIONS

### Wide Divergence of Opinion as to What Next Step Will be—Some Claim Foch Will Call Off Offensive Until Spring

By WILLIAM PHILLIP SIMMS

PARIS, Sept. 11.—Through the most terrific rains since the fighting began last March, the allies today are not ceasing to batter the Germans, harassing them everywhere from Dixmude to Rhinberg.

Nevertheless the operations are steadily slowing down. Belgians, British, French and Americans are snuggling up close to their former lines. If the rains continue, and will force a further slackening. Still the weather has been exceptionally dry, since before the offensive and the ground is thirsty, so much of the moisture can be absorbed. But an early setting in of the rainy season which is now likely at any time would affect the whole trend of the remainder of the campaign.

**Await New Development**

Today, despite local fighting where the British and French were driving in the last German outposts westward of the Hindenburg line, the western front was virtually marking time pending commencement of the new phase of the campaign.

Reports here were totally at variance regarding the nature of this new phase of the fighting. Some declared that Foch would not permit Ludendorff to get his second wind at the Hindenburg line, intimating that a great blow is practically certain. Others doubted whether there would be any real respite before breaking up.

**Hours Being Up**

German critics, however, speak as if they were still drawing their inspiration from the same fountain, which hitherto has actually been the case. They admit the allied blow was so serious that German plans, certainly as far as 1918 was concerned, were completely upset and they suggest that no further offensive is possible from their side, although it is no secret that Hindenburg has accumulated some forty divisions of possible reserves with which he is practically certain. Other possibilities of reconnoitering and taking the rest cure.

### Passenger Train Crashes into Approaching Work Train With Terrible Results

ALLIANCE, Neb., Sept. 11.—Fourteen dead and twenty-nine injured was the toll when a Burlington passenger train smashed into a work train on the main line at Mitchell station, six miles west of here late yesterday afternoon. Many were seriously injured.

The passenger train was running at a high rate of speed when the collision occurred. Nearly every man in the smoker was either killed or injured when the baggage car telescoped into it. The tender of the work train with six cars of the passenger train were thrown clear of the track. Both engine crews jumped. Engineer Fitzpatrick of the passenger being the only one injured.

Misunderstanding of the change in time of mountain and central time, was said to be the cause of the wreck. The work train had started out of Birdsell believing it had an hour to go to Alliance ahead of the passenger. Instead the passenger train was approaching around a bend of the track, the view being obstructed.

The dead, four of whom have not been identified, are all in a local morgue.

PERFECT FITTING MUNSINGWEAR UNION SUITS

LET MUNSINGWEAR COVER YOU WITH SATISFACTION

**Munsingwear Quality Maintained**

THE makers of Munsingwear years ago decided to make quality uppermost in every Munsingwear Union Suit. In these days of "substitute merchandise," it's satisfying to know that the same unvarying quality is being knit and woven into every Munsingwear garment.

Munsingwear is made in many different styles and sizes for all ages and in a great variety of fabrics. Whether you are tall or short there is a right Munsingwear size for you.

If, for any reason, the Makers of Munsingwear are unable to maintain the quality of a fabric they prefer to discontinue that fabric altogether rather than lower its quality. When new fabrics are added a new fabric number is allotted.

"Munsingwear Quality is to Underwear What Sterling is to Silver"

Millions of Union-Suited Americans accept no other underwear.

The perfection of fit, finish, fabric, the washability, durability and economy make Munsingwear 100 PER CENT RIGHT.

Our stock of Fall and Winter Munsingwear is waiting for you. Come in today and choose from the variety of styles and fabrics. It is genuine goodness all the way through—Buttons too.

### MACHINISTS STRIKE TIES UP WAR WORK

Operations Practically Suspended at Bridgeport, Conn., Munition Factories

WASHINGTON, Sept. 11.—Striking machinists who have almost completely tied up all Bridgeport, Conn., munition factories have been given forty-eight hours to return to work and abide by the war labor board's decision or lose their individual memberships. This ultimatum was served on the machinists in a telegram filed last night to Business Agent Samuel B. Lawli, at Bridgeport, from W. H. Johnson, national war board member. In sending these telegrams Johnson acted in his capacity as president of the International machinists' union, President Wilson, to whom an appeal was made to take a hand in the situation, is not expected until the ultimatum time has expired Friday.

Machinists on strike have refused to abide by the award handed down by the war labor board and which was formulated by an umpire after the board had failed ultimately to agree on a settlement.

### RESENT CHARGE BY REPUBLICAN LEADER

Secretary Tammany Will Look Into Alleged Statement by Will T. Hayes

WASHINGTON, Sept. 11.—Joseph P. Tammany, secretary to President Wilson, today wrote Chairman Will T. Hayes of the Republican national committee to learn if Hayes was correctly noted as having charged that Democratic leaders would end the war with a compromise to insure their political fortunes. It is understood Tammany wrote the letter at the suggestion of the president.

### GASOLINE CONSUMPTION MUST BE CUT HEAVILY

Fuel Administrator Predicts Shortage of Million Barrels if Use Continues at Present Rate

WASHINGTON, Sept. 11.—Gasoline stocks in the United States were reduced at the rate of 44,000 barrels daily in July, a total of 1,507,000 barrels for the month, Fuel Administrator Garfield informed the senate today in answer to the Lodge resolution. Garfield predicted a deficit for this year of 1,000,000 barrels if the consumption continues at the present rate and production is not increased.

### FOR FRITZ'S SAKE

By MAUNA COWLES

"It is perfectly outrageous for you to go on talking German," Mrs. Van Bergen told her daughter Freda, as they read the latest issue of the Van Bergens had their winter apartment. Freda raised two Teutonic eyes to her mother appealingly. "But Fritz cannot understand English," she said. "Can you, Fritz, dear?" At which a very long about-the-face, during which whose silky coat showed Freda's devoted care, waggled his tail and fapped his ears.

"Well, of course you will do as you choose—you admit to it," Mrs. Van Bergen. "But I think you are taking risks. You are a perfect Gretchen type."

"You can never tell," reiterated the mother. "Sometimes simple-looking people are shrewd enough and it would be just like the Huns to make an accomplice of a simple little Gretchen—and that's what you look like."

The next morning, as she was taking her breakfast in the Van Bergen apartment, with the cherished Fritz sitting on a cushion in a chair at her side—for Freda breakfasted an hour or so before her parents—she glanced at the paper in a newspaper, entitled a little shriek of fright, and then began to fondle Fritz's soft long ears because she needed some encouragement.

The article whose headlines she had read told of the taking of a girl as a spy, and of the suspicion entertained by the secret service men of three or four women accomplices. One of them, the account said, was a blonde young German girl of the perfect Gretchen type. Soon, however, Freda forgot her fright and she was light-hearted and joyous when she started forth from the hotel with Fritz.

When Freda returned her mother had gone out for a shopping tour and again her only companion was Fritz. He sat beside her as she practiced a Beethoven sonata on the piano. The telephone sounded and presently her mother's maid came to her to say that a Mr. Drew wished to speak to her. But as Freda had never heard of a Mr. Drew and did not wish to interrupt her practicing she asked the maid to take the message.

"He says he is very sorry, miss, to disturb you, but all he wants to know is whether or not you're a German."

Freda thought immediately of the headlines she had seen in the paper. "I can't imagine why he wants to know," she said. "Will you please ask him who he is and what his business is."

"The maid returned, saying that Mr. Drew realized that he had been abrupt but he would call and explain himself at the apartment. All Freda's fears returned and, gathering Fritz in her arms, she hurried to her room. The maid came to her room, bearing a card. Under the name of Mr. Drew, there was the simple words, "National Detective Bureau," and the address of that concern.

### NOTICE TO CONTRACTORS

Notice is hereby given that the Mayor and Council of the City of Twin Falls, Idaho, on Monday, the 23rd day of September, 1930, at the hour of eight o'clock, in the evening of said day, at the City Clerk's office in the Perrine Hotel building, will receive and open sealed bids and proposals and award a contract to the lowest and best bidder complying with the provisions of this notice for the construction and completion of all cement sidewalks, authorized to be constructed by and the location of which are described in Ordinance No. 236 of the said City of Twin Falls and which ordinance is found on page 223, book 4, of the council proceedings of said city, and which ordinance creates Local-aidedwalks Improvement District No. 32 of the said City of Twin Falls, and also for the construction of sidewalks, intersections and cross walks made necessary by the construction of sidewalks described and mentioned in Ordinance No. 236, said sidewalks to be constructed along the property front or side as described in said Ordinance No. 236 and upon the grade and in the manner specified in the plans and specifications for a two-course sidewalk, as determined by the City Engineer and now on file in the office of the City Clerk of the City of Twin Falls.

Proposals showing the estimated amount of work to be done and the class thereof can be obtained by applying at the office of the City Clerk of the said City of Twin Falls. The said work will be paid for as follows:

Sixty per cent of the cost of construction, based upon the City Engineer's estimate thereof, found to be earned and due at the end of each calendar month; the whole thereof within sixty days after the completion of the work of the said work and the acceptance thereof by the City Engineer, which acceptance shall be evidenced by the certificate of the City Engineer that the said work is completed in all ways and in compliance with the terms and conditions of the contract. The payment of the construction of the sidewalks shall be made in warrants of the City of Twin Falls, Idaho, issued to the contractor, and issued against the special fund created by the assessing property benefited by the construction of the said sidewalks, and which warrants shall in no way pledge the credit of the City of Twin Falls, Idaho, for the payment of the said warrants.

The cost for the construction of sidewalk intersections and cross walks will be paid in cash at the time heretofore mentioned.

There must accompany each bid a certified check upon some bank located in the City of Twin Falls, Idaho, drawn to the order of the City of Twin Falls, Idaho, in an amount equal to ten per cent of the amount bid; said check to be forfeited to the City of Twin Falls, Idaho, in the event that the successful bidder does not enter into a contract for the performance of the work. A satisfactory surety bond in an amount equal to sixty per cent of the amount of the contract shall be given to the City of Twin Falls, Idaho, by the successful bidder at the time of the execution and delivery of the contract.

The Mayor and the Council reserve the right to reject any and all bids. Dated September 10, 1930. W. A. MINNICK, City Clerk of the City of Twin Falls, Idaho.

THE PAPPUS PAPUS
In the story told by Mrs. Williams, mention is made of pappus, which was called "pappi" in the time when the mummy of her story lived. From that word came the Greek "pappus" and our English word "paper." The historian Herodotus called it "pappi" and from this the old Greeks got a word "biblion," meaning a book, which we have carried on into our word "Bible." Go to a good dictionary and you will find a long list of words beginning with "biblio" and they are all connected with books.
