American Tanks Smash Through Enemy Concrete Reinforced Lines at Sunrise, Following Terrific Four Hour Bombardment of Entire Pocket

(United Press War Summary) THE first American offensive was launched today. Under direct command of General Pershing the American First Army attacked both sides of the St. Mihiel salient...

Million Yanks Are in Drive

WASHINGTON, Sept. 12.—Launching of America's drive in the west sector, where probably a million yanks are concentrated...

It is known, however, that systematic destruction of the Rhine line has long been urged. It has been felt that the best opportunity of giving Germany an example of the wreck she has wrought in Belgium and northern France lay in a campaign across the Rhine from the American concentration point between the Meuse and the Moselle...

CZECHO-SLAVS MUSTERING MEN

American Recognition of Efforts Has Good Effect on Morale of Whole Race

WASHINGTON, Sept. 12.—Encouraged by American recognition of the Czech-Slovaks of the world, both inside and outside of Austria, are mustering their strength...

Great significance was attached by President Wilson and Chairman Masaryk of the Czech-Slovak national council. It was the leader's first visit to the white house since the Czech-Slovak recognition and the meeting was considered an event of the significance of Dr. Masaryk's authority under the defunct government and the Czech-Slovak forces in Siberia, France and Italy.

It was the diplomatic opinion that the two leaders could not have planned the plans already well under way for co-ordinating the interests of the Slav nationalities seeking to discard the Austrian yoke.

The Czech-Slovak dispatches to the national council refer to the intense agitation in Bohemia and Moravia in the assurance of outside aid and to the evident boldness of the Czech-Slovak leaders.

Enthusiasm Runs High Czech Deputy Karel Prazak, former Austrian cabinet member, is quoted in Prague newspapers as calling upon the members of every class to rally to the Czech-Slovak national committee at Prague.

GERMAN GENERAL KILLED GENEVA, Sept. 12.—General Hugo Huhn of the German army has been killed by British aviators near St. Quentin, according to information from Hain today.

FRANCE'S OCCUPY TOWN STOCKHOLM, Sept. 12.—Ukrainian peasants chased out of German garrisons and occupied Bystrzyca, according to a dispatch today from Hain.

NO HATRED BUT HONEST WRATH

Kaiser Reiterates Time Honored Lie as to Who Began the War

AMSTERDAM, Sept. 12.—Germany has no hatred only honest wrath, the Kaiser said in a speech to Krupp workers today.

"Germany's enemies began the war because they were envious of Germany's prosperity," said the Kaiser. "Their envy became hatred when their calculations failed."

"In December, 1916," the Kaiser added, "I presented to the enemy what is a clear offer of peace in the name of the German people and my allies. The answer was jeers and mocking."

All is at Stake "The parliamentarily governed (Continued on Page Eight)

LITTLE FEAR OF BOLSHIEVIK IN THE FAR NORTH

American Troops, United States Sailors and Allied Marines Easily Capable of Caring for Situation

PROPOSED THRUST IN SIBERIA NOT SERIOUS

German Effort to Stir Up Greater Activity Against Allied Troops Bearing Fruit Only in Form

WASHINGTON, Sept. 12.—With American troops landed at Archangel to back up allied marines and United States sailors already in that region, it was held here today that the proposed Bolshieviki thrust in the north will be futile.

Germany has done her utmost to stir the Bolshieviki to make a drive in northern Russia, even getting a treaty providing for such an effort.

The number or nature of the new troops is not revealed but "it is assumed they came from English or French camps and were well seasoned."

Unofficial reports that the Bolshieviki had seized Consul-Poole of Moscow, came as no surprise here.

The German scheme in Russia has suddenly changed with the unexpected reversal of Russian military fortunes and henceforth their policy to the east will be marked only by the speed and facility with which anything of value is seized from the various Russian factions and nationalities and carried off to Berlin.

Indicates German Aim The initial payment of the Russian war indemnity in the face of the strong opposition among Germans who steadfastly contended that the outrageous indemnity would wreck all hopes of permanent relations between Russia and Germany...

The recently acquired supplements to the Bresl-Lodz peace and the re-adjustment of the German administration of Poland, the Baltic and other invaded Russian provinces...

French troops are reported in the western outskirts of St. Mihiel. The number of prisoners taken is probably large.

NIGHT REPORTS RECEIVED IN LONDON SHOW STEADY PROGRESS ALL DAY LONG

LONDON, Sept. 12, 7:17 p. m.—North of St. Mihiel the Americans have captured Comber, it was learned here this evening.

The Americans have advanced five miles at their point of greatest penetration east of St. Mihiel, it was learned here today.

It is reported the Americans have reached the western outskirts of Dommarin-La-Montagne (a mile and a half from the line where the drive was launched).

French troops are reported in the western outskirts of St. Mihiel. The number of prisoners taken is probably large.

American patrols are reported moving toward Vignolles-Les-Histons-chatel (This town is in the center of the salient).

ADVANCE BEGINS AT 5 A. M. TEN VILLAGES CAPTURED IN EARLY HOURS OF FIGHTING

Attack Opens Between Meuse and Moselle Rivers Where American Forces Have Been Concentrated During Many Weeks, French Troops Assist in Movement on Right and Left of Advancing Yankee Columns

MOVEMENT IS PROCEEDING STEADILY ALONG A FRONT OF ABOUT 25 MILES

By FRED B. FERGUSON WITH THE AMERICANS ON THE METZ FRONT, Sept. 12.—The first American offensive started at 5 o'clock this morning between the Meuse and the Moselle rivers. The attack was carried out by the first army under direct command of General Pershing.

The French are assisting toward the right and also toward the left. This dispatch is filed from the St. Mihiel salient.

BRITISH GAIN THREE TOWNS DURING NIGHT

Haig's Men Gain Important Ground Northwest of St. Quentin Despite Powerful Enemy Fortifications

LONDON, Sept. 12.—Attilly, Vermand and Vendoules northwest of St. Quentin have been captured by the British, Field Marshal Haig reported today.

On the front before Cambrai the British captured the powerfully fortified railway triangle southwest of LaHesse, in Flanders.

Gain West Bank The statement said: "We crossed the Canal Du Nord, northwest of Havincourt and established ourselves on the west bank of the canal east and north of Moeuvres. During the night we attacked and captured the strongly fortified position known as the railway triangle southwest of LaHesse, taking a number of prisoners and machine guns."

British Troops Score Advance

LONDON, Sept. 12.—Determined German resistance taking the form of sharp counter attacks at certain points, but British assaults on positions before the Hindenburg line was reported in night official statements of the allied war offices.

Field Marshal Haig announced his troops had advanced north of Epyon on the Hindenburg line taking some prisoners.

Near Vermand northwest of St. Quentin the British pushed forward during the day. The ridge east of Goussiercourt held by the British was again attacked but Haig after much gun fire repulsed the enemy.

Improving Positions In Flanders the British further improved their positions. French troops during Wednesday merely held their gains against counter attacks.

More than 100 tanks manned by Americans aided in creating the powerful concrete reinforced first line of the enemy in the region of St. Bassant (twelve miles east of St. Mihiel). The tanks drove forward at sunrise behind a dense smoke screen.

(Continued on page five)

St. Mihiel is on the Meuse, directly in front of Metz, approximately 33 miles from that city and about 23 miles from the Lorraine border. It is at the apex of the St. Mihiel salient.

The Americans have captured ten villages and advanced several kilometers on a fifteen kilometer front (about 10 miles).

Immediate Objective Limited The immediate object of attack is limited to a specified line. Tanks are in action.

The greater number of American troops and artillery yet involved in any signal operation is in the attack.

The American line is within two or three miles of the German border. At some points the line actually touches the Lorraine line. The battle front is approximately 15 miles from Metz.

Metz Probable Objective Metz has been an American objective, according to most theories of the plans of the allied high command.

At this point, it has been predicted, the Americans might strike the blow that would be aimed at a drive toward the Rhine, this being the shortest route to the great industrial valley.

Great Preparations The attack followed four hours of the most terrific artillery preparation, starting at 3 a. m. There was rain during the night and the fires from the hundreds of guns concentrated around the salient brilliantly lighted up the storm clouds.

The Americans and the French also attacked on the western side of the St. Mihiel salient, pushing the enemy back in the regions of Premer (at the northern base of the salient). This action was on a front of twelve kilometers.

The French were on the peak of the assault, keeping pace with the Americans, pushing in the sides.

Tanks Do Good Work Artillery and tanks so smashed the powerful enemy first line that little infantry resistance was encountered. The tanks did not have been expected to be used in this manner. The first village was taken by the Americans within 45 minutes. Woods and other strong points were enveloped.

# ROTARY CLUB ASKS ACTION ON BRUNEAU

Committee of Local Organization Calls Attention of Secretary Lane to Vast Irrigation Project

## PLAN FITS IN WITH NATIONAL PROGRAM

Interior Department Now Engaged Upon Survey of Possibilities to Procure Farm Homes for Returned Soldiers

In connection with the special interest of Secretary Lane of the interior department in the matter of reclamation of arid land for the benefit of returned soldiers, the Twin Falls Rotary club has begun an active campaign in behalf of a selection of the Bruneau project by the department for such reclamation.

The club has taken steps to lay before the secretary the available facts in connection with the Bruneau and has also written to the congressional delegation from Idaho asking the co-operation of the members in the movement.

Under ordinary circumstances it is not thought that the Bruneau would be taken up but because of the special land requirements as a bonus for soldiers only providing for American soldiers after the war it is believed that at this time there is a very good chance of securing the interest of the interior department in the land.

James McMillan, chairman, L. A. Wright and Judge E. A. Watters composed the rotary club committee having charge of the matter and in addition to letters to Congressman Smith and Senator Borah at Washington, have addressed the following communication to Secretary of the Interior Lane: Twin Falls, Idaho, Sept. 10th, 1918.

Dear Sir:

Your letter of August 26th, of this A. A. Read of the News, was considered at a meeting of the rotary club, and the undersigned committee was appointed to call you attention to a large body of irrigable land, known locally as "The Bruneau" that adjoins this South Side Twin Falls tract on the west and is second to none in quality. There is between one hundred and six hundred thousand acres of it, mostly sagebrush land, and an abundant and constant supply of water is available, in the equalizing of the flow of Snake river, retaining the flood waters in a system reservoir.

Private parties have spent a good deal of money in engineering and surveying dam sites and canal lines and their estimate of cost and construction was \$20,000,000. The construction of dams forming the reservoir would develop electric power that can be sold to railroads and towns at figures that will go far to pay for cost of dam construction. While every member of our club would like to see the water rights of this land at \$100 per acre, we feel that all of it should be held for "our boys" and that they should have it at about cost, not to exceed 875 per acre, payable in 20 years, with no payments, but as we know by experience that 40 acres of this kind of land is sufficient to produce a good living, the filing should be restricted to that amount, thus making homes for at least 12,500 men and in the meantime giving employment to large numbers of them during the construction period. We will be very glad to give you any further data that you may require or such other service as we can render.

Yours very truly,  
(Signed) J. M. McMillan,  
L. A. WRIGHT,  
E. A. WATTERS,  
Committee.

## NEW PENALTY FOR SIDEWALK RIDERS

Probation Officer Padlock's Wheels for Juvenile Offenders for 30 Days

Boys who ride their bicycles on the sidewalks will be deprived of the use of their wheels for 30 days while they remain in the custody of the juvenile court, and boys who steal watermelon must pay as well for the melons as for the damage they do to the fields and vines. These penalties are in accordance with the provisions established this week by Probation Officer John R. Ault in dealing with juvenile offenders in both classes. He has placed two bicycles under lock and key in the next 30 days and has logged from 10 boys the amount of the damage they did to melon fields and the value of the melons they stole.

## LOCAL IS WITH LOCAL MOTORISTS

Seven Persons Escape Uninjured When Car Drops Off Canyon Road

Seven residents of Twin Falls escaped practically unharmed from what might have been a serious accident at about 7 o'clock Tuesday evening when the Oakland car in which they were ascending the Shushane falls grade backed off the roadway and dropped about 10 feet below, pinning six of the occupants under it. Police Judge W. J. Smith jumped from his place in the rear seat as the car turned over, and without assistance liberated the others from beneath the car. The other occupants were George Whitehead, who was driving, Mrs. Henry Omond, Mrs. W. J. Smith and Miss Rose Smith.

The back of the seat, held Mrs. Smith's head to the ground. The driver was almost crushed beneath the weight of the car across his chest, and Miss Omond who occupied the front seat with him, was slightly burned and her clothing damaged by acid which leaked from the batteries. The accident occurred as a result of an attempt to effect a passing on the grade which is narrow at this point with another car. The driver of the car descending the grade obeyed the signal to back up and a turn in the grade prevented him from seeing the other car. Judge Smith walked with out assistance for nearly 15 minutes in liberating the other passengers before help came.

## FORMER LOCAL TEACHER WEDS

Miss Mary Pauline Pratt Becomes Bride at Home in Indiana

News has been received here of the marriage of Miss Mary Pauline Platt, instructor in English in the Twin Falls high school faculty during the years 1915 and 1916. It is Professor C. Keller of Goshen college, which took place on September 1, at the home of the bride's parents, Mr. and Mrs. C. C. Platt, in Goshen, Indiana.

The ceremony was performed in the presence of 400 guests by the pastor of the Goshen Methodist church, assisted by the pastor of the Goshen Presbyterian church. A Goshen newspaper says regarding the event: "The bride was beautifully decorated. Miss Lillian Brock played Mendelssohn's wedding march and Donald Platt of Chicago, sang, "If You Would Love Me." The Misses Stanley, Willard, Herrick, and Dorothy Platt, sisters of the bride, wore ribbon gowns, and Miss Florence Stephenson, was flower girl. Mr. and Mrs. Keller have gone on a honeymoon trip through the east during which they will visit the bridegroom's parents. Upon their return to Goshen they will reside on East Madison street.

Prof. Keller is widely known here as an authority on Bible subjects and he is prominent on the lecture platform.

Mrs. E. A. McKay, Mr. and Mrs. Andrew Graesslin and Miss Alma Graesslin of Aurora, Nebraska, are the guests of Mr. and Mrs. A. J. Wilson.

ILLINOIS ANNUAL PICNIC will be held in the City Park, Twin Falls Friday, September 20.—Advertisement.

# GIVES PLAN OF STUDENTS' ARMY TRAINING CORPS

## University of Idaho is Advised Units Will be Organized by Voluntary Induction Under Selective Service Act

(Special to The News)  
 MONSIEUR, Idaho, Sept. 12.—The University of Idaho has been advised that the students' army training corps will be organized by voluntary induction under the selective service act instead of by enlistment as previously contemplated and that as soon as possible after registration day, September 22, probably on or about October 1, opportunity will be given students to be inducted into the students' army training corps. The date set for induction will be the same for all colleges and universities in the United States. Further details on this and other points will be published as soon as received from the war department.

**Young May Qualify**  
 Instruction, equipment, uniforms, board and room, and the pay of a private, \$30 per month, will be furnished members of the students' army training corps. Books and incidentals are to be purchased by the students. Students will be subject to military discipline and will be on full active duty. They will be kept under observation and test to determine their qualifications as officers candidates and technical experts such as engineers, chemists and doctors.

There will be both a collegiate section (class B) and a vocational section (class A) of the students' army training corps.

Young men of draft age of grammar school education but not high school graduates will be given opportunity to enter the vocational section of the corps of the two months intensive training courses in certain mechanical trades, such as auto mechanics, radio work, general mechanics, etc., now being conducted at the university. Application for induction into the vocational section should be made to the local draft board.

**Army Methods Used**  
 Men in the vocational section (class A) will be rated and tested by the standard army method and those who are found to possess the requisite qualifications may be assigned for further training in the collegiate section.

No class A (vocational section) students are to come to the university October 1, but are to wait until called.

## A GOOD FRIEND

A good friend stands by you when in need. Twin Falls people tell how Doan's Kidney Pills have stood the test. Mrs. Annie Barry of 343 Fifth Ave., Twin Falls, recomends Doan's Kidney Pills five years ago and again confirms the story. Could you ask for more convincing testimony?

"Doan's Kidney Pills have done a lot of good in our family and I can readily recommend them," says Mrs. Barry. "Several times when I have had a dull ache in my back Doan's have quickly rid me of the trouble. I know they are a fine remedy and advise anyone having any kidney complaint to give them a trial." (Statement given October 16, 1912.)

### NO TROUBLE SINCE

On September 25, 1917, Mrs. Barry said: "I have had no need of a kidney remedy since I used Doan's Kidney Pills. Doan's are certainly reliable for they cure kidney disorders quickly."

Price 60c at all dealers. Don't simply ask for a kidney remedy, get Doan's Kidney Pills—the same that Mrs. Barry had. Foster-Milburn Co. Mfrs., Dept. N. Y.

## WHAT CATARRH IS

Science has shown that nasal catarrh often indicates a general weakness of the body and local treatments in the form of snuffs and vapors only irritate and do little if any good.

To correct catarrh you should treat its cause by enriching your blood with the food in Scott's Emulsion which is a medicinal food and a building tonic, free from any harmful drugs. It is helping thousands. Try it.

Scott & Bowne, Boston, U.S.A.

by the local draft board. These calls come every two months. This applies to all who are not high school graduates.

Class B is open to every man over 18 physically qualified who has completed a four year high school course and is eligible to enter the freshman class of the University of Idaho. All class B students are to register at the universities by October 1.

## TWO MEETS OF PRESBYTERIANS COMING HERE

**Presbytery Opens Two Days Session - Idaho Synod Comes in October - Popular Evening Meeting Announced**

Twin Falls is to be the meeting place this year for two important conventions of the Presbyterian church, Presbytery which is the organization of the churches of the southwestern district of the state, convened here on Wednesday for a two days session. It is expected that about 20 ministers and officers of the several churches within the district will attend this meeting.

The synod, which is the organization of the Presbyterian churches within the state, is to meet here on October 2-4. The organization of the synod of Idaho was effected at a meeting in Twin Falls, and the organization of a synodical women's missionary society is to be a feature of the meeting this year. An attendance of about 50 is expected at this gathering. Rev. W. S. Shively of Moscow, formerly pastor of the Presbyterian church at Burley, is the moderator or presiding officer of the synod.

The sessions of both conventions will be held in the Presbyterian church.

**Moderator Presides**  
 Presbytery opened here Wednesday evening with a sermon by the moderator, Dr. C. C. Habbidge of Hazelton, followed by observance of the Lord's supper, the ordering and roll call, Rev. A. H. Brand, pastor of the Twin Falls church, presented the report of the committee on arrangements, and adjournment for the day was taken.

The rising session, beginning at 8 o'clock on Thursday evening, is one to which the general public is especially invited. Religious education is to be the theme of this session. Rev. George A. Withler of Hobo, Presbyterian Sunday school worker, will preside, and popular addresses will be given as follows: "Pastoral Leadership and Responsibility for the Sunday School Forward Movement," Rev. A. H. Brand, Twin Falls; "Teacher Training and the Development of a Responsive Teaching Corps," Rev. H. L. Roberts, Jerome; "Our Young People," M. G. Mitchell, principal of the Twin Falls high school. The Twin Falls church will furnish music under the direction of Austin D. Thomas, organist-director.

**Committees to Report**  
 A business session on Thursday morning will follow devotional service led by Dr. J. H. Harton of Boise. At this time the reports of permanent committees will be given as follows: Home missions, Rev. A. C. Evans, Gooding; foreign missions, Rev. B. J. Roberts, Jerome; narrative, Dr. C. C. Habbidge, Hazelton; evangelism, Rev. B. Harris, Plover; View; temperance, Dr. C. O. Habbidge; men's work, Rev. E. P. Lonsell, Wendell; national service, Rev. B. Harris; Sabbath observance, Rev. B. I. Roberts; report of stated clerk and treasurer, Rev. M. M. VanFatten, Buhl; report of commissioners to the last general assembly, Rev. A. C. Evans and Elder J. P. McMillen, Pleasant View; report of executive committee, Rev. A. C. Evans.

**MARRIAGE LICENSES**  
 Marriage licenses have been issued in Twin Falls to the following:  
 Willis W. Beck and Lorraine E. Kalso, both of Buhl.  
 Elliott B. Mitchell and Besse Pilsman, both of Twin Falls.

**Private Charles B. Frith is Transferred Back to Infantry Service**

First Class Private Charles B. Frith, since May 8 a member of the United States army recruiting party on duty at the Twin Falls substation, and since the departure of Corporal Leonard Bramley to enter the aviation section, the only representative here of the army recruiting service, on Tuesday received orders relieving him from duty here and directing him to report at Fort Logan, Colorado, for duty in the infantry arm of the service. Private Frith left for Fort Logan Wednesday. Mrs. Frith, who has been with him here for some time, will remain in Twin Falls for a few days and may join her parents at North Yakima, Washington, later.

Private Frith, in returning to the infantry arm of the service, goes back to the branch in which he enlisted six years ago. Until transferred last April to the recruiting service, he served as a member of the Twenty-first United States infantry regiment, and was for four years with that organization on the Mexican border and in the punitive expedition under General Pershing.

**Would Re-enter Service - Joseph Smith of Filio, for six years a member of a United States field artillery regiment, underwent physical examination here Tuesday for enlistment in the United States guard. Mr. Smith was examined for enlistment by First Class Private C. B. Frith of the local army recruiting station, acting under orders from Lieutenant G. W. Hall, recruiting officer for this district. Mr. Smith's application for re-enlistment was submitted to the adjutant general of the army some time ago.**

## DISMISSES OUSTER SUIT AGAINST BOARD

**District Judge H. F. Ensign Holds Action Against Lomeli Commis-sioners Groundless**

District Judge H. F. Ensign, in the district court at Salmon City, has overruled ouster proceedings brought by certain individuals of Lomeli county against the commissioners of that county on the grounds, mainly, of irregularity in the administration of road affairs and the purported misappropriation of bond money voted for the construction of state highways through that county. This is the word received Monday by Judge J. B. Bell, well and W. Orr Chapman, attorneys for the Lomeli county commissioners in this action.

# Capay Rancho Holds Wonderful Promise for Farmers

**\$175 an Acre for as Fine Land as Lies Out of Doors in California—With an Individual Pumping Plant on Every 80 Acres—Included in the Price**

The magnificent crops in every section of the Capay Rancho district tell a story that is more eloquent than words. Every condition here seems to be scientifically right for profitable farming.

As fine yields of barley and other grain as you ever saw are growing here now. Many of the crops are grown without irrigation, although there is an abundance of water.

The United States government is urging the growing of grain. It is a patriotic duty, and incidentally a very profitable pastime.

An industrious farmer should be able to pay for his land at Capay Rancho out of his barley and wheat alone in two or three years at the most. Purchasers of land here may have the advantages of dry farming as well as of irrigation.

There is no pioneering. You go on your land and start producing at once. In many cases volunteer crops of hay, running from one to two tons to the acre are waiting for you to harvest.

This is a great country for oranges, lemons, prunes, almonds, walnuts, figs and other fruits. Dairying and hog raising are carried on very profitably. The farmer who gets hold of some of this land at today's prices is bound to make money.

It will pay you to buy all you can swing, even at the liberal terms. But you will have to act now. There is very little yet to sell.

Use the coupon below to get fullest information.

HELP AT HOME

Writing men are almost unanimous in the opinion that of all the varied activities in which the Red Cross is engaged, one of the most important if not the most important branch is that known as the Home Service section.

The Home Service branch aims to help the soldiers at the front through services rendered wives, relatives and dependents generally, at home. It has nothing to do with the knitting of socks, the making of surgical dressings or the collection of funds for the work of the organization as a whole.

Although the plant officials have not refused directly to put the award into effect, very little progress has been made toward actual betterment of conditions and wages, the board was told today by a committee of workmen.

DEMAND STEEL COMPANY COMPLY WITH RULINGS

Twenty-five Thousand Employes Want to Know Why Government Orders Not Followed

WASHINGTON, Sept. 12.—A demand that the Bethlehem Steel company make known immediately whether it plans to comply with the award of the National war labor board bettering wages and working conditions of its 25,000 employes, was served on President Eugene Grace today by the board.

Grace was told to make an immediate categorical reply by telegraph. The board's award, handed down weeks ago, increased wages and ordered abolition of the bonus system.

At hearings conducted by the board workmen charged the system has and still is hampering production of big guns by increasing the labor turnover at the Bethlehem plants. They submitted figures to show that the turnover had been in the neighborhood of 100 per cent for more than a year.

Although the plant officials have not refused directly to put the award into effect, very little progress has been made toward actual betterment of conditions and wages, the board was told today by a committee of workmen.

NOTICE TO CONTRACTORS

Notice is hereby given that the Mayor and Council of the City of Twin Falls, Idaho, on Monday, the 23rd day of September, 1918, at the hour of eight o'clock, in the evening of said day, at the City Clerk's office in the Perrine Hotel Building, will receive and open sealed bids and proposals and award a contract to the lowest and best bidder complying with the provisions of this notice for the construction and completion of all cement sidewalks, authorized to be constructed by and the location of which are described in Ordinance No. 228 of the said City of Twin Falls and which ordinance is found on page 228, book 4, of the council proceedings of said city, and which ordinance creates Local Sidewalk Improvement District No. 22 of the said City of Twin Falls, and also for the construction of sidewalks, intersections and cross walks made necessary by the construction of sidewalks described and mentioned in said Ordinance No. 228, said sidewalks to be constructed along the property front or side as described in said Ordinance No. 228 and upon the grade and in the manner specified in the plans and specifications for a two course sidewalk, as determined by the City Engineer and now on file in the office of the City Clerk of the City of Twin Falls.

Proposals showing the estimated amount of work to be done and the class thereof can be obtained by applying at the office of the City Clerk of the said City of Twin Falls.

Ninety per cent of the cost of construction, based upon the City Engineer's estimate thereof, found to be earned and due at the end of each calendar month; the whole thereof within sixty days after the completion of the whole of the said work and the acceptance thereof by the City Engineer, which acceptance shall be evidenced by the certificate of the City Engineer that the said work is completed in all ways in compliance with the terms and conditions of the contract. The payment of the cost of the construction of the sidewalks shall be made in warrants of the City of Twin Falls, Idaho, issued to the contractor, and issued against the special fund created by the assessing the property benefited by the construction of the said sidewalks and which warrants shall in no way pledge the credit of the City of Twin Falls, Idaho, for the payment of the said warrants.

The cost for the construction of sidewalks, intersections and cross walks will be paid in cash at the times hereinafter mentioned.

There must accompany each bid a certified check upon some bank located in the City of Twin Falls, Idaho, drawn to the order of the City of Twin Falls, Idaho, in an amount equal to ten per cent of the amount bid; said check to be forfeited to the City of Twin Falls, Idaho, in the event that the successful bidder does not enter into a contract for the performance of the work.

A satisfactory surety bond in an amount equal to sixty per cent of the amount of the contract conditioned for the faithful performance of the terms and conditions of the contract to be performed by the contractor, must be given to the City of Twin Falls, Idaho, by the successful bidder at the time of the execution and delivery of the contract.

The Mayor and the Council reserve the right to reject any and all bids. Dated September 10, 1918.

W. A. MINNICK, City Clerk of the City of Twin Falls, Idaho.

SALT LAKE UNION STOCK YARDS NORTH SALT LAKE LIVESTOCK MARKET, Sept. 9.—Cattle—Receipts, 1405. Compared with a week ago, beef steers held steady, while the butcher stock advanced in price. There were several offerings of the latter. Ten loads of feeder steers, marketed by M. K. Parsons & Co., of Salt Lake, averaging 898 pounds, brought 40 per cent. M. K. Parsons & Co. also sold eight loads of fair cows which brought \$45.00 per cent. D. F. Ajel of Winemucca, Nevada, marketed 11 loads of fair cows which brought \$1.50 per cent. Choice heavy steers, \$11.00 to \$12.50; good steers, \$9.50 to \$10.50; fair steers, \$8.50 to \$10.00; choice cows and heavy heifers, \$7.50 to \$8.25; fair to good cows and heifers, \$6.50 to \$7.25; culls, \$5.75 to \$6.25; canners, \$4.75 to \$5.50; fat bulls, \$6.50 to 7.00;ologna bulls, \$5.50 to 6.25; veal calves, \$9.00 to 11.00.

STYLE HEADQUARTERS

Where Society Brand Clothes are sold

The Militaire—designed specially for young men—possesses the shapely panel back and military raised sleeve shoulders. It is a three-button, single-breasted suit and can be obtained in a young stout, long or short, as well as a regular.

Quality Means Economy. YEARS of experience in selling clothes support our conviction that the best is the cheapest in the end and gives more satisfaction throughout the entire period of its use. Society Brand Clothes are made to a fixed standard, and quality is never sacrificed for price. We recommend them because they always give genuine satisfaction for the style is TAILORED into them and the workmanship is of the very best. They wear and the style is there as long as the garment lasts. The makers' pledge of satisfaction is on the inside coat pocket of every Society Brand garment and we take pleasure in adding our own endorsement. Society Brand Clothes are made to a fixed standard, and quality in today.

Eugene Debs Case In Hands of Jury Socialist Leader Faces Heavy Penalty for Alleged Atrocities

CLEVELAND, Ohio, Sept. 12.—Federal Judge D. C. Westenhaver today instructed the jury in the case of Eugene V. Debs, national Socialist leader, charged with making disloyal utterances. The jury is expected to retire by noon or before. Westenhaver today defined the four counts on which Debs is being tried. They are charged that he: "Caused and attempted to incite insubordination, disloyalty and mutiny and refusal to obey of the military and naval forces of the United States." "Obstructed the enlistment service." "Encouraged resistance to the government." "Opposed the cause of the United States at war with Germany." There is a minimum penalty of 20 years imprisonment and a \$10,000 fine for each count.

#### THE LATEST IN NEW HATS

Don't wait till you can't get the best choice. See the really new ones now.

# BOOTH MERCANTILE CO.

"Another Package From Booth's"

### REEL STUFF

#### PICTURE IS TREASURY

The interest in present attaching to the various inventions in ornament on both sides of the world conflict renders the new Dorothy Dalton picture, which is being presented this week at the Idaho Theatre exceptionally timely. A "Ray Rifle" more powerful than any other weapon of its character, the central element in a mystery tale that is perhaps the most thrilling that has been seen here in a long time, Miss Dalton, the lovely Thomas H. Ince star, has a splendid role to which she does full justice. It is a Paramount picture.

#### DOROTHY GIBB

Dorothy Gibb, the new Paramount star, is not only a talented performer in the silent drama; she is also a splendid public speaker when she comes to her subject and starts to job off her experiences along the European battle front. Recently she was the central figure in a great War Savings demonstration at Grant Park in Chicago, and thousands of persons bought War Savings certificates from her and participated in a movie in which she was the central figure.

Bryant Washburn has just signed up with Paramount for three years.

#### TONIGHT, Friday and Saturday--Dorothy Dalton in "The Kaiser's Shadow."

### MEDILL M'CORMICK IS REPUBLICAN CANDIDATE

City Goes Strong for Mayor Thompson But Outlying Districts Against Him

CHICAGO, Sept. 12.—Congressman Medill McCormick is the Republican candidate for senator from Illinois, according to practically complete returns from yesterday's primary elections. His opponent will be Senator James Hamilton Lewis, now in Europe.

McCormick's plurality of 25,000 to 40,000 was rolled up in the state outside of Chicago. The city gave its plurality to Mayor William Hale Thompson. The mayor carried Chicago by about 25,000. George Fos, third Republican candidate, polled about one-third the McCormick vote of 150,000. Senator Lewis was renominated in a landslide. In Chicago alone with one-half the votes counted he polled 29,888 to 3,812 for one opponent and 3,876 for another.

### TRANSPORT CONVOY SINKS ENEMY U-BOAT

Submarine Which Torpedoed British Ship Perish Believed Sunk

WASHINGTON, Sept. 12.—The submarine which torpedoed the British transport ship "Perish" with Americans aboard was evidently destroyed by the transport convoy.

The navy department is reticent on the subject today especially as Great Britain has asked that news of the torpedoing be kept first from London. Secretary Danlich, according to the committee on public information members, had not been advised by his officers concerning the case up to the time that press inquiries reached him, though it is known that the government had the information previously.

### ADVANCE BEGAN AT 6 A. M.

(Continued from page one)

The weather is fatal for the offensive.

Allies Supreme in Air  
The allies have complete supremacy in the air.

The first army's air reserve working with the French assumed the offensive with the infantry. At 9 a. m. they reported not a single boche plane in the sky. American bombers and bombers worked unimpeded under the escort of chaser planes.

American driven narrow gauge railway trains and wagons were rushed up with ammunition. All other work was done by the Americans making this the most complete all-American attack.

(This dispatch from Ferguson was received by the United Press in New York in triplicate, via Western Union, Commercial and French cables. The cables indicated that they had been relayed from the front by courier to Nancy, from which point they were forwarded via "Paris and London.")

### GERMANS MAY MAKE DEEP WITHDRAWAL

Enemy Reported to be Constructing New Line of Defense From Antwerp to Metz

PARIS, Sept. 12.—The Germans are constructing a new line of defense from Antwerp to Metz according to advices here today.

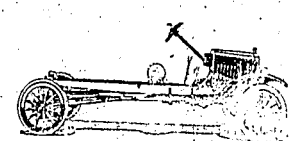

The forts of Antwerp are being restored and improved. When completed, the new defense system will be known as the Parsifal line.

A line of defense such as described in this dispatch would run across the middle of Belgium, down to Metz, the important fortress of Alsace. To reach such a line would mean surrendering all of France and half of Belgium.

# CLUB MEMBERS' WORK IS SHOWN AT SCHOOL FAIR

### Varied Exhibit Is Larger Than That of Previous Years—Interest and Knowledge in Principles OVER \$160 IN WAR STAMP PRIZES AWARDED

### Results of Boys and Girls Endeavor Under Supervision Used as Argument for Extension of Vocational Plan

The annual fair of the vocational clubs of the Twin Falls district, held Tuesday at the high school, was remarkable in two respects. In the first place the exhibits were more numerous than they have been at any previous club fair in this district, and in the second and more important, respect, the quality of the exhibits was exceptional, according to the judges and club leaders, evidencing the fact that the instruction and guidance given the boys and girls vocational workers has raised their increasing interest in the work and extended them in the principles upon which success in the several lines of endeavor represented is built.

**Pupils See Exhibits**

All the pupils at the Twin Falls schools were given opportunity to inspect the exhibits, the majority of the grade schools marching to the high school in organizations for this purpose during the afternoon. During the evening as well as during the day, many of the parents and others interested in the children's work visited the fair.

The exhibits ranged from livestock which was taken care of on the lawn at the rear of the school building, to Red Cross knitting and needlework, and included besides the products of the garden, potato, sugar beet, corn, canning and cooking clubs. The work of more than 60 boys and girls who were enrolled in the vocational clubs of this district was represented. More than \$100 in War Savings Stamps, offered by business men of Twin Falls, was distributed as awards to the prize winners.

The judging of the livestock, in the absence of J. O. Ellsworth, Gooding county agent, was done by a committee composed of County Agent Donald McLean, Assistant County Agent G. E. Maroney and George E. Denman, Twin Falls boys' club leader. E. L. Bennett, state horticulturist, judged the garden, corn, potato and sugar beet exhibits, and Miss Nina Houck of Rupert, district home demonstration agent, judged the cooking, canning and sewing exhibits.

**First County Leader**

The work of the boys and girls clubs in Twin Falls county has been conducted during the season just closing for the first time, under the supervision of a county club leader, F. A. Smith, instructor last year of manual training in the Twin Falls high school, has been employed since the early spring in this capacity, his expenses and salary being paid jointly by federal government, state and county. An effort is being made to secure the employment all the year round of a county club leader. The results of the club work this year, as evidenced in the Twin Falls district fair, are considered a strong argument in favor of this policy.

In the Twin Falls district this year, as it was last year, the work of the vocational clubs has been conducted under the supervision of district club leaders employed jointly by the federal government, state and school district. In addition, the women of the Parent-Teachers association have formed an auxiliary organization from among its membership to assist in the work. The work of the girls clubs in this district this year has been directed by Miss Luella Crowland, a member last year of the high school faculty, who resigned recently to return to her home in the east.

**Completes Work as Supervisor**

George E. Denman, instructor in agriculture last year in the Twin Falls high school, has had charge of the work of the boys clubs in this district. Last July Mr. Denman was inducted into the military service at Camp Funston, Kansas. He was later furloughed to return here to finish his work with the club members. The vocational fair was held at a date earlier than usual this year on account of the expiration of Mr. Denman's leave of absence. He is to leave on Thursday morning next, returning to Camp Funston.

**Part in War Program**

This club work is part of the nation's war program and the children are producing and conserving along the lines of the nation's greatest need.

The sugar beet club has produced enough sugar to meet the needs of this city of 10,000 people for a period of seven months. In several instances the

## How Little Dottie Earned Her Four Gold Medals

**G**IE was a yellow little girl in a white frock and blue sash. Her hair was curled in sleek tubes, and from her lace-trimmed yoke was suspended a black velvet ribbon, to which four gold medals were pinned. The little girl wore her honors with a primness that suggested the fear that she had swallowed a rained which she couldn't digest, but mamma, on the side, frankly revealed to the attention which her child was attracting from each passerby in the car.

A dignified old gentleman leaned across from his seat opposite and said, with a winning deference that no child's mamma could resist:

"What a wonderful little lady you must be, to win so many medals when most of us have to do with none." The narrowly little girl smiled temptingly, but she didn't answer for the very good reason that mamma didn't give her the chance.

"Tell the gentleman, darling—everybody says she's so modest about it—so at darling, tell the gentleman."

"I wouldn't in a third cent, I sold it about of all the others this year, and then she said—"

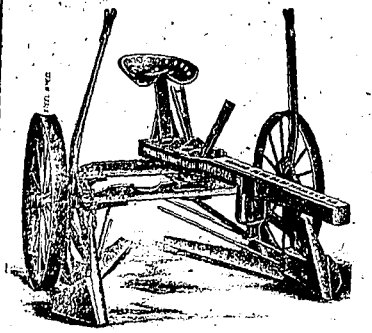

Mamma had to cut in. She just couldn't help herself.

"She won the medal every year selling tickets for the annual festival—at school, you know, at church, and I help her out among our friends, and the stores where I deal at regular—they always like to oblige their steady customers, you know, and they are so interested in Dottie. Her papa was set of opposed to her going in, but when Dottie makes up her mind to do a thing you can't stop her—and really she did most of the work herself, this year—"

And if you will kindly take the trouble to consider the difficulties of ticket selling, you will agree that Dottie deserved her medals along with the soldier man, the life-saver and the student unloading to midnight oil.

## GERMAN POWER OF RESISTANCE MUCH WEAKER

Huns Boast That Their Lines Are Impregnable But Facts in Case Fail to Bear Out Claim

### CAPTURE OF PRISONERS TELLS DIFFERENT TALE

Enemy Percentage in Losses Immeasurably Heavier Than During Previous Offensive Clear From Beginning

By WILLIAM PHILIP SIMMS  
PAID, Sept. 12.—Germans boast their lines are impregnable and say the allies never will be able to break down their resistance. Figures certainly seem to prove the German power of resistance is already immeasurably less than it was in 1917. During the Arras-Verdun offensive in 1917, the British captured 10,343 prisoners and 237 guns in April; 2,417 prisoners and one gun in May; in the Meuse drive they took 8,598 prisoners and 67 guns during June; 4,530 prisoners and nine guns during July; in the Planchers-Types drive the British captured 9,017 prisoners and 18 guns in August; 5,200 prisoners and eleven guns in September; 128 prisoners and 15 guns in October.

Many Prisoners Taken  
Since the start of the counter offensive this year the British have captured 25,000 prisoners and 750 guns. Whereas in 1917 the British took approximately only one gun for each 700 prisoners, this year took one gun for each 100 prisoners, proving there is their greater dash on the part of the British, less resistance on the part of the Huns, or both.

Total allied captures in 1918 are approximately 150,000 prisoners and 2,100 guns or about one gun for every 50 prisoners. Plainly the German soldiers have improved since 1917 only in running ability.

- Excelsior—Vera A. Heary, Hansen.
- Fairview—Elaie Francis, Buhl.
- Lacora—Verneita Anderson, Buhl; Buhl.

DOROTHY DALTON in 'The Kaisers' A Paramount Picture

AS for the plot itself, it's so zippy that we hate to let you in on any of it.

The story opens in Berlin, 1915. Two members of the German Intelligence Department, Paula Harris and Hugo Wagner, are apparently in love with each other. Paula, the audience is informed, happens also to be in the United States Intelligence Department. The audience knows this, but Hugo does not.

And so cleverly is the suspense sustained that it isn't till the last moment that the audience is sure in whose interests Paula is working.

# THURSDAY FRIDAY SATURDAY

## IDAHO THEATRE

### Deaths

Mayrith Leeman  
The widow of Meredith Leeman, five months old daughter of Mr. and Mrs. Clarence A. Leeman of Eden, who died Tuesday from burns received in the fire which destroyed the Leeman home, were brought Wednesday to the Crook undertaking establishment here for preparation for interment at Eden

TURKS LOSE TOWN  
LONDON, Sept. 12.—Petrovsk has been taken from the Turks and pro-Germans by troops under General Eibenshaff, it was learned here this afternoon.

Petrovsk is on the west coast of the Caspian sea.

### They Prefer Death to Front Line Fighting

German Soldiers Would Rather Be Shot Than Go Into Action Against Allies

PARIS, Sept. 12.—German soldiers who would rather be shot than go to the front were seen by a Swiss doctor who had just returned to Switzerland from Germany. It was learned here today.

"A few days ago," said this doctor, "I saw 100 soldiers, arguing with their officers. They objected to going to the front. At a given signal the men opened their eyes showing their breasts and shouted, 'shoot, shoot, we are not going to the front.'"

### GENERAL STRIKE NOT LIKELY NOW

Executive Committee of National Machinists' Union Orders Workers Back

WASHINGTON, Sept. 12.—A general strike of machinists that would disrupt the nation's munitions problem was believed improbable today as a result of the affirmation served on 1,500 Bridgeport, Conn., strikers by the executive committee of the International Machinists' union.

The committee in a telegram ordered the strikers to return to work Friday morning or face suspension from the organization.

This is taken as a warning to machinists in other cities. The executive committee will give them neither financial or moral support if they walk out in sympathy with the Bridgeport strikers, who have not more than 50 plants making shells.

Consider Nation's Fate  
The executive committee's telegram, which was filed by President Johnson, said plainly the strikers should consider the nation's need no matter how unfair they might consider the award of the national war labor board's umpire, unless the decision the Bridgeport men have refused to abide by. It is believed the committee's action will make unnecessary an appeal to the men from President Wilson, who is keeping in touch with the situation through Labor Secretary Wilson.

### ALL AMERICA IS NOW REGISTERED

Men of Nation Turn Out Over Country Thirteen Million Strong

WASHINGTON, Sept. 12.—America turned out 12,000,000 strong today listing itself for war.

Men between 18 and 45 years of age not already registered were in the lines all over the land. In many cases father and son both presented themselves.

All indications pointed to smoothness of operation of the mighty registration. Draft officials of experience were retained in practically all cities, so that there were few delays from inexperience. Draft riots were not anticipated, but city, state and federal officials held themselves ready to act in any such case and likewise to round up the very few who might attempt to dodge registration.

Ready for First Call  
Provost Marshal General Crowder has everything prepared for hasty action in getting the registration straightened and the first calls made. Serial numbers will be assigned quickly and it is anticipated that by early next week, official reports as to the size of registration will be in.

The drawing of numbers will be staged here as soon as possible and it is expected that some of the registrants will be in service next month.

Hispanic and local business clerks and will have industrial and agricultural advice as to a man's essentiality in his work.

On Monday evening Mrs. W. E. McManis, Mrs. P. J. Hurley and Mrs. Wanda Hunter entertained in honor of Mr. and Mrs. A. J. Wilson, the occasion being their crystal wedding anniversary. About 60 guests witnessed the mock marriage ceremony at which the bride was attended by Mrs. Paul Scott as flower girl, Mrs. Harry Wilson as ring bearer and Mrs. H. G. Wilson as matron of honor. B. G. Wilson was his brother's best man. Delicious refreshments were served, after which the pill fashioned square dances were enjoyed until a late hour. Mr. and Mrs. Wilson were the recipients of many beautiful cut glass gifts. The out of town guests included Mrs. E. A. McKay, Mr. and Mrs. Andrew Grosshans and Mrs. Alma Grosshans of Ansores, Neb.

Make W. E. mean something to you.

No Need to Be Too Hasty.  
Be not hasty to cast off every expectation that is cast on you. Let things grow for a while and then, like mud on your clothes, they will rub off of themselves.—Murray

### LOCAL BRIEFS

Liberty Chorus Meets—About 125 singers of this community met Tuesday evening in the basement of the Presbyterian church for the first gathering of the Twin Falls Liberty chorus held in conjunction with a meeting of the community song association. Robert Blair of the Pugetech Technological Institute, representative of the state council of defense and state leader of Liberty choruses, directed the singing of patriotic and familiar songs. Assistant A. Thomas, organist-director of the Presbyterian church, has been appointed leader of the Twin Falls Liberty chorus by the county council of defense. The next meeting of this organization will be held on Monday evening next in the high school auditorium.

Returns to Creamery—Succeeding J. H. VanTassel as manager of the Berling Dairy Products company, E. W. Meach, this week resumed his place at the head of the business in which he has been interested for six years past. Mr. Meach was manager of the Sterling company for about four years, being succeeded by Mr. VanTassel. He has been employed since leaving the creamery as a clerk at the Cloak Book store. Mr. VanTassel expects to move to Portland in the near future.

Naturalization Agent Here—R. W. Thomas, representative of the naturalization bureau, with headquarters in Seattle, was here Wednesday from Albion where he represented the government in naturalization proceedings. The cases of 15 applicants for citizenship, five of which were approved. Mr. Thomas' business here on this occasion was to examine the records, relative to the applicants for citizenship in this county.

Attorney Critically Ill—George Herriot, former Twin Falls city attorney, is dangerously ill. Attending physicians pronounce the trouble resulting from gall stones. He has been confined in his bed since Sunday. Mrs. Harriet C. Knecht, professional nurse, who returned Sunday from Chicago, where she graduated from a training course as an anaesthetist, has been called attendant in his bedside.

Sells Interest in Motor Firm—His bill of sale conveying to E. R. Johnson the one-half interest of his partner, A. B. Colwell, in the Johnson Auto Sales company, Shoshone street east, was placed on record Wednesday in the office of the county recorder.

In Building Home—Ross L. Douglas, manager of the Citizens Electric company, has taken out a municipal building permit for the construction of a residence 30x35 ft on Elm street in the Mortlake addition. The estimated cost is \$1500.

Bound for France—Willet Haste, president of the Lincoln Produce & Refrigerating company, has received word from his son Willet Haste, Jr. who enlisted recently in the army quartermaster corps, that he has embarked for France.

Back From Salt Lake—Charles Healy, of the Hansen-Packard company, Salt Lake contractor under the municipal, waterworks, extension and improvement plans, returned Wednesday from a six days' business trip to Salt Lake.

### NO HATRED BUT HONEST WRATH

(Continued from Page One)

democratic Britons endeavored to overturn the ultra-democratic Russian government because the latter wished to maintain peace.

"Everything depends upon our final success. All is at stake."

"With regard to those who give ear to false rumors regarding German intentions, the Kaiser said: "He is a traitor—unable to sever punishment whether he is a count or a workman."

"Two are not needed to make peace. If both are not willing one can do nothing if he doesn't overthrow the other. Against our enemies absolute will of destruction we must oppose our adequate will to preserve our existence."

### TODAY'S MARKETS
