## Allies Push Western Line Forward; Within 13-4 Miles of St. Quentin

### Von Hertling Deals With Generalities In Unsatisfactory Speech to Reichstag

#### Bulgarians Retreat Becomes Utter Rout

LONDON, Sept. 25.—The Bulgarian army opposing the allied center is retreating upon Vales, thirty miles north and east of Philipopolis, it was announced in the Serbian communications today. Tuesday's operations received here today.

The allied advance is continuing north of Philipopolis road.

"Along the left bank of the Arda and north of the Philipopolis road, our advance is continuing," the statement said. "The enemy is fighting rear guard actions and retiring upon Vales."

### SIX BILLIONS IS AMOUNT SET FOR FOURTH LOAN

#### Big Liberty Bond Issue Will Run for Fifteen to Twenty Years and Bear Interest of Four and a Quarter Per Cent

NEW YORK, Sept. 25.—The Federal Reserve board today announced that it has authorized the issue of \$6,000,000,000 in new Liberty bonds for fifteen years at the rate of 4 1/4 per cent. Secretary McAdoo made the announcement at a meeting of the board today.

Chicago is given the most business assignment with \$250,000,000, and Cleveland third.

WASHINGTON, Sept. 25.—President Wilson will open the \$6,000,000,000 Liberty Loan campaign in New York Friday night. It was officially stated today. He will speak at the Metropolitan Opera House.

This will be President Wilson's first opportunity to discuss the international situation since it was developed its new and sensational feature—the great allied victories in all theatres and the peace maneuvers.

As a result his address is awaited as one of the most far-reaching importance.

#### Greatest Investment of the War

It is not doubted here that the president in taking on the nation for its greatest financial investment of the war to date will give not only an account of money already spent and what they have accomplished, but also will detail what are the objectives of the war. Whether the objectives will be handled in the Friday night speech is undetermined. It is likely he will speak again during the loan campaign.

While it is known the president feels there is no need of re-stating the aims of America in the great war, it is likely he will seize the opportunity in New York to answer the Twain statement who are declaring his refusal to accept the Austrian peace move reveals allied determination to wage a war of complete annihilation against the central empire.

Governor Strong of the New York federal reserve board will introduce President Wilson at the meeting.

#### Swedish Gunboat Sunk By German Submarine

STOCKHOLM, Sept. 25.—The Swedish gunboat Gunhilde has been sunk by a German submarine. It was announced today. Some of her crew are missing. The Gunhilde was a little craft of 340 tons, built in 1913. It carried only two machine guns.

#### Committee Himself to Nothing But Implies Acceptance of Wilson's Fourteen-Cardinal Principles

RESIGNATION MAY BE FORCED BY REICHSTAG

AMSTERDAM, Sept. 25.—Chancellor von Hertling says he is ready to resign based upon President Wilson's fourteen points. This statement, according to advices received here today, was made in the Reichstag's speech to the meeting of the Reichstag today. The chancellor declared he had given evidence of such readiness in his speech of February 25, to which, however, he pointed out Wilson has not yet given evidence of such readiness in his speech. "The Reichstag committee are reported to be dissatisfied with the speech. Leaders of the Reichstag are also dissatisfied."

#### Say They Forget Ireland

"You have read Premier Clemenceau's speech, which seemed fantastic in hatred, and coarseness of mind, surpassing everything hitherto achieved," said von Hertling. "But in it there is found a many-sided policy. The allies assert they are fighting for free, oppressed nations, but the century-old wrongs and justified grievances of Ireland nowhere find a hearing."

"You are aware, dear Reichstag, that we have seen our own people behave in the face of all this. I will tell you for mercy, in fear and trembling. I will stand erect and will not bring you groveling."

#### ITALY ASKS FOR YANKEE SOLDIERS

#### Thrilled by American Valor in France, Plea is Made for Aid Against Austrians

WASHINGTON, Sept. 25.—Thrilled by American valor in France, Italy is again seeking aid of the United States in driving off and defeating the Austro-German invaders of her soil, was learned in diplomatic circles here today.

The great numerical superiority of the Austrians in Italy, as opposed to the small representation now carrying practically of the other theatres of action, is the basis of Italian plea for assistance.

The Italians also firmly maintain that the Italian front is the logical one both from a military and a political viewpoint for a decisive blow.

The Italians, however, are declared to be hopeful that the United States will see fit to throw a considerable force into Italy this year to reinforce the small representation now carrying the Italy and stripes on the Pinar. It is held by Italians here that America can easily send a considerable fighting force into Italy without interfering with her army in France.

#### ARCHITECT IS MADE A CAPTAIN

#### E. H. Gates of Twin Falls Receives Commission in Army Engineer Corps

Ernest H. Gates, an architect residing since 1909 in Twin Falls, has received a commission as a captain in the army engineer reserve corps, and will leave on Sunday morning next for Washington, where he will take three months' training. Captain Gates drafted the plans for the new Twin Falls county general hospital, and many other buildings in this district.

#### ORGANIZER HELD FOR ESPIONAGE

#### Horace Mann, Representative of Non-Partisan League Awaiting Action

GOODING, Sept. 25.—As a result of the report of the Gooding County Council of Defense, Horace Mann, Non-partisan league organizer, is in Federal jail awaiting the action of Federal officials. He is accused of making statements which render him liable under the espionage law. At his hearing before the Council, Mann admitted the truth of the affidavits containing the charges against him.

The main points covered in the affidavits are contained in the statement by Mann that Hayward and the T. W. are all right and that Bill Hayward was no more a criminal than Frank R. Gooding.

Mann is said to be a socialist politically, and to have always been in sympathy with the activities of Hayward and his followers.

Following his confession, Mann was discharged from the employment of the League by a representative of the League headquarters in Boise.

#### AMERICAN ARMIES DON'T TERRIFY HUN WAR LORDS

AMSTERDAM, Sept. 25.—The American armies' should not terrify us," the Hun war lords said today. "The Hun war lords, representing the war ministry in addressing the main committee of the Reichstag."

The German retreats have been partially for the purpose of shortening the line, the better to cope with the enemy's tanks. The enemy calculates, more than ever, upon our internal collapse. We must fight for our existence."

#### SEPARATE PEACE WITH BULGARIA NOT IMPROBABLE

Nation Hard Pressed With Strong Internal Demand for Peace—Would Cut Central Powers' Communication

WASHINGTON, Sept. 25.—Bulgarian are setting the stage for a peace move through which the allies may be able to block Germany's access to the East. Berlin under the conviction of a disastrous route over 60 miles of Macedonian front and seething discontent at home, Bulgarian officials are being pressed hard toward an appeal for peace. Preliminary moves are already under way it is understood.

#### Block Bagdad Route

Keen expectancy was aroused in diplomatic circles here today with the return of Bulgarian Minister Pasaeroff to Washington after a summer's absence. What the diplomat will propose was a subject of discussion. Bulgaria is now trying to get the allies' ear. Whether she succeeds depends upon whether she will submit to dictation of the allies. President Wilson has maintained a friendly attitude toward Bulgaria, despite strong pressure on him to force a break. Great Britain and other neutral nations are likely to accept an opportunity to make peace with Bulgaria, provided justice can be done to Greece and Serbia, in order to cut the Berlin-to-Bagdad route. Great Britain's government goes on record today in the reply to an American President Wilson's war proclamations.

#### WITH BRITISH ARMIES IN FRANCE, Sept. 25.—Fighting north of Selency, two miles west of St. Quentin, British troops during the night wrested from the Germans 1,000

(Continued on page five)

#### FRONT IN MACEDONIA WIDENS; ITALIANS JOIN IN ADVANCE

LONDON, Sept. 25.—Italian troops have begun to advance in Albania, according to unofficial press reports received here today via Paris.

There is no indication yet that this report has been definitely linked up with the one hundred mile allied offensive in Macedonia, but it is believed the entire three hundred mile front from the Adriatic to the Aegean may soon be ablaze with activity.

The allied successes in Palestine continue with the Turks retreating in all directions.

Co-operating on the British right, the French occupied Francilly-Soleymy, Lindelpe de Dallon, and Dallon, and are only a mile and three-quarters west of Francilly.

Strong mountain defenses are between the Anglo-Greek armies and the Bulgarian frontier, but there is a possibility that these can be earned by a flanking movement against the Bulgarian right.

#### More Than 40,000 Turks Is Latest Estimate of General Allenby's Haul

#### Guns Taken Total 265—Pursuit of Turks Continues—Forces Near Amman—Arabs Join in Chase of Turks

LONDON, Sept. 25.—More than 40,000 prisoners have been taken by the allies in Palestine offensive. It was officially stated today. The number of captured guns has been increased to 265. In pursuit of Turkish forces east of the Jordan, British forces are approaching Amman, on the Hedjaz railway.

"East of the Jordan, in pursuit of the enemy retreating in this direction, we are approaching Amman," the statement said.

"North of this station important demolitions of the railway have been effected by Arab troops. The Arabs also are pushing the enemy retreating northwest from Amman toward Amman."

"The total of prisoners has increased to over 40,000, and we have counted 265 guns."

#### CAMPAIGN VACATION MAY BE PASSED UP

WASHINGTON, Sept. 25.—House leaders today met obstacles in their handling plan to start a thirty-day vacation for campaign purposes at the end of this week. Unless the managers can do something quickly, a snafu may be looked for. The deficiency appropriation bill, which carries an appropriation of \$9,000,000,000, is supposed to be the cause. Divergent opinions among party leaders is showing itself prominently.

#### VON HERTLING TELLS REICHSTAG HE AGREES "IN PRINCIPLE WITH WILSON"

While the allies are enlarging their overwhelming victories in Palestine and the Balkans, and have brought their western front lines to within one and three-quarters miles of St. Quentin, steadily battering down the defenses of the Hindenburg line, the Germans have suddenly assumed command of the Central Powers' peace offering.

#### WILL SEPARATE BULGAR FORCES

#### Allied Operations in Serbia Gaining Steadily in Scope and Importance

NEW YORK, Sept. 25.—The allied operations in Serbia are threatening to separate the Bulgarian armies operating in western Macedonia from the army's east of the Vardar which are defending the Bulgarian country. The mountain passes to the northwest of Philip are now coming within the allies' scope of activity. Once the advance of the Serbian army in this direction, hill barriers will be bypassed between the two Bulgarian armies, making direct communication impossible. Thereafter, if the Bulgarians follow the same line, they will be in peril of annihilation. Their only way of possible escape will be late northern Serbia, and then through difficult mountain territory eastward.

The Serbian drive along the main Macedonian railway toward Belgrade is proceeding slowly. Instead of concentrating all their power on driving ahead along the single line, the Allies are steadily extending the area of their operations.

#### ARMY INFLUENZA CASES REACH TOTAL OF 22,972

WASHINGTON, Sept. 25.—Spanish influenza still holds sway at Camp Devens, Mass., with a total of 19,738 cases thus far recorded. The total for the army, to the latest figures published, showed 22,972 cases, of which nearly 3,000 were for the day ending at noon yesterday.

# DISCUSS PEACE AFTER VICTORY SAYS GOMPERS

### American Labor Delegation Is Warmly Received in France

Expressions Show Complete Harmony of Ideals

PARIS, Sept. 25.—Samuel Gompers, president of the American Federation of Labor, told more than a score of French labor leaders representing every phase of workmen's activities in France, that American labor is determined to carry the war on to a victorious finish. He declared America's workmen will "see it through whatever may be the consequence."

#### Talk Peace After Victory

Gompers said: "There will be no hatching in any peace propositions and no peace talking until it is over."

From many of the French leaders, the Gompers delegation received the assurance that France's labor will stand with America and maintain the home front until victory has been won by arms, turning deaf ears to peace proposals.

American workers will not engage in any conference with representatives of enemy countries until after the war," Gompers declared to the United Press after he talked with the French leaders.

Gompers said: "We are behind President Wilson in everything he may do now or in the future."

The delegation was warmly received by French laborites. Tolly members of the delegation were to meet French Minister Marshal Joffre and other prominent men.

Tomorrow, the delegation will be received by President Poincaré.

# Wounded Fighters Do Not Complain

### Rollo V. Crater, of Army Medical Corps, Tells of Visits to Hospitals in France

"From all the men I talked to I heard not a single complaint," says First-Class Private Rollo V. Crater of the medical detachment with the One Hundred Sixteenth Engineers, writing in a letter under date of September 1, to his parents, Rev. and Mrs. G. W. Crater, 120 Ninth avenue, N. Y. Crater is in this visit to a hospital in France, a number of Americans who have been wounded in action in France are being cared for. Following are excerpts from his letter:

Sunday has rolled around again. We have a new chaplain and he took a committee of four of us to the hospital visiting. There are about sixty wards, so we didn't visit them all, of course, but we went through a good many.

#### Fight Over for Some

The men are very brave and cheery in spite of their suffering. There is a splendid lot, and some of them have mighty interesting stories to tell about the fighting at Bellefleur, at the Chau Thierry and other parts of the front. They are as full of fight as can be even after the hardest kind of experiences. They put on such a brave front that it is hard to realize that for many of them their fighting days are over. They will be sent home.

From all the men I talked to I heard not a single complaint. Several wanted me to drop in and talk to them. "Wouldn't it be a chance? They have few visitors, and seem very grateful for any interest shown. I make the trip over there every day with men to be examined (have been taken off the fighting work because, I am needed to run errands here), so I will be able to talk to a few of them every day."

#### Infection Is Rare

The best possible care is taken of them, and many recover entirely from very terrible wounds. In Germany, due to the clean first aid dressings applied on the battlefield.

We had two medical corps men here with us who had served for some time at the front as first-aid men. One of them rec'd the cross de guerre. They had been gassed and were recuperating.

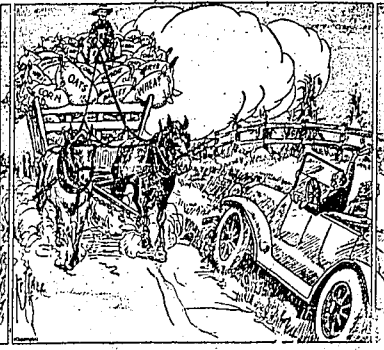

If we ever get up there, that's the job I would like to have, but I'd like to see to it on the hospital here and get some special training along that line first.

War news is always favorable these days and that makes it easy to keep in good spirits. I have a pretty lively camp here and the boys are doing some thing going on—an amateur show or a "movie" at the "Y" or an outdoor boxing or wrestling free-for-all.

#### Water and Air

Water in contact with the air absorbs its carbonic acid in a decidedly perceptible degree. In densely populated districts this is of considerable importance. "The difference is perceptible to the sense after a long drought, as the common expression "refreshing showers" indicate"

### Head of Aircraft Board Back From Trip Abroad Declares Experts Agree American Machines Best

# PROVED WORTH IN ST. MIHIEL FIGHT

PARIS, Sept. 25.—Liberty motors, placed in American built planes, which are manned by American aviators, have completely vindicated themselves. They have cleared themselves from the cloud of doubt raised months ago in the United States. In the battle during which the St. Mihiel salient was captured, fleets of American airplanes, used for the first time in large numbers, proved a huge success. All airplane experts, not only those attached to the American forces, but also those with the French, are enthusiastic in their praise of the American machines.

John B. Ryan, head of the American Aircraft board, has returned to Paris after watching the American planes in action. His impression, after seeing the work and talking to pilots and airfield experts, may be summed up as follows: "That there is no such engine power or lightness in the allied or German armies that there is no other engine for which there is such a demand."

These official and officer is pleased with them.

American pilots have given a wonderful account of themselves.

Ryan, in continuing his inspection of training camps and British and French camps, plans studying the movements of airplanes supply to advanced areas.

Coburn Arthur Woods, former police commissioner of New York, has joined the Ryan party.

Good positions are not "mentioned off," but they do go to those who understand the best "hike" for them through classified advertising.

# JOHN IRELAND PASSES AWAY

### Noted Churchman Dies at Ripe Age Surrounded by Friends of Years' Standing

ST. PAUL, Sept. 25.—John Ireland, archbishop of the St. Paul diocese of the Catholic church for thirty years, died at 5:55 this morning. Physical decline due to Aclzhilgh's Ireland's advanced age of 80, affecting his heart, caused his death, his physicians said. He suffered a severe illness early last spring and shortly after celebrating his eightieth birthday on September 11, he was again stricken. Five days ago it became apparent to his physicians that he could not live, and he sank gradually despite frequent rallies.

At his bedside were his sister, Josephine; Josephine of St. Joseph Academy, St. Paul, his only surviving relative; his eldest friend, Bishop Thomas O'Gorman of Sioux Falls, South Dakota, and Bishops James Trobe, P. R. Heffron and James O'Reilly.

Funeral services were limited by the Archbishop O'Gorman. Arrangements for the funeral will be made tomorrow.

#### Was Early Settler

John Ireland was born in Kilkenny, Ireland, September 11, 1838. He was brought to this country by his parents when 11 years old. For the next few years the family lived in Boston, Mass., and Burlington, Vt. Then John was taken to St. Paul, at that time a trading post depending largely upon Indian patronage.

While studying Ireland met and befriended the future archbishop, a playmate in Sioux Falls, S. D.

#### Fought in Civil War

The two were marked by Bishop Crehan, famed French missionary, who sent them to France to study for the priesthood.

While studying Ireland met and befriended his future father-in-law, Father Cheverus, French priest who later became bishop of Boston. Ireland was ordained December 21, 1861.

He returned to America when the civil war broke out and enlisted in the Union army. Rated as a chaplain, Ireland hunted, ate and fought with the private, seeming better accommodations offered with the officers.

Archbishop Ireland was a close friend of the late Justice J. Hill, his work with the church fitting in with the colonizing labors of the railroad maker. He was also the firm friend of Presidents McKinley and Roosevelt. He was responsible for the founding of the Catholic university at Washington, D. C., appearing before the Pope to show why such an institution should be established. He was consecrated bishop December 1, 1875.

#### Honored by All

Among other honors the prelate held an L. L. D. degree from Yale, was a commander of the French Legion of Honor and a former national chaplain of the G. A. R. He was of Democratic tendencies. By choice he rode about in street cars, talking with parishioners and workmen. A momentary friend stands by his memory. It is the million dollar cathedral named in his honor and dominating St. Paul from the city's highest hill.

# PASS UP CONTROL OF PACKERS FOR PRESENT

Government's Activities Already Too Wide-spread to Admit of This Solution Now

WASHINGTON, Sept. 25.—In seeking a way to relieve the American people from the high cost of living, congress has practically abandoned the idea of putting the meat packing business under government control within the war laws.

Many congressional students of living costs agree that to add this enterprise to the multitude of huge new tanks Uncle Sam has undertaken might defeat the very purpose they have in mind. While they have somewhat reluctantly accepted this view, they have not and will not relinquish the principle of government control of stock yards and packing houses as necessary part of the permanent solution of the high cost of living problem here.

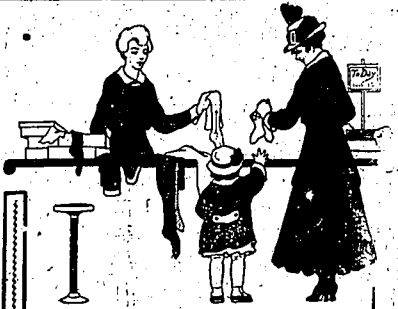

It is deemed unlikely that President Wilson will recommend a general government control of either stockyards or packing houses now, the president already has the power to take over either the stock yards or the packing houses, or both, in a war if this becomes necessary.

MORE THAN FRIEND

By VINCENT G. PERRY.

Copyright, 1918, by the McClure Newspaper Syndicate. A friend is a person who is for you never under any suspicion.

Basil Vance cut the above paragraph from a newspaper and re-read it very carefully. He agreed with it all.

When the car that he had ordered drove up in front of his office to take him to Judith's home he was ready, waiting.

It was a delicate task he had set for himself, but he would not falter. With great strides he stepped out from the office building and made for the car.

It was two hours later when he regained consciousness, and he just began to realize that he was in the hospital before he lapsed into a state of semi-consciousness.

"You, all I ask of you is that you put aside a little from your incomes, a few dollars or a few cents as you may be able each week, and loan the amount to me."

"I do not wish to be insistent and I hope I will not be compelled to humiliate myself before my enemies and be forced to plead with you, my children, for help in this crisis that has come upon us."

"Money! Money! Money! That means War Saving Stamps!"

It was not many days before Judith called in her car to take him home. She was helping him on with his coat when his memorandum book fell to the floor.

SHARE OUR SUGAR WITH THE ALLIES

British Get Two Pounds a Month, French Pounds and Half, Italians One Pound.

GERMAN SUPPLY PLENTIFUL

All Nations Permit Use of Sweetening for Home Preserving Purposes.

America's own sugar ration of two pounds a month per person is equitable when compared with the sugar ration enforced by rigid governmental order in England, France and Italy.

England today has a sugar ration of two pounds per month per person. In France the ration is a pound and a half and in Italy it is one pound.

Before the war started France had 62,000 acres devoted to sugar production. By 1917 the French sugar acreage had decreased to 180,000 acres.

Germany before the war produced a great surplus of sugar and exported large quantities. Today the Germans have virtually gone out of the export business.

FOR HIS HONOR

By EARL WAZLAND BOWMAN

Troble had come to him, the father of this splendid, wonderful, family. He called his children to him, standing, strong, healthy, well-fed.

"Children, in your infancy I protected you; I fed and clothed and sheltered you when you were unable to feed and clothe and shelter yourselves; when you were helpless I defended you against those who would have done you harm; I have educated you and given you opportunities such as the children of no other family on earth have enjoyed; the inheritance that came from my father to me I have preserved and added to and made greater than it might pass on to you a richer blessing than I myself received; these things and more I have done for love of you. Now I appeal to your love for me. My honor has been assailed. The heritage I hold in trust for you and your children is threatened. Greedy hands are reaching to take it from me. Bobber hands, red with innocent blood, are outstretched to despoil the old homeland. In this hour I must turn to you for help. Never before has there been such danger—"

"It is not much that I ask of you at least. Many of your brothers, as you know, have been so already for many months. They have gone to defend us all. These gallant ones must be fed. I must supply them with means to effectively overcome a vicious and relentless foe. It requires great sums of money—"

"You, all I ask of you is that you put aside a little from your incomes, a few dollars or a few cents as you may be able each week, and loan the amount to me. Do not deny your selves food or clothing that is necessary, nor even pleasures that are your right and which all must have to remain cheerful and in good spirits—these I want you to have that you may be well-contented and happy; but I do urge you, by your love for me, by your love for my honor, by your love for your brothers who have gone out in our mutual defense, that you assist me as much as you can without depriving yourselves of these things which are essential to your health and physical comfort. Remember, it is only a loan that I ask—a few dollars regularly invested in securities which I offer you—"

"A loan! Money! Humph!"

"I do not wish to be insistent and I hope I will not be compelled to humiliate myself before my enemies and be forced to plead with you, my children, for help in this crisis that has come upon us."

Saving Sugar Saves Shipping

AMERICAN families would have less sugar than the people of war torn France, if we depended entirely on our home-grown sugar stocks.

Approximately 75 per cent of our sugar is shipped to our shores. We produce about 1,000,000 tons of sugar a year. Our imports from abroad amount to over 3,000,000 tons a year in normal times.

The United States Food Administration asks each family to limit its use of sugar to two pounds per month per person for household use. The military situation demands that every available ship be placed at the disposal of the Army or Navy.

SCOOPED?

Editor of The Twin Falls News, Twin Falls, Ida. Dear Sir:—In the short life of your excellent paper, as you no doubt know, you have established a reputation for fairness in the matter of political news.

Of course I know it is not my duty to dictate what you or anyone else should publish, but it seems to me it would be of interest to any democrat, and of vital interest to the Democrats, to know that the committee had refused to adopt all, or any part, of a patriotic resolution upholding the President, which had been recommended by their gubernatorial candidates and introduced by one of the committee's members.

What I would like to know is this—did you consider this action so unimportant that it was not worth publishing as news, or did your political bias dictate the omission? I await your reply with interest. Yours very truly,

(MRS.) LUCY L. BARNES, Hansen, Ida., 9-23-18.

So far from being "scooped" in the proceedings of the state Democratic committee at Boise, The News was the only newspaper in Southern Idaho with the exception of the afternoon paper at Boise, that carried the story of the meeting. It was carried over the United Press wires, and was necessarily brief. It contained no reference to the resolution to which our correspondent refers. More extended accounts of the meeting were published the following day in other papers, but inasmuch as The News carried the main facts of the meeting the day before, no further reference was made to the subject.

Answering the correspondent's query at the close of the letter, the committee's action was not particularly significant, inasmuch as resolutions of the character in question are customarily considered by party conventions and not by state committees. EDITOR.

# JUNIORS SAVING THE FRUIT PITS

### School Children of County Enlisted in Campaign to Collect Material for Masks

When the bun throws his poisonous breath into the trenches of World War, there is only one thing between the sun and a horrible, painful death. That thing is the very best gas mask that can be made. Good gas masks call for the finest grade of charcoal of carbon. Wood charcoal will not do. So the four school children of the Red Cross in their appeal to housewives, stores, restaurants and cleaning factories that every peach, plum, and other fruit pit be saved. These same needs every pound of fruit pits and out shells of certain kinds, and make them at once. These hard shells, when incinerated, make a fine quality of carbon that defies the fierce smoke of the bun and keeps America's fighting men in the trenches safe and sound.

#### Red Cross in Charge

The Twin Falls County Red Cross chapter has received shipping notices for material and will receive contributions here.

The assistance of the members of the junior Red Cross organizations in the collection of these materials has been enlisted. Hal G. Blue, chairman of the chapter school committee, has written the following circular letter to the heads of junior Red Cross auxiliaries in Twin Falls county:

#### Oives Directions

The juniors have been urged to collect fruit pits, and nut shells from which carbon is made to protect our soldiers against poison gas. The best carbon is made from coconut shells of which at present there is an acute shortage. In order to make up this shortage, the Red Cross is asked by the following to collect the following: Peach stones, apricot pits, plum pits, olive pits, cherry pits, Brazil nut shells, shells of sickery nuts, walnuts and hickories. Notice that peanuts and acorns are not asked for.

All pits and shells must be thoroughly dried, either in a sun or by the sun before they are shipped. There is no reason, however, for separating the different kinds of pits and shells in any way. Send them to your Red Cross chapter headquarters as soon as possible. The chapter officials have received shipping notices.

### GOODING CITY VISITED WITH DISASTROUS FIRE

Blaze Originating in Heating Plant Results in Upward of \$25,000 Damage to Business District

(Special to The News) GOODING, Idaho, Sept. 25.—A disastrous fire visited this place early Tuesday evening, resulting in upward of \$25,000 damage to the business district. The Arcade building was damaged to the extent of \$1,000 and the First National bank, the Farmers hardware store, the Idaho Power company, the Jeffrey drug store and the Evans grocery were damaged to the extent of \$20,000 by fire, smoke and water.

The fire originated in the rear room of the Arcade building heating plant. Local authorities telephoned to Twin Falls for the assistance of its fire department. The trip from Twin Falls, however, was considered impossible of accomplishment in time to render assistance.

### FORTY DAIRY COWS ARE SENT TO BLOCK

Association Tests Wood Out Non-Producers—Milkman's Profits Higher This Year Than Last

It is interesting to note the achievements of our best dairymen which have made a large 50 pounds per cow butterfat list each month. In fact the same size as other leading 40-pound lists of cow testing associations as taken per monthly comparisons, says T. G. Sherry, official tester, in a review of the work of the Pioneer Cow Testing association during the nine months past.

Over 40 cows were sold during these months for beef and about 40 better cows purchased in their stead, including a great many registered females from high producing ancestry. On the average about one purchased bull per month has been purchased, making those bought during the nine months. White feed has been high and a great many have given this an excuse for selling out, the only real excuse should be the inability to secure competent labor, as a comparison of the cost of production shows that last year's average returns for \$1.00 expended on feed was \$2.60, while this year it is \$2.85. Last year's cost of producing for 32 cents. Last year it was only 47 cents.

Average Fat Production, per Cow—1. Irwin Bros. T. F., 115.5 cows, 315.3 lbs. 2. S. H. Knapp, T. F., 101 cows, 280 lbs. 3. L. J. Tencknick, 82 cows, 273.3 lbs. 4. Geo. Childs, Buhl, 121 cows, 276 lbs. 5. E. G. Ehlers, T. F., 8 cows, 270 lbs.

Individual Fat Production, 9 months—1. Irwin Bros. Brown 456 lbs. 2. Irwin Bros. Bally 420 lbs. 3. Geo. Childs 412.3 lbs. Irwin Bros. White 300 lb.

Average net profit per cow, 9 months—1. Irwin Bros. \$104.00, 2. Geo. Childs \$101.00, 3. E. G. Ehlers \$92.65, 4. S. H. Knapp \$77.00, 5. S. H. Naylor \$70.00.

Average Feed Cost of Producing 1 lb. Butterfat—1. Geo. Childs 13 cents, 2. E. G. Ehlers 14 cents, 3. S. H. Knapp 10 cents, 4. L. J. Jacobson 17 cents.

Industrious upon the completion of pledges taken last June during the War Savings Stamp campaign, A. Guibert, director for Twin Falls county, has issued the following letter to each "captain" who took part in the drive:

"From now on we will have a follow-up system. Pledges taken last June during the War Savings Stamp drive must be redeemed. The pledges have been lifted so far but from now on they will be heavier. The government calls on us to do our duty. Let us do it heartily and vigorously. Every month a uniform report blank will be mailed to you. It is your duty to see that it is filled by you and returned to your colonel on the first of each month without fail with remarks opposite the name of the pledge if necessary send him a postal card. We will do all in our power to help you to have the pledges redeemed."

### DEATHS

Craigton Snyder, 18 years, son of Mr. and Mrs. L. A. Snyder, died at about 6 o'clock Tuesday evening at the family home one mile east of Twin Falls, from heart disease. The remains are at the Grossman & DeWitt undertaking establishment. Funeral arrangements have not been made.

Mrs. Emma S. G. Deas, formerly a resident of Gooding, Idaho, died Tuesday evening at a local hospital. Arrangements for funeral services have not been completed, but it is announced that services will be held here at the Grossman & DeWitt chapel, and the remains will be taken to Boise for interment.

### Elks of Twin Falls Turn Out Full Strength at Complimentary Dance

Indicative to a remarkable degree of the high esteem in which he is held, the complimentary dance at the Elks' Club Tuesday evening in honor of Captain Hughes of the quartermaster corps was one of the best attended affairs of the kind held in Twin Falls for a long time.

Elks of Twin Falls and surrounding territory and their families gathered in numbers which taxed the capacity of the club quarters. Excellent music added materially to the enjoyment of the evening. Dancing was continued until a late hour.

A supper was served at midnight. The fund for the Salvation Army which is being raised by the Elks was materially aided during the evening.

He has been a resident of Twin Falls for eight years past, being for three years in charge of the office, including credits and collections for the Consolidated Wagon & Machine company. Prior to coming to Twin Falls, Mr. VanTassel was employed in an executive capacity for some time by the Berry Brothers, various manufacturers, of Detroit, Michigan.

Mrs. VanTassel with their two young children, will leave this week for Portland to spend the winter with their sons, Burton and Carl VanTassel, who are there in school.

### TWIN FALLS MEN TO ATTEND MEET

### Chairman Braeken of Defense Council to Name Committee of Five

E. F. Braeken, chairman of the Twin Falls county council of defense, announced at the meeting of this organization Tuesday evening, that he would appoint a committee of five members to meet at a conference in Pocatello on September 30 in regard to the reclamation of arid lands for the use of returning soldiers. The Braeken project is to be considered in this connection, it is understood.

Three conferences in Idaho are to be held, one at Pocatello, another at St. Anthony and a third at Boise. This is in line with the recommendation of Secretary Lane.

The following committee has been named by Mr. Braeken, M. J. Sweetley, Jas. McMillin, Judge E. A. Walters, W. W. Humphrey and Charles W. McQuinn of Buhl.

### HOME IS DESTROYED IN EARLY MORNING BLAZE

### Cook Stove Fire Origin of Destruction of Fred Coryell Residence Destroyed on Run

Fire originating from the kitchen in a cook stove fire at about 4 o'clock this morning, destroyed the four room residence of Fred Coryell at the north end of Quincy avenue, just outside the city limits from Golden Rule addition. A few pieces of furniture were saved. The loss was covered by insurance. The fire department experienced difficulty in crossing the Eighth avenue ditch in making the run to the fire, and arrived at the scene after it was too late to save any of the building. However, was strong out for a distance of nearly one-half mile from the next plot.

# CITY LAGS IN WAR SUFFERERS' CLOTHING GIFTS

Remainder of Week Will Have to See Increased Donations if Twin Falls' Quota; Asked By Red Cross, is Reached

The remaining days of this week will have to see increased donations of clothing for the French and Belgians in the regions occupied by the quota, if Twin Falls is to reach its quota of the four tons of wearing apparel which the Red Cross asks of this county for this purpose. Committee of women at the revolving station in the Masonic temple at the corner of Second avenue and Second street west, have not yet been over busy checking and packing the clothing as it is brought in, and up to 6 o'clock Tuesday at the close of the second day of the week's campaign less than eight sacks of clothing had been received there.

It is not necessary that clothing should be brought to the revolving station, Chairman V. H. Decker states, but if the person having clothing to give for this cause will call telephone number 236 at any hour of the day, a conveyance will be sent out to receive the contribution. The chairman asks also that those who have automobiles to be spared for this purpose, communicate with him at once.

## What Is Needed

Every kind of garment for all ages and both sexes is urgently needed. In addition, pipe goods—light, warm caps, mittens and gloves, and socks from which to make garments for newborn babies, tucking, sheeting and blankets, woolen goods of every kind, and shoes of every size, are asked for. Strong leather is needed for repairing shoes.

Since the garments will be subjected to the hardest kind of wear, only materials made of strong and durable materials should be sent. It is desirable to use an artificial material, garments of flimsy material or gaudy coloring.

Garments need to be in perfect condition. A hundred thousand destitute women in the occupied regions are eager to wear a livelihood by repairing old clothing and making new garments adapted to the needs with which they are familiar.

## Letter Shows Conditions

This extract from the letter of the well-to-do woman of Brussels shows the conditions there:

"Perhaps you will laugh when you hear that I wear a cloak made from my husband's garter, a ruffled overcoat, a waist made from his football shirt, and a skirt made of a dyed bed sheet. Mother has a suit made of a tablecloth, and I have a dress made of a tablecloth, and I have a dress made of a tablecloth. But all this is only amusing in comparison with the wretchedness of the population. After all, we remain calm and confident of victory."

## KANSAS CITY POLICE ON TRAIL OF GUNNEM GANG

Member of Gang Makes Dying Statement Giving Identification of Leaders

KANSAS CITY, Mo., Sept. 25.—Working on evidence obtained from persons they arrested following battle with a hand-to-hand gun here yesterday, the police believed today that they will capture three members of the Jones-Lewis bandit gang who are at large.

Rosecoe Lancaster, known as Kansas City's "Red" because of wounds he received in the battle, Harry and Warren Lancaster, his brothers, were arrested. Two others escaped.

In a dying statement, Lancaster described Dale Jones to be the leader of the gang, and who is held by police to be responsible for many robberies. Members of the gang recently engaged in battles with officers at Denver and Colorado Springs.

## CONGRESS MIXES COTTON PRICES WITH POLITICS

### Hot Discussions Promised

When Matter Comes Up for Debate—Page Says Committee Will Fix Prices

By L. C. MARTIN

WASHINGTON, Sept. 25.—Tension, the only great staple that has escaped the effects of the war, is the center of a battle royal in the government.

With increasing demands from agricultural centers that the price of cotton be fixed, the same as wheat and other raw materials, and with industrial centers demanding it be taxed, the fight of cotton producers extended today from congress to the war industries board and the white house.

Passed Up to President

The newly constituted congressional cotton committee, after long conferences yesterday with members of the cotton committee of the war industry board, seems to have decided the cotton situation today sought an entrance with President Wilson. It is not unlikely that the president will issue a statement covering what he expects from the cotton men.

The situation is to be made the object of some powerful political artillery was hinted in some quarters today, but the tendency for the moment is to wait to see if the cotton action was to be taken by the war industries board or its work.

Installs on Price Fixing

Thomas W. Page, chairman of the cotton committee of the war industries board, has conferred with the cotton state officials advisory committee made up of the superintendents of agriculture, directors of marketing and presidents of the farmers. Page said: "We hope it may not be necessary to fix a price on cotton, but undoubtedly the price must be stabilized and this committee will endeavor to stabilize it, by controlling the purchase of cotton supplies for the American and allied governments. We cannot tell what effect the work of this committee will have upon cotton prices until after it has been at work for some time—possibly months."

Chairman Harsh of the war industries board today said the committee on cotton distribution headed by Charles J. Brand, should be able to avoid the necessity of fixing of price on cotton. The difficulty, Page said, lies in the fact that the demand for high grade cotton and the refusal to accept low grade cotton are responsible for the stability in price.

## LOCAL BRIEFS

Goes to Boise—Miss Britton and Wolfe, county superintendent of public instruction, left Tuesday on a brief business trip to Boise.

Undergoes Operation—Mrs. E. H. Maher is a patient at the Royal hospital recovering after a surgical operation which she underwent Sunday.

Goes to State Fair—E. O. Walter of Filer left this week for Boise, where he will have charge of the horse department of the State Fair at Boise. He expects to return the last of the week.

Ever Closes School—The school in the Mountain View district south of Twin Falls, has been closed for the next two weeks, because of a fire cover-up in the home of one of the parents.

Getting Pointers at Boise—W. F. Hroksen of Kimberly, left yesterday for Boise by auto. He will spend a number of days at the State Fair in the interests of the Twin Falls county fair, which opens at Filer next week, and of which Mr. Hroksen is a director.

Will Attend Chaplains' School—J. P. Anderson, formerly pastor of the First Baptist church of Twin Falls, who has been for several months engaged in army U. S. M. C. A. work at Camp Lewis, has passed the physical examinations for admission to the army chaplains' training school at Louisville, Kentucky. He will be in Twin Falls on Sunday and Monday next on his way to Louisville.

Plan Registrants' Drills—At the first meeting Tuesday evening of the instruction board appointed, by the local draft board to take charge of the instruction of registrants prior to their entrance for enlistment, it was decided to hold regular military drills on Tuesday and Friday evenings of each week. The place where the drills are to be held is yet to be decided. The officers appointed on the instruction board are the following: Captain, S. P. Prater; physician, Captain H. B. Wilson; chaplain, Rev. L. B. Frank. The assistance of H. L. Locklin and George E. Wheeler, who have had previous military experience, has been invited in the work of drilling the men.

## With Hosts and Hostesses

Mrs. E. R. Logan was hostess to the Salmon Social club at its meeting Thursday last. Thirteen members and one visitor were present. The next meeting will be held September 20 at the home of Mrs. Griffin.

## Lieutenant Green Returns on Leave

Twin Falls Army Officer, Hurt in Accident at Camp Lewis, Comes Back to Visit

First Lieutenant John B. Green of Twin Falls, who has been stationed for several months at Camp Lewis, Washington, where he was injured some weeks ago while demonstrating a French field gun, arrived here Tuesday evening on a few day's leave of absence. He was met at Shoshone by his father, H. B. Green of Morrison, Illinois, who returned with him to Twin Falls. Lieutenant Green has been completely recovered from his accident, and on his face only remaining to wear the extent of his injury. He was his commission at the close of the second officers' training camp at the presidio of San Francisco.

# CHILDREN ARE BIG FACTOR AT COUNTY FAIR

War Savings Stamps Awards Totalling Over \$280 Are Offered to Winners Among Club Members and Pupils

Awards of War Savings Stamps totaling \$221 are offered at the third annual Twin Falls county fair at Filer, October 14, to the prize winning exhibitors among the members of the boys' and girls' vocational clubs, F. A. department open to them alone and placed under the supervision of E. A. Smith, county club leader.

In addition to this \$221 in prizes are offered to the winners of athletic and amusement open to all club members and including 50 and 100 yard dashes, relay races and pony races; and prizes aggregating \$40.50 are offered in the school department of which Miss Brittonart Wolfe is superintendent.

One Day for Children

Friday, October 4, will be club day at the county fair, and school children will be admitted free on that day. Admission tickets are being distributed now among the several schools through the county superintendent's office.

Entries close in the boys' and girls' club work department at 6 o'clock Monday afternoon next.

Sweepstakes premiums are not awarded at the fair but by the committee on awards in November, after reports and stories are in.

A premium of \$10 is to be awarded to the best community exhibit and \$5 for the second best, the score to be emitted on a basis of one-half for artistic design and arrangement and one-half for quality of exhibits.

In connection with the best club awards, four premiums aggregating \$25, will be paid to the authors of papers on one of the following subjects, the papers on each subject to be graded separately: Situation of land, preparation of soil, depth of planting, time of cultivation and thinning, tools used in cultivation, time and number of irrigations, value of beet crop to the soil, feed value of beet pulp and tops.

Standard Exhibits

What constitutes the standard exhibit in the different lines of club work is set forth below: Potato club, 10 tubs; corn club, 10 ears of corn; garden (yard and tenth acre), specimens of each variety, not exceeding 4 varieties; sugar beet club, 10 beets; pig club, 1 pig; poultry club, 1 fowl; rabbit club, 3 young rabbits—one male and two female; sheep club, 1 lamb; craning club, 3 pint jars of vegetables, 3 pint jars of fruit; sewing club, articles required in bulletin or made in Red Cross.

Introduced Himself

Grandma was out walking with her small grandson when a large dog came running along the walk. The little boy started to pet the dog when grandma warned him not to, saying that he was strange to the dog and might get hurt. At that the little fellow walked over to the dog, made a bow, and said: "I'm Fred Bradley. Now you know me, don't you?"

"I do not intend to try to diminish this by pressure of words, but if this situation has been influenced by events on the western front, I must declare it far exceeds justifiable limits."

"Today, we have peace with Russia and Rumania and although conditions in Russia are not clear, and the future is uncertain, nevertheless, the message from two allies has been received, allowing the employment of our eastern army on the west front."

"Field Marshal Von Hindenburg will show that he is equal to the occasion. The enemy's proudest cries of victory will soon die away."

"Humanity shudders at the thought of this terrible, bitter, destroying war and it must be the last. I am in accord with President Wilson's proclamation, but it must be for equal rights for all. The authorities of the enemy countries by an unparalleled act of lies have wrought much duplicity among the nations involved. ## BOARD OF TRADE STOPS TO PRAY FOR ALLIES

Offers Hope to Extend Customs to All Exchanges in Nation

CHICAGO, Sept. 25.—The clamorous "pips" in the board of trade were hushed for one moment at noon today when traders stood silent, prayer for victory for the allies.

The uproar on the floor was silenced by the noon gong. When the period of unusual supplication for Divine help was over the traders left the floor in a quiet manner.

Board of Trade officers hope to extend the custom to all exchanges in the nation.
