TWIN FALLS, IDAHO, SATURDAY, SEPTEMBER 28, 1918

PRICE FIVE CENTS

America Will Not Fail

THE WHITE HOUSE
WASHINGTON

Again the Government comes to the people of the country with the request that they lend their money, and lend it upon a more liberal scale than ever before, in order that the great war for the rights of America and the liberation of the world may be prosecuted with ever increasing vigor to a victorious conclusion. And it makes the appeal with the greatest confidence because it knows that every day it is becoming clearer and clearer to thinking men throughout the nation that the winning of the war is an essential requirement. The money that is held back now will be of little use or value if the war is not won and the selfish masters of Germany are permitted to dictate what America may and may not do. Men in America, besides, have from the first—will now dedicate both their lives and their fortunes to the vindication and maintenance of the great principles and objects for which our Government was set up. They will not fail now to show the world for what their wealth was intended.

Foch Loosens Dazzling Array of Offensives, Using Americans at Vital Points

ENEMY'S MAIN RAILWAY LINE IS THREATENED

Americans Within Mile of Head of Three Standard Gauge Tracks of German Transport System

PARIS, Sept. 28.—The Americans have broken through the subsidiary defense behind the Hindenburg line on the ten-mile front between Dannevoix and Celestfontaine, northwest of Verdun, according to battle front dispatches received here today.

Take Hun Supply Lines Between Neufchâtel and Montblainville, a front of about ten miles, the Americans are within a mile of the heads of the enemy's three standard gauge railways. They have captured scores of miles of light railways.

LOOKS LIKE FINISH OF WOMAN SUFFRAGE

No Chance of Vote Before Monday and Little Likelihood of Passage of Amendment

WASHINGTON, Sept. 28.—Another day of filibustering was in prospect when the senate today took up the suffrage amendment which it has been trying since Thursday. Suffragists filibustered today to prevent a vote while a number of their men are away helping on the Liberty Loan. Senator Martin, Democratic leader, has given suffragists an ultimatum. There will be no vote before Monday, Martin said. He has assured absent senators of this, and any number of senators ready to talk today to prevent a roll-call.

OIL MAN IS AUTO ACCIDENT VICTIM

D. C. MacGivern Meets Death When Car Leaves Road Near Jarbridge

D. C. MacGivern, a director of the Twin Falls Oil and Development company, and for some time past a salesman in the employ of several corporations developing all property in Wyoming, in which local property he is interested, was killed at 10:50 Friday night when the car he was driving left the road five miles north of Jarbridge, Nevada, according to a telephone message received this morning from the corner of Elko county, Nevada, by G. D. Thomas, manager of the Twin Falls Oil and Development company. The Elko county official stated that he would bring the remains this afternoon to Three Creek, where Coroner C. J. Crosby of Twin Falls will take charge of them. Details in respect to the accident are lacking. It is understood that MacGivern was alone in the car when he left here Thursday, going to Jarbridge. It is reported that there were three men from Three Creek with him when the accident occurred, but none of them was hurt. The road, when the accident occurred, has been built recently and is soft, containing much loose gravel. Deceased was about 45 years of age. His parents reside in Portland, Ill. His wife is now in Payette, Idaho.

BRITISH AND BELGIANS HIT ENEMY IN FLANDERS

Americans Turned on Hindenburg Line in Cambria Sector Follow Up Advantages of British—Franco-American Attack Launched Between Ailette and Aisne—Gains Reported From Every Scene of Allied Activity

PARIS, Sept. 28.—Splendid progress is being made in Flanders by the British and Bulgarian armies which began an attack there this morning. The attack is being delivered on a fifteen mile front between Ypres and Dixmude.

The average advance of the British and Belgians today was between two and three miles, it was learned authoritatively tonight. They have taken possession of Poetocamp. The total of prisoners taken by the allies on the west front in the last three days is more than 30,000, it was stated unofficially today.

The attack in the Champagne, it was announced to day by the French war office, was resumed at 5:30 this

The French are also attacking between the Ailette and the Aisne and are making progress northeast of Nancy. In this region the French have captured Jouy and Aisne.

In the Champagne, French troops have occupied Sommy and have progressed northward of Fontaine-Dormois. We have occupied Sommy and captured the highest north of Frontaine. We are progressing southeast of Nancy. North of the Aisne we are occupying many towns.

Enemy Positions Outflanked

LONDON (4:30 p. m.)—Paschendale ridge has been outflanked from the north in the British-Belgian offensive in Flanders, and the British are making progress toward Boulers. It was learned authoritatively this evening. Boulers is the most important railroad and highway base held by the Germans in Flanders. (It is the center of communications to Ostend and other German submarine bases on the channel.) The Belgians have captured part of the forest of Houtland, between Ypres and Dixmude. Many prisoners have been taken. Paschendale ridge and the town of Paschendale were taken by the British after long extended offensive operations last year. The ridge was given up during the last German drive in Flanders last April.

Fight With British in Cambria Region

WITH THE BRITISH ARMIES IN FRANCE, Sept. 28.—Americans are cooperating with the British in Flanders, attacked at 5 o'clock today, opening what probably is their most important contribution to the British efforts there. The Americans on a wide section of the British front face the Hindenburg line across broken ground averaging 500 yards in depth as a result of the advantage won during yesterday's attack. The new line the Americans desire to reach extended from a point east of Honnout, to a point northwest of Lecatelet, to a point southeast of Bellcourt, a mile and a half south of Lecatelet. The southernmost half of this line was reached by them yesterday with comparatively little difficulty. In the northern portion, however, they were engaged all day in a pitched battle. As a result of these operations 200 prisoners were taken, including twelve officers.

GEM STATE'S HONOR ROLL

KILLED IN ACTION COOK JOHN FIALALA Report. Died of Disease. CHAR. L. RANDALL Idaho Falls

Prisoners by Thousands Fall Into Hands of The Allies as Foch's War Machines Crash On

Belgian and British forces began operations in Flanders this morning. The Anglo-American drive on Ombart continues and was officially reported this morning to be progressing favorably.

The Franco-American drive in the Champagne-Argonne region is in full swing, with the Americans well beyond the Hindenburg line on a 10-mile front.

The Serbians, after taking Velos, are continuing their advance on Uekub. They have captured Chane, 50 miles north of the nearest point on the Serbo-Grecoan frontier, and are outflanking the Bulgarians in the Stroumi valley.

Information regarding a probable Flanders offensive was contained in a succinct announcement by Field Marshal Haig that the second army, commanded by General Plummer—rated as the best British field

PRESENT THEMSELVES WITH FLAGS OF TRUCE

WILL ACCEPT ALLIED TERMS WASHINGTON, Sept. 28.—It was indicated here late today that Bulgaria will accept allied conditions for separate peace negotiations if questions of Balkan boundaries are left to the final general peace settlement.

BULGARIAN PEACE EXPOSES TURKEY

PARIS, Sept. 28.—High government circles in Paris expressed no surprise today at the Bulgarian bid for peace. To the United Press came the announcement that the request for an armistice came from these facts: "Bulgaria is tired of her seven years of fighting. There is much discontent against her allies."

"There is little likelihood that the entente will handle the situation with half feeling toward the Bulgarian people, although Bulgaria must renounce her exaggerated ambitions. "Peace is only possible in accord."

SUCCESSES OPEN WAY TO CAMBRAI

British Will Doubtless Outflank City Rather Than Attempt a Frontal Attack

YANKEE FORCES NEVER HESITATE

Temporary Obstacle of Hun Opposition Fails to Check Intrepid Advance

By FRANK J. TAYLOR WITH THE AMERICAN ARMIES WEST OF VERDUN, Sept. 27 (Night).—The second "Verdun day" as the American doughboys characterize the second day of the American Champagne offensive—was marked by notable acts of American valor over hard fighting ground. The day's principal fighting occurred in the region of Montfaucon, where the enemy rushed his best troops in an attempt to block further American advances northward past Montfaucon heights. The boche efforts were fruitless. The elimination of the German opposition there removed the greatest strength the Germans had in the immediate region. The American attack on Montfaucon

It became known that the Allies have not committed this government on the subject of an armistice so far but that they will do so, is believed likely.

Break With Huns, One Allies Requirements

LONDON, Sept. 28.—The allies' terms have already been sent to Sofia, it was learned here this afternoon. They include: Evacuation of all territory outside Bulgaria, as a preliminary to any agreement. Complete rupture with Germany, Austria and Turkey. Demobilization of the Bulgarian army.

WAR SUMMARY

general—had been operating in conjunction with the Belgian army.

The attack against Cambrai has carried British troops to within less than three miles of the city itself. Staff officers declare the British can take the city when they will, withholding its occupation only because it has been evacuated by the Germans. German prisoners in this fighting already are officially announced as more than 10,000, in addition to 200 captured guns.

The Americans, resuming their drive in the Argonne have driven entirely through the Hindenburg defenses on a 10-mile front and are within a mile of the main German railroads in this sector.

The French have also made rapid progress and have captured important railway junctions. More than 16,000 prisoners have been taken so far.

ROADS TURNING TO SEA OF MUD IN THE ARGONNE

American and French Offensive, Continues Steadily Notwithstanding Tremendous Handicap of Bad Weather

By FRED B. FERGUSON WITH THE AMERICANS WEST OF VERDUN, Sept. 28.—The Franco-American attack in the Champagne-Argonne region is continuing. Heavy rains have turned the roads, churned by shell fire into almost impassable bogs, but the American field artillery is bravely struggling to keep pace with the infantry. Even the heavy guns are being moved slowly forward, although with extreme difficulty.

Masses of open infantry were reported in the woods near Cirage yesterday and an artillery barrage was laid down in preparation for a counter attack developed.

The Germans are using boys of 18. A number of these, included in the present fighting. Six French prisoners captured to the American lines said they had been working on the German military railroad near Varennes. They had been fed only on beet and were nearly starved.

Artillery War Off Duty A captured order declares the attack was expected Wednesday in the Champagne and Tonnain sectors. It directed the German positions of troops to meet these attacks. It included plans for withdrawal of infantry to the new main line of defense and instructed artillery to take up new positions.

As a result much of the artillery was caught on the roads and was unable to respond to the American fire.

The time table for the attack called for a destructive fire which started at 11:30 p. m. The preparation fire, involving guns of all calibers, began at 2:30 a. m. The infantry jumped off at 5:50. Vanquise, the first town to fall, was taken by Major General Laggett's middle column in less than half an hour.

Couldn't Fill Order A boche document, captured there, revealed that the German had been ordered to hold the village until the main line was withdrawn to new positions.

Control of the air enables perfect registration by the artillery. Infantry, artillery and tanks operate in such a way that the tanks outflank German strong-

Failed to Report Favorably to People on Mishaps Is Reason Assigned by Hun Minister For Deflection of Plan

NO REASON TO GIVE UP GAME SAYS VON HINZTE

COPENHAGEN, Sept. 28.—"There is no reason to give up the game in Bulgaria," declared Admiral Von Hintze, German foreign minister, in an address to the main committee of the Reichstag, according to dispatches received here today.

"You know, that according to the latest military reports, the Bulgarians between the Vardar and the Corva have gotten into a very difficult situation, with the development of events the result in neighboring sectors have also been hit," he said.

"These reports from the front evidently have not been favorably explained by Premier Mollathoff and the Bulgarian government." For according to a press statement from Sofia, Bulgaria has proposed to the entente commander that peace negotiations be opened.

"Finance Minister Platzeff, General Loeboff and Ambassador Radoff left Wednesday evening for Salonika. Re-

PARLIAMENT APPROVES ARMISTICE REQUEST

THE HOUSE, Sept. 28.—The Bulgarian parliament has approved for an armistice, and delegates are en route to the frontier, according to dispatches received here today. Foreign minister von Hintze declared that the Bulgarian delegates were still in Sofia on Thursday, despite press reports they had left for Salonika on Wednesday.

TEN THOUSAND PRISONERS ARE TAKEN BY HAIG

First Day's Fighting in Cambrai Region Results in Heavy Losses to Enemy, Both in Men and War Materials

ENGINEERS CONSTRUCT BRIDGES UNDER FIRE

Attack Launched in Flanders An Conjunction With Belgians —May Be Long Expected Drive Along Sea Coast

LONDON, Sept. 23.—The British in the Cambrai attack have already taken more than 10,000 prisoners and over 200 guns, Field Marshal Haig reported today.

"Operations of the second British army in Flanders commenced in conjunction with the Belgian army. This will be reported in the Belgian communiqué.

The British attacked west of Cambrai all day yesterday and further progress was made in the evening, the statement said.

"Yesterday the attack on the Cambrai front was pressed without relaxation until late, and further progress was made in the evening, especially in the northern portion of the battlefield," the statement said.

"Additional prisoners and guns were captured.

British Engineering

"Our operations have been materially helped by the admirable work of the engineers. Within less than four hours in spite of hostile shell fire, they successfully threw across the Canal du Nord a number of bridges capable of carrying transport, thus permitting the advance to continue without check.

"Operations are progressing mat-

LOCAL BRIEFS

Concerning Draft Call The local board Friday received through the military general office, instructions of the provost marshal general to cancel the call for 40 registrants of this county to enter October 7 for Camp Lewis. The order is issued, it is understood, on account of the prevalence of Spanish influenza at several of the encampments.

Call More for Special Service—Call for six registrants of this county who are qualified for special or limited service to enter here during the two-day period beginning October 14 for Vancouver, Washington, was received this morning by the local board. These men will report for duty at Vancouver to the commanding officer of the spruce production division, department of aircraft production.

YOUTH APPEALS CASE—Cash bond in the sum of \$200 pending his appeal the district court, was furnished Friday by Leonard Leighton Gray, 18, who was convicted, after a trial Friday in Justice of the Peace Dan T. Wally's court at Castleford, on a charge of committing malicious mischief, of cutting automobile tires with a pen knife. Presenting Attorney F. L. Stephen asked the prosecution of the case in the justice's court.

DOCTORS MEET TO FIGHT THE SPANISH INFLUENZA

CHICAGO, Sept. 23.—Two hundred physicians will meet here to formulate plans to combat Spanish influenza in Illinois. They were appointed to a committee to take charge of the work by officers of the general medical board of the national council of defense.

factually this morning on the whole battle-front.

Born Heights

"The sixth and seventh corps continued to make good progress between Pleureux Ridge and Bolton Heights. The first Canadians passed beyond Haynescourt, five miles northwest of Cambrai, and reached the Douai Canal, road at nightfall. The Eleventh division, passing through the Canadians, pushed rapidly forward a distance of two miles, capturing Eploy, a mile and a half north of Haynescourt, and the Bois de Veger, two miles northwest of Eploy."

"At the same time the Sixteenth division, passing southward along the canal, took over 500 prisoners in the defenses north of Sauchy-Bauchamps."

Allied Spokesmen Must Make War Aims Plain, Declares President

Unity of Counsel and Purpose As Necessary for Victory As Unity of Military Movements —Work for Lasting Peace

LEAGUE OF NATIONS MUST BE INCLUDED IN PROGRAM

By ROBERT J. BENDER
WASHINGTON, Sept. 23.—President Wilson served notice on the European chancelleries, allied as well as Teuton, that they must scrape up their old statecraft if enduring peace is to come out of the great war.

Second, that they may frankly discuss America's views and say, "Whether we think it is a wise interpretation of the issues, because unity of counsel and purpose is as essential as unity of military command to properly win the war."

Third, that the whole world, belligerent and neutral, may know that America will not party to a peace that sees one nation stand aloof and at another; that this nation insists upon justice to friend and enemy alike at the peace table; that we insist that peace negotiations shall be public to the world and that no secret corners of barter business shall occur within the world alliance to enforce the peace upon which we shall insist.

Make War Aims Plain

Standing out above his reiteration of our war purposes, his adherence to the league of nations idea and like positions he has frequently taken heretofore, is the president's virtual challenge to the European spokesmen to lay ALL their cards on the table NOW.

He points to the demands of the "plain work-a-day people" that the leaders declare to them "plainly what it is, exactly what it is, that they are seeking in the war."

Issues Must Be Understood

And on this point he talked directly at the statesmen of our associates as well as to the hypocritical spokesmen of our enemies. The note of the whole address sounds the warning that America, and the allies, must think more clearly now than ever before of the issues that hang upon the war and the purpose that must be realized from it.

As for the United States we are not interested in terms, nor will we peace based on barter or compromise be sanctioned," the president declares. Since "we cannot accept the word of the Hohenzollerns we can't come to terms with them," says the president.

Therefore, he points out a peace in which the Teutons participate must be iron-clad and strongly riveted. The best machinery to accomplish this he still sees in the league of nations, which he adds, "cannot be forced before the peace sitting, because it would then be merely a new alliance confined to nations associated against a common enemy, and it cannot be the peace settlement."

It must be an "essential part of the peace settlement itself," the president declared.

Invites Discussion

As a result of the president's expressed hope that the allied statesmen (general belief here is that Lloyd "will speak, as they have occasion, as plainly as I have tried to speak") George and President Clemenceau will soon openly discuss their peace principles. For several days there has been a strong undercurrent of feeling in official and diplomatic quarters here that this should be done.

BANKERS IN SESSION FLEDDER BEST EFFORTS

CHICAGO, Sept. 23.—After pledging themselves to do their utmost for the success of the Liberty Loan campaign to support the public subscription of the war, and to discourage waste and extravagance, delegates to the annual convention of the American Bankers' association were on their way to their homes today.

The association last night elected Robert F. Maddox, Atlanta, president, and Richard S. Hayes, St. Louis, vice president. Next year's convention city will be named by a committee.

FAILED TO REPORT FAVORABLY

(Continued From Page 2.)

ports from Sofia are incomplete, and it is not clear whether the Bulgarian government acted in accord with the army or whether the government, more or less, acted on its own initiative.

SUCCESS OPEN

(Continued From Page 2.)

big engagements, showed the German line carried away, parties all their material. The same was true of the other side of the canal, where remarkable tunnels were found in the ridges along the bank.

Enemy Strategy Poor

Yesterday afternoon I was able to follow the victorious British army well beyond the canal due north to the heights beyond, overlooking Douai town, notwithstanding that in the morning the Germans held the ground on this side of the canal. This fact is remarkable as ordinarily ground over which the enemy has just retreated is almost always made a practice of covering approaches to rear positions with shell fire, rendering difficult the work of bringing up men and material.

Enemy Resistance Weakens

The roads and fields swarmed with British "contingents coming up to the front. There was practically no fire directed against them as they advanced. The German army had been turned on them.

Burning Villages in Rear

To the right on the horizon, villages could be seen burning, doubtless the work of the Germans, since the British had been turned on them.

Transmits Request

"Tonight a Bulgarian officer presented himself upon behalf of General Tomolow, who says he is commander of the Bulgarian army, proposing an armistice for 24 hours to allow the arrival of two accredited delegates of the Bulgarian government, viz: the finance minister, Liapcheff and General Loukoff, commanding the second army, coming with the permission of King Ferdinand to establish conditions of an armistice and, eventually, peace."

Will Receive Delegates

General D'Esperey reported he replied: "I am unable to grant an armistice, but will receive the delegates if they present themselves to the British lines accompanied by a flag of truce."

Austria Withdrawing Albanian Army

AMSTERDAM, Sept. 23.—Austria is reported to be taking steps to withdraw her forces from Albania, owing to the menace to her flankers by the allied drive in Macedonia.

Consternation Caused In Germany

THE HAGUE, Sept. 23.—Bulgaria's peace overtures have caused great consternation in Germany, according to advices received here today. The German government has been officially notified Austria of Bulgaria's request for an armistice.

Bulgaria Hopes For Satisfactory Outcome

COPENHAGEN, Sept. 23.—In accordance with the parties' bloc, the government Wednesday made an official offer of an armistice to its adversary. It is stated in an official dispatch received from Sofia today.

ROADS TURNING TO SEA OF MUDD

lands and cleared the bogs out with their machine gun fire.

HUNG NO LONGER ABLE TO ASSIST THE BULGARIANS

Chief of Staff March Points Out Significance of Defection of Germany's Hard Pressed Ally

By CARL D. OBROT
WASHINGTON, Sept. 23.—American concentration on the west front is directly responsible for the Bulgarian defection.

This interpretation was drawn today from Chief of Staff March's press conference in which he pointed out that Germany had to be able to send a hard-pressed ally such as Bulgaria.

The downfall of Turkey and the re-entrance of Rumania were foreseen by March as imminent possibilities if a separate peace is made with Bulgaria. The Danube front would be established.

Whereas last week March said the war was continuously going, he characterized it today as "continually better."

He pointed out that his defection was important not alone from a diplomatic standpoint and from the general effect on the grand strategy of the war, but also as illustrative of the striking effect of west front concentration.

March declared we see the result in Bulgaria's plea for an armistice, which he suggested foreshadows the elimination of Turkey and the reentrance of Rumania.

YANKEE FORCES NEVER HESITATE

(Continued From Page 2.)

was a flanking movement participated in by two divisions which pushed in on both ends of the position. An attack nearly effected a junction north of them. Then the American commander dispatched moppers-up to return to the village and round up the Germans who had not fled.

Increased artillery fire on the town was called for and an intense bombardment was opened, but the enemy still held out.

Infantry Sent Forward

The American flanks then delayed their advance, while two battalions of infantry advanced forward.

DAMASCUS, THE KEY

The city of Damascus, the ancient town which stands at the head of the Arabian desert and toward which the railroads in Palestine head from the coast of the Mediterranean, is the key to the entire military situation in Palestine and Mesopotamia, according to Prof. Richard Gottheil, head of the Oriental department at Columbia university and formerly a member of the faculty of the American School of Archaeology at Jerusalem.

The importance of the operations as regards the Arabs, Jews and other persons now living under the thumb of the Turk cannot be over-estimated. A strong supporter of the plan to establish a Jewish state in the Holy Land, Professor Gottheil sees in this operation a probable fulfillment of the dreams of Jewry.

BOOSTS CLUB MEMBERS' EXHIBITS AT FILER FAIR

Farm Bureau Undertakes to Arrange Displays for Schools Which Cannot Attend to Arrangement for Themselves. With a view to making the exhibit of the boys' and girls' vocational clubs one of the best and biggest at the Twin Falls county fair at Filer next week, the farm bureau is undertaking to assemble displays for schools where the school itself cannot make the arrangement. It is preferred, however, that each school shall arrange its own display in order that the personal touch may not be lost.

IMPORTANT

Subscribers' attention is respectfully directed to the following order issued by the WAR INDUSTRIES BOARD to publishers of Daily newspapers:

It has been the policy of our circulation department, as you are aware, to discontinue subscriptions upon expiration unless renewed—either by payment in advance or upon written order.

We referred this practice to the War Industries Board, believing that it would come within a liberal interpretation of their order—the purpose of which is to restrict the use of paper.

We had thus hoped to be able to continue to carry old subscribers who at times found it inconvenient to pay their subscriptions in advance.

The WAR INDUSTRIES' BOARD will not, however, sanction this procedure.

The Board writes: Answering your letter of September 4, all subscriptions must be paid in advance. Subscriptions which are not paid must be discontinued at the time of expiration.

The Board also advises that "Publishers who do not obey the regulations of this Section will not be put on the priority list for coal or paper, and it is our belief that they will find it pretty hard to obtain either without the sanction of this section."

In order that you may continue to receive THE NEWS without interruption, kindly refer to your last receipt and make certain that your subscription is paid ahead of October 1.

This Man Has Paid

Unselfishness, honor, service urged this boy on to his final effort—to his last drop of blood.

There is very little we “stay-at-homes” can do to match this bravery at the front.

One of the little things we can do is to lend to our Government NOW.

**POSTPONE CALL
ON ACCOUNT OF
DREAD DISEASE**

**October Quota of 150,000 Men
Held Up Pending Outcome of
Fight Against Spanish Influenza--Affects One in Four**

WASHINGTON, Sept. 28.—Army camps in this country are gradually being isolated from the rest of the nation as a result of the spread of influenza. The first October call for 150,000 men has been postponed on account of the disease and precautions are making for the prevention of the spread of the disease to private civilians.

The war department has reports of 6,329 new cases for the 24 hours ending at noon yesterday, making the grand total 25,148. During the same period, 179 deaths were reported, practically all of them being the result of pneumonitis following influenza. Several hundred deaths have been listed since the first cases were reported on September 17.

In the 22 camps affected there were 2,005 cases of pneumonitis. Camp Dix reported the greatest number of new cases, having 1,007 new ones and 125 cases of pneumonitis. Camps Keiser and Easton reported evidences of the disease for the first time.

Camp Devens, Mass., continues to have the greatest number. Statistics show that one in every four men in the camp contracted the disease and that 25 per cent of those cases developed into pneumonia.

LOCAL BRIEFS

Attend Boise Fair—W. A. Howard, Carl Irwin and their families motored Wednesday to Boise, where they attended the state fair.

Here to Attend Funeral—Willard Boyler of Salt Lake, a well-known mining promoter, arrived in Twin Falls Friday to attend the funeral of his nephew, Kriehorn Snyder, son of Mr. and Mrs. I. A. Snyder.

Youngest Bond Owner—Andrew Rogerson, Jr., arrived at the home of Mr. and Mrs. Herbert Rogerson this morning just as the Liberty Bell was being rung in front of their door. He has a bond, being, no doubt, the youngest subscriber to the Fourth Liberty Loan.

Directs Girls' Athletics—Miss Lola Hubbert, a graduate of Columbia school, Chicago, and a departmental teacher in the Bickel school, beginning next week, will devote each afternoon to directing athletics of the high school girls.

Will Occupy Pulpit—Rev. O. T. Anderson, formerly pastor of the First Baptist church, who has been here for several months past employed as a Y. M. C. A. secretary at Camp Lewis, will occupy his former pulpit here on Sunday morning next, but will leave Sunday evening for Louisville, Kentucky, where he will enter the training course for army chaplains.

Wants Divorce and Former Name—Suit for divorce and restoration to her former name and to the property she owned at the time of her marriage in Twin Falls, November, 1916, has been filed in district court here by Mrs. Sarah J. Hill, against Chas. W. Hill. Mrs. Hill alleged cruelty on the part of her husband both to herself and her minor daughter. Her name formerly was Sarah J. Carney.

Students to Boost Bonds—Organization of a corps of junior four ministers is being effected among the students of the Twin Falls high school, under the direction of Principal M. C. Mitchell and Miss Nellie Jones. The student speakers are to appear in pub-

**The Truth About
JEWELRY**

Most people know little about the value of jewelry—they must depend largely upon the honesty of the jeweler.

Every article purchased at this store is fully guaranteed—we will tell you frankly its worth—what you may expect in the way of service and wear from it, in fact, we give you the benefit of our years of experience, whether it be Silverware, Watches, Rings, Brooches, Pins, Fountain Pens or the smallest item in our large stock—and you can rely absolutely on our guarantee.

DECKER & HUNT
The Sign of the Big Clock

He first in the interests of the fourth Liberty Bond campaign. An effort also is being made in the high school to see how many bonds the high school can buy.

Recovers Two Cars—The sheriff's office has recovered two automobiles which were stolen recently from Twin Falls owners. Only the inscription "Twin Falls High School" written across the windshield gave a clue to the identity of the persons who took H. B. Lee's car Wednesday night from in front of his office on Second avenue south. The abandoned car was found by the officers Friday night on the road north of the Blue Lake addition. Deputy Sheriff G. F. Huffman and George Gerlich this morning located J. W. Epler's car which had been missing for three days. It was found at the edge of Rock creek canyon at the end of Fifth avenue west. One tire was missing and another had been punctured and driven so long afterward that the rim was damaged.

SUBSCRIBER \$30,000,000 FOR THE FOURTH LIBERTY LOAN
CHICAGO, Sept. 28.—The first subscription to the Fourth Liberty Loan in this district was for \$30,000,000 by the Prudential Insurance Company of America.

**POLITICAL
ANNOUNCEMENTS**

I am a candidate for the office of Sheriff on the Republican ticket. If elected I promise a strict enforcement of existing laws and a businesslike administration of the duties of the office.
A. N. (Del) SPRAGUE.

I am a candidate for County Commissioner, Third District, on the Republican ticket.
If elected, I promise to devote my best efforts to the duties of the office in the interests of all the people of Twin Falls County.
W. F. BRECKON,
Kimberly, Idaho.

FOR COUNTY SUPERINTENDENT
Having received the nomination of the Democratic Party as candidate for the office of Superintendent of schools, I wish to state to the voters of Twin Falls county, that I appreciate what the party has done and will accept the nomination.
Please consider me your candidate.
MRS. MIRIAM PATTON.

**CHILE SEIZES
GERMAN BOATS**

Action Taken as "Preventive Measure" Is Official Explanation

SANTIAGO, Chile, Sept. 28.—Chile government forces today seized four and probably five interned German merchant steamers. It was announced that this was done as a "preventive measure."

None of the vessels had been damaged by the crews.

The steamer Westfalen was seized at Valparaiso by marines from the cruiser Ministro Zenteno. At the same time naval forces at Antofagasta occupied the Memphis and the Abra, while the Nitokris was taken over at Caronel.

The naval forces are said to have been acting on secret orders issued at yesterday's cabinet meeting.

Chile is neutral, but it is apparent that the government feared an attempt by the German crews to destroy or demolish their vessels.

The Memphis has a tonnage of 7,074, was built in 1913 and is registered in Hamburg. The Nitokris is of 6,100 tons, built in 1906, and registered in Hamburg. The Westfalen, of 5,129 tons, was built in 1908, an dirigible at Bremen. The Abra is not listed by Lloyd's. The Ministro Zenteno is a protected cruiser of 2,600 tons.

How much would it be WORTH to you to find a desirable tenant right away? The advertising cost would be light.

NEW WAY TO BUY LIBERTY BONDS

is to take or ship your cream to the Mutual Creamery Co., 222 Shoshone St. West, and get 2c extra per pound for "Butter Fat." Cook the same day, or ship your cream and get your check by return mail.

This is the highest price ever paid for Butter Fat in the Intermountain States. It is exported that European countries will draw largely on the U. S. for dairy products and dairy cows after the war is over, making dairying the safest and most profitable investment possible.

Mr. Clifford of Jerome, an old employee of the company, assures every one courteous treatment and a square deal. Make our office your headquarters while in the city. Come in and get acquainted.—(Advertisement)

WAR PREZENTED GROWDS
HEAR ROBERTARY DANIELS
CHICAGO, Ill., Sept. 28.—Secretary of the Navy Daniels was on his way to Pittsburgh today, having formally launched the Liberty Loan drive in Chicago with an address before 8,000 citizens gathered with the "war frenzy" recently incited in one of the Kaiser's addresses.

Daniels told his audience that 13,000,000 men have registered to fight the Hun, and that we must, through the loan, provide ships to transport them to the battlefields and provide munitions for their work.

COAL MINE EXPLOSION

TRAPS TWENTY-FIVE MEN
HEATON, Ill., Sept. 28.—More than 25 men were believed to have been trapped in a coal mine at Royalton, Ill., by an explosion early today. The men had descended to fight a fire. The explosion closed the shaft. Rescuers have been unable to reach them.

ANNOUNCEMENTS

Rev. J. B. Franck will speak tomorrow in England and the War. Owing to the prevalent misunderstanding of England's attitude toward the war, Mr. Franck deems it timely to speak on this matter to help up Dog-Laid right. The nation that has always given her best for democracy.

LAND PROJECT COURSE CLEARED BY SETTLEMENT

Resignation of Directors Removes Serious Obstacles in Path of Twin Falls-Milner Canal Company

DEVOTE ENERGIES NOW TO RECLAMATION PLAN

Reorganized Board Makes New Contract for Pumps for Irrigation of Hanson-Butte for Receivership to be Dismissed

Serious obstacles in the path of the Twin Falls-Milner Land & Water company, organized to reclaim approximately 40,000 acres of high lands known as the Hanson butte and situated between Hancock and Marquette about 15 miles east of Twin Falls, have been removed as a result of settlement reached at a recent meeting of the board of directors in Chicago according to the report of James H. Wiser, who, with D. H. Moorman, secretary and treasurer of the company, attended the meeting as attorney for Moorman.

Two Directors Drop Out

The resignation of I. P. Herrine of Twin Falls and of L. E. Palmer, general manager for the Daniel Hayes company of Rock Island, general manager for the Daniel Hayes company of Rock Island, Illinois, were accepted at this meeting, and Edgar Moorman and James H. Wiser, were elected as their successors.

The reorganized board of directors entered into a new contract with the Mills Chalmers company of Milwaukee for the purchase of pumps and motors at a total cost of \$25,700, to be delivered this fall and installed in time to be used in furnishing irrigation water to a part of the project next spring.

Bottlers' Notes Returned

As a result of the Chicago meeting, the action filed August 31 in district court here by Moorman against the Twin Falls-Milner Land & Water company will be dismissed. In this action Moorman alleged that the Daniel Hayes company, which had been employed as fiscal agent for the Land & Water company, has misappropriated \$25,000 worth of notes and mortgages given by landholders under the proposed reclamation system, in consideration for shares of stock in the reclamation company.

At the Chicago meeting the Daniel Hayes company agreed to turn back to Moorman all of the securities alleged to have been misappropriated by it. It was further agreed that the Daniel Hayes company should be reimbursed for its cash outlay as fiscal agent in the sum of approximately \$1,000 out of the first profits made by the Land & Water company.

All Advantages Gained

In the suit filed by Moorman, the appointment of a receiver for the Land & Water company was asked. Counsel to Attorney Wiser, everything that could have been secured through the appointment of a receiver was secured at the Chicago meeting.

CHIROPRACTORS OFFER SERVICES

Close Annual Convention By Electing Officers - Twin Falls Meeting Place

A resolution offering the services of all members of the association to the United States government and through it to any who may desire to avail themselves of such services, was adopted by the Idaho State Chiropractors' association, just before adjournment Wednesday at its fourth annual convention held three days this week in Boise. Twin Falls has been designated as the place of holding the next annual convention.

At the election of officers held Wednesday afternoon, the following were selected: President, Dr. S. C. Wyatt, Twin Falls; vice president, Dr. W. P. Kettering, Idaho Falls; secretary, Dr. W. B. Sims, Payette; treasurer, Dr. H. T. Rice, Buhl. Dr. P. E. Schwartz was elected chairman of the board of directors and he in turn appointed Dr. J. M. Thissen of Boise, and Dr. T. E. Wylie of Twin Falls, to complete the board.

Papers were read before the assembled chiropractors by Dr. W. B. Sims and Dr. T. E. Wylie, and a patriotic address was given by Dr. P. E. Schwartz. Because of the war the chiropractic doctors decided to abandon their annual banquet and devote their spare time to attending the state fair.

DEHYDRATING PLANT IS NEARING COMPLETION

Equipment Manufacturer Promises an Early Delivery of Balance Units - New Boiler is Ordered

Promises of the manufacturer that the balance of the equipment will be shipped within the next few days, means that the fruit and vegetable dehydrating plant of the Twin Falls Dehydrating company will be completed and ready to operate about November 1, according to the statement made this morning by James McMillan, president of the concern. A large boiler which had been ordered several months ago for this plant has been lost, apparently, in transit, and according to a telegram received today by Mr. McMillan from William Luther of Walla Walla, inventor of the dehydrating process and manufacturer of equipment for the plant, a new boiler has been ordered in its place.

Following is the text of the telegram from Mr. Luther:

All possible effort has been made to locate the boiler. On September 12 ordered another 125 horsepower boiler from the J. E. Martin company of Portland. The firm promised immediate delivery. We have been held up for belt for drums, which arrived yesterday. We are doing our best and will ship the balance of the plant in a few days.

The Sugar Factory will begin operations October 8th. Anyone wishing employment should make application to A. Thomas at the Sugar Co. office. Bills will be received for trucking and stocking the season's output of sugar.

A DEATH BLOW TO THE HIGH COST OF GASOLINE

U. & J. CARBURETORS

Give You 75 to 125 Per Cent More Mileage (Money-Back Guarantee)

TESTIMONIALS

In making a test of an old carburetor on Mr. Hingloun's car we made 14.2 miles to a gallon of gasoline, we put on the U. & J. and made 33 miles and had to put the brake on at every turn going around a section, and as we turned 8 corners, I am certain we could have made 36 miles under favorable conditions. I recommend the U. & J. Carburetor to anyone that wishes to save gas, have more power, better motor performance and a faster pickup.

Yours truly,
THOS. A. EVANS.

To Whom It May Concern:
In making the test on mileage on my Ford car with the Holley carburetor I made 21 miles. I put on the U. & J. and I made 36 miles and I wish to state that I can beat that with a little adjustment of carburetor and a straight run.

E. A. MOON.

If the above is true, you can't afford to be without the U. & J. Carburetor. If it isn't true, we can't afford to sell it to you.

We absolutely guarantee to increase your mileage from 75 to 125 per cent, regardless of NAME, MAKE or PRICE of the CARBURETOR you are at present using on your Ford. In addition to the wonderful economy, we guarantee more power and a more flexible engine, a faster pickup and more speed than any other Carburetor manufacturer.

GUARANTEE BY THE U. & J. CARBURETOR CO.—If the U. & J. Carburetor fails to do us above set forth, we will refund your money within 15 days. There are no "strings" tied to the above guarantee or to this proposition.

We also guarantee that any Ford car can be easily started with the U. & J. Carburetor in zero weather without the use of any primer or other device for cold weather starting.

THIS CARBURETOR WILL PAY FOR ITSELF ON THE FIRST 2000 MILES IT IS USED. THE AVERAGE FORD DRIVER TRAVELS FROM 6000 TO 6000 MILES IN A SEASON. BY USING A U. & J. CARBURETOR HE WILL PAY FOR ITS COST, AND EARN \$5000 ADDITIONAL IN SAVINGS ON GASOLINE.

Why Pour \$50 a Year Down the Sink?

The cliff dwellers used washboards and hand methods of rubbing and scrubbing their clothes. Why follow the ancients? Let us show you how to save money and labor.

If a man had to scrub the clothes on a washboard he would have an Eden the next day. Let us do a washing for you.
