### German Stronghold Shattered By Drive North of St. Quentin

South of St. Quentin Franco-American Drive Is Forcing Enemy Retirement on Huge Scale—French Hold Half of Chemin-Des-Dames—Americans in Champagne Offensive Take Brielleulles, Indicating Continued Progress

LONDON, Sept. 30. (1:23 p. m.)—The Hindenburg line has been broken to the depth of two miles on an eight-mile front north of St. Quentin, according to battle front dispatches received here this afternoon.

The French held half of the Chemin des Dames and the Germans are being in that region.

### ASKS SENATE TO TAKE ACTION ON WOMAN SUFFRAGE

President Wilson Points Out Vital Reasons for Passage of Amendment Extending Right of Franchise

WASHINGTON, Sept. 30.—Eliberty and sharply President Wilson today for women to pass a constitutional amendment granting women full and equal suffrage with men.

"The unusual circumstances of the world's war," said the president, "in which we stand judged in the view not only of our own people and our conscience, but also in the view of all nations and peoples, will, I hope, justify in your thought as it does in mine, the message I have come to bring you. I regard this Congress as the one in the history of the nation which is proposing the extension of suffrage to woman as vitally essential to the successful conclusion of the great war of humanity in which we are engaged. I have come to urge upon you the considerations which have led me to that conclusion. It is not only my privilege, it is also my duty to apprise you of every circumstance and every element involved in this momentous struggle, which seems to me to affect the very processes and its outcome. It is my duty to win the war and to ask you to remove every obstacle that stands in the way of winning it.

Question Only of Methods "I had assumed that the senate would concur in the amendment because no disputable principle is involved, but only a question of the methods by which the vote is to be extended to women. There is, and can be, no party issue involved in it. Both of our national parties are pledged, explicitly pledged, to equality of suffrage for women, and it is my duty to call your attention to that fact, therefore, it seems to me, can justify hesitation as to the method of obtaining it, can rightfully hesitate to substitute federal initiative for state initiative if the early adoption of such a measure is necessary to the successful prosecution of the war. And its adoption is, to my judgment, absolutely necessary to the successful conclusion of the war and the successful realization of the purpose for which the war is being fought. That judgment I take the liberty of bringing upon you with solemn earnestness, for reasons which I shall state very frankly and which I shall hope will seem to you as convincing to you as they seem to me.

People's War "It is a people's war and the people's thinking sustains the atmosphere and moral tone of the

### Strive to Hold Americans

WITH THE FRENCH WEST OF VERDUN, Sept. 30.—The Germans are constantly throwing fresh divisions in an effort to hold back the Americans in the Argonne forest and the Meuse, resulting in increasingly violent fighting.

Missouri, Kansas and Ohio troops after four days continuous fighting, without the counter attacks of the fresh, Boche masses without bogging, then resumed their offensive, gaining new ground.

### Aisne Drive Wins Ground From Enemy

LONDON, Sept. 30.—1:23 p. m.—Between the Ailette and the Aisne, the French have reached the Cise-Aisne canal and are progressing successfully. The Cise-Aisne canal extends from the Aisne river, six miles east of Tilly to the Ardennes, three miles east of Anzy-le-Chateau. It crosses the Chemin des Dames near Bray-en-Laonnois, indicating that the French occupy nearly half of Chemin des Dames territory.

### British in Outskirts Of Cambrai

LONDON, Sept. 30.—British troops have entered the northern suburbs of Cambrai. Yield Marshal Haig reported today. They have also reached the vicinity of the Arras-Cambrai and Western-Cambrai roads on the western edge of the city.

### Champagne Drive Resumed

PARIS, Sept. 30.—The Champagne offensive, after a night without infantry action, was resumed at daybreak today, the French war office announced today.

### BALFOUR AGREES WITH PRESIDENT WILSON

### VICTORY FOLLOWS VICTORY AS ALLIED FORCES SWEEP BACK ENEMY IN FIVE GREAT OFFENSIVES

#### WAR SUMMARY

As the allies steadily forged ahead in five great offensives today a Paris dispatch stated that Bulgaria has accepted all the allied terms, which are reported to include surrender of her armies, demobilization, complete severance with Germany, Austria and Turkey and permission for allied forces to traverse Bulgarian territory freely.

The way is thus opened for re-entry of Rumania into the war and re-establishment of the eastern front.

The combined Anglo-Franco-American smash on the fifty-mile front extending from south of Douai to north of LaFere, has carried the allies into suburbs of Cambrai. St. Quentin is practically surrounded.

The Britishers are far past the great goal of Douai to the southward, and are within less than five miles of that city.

The Belgians are attacking with the British on a thirty-five mile front which extends from Dixmude nearly to the Franco-Belgian frontier.

In the Champagne the French and Americans are pushing doggedly ahead in the face of increasingly stubborn resistance. The Americans have captured Brielleulles on the west bank of the Meuse, about eight miles north of their starting point while the French are approaching Chalence, the same distance from their jump-off.

Between the Ailette and Aisne the French are also progressing steadily and now are only six miles south of the great railway center of Laon.

These operations on the west front during the week have netted a total of more than 50,000 prisoners. To this can be added the fifty thousand taken in Palestine and around half that many in Macedonia, where the enemy have been driven northward until they are only twelve miles east of Uskub. The Bulgarian retreat has been out off by capturing Orsofovo.

Allied drive in Palestine was continuing, at last reports, while successes are being won in Siberia and northern Russia.

## Bulgarians Surrender

LONDON, Sept. 30.—3:05 p. m.—Bulgaria is out of the war. The allies and Bulgarians ceased hostilities at noon, it was learned from an authoritative source here this afternoon.

The Serbian legation confirms Bulgaria's surrender. Having accepted all of the military terms imposed by the allies, she has ceased to be an active

### REPORTS BOND QUOTA REACHED IN INITIAL DAY

Chairman C. D. Thomas, on Basis of Incomplete Returns, Says Twin Falls County Has Gone Over Top Again

On the basis of incomplete returns, County Chairman C. D. Thomas Saturday evening telegraphed state headquarters in Boise that indications were that Twin Falls county had subscribed its full quota of \$1,100,000 worth of Liberty Loan bonds of the fourth issue in one day.

Allendale district, reporting at 7 o'clock Saturday morning, was the first district to report its quota reached. Haggard district, an hour later, reported its quota overabundant by 30 per cent.

The Dahl sector has raised its quota. The city of Dahl reported its quota of \$130,000 raised at 2 o'clock Saturday afternoon, and every district in this sector which has been heard from has done so over its allotment. Incomplete returns for the city of Twin Falls show subscriptions aggregating \$450,000. The quota for the city is \$130,000. No returns have been made for 41 out of 183 blocks, and no check has been made on the subscriptions for any of the additions to Twin Falls

### TURKEY WANTS OLD DEBTS WIPED OUT

Fate Hard Problem Up to Germany at Time When Military Affairs Are Going Badly—Practically an Ultimatum

BRUSSELS, Sept. 30.—That Turkey has demanded money from Germany, threatening to break relations if it is not forthcoming was reported here today. It was said that at a recent diplomatic conference in Berlin, the Turkish grand vizier Mezier, requested a loan and urged demanded cancellation of previous Turkish debts to Germany. The Sultan, according to advices, said to Mezier before he went to Berlin:

"I am tired of German domination over Turkey, get prompt satisfaction of our demands or leave Berlin immediately."

## FIRST NUMBER IS DRAWN OUT BY PRESIDENT

Fateful Pellet Taken from Bowl in Selective Draft in Presence of Notable Gathering of Officials

WASHINGTON, Sept. 30.—Standing behind the marble "caucus room" of a government office building, President Wilson today drew the first capsule, number 322, and thereby selected number one who will go to the front from those registered Sept. 25. The president smilingly faced a battery of moving picture cameras as he drew the fateful pellet.

Accompanied by Mrs. Wilson, the president was shown wide he entered the room. He took a seat with the crowd, received his instructions from General Crowder and talked with Vice President Marshall before he was called to his task.

### Celebrities Draw

Following the drawing of the first number by the president, Vice President Marshall drew number 727. He was followed by Senator Baughman, Dolores, president pro-tem of the senate, who pulled the third capsule from the bowl, containing number 6708. Speaker Champ Clark followed Senator Baughman with number 1057. Secretary Daniels also entered in the drawing.

Other dignitaries followed. The president made no comment regarding the lottery. The number he drew was the lowest of any official and hence calls more men to the colors than those numbers drawn by Daniels and others. General Crowder explained to him.

Order Observed Although this drawing will give to every man who registers an order number, registrants will be called in accordance with his order number within respective classes, as shown by the classification list.

## TURK PROBLEM SIMPLIFIED BY FINAL RESULT

Surrender of Bulgaria Permits of Operations Against Turkey and Austria-Hungary on New and Important Fronts

By J. W. T. MASON, NEW YORK, Sept. 30.—The signing of an armistice by Bulgaria, accepting all of the Allies' terms, will permit the war in the Balkans to be carried into European Turkey against Constantinople and through Serbia against the Austro-Hungarians on a new front.

Whether both of these enterprises will be conducted simultaneously depends on the degree of resistance Germany and Austria-Hungary will be able to concentrate in northern Serbia. It is probable that very few Bulgarian troops have ever been permitted to hold any part of north Serbia. It was to complete secondary over Serbia that Austro-Hungary sent her ultimatum to Belgrade which started the present conflict. Since the conquest of the Serbs, Austro-Hungarian troops have not looked upon the right to hold the territory nearest the war border.

More Fighting Likely It is improbable, therefore, that the withdrawal of Bulgaria from the war will wholly unseat northern Serbia. The Allies will doubtless now encounter Austro-Hungarian units, reinforced by German troops. The Germans can not be in sufficient large numbers to exercise a decisive influence on the actual fighting. Their principal use will be to stimulate the Austro-Hungarians. It is possible the pressure of the Allies in northern Serbia will become so powerful that Austro-Hungarian troops will have to vacate Italy in order to shorten their front. A large success by the Allies in freeing Serbia entirely from the enemy may cause Turkey to surrender on the Allies' terms. In this event, the Allies could concentrate their entire Balkan force against the Austro-Hungarians and carry the war into the Hapsburg empire.

# HOME TRAIL OF GERMAN HORDES GROWS NARROW

### Logical Extension of Present Allied Operations Spells Unanswerable Puzzle to Von Hindenburg

### COMMUNICATING LINES GRADUALLY SHRINKING

### Indications Point to Condition of Affairs Which May Compel German Evacuation of France and Belgium

By J. W. T. MARSON

NEW YORK, Sept. 30.—The American operations north of Verdun are the most menacing in their threat against the Germans that von Hindenburg has had to face since he became the kaiser's commander-in-chief. The American advance is in the rear of the German troops in western France and against the great German system of communications passing through the Metz area.

Londoning—The American and German communicating lines in Western France through Belgium. If the Americans succeed in cutting off the Luxembourg exit von Hindenburg cannot conduct at any time thereafter an orderly evacuation of France and Belgium. His only remaining way of retreat will be via Liege, where the width of the doorway into Germany between the Dutch border and Luxembourg is only 40 miles.

More than half of this mileage is filled by the forests and hills of the Ardennes. Von Hindenburg cannot make a quick retreat over the Ardennes country, so that if the Americans block the Luxembourg egress, the Germans can count on a free passage in passing from Belgium into Germany of less than 20 miles.

**Too Narrow a Line**

This is far too narrow a line for the successful maneuvering of the two millions of German soldiers in northern France and Belgium.

When the German hordes poured into Belgium in 1914 their routes were via Liege and via Luxembourg. As one of these ways alone was not sufficient to permit the Germans to flow into France, so one will fail to give enough room for the exit.

Von Hindenburg, therefore, is now facing the most perilous situation that has yet begun to develop along the west front. Von Hindenburg is compelled by this to pour troops without stint into the sector now under American attack.

As the Americans continue to progress, more of the kaiser's reserves intended for eventual protection of the Rhine must be used up before their time.

With this predicament developing at Germany's own boundary it is not surprising that Bulgaria should try to desert the ship.

## Discusses Modern Bible School Plan

### President of Twin Falls Ministerial Association Scores Religious Slackers

Setting forth the plan and purpose of the modern Bible school in connection with the announcement in regard to the observance in the Bible schools of Twin Falls of next Sunday as Promotion Day, Rev. A. H. Brand, president of the Twin Falls Ministerial Association, has issued the following statement:

"Ancient biographers and writers very frequently ignored the childhood of their heroes and heroines but began their stories at the time of their valor and wisdom of full grown men. Modern writers trace the lives of their heroes back to parentage and early education and environment. The democracy of Lincoln is thought to have come from the log cabin. The synagogue school contributed much to the ethical philosophy of Jesus.

The church today is atoning very heavily, the absolute need of a balanced religious education. To every American boy and girl the public school and college contribute much, but a trained heart and will. Old methods and random study courses are now, in the wide awake church, replaced by well selected course of study in the Bible school. Adequate means are now used to attain well directed ends.

The present day Bible school year begins in earnest after the public school year, and a graded course of study is planned to cover definite periods of time. Quite general, throughout the United States September 29 will be observed in Bible schools as Promotion Day, and all churches aim to rally their

Seventy-six registrants of this county have filed with the local board their applications for admission into the students' army training corps.

The training corps comprises two sections, the collegiate and vocational. Inasmuch as applicants for admission into the collegiate section have been advised previously to report at the university on October 1, the instructions Thursday from the adjutant general's office apply only to applicants for admission into the vocational training section.

Adjutant General's Instructions

Following is the text of the message received from the adjutant general's office:

Advise all applicants for admission to the students' army training corps to proceed at once to an accredited school, secure admission and take the physical examinations. Competent reports in respect to them and the local board of transfer will procure the necessary induction papers from the local board of origin. They should not concern themselves concerning transfers and you will strictly observe the procedure outlined in the letter of September 5.

and still say we do not see what title that gives them to stand by our sides in the guidance of the affairs of their nation and ours? We have many more of the women in this war, shall we limit them only to a partnership of suffrage and sacrifice and toil and not to a partnership of privilege and right? This war could not have been fought either by the nation engaged or by America if it had not been for the service of the women—suffragers rendered in every sphere—not merely in the fields of effort in which we have been accustomed to see them work, but wherever men have worked and upon the steady lines and edges of battle itself. We shall not only be distressed, but shall deserve to be distressed if we do not enfranchise them with the fullest possible enfranchisement, as it is now certain that the other great freedoms will enfranchise them. We can not isolate our thought and action in such matters from the thought of the rest of the world. We must either reform or deliberately reject what they propose and resign the leadership of liberal minds to others.

Plans for Justice

"The women of America are too noble and too intelligent and too devoted to be slackers whether you give or withhold this thing that is more justice. I know the magic it will work in their thoughts and spirit if you give it to them. I propose it as I would propose to admit soldiers to the suffrage. The men of fighting in the field for our liberties and the liberties of the world, were they excluded. The tasks of the women lie at the very heart of the war and I know how much stronger that heart will beat if you do this just thing and show our women that you trust them as much as you have in fact and of necessity thrust upon you."

Cooperation Needed

"And not to the winning of the war only. It is vital to the right solution of the great problem which we must settle and settle immediately when the war is over. We shall need them in our vision of affairs, as we have never needed them before, the sympathetic and clear moral instinct of the women of the world. The problems of that time will strike to the roots of many things that we have not hitherto questioned, and I for one, believe that our safety in those questioning days, as well as our comprehension of matters that touch us closely to the quick, will depend upon the direct and authoritative participation of women in our councils. We shall need their moral sense to preserve what is right and fine and worthy in our system as well as to discover just what it is that ought to be purified and reformed. Without their counselings we shall be only half wise. That is my case. This is my appeal. Many may deny its validity, if they choose, but no one can brazenly or answer the arguments upon which it is based. The executive tasks of this war rest upon me. I ask that you tighten them, and place in my hands instruments, spiritual instruments which I do not now possess, which I sorely need and which I have daily to apologize for not being able to employ."

SWINE GROWERS TO SELL PICK OF HERDS HERE

State Association, at Meeting, Decides on Twin Falls

The Idaho State Swine Growers' association at a called meeting in Boise last week, designated Twin Falls as its next meeting place in connection with the agricultural congress to be held here during the month of January, and made plans for a pure bred swine sale to be held here at that time.

According to plans made at the Boise meeting, says Dr. W. A. Sullivan, inspector in charge of the bureau of animal industry long control investigations in Idaho, there will be put up for sale at auction here in January at least 25 registered girls, and varieties of swine offered will include the Polish China, Duroc Jerseys, Hampshire, Berkshire and Tamworth. The best animals from the best herds in the state will be selected for this sale, and the opportunity for swine growers of this district to improve their herds is an exceptional one, Dr. Sullivan states.

MOSCOW BIDS FAREWELL TO CAPTAIN EDGINGTON

Commandant of Students' Training Corps Off for Montana

MOSCOW, Idaho, Sept. 29.—With the departure Friday of Captain Edgington for Montana, Captain Luther Fokker, commandant of the University of Idaho cadet battalion last year, becomes commanding officer of the Idaho unit, students' army training corps. Captain Edgington, who has made an excellent record as an organizer of new contingents, was selected to command the entire contingent of 100 men by the vocational section now merged into the staff. Surgeon Kotalki, Dental Surgeon Kimball, Quartermaster Lieutenant, and the military instructors will be Lieutenants Hanna, Cook and three other lieutenants just assigned to this unit.

IMPORTANT

Subscribers' attention is respectfully directed to the following order issued by the WAR INDUSTRIES BOARD to publishers of Daily newspapers:

(Ruling 2, Section 1) Discontinue sending papers after date of expiration of subscription unless subscription is renewed and paid for.

It has been the policy of our circulation department, as you are aware, to discontinue subscriptions upon expiration unless renewed—either by payment in advance or upon written order.

We referred this practice to the War Industries Board, believing that it would come within a liberal interpretation of their order—the purpose of which is to restrict the use of paper.

We had thus hoped to be able to continue to carry old subscribers who at times found it inconvenient to pay their subscriptions in advance.

The WAR INDUSTRIES BOARD will not, however, sanction this procedure:

The Board writes:

Answering your letter of September 4, all subscriptions must be paid in advance. Subscriptions which are not paid must be discontinued at the time of expiration.

The Board also advises that "Publishers who do not obey the regulations of this Section will not be put on the priority list for coal or paper, and it is our belief that they will find it pretty hard to obtain either without the sanction of this section." We make this explanation thus fully in order that we shall not be misunderstood, or the practice which we are obliged to put into effect on October 1, construed as an arbitrary action on our part.

In order that you may continue to receive THE NEWS without interruption, kindly refer to your last receipt and make certain that your subscription is paid ahead of October 1.

# DEFENSE BOARD TO RULE ON NEW BUILDING PLANS

### War Industries Board Requires Issuance of Permit for All Construction Involving More Than \$2,500

In the future, no building operations may proceed in the state of Idaho over and above the expenditure of \$2,500 unless a permit is secured from the state council of defense through its duly authorized county representative, the county council of defense. This important power was conferred upon the state council in an authorization that has just been received from the war industries board.

#### Pula Business on War Basis

The purpose of the order is to put the business of the nation on a war basis. The state council of defense recently requested the construction of theater buildings in Salt Lake. The building trades council of that city protested to the council of national defense and the United States employment service, the action of the state council. The war industries board upheld the state council.

As a result of the situation created the war industries board has placed in the hands of state and county councils of defense throughout the nation the problem of stopping all unnecessary building. If a county council of defense raises against the construction of a building, the war industries board will step up its vigilance and the county council are too long and approve any necessary construction, the war industries board still has power to step in and stop the construction.

#### Eliminates Unnecessary Work

In a communication to the Idaho state council of defense, the war industries board says in part:

The war industries board asks that the state council of defense act as its representative in passing upon the proposed construction, in order that all building which is not absolutely necessary may be stopped. This is part of the plan of the war industries board, by which permits from the board will be required for construction projects. Permits are required for all new construction projects with a few exceptions relating principally to government work.

"This plan has been adopted only because of the imperative necessity of conserving labor, materials and capital for war purposes. The procedure will be as follows:

"First—The general interested in a construction project will apply with full statement of the facts under oath, to the appropriate local representative of the state council of defense.

"Second—The local representative of the state council will determine the necessity of the proposed construction and transmit its recommendations, with a summary of the facts, to the state council for review.

#### Must Submit Findings

"Third—The state council, or its appropriate committee, will review the case. If the state council decides in favor of the construction, it will act as its representative in passing upon the full statement of all the facts; to the non-war construction section of the priorities division of the war industries board. The non-war construction section will then pass upon the case and notify the state council of its decision, and also the individual concerned of its action. If the state council decides against the proposed construction, it will notify the person concerned that his project has been disapproved.

"Fourth—The state council will report monthly to the non-war construction applications submitted to it including those decided adversely. The war industries board will inform all persons applying directly to it that they must first take up their projects with the local representative of the state council of defense."

The ability of the war industries board to force the which plan was based upon the fact that the contractor had also been selected from the manufacturers of building materials a pledge not to supply materials for projects which are not authorized under the regulations of the war industries board.

The state council of defense will name a special committee to receive and pass upon these permits after which the executive committee will act on its report.

### EVEN MARY'S LAMB AGAINST HUNISM

Even Mary's little lamb is doing war duty to help beat Hunism. It is one of Queen Mary's subjects in England, being the pet of Lady Hillier of London. With a box strapped to its back it trots about the streets, the collection going to relief of wounded soldiers. The lamb is not nervous in a busy street and returns home in the evening.

### Y. W. C. A. IS ACTIVE IN WAR WORK AMONG WOMEN

Members of Patriotic League Busy Throughout United States in Conservation and Emergencies

(Special to The News)

WOMEN—Those are busy days for the 100,000 girl members of the Patriotic League, organized in forty-seven states by the Y. W. C. A. Canning and pickling, with conservation of the nation's food supply as the motive, form the order of the day with the leaguers and they are responding to the order with true military spirit, according to reports received nationally. From the Atlantic to the Pacific, the younger leaguers are hurrying through these operations in order to complete their share of the task before school begins. Other employed members of the league are spending every spare minute of their time away from office or factory putting up fruits and vegetables.

Because of the scarcity of help, most of the leaguers have had to pick their own fruit. Even the small boys and girls who formerly could be depended upon to do the picking have been called to "regular jobs."

Besides canning, the Patriotic League are doing Red Cross work, making clothes for Belgian and French orphans, making curtains and making pillows for the Y. W. C. A. hostess houses at the army camps, working for base hospitals, and doing a variety of community war work. One group of factory girls in the south is supporting an entire family of one of its members who became sick.

Patriotic League units are led one form of Y. W. C. A. clubs. More than a hundred other club centers have been started by the War Work Council of the Y. W. C. A. in big industrial centers, and the vicinity of training camps.

### BULLY VOTES TO TURN VALUABLE RITE TO COUNTY

BURLEY—The people of Burley approved the proposition of the city council to turn the half block of land joining the city hall on the east over to Cassia county in case the county seal is moved here, says the Burley Bulletin, and empowered and instructed the city council to do so, at the election Tuesday by a vote of 127 to 2.

While this vote is light, it shows the relative desire on the part of the people of Burley to carry out the promise made to the county in case the county seal is moved here. The Burley city council to do so, at the election Tuesday county for the ground and will place the same in escrow pending the results of the election in November.

# Poultry, Hogs, Dairying, Fruit and Grain; all Pay Big at CAPAY RANCHO

Nature is the helpful ally of the industrious farmer on Capay Rancho.

You have something to show for your efforts here from the very start. Crops grow with amazing rapidity. There is no pioneering.

Successful ranchers from all parts of California, Arizona, Washington, Dakota,

While the Capay Rancho land has been under intensive farming for but little more than a year, development has been so rapid you would think it had been farmed for many years. It is located right in the midst of an established, flourishing country, finer than which does not exist in America.

Poultry, hogs, dairying, fruit and grain are all big money makers throughout the entire district.

It is the one farming section where you will be best repaid for your efforts. If you want some of the land it will be necessary for you to act quickly. Use the coupon below.

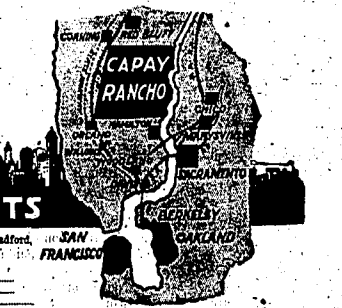

Idaho, Montana and other states have flocked to Capay Rancho until today there is very little of this land to be had.

These conservative farmers will tell you that they never saw such crops anywhere. They will tell you that they bought because they proved to themselves that Capay Rancho is the cheapest land buy in California.

### WILL ENCOURAGE USE OF DITCH BANKS FOR GRAZING

Twin Falls Canal Company Agrees to Furnish Fence at Costs to Farmers Who Make Use Warho Forage

At a recent meeting of the directors of the Twin Falls Canal company a resolution was passed whereby the directors agree to furnish post and wire to the farmers at cost, if the farmers will fence the canals and laterals passing through their lands, to be used for feeding of horses, cattle and sheep. The directors also will put floating gates across the stream where it enters and leaves the owners farm, and also will build gates on each bank of the stream so that teams and wagons may be driven through.

The object of the move is to encourage the farmers to utilize all of the pasture on the banks of the canals and laterals, thereby reducing the cost of cleaning each year, eliminating to a considerable degree the serious weed pest and destroying the nesting places of rodent pests.

Based upon information secured from the different farmers over the project as well as upon experience in similar undertakings in other districts, General Manager J. C. Wheeler estimates that there will be a direct benefit of \$350,000 annually to the farmers through the

### DISCUSSES MODERN BIBLE SCHOOL PLANS

(Continued From Page 2)

Bible school forces on that day, to prepare them to begin the new year of study, commencing October 6.

Previous public announcements indicate that all Twin Falls churches are working to make September 29 a red letter day.

Former scholars are being sought to get back into school after the temporary separations incident to the summer vacation in the public school life, or to summer traveling and visiting. Now scholars are earnestly solicited to attend the school of their choice next Sunday.

The project for Bible school is filled with adults, too. It is no longer a place for children only. All ages feel at home in the new school. Twin Falls people are urged to line up in Bible school Sunday morning at 10 o'clock and help make the religious atmosphere and name of the town all they should be.

It is an excellent time to cease being "religious slacker." Let Twin Falls be known as a town with a fine, strong, positive Christian spirit, and a church going town.

Send your children to Bible school next Sunday morning, but better yet, come along with them, feeling as David felt and expressed himself in the Psalm, "I was glad when they said unto me, let us go unto the House of the Lord."

The store now, in these times, touches your interest with the force and pressure of a living theme. You cannot overlook it without overlooking your immediate purse interests.

**Work Savers**  
 Use plenty of newspapers about the kitchen, spreading them on the floor when anything is likely to spatter. It is easier to gather them up than to mop up. If there is a kitchen range not to use in the summer time it is well to burn these papers every few days to prevent dampness and rust. If the kitchen has but a gas range, then a good-sized waste basket should be kept and the papers disposed of in whatever way is best.

**Ancestral Grains**  
 Some folks live on the glory of their ancestors. They tell of the great things they did and the greater things they think they did. Then when they get the ear of some one especially sympathetic and credulous, there is an eruption of boast of greatness, that might have been. These poor creatures live in the past. It is wonder they do so little in the present.

**Facts About the Bloodhound**  
 Bloodhounds were first known as sleuthhounds owing to their ability to track the deer, wild boar or the wolf. When the wounded game broke away and was lost, these good-nosed dogs were used in trailing the quarry by the blood trail, and hence they were finally called bloodhounds.

U. of I. LOWERS S. A. T. C. ENTRANCE REQUIREMENTS Students With 14 Credits for High School Work Are Admitted (Special to The News) MOSCOW, Idaho, Sept. 20.—The University of Idaho announces a reduction in the requirements for entrance into the collegiate section of the students' army training corps of from 23 to 14 annual credits for work done in high school. This is done in response to appeals from high school principals and in accordance with advice from the war department. Later advice are that students from high schools probably will not be admitted after the first quarter. This temporary change in requirements, applying only to the students' army training corps, will give opportunity for any young man who might otherwise be debarred permanently.

HORACE MANN'S CONFESSION STORY OF IDAHO OUTRAGES

(Statement by Mr. Gooding on Mann's Confession)

People Given Opportunity of Judging Nonpartisan League Leaders

PURPOSE OF ATTACK ON GOVERNOR GOODING DISCLOSED. RAY M'KAIG'S LETTERS SHOW INTIMATE PERSONAL FRIENDSHIP WITH HORACE MANN, ADMITTED ORGANIZER OF NON-PARTISAN LEAGUE FOR GOODING COUNTY.

MANN'S CONFESSION

Gooding, Ida., Sept. 24.—At a meeting of the Gooding county council of defense last night Horace Mann, the organizer of the Nonpartisan League, was brought before the council to investigate his activities in this county. He was sworn and testified, in substance, as follows:

THAT HE WAS A RESIDENT OF CALIFORNIA; THAT HE WAS A SOCIALIST; THAT HE CAME TO IDAHO BY THE DEIRECTION OF THE NATIONAL SECRETARY OF THE NON-PARTISAN LEAGUE; AND THAT HE WAS THE OFFICIAL REPRESENTATIVE OF GOODING COUNTY OF THE STATE ORGANIZATION.

HE ADMITTED THAT HE HAD TOLD A NUMBER OF PEOPLE HERE THAT BILL HAYWOOD WAS NO MORE OF A CRIMINAL THAN EX-GOVERNOR GOODING, AND THAT GOODING HAD BEEN AWAYWARD AND BROUGHT HIM OUT OF COLORADO TO IDAHO TO TEND; THAT HE HAD WATCHED HAYWOOD VERY CLOSELY AND WAS IN SYMPATHY WITH HAYWOOD.

HE ALSO ADMITTED THAT HE HAD TOLD A NUMBER OF PEOPLE HERE THAT THE POLITICAL DEMOCRACY OF IDAHO WAS THE HIGHEST TYPE OF DEMOCRACY, AND THAT HE HAD TOLD THEM THAT THE WORLD HAD YET PRODUCED, AND THAT HE HAD TOLD THEM THAT HE HAD TOLD THEM TO SEE A SIMILAR DEMOCRACY IN THE OTHER PART OF THE WORLD.

HE ADMITTED THAT HE WAS THE AUTHOR OF A SOCIALIST BOOK, PUBLISHED IN 1916, IN WHICH HE MADE THE STATEMENT THAT THE POLITICAL MACHINE AT WASHINGTON WAS A CANON THAT MUST BE OUT, AND THAT HE WAS STILL OF THE SAME OPINION.

At the end of his testimony a resolution was adopted by the council that the sheriff of Gooding county take Mann in charge and that request

the department of justice to proceed against him. One work is like your money—the best. Twin Falls News.

Mann was arrested by the sheriff and placed in jail last night and is still there. He admitted having made all the statements, they were not put on the stand.

WOMAN'S AFFIDAVIT

Mrs. J. B. Arkookin, in an affidavit, says that Horace Mann, the organizer of the Nonpartisan League, told her that the Bolshevik government was the best form of democracy in the world, and that he hoped that we would have that kind of democracy in America.

LETTERS ON MANN

Letters found on Mann were as follows: Letter dated July 30, on Nonpartisan league stationery, signed by O. R. Fleming; letter of the same date, signed by H. McKaig; letter dated Aug. 6, signed by H. E. Kahl; letter dated Aug. 1, also signed by R. E. Kahl; letter dated Aug. 2, signed by H. McKaig; letter dated Sept. 10, signed by Ray McKaig, also the official receipt book used by Horace Mann was discovered, containing the following Socialist pamphlets: "A People's Peace, or Labor's Demand"; "Secrets of Diplomacy, or Profiteering"; "War, Who Are You Going to Do About It?"; "The Message of the New Russia"; "Democracy and Peace."

COPY OF LETTER FROM M'KAIG

"Nonpartisan League of Idaho, 512 Headquarters, Aug. 22, 1918. Mr. Horace Mann, Gooding, Idaho. My dear friend Mann: Evidently you did good work, judging by the Gooding and Government meetings. We had a fine report of what was done there. The meeting at Gooding was splendid. I have not to change the date at some time, but the day of the primary election is a good hour for the change. Very truly yours, RAY M'KAIG."

are all of his kind. We are pulling a line off tonight that make them just like the boys of the grand gang in Boise are a messaly, rotten bunch, and I guess we have them on the ropes. So did good work in this strategic battle. Very sincerely yours, RAY M'KAIG.

SCHEME FOR MORE FARMERS

Another letter, on same stationery, follows: Boise, Sept. 10, 1918. Mr. Horace Mann, Gooding, Idaho. Dear Mr. Mann: Since the victory of September 8, our many farmer friends who voted with-us but were not members have had their backbone stiffened and their enthusiasm intensified. Connecting with Sept. 3, we are issuing receipts for the campaign for the next two years. In this mail we are sending you a receipt book for membership to 1919 and 1920, ending Dec. 1, 1920.

With this receipt, many a farmer will join who otherwise would turn us down. Some of the organizers, two of them especially, reported yesterday that they were having no trouble getting men who turned them down last summer.

For old membership you can renew, but just at the present time it is best to confine your work to men who are not members. It is crowding a little too soon to ask for renewals from old members. However, use your own sense of propriety in this.

If some of the old members should kick about the party machinery, and you have an extension of time till 1920, and I hardly think there will be much kicking, you can tell them that they had the fun of going through the campaign of choosing their own men, of hobnobbing the professional politicians not only on election day, but also in the reorganization. But just at the present time it is best to add that sometimes it is worth it to steal from a politician his old good work, judging by the Gooding and Government meetings. We had a fine report of what was done there. The meeting at Gooding was splendid. I have not to change the date at some time, but the day of the primary election is a good hour for the change. Very truly yours, RAY M'KAIG."

When Mr. Gooding was shown Mr. Mann's sworn statement, he said he was satisfied that Mann's original disloyal statements were only a part of a campaign outlined against him in the state. Mr. Schultz, he said, had sent worst-mouth time ago that some people were going to be shown up and that this was going to be a dirty campaign.

"Ever since the assassination of ex-Governor Steunenberg these hounds have been after me. Horace Mann's attack on me is no new thing. I am called upon to submit to those things that every man who takes a position for law and order and decency in this state must take.

"The killing of ex-Governor Steunenberg was the greatest crime ever committed on American soil. He was the first governor to give his life for the enforcement of law and order. I no doubt hold the record for the greatest number of threatening and black-mailing letters any public man ever received, as I have received thousands of them.

"For two years Mr. Gooding was not able to receive his mail—they tried to destroy the happiness and wreck the nerves of my wife when they could not break me down. They would write threatening letters to me and then address them to her. She could not walk on the streets of Boise without some punk who was employed by the attorneys of Bill Haywood making remarks trying to break her spirit, such as:

"They let Steunenberg live seven years. They'll get that fellow Gooding yet. His time will soon come."

MURDER OF HARRY CRANE

"The confession of Harry Orchard is not alone a confession to the Steunenberg murder but a confession of the murder of 26 other citizens of this country, and the attempt upon others. Some said things have happened since the assassination of Steunenberg to those who were associated with the case.

"Harry Crane, reporter on the Statesman, went with me on a special train the night of the Steunenberg assassination, and wrote the story of the case through to the end. All those who read that report read the story as it was told by Harry Crane. Crane became a nervous wreck soon after the trials were over, and was ordered by the doctor to leave Idaho. He found employment with the Los Angeles Times, and was blown up and killed, with 23 others.

BROWN'S ASSASSINATION

"Another sad story is that of Harvey Brown, who was sheriff of Baker county, Oregon, at the time of the assassination. Mr. Brown was in Huntington, and hearing of the assassination took the first train to Caldwell. He arrived late that night and presented himself at once and asked to assist in the work. I put Mr. Brown to work. I put Mr. Brown to work on the case. He is the man who took Orchard walking the next morning after the assassination, while Orchard's room was searched and little pieces of dynamite were found there. At 12 o'clock Sunday noon, I ordered Orchard arrested for the assassination of ex-Governor Steunenberg.

Harvey Brown is the man who arrested Adams, who was then living in Baker county, and who was associated with Orchard in all the crimes committed by Orchard in Colorado. Adams was brought to Boise, and made a confession, afterwards being prevailed upon to repudiate this confession.

"Harvey Brown was assassinated, in my opinion, for no other purpose than to intimidate the people who should be selected on the next jury to try Pettibone.

"After the acquittal of Haywood, they saw an outraged people in this state, and they were fearful of the result of the next trial. They knew how they had won their case, through intimidation and corruption, and at the right time a bomb was planted at Harvey Brown's gate in the city of Baker, in the identical manner they placed a bomb at Steunenberg's gate, and he paid the penalty of having the courage to do his duty. Harvey Brown lived long enough to make a death-bed statement to Mr. Finger, the Methodist minister. He died believing and knowing that he had been assassinated by the same cruel gang who took the life of ex-Governor Steunenberg.

"DAMNABLE WORK"

"I have seen so much of their damnable work that it is easy for me to understand why they were so anxious to make a dirty campaign. That is the thing that they live on. I do not believe they can continue to fool the people of Idaho very much longer. Their career work in Gooding county tears off the mask and shows them in their true light."

Tell us, Mr. McKaig, who is your national secretary, who sent to Idaho Horace Mann, whom you congratulate so highly for his "splendid work" in Gooding county?

After reputable citizens had made affidavits, which were widely published, as to Mann's treasonable conduct, you sent a lawyer to defend him. And you sent him out, after that, to continue his good work in Gooding county among the farmers, and he would have been at it yet if loyal men had not reported him and faced him with such evidence that he could do nothing but confess. Do you think your action, Mr. McKaig, was that of a loyal citizen?

Please tell us also, Mr. McKaig, WHO FURNISHED AND PAID FOR THE BOLSHEVIKI LITERATURE that Mann distributed? What do you know about it? You ought to know something about it, for Mann was working for you.

TO THE PEOPLE OF IDAHO: Whom do you believe, strangers who are associates of I. W. W. and Socialists and other disloyal elements or men who are staunch citizens of Idaho and who have stood up to the rack and fought anarchy and disloyalty and are fighting it today?

Watch this space for further particulars of Disloyalty in Idaho. FRANK R. GOODING.
