## ALLIED LINE REACHES TO THE BORDER OF HOLLAND

Vandy, Four Miles North of Vouziers, Taken by French—Notable Progress at Both Ends of Huge Battle Fronts

### BRUSSELS MILITARILY EVACUATED BY ENEMY

LONDON, Oct. 10 (5 p. m.)—The Allied line in Belgium has now reached the Dutch frontier east of Bruges, running from there to Courtrai, according to a dispatch published by the Evening Standard today. Other dispatches declare the Allies have captured Rullghem and Luinghe.

### Enemy Prepares to Give Up Brussels

LONDON, Oct. 10 (6:30 p. m.)—Advices from Belgium sources tonight declare Brussels has been "militarily evacuated" by the Germans.

### French Take Vandy

LONDON, Oct. 10.—The French have captured Vandy, four miles north of Vouziers, according to battle front dispatches received here today.

### French Hurry Up Evacuation

By JOHN D. GANDT  
PARIS, Oct. 10 (3:55 p. m.)—General Debenoy's system is an exacting evacuation of the pocket between the Oise and the Serre, where the Germans are retreating toward Verdun, 23 miles east of St. Quentin.

In this region, the French have reached Chaulain-De-Temple and Cherville-Joe-Dange, an additional advance of about three miles, northwest of Orcey-Serre.

### HOPE TO AVOID LEGAL TWE-UP

Commissioners Call for Another Hearing on Salmon River Irrigation District

Having deliberated since Monday last in respect to the action they are to take on the petition asking them to call a decision on the creation of the proposed Salmon River Irrigation district filed at the time by J. R. DeWalt, attorney for the Salmon River Settlers' association, the members of the board of county commissioners have invited attorneys representing persons whose holdings are left outside the proposed boundaries of the district and who wish to be included within it, to appear before them this afternoon to present their claims before Prosecuting Attorney P. L. Stebbins.

## ALLIES CONTINUE TO ADVANCE ON FRONT OF TWO HUNDRED MILES

### WAR SUMMARY

ALLIED progress continues on the 200-mile front from the North Sea to Verdun.

This advance is particularly marked between the sea and the Senese, and in the Oise region.

The Germans continue to evacuate the Belgian coast and the region to the southwest. The Belgians were last officially reported on the outskirts of Bruges. Unofficial reports that this city and Zebrugge have fallen, have not been confirmed. The Allies are within 13 miles of Ghent.

To the southwest, the British have occupied Tourcoing and Roubaix, and passed to the eastward of those cities. They are four miles east of Lille and within 12 miles of Tournai.

An additional advance of more than five miles was made by the British between the Lys and the Senese rivers east of Bouchain, they are within seven miles of Valenciennes.

British and American troops, continuing their attacks between De Cateau and Bohain, have captured the important railway center of Wassigny, in addition to other villages, and are within 17 miles of Hirson, western bastion of the Ardennes. They have taken 5,200 prisoners in two days.

Operating on the Anglo-American right, the French have completely cleared the Andigny forest and reached the village of Haunapures, four miles and a half directly north of Guise. They also improved their positions in the Oise valley.

Between the Oise and the Serre, the French advanced nearly three miles on a front of more than seven miles.

Franco-American pressure continued in the Champagne and Argonne-Meuse regions.

The French war office reports that the Allied movements in northern Serbia, Montenegro and Albania are proceeding "according to plans." Hostile airplanes bombarded Nish and Prokoplie.

## NATIONALISTIC ASPIRATIONS OF JUGO-SLAVS MUST BE SATISFIED, WILSON TELLS AUSTRIA

### German Mob Smashes Palace Window Panes

AMSTERDAM, Oct. 10.—A hundred window panes in the imperial palace in Berlin, were smashed by a rioting mob during a peace demonstration yesterday, according to reports received here today. The police were routed, the rioters said. Thereupon the crowd rushed to the palace and did considerable damage before being dispersed.

### Reach Canal Between Bruges and Zebrugge

—Belgian troops have reached the canal between Zebrugge and Bruges, according to dispatches from the front today.

The Germans are reported to be still holding the outskirts of Zebrugge.

### Events Have Transpired Since President's Peace Address That Make Acceptance of Autonomy Unacceptable

### AMERICA RECOGNIZES NEW SLAVIC NATION

By ROBERT J. DENNER  
WASHINGTON, Oct. 10.—President Wilson today answered Austria-Hungary's plea for peace with the reply that conditions are not altered, and that we cannot now accept their autonomy plan as a basis of peace. Instead, he insisted that the oppressed peoples of the dual empire "shall be the judges of what action on the part of the Austro-Hungarian government will satisfy their aspirations."

In substance, it was a refusal to any peace business with Austria. The note, as transmitted from Secretary of State Lansing to the Swedish minister, said:

"I have the honor to acknowledge the receipt of your note of the seventh instant, in which you transmit a communication from the imperial and royal government of Austria-Hungary to the president."

"I am now instructed by the president to request you to be good enough through your government to convey to the imperial and royal government the following reply:

Conditions Altered  
"The president desires it his duty to say to the Austro-Hungarian government that he cannot entertain the present suggestions of that government because certain essential conditions of peace which the president formulated at that time, occurred the following:

"10—The peoples of Austria-Hungary, whose place among the nations we wish to see safeguarded and assured, should be accorded the freest opportunity of autonomous development."

"Since that sentence was written and uttered to the congress of the United States, the government of the United States has recognized that a state of belligerence exists between the Czech-Slovaks and the German and Austro-Hungarian empires, and that the Czech-Slovak national council is a defacto belligerent government clothed with proper authority to direct the military and political affairs of the Czech-Slovakia."

"It has also recognized in the future the justness of the nationalistic aspirations of the Jugo-Slavs for freedom."

"The president is, therefore, no longer at liberty to accept a mere 'autonomy' of these peoples as a basis of peace, but is obliged to insist that they, and not he, be the judges of what action on the part of the Austro-Hungarian government will satisfy their aspirations."

MADRID, Oct. 10.—An Allied note sent to all neutrals, explaining the Allies' war attitude, has been received by the Spanish government, the newspaper El Liberal asserted today.

### Grand Duke Nicholas Reported Still Alive

LONDON, Oct. 10.—Grand Duke Nicholas, former commander of the Russian army, has arrived at Kiev, according to a wireless message from Moscow, received here today. It was recently reported that the Grand Duke had been condemned to death by the Bolsheviks.

### AMSTERDAM, Oct. 10.—Allied troops have reached Eecloo, shutting in 6,000 Germans against the Dutch frontier, according to the telegraph.

This represents an advance of about 14 miles.

Eecloo is 14 miles east of Bruges, 4 miles from the Dutch border and 10 miles northwest of Ghent.

### Hun Defenses Crash Under Pressure

By WM. PHILLIP SIMMS  
PARIS, Oct. 10 (2:10 p. m.)—The German defenses southeast of Bruges are reported to have been broken.

The Belgians are reported to have reached Eecloo and are approaching Aelre.

The Allies also are pushing rapidly toward Doynne, seven miles southwest of Ghent, and Ghent.

The enemy is reported to be massing hurriedly in front of Valenciennes.

The population of Bruges is expected awaiting the triumphant entry of King Albert.

The British are making progress in their new blow, which means Valenciennes, only seven miles distant.

French and Americans are pressing back the German left west of Metz. Thus the hock armies are gradually being squeezed into the "bottle neck" between Metz and Aix-Chapelle.

It is believed here that Ludendorff hopes to give general battle somewhere between the present line and that line, but by then his armies will be demoralized and broken and incapable of great effort.

The feeling is that if the Allies do not relent, but increase their efforts, the Germans will be crushed then, if not before. It was this knowledge which drove the German military leaders into asking for an armistice.

### Marshal Haig's Night Report

LONDON, Oct. 10.—British and American troops, continuing their attack between the Oise and the Serre, have captured the important railway center of Wassigny. Field Marshal Haig reported tonight. Fighting is still going on in that region.

Further progress was made on the whole front from the North Sea to the Senese river. Additional advances of more than five miles were made between Lille and Douai. The British captured Tourcoing and Roubaix and passed eastward of those cities. Occupation of Douai was completed.

## LIBERTY LOAN CLOSES TODAY

### Officials Enthusiastic Over the Prospects of Substantial Over-Subscription

WASHINGTON, Oct. 10.—Striving not only for the quota of \$6,000,000,000 but for an over-subscription, the nation this morning entered the last day of the fourth Liberty Loan campaign. Prospects were good for over-subscription, treasury officials said, and workers everywhere were enthusiastic.

The greatest loan in history is about to succeed.

Half of the twelve federal reserve districts are within a comparatively few points of their minimum allotment, the others, with two exceptions, are not causing much worry at loan headquarters here. Only Philadelphia and Atlanta have given reason for uneasiness in the minds of officials. However, the executive committee of both of those districts are confident they will not disappoint the nation.

The most encouraging feature of the campaign has been the masser in which communities of small population have responded to the government's call for funds. None has stopped at its quota. All are plugging for doubled and tripled subscriptions.

## YANKS SCORE NEW ADVANCE AGAINST HUNS

Americans Push Forward on Front of Fifteen Miles in Region North of Champigneulle and Bantheville

### BUSY AT ORGANIZING THEIR NEW POSITIONS

German Strongthening Defenses Along Heights West of Alnereville and Heavy Fighting Anticipated

### By FRANK J. TAYLOR WITH THE AMERICANS IN FRANCE, Oct. 10 (Non-Stop)

The Americans today made new advances of about two kilometers, a mile and a quarter, in the region north of Champigneulle and Bantheville, a front of about 10 miles.

The doughboys' attack once began organizing their new positions.

The Germans are busily strengthening their defenses along the heights west of Alnereville, five miles northwest of Briouille, which are roughly about two kilometers north of the present line.

### Air Plot of Flyers

In the first flight they for flying in daylight, a big flock of American planes yesterday bombed German concentration centers. There were numerous combats and three enemy machines were brought down inside the German lines. Observation planes

Marched their way toward the President Wilson's latest note to Germany behind the enemy front.

There are indications that since the Kriemhilde-Stellung was broken, the main body of Germans are retiring upon their defenses in the rear, leaving only machine gun outposts.

German Opposition  
Bantheville wood was patrolled without serious opposition. Along the Meuse, patrols reported the British in Ghise only met slight force by the Germans. The mines are throwing in engineers and mechanics companies and Russian workers.

The Americans retired slightly north of Grandpre today.

### Yanks Push Ahead, Says Haig

LONDON, October 10.—British and American troops have captured Maxinghe, northeast of Bohain, and have completed the capture of Bazuel, Field Marshal Haig announced today.

The British continue to advance north of the Senese canal, making an additional gain of more than three miles on a wide front northeast of Douai.

East of Lille the British crossed the Marais Friaux and advanced to within less than eight miles of Tournai.

"Further progress was made yesterday evening northeast of Bohain," the statement said.

"We captured Maxinghe and completed the capture of Bazuel."

"North of the Senese canal our advance continues. We have driven the German rear guard from Emerchicourt and Pequeunourt, and are in contact with the enemy east of Vred and Cattelet, seven miles northeast of Osnay."

## MUST HURRY TO KEEP UP WITH HUN FOOT RACE

### Von Hindenburg Speeding Up Retirement at Imminent Risk of Losing Control of His Fleeing Troops

By J. W. T. MASON  
NEW YORK, Oct. 10.—The beginning of cold weather along the western battle front and the progress of the Americans toward the Luxembourg edge from France, are causing Von Hindenburg to speed up his retreats at the risk of losing control over his fleeing troops.

The present rate of abandonment of territory in Belgium and northwestern France far exceeds the rapidity of any previous retrograde movement since Von Hindenburg started to withdraw his line to the German frontier. It is exceedingly dangerous for the Germans to move backward so precipitately, because of the possibility of confused congestion on a large scale developing into a rout.

Terrifying Haste  
It is just such a condition of terrifying haste against which Von Hindenburg has been strategically working, since his methodical relinquishment of Germany's conquered territory began.

Nevertheless there are growing evidences that the delay in the retreating movement for the purpose of giving encouragement to the German troops have been overdone. It now were to fall

# PERFECT PLANE TO DROP BOMBS ON HUN CAPITAL

### Chief of Military Aeronautics Branch Makes Important Announcement of New War Plan

## BERLIN TO BE GIVEN TASTE OF REPRISALS

### Joint Air Offensive of America and Her Allies to Be Developed Along New and Gigantic Lines

By CARL D. ORAUT  
WASHINGTON, Oct. 10.—Berlin is to be bombed. Makers of the British airplane, Handley-Page, are perfecting a giant craft which will meet the requirements of a big gas engine and a high speed load, according to information from the chief of military aeronautics branch.

While the British are developing this important machine others among the Allies are striving toward the same end. There has been much unbounded, much imaginative talk about what airplanes would do in Germany. Now, however, national authorities say that the Handley-Page development assures the bombing of Berlin and will mark the dropping of heavy loads to T. N. T. on many Tooton towns. One thing helping the airplane situation immensely is the Allied advance in Belgium and elsewhere along the west front. This is shortening the flying distance materially. In airplane construction the great difficulty is to develop a machine which can carry sufficient gasoline for a long flight with a heavy load.

**Must Have Endurance**  
In other words, as Major General Keely puts it, it is a hard proposition to do much damage to Germany if the flyer can only remain out four hours and has a large load of bombs to drop on some German city. Keely and others were drafted today at the news of the all-American day bombing expedition near Grandrap in which thirty of our flyers participated.

The joint air offensive of the United States and the Allies is being developed on gigantic lines. Bombing Berlin is only one phase of it. Other phases are understood to be the bombing of every important industrial city in western Germany, so that the Tooton may have a "dose out of our own medicine."  
**Moral Effect Good**  
The moral effect of bombing Berlin is regarded as great. Germany thought air raids were very terrifying and even tried them out on London and Paris. It is believed that the Tooton she set up at the recent Allied raids against her that she will be equalized if Water dan London and Wilhelmstrasse feel the might of the raider.

Major General Keely is scouring the nation for aerial observers. The observers have already been asked, them. While there are plenty of pilots, the observers are scarce. Men of intelligence, clean, dashing and good physique are needed. A commission is promised all outfitting and men of various grades are assured plenty of thrills. Overseas service inside of two months will be the certain portion of all observers.

### HOLDS LESSEE LIABLE FOR NON-FULLFILLMENT

Fred W. Berger seeks to recover \$363.80 damages from Tennant on His Farm Land  
Fred W. Berger of Berger, is the plaintiff in a suit filed Friday in district court here by his attorney, H. K. Heckman, against C. M. Parvey, to whom Berger leased certain farm land this year. Berger is seeking for the recovery of \$363.80, alleged by him to be the amount of the damages he sustained as result of the non-fulfillment of defendant to fulfill the terms of the lease bidding him to keep the land cultivated, free from weeds and properly irrigated. According to the complaint, the crops planted on land in question consisted of 29 acres of beans, 4 acres of barley and 10 acres of alfalfa. Berger asks for \$38.00 as compensation for work which he himself did upon the alleged failure of the defendant to fulfill the terms of the contract.

### Reduce Taxation on Corporation Profits

#### Earnings Left in the Business to Be Taxed at 12 Per Cent Instead of 18

WASHINGTON, Oct. 10.—The joint finance committee today recommended by \$140,000,000 the taxes corporations will have to pay under the new war tax bill. The committee reduced from 18 to 12 per cent the tax on corporation profits not distributed as dividends but retained for the development of the business.

This step was taken over the most vigorous opposition of several committee members, who declared it would provide a means for swelling a tax on profits. The bill contains a provision, however, giving the treasury department discretion to say in the case of any corporation what sum represents a reasonable amount to be retained for use in the business. On anything over this amount the full dividend stockholders must pay income surtaxes, exactly as though they had received the sum in dividends.

The committee's action leaves intact the 12 per cent tax on profits distributed as dividends during the taxable year. Today's action is regarded by Senator Simmons, committee chairman, as the most important step yet taken.

### FORMER TWIN FALLS MAN IS VICTIM OF INFLUENZA

Word of Death of Harry J. Lapher, Naval Recruiter, Is Received by Friends at Ellet  
(Special to The News)  
FILER.—According to word received here Thursday by J. F. Mallory, Harry J. Lapher, former resident of Twin Falls, who called June 23, 1918, in the navy, died October 15 at Gulf Port, Mississippi, from Spanish influenza.

Mr. Lapher was 30 years of age. He leaves his widow and six months old child, who are with her parents at Deerlock, Montana; his parents in Preston, Iowa, and two brothers both of whom are in the service. He was a member of the Masonic and Odd Fellows' lodges.

Some Job.  
For the first time in 60 years an election is shortly to be held in the London Guildhall for the post of "city treasurer." The position carries a good salary but apparently no particular duties. The "treasurer" was originally an officer who inspected and tested any new brands of ale.

### ALLIED SOLDIERS REGAIN THEN REAP RICH FIELDS OF GRAIN.

Back for the harvest, might be the title of this picture just received from France. It is of French soldiers detailed to help harvest the crops which were

Here in the country part of the 1918 campaign but gathered just at the time of harvest. This makes the Hun food shortage even more acute for winter.

# QUICK PEACE TO COST BIG MONEY

### Wheat Raisers Will Receive a Guaranteed Price for Next Year's Crop, War or No War.

WASHINGTON, Oct. 10.—Should peace come before the next harvest, congress will be called on to appropriate a large sum to pay American wheat raisers the price guaranteed them by the government, wheat states members of congress were notified today.

In a letter replying to queries concerning the wheat situation, J. H. Barnes, president of the food administrator's grain corporation, said: "The wheat acreage of the country has already been stimulated as far as it should soundly be developed and any further stimulation or expansion of that acreage is liable to be at the expense of the necessary acreage of other crops, particularly fodder grains. Sixty-five million acres were planted last year and this year promises to exceed that. The large acreage projects some problems under the price guaranty which cannot so very probably solved by congress."

# McKaig and Scholtz: You Cannot Divert the Public Mind From the Real Issue in This Campaign. Why Don't You Answer My Charges? Start in With Le Seuer

Some time in February I called upon Mr. Scholtz and discussed with him better marketing facilities for farm products and told him of my fight for the establishment of the national wool warehouse, which is the only time I ever called on Mr. Scholtz. When he says I sought the indorsement of the Nonpartisan league and called on him three times he states what he knows to be a falsehood.

As to Mr. W. W. Deal of Nampa. I rode on the train some time during the month of May with Deal, if I remember correctly as to the date, and discussed with him the Nonpartisan league. I may have said that I was entitled to the vote of the farmers of Idaho, and still believe I am and am satisfied I will receive 75 per cent of it. I have always been proud of my administration as the governor of this state. Any

man who says there is any scandal connected with it he states what he knows to be a falsehood.

*This is the last attention I shall pay to the men in this state who, Roosevelt says, are the agents of Townley, Arthur Le Seuer and the rest of the big five, and are as dangerous to America as those Russian men, Trotzky and Lenine.*

*As Roosevelt says, every pro-German hopes for the success of Townley and his candidates.*

*This campaign is not an issue of letters or signatures. It's a fight against anarchy, treason and rebellion, and I am going to keep up the fight and tear off the mask until Bill Haywood and Le Seuer and Townley and their agents stand before the people of Idaho in their true colors.*

*Answer my questions that I have put to you for the past 10 days. You talk about loyalty. You would deny me the right of a voice while your poisonous sheets are spitting venom every time they are issued. Only the last week you have bought the Optimist at Blackfoot. You have taken over the Times at Idaho Falls. You have purchased the Ashton Enterprise, while you have been criticising me because I have told the people the truth in a few dailies.*

*You cannot divert the public mind from the real issue. You must answer my questions. Start in by answering my charge against your national executive secretary, Arthur Le Seuer, I. W. W. and Socialist. I have fought anarchy once before in Idaho and I am going to fight it down again. I have forgotten all about the Senatorship.*

## What Laboring Men Say About the Claim of Nonpartisan League Leaders That Labor Is Tied Up to Their Candidates

For many years I worked for day's pay. I have always had confidence in labor and laboring men. I am familiar with their conditions as only a man can be who has been a laborer himself.

I commenced to work as a boy of seven years, and at nine I began my real life work on the farm.

Recently my attention was called to an advertisement signed by the executive committee of the American Alliance for Labor and Democracy of Boise which took a position in favor of the Nonpartisan league.

I could not believe in view of the evidence that had been adduced showing how the activities of the leaders of the Nonpartisan league

were directed toward creation of class hatred and division of the public in such a manner as to interfere with the War, as well as evidence of disloyalty, that any organization pretending to represent the honest laboring men would be upheld by laboring men in such a position, so I got into touch with the various labor organizations and laboring men and have obtained their views, which appear on this page. Others are coming in and will be printed later.

*I presume this is the work of such men as Ray McKaig. Tell me, McKaig, are you attempting to prostitute labor as you are attempting to prostitute the farmers of Idaho? I am tearing off the mask.*  
**FRANK R. GOODING.**

### FROM SECRETARY OF CARPENTERS' UNION

Mr. Rosené is one of Boise's well-known contractors and secretary of the Carpenters' union, and writes this letter not as an official of the union, but as an individual citizen.

Boise, Idaho, October 11, 1918.  
Hon. Frank R. Gooding, Boise, Idaho.  
Friend Gooding: I am glad that you have the courage to make the magnificent fight that you are making for the people of this state. I have known you for many years and have known you to be a man who has always been fearlessly opposed to the class of men who are leading the fight against you in this state. I have been a member of the union for many years and as a union man I am pleased to see you take the stand you have taken. Hoping success to you in the future, and that you may be rewarded for which you are doing so splendidly.  
F. ROSENE.

### THE UNDESIGNED LABOR UNIONS HAVE NOT GIVEN THE ALLIANCE FOR LABOR AND DEMOCRACY OR OTHER ORGANIZATION OF INDIVIDUAL AUTHORITY TO REPRESENT OR SPEAK FOR THEM IN ANY CAPACITY, POLITICALLY OR OTHERWISE.

Boise, Idaho, October 12, 1918.  
F. ROSENE, Secretary Carpenters' Union.  
F. J. CLAYTON, Secretary Pressmen's Union.  
GEO. A. BRANTER, Secretary Allied Printing Trades Council.  
GEO. A. BRANTER, Secretary International Brotherhood of Book-Binders, Local 150.  
C. E. DUFFY, President of Book Binders' Union.  
JOHN KENT, Secretary Blacksmiths' Union.  
A. G. MILLER, Secretary Barbers' Union.  
C. S. DICKLEY, Secretary.  
BOISE TYPOGRAPHICAL UNION, O. H. Eckhard, President; C. S. Dickley, Secretary; H. W. Fulton; John T. Hawkes, Executive Committee.

### CARPENTERS' UNION FREE FROM TOWNLEYISM

Boise, Idaho, October 8, 1918.  
Frank R. Gooding, Boise, Idaho.  
My Dear Sir: In order to correct the impression that has been so broadcast, to the effect that the Carpenters' Union of Boise City is affiliating with the Nonpartisan league, I desire to say that this is not true and that if any member of the Carpenters' union desires to vote the Nonpartisan ticket, he does so as a citizen and not as a member of the union.  
Yours very truly,  
F. ROSENE, Secretary.

### EXPOSING BETRAYERS

Boise, Idaho, October 5, 1918.  
Frank R. Gooding, Boise, Idaho.  
Dear Mr. Gooding: Let me express my gratitude to you for the splendid fight you are making against the leaders of the N. P. league. Like many others I believe these leaders are deceiving, and have deceived many honest farmers. I believe the patriotic people of Idaho fully realize the danger that confronts them during our nation's peril. While our boys are fighting and struggling for humanity with life and death, it is gratifying to them and the loyal people, of not only Idaho, but throughout this nation, that you are exposing the real motives of these men.  
Yours very truly,  
ALBERT J. TOMPKINS.

### BLACKSMITHS' UNIVER DENIAL

Boise, Idaho, October 10, 1918.  
Frank R. Gooding, Boise, Idaho.  
My Dear Sir: The impression has been sent out of Boise that the labor unions of the city are standing squarely behind the Nonpartisan league.  
We desire to inform you that the Blacksmiths' union is in no way connected with the Nonpartisan league. Our members vote as private citizens and in no way is our union affiliated with the Nonpartisan league.  
Yours very truly,  
JOHN KENT, Secretary.

### BARBERS NOT TIED TO NONPARTISAN LEAGUE

Boise, Idaho, October 10, 1918.  
Hon. Frank R. Gooding, Boise, Idaho.  
Dear Sir: In regard to your inquiry concerning the Barbers' union, I desire to state that the members of this organization vote independently. Further, I wish to state that the Barbers' union of Boise City, as a body, has not endorsed the program of the Nonpartisan league.  
Very truly yours,  
A. G. MILLER, Secretary.

### ALLIANCE HAS NO AUTHORITY TO SPEAK FOR BRICKLAYERS

Boise, Idaho, Oct. 14, 1918.  
Hon. Frank R. Gooding, Boise, Idaho.  
Dear Sir: In answer to your inquiry regarding the Bricklayers' union, will say we are not in any way affiliated with the N. P. league. Furthermore, we have not given the Alliance for Labor and Democracy, by any other organization, authority to speak for us.  
Yours very truly,  
J. GIDDY, Secretary.

### FROM A LEADING MERCHANT

Mr. Estes is One of the Leading Mechanics of Boise City  
Boise, Idaho, October 11, 1918.  
Mr. Frank R. Gooding, Boise, Idaho.  
Dear Sir: As a union man I appreciate very much the excellent fight that you are now waging against the Nonpartisan league. I believe the people of Idaho will appreciate the efforts you are making at this time.  
I do not like to see the farmers and laboring men being misled. Labor unions are for the upbuilding of humanity and organization and the betterment of the conditions of our fellow workers, and I for one appreciate the good work you are doing.  
Yours truly,  
F. B. ESTES.

### PRINTERS DENY PARTISAN STAND

Communication Issued Refutes Story That Organization Is Allied With Any Party  
(From the Statesman, Aug. 4, 1918)  
At a meeting of Boise Typographical Union No. 571, Monday afternoon, a communication was forwarded and addressed to the local newspapers denying that the organization had entered state politics.  
After the meeting none of the officers or members would discuss the communication further, saying that it said all they wanted to say on the subject.  
R. H. Park, president of State Federation of Labor, and not affiliated with the Nonpartisan league, said he is a member of the Typographical union and was present at the meeting when the matter was discussed and the demand was prepared.

### NO CONNECTION WITH LEAGUE

Boise Printing Pressmen and Assistants' Union  
Number 230.  
Frank J. Clayton, Secretary-Treasurer.  
Boise, Idaho, October 8, 1918.  
Hon. Frank R. Gooding, Boise, Idaho.  
Dear Sir: We, the members of the Boise Printing Pressmen's Union, emphatically deny that we have any connection whatever with the Nonpartisan league and are not pledged to vote for any political party. We feel as free men.  
Yours very truly,  
FRANK J. CLAYTON, Secretary-Treasurer.

### PRINTING TRADES COUNCIL STATES POSITION

Boise Allied Printing Trades Council  
F. J. CLAYTON, Secretary,  
1516 N. 21st St.  
Boise, Idaho, October 8, 1918.  
Hon. Frank R. Gooding, Boise, Idaho.  
Dear Sir: In answer to your letter of recent date, will say that this organization has no affiliation with the Nonpartisan league or any other political organization. We vote as individuals.  
Yours very truly,  
FRANK J. CLAYTON, Secretary-Treasurer.

### COMMON LABORERS' UNION DENIES THEY ARE TIED TO NONPARTISAN LEAGUE

Boise, Idaho, October 10, 1918.  
Hon. Frank R. Gooding, Boise, Idaho.  
Dear Sir: This is to certify that I am the secretary of the Common Labor Union of Boise City, Idaho, and because of the fact that a rumor is being circulated to the effect that the labor union of this city is affiliated with the Nonpartisan league, I am authorized to state that this is not true of our union. Each member of this union votes independently.  
Very truly yours,  
WILLIAM GREENBURG, Secretary.

### TRIBUTE FROM PRINTERS' UNION MAN.

A former president of the Boise Typographical union says the following tribute to Governor Gooding:  
"Having known Governor Gooding from my boyhood, when he was just starting his upward climb, I have always admired his qualities as a man of great force. The fight he is making for Americanism today is typical of the man—fearless in all his acts, broad in his views. His name will ever be in the forefront of Idaho history. As an employer of labor during the past twenty-five years, and having been a farmer for a good many years, he has a clear knowledge of the needs of labor and agriculture and is their friend."  
EDWARD PRICE.

### UNION MAN DENOUNCES DRASTIC ACTION OF LEAGUE LEADERS

Boise, Idaho, October 8, 1918.  
F. H. Gooding, Boise, Idaho.  
Dear Sir: The thought came to my mind a few days ago that there was some misrepresentation being made during this campaign, and I took this method of explaining to you what I think of this matter. I am a member of the Carpenters' union and attend the meetings quite regularly. At no time can I remember that any resolutions were passed in favor of the Nonpartisan league. I wish to state as a member of the Carpenters' union that I denounce the action of the leaders of the Nonpartisan league. I think by making an investigation you will find that the minutes and the books of our organization will show that we are not affiliated with the Nonpartisan league. While two boys are serving our country along with the thousands of other boys from this state, I think it is our duty to stand by these boys who are giving their life's blood for us. And we can do it in no better way than standing together in blotting out such an organization that is trying to fasten its grip on this state. It is the duty of every mother, father, sister and brother to stand together stronger than we have ever stood before. I am glad that you have the conviction to make the splendid fight that you are making for us.  
MICHAEL MURRAY.

### STREET CAR MEN SAY THEY ARE NOT AFFILIATED WITH LEAGUE

Boise, Idaho, October 14, 1918.  
Hon. Frank R. Gooding, Boise, Idaho.  
Dear Sir: The Street Car Men's Union is not affiliated with the N. P. league or with any other political organization. We have given no organization any authority to speak for us, politically or otherwise.  
Very truly yours,  
L. W. SMITH, Secretary.

### MUSICIANS' UNION NOT AFFILIATED WITH NONPARTISAN LEAGUE

Boise, Idaho, October 10, 1918.  
Frank R. Gooding, Boise, Idaho.  
Dear Sir: In answer to your inquiry concerning our endorsement of or affiliation with the Nonpartisan league, I beg to say that the Musicians' union of Boise is not affiliated in any manner with the Nonpartisan league. No political influence whatever affects the vote of our members.  
Yours very truly,  
ALBERT J. TOMPKINS, Secretary.

### RESENTED BY MOVING PICTURE SHOW UNION

Boise, Idaho, October 12, 1918.  
Hon. Frank R. Gooding, Boise, Idaho.  
Dear Sir: In answer to your inquiry in regard to the Moving Picture Show union, I desire to say that we are not affiliated with the Nonpartisan league, neither have we given any political organization authority to speak for us. Our members vote as individual citizens.  
Yours very truly,  
C. M. KAISER, Secretary.

I will run a page advertisement twice a week in The Statesman—Tuesdays and Saturdays—and in the Capital News Mondays and Fridays. And there will be "extra's." I am tearing the mask off Disloyalty and Deception in Idaho.

Entered as second-class matter April 9, 1918, at the postoffice at Twin Falls, Idaho, under the Act of March 3, 1879.

THE COMING EMBROIDERY

In the first place, there was a reason for the Nonpartisan league. The thing did not simply start up from the ground like a mushroom...

In part, as a result of the movement, perhaps in spite of rather than because of it, the farmers as a class will undoubtedly receive the benefit of many reforms...

The legislators who are elected from Twin Falls county to the coming Legislature, should go to the session with their eyes fixed firmly upon the necessity of procuring this legislation.

In the work of providing relief for any one class, however, the rights of no other class must be overlooked.

In a large sense, we believe that there are elements in modern business which receive more than their just share of the profits...

We hope to see in session this year a Legislature which will be big enough and broad enough to give to Idaho legislation which will correct at least in part some of these evils.

And it should be born constantly in mind by the members of such Legislature that there is a grave and a tremendous responsibility.

The man is to be given a taste of his own medicine. After four years of patient forbearance, Berlin is to be visited with the same form of warfare as has been inflicted upon London.

For four years Germany has just naturally asked for this thing which is about to receive. And while the mind recoils in horror at the thought of the slaughter of men, women and children...

Germany has elected to make new rules of warfare, and in so doing she has compelled their adoption by the Allies.

MR. LITTLER'S POLITICS

The News has heretofore suggested seriously, in its judgment, it would be a mistake to elect Mr. E. A. Littler, a Nonpartisan candidate, to the legislature.

The Nonpartisan Journal takes exception to that portion of the News' discussion in which reference is made to Mr. Littler's prior political affiliations.

The News feels that the Journal in re-stating parts of the article in question, has in one or two instances somewhat shaded what the News actually said, either unintentionally or in an attempt to shape the argument to suit the answer.

Twin Falls News, you say that our candidate, Mr. Littler, is a Socialist, and we deny that he is. He is a Nonpartisan, running on the Nonpartisan platform.

If we were wholly content to recognize as conclusive the political labels applied by the Nonpartisan Journal to the league's candidates...

Such, however, is not the case. Mr. Littler's politics are perhaps better known to himself and the public in general than they appear to be to this Journal.

In a speech at Piler on August 22, discussing political and economic wrongs, Mr. Littler told his audience that in 1901, after his arrival in Idaho, his mind was directed along right lines.

What those lines were we shall see directly. Mr. Littler stated further that with the advent of the Nonpartisan league he recognized an efficient exponent of the political beliefs he embraced.

In selecting their candidates, organized labor and the farmers adhered strictly to the principle of electing only candidates that WERE NOT POLITICIANS.

The capitals are the Journal's—not ours. Mr. Littler's political career is written on the records at the court house.

In 1909, Mr. Littler ran for county commissioner on the Socialist ticket, receiving 302 votes.

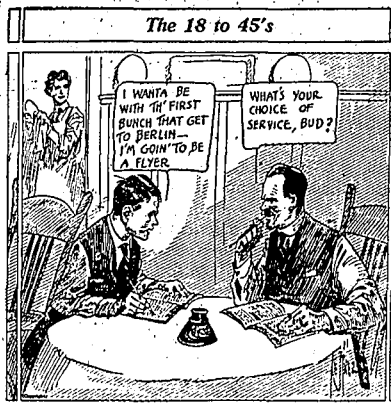

In 1910, Mr. Littler ran for county assessor on the Socialist ticket, receiving 329 votes.

In 1912, Mr. Littler ran for representative on the Socialist ticket, receiving 756 votes.

In 1914, Mr. Littler ran for county auditor and ex-officio clerk of the district court, receiving 537 votes.

In 1916, Mr. Littler ran for county treasurer on the Socialist ticket, receiving 630 votes.

This year, 1918, Mr. Littler was nominated on the Democratic ticket by the Nonpartisan league, for the legislature.

Isaak Walton Coppers Land Big Alcoholic Catch

CHICAGO.—The wotkin ran right merrily upon the Isle of Joy, some hundred feet or so off the shore of Lake Calumet. It was but one o'clock on a Sunday afternoon, and already there were many good fishermen and two absorbing the good cheer and other things that were to be had, for a price, within the fishermen's lodge.

A middy sloop grounded on the sunny shore. Two fishermen stepped therefrom. "We're hungry and—thirsty," the fishermen said.

"Welcome to our city," said mine host. "All's well here. Plenty to drink and not a cup in sight."

Thirty-five minutes after three and 71 men and a few women were bottling of Miss Host's hospitality, when up spoke the fishermen of the middy sloop.

"You're pinched," they said. "You bet you are," chorused 12 other fishermen, displaying police stars. Joy departed from the isle. Several faculty dressed young men departed, also via the lake.

The lake's frothy mud held. The faculty dressed bucks stuck tight light hulls out by the revolving coppers. Boats were repulsed and an hour later 70 men and four women, were lodged in the Kensington police station.

One of these was Vork, who was charged with selling liquor without a license, operating a public nuisance, and contributing to the delinquency of children. The others were charged with being inmates of a public nuisance.

Baby Is Last Representative of Famous Family

PHIL SHERIDAN III, three years old, is toddling about the curbside of his home, 1833-M street, northeast, today, at play with his baby sister, apparently oblivious to the fact that on his tiny shoulders rests the burden of sustaining the fame of a line of American fighters that produced such heroes as the famous "Fighting" General whose name he bears and Gen. "Mike" Sheridan, the hard-fighting and hard-riding brother of General "Phil."

This weight of responsibility, is placed on young "Phil" by the death of Brig. Gen. Michael V. Sheridan and that of his father, Maj. "Phil" Sheridan, the son of the most famous member of the fighting family.

Gen. Michael Sheridan died of heart disease at the age of seventy-seven years. He had seen the campaign of "Phil" Sheridan in many of his most daring battles. Starting out in life with the intention of entering the priesthood, he had laid aside the robes for an army uniform, and in it was distinction that will carry his name far down in the history of American fighters.

He was at Appomattox Court House at the surrender of Gen. Robert E. Lee. At the outbreak of the Spanish war he was appointed adjutant general of the training camp at Camp Thomas, Ga., and was soon made a brigadier general and chief of staff to General Brooks, commanding the Fort Rico expedition. He was in active service there until the close of hostilities. In 1902 he was retired with the rank of brigadier general, owing to advanced age and ill-health.

TREASURER'S OFFICE IS SCENE OF MUCH ACTIVITY

Official is Busy Receiving for Personal Property Taxes and Mailing More Notices

The office of County Treasurer Harvey Coggins is one of the busiest of offices in the court house at the present time. Mr. Coggins, with his assistants, has recently completed the task of mailing out 1,200 personal property tax notices and is busy now collecting the \$97,000 called for in these notices. In addition to this, he is in the midst of sending out notices of the 1918 real property taxes to 10,000 taxpayers. Two shifts of clerks per employed in this work, seven working during the day and eight at night. Mr. Coggins expects to complete the mailing out of all the tax notices within two weeks. The total amount of taxes to be collected in this county for the year 1918, as certified to Mr. Coggins by County Auditor E. J. Finch, is \$555,907.82. The amount of taxes for the last year was approximately \$512,000.

Cheese Easily Digested. Contrary to opinion held of many people, cheddar or "store" cheese is not unusually indigestible or constipating. Extensive digestion experiments conducted by the department of agriculture have demonstrated that more than 95 per cent of the protein in cheese is digested and that 99 per cent of its energy is available. One person who ate cheese as the chief source of protein and energy, eating an average of 3.25 ounces daily for more than two years, did a fair amount of muscular work and remained in good health.

DEMOCRATS NAME CANDIDATE

The place of A. B. Hicks of Twin Falls, who was nominated in the Democratic primary for prosecuting attorney and who has resigned, the Democratic county central committee has nominated Guy L. Kinney as the Democratic candidate for this office. Mr. Kinney enlisted last summer in the navy and is at present in training at Bremerton, Washington. He was the law partner here of A. J. Myers, who also has joined the navy.

HAD BOOZE IN GEAR

Clark Griffith, who gave his name as Claud Griffith, when arrested here Friday by City Police Officer B. F. Holman on a charge of illegal possession of whiskey, was arraigned this morning before Judge O. P. Duvall. He was held under \$500 bond to appear for a preliminary examination. According to the complaint, he had in his possession a quart bottle of whiskey, which was half full.

SPENDS INTERIM IN JAIL

Lacking security for bond in the sum of \$500 to secure his appearance in district court here to answer to a charge of illegal possession of whiskey, Clark Griffith was arraigned this morning before Judge O. P. Duvall. He was held under \$500 bond to appear for a preliminary examination. According to the complaint, he had in his possession a quart bottle of whiskey, which was half full.

Warm Though Far North

It is difficult to realize, but it is none the less true, that the Murray county of Russia is as far north as King William Sound, where Sir John Franklin and his men abandoned the Erebus and the Terror, but the Gulf stream makes all the climatic difference. For that reason it is possible for Quebec to be much further south than London and New York to be on the parallels of latitude of Spain and yet have winters of great severity.—Christian Science Monitor.

### LILLE LOOTED BY HUN TROOPS

#### All Industries Crippled and Machinery Carried Off to Germany

LONDON, Oct. 19 (British Admiralty wireless).—Although first reports indicated that the town of Lille was left intact, the houses have been stripped of all their valuables and the food supplies looted.

The London Morning Post, giving a description of how the Germans set about crippling Lille's industries, declared that not only did they confiscate all stocks but they ripped machinery out of the factories and sent it to Germany.

(This probably refers to the time just after the Germans took Lille, in 1914.)

#### Bought Their Own Goods

There are cases in which Frenchmen, buying machinery in Switzerland, have found that it was the looted machinery of Lille, sold by the Germans. No doubt many more of these machines have been set up in Germany for use after the war.

The Germans sought to destroy not only the present but the future of the town and its work. From its bombardment and capture on October 11, 1914, to the date of its liberation, they did not cease from robbing and murdering and insulting the unfortunate inhabitants. In one month, November, 1914, it had to pay "contributions" of millions of francs. Young girls were arrested on trumped up charges, and outraged in prison.

### QUESTIONNAIRES FOR OLDER MEN

Local Board Turns Attention to Registrants Between Ages of 37 and 45

The local board, beginning next week will start mailing questionnaires to the men of this county who registered September 12, 1918, under the selective service regulations, who are between the ages of 37 and 45 years. Mailing of questionnaires to these men is in accordance with the directions of the provost marshal general, ordering this work dispatched as soon as the classification of the men between the ages of 37 and 45 of this registration is completed.

### Only Simple Equipment Needed to Make Soft Cheese at Home; Method Described

Neufchatel and cream cheese, two of the group known as soft cheese now made almost exclusively in factories with extensive equipment, can be made in the home. The United States department of agriculture has worked out a method for their manufacture which is simple and does not require elaborate equipment. A new method, together with many recipes for using soft cheese, are described in Farmers' Bulletin 600 recently published by the department. The plan offers an excellent opportunity, the bulletin says, for the disposal of surplus milk on the farm and enables farm housewives to make a fresh, wholesome, and attractive food at home.

Neufchatel cheese should be made from whole milk that tests about 4 percent, and cream cheese from milk testing 6 per cent butter fat, according to the bulletin. Both are made in this way: To a quantity of 20 pounds, or 3 1/2 gallons of milk, add a pint of good starter or clean-flavored sour milk and stir well. Warm the milk to between 80 to 83 degrees F. Then add about 8 drops of rennet, which has previously been dissolved in a cup of cold water. Stir in thoroughly and set the milk aside to curdle. Powdered pepsin (one half the size of a pea) or one third of a junket tablet may be used in place of the rennet. The cheese may be made without a starter, in which case the milk should be ripened (allowed to stand at 70 degrees F.) for six or seven hours before adding the rennet.

#### Pressing the Cheese

After 16 to 18 hours, the time usually necessary for proper curdling, pour the curd into a drain cloth and allow to drain from two to four hours or until practically no whey drips from the cloth. Then place the bag of curd between two clean boards, put a 50-pound weight upon it, and let it stand for six or eight hours. Remove the curd from the cloth to a pall. Sprinkle two level teaspoonsful of fine salt over it, and thoroughly mix with a potato masher

or until it has a smooth buttery consistency. Run the cheese through a food chopper or working it with a butter worker produces the same result.

The cheese should then be placed in a crock or enamel dish until ready for use, and kept at a temperature of 50 degrees F. or below. If it is to be sold, it should be molded into small packages and wrapped in tinfoil, or packed in glass jars.

In nutritive value these cheese compare favorably with other staple foods, especially meat. They are rich in protein and fat and are easily digested. Perhaps the most desirable ways to serve them are in the forms of salads, sandwiches, and in combination with other foods, such as olives, green pepper, pimientos, pickles, different kinds of nuts, various vegetables, and near-

"I and the head of the house, but my wife says a head is no good without brains."

### BOARD TO INSIST ON PROMPTNESS

Draft Officials Will Enforce Penalty for Negligence

The local board of Twin Falls county, having launched last Tuesday upon its work of examining daily fifty class registrants of the class of September 12, 1918, until all men in this class are examined, is becoming impatient over the delinquent manner in which some of the registrants called are reporting for examinations. Promptness is a quality preliminarily required of men in the military service, the local board advises, and lack of promptness in responding to the order to report for examination or any other order issued by the local board constitutes an offense for which there is a penalty provided and which will be applied, the board promises.

Failure on the part of the registrant to report at the appointed hour is inexcusable unless satisfactory reasons for such non-appearance are given to the board prior to the time set for the examination. If the registrant is residing now within the jurisdiction of another local board and does not wish to return here to undergo the examination, he should secure a transfer authorizing the board in the district where he is living to make the examination.

#### The Social Fabric

To uphold the social system women submit to uncounted torts of their constancy. They endure physical discomfort, ennui, the perils of cold drafts and damp places, hours of weariness and moments of acute annoyance, for the sake of what, to a man, is an unimportant, social matter. And even though at times she feels that it would matter little if the whole social scheme of things should perish—and that instantly with the and bloodshed it need be—rather than require so much of her, she stands to her colors.

#### Useless Contention

Spencer or Inter one is measured with the rule that is straight and true. There is one thing that we all find hard to learn, but once learned life is very much simpler and easier to live—contention does not help matters of any kind. Constant aggressiveness, frequent complaining, daily defending of one's position with every patience and places, one in an atmosphere of antagonism which inevitably reacts.

Good property is in demand—good tenants are awake to classified advertising opportunities.
