PRICED FIVE CENTS

AUSTRO-HUNGARIANS ARE CRUMBLING BEFORE ALLIES

ITALIANS AND BRITISH POUR ACROSS PIAVE

Offensive Against Austria Is Carried Out With Speed and Vigor—Engineers Throw Many Bridges Across River

WITH THE ITALIAN ARMIES IN THE FIELD, Oct. 29. (A. M.)—The Italians are now advancing on a continuous front of 60 kilometers (37 1/4 miles) extending from east of Montebelluna to Roccaforte.

The Austrian lines have been completely pierced east of the Piave. Italian patrols already have crossed the Montebelluna river, 15 miles, nearly 10 miles, beyond the Piave.

A number of additional bridges have been thrown across the Piave and these are constantly being added to as the engineers work like madmen.

Across these bridges light infantry and other units poured all night long in increasing numbers, to take up the pressure against the enemy where his lines have been shattered.

Austrians Admit Allied Successes

VIENNA, via London, Oct. 29.—East of Brenna, a great battle is raging on a front of 60 kilometers, 37 1/4 miles, wide, the Austrians war office announced today.

"In the mountains between the Brenna and the Piave, all enemy assaults failed, in spite of the strong forces employed.

"Stenkepp, south of Fontanafredda, which was lost to the Italians, was recaptured by a counter-attack. A large portion of its defenders are in our hands.

"The entente attacked Saturday night and gained the left bank of the Piave, pressing us back for the most part from Vidon. Down stream, the enemy succeeded by means of a strong force in gaining a crossing. We counter-attacked and fighting is going on near Morlagge and Soraglia.

SAYS EPIDEMIC PEAK IS REACHED

Out of About 100 Cases in Twin Falls During Week Only

One Death Reported

According to Dr. W. F. Pike, city physician and acting county physician, the peak of the influenza epidemic in this county has been reached. Dr. Pike stated on Saturday that in his estimation there were in Twin Falls approximately 100 cases of influenza, including those cases which had not been reported. There are 10 cases under treatment at the emergency annex to the county general hospital. Two patients returned to their homes Monday. There have been no deaths from this cause at the hospital annex.

Reports to State Board

City Clerk W. A. Minnick, who is reporting daily to Dr. Edward T. Biber, secretary of the state board of health, the number of cases of influenza in Twin Falls reported on Saturday that there were 68 cases here. Since that time and up to 4:30 o'clock Monday afternoon, he reported 11 more cases. Mr. Minnick compiles his information from daily reports of all the physicians of the city.

Only one death in which influenza was given as a contributing cause occurred in this county last week. Precautionary measures against the spread of the malady are being generally adopted, and the officers of the state board of health are being strictly adhered to here.

Will Secure Serum

The effort of the county and city boards of health to secure a supply of the Rosenow serum for the treatment of influenza patients here seems to be meeting with success. Dr. Pike stated Monday that he had been assured of receiving a quantity of this vaccine.

Only Early Action By Armistice Conference Will Avert Unconditional Surrender of Armies of Dual Empire Is Belief of Military Authorities—Allied Armies in Position to Carry War Into Enemy's Country

AUSTRIA'S LINES REPORTED BROKEN COMPLETELY EAST OF PIAVE RIVER

By J. W. T. MASON

NEW YORK, Oct. 29.—The Austro-Hungarian army is beginning to crumble before the British and Italian attacks along the Piave, suggesting that if the Hapsburg plea for an armistice is not granted an unconditional surrender in the field may be the result.

The allied advance across the Piave has carried the Anglo-Italians half way to the Livorno river. The stream forms the midway Austro-Hungarian defense toward the famous Tagliamento positions. Beyond these there is a clear sweep to the Italian frontier.

If Austria-Hungary remains in the new war as little longer it should require no insuperable effort on the part of the allies to push the battle line well into the enemy's country once more.

It is difficult to see how the Vienna government can count any longer on the loyalty of a large part of the troops facing the British and Italians. While so many of the states forming the Hapsburg empire are themselves partly or wholly independent, it would require only slight urging to start a mutinous movement of the army.

Italy May Dictate Terms

Thereafter Italy might refuse to consider any terms of surrender at all, but would dictate her own peace on Austro-Hungarian soil. This possibility influencing the Vienna situation is held by President Wilson for immediate attention.

This means that Austro-Hungary wants American intervention to save the Hapsburg empire from utter destruction. If America declines, the Hapsburgs are in a not far distant.

13,000 Prisoners In Two Days

ROME, Oct. 29.—Italian troops, after storming the heights of Colofico, have entered Burgas, four miles southwest of Corchiano the Italian war office announced today.

The Italians have crossed the Montebelluna river, beyond the Piave. Four thousand additional prisoners were counted yesterday (making an official total of 13,000 in two days).

Alano, on the left bank of the Orlic river, was recaptured. (This village was captured by the Italians early in the offensive, but was retaken by the Austrians.)

The eighth army has carried the heights of Colofico and entered Burgas. The communique stated.

Advancements of the tenth army are on the left bank of the Montebelluna.

"Numerous guns and 4,000 prisoners taken yesterday have been counted. Others are still on the left bank of the Piave.

"On the left bank of the Orlic, Alano di Piave has been taken, with several hundred prisoners."

EMPHASIZES THE APPEAL FOR PEACE

Porte at Constantinople Has Independently Proposed Peace, Say Reports

COPENHAGEN, Oct. 29.—Constantinople has proposed a separate peace for Turkey, according to information received here today.

It is stated that the proposal was made independently by the Porte.

German Bishops Ask Pope to Intercede

COPENHAGEN, Oct. 29.—The Cologne Volks Zeitung says a congress of German bishops has asked the Pope to exercise his influence in favor of a just peace which will prevent the Allies from destroying Germany.

(Continued on page eight)

Changes O. K. Says The Federal Council

COPENHAGEN, Oct. 29.—The Federal council has approved the bill amending the German constitution, as passed by the reichstag, according to a Berlin dispatch received here today.

Austria's Action No Surprise to Germans

COPENHAGEN, Oct. 29.—Commenting on the Austrian note, German liberal newspapers say there is no use to complain and that Austria's action was no surprise to Germany.

"We must regard Austria as definitely out of the war," is the consensus of German press comment.

HE REPRESENTS THE PRESIDENT

E. M. HOUSE

Colonel E. M. House, close friend and confidential adviser of President Wilson, who is at the Versailles armistice terms conference as personal representative of the American president. He is laying before the conference the ideas of the American government with respect to the conditions to be imposed upon the Central Powers prior to any peace conference.

WORLD AWAITS RESULT OF BIG CONFERENCE

Allied Chieftains Gathered in Versailles While Foch Continues Hammer Blows on Variety of Fronts

GERMANY IS SEETHING WITH SHARP DISCONTENT

Central Powers Apparently Degrading Under Pressure of Conditions Within and Without

By WILLIAM PHILIP SIMS

VERSAILLES, Oct. 29.—As the allied chieftains gathered here today for the purpose of deliberating on terms of an armistice with Germany, the central powers seemed disintegrating under pressure from within and without.

Marshall Foch is continuing his pressure along the west front from Heliopolis to the Meuse, with his guns giving ground at important points. Discouraging murmurs are "seep out" from Germany as "Von Hindenburg's" whole scheme of retreat is imperiled.

"Berlin is hanging on the words which will emanate from Versailles. She will not have to wait long; as a few days at most are deemed sufficient, once the formal fittings are under way.

Foch said the allied generals are believed to be ready with the purely military demands which will be necessary if Germany gets an armistice.

Austria-Hungary is considered as already having ceased to exist as she was known before the war.

Turkey is merely waiting to see what Germany will do before making a decision. Germany herself is in a political condition scarcely less chaotic than that of her two allies.

"The allies' moment has come," a high percentage said in the United Press today.

"Whether the war ends in the next few weeks, or is prolonged indefinitely depends upon how the situation is handled today.

"Absolute unity is more important now than ever, and every atom of strength must be put into our next blows, both political and military."

(Continued on page 8)

HUNGARY REVOLTS WITHOUT TROUBLE

Independent Anti-Dynastic State Under Leadership of Count Karolyi Formed Without Bloodshed

COPENHAGEN, Oct. 29.—Hungary has definitely revolted, and formed an independent anti-dynastic state, under the leadership of Count Karolyi, in cooperation with the Czechs and Jugoslavians, according to a Vienna dispatch to the Politika.

Karolyi, who was elected head of the national council, was given an ovation upon his arrival in Budapest. He told the crowds, which numbered thousands, that Emperor Karl has refused his program for a greater degree of separation between Austria and Hungary, where for an independent state was necessary.

The British in Mesopotamia have captured Kuruk and are driving the Turks toward Alunkopri, 20 miles to the northwest. Along the Tigris they have driven the Turks northward 12 miles, occupying positions three miles south of Kalant Shergat, only fifty miles south of the great base of Mosul.

EVENTS OF TREMENDOUS IMPORT UNFOLD WITH AMAZING RAPIDITY

WAR SUMMARY

HUNGARY HAS REVOLTED AND SET UP AN INDEPENDENT STATE IN CONJUNCTION WITH CZECHS AND JUGOSLAVS.

The Montenegro aided by Albanian soldiers have started a revolution, seizing Cetinje, capital of Montenegro, and Scutari, principal city of northern Albania.

The German socialist press and members of the reichstag continue to demand abdication of the kaiser.

German newspapers declare the German armies will retire behind the Rhine and that preparations are under way to establish headquarters in Dusseldorf. Civilians are fleeing from the lower Rhine provinces.

The Austrian lines have been broken on the Piave front where the Italians and British are across the river on an unbroken line of thirty miles.

"The Americans are locked with the Germans in a desperate battle along the important heights on both sides of the Meuse.

American long range guns are bombarding the Metziers-Sedan-Montmedy-Longwy railway, ten or twenty miles behind the German lines.

The French have advanced across the Lys on a seven-mile front, reaching the railway between Daynze and Waerghem. They have also improved their positions between the Oise and the Serre and along the Aisne. The remainder of the west front is comparatively quiet.

In the Balkans, the Italians have occupied Alessio, 20 miles southeast of Scutari. The Serbs have captured Kragujevac, 52 miles southeast of Belgrade, in addition to occupying Jagodina, Colcinova, Gwjeje, Ravanarcka and Bespolovaca.

The British in Mesopotamia have captured Kuruk and are driving the Turks toward Alunkopri, 20 miles to the northwest. Along the Tigris they have driven the Turks northward 12 miles, occupying positions three miles south of Kalant Shergat, only fifty miles south of the great base of Mosul.

War Will End in Few Days Says Vorwaerts

BERNE, Oct. 29.—"The world war will not last longer than a few days; we must arrest the vain flow of our blood," declares the socialist newspaper Vorwaerts, which is now regarded as virtually a German government organ.

"It is upon Austria's bureaucrats, who sent the ultimatum to Serbia, that the responsibility for the war rests the heaviest. Austria's disappearance will end the war."

Lammach Succeeds Baron Von Hussarek

AMSTERDAM, Oct. 29.—Professor Heinrich Lammach has succeeded Baron Von Hussarek, as Austrian premier, it was announced in a dispatch from Vienna today.

French Advance Along Right Bank of Lys

LONDON, Oct. 29.—French troops, advancing along the right bank of the Lys, have reached the railway between Felghem and Waerghem, a front of eight miles, Field Marshal Haig reported, in his special Belgian communique today.

"The French, progressing along the right bank of the Lys, have reached the railway between Felghem and Waerghem at several points," the statement said.

"There was heavy artillery fighting all day on the whole front."

Austrian Divisions Lose Half of Men

LONDON, Oct. 29.—Six Austrian divisions have lost more than fifty per cent of their effectives, so far, in the Anglo-Italian offensive, according to a dispatch from home today.

BERGER AND ASSOCIATES HELD UNDER HEAVY BOND

Trial for Violations of Espionage Law Will Probably Be Held During November

MILWAUKEE, Wis., Oct. 29.—Victor L. Berger, socialist, and five other Wisconsin party leaders, under indictment by the federal grand jury on charges of violations of the espionage law, were today at liberty following posting of bonds with Judge F. A. Geiger, United States District Court. Berger furnished \$10,000 bond and others \$5,000.

Their trial probably will be held during November.

"Quiet" Is All Haig Has to Report

LONDON, Oct. 29.—"Apart from artillery activity and patrol encounters on different parts of the front, there is nothing to report," Field Marshal Haig announced today.

PATH TO PEACE BLOCKED ONLY BY THE KAISER

Allies of Germany Fall One by One—Hohenzollern Alone Remain to Be Eliminated From World Events

WASHINGTON, Oct. 29.—World events are rapidly changing to make "unconditional surrender" the only terms for the central powers.

As one after another of the Treaty vaselets crumble before the strength of the nations allied against them, the strongest grow in feeling ever more that only unqualified surrender should be the mandate of the Versailles conference meeting today to formulate an armistice program.

Better for later Germany will be stronger for these terms. If she does not yield, officials here declare, she must be able to fight on for years within her own borders. Should she capitulate, peace will ensue.

Austria has sued for a separate peace. Turkey is reported to have done likewise. The oppressed nationalities of Austria—the Czechs, Slovaks, Jugoslavians and Rumanians—have demanded peace and their independence. Austria has sent word to President Wilson that she abides by his determination to give these separate nations what they want.

What Austria, Italy, France and the United States have done is to demand that Austria be forced to turn over her railroads, as Bulgaria was, to permit allied use of them in transporting troops and supplies for possible use in an attack on Germany's eastern frontier.

The Austrians also reached the eastern delegation today. Minister Bogenhoffen is expected to arrive here today.

(Continued on page eight)

TERMS OF ARMISTICE BEING DETERMINED AT VERSAILLES

Decision Will Tell Whether Germany Fights to Bitter End—or Accepts Dictated Peace— President Is Confident His Program Will Be Accepted By Allies

AUSTRIAN AND TURKEY QUESTION TO BE CONSIDERED AT SAME TIME

By ROBERT J. BENDER

WASHINGTON, Oct. 29.—The decision, which will determine whether Germany is to accept a dictated peace or fight to the bitter end, will come out of the great Versailles conference, opening its sessions today.

It may be stated authoritatively that President Wilson believes his program for armistice terms will be accepted by the conference. It may be implied then that the conference will tell the German he must leave his heavy artillery where it stands on all fronts, though he may take home his side arms; he must evacuate all occupied territory, including Russia and Rumania; he must submit to allied control of German aircraft and important munition plants for the time at least, and he must expect the allies to occupy strategic points in Germany, including strongholds in Alsace-Lorraine, so that there will be no double dealing at the peace table.

Austria-Hungary is virtually out of the war, now leaving Germany to fight it out alone, according to the almost unanimous view of the London circles here today.

Austria wants peace and intends to desert Germany if the allies will let her. This is the interpretation which she places on her appeal for an immediate armistice "without awaiting the result of our negotiations."

Some official statements here today reported that the virtual revolution in Hungary, Magyar leaders are rousing their people to break from Vienna and gain the freedom from the Hapsburgs which they tried to get in 1918 when Austrian arms forced them back.

The same terms will apply to the armistice with Austria-Hungary. President Wilson is expected to forward immediately the Austrian appeal for peace to the Versailles conference so that the whole question of terms for Germany, Austria and Turkey may be discussed at the same time.

Acceptance by the United States of these terms will mean an end to hostilities.

War Officers Rushed
The war department, however, is proceeding with war orders and war preparations as though no peace talk were in the air. The draft machinery is being hurriedly reorganized and it is being made to work munitions and other industries at full pitch. Secretary of War Baker declared his full sympathy with the idea that war work cease go on without hindrance.

DOLAN IS HELD TO ANSWER ON ASSAULT CHARGE

Tenant Who Shot and Injured Fred W. Berger Is Accused by Prosecuting Attorney in Criminal Complaint

Frank Dolan, who on Saturday last in an altercation over the terms of a lease, shot and injured Fred W. Berger, of Berger, is held today by the prosecuting attorney on the Democratic ticket for state representative, is accused of assault with a deadly weapon upon Berger in a criminal complaint filed Monday by Prosecuting Attorney Frank L. Stephan.

Reports today from the attending physicians at the Boyd hospital are that Berger is resting easily and that he will undoubtedly recover.

With Plead Self Defense
Dolan will plead self defense. He states that he came here and ordered himself to Sheriff Knudsen that he had shot after the lie had passed between himself and Berger, and after Berger had attacked him with a pitchfork. Berger has stated that epithets were hurled at him and that the pitchfork was applied to him by Dolan, provoking the attack.

EAST OF THE ARROW HEADS IS OUR PEACE TABLE, SAY ALLIES

With her greatest military effort a shattered dream after 10 years of building and planning; with her offensive turned to a defensive; with the enemy breaking through her seemingly impregnable defenses; with her man power so placed along all battlefronts; with her allies deserting to separate peace tables; with her man power so wasted, spent and broken that even a battleline on her own borders could not hope to withstand the rush of her victorious troops—is it any wonder the Hun wants a compromise peace—after looking at the map? The Hun sees that the allies have also shown to the world that peace will be dictated by the allies after Germany withdraws, or has been driven EAST of those arrow heads on the map.

PROMINENT CLUBMAN INDICTED FOR FRAUD

Said to Have Misappropriated Many Thousands Collected for War Charities

SAN FRANCISCO, Oct. 29.—Major John B. Jeffrey, 72, veteran of the Philippine war and a prominent clubman, was indicted by the federal grand jury here this afternoon on a charge of using the mails to defraud in the collection of thousands of dollars for the National Defense League and other war relief organizations.

VETERANS WILL PAY HONORS TO YOUNG SOLDIER

Remains of Kenneth Zuck, of Kimberly, Victim of Pneumonia, to be Buried Here with Military Ceremony

The remains of Kenneth Zuck, of Kimberly, son of the late G. Zuck of Kimberly, Nonpartisan candidate on the Democratic ticket for lieutenant governor, who died Saturday at Fort Worden, Port Townsend, Washington, from pneumonia, were brought here at noon today under military escort, and will be buried at 5 o'clock this afternoon with military honors in the Twin Falls cemetery. Veterans of the Spanish-American war will compose the firing squad and a bugler will sound taps.

Word of the death of Kenneth Zuck came as a decided shock to the community where he had lived and was well known. A telegram received at about 10 o'clock Saturday morning stated that he was critically ill. The second message received about two hours later stated he had succumbed.

Kenneth Zuck was a member of the 10th coast artillery company. He had soon stationed at Fort Worden but a short time, being detailed there with others upon the completion of a course of training at the University of Idaho, which he entered on August 14, 1918.

Prior to entering the military service, Kenneth Zuck, with his older brother, Merritt Zuck, was identified for some time in a farming enterprise in the vicinity of Kimberly. He was 21 years of age and registered under the selective service regulations June 5, 1918. He waived claim for deferment classification and applied for voluntary induction into the military training course preliminary to his entrance into active service. He was a graduate of the Kimberly high school.

Kenneth Zuck was born in Lanark, Illinois. He leaves, besides his parents, two brothers and two sisters. The brothers are Merritt and Leslie Zuck. The sisters are the Misses Dorothy and Charlotte Zuck.

ITALIANS PUSH LINES 5 MILES BEYOND PIAVE

Austrian Line Reported Broken on Wide Front—Take 9,000 Prisoners—Battle Continues on Fifty Mile Front

ROME, Oct. 29.—Italian and British troops continuing their offensive in the Piave region, have broken through the Austrian lines on a wide front, the Italian war office announced today.

The battle is proceeding on a front of about fifty miles from the Asiago region to the Piave between Treviso and Oderzo. The Italian and British are across the Piave on the whole thirty-mile front between Valdobbiadene and Roncadello.

The allies have driven a great wedge into the enemy lines east of Treviso, advancing more than five miles east of the Piave, on a fifteen-mile front. The villages of Grogo, Malanotte, Fave, Bai, San Mich, I di Paive, Cimadolmo, Ormelle, Roncadello, Tempio and Piadave have been captured. San Lucia di Piave and Vidorio have been entered. Italian troops are within a mile of the Montebianco river.

9,000 Prisoners Taken

In the mountain region, the Italians have extended their gains north of the Orbe river. Numerous prisoners have been taken in addition to the 9,000 announced in yesterday's communication.

The Italians have entered the important town of Alessio, in Albania, 29 miles south of Scutari, and are advancing on San Giovanni di Medua. "The twelfth and eighth armies have extended their bridgehead," the statement said.

Advance in Albania

"In Albania, we entered Alessio and are marching on San Giovanni di Medua." An earlier communication said: "Between the slopes of Valdobbiadene and the mouth of the Soligo we crossed the Piave river. At Grava di Papadopoli we compelled the enemy to retire, and repulsed two counter attacks."

"Yesterday our prisoners totalled more than 9,000 and 51 guns were captured. Ten thousand kilos of bombs were dropped and eleven hostile planes and three balloons were brought down."

"In the Grappa region, local actions have been fought with 100 prisoners." "At Mont Portico, the enemy succeeded in gaining a foothold, but in a counter-attack we regained possession of the position."

MARCHES IN VOGUE

Employees of the Idaho Department Store have been urged to wear masks as protection against influenza and expect to do so until all danger from the epidemic is past.

To tell what you want, in the classified columns, is to make the strongest possible effort to get it.

Quality First

Our Motto

We are just as particular regarding the quality of foods we buy as we are about the way we serve them.

Only the best products on the market are good enough for our patrons. And the most rigid rules of cleanliness are followed in preparing these products for the table.

CITY CAFE

Permits for small farm dwellings. It is not possible for us to transfer authority for passing upon building projects. Neither the state of Oregon nor any other state has authority to grant building permits. We wish to cooperate with you to make those restrictions as little burdensome as possible and in forwarding applications, if you will mark "urgent" and request your answer, we will be glad to save time on this way. (Signed) D. O. McLannan, Chief of Non-war Construction section.

MUNITION WORKERS TAKE

LONDON, Oct. 29.—A Midland munition worker, who before the war earned only \$12.50 a week, entered a large fly music store and purchased a piano for \$400. On leaving the shop he noticed another instrument and inquired the price. The salesman replied that it was \$150.

"Send that also with the other," was his comment. "It will do for my little girl to practice on."

THE TRUTH ABOUT CANDY

One Man Takes His Sugar on Fruit or in Coffee—Another Man Takes His in the Shape of Candy

The human body needs constant fuel. Just as coal is fuel for a furnace, sugar, which supplies carbohydrates, is fuel for the body.

Dolan, raw granulated sugar is not a pleasing way to take it, as people generally use it with other articles of food.

One man takes his sugar in coffee or on fruit. Another likes a cake of chocolate. The cake of chocolate, called candy, consists of cocoa, sugar and milk, properly combined.

It is right to say that the man who takes his sugar in his coffee is patriotic, while the man who takes it in the form of milk chocolate is wasteful and enjoying a non-essential luxury?

One of sugar boy takes several tuppens of sugar in his cocoa, or his portion of sugar on his mash. Another little fellow gets his through his favorite piece of chocolate or a piece of stick candy. Is the latter less patriotic than the former? We know he is not.

The soldier in the camp has his candy, and it sustains him. The soldier in the front line trench enjoys a cake of milk chocolate; it makes him "right like the dew," as General Waller of the Marston said.

Yet the candy industry, the thirty-eighth largest industry in the United States, supplying a recognized and tremendously vital food product, is now threatened with practical annihilation because people have not learned the facts regarding it.

Many people still feel that candy isn't too good, that it is a non-essential luxury which uses up maybe a quarter to a half of the sugar in this country, and that by stopping the manufacture of candy, the sugar problem would be solved. But that is not so. On the contrary, only 8% of the normal consumption of sugar in the United States (now cut to 4%) has been used in making this firmly established food product.

Take one cent's worth of sugar. Put it in a little pile. That's the amount of sugar used per capita weekly by candy making. The amount of that tiny bit in the home will keep the candy industry alive, and enable it to supply men and women and children at home, and the soldier in the front, with nourishing, wholesome, and healthy chocolate creams to the test; eat a pound on a big long hike. Then you will know why soldiers care it.

In normal times the candy industry uses only 8% of the sugar consumed in this country. Right now this amount has been cut squarely in two.

The Candy Manufacturers of Utah and Idaho.

THWART EFFORT OF MILITARY TO SEIZE CONTROL

Ludendorff and Hindenburg Reported to Have Planned Coup d'etat—Opposition to Kaiser Increases

LONDON, Oct. 25.—Colorful reports pouring into London from the Hagen leading Berlin newspapers expose a military coup d'etat, planned by General Ludendorff and Field Marshal von Hindenburg to block concessions to President Wilson.

The Germans declare the constitutional changes were rushed to frustrate the coup d'etat. Exposure of the alleged plot is believed to have forced the resignation of Ludendorff and to have started a movement also to oust Von Hindenburg.

Retire Behind Rhine

Members of the retreating and the socialist press daily demand abdication of the Kaiser.

The Vociferous Ludendorff declares it is persistently rumored that the German armies will retire behind the Rhine.

German headquarters will be transferred to Bresteloff, the newspapers said, where, it is officially admitted, the quartermasters department is registering billets.

Civilians are stampeding from lower Rhine regions and Westphalia. A Zurich dispatch from Budapest says the stormiest demonstrations are being organized there, similar to those of 1848, the date of the Hungarian revolution.

Prof. Pernot Tells Preventive Steps For Spanish Grip

Professor E. F. Pernot, city bacteriologist of Portland, Ore., gives the following advice to those who would be free of Spanish influenza.

"I am of the opinion that an excellent and safe preventive of the Spanish influenza would be to take nasal douches and gargles twice daily of a weak solution of calcium hypochlorite.

"There is a very excellent preparation of this on the market under the proprietary name of 'B-K.' This is a very strong solution and could be used in the proportion of 10 to 15 drops of the solution to one-half glass of water for spraying the nostrils or gargling the throat.

"I suggest this because the solution is about 10 times as strong as carbolic acid and not injurious to the tissues."

"The calcium hypochlorite is much used in the purification of drinking water in a strength of from three to five ounces to 1,000,000 gallons, and destroys all bacteria.

"The chemical is a powerful oxidizer, which, when in contact with organic matter, liberates a nascent oxygen that kills the bacteria instantly, because their bodies are of carbon matter. Calcium hypochlorite is not injurious to health in the weak solution that it is used."

"B-K" is also recommended by health officials as an antiseptic for wounds, sores and veterinary operations.

For sterilizing cans, bottles, milking machines, coolers and filters.

For disinfecting sinks, drains, cellars, ice-boxes, cows' udders and milkers' hands.

For deodorizing barns, dairy houses, poultry houses, etc.

"B-K" whitens linen, diapers, dish rags and mops.

NOTE THESE REMARKABLE QUALITIES OF B-K

Powerful — By Government Method test B-K has over ten times greater germ-killing strength than carbolic acid. Much stronger than coal tar disinfectants—much safer.

Safe—B-K contains no poison, acid nor oil—safe, internally and externally. May be used in drinking water.

Clean—B-K is colorless, leaves no stain on cattle, floors or walls.

Deodorant—B-K destroys foul odors—leaves no odor of itself.

Cheap to Use—B-K is so much stronger than other disinfectants that it does more disinfecting for the same money.

Price \$1.35 per quart. Add 10c for postage. Sold at wholesale.

Distributor—B-K distributed by Anderson & Anderson, 228 Shoshone St., Twin Falls, Ida. Two doors south of Express office.

Local physicians say do better gargle or throat spray can be obtained than calcium hypochlorite solution.

WAR DOGS FULL TRAINED ACROSS THE MARNE RIVER

LONDON, Oct. 25.—Ported at all the kennels of the army is the story of 2 French war dogs.

It was during the German offensive, and the dogs had been sent out for a message. Their keeper stayed in the rear of the retreating French army till the last possible moment, waiting for the dogs to return with the message.

When they returned, there was no way of escape except by swimming the Marne.

The man could not swim, but the dogs could. He chained them together, and clung to the chain, and so they got him safely across under heavy fire.

"When those dogs became proud fathers, they will have their answer ready if the pups ask them, 'What did you do in the Great War, Daddy?'"

AUSTRIAN INVADERS FACE REVOLUTIONISTS

ZURICH, Oct. 25.—A revolution has broken out in Montenegro, according to a dispatch from Laibach today.

The revolutionists, which include Austrian soldiers, have seized Cetinje, the capital of Montenegro, is located within two miles of the Hungarian frontier. It is 65 miles east of Cetinje. Beside the principal city of northern Albania, it is 25 miles south-east of Cetinje. Laibach is a Hungarian city, 35 miles northeast of Trieste.

FLAYS TOWNLEY TICKET IN STATE

Democratic Leader of North Asks Loyal Bourbons to Reputate League

WALLACE, Idaho.—Harry L. Day, Democratic state committee man from Shoshone county, and a most potent influence in North Idaho politics, is doing all he can to defeat H. H. Wallace, Republican league candidate for governor and is appealing to all loyal Democrats to reputate the Nonpartisan candidates.

James J. Day, state Democratic chairman, will leave no stone unturned to accomplish it.

If such a coalition prevails in such a Democratic stronghold as Shoshone county it looks like the entire Republican ticket will be swept into office in November.

Harry L. Day has issued the following statement:

"Mr. Samuels will be defeated by 20,000 to 25,000 majority."

"Here in Shoshone county, banner Democratic county of the state, where he is best known and where he lives for about 20 years and acquired his fortune, he will be reputated decisively."

"His posture as a Democrat is an insult to the rights and intelligence of the faithful Democrats of this state who have carried the party's banner through long years of adversity."

"In my judgment Mr. Samuels is totally unfitted for the position of governor and I believe this opinion will be sustained by the voters overwhelmingly."

"The same opinion applies to J. J. Purcell, candidate for congress, who has been a lifelong Republican, participating in the Republican state platform convention in June and was active as a member of the resolution committee.

"The Bolshevick-Nonpartisan program is rearing the black flag to form. It flies the black flag of hypocrisy, falsehood and deceit. Its principles are those of the Prussian and the Bolshevick concept for the rights of citizens and the unscrupulous concealment of its real principles. The so-called application, Nonpartisan, is distinctly untrue, as the aggregation led by the Dakota adventures is aggressively party and has carried the party's banner through long years of adversity."

"As state central committee man for this county, which has always loyally delivered its party goods, I call upon all faithful Democrats, both in the county and state, to reputate Wallace, Samuels, Purcell, Jappson, et al and the sinister adventures behind them."

HELP AGAIN!

There is one particular commodity above all others in which the government requires a full measure of economy, and receives it in perhaps a lesser degree than in the case of any other single product affected by the war.

Newspapers are today under absolute and rigid restrictions as to the use of news print paper for publication. In the case of paper used for ordinary printing, such as letterheads, bills and envelopes, no establishment can overbuy paper for ordinary use except in very small lots without subscribing to a government pledge to conserve the use of this stock to the uttermost.

There is no such thing as a subscription to a daily newspaper which is not paid in advance. No chance of a free copy to an advertiser except such copy as may carry his advertisement. No possibility of a friendly exchange of publications among publishers. These things have come about, by reason of the urgent necessity of conserving paper, and the conservation of paper is necessary in order that as large a part as possible of the product which ordinarily goes into the process of manufacturing be released for other and possibly more useful purposes.

Newspapers live up to these government rulings. If they do not they are not worthy of the name.

Now comes an extension of the privilege of being allowed to help save paper. This time it is up to the individual. The purchaser of goods is invited to accept the purchase in the original package. When the clerk of the store to wrap it, it is the duty of the purchaser to simply say "Don't mind wrapping it, please," and accept it unwrapped.

The government looks at the matter about like this:

If every woman who goes to the grocery, candy or delicatessen store that day would use this phrase to the clerk when buying package goods, she would save thousands of tons of materials and chemicals now essential in making munitions, poison gas and other war materials. Don't be ashamed to carry home a bottle of milk unwrapped in the usual paper bag. War pride should prompt you to take a basket to market, remoting your paper bags, not only once but a number of times, and thus do your share in paper conservation. Isn't the milk just as good, the package of chocolate just as tasty, the biscuits just as palatable? You must take the initiative; the store clerk doesn't dare offend you.

Your government needs your cooperation; it needs to restrict paper making; it needs all paper for re-manufacturing into food wrappings, for packing soldiers' food and clothing, for questionnaires, for records, correspondence, for soldiers' letters. Do your part and prevent an actual shortage.

PORTO RICO HURRIES TRAIN FOR SERVICE WITH YANKERS

WASHINGTON, Oct. 22.—Porto Rico is developing some husky young athletes at its big training camp at San Juan, the Commission on Training Camp Activities reports.

THEY'RE NEEDING HEROES

O.K. Hinky-Gortacking and his troops are on the run; the kale-er's dream was floating—but that "place up in the sun"; The Yankee's husky kickers are stopping on their heels; when they step forward with their slickers each blooms "Hinky-squalls. But its hard for Yanks to sight 'em, as they nuzzle toward the Blues when Old Hinky blunders "Fight 'em!" The Hinkies holler "Neh!" So they keep right on belting and the tough old Yankee feet-chasing boches out of Belgium in the rain and mud and sleet. Their shoes are getting shabby, they are leaky and they're ripped, and they've got to have some new ones before the brutes are whipped. Then it is up to you, my brother, and lie up to me as well to hunt some joint or other where War Stamps is what they sell—if we don't the Yanks will shiver and some perhaps will freeze for there's nothing kills their liver like that blasted Belgium breeze. It is the money we are needing for those War Stamps every day that will clothe and feed our soldiers while they're driving Hunns away from their muddy camp and boys 'em, its the only way to show that we love our scrapping Lad-ites more than we love our dough. This is a great time, it's a great time in this rotten junk I run—and by Jura you've got to read it till your duty you have done!

When you buy those blessed War Stamps then we'll telegraph the news that you're parting with your goods to the Yanks can have some shoes.

—Earl Wayland Bowman.

BLOW ON HEAD WITH SHOVEL MAY BE FATAL

Employee of the Settlers' Farm at Jerome Is Taken to Hospital in Critical Condition

(Special to The News) JEROME.—A man named Taylor, employed at the Settlers' farm, who had been involved in an altercation and was struck on the head with a shovel receiving dangerous wounds, was taken Friday to a Twin Falls hospital by Dr. Granville Freeman. The prospect for his recovery is regarded as unpromising.

Mrs. Moore, and her brother-in-law, Mr. Gillespie, were just returned from a visit in the east.

From All Sides

TWIN FALLS COUNTY RED CROSS NOTES

Reserve Dressing Work

Because of the health board forbidding all public meetings larger than six persons of a meeting, the surgical dressing work will commence Tuesday, October 22, under this plan. The rooms, in the Elks' Hall will be open every day from 10 o'clock a. m. to 10 o'clock p. m. It is requested that all women wishing to do this work will call Mrs. V. H. Ormsby, phone 107, giving their names and the day and hours most convenient for them, to work.

Making Christmas Plans

Plans for the sending of Christmas packages to Red Cross workers and nurses over seas have not yet been completed. They will appear in the paper as soon as received at headquarters.

Cartons Be Received

The cartons to contain presents for the boys in service are here and may seen at headquarters at the postoffice.

For Soldiers at Home

The Red Cross will not send Christmas presents to soldiers in camps in this country. It is strictly an international matter and individuals should seek information of the nearest postmaster.

Should Give Changed Address

Soldiers, send of kin should send in changes of address to adjoining general at Washington, D. C. Owing to the fact that persons designated by soldiers to receive advice for the day and their death, injury, capture, etc., fail, in very many cases to notify the adjacent general office promptly of changes in their addresses, the service is experiencing considerable difficulty in obtaining delivery of some of its casualty telegrams.

Books Going Overseas

Fifty tons of books a month are being shipped to the American forces over seas.

Red Cross Needs Workers

Men and women are wanted for Red Cross work in the military camps and at national headquarters in this country. The qualifications require high grade men, who know younger men and having dealt with them. Men who are well acquainted with business procedure and who have the ability to deal tactfully with other responsible men. Applicants to apply for any Red Cross Service, write stating the kind of work you are interested in, your experience and qualifications, or call at Division Headquarters, Bureau of Personnel, A. R. C. 211-14 White Bldg., Seattle, Washington.

About Christmas Boxes

Instructions for sending Christmas boxes to our boys over seas. Each soldier over seas will receive a Red Cross Christmas parcel label. This label will be forwarded by him to the person in the United States from whom he wishes to receive a Christmas parcel. Labels that do not bear this label will not be accepted by the Red Cross for delivery to the post office authorities. Labels that are duplicated will not be accepted. Cartons to hold these packages may be obtained from county headquarters. No message or writing will be allowed to go in these packages. When they are packed but not wrapped they must not weigh more than 2 pounds, 15 ounces. When packed in the box unsealed and unwrapped and ready for inspection should be taken to the nearest collection station designated by the Red Cross. No package will be accepted by the Red Cross for shipment after November 20.

Articles barred by post office regulations are the following:

- All spirituous, vinous, malted, fermented or other intoxicating liquors. All kinds of poisons and articles containing poison. Explosives of all kinds. Inflammable materials, including friction matches. Infernal machines and mechanical, chemical or other devices of composition which may ignite or explode. Liquids, fragile articles. All other articles which may kill, or in any wise harm, or injure another or damage or in other wise deface or injure the mail.

All information regarding the sending of Christmas packages may be obtained at county headquarters.

Not jurta. Nothing hurts a self-made martyr so as to be famous.—Helen Judd

OBJECT TO DELUGE OF WAIF FARM FELINES

Officers of Hollister Complain Against Dumping of Sacks of Cats in Town

(Special to The News) HOLLISTER.—Complaint is being made that some farmers residing near our town are bringing sacks of cats to town, dumping them on our streets. This practice should be discontinued.

Miss Valentine, one of our grade teachers, went to Twin Falls Tuesday.

Mrs. Klath Jones returned Wednesday from a visit to the county seat.

The Red Cross made a good shipment of peach pits Tuesday, also some finished work. The infirm seem to be gaining some in our community.

Ward & Mellons threatening outfit worked on W. A. McDonald's crop Tuesday and Wednesday. The output of wheat is of an excellent quality.

Mrs. W. A. Rumsymer was a business visitor to Twin Falls Tuesday, the Red Cross arrangements for sweet yards, etc., calling for considerable attention.

A telegram was received Sunday last that Frank Craven was seriously ill with pneumonia at Waco, Texas. A letter received since says he is doing nicely.

R. Lamm returned to Rogers Tuesday to resume work on the canal, after a week's illness.

Everything on two ranches—live stock, farm machinery and household goods, will be placed on sale at public auction, Wednesday, October 30, at the Mills & Brown sale, one mile south and one and one-half miles west of the South Park Grocery, Twin Falls. Some excellent bargains are to be obtained. Advertisement.

DEATHS

William Gordon McAffie

Funeral services were held Monday afternoon in the Twin Falls cemetery for William Gordon McAffie, aged 29 years, a former resident of Twin Falls, who died October 22 in Harlin, Montana, from pneumonia. The services were conducted by Rev. W. A. Moore, pastor of the first Christian church.

The remains, accompanied by the widow and her father, W. J. Truelwood of Twin Falls, were brought here Monday noon.

Mr. McAffie was married about 18 months ago to Miss Lydia Truelwood.

George H. Taylor

The remains of George H. Taylor, aged 52, who died Saturday at his home on Fourth avenue west from pneumonia, were taken this morning by his widow to Salt Lake for interment. Mr. Taylor had been employed here for some time at his trade as a palater. He leaves, besides his widow, four children. The oldest son is in the military service at France.

STOCK RANCH FOREMAN IS CALLED TO COLORS

P. W. Gordon, Well Known Outfitter, Leaves for Fort Rosecrans

(Special to The News) ROCK CREEK.—P. W. Gordon who for several years has been manager of the Louis Harrell ranch here was called to the colors and left for Camp Rosecrans from Twin Falls last Tuesday.

Mrs. Velma Tuaks who came from Colorado to attend the funeral of her husband, Denver Tuaks, has gone to Rogers for a visit with her mother, Mrs. Kelly, before returning to Colorado.

Mrs. L. P. Larsen is visiting with Mrs. Larsen's sister, Mrs. Joe Mallory of Lile.

Mrs. and Mrs. H. P. Larsen have received a letter from their daughter, Florence, who is attending school at Corvallis, Oregon, stating that she has had the influenza but is entirely well again. A telegram from Moscow states that her son, Howard, at the training camp is all right but does not give the nature of his illness.

Mr. and Mrs. Louis Harrell and children of Rogers visited with Mrs. Harrell's mother, Mrs. Wallace last week.

A heavy rainfall, not great in amount but a step to the east, threatening for time. Seed is turning out unusually well this year. Orley Tilloe, has finished his crop which yielded 12 bushels to the acre on the poorest and a small piece of six acres yielded an average of 15 bushels.

Our school is closed because of the epidemic of Spanish influenza, but so far no cases have been reported.

Mrs. J. A. Walker entertained the L. L. Club at her home on the ranch Friday with a very light attendance.

MERCHANT HIRSH ANOTHER CLEANER WILLIE HE PARMS

(Special to The News) HOLLISTER.—J. B. Burrows went to Rupert Wednesday to attend to business matters there for a few days.

Andrew Escalen who has been working at her home on the ranch at Texas, Friday, to visit his family. He has a son in the United States army in France.

S. Hatch had a fine mare die last

week, due to injury by being kicked by another horse.

G. W. James and family accompanied by Mrs. E. Jones expected to Twin Falls Friday.

Blah Kizgmyer-motors to leave Tuesday next for Salt Lake City, to resume studies at the University of Utah.

Wm. Perreboom is installing a wind engine pump on his deep well.

J. Hill was assistant clerk at the Salmon River store part of last week during the absence of the manager, out farming.

A small daughter of Mr. King, on Main street is threatened with pneumonia, but is better at this time.

VOTE FOR

EMMA LONGLEY WARREN

FOR

COUNTY TREASURER

The present County Treasurer in several counties in Idaho are women.

It is generally recognized that women can perform the duties of such office with singular ability.

Such a course, likewise, assists in following men for war work.

EMMA LONGLEY WARREN has been a resident of Twin Falls County for six years past, and for such time has been engaged as a teacher in the public schools of Twin Falls City. She has had an extensive business experience and is entirely capable and highly efficient, and will bring to the performance of the duties of such office, rare ability and entire fidelity.

Twin Falls should follow the example of several other Idaho Counties and elect a well qualified woman as County Treasurer.

BOARD EXAMINES 49 REGISTRANTS

Thirty-six Successfully Pass Physical Tests for General Service

Thirty-six out of the 49 registrants examined by the local board here Monday, successfully passed the physical tests for general military service; two were referred to the medical advisory board; four were classified in special or limited service, and seven were rejected.

The list of those who qualified for general service is as follows: Jesse Arthur Griffith, Hollister; George Darwin Jaffe, Hollister; Melvin Osborne Gates, Berger; Charley Silsby Lewis, Twin Falls; Nick Williams, Twin Falls; Frank Warren Thompson, Filer; Dewey Lee Hare, Twin Falls; Frank McCormick, Hansen; Robert Alphonse Butelliffo, Twin Falls; Fred James Gray, Rogerson; Robert Dapson, Twin Falls; George Leslie Walker, Filer; Volney I. Moon, Berger; Cecil Gordon Yates, Duhl; Clifford Ray Melton, Twin Falls; William Hernal, Twin Falls; Albert Henry Vigeo, Duhl; Homer Charles Woodward, Duhl; Albert Gustaf, Twin Falls; Earl Brandley Williams, Filer; Albert Sulder, Duhl; Corralis Dekranga, Filer; John Arthur Walker, Hansen; Earl William Vance, Twin Falls; Roy Lord, Twin Falls; Ira Valentine Lancaster, Filer; George William Thompson, Kimberly; Elmer Clayton McGinnis, Twin Falls; Dick Floyd Holloway, Berger; John Hogan Thompson, Hansen; William Martin Hoover, Twin Falls; Emil Martin Jagels Duhl; Lester Loucks McKean, Duhl; Stanley Jacob Willard, Berger; Henry Slavers, Kimberly; Parley Clegg, Dubois, Idaho. Referred to the medical advisory board—Will Edward Clark, Kimberly; Fred Albert Ertex, Duhl; Special or limited service—Harley Green, Berger; Claud Lee Bea, Gooding; Andrew Jackson Miller, Duhl; Arthur Ray Wall, Payette, Idaho. Rejected—Allan Earl Strambough, Twin Falls; Agassie Louis Rueser, Twin Falls; Joseph Garfield Tigue, Murtaugh; Harry William Werts, Filer; Fred Newton Gard, Duhl; Harold Hershey Musser, Filer; Lester Charles Pugh, Filer.

CONSERVATION RECIPES

Used by Twin Falls County Women and Recommended by Mrs. C. H. Brown, Emergency Home Demonstration Agent, Twin Falls County, Tern Bureau

Use sugarcane Candies

CORN SYRUP CANDY
2 cups yellow corn syrup
3 tbsp. lemon juice
1 tsp. grated or scraped lemon rind
1 tsp. vanilla.
Boil corn syrup to the hard stage for use for taffy. Remove from the fire and stir in lemon rind, lemon juice, and vanilla. Pour in well oiled tin, and when cool to handle, pull until light, and break into pieces. Wrap in oiled paper if desired.

Variations: The lemon juice and rind may be omitted and other flavoring substituted, such as 2 squares unsweetened chocolate, or 1/2 teaspoon almond extract and 1/2 cup nuts.

PEANUT BROWNIES

(These use no sugar, no white flour, and no shortening.)
1 cup corn syrup
2 tablespoons strained honey
1 square chocolate
3/4 cup buckwheat flour
1/2 teaspoon baking powder
1 cup chopped peanuts
1 teaspoon salt
1 teaspoon vanilla

Melt the chocolate and mix with the corn syrup and honey. To this add 1 teaspoon vanilla and the dry ingredients, flour, baking powder, salt, nuts. Mix well and drop by the spoonful on well-greased pan. Bake in a moderate oven.

LOCAL BRIEFS

LEAVES ON BAD MISSION
Mrs. M. M. Galt left this morning for Conrad, Montana, to take charge of the remains of her brother George, who died last evening at the Conrad hospital.

GRADUATE NURSE ENTERS SERVICE
Miss Maud Eckpfs, a graduate nurse of the Royal hospital, has been assigned to duty in the Letterman hospital at San Francisco for intensive training preparatory to overseas service.

DRAFT CALLS COMING
The local board has been directed by the adjutant general to compile list of all registrants available for general military service remaining among the men who registered in this county in 1917, June 5, 1918, and August 34, 1918. A draft call which will take all these men is anticipated in the near future.

QUALIFIER FOR SERVICE
Word has been received from Miss Jessie Warrington, assistant state director for the Y. W. C. A. and stationed at Boise that she has made a personal examination of three overseas service in the capacity of casualty searcher and has received favorable reply from headquarters. Only five young women are to be chosen from the northwest to fill these positions.

ON TRAIL OF MISCREANTS
Probation Officer John K. Ault is making an investigation today of reports brought to him from the vicinity of Curry by motorists who state that numerous cars have been passing there, operating street tacks in mail bags. Boy miscreants are suspected. One automobile driver was forced to replace tires on his car at an expense of \$100 after running into the tacks. He mounted 28 tacks in one tire.

MAKING DELINQUENT LISTS
The local board, beginning Wednesday, in pursuance of orders from the provost marshal general, will compile lists of men who have failed to return their questionnaires or report for physical examinations from among the registrants of September 12, who are be-

PEANUT BRITTLE
1 cup white corn syrup
1 tablespoon vinegar
1/2 teaspoon salt
1 teaspoon vanilla
1 cup freshly roasted peanuts, halved
Cook the corn syrup, vinegar and salt in a saucepan until a little dropped in cold water forms a soft ball. Put the peanuts and this syrup into an iron skillet and stir until the syrup becomes a golden brown. Remove from the fire and stir in vanilla. Have ready a sheet of oiled paper, pour candy in and spread out in a thin sheet. Allow to cool, then remove from pan and crack into pieces.

HONEY CANDY
One qt. honey; 3 heaping tablespoons butter; 2 tablespoons vinegar; 1-2 teaspoon salt; 2 teaspoons orange extract.
Put the honey, butter and vinegar into a saucepan, and boil until the mixture will harden, when dropped into cold water; then stir in the baking soda and the lemon extract. Pour into a buttered tin to cool. When half cold, beat whites of egg into peaks, and break apart.

FRENCH CANDIES
One cup water; 1 cup gelatin; 4 cups honey.
Melt the gelatin in water, when it has become soft paste add honey, warm. Take from fire, add flavor.

HONEY DIVINITY
Two cups mashed potatoes; 1 egg whites beaten; 1 cup hard honey.
Beat whites of egg into peaks. Add honey. Add fruit and nuts, let stand overnight. Place in oil paper.

PEANUT BAR
One cup molasses; 1-2 tsp. soda; 1 tsp. vinegar; 3 tbsp. sour cream; 1/2 cup peanuts.
Boil the mixture until it forms a hard ball when dropped into cold water. Beat it until cool and then pour it over the peanuts in an oiled pan.

OLD-FASHIONED CHOCOLATE CARMELS
Shave a quarter of a pound of unsweetened chocolate into three articles of sugar and add one cupful each of butter, corn syrup and milk. Stir well, then put on the fire and boil until a little of the sirup beards when poured into ice-water. The candy should be stirred just after enough to keep it from burning. When ready to remove from the fire, beat in a teaspoonful of vanilla and pour into a square buttered tin. Cut into squares when cool and wrap in pieces of paraffin paper.

PERSONALS

Misses Helen Denecke, teacher of English in the local high school, has returned after a several weeks' vacation at her home in Richfield, Idaho.

Mrs. Gordon McHaffie of Harbi, Wyoming, is the guest of her parents, Mr. and Mrs. W. J. Trueshdell.

Sheep Best Farm Fertilizers. Sheep produce the most valuable of all farm fertilizers. Their sharp hoofs work this well into the soil. This quality has earned for sheep the title of "Golden Hoof" in England and which during Queen Elizabeth's reign produced only six bushels of wheat per acre has been made to yield 20 bushels at present, simply by putting the hoofs to sleep.

Have a Heart, Judge. In the hour for an automobilist doesn't min time by making too much of it in the city limits. The chances are he'll have to do some.

WOOL DRESS GOODS FOR WINTER NEEDS

RIGHT NOW—when we feel the first touch of the winter winds and the need for good warm clothing is forced upon us, comes the opportunity for you to prepare your whole family for the urgent needs of the coming months—and make a good saving at the same time. All our wool dress goods, winter underwear, sweater coats, etc. are included in the big price reductions of the RED ARROW BENEFIT SALE. We list below a few prices—read them—and while you read bear in mind that they are BELOW wholesale costs of today. Many, many people have reaped THEIR benefit at this sale—YOURS awaits you in practically every line in the store.

The Red Arrow Benefit Sale

Mail Your Order
If you cannot come to the store mail your order. It will be given our prompt attention and will be filled immediately upon receipt.

I Wish You To Remember
That every piece of goods or article offered in this sale is part of my regular stock of merchandise and can be relied upon absolutely to give full service and entire satisfaction.

No Exchanges
The danger of the spread of disease is too great to allow us to make ANY exchanges. This is in accord with the wishes of the health authorities.

Furthermore
The prices I am SELLING for are less than the WHOLESALE COST today. I am selling a 42 inch serge in this sale for \$1.10 a yard and today a 36 inch serge OOST's wholesale \$1.10 a yard at the mill. SAMUEL HART.

WOOL DRESS GOODS

A 36-inch serge, regular price \$1.35 a yard, in blue, black, brown, green, gray	95c
A 42-inch wool, regular price \$1.75 a yard in blue, brown and green	\$1.10
A 42-inch all-wool serge, regular price \$2.00 a yard, in black and gray	\$1.45
A 48-inch all wool serge, regular price \$2.25 a yard, comes in blue and black	\$1.75
A 50-inch, all wool serge, regular price \$2.50 a yard, comes in blue and gray	\$1.75

POPLIN

A 40-inch, all wool poplin, regular price \$2.50 a yard, comes in blue, black, gray, red and green, now priced at **\$1.95**

WOOL GABARDINE

A 48-inch, all wool gabardine, regular price \$3.00 a yard, in green and black, now **\$2.35**

BROADCLOTH

A very beautiful piece in navy blue, 56 inch wide. Regular price \$3.50, now **\$2.95**

Effort to Deceive the President of the United States

Chief Executive, in the Midst of War Worries, Imposed On in the Interest of Nonpartisan League Leaders in Idaho

It is said that Dubois is returning to Idaho from Washington. All summer Mr. Dubois spent his vacation here—on politics. Just previous to his first political mission to Idaho he received his appointment as a member of the War Ordnance Board at a salary of \$7500 a year. It must be clear to everyone in Idaho that Mr. Dubois has not been able to give that office any attention and that all of his time has been directed to assisting the Nonpartisan leaders to carry the state in the primaries; and he is now busy trying to elect their ticket at the coming election.

Over in North Dakota you see Mr. Doyle, who was, before he became a candidate, Marshal for North Dakota, (a Democrat appointed by President Wilson) and he said that he has been given a vacation by the president to run for governor of North Dakota against Frazier, the Nonpartisan candidate.

I AM SURE THAT PRESIDENT WILSON KNOWS NOTHING ABOUT MR. DUBOIS' VISIT TO IDAHO IN THE INTEREST OF POLITICS. EVERY FRIEND OF PRESIDENT WILSON IN IDAHO BELIEVES THAT HE HAS BEEN IMPOSED ON BY SOME ONE IN WASHINGTON.

Treasurer Burke's letter places the administration at Washington squarely against the Nonpartisan League.

Can there be any question that if President Wilson understood the situation in Idaho he would be against the League in this state? There can be but one answer. Read this page.

NO ATTACK ON MEMBERS OF LEAGUE

Never at any time have I cast any reflection upon the members of the Nonpartisan League. I know the farmers in Idaho too well. I know that they are loyal and true to their government.

All of my fight has been directed against Townley and Arthur LeSeuer, the executive secretary of the Nonpartisan League, and their agents here in Idaho, who only answer my questions by dodging behind the farmers and saying, "See, Mr. Farmer, that man Gooding is throwing stones at us!"

I KNOW THE TRUTH HURTS, THE ATTACK UPON PRESIDENT ROOSEVELT IS AN OUTRAGE AND A CRIME, THE ATTACK BY AGENTS OF TOWNLEY AND LESEUER.

I am not talking about the farmer. I will give a thousand dollars to the Red Cross fund if anyone will produce evidence that I have ever attacked the farmers of this state, publicly or privately. I have been making his fight for years, and I am going to continue the fight for the agricultural and live stock interests of Idaho to the end. Of course the truth always hurts.

They say that I framed up on Mann down at Gooding.

I wonder who framed up on those other Nonpartisan League leaders just arrested in north Idaho for sedition?

Why, they used to say I framed up on Bill Haywood! You know where Haywood stands—convicted of treason to his own country and sentenced to twenty years in prison.

FRANK R. GOODING.

They Repudiate Roosevelt but Stick With Known Disloyalists

I ask the people of Idaho to remember the direct charges of disloyalty made by the United States government, by Theodore Roosevelt and others, against Townley and LeSeuer and other Nonpartisan leaders. I ask them to remember the revelations I have made from official documents and from signed letters showing Arthur LeSeuer, the Executive Secretary of the Nonpartisan League, who directs the campaign in Idaho through McKaig and Scholtz, is an I. W. W., a Socialist and a traitor to this country.

The only answer to this by the Nonpartisan League leaders in Idaho, is that LeSeuer is a great lawyer, but they say nothing about his Americanism or his patriotism, for they cannot. There is no such thing in his make-up and yet he wants to control Idaho for Townley.

None of these men—Townley, LeSeuer, or even Bill Haywood, have been repudiated by the Nonpartisan League leaders sent into Idaho to capture this state and install a Bolsheviki government, but they were quick to repudiate Theodore Roosevelt and to even go so far as to say this great American citizen is disloyal. They stand for traitors and grafters of all kinds, but they damn true American citizens who have the courage and the manhood to expose them.

Wilson Democrat, Candidate for Governor in North Dakota, Brands Townley, LeSeuer and Other Nonpartisan League Leaders as Socialists and I. W. W.

Stephen H. Doyle, President Wilson's appointee as United States Marshal of North Dakota, who was given a vacation from that position so he could run for governor of North Dakota on the Democratic ticket against Governor Frazier, the Nonpartisan League candidate, stated in a recent speech:

"If there be any doubt as to whether or not an effort is being made in this state to establish state socialism in full bloom with one stroke, as it were, one need only investigate the lifelong political affiliation and activities of practically every man who is in charge of any important work of the Nonpartisan League, or even in public office by endorsement of the Townley ticket. The last official record of Townley's political faith, prior to the birth of the Nonpartisan League and the death of the Socialist party, is his own resignation at Minot, N. D., on the 11th day of April, 1914. A. E. Bowen, Townley's chief speaker and organizer, was twice candidate for governor on the Socialist ticket. Mr. E. Elliot at one time published a radical Socialist paper at Minot, N. D. Mr. Elliot was at one time state manager of the Nonpartisan League in North Dakota, now employed at headquarters at St. Paul and his place here turned over to Axel Stuenkel of Williston, another avowed Socialist.

"Most of you will remember that some years ago there resided in Minot, N. D., a Socialist lawyer by the name of Arthur LeSeuer, the man who took quite a prominent part in behalf of the I. W. W. at the time of the riot at Minot some years ago. LeSeuer was immediately employed by Mr. Townley as chief counsel for the League and made executive secretary of the Nonpartisan League. And so we have the president of the League, the chief organizer, the state manager and the chief counsel and executive secretary, radical Socialists.

"I want to say just a word further about Mr. LeSeuer. This is the same LeSeuer who, in the summer of 1916, attempted to fast upon the farmers of this state a working agreement, whereby they should employ I. W. W. laborers. In speaking of this undertaking before the I. W. W. lodge No. 400 at Kansas City, he said, 'If you (meaning the I. W. W.) can bring about this agreement it will mean the transfer of power to the hands of the state government of North Dakota to the Nonpartisan League and the I. W. W.' You will remember that a series of meetings held in this state to ratify the agreement, the part of the farmers resulted in its rejection. Now, if there are any members of the League present I want to ask you if you really believe that when LeSeuer was in Kansas City, trying to put through this agreement, telling the members of the I. W. W. that it meant the transferring of the power of the state into their hands, he was really working in the interests of the farmers of North Dakota? Think it over and see if you can reach any such conclusion."

National Democratic Administration Fights the Same Nonpartisan League Leaders in North Dakota Who Are Trying to Make a Nonpartisan State of Idaho.

All doubt as to the national Democratic administration's stand with relation to the Nonpartisan League has been dissolved by a letter written by United States Treasurer John Burke, one of the members of President Wilson's official family.

In this letter Mr. Burke directed himself to the situation in North Dakota. He came out strongly in opposition to the reelection of Governor Frazier in that state for the reason that Frazier is backed by the Socialists and "did not support the administration in the prosecution of the war."

Governor Frazier is a candidate of the Nonpartisan League in North Dakota and is backed by Townley, LeSeuer and all the other Nonpartisan League leaders.

THESE ARE THE SAME MEN WHO ARE BACKING THE NONPARTISAN LEAGUE CANDIDATES IN IDAHO, AND THE NATIONAL ADMINISTRATION'S CONDEMNATION OF THE NONPARTISAN LEAGUE BUNS TO IDAHO THEREFORE AS WELL AS TO NORTH DAKOTA.

Mr. Burke expresses himself in a letter to W. E. Byerly, Democratic State Chairman of North Dakota, in which he states the administration's reasons for being opposed to the Nonpartisan League candidates. **MR. BURKE SAYS AMONG OTHER THINGS THAT GOVERNOR FRAZIER OF NORTH DAKOTA, WHO TOOK THE SAME POSITION AS HIS LEADER, TOWNLEY, PRESIDENT OF THE LEAGUE, LINED UP AGAINST THE WAR THE SAME "AS DO THE PAQISTS, THE I. W. W. AND SOCIALISTS,"** and added: "If everybody had taken the same position, we would have been unable to raise the money necessary to win the war."

MORE EVIDENCE OF DECEPTION

THE NONPARTISAN LEAGUE LEADERS ARE ATTEMPTING TO MAKE THE PEOPLE OF IDAHO BELIEVE THAT PRESIDENT WILSON IS WITH THEM BY PRINTING THE FOLLOWING:

Washington, May 13, 1918.

My Dear Mr. Simpson:

It is not true that the federal government is pressing the Nonpartisan League in any manner or that the federal government considers it an act of disloyalty to be a member of this League. The federal government is not concerned with the political, economic or industrial beliefs of any organization at a time like this, insisting only that every organization, as well as every individual, shall stand behind this war, believing absolutely in the justice of America's position. The Nonpartisan League, by resolution and organized effort, has given this pledge of loyalty; North Dakota, controlled by this organization politically, has as fine a record of war support as any other commonwealth in the union. Mr. Baer, its representative in the lower house, has never been criticized for a single utterance that might be termed disloyal. Mr. Townley is under indictment in Minnesota, and there is a very bitter fight being made on the League in that state by certain groups; with this the government has nothing to do, refusing absolutely to take part in these local differences.

Very sincerely,
GEORGE CREEL, Chairman.

WHAT I STAND FOR

To the People of Idaho:

If I am elected to represent Idaho in the United States senate President Wilson will have no better supporter in his war measures than myself.

The man who would not support President Wilson in his war measures, would not support the boys in the trenches or the boys who are serving their country on the high seas. Such a man, to my mind, would be a traitor.

I will fight for lower freight rates for Idaho. The present rates are unjustly high. I have been fighting them for a long time and will continue the contest on the floor of the senate.

I stand for a safe and sane government in nation and state—no Socialism, no I. W. W., no Nonpartisan League leadership.

I stand for the industries of Idaho and for the highest possible development of our state.

DUBOIS REPORTS ON IDAHO POLITICS

WASHINGTON, Oct. 19.—Fred T. Dubois, member of the federal ordnance board, has returned from Idaho, where he has interested himself in Democratic politics. Mr. Dubois states that he feels confident of a sweeping victory in Idaho for the Democrats and the Nonpartisan League.

"I am confident," said Mr. Dubois, "that the entire Democratic ticket, including the state ticket named by the Nonpartisan League in the Democratic primaries, will be elected."

Mr. Dubois, who is a member of the federal ordnance board at \$7500 a year, has paid several visits to Idaho ON POLITICS. He is known to have been in conference with McKaig and Scholtz, posing as a Democratic leader.

Idaho citizens, don't you see the connection?

Watch Out for Eleventh-Hour Canards--Remember, Idaho Taxpayers, the 73-Cent Taxpaying Nonpartisan League Leaders.

The campaign made by the Nonpartisan League leaders in Idaho has been one of vilification and groundless accusations. They are now preparing to spring campaign falsehoods so late in the day they cannot be refuted. Watch out for these eleventh-hour canards.

They have presented no reason whatever why any of their candidates should be elected. They have no constructive or beneficial program for the tax payers of Idaho. They do not pay taxes themselves. It is a matter of record that Townley and the other "Big Five" Nonpartisan leaders of North Dakota pay an average of only 73c each in taxes, and still they want to spend your tax money.

BUT THIS IS WHAT CREEL SAID ABOUT TOWNLEY—THAT HE AND THE PRESIDENT SUSPECTED TOWNLEY'S LOYALTY, FOR GOOD AND SUFFICIENT REASONS:

"I have never at any time given official or unofficial approval of the Nonpartisan League or any other private organization with political aims. I have no affiliation whatever with the National Nonpartisan League nor any connection, direct or indirect. LAST SUMMER IT CAME TO MY ATTENTION THAT THE NONPARTISAN LEAGUE WAS NOT IN HARMONY WITH THE NATIONAL PURPOSE, and when Mr. Townley came to Washington I insisted that he call upon me. I sent him also to Mr. Hoover and took him later to see the President.

"THE WHOLE POINT OF THESE INTERVIEWS WAS TO BRING HOME TO HIM THAT THIS WAS NOT A 'BOY MAN'S WAR,' THAT IT WAS A WAR OF SELF DEFENSE, THAT NO GLASSES WERE BEING FAVORED AT THE EXPENSE OF ANY OTHER CLASS, AND THAT THE VERY LIFE OF THE COUNTRY DEPENDED UPON UNDERSTANDING AND SUPPORT.

"GEORGE CREEL."

ADVANCING ARMY NEEDS SUPPLIES

Requirements Increase Rapidly As Americans Move Into Occupied Territory

WASHINGTON, Oct. 29.—The final strain for victory will mean for Americans at home a measure of conservation and self-denial far greater than anything yet indicated. The liberation of Northern France and Belgium, the crushing of the eastern wing of the Central Powers, and the advance of allied troops into German territory will bring the war straight home and with a seriousness that will reach every citizen.

Food, first, then industry, will feel the strain. Northern France and Belgium are subsisting on starvation rations now supplied by the United States, and the liberation of these people means they once again will have enough to eat. It has been impossible to send them enough, in the past, for the Germans would take it from them. Bulgaria, crumpled, mainly because of the lack of supplies, is so weak that the allies will endeavor to reward in a measure to the plea of famine that is likely to arise from the Bulgars.

Keep at Empty Helm

To move the army forward, on the heels of the enemy's retreat, will require more equipment, more steel rails and more of nearly everything that American industry produces. The demand for these things is so great that the army which has recently been reorganized and strengthened seems likely to be in a position to demand more than it can get.

A quick retreat from Belgium can not be followed with sufficient railroad lines, and communications will have to be kept up for months, perhaps for a year or more, until the railroad map can be extended. How efficiently to meet the new movement.

In the food supply situation, there is encouragement in the fact that the needs of Belgium will be shorted by about 6 days. Present shipments for Belgium relief are routed to Rotterdam, and are obliged to travel in the 3-mile neutral zone north of Scotland. This course is about 4 days longer than the shortest route, and other lower channel ports would be available.

Estimate Shipping Savings

Food administration officials estimate that the savings in shipping possible would be balanced by the increase in food cargo for Belgium. The policy of pooling war necessities, which recently has been made official in the notice of pooling agreements concerning the use of grain, sugar and other commodities, will make estimates on our own conservation accurate, and will be the means of fitting conditions which can not be overtopped.

The food administration says that there is no occasion for Americans to suffer from lack of food, provided they will adhere strictly to food programs to be announced soon. Citizens. Each of the war industries board is not so cheerful about the demands for curtailment of industries.

Gen. Pershing's orders for steel are staggering," he said, "and what Gen. Pershing wants, we've got to give him."

ENEMY THROWS ALL RESOURCES AGAINST YANKS

(Continued from page one)

If the Americans capture these heights they will have a clear sweep across the valley to the Metzler-Bedan-Loungouy railway, and the enemy will be forced to retire behind that line. Bombing of these heights positions and the advance across the valley, the comparatively short distance to Mont Medy, 25 miles directly north of Verdun, would be equal in importance to the longer advance to Morieres, 20 miles northwest of Montmedy.

Fighting in Bellan Wood

Bellan wood, south of Verdun, three quarters of a mile southwest of Thionville, which has been the scene of violent fighting for days, is now held by the Americans, though they must still take the heights on either side. The wood was first taken by storm then lost as the result of a boche counter-attack with heavy reinforcements. The fighting swayed back and forth until the wood was retaken.

This is an example of the resistance the Germans are putting up all along the important ridges which are being held on the west by the big band in the Meuse. Outright from Fields.

In addition to giving the American command of the valley stretching to Montmedy, capture of these heights will permit the flanking the Briey line roads and bringing the roads from that

CHRISTIAN SCIENCE WAR RELIEF WORK CONTINUES

Arrangements Are Made for Collecting Contributions, During Continuance of Order

Arranging arrangements that have been effected for receiving contributions during the continuance of the board of health order prohibiting public assemblies, the local Christian Science war relief committees are issuing the following statement:

The time for the regular monthly collection in First Church of Christ, (Scientist), for the war relief work was Sunday, October 27. As no services were held, arrangements have been made for the collection to be continued in this form an opportunity to do so. Contributions may be given or sent to James Fitzgerald, 345 Eighth, avenue, north.

The value of the work being done in this fund is so great that nothing should be permitted to interfere with the opportunity it offers for doing good.

The work has been going rapidly and is extended to soldiers and sailors scattered reference to the Christian belief, both in the camps of this country and in Europe. Its object is to help to make them better soldiers or sailors, by extending the help that they need. Work is also being done to help to bring in the war stricken children. Numerous contributions to this fund are received from the soldiers and sailors themselves, as expressions of gratitude for the welfare work, so it would seem that when "these men are willing to make additional sacrifices for their interest pay", those at home who are engaged in this work should be willing to do their share in this far reaching work.

region under our artillery fire.

Should the enemy be forced back of Montmedy and Loungouy, the entire line to the westward, in the Alsace region, would necessarily be compelled to retreat, leaving the entire Meuse sector of the decisive battle of the Franco-Prussian war, ten miles southeast of Metzler, against into the battle area.

While the Americans are gunning away east of the Meuse, they are exerting equal pressure along the right flank of the Alsace valley. Here the French on the left are playing a most important role, pushing on beyond Volkeles and starting formation of a swift, with the American left as the peak.

The Germans, however, are protected in this movement by a continuation of the heights over which the Americans must fight by inches.

Weather Improves

The weather is greatly improved, and there is increasing activity every day. Heavy German artillery fire on the front of the American second Army (of the West) is continuing the enemy's uncertainty regarding the safety of the Briey line fields, just as it is, in their desperation to hold the Meuse line. Efficiency of the Briey district will also be affected by the big gun bombardment at Loungouy railway, this being the direct line over which the product is hauled back.

Use Sixteen-Inch Cannon

The guns which are firing on the Montmedy-Loungouy railway are shooting twenty-five miles. This shows the guns are employed from five to ten miles behind the American line, as the battle front is about fifteen to twenty miles from this line. They are much bigger caliber than the boches' guns which fired on Paris. The German guns were nine-inch. The American guns, it has been announced, are 16-inch. The big guns made a great hit with the French who first served them in the St. Quentin and Laon regions. The latter point was completely smashed by them, as were all the enemy railways leading from that town.

Groups of almost similar caliber next appeared at the Meuse salient, when they fired on the Meuse line.

Description of these guns is prohibited for military reasons, aside from the fact that they are transported by rail; the guns are of such size that the French despair of the Americans ever getting them to the front.

Heavy Artillery Reduces Opposition. All the accompanying equipment is entirely American. The monsters were brought over lashed to the decks of ships.

The bombardment of the Metzler-Bedan-Loungouy railway is the most serious development the boche has yet seen since the Meuse valley. The guns are pointed for troops from east to west, and is also the main line for supplies. It is the stem of the bottle neck which the boche must keep open. Breaking of the line means breaking of the connection between the German armies to the east and west, except by an almost impossible circuitous route.

Commander Is Big Chief

The commander of the big guns is the biggest peace spokesman on the west front. He is a monarch when it comes to consideration of his pet. In one instance, when he was notified that the French intended to move his main stem at a certain point, he drove his American engines and care on to the line regardless of other traffic, which was immediately cleared to permit him to pass. All questions of whether the guns could pass through certain tunnels, and whose jurisdiction they would come under were swept aside by the commander with the statement that he had to go through the tunnels and was not looking for proper jurisdiction but targets.

PATH TO FRAGE BLOOKED

gun planned to deliver it soon to the state department.

Hutegary has completed a bloodless revolution and established herself as a separate state, according to further advices today.

Demoralization has struck the allies of Germany. Only the Kaiser's omission appears to block the path of peace. The Versailles conference is making the momentous decisions which will determine the fate of Germany.

Meanwhile America and other associates in the war are driving ahead with their plan for a complete victory.

Musical Expression in Children. A writer says: "The greater part of children's time is spent in ebullient impetuosity and music, and the entire basis of their education is acquired through this directly assimilative faculty." This applies most forcibly in music and gives to those who have the care of children almost unlimited opportunity for developing musical expression.

To Have Good Friends.

The way to have good friends is to be one. The formula for gaining love and service is to forget all about yourself, and love and serve others. The girl who is the center of her life, by thought and planning is likely to be poor in friends because she understands so little of the meaning of friendship.—Pennsylvania Girl.

Out of Sight.

Some men mysteriously disappear and other merry famous actresses.—Whitson Globe.

BATS EPIDEMIC PEAK IS REACHED

(Continued from page one)

from the Mayo Brothers at Rochester, Minnesota.

Kimberly Under Quarantine. Since Saturday last, the town of Kimberly-five miles east of Twin Falls, has been under self imposed quarantine. No passengers are permitted to leave the town at Kimberly, and persons arriving there in automobiles are not allowed to stop. There are no prohibitions against any persons leaving Kimberly. No cases of the epidemic have been reported there.

GRAZING ADVISED—SHEEP TO ROTATE CLOVER APHIS

Extensive investigation has proven that the aphid can be prevented from wintering over in numbers in the crowns of clover plants by grazing fields with sheep during late fall and early winter, states H. H. Smith who reports the University of Idaho at Twin Falls in clover aphid investigations. It is necessary to graze off every vestige of green things is gone. For this reason sheep are recommended. They not only graze more evenly than do horses and cattle but nip the plants held the ground and trample everything bare.

Advice from experienced growers of alkali and fed clover is that severe grazing does not injure the clover. Most growers claim a decided benefit is derived. One important advantage in this treatment is that insect pests other than the clover aphid are destroyed. Banking next to the aphid in destructiveness is the clover seed chalcid which passes the winter in the seed of old clover heads.

Equal importance are isolated clover plants and clover patches which, because of the excessive growth of vegetation, afford the aphid unusual protection from the severity of winter weather and provide a supply of green food later in the fall and earlier in the spring than do open clover fields. There is hardly a hundred feet of unkept ditch bank that does not grow red clover, alkali or dease patches of white clover on which the aphid finds excellent conditions for passing the winter. Where only a few clover plants are present they may be grubbed off during the fall.

A much better practice is to graze ditches with sheep till every plant is eaten into the ground, and, wherever possible follow this by a thorough cultivation. This treatment destroys the aphid, and other pests that seek the protection of ditch-banks for spending the winter.

When sheep cannot be had, burning is a good method of cleaning up ditches. Care must be taken that the ground as well as the vegetation is thoroughly dry. The burning should be done when there is little or no wind.

Headlands, fence rows, and neglected patches may be cleaned up in the same way as ditch banks.

AGED.

Ella—She is as old as the hills. Etienne—I think she is older than some of them.

TOUGH

"Both day and night I'm on the go." The tired chauffeur protested. "I never get a rest, although I often get arrested."

Today's Markets

PORTLAND LIVESTOCK

PORTLAND, Oct. 29.—Cattle—Receipts 131, tons of market steady. Choice steers, \$12.00@12.50; good to prime steers, \$11.00@12.00; medium to good steers, \$9.75@11.00; fair to medium steers, \$8.25@9.25; common to fair steers, \$6.50@8.50; choice cows and heifers, \$8.00@9.00.

OMAHA LIVESTOCK

SOUTH OMAHA, Oct. 29.—Cattle—Receipts 10,000; market, strong to lively. Steers, \$8.00@10.00; cows and heifers, \$4.75@11.50; stockers and feeders, \$6.00@14.25; calves, \$6.50@13.75; bulls and stags, \$7.50@20.50.

CHICAGO GRAIN FUTURES

CHICAGO, Oct. 29.—A weakness in Chicago by local selling was visible in grain futures on the Chicago Board of Trade today. Peace news was also a factor in the decided decline lasting through the forenoon. Provisions were steady.

October corn, off 1 7/8 at 1 1/2 opening, 1 1/8; but 1 1/2 in October corn, down 3/4 at the opening, 1 1/8, 1 1/8; December corn, off 3/8 at 1 1/2 1/2, the opening, was 1 3/8 lower. There was no trading in October oats. November oats, down 3/4 at 68 5/8, the opening, 68 1/4. December oats, down 3/4 at the opening 68 1/4, 64 1/4 by noon.

NEW YORK STOCKS

NEW YORK, Oct. 29.—Median Petroleum which made seasonal gains recently suffered a slide of 14 1/2 points to 106 during the second hour of trading. This startling drop was described on one stock ticker as "violin."

"It can be stated the stock exchange is investigating transactions in Mexican Petroleum, ranging back for a period of weeks. Rumors to this effect have been current for many days. Charges of manipulation were made and the investigation followed."

NEW YORK STOCKS

NEW YORK, Oct. 29.—Prices were generally irregular at the opening of the stock market this morning. United States Steel was off 1/2. Mexican Petroleum, 1 1/2, off 5 1/8; Bethlehem, 70 1/8, off 3/8; Reading, 38 1/2, off 7/8; Marine preferred, 118, 3/4.

Courage and Cowardice.

The thin line between courage and cowardice is not too fine a line, for it runs astride fear. And it must seem insane to be told how one can be either a coward or a courageous man, depending altogether upon which side of the line one takes the first step, but the formula has good in actual practice in our very war. —From "Am I a Coward?" by Eugene T. Harrison, in Physical Culture.

Occasionally.

Occasionally a truthful man goes fishing.—Chicago Daily News.
