Sedan Falls and Victorious Troops Sweep Forward in Unbroken March of Progress—Enemy Resistance Grows Hourly More Feeble With Abundant Evidence of General Breaking Down of Morale of Germany's Machine

LONDON, Nov. 7.—The British continued their progress along the whole battle front yesterday evening, Field Marshal Haig reported today.

The British, attacking between the Scheldt and the Sambre on the French left progressed on the whole front. They captured Aulnoye, Leval, Cartignies and Marbaix, and approached closer to Bavay. On the French right, the Americans advanced west of the Meuse to within four miles of Sedan, occupying Bulson, Harancourt and Raucourt. They reached the outskirts of Mouson. East of the Meuse, they captured Fontaines and Marvaux and reached Harancourt, passing Wilmores.

The Italian war office announced that the movements provided for in the Austrian armistice are being rapidly carried out.

In the Balkans, the Serbs have executed all their intended movements for repatriation of their people. Great numbers of Serb prisoners are returning from Hungary.

WABING A BITTER DOSE

WASHINGTON, Nov. 7.—The armistice terms, not yet made public here, require evacuation of occupied territories. Probably they also demand surrender of a portion of the German fleet and Allied occupation of the rest of it; investment of border strongholds; surrender of a portion of the German artillery and equipment; return of all Allied American prisoners at once. The surrender was an admission of defeat. Stagnant in the field, it put a touch of added humiliation to the bitter dose the Germans were forced to swallow.

SAD ACCIDENT MARS CITY'S CELEBRATION

A sad feature of today's celebration in Twin Falls was the death of a Mrs. Wright about half past 3 o'clock today. Mrs. Wright was struck by an automobile and hurried to a local hospital, where she died a few minutes later.

POLAND A REPUBLIC

NUGENT HOLDS LEAD OF 500 OVER GOODING

Practically Complete Returns From All Counties Show Republicans Elect All But One Senator

(Special to The News)

BOISE—Practically complete returns from every county show that Senator Nugent has been re-elected by around 500 votes. His present lead is 420, and it is believed it will be materially changed. The small vote in the southeast, due to influenza, accounts for this result in the opinion of political students of all parties. With a normal vote it is conceded Gooding would have won easily. There is no change in the other positions, the Republicans electing everything, Borsk by around measure. 2500 and Davis from 18,000 to 20,000.

YANKEE TROOPS FIRST TO ENTER HISTORIC SEDAN

Occupation of City Cuts Principal Communication of the Armies of German Crown Prince

By WEBB MILLER WITH THE AMERICAN ARMIES IN FRANCE, Nov. 7, (1:30 p. m.)—American troops of the first army entered the western outskirts of Sedan at 4 o'clock yesterday afternoon and completed occupation of the city this morning. Capture of Sedan cut the principal communications of the armies of the German crown prince and General von Gallwitz, inflicting a serious defeat on the enemy, who rushed northward in full rout. All French territory in the American zone has been practically cleared, the Germans fleeing across the Belgian border. In the last six days the Americans have advanced more than 25 miles, freed 700 square kilometers of territory, liberated 9,000 civilians and captured enormous stores of material.

French City Goes Wild Over News

Bulletins and Extra Editions Follow in Rapid Succession in Rest

BREST, France, Nov. 7. (6:30 p. m.)—When the news of the signing of the armistice was received here late this afternoon, the city went wild with joy. The newspaper *Dela Vie* issued bulletins and extra editions, while the factory sirens were blown and the whistles on the boats joined in the tumult. American soldiers were kissed and cheered, by the population. Brest is a great landing port for American supplies in France.

London Newspapers Dodge at One Point

LONDON, Nov. 7.—London morning newspapers accept President Wilson's note replying to Germany's request for armistice terms, with the exception of his stand regarding freedom of the seas, on which they are inclined at present to raise a discussion. They believe the situation will adjust itself to the satisfaction of all the Allies.

GERMANS ON THE RUN FROM SAMBRE TO THE MEUSE

THE Germans are apparently in full rout on the entire front from the Sambre to the Meuse. The official report of the French war office today indicated that the enemy lines have crumbled along the whole line of nearly 100 miles. Huge gains were reported at all points on the front and subsequent communications of the past few days have definitely fixed the limits of the advance, today's statement stipulated that the Allied progress is so rapid this could not be done. The French have leaped forward at least five miles on their left flank, clearing the forests of Nouville and Regnavall, and bearing down upon Hirson, from which they are now several miles distant. Captures of the town will close the northern exit of the German armies southwest of the Ardennes, completing their outflankment. French Cavalry in Action At the point where the French line joins with that of the American first army, French cavalry has gone into action again and is reported to be approaching the Meuse between Sedan and Avelines. END OF WAR BELIEVED REACHED BUT NO OFFICIAL CONFIRMATION HAS YET REACHED WASHINGTON

Receipt of News in America Leads to Scenes of Wild Celebration in Every American Town and City—Business Suspended at Many Points—Wave of Genuine Relief and Thanksgiving Sweeps Over the Entire Country

PARIS, Nov. 7.—The Allies and Germany signed an armistice at 11 o'clock this morning. Hostilities ceased at 2 o'clock this afternoon. The Americans took Sedan before the armistice became effective.

The greatest war of all time came to an end at 2 p. m. today. The Allies and Germany signed an armistice three hours earlier on the field of battle. The German delegation had come in to the Allied lines under a white flag.

Sedan, one of the historic cities in Europe, was captured by the Americans this morning after an additional advance of more than four miles.

At the time the document was signed, the Allied armies were slushing forward on a 160-mile front from the Scheldt to the Meuse, tearing the German defenses to pieces and driving the enemy in utter rout. The Americans took Sedan this morning and great gains were made at all points on the battle front.

Before the terms were submitted to Germany, the Kaiser was forced to apply to Marshal Foch and Admiral Weymss as military and naval representatives of the Allies under a flag of truce.

While virtual peace was thus being concluded Germany was in the throes of an incipient revolution at home. A revolt of sailors at Kiel had spread through Schleswig Holstein and several large cities were reported to be in the hands of the revolutionists.

How They Did It

NEW YORK, Nov. 7.—The United Press bulletin which brought the first news to America of the signing of the armistice with Germany was signed personally by Roy W. Howard, now in general charge of the United Press organization in France. The dispatch also carried the signature of William Philip Simms, chief of the Paris bureau.

President Gets News

WASHINGTON, Nov. 7.—President Wilson was informed of the signing of the armistice today by the United Press.

The United Press dispatch from Paris brought the first news to Washington and it was conveyed to the state, war and naval department and to the houses of congress as well as to the various embassies and legations by the President.

Holiday at San Francisco

SAN FRANCISCO, Nov. 7.—A holiday was immediately declared in San Francisco this morning when the United Press informed Mayor Rolph that Germany had signed the armistice. "Let us wait this city after with rejoicing and proclaim the news far and wide," he said. "This is a great holiday."

Pandemonium broke loose as soon as the news reached the city over the United Press wire. Newspapers carrying the story were unable to get enough papers on the street. Business halted. Stores were emptied. Business houses may close this afternoon.

Los Angeles Wild With Joy

LOS ANGELES, Calif., Nov. 7.—The United Press announcement of the end of the war sent Los Angeles wild with joy today.

Fifteen minutes after the first extra carrying the United Press story reached the street, throngs on corners were cheering while fighting for a chance to buy a paper. Papers are known to have sold for as high as \$10 on a single copy. Whistles were blowing, automobile horns clacking, flags went out and business went temporarily to pieces.

Official Report Delayed

WASHINGTON, Nov. 7.—The state department received an official message from Paris shortly after 2 o'clock this afternoon, saying the armistice had not been signed at the time that message had been filed.

The message announcing the signing of the armistice and the cessation of hostilities was filed in Paris late this afternoon, undoubtedly considerably later than the message received by the state department.

Official advice here stated that the

COPENHAGEN, Nov. 7.—The revolution which broke out in Kiel, when German sailors seized two German ships, is reported to have spread into parts of Holstein, where several parties have deserted and are marching on Kiel, waving red flags. The revolutionaries also are reported to hold the major portion of the province of Schleswig.

The airbase at Apenrade has been seized by the revolutionaries, who arrested the airman. Altona and Flensburg also are reported to have been occupied.

A revolt has broken out in Elmberg and an artillery battle is raging in the streets, according to dispatches received by the Politikon.

COPENHAGEN, Nov. 7.—The Wolff bureau (semi-official agency of the German government) has officially confirmed the reports that great riots have taken place in Kiel. It declared,

INTEREST HIGH IN SPEAKERSHIP

Uncle Joe Cannon Sure of Compulsory Vote? Republican Leaders Affirm

WASHINGTON, Nov. 7.—An interesting contest is likely for the speakership of the next house. Half a dozen names were mentioned by Republicans today in connection with the place, which passes from Democratic hands next March.

Uncle Joe Cannon, former speaker, who got a complimentary vote in the Republican caucus that picks a speaker but is not considered seriously for the place.

With Republican control assured by a comfortable majority, Democratic interest centered in their own floor leadership. Kitchin, North Carolina, present floor leader, probably will continue to be the leader. "Speaker Clark" however, is favored by some, particularly from the north and west. Kitchin's lukewarmness on some war measures has alienated some of the Democrats who believe Clark would make better use of the minority strength.

IN WAR TIMES

It's pretty hard work to run a newspaper in war times. When the big get news of the entire war breaks, there is a brief period of demoralization followed by a hectic passage of hours which make everything that has gone before seem like a story from a child's picture book.

When the first news of the signing of the armistice—which amounts to the same thing as a German surrender—reached the News office, there was one outside visitor in the office.

The parade started within ten minutes. Then the News telephones began to hum and for two hours it was impossible to get a phone call out of the office.

Everybody saw the parade—nearly everybody was in it. There is little room for doubt but what the signing of the armistice means lasting cessation of hostilities.

Proclamation Tells Germans to Sit Tight

Declares Maintenance of Order and Discipline Should Be First Consideration

PARIS, Nov. 7 (10:04 a. m.)—Chancellor Maximilian has published a proclamation to the German people, announcing that a delegation to receive the terms of the armistice has been promptly sent to the west front.

"The maintenance of order and discipline with the free consent of the people, in these decisive hours, is an absolute necessity which any democratic government must make its duty to the nation," the proclamation concluded.

Superstitions of Seaman. If a man is ill at sea, his most critical time is when land is first sighted. If he survives an hour after the sighting of land he will recover.

Cruelty to Actors. "Your only applause, quack a star of the movies, 'is the click of the camera.' Obviously, an instance of cruelty to actors. Invention should come to the rescue and equip every movie studio with an applause machine, consisting of a pair of cast-iron hands and an endless string of porcelain caps.—Film Fun.

Another Paradox. "I have noticed in my little journey from hellfire to hellfire," said the oldest philosopher, "that the fellow who pretends himself on being blind in his speech can ask some very pointed questions."

STORE WINTER COAL NOW PRESENT APPEAL

State Fuel Administrator Endeavors to Solve Problem Through Campaign

BOISE, Nov. 7.—State Fuel Administrator C. C. Anderson, through the press and by letters to the coal dealers throughout the state, is endeavoring to organize a "store your winter coal now" campaign throughout southern and southeastern Idaho.

The campaign with the sugar factories has now commenced and will be in full swing by the first of December. After that time and for the succeeding sixty days, from present installations, the coal equipment assigned to Idaho under ordinary circumstances will be largely kept in place by shipments of coal to the sugar factories and other industrial organizations, and dealers themselves will have difficulty in securing shipments.

Dealers generally, who pay attention to the condition of the domestic coal business, state that although a large amount of coal will be available in the early spring, at the present time this has been used to such an extent that practically every domestic consumer in the state can take and store sufficient coal for household use until spring opens.

Farm Bureau Women's Department Makes Suggestions in Conservation Field

Carrying the conservation program into the realm of wild game, the women's department of the Twin Falls county farm bureau has issued a statement setting forth suggestions in this respect as follows:

"Guard against waste of wild meat." should be the slogan of every hunter this year. "All edible portions of the animal killed should be utilized. Do not let wild game be an added luxury; let it take the place of your market meat. No more game than can be eaten should be killed.

Careful preparation of game for the table also will prevent waste. Venison steak should be sprinkled well with salt and paprika, if desired, and cooked quickly. Serve immediately on a very hot platter. Venison steaks require at least three minutes longer to broil than beefsteak. When broiled, it should be sprinkled well with salt and paprika, and put over a dish of hot water to stand a while before serving.

"Rabbit is delicious when roasted." It may be stuffed with a dressing of salt pork, minced onion, and crumbs well seasoned with pepper and salt. The body is then sewed up and roasted one hour. A few thin slices of pork are necessary in the roasting pan, to supply fat. Rabbit meat is almost entirely lean. A gravy made in the pan after the rabbit has been removed adds to the finish of the dish.

"Spiced rabbit is also good." Spiced Rabbit: Cut up the rabbit after it has been very thoroughly cleaned and laid in salt and water for about an hour. Pour some vinegar over it and let it remain in the pickle over night. Then put a lump of fat into a deep stew-pan, cut up an onion in it, adding one bay leaf, about one dozen pepper corns and part of a celery root. Lay the rabbit in this stew, adding part of the vinegar and the pickle over night. Lay the rabbit in this stew, adding part of the vinegar and the pickle over night.

"Wild birds are usually roasted in the same manner as domestic fowl. Since they lack fat, they require careful basting to prevent drying out of the meat. Squirrels are cooked in much the same way as rabbit. Squirrels prepared in the same manner as chicken pie is a special favorite among most lovers of wild game.

“Gee! but it's nice to see a girl like you!”

IT was in a hut at one of the training schools in France. He was a non-commissioned officer. He had been in France for eight months, and now was back from the front as an instructor. He hadn't seen a girl of his own kind, a girl like his sisters, for weeks.

And there she stood behind the canteen counter in this big, roomy, comfortable hut.

He bought a bar of chocolate. Then he drifted over to the group around the piano. Presently he went back to the canteen for a package of cigarettes. He strolled to the reading table and leafed over a magazine. Again he returned—this time for a cake of soap and some tooth-paste.

For a moment the rush at the canteen was over. He loitered at the counter and looked at the girl. She smiled. So did he. Then he blurted out what he had been trying to say for 20 minutes:

“Gee! but it's nice to see a girl like you!”

There are girls like that all over France—in camps, in towns, in the big cities—even at the front itself. They are serving the canteens,

running restaurants, handing out hot chocolate or coffee, pies and doughnuts.

They are giving the huts a look of home—putting bright curtains at the windows, posters on the walls, making flower-gardens at the doors. They are mending for the soldiers.

But, most of all, they are *just being there!* They talk about the things that sound like home. Perhaps they know the very towns and streets and girls that these boys know. They bind together home and France! They are the girls *beside* the men behind the guns!

Without the organizations whose uniforms they wear, these girls could accomplish nothing.

However eager to help, they could not even travel as individuals.

But with the backing of these established, recognized and regulated bodies, they can work wonders.

When you think of war as a brutalizing force, think of American womanhood working with the soldiers in this war—then give, to support the organizations which make this possible.

Why you should give twice as much as you ever gave before!

The need is for a sum 70% greater than any gift ever asked for since the world began. The Government has fixed this sum at \$170,500,000.

By giving to these seven organizations all at once, the cost and effort of six additional campaigns is saved.

Unless Americans do give twice as much as ever before, our soldiers and sailors may not enjoy during 1919 their

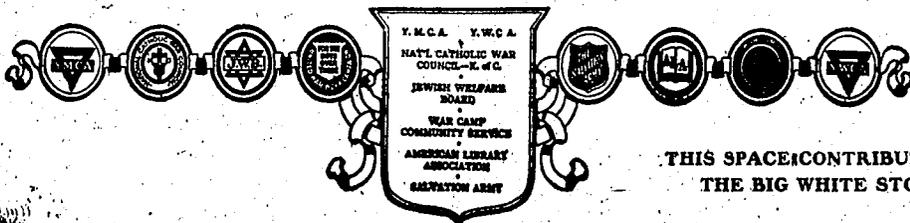

3600 Recreation Buildings	2500 Libraries supplying 5,000,000 books
1000 Miles of Movie Film	65 Hostess Houses
100 Leading Stage Stars	15,000 Big-brother "secretaries"
2000 Athletic Directors	Millions of dollars of home comforts

When you give double, you make sure that every fighter has the cheer and comforts of these seven organizations every step of the way from home to the front and back again. You provide him with a church, a theatre, a cheerful home, a store, a school, a club and an athletic field—and a knowledge that the folks back home are with him, heart and soul!

You have loaned your money to supply their physical needs.

Now give to maintain the Morale that is winning the war!

SIGNING UP OF ARMISTICE IS REGARDED SURE

Students of Conditions Abroad Say End of War Is Merely a Question: Time, Depending on Huns

ACTUAL ACCEPTANCE MAY COME ANY TIME

War Waged Mercilessly in the Meantime With Not Being Drawn Ever Tighter About Enemy

By CARL D. GROOT

WASHINGTON, Nov. 7.—Signing of the German armistice terms was regarded here today as certain and imminent. There was no official confirmation, however, only today of reports that the signing had already occurred.

The government proposes to make public the important tidings as quickly as they come. It seemed likely that no news as to the nature of the terms would be given officially until the German commission reported as passing the Allied lines had taken action.

It was suggested at the state department that this commission might wire back the nature of the terms before getting full authorization to sign or reject.

Only One Course Open

Signing seemed to authorities about the only course easily open to the enemy. Rejection is scarcely given a thought, though if Germany elects that course, United States-Allied war plans contemplate a punishment that will bring the German to his knees.

Once the armistice is signed, it is likely that the whole German system will relax into an upheaval that will sweep the Kaiser out, provided he has not already abdicated, according to the view of the state department authorities.

CLOSE OF WAR IS BELIEVED OVER COUNTRY

Commissioners at the front were to meet this afternoon. This fact, checked up with the transmission of the United Press cablegram, which passed by the censor in Paris, showed that there was sufficient time for the cablegram to have reached New York at noon, New York time, when it was received and passed by the naval censor in New York.

RESUME/INEVITABLE

PORTLAND, Ore., Nov. 7.—"Bully." That was the remark of Senator Chambliss, chairman of the senate at

airs committee, when word that Germany and the Allies had signed an armistice was telephoned. "That is fine," he continued. "But the result has been inevitable since America placed two million men in the field."

STOCK EXCHANGE CLOSED
NEW YORK, Nov. 7.—On account of the announcement that followed the announcement of the signing of the armistice, the New York Stock Exchange announced that the exchange would close at 2 o'clock. The jubilation was so great that trading was impossible. The market was very strong at 2 p. m. Some price stocks reached their highest records.

TODAY'S FIGHTING LINES
Today on the west front, the battle line apparently was located as follows: Seltzau on the Dutch frontier, southward through Rheintal and Aachen, southward along the Scheldt to Tournai, southward through Coude to the vicinity of Maubeuge; southward to the vicinity of Htraux; southward to the vicinity of Sedan; southward along the German border to the vicinity of Badonville; southward through German territory to the junction of the French, German and Swiss borders.

PREPARED FOR PEACE
BERLIN via wireless to London, Nov. 7.—From reports of our plenipotentiaries to the west front, it is concluded that formal development of armistice measures will follow shortly. It was officially announced here today that it was officially announced here today.

The Berlin wireless was dispatched before the armistice was signed and indicates plainly that Germany fully had made up her mind to accept the Allied terms.

Germany's Last War Communique

Next Official Message Will Announce Signing of Armistice

BERLIN, via London, Nov. 7.—Between the Dole and the Scheldt, the enemy, by heavy attacks endeavored to hinder the methodical continuation of our movements which were continued Monday. The German war office announced today.

(Note—The above is probably the last official statement from the German war office on military operations, as the next communique undoubtedly will contain announcement of the signing of an armistice.)

League of Nations Definitely Assured

Freedom of the Seas to Be Placed in Keeping of the Association

By RAYMOND CLAPPER
WASHINGTON, Nov. 7.—Organization of a league of nations has been agreed to by the Versailles conference, diplomats said here today.

"That freedom of the seas" will be placed in the keeping of the league is believed likely—though Great Britain is desirous of maintaining her naval supremacy at least until the effectiveness of the international organization is demonstrated.

The merchant who has a price—

The capital went wild with the news. Extras based on the United Press flashed announcing the war's end sold by the thousands. People gathered in great throngs and read the news excitedly.

Army aeroplanes swept into the sky within 15 minutes after the news came, looped the loops and flashed over the city from line to line celebrating the event.

Rig guns at Fort Myer boomed forth. Work stopped in all departments over the city as the news was relayed one after another from the United Press office.

Everywhere there were shouts of joy that the struggle had ended.

GERMAN OFFERS HELD IN OBIP OF GENERAL STRIKE

(Continued from page one)

however, that order has been restored. The general strike continues. Confirmation also was made of riots and a general strike at Hamburg and Lubeck.

Hamburg, a city of 750,000 population, is located on the Elbe river, 70 miles from its mouth. Altona, with 75,000 population, is located on the west bank of the river opposite Hamburg.

Niel is the great naval base, where the German high seas fleet has been in hiding since the battle of Jutland. It is also the most important submarine base. It is believed possible that the revolution, which began with the mutiny of German soldiers at Kiel, may have resulted from the high seas fleet being ordered out to meet the Allied fleets.

Florenburg is a seaport of 50,000 population, 45 miles northwest of Kiel. Apenrade, one of the principal aviation centers, is 15 miles north of Florenburg. It has a population of 6,000.

Reichenau and Holstein together with Lauburg, were wrested from Denmark by Prussia in 1864 during the first of her wars with Austria. Prussia's defeat of Austria in 1866 enabled Prussia to incorporate these provinces in her territory. "The population is largely German, which has always been true, under Prussian and German rule."

The area of the provinces is about 7,300 square miles and the population in 1900 was 1,287,968.

The Kaiser is one of the largest German armaments. She has a tonnage of 24,700, is 564 feet long, and has a speed of 23 knots. She carries 12-inch and fourteen 5.9-inch guns. She was built in 1912. Her crew numbered 1,150.

The Schleswig-Holstein is a pre-dreadnaught of 14,200 tons. The workmen's and soldiers' council issued the following proclamation:

"Comrades, the present days are historical and political power are for the first time in the hands of the soldiers. Great work is ahead for this organization. The preservation of order is necessary."

END OF WAR REACHED BUT NO OFFICIAL CONFIRMATION HAS YET REACHED WASHINGTON

(Continued from page one)

Washington United Press bureau. The United Press flash reached here at exactly noon and at 12:15 p. m. no official word had been received.

After President Wilson Secretary of War Baker was the first to learn from the United Press of the signing of the armistice.

"He took it calmly, seated at his desk behind a pile of war white envelopes, waiting to see him, he was handed the announcement."

"Is that so?" said Baker with only a trace of emotion. He made no other comment.

The general staff at the time was hearing of it through the cable censor's office.

Shortly after Baker learned the news, Secretary of State Lansing was handed the United Press cablegram. He was reserved, but the news was a cause of relief. The signing of the armistice caused no surprise to cabinet members. Only this forenoon Secretary Daniels had said:

"They will make it in the expected moments of the signing was effected momentarily from General Bliss at Paris, while diplomatic and naval officers expected news from their reports."

The capital went wild with the news. Extras based on the United Press flashed announcing the war's end sold by the thousands. People gathered in great throngs and read the news excitedly.

Army aeroplanes swept into the sky within 15 minutes after the news came, looped the loops and flashed over the city from line to line celebrating the event.

The War Today
J. W. T. Mason.

By J. W. T. MASON
NEW YORK, Nov. 7.—The revolution which has broken out in the Schleswig-Holstein strikes the German empire at its weakest point. If the revolution is successful in breaking up of the Hohenzollern dominion, in a manner similar to that which has occurred to the Hapsburg empire, the end practically is certain.

Schleswig-Holstein was wrested from Denmark by the Kingdom of Prussia in 1864 by a policy of ruthlessness which laid the foundation of Prussia's paramount position in the future German empire.

Republicans Secure Another in Illinois

Looks Like Twenty-two G. O. P. Men and Five Democrats for Lower House

CHICAGO, Nov. 7.—Probability of a Illinois gain of one congressman in Illinois was soon today when a fairly complete count showed Break, Republican, leading Representative Foster, Democrat, by a small margin in the 23rd district. County districts wiped out Foster's lead in the count.

With twenty precincts unsupported, Break's lead was more than 200 votes. In the event of Foster's defeat, Illinois will be represented in the next house by twenty-two Republicans and five Democrats.

Representative Rainey, Democrat, has been re-elected in the 23rd district, by approximately 2,000 plurality. This was the only other doubtful district in the state.

REPUBLICANS IN LEAD

ALBANY, N. Y., Nov. 7.—With practically complete returns in this morning, the New York congressional delegation is made up of 23 Republicans and 50 Democrats, indicating a loss of three Republicans.
