Von Hindenburg Declared to Have Placed Himself at Disposal of Government in the Interests of Public Good

LONDON, Nov. 12.—Field Marshal Von Hindenburg, variously reported to have accompanied the former kaiser into Holland and to have remained at headquarters, is now said to have placed himself at the disposition of the new German government in order to prevent chaos.

This report was received from Copenhagen in a dispatch which quoted a "reliable authority." The dispatch said the workmen's and soldiers' council at Cologne sent three representatives to confer with Von Hindenburg at main headquarters at the latter's invitation. The Paris Matin publishes a dispatch from Zurich reporting that republicans have proclaimed in Berlin and Wertheimburg.

World Units With Franco

Louvre are reported to have marched through the streets of Strasbourg, banners with the inscription, "We wish to unite with France, the motherland."

The sailors of four warships in the Baltic are reported in an Amsterdam dispatch to have joined the revolutionaries.

The German frontiers are entirely open, Amsterdam reports. The guards throw down their arms and great numbers of German officers fled into Holland. Dutch munition workers have been ordered from Germany.

Revolution Is Complete

LONDON, Nov. 12.—A complete revolution through all of Germany has practically been achieved but with little bloodshed, it was indicated today in rapidly increasing dispatches. The workmen and soldiers' committees are in control of nearly every important city. The latest to be taken over are Danzig, Dresden, Koelnburg, Strasbourg and Karlsruhe.

The latest reported abdications are the grand dukes of Mecklenburg and Saxe-Weimar. Of 20 thrones, 10 have been abandoned. The remaining 10 states are in the process of forming new governments.

It is believed that the former kaiser's 182 palaces, chateaus, and shooting boxes in Germany will be confiscated. His private bank has been appointed governor of Kiel.

REDISTRIBUTION OF TONNAGE TO START AT ONCE

All Ships Released From Transportation of War Materials May Recommence Commercial Trade

WASHINGTON, Nov. 12.—Redistribution of tonnage to take care of foreign trade will be started at once. Officers of the United States shipping board declared today they were giving immediate consideration to this phase of redraftment that American commercial life may soon be turned toward its normal course.

South American interests which have been left out of all available ships would be sent into trans-Atlantic trade; have informed their needs would be met at the earliest hour. Seventy-five ships now under General Pershing's direction along the French coast will be returned within 10 days to begin trading between the two Americas.

Commercial Traffic Opens

Tonnage made available by the suspension of transportation of war materials from South America will be free to proceed at once, in commercial trade.

HISTORY OF KAISER'S DOWNFALL TRACED TO SPEECHES OF THE WAR

William of Germany Descends From Heights of Supreme Arrogance By Gradual Though Steady Stages to Depths of Despondency But Never Has Been Willing Publicly to Accept Facts as Evidence of Defeat

LONDON, Nov. 12. (British Admiralty Wireless).—British newspapers give prominence to some of the Kaiser's statements during the war:

In 1914 he said: "Before the leaves fall from the trees, we shall be back again in the dear fatherland. Exterminating first the treacherous French and scaly over General French's contemptible little army. You, my troops, are my paragon and can dictate peace to my enemies."

"God's (Gott's) goodness will guide the German people through battle to victory—to the goal appointed for the German people by Providence. I have drawn the sword which without victory and without honor I cannot sheath. To the dust with all the enemies of Germany! Amen."

Draughts Nearing Close

In 1915 he said: "Our brave soldiers have shown themselves invincible in battle against nearly the whole world. The war drama is now coming to its close."

He also said: "America had better look out after the war. I shall stand no nonsense from the Americans."

"My destructive sword has crushed the Russians. In a short while I will announce new victories. In a just cause, I am ready to force myself to be cruel."

In 1916 he said: "The world was prepared for anything, but never for victory of the German fleet over the British. Fear will creep into the bones of the enemy. Bismarck has been taken. What a magnificent success on the road to complete victory."

Germany Inevitable

"With God's (Gott's) help, Germany is invincible in spite of the superior numbers of our enemies, and every day confirms this. The foe is defending his native soil foot by foot. This is the resistance of despair, but it must be broken. He has prepared his own and now he can see it."

"All Germany contemplates with pride her brave sons whose deeds, with God's (Gott's) help, will be a landmark on the road to final victory."

In 1917 he said: "If the enemy does not want peace, then we must bring peace by battering in with the iron fist and shoving sword the doors of those who will not have peace. Victory in the coming year will open to us on our side and that of our allies."

England Must Suffer

"If only we cast the burden on the Lord (Gott) he will smite the too big and thigh as he did Amalek, the prototype of perfidious England. The enemy has got to strike his iron until, exhausted, he lays down his arms. England is particularly the enemy to be struck down however difficult it may be."

"The year 1917, with its great battles, has proven that the German frontiers are inviolable."

WARNS COUNTRY TO PREPARE FOR FURTHER BONDS

Present Chaotic State of World Finance Will Continue to Make Heavy Demands on American Cash

WASHINGTON, Nov. 12.—The chaotic condition of world finance makes it necessary for the American people to prepare for further heavy taxation and bond issues, Secretary McAdoo warned today.

"We do not know exactly where we stand," said McAdoo. "We know there are hundreds of millions of dollars which the war department must spend but we do not know how long the heavy burden will last. Of this much we are sure, there must be Liberty loans and there must be a long season for heavy taxes."

Further credits are expected to be made to the allies. But McAdoo said.

Present Whereabouts of Former Emperor Shrouded in Mystery

Informant Awaits William Hohenzollern if This Has Not Already Taken Place

LONDON, Nov. 12.—Conflicting reports were received today regarding the present whereabouts of William Hohenzollern, the former kaiser, and what disposition the Dutch government would make of the person. It was generally agreed, however, that he would be interned, if such action already had not been taken.

The Hague correspondent of the Daily Mail, declared the ex-kaiser had been interned in a chateau between Arnhem and Utrecht.

A better dispatch from Amsterdam quoted a high authority as saying he would be interned.

METZ MAY BE NEXT FRENCH HEADQUARTERS

Belief General However That Great Peace Conference Will Be Held in Versailles—Germans Weep Over Terms

By JOHN DE GANDT

PARIS, Nov. 12.—That French general headquarters will be transferred to Metz within ten days, was the general belief expressed here today.

The Parisian courier says it understands the Allied premiers will soon meet in Versailles to consider the peace problems. It is believed there is a strong probability that the peace conference will be held there.

The German courier arrived at the French lines from Spa, Sunday night, carrying instructions from General Dismont that he was to proceed to Metz.

Disruption of the terms in Marshal Foch's sleeping car lasted from 1 to 5 a. m. Monday. The German delegates made no contact over points they knew it was useless to discuss, but asked minor concessions and asked amendments to the original terms. The armistice, it may be stated, however, was signed as first dictated by Foch.

Food Problem Presented

The delegates were reinforced by four specialists to press the necessity of feeding Germany. They described food conditions as German and pointed out the reduction of the neutral zone east of the Rhine was granted.

The delegates recognized four financial paragraphs as those put down by Bismarck in 1874. They asked special facilities to transport the army, by way of the Rhine.

Mathias Erberger, leader of the Catholic party and chairman of the German delegation, will remain as secretary.

German General Weeps

General Winterfeldt wept bitterly when he signed the document.

The German delegation took a special train from Reims to Tergier, where a German automobile met them and carried them back to the German lines.

USE PRISONERS FOR REBUILDING

Necessity of Reconstruction of Devastated Areas Provides Employment

WASHINGTON, Nov. 12.—German and Austrian prisoners of war will probably be utilized in rebuilding territories devastated by the enemy. This was one conclusion drawn by officials here in accord with armistice terms.

It is appealed for the necessity of continuation of food conservation in the "without reproaching."

High authorities confirmed the belief that enemy prisoners would be put to work.

"This course is justified in view of the damage done by the Central Powers to occupied territories and also by the fact that Germany took thousands of Belgians and French into her own country to work during the war, is the thought advanced here. Also the drain of war has created a shortage of manpower in England, France and Belgium such as will make it necessary for their troops to return home to work as rapidly as possible.

GREAT PROBLEM NOW TO PREVENT SPREAD OF BOLSHIEVISM ABROAD

Anti-Peace Party May Develop Over Germany as Result of Severity of Armistice Terms—Abdication of Kaiser May Result in Modification to Some Extent of Original Text of Agreement

SOLE WOULD HAVE TERMS SOFTENED TO ASSIST IN QUELLING REBELLION

By ROBERT J. BENDER

WASHINGTON, Nov. 12.—America and the Allied nations now face the great problem of rehabilitation in Germany and the spread of Bolshevism throughout Europe.

President Wilson, in his address to congress announcing the armistice terms, carried a direct appeal to the German people to strive quietly to gain self-control of their present situation. And countering this, Dr. Boff, the German foreign secretary has sent the president an appeal to soften the conditions imposed upon Germany, by her enemies, to assist the new German government in preventing rebellion.

Germany Appeals For Assistance To United States

Former Empire Must Have Immediate Aid in Controlling Internal Situation

WASHINGTON, Nov. 12.—Germany has appealed to President Wilson—and thus to the Allies—for immediate aid in controlling her internal situation.

Following the note of Dr. Boff urging the president to soften the armistice conditions—interpreted here as a plea for food—the German government is now reported to have asked for the opening of peace negotiations that food supplies might be made available and famine averted. This is regarded as an appeal for recognition of and thereby moral aid to present German authorities.

FOOD NOW GREATEST PROBLEM

It may be said that the German situation has changed the whole program of peace—and may serve to change in some ways the application of the armistice terms. What alterations, if any, in the latter may be possible, however, are not yet discussed.

One modification in the armistice terms is believed likely in the matter of freeing German ships now idle in their harbors. The armistice terms would make these subject to seizure, but President Wilson has suggested "presently" they should be made available for carrying needed food supplies to the Central empire.

Hoover Declares Famine Is Mother of Anarchy and Makes Stirring Appeal for Further Conservation

WASHINGTON, Nov. 12.—Warning against famine and anarchy in Europe, food administrator Hoover today declared the American people must conserve food along new lines, that Europe may be saved.

"Famine," he said, "is the mother of anarchy. If we value our own safety and the social organization of the world, if we value the preservation of civilization itself, we can't sit idly by and see the growth of this cancer in the world vista."

He declared there are conditions of famine in Europe "that will be beyond our power to remedy."

"There are 40,000,000 people in North Russia to whom I fear little access with food can be obtained this winter," he said.

PARIS LAUGHS FOR THE FIRST TIME IN YEARS

Whole City Given Up to Celebration and Merriment—American Soldiers are Wildly Cheered

PARIS, Nov. 12.—Paris is smothered with allied flags.

News of the signing of the armistice became generally known at 6 o'clock in the morning through bulletins posted in cafes, shops and other places.

The first announcement was made in a bulletin in the Cafe Anglaise, formerly the Cafe Viennois, whose manager was famous as the double of Franz Joseph, the late Austrian emperor.

It read: "The armistice is signed. Vive Les Allies."

American doubloons, awaiting the report in an apartment block in Champs Elysees, were being thrown in the air every hour. Throngs of women and girls carrying flags and flowers, were everywhere. People laughed, cheered and shook hands.

A handful of Georgia soldiers who were a big success in an expedition against the Bolsheviks, were carrying a huge American flag.

A truckload of Yankee football players had its way through the crowd, and was laughingly cheered.

WILL ESTABLISH BIG RESERVE OF FOOD SUPPLIES

Herbert Hoover to Leave for Belgium at Once—Needs of Europe Will Be Great for Long Time

WASHINGTON, Nov. 12.—An enormous food reserve will be collected in France under direction of the Quartermaster General of the Army, Herbert Hoover, announced today. Hoover, and Secretary of War Baker, will put into immediate effect a national program for sending to Europe quantities of food to meet the dire needs.

When armistice negotiations are sufficiently carried out to permit distribution, Serbia, Southern Austria, Montenegro and other nations, where there is a distressing need, will be supplied from the quartermaster general's stock.

Hoover announced that he will sail for Belgium Friday to be in charge of Belgian relief and reconstruction work for the American government. Robert Taft, Prof. Chaffin, J. W. Halliwell and Dr. Alfonso Taylor, will accompany Hoover.

Chairman Hurley of the United States shipping board will leave at the same time for Belgium. The purpose of his trip has not been made public.

GOVERNMENT DEPARTMENTS WERE GRANTED A HOLIDAY

WASHINGTON, Nov. 12.—America's first work day was observed in the establishment of just democracy throughout the world, said President Wilson in a proclamation announcing the signing of the armistice. He said:

"My Fellow Countrymen: The armistice was signed this morning. Everything for which America fought has been accomplished. It will now be our fortunate duty to assist by example, by sober, friendly counsel and by material aid the establishment of just democracy throughout the world.

(Signed) "WOODROW WILSON."

The president then ordered that all government departments be given a holiday.

EXTRA TIME GIVEN

LONDON, Nov. 12.—(1:55 p. m.)—Mathias Erzberger, chairman of the German armistice delegates, has wired the German authorities that the time for the evacuation of the Rhine has been prolonged 24 hours, in addition to the five days already granted for specific operations, thus prolonging the time for movement entirely beyond the river to 31 days.

BRUSSELS AGAIN LIGHTED AT THE ALLIED FRONT, Nov. 12

BRUSSELS was reported last night to be as brilliantly lighted as in peace times.

The Germans were successful in keeping out of reach of the British army points, but cavalry and armistice were preserving contact with the enemy.

United War Work Campaign State Manager Declares Need Greater

(Special to The News)
Boise, Idaho, Nov. 12.—State Campaign Manager Richard E. Randall of the United War Work Campaign has urged the following special message to the workers in the United War Work Campaign drive, and to the people of Idaho, as a result of the armistice:

"Go harder, the need is greater than ever. Don't slacken anywhere along the line. The war is ended but its horrors have not. Don't be misled by the idea that there is no further need of welfare work among the soldiers. Now, more than ever before, do our heroic boys need the helping hand, the friendly service, of the seven welfare organizations. The United War Work Campaign must be finished. Make Idaho the first across the top with her quota of 4000. Let the rest of the country follow her lead."

LONDON, Nov. 12.—Special constables were called out today to assist the police in handling the crowds celebrating the signing of the armistice.

"DIGGING IN" ON THE WINTER CAMPAIGN

GERMANY MUST MOVE QUICKLY

Armistice Terms Give Little Time for Evacuation of Occupied Country

WASHINGTON, Nov. 12.—Germany must evacuate, instantly, France, Belgium, Alsace-Lorraine, Luxembourg, Rumania, Russia and Turkey. She must yield up to the allies vast quantities of war material, including artillery and airplanes, surrender 160 submarines, permit internment of 21 cruisers and battleships and fifty destroyers and disarm all others. And she must permit United States-Allied garrisons of important Rhine crossings and strategic points and occupation of strategic points.

These are the outstanding terms of the armistice to which Germany bowed—conquered—today, as revealed by President Wilson before congress. He declared the war is over and pictured Germany denied of her military strength and her plotting militarists leaders.

But he warned now of a fresh peril. While he did not so term it, the image he presented was that of Bolshevism and he warned that Germany must not seek "the treasures of liberty" with "the light of the torch."

CASSIA OVERSUBSCRIBES ITS U. W. W. FUND QUOTA

Chairman O. A. Sunderlin Reports Success Attained in First Day of Campaign for \$13,000

(Special to The News)
BURLEY, Ida., Nov. 12.—Chas. A. Sunderlin, chairman of the U. W. W. campaign for Cassia county, announced today that Cassia county has already exceeded its quota of \$10,000. The Burley district, with a quota of \$6,500 has raised over \$10,000 in Sunday's drive. Albion State Normal school with a quota of \$800, has raised \$1,000 and the town of Albion has raised \$600. Declo has raised \$1,000. Lost River Valley over \$1,500; Oakley has not yet reported. Cassia county will exceed its quota by 50 per cent, and is the first county in the state to go over the top in this drive.

SOCIALISTS OF GERMANY WILL DO GOOD WORK

Party Expected to Prove Backbone of Nation in Trying Times Ahead, Say Students

By CHARLES E. HEVIN (Socialist candidate for Governor of New York in recent election)
NEW YORK, Nov. 12.—There is no doubt in the minds of all who know something of the German socialist movement that chaos and the dark will not descend on that country, that order, real order, the real will of the self-controlled people, will come and come quickly.

The news dispatches very significantly called attention to the fact yesterday that the socialists were restoring order in Berlin.

The socialist party of Germany is the oldest socialist party in the world and was the strongest at the outbreak of the war. It maintained a close relationship with the labor unions and the co-operatives and had the largest treasury of any workingmen's party in the world.

Organized in the late sixties, it polled three per cent of the vote in 1917, close to August Reibel and William Liebknecht to the reichstag. Both were imprisoned for opposing the government in the Franco-Prussian war.

Otis Grieshaber Makes Supreme Sacrifice—Time at Front Was Short

Private Otis Grieshaber of Buhl, who died in action in France October 12, is commemorated in the editorial note published today, was the son of Mrs. Kate Grieshaber, who was officially notified November 4.

Otis Grieshaber left last June with the selective service contingent for Camp Lewis. He was there but a short time when he was sent to England for further training. From England he went to France and had been in action but a short time. He was slain in Buhl for about ten years where he helped to farm the D. E. Darley farm adjoining Buhl.

American Troops Begin Attack When Notification of Armistice Is Received

By WERR MILLER WITH THE AMERICAN ARMIES IN FRANCE, Nov. 12.—The first official announcement of the armistice was picked up from the Eiffel Tower wireless about 6 o'clock Monday morning.

Rumors had been afloat throughout the army all night, that the armistice would not be signed. At dawn the Americans and French started to advance. General von Wimpffen found no boches to oppose them; at others they encountered stiff resistance. Aviators were ordered not to attack the enemy.

The German orders to cease hostilities sent out by wireless, instructed the German soldiers to stop firing at 10:55, which is 11 o'clock French time. Owing to the thick fog, the American aviators, which included Captain Eddie Rickenbacker, were unable to observe the German movement.

VETERANS HOLD MEETING

Several of the veterans of the Spanish-American war of this vicinity met Sunday afternoon at the commissioners' room at the court house and took in the steps toward the formation of a county organization. K. R. Glager was selected as temporary chairman, and H. L. Locklin as temporary secretary. The names of about thirty men who are eligible for membership were collected to be notified of a second meeting to be held at the same place on Sunday afternoon next.

New Legislation Must Be Enacted

Army Will Go Back to Pre-War Strength Unless New Laws Are Passed

NO TIME NOW TO STOP WORK

WASHINGTON, Nov. 12.—New legislation will be necessary to maintain an army of proper strength after the peace treaty is signed, Secretary of War Baker said yesterday. Under the present laws enlistments terminate at the conclusion of peace.

Unless further legislation is obtained the army will have to go back to its pre-war strength.

The secretary did not indicate the nature of the legislation desired.

Cargo ships will continue the movement abroad without cessation of any sort, Baker said. Troops now loading are largely medical and personnel men.

HE AWAITES DISPOSITION

WASHINGTON, Nov. 12.—The former Kaiser is in Holland, awaiting the decision of the Dutch government regarding his remaining in that country, according to a German wireless received at the state department today. Hindenburg did not accompany the Kaiser, the wireless said, but is still at the German headquarters.

THE TRUTH ABOUT CANDY

Shall we save the Candy Industry?

It is not the wish of the government to destroy industry. When people know the truth about the candy industry, they immediately recognize candy as a wonderful food product—one that is rich in nutritive values—a necessary food for people who work hard.

Sugar is a necessity. We do not take our requirements of sugar, a spoonful at a time. Some people like their sugar in candy form. And they are just as much entitled to it in that form as others are entitled to have it melted in their coffee.

In 1916 (the last normal year in the industry), there were approximately 2500 candy factories in the United States, using about 8% of the sugar consumed in the entire country. A much smaller percentage than anyone thought. You thought it much higher, didn't you?

The capital invested in the industry was then more than \$110,000,000; greater now.

It is the thirty-eighth largest industry in the United States. It employs normally 100,000 people, 75 per cent of whom are women. It makes possible, to a large extent, the chocolate and paper box industries, with their millions invested, and employing thousands more people—mostly women.

FLU CASES IN FUTURE TO BE QUARANTINED

County Board of Health Adopts Suggestions of Councilman A. L. Swim as a Precaution Against Spread of Epidemic

Under regulations approved Monday by the county board of health, all the buildings housing influenza will be quarantined and all influenza cases will be quarantined. The quarantine is to apply only to persons actually victims of the disease and not to relatives or other members of the family. Special police officers are to be designated in each city or town within the county to enforce these regulations.

The regulations adopted by the county board were prepared and submitted by Councilman Arthur L. Swim, chairman of the Twin Falls city board of health. The city has agreed to cooperate with the county in the enforcement of these regulations as a precaution against the spread of the influenza epidemic.

Following are the new regulations: The county board of health proposes: That public meetings, religious, political or otherwise, be deferred for the present and that congregations of people in public places be discontinued.

That all telephone instruments in public places be fumigated or disinfected daily.

That all hotels, restaurants and soda fountains observe strictly the regulations providing for disinfecting dishes, spoons and other utensils in boiling water after each use.

That barbers' disinfect razors, brushes and towels, no such apparatus to be used twice in succession without disinfecting.

That the use of cigar trimmers in public places be discontinued.

That all buildings housing influenza cases be quarantined.

This need not apply to the attendants or members of the family, but only to those actually having the disease.

The mayor of each city or town designate one or more police officers especially to enforce health regulations.

C. D. WEAVER, County Health Officer, Approved November 11, 1918. O. F. CARLSON, Chairman County Board of Health.

BISHOP GORMAN URGES WAR WORK SUBSCRIPTIONS

Head of Catholic Church in Idaho Sends Message to Congregation

Rev. N. P. Hahn, rector of St. Edward's Catholic church, rector of St. Daniel's, rector of St. Joseph's, rector of St. Mary's, rector of St. Peter's, rector of St. Paul's, rector of St. Rose, the following letter urging subscriptions to the United War Work fund, which would have been read at the regular church services but for the epidemic against public gatherings prescribed by the state board of health during the influenza epidemic:

Bishop's House, Boise, Idaho: Reverend and Dear Father:

During the week of November 11, the United War Work campaign will be conducted in the interest of the organizations approved by the War Department Commission on Training Camp Activities. One of these is the National Catholic War Council, representing the faithful of our country.

The purpose of this campaign is to raise \$170,500,000.00 in order to provide adequate funds for the recreational and moral welfare of our boys in the service. It is vitally important that all Catholics take an active part in this United War Work campaign.

Let us again remind you that men and money are necessary to win the war. In a way we are on the firing line. It would be treason for any Catholic to be inactive or indifferent at this critical time. The souls of our departed soldier boys are appealing to us, inviting our hearty cooperation. Their duty was no greater than ours, yet thousands of them have made the supreme sacrifice. All that our government asks of us is that we give for the several organizations in that we "lend as they fight."

This is not an appeal for Catholic boys alone or for Catholic interests, but it is an appeal for all our brave men fighting for post-war justice.

Dear Brothers, I am calling your attention, through the Clergy of the Diocese, to this approaching appeal for contributions, so that you may be prepared to give to your enthusiastic cooperation. I humbly request you to appoint The Rev. Thomas J. Purcell and John J. McCay, as heads of a diocesan committee to direct and assist in the campaign.

Praying the Dear Lord to bless the work and the workers for God and country, I am, Very sincerely in Christ, DANIEL M. GORMAN, Bishop of Boise.

GOODING GLAD G. O. P. HAS WON STATE CONTROL

Says Fight is Not Over, and Will Not Be So Long As Townley and His Followers Have Any Standing in Idaho

Frank R. Gooding, who has seemingly lost the election for the short term in the United States senate from Idaho, has given out the following interview, reviewing the recent political campaign in Idaho, and its results:

"It is not unusual in a great fight like the one we have had in Idaho that someone should be called upon to make speeches."

"As soon as I learned the true conditions in Idaho, I knew the state could be saved only through a campaign of education, exposing Townley, LeBeuer and his gang, showing them up to the people in their true light."

"Someone had to make the fight for Idaho and I would rather have made the fight and lost than not to have made the fight and won, for, after all, a seat in the United States senate is an empty honor compared with a place in the hearts of the good people of this state. There is only one thing worth living for in this world and that is the respect of the people. A public servant, or a man who serves the people as a public servant and serves them in the hearts of the good people of this state without the respect of the good people of the state or nation would better have never served the people at all."

Thanks Laboring Men

"Many things are very gratifying to me in this campaign, one of which is that I had the support of a large percent of the laboring men of the state. Especially in this time of the railroad men in Portland and other places. The I. W. W. forces have for years been trying to poison the laboring men against me. I want to assure the laboring men of this state that wherever the fortunes of life carry me, in the future as in the past I shall always be their friend. For fourteen years of my only life I worked for day's pay and I know and understand that if this government is to prosper the laboring man's interests must be advanced and he must be given a square deal. What we want in this country and must have is a square deal all around, and that is what I have always fought for, as my record shows."

"If anyone thinks this fight is over because election is past they have made a mistake. I promised the people in the campaign that I should continue my fight against anarchy, treason and rebellion until the end. Many new people have come to the state since I had the honor of serving them as chief executive and I am glad to have them know something through me of the assassination of ex-Governor Steinboerger and the blot left upon the fair name of Idaho by the repetition of the word and Pathos of the greatest crime ever committed on American soil."

People Had to F... "I had but one thought in... and that was to educate the people as far as possible to the danger of such men as Townley and LeBeuer and those associated with them, who, it is proven conclusively by recent records, were in sympathy with Bill Heywood and the I. W. W. organization—the greatest criminals this country has ever produced."

"It is this dangerous element that the good citizens must fight against at all times and I accept my defeat with the knowledge that can come to any commonwealth—the success of Townley, LeBeuer and McKelvy."

GREGG SCHOOL COMPLAINT

M. S. Hoover of Local Business College to Test Validity of Closing Order

The validity of the state and county boards of health closing order during the present influenza epidemic as against business colleges is questioned in a suit filed Monday in district court here for M. S. Hoover, proprietor of the Gregg business college, Twin Falls, by T. K. Hackman, his attorney. Hoover asks for an injunction order to issue against Dr. C. B. Weaver, county health officer, and against F. L. Simpson, prosecuting attorney, to restrain them from continuing to threaten prosecution of him if he opens his school.

Attached to the complaint are copies of the students enrolled in the government bureau calling attention to the need for graduates of business schools.

Discussing the case today Hackman called attention to the fact that several of the students enrolled in the Gregg school are here under considerable expense while prevented from continuing their studies. His client is willing, he said, that students who contract influenza should be quarantined, but he objects to the closing of his school, particularly in view of the fact that there have been no influenza cases among his students.

Where Beauty is More Than Skin Deep

WE never saw a motorist who wouldn't admit that the Black Tread and Red Sides combination in Diamond Tires makes the handsomest tire equipment he ever saw.

But we're here to tell you that you can't see the real beauty about Diamonds—their husky strength and long mileage. You read about it on your speedometer after thousands of miles.

Take our "tip!" Try one Diamond! It'll cost you less than the average tire, and before long, you'll want Diamonds "all around!"

Diamond Tubes don't deteriorate while you carry them as "extras." They hold their life for years.

WHERE LAW APPLIES.

Some interesting law points are involved in the action of certain members of the board of county commissioners with reference to the appointment of a sheriff to fill the unexpired term of Frank M. Kendall, whose resignation, to take effect Monday, was as soon as his successor was appointed, was filed with the board some weeks prior to the election.

Whether or not the commissioners entered into an agreement with Mr. Kendall that the sheriff-elect should be appointed to this place, as has been generally understood, has no bearing on the questions of law involved, although this circumstance cannot but be of a weighty consideration with the public generally in rendering its verdict on the conduct of certain of the commissioners in the premises.

In the first place, the question of minor consequence arises as to who was sheriff after the board unanimously, at 11:15 o'clock Monday morning, accepted Mr. Kendall's resignation, and until his successor was named. Irrespective of Mr. Kendall's stipulation in the text of his resignation that it should become effective as soon as his successor was appointed, it is pointed out by lawyers generally, who have expressed an opinion on the case, that a resignation is a resignation, and the terms of it can be only advisory. Under such an interpretation, Twin Falls county, after 11:15 o'clock Monday morning was without a sheriff, and the duties of that office, under the law, devolved upon the coroner.

The second legal question, which hardly admits of being designated a serious import. It involves the capability under the nepotism act of the 1915 session of the Idaho legislature, to vote for the appointment of Mr. John M. Beck, whose petition for that appointment was presented, instead of for Mr. A. N. Sprague, the sheriff-elect, whose application was the only other one before the board.

John M. Beck and O. E. Carlson, chairman of the board of county commissioners, married sisters. Mr. Carlson and Mr. W. F. Brewer of Hansen, commissioner from the third district, voted against the appointment of Mr. Sprague. Mr. Brewer voted for the appointment of Mr. Beck. Mr. Carlson refused to vote on the motion to appoint Mr. Beck.

Whether Mr. Carlson refused to vote for Mr. Beck because he knew that his vote would lay him liable to penalty under the nepotism act is a matter known best to Mr. Carlson, and to be determined by the general public only through conjecture.

However, the law does not excuse Mr. Brewer, as a member of the board, from the penalty of the nepotism act in voting for Mr. Beck if it restrains Mr. Carlson from voting for his brother-in-law.

Here is the provision of the law in this respect:

Chapter 10, 1915 Idaho Session laws. Section 1—An executive, legislative, judicial, ministerial or other officer of this state or of any district, county, city, or other municipal subdivision of the state, including road districts, who accepts or votes for the appointment of any person related to him or to any of his associates in office by affinity or consanguinity within the third degree, to any clerkship, office, position, employment or duty where the salary, wages, pay or compensation is to be paid out of public funds or fees of office, and who is related by blood or marriage within the third degree to

any other executor, legislative, judicial, ministerial, or other public officer, when such appointment is made on the agreement or promise of such other officer or any other public officer to appoint or furnish employment to any one so related to the officer making or voting for such appointment, is guilty of a misdemeanor involving official misconduct and upon conviction thereof shall be punished by fine of not less than \$10.00 or more than \$1,000.00, and such officer making such appointment shall forfeit his office and be ineligible for appointment to such office for one year thereafter.

DEATH MEETS THRESHER JUST AT QUITTING TIME

Robert R. Snyder Drops Dead Behind Machine on Rock Creek Ranch When He Was Laboring

(Special to The News)
ROCK CREEK—Hubert R. Snyder dropped dead at the thrasher on the Garry Ranch Friday evening. Mr. Snyder had complained of not feeling well for several days and while going to the thrasher on the ranch had not improved his condition, but he went to work Friday and by noon was feeling much better, in fact was his old, jolly self at the dinner table. He had just finished for the day and as he was feeling thoughtful he was gathering the scattered reed stalks on the ground before putting. For a few seconds all of the others were so occupied as to be looking away from him and when they turned, he was lying on the ground dead. Every means was used to restore him but without avail. Coroner Crosby was called and took the body to Twin Falls.

Hubert R. Snyder, better known as "Doc" Snyder, came here nine years ago at the time when Don Bryan was attempting to use water from Rock Creek for irrigating the land above the high line. He took up a small place in the canyon, where he has lived almost since that time. From almost nothing he has built up a neat little home, secured a few head of stock and was just putting a nice start toward an independent old age. Deceased was forty-seven years old and unmarried.

Mr. and Mrs. WILL J. Austin are the proud parents of a baby boy which arrived at their home Wednesday night. Mr. and Mrs. L. A. Larsen moved into their new home Thursday.

The news that the war had ended was brought in here Thursday and created a small stir, but so many unconfirmed rumors have been circulated that the people are rather doubtful when such a report reaches them.

NO CHANGE IN STATUS

Trux & Davis Receive Net Profit of \$2000 From Crop of Five Acres Field

(Special to The News)
HANSEN, Nov. 12.—Trux & Davis report the record yield of 300 sacks of potatoes per acre. A little more than \$2000 was netted as the cash proceeds for the crop from a five acre field.

Having completed the course in mechanics as members of the students' army training corps at the University of Idaho, Howard W. Watson and Simon Walton have been transferred to Fort Worden, Washington.

George Wiseman has returned from Camp Fremont, California. He was honorably discharged from the military service because of physical disability.

Every place of business here was closed Thursday while the entire population went to Twin Falls to celebrate the reported surrender of Germany.

Five members of the Zollinger family are ill with influenza, and several other cases are reported in which influenza is suspected.

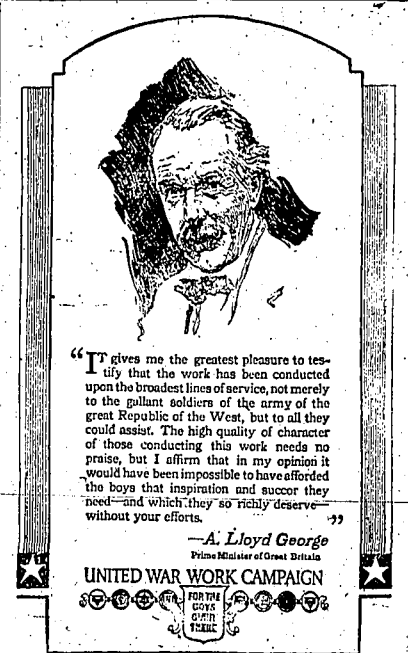

The little son of Mr. and Mrs. Edward Dalley is recovering from pneumonia.

Mrs. E. E. Pierce and daughter, Margaret, entertained a number of friends last Thursday afternoon.

APPOINTMENT OF SHERIFF-ELECT MEETS REFUSAL

O. E. Carlson and W. F. Brewer of Board of Commissioners Hold Out Against Naming Sprague to Succeed Kendall

O. E. Carlson and W. F. Brewer, Democrats and members of the local county commission, Monday morning refused to appoint A. N. Sprague, Republican sheriff-elect, to succeed Frank M. Kendall, whose resignation, which was handed to the commissioners several weeks before the election, was to take effect that day, or as soon as his successor should be appointed.

This refusal comes as a distinct surprise, since it was generally understood and given out by Kendall that whoever should be elected sheriff would be appointed as his successor.

At 11 o'clock Tuesday morning the prosecuting attorney, C. E. Blegen, advised the county commissioners of his opinion that a vacancy had existed in the office since their acceptance of Kendall's resignation, 24 hours before he died, and that the terms set out in the resignation were impossible to fulfill in that a successor could not be appointed until a vacancy actually existed.

Coroner Crosby Takes Office Coroner C. J. Crosby, who, under the statute would fill the office during the absence of the sheriff, was notified in the premises of the telephone call by Carlson after the opinion of the prosecuting attorney had been given. Coroner Crosby reported immediately to the commissioners and took over the office from Kendall. His first official act was to reappoint the deputy sheriffs already in the office.

Carlson stated, after Deputy had assumed the office, that his incumbency would be of brief duration, intimating that the appointment of a successor to Kendall was a matter of but a few hours' time.

Beck Makes Bid The commissioners, when they voted last before then the petition for the appointment as sheriff of Sprague and of John M. Beck, a former deputy sheriff and brother-in-law of Carlson, whose resignation was demanded and received some days ago by Kendall.

The vote on the appointment was forced. Carlson undertook to stall it off until afternoon, but was compelled through representations of several citizens, to undertake the naming of a successor to Kendall, on the ground that enforcement of the laws during the peace celebration Monday afternoon would devolve largely upon the sheriff.

Kendall was in readiness, before the vote, to proceed to his duty, where he was to enter upon his new duties as sheriff. It was held that the Republican Hardware & Implement company, Sprague was not notified until after Heck's petition had been filed, that it would be necessary for him to secure a petition. He was told that in twenty minutes thereafter he secured the name of thirty-eight electors to his petition and placed it on file together with his official bond, with the commissioners.

How They Voted At 11:15 o'clock the vote on the acceptance of Kendall's resignation was taken, and was accepted unanimously. T. E. Moore, Republican, commissioner from the first district, moved the appointment of Sprague, 612 majority and there was no second. Finally Carlson stated that he would record the motion to get it before the board for vote. Brewer echoed this statement.

The vote was as follows: Moore, yes; Carlson, no; Brewer, no. Brewer then moved the appointment of Beck. Carlson seconded it. The vote was as follows: Moore, no; Brewer, yes; Carlson refused to vote.

Citizens Give Views A. L. Swin, a member of the city council, entered the commissioners' hall at the second vote, as being taken. He carried a form of notice to the effect that "no repetition of the disgraceful acts which marred last Thursday's celebration will be permitted," to which he sought the sheriff's signature.

Learning of the commissioners' acts in regard to the appointment of a sheriff, Mr. Swin declared that it could not be interpreted as other than a partial vote and that it could not be justified on the grounds of good business, unless, he said, there were reasons for it that did not appear.

Brewer replied that there might be something behind the vote. "It might be that we do not come last," he said, "but would make as good a sheriff as Beck," he said.

Says General Pershing, referring to one of the war work organizations: "A SENSE of obligation for the varied useful services rendered to the army in France . . . prompts me to join in the appeal for its further financial support. I have opportunity to observe its operations, measure the quality of its personnel and mark its beneficial influence upon our troops, and I wish unreservedly to commend its work for the army."

ers that it had been agreed between the . . . that the sheriff-elect should be appointed his successor. Moore said this, at least, was the common understanding. Brewer denied any such agreement, and Carlson did not answer.

"Unless the sheriff-elect is appointed to succeed me," Sheriff Kendall declared, "I will withdraw my resignation and serve my term out."

"You can't do that because your resignation has been accepted," Carlson replied.

Subsequent examination of the text of the resignation showed that Kendall should appoint "until his successor could be appointed."

In the interchange of passage between Carlson and Kendall, Carlson declared that the county had been practically without a sheriff for two months. Kendall retorted that the same situation existed for a much longer time as regarded a commissioner for the Twin Falls district.

Sprague Petition Signers The position asking for Sprague's appointment was signed by the following: Frank M. Kendall, sheriff; W. B. Lawrence, deputy sheriff and chief clerk of the local board; H. M. POPULAR LUMBERMAN IS PNEUMONIA VICTIM

Harold D. Maclear, Manager of Bole-Payette Company at Jerome, succumbed from influenza.

Funeral services were held at 2 o'clock this afternoon at Jerome for Harold Davidson Maclear, manager of the Bole-Payette Lumber company at Jerome, who died there, after a few minutes past noon Sunday, November 10, from pneumonia, following influenza.

Mr. Maclear was well and favorably known in Twin Falls, having been employed here for some time by the Ostrander Lumber company and being for several seasons a member of the Twin Falls football team. His widow, who was Miss Violet Boone, to whom he was married on December 17, 1914, is a daughter of Mr. and Mrs. H. O. Boone, Third avenue west.

He leaves besides his widow and two years old son, his parents, residing at Evanston, Illinois, a brother and two sisters.

Mr. Maclear came to Idaho from Chicago in 1908 when he entered the employment of the Ostrander Lumber company at Jerome.

He would have completed his thirty-first year on November 12.

County Clerk E. J. Finch Appointed Governor of Impending Vacancy and Nominates Sheriff-Elect

The action of the county commissioners in respect to the appointment of a successor to Sheriff Frank M. Kendall, resigned, is a matter of interest in connection with the fact that County Clerk E. J. Finch, secretary of the local board, some days ago advised Governor Alexander of the impending vacancy in the chairmanship of the local board consequent upon Mr. Kendall's retirement. Mr. Finch advised the governor that A. N. Sprague was the sheriff-elect and without doubt would be appointed to fill the vacancy in the sheriff's office. He recommended the appointment of Mr. Sprague to be chairman of the local board. The appointment in accordance with this recommendation probably will be forthcoming this week.

Morale Is Winning the War!

AN American is capturing a Hun—not because he is any heavier or stronger or older or bigger, but just because he has the fighting spirit which his enemy is losing.

That's morale.

"Where are those Germans? Let's get at 'em!" yelled an American before Chateau-Thierry. He was going under fire for the first time. He was wild to get there!

"We are constantly on the alert and are afraid the Americans are going to attack," wrote a German to his wife. He was captured before he could mail the letter.

"The men are so embittered," wrote another Hun, "that they have no interest in anything, and they only want the war to end, no matter how. We are only slaves of the Government." Now he is a prisoner, too.

Every despatch from France brings new proof of American fighting spirit—stories of individual valor. Morale makes Americans glad to fight for freedom. The lack of it makes German hate to fight for Prussia.

Our soldier knows he is a free-born fighter. He is no slave of any Government. He is part of a nation waging war. He wants to fight. He needn't be driven into battle. He yells: "Let's go!"

That's morale! Let's let them keep it! Let's keep them keen and fit and confident!

General Pershing finds that 900 men who have a hut to spend their evenings in are more effective than 1000

men without it. Napoleon called morale three times as important as other factors in war.

The strain comes with the first swift change from civil to military life, when these organizations give your man a place to meet his family, books to read and study, the hospitality of American homes, when whole cities are re-adjusted to the new conditions created by having a cantonment nearby.

It comes later, too, when a man has been off in some lonely camp for weeks, when the war itself seems miles away, when letters are irregular and home seems somewhere in another world, when a man has lived out in a gun-pit or a dug-out, has slept in filthy straw, when the bodies of his friends lie just beyond him, out in No-Man's Land.

That's when the men and women of your organizations overseas can show our fighters that they aren't forgotten, that home is following them up to the guns. Sports, entertainment, education, religion, warmth, and cheer and friendship—these are the forces that are working to keep morale up to a victory pitch.

On you, this week, depends this question of morale. These are the seven recognized activities through which the Government enables you to stand behind your fighters. Their value depends on just how much you, as an individual, will give to help them hasten victory. Give as you never gave before! Give for morale!

Why you should give twice as much as you ever gave before!

The need is for a sum 70% greater than any gift ever asked for since the world began. The Government has fixed this sum at \$170,500,000.

By giving to these seven organizations all at once, the cost and effort of six additional campaigns is saved.

Unless Americans do give twice as much as ever before, our soldiers and sailors may not enjoy during 1919 their:

| 1,000 Miles of Movie Film | 85 Hostess Houses |
| 100 Leading Stage Stars | 15,000 Big-brother "Secretaries" |
| 2,000 Athletic Directors | Millions of dollars of home comforts |

When you give double, you make sure that every fighter has the cheer and comforts of these seven organizations every step of the way from home to the front and back again. You provide him with a church, a theatre, a cheerful home, a store, a school, a club and an athletic field—and a knowledge that the folks back home are with him, heart and soul!

You have loaned your money to supply their physical needs.

Now give to maintain the Morale that is winning the war!

statements have indicated the terms to be imposed against her might not be so severe as under her continued adherence to the Kaiser. Conference Goes Ahead It was indicated today that plans for a peace conference will go ahead. It probably will be held in one of the belligerent countries, most likely France.

Watching Developments

Developments in Germany during the next two or three months will determine to a large extent the terms of the peace treaty. President Wilson allied statements have indicated that the German Kaiser could not be granted the same terms that the German people would desire.

Future Is Unknown Quantity

Whether the new government now being formed will be consolidated into an empire is impossible to forecast. There has already been great feuding between Prussia and southern German states such as Saxony and Bavaria. This state has a strong individuality and this may prevent a unified empire, such as until recently menaced the world.
