## CONFERENCE MAY ASK AMERICA TO CLEAN UP IN MEXICO

Proposed League of Nations May Provide for Action by United States to Stabilize Existing Conditions

## RECENT TROUBLES ARE AGGRAVATING MATTERS

Virtual Payment of Tribute for Oil for Battleship Fuel During War Resented by England and France

BY CARL D. GBOAT

WASHINGTON, Dec. 18.—The proposed league of nations may call upon the United States to settle unstable conditions in Mexico. This development was foreseen here today by men in touch with Mexican and American governmental affairs.

Great Britain may even ask that a stable government be established in Mexico, without awaiting creation of a league of nations, some officials believe.

The recent Tampico clash, though of a minor nature, the said, on the other hand, the outbreak that makes travel in Mexico unsafe, and above all the squalor, poverty and disease long rampant in that country are assigned as reasons for a clean up.

The United States is keeping close tabs on the situation. The humanitarian principles laid down by President Wilson are regarded as likely ultimately to stimulate some action toward Mexico.

Will Send Food

As for economic aid, it is pointed out that the United States has recently meeting at Mexico City agreed upon a recommendation that 50,000,000 pounds of flour and 20,000,000 pounds of sugar be imported from the United States into Mexico.

For the most part, military men believe that they could not be granted, unless there had been a military occupation, for they view Mexico as too many and too weak to gain equilibrium except through such action.

Hold Up On Oil

The United States and Great Britain have looked, patiently on Mexico for a long time because the world war occupied their attention. But they have literally been kicking the can out from under them from the Tampico fields and now it is feared that Caracas with its "nationalistic" ideas as to Tampico will try to sell these properties to other bidders.

Great Britain has looked likewise at Mexico matters for a long time. But because of its close alliance with the United States in the war, and because of her urgent oil needs she refrained from pressing for a settlement of the situation there.

Now, it is said, she is preparing to ask in the peace conference, that Mexico be stabilized, or to make an early point of such a request after obtaining membership in the league of nations.

## League of Nations Indispensable to Permanent Peace

But, President Declares, the League to Enforce Peace Was Not Endorsed

PARIS, Dec. 18.—"I am not only in favor of the league of nations, but I believe formation of such a league is absolutely indispensable to the maintenance of peace," President Wilson declared today.

The president made this statement in denying the authenticity of a dispatch published in an American newspaper, declaring he approved the plan of the league to enforce peace.

"It is entirely false," the president said. "I am, as everyone knows, not only in favor of the league of nations, but I believe formation of such a league is absolutely indispensable to the maintenance of peace. But the particular plan of the league to enforce peace was never directly or indirectly endorsed by me."

## Transmission of Race News Illegal

WASHINGTON, Dec. 18.—Hearings on the bill aimed at knocking out race track gambling in nearly two states where it is legal—Maryland and Kentucky—were begun by the house Interstate Commerce commission today. The bill declares illegal interstate transmission of news of races of the paying of bets.

## SPOKANE LAND BANK LEADS FOR NOVEMBER

Last Month Leads October Loans by More Than Million Dollars—Eight Millions Total Put Out in November

WASHINGTON, Dec. 18.—Loans to 3,278 farmers by the federal farm loan system totaled \$6,575,935 for the month of November, the farm loan board announced today.

October loans were made to 3,075 farmers and totaled \$7,339,736. The bank led at the amount loaned during November. Its loans totaled \$1,846,800.

Loans by other banks were as follows: St. Paul \$1,223,100, Houston 1,040,032, Wichita \$1,111,000, New Orleans \$600,850, Louisville \$554,400, Omaha \$329,000, St. Louis \$323,623, Berkeley \$306,800, Columbia \$423,330, Springfield 326,420, Baltimore 307,600.

On December 1 the total amount of loans made under the establishment of the federal land bank system was \$147,462,261. The number of farmers to whom money was loaned was 64,257.

## Army Takes Over Pleasure Resort

Camp Lewis Amusement Park Will Be Under Military Management

TACOMA, Wash., Dec. 18.—Army authorities today announced the change of Camp Lewis, the Camp Lewis amusement zone, removing it from the control of the Camp Lewis amusement company, a civilian corporation.

Captain Robert M. Duncan, intelligence officer, has been named to command the zone.

The action was the culmination of long series of disputes and alleged mismanagement, which ended in a \$50,000 damage suit against the corporation by H. F. Procter, stockholder.

General Lusk, camp commander, in statement announced the change, declared "Green Park has been taken over by the army because it can be operated more economically and advantageously for all concerned without interfering civilian control."

## League Should Be Considered Alone

Senator Knox Opposed to Its Consideration as Part of Peace Program

WASHINGTON, Dec. 18.—Retiring his claim that a league of nations should be considered apart from the peace treaty, Senator Knox, Pennsylvania, today declared "that the issues of the war were issues between the central powers and the allies, and the function of a peace treaty is to settle those issues."

Knox began his speech directly after the senate foreign relations committee had adjourned until Saturday without taking definite action on its resolution regarding the league.

Knox declared that neither he nor the American people knew what the president meant by a league of nations.

## LODGE IS CREDITED WITH LLOYD GEORGE'S VIEW OF GERMANS' RESPONSIBILITY

Paris Newspaper Article Ascribed to American Statesman Quotes Him as Saying That Central Powers Must Bear Cost of War and All Public and Private Resources Must Be Employed to That End

By FRED R. FERGUSON

PARIS, Dec. 18.—Considerable discussion is still under way regarding a special article written for the Matin, credited to Senator Henry Cabot Lodge, which appeared in Sunday's edition under a New York date line.

In this article, Lodge is quoted as favoring the establishment of a league of nations, Allied control of raw materials, until the central powers are admitted to the league and payment of the costs of the war by the central powers.

Germany to Pay Costs

The question of costs is disposed of in four parts of the article credited to Lodge, which contains twenty-two points. In this point, Lodge is said to maintain that the central powers must bear the cost of the war, that all public and private resources must be employed toward that end and that the Allies should control all enemy financial until the payments are completed.

Belgium, France and Serbia would be the first to be reimbursed.

Point 20 favors international arbitration through a league of nations to which the central powers would not be admitted.

This does not mean they are in agreement on the entire peace program, but the particulars are going on with a healthy rock-bottom basis, according to the conviction of the French.

Every political chit has already been called to the Marée palace where eye-to-eye, the American and French leaders have argued up each other.

The President and Wilson are presiding by the domestic situation in the United States. They are like sphinxes, themselves, regarding this latter matter, but they are transparent in the management in America, which, they confess—owing to the circumstances—is more harmful.

Have Absolute Faith

"We have the most absolute faith in President Wilson," said an official told the Matin. "The only article touching upon the subject, written by me, was published in Scribner's."

"Of course, I believe the central powers should bear the cost of the war," Lodge asserted last summer regarding peace terms, terms contained twelve points. I do not know what that is by my twenty-first point. That is the only time I have ever discussed terms at length in the senate."

## President Dwells on Warmth of Reception

PARIS, Dec. 18.—"My reception in Paris has been so tremendous, it is difficult to express my emotion," President Wilson said in an interview with newspaper men here today.

"My principal feeling has been impersonal. It could not be duplicated in a life time."

## Plans for Monarchy Are Nipped in Bud

WASHINGTON, Dec. 18.—A plan for forming a new monarchal government for Russia under Grand Duke Alexander Michailovitch as Czar has failed because the secret leaked out and it lacked Executive encouragement, according to Swedish press reports received by the state department today.

## Minister Identifies Piper as the Groom

INDIANAPOLIS, Ind., Dec. 18.—That Milo H. Piper, held in connection with the murder of Freda Weichman, at Muskegon, Michigan, is the man who married Miss Weichman at Indianapolis, Ind., was the revelation today by Earl Currier, who said he performed the ceremony. He made the statement after seeing the picture of Piper.

The accused man has confessed that he did not marry Miss Weichman, but that a John Shaban, using his name, married her.

## CHINESE PEOPLE ARE OPPOSED TO DOMINATION OF NIPPON

Delegates to Peace Conference Will Not Accept Application of Monroe Doctrine Principles by Japan

## CHINA WILL ASK FOR RIGHT TO RULE CHINA

Situation Expected to Add Another Complication to Peace Session Which Must Be Settled Up

WASHINGTON, Dec. 18.—Chinese delegates to the peace conference will strongly oppose a "Japanese Monroe doctrine" in Asia, it was learned here today.

It was declared that all factions in China are united against Japanese aggression on the Asiatic mainland. The stand is expected to precipitate temporary differences at the conference in view of Japan's admitted intention to ask the United States aid against recognition of "special commercial and other interests" in the east.

Authoritative information is that China will set forth strong claims to full control of her internal affairs and problems of state including: (1) Settlement of her civil war; revision of her currency system; regulation of foreign capital and enterprise.

Intervention Turned Down

President Hu Shih-Chang has intimated that intervention in the strife between the Peking government and southwestern provinces, as lately suggested by the United States, Great Britain, France, Italy and Japan, will not be adopted.

Sentiment in China is declared to be strong against the growing Japanese interest in Manchuria and Korea, and the general increase of Japanese commercial and financial strength throughout the republic. Changes are openly made by the Chinese that Japan is practically in control in Manchuria, Shantung and other Mongolia, throughout which Japanese banks have been opened, 100,000 Japanese immigrants settled and Japanese industries established.

## Kruse Welcomed I. W. W. Audience

Testimony in Berger Suit Indicates Warm Interest in Haywood Teachings

CHICAGO, Dec. 18.—The government expected to treat today at the trial of socialist leaders on charges of espionage here.

Gravely between the socialist party and the I. W. W. was suggested yesterday by F. O. Hill and Miss Sheridan, American Protective League operatives. They testified to attending a mass meeting in December, 1917, in Chicago presided over by William F. Kruse, a defendant.

Kruse, Sheridan said, stated from the platform he was "glad to see the I. W. W. so well represented," at the meeting.

Handbills announcing a lecture by Emory Goldman, anarchist, were distributed in the crowd, Sheridan said. Her subject was to have been "Bolshevism and the Russian revolution," he said the dodgers announced.

## NAVAL STATIONS ON BRITISH SOIL

United States Will Remain on the Job Until All Forces Are Ready to Leave

WASHINGTON, Dec. 18.—The United States will keep naval stations at Cardiff, Queenstown and Brest until all German forces are ready to leave Europe, Captain Laning, bureau of navigation told the house naval committee today.

The stay of the army in France is indefinite, Laning testified. It is not believed that any forces were sent back by July 1, 1918, he said.

The fact that the navy retained 1,500 aviators more than it needed was brought out.

# SHIP YARDS AND RAW MATERIALS MAIN WEAPONS

### Distinct Advantage to America Likely to Accrue at Peace Table Because of Her Building Facilities

By ROBERT J. BENDER

PARIS, Dec. 13.—America's most potent weapon in the peace negotiations are the shipbuilding facilities and its control of raw materials. It has become increasingly evident that these will be highly important in the conferences, from which President Wilson hopes to obtain acquiescence in American ideals.

Great Britain, it is learned, would like \$2,000,000 worth of American built merchant ships, and France would like 1,000,000 tons. Both countries are eager to effect an arrangement for distribution of raw materials and assurances against overcharges.

All nations would appreciate participation of America's merchant marine and a share in our raw materials, thus ending America's virtual domination of the world's markets.

### Will Hold Back Trump

America's plans for building Entente machinery and selling raw materials will be withheld until the attitude of all countries toward the league of nations is definitely ascertained.

It should be constantly kept in mind that the president regard the league of nations as the most essential feature of the peace treaty.

American participation in the world's politics and commercial activities or return to our former isolation, will depend entirely upon the willingness of the Entente to enter the league.

President Wilson is expected to show that the league of nations will eliminate the danger of one nation inflicting discriminatory freight rates against the others.

# RADICALS ARE NOT APPEASED

### Conflict With Ebert-Hasse Government Is Not Yet Settled

By FRANK J. TAYLOR  
BERLIN, Dec. 17.—(Night)—The conflict between the Ebert-Hasse government, which broke out afresh yesterday, is still undecided. The demonstration by soldiers outside the Reichstag building led by Karl Liebknecht was most serious than any since the first. The soldiers' actual physical encounter with the attitude of the soldiers succeeded in forcing Chancellor Ebert to avert the issue by adjourning the Reichstag (soldiers' council) until tomorrow.

"The Radical movement continues to grow," the present government may be overthrown. The radicals gained courage for their demonstrations yesterday from the attacks made by George Ledebor and Richard Barth against the people's council, which resulted in Barth holding the meeting.

Major General Schuch has resigned as war minister, owing to disagreements, concerning military politics. He is also blamed for the disorders throughout Germany.

# EBERT FORCES IN THE SADDLE

### Insurgent Meeting of Reichstag Called Off—Moral Victory for Government

By FRANK J. TAYLOR  
BERLIN, Dec. 17, (Delayed)—The protest ("insurgent") meeting of the Reichstag, in defiance of the Ebert-Hasse government, was called off today by its president, Konstantin Fehrenbach.

Fehrenbach explained the meeting was ordered upon by the extension of the armistice. His action, however, is regarded in some circles, as a complete backdown. Now, Cologne, a hotbed of Spartacists, was again the night by troops of the people's council. Fehrenbach and Liebknecht, who held the public buildings for a fortnight, were forcibly ejected. The trend of yesterday's meetings and demonstrations seemed to be toward strengthening the Ebert-Hasse coalition.

# MAIL AIRPLANE OFF TO CHICAGO

### Flight Marks Beginning of Permanent Arrangement Between Two Cities

NEW YORK, Dec. 13.—Leop D. Smith, aviation instructor, left Belmont park, Long Island, at 7:20 a. m. today in a Curtiss R-4L biplane, carrying 200 pounds of mail to Chicago. The flight marks the beginning of a permanent airplane route between New York and Chicago and is only the first step in the inauguration of a nation-wide route, according to official announcements. Smith's first stop will be at Baltimore, Pennsylvania, where another airplane is waiting for a quick transfer of pouches. The next stop will be Cleveland.

Smith was scheduled to get away at 6 a. m. but delay in tuning the motor and in making sure that the plane was all right delayed the start more than an hour.

The Curtiss plane which left Belmont park is a passenger machine with the front cockpit converted into a holder for mail.

### Berlin Interested In Activities of President Wilson

### Newspapers Give Up First Page to Accounts of Progress of American Diplomats

By FRANK J. TAYLOR

BERLIN, Dec. 15 (Delayed)—President Wilson's activities in France constitute the most important news in the Berlin papers.

The only dispatches regarding the president are received through Switzerland. These are always displayed in the first column of page one. The remainder of the page is crammed with proclamations, open letters and editorials.

The number of newspapers in Berlin is steadily increasing. Soldiers, decorated with garlands of leaves and flowers, are now pouring into Berlin at the rate of 10,000 a day.

The government is keeping the Berlin garrison under arms to prevent Bolshevistic demonstrations.

The crowds, which fill the boulevards, appear always gay. Every meeting place is continually jammed by people listening to speakers, urge or demand certain improvements from the various councils.

### Record of First Submarine

The submarine—or something very like it—appears to have been in existence as long ago as the middle of the sixteenth century. It may trust the testimony of Olaus Magnus, bishop of Upsala. This right-rotated pretalo has it that such vessels were used by pirates in Grunland for the purpose of making great holes in passing merchant vessels." He asserts that he had seen two of them exhibited in the western porch of the cathedral of St. Asloe.

AMERICANS ALL

Most interesting undebated of all the reports sent back home by the Commanding General of the American Expeditionary Forces, since the signing of the armistice, are those reports giving the lists of American fighting men who have been cited for distinguished service, together with the brief statements couched in the phrases of officialdom, that tell the story of the act of extraordinary heroism that won for each man this honor.

It is not given to every fighting man, or even to all of those who made the supreme sacrifice, to win this honor, and the measure of appreciation will not vary greatly in respect to the man who had the opportunity and fulfilled it and to the man who was ready for the opportunity which was not presented.

It is to be noted in a consideration of the lists of those cited for distinguished service that heroism is by no means confined to the men enlisted in any one arm of the service, nor to the men from any one section of the United States. A wider familiarity than is to be gained through a scanning of the reports would reveal also, no doubt, that the men who, in civilian life were employed in one occupation rather than another, were no better able and willing to undertake and accomplish the achievements that won for them this honor.

The East and the West, the North and the South, the dry goods clerk and the former banker and the cow puncher stand in this respect on a common plane of worthiness, the exponents of the elemental Americanism that has never been found wanting.

Just and Righteous Peace. "A peace with a soul," as Milton expressed it, is the kind of peace far-sighted men of all ages have professed. It is what is now demanded in "a peace which shall be permanent." Representatives of the allied nations, unspoil by victory, yet faithful to their trust, must unite for a just and righteous peace. So ring out, Christmas Bells, and proclaim us never before the glad tidings— "Peace on Earth, Good-Will to Men."

TOTAL GERMAN WAR DEATHS INTERRED SHIPS RETURNED

BERLIN, Dec. 17. (Delayed).—The total of Germans killed in the war was 419,000, officially announced today as 419,000.

This Christmas season will be a real festival of joy. The relief from war conditions will express itself in gifts and giving, and nothing will be too good. We are prepared. We offer you our eleven years of business association in Twin Falls as a guarantee. If we have pleased you in the past we sure can please you now, for I have never had a finer stock with prices that will never be lower, as prices have advanced since my purchases were made; and my belief is that it is just as hard to hold the leading place as a Jeweler, as it was to gain this reputation. Never forgetting this ideal, the quality of my stock is being improved constantly.

HALLMARK Quality

The greatest saving in price and improvement of quality to the buying public, will be found in the Hallmark line. All Hallmark goods must be a little better than standard in its line. There is no such thing as inferior—in Hallmark. Look for the name.

Hallmark goods are made in watches, both ladies and gents; rings, jewelry, fountain pens, stationery, clocks, cut glass, Sheffield plate sterling and silver plated ware.

# FARM BUREAU ASSUMES BIG WORK PROGRAM

### Members at Annual Meeting Re-elected W. F. Alworth as President and Outline Comprehensive Field of Endeavor

The Twin Falls county farm bureau next year will undertake to make more effective the farm labor wage scale inaugurated this year; to promote the growing of "hog" and "chick" wheat; the exclusion of other varieties to stabilize the thrashing prices; to provide better marketing facilities for hay and to promote the bringing in of more livestock to consume it here in winter months.

These are salient features of the program of work for the farm bureau adopted by about 125 of its members participating in its annual meeting Tuesday afternoon in the Parish hall here.

#### Officers and Directors Named

The officers elected at this meeting to carry into execution the program laid out for the farm bureau are the following: President, W. F. Alworth, Twin Falls; vice president, F. W. Fisher, Buhl; secretary, Mrs. D. C. Slaraz, Filer; treasurer, Frank DeKlois, Filer. The following also were elected to serve with the foregoing officers as the board of directors: L. H. Schlimman, Filer; J. C. Whelan, Twin Falls; O. E. McClain, Twin Falls; J. M. Pierce, Berger; J. L. Barnes, Hansen; Mrs. John E. White, Twin Falls; Mrs. J. C. Porterfield, Twin Falls.

#### World War on Birds and Dogs

The next session of the Idaho legislature will be asked by the Twin Falls county farm bureau to repeal the law declaring a closed season on Chinese pheasants in this county and will be requested by it to enact stringent regulation governing the control of dogs which take a heavy annual toll from the sheep growing industry in this section. These are items endorsed by the meeting from the report of the committee to request no such legislation which consisted of J. M. Pierce, F. W. Fisher and L. H. Schlimman. The meeting declined to go on record as to its attitude toward the question of the advisability of including provisions in the new act of the legislature's liability act, instead of deciding to go before the legislature with a claim for laws in support of the farm labor wage scale, the meeting adopted the motion of E. McPherson of Filer, and left that matter as it was last year, in the hands of the farm bureau.

#### To Ask for Money

A permanent committee on appropriations was named to consist of O. E. McClain, Frank DeKlois, T. H. Irwin, J. A. Cron, C. E. Anderson and F. W. Fisher to go before the county commissioners to secure in December an appropriation for the purchase of 1,000 ounces of poison to be used against rodent and other crop pests, and in January to secure appropriations for the boys' and girls' club, the home demonstration agent, the county agent and the farm bureau.

#### Canal Manager Against Orchards

The program of work for the farm bureau next year was outlined by a committee consisting of Frank DeKlois, John E. White, Mrs. G. H. Brown, Miss Hanna Spence, Dr. D. P. Albee and C. E. McClain.

Prior to the adoption of the report, a discussion from the floor was led by J. C. Whelan, general manager of the Twin Falls Canal company, in which he advised the uprooting of all except domestic orchards as an unprofitable investment, and declared that the prosperity of agriculture in this district depends upon the raising of more livestock.

Others who addressed the meeting included C. Myhre, representative of the California farm bureau executive committee, and R. H. Sasser of Boise, assistant county agent leader. The meeting was presided over by W. F. Alworth, president of the organization, who was elected to succeed himself in that capacity. The sessions were opened at 10:30 o'clock in the forenoon and continued throughout the day, adjournment being taken at about 5 o'clock in the afternoon. Several of the members gathered at the noon hour for lunch at the Bogerson cafe.

#### Women's Influence Felt

The influence of the addition to the farm bureau executive staff of Mrs. C. H. Brown as county home demonstration agent, and of Miss Hanna Spence as county boys' and girls' club leader, was evident in the large proportion of women in attendance at the meeting, and their manifestations of interest in the proceedings.

The extent of the work of the farm bureau among the women and children is indicated in the following provisions of the program of work for the coming year: Establish community canneries or kitchens to handle and preserve fruits, vegetables and meats; secure and keep for reference in the farm bureau office, tried out plans for practical farm home bringing state clothing specialists into the county to help in spreading information as to the best methods in dyeing, renovating and mak-

# Readjustment for Reconstruction

DURING the great war slow closed except as to diplomatic details, the telephone was privileged to play a conspicuous part. That it served so capably and well is due in large measure to the patriotic co-operation of the public.

Now post-war conditions are beginning to influence thought and action. The reconstruction period is at hand. Industries retarded by the necessities of war will begin to expand. The energies and capital directed toward the winning of the war will be diverted to the channels of peaceful pursuits.

Reconstruction will involve the readjustment of plans and policies. It will require no less aggressive thought and energy and action in the business of building for peace than it did in the preparation for and the waging of war.

In the readjustment of business and the reconstruction of industry the telephone will again be an important factor. It will serve as the line of communication between the general headquarters of thought and the front lines of action.

The demands upon the telephone will be tremendous; but the intelligent, considerate use of the telephone will multiply achievement.

May we hope for a continuance of the helpful co-operation which the public has shown us in the past, that the very best results may be obtained from our efforts to serve you satisfactorily.

Are you making good on your W. S. S. Pledges

# Gifts For Everyone

**MERRY CHRISTMAS TO ALL!** But what is Christmas without gifts? A splendid opportunity is offered you to secure practical gifts at exceptionally low prices in the items listed below.

## Coats, Suits and Dresses Greatly Reduced in Price

Why? Because it's the time of year to begin to clean up our Winter stock to get ready for Inventory and make room for the new goods that will be here in a very short time.

**Entire Line of Handsome Coats Are Reduced 20% to 35%**

Attractive winter coats in the very latest styles are in this lot. Plush, velour and plain cloth coats, simply or elaborately trimmed. By getting a coat now you can still get a full season's wear out of it.

### Suits Reduced One-half Price

Only a few of those stylish winter suits are left—everyone is a very desirable suit and a remarkable bargain at half-price.

### Silk Dresses Reduced 20%

Afternoon and street frocks in Taffetas, Messalines, Crepe de Chine and Georgette, beautifully trimmed, and well made in every particular.

### Smart Skirts Reduced 25%

A fine line of skirts in Serges, Poplins, Taffetas and Messaline, in distinctive styles; good, serviceable skirts for all occasions.

### Furs Reduced 20% to 50%

Sets of elegant furs or separate pieces are ideal Christmas gifts. A fine collection are still here to choose from. Perhaps the little daughter needs a new set.

### Neckwear Is Appreciated

Did you ever know a man who had too many neckties? Indeed, he can use any number. We have an endless variety of handsome ties in fancy silk and pretty color combinations; exclusive styles.
