

GERMAN LABOR MISSION MAY CREATE SPLIT

American Federation Opposes the Admission of the Enemy Delegates to the International Conference

PROPAGANDA IS USED TO INFLUENCE PLANS

Peace Representatives Will Receive No Report From Unofficial Laborites at the Berne Meetings

By LOWELL MELLETT

PARIS, Jan. 30.—The important question of whether the American Federation of Labor will be officially represented at the international labor and socialist congress in Berne was to be settled today. A decision was expected to be reached at a conference of Samuel Gompers, with British, French and Belgian laborites, who are opposed to the international conference and want a separate later-called labor meeting.

Oppose German Entrance

The situation as it now exists is that the American peace delegation has intimated after clearly that it proposes to have the American labor representatives attend the Berne meeting because they know the international delegates are pledged to work in every way possible to further President Wilson's program.

Gompers, however, not only is opposed to admitting German and Russian delegates to the meeting but charges that a great German propaganda fund has been sent to Berne for the purpose of influencing the proceedings in favor of the central powers.

When Wilson talked with Gompers recently he did not commit himself further than to ask whether Gompers were going to Berne. The latter then told the president he had uncovered information regarding the alleged German propaganda fund. The president expressed surprise.

Americans Represented

Absolutely ignoring the attitude of American labor to the high government which sent Arthur Henderson and other labor leaders to Berne—almost with the blessing—has arranged to receive reports of the proceedings direct from Henderson. The American peace delegates will receive no such reports unless officially accredited labor representatives are sent to the congress although other Americans will represent the delegation in Berne. If Gompers finally decides to ignore the Berne conference the American peace delegation will be represented by Major E. George Berry, former president of the Pressmen's Union, who some time ago was appointed as "liaison officer" between the peace delegates and the labor representatives.

Little Activity Shown

Some of the members of the American Federation of Labor party here are inclining toward the belief that as the war is over, this should remove Gompers' objections to receiving the German delegation. Gompers and his assistants have been inactive since coming to Paris, aside from a few meetings with others who are to attend the Berne conference.

Belgian labor delegates declared today they would not meet with German representatives in Berne until they had concluded an international labor council.

REPORTS GAINS OF BOLSHIEVIKI

Official Communiqué Gives Report of Operation and Recent Results

LONDON, Jan. 29.—(Delayed)—Continued successes on all fronts were reported in the Bolsheviki official communiqué received by wireless from Moscow today.

Many Classes of Goods Come Under License

Protective Measure of British Requires Special Privilege on Wide Variety

LONDON, Jan. 30.—A protective measure in the interest of British manufacturers will be inaugurated March 1, it became known today. It consists of an order requiring special licenses for importation of 54 classes of goods. The licenses must be obtained for each shipment.

Among the goods affected are aluminum, wearing apparel, hosiery, cartiridges, cement, fire extinguishers, firearms, hats, lawn mowers, linens (with various kinds of machinery, oil cloth, perfumery, toilet preparations, caucers, plated ware, sewing machines, furs, soap, stoves, time recording instruments, vacuum cleaners and scales.

BRIDES OF BOLSHIEV ARRIVE ON TRANSPORT

NEW YORK, Jan. 30.—The transport Plattsburg, dubbed the "Brides" transport, arrived here today with 1,682 soldiers and officers from eastern camps and the wives of three officers and ten enlisted men.

The wives aboard the Plattsburg included Mrs. L. Austin Lincoln, Newark; Mrs. Will C. Cooke, San Francisco; and Mrs. Ivy Johnson, Brookings, S. D.

DISPOSITION OF THE GERMAN COLONIES IS THE CHIEF DIFFICULTY NOW BEING CONSIDERED BY THE CONFERENCE

(Copyright 1919 by the United Press)
PARIS, Jan. 30.—America's participation in the peace settlement may depend on the decision regarding disposition of the German colonies, it was intimated today.

President Wilson believes the league of nations—the principle of which was unanimously adopted last Saturday—will be given its death blow if the allies now insist on dividing Germany's former colonial possessions like so much loot. The league of nations was one of the principle ideals for which the United States entered the war.

Some Favor Division

Some of the allies appear to favor carrying out the world-old custom of "division of the spoils" before the league of nations begins to function which may account for the unexpected attitude. But the president wants to have the league become effective first so it can take care of just such questions as internationalization of Germany's captured islands and colonies. He would be allowed to make the league effective by placing those disputed possessions under its administration.

The problem thus presented is the most serious that has yet confronted the peace delegates. Wilson's firm attitude apparently has confused his opponents, forcing them to play for time in which to determine their course of action.

WORLD NEWS EVENTS

WASHINGTON, Jan. 30.—The unemployment question would instantly solve itself if American business men would forget their fears of a panic and resume normal activities, Secretary of Labor Wilson told the house and senate labor committees today.

LEAVENWORTH, Kans., Jan. 30.—More than \$100,000 worth of supplies today were believed to have been consumed in a fire which broke out from an unknown cause in the quartermaster building of the United States disciplinary barracks here last night.

BUENOS AIRES, Jan. 30.—Richardson Moxson has resigned as American consul general to Argentine, effective February 2, it was announced today. He will be succeeded by Chas. O. Eberhardt, former consul inspector. Moxson has organization a law firm here.

ACCEPT OR PAY IS FINAL WORD SENT TO RUSSIA

United States Threatens to Withdraw Her Support in Every Way if the Bolshevists Refuse the Peace Offer

OTHER ALLIES EXPECT TO FOLLOW AMERICA

Conference Delegates are Disappointed at the Attitude Regarding the Proposed Meeting of All Forces

WASHINGTON, Jan. 30.—The United States threatens to withdraw its support from the Russian republican factions unless they at once endorse President Wilson's plans for ending Russian strife through a meeting with Bolsheviki and allied delegates, diplomatic circles disclosed today.

Results Sertona

Recall of American troops in the Archangel region and in Siberia, fought against exports to Archangel and Vladivostok and withdrawal of United States recognition now granted to the diplomats of the Russian constitutionalists at Washington would be the most significant features of the step. Similar action could be expected from Great Britain, France, Italy and Japan, and the Russians would be left "to fight it out amongst themselves."

America Disappointed

Diplomats admit that the disappointment of the United States at the opposition of the Russian constitutionalists toward the proposed all-Russian conference is evident.

North Russia Silent

The official position of the northern Russian government regarding the meeting will not be known, it is believed, until the arrival in Paris of President Tchakovsky, now on his way to the peace conference from Archangel.

IOWA STREET CAR MEN ASK BIG WAGE INCREASE

DES MOINES, Ia., Jan. 30.—Des Moines street car men today demanded a big boost in salary, asking a scale ranging from 35 to 65 cents an hour. This is an increase of from 14 to 18 cents an hour. The Des Moines City Railway company has until March 1 to decide on acceptance or rejection.

The company goes into federal court Monday to ask a seven cent fare, following the city council's refusal to grant it.

BOLSHEVISM IN ENGLAND RESPONSIBLE FOR LABOR TROUBLES, SAY LEADERS

General Strikes Throughout Great Britain and Ireland Fomented by Disciples of Lenin and Trotzky—Soviet Organization Obtains Among Workers in Many Industrial Centers.

STRIKERS ARE OPENLY OPPOSED TO NATIONAL TRADE UNION FEDERATION

LONDON, Jan. 30.—The general strikes throughout Great Britain and Ireland are under the direction of local boards organized like Soviets which are openly opposed to the authorized heads of the national federation of trade unions. It was further charged that the strikes are being partially financed by the Russian Bolsheviki.

LONG EXPECTED PRIMARIES BILL IS INTRODUCED

Senators Nelson of Kootenai and Nash of Franklin Sponsors of Measure Making Changes in Election Laws

COMMITTEES TO JUDGE VOTER'S QUALIFICATION

Primary Candidates Would Have to File Certificate of Political Affiliation Two Years Previous

BOISE, Jan. 30.—With Senators Nelson of Kootenai and Nash of Franklin as its introducers, the long expected primary bill made its appearance in the senate here today. Many legislators came here pledged to repeal the law in its entirety. Others cautioned against this, while some would leave it as it was. From the time of the opening of the fifteenth session, however, there was no question but that drastic changes to more certain political conditions would be made. The bill provides:

Defines Political Parties

Definition of political parties as units which have cast at the previous general election at least ten per cent of the vote recorded.

Allowing five per cent of the total a right to form new political parties and nominate tickets at the primary and secondary with the secretary of state thirty days before a primary election.

OPPOSITION IS TOO STRONG IN COLONY CLAIMS

Japan and Australia Stand Practically Alone on the Question of Disposal of German Territory

PARIS, Jan. 30.—Disposition of German colonies which has proved most difficult of the territorial problems was expected to be virtually settled at today's meeting of the peace bureau.

With the majority of the representatives proceeding on the basis of the secret treaties formulated by the allies before America's intervention were nullified by acceptance of President Wilson's fourteen points, it was believed that all colonial claims would be adjusted on the principle of the league of nations.

Union Is Strong

The virtual alliance which is understood to exist between Great Britain and the United States on the matter of territorial adjustments was regarded as powerful enough to override any opposition—as it has on previous instances—insomuch as in this instance is obviously on the popular side, and undoubtedly will receive support from a majority of the other nations. In fact, France and Italy are reported to have followed the British lead in abandoning or at least modifying their expansionist ambitions. This would leave Japan and Australia practically alone in the desire to employ Germany's loss

AMERICA FIRST MAY BE POLICY ACCEPTED HERE

British Embargo Will Cause the United States to Adopt the Plan of Considering Home Interests Before Others

SENDS ENGLAND WARNING ON FOOD IMPORTATION

Buyers From Great Britain Have Flocked Here to Buy Commodities to Be Shipped in English Vessels

WASHINGTON, Jan. 30.—In contemplating an important embargo on more than three hundred commodities the British have declared upon commercial warfare on his country, many governments of signals and congress members held today.

The new embargo has forced the fight which has been smoldering for days at a point where definite governmental trade policies must be outlined. It was believed by many members of congress they assert that the latest British action should be met with drastic retaliatory measures.

British Buyers Coming

Shipping men regarded the new ban as a British lever to pry loose all British-bound cargo for transportation on British-owned ships.

It has been known for days that British buyers have been coming to the United States in flocks.

They have been buying commodities in which England already had an import embargo as well as articles contained in the list made public by American manufacturers who sought to sell direct to English wholesalers without going through agents on this side. They have been very effectively stopped by numerous subterfuges, reports received here show.

Forms New Policy

The British buyers have contracted heavily and every ton of goods bought has been taken on the express condition that it be shipped in British-owned American ships.

There was strong indication today that the British action would serve to crystallize sentiment growing rapidly of late for a policy of America first, then the rest of the world.

Restrict Food Importation

Progressive Republicans have pledged in expressing this view, but it was believed their warnings, together with the import ban announced Wednesday by many open champions of the program from each two parties. The Democrats are hampered, they say, because of being denied President Wilson's counsel in what they term a national emergency.

An opinion rather widely held is that the United States should intimate to Great Britain that the passage of food from this country to England may be interfered with by the drastic addition to the embargo list. This would serve as a plain warning, they argue, that the United States was ready to accept any commercial challenge Great Britain may issue and meet it with effective measures.

GOAL SHORTAGE GROWS SERIOUS

Spartacans Seize Towns and Supplies Going to Berlin are Cut Off

BERLIN, Jan. 29.—(Delayed)—Spartacans still controlled Vilmshaven today, according to advices received from that city. They had also taken the women's and children's council, seized all public buildings, banks and taken over the railways, telephones and telegraphs.

A state of siege "has been declared by them. City officials have protested against the action of the Spartacans and have gone on strike demanding to be allowed work until removal of the strikers. Function of the various municipal districts is thus seriously affected. A report from Stuttgart today that the shortage of coal probably will be met by the Berlin electric works for a fortnight until a reserve accumulated. This would be a light and power here. Klarnstein and the stations are reported to be in the hands of the Spartacans.

Asks Commission to Quiet Disturbance

Instructions From Peace Bureau are to Get Poles to Business

PARIS, Jan. 30.—The allied commission to Poland appointed by the peace bureau had received its instructions today. These can be summarized as follows:

"The Poles are fighting. Get them down to business."
The commissioners, traveling by way of Germany, are expected to reach Poland in a few days and begin the somewhat difficult task of pacifying the Poles, Bohemians and other nationalities, at whom the recent mandate regarding fighting during the peace conferences was partially directed.

NOTICE

The Salmon River Canal Company having filed with the State Board of Land Commissioners its budget showing estimated expenditures for the irrigation season of 1919, as provided by Chapter 14 of the Session Laws of 1917, the Board has, therefore, ordered its publication and has fixed the time and place of hearing at Boise, Idaho, at 10 o'clock A. M., February 17, 1919.

By M. C. Stott, Register.

Resolution

Adopted January 18th, 1919, by the Board of Directors of the Salmon River Canal Company, Ltd., and pursuant to recommendations of the stockholders at a special meeting, approving the estimate of expenditures for the year 1919, and fixing the maintenance assessment thereon.

Be It Resolved, That the following is a correct estimate of the necessary and required expenditures for the operation and maintenance of the Salmon River Canal Company, Ltd., for the year 1919, amounting to the total sum of Forty-eight thousand seven hundred and eighty dollars, based upon the approved estimate of the officers of the company, and it is necessary that this sum be assessed against the stockholders of this company at the rate of one dollar and twenty-five cents (\$1.25) per share or one upon outstanding shares of stock, to wit: 70,780 shares, out of 80 shares, a total of approximately 40,000 shares will respond and pay said charge; said assessment to be due and payable on or before April 1, 1919.

Be It Further Resolved, That a copy of this resolution be filed with the State Board of Land Commissioners pursuant to the provisions of Chapter 14 of the Session Laws of 1917, with request that the estimate and assessment be approved.

Estimate for 1919: Shares, officers and clerks \$ 5,500.00; Salaries, superintendant, assistants, and ditchriders 12,500.00; Attorney fees, court and witness costs 1,750.00; Office rent, postage, print.

SENATOR WOULD KNOW IF FOOD STORES EXIST

How to Call on Department of Agriculture for Information to Get the Real Facts on Surpluses

WASHINGTON, Jan. 30.—A resolution directing the department of agriculture to inform the senate whether there are large surplus supplies of food stuffs in warehouses is to be introduced by Senator Konyon, Iowa. Konyon announced he will ask this information to get the real facts.

Packers' representatives, testifying before congressional committees, have declared there is a large surplus of pork. They have hinted also large overstocks of grains and other foods.

To Locate Surplus
Konyon wants to know where the surpluses are, if they exist, and by whom they are held. If they do exist, he will try to find out, he said, today, whether they are being held in an effort to keep up the present high prices of food.

While Konyon was planning to uncover the surplus in the central markets for pork products were thrown open to the packers by an order of the war trade board issued at the instance of the food administration.

Meanwhile students of the food problem here warned housewives to see that their retailers brought prices down to market levels, which were already reported by the bureau of markets.

"Retail prices are the hardest things in the world to force down, once they get up," Walter L. Fisher, former secretary of the interior and active in the investigation against the packers, declared today.

"A drop of ten cents in the whole sale price of meat for instance, might not be reflected in retail prices for a month."

SAYS LAWMAKERS ARE HEEDING FARM BUREAU

Mrs. Carrie Harper White Reports to County Agent on Progress of Bills Wanted Here

Mrs. Carrie Harper White, one of the Twin Falls county delegates in the present session of the Idaho house of representatives, in a letter just received by County Agent Donald McLean, stated that the dog control bill in which the farm bureau is interested, has made its appearance among the lawmakers and that it will be put in shape rapidly for presentation.

The wish expressed by the farm bureau in respect to open seasons, on the Chinese pheasants in this county, Mrs. White states, will receive attention at the hands of the fish and game committee.

Other bills mentioned by Mrs. White are: a bill to amend the farm bureau law, and a bill to take care of in various bills, she stated.

SHOWING TODAY AT THE OPERETTA THEATRE

"My Own United States"—The words send a thrill of pride through the veins of every genuine, red-blooded American. Those who have done the most for their country have always loved it most. The makers of its early history loved it with a passionate devotion. Such men as George Washington, Abraham Lincoln and Grant dedicated their lives to the welfare of the young republic.

The noble deeds of these men live again in "My Own United States," which brings a message from the past for the guidance of the future. There is no one who will not be better American for having seen it. It turns the pages of history in a fascinating way, never to be forgotten.

TRUCK STRIKE GROWING

BELEFAST, Jan. 30.—Looting has broken out here in connection with the general strike resulting in frequent clashes between the police and rioters. Several persons were injured when police men charged into the crowds last night.

Fifty thousand linen workers threatened to join the strike today. A food shortage was said to be imminent. Other unions were debating sympathetic walkouts.

REPUBLICANS WINNING

PARIS, Jan. 30.—Republican forces continue to administer defeats to the monarchists in Portugal, according to an official dispatch from Lisbon.

The republicans are advancing upon Mangualde and are advancing upon Mangualde de Gard, the dispatch said. A large volunteer force is moving toward the northern provinces, where the monarchists are still holding out.

ON FRONTIER OVERSEAS

WASHINGTON, Jan. 30.—The following army units have been placed on priority overseas:

LABOR DEMANDS PRICE CHANGES

The Federated Union Is Waging War Against the Profiteers in New York

NEW YORK, Jan. 30.—"Organized labor will rebel at continued high food prices," Ernest Bohm, secretary of the Central Federated Union, declared today after reviewing stored food statistics.

The Central Federated Union represents more than 300,000 organized workers in Greater New York. Plans are under way for that organization to wage a war on profiteers.

"If high prices continue, wages will have to go up accordingly," said Bohm. "The workers must have relief from the present situation."

"Food warehouses must be opened to the public organized labor is going to demand that the be opened. The food profiteers cannot long continue to fleece the public and rob the workmen. Labor is awake to the situation."

CLAIMS MOTIVES PATRIOTIC

CHICAGO, Jan. 30.—Admitting that the Chicago Branch of the National Security league had advised against certain candidates, but insisting that the league's activities were patriotic and not political, E. H. Merrick, chairman of the Chicago Branch, was the first witness before a congressional committee investigating the league here.

Replying to questions by Chairman Don Johnson, Kentucky, Merrick asserted the league has mailed out letters advising the 6,000 to 7,000 members of the Chicago chapter not to support Mayor William Hale Thompson of Chicago for senator nor Representative Fred C. Britten, Illinois, then up for re-election.

URGES CONGRESS TO ACT

WASHINGTON, Jan. 30.—Warning members of the senate committee on education and labor that trouble is bound to arise "when men reason from their stomachs instead of their heads," Louis F. Post, assistant secretary of labor, urged that congress act on readjustment before adjournment.

"It is going to be much more expensive to create an army of hungry unemployed men than it is to pay, high or low," said Post.

Public buildings, national highways and reclamation of land for soldiers were some of the projects that Post recommended.

RAISES PAY OF JUDGES

OLYMPIA, Wash., Jan. 30.—The senate, 31 to 10, passed the bill to increase judges' salaries.

An amendment was adopted, so that the measure pays superior judges \$4,500 a year in salaries of the first class, while the salaries will be \$5,000. Supreme court judges will receive \$7,000.

THAT KNIFE-LIKE PAIN

Is Only One of Nature's Warnings of Weak or Damaged Kidneys

Have you a lame back, aching day and night? Do you feel a sharp pain after stooping? Are the kidneys aching in their secret passages? Use Doan's Kidney Pills—the medicine recommended by so many Twin Falls people. Read this case:

C. J. Peters, prop. shoe repair shop, 221 E. Sheoshoes St., Twin Falls, says: "I suffered a great deal with sharp pains that went through my back like knives. Doan's Kidney Pills were recommended and it only took one box to rid me of every bit of kidney trouble. Doan's drove away the pains." (Statement given September 18, 1910.)

On September 24, 1917, Mr. Peters said: "I have needed a kidney remedy for several years. I consider the cure Doan's Kidney Pills gave me as permanent." Price 50c, at all dealers. Foster-Milburn Co. Mfrs., Buffalo, N. Y.

NINETEEN NEW BILLS NEW RECORD IN HOUSE

Lower Body Spends More Time in Legislation Than in Any Previous Day Since Session Began

BOISE, Jan. 30.—There were nineteen bills introduced into the Idaho house of representatives Tuesday, which made a record for the session which was also remarkable in that the house spent more time in legislative deliberation than any day since it started.

The committee of agriculture was the author of a bill which would provide an ad valorem tax in an effort to raise \$50,000 for the use of the committee. New methods of receiving and awarding state highway contracts are sought in House Bill No. 75 while damage to highways caused by live stock would be penalized.

Both senate members of the house joined in a measure providing that an eight hour day should constitute a day's work for women. Representative Greenwood would make it possible for the people themselves to propose amendments to the constitution.

In a voluminous bill Representative Hall would create counties as school districts and abolish all other school districts, transferring their property to the county and provide for a board of education to have complete charge of the education of children.

A number of bills were killed in the house among them was the enabling act to create counties; one providing for the non-partisan nomination of county officials and a measure which would allow school districts to cancel indebtedness through an issue of bonds.

Still other measures were assigned through an issue of bonds, the reference committee recommended that the bill abolishing capital punishment and the one making it a misdemeanor to draw checks without funds do not pass.

ACCEPTS VROOMAN'S LEAVE

WASHINGTON, Jan. 30.—President Wilson has accepted the resignation of Carl Vrooman, assistant secretary of agriculture. In health he assigned Vrooman, who is abroad on an agricultural mission, will remain until fully recovered.

COMES TO RESCUE OF EX-ADJUTANT GENERAL

Ada County Representative Asks for Invitation Extended Principals Concerned in Investigation

BOISE, Jan. 30.—Indications that the state affairs committee of the Idaho legislature might investigate all state institutions were seen here today in the passing of a resolution empowering the committee to expend money for investigation expenses. The expenses suggested would be for summoning witnesses, employment of clerks, and traveling charges.

Representative Young, republican, of Ada county, came to the rescue of Representative Moody Tuesday, when he sought to have the following resolution adopted: "That the state affairs committee regarding the presence of former Governor Alexander and C. S. Moody, if they so desire, to attend the meeting of the committee while said committee is investigating the department of the adjutant general of the state of Idaho."

His motion lost. In speaking for it Mr. Young said that the purpose he had was to show that the republican majority did not desire to override the democratic minority in any investigations to be made.

INTEREST BATH MAY BE HIGHER ON FUTURE LOAN

CHICAGO, Jan. 30.—Indications that the fifth and last liberty loan—the Victory loan—will bear a higher rate of interest and that tax exemptions and other privileges will be accorded bond buyers, were made here at a meeting of loan organization officials of the five states of the seventh federal reserve district.

No hint of the amount of the loan or the exact time of flotation was given.

WILSON NAMES OFFICIALS

WASHINGTON, Jan. 30.—The president sent to the senate the following nominations:
To be comptroller of the currency—John Skilton Williams of Richmond, Virginia.
To be assistant secretary of the treasury—Joseph Shooes of Kinsey, Kansas.
To be registrar of the land office at Walla Walla, Washington—Frederick M. Madger of Washington, re-appointed.

HOUSE PASSES TWO BILLS

Sets Seal of Approval on Education Appropriation and Women's Relief

(Special to The News)
BOISE, Jan. 30.—Two bills passed the Idaho house Tuesday afternoon when the lower body of the legislature put its legal endorsement on measures by Representative Johnson and the public health committee. The former provided that the state appropriate sufficient funds to meet the government appropriation for vocational education and the latter provide that county commissioners may grant a pension of not more than \$25.00 per week to women in independent circumstances who are about to be confined.

Ask Your Grocer For **STERLING BUTTER** made by THE STERLING CHEESEWORKY Twin Falls, Idaho "Our Motto—Quality and Service"

WOULD HAVE MARRIAGE ANNULLED BY COURT

CHICAGO, Jan. 30.—Alleging that his wife refused to be a mother after having talked to him about having family, David H. Mallison today filed a bill for annulment of his marriage to Mrs. Ethel Butler Mallison. Mallison declared they were married January 21 and that Mrs. Ethel Hen, who was formerly a Junior High School teacher, had said it was wrong for them to marry. He declared it is guilty of fraud and deceit.

DIEMERS TOLL RATES SUIT

INDIANAPOLIS, Ind., Jan. 30.—Petition of the Indiana public-service commission for an injunction to prevent the Burleson long distance telephone rates from being placed into effect was dismissed by Judge A. B. Dawson in United States district court here. Judge Anderson held that court had no jurisdiction.

probably not differ greatly from former accomplishments. Good men and bad creep into public confidence and ask holdovers for public approval every two years.

But nonpartisanism has worked well in the management of the affairs of the city of Twin Falls. Good men have been selected and political affiliations have mattered not at all.

We would like to hear more on the subject of the particular bill which has for its object the bringing about of nonpartisan elections in counties.

To "finance" a "To Let" advertising campaign you need only set aside—for perhaps a few days—a part of your pocket money.

LONG EXPECTED PRIMARY BILL IS INTRODUCED

(Continued from page one)

County officers are nominated by primaries. State senators, district judges, and members of the house are listed as county officers.

State to Stand Expenses. County conventions elect delegates to state-conventions and the state pays the railroad fare of these delegates.

Must Show Affiliation. No candidate is allowed on the primary ticket who does not file with the recorder of his county a certificate from the county chairman of the party on whose ticket he wishes to be showing that he has been a member of that party for the two years previous.

To "finance" a "To Let" advertising campaign you need only set aside—for perhaps a few days—a part of your pocket money.

THE BUICK VALVE-IN-HEAD MOTOR

Season after season of continued success has demonstrated the value and pre-eminence of the Buick Valve-in-Head motor, the motor that has been the keystone of Buick success for the past 15 years.

Buick Valve-in-Head motors are dependable, that is why Buick cars always acquire themselves with fame in all corners. Power in the motor car is so essential to the time a demand factor, but when it is needed, the most important of all others.

Valve-in-Head type, although it costs more to build, than the other type of motor, delivers the maximum amount of power at all times and on instant demand.

The question of fuel economy is of vital interest to car owners, and to car operators. The Buick Valve-in-Head

motor accomplishes this saving of fuel by consuming all the gas and by keeping itself constantly clean—sweeping the carbons and waste gases, thus delivering the full amount of energy contained in the fuel.

Fifteen years of careful study, and exhaustive experimental work has produced a motor, perfect in principle and faultless in design, has combined its various parts of motor, ignition, carburetor, transmission, etc., into one harmonious whole—a unit power plant simple and compact, flexible and efficient.

Year after year of faithful performance has placed this Valve-in-Head motor far in the lead of all other types.

RAISE GAS FARES LIMIT. OLYMPIA, Wash., Jan. 30—The state senate will be asked to knock off the five cent limit on car fares, and give the public service commission full power to grant whatever increases utility corporation asks.

This decision was reached unanimously by the senate public utilities commission.

Get some INFORMATION about it—what it will cost, where it may be bought to best advantage—through reading the NEWS.

FOOD SPECULATION

If it is a fact that food supplies in the United States represent the greatest aggregate tonnage in years and that these supplies are held in the possession of speculators in an effort to gain undue profits through a rising market engendered through the hoarding of these same supplies, we can think of nothing better calculated to add fuel to the flames of Bolshevism in America.

The hoarding of food stuffs, gambling in the world's food supply, is a respectable form of business, yet there is no lack of evidence in support of the claims of those in a position to know, that this practice has been going on for years, although the high water mark has probably been reached within the past year or two.

Congress of recent months has shown disposition to take up matters of this kind in a serious way. If congress is wise, these investigations will never see until the evil of this sort of thing is torn out of the industrial system of America.

Speculators in foodstuffs are a good deal better. They are rather worse than the old time knight of the green cloth because the latter dealt only with an and money and passed the comparatively insignificant result of his forays on in an indirect way.

AN OPEN QUESTION. There is much to be said in favor of the proposition of electing county officers holders without reference to political affiliation.

There can be no question but what a good proposition of "put in a bunch of business men" is rapidly giving way to "let the people do it" when it comes to the selection in the way of public improvement or public progress.

county officers were elected on a partisan basis, nonpartisan in the end and best sense, the result would

DONATIONS OF VOLUNTEERS ARE FIRST RECEIVED

County Committee for Relief in Near East Makes Deposit of Initial Contributions to Fund to Be Raised Here

The first deposit of money collected in Twin Falls toward the fund of \$5,000 to be raised in Twin Falls county in the campaign of the American Committee for Relief in the Near East, totaled \$285, and was put in the bank here Wednesday by W. B. Priebe of the county committee.

The sum was for the most part, made up of contributions given by persons who had not yet received the letters sent through the mails by the committee, the work of mailing these letters in Twin Falls having been completed on Tuesday. The contributions reported were of an average amount of 45 cents.

To Collect Reports

Deposits will not be made here of contributions collected in communities served by banks, the instructions in the letters mailed being that remittance should be made to the bank of which the person addressed was a customer. The county committee expects, however, to collect daily reports during the progress of the campaign, which, according to schedule is to close on Friday next, as to the amount turned into each bank of the county.

The Bull district, where the campaign is directed by L. J. Johnson a member of the county committee, has taken as his own share of the sum to be raised in this county the sum of \$1200, leaving \$3800 to be collected in the balance of the county. Members of the committee here express confidence that the quota set for the county will be reached, but urge that the matter of response to solicitation be not delayed.

Some Counties Over.

Several Idaho counties, among them being Blaine county, already have subscribed the full amount of their quota.

With Hosts and Hostesses

Mrs. Frank Bell entertained the P. E. O. at her home on Seventh east on Tuesday evening. Mrs. John Maxwell was initiated by the group.

Miss Eula Fox gave a four o'clock dinner on Sunday. The table was brightened by a plant and dainty place cards. The guests were Mesdames Sari Folt, De Witt Young, Harry Gray and Misses Grace Bryant, Lois Stewart, Edith Dygert, Jane Maxwell and Jessie McMillan, who is the guest of Mrs. Young.

Mrs. DeWitt Young entertained at dinner in her country home Wednesday evening in honor of her sister, Miss Jessie McMillan. Among the guests invited were Misses Jane Maxwell, Eula Fox, Edith Dygert, Grace Bryant and Mrs. Sari Folt.

The Wednesday Bridge Club had luncheon at the Perrine Hotel yesterday and then went to the home of Mrs. Everett Sweeley, where the time was spent in cards. Mrs. A. Hamilton had high score for the afternoon. Three tables were there.

PETITION TO REQUEST VILLAGE OF HANSEN

Residents of East End Town Take Step Toward Organization of Incorporated Municipality

Hansen will be organized as an incorporated village, if petitions in circulation in the proposed municipality are regarded with favor by the board of county commissioners. The form of petition in use was prepared here Wednesday at the instance of W. F. Brewer former county commissioner, a resident of Hansen.

The petition shows the boundaries of the proposed village showing it to be square in form, each side being 2510 feet in length, and the whole tract on the northwest corner to a point 25 feet south and 25 feet south and 25 feet east of the northwest corner of section 25, township 10, range 18.

It states that the population of the proposed village is in excess of 200 required by the statute.

The townsite of Hansen was one of the first opened when settlers first appeared to make their homes on irrigated lands of the Twin Falls country some fourteen years ago. It is situated 12 miles east of Twin Falls, between Kimberly and Murrenburg. It is the center for a large area of farm land regarded as some of the best in the state.

Mrs. C. H. Snow of Buhl, came here Wednesday to spend several days with friends.

OAD OF THANKS

We wish to express our sincere thanks to our friends for the floral tributes and for the help and kind sympathy shown us in our greatest sorrow.

Mr. and Mrs. T. B. Starr and Dale Starr.

DISCOVERS MANY BUGS IN HIDING

Clover Aphids in Large Numbers Survive Mild Winter Here Says Entomologist

Clover aphids have survived through the mild weather of the present winter and are to be found in great numbers in clover fields which have been grazed and in plants allowed to grow as volunteers along the ditch banks according to Ralph H. Smith, entomologist of the University of Idaho, who has been stationed here for several months past conducting investigations with a view to determining upon means of control of the pest.

Advise Use of Fire.

The present situation as regards aphids is not one to occasion immediate alarm, Mr. Smith states, but the foresighted clover grower and orchardist will not permit of the survival of the destructive bugs unnecessarily.

As an effective means of exterminating the leavily aphids which have survived the winter thus far, Mr. Smith advises burning of clover plants, especially those that have been permitted to remain along ditch banks. This treatment, he says, will kill many of the bugs in the flames, and others deprived of their customary shelter, will perish when exposed to lower temperatures.

Has Published Bulletin.

The suggestions made by Mr. Smith in respect to general measures for the control of the aphid have been published in a bulletin recently issued by the state university, copies of which are to be had at his office in the court house or at the county farm bureau offices here.

Local Brevities

From Camp Lewis—Robert Holmboe has returned from Camp Lewis.

Major Booth Here—Major C. M. Booth is here from Camp Lewis for a few days.

Suffers from Appendicitis—Mrs. H. H. Grooms is confined at her home with a serious attack of appendicitis.

Service Man Here—Marvin Black, who has recently been discharged from service, is here for a few days from Hinawatha, Utah.

Ends Visit in Oregon—Mrs. George Beyer returned from a visit to her former home in Lagrand, Oregon, Wednesday.

Exhibits Trophies—W. V. Day has a German gun, some marks and helmets in the window of the Young Hardware store this week.

Mother Ill—Miss Josephine Barnes of Bichel, who has been attending school here, was called home yesterday by her mother's illness.

Visits Friends Here—Mr. and Mrs. Russell Thorpe spent Wednesday here as the guests of Mrs. Marian Tucker and J. G. Bradley. They left for California last night.

Returns With Bride—John Hansen returned from Nebraska with his bride. They will occupy the Lewis Bell home. The Bells are moving into the Golden Rule Addition.

Would Go South—L. M. Crawford left yesterday on an extended trip thru California and Arizona looking over new lands with a view to buying land in the south.

Will Assume Position—George Dennison, who has been in service for almost a year, is back in Twin Falls and will resume his post as teacher of agriculture in the high school.

Heads Optometrists—Dr. B. A. Parrott, Twin Falls, was elected president of the Idaho State Association of Optometrists at the annual meeting of the organization held Monday at Boise.

Relieved from Service—Perry Spangler, who has been a member of the signal corps service in Camp Meade for several months, returned home yesterday after being discharged at Camp Logan.

To Enter Business Here—Charles Dingler expects to go into the Hunt Jewelry store about the middle of February. He has been in Wendell for several years but plans to make his home here in the future.

Butterfat Prices Down—The second drop of five cents in the price of butterfat within the week is reported this morning. Local buyers are paying 45 cents a pound for the product this morning, and creamery butter is wholesaling at 30 cents a pound.

Jury Gives Acquittal—Roy Standley of Hansen was acquitted by a jury in probate court here Tuesday of a charge of theft of a sweater valued at \$8, owned by Sam Roberts. Both principles in the case had been employed at a ditch camp. The defendant introduced no testimony.

DECISION OF BOARD IS FOR NURSES' HOME

New Building Contemplated to Be Erected in County General Hospital Grounds to Relieve Conditions

Crowded conditions existing at the county general hospital opened here about one year ago, can best be relieved by the building of a nurses' home on the hospital grounds to accommodate the attendants at the institution who are now quartered in the hospital itself. This is the decision reached Wednesday by the county commissioners and the board of hospital directors, following a visit that afternoon to the institution.

Definite Steps Have Not Yet Been Taken

toward the fulfillment of the plan indicated, but it is regarded as probable that little delay will result during preliminary negotiations.

Adopt Former Plan

The plan adopted is the one acted upon last fall by the last board of county commissioners. The old board considered various plans for the proposed building submitted by architects at that time. Carrying out of the plan was prevented by the restrictions imposed by the war industries board as regarded building during the emergency.

It is pointed out that the plan adopted will not only afford needed room for the accommodation of patients at the hospital, but that in affording a detached home for the attendants, it will contribute largely to their comfort and morale.

Births

To Mr. and Mrs. Hal G. Blue, on Wednesday, January 29, a son.

MARRIAGE LICENSES.

Marriage licenses were issued on Wednesday in Twin Falls to the following:

Loren Brown Glasgow and Ruby M. Tanquary, both of Buhl.

MARRIAGES.

Glasgow-Tanquary

The marriage of Miss Ruby M. Tanquary and Loren Brown Glasgow, both of Buhl, took place Wednesday afternoon in the rooms of the probate court here, Judge O. P. Duval officiating. The ceremony was witnessed by H. O. Tanquary and W. A. Glasgow.

Advertise in the Classified columns of The News. Somebody will want it.

Mr. and Mrs. Fred Cunningham of Buhl, spent Wednesday with Mr. and Mrs. G. M. Simpson.

Nebraska Stockman Here—Henry Mousel of Cambridge, Nebraska, one of the largest growers of Hereford cattle in the middle west, with Mrs. Mousel and their two children, on route to California, were the guests here the first of the week of Mr. and Mrs. W. C. Hoffman. They will visit for some time also with Judge and Mrs. Dan T. Welty, parents of Mrs. Mousel, at Castletford.

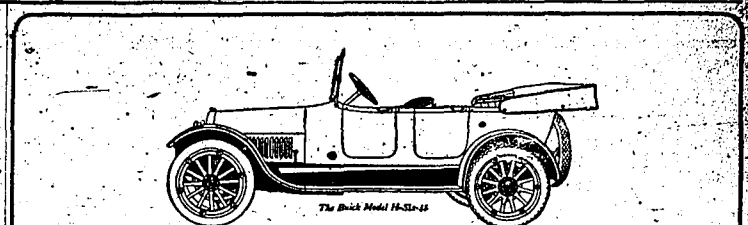

Poultryman Here—Fren Moore, head of the department of poultry husbandry at the University of Idaho, arrived here at noon today to spend the balance of the week meeting with poultry growers of the county. He will spend a larger portion of the time in the field but will be at the farm bureau offices Thursday afternoon to meet with anyone interested in any phase of the industry.

Returns from Vancouver—Sergeant Blaine C. Van Ausdell, son of former Sheriff and Mrs. H. C. Van Ausdell, who enlisted in the army aviation section some 18 months ago, returned on Wednesday from Vancouver, Washington, where he had been stationed for some time and where he received his discharge from the service. He has leased his father's farm and expects to work on it during the coming season.

For Soldiers Guidance—Two new bill posters have been put up by the Red Cross home service section near the Power building and by the Council of Defense near the station where all arrivals can see it plainly. These both are the council of defense are really advised the fact that the home service to help soldiers coming home with or without work. The station sign states where they can register for work and can scarcely be missed when coming up Shoabone.

TYPEWRITERS, adding machines, cash registers, and the standard makes, at very low prices. Write J. R. Bickley, Rupert, Idaho.—Adv.

Mrs. E. B. Hunt of Murrenburg, who has been in the Wylie Sanitarium here suffering from paralysis in Murrenburg for a few days.

The New 1919 Buicks Are Here

Come and See Them

You will be agreeably surprised at the many refinements and improvements. The novel enclosing of the Valve-in-the-Head motor will especially please you.

One of the greatest achievements of the World War was the Liberty aviation motor and it is a Valve-in-the-Head.

Buick was the first to build the Valve-in-the-Head and for over fifteen years has been constantly perfecting the same until today the Buick Six will out-demonstrate any Six built at anywhere near its price.

To Buick owners comes that mental satisfaction,—that peace of mind, which is the result of knowing that nowhere else can greater value be secured for the investment. There has never been a line of Sixes sold on which the depreciation is less than on a Buick Six. For instance, in the spring of 1916 we received our first Buick Little Six which sold for \$885.00 factory. This very same car has been in constant hard use for nearly four years, has run over thirty thousand miles and today after being camouflaged with paint and a new top is being offered for sale by one of our competitors for \$1200.00. This explains why they are so eager to trade for Buicks.

WANTS REASONS FOR PREVAILING HIGH FOOD COST

Packers are Questioned About the Surplus of Supplies in Storage and Probable Causes of Present Prices

WASHINGTON, Jan. 29.—Citing figures showing a large surplus of food-stuffs Senator Norris today demanded of Louis F. Swift, packers, why prices had not come down.

Norris read the Albany, N. York, warehouse report handed him by the United Press, showing storehouses in that state are overflowing with accumulated foodstuffs.

Demands Reason
"If that is true," he asked, "why is it that prices of products to consumers are still going up?"

"You can't blame the packers," Swift retorted. "Large packers are not especially involved as they do not own over 10 per cent of the stored food referred to."

Swift added that prices are already somewhat lower.

"This statement by the United Press would indicate food stocks are much greater in a general way than last year," Norris suggested.

"I'm inclined to think that is so," Swift admitted. "All stocks are greater."

"Then ought not prices go down if there is so much food stored?" Norris pressed.

"I understood they are," Swift answered and referred to a newspaper item.

Asks Aid For Small Packers
WASHINGTON, Jan. 29.—Governments aid to small packers instead of restriction on big concerns was advocated today by Thomas F. Wilson, president of Wilson and company.

Wilson urged the house interstate commerce committee to oppose pending bills to regulate and license all packers.

"If it is thought best to take the stock yards under government control, do so by utilizing the present efficient management, intelligently regulating these facilities to whatever extent necessary," Wilson said.

"If it is considered advisable to make some improvement in the situation that would be more helpful for the smaller packers, the same method should prevail."

Government Should Help
"Let the government find some way of enabling them to better help themselves."

"This applies particularly to distributing facilities such as refrigerator cars, branch houses and cold storage."

Wilson explained, however, that he did not believe the government should provide facilities for carrying on commercial enterprises.

"I do not believe you should force my company to reduce its operations to offset the lack of the same facilities in other companies," Wilson added.

GERMAN CABINET TO GIVE UP GOVERNMENT

National Assembly May Be Made Reipient of Gift of Questionable Value In Report

BY FRANK J. TAYLOR
BERNE, Jan. 29.—The German cabinet plans to turn over the government to the national assembly at the initial meeting of that body, according to dispatches received from Berlin.

Such a move, it was believed, would be the biggest possible step toward stabilization of German political affairs, enabling representatives directly selected by the people to determine all administrative and legislative details of the new republic.

Dispatches from Berlin reported that the ninth army corps had refused to accept the government's plans for military reorganization and that the officers' and soldiers' councils, claiming supreme authority in army matters, had sent delegates to the capital to press their claims before the government.

DRYS IN FORCE AT BARLEYCORN FUNERAL

White Ribbons Surround Acting Secretary of State Signing Proclamation

WASHINGTON, Jan. 30.—Surrounded by a group of leading white ribbon holders, acting secretary of State Polk signed the proclamation that the national prohibition amendment had been ratified.

William Jennings Bryan, who made grape juice James, was there with a broad smile. Senator Sheppard, dry advocate, appeared "overjoyed." Several women followers of Francis Willard, W. C. T. U., beamed as Polk scratched the faded signature.

The proclamation merely gives notice that the amendment has been ratified.

The state department holds that the country goes dry one year from the date of such the action of the last of the thirty-six states.

COST OF LIVING IS RESULT OF MONEY SYSTEM

Measures Taken to Force the Retail Market to Drop With the Wholesale Decline — Wheat Price Considered

CHICAGO, Jan. 30.—John Fitzpatrick, president of the Chicago Federation of Labor, today attacked the American financial system as responsible for stubborn high cost of living.

"Don't boycott the dealer," said Fitzpatrick. "Go after it at the source. If the working man will keep his money out of the savings bank, the speculator can't borrow it. Prices will tumble then."

"Crush the whole system. The retailer is only a small cog in it."

Would Force Drop
In the fact of further wholesale prices tumble labor unions today considered action to force drops in the retail markets. Fitzpatrick said unions probably would discuss the matter individually at first.

Butter prices here today were twenty-two cents below the recent peak, selling wholesale at forty-five cents. A few retailers had dropped their prices two to five cents. Eggs dropped again and potatoes fell five to ten cents.

Ten and fifteen cent drops in butter prices were reported from Denver and Salt Lake.

Make Government Loser
A committee of Chicago grain men, headed by J. P. Griffin, left for Washington today to urge abrogation of the fixed price on wheat.

Their plan is to have the government cover the loss sustained by once more making wheat price subject to the law of supply and demand. The government loss, they say, will be severe.

Livestock brought somewhat lower prices today because of the overwhelming supply here.

MODERN STRATEGY

All life-time is a school of strategy—a game of war upon germs and tendencies which, unless thwarted, weaken the system and invite disease. Modern health-strategy dictates the use of

TELLS STRANGE STORIES CONCERNING PAST LIFE

CHICAGO, Jan. 30.—James H. Monroe, self-styled private detective of St. Louis, who yesterday insisted he killed Miss Josephine McDonnell by hitting her while driving an automobile here last week, today as stoutly denied the story and created a new one in which he took the part of a former convict, deserter and robber.

Giving names and places and minute details of the killing which he afterward denied, he repeated with the same exactness details of another story declaring that he was wanted for larceny of \$100 from an East St. Louis barber. Police were inclined to believe Monroe mentally irresponsible.

Monroe's story, they say, will be severe. Livestock brought somewhat lower prices today because of the overwhelming supply here.

LEAGUE SAYS STAR PLAYER BET ON GAME

First Baseman is Charged With Gambling and Indifferent Playing and is Attempting to Clear Himself.

By H. C. HAMILTON
NEW YORK, Jan. 30.—Hal Chase was to go on trial here today behind locked doors in National League headquarters, charged with indifferent playing and with gambling on ball games while a member of the Cincinnati Reds.

Prince Hal, admittedly the greatest of all first basemen, vehemently denied the charges sometime ago and then repented his denials some time after, then after a demand that the hearing promised him be open to the public. He feels confident, he declares, that he will clear himself of the allegations, for which Christy Mathewson suspended him last season.

Maintains Secrecy
Much influence has been brought to bear on John Heydler, president of the league, in an attempt to make him, in the case in the open but Heydler has maintained his ground, pointing out that if publicity were given the case, two sides for debate would be established before a ruling had been made, probably affecting those concerned to such an extent that the decisions would long be a subject for argument.

No decision will be handed down, it is believed, for a month. Heydler said he would hear the evidence at leisure and devote much time to certain of the facts as they appear. Rumors here today were to the effect that in case Chase is cleared he will be traded to the giants.

Alleged Pro-German Millionaire May Plead Deranged Intellect

Examination of Prospective Jurors in Portland Case Indicates Policy

PORTLAND, Ore., Jan. 30.—The government opened its case against Henry Alberts, millionaire miller, who is on trial in federal court here charged with violating the espionage act.

The jury was finally selected late yesterday afternoon and United States District Attorney Hancy made his opening statement.

Three days were consumed in choosing the jurors. "The case is not expected to go to the grand jury until the end of the week or the first of next."

The examination of prospective jurors indicated that the defense will admit Alberts made some of the pro-German utterances as charged, but due to the fact he was intoxicated and not in his right mind.

There are seven counts to the indictment against Alberts, the first four being based on alleged statements of the defendant while he was a passenger on a southern Pacific train en route to Portland, October 8, 1918.

These are a few of the alleged utterances of Alberts:
"To hell with America!"
"McAdoo is a ————"

"Why should this government tell me what to do?"
"I came to this country supposing it was a free country, but I find it is not as free as Germany."

"A German can never be beaten by a Yank."
"I could take a gun myself and fight right here."

"I have helped Germany in this war and I would give every cent I have to defeat the United States."

FEW EXCEPTIONS IN IMMIGRATION BARS
WASHINGTON, Jan. 30.—The bill shutting off immigration for four years was formally introduced into the house by Chairman Burnett of the house immigration committee.

Burnett was seeking early action on his bill through the committee. In addition to excluding aliens with the exception of certain relatives of aliens already here, those fleeing from religious persecution and skilled laborers, the bill forbids the employment of aliens on vessels on the great lakes or in the coastwise trade.

WOULD RAISE REVENUE FLAG OVER HUN ISLANDS
MELBOURNE, Australia, Jan. 30.—"It is the desire and the hope of the Australian government that the islands of the Pacific formerly held by Germany and now occupied by Australia and New Zealand forces, should for the future be controlled either by Great Britain or Australia and New Zealand," acting Premier Watt declared in an official statement today.

FORMER MAYOR RETURNS
CHICAGO, Jan. 30.—News reached here today that Carter Harrison, five times mayor of Chicago, has left Paris and is on his way home to enter the mayoralty race as an independent. Harrison was doing Red Cross work in France.

WILSON SAYS TROOPS IN RUSSIA CARRY ON

Quotes Inspector's Report That Clothes and Equipment are Plenty and Men Comfortable

LANSING, Mich., Jan. 30.—The general health, discipline and morale of the American troops in Russia is good, according to a cablegram received by Governor Sleeper from President Wilson. It was sent in reply to a cable from the governor asking the president for assurances that Michigan troops were not suffering.

The president's statement is based on a report by Colonel Stewart commanding the American troops in Russia. A complete inspection tour was made by Colonel Stewart. The tour showed the men to be in excellent condition, he said. Men in advanced posts, where unusual field conditions exist he said, were not afforded the same comforts as the main body.

Sanitary conditions are primitive, he wrote, but clothing and equipment are plentiful while the men have become accustomed to the rigors of the weather. American troops occupy, with the allies, a front of four hundred miles. Conditions, he said, were as satisfactory as they can be made.

RUSSIAN RAISE OBJECTIONS
LONDON, Jan. 30.—The newspaper Pravda discussing the allies proposal for a joint conference with the various Russian factions at Prinkip, argues that the entente is an illogical arbiter, being one of the interested parties because of the presence of its troops on the Archangel front, a wireless dispatch from Moscow reported.

General Warns Against Menace Of Bolsheviki

Four Minute Men of America are Told They Must Fight the Red Movement

DETROIT, Mich., Jan. 30.—Warning was issued against the growing Bolshevist menace in the United States by Major-General Leonard Wood in an address here to the Four-Minute Men of America last night in which he urged them to "stick" and fight the Red movement.

General Wood declared the Four-Minute Men must assist in securing employment for the returning soldiers or face the possibility of losing them to the Bolshevist propagandists. He warned that "this is not the last war and we don't want a lot of discontented men in this country."

Practically every section of the country was represented at the organization of the new national association.

Swift & Company's 1918 Earnings

How They Affected You.

During the twelve months ended Nov. 2, 1918 (its fiscal year), Swift & Company transacted the largest volume of business on the smallest margin of profit in its history.

Profits of the meat business—under regulations of the United States Food Administration—were limited to a maximum of 9 per cent on capital employed but not to exceed 2½ cents per dollar of sales.

Swift & Company in the regulated departments earned 7.57 per cent on capital employed and 2.04 cents per dollar of sales, out of which had to be paid interest on borrowed money and taxes. Here is how these earnings affect you.

Live-Stock Raiser—
Swift & Company killed 14,948,000 head of livestock, which weighed alive, 4,971,500,000 pounds.

Swift & Company made a profit of only a fraction of a cent per pound live-weight.

Consumer—
The sales of our meat departments were 4,012,579,000 pounds on which our earnings were less than ½ cent per pound.

The per capita consumption of meat in the United States is given as 170 pounds. If a consumer purchased only Swift & Company's products he would contribute only about 78 cents a year, or 1½ cents a week as profit to the company.

Swift & Company, U.S.A.
