FRENCH WOMEN WANT JUSTICE FOR CRUELTIES

Petitions Peace-Conference for Punishment of Criminals Who Are Responsible for Great Wrong Done Them

ALL HUMANITY PROTESTS AGAINST GERMAN ACTION

Girls and Even Children Were Abducted and Forced to Submit to Most Odious Treatment—Guilty Must Pay

(By Associated Press) PARIS—A petition asking for the punishment of the Germans responsible for the deportation of women from the Rhine and the forcing in the spring of 1914 will soon be handed to the peace conference. It is signed by 16,000 women, including Madame Genevieve Chirac and Mrs. Anna Roosevelt. The petition says:

"In spite of the most elementary laws of humanity, thousands of women, girls and children of every condition were systematically abducted from their families and were forced to submit to the most odious treatment. We women of France need no further proof. We demand justice from the peace conference on behalf of our martyred sisters."

Demands Punishment

"To prevent such crimes from ever being perpetrated again we demand that those guilty of them be punished like ordinary criminals. We trust you will exact full justice from Germany and her allies. We are nearing the anniversary of the day, April 23, 1914, when the odious deed was committed. The women of all nations protest was carried out and we firmly trust that another year will not elapse before the guilty are punished, both those who signed the order for Berlin and those who executed it in the most brutal way."

KANSAS WHEAT REPORTS SHOW GOOD OUTLOOK

Indications Are For Larger Acreage and Bigger Yield Than Ever Before in History of State Says Board

(By Associated Press) TOPEKA.—The first Kansas wheat crop of the year, issued today by the secretary of the state board of agriculture, shows that the condition and acreage of wheat in Kansas this year is the best and largest in the history of any state at this time of year. The report places the acreage at 10,738,000 acres and the condition is estimated at 95.32.

If the ordinary method of figuring the yield is used, the forecast is that the state will produce more than 219,000,000 bushels of wheat from this crop. Under guaranteed prices the value of the crop would be \$50,000,000 or nearly a half billion dollars. This would average about \$45 per capita for the entire state.

Governor Davis to Address Veterans

(Special to The News) BOISE, Idaho.—Governor D. W. Davis probably will accept an invitation extended to him to speak at the state department of the Grand Army of the Republic to be held this year at Twin Falls, April 19.

High School Games With Boise Billed

Two good games of basketball are promised for Friday and Saturday afternoons, April 25 and 26, when the Boise high school teams are to meet the Twin Falls high school team on the local field. The Friday game will be called at 5 o'clock and the Saturday game at 7:30 o'clock. It is probable that a return game at Boise will be arranged.

SPOILS OF WAR ARE NOT PROPERTY OF SOLDIERS BUT BELONG TO GOVERNMENT OF UNITED STATES

(By Associated Press) WASHINGTON.—All war material captured from the enemy is the property of the United States government and not of the individual soldier or the organization making the capture, the war department has held in reply to hundreds of inquiries from states, counties and municipalities as to the disposition of war trophies.

California Men Are Given Warm Welcome by All

Troops Enroute From Coast to Coast Are Received With Open Arms by Folks

(By Associated Press) SPRINGFIELD, Ill.—Fifteen hundred members of the 364th Infantry, California national army regiment, handed by their own hand on their way from the Atlantic to the Pacific coast, stopped off here today and paraded. The soldiers were given a warm welcome all along the line of march. They visited the governor's mansion and marched around the state capitol. The regiment is under command of Colonel Lucian Bennett, a regular army officer. The regiment arrived here in three sections. It will be demobilized at Camp Kearney, Cal.

Congressmen Return From Island Visit

Members of Legislative Body Tour Island Possession and Are Well Pleased

(By Associated Press) SAN JUAN, Porto Rico.—Seventeen members of the American congress including Representatives Claude Kitchin and Joseph G. Cannon and Senator George O. Eastman arrived here yesterday to make a tour of Porto Rico. Senator William B. Kenyon of Iowa, before sailing from San Juan for New York Wednesday, made this declaration: "The American flag will never be lowered in Porto Rico."

GERMANS CONTROL NEW PROVISIONAL GOVERNMENT

Post Is Accomplished by Base of the Federal Troops, Says Copenhagen Dispatch

(By Associated Press) WASHINGTON.—State department officials today from Libau by way of Copenhagen described the German success in overthrowing the provisional government of Latvia Wednesday, when officials of the government were imprisoned. The Germans, the dispatch reported, seized the treasury notes of the provisional government and are now in absolute control of the situation. A coup was said to have been carried out under the guise of suppression of the Bolsheviks.

WORLD NEWS EVENTS

PARIS.—The first Bolshevik newspaper in France appeared today under the name "Le Tiro Censuré" (The Title Censored) as the title originally proposed, "Le Bolshevik" had been prohibited. The newspaper is a weekly and is edited by Georges Anquetil, who, in an editorial, proclaims himself a Bolshevik doctrinaire. The editor says he will undertake a defense of Bolshevism. He denounces the present condition of human society.

FORT WORTH, Texas.—Major T. C. McCauley, commander of Tallaferra field, who has flown from coast to coast in twenty hours at an average speed of 138 miles an hour, arrived here safely this morning from Jackson, Miss., where he spent last night. He landed in his plane at 11:30 a. m.

CHEERBOURG, France.—Seven German submarines on the way here from England in to-day have been lost in a storm. Eight of the undersize boats were bound here but only one arrived in safety.

COPENHAGEN.—German and Baltic-German troops have forcibly seized Libau and overthrown the Lettish provisional government, according to advices received by the Lettish press bureau here.

NEW MANAGER IS NAMED

W. R. Coleman Succeeds to Place of W. T. Wallace with the Power Company

(Special to The News) BOISE, Idaho.—W. R. Coleman of Salt Lake, for many years commercial manager for the Utah Power & Light company, has been named to succeed William T. Wallace as general manager of the Idaho Power company. Mr. Wallace resigned recently to take the position of manager for the Gulf Oil company. His resignation is to take effect May 1. Mr. Coleman is in Boise familiarizing himself with the affairs of the Idaho company. He has an extensive knowledge of the power industry of the company which will be made.

REVISE PLAN RELATIVE TO GERMAN NAVY

Naval Terms of Peace Treaty Are Changed in Several Important Points From Original Intention of Commission

WILL NOT DESTROY ANY PRESENT FORTIFICATIONS

Final Disposition of Fleet Is Difficult Problem and One Still Unsettled—Authorities Unaware of Council Program

(By Associated Press) PARIS.—The naval terms to be incorporated in the peace treaty concerning the Kiel canal and Heligoland have been revised in several important particulars. It was the original plan to destroy the fortifications of the canal, making it an international waterway without defenses. The changes that now have been made leave the present fortifications in existence, and provisions also have been inserted permitting the continuance of the present coast defenses, all of which were to have been destroyed, according to the original plan.

Submarine Haven The changes concerning Heligoland leave intact the present large basin constructed on an extensive scale for the use of submarines during the war. It was concluded that the use of submarines now had been so restricted that the basin no longer constituted the menace, and its continuance was decided upon as providing a safe haven for the North Sea fishing fleet in case of distress. The fortifications of Heligoland are to be dismantled so that the basin is virtually the only thing retained.

German Fleet Final disposition of the German fleet is one of the subjects still undecided and one of the highest naval authorities are not aware how the question stands since it passed into the hands of the committee of four. The disposition to be made of the battleships and battle cruisers is one of the chief things to be determined under the head of naval terms and the decision will affect the large number of capital ships held under the terms of the armistice.

ITALIANS AND JUGO-SLAVS OCCUPY CENTER OF STAGE

Conflicting Claims as to City of Fiume Now Before Peace Conference, While German Government and Soviet Troops Engage in Bitter Conflict in Munich

JAPAN WILL INTRODUCE NEW TOPIC FOR CONSIDERATION OF DIPLOMATS

ENLIGHTENING claims to the city of Fiume and the Dalmatian coast which have been laid before the peace conference in Paris by Italy and Jugo-Slavia probably will be brought to a decision soon.

This controversy has aroused public sentiment in Italy and when the Italian parliament meets April 22 it is probable Premier Orlando will be asked for a report on the subject. Hence, he is said especially to desire a settlement before that date.

GERMANY TRIES TO CIRCULATE FALSE REPORTS

Rumors of Strike Troubles Holding Up Unloading of Food Ships Are Mostly Discredited by Officials

(By Associated Press) LONDON.—Frequent reports from German sources that there is constant difficulty in the unloading of American food ships at Bremen and Hamburg because of strikes are believed here to be part of the German propaganda. Direct reports to American naval headquarters here, sent by American officers over lines of communication controlled by the navy, discredit all of these reports.

Working Long Hours The latest of the reports reached London this morning. It says that the strike at Bremen prevented the unloading of the American steamer Franklin prepared to leave port. A large number of lawyers, doctors and judges were reported to be working themselves, the report adds, but it does not state the result of their efforts. A direct message from an officer of the Franklin received at headquarters here yesterday reporting on routine matters, does not mention any occurrence out of the ordinary.

The only real difficulty in unloading steamers at German ports occurred at Danzig several days ago, but this trouble lasted only one day. Since then the German workmen at Danzig have been working ten hours a day. Doing Quick Work "We are turning ships around at Bremen and Hamburg in a remarkably short time," said an officer here who is proceeding most satisfactorily, a naval officer to the Associated Press.

WILSON URGES AGREEMENT ON PRICE FIXING

President Advises Reopening of Dispute Between Railroad Administration and Industry Board

(By Associated Press) WASHINGTON.—President Wilson has directed the industrial board of this republic to reopen the dispute between the railroad administration to reopen discussion of price stabilization and endeavor to find a common ground on which they can agree.

Take Up Board Question Chairman Peck announced today that the board would take up the question with the railroad administration immediately, but no action probably will have to wait the return of Director General Hines next week from an inspection trip in the west.

The president's telegram was addressed to Secretary Reiffel and in his absence the text of the message was read by Secretary Reiffel called the president last Friday, asking whether the board should go out of existence because of the refusal of the railroad administration to accept a schedule of steel prices arranged with the industry, or should continue quiescent until the president returned and a new plan of action should be worked out. The president's action is accepted generally as meaning that the policy of stabilizing prices by agreed reduction from war levels will be continued.

DR. LINDLEY SPEAKER AT COMMENCEMENT

Dr. Ernest H. Lindley, president of the University of Idaho, will deliver the commencement address to the graduates of the University of Idaho at the high school in the evening, May 14. "The Modern Pioneer" is the subject Dr. Lindley has chosen for the address.

TWO DIVISIONS OF JAPANESE TROOPS ARE SENT TO KOREA TO SUPPRESS REVOLUTIONARY TROUBLE

(By Associated Press) SAN FRANCISCO.—Two divisions of Japanese troops have been ordered to Korea to suppress revolutionary uprisings, according to a cablegram received here today by the Japanese ambassador. Another cablegram to the Japanese American, from Fusan, Korea, by way of Tokio, said that 6,000 Japanese troops and 400 gendarmes had landed at that place.

CIVILIZATION DEMANDS FULL SATISFACTION

Some Sort of Punishment Must Be Meted Out to Former German Emperor and Those Responsible for Atrocities

EXAMPLE OF NAPOLEON FURNISHES PRECEDENT

Military Offenders Will Be Court-martialed by Combined Court of Nations Sitting for This Purpose

(By Associated Press) PARIS.—The plan of the council of four to have Belgium prosecute the former German emperor on the charge of responsibility for war is meeting with objections which are again bringing up the whole subject for revision.

Two Classes of Offenders Those who have the matter in hand divide the question of war responsibility into two distinct classes. The first class includes military and naval offenders, like General Ludendorff and Admiral von Tirpitz, and those accused of various excesses against the usual rules of warfare. The second class includes former Emperor William, ex-Chancellor Bethmann-Hollweg and others whose offense is chiefly of a political nature.

Combine Systems Concerning the first class, that of military offenders, it is agreed that there is no international court martial suitable to undertake such military trials, but it is pointed out that every country has its own system of court martial for military offenses committed within its borders. This has developed the suggestion that these countries combine their courts martial and act under a single military procedure codified from all the separate military codes. A joint court martial would thus be constituted out of dealing with offenders of the first, or military, and naval class.

Concerning the political offenders, it is suggested that they be dealt with by a political tribunal.

BOY'S LIFE IS SNUFFED OUT IN AUTO ACCIDENT

Robert Peavey Meets Instant Death in Attempt to Cross Paved Street in Front of Motor Truck.

The funeral service, conducted by the Rev. Luther E. Brand of the Presbyterian church, will be held at the family home, 160 7th Avenue North, at 8:30 o'clock this evening. Following which, interment will take place at the Twin Falls cemetery.

Robert Louis Peavey, aged 8 years on August 16 last, second son of Mr. and Mrs. Arthur Peavey, was instantly killed at 5:30 o'clock Thursday evening when he was struck down by a Ford truck driven by Leonard Brand, a well-known resident of Main avenue south, passing between cars parked in the center of the avenue and crossing the tracks of the truck driver until he appeared just in front of the machine.

Driver Is Prostrated The little fellow was struck fairly by the center of the radiator of the oncoming truck and dashed violently to the pavement. The force of the blow fractured the skull and death probably was instantaneous. The car passed over the little body and was brought to a stop within a distance of ten feet from the spot where the little fellow was prostrated over the accident, which witnesses say, he could not have avoided. He gave himself up immediately to the shock, but was not killed.

Witness Tells Story W. S. Gibbs, who stood a few feet distant when the accident occurred, picked up the little fellow and took him to a physician's office near at hand.

ASPIRANTS FOR PRESIDENTIAL CHAIR INCREASE

Six Candidates for National Honors Enter Field for Coming Campaign in Mexico—Number Includes Warriors

(By Associated Press) WASHINGTON—Six candidates are in the field for the presidency of Mexico in July, 1920, despite President Carranza's request that politics be put aside for the present, advice from Mexico City received here today said. The successful candidate will take office Dec. 1, after the election. President Carranza himself is not eligible for reelection under the constitution but two members of his cabinet are candidates. Public opinion in Mexico divides the candidates into two classes, civil and military, with the latter said to be the more popular. The candidates already in the field, other personality of their friends, are General Alvarado, General Pablo Gonzalez and General Salvador Alvarado on the military side, and Luis Cabrera, Felix Palavicini and Aguirre Berlanga on the civilian side.

Popularity Test

General Obregon's popularity rests largely on the fact that he is the only officer who has defeated the bandit Villa in battle. He recently came into close contact with a number of business men of the United States and it is reported that he is more friendly toward this country than formerly.

Defeats Bandit

General Gonzalez directed the operations which resulted recently in the defeat and death of the bandit leader Zapata which, it is said, has increased greatly his popularity. He is friendly toward the United States, having been the only man of prominence who openly approved President Wilson's address to Mexican editors on their visit to Washington last year.

General Alvarado is known principally for his administration of Yucatan where he put state socialism into operation.

Cabinet Members

Luis Cabrera and Aguirre Berlanga are the members of the Carranza cabinet who are openly candidates for the presidency. Cabrera was the present secretary of finance recently, has been known to be hostile to the United States and failed utterly in his efforts during the war to align the other Latin-American countries against this country. Since then he has publicly stated that his eyes have been opened and he does not consider the United States a foe to Mexico.

Strong Pro-German

Berlanga, as minister of the interior, has charge of all the electoral machinery, which is considered as giving him an excellent strategic position. He is reported to have been strongly pro-German during the war.

Felix Palavicini is the editor of El Universal and was consistently pro-ally throughout the war. He carried his campaign against the German influence to such an extreme that he was forced to flee the country. He went to New York and was not permitted to return and resume his editorial work until the armistice was signed.

GENERAL STRIKE HURTS BUSINESS

Complete Cessation of Papers, Cafes and Other Places Has Deadening Effect

(By Associated Press) MILAN—The twenty-four hour general strike called as a protest against yesterday's incident when four persons were killed and about forty injured in clashes between the socialist and anti-socialist groups, caused a complete cessation of business here today. Even the cafes, bars and restaurants are closed and no newspapers are being published.

The police and military forces have taken the greatest precautions against further disturbances. Cavalrymen are patrolling the streets and breaking up any attempt at a gathering whether of socialists or nationalists. Officers and soldiers have been forbidden to attend any political meeting.

Cardinal Ferrari today visited the wounded in the hospitals, expressing calmness for both sides and a restoration of amicable feeling. It was expected that work would be resumed on Thursday.

NATIONAL ARMY TROOPS ARRIVE IN UNITED STATES

Organizations Who Aided Italians Reach Home—Sick and Wounded on Hospital Ship

(By Associated Press) NEW YORK—With the arrival on the steamship Dante Alighiero from Marcellino today of 28 officers and 687 men of the 32nd regiment of Infantry, 1st division, composed of national army troops from Ohio and western Pennsylvania, the entire personnel of that infantry organization, which fought with the Italians against Austria, has been landed and sent to training camps preparatory for demobilization. The steamship brought a total of 2,098 troops. The units on board included a casual company from Texas. The steamship Otaego arrived here today from Bordeaux with 1,030 troops, the majority comprising the 19th, 20th, 24th, 25th, 30th and 45th balloon companies. Two officers and 72 men were convalescing from illness or wounds. The hospital ship Morcy from St. Nazaire, brought ten officers and 376 men who have been sick or wounded. The majority of these came home boisterously.

THEATER TAX IS EXPLAINED BY OFFICIALS

Places of Amusement Must Keep Record of Amounts Collected by This Means of Revenue and Report

(By Associated Press) WASHINGTON—Regulations governing collection of the tax on admissions, seats to be taxed by the bureau of internal revenue, define the four classes which are exempt from the tax. They are children under 12 years old, bona fide employees of the place of amusement, municipal officers on official business, and soldiers or sailors in uniform. All other persons are subject to the tax, which is one cent for each ten cents or fraction thereof, of the price of admission.

If a theater sells to a soldier or sailor a \$2 ticket for \$1, the tax is ten cents on \$1, not twenty cents on the regular price. Admissions by passes are subject to the tax. If the pass entitles the holder to a \$1 seat, he must pay ten cents. The dramatic critic who occupies a \$2 orchestra chair must pay 20 cents.

The law provides the tax shall be paid by the person paying for the admission, seats to be taxed by the bureau shall keep a record of the amount of tax collected. Monthly returns and remittances must be made to collectors of internal revenue on or before the last day of the month following that for which the return is made.

If there's a better value to be had at the same cost, that is important to you. If you study the ad you will ascertain facts of this kind.

ENGINEERS ARE FIXING EYES ON NEW LOCATION

Reconstruction of Siberian Railway Apt to Prove Strong Attraction to American Road Builders.

(By Associated Press) IRKUTSK, Siberia.—American railroad engineers who will doubtless come to Siberia in large numbers in connection with the reorganization of the Trans-Siberian railway will have much to do with the region of the famous Lake Baikal which is situated on the south and southeast by the great Russian railroad. It is possible in the winter months to cross the lake on ice, thus varying the monotony of the long journey, and in summer by embarking on a steamer. The builders of the railroad found it desirable to have a safe all-rail passage to Vladivostok, as the way was hewed through ranges of hills. The tunnels are now guarded by Japanese troops.

Baikal, which is one of the largest fresh water lakes in the world, is called "the Holy Sea" by the Russians who live in its vicinity. It is only exceeded in size by the American lakes Superior, Michigan and Huron and by Lake Nyasa in Africa. In contour it resembles the human heart. It attains at certain points the great depth of 3185 feet.

Many Islands in View.

A number of islands may be seen as one crosses the water in the navigable season. The Burias, descendants of the Mongolians, who are found numerous in the Baikal region, have a superstitious reverence for the island of Olkhon as being the residence of the infernal divinity, Bogdozy, who is supposed to have under his care the souls of the damned. The scientist, George Hill, who visited the island in 1872, declared that at no place in the then known world were so many sacrifices made as on this island. According to the Mongolian tradition, Olkhon was the domain and home of the ancient hero, Genghis-Khan.

Americans who have seen the rocky human profile in the White mountains of New Hampshire would be interested in the spectacle on the eastern shore of the lake, to the north of Cape Holy, where, at the summit of a perpendicular column of jagged rock resembles the colossal head of a man, with a long nose, and with the eyes represented by profound and somber cavities. In the crevasse which makes the mouth, flocks of cormorants build their nests.

Hold Back Secret.

The idolatrous Burias priests and the Liama priests regard the submarine rock situated near the point where the mighty Angara river finds its source in Lake Baikal as being especially sacred. They hold it to be the refuge of the invincible White God, and offer up many sacrifices.

The water is pure and transparent. The climate is rigorous. The summer is short and the nights for the most part are cold. In winter the temperature falls to 40 degrees below zero, Fahrenheit. Violent winds driving from the Arctic region produce short, perpendicular waves which, during the storms, reach a height of several feet. Fish are abundant and form a welcome food to the people.

The ads of the stores are news-budg-gets. They give you facts as to what is happening in the world of merchandising—price trends and actual selling prices. You must keep in touch with store news in order to be able to judge values.

GERMAN ARMY TRUCKS ARE SENT TO AMERICA

Twenty Machines of Various Types Are to Be Brought to War Department.

(By Associated Press) COBLENZ.—Twenty German army trucks of various types were shipped recently from Coblenz to the War Department in Washington for observation by mechanics of the motor transportation service of the army. The trucks were selected from a lot of 1,250 turned over to the American Army of Occupation by the Germans, in accordance with the armistice.

None of the trucks sent to the United States have rubber tires, the Germans being compelled to use various substitutes because of the shortage of rubber goods. The tires on most of the trucks are of steel on a wooden foundation, the wheel and spokes also being of wood.

BOLSHEVKS ATTEMPT TO STORM BUILDINGS

Radical Sympathizers Are Dispersed After Attacks on House of Parliament

(By Associated Press) VIENNA.—Bolshevik sympathizers this morning attempted to storm the Austrian parliament building but were soon dispersed with a few wounded. The city generally is quiet. The attempt caused no special excitement in the city. It was the first Bolshevik outbreak here since last November.

If you can save something, through reading the ads, on half of the things you purchase—that is why total of "earned income" this would represent in the course of a year.

REPORT SHOWS DECREASES IN LABOR SUPPLY

Farm Work is Not Attractive to Men Who Are Searching for Employment According to Statements of Agencies

(By Associated Press) WASHINGTON.—Despite the surplus of labor in many sections of the country, efforts of the United States employment service to secure labor for work on the farms has met with little success, says a statement made public today by the department of labor. Concerning the labor situation, the statement says reports for the week ending April 12, from 69 cities indicate an improvement in unemployment conditions. Reports from these cities show 38 having a surplus of labor in representative industries aggregating 97,000 as compared to a surplus over the previous week of 123,605. Seven cities show a shortage aggregating 3,700, or 800 less than the previous week, while 16 show an equality of labor supply and demand. Of the 36 cities reporting surpluses, it is noticeable, says the statement, that 14 showed decreases and none show a material increase. The report shows that the labor supply and demand in Colorado is equal. Nebraska reports conditions good with labor supply and demand equal, except for a shortage of farm hands. Improvement in labor supply and demand during the week have been better on the Pacific coast than in any other section of the country," concludes the statement.

Snowstorm Puts Stop to Plans of Aviator

All Attempts to Start in Trans-Atlantic Flight Are Out Short by Weather

(By Associated Press) ST. JOHNS, N. F.—Plans for a snowstorm, which had covered the ground with a six-inch mantle and was still in progress at mid-forenoon, effectively put a stop today to activities of the aviators waiting here for a favorable opportunity to attempt a trans-Atlantic flight. When Harry Hawk, Australian pilot of the Sopwith triplane team, and Captain Frederick P. Eaynham, British driver of the Martinsyde, went to their hangars a half gale was blowing from the sea.

TURKS DECLARE DESTRUCTION TO GREAT MOSQUES

Government Officials Receive Word of Plans Against Famous Church in City of Constantinople.

LONDON—(Correspondence of The Associated Press)—Warnings that the Turks had threatened to destroy the Church of St. Sophia in Constantinople, if any movement was undertaken to restore that church to the Christians had been received by government officials of Great Britain.

The subject was brought up in the House of Commons the other day when Mr. Balfour, the foreign minister, was asked if he had received a communication from Constantinople stating that the Turks intended to blow up the Church of St. Sophia. "If any public expression of opinion took place in the United Kingdom in favor of the restitution to Christendom of one of the oldest Christian churches in Europe."

Protect Buildings.

Mr. Balfour replied that no official communication to that effect had been received but that such information had been conveyed by interested parties. He announced that Admiral Calthorpe, British commander in Constantinople, had been instructed to take measures to protect the building and that he would see that these instructions were carried out.

Despite the warning there is a definite movement looking to the restoration of the great cathedral church of ancient Constantinople to the use of the Christian religion. Erected first in 360 A. D. and rebuilt in 537 as a Christian cathedral, St. Sophia was appropriated by the Turks as a mosque, house of worship and is now the principal mosque of Stamboul.

Mosque Restored.

A memorial signed by the archbishops of Canterbury and York and has been sent to Premier Lloyd George urging that, while the great imperial mosque of Constantinople should remain in the hands of the Moslems, it should be restored to the Christians of that city, who form a large majority of its inhabitants should have their priceless building (St. Sophia) restored to them. It has no special sacredness for Moslems. Its value in their eyes is merely political. "The great church is now in a serious condition and must be placed in capable hands," says the memorial. "The glorious mosaic, a precious heritage among the artistic treasures of the world, should be unscathed and unharmed, a monument which is necessarily imposed so long as the building constructed and decorated for one faith, is alienated and devoted to another."

BALL CLUB TRADES MAN TO BROOKLYN LEAGUE

Demand for Increase in Salary Is Refused and Player Is Given to Another Team

CINCINNATI—Infielder Lee Magee was traded to the Brooklyn club for Infielder Larry Kopf, according to an announcement from the offices of the Cincinnati baseball club here today. Magee did not take the club's training trip with the local team as the club refused to meet his demands for a salary increase.

It was also announced by the Cincinnati club management today that the demand of outfielder Ed Rousch for \$10,000 salary would not be met. "We have offered Rousch a contract calling for more money than any other outfielder in the National League is getting," said President August Herrmann, "but we will not pay him \$10,000."

UKRAINIAN PEASANTS MURDER JEWISH PEOPLE

Detachments Are Pillaging Shops and Killing Numbers According to Reports

PARIS—(Detachments of the command of General Petlura, the Ukrainian peasant leader, have been carrying out excesses against the Jews in Galicia, according to information reaching the Polish national committee here. At Husiatyn, and Fastov, it is declared 2500 Jews were killed or wounded. At Papanarka, 250 are said to have been killed.

The Ukrainians are said to have pillaged the Jewish shops at Javoroff, northwest of Lemberg, and to have committed similar excesses at Cortkoff, west of Husiatyn, and at Lovaczna.

TWIN FALLS, IDAHO

WESTERN UNIVERSITIES GREATLY DISSATISFIED

National College Association Regarded as Representative of East Only.

SEATTLE—The agent what has formed absolute control of college sports by the eastern National Collegiate association has been opened by Coach Claude J. Hunt, athletic director of the University of Washington here. The association, Hunt recently asserted, is a "farce" and represents only a few of the eastern institutions. Recognition for western and middle western colleges and universities is desired by Hunt. He hopes the national association will be forced to admit western institutions into its councils. If this is not done he thinks the institutions west of the Mississippi should form an association of their own and make it as strong as the national body.

"We can have a national association west of the Mississippi just as well as they can have one in the east," Hunt said recently. "The present association is a national one and is completely dominated by Harvard and Yale. What they say goes. The schools of the west do not have a look-in." Hunt asserted that almost all the association meetings are held in New York, too far for many western delegates. If the association is to be made national in scope the meetings should be held in different parts of the country so representatives of all institutions can attend.

DANIELS SEES MARINES FROM TOP OF TOWER

Secretary of Navy Visits Army of Occupation at Coblenz—Reviews Second Division and Inspects Equipment

COBLENZ—(By Associated Press)—Fragments of a parapet of the fortress Ehrenbreitstein, more than four hundred feet above the junction of the Moselle and Rhine, Secretary Joseph Daniels of the United States navy, had his first glimpse this afternoon of American marines on duty. Patrol boats were darting back and forth among the barges and tugs on the river, the American flag streaming from the stern mast of each little boat.

Recreation Centers.

At the point where the Moselle joins the Rhine stands the statue of Emperor William I, said to be the largest of its kind in Germany. Beyond the statue there are great piles of lumber which aroused Secretary Daniels' curiosity as he looked down upon the activity of Coblenz which has been increased two-fold by the American occupation of the city. It was explained to him that the lumber was intended for new buildings which will serve as recreation centers and barracks for the American soldiers of the army of occupation.

Through Old Passages.

Mr. Daniels was taken through the underground passages of the Ehrenbreitstein fortress which were built partly by labor paid for by twenty million francs which the Germans extracted from France, and was shown the accommodations of American artillery men where but a few months ago thousands of German soldiers had been quartered. He also inspected the motorized equipment from the 27th cavalry regiment which under Col. E. W. McCable, former cavalry officer and commander of Ehrenbreitstein, is said to be the first American artillery unit fully equipped with motors.

Mr. Daniels will review tomorrow morning the second division which includes a brigade of marines. He will go to Wiesbaden and then return to Coblenz by way of the Rhine.

PREPARING FOR WORST

PARIS—Military experts under the direction of Marshal Foch have been charged with the drafting of a report on what should be done if Germany refuses to sign the treaty of peace. It is indicated that the methods of coercion which the allies would adopt may include the occupation of more German territory, the blockade of sea ports and the discontinuance of the dispatch of food supplies to Germany.

CHICAGO MEN PLANNING BIG SUMMER CAMP

New Institution on Lake Michigan Designed to Provide Courses Similar to Those at Plattsburg.

MUSKEGON, Mich.—The establishment by Chicago men of a big civilian military and physical training camp near here is said to be part of a plan for a national system of cantonments similar to the Plattsburg training school. It is proposed to establish such camps in the east, west and south.

Lead for the Muskegon camp site has been leased for ten years, it is stated. The camp will open early in July and continue eight weeks accommodating 3000 men with as many as 1500 training of one kind or another. Courses suggested. Men anxious to qualify as officers and instructors at similar camps will be permitted to spend the entire summer here. The camp will receive young men from the central west states.

All Equipment Furnished.

All equipment and uniforms will be furnished by the government, but temporary financing is undertaken by the Chicago men because congress has made no provision. The entire plan, however, will be laid before the 65th congress.

Approximately 450 acres of land overlooking Lake Michigan at Lake Harbor, a summer resort, has been acquired by the Chicago men. The golf course will be turned into a cantonment site and drill grounds, and the summer cottages will be used for officers' quarters. Student soldiers will be housed in canvas. Capt. F. L. Banc, stationed at Chicago, is to assume supervision of training here this year. The camp will be used for officers' quarters. Establishing the camp are said to be Jacob Rosenwald, president of Sears-Roebuck & Co.; James A. Patton, the grain dealer; William Wrigley, jr., manufacturer of Lake Harbor. Other prominent men.

Work Starts at Once.

Construction of buildings is to start immediately. They will include kitchen, mess hall, auditorium and water houses for the quartermaster's and ordnance departments. The Y. M. C. A. and Knights of Columbus may establish a camp here. The cantonment, probably to be known as Camp Roosevelt, is designed as the central or parent camp and from it will be larger camps and training needed in other institutions. The chief object of the plan is to interest young men of the nation in benefits of military training. It is stated.

IRISH DELEGATES GO TO PEACE CONFERENCE

Societies of America Send Representatives to Plead Cause of Ireland

PARIS—(By Associated Press)—Frank P. Walsh, former chairman of the national war labor board, ex-Governor Edward F. Dunne of Illinois, and Michael J. Ryan, of Philadelphia, the delegation sent by Irish societies in America to plead the cause of Ireland before the peace conference, had a long conference at the Paris "white house" this morning. The conference was an outgrowth of the interview Mr. Walsh had yesterday with President Wilson.

The American delegation to the peace conference has up to this time refused Sean O'Connell and George G. Duffy, the delegates of the Irish provisional government here.

EGYPTIAN SITUATION BECOMES VERY GRAVE

Reports Indicate Demands of Insurgent Leaders Are for Mussulman Empire

CAIRO, Egypt.—The city was outwardly calm today, although a majority of the public services were paralyzed by the strikes which are extending rather than abating. The cabinet today issued a fresh warning admonishing the strikers to resume work Wednesday. The brevity of the warning and its firm tone seem to imply that the patience of the authorities has reached its limit and that other means will be resorted to if the nationalist pursue their present course. Meanwhile sympathizers with the movement hold nightly meetings in the mosques.

PARIS—Newspapers here feature reports as to the gravity of the Egyptian situation, and it is said that there is great concern in British authorities over the nationalist movement. Dispatches state that mutinous conditions prevail at Cairo, Alexandria and Port Said, the being several mysterious deaths in connection with the disorders. The insurgent leaders demand that European officials resign, that English citizens leave the country and that a Mussulman empire be founded with a caliph at Cairo.

PRODUCE MERCHANT GAINS 80 POUNDS

Is Also Relieved of Rheumatism Through Taking Course of Tanlac

"I not only gained thirty pounds on a few bottles of Tanlac but can do more work than I have been able to do at any time in the last ten years," said C. B. Gwin, a well-known produce merchant of Amory, Miss.

"For a long time my system was debilitated," he continued, "and my dieting out of order so I could hardly eat a thing. I suffered from awful headaches, my nerves were on a strain and my muscles felt like they were tied into knots with rheumatism; I lost weight and got weaker every day. I was induced to try Tanlac by a friend and it is making a new man of me. I now eat and sleep better than I have in years, my rheumatism is all gone and I feel stronger and better than I have in a long time."

Tanlac is sold in Twin Falls by City Pharmacy in Rogerson by Thompson Drug Co., in Murtaugh by Murtaugh Drug Co., in Flor by A. B. Wood, in Dull by C. D. Boring Brothers Co., and in Kimberly by A. L. Stone.—adv.

HOME COMMITTEES WILL GREET RETURNING MEN

Representatives of Forty States Wait to Welcome Back Their Service Men

NEW YORK—Sleeping accommodations, eating facilities, theatre tickets, dances and sightseeing trips have been arranged for the 10,000 returning troops of the 77th division, men whose homes are mainly in the southwest, and who soon will arrive from overseas.

without friends or relatives to care for them, according to an announcement here today by the New York war camp community service.

Welcoming committees representing forty states have been organized and a headquarters established where the men will be able to read their local newspapers and get in touch with their folks "back home."

GRANT MORE LICENSES

(By Associated Press)
WASHINGTON—Importers and exporters who heretofore have been denied licenses for proposed shipments were notified by the war trade board today that the many restrictions now made it possible to grant many applications rejected in the past.

THE SKIRTS WHICH Are Attracting the Most Attention

We just received another shipment of them from New York and as they differ in many points in styling from those previously shown, we would be very pleased to have every woman come in and make their acquaintance. They present a wide field for selection: and you should be able to select a skirt for any occasion.

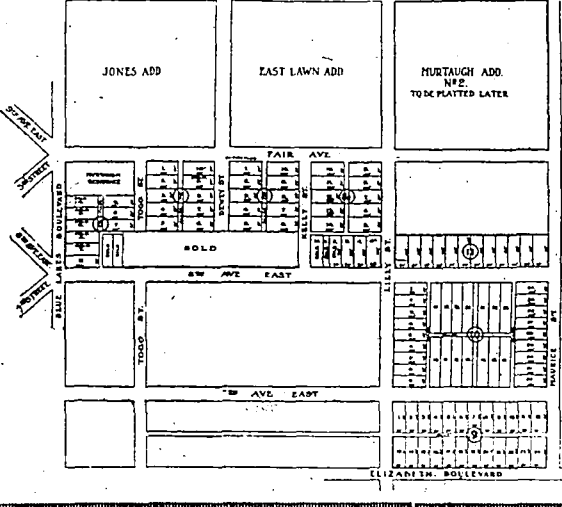

We particularly want you to see the white and lighter shades that are really the very prettiest skirts we have ever seen—without any exaggeration. One of these pretty skirts with a shirt waist certainly makes a handsome toilette.

We are showing some particularly good values in serge and poplin-skirts at near old prices. There's a reason why this store is the big shopping center of Twin Falls country.

The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it, or not otherwise credited, in this paper, and also the local news published herein.

When trouble comes to a man's home the peculiar helplessness of man in adversity is very plain. Words stir a poor medium of expression. Friends stand idly by, willing and anxious and weighted down by the great fundamental fact of death.

All know that there is nothing unnatural in the process of transition which heralds the approach of another state of being. Grief is but a state of mind, yet all the sympathy of which man is capable goes out to the afflicted family and only the hope that the stricken ones know this, is left to those who strive, as best they may to help lighten the burden.

The pity inherent in the human breast is expressed but weakly in the presence of great trouble, yet sympathy, perhaps the greatest of all human emotions, is uppermost in the minds of all. Men and women know these things, and through that fact man's groping hands reach close to those of his neighbor.

TWIN FALLS, HOSE.

Twin Falls is to play the host next month to the representatives from practically every city and town in the state assembling here at the annual meetings of the Grand Army of the Republic, the Knights of Pythias and the Order of the Eastern Star, bringing with them delegates to the conventions of the auxiliary organizations of the first two bodies and making a total of at least 600 out of town visitors on the several occasions.

This fact is established satisfactorily to the people of Twin Falls, and it is to be hoped to the equal satisfaction of those who are to be our guests.

It remains now for Twin Falls to develop plans and working organizations to provide a full measure of entertainment and evidence of hospitality to the visitors.

No effort or expense should be spared to bring about a reception that will result in every convention visitor leaving with a little better impression of Twin Falls than he arrived here with.

Many of the visitors on these occasions will be the guests of Twin Falls for the first time. All have heard of Twin Falls and are anxious to know more of it. It is our present concern to see to it that no visitor leaves without the purpose to return to Twin Falls.

CIVILIZATION DEMANDS FULL SATISFACTION

(Continued from page one)
is said that a tribunal is not necessary and would be ineffective, owing to the legal immunity of political offenders. Therefore, it is maintained that the action against Napoleon I furnishes a precedent for the determination of the allied course as a general measure of policy.

A General Policy.
In the case of Napoleon there was no trial, but he was confined on the island of St. Helena as a general measure of policy for the tranquility of Europe. Some such general policy is designed to reach ex-Emperor William and other political offenders, with Belgium and other countries against which the political offenses charged were chiefly directed acting for the purpose of securing the extradition of the individuals as a preliminary to putting the general policy into effect.

Your clean-up and paint-up problems will be made easier if you attend our Paint Opening Day, Saturday, April 19. Carnations for Ladies. Consolidated Wagon & Machine Co. adv.

COUNTY FALLS IN LINE FOR RECLAMATION

Community Organization for Twin Falls is Worked Out at Meeting Here Addressed by Major Reed

Organization of the Twin Falls county unit of the recently formed Idaho Reclamation Association is to be effected under the direction of C. E. Peck of Buhl, member of the association executive committee who is to serve as county chairman with vice chairman to be appointed in each community and the following for Twin Falls appointed by him at a meeting in the interests of the organization held in the district court rooms here Thursday evening: L. L. Breckenridge, George F. Sprague, William H. Eldridge, W. R. Friebe and Arthur L. Swin.

Major Fred R. Reed, secretary of the association was the principal speaker at the meeting. He was introduced by former Senator M. J. Swesley who outlined the procedure for organization of county and community units. The purpose of the association, saying that it had been forced primarily to unite the strength of the state behind Secretary Lane's plan for appropriation by congress of \$100,000,000 for the reclamation of arid, swamp and logged off lands to furnish labor and homes for returned service men. More than five million acres of land in Idaho are available for reclamation. Major Reed said: "The reclamation of these lands will add to the population of the state more than 3,000,000 people. Not only are there the great Brannan and Dubois irrigation projects to be considered, but there are 400,000 acres of logged off lands in north Idaho and thousands of acres of swamp lands to be drained."

(Special to The News)

BUHL, Idaho—Major Fred R. Reed, secretary of the newly formed Idaho Reclamation Association, addressed a meeting here Wednesday evening of about 100 representative citizens, most of whom enrolled as members of the organization with a view to use its efforts to induce congress to pass Secretary Lane's bill for the appropriation of \$100,000,000 to begin reclaiming of 5,000,000 acres of swamp and logged off land to provide homes and labor for returned soldiers. The meeting was presided over by C. H. McCuown, who also spoke briefly for the purpose of the organization. C. S. Peck of Buhl, vice-president representing Twin Falls county on the executive board of the association, and former Senator M. J. Swesley of Twin Falls, were in attendance.

FOREIGN TRADE CONTINUES TO SHOW BIG INCREASES

Figures of Bureau of Commerce Show Total of Exports of This Country

WASHINGTON—Continued increase in the foreign trade of the United States was shown in statistics made public today by the bureau of foreign and domestic commerce. Exports in March were valued at \$605,000,000 as compared with \$588,000,000 in February this year and \$530,000,000 in March of last year. For the nine months of the fiscal year ending with March, the exports were worth \$4,991,000,000, approximately \$600,000,000 more than the corresponding period of last year. Imports for March totaled \$288,000,000 as against \$235,000,000 in February and \$242,000,000 a year ago. In nine months the imports have been worth \$2,201,000,000 compared with \$2,093,000,000 last year.

Elks Will Sponsor Roundup Exhibition

Twin Falls lodge of Elks at a meeting Thursday evening, voted to stand sponsor for the wild west and roundup exhibition to be staged here on July 3, 4 and 5, endorsing plans previously adopted tentatively by the officers of the lodge at a conference with Clarence Adams, promoter of the exhibition to agree to bring here the Indians, Indians and horses appearing in the Pendleton roundup.

Frank Mattison, an exalted ruler of the lodge, was authorized to appoint a committee of five members to perfect plans for the event.

VICTORY DRIVE NEARING CLOSE

Only Two Days Remain for Securing Place on Volunteers' List

Only two days remain in which to make "Volunteer" subscriptions in Twin Falls county to bonds of the fifth Liberty of Victory Loan issue. On Saturday evening the volunteers list will be closed and beginning Monday persons who have not subscribed to bonds will be called upon by committees as in previous loan campaigns. It might not be necessary to put these committees in action at all. Lieutenant W. L. Epler, manager of campaigns in this county, said this morning: "Statements of what each person is expected to subscribe have been mailed to every person whose name is on our lists, and salesmen have been appointed to canvass each block in Twin Falls to solicit subscriptions from those who have heretofore failed or neglected to subscribe. The campaign is progressing satisfactorily. Lieutenant Epler added, "although it is impossible to determine at this time just what amount has been subscribed. Subscriptions are received by volunteer workers as well as by the several banks of the county, and it will be some time before accurate report on the status of the campaign can be made. Accounts are being kept, however, of the subscribers and so far as possible, it is necessary to call upon the committees, no person who has already subscribed will be visited by them."

BOY'S LIFE IS SHUFFLED OUT IN AUTO ACCIDENT

(Continued from page one)
I turned right when I saw the little fellow dart out between the parked cars and directly in front of the truck," Olon said. "I knew that the accident could not be avoided. The child could not have known what struck him. From his position he could not see the truck and the driver could not see him until he was on him. Almost as soon as he appeared in front of the truck it struck him, knocking his feet out from under him and throwing him head-first to the pavement. The truck passed fairly over him but the wheels did not touch him. It was stopped within ten feet after the accident occurred."

LEAGUE BALL IN SOUTH IDAHO IS PROVIDED FOR

Organization is Effected at Meeting Attended by Representative of Four Towns—Ashdown is President

W. R. Ashdown of Burley is the president and J. R. Leoright of Rupert, secretary and treasurer, of the South Idaho Baseball league which was organized at a meeting here Thursday of representatives of Filer, Elbert, Burley and Twin Falls. A second meeting is to be held on Wednesday next at Burley at which time the schedule for the season is to be drafted and a constitution to open the season with a game at each end of the circuit on May 4. The season is to be split in two, with a championship series at the close.

Tentative rules and regulations to govern the league include provisions for a player limit of 14 after the first game, the names of the players being filed with the president before the second game; the placing of a bond of \$300 with the president by each team; favoring of returned soldiers, sailors and marines in the formation of the teams; selection of an umpire by each team and use of the double umpire system; keeping of an accurate record of batting, fielding and other averages. D. Harold McGrath of Twin Falls, was named an official statistician. In attendance at the meeting here were W. R. Ashdown and W. E. Miller of Burley, C. S. Collins and J. R. Leoright of Rupert, J. M. Tenney and E. E. Lee of Filer, Roy M. Metzer and D. Arnold McGrath of Twin Falls.

Professionals Make Show Men Trouble

With two professional wrestlers in the field ready and anxious to meet all comers, the management of the athletic show operated in connection with the Barnard shows after a repetition last night of the disastrous experience of the opening engagement, faced the alternative of closing up shop or of barring the said professional mat men from the privilege of its offer of 42 a minute up to 15 minutes to any person who stays in the ring a minute or longer without being thrown by one of the performers.

Olon and Andrews presented themselves as candidates for the cash award at the Monday evening performance and carried away the money after a rough and tumble bout. They were on hand again last evening and again carried away the purse, Olon collecting some \$20 in addition by re-entering the arena to mix it for 10 minutes with Ajax or Jack Borna. The management announced that Olon and Andrews might be barred from further encounters with its men except in event a finish bout were arranged. Both wrestlers said any conditions were acceptable to them.

Robert was engaged when the fatal accident occurred in delivering the daily transcripts issued by the Twin Falls Title & Abstract company of which his father is president. It was his first experience at this employment and he had exhibited pride in being entrusted with it. At the breakfast table Thursday morning, it is said, Robert had repeated the names of all of the subscribers on his route correctly, having given his whole attention to the work that was to be his that evening. Robert was a favorite in school among his playmates and with his elders. The community sympathized deeply with the parents and three brothers and two sisters who survive him.

TO THE VOTERS OF THE CITY OF TWIN FALLS

I have been interviewed and requested to state the issues upon which I base my candidacy. The following are a few of the things I stand for:

- 1. Law enforcement: To this end, if elected, I promise to nominate efficient police officers. (b) If elected, I promise to nominate an able, capable police judge; a man whose character will be above reproach. 2. In municipal works, I favor the employment of home labor at a just wage, and that at this time and during our reconstruction period I am firmly convinced that the city government should do all possible within sound business bounds, to give employment and to do all possible in getting employment for the returning soldiers. 3. I believe in fair treatment to the home builder and the taxpayer, and to that end I demand that all public moneys shall receive interest in a more efficient manner upon daily balances from the bank or banks in which deposited. 4. I am opposed to class legislation, or favoritism of any description, believing that all men stand equal before the law, and that neither wealth nor position should excuse any man for a violation of law or order. 5. I believe in the advancement of public improvement in the most efficient and economic manner. 6. I believe in the future of the City and County of Twin Falls; in the possibilities of the Snake River Valley; that our home city should be held out before the public as containing an intelligent, moral, God fearing people a community to which we should invite others to come and locate with their energies and means; that a vigorous and progressive administration can aid enormously in such a work. 7. For the benefit of those who do not know my past record on the subject, I wish to say that I have always stood against the liquor interests, and

Social Notes

The teachers of the Lincoln school will entertain teachers of other schools at a dinner dance on April 26, at Guild hall.

The Episcopal guild met in the rectory on yesterday afternoon. A business meeting took up the entire meeting.

Genevieve Steelsmith entertained at her home last Friday evening the Star Club, serving a three course luncheon. Everyone had an extra good time, wishing her to entertain again.

On Monday evening the C. W. M. club was entertained by Miss Frances Ripley at her home. After a very pleasant evening the hostess served daily refreshments to her guests. The guests were Misses Priscilla Munson, Marjorie Baker, Frances Magel, Hazel Hallman, Esther McRoberts and Dorothy McMill.

Household management including the buying of home supplies, calls for intelligence, industry, practical knowledge and determination. The store aids are great helps. Wall paper cleaning. Estimates given. Phone 799-B. adv.

MILLER IS CHOICE FOR COUNTY FAIR DIRECTOR

Castleford Legislator to Succeed W. F. Bracken as Board Member.

Carl J. Miller of Castleford, who served as one of the representatives from Twin Falls county in the last session of the state legislature, was chosen by the directors of the Twin Falls County Fair association at a meeting in Elmer Thursday to fill the vacancy in the directorate occasioned by the resignation of W. F. Bracken, who was elected county commissioner from the third district at the last election.

Mr. Bracken stated that he could not serve in the capacities both of county commissioner and director of the fair association on account of the business relations existing between the two bodies. He had served as a member of the fair board since its organization in 1915.

Is Father all ready for Sunday?

Wouldn't be hoyle to have Dad the black sheep of the style show against a rainbow of beauty from other sides of the house. Don't let it happen at your house.

A fine selection of Suits for Father are in stock. All ready for sending home an hour after he gets here.

New hats—shirts—neckwear and gloves. Special patterns for the head of the table.

ROCK CREEK DELEGATION NURSES DEEP GRIEVANCE

Non-appearance of Tank in the Victory Loan Demonstration Disappoints.

(Special to The News) ROCK CREEK.—Sold again. Not for months has such a disgusted crowd of people been on Rock Creek, as the one who came home from Twin Falls, Tuesday night. Although delayed in their farming by the elements, the farmers quit work early in order to go to Twin Falls, to see the much advertised tank which was to be in the parade at 7:30. Practically every one who could get away to go was on hand promptly that evening only to be disappointed and absolutely disgusted at the failure of the program promised for so long. Some more patient than others waited on the street corners until 10 o'clock or later and finally succeeded in getting near enough to the train to see the promised sight, but most of them, on failing to see the tank either at the parade or at the track sought other forms of amusement or went home.

Had the place been a small station unable to unload the tank they would have cheerfully waited for hours for the promised treat but as such was not the case they were too angry to see anything in the failure but another opportunity to fool the public into spending at least some money.

Among those who consider they have been made a fool of are Messrs. and Mesdames A. P. Murray, L. P. Larson, Perry Jones, George Crockett, Mrs. Susan Gray, Mrs. Alex. Bross, Jr., O. J. Domrose, Mr. and Mrs. T. O. Jones, A. P. Murray Jr., Tom Gibbs and Robert Gray.

ROCK CREEK

(Special to The News) ROCK CREEK.—Robert Stricker had a narrow escape from drowning in the swimming pool at Artesian Sunday evening. In company with L. M. Van Eaton, A. P. Murray Jr., Viggo Eason and Robert Bross Jr. had gone for a swim in the pool. The water was pleasantly warm after the cold ride and he remained in it longer than was advisable. He had started to get out when he was watching other bathers when he grew faint and fell into the pool which is flush with the floor and unprotected by a railing. Mr. Bross who saw him fall went down short time for him to come up, but when he did it was only to sink immediately. As none of the other bathers paid any attention to him, Mr. Bross jumped into the pool and helped him out but it was several minutes before he revived.

C. J. Domrose and L. M. Van Eaton were business visitors at Twin Falls, Wednesday.

Mr. and Mrs. L. P. Larson and Mrs. A. P. Murray were shopping in Kimberly Monday.

Members of Chicago and Mr. and Mrs. O. D. Wilson of Hansen, were guests at the Albee home Sunday.

Mr. and Mrs. Mack Van Eaton, son and daughter-in-law of Mr. and Mrs. Ben Van Eaton arrived from their home at Harrison, Ark., Monday. Mr. and Mrs. Van Eaton were in the train wreck near Bicklo. Mr. Van Eaton received a number of scratches and bruises but his wife and baby were unharmed.

Mr. and Mrs. Holliday of Salt Lake arrived at the Albee home the first of the week and will make their home there for the summer.

Pearl Greenfield has just received word from her mother, who has recently moved to a ranch near Gooding, that all of her meat, almost a whole hog, had been taken from the granary by some unknown party.

Mrs. Greenfield is a widow with eight children and this will be a very hard blow to her financially.

Mrs. Perry Jones who has been visiting with her sister at Buhl for some time returned Thursday.

Bert Van Eaton, who is making his home with his uncle, L. M. Van Eaton, spent the week end with his parents, Mr. and Mrs. W. S. Van Eaton at House Creek.

ESTABLISHES NEW RECORD. (By Associated Press) ST. LOUIS.—A new time record for towboat service between St. Louis and New Orleans was established by the Choctaw, a government river boat, which made the trip down the Mississippi in four days and 23 hours. The boat towed three barges and stopped a half day at Memphis to discharge cargo. The average down river trip is between six and seven days.

High water with a consequent swift current was responsible for the speed, it is said.

AUTO SALE. On May 1st we will sell one model 89-B six 7-passenger Overland car to satisfy certain lien for storage and cash advanced to the amount of \$1208.71 and expense of sale, dated Oct. 29, '17, signed by H. F. Watson, in favor of Munson & Harder, at H. R. Lee's sale grounds, Twin Falls, Idaho. 2:30 p. m. Munson & Harder.

If you are looking for A SPLENDID INVESTMENT Write or inquire of The Trail-Brzezneck Realty Co. Phone 115 Jerome, Idaho.

BAPTISTS PLAN THREE SERVICES FOR EASTER

Choir to Take Large Part in Exercises for Day Beginning at Sunrise.

The Easter occasion will be observed next Sunday in the First Baptist church with three special services, a sunrise praise service at 5:45 o'clock in the morning, the Bible school Easter service at 10:30 o'clock in the morning, and the Easter song festival at 8 o'clock in the evening. In both the sunrise service and evening song service, the choir, directed by L. L. Wood, and accompanied by an orchestra will take part.

The following are the members of the choir: Soprano—Miss Edna Graham, Miss Janita Dean, Mrs. J. E. Cross, Mrs. E. S. Martyn, Miss Edna Prough, Miss Elsie Gehring, Miss Ruth Bellville, Miss Georgia Lyda, Miss Elma Prough, Miss Vernetta Young, Miss Oregita Murray, Miss Alma Reid, Miss Winifred Tucker, Miss Grace Heartfield, Miss Lela Siggins, Miss Thelma Washburn.

Altos—Mrs. H. M. Nuemakker, Mrs. R. L. Reale, Mrs. W. F. Crissman, Mrs. L. L. Wood, Miss Charveta Kelly, Mrs. Rosalind Johns, Miss Clara Jane Campbell, Miss Ola Davis.

Tenors—L. H. Ferrins, James Roqua, Charles E. Secord, William Secord, Emerson Holz, W. F. Crissman, Roy Peterson, Emmanuel Weber, Walter Day, Clarence DeWitt.

Bass—L. M. Campbell, W. W. Scott, D. F. Clink, H. N. Nuemakker, O. J. Johnson, Loyal Dean, Orval Young, Robert Gehring, Orvell Parker, T. C. Kearley, Evert Tomlinson, Dewey Smith, O. A. Henderson.

Members of the orchestra are the following: Pianist, Mrs. C. G. Bennett; organist, Miss Bessie Conover; violins, George W. Deau, Henry Graham; cornet, W. H. Wild; cello, Dr. J. E. McMillan; bass violin, D. McMillan.

At the sunrise praise service the pastor will speak on "What the Disciples Saw at the Tomb of Jesus."

CAMP COST COMES HIGH. (By Associated Press) LOUISVILLE, Ky.—Camp Zachary Taylor, Ky., cost the government \$2,500,000 in March, according to a compilation just made public. The average number of officers and men at the campment for the month was approximately 33,000.

The total cost represents money spent on mobilization, actual maintenance of the permanent force, and construction projects.

Eastertide

With the bursting of the buds this Easter there wells anew in hearts throughout the world the spirit of service.

Service, man to man and Nation to Nation, this is the vision which comes with peace, like the first faint glow of the morning.

May each of us be inspired to do our share in lifting this new inspiration from the dimness of a horizon glow to full, clear glory in the zenith of a new day.

Surely it is a wonderful opportunity which this Eastertide brings!

BUHL

BUHL—Mrs. Zela E. Lampky died at her home on Monday, April the fourteenth, and was buried Tuesday at the Buhl cemetery, Rev. Heath officiating. Mrs. Lampky was 42 years of age at the time of her death. She was born in Michigan on June 8th, 1876. She leaves a husband and seven children in mourning her death. Her oldest son, Charles, is serving in France and does not yet know of his mother's death. The entire community extend their sympathies to the family.

Frank Quigley returned from Omaha, Nebraska, where he has been visiting with friends and relatives for the past three weeks.

Roy E. Culbertson returned from Durley Wednesday where he has been visiting with friends.

Mrs. J. C. Hutton left Monday for Portland, Ore., where she will visit with her son, Herbert Hutton.

Ivan Smith, the small son of Mr. and Mrs. Ollie Smith, is recovering from an attack of the grippe.

Miss Lillian and Jessie Boll spent Tuesday shopping in Twin Falls.

E. O. Fulford and Miss Ruth Fisher were Twin Falls visitors Tuesday.

Friends of Miss Fern Wallick are glad to learn that she is able to be about again after a short illness.

Mr. and Mrs. Costello of the Costello Music Store motored to Twin Falls on Tuesday evening.

A large number of people met the Trophy train which arrived in Buhl at 3:15 p. m. Tuesday evening.

James Dool, who has been in Buhl for the past few weeks transacting business, returned to his home in Dillon, Mont., Thursday.

The friends of Mrs. Mand Daniels were glad to learn that she was able to return to work the first part of the week. Mrs. Daniels is night operator at the telephone exchange.

Littie Charlotte Woodward, daughter

of Mr. and Mrs. C. H. Woodward, is slowly recovering from an attack of the grippe.

Mr. Stearns of the White Motor Truck company made a business trip to Jerome the first part of the week.

Mr. and Mrs. T. W. Porter and Mr. and Mrs. Lyon and family spent Wednesday in Twin Falls.

Mrs. Childman of Filer visited at the Costello home Wednesday.

G. A. Farlow purchased the C. H. Woodward residence on the McCollum addition.

Mrs. E. B. Sherman left Wednesday evening for Boise where she will visit with her daughter and family, Mrs. M. B. Osgood.

COURT ENTERS AWARD AGAINST KIMBERLY MAN

W. R. Summers Must Pay Alleged Balance Due for Quit Claim Deed on Which Suit is Brought

W. R. Summers of Kimberly, who acrimoniously declared in the course of a trial in probate court Wednesday that lawyers were trying to "blackball" him out of money must pay to Ben Chadwick the full amount of his claim against Summers on account of an alleged consideration for a certain quit claim deed given by Chadwick to Summers. This was the decision rendered Thursday by Probate Judge O. P. Duvall before whom the case was tried.

The friends of Mrs. Mand Daniels were glad to learn that she was able to return to work the first part of the week. Mrs. Daniels is night operator at the telephone exchange.

CALUMET BAKING POWDER

"BEST BY TEST"

The greatest advancement ever made in the manufacture of baking powder—so perfectly made that you're always sure of the very best baking results. Its leavening strength never varies. The last spoonful as good as the first. No failures. It raises the quality of your bakings and reduces baking costs.

It is sold at a moderate price and you use only half as much as of most other powders.

A product of the world's largest, finest, most sanitary baking powder factory. Used in the U. S. Army and Navy—by the most eminent Domestic Scientists—in more homes than any other brand. Its superiority has made it America's leading seller.

CALUMET GRIDDLE CAKES

2—Level cups flour	1—Level tablespoon sugar
2—Level teaspoons Calumet Baking Powder	2—Level tablespoons melted shortening
2—Eggs, yolks	
1 1/2—Teaspoon salt	1 1/2—Cups milk or water

How to Make Them: Mix dry ingredients in flour. Beat egg yolks and melted shortening in the liquid, add only a part of the liquid, mix until smooth. Then add gradually the balance of the liquid until batter is of proper consistency. According to the strength of the flour more or less liquid is required. Bake on hot griddle well greased.

Paste in your Recipe Book for future reference.

Have You Noticed This?

When you buy a pound of Calumet you get a full pound—16 oz. Some high priced baking powders are now being put on the market in 12-oz. cans instead of a pound. Be sure you are getting a pound when you want it. No short weights with Calumet.

WIFE SUES FOR DIVORCE FROM CROWN PRINCE

Former Princess Starts Proceedings Against Cruel Husband Who is Now an Exile From His Own Country

(By Associated Press) German Crown Princess Cecilie has taken steps to divorce her husband, Frederick William, according to a statement given to Swiss newspapers by the former Grand Duchess Anastasia of Mecklenburg-Schwerin, mother of the former crown princess. The statement says that it long has been the desire of Cecilie to divorce her husband but that the pressure of the Hohenzollern family up to this time had prevented her from carrying it out.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back.
Ever constipated or have sick headaches? Just try Wizard Oil. White, pleasant little pink pills, 30 cents. Guaranteed.

DR. BIWER TRANSFERRED

Takes Charge of 13 Professional Examining Boards

(Special to The News) BOISE, Idaho—Dr. E. T. Biwer, the former secretary of the state board of health, has been transferred to the state law enforcement department where he is given charge of the 13 professional examining boards. Dr. E. E. Leubaugh, former state bacteriologist, succeeds Dr. Biwer as public health advisor to K. White, state commissioner of public welfare. Dr. Emily L. Monong will continue as state bacteriologist.

LABOR MAN IS PRESIDENT

Frank J. Clayton Heads State Industrial Accident Board

(Special to The News) BOISE, Idaho—The Idaho industrial accident board has been reorganized by election of Frank J. Clayton, the representative on the board of organized labor, to be president succeeding George H. Fisher, who has served as its executive officer for two years. Mr. Fisher, who was appointed for the short term, when the board was created, has been reappointed by Governor Davis.

ACCEPTS STATE POSITION

Lieutenant Colonel D. P. Olson Will Take Up Duties of Highway Engineer

(Special to The News) BOISE, Idaho—Lieutenant Colonel DeWitt P. Olson, an officer of the Idaho regiment who served with the 11th engineers in France, who has been appointed to succeed H. C. Allen, state highway engineer, notified Governor Davis of his acceptance of the position. Lieutenant Colonel Olson is now at Ames, Iowa, where he has been detailed as a military instructor.

Local Minister Is Prize Press Agent

Rev. Elmer Grant Keith Wins in Competition Over Big Area

Rev. Elmer Grant Keith, pastor of the Twin Falls Methodist Episcopal church, was advised by wire this morning that he had won first honors in a competition with the pastors of a certain area including the states of North Dakota, Montana, Idaho and western Oregon for a prize to be awarded to the one securing the greatest amount of newspaper publicity during a certain period for the Centenary movement of the Methodist church. The prize is an expensive stereopticon. It is awarded by a committee under George Mecklenburg, area secretary for the Centenary movement. The circulation of the newspapers, size and population of the community served by them and other factors were taken into consideration in making the award.
