## THROW VITROL ON WORKER IN EGYPTIAN CITY

Terrorists Threaten to Use Corrosive on Any Strike Breaker Caught Leaving His Place of Employ

## ONE MAN TOTALLY BLINDED BY THIS HORRIBLE MEANS

Heavy Penalty Is Imposed on Persons Found to Have Acid or Poison in Their Possession or Selling It

(By Associated Press) CAIRO—Threats were made recently by terrorists to throw vitrol on all strike breakers as they were leaving their work and the official communique today dealing with the current disorders reports two cases of vitrol throwing on Tuesday, one man being totally blinded.

In consequence of the vitrol throwing incidents an order has been issued that persons who throw corrosive substances or cause them to be thrown are liable to the death penalty. The order also provides that persons possessing corrosives without legitimate reason are liable to 15 years imprisonment and that those who sell such substances are guilty of a criminal act.

Curious scenes occurred in the streets today when several days' accumulation of garbage was being cleared away by gangs of convicts protected by troops.

The sentences of persons convicted of rioting during the last few days ranged from three years to fifteen years on penal servitude.

Forty arrests have been made in Kench, on the Nile, in Upper Egypt, according to the official communique, which also reports minor disturbances in Suez on Monday.

## DESEPTION IS BIG OFFENSE

Many Cases of Absence Without Leave Are Reported From Camp Merritt

(By Associated Press) WASHINGTON—Camp Merritt, Hoboken, the main embarkation camp during the war, dealt with nearly 10,000 cases of absence without leave between April 1st and the 1st of March, according to the armistice, Major R. A. Stone told the American Bar association today in connection with the discussion of the administration of military justice. Practically, he said, these men were all deserters, avoiding service at the front, and he added that a great deal of "masochism" was now being expressed for men severely dealt with by military courts for this offense.

Major Stone, who is a member of a St. Paul law firm in civil life and whose military experience began as an enlisted man in the Spanish war, read from the official records of the general's office and declared that the matter had become so serious that it necessitated the building of a stockade at the camp where men who had been absent and returned were held to be marched aboard the ship.

## School Nine Takes Contest From Buhl

The Twin Falls high school baseball team won its second game of the season which was played Friday afternoon against the Buhl high school nine at Buhl. The score was, Twin Falls 10, Buhl 0. One striking feat of the team was a home run scored by Phillip Fix. With the exception of this play the contest was devoid of special exciting features.

The Buhl team will come to Twin Falls the last of next week for a return game.

## Monday Fixed as Buying Date of Victory Bonds

Monday, April 21, is the day fixed by the Victory Loan Committee for the voluntary purchase of bonds. In each city block, division, or school district, there will be one authorized saleswoman from whom the residents of such section should make their purchases any time during Monday.

## MUNICH COUNCIL IS DISSOLVED

Power Is in Hands of Committee Who Are Elected by Soldiers of Capital

(By Associated Press) LONDON—The central council at Munich has been dissolved and the power is in the hands of a committee of five men elected by the soldiers' council of the Bavarian capital, an Exchange Telegraph dispatch from Copenhagen says.

## POST STRIKE ADVERTED

NEW YORK—The threatened tie-up of the port of New York was averted today after the stevedores, agreed to return to work on a 10 hour basis, and submit the question of wages to arbitration.

## WORLD NEWS EVENTS

**BERLIN**—Count Ottokar Czernin, former Austria-Hungarian minister, was arrested Wednesday by the German-Austrian authorities when he attempted to cross the Swiss frontier. The arrest was made at Feldkirch, a few miles east of the Swiss frontier at Buzh.

**PARIS**—President Wilson this morning cabled Secretary Tumulty declining a request he had received from New England governors to intervene in the telephone strike in New England. The president said he felt he could not act intelligently at this distance.

**AROBANGEL**—Russian and British forces early today occupied the village of Bolshe Ozerki and are pursuing the Bolsheviki as they flee southward over roads knee deep in icy slush toward the enemy base on the Volodga railway at Plesetskaya yesterday.

**OPENHAGEN**—Four persons were killed and twenty-four injured at Offenbach in Hesse, near Frankfurt, Friday, when government troops attempted to stop a communist procession. Great excitement prevails, according to advices received, and a state of siege has been proclaimed.

## Earthquake Shock Is Recorded by School Machine

Seismograph of Kansas University Reports Tremor Throughout South

(By Associated Press) LAWRENCE, Kan.—The seismograph at the University of Kansas recorded another earthquake shock at six minutes and four seconds after four o'clock today. The maximum amplitude of the wave was a half inch which as compared with the shock recorded here 24 hours ago indicates a greater violence than the previous quake. The disturbance lasted 52 minutes. The estimated distance of the origin of the shock is 1,350 miles south.

## DANGER SIGNS ARE FAR FROM BEING PASSED

Plundering and Riots Are Common Occurrence in Vienna With Whole Atmosphere Extremely Electrical

## NATIONAL GUARDS PROVE TO BE UNTRUSTWORTHY

Government Arrests Emisaries of Budapest Soviet Forces Who Are Found to Possess Large Quantities of Money

(By Associated Press) BERLIN—The atmosphere in Vienna is still extremely electrical, according to dispatches to the Berlin newspapers. The "Vossische Zeitung's" Vienna correspondent says the danger of trouble has by no means passed, as the national guard except for a few battalions, appears to be unreliable, while the demonstration Thursday against the parliament building gave clear evidence of co-operation by the Hungarian communists. On Thursday night the marine section of the war ministry was broken into and plundered.

**Arrest Soviet Emisaries**  
The Vienna government on Friday had all the known emissaries of the Budapest soviet government arrested. Gold, bank notes and precious stones to a value of \$200,000 crowns, were found in their possession and confiscated. The banishment of all revolutionary agitators is said to be imminent.

## Names Committee of Elks for Wild West

Pursuant to the vote of the Twin Falls Elks lodge, Frank Mattison, as elected, yesterday appointed the following members of a committee to cooperate with the promoter, Clarence Adams, in bringing to Twin Falls the "Wild West" show from the Pendleton roundup for a three days celebration here on July 3, 4 and 5: V. H. Ormsby, Carl J. Hahn, C. D. Thomas, L. T. Wright, John E. Davies.

## POLISH CLAIMS TO PORT OF DANZIG ARE FINALLY SETTLED IN CONFERENCE

Famous City Will Become International Harbor With Corridor From Poland Through German Territory Thereto; Council of Four on Adriatic Problem

## ITALIAN CLAIMS ON DALMATIAN COAST LIKELY TO BE SETTLED IN FEW DAYS

(By Associated Press) WITH the question of Poland's western boundary settled, the council of four of the peace conference in Paris was prepared today to take up anew the program of the Adriatic for definite disposition.

As a result of the council's deliberations yesterday Danzig, the Baltic port claimed by Poland, is to become an international harbor, it is understood. Poland will be given a corridor through German territory, so that she may have free access to Danzig. Whether this corridor coincides with that delineated by the peace conference some weeks ago is not known.

## Text of Treaty Will Be Given Press Next Week

## Conference Is Considering Disposal of Enemy Delegates in Case of Their Refusal

(By Associated Press) PARIS—The text of the preliminary peace treaty will be transmitted to the press Friday or Saturday of next week, April 25 or 26, the Petit Parisien says. The Echo de Paris declares that in case Germany refuses to sign the preliminary peace, special trains will be put at the disposal of the enemy delegates for their return to Germany and the allies will take military and naval measures to enforce the treaty.

## Fallen Plane Is Washed Ashore by Flood Tide

(By Associated Press) HOLMHEID—The commander of the destroyer which rescued Major Wood and Captain Wylie says that the fall of the airplane was caused by complete engine failure. The machine was washed ashore by the tide. It is believed it will be very difficult to salvage it.

## War Department Gives Demobilization Figures

(By Associated Press) WASHINGTON—Progress of demobilization was announced by the war department today as follows: Total discharges 1,769,000; officers resigned or discharged 98,812; total troops ordered demobilized 1,949,000.

## Allies Gain Control of Road to White Sea

(By Associated Press) LONDON—In a successful attack Thursday by Russian troops at the White Sea, according to an official statement from the British war office today. The Bolsheviki were driven twelve miles southward.

## Council Fails to Agree on Adriatic Question

(By Associated Press) PARIS—After a conference lasting more than 48 hours, which was attended by both Premier Orlando and Foreign Minister Sonnino of Italy, the council of four today failed to reach agreement on the Adriatic questions. The council adjourned to meet tomorrow morning for a continuance of the discussion.

## Airplane Signals Become Confusing

Machines Which Use Opposite Means to Attract Attention Create Misunderstanding

(By Associated Press) HALIFAX, N. S.—Captain Irvine of the Cunard liner, which has arrived here from Liverpool fears that the signals of the aviators who are to start from New Foundland for the trans-Atlantic flight will be misunderstood by steamers. He said he was instructed on leaving Liverpool that the aviators to reach a position and a white light asking for its position and a red signal to indicate distress. Last Sunday he was advised by wireless that the Sopwith plane would use a white light as a signal for distress. Captain Irvine said that owing to the conflicting order there was grave danger of the signals being misunderstood with serious consequences in case of distress.

## GERMAN DELEGATES ARE ENEMIES UNTIL PEACE TREATY IS SIGNED

(By Associated Press) PARIS—The German delegates to the peace congress are coming to France by way of Spa, Belgium, to which they will travel in their own conveyances, says the Petit Journal today. A Spa agreement will be made under military guard. At Versailles, a military delegation will receive them and conduct them to their lodgings. The German representatives, the newspaper states, will be treated courteously but will be regarded as enemies as long as the peace treaty has not been signed. They will not be allowed to go about as they please, nor will newspaper men be permitted to interview them, on pain of being charged with communicating with the enemy.

## DIFFICULTIES OF PEACE ARE SMOOTHED OUT

Numerous Perplexing Problems and Conflicting Claims of Nations Settled to General Satisfaction of Conferees.

## PRAISE FOR MEN OF YANK EXPEDITIONARY FORCES

Unofficial Adviser of President Wilson Thinks People of United States Will Approve of Peace Terms.

(By Associated Press) NEW YORK—Thomas W. Gregory, former attorney general who accompanied President Wilson to France as an unofficial adviser on matters connected with the peace conference, returned here today a passenger on the transport Von Steuben.

Speaking of the conference and the terms of the forthcoming treaty, Mr. Gregory said he returned entirely satisfied and that in his opinion the agreements arrived at would be satisfactory to the majority of the people of the United States.

## Many Difficulties

"There were numerous difficulties and differences of opinion confronting the delegates," he said, "but they were met and settled by the conferees as gentlemen. While no country, of course, obtained all it wanted, I believe the provisions will be generally accepted."

Regarding his own work little abroad Mr. Gregory said he could say little at this time. He added, however, that a part of it had to do with a special mission for the war department. He said he had been looking into the possible return home of the bodies of American troops, who died abroad and confirmed cable reports that the work of locating and identifying bodies and marking the graves was progressing satisfactorily.

## American Army the Best

The former attorney general said that no finer army of men than the American expeditionary forces had ever been assembled.

"They went to France," he asserted, "and untroubled by their desecration and their fighting ability all that was expected of a man fully upheld the traditions of the American army. They are leaving France with the respect of the world. In all my time abroad I never saw an individual soldier nor did I see anything which would tend in the least to lower respect or admiration for our fighters."

## Anxious to Get Home

"I must say, however, that they are all great to come home and their greatest desire now is to be re-absorbed into the regular life of their own country."

Mr. Gregory asserted that President Wilson's popularity abroad had not waned. The president's present stay in France, however, had been that of a worker, he said, without the acclaim attending his first visit.

## NO IMPROVEMENT IN INDIAN SITUATION

(By Associated Press) LONDON—The latest review of the situation in India received here today shows no improvement in the Punjab and the region of Delhi.

The strike continues at Delhi. The people are reported to be maintaining a sullen attitude. The "prevention of seditious meetings act" has been put into force at Multan, southwest of Lahore and at Jullundur, east of Lahore. Communication with the northern Punjab has been interrupted. Serious outbreaks occurred early in the week at Chukarkhan in the Gujranwala district, north of Lahore, and a railway station was wrecked.

## IDAHO WEATHER

(By Associated Press) Tonight and Sunday—Rain north, probably showers south portion.

## COMMUNISTS AND FEDERAL TROOPS MEET IN BATTLE

Considerable Losses Are Experienced on Both Sides During Clash of Forces in Munich Territory

(By Associated Press) BERLIN—The fighting between Bavarian communist and government troops occurred Friday near Freising, resulting in fairly considerable losses for both sides, a Munich dispatch to the Tugboat says.

The communists had constructed trenches near Freising, which is twenty miles northeast of Munich, and defeated the government troops.

Three thousand Wurtemberg troops, the dispatch adds, arrived at Dachau, north of Munich last night. The government leaders will not engage in a decisive battle with the communists until they have at least thirty thousand troops around the Bavarian capital. It will be several days before this number of troops will be in position to move on Munich.

## ASSIGNED TO CONVOY

WASHINGTON—The following units were announced today as assigned to early convoy: Aero squadrons Nos. 57, 63, 60 and 110th; 66th company transportation corps; 1st, 2nd and 4th engineer service companies of the 20th engineer regiment; base hospitals Nos. 54, 80 and 86; salvage squad No. 5.

## GERMAN DELEGATES ARE ENEMIES UNTIL PEACE TREATY IS SIGNED

(By Associated Press) PARIS—The German delegates to the peace congress are coming to France by way of Spa, Belgium, to which they will travel in their own conveyances, says the Petit Journal today. A Spa agreement will be made under military guard. At Versailles, a military delegation will receive them and conduct them to their lodgings.

The German representatives, the newspaper states, will be treated courteously but will be regarded as enemies as long as the peace treaty has not been signed. They will not be allowed to go about as they please, nor will newspaper men be permitted to interview them, on pain of being charged with communicating with the enemy.

## WAVE OF CRIME SWEEPING OVER CHICAGO PAST FORTY-EIGHT HOURS

(By Associated Press) CHICAGO—Forty-eight hours of extreme violence caused Chief of Police Garrity to summon all commanding officers to his office and warn them that unless there were unremitting efforts to check the crime wave some of them would face the trial bench. Up to today, records of the chief's office showed that since January 1 there had been forty-three murders in the city, 29 deaths by manslaughter and 3 homicides, a total of 80 killings in 108 days. In addition, 202 stores had been robbed, 94 stations forced to surrender their cash. Three major causes were given by the chief for the reign of lawlessness: Discharge of criminals from the army, unemployment, too few policemen.

# TWIN FALLS INTO SEA WITH BRITISH PLANE

## In Attempt to Fly by Night, Two Men Are Plunged Into Icy Waters But Both Are Reported Uninjured

(By Associated Press) LIMERICK, Ireland.—Major J. C. P. Wood, the British aviator who left East Church, England, yesterday afternoon in his airplane for this city, fell into the Irish sea last night. Major Wood and Captain C. C. Wylie, his navigator were uninjured. The accident occurred near Holyhead, to which place Navigator Wylie was for assistance. No details of the accident have been received here.

### Lands Safely

LONDON.—It was reported in London this morning that Lancaster Parker, an aviator who flew from East Church yesterday soon after Major Wood left and who had not been heard from over night, has landed safely. Major Wood's airplane, which fell into the Irish sea last night has been towed into Holyhead, according to the Daily Mail. The machine was uninjured and Major Wood and his navigator are safe.

### Most for Hours

Major J. C. P. Wood left East Church, England, at 3:15 o'clock Friday afternoon. During the evening he was reported to have passed Sheerness on the Thames, a short distance from East Church and there was no word for several hours. Late at night it was reported that a wireless message from his airplane had been received in Liverpool but this was doubted. Liverpool was far to the north of the route he intended to follow. Lancaster Parker, another aviator, left East Church soon after Major Wood. Wood's machine will be repaired at Holyhead, and it is hoped he might start again on his trans-Atlantic flight as early as Monday.

A dispatch to the Evening News from Holyhead says that when Major Wood was off the island of Anglesey last evening he discovered that something for which he could not account had happened to his machine. He finally decided to come down and fell into the sea clear of rocks. Immediately on striking the surface the airplane began to sink nose downward. Destroyers rescued the aviators. Telegrams received here from Navigator Wylie of Major Wood's machine says that the airplane apparently was not damaged when it fell into the sea.

# ROYAL PERSONS SENSE PROPER TIME TO LEAVE

## Kings, Queens, Princes and Princesses Know When Necessary to Abdicate

(By Associated Press) BERLIN.—(Correspondence of the Associated Press)—A German professor figures out that the abdication and dethronement in Germany include 278 persons. Bavaria leads with one king, one queen, fifteen princes, sixteen princesses, five dukes and one duchess. Prussia has 43 royals, including the emperor, empress, twenty princes and eleven princesses. The two tiny principalities of Reuss, whose area is barely 1,500 square miles, had 33 royals, including 27 of Prussia have exiled 36 royals. Most extraordinary is the case of Schaumburg-Lippe, with an area of 130 square miles, where there was nearly one royal personage for every five square miles. These included the reigning prince, seventeen princes, and seven princesses.

# USE SUBMARINES TO GO EXPLORING FOR POLES

## Says Undersea Craft Are Easily Adapted to Icy Waters of Northern Ocean

(By Associated Press) SAN FRANCISCO.—(Correspondence of the Associated Press)—In the way of methods as to exploring the poles as a means of reaching the North Pole, the submarine comes first in the estimation of Vilhjalmur Stefansson, the Arctic explorer. Next come dirigible balloons, and finally the airplane. "The submarine appears to me to be a perfectly practicable way of reaching the poles as well as a comparatively easy way for one could carry all the necessary comfort," said Mr. Stefansson on his recent visit here while discussing arctic exploration with friends. "I seldom have seen a stretch of ice extending more than thirty miles without coming to open water. Under the circumstances there never would be any difficulty in the matter of getting to the surface. Also the navigator would be assured of calm water when he came up in these ice hemmed bays of water. Not a New Idea

The submarine already has been used for getting to ice bound ports by passing under the ice. They may be provided with wheels as to exploring the channel bottom. A large submarine will weigh about 600 pounds on the wheels when submerged in this manner. The Arctic exploring vessel, the dirigible, also the periscope and much of the above deck construction would be done away with and in place of it would be a case of getting to a ridge on the surface which would cut through this ice when coming to the surface. Ocean ice is usually and I have seen a whole come up through a thickness of six or seven inches of ice."

# BRITISH TAKE HAND IN STRIKE TROUBLES

## Commander of Troops Occupying Territory Is Firm in His Decision

(By Associated Press) COLOGNE.—In consequence of the spread of the German strikes to the Cologne district, Lieut. Gen. Sir Herbert Plumer, in command of the British forces operating in the district, announced today, ordering the immediate return of the men to work and threatening the strongest measures against persons promoting or countenancing strikes in the British zone of occupation. The general offered military mediation if other means of settlement failed.

# DANIELS HOPES TO SEE TROOPS AT HOME SOON

## Secretary of Navy Says He Expects His Sailors to Return Soldiers to America as Fast as Possible

(By Associated Press) COBLENZ.—Secretary of the Navy Josephus Daniels, speaking to the American army of occupation today told his audience that he hoped the army would be taken home as soon as possible. "As a captain of the ferry boats which brought the American army to Europe," he said, "I wish to say that I have under my command seventy thousand American boys who also are clamoring to return to their homes. I have told those sailor boys they would get home but that first they must help get back to the United States the boys who fought in France and Belgium."

### Contrasts Assemblies

Mr. Daniels contrasted today's assembling with that of the Germans who stood on the same ground in 1914 before beginning the war. "Their chiefs," he said, "had visions of conquering the world but America entered the war without desire for territorial gain." The secretary's reference to the soldiers' return home was answered with cheers and shouts of "How soon," were heard. When asked for the dates when the men would be taken back to America, the secretary smiled but did not answer.

### Confers Honors

This morning during the review of the division the Belgian order of the crown was conferred on Captain Gaines Moseley and the order of Leopold on Captain Robert Balke. Both are officers in the marine corps. Thirty-three distinguished service crosses and sixty-five French war crosses were presented officers and men of the division. On the reviewing stand with Secretary Daniels were Major General Joseph J. Dickman, commander of the third army; Major General John A. LeJeune, commander of the second division; Brig. Gen. John L. Hines, commander of the third corps; and naval and army officers who are accompanying the secretary on his trip. Following the review Secretary and Mrs. Daniels were given a ride across the fields to the speakers stand on a caterpillar tractor. Mr. Daniels and his party will be guests of General Manu's command of the French army of occupation at Mayence tomorrow.

### BIOT IS DISASTROUS

(By Associated Press) COPENHAGEN.—Five policemen were killed and forty wounded and twenty demonstrators slain. Many of the strikers who attempted to escape were wounded by the fire of the troops.

### CAPTURE STRIKE LEADERS

(By Associated Press) BERLIN.—Government troops on Tuesday surrounded and captured 400 strike leaders in the Ruhr district who had left Essen to hold a secret meeting in the neighboring town of Werden because proclamation of martial law prevented meeting in Essen. Many of the strikers who attempted to escape were wounded by the fire of the troops.

# PLANTERS WOULD KEEP UP PRICES

## Cotton Growers May Reduce Acreage to Insure More Profits from Crop.

(By Associated Press) WASHINGTON.—Attorney General Palmer has asked by Secretary Houston of the department of agriculture for an opinion as to the legality of the movement among southern cotton planters to reduce acreage with the purpose of holding up cotton prices. The inquiry was made following receipt by the department of agriculture of complaints from a number of cotton consuming interests.

### Protect Farmers

It was pointed out today in this connection that appropriation bills for anti-trust prosecution of the department of justice for several years has contained a clause forbidding employment of the trust laws against farmers for any crop raising activities. The Clayton anti-trust act also specifies that farmers shall not be affected by its provisions. Attorney General Palmer will prepare an opinion within the next two or three weeks.

# THOUSANDS OF TROOPS ARE RETURNING DAILY

## Transports Beach Port Carrying Men From Service Oversea Back to Their Homes

(By Associated Press) NEW YORK.—Three officers and 133 men of the 102nd Aero Squadron; three officers and 113 men of the 25th ambulance company and scattered casuals and 600 wounded soldiers, were among the 2,892 troops who returned on the transport Von Steuben today. The transport Walter A. Luckenbach arrived here from St. Navarre today with 2,512 troops. Units on board included 4th and 5th regiments, 2nd hospital 24, 34, 61 and 45; the 2nd 4th and 117th and 308th trench mortar batteries. Other units on board included 33rd Aero Squadron; 321st field signal battalion, headquarters detachment, supply section, medical detachment and companies A to G inclusive, six officers and 298 men; two officers and 183 men of the 11th company transportation corps; one officer and 32 men of the 15th photographic section of the air service.

# IOWA LEGISLATURE TURNS UPON ITSELF

(By Associated Press) DES MOINES.—Famous for its investigation of state officials and departments, the Iowa legislature, with final adjournment at hand, has turned on itself with an inquiry into grave charges against the morals of certain of its members. Immediately after their appointment last night, a committee of eight members of the house, acting on a resolution adopted by the lower chamber, began an investigation of formal charges by Municipal Judge W. G. Bonner that certain members of the legislature had "contributed to the delinquency of young women of Des Moines." Judge Bonner was called before the committee today.

### OBTAINS CONTROL

BERLIN.—The Bavarian anarchist, Sonnheimer, has succeeded in obtaining control of the new communist government in Munich, according to advices received here from the Bavarian capital. Now is the time to get your screens for summer use. Phone 838, City Sash & Door Factory.

# REMAINDER OF GERMAN SHIPS READY FOR USE

## Last of Number Are to Be Sent to England to Be Manned by American Crews

(By Associated Press) WASHINGTON.—The remaining four of the twelve German passenger liners assigned to the United States for troop transport service will be delivered soon in England where American naval crews will be put on board. A dispatch to the navy department today said the Brandenburg and the Santa Elena are expected within a short time and that the Imperator and Berlin were due within three weeks.

# BOLSHEVIK ARE COMPELLED TO EVACUATE TOWN

## Constant Shelling of City Causes Enemy to Retreat and Peasants to Flee to Allied Lines for Protection

(By Associated Press) ARCHANGEL.—The Bolsheviks have evacuated the town of Bolshie Ozorki, according to peasants who fled to the allied lines yesterday. The enemy evidently was driven out by the constant shelling to which the Russo-Allied artillery has been subjecting the town during the last two weeks. The Bolsheviks are reported to have established positions in the woods nearby. This bombardment together with a shortage of supplies due to the thawing roads is seriously impairing the morale of the Bolsheviks, who are reported to be without reserve provisions. The peasants reported that the troops decided to leave the front but that the communist officers were holding them in place with machine guns placed along the road in their rear. The enemy's guns shelled the Russo-Allied positions last evening for twenty minutes without causing any casualties. The other sectors are generally quiet.

# FOCH INSISTS ON RHINE AS NEW FRENCH FRONTIER

## Resolution Is Presented to Peace Conference, Giving Reasons for Demand

(By Associated Press) LONDON.—In political circles here much significance is attached to the resolution adopted by the French senate demanding the insertion in the peace treaty of guarantees suggested by the allied high command. The resolution may, perhaps, be read in connection with the interview with Marshal Foch had by a correspondent of the Daily Mail, in which the allied generalissimo insisted on the necessity for regarding the Rhine as the real barrier against another German attack, because the Rhine could be held with a small force, whereas the political frontier west of the Rhine as proposed under the peace treaty would, as the marshal explained, have to be held with large forces along its whole length. There are rumors that Marshal Foch insists strongly on these guarantees.

# HUNGARY PROMISES BUT FAILS TO FULFILL THEM

## Minister's Assurance of Protection to Foreign Interests Not Kept

(By Associated Press) LONDON.—During the visit to Budapest recently of General Jan Christian Smuts, who was sent by the Paris conference to investigate the Hungarian situation, he obtained from Bela Kun, the communist foreign minister, assurances regarding the protection of foreign interest in Hungary, the Press bureau announced. Nevertheless, it is declared, the Hungarian government is still endeavoring to confiscate foreign property. In these circumstances Foreign Secretary Balfour has addressed a note to Bela Kun warning the soviet government that it will be held responsible for the fulfillment of its undertaking regarding foreign interests. Advertise it in the Classified columns of The News. Somebody will want it.

# SERVICE MEN'S ORGANIZATION IS BIG FACTOR

## Idaho Joins Movement to Form Compact Body of Veterans of World War Uniting Five Million Men

(Special to The News)

BOISE.—The preliminary steps taken here to organize Idaho's young men who entered the service of their country during the recent war, through the state central committee of eight members appointed by Governor W. W. Davis is recognized as but the preliminary movement to cement into a compact body one of the most formidable organizations in Idaho. It is but a unit in a national organization that must be given serious recognition in the future in the matters of government and the handling of public affairs, say those here who have given the matter consideration. There are between 20,000 and 30,000 of these service men in Idaho. How important such a factor will be in the state can be seen when it is realized that the last general election less than 100,000 votes were cast.

**Bulwark Against Reds**

While it is not openly so declared, it has become known by the facts of its state the service men propose to guard not only their own organization but the general public at large against the spread of Bolshevism. The Reds will be an unpopular element with the World War Veterans' association, and this will be equally true of any other organization at large against the spread of Bolshevism. The I. W. W., who were active particularly in northern Idaho, where they were rudely interfered with and their leaders sent to the penitentiary, may expect to receive little consideration from this new element which enlisted under the Stars and Stripes to fight the enemy abroad as well as the traitor at home.

**Function of Committee**

The members of the Idaho state committee are: Major C. M. Booth of Pocatello, former of Twin Falls, chairman; Paul Davis, Boise; Major Frank Estabrook, Nampa; John B. Green, Twin Falls; Lieut. Paul T. Peterson, Idaho Falls; Harry Cherrill, Moscow; Thomas A. Fox, Pocatello; Capt. F. A. Jeter, Coeur d'Alene, La Verne Collier of Pocatello is the temporary secretary. A majority of these men now serving overseas. They met here to determine how Idaho's soldier representation should be selected for the national convention to be held by the war veterans at St. Louis, May 8. They are acting merely as a temporary organization named by the governor at the urgent request of Lieut. Col. Theodore Roosevelt, Jr., temporary chairman of the national association.

**Non-Partisan Organization**

It is made clear that the World War Veterans' association, both in its state branches and national organization, is nonpartisan and it is not representing any political faction nor is it championing any political issues. All told it will represent 5,000,000 men in a compact body, at the head of which are of more than ordinary intelligence, and the rank and file of which is composed of trained men.

In Idaho as in every other state in the Union way is made for the man who bears arms for his country, particularly for the men who went overseas and participated in the fighting. Soldiers are being given preference in many lines of industry, professions and employment. Leaders of political parties here realize that the soldier of this state has a right to take a hand in the management of public affairs if they so desire and there is a strong inclination on their part to treat any organization of soldiers formed with the greatest respect. Not a few of them have been placed in important appointive state positions. There will be given recognition in the same manner. In fact the soldier is very likely to get his own in Idaho and the movement on his part to organize only adds strength to his country as those watching the movement under way.

**Roosevelt Gives Plan**

In his instructions to the state committee Lieutenant Colonel Roosevelt outlines the purpose of the organization is to further the principles of "justice, freedom and democracy." Continuing, he says:

"It shall be strictly nonpartisan and nonpolitical; it shall be a civilian and not a military organization, in which all members shall have equal rights and shall stand upon their individual merits on the common basis of patriotic service rendered, irrespective of whether they formerly served their country as private, officers or generals; it shall include all those who served in the military and naval establishments of the United States between April 6, 1917, and Nov. 11, 1918, irrespective of whether they actually went to France to fight the Germans, or whether they were denied the privilege and retained on duty at home."

**Companion for Legion**

The World War Veterans' association is to be a companion to the American Legion, the permanent organization for which was perfected in Paris the latter part of last month. As soon as the former completes its permanent organization at St. Louis next month, the American Legion will take similar action. The American Legion is composed of those men now in the service abroad and who are soon to be returned home with the signing of satisfactory peace terms. There were 500 delegates at the Paris convention. An executive committee was appointed, composed of one officer and one enlisted man from each unit of the American forces in France. The World War Veterans' association when it meets at St. Louis next month, will have 1000 delegates present, each state being entitled to twice the number of

# WESTERN MEN OF GUARD TROOPS REACH AMERICA

## Detachments of Fortieth Division Are Sent to Camps for Demobilization

(By Associated Press)

CAMP MILLE.—Several detachments of the 150th infantry of the 40th division, composed of national guard troops from Idaho, are being sent here today for Fort Bliss and Camps Bowie, Dodge, Pike, Shelby, Jackson and Gordon, where they will be demobilized. Small detachments of the 79th and 80th infantry brigades and fortieth division headquarters were sent to Camp Kearney, Cal., together with a small detachment from the 115th hospital train.

Small detachments of the 115th hospital train and base hospital 13 were sent to Camps Dodge and Jackson respectively.

# ARMY AVIATOR PREPARES FOR LONG FLIGHT

## Captain Will Attempt to Go From Chicago to New York Without Stopping—Will Be Great Record If Successful

(By Associated Press)

CHICAGO.—Captain E. F. White, an army aviator, prepared today to make a long distance flight from Chicago to New York today.

Captain White and his assistant, H. M. Shaffer, a civilian, flew to Chicago from Mexico, Ohio, yesterday and were up at dawn making ready for the trip to New York.

The machine is a DeHaviland biplane with a 15-cylinder Liberty motor. Its gasoline capacity is 190 gallons.

Several attempts at a non-stop Chicago-New York flight have been made but none succeeded. Captain White was confident however that his gasoline supply would hold out unless he lost his way. He attempted to keep the attempt secret, but it leaked out.

CHICAGO.—Captain E. F. White, an army aviator, left the ground at 9:50 o'clock this morning from Auburn field for a non-stop flight to New York.

**GO TO WESTERN CAMP.**

(By Associated Press)

CAMP MERRITT, N. J.—Six officers and 247 men of the 363rd regiment of infantry, part of the 91st national army division organized from selective service men of the far western states, entrained today for Camp Dodge, Ia.

delegates that it has representatives in congress. Idaho will, therefore, have eight delegates. This association will also create an executive committee which will meet later with the executive committee of the American Legion and merge the two great organizations into one body.

**Provisions of Plan.**

The temporary constitution adopted by the American Legion sets forth in part:

"The society shall consist of a national organization with subsidiary branches, one for each state, territory and foreign possession of the United States, and the District of Columbia, as well as one in each foreign country where members of the national society may be residents and desire to associate themselves together."

"The officers of the society shall be a president, one or more vice presidents, a secretary, a treasurer and one board of directors which shall consist of the president and vice presidents of the national organization, together with a delegate from each subsidiary branch."

"The subsidiary branches shall organize and govern themselves in such manner as the membership of such subsidiary organization shall determine, except that all branches shall comply with the requirements and purposes of the permanent national constitution."

**Like Paris Conference.**

From the billets along the Rhine, from the base ports, from casual detachments, from grand headquarters and from every part of France and Germany where American soldiers are stationed, delegates attended the first Paris conference.

A very similar program is being followed now in this country in preparation for the St. Louis convention in May. Some of the delegates who attended their delegates by primaries while others are holding state conventions. Pair representation and elimination of rank among soldiers is the plan on which the organization is working. From Idaho both officers and enlisted men will be sent to St. Louis to represent their state. In the meantime every county is organizing a branch camp of the World War Veterans' association. That of Ada county is named after Lieut. John M. Regan who was killed in France.

# GERMANY MAY SEND FORCES TO BAVARIA

## National Government Is Considering Advisability of Aiding Munich in Fight Against Communist Troops

(By Associated Press)

BERLIN.—The German national government is considering seriously the sending of government troops, or at least German general staff officers, to aid in the relief of Munich from the communist forces, although neither the Bavarians nor the German governments wish to cause such an invasion of state rights if it can be avoided.

The bulk of the Bavarian peasants, it is reported, are still loyal to the government in cutting off food supplies. The peasants' association has issued a declaration asserting that the devastation of the country, the plundering of the houses and barns, and murdering of peasants by communist bands have become intolerable.

**Out Off Supplies**

Munich, it is said, is affected only slightly as yet by the action of the communists in cutting off food supplies. It is declared that there is enough food in the city to feed the inhabitants for one week, but the communists have seized all the supplies and can live comfortably for a long time if they do not feed the non-communists.

Gandorffer, a leader of a small section of the peasants which went over to the communists, has been arrested by the Hoffman government.

# SOLDIERS RESENT NAME ATTACHED TO DIVISION

## Men of Labor Battalion Are Angry at Reflection Cast Upon Them by Public

(By Associated Press)

PARIS.—Grave injustice has been done to thousands of American soldiers constituting the labor battalions of the American expeditionary force because of the manner in which publicity has been given to general order No. 32 of the United States army in France, declares the Rev. Dr. Albert J. McCartney, moderator of the Chicago presbytery, engaged in Y. M. C. A. work in France.

The order directed that soldiers suffering from social diseases "shall be separated and assigned to provisional organizations retained for labor purposes in Europe." Dr. McCartney says it is unfortunate that no attention has been called to the fact that this order is in no way intended to reflect upon the labor battalions properly so-called, which are a permanent and indispensable feature of the United States army. "The popular mind," he adds, "is likely to confuse the labor battalion feature of army life with the disciplinary labor referred to in general order No. 32."

**Men Resent Reflection.**

He declares that he recently spent some time with 7,000 men of one labor battalion, and they "are as fine and clean a set of fellows as you will find in the army and they sorely resent the reflection that the popular interpretation of general order No. 32 has put upon them."

"One boy, for instance, has a letter from his mother stating that 'has broken her heart' to have disclosed to her the true reason for his detention in France." She had read in the papers that all men of a certain division were

# ESTABLISH COMMUNICATION

MADRID.—The government has begun the work of re-establishing normal telegraph communication throughout Spain which was interrupted by recent strikes. The latest news received here indicates that quiet prevails generally.

**REPORTS PROGRESS.**

WASHINGTON.—Satisfactory progress at the peace conference was reported again today in advices to the White House from Paris. It was also stated that Bar Admiral Grayson had reported the president entirely recovered from his recent illness.

BE A VOLUNTEER!
There is no good reason why the name of every person in Twin Falls county who will subscribe to Victory Loan bonds should not appear in the Victory list of volunteer subscribers which, according to the announcement of the manager and executive committee of the campaign, will close on Monday evening next.

And there is also no good reason why every person—with some others—who subscribed to Liberty Loans which preceded the Victory Loan, giving to the county an unbroken record for over-subscription of the needs and requests of the Government for war purposes, should not be a subscriber, and a Victory subscriber in at least an equal amount to the bonds of the present issue.

THE ELECTION

The news has no desire to preach, on the subject of Tuesday's City election or any other subject, but, from the standpoint of the likely greatest good to the greatest number it would seem to be the part of sound sense to elect William H. Eldridge as mayor of Twin Falls.

Mr. Eldridge has abundantly demonstrated for many years past that his business proposition to which he will turn his hand will receive his very best efforts, and in such matters as he has elected to give attention to in the past, he has been uniformly successful. With his experience as a member of the council he has a natural lead over any opponent. This, coupled with his known ability as a dependable, capable and conscientious executive, would seem to point to him as the best man in the field, if not the best man who could be selected in the entire city for such position.

C. B. Channell, L. L. Brockenkridge, E. J. Ostrander and C. S. McMartin are in the race purely on the basis of the best good of the City. They will make no campaign themselves, and have all along taken the position that if a majority of the people of Twin Falls wanted them to do so they would be glad to serve as councilmen. On this basis they offer their candidacy for the consideration of the residents of the City as a whole, and on this basis the public should make its choice.

Those who are backing the candidacy of Mr. Keniston and Mr. Fahrney have precisely the same right to their views as have the people who will vote against these candidates. In fact, in a general way there is much to be said in favor of the theory of as wide and divergent a representation as possible in any public body. The question of the election throughout can only be viewed in broad terms, and the point of issue must be kept constantly in mind—the best good of the City of Twin Falls and the election of the best men to bring this about.

In W. A. Minnick the city has an official whose record for the past two years has been all that is to be desired. Mr. Minnick is running as an independent candidate and should receive a heavy vote. Mr. McCracken, his opponent is a first-class citizen with a splendid record in every respect. His candidacy, however, is the result of the efforts of his friends, and the election of Mr. Minnick over him should carry with it that of public disapproval for this or any other position, a fact of which Mr. McCracken is himself aware.

COMMENT, BY AND LARGE

Pertinent paragraphs on current events, official acts and the general trend of events, at home and abroad. Edited by Captain O. L. Longley.

THAT "VICTORY TRAIN"
There is no more public-spirited, patriotic and country-loving body of people in the United States, anywhere, than those constituting the Twin Falls community.

hold over accidental civilization the threat that is unmistakably offered to-day by the Bolsheviki peril.
A very singular feature of the present situation is found in the fact, that while all public men and publicists recognize the gravity of its portent, scarcely any two of them agree as to what should, or should be, done by way of relief at the present and protection for the future.

That the long delay in securing a peace agreement has been exceedingly unfortunate is certain; but what course will, or should, now be taken is equally uncertain. One high authority declares that there are but two alternatives: either recognition and negotiation, or trenches and barbed wire!

What compromise or bargain can be made with Lenin? Will he agree to execute his threats only in part, by killing some nations and permitting others to live or will he be content merely with killing the remaining civilization of Russia? How can the allied nations forsake the innocent and loyal millions of Russia and consign them to death for the sake of pleasing Lenin?

The London "Chronicle," in the same vein, admits that Lenin will welcome negotiation, will grant paper concessions and make paper promises. But, it adds, "He will do all this with the one fixed object to work for the overthrow of society in western Europe and America"—adding that it is unnecessary, at this time, to demonstrate "that no honorable man can have any dealings with the Bolsheviki."

THE BOLSHEVIK PERIL.
The Russian situation seems to grow more ominous with each passing day. The "yellow peril" of the past has been superseded not really to have been a peril at all. But at one time it loomed large and portending in the public thought and was made the subject of much apprehensive comment. But at no time, and painted with all imagined or imaginable blackness, did it even seem to

Official Ballot City Election, April 22, 1919. Includes a table for voting for Mayor (J. A. Crom, William H. Eldridge, City Clerk, W. A. Minnick, William B. McCracken) and Councilman (L. L. Brockenkridge, C. Fahrney, E. J. Ostrander, Chester B. McMartin).

Upon the other hand, the conservative and thoughtful Springfield "Republican" declares that the idea of intervention in Russia "loses ground every day." That thus far "force has worked badly" and asks, "Is it not time to change the prescription. It does not, however, attempt to furnish any definite new "prescription," leaving the whole question where it started in the mire of doubt and uncertainty.

Will no lesson be taken to heart from the distressing automobile accident on Thursday evening that cost the life of the little Peavey lad? The driver of that car—who is only less to be pitied than the child's parents, may not have been at fault at all—probably was not. But no one can walk the car-infested streets of our city for one minute without seeing machines driven at a speed that is absolutely unsafe in such localities. In fact, the lawful limit is unsafe in the congested center of the town and it is constant being exceeded. The driver of a car on city streets is compelled in self-defense to be constantly on guard, not only for the protection of children, but to avoid the idiosyncrasies of careless men and women; and along the more crowded streets and crossings the chauffeur who cares to be on the safe side will not use a speed that will prevent his stopping within a car length, at least.

Secretary of the Treasury Glass prescribes the most widespread distribution that is possible of the Victory loan as the surest and best antidote for Bolshevism. The secretary is undoubtedly correct.
The greatest drawback on dancing, theoretically at least, has been "paying the fiddler." Germany is now factoring with the payment of twenty-five billions for her diplo's dance of the last four years, with ten billions more, at the discretion of an allied commission. Germany declares she can't and won't pay the bill; but she will, just the same!

It would have been with a swelling heart that any American could have witnessed the advent in New York harbor, last Monday, of more than an hundred warships, flying the Stars and Stripes, homeward a great escort of planes and bringing home 30,000 officers and men from our expeditionary force in France.

M. Canton of Kimberly shopped in Twin Falls on Friday. Mrs. Jessie George of Murtaugh shopped in Twin Falls on Friday. Miss Elizabeth Roberts of Kimberly shopped in Twin Falls on Thursday. Mr. and Mrs. J. R. Hall of Hansen spent Friday in Twin Falls on business. Mrs. Minnie Dunn of Murtaugh spent Friday in Twin Falls on business.

C. Hurley who formerly lived in Kimberly is in Twin Falls on business today. Miss Nona Finley, teacher of the school in the Springville district, is spending the week end here.

C. Fred Howe of Ketchum, who has been here on business for a few days last week, returned to his home in Ketchum on Friday. Mrs. Pearl Early who has been here visiting returned to her home in American Falls on Friday evening.

J. N. Jensen left on Friday evening for Salt Lake where he goes on business for the week. Mr. and Mrs. E. N. Flory, Mr. and Mrs. G. E. Duke and J. A. Cooke drove to Pocatello on Friday to attend the flying circus.

Mr. and Mrs. O. M. Gant left Saturday for Salt Lake where they will attend the wedding of Miss Maybelle Francis Cole.

Social Notes

Mr. and Mrs. O. M. Gant announce the engagement of their daughter, Miss Maybelle Francis Cole, to Mr. O. M. Gant, of Salt Lake, Idaho, to Ross William Porter of Ogden Utah. The wedding to take place Monday, April 21, at Salt Lake.

Mrs. T. F. Murray was hostess at the first meeting of the Ninth Avenue East club on Wednesday afternoon. The meeting was devoted to business.

On Friday evening the Sophomore class of the high school entertained the members of the class and their advisers at a social function. The supper was given by Mrs. M. and Mrs. M. C. Mitchell, Misses Croth, Chiles, Jessie Simpson, Dolly Hagan, Mrs. A. Sayre and E. Dennman. The members came dressed in their most becoming gowns, the girls with braids and the boys with knickerbockers. The program consisted of juvenile songs and pieces. During the evening, the members of the class cracked nuts, and enjoyed the refreshments consisted of the youthful favorites, ice cream and cake.

It was difficult to believe that the high school gymnasium was decorated by the care-free sophomore hosts and hostesses, for the color scheme of purple and gold was beautifully carried out by the elaborate decorations. The streamers were draped from the center to the four corners of the hall and pennants in the class colors were on the walls.

The entire Nounk club was entertained by Mrs. Frank Brunaugh on Wednesday afternoon of this week. The afternoon was spent in playing bridge. The prize for high score going to Mrs. J. T. Moore. After the card games the hostess served an elaborate and delicious three-course luncheon.

Mr. and Mrs. P. W. McRoberts, Mrs. Lulu Burely of Burley, who has been in charge of the grand chapter of the Eastern Star and C. Fred Howe of Ketchum, at luncheon on Friday.

The members of the Presbyterian Cradle Roll and their mothers were entertained in the church parlors on Friday afternoon at an Easter party. The hostess was Mrs. H. J. Wall, the superintendent of the Cradle Roll, Mesdames E. W. Davis, James McMillan, Asher Brand, Stuart Taylor, J. M. McClellan, Charles McEwen, Leo Bracken. The rooms were decorated with spring blossoms. The children played games during the afternoon. At the close of party tea was served from a beautifully decorated table by Mrs. James McMillan and Mrs. Asher Brand. Mrs. Leo Bracken played a number of delightful piano selections while the refreshments were being served.

Miss Mattie Cones was hostess at a charming dinner Wednesday evening at the home of her home on Tenth street. The girls just returned from government service in Washington, D. C. The centerpiece was formed by a tall crystal chandelier, pink and white roses, and was favored by one long stemmed rose bud. Place cards and other table decorations carried out the same color design. After the dinner the girls gathered about the fireplace. The honored guests were the Misses Loua Eckert, Esther Anderson, Irene Visser, Helen Sherman and Fern Emek.

On the occasion of her birthday on Thursday evening, Mrs. O. P. Duvall was the guest of honor at a surprise party given her by her friends. The home was attractively decorated with pink and white roses and carnations. The evening was spent in conversation and singing and the guests were entertained by the hostess. In addition to the guest of honor and Judge O. P. Duvall were Mr. and Mrs. V. H. Ormsby, Mr. and Mrs. H. C. White, Mr. and Mrs. G. L. Smith, Mr. and Mrs. Charles Buller, Mr. and Mrs. E. B. Heinicke, and Mrs. Falkner, mother of Mrs. Duvall.

ARRIVAL OF THE TWIN FALLS PAPER

The Long Range Sniper Is Title of Weekly Publication of 66th Brigade Including Twin Falls Men

An American army paper printed in a German printshop shows that Americans are becoming better known as time goes on in the Long Range Sniper, the weekly newspaper of the Sixty-sixth artillery brigade stationed at Giehr-Groenhausen, Germany, a copy of the first issue of which, dated March 27, has been delivered to the Lieut. J. G. Thorp, leader of the band of the 146th regiment which, with the 148th regiment, compose the brigade. The 146th regiment includes the first battalion and headquarters company of the Second Idaho regiment, one of the units of which is Company D of Twin Falls.

The Sniper consists of four pages of four columns each, the page being about the size of that of The News. It is published weekly and its office is in the main street, Hoer, Germany. The subscription price is two francs for six weeks, and single copies are 50 centimes each. Respecting the content of the paper, Lieut. Thorp said, "We would a printshop in Hoer that had a press and plant to handle the paper, but paper was not as easy to get in Germany as it is here. The printer, who is a native of the United States, had a type which was overdone, and we found a linotype that could talk America. So we combined all these, using German printers and put our offerings into the hands of the boys."

Records Forging's Visit. The initial number of The Sniper includes articles referring to the fact that the 66th brigade has more than half of the G. P. F. shells with 83 per cent of the total ammunition expended by Filiceux guns during the war. The article is signed by Lieut. Thorp on Sunday, March 16, personally thanked the men of the 66th brigade and other corps troops of the Third army for their services during the war, and that the 66th brigade are an entertaining men in the occupied area every night with "Ching-Chong" and "Hello Broadway," both being productions of our own United States. Officers of the brigade; that members of the brigade are attending A. E. F. schools and that French, English and American officers are attending the schools. There are 22 officers from the 146th and 23 enlisted men and seven officers from the 148th.

In addition to these news articles there are sports, sport notes, a column headed "The Observation Post," and numerous personal paragraphs. "F. H. E. Rinehart of Twin Falls, Idaho, writes a sports note, a column headed "The Observation Post," and numerous personal paragraphs. "F. H. E. Rinehart of Twin Falls, Idaho, writes a sports note, a column headed "The Observation Post," and numerous personal paragraphs.

The Long Range Sniper is the first journalistic effort of the men of the 66th field artillery brigade, in the opening statement under the editorial name of "The Sniper." The paper is published as it does from an organization popular for its individuality and heterogeneous composition. The Sniper must be the vocal representative of the only 155 mm. G. P. F. brigade in existence composed a distinction of its own. We speak with the voice of men from many different states, the Union, as well as into a unit by common service and sacrifice. To the original six western states whose national guard units were attached to the new recruits of field artillery—Colorado, Idaho, New Mexico, Oregon, Washington and Wyoming—have been added numerous recruits from other states.

Medium Was Required. The Sniper proposes to act as a clearing house for the humor and pathos of the men of the 66th field artillery brigade, and to triumph over the mechanical limitations imposed will hamper the free expression of ideas. With three languages at the beck and call of our pen, the little difficulty will be experienced in expressing the thought the writer wishes to convey. There will be room for serious literary effort, for the men of the 66th are veterans. Our coming and going, our sorrows and joys, any news of our doings in the occupied area will be recorded. To accomplish this will require the co-operation of our readers.

It was because we had no divisional newspaper that The Sniper came into being. Possessing such a well defined individuality, it is necessary for some means for establishing our identity.

Has Varied Paragage. Our unit, owing to its functions and nature, has had a varied and varied organization gives to a brigade. For this brigade is an army artillery brigade, and the men of the 66th were mothered for the time being by the corps with which we were associated at the front when in action. Army corps changed at the front, and our membership composition changed. Army artillery did not change. The nature of its work kept it where it was functioning, and as another corps took over the front we had another material interest in us. Being a child of the entire army this change of material interest helped us, stimulated us, and added to our knowledge of the temporary parage, but it did not allow us to revel in the pride or glories of this or that division with its own corps, for we were proud and over again—but to which we did not belong. We were proud of them, and for them, these magnificent divisions could not be proud as a part of them, for we were rank outsiders, no division owning us, and, in the general trend of events, not caring a whole lot about us.

WEATHER BUREAU PREDICTS RAIN FOR COMING WEEK

Rocky Mountain Region Is to Be Visited by Showers During Next Few Days

(By Associated Press) WASHINGTON. — Weather predictions for the week beginning Monday issued by the weather bureau today are: Upper Mississippi and lower Missouri valleys: Some prospect of rain about Monday, otherwise generally fair. The Blue Cincinnatian, and was formerly the barracks of the 76th French infantry regiment. The "hut" accommodates 3,000 men.

Brings Bout to Close. In Rapid Fire St.

Terrible Show Bests Ajax: Athletic Shave in Quick Time.

It took Charles Olson, "the Swede," just four minutes and 43 seconds to shave his opponent, Ajax or Jack Burns to the mat, in a wrestling match Friday evening at the athletic show which continues until the 14th. The victory of the Bernards shows appearing this week in South Park. Burns is a performer in the employ of the show. Previous to this engagement he has twice been a worsted employee of the show during their performances here. He had been barred from further participation except in a finish bout, but felt 43 if Andrews could stay in the gate receipts which were estimated to be about \$200.

George Andrews, also a professional wrestler, was the buyrall of the show, who has claimed some of his money, made good Friday evening his acceptance of a challenge made by Cramer, one of the performers, to face him in a prize fight. Andrews is in a boxing bout. Andrews stayed in the hotel and claimed the cash. Cramer and the showmen have agreed on terms for the appearance tonight of the Swede by a finish wrestling bout against the "Masked Wonder," who will be held by Art Henry of Boshello, now in the employ of the show.

Candidates Attend Fellowship Event

Every candidate for municipal office at the forthcoming election, except those who were out of town, attended and made brief talks at the initial meeting of the candidates at the church of the Men's Sunday Night club of the Christian church. About sixty men including the candidates partook of the banquet which was served at 6 o'clock and attended the fellowship meeting which convened thereafter. The candidates in attendance were William H. Edridge and J. A. Cron, candidates for mayor; W. A. Martin and W. B. McCracken, candidates for clerk; C. B. McMartin, C. H. Keniston, candidates for councilmen.

No issues on which a campaign should be made were developed at this meeting, the burden of the talks being that while conscientious electors might have a right to express their various questions that might be presented, friendly rivalry should characterize the campaign at hand.

CROWD STORMS BUILDING.

VIENNA.—The crowd which attempted to storm the parliament building here today was made up of unemployed men and women, E. P. Workers. A large number of the windows in the building were broken. The demonstrators were eventually dispersed by troops and police. We are again making stockfeed. The Twin Falls Flour Mills—Adv.

SALVATION ARMY CHEERS TROOPS

Establishment of Huts to Entertain Soldiers Is Big Benefit to Homesick Men

(By Associated Press) PARIS.—To give the American soldiers a center where they can both lodge and spend their time profitably throughout the day, the Salvation Army has just opened its first "hut" in Paris proper. It is situated on the Rue Clichartonne, and was formerly the barracks of the 76th French infantry regiment. The "hut" accommodates 3,000 men.

Several welfare organizations which operate for the American soldiers, including the Young Men's Christian Association, Salvation Army, Jewish Welfare League, Knights of Columbus and the American Library association have combined to offer the boys here both instruction and entertainment. Doughnuts, pies, flapjacks and cookies "as mother makes them," are provided for all comers. Athletic meetings alternate with singing and lectures, and there is much interest in a course of fencing bouts, which has just started.

Similar institutions are being opened at the big sports such as Paris, Bordeaux and St. Nazaire, where the American authorities have placed 25 hangars at the disposal of the Salvation Army. To minister to the comforts of Igaly American units in the devastated districts of Belgium and northern France where the accommodation is one of the most primitive description and where the men are crowded together in a bare room, Col. William A. McIntyre of New York has organized a system of traveling kitchens where the men will be able to obtain well cooked food and eat it in comfort instead of in a haphazard fashion on the doorstep of some half demolished dwelling house, as is now the rule rather than the exception.

THACK STARS MEET FOR TENTH ANNUAL EVENT. DES MOINES.—The stars from the middle western universities, colleges and high schools met here today in the tenth annual Drake relay races. The first event was set for 2:30 p. m.

Various events, with ten of the leading mid-western dash men listed for the special 100-yard dash. The university teams are the half mile, two mile, and four miles relay, and the first three named also will be run in the collegiate section.

OPENS LEAGUE SEASON. BOSTON.—Boston and Brooklyn opened the National league baseball season today with morning and afternoon games at Braves field. The weather was clear and cool. For the morning game the field was slated to occupy by the box for Boston with Dick Dufolth in reserve, while Manager Robinson of Brooklyn had Pfeffer, Cadore, Marquard and Grimes in readiness, with Pfeffer preferred for the opener.

ORGANIZATION OF COW TESTERS IS POSTPONED

Visit of Dairy-Division Specialist to Assist in Establishing Canner Association Is Delayed.

Noel Negley, cow testing association specialist of the dairy division from Salt Lake, who expected to be in this county this week has postponed his coming until next week, the exact date being as yet undetermined. He is coming to this county to assist B. Cammack and the county agent in reorganizing the old Buhl Pioneer Cow Testing association. Practically enough he has now signed up in this work to insure the reorganization and are only waiting for the coming of Mr. Negley to hold a meeting for the election of officers and organization. Mr. Cammack states that he has a good man ready to take up the work of cow testing and plans to bring him here at the time of the meeting.

First Church of Christ, Scientist Sunday services 11 a. m., Orpheum Theatre. Subject of lesson sermon for April 20, "Doctrine of Atonement."

Free reading rooms are maintained by the church on the 2nd floor of the Jewel building, Main Ave. W., and are known as rooms 1 and 2. Here, except on Sundays and holidays, from 12 noon to 4:30 p. m. and from 7:30 to 9:00 p. m. Sunday nights, authorized Christian Science literature may be read and obtained. Wednesday evening testimonial meetings continue to be held at the church at 230 3rd Ave. E., at 8 o'clock.

Filter Methodist Episcopal church, 10 a. m. the Sunday school will be given to the Easter program, entitled "Life Abounding."

At 11 a. m. the morning worship with special Easter music. Sermon, "The Easter Message."

At 8 p. m. the stereoscopic lecture on the "Incidents, Death, and Resurrection of Our Lord."

A cordial welcome at all of these services. C. E. Deal, Pastor.

TO THE VOTERS OF THE CITY OF TWIN FALLS

I have been interviewed and requested to state the issues upon which I base my candidacy. The following are a few of the things I stand for:

- 1. Law enforcement: (a) To this end, if elected, I propose to nominate efficient police officers to nominate efficient police officers. (b) If elected, I promise to nominate an able, capable police judge; a man whose character will be above reproach. 2. In municipal works, I favor the employment of home labor at a just wage, and that at this time and during our reconstruction period, I am firmly convinced that the city government should do all possible within sound business bounds, to give employment and to do all possible in getting employment for the returning soldiers. 3. I believe in fair treatment to the home builder, and the taxpayer, and to that end I demand that all public moneys shall receive interest in a more efficient manner upon daily balance than the bank or banks in which de-

BE A VOLUNTEER!

There is no good reason why the name of every person in Twin Falls county who will subscribe to Victory Loan bonds should not appear in the Victory list of volunteer subscribers which, according to the announcement of the manager and executive committee of the campaign, will close on Monday evening next.

And there is also no good reason why every person—with some others—who subscribed to Liberty Loans which preceded the Victory Loan, giving to the county an unbroken record for over-subscription of the needs and requests of the Government for war purposes, should not be a subscriber and a Victory subscriber in at least an equal amount to the bonds of the present issue.

THE ELECTION

The News has no desire to preach, on the subject of Tuesday's City election or any other subject, but, from the standpoint of the likely greatest good to the greatest number it would seem to be the part of sound sense to elect William H. Eldridge as mayor of Twin Falls.

Mr. Eldridge has abundantly demonstrated for many years past that any business proposition to which he will turn his hand will receive his very best efforts, and in such matters as he has elected to give attention to in the past, he has been uniformly successful. With his experience as a member of the council he has a natural lead over any opponent. This, coupled with his known ability as a dependable, capable and conscientious executive, would seem to point to him as the best man in the field, if not the best man who could be selected in the entire city for such position.

C. B. Channell, L. L. Brockenkage, E. J. Ostrander and C. S. McMartin are in the race purely on the basis of the best good of the City. They will make no campaign themselves, and have all along taken the position that if a majority of the people of Twin Falls wanted them to do so they would be glad to serve as nominees. On this basis they offer their candidacy for the consideration of the residents of the City as a whole, and on this basis the public should make its choice.

Those who are lacking the candidity of Mr. Keniston and Mr. Fahrney have precisely the same right to their views as have the people who will vote against these candidates. In fact, in a general way there is much to be said in favor of the theory of as wide and divergent a representation as possible in any public body. The question of the election throughout can only be viewed in broad terms, and the point of issue must be kept constantly in mind—the best good of the City of Twin Falls and the election of the best man to bring this about.

In W. A. Minnick the city has an official whose record for the past two years has been all that is to be desired. Mr. Minnick is running as an independent candidate and should receive a heavy vote. Mr. McCracken, his opponent is a first-class citizen with a splendid record in every respect. His candidacy, however, is the result of the efforts of his friends, and the election of Mr. Minnick over him should carry with it, no blot of public disapproval for this or any other position, a fact of which Mr. McCracken is himself aware.

Spring Melodies
Includes musical notation and lyrics for songs like 'SUGAR PEPPER SALT', 'MUSTARD VINEGAR', 'DING DONG DING DONG', 'YOO-HOO COM' ON', 'PO-TO-TOES', 'SHUKLE DOWN!', 'BAGS AN' OL' IRON'.

It is hard to dig up and bring into being, political issues in a campaign as barren of such features as is the present. The whole matter is not one of individual likes and dislikes, personal prejudice or private ambition. It is purely a question of the best interests of the City of Twin Falls, from the standpoint of the management of the affairs of the City, and The News is inclined to believe that the settlement of such a question can be very well left in the hands of the Twin Falls people.

MANY PAY TRIBUTE TO ROBERT PEAVEY MEMORY

Funeral Services at Family Home Here Largely Attended and Floral Offerings Evidences Esteem
One of the largest assemblages at a funeral service in Twin Falls gathered at 6:30 o'clock Friday evening at impressive services held at the family home for Robert Louis Peavey, son of Mr. and Mrs. Arthur J. Peavey. Many and beautiful floral offerings also attended to in high regard in which the little fellow was held in the community.

Signer of London Treaty Now Holds French and British Premiers to Promise Regarding Questions of Territory
The question of an alliance between France, the United States and Great Britain is still being discussed by the newspapers. The Excelsior today that the latest suggestion is for a special covenant restricted to defensive measures. This agreement would not be intended to insure the payment of financial reparations.

WEATHER IMPROVES

ST. JOHNS, N. F.—Weather conditions were slightly improved here this morning but it was considered improbable that either Harry Hawker, Australian pilot of the Sopwith plane or this time, Britisher Fred Britton, the Briton who is to guide the Martinville machine, would attempt a start today on their proposed trans-Atlantic flight.

THE BOLSHEVIK PERIL

The Russian situation seems to grow more ominous with each passing day. The 'yellow peril' of the past has been proven not really to have been a peril at all. But at one time it loomed large and portentous in the public thought and was made an subject of much apprehensive comment. But at no time, and painted with all imagined or imaginable blackness, did it even seem to

hold over occidental civilization the threat that is unmistakably offered today by the Bolshhevik peril. A very singular feature of the present situation is found in the fact that while all public men and publicists recognize the gravity of its portent, scarcely any two of them agree as to what cap, or should, be done by way of relief at the present and protection of the future. The allied nations in conference at Paris seem as much at a loss what course to take—to be as diverse in the remedies proposed as are the warriors and statesmen who edit newspapers. Solder-like, General Foch appears to have proposed a battlement barrier from the Baltic to the Black sea, while President Wilson and Lloyd George believe all military measures unless—fearing a new outbreak of the disease behind such a line, regardless of armies or battle fronts.

That the long delay in securing a peace agreement has been exceedingly unfortunate is certain; but what course will, or should, now be taken is equally uncertain. One high authority declares that there are two alternatives: either recognition and negotiation, or trenches and barbed steel. The American mind, the proposal to 'recognize' Lenin, as the Washington Post puts it, 'is one of the most sinister developments of these strange times. Continuing it says, 'Bolshivism will be recognized when Lenin is recognized,' and unites with most other commentators in predicting that American people cannot approve such a course. Nevertheless, as England, France and America has each indicated an unwillingness—in which we all share—to send more soldiers into the Russian field, or even to long leave those who are there, it would seem that negotiation must alone remain—a dire and most threatening alternative. Says the 'Post': 'What compromise or bargain can be made with Lenin? Will he agree to execute his threats only in part, by killing some nations and permitting others to live? or will he be content merely with killing the remaining civilization of Russia? How can the allied nations forsake the innocent and loyal millions of Russia, and consign them to death for the sake of pleasing Lenin?' The London 'Chronicle', in the same vein, admits that Lenin will welcome negotiation, will grant paper concessions and make paper promises. But, it adds, 'He will do all this with the one fixed object to work for the overthrow of society in western Europe and America'—adding that it is unnecessary, at this time, to demonstrate 'that no honorable man can have any dealings with the Bolshhevik.'

COMMENT, BY AND LARGE

Pertinent paragraphs on current events, official acts and the general trend of events, at home and abroad. Edited by Captain C. L. Longley.

UPON the other hand, the conservative and thoughtful Springfield 'Republican' declares that the idea of intervention in Russia 'loses ground every day.' That thus far force has worked 'badly,' and 'it is not time to change the prescription.' It does not, however, attempt to furnish any definite new 'prescription,' leaving the whole question where it started in the 'mud and uncertainty.'

Will no lesson be taken to heart from the distressing automobile accident on Thursday evening that cost the life of the little Peavey lad? The driver of that car—who is only less to be pitied than the child's parents, may not have been at fault at all—probably was not. But no one can walk the crowded streets of our city for one minute without seeing machines driven at a speed that is absolutely unsafe in such localities. In fact, the awful limit is reached, and it is constantly being exceeded. The driver of a car on city streets is compelled in self-defense to the constantly guard, not only for the protection of children, but also against the idiosyncrasies of careless men and women; and along the more crowded streets and crossings the motorists in their eagerness to be on the safe side will not use a speed that will prevent his stopping within a car length, at least.

Secretary of the Treasury Glass prescribes the most widespread distribution that is possible of the Victory Loan has the surest and best antidote for Bolshivism. The secretary is undoubtedly correct. The greatest drawback on dancing, theoretically at least, has been 'paying the fiddler.' Germany is now faced to face with the payment of twenty-five billions for her devil's dance of the last four years, with ten billions more, at the discretion of an allied committee. Germany declares she can't and won't pay the bill; but she will, just the same!

It would have been with a swelling heart that any American could have witnessed the advent in New York harbor, last Monday, of more than a hundred warships, flying the Stars and stripes, bent on a great escort of planes and bringing home 30,000 officers and men from our expeditionary force in France. Tax Is Levied on Every Canine in Twin Falls County

Commissioners Direct Assessor to Collect Under State Law

Every dog in Twin Falls county, whether its owner is a resident of an incorporated town or not, is taxed under the provisions of a law passed by the last session of the state legislature...

Of course the owner of dogs residing in incorporated towns is not excused from this assessment by payment of such tax as may be levied in addition to the city government and in Twin Falls at the present time the tax for the current year is against every dog, except one, is due and payable since April 1.

Collection of the dog tax this year in Twin Falls has been delayed through difficulty experienced by City Clerk A. Minnick in securing the services of a person to act in the capacity of dog collector. This difficulty, however, is fair to be overcome in the immediate future.

The tax fixed by the legislature and city commissioner upon dogs of this city is \$2 for males and \$4 for females. The Twin Falls city tax on dogs is \$3 for males and \$5 for females.

EXPERIMENTS IN FEEDING OF SWINE

Experience Here Is Relied on to Show That Profitable Grain Is Used with Hay in Making Pork.

In cooperation with the county agricultural agent and Dr. W. A. Sullivan, William Kerr, state swine specialist in the vicinity of Filer, Twin Falls, Kimberly, Hansen and Rock Creek, on their place two miles west of Twin Falls, Peter Link, 1-2 miles south of Hansen and Dr. D. P. Albee of Rock Creek.

Mr. Kerr plans to be back in this county May 12 and at that time he will visit each of these farmers and assist in weighing up the hogs and from this date records will be kept of the amount of feed and the gain in weight of the hogs and spring pigs that are in the experiment.

SUSPECTS TINY WORM IS AGENT KILLING CLOVER

Entomologist R. H. Smith Blames Microscopic Individuals of nematode Family for Destruction of Fields Here

An infinitesimal work of the nematode variety, invisible to the naked eye but dreadfully destructive, is suspected by R. H. Smith, entomologist of the state university here investigating the clover aphid pest, as being the cause of the killing out this winter of a considerable number of clover fields in the Twin Falls district.

Practically every field in the district is infected to a greater or less extent by these worms, Mr. Smith says. They are especially active during the fall and warm winter weather, and for this reason it has been suspected that fields here which have died out recently have winter killed. The worms attack the clover plant at the crown and their presence is to be suspected when plants which have died out are pulled up easily, apparently having rotted off at the ground.

The presence of the disease induced by these worms in clover fields in Canyon county has been known for at least four years, Mr. Smith says.

Mr. Smith expects to carry on experimental work here this year in an effort to determine a method of control of the disease and is anxious to secure information from growers believing their fields to be affected with it.

It is possible, Mr. Smith states, that the worm is not at the bottom of the trouble, but indications point strongly to it as the culprit.

Apparently no method of control, has been worked out. In Canyon county, growers claim that it is unprofitable to attempt to get two crops of seed from the same field because of the disease attacks of the second year.

The best method of control, Mr. Smith advises, seems to be frequent rotation of clover crops, which should not be left on the same field longer than two years.

A similar disease in alfalfa, caused by a minute worm, has been reported in western Oregon, but so far its ravages have not been observed here.

W. H. TURNER,
Village Clerk.

Red Cross Supplies Are Sent to Tiny Country in Balkans by United States
(City Associated Press)
CETTINE, Montenegro---This little Balkan country has been tasting the benefits of American Red Cross relief work. Major Edwin G. Dexter of New York, and a staff of 45 assistants, including physicians and nurses, have been feeding the poor, caring for the sick and instituting American sanitary methods for several weeks. The results have evoked warm expressions of appreciation from the government. Relief stations have been established at Cattaro, Podgoritz, Nitibitz and Cetinje, and several hundred tons of supplies have already been distributed to the needy and to the hospitals.

DEATH LIST GROWS
PARIS---The death list in the railroad wreck at Crise, northwest of Lo Mans, on Thursday has mounted to thirtythree, including sixteen Americans. Forty-five persons were injured in the smash of the trains which was caused when an American train dived into a French troop train. Among the dead is a 10-year-old French boy who had been adopted as a mascot by American soldiers.

Perhaps, in the ordinary course of things, you had wanted to make a trip to a particular store today. Yet such a trip may be highly desirable--a little thrift journey. See the ads.

SALVATION ARMY CHEERS TROOPS

Establishment of Huts to Entertain Soldiers Is Big Benefit to Homesick Men
(PY Associated Press)
PARIS---To give the American soldiers a center where they can both lodge and spend their time profitably throughout the day, the Salvation Army has just opened its first "hut" in Paris proper. It is situated on the Rue Clichoncourt, and was formerly the barracks of the 76th French infantry regiment. The "hut" accommodates 3,000 men.

Several welfare organizations which operate among the American soldiers, including the Young Men's Christian Association, Salvation Army, Jewish Welfare League, Knights of Columbus and the American Library association have combined to offer the boys here both instruction and entertainment. Doughnuts, pies, flapjacks and cookies "as mother makes them," are provided for all coming. Athletes are entertained with boxing and lectures, and there is much interest in a course of fencing bouts, which has just started.

Similar institutions are being opened at the big camps such as Brest, Bordeaux and San Nazario, where the American authorities have placed 25 hangars at the disposal of the Salvation Army.

To minister to the comforts of lonely American units in the devastated districts of Belgium and northern France where the accommodation is one of the most primitive description and where social contacts are few and far between, Vol. William A. McIntyre of New York has organized a system of traveling kitchens where the men will be able to obtain well cooked food and eat it in comfort instead of in a haphazard fashion on the doorstep of some half demolished dwelling house, as is now the rule rather than the exception.

A cordial welcome at all of these services.
C. E. Deal, Pastor.

TO THE VOTERS OF THE CITY OF TWIN FALLS
I have been interviewed and requested to state the issues upon which I base my candidacy. The following are a few of the things I stand for:
1. Law enforcement:
(a) To this end, if elected, I promise to nominate efficient police officers.
(b) If elected, I promise to nominate an able, capable police judge; a man whose character will be above reproach.
(c) In municipal works, I favor the employment of home labor at a just wage, and that at this time and during our reconstruction period I am firmly convinced that the city government should do all possible within sound business bounds, to give employment and to do all possible in getting employment for the returning soldiers.

2. I believe in fair treatment to the home builder, and the taxpayer, and to that end I demand that all public monies shall receive interest in a more efficient manner than they do now.
3. I believe in the advancement of public improvements in the most efficient and economic manner.
4. I believe in the future of the City and County of Twin Falls; in the great possibilities of the Snake River Valley; that our home city should be held out before the public as containing an intelligent, moral, God fearing people, a community to which we should invite others to come and locate with their energies and means; that a better and more progressive administration can aid enormously in such a work.

7. For the benefit of those who do not know my past record on the subject, I wish to say that I have always stood against the liquor interests, and that at a time when it tried men's souls to stand for or against it.
8. Municipal ownership of power and lights.
Candidate for Mayor on The People's Ticket.

# EASTERN IDAHO PLEDGES LOAN TO GOVERNMENT

### People of Idaho Falls and Other Neighboring Cities Promise Fulfillment of Their Duty to Boys Over There

(Special to The News)  
IDAHO FALLS—Idaho Falls paid the Victory Special a glorious tribute when it steamed into the upper Snake river basin metropolis this afternoon at 5 o'clock. No town has welcomed the train touring the state with wreaths and banners more graciously than the blood drenched fields of Franco and Poland with greater enthusiasm or a more spontaneous outburst of patriotism than did Idaho Falls. Fully twenty thousand people massed about the train or flowed by in steady streams during the six hours stay of the special in this city. Such has been the excitement in which the train has been welcomed into every town visited today.

**Begins at Early Hour**  
Beginning at Mackay this morning at 7 o'clock record crowds have eagerly gathered to witness the grand construction or listened to the appeals of the speakers urging support of the Victory Loan. Mackay subscribed nearly its entire quota while the train was at the station—just too, in the early hours of morning before most of the crowd had had breakfast. Moore and Arco matched Mackay's enthusiasm. The people of these places pledged ten per cent fulfillment of duty in the Victory Drive. The banks of Custer and Butte counties have agreed to loan the money to bond buyers at the same rate as the bonds draw from the government. At Arco the local choral society sang patriotic airs during the train's stay. After the special left a grand mass meeting was held in the L. S. church and Butte county finished preparations for an over the top wire to state headquarters at dawn on the morning of the 12th.

**Great Crowds Gather**  
Blackfoot taxed the voices of the speakers to their utmost so large was the crowd gathered about the train. Fully ten thousand people thronged the Bingham county metropolis to view the war relics. Each relic being a grim trophy of some great battle tragedy of the world war. The train's stay at Blackfoot furnished the vast crowd with patriotic music during the special's stop in that city. The bankers of Blackfoot announced that the banks of Bingham county had already guaranteed the Victory quota allotted to that county and would leave it up to the loyalty and patriotism of the people to come in and participate by subscribing to part of the loan. Sholley gave the train a royal welcome. When the pledge to get behind the Victory Loan was asked by one of the speakers every man, woman and child in the crowd shot up like it was worked by machinery.

**Rejoins Train**  
State Chairman Monte B. Gwinn rejoined the train at Sholey at 11 o'clock spending the day in Pocatello where he stopped to greet the air squadron which showed in that city this afternoon. Today's itinerary has been under the direction of Captain Edward T. Hawley with Private Bert Bates and Senator Lloyd Adams the principal speakers.

**A Great Day**  
It has been a grand day for the Special, one triumphant tour from early morning till "quitting time" at eleven o'clock tonight when the show at Idaho Falls will close. If anyone doubts for a moment the loyalty and patriotism of southern and eastern Idaho to the tour of the Victory Special has forever dispelled that doubt. The people are behind the government heart and soul and to the last dollar if need. Nothing has brought the grim horrors of war so vividly to the minds of the masses, carried on the Victory Special. They learned what the sons of Idaho and America faced to win victory over the mad ambitions of the Hun, it has been in the minds of thousands a realization of the great tasks that confronted America and inspired the people to go through to the finish in their support of the government, during the period of reconstruction in which the soldiers fought through to the finish in Argonne Woods, at Chateau Thierry, at Baupenne and every other battle front in Europe. Tomorrow the train reaches the Yellowstone branch and the Putte division to Spencer after which it goes by way of Butte to North Idaho.

# FRENCH PORTS ARE GOING BACK TO OLD ACTIVITIES

### Withdrawal of Yankee Troops Leaves Many Harbors on Peace Basis Again

(By Associated Press)  
WASHINGTON—American activity, which during the past few months has characterized the life of several French ports has ceased with the withdrawal of large American units. The ports are being handed back to the French and are resuming their peace activities. Brest is already on a peace basis and wholly controlled by the French. Havre, Marseilles, Toulon, Cherbourg, Rochefort, Marans, La Rochelle and Les Sables d'Olonne soon will be controlled by American soldiers. The ports mentioned have handled 2,586,674 tons of American army material. At Havre 648,423 troops were disembarked.

**SUCCEEDS CONGRESSMAN**  
PORT WORTH, Tex.—Fritz G. Latham will be elected today in the twelfth congressional district to succeed Congressman James C. Wilson, who was appointed federal judge in this district. Latham has no opposition.

# RUSSIAN VOLUNTEER TELLS OF MANY HORRIBLE DEEDS

### Dead Bodies Found in Cesspool Indicate Methods of Bolshevik Leaders

(By Associated Press)  
OMSK, Russia—A Russian volunteer soldier who took part in the battle of Perm gives the following narrative of what he saw in the village of Kouy-chin, not far from Perm, where he was stationed during the fighting which resulted in the complete defeat of the Bolsheviks. He was ordered to clean out three cesspools which were filled with the corpses of people who apparently belonged to the intellectual or cultivated class of the community. "Many of the bodies were those of women. I have removed 30 corpses from the first pit, the ages of the victims ranging from 16 to 60 years. There were several women among the victims. All the bodies were naked. There was reason to believe, in the soldier's opinion, that many of the people were thrown into the pits still alive and they died by slow torture and from the effects of their wounds. The inhabitants of the village were so terrified that they acted like insane persons. When the Bolsheviks came as victors and the town bells rang out, the people jumped for joy, clasping hands and skipping around in circles. In the neighborhood of Gomerzavsk the situation was entirely different. The people were found to be absolutely without nourishment, and the condition of the children was pitiable to witness.

# LEAGUE DRAFT IS ENDORSED BY DAUGHTERS

### National Chapter Votes in Favor of Accepting Covenant of Nations as Holding Fruits of Victory

(By Associated Press)  
WASHINGTON—General endorsement of a league of nations, "without which we shall lose the fruits of victory," was voted today at the closing session of the national chapter, Daughters of the American Revolution. Urges Ratification  
A number of resolutions bearing on the league were presented to the committee on resolutions, one of which specifically urged ratification by the senate of the league of nations covenant in its amended form. The attitude of the society was expressed in this resolution, reported out by the committee, and adopted without opposition: Whereas at this critical period of world history it is important that every citizen in the United States who believes in a league of nations without which we shall lose the fruits of victory, should place himself on record to that effect, resolved that we the members of the 28th continental conference of the D. A. R., do so record ourselves.

**Accepts Resolution**  
The Texas delegation, which had contended for a recommendation that the senate approve the amended draft of the league covenant, announced that it would accept the resolution as presented.

Later, on motion of Mrs. William O. Spencer of Tennessee, the congress by a large vote expressed sympathy and loyalty to President Wilson for "his great effort to bring peace to the world."

**IRISH QUESTION UP**  
PARIS.—The three delegates sent by the Irish societies in the United States to place Ireland's case before the peace conference, former Gov. Edward P. Dwyer, Charles Frank P. Walsh and Michael J. Ryan of Philadelphia, called upon Col. E. M. House of the American peace delegation this morning. The money saved will not be hidden away in socks and old teapots, but will be working and growing for the saver while being used to accomplish great things.

**PROTESTS SHIP SALE**  
WASHINGTON—George P. Hampton, managing director, on behalf of the farmers national council has written a letter to the shipping board protesting against the sale by the shipping board of wooden or other ships constructed by the government during the war. He pointed out the fact that the council holds these ships should remain the property of the people and should be operated as a public asset for the benefit of the people as a whole.

**Classified**  
(Too late for classification.)

# THRIFT MOVIE IS TAKEN TO PUPIL THROUGH SCHOOL

### State Director of War Savings Solicits Cooperation of Teachers in Carrying on Important Campaign

Every teacher in Twin Falls county received today through the office of Miss Britton Wolfe, county superintendent, a letter from Allan B. Easton, director of war savings for Idaho, soliciting co-operation in a movement to get the interest of all pupils in the war savings plan before the end of the school year. The value of the plan in building character and making citizens of the future is stressed in this letter, which will be distributed to all teachers in the building of character and the making of citizens of the future, one of the finest things you can do is to help teach habits of thrift and constructive saving. The government of the United States through its war savings plan has provided the most convenient and safe and easy method to make this concrete and practical. Furthermore, for the first time you have behind you the authority of the government and there is direct request to you to assist in this important effort.

**Thrift the Big Factor**  
The government needs the money which will be thus obtained to it, but this is only part of the reason for the energetic prosecution of the war savings campaign. Furthermore, it is a security that of trying to educate a nation of consistent savers in place of thoughtless spendthrifts. Long after the bond drives are a thing of the past the savings plan will be a continuing and important policy of the government. I believe that with some thought and ingenuity you can make even the children see that entering the campaign in this campaign will be of great and increasing benefit to them financially and otherwise, and to their communities and their country as a whole. Many ways can readily be devised to stimulate interest and rivalry among your pupils in the matter of saving and investing in these government securities. Companies should be placed particularly on the importance of money actually earned and saved, although money given to the children may be more effective in the long run. The reverse, by their adding it to their growing savings fund and by entrusting it to their Uncle Sam.

**Would Encourage Saving**  
We ask of you that you will make a special effort to get all of your pupils' interest enlisted before the close of the school year, and that you will encourage as many of them as possible to save during the summer, promising them that the individual stories of what they earned and how much they were able to deposit with the government will be made a special feature when school reopens in the fall. This is the beginning of a great and consistent national campaign. The war is over, but we cannot prepare to make our country the strongest in the world in the great economic struggle and opportunity which are just ahead. Nations with far smaller natural resources will outdistance us and put us to shame if they can show themselves to be more consistent savers than we. The money saved will not be hidden away in socks and old teapots, but will be working and growing for the saver while being used to accomplish great things.

**CASH PAID** for second-hand clothing at the Clothing Exchange, 126 2nd St. E.

**I Will Build Houses**  
at once on any of my vacant lots or acreage tracts and sell on terms of 1, 2 and 3 years, 8 per cent, or  
 **I Will Loan You the Money**  
up to 1-2 value at 8 per cent on modern improved, well located residence property, or for building purposes.  
 **ARTHUR L. SWIM**

**A REAL BARGAIN**  
45 acres only 1 mile from Twin Falls. This is a real bargain as it will readily sell at a considerable advance this summer. There is a 3-room house and the place is fenced. It has been in alfalfa for several years until last spring. Price \$200.00 per acre.

# Liberty Bonds

NEW YORK—Final prices on Liberty bonds today were: 1-2's \$98.88; first 4's \$95.50; second 4's \$93.44; first 4 1-4's \$95.50; second 4 1-4's \$93.76; third 4 1-4's \$95.20; fourth 4 1-4's \$93.50.

# Money

NEW YORK—The actual condition of clearing house banks and trust companies for the week shows that they hold \$50,096,000 in excess of legal requirements. This is an increase of \$13,079,000 from last week.

NEW YORK—Merchants' paper: 5-6's 1-2; 6-9's 1-2; 9-12's 1-2; 12-18's 1-2; commercial 60 day bills on banks 4.61-4.4; commercial 90 day bills 4.61-4.2; demand 4.64-1.2; cables 4.65-3.4; France 4.65-1.2; 1-2's; cables 6.00; Guilders demand 40-1.4; cables 40-3.8. Lire demand 7.42; cables 7.41. Mexican dollar 77-1.2.

# New York Stocks

NEW YORK—Trading in stocks to-

day was enlivened by further substantial gains in many speculative issues, notably shipping, oil, metals, iron and steel, and food shares. Gains of 3 to 4 points accompanied the active demand for American International, Atlantic Gulf, Marine preferred, Harvart or, Steel Foundry, Steel Springs, Pierce Oil, Studebaker, U. S. Food Products, Wilson and company, Hile and Leath, and preferred and International Paper. United States Steel gained over a point but copper was dull and falls sagged on light offerings. The closing was strong. Sales approximated \$50,000. Bonds including Liberty issues were variable.

# Grain Review

CHICAGO—Corn prices took a decided upturn today influenced by rapid absorption of wheat supplies and by the smallness of stocks of corn. Forecast of unsettled weather tended also to stimulate bullish sentiment. Besides, week-end adjustment of trade was a handicap to the bears. Opening prices, which ranged from 3-4c off to

1-2c advance, with May \$1.58 3-4 to \$1.59 and July \$1.62 to 1.63 5-8, were followed by a material general advance. Oats sympathized with the strength of corn. After opening a shade to 31 1/2c higher, with July 67 5-8 to 67 3-4, the market continued to ascend. Provisions reflected the advances in grain. At first, however, the market was weak owing to absence of support. All deliveries reached the topmost prices yet this season. Closing quotations were: Recesses, Year 2 1/2c higher, with May \$1.61 and July \$1.55 1-4 to 1.55 1/2.

CHICAGO—Corn No. 3 yellow \$1.59 1-2@1.61; No. 4 yellow \$1.57-1.58 1-2; No. 5 yellow nominal.  
Oats No. 3 white 70 1-4@70 3-4; standard 70 3-4@71.  
Bye No. 2 \$1.72 1-2@1.73. Barley \$1.08@1.10. Timothy \$8.10-7.5. Clover nominal. Pork nominal. Lard \$31.31@27.50@28.50.

## Batteries? Only One for Me

If you saw batteries every day as I do you'd say the same, and your choice—like mine—would be Willard every time.

You'd know—as I do—that every Willard Battery is built to give full battery value for every penny that's paid for it—that every piece of insulation, every plate, every jar, is known to be right before it leaves the factory.

We keep a complete stock of Willard Batteries—and can supply a new one fully charged and ready for use on your car. If you need battery repairs, we'll furnish you with a rental battery, so that your car can be kept constantly in service.

## GEO. M. OGG

### Electrical Hospital

We test, repair and re-charge storage batteries, and always carry a full supply of battery parts, new batteries and rental batteries.

## SAY "NEWS" to the Newsboy just a time or two, then when you are sure that you like The News, become a regular subscriber.

We don't want you to have it unless you are honestly convinced that The News is the newspaper YOU want.

Get it from newsboy or news stand a few times—that's all we ask.

## Today's News Today

Means something—make us prove it to you. If you subscribe to The News for only one month you need not be afraid of receiving a single copy after your month is up unless you authorize us to continue to send it.

No subscriber to The Daily News has ever yet received more than one or two copies after the expiration of the term for which the paper was paid up.

This is business, isn't it?

It's also a distinct advantage for the subscriber.
