PRICE FIVE CENTS

WILSON REMAINS DETERMINED ON ITALIAN CLAIMS

President Declares Fiume Can Never Become Part of Another Country Since Conditions Are Changing Rapidly

CITY IS NATURAL OUTLET TO SEA AND SHOULD BE FREE

Executive Says With Fall of Austro-Hungarian Empire, World Affairs Demand Careful Handling

(By Associated Press) PARIS.—In a statement issued by President Wilson today explaining his position on the Adriatic question, he said that Fiume cannot become a part of Italy. The president points out that every condition concerning the Adriatic settlement has been changed since Italy entered the war upon the promise of the pact of London, the Austro-Hungarian empire having disappeared. He notes that new states have been created for which Fiume is the natural outlet to the sea. The president also contends that the strategic necessity pleaded in behalf of Italy's claim to the Dalmatian islands no longer prevails, as the Austrian naval menace has caused to exist.

Industrial Worker Denied Citizenship

(By Associated Press) FARGO, N. D.—George Henry Rappal, a Northern Pacific locomotive fireman, was today denied American citizenship by Judge A. T. Cole, of the district court when Rappal admitted that he was a member of the Industrial Workers of the World, "and similar organizations." Rappal came to Fargo several years ago from Minneapolis.

I. W. W. GETS BOND

LEAVENWORTH, Kan.—Vincent St. John, a member of the I. W. W. convicted in the federal court in Chicago last September of conspiring to obstruct the operation of the draft law and sentenced to ten years in the federal prison here, was released late yesterday following acceptance of a bond for \$10,000 by the Chicago court.

BOLSHEVIK TRY TO CUT RAILWAY

Allied Forces Are Holding Off Enemy With Field and Machine Guns

(By Associated Press) KRASNOYARSK, Siberia.—A large Bolshevik force is endeavoring to cut the Siberian railway line east of Krasnoyarsk and fighting is going on daily in the vicinity of Taldan and Yur. Thursday the enemy ambushed a force of 200 Russians and only eight of them returned to their base. The trails leading to the Bolshevik villages has been commanded by machine gun nests and the Russians have been unable to advance through the woods which are deep in snow. The railway line is held strongly by Serbians and Czechs with field guns. Because of the heavy weather and the deep snow it is probable that the Bolsheviks will not be subjugated until summer. Colonel Brook, adjutant of the Canadian forces in Siberia, is on his way to Vladivostok arranging for the withdrawal of Canadian details in the interior of Siberia. The only Canadian troops left at Omak are being sent to the coast.

COSSACKS BEGIN NEW OFFENSIVE

Acting in Conjunction With Siberian Forces, These Troops Start Another Move

(By Associated Press) LONDON.—Ural Cossack troops, apparently acting in conjunction with the Siberian forces of Admiral Kolchak, have begun an offensive in the region of Uralak, in northeastern Russia, south of Samara and have captured several villages west of Uralak. A Russian wireless official statement under date of April 22 admitting the progress of the Ural Cossacks, says that further north the Bolsheviks have carried out further retreats "owing to enemy pressure."

Labor Troubles Growing Worse at German Port

LONDON.—German laborers in the shipyards at Danzig where American food ships are being overhauled, are becoming so imbued with Bolshevism that the American navy probably will abandon any attempt to do the repair work there. Reports received in London say that the workers are getting entirely out of control. In one instance a foreman in charge of work on an American ship broke up a card game among the workers and ordered them back to their jobs. The workers threw the foreman overboard and continued the card game, leaving it to others to rescue the foreman from the water.

American Employee Is Subjected to Many Indignities

After Being Assaulted by Japanese Soldier, Worker Is Arrested by Authorities

(By Associated Press) PEKING.—I. W. Glas, an American employee of the British-American tobacco company, was today assaulted by a Japanese soldier at Fanchingchun, near Mukden, Manchuria, was arrested and detained at a Japanese police station, according to information reaching the American legation here. He was liberated after several hours, but was rearrested immediately and conducted to Japanese military headquarters where he was detained. Before being released the next day, Mr. Glas was summoned to appear before the Japanese military authorities. He disregarded the summons and left the railway zone. Pamphleting, where the incident occurred, is not within the Japanese sphere of the South Manchurian railway zone.

WEATHER DELAYS START

ST. JOHNS, N. F.—Fog, rain and opposing winds here today again delayed start in the proposed trans-Atlantic flight by Harry Avery, Australian pilot of the Sopwith biplane, and Captain Frederick P. Rayburn, his British rival, who is to guide the Martinique machine.

CITIZENS VOTE CONFIDENCE IN ADMINISTRATION

W. H. Eldridge Defeats J. A. Crom for Mayor by Two to One Vote and Balance of Council and Clerk Returned

Results of the Election in Twin Falls
1st Ward
MAYOR—Wm. H. Eldridge 538 402 1000
J. A. Crom 210 250 469
CLERK
W. A. Minkin 648 641 1289
Wm. B. McCracken 90 81 177
COUNCILMAN—First Ward
L. U. Brockenidge 303 267 1150
E. J. Ostrander 437 368 800
C. Fahrney 300 318 618
COUNCILMAN—Second Ward
C. B. Channell 469 409 872
St. Martin 320 250 1055
H. C. Keniston 321 288 609
Twin Falls citizens in the municipal election Tuesday gave a vote of approval and confidence to the present administration, electing a mayor William H. Eldridge, a member of the present council, and returning every other member of the council with the addition of Chester B. McMartin as councilman from the second ward to succeed Mr. Eldridge when he takes up the executive position. W. Minkin, who was re-elected by an overwhelming vote to succeed himself as city clerk. Out of a total registration of 2880, there were cast 1488 votes, the whole number of ballots cast falling short by 407 of the vote of 1896 cast for all candidates for mayor at the election two years ago. Confusion arising out of the carrying out of effect of new election laws is believed to be responsible for the smaller vote cast, many citizens who presented themselves at the polling places being denied the privilege of voting because they had failed to register if they had not participated in the election two years ago or had moved into another ward since that time. The full strength of the labor vote is said to have been demonstrated in the vote given H. C. Keniston, who was nominated by the Building Trades committee.

(Continued on page five)

SOLUTION LOOMING UP IN CONNECTION WITH THE ITALIAN SITUATION

Disposition to Recede to Some Extent From Original Position on Fiume and Dalmatian Coast Questions Is Apparent in Attitude of Delegates

BETTER FEELING APPARENT AMONG MEMBERS OF CONFERENCE AS A WHOLE

(By Associated Press) ALTHOUGH the peace conferees in Paris have passed along for future adjustment the Japanese problem, one of the two troublesome questions standing in the way of the final shaping of the peace treaty, the Italian difficulty, was still pressing for solution at today's meetings of the conference leaders.

SHIPPING BOARD DIVIDES OFFICES

Authorized Agents Placed at Ports of United States to Confer With Business Houses

(By Associated Press) WASHINGTON.—A decentralization plan of organization for the division of operations of the shipping board, effective May 1, was announced today. The shipping board's agents will be afforded the opportunity of dealing directly with authorized agents of the board at all important ports of the United States. Examination and approval of accounts to assure prompt payment of disbursements made by operators for the shipping board's agents will be included among the activities of the new agencies to be established.

Retain General Offices

General offices will be retained in Washington, with assistant directors for the shipping board in New York, San Francisco and Los Angeles. Honolulu. In the Pacific coast district there will be an assistant director at San Francisco and agents at Seattle, Portland, Los Angeles, Honolulu.

TRAGIC FINISH OF SOVIETS IS CAUSING ALARM

People Fear Socialists Are Losing Control to Bolshevik Leaders With Attending Horrors Close on Their Heels

(By Associated Press) BUDAPEST.—This city is going through a crisis worse than that of April 1917. There is apprehension that there will be a violent swing to anarchy with the socialists losing control to Bolshevik leaders like Bela Kun and chiefs of the Red Guard. Looting, which has been hitherto held in check by organized "nationalization of property," and assassination of the old political leaders and the aristocrats are feared.

Unsettling Incidents

Reports are current that the Rumanians and Czechs have received orders from the allies to march on Budapest. This is increasing the uneasiness. It is felt that the victors are higher up advancing merely to occupy the territories set aside for them by the allied vote of March 20.

METAL MINERS AGREE TO RETURN TO WORK

Compromise Is Arranged Whereby Strikers Decide to Go Back to Duties

(By Associated Press) LEADVILLE, Colo.—Following settlement of the metal miners' strike last night, when an agreement was reached under which the men will work for 84 a day, it was announced today that the Yak, Penrose, Garbatt and Ibea shafts will resume operations within a few days. It is probable, however, that these operations will be hampered by the forces on account lack of ore contracts.

DAHO WEATHER

Tonight and Thursday, probably showers; warmer tonight.

TRADE BALANCE OF AMERICA IS GROWING LARGE

Figures of Department of Commerce Show Huge Sum of Three Billions to Nation's Credit

CRUDE MATERIALS FOR USE IN MANUFACTURING NEED

Little Change Noticed in Imports Compared With Last Year—Total Amount Being About One Hundred Million

(By Associated Press) WASHINGTON.—The trade balance of the United States for the fiscal year will pass \$3,000,000,000 this month if the nation's commerce continues its rapid growth. At the end of March the favorable balance was \$2,729,000,000.

Shows Great Increase

Greatest increase in exports was in crude materials for use in manufacturing, European countries drawing heavily on this country for cotton, wool and other raw products to reestablish their economic life. The month's shipments were worth \$101,197,555 as compared with \$88,983,333 in March last year. Exports on manufactures have declined about \$22,000,000 due to the embargo of European countries.

Little Change in Imports

Little change has taken place in the country's imports as compared with the preceding year, the total increase for the month amounting to \$117,000,000. The increase in exports has been \$600,000,000.

Steamer Is Abandoned and Burned at Sea

(By Associated Press) PORTLAND, Me.—The Ferris type steamer Roy H. Beattie, built at Portsmouth, N. H., for Eastern Fishery Corporation was burned and abandoned at sea last Friday and Third Officer Lewis B. Huntley, of Portland, was drowned, according to a cable message received today by Huntley's wife. The message was sent from Bermuda where the rescued crew was landed by a whaling vessel.

AMERICAN BAR ASSOCIATION PROMOTES PLAN

Former Acting Judge Advocate Is Sponsor for Idea of Investigating System of Administering Military Justice

(By Associated Press) WASHINGTON.—The intervention of the American Bar association in the controversy over the administration of military justice during the war was directly due to the suggestion of Lieutenant General A. A. Judge Gregory, judge advocate general, Chairman S. S. Gregory, of the association's committee, formally stated today in denying a public report that the committee had been organized through the desire of the war department to forestall a congressional inquiry.

Amell Interfered

Judge Gregory made his statement at the opening of the committee's daily session before entering upon an examination of Col. Soderghy Rice, commander of the army disciplinary barracks at Fort Leavenworth, Kan. "The inspiration for the appointment of this committee and the intervention of the American Bar association is due to an officer named Amell, lieutenant colonel Amell," Judge Gregory said. He added that Colonel Amell had conferred in New York with President Page of the association where the proposal that a committee of the association make an independent inquiry into the matter of military justice first came up.

Officials Agree

Subsequently, President Page conferred with Major General Crowder, judge advocate general, and Secretary Baker, Judge Gregory continued, and both "expressed full concurrence with the plan of having such an investigation."

Secretary Baker at a later conference

with Judge Gregory, "declared his sympathy with the desire for an unbiased inquiry" and said he had an open mind on the questions involved. The plan of the investigation was continued at that all the association can do is to recommend legislation to the appropriate committees of congress. It would be infinitely improved and modified to meet the purpose of the association to do anything else or to take any action which might antagonize congressional committees.

WORLD NEWS EVENTS

(By Associated Press) AMSTERDAM.—The German peace plenipotentiaries, the Frankfort Zeitung says, have been instructed not to sign the treaty of peace unless it provides for the immediate and unconditional return of German prisoners of war.

PARIS.—The German delegates to the peace congress probably will leave Berlin on April 28 and will arrive in Versailles on May 1, according to a message from Berlin transmitted by the Zurich correspondent of L'Information.

SAN FRANCISCO.—Circulation throughout the state of referendum petitions against the national prohibition amendment and the Harris act to enforce the amendment was begun today, it was announced by the California Grape Protective association here.

DES MOINES.—Equaling its record in the last loan, Iowa claims the distinction of being the first state to exceed its quota in the Victory Liberty loan, according to a message today from C. H. McMiller, state director of sales, who is at federal reserve district headquarters in Chicago.

WASHINGTON.—Sailing of nine transports, the cruiser St. Louis and the battleship Nebraska, all loaded with returning troops and representing one of the largest single day's sailings since the armistice, was announced by the war department today. Nearly twenty-five thousand officers and men are on board the eleven ships.

Strikers, Unions and Labor Form Alliance

National Committee Decide to Call National Walkout Through New Organization

(By Associated Press) LIMERICK.—An alliance between the Limerick strike committee and the Irish trades union congress and labor party was arranged at a conference this morning and a statement has been issued declaring the strike now had become national. In the statement of Tom Johnson, treasurer of the labor congress, announcing that the strike had become national, he added that reports from other centers proved that Ireland was giving active support to Limerick.

UNIT READY FOR MUSTER

American Falls Boasts First Company to Enter Third Idaho

(Special to The News) BOISE, Idaho.—Adjutant General Wilson leaves this evening for American Falls where tomorrow afternoon evening he will muster into the service the first company of the third Idaho regiment. Sixty-five members of this unit have been enrolled.

CROWDS BATTLE WITH OFFICERS

Rioting of Serious Nature Is Taking Place in Many German Cities

(By Associated Press) BERLIN.—There have been serious disturbances at Hamburg during the week end. A mob plundered the harbor quarter and clashed with the police, several people being killed, and wounded.

A dispatch to the Vorwaerts says that there was a "regular battle" in the suburbs of St. Pauli, west of the city, on Saturday. A policeman was killed and several others were wounded, but the rioters suffered worse than the officers.

The rioting was renewed today, arms being distributed to the mobs in St. Pauli. Several police depots were attacked and one was captured by the mobs.

DAHO WEATHER

Tonight and Thursday, probably showers; warmer tonight.

SIBERIAN CITY IS CONTRASTED WITH OLD TOWN

Noted Writer Describes Omsk as "City of the Dead" While Today It Shows an Entirely Different Appearance

OMSK, Siberia—(Correspondence of Associated Press).—American readers of the great Russian novelist, Dostoevsky, who exiled for a political crime, spent four years at hard labor in the fortress-prison of Omsk would hardly recognize in the Omsk of today the terrible conditions which he depicted in his book, "Recollections of the House of the Dead." It was in 1849 that Dostoevsky began his term of exile and passed through the experiences which he so powerfully pictured later. The "House of the Dead" no longer exists at Omsk. It has passed to give room for the building of a more modern and more hopeful city.

Refugees Seek Shelter
It is difficult to realize how the present half million population of Omsk lives. The normal population is 100,000 but the constant influx of refugees from the centers of Bolshevism has swelled the number of inhabitants. To find a house or apartment in Omsk is to be thought of in the present-day Omsk, chosen as the capital of the provisional, All-Russian government. The most humble room not to be obtained without the intervention of friends or the help of the authorities who do not hesitate to requisition rooms in case of urgent need. The city is without decoration, except for a few sections and the streets at night are in obscurity. For that reason few persons go out after eight or nine o'clock because of the possible danger of robbery or worse. Public safety has, however, greatly improved in the past two months.

Exquisite Fine Appearance
Omsk in its main thoroughfare has many finely appointed office buildings and some modern apartment houses. The residential section consists of low-built houses of wood or brick. There are several fine views due to the presence of many domed churches and the long expanses of space afforded by the rivers Irtysh and Om, which make up the very heart of the city. At forty below zero, few women are seen in the streets, but the advent of a day when the mercury rises nearer zero brings out a large number of ladies who look very attractive in their great coats of varied colored furs and their overshoes always prettily bordered with mink or hare. The Siberian hare's fur is utilized in the fashioning of warm and attractive hats with long streamers covering the ears and tying under the chin. Here one so plentifully find these hats with the financial reach of almost everybody.

Is Great Church Nation
It is the orthodox cathedral, dedicated by the late Emperor Nicholas in 1891, which looms up, vast and imposing, as the dominating structure of the capital. On one side is the former residence of the civil governor of Omsk, now used by the foreign office, and on the opposite side of the square is the imposing Ministry of Justice, as yet uncompleted. The cathedral, which is called the Church of the Ascension of the Saviour, is a vast edifice capable of holding 1,600 persons. During the Saturday night and Sunday morning services, the brilliant and glittering auditorium is crowded with people, all standing in accordance with Russian custom. The cathedral has a great dome surrounded by several towers and has on one side a high tower of finely sculptured stone surmounted by a spire.

Builds Fortress There
In 1774, Peter the First sent a commission to the Omsk region to erect a small fortress on the bank of the river Om, from which the city later took its name. In 1785 began the construction of a new and more solid fortress. It was in the form of a polygon with five bastions. Beside it was erected later the wooden prison, surrounded by a high palisade, which served to imprison Russian political evildoers, and in which Dostoevsky spent his four years for having been in the "catcher riots." This was the "Dead House" which he later described to the world in protest of the horrors of Siberian banishment.

MEMORIAL PLANNED

(By Associated Press)
WASHINGTON.—To perpetuate the honor and memory of their fellow workers who have made the supreme sacrifice in the great war, the employees of the United States department of agriculture are planning to erect a memorial—probably a stone drinking fountain—in the department grounds in Washington, D. C. A bronze tablet bearing the names of the fallen is to be placed on the memorial.
The plan has been approved by Secretary Houston, and informally by the fine arts commission of the District of Columbia. Congress will be asked to authorize the erection of the memorial in the department grounds.
Funds for its erection are being provided by popular subscription among the more than 50,000 employees of the department.

FIGURE EIGHT PROVES DISASTROUS TO KINGS

Members of Hohenzollern Family Have Played Various Roles

(By Associated Press)
BERLIN.—A student's history has discovered that the figure eight has played a dramatic role in the lives of the Hohenzollerns. Two German emperors died in 1888. Two attempts were made on the emperor's life in 1918, and Frederick William Fourth's mental disease compelled him to make way for a regency in 1898.
The year 1848 brought revolutions and a terrible humiliation for the king. Frederick the Great suffered his severest defeat in 1763 at Hochkirch. The Thirty Years' war began in 1618, and brought unspeakable misery to the lands of the Hohenzollerns. The Great Elector died in 1688. Elector Johann Sigismund in 1608 and Elector Johann George in 1698. The crowning disaster to the Hohenzollerns came in 1918.

FAMOUS ENGINEERS ARE AMONG LATE ARRIVALS

Men Who Helped Stem Tide of German Advance at Cambrai Reach Home

(By Associated Press)
NEW YORK.—Some of the famous Eleventh engineers who used their picks and shovels as weapons in helping to stem the German advance near Cambrai, returned home today. Seven officers and 205 men, comprising Eleventh's field and staff, and companies D and C were among the 1,829 troops arriving on the steamship Santa Rosa from Liverpool. The remaining detachment, arrived on the steamship Duca D'Abuzzi from Marsailles. The vessel brought altogether 1,175 troops, among them being twenty-nine California casals.

GIRL WAR VETERAN ARRIVES HOME FROM BATTLE FIELDS

Young Woman of Utah Reaches United States Wearing a French Honor Cross

(By Associated Press)
NEW YORK.—Miss Maud Fitch, of Eureka, Utah, wearing the ribbon of the French war cross on her American uniform in the company of one of many American war workers arriving here today on the steamship Adriatic from Liverpool. Miss Fitch served 14 months in the ambulance service, part of the time under fire. She explained to tell how she obtained her decoration.
Miss Hazel Archibald of Seattle, Wash., declared the signing of the armistice saved the life of her brother, Norman, an aviator, who had been captured by the Germans and condemned to die on the gallows. She was decorated by the French government. Miss Archibald was engaged in Y. M. C. A. work.

FAMOUS CASE REACHES FIRST STAGE SETTLEMENT

Mrs. Kate C. Bedal Wins First Point in Legal Battle Over Big Estate.

(Special to The News)
BOISE.—The initial victory in the fight for the \$400,000 estate of O. P. Johnson has been won by Mrs. Kate C. Bedal, a resident of Ten Mile creek, his adopted daughter. Judge Ensign of the Fourth judicial district court has handed down a decision wherein he holds she is the rightful heir instead of the widow of O. P. Johnson, now a resident of California. The case is one that attracted unusual attention due to the prominence of the deceased. His estate is worth more than the \$400,000 and his widow is enjoying the revenue from part of it.
Mrs. Bedal was married to her marriage, Kate C. Anderson. When an infant less than a year old, her mother died and the Johnsons adopted her after the father gave his consent on consideration the Johnsons made her their heir. She took the name of Johnson and was raised by Mr. and Mrs. Johnson. Mrs. Johnson died and he married twice thereafter. His last wife refused to recognize Mrs. Bedal as the heir. After the sale of ranch property valued at \$20,000, suit was instituted to secure Mrs. Bedal's share and it was this case that was decided by Judge Ensign who held that the last Mrs. Johnson must account to the plaintiff for funds derived from the sale of the ranch located at Hagerman. He awards Mrs. Bedal all of the Johnson estate except the community property acquired since his last marriage.

Establishes Direct Steamship Service

(By Associated Press)
NEW ORLEANS.—Direct steamship service between New Orleans and the west coast of South America through the Panama canal will be established about May 1 by the New Orleans and South America Steamship company, according to an announcement today by the foreign trade bureau of the association of commerce.

The cost of living will decrease gradually, as prices in various commodities turn. But the standard of living must not be reduced. Study your buying.

ITALY REMAINS OBSCURE OVER CLAIM TO FIUME

Paris Paper Gives Facts of Contention Concerning Proposal of Southern Ally to Acquire Territory

(By Associated Press)
PARIS.—The facts of the deadlock over the Italian claims in the Adriatic, according to the Petit Parisien, are as follows:
President Wilson proposed that Fiume, which is not mentioned in the treaty of London, should be a free city, but attached to the Jugo Slav customs system and further that the London treaty should be subjected to a total revision.
Italy Refuses
Italy refused to accept this proposal, whereupon President Wilson withdrew.

leaving Italy alone with the representatives of the other signatories of the treaty. During the meetings of the representative of the signatories, both President Orlando and Foreign Minister Sonnino were most conciliatory, Orlando especially having asked repeatedly on what condition France and Great Britain would consent to give Fiume to Italy. Baron Sonnino said he was ready to discuss a revision of the London treaty.
World Reopen Discussion
However, President Wilson, who, while he was not present at the meetings, kept in touch with them then wanted to reopen the question of the treaty of London, but without joining the revision to the fate of Fiume. The president has receded from his first proposal to make Fiume a free city and is inclined to give it absolutely to the Jugo-Slavs.
As to Premiers Clemenceau and Lloyd George, they are understood to be ready to adhere purely and simply to the treaty of London, at the same time seeking means of conciliation.
HOOPER REACHES BERLIN
BERLIN.—Herbert Hoover, chairman of the inter-allied food commission, arrived here today in company with a large staff.

AMBASSADOR OF UNITED STATES GREETED FRANCE

Hugh Wallace Presents Credentials to President Poincare and Tells of Friendship Between the Two Nations

(By Associated Press)
PARIS.—Hugh O. Wallace, American ambassador to France, in presenting his credentials to President Poincare today, said that in addition to conferring peace upon the world, it was necessary to unite the people in support of it. Mr. Wallace said:
Considers It an Honor
"Mr. President: I have the honor to present to your excellency the letters which accredit me as ambassador extraordinary and plenipotentiary of the United States to the French republic. I am indeed honored, for I come

AT THE END OF THE WORLD WAR TO SALUTE VICTORIOUS FRANCE IN THE NAME OF THE AMERICAN PEOPLE. IN THAT STRUGGLE, FREEDOM AND AMERICANS FOUGHT SIDE BY SIDE UNTIL THE FINAL VICTORY WAS WON ON FRENCH SOIL, UNDER FRENCH COMMAND; AND PARIS, FOR A TIME THE CAPITAL OF THE WORLD, NOW IS WITNESSING THE CREATION OF THE TEMPLE OF PEACE.

"We hope to dedicate that temple in the name of the league of nations, and make it its home; for the great war which was fought in the defense of civilization should be the last conflict of mankind. When victory came it was complete and the peace which is to follow should be enduring. It now is the task of the allied nations to confer that peace upon humanity, but first to unite the world in support of it. At that labor, and the great task of reconstruction, France and America, one in aim and principle, are working with united energy.
Opportunity Is Great
"I am fortunate, Mr. President, to come to you at such a time, for my opportunity is great. Great also is my responsibility, but my task itself should be easy. The deeds we have done and are yet to do together need no interpretation. Words fall from our lips in different accents but as friends and allies, in war and peace, we speak the common language of the heart."

ITALIANS SHOW DETERMINATION ABOUT DEMANDS

Delegates Intimate Their Intention to Withdraw From Conference if Claims Are Not Granted Them

(By Associated Press)
PARIS.—The Italian delegation to the peace conference reasserted today its determination to stand firm on the question of Fiume, indicating that unless the council changed its position, the delegation would not return to the conference.
An early settlement of the difficulty

is consequently thought to be improbable, especially as President Wilson is understood to be equally as firm as the Italian representatives.

With Premier Orlando still absent, Premier Clemenceau and Lloyd George and President Wilson resumed this morning the consideration of questions concerning China and Japan.

ARMY ORDERS CHANGE CAMP COMMANDERS

(By Associated Press)
WASHINGTON.—Army orders published today announced the detail of Major General William H. Johnston to command Camp Lewis, Wash., and Major General Wm. M. Wright to command Camp Dodge, Iowa, relieving Charles C. Ballou, who is to return to his permanent rank of colonel on May 15.
Brig. Gen. Ira A. Haynes was assigned to command the North Pacific coast artillery district with headquarters at Seattle.

WAR HISTORIES ARE COMPILED

Units of Various States and Counties Are to Have Record of Their Works

(By Associated Press)
SALEM, Ore.—War histories, not only of the more than 31,000 men who represent Oregon in the military service, but of the other thousands who helped put the state over the top in campaigns and drives, who preached sermons or made four minute talks and who wrote war books, songs or plays, rapidly is being gathered by State Historian Cornelia Marvin at the state library here. The library and the council of defense are collaborating in the work.

A complete military history of only one Oregon unit the 147th Field Artillery, has been filled with the state historian, but those of other units are being prepared by their officers and in some cases will be published by the organizations themselves.

Names County Historians
County war historians have been named throughout Oregon by Miss Marvin who wrote to them recently as follows:

"We need your cooperation in furnishing records, clippings, data and in developing plans for the work. Many states are doing this work on an elaborate scale and we have profited by the plans of California, Ohio and New Hampshire. Even though the war is over, the records must not perish. The history of Oregon's war service must be written from full and authentic records of great importance. This patriotic record is not confined to military or official service, but should cover every person, organization and activity in the country which has given time, thought, money or life to war work."

GIVE THE BEST.

If there was a better news service than the Associated Press the Twin Falls Daily News would have it.

If the Associated Press were not the leading news service of the world, hundreds of the country's greatest newspapers would give it up in favor of that which was better.

The Daily News uses Associated Press wire service because it is the leading news service. The expense to the News is very much greater than it would be with any other service installed, but the thought back of the action of The News in obtaining membership in this great news gathering organization was primarily that Twin Falls people demand the best in any line, and are entitled to it.

No other afternoon daily in Idaho uses the leased wire day report of the Associated Press, although one or two weekly Associated Press bulletins. No afternoon daily newspaper in the West offers more to its readers in the way of current press dispatches than does The Twin Falls News. And no town anywhere is better entitled to this class of service.

The sure conviction that Associated Press service in The News would be appreciated by its many readers has not proven ill-founded. And the lesson exemplified in the experience of The News may be profitably applied to every line of business. Give the best there is; give a little more rather than a little less than might be reasonably expected; but give the best.

DECLARES DEMOCRACY MUST WIN IN RUSSIA

Prominent Official Says Bolshevism is Destroying Foundations of Authority

(By Associated Press) OMSK, Siberia—Admiral Kolchak, head of the all-Russian government, speaking recently in Ekaterinburg before a conference of members of the duma, zemstvo and other organizations, reiterated his belief in democracy for Russia, declaring it to be the only admissible form of future government.

Bolshevism, he said, is destroying the very foundation of authority in the country and means a desperate struggle for a long time. At present, he pointed out, conditions sometimes force the government to employ means which do not correspond with principles of democracy, but he assured his hearers that such measures were temporary and that steps were being taken to insure undisturbed success in the future.

"The government endeavors to maintain and strengthen friendly relations with all nations," said the dictator, "Russia was alarmed by the invitation to send her delegates to Prince's islands to negotiate with Bolshevism. Now the question is not the restoration of western Europe now see the truth and blame the Bolsheviki, calling them murderers and terrorists, as did Lloyd George.

"The government is inspired with the ideal of restoring the motherland. It is not called upon to settle all fundamental questions. The Russian people is master of its fate and destined from the yoke of Bolshevism it will, through its representatives in a national assembly express its will in regard to its form of government and its social structure. Then the present government will transfer its power to such an authorized government.

FEARS PRICE IS FAR TOO SMALL

French Official Outlines Extent of German Depredations in Belgium

(By Associated Press) PARIS.—"I am afraid the peace conference is going to let the Boches off too easily," said Prof. Louis Dubois, deputy for the department of the Seine to the Associated Press. Professor Dubois has made a special study of the economic situation in northern France produced by the destructive ingenuity of the Germans. He has submitted to the chamber of deputies a detailed report of his findings.

"We the Germans to be 'grapped!' he asked. "With their industries unimpaired they will have seized the markets long before we are ready to compete with them. If only President Wilson would come and see with his own eyes what utter ruin and destruction they have brought upon our unhappy land.

"One has to see the destruction with one's own eyes," he went on. "Much has been cleaned up already. With devilish ingenuity the Germans made a specialty of destroying the essential things. They had a map of the specially devised to destroy railway points, General Cassouin, who commands the northern section, told me that it will take two years before the railway system is in proper working order again.

"Transportation is interlocked with one's own eyes," he went on. "Much has been cleaned up already. With devilish ingenuity the Germans made a specialty of destroying the essential things. They had a map of the specially devised to destroy railway points, General Cassouin, who commands the northern section, told me that it will take two years before the railway system is in proper working order again.

"If you can save something, through reading the ads, one-half of the thing you purchase—what a tidy total of 'earned income' this would represent in the course of a year.

ORGANIZATION STARTS MOVE FOR BUILDING

Boys' Club Founded Long Ago Prepares for Perpetuation of Its Ideals Aside From Manhood of Its Members

(By Associated Press) SAN FRANCISCO.—The Columbia Park Boy's Club of San Francisco, an interdenominational organization which became internationally known a few years ago when, with its band, its young members made a tour of the world, has started a movement looking to its perpetuation.

Organized in 1895 along lines similar in many respects to the Boy Scouts, the Columbia Park Boy's Club boasts a roster of over 700 'graduates,' many of whom are today holding responsible positions in all lines of commercial, political, religious and professional activity. Over five hundred of its 'old boys' served their country in the great war.

The Law of the Columbia Park Boy is: "A Columbia Park Boy, I am day by day, building the snows of my body so that I can face life with a man's full power.

"Clean minded, loving my home, loyal to my fellow, trusting my God, I pledge anew my faith.

"Old Glory, thou art mine and I am thine. When thou takest me thou wilt find me ready, worthy to carry on thy mission to the end."

The band of the organization, one of the largest in the west, is composed entirely of youngsters. It has entered into many band competitions and has shown a fine record of trophies as evidence of its capabilities.

Governors of commonwealths and mayors of cities vied with one another in welcoming the young travelers during their world girdling, and one of the features of the club house is the trophy room in which is displayed the flags of foreign nations presented to the boys as souvenirs of their visits in various cities.

The club is described as "a work dedicated to each boy the joy of life by bringing their individual faculties. Based on the philosophy that if you make the life of others and your own joy there will arise a race of men with love in their hearts and a deep regard for their fellows.

To 'finance' a 'To Let' advertising campaign you need only act aside—for perhaps a few days—a part of your pocket money.

5-Room Modern House

BARGAIN!
Well built 4-room house on 3rd Ave. East. This house is very conveniently arranged, is well located, close to school and also to the business district, and is one of the best buys we have had lately.

GREAT DRYDOCK TO BE FINISHED BY NEXT JUNE

Elaborate Celebration Planned Upon Completion of Big Naval Works Being Built at Pearl Island

(By Associated Press) HONOLULU, T. H.—The result of ten years of work and an investment of \$1,500,000, the great drydock at the Pearl Harbor naval station is nearing completion. It is expected the huge concrete basin will be formally dedicated next June and it is considered probable that the Pacific fleet will come here for the celebration.

Built in a basin dredged in coral, the big concrete and granite drydock is 1029 feet long and 100 feet wide on the floor, with walls of 35 feet. It is estimated that the walls and floor contain 150,000 cubic yards of concrete. The first dredging for the containing basin was started in September, 1909, and the concrete was built in 1913. Long piles had been depended upon, however, to reinforce the floor of the drydock and when the coffee can was pushed against the concrete structure, making it a complete wreck and destroying in a few moments the work of four years.

Great electrically driven pumps, four 54-inch diameter, have been installed. They will empty the drydock in two hours. Intake pipes will fill the basin in the same time, permitting of quick work in docking warships. The concrete walls are reinforced with cranes, around the drydock.

MEXICAN TROOP TRAINS ARE OF QUANT SORT

Horses Are Given Preference Over Men Who Ride on Top or Underneath Cars

(By Associated Press) GUARANA, MEXICO.—Soldiers in Franco who rode in stock cars marked for 30 men or 15 horses had the best of it compared to the Mexican federal soldiers who traveled on troop trains in campaign. Cavalry officers showed the preference over the soldiers who were forced to ride on top of the stock cars which their families huddled under crudely improvised roofs made of scraps of canvas or pieces of tin. The usual way of loading troop trains is to put the horses in the cars, the soldiers riding on the roof and the baggage and equipment under the car strapped to the brace rods. Women and children even ride under the cars on these brace rods.

The makeup of a Mexican troop train is: locomotive, tender, armored cars with machine guns, stock cars with soldiers, flat cars with a steel truss containing an evolving mountain gun, caisson for the use of the train crew, private cars for the commanding general and the private car of the commanding general at the rear end.

SAYS GERMANS ROBBED RED CROSS PACKAGES

Definite Charges Filed Against Those in Charge of Hun Prison Camps

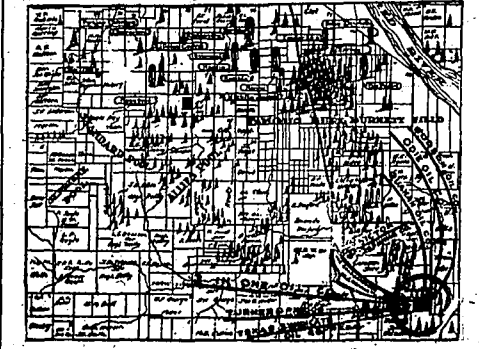

(By Associated Press) SYDNEY, Australia.—Charges that Germans who handled Red Cross parcels for Australian soldiers in German prison camps robbed the prisoners of their parcels, and that the parcels were taken to a prison camp in the Harz mountains.

"The officer in charge of the camp was of the opinion," said Captain Donaldson, "that he would like to make a statement of robbing us of our Red Cross parcels. About 40 per cent of them were stolen before the armistice and about 80 per cent since its signing.

"The officer in charge of the camp was of the opinion," said Captain Donaldson, "that he would like to make a statement of robbing us of our Red Cross parcels. About 40 per cent of them were stolen before the armistice and about 80 per cent since its signing.

INFANTRY OFFICER IS GIVEN REAL SURPRISE
Willing to Take a Chance But Balks When Real Meaning Becomes Apparent

ARRANGEMENTS NOW BEING MADE WITH DRILLERS TO MOVE ONTO OUR LEASE—OUR ACREAGE JOINS PRODUCTION—OUR LEASE IS PAID FOR—WE HAVE NO DEBTS

\$450,000.00 CAPITAL TEN CENTS PER SHARE

A FEW MORE SUBSCRIPTIONS AND WE WILL HAVE RAISED SUFFICIENT MONEY TO START THE DRILL DOWN TOWARD THE OIL ON OUR 20-acre lease in the heart of the Burkburnett field. This lease is located on the great RICE DOME, AND HAS ENHANCED IN VALUE AT LEAST FOUR HUNDRED PER CENT, since its purchase by the Golden Goose Company some weeks ago. Your money works with ours, to drill these wells. Your help with our ability and money will undoubtedly bring big and quick returns. We are among the last of the low capitalization companies. Investors who get in on this will do so during the next few days. Over two and one-half MILLION DOLLARS already paid in Dividends at Burkburnett. Fifty Companies now in the dividend class. Companies with one-half acre lease now being formed and have been organized for one hundred thousand dollars and even more or less. Two wells with production of only 1500 Barrels daily each based on par will give our investors an estimated daily income of \$16.00 on only a hundred dollar investment of \$15.00 per month on a ten dollar investment. We are conservative in our estimate and refer you to the HUMBLE WELL which was reported flowing 2400 barrels daily. This well paid for itself every three to five days, and the company disposed of half of their holdings for Twenty Million Dollars. We have drilling locations for ten deep wells and forty shallow wells.

Thousands of Investors Made Rich by Burkburnett Oil—Did You Get Your Share? Buy Now While You Have a Chance

We are operating in what is known as one of the greatest Oil Pools of the times. Who ever heard of an oil field where the flush production was and is as high as 2500 Barrels daily, from a depth of 1700 feet. Territory of this kind is very scarce. This is possible and reasonable. Geologists and experienced oil men predict that at least five or six acres exist. When our acreage is thoroughly developed and we are taking oil from all five acres we estimate that the production should be between ten and fifteen thousand barrels daily. This is possible and reasonable. Fifteen thousand barrels daily of oil would mean an income of thirty-six thousand dollars per day, or four-fifths of our entire capitalization. One hundred dollars invested at par, would then pay back monthly its dividends \$24.00. This sounds big; but look for just a minute at what Burkburnett Oil Company has done. Floyd's Oil Company announce 400 per cent dividend to be paid in 21 days. Fowler stock originally sold for one hundred per share. Recent deal, property sold \$15,000 per share, or 150 for one. Fifty Companies divide their earnings aloud. Lease in block fifty-eight per cent for \$250,000 for only ten acres, or \$50,000 per acre—All Burkburnett.

Everything being equal our lease should be worth \$500,000.00, or a half a million dollars based on the price that was reported paid for 10 acres in block No. 53 when the now drilling deep test wells came in.

Our Neighbors Already Paying Dividends Now!

Black-Burnett Oil Company on the north is now taking oil from the first sand and are paying monthly dividends, on \$150,000 capitalization, or more than three times what we are capitalizing for Quench Oil Company, which joins us immediately on the north, is also a dividend payer from oil taken from the second sand. Their capital is one hundred thousand, or double ours. Bear in mind, we are among the last of the low capitalization companies, only forty-five thousand dollars. Our lease of two acres cost us only three hundred and fifty dollars per acre, whereas within a mile of us have sold as high as \$2,500.00 per acre, or seven times that paid for ours. We ask this question: Is our lease worth our entire capitalization? Is the chance to get oil and the profits from our proposed refinery worth a small gamble by you?

Low Capital—Quick Returns—Big Dividends—Reason—?

Honest and thoroughly experienced oil men directing the management of The Golden Goose Oil & Refining Company. And the fact that our 20 acres today is surrounded with oil. Be sure to get the coupon. Fill it out for your interest for as much of this stock as you can afford to buy. Send it in today.

Golden Goose Oil & Refining Company, 501 1/2 South Main Street, Fort Worth, Texas.

I am buying these shares with the understanding that they are fully paid and non-assessable, and that I assume no liability whatsoever and that I will not be assessed at any time for the same. And I am to be given my share of the dividends coming from the oil wells at the next dividend paying date; and that when the company's oil refinery (according to our advertised plans) has been completed and is running, I shall also be given my share of the profits in the form of dividends from that, in addition to the earnings from the oil wells. Certificates and profits are given to shares purchased by me to be sent to my address as soon as money is received. Herewith find my check for _____ shares.

ALBERTA LANDS 530,000 Dry and Irrigable Acres

Lands are located in Southern Alberta and are among the best in that famous district, 200,000 acres will be under irrigation, the balance is being sold for grain growing. The lands are being put on the market for the first time and the company is looking for bona fide settlers. All lands within a radius of ten miles or less to shipping point. Dry lands are being sold at \$15 to \$30 per acre—irrigable lands \$45 to \$60 per acre. This includes water right—operation and maintenance charge \$1.50 per acre per year—any payments and low interest. Alfalfa, grain, field peas, potatoes and root crops can be successfully grown. Write direct to the company for full particulars and pamphlets. Canada Land & Irrigation Company, Ltd. Land Department MEDICINE HAT, ALBERTA, CANADA.

MEMORIALS ARE AN INTERESTING TOPIC AT MEET

Twentieth Century Club Members With Guests at Annual Breakfast Sore Social Success

One of the most interesting topics at the annual breakfast of the Twentieth Century club served at 1 o'clock Tuesday afternoon in the club parlors was the reading of several memorial resolutions of the federation of rural clubs was that of Mrs. Amy Morehouse responding to "The Women who will contribute to the work of the club" in which she pointed out the ambition of the club to honor with memorial donations to the scholarship fund the memory of service men of the community who made the supreme sacrifice.

Mrs. Alice Jean Swelley, president of the state federation of women's clubs, acted as toastmaster and her toast was given as follows: "To the women who achieved victory over substitutes," Mrs. Rose Nixon; "To the Marthas who serve," Mrs. Margaret Cox; "To the boys who came home," Mrs. Harri Gilbert; "To the musicians whose music charms away our cares," Mrs. Elizabeth Edwards; "To the women who carry on the work of the club," Mrs. Amy Morehouse; "To the women who stood in the home trenches," Mrs. Alice Wolfe; "To the women who make our club a strong factor in civic work," Mrs. Lillie Baker.

Mrs. Mary V. Norton pronounced the invocation and following the toasts, Mrs. Elizabeth Humphries delivered a welcome to the new officers to which response was made by Mrs. Elsie Becker, the incoming president. Mrs. Augusta Packard read the honor roll in memoriam.

The speaking program was interspersed with musical numbers. Mrs. E. B. Boll giving a vocal solo.

The club's colors, green and white, were effectively used in the color scheme, a great bowl of green ferns standing as the centerpiece on a round table, with baskets of white carnations on each side table, and light being shed from green shaded candles. The program menus for the four course luncheon were in green and white.

Referring to the memorial plan adopted by the club, Mrs. Morehouse said: "At the last meeting the club adopted two memorials to be followed by others. These two memorials are dedicated to the two boys who had given their lives, whose memories are affectionately linked with this club. One is the son of S. Young memorial whose mother is a cherished member of this club and the other is the memorial of the young man whose name is a beloved member. Our treasury contained enough money for these memorials and from time to time others will be added until every golden name has been honored. These memorials are to be dedicated forever to the soldier who has made the supreme sacrifice, but are to be used in helping returned soldiers to finish their work at the University of Idaho."

Social Notes

The Elks entertained at informal dancing party on Tuesday evening. This and the center dance was a very jolly affair.

Miss Vova Amos entertained the ladies at the home for a few friends. The afternoon was spent in sewing. The hostess served a dainty lunch at the close of the party. The invited guests were Mesdames David Girder, Merle Batley, L. Rasmussen, F. Murray, J. Logsdun, John Green, E. Shoberger and Smith, Misses Lealey Williams, Gladys Dwight and Byrd Wall.

A jolly picnic party was enjoyed on Easter at Blue Lakes by a crowd of 21 one young people. The members of the party were Misses Irma Johnston, Edna Johnston, H. W. Platt, vice president and general manager and R. B. Robinson, chief engineer of the same road, reached Twin Falls today and after a brief stop left for Rogerson.

St. Louis Convention of World War Veterans' Association to Be Largely a Get-together Meeting.

(Special to The News)

BOISE—It has developed as an outgrowth of the meeting held here for the state committee appointed by Governor Davis at the request of Theodore Roosevelt Jr., temporary chairman of the World War Veterans' association, that the St. Louis convention to be held May 8 is to take the form of a big national caucus and that the permanent convention will not be held until November. It is also made known that the entire movement is non-political and that the permanent organization has for one of its objects the combatting enemies within.

"This is one of the biggest movements in our nation's history," said Major C. M. Booth of Pocatello, secretary of Twin Falls. "This non-political organization will interest itself in national ideals, to the end that the coming generation of our people will inherit the American standard for a definite principle of everyday life."

List of Delegates

The delegates named from Idaho to the St. Louis caucus include all members of the state committee except one. It was found to be inadvisable to call a state convention. They are: F. A. Beer, Caldwell; Taylor Cummins, Idaho Falls; Moscow; Thomas A. Feeney, Lewiston; Paul Davis, Boise; Frank Eschbrook, Nampa; John S. Green, Twin Falls; C. M. Booth, Pocatello; Paul E. Peterson, Idaho Falls. The alternate are: C. M. Maloney Wallace; E. C. Boon, Moscow; L. L. Robertson, Nezperce; Mark Shields, Boise; James Boon, Caldwell; Taylor Cummins, Twin Falls; LaVern Collier, Pocatello; W. A. Mathys, St. Anthony.

We are again making stockfood. The Twin Falls Flour Mills.—Adv.

FIRST SESSION TO TAKE FORM OF BIG CAUCUS

Regional Director of United States Railways and Party Make Brief Visit Here

A special train carrying Hale Holden, regional director of United States railroads, E. R. Calvin, president of the Oregon Short Line, H. V. Platt, vice president and general manager and R. B. Robinson, chief engineer of the same road, reached Twin Falls today and after a brief stop left for Rogerson.

The visit is one of inspection by the officials. A healthy demand for Twin Falls apples greeted the local Short Line officials upon the arrival of the train and a box or two of the best to be had were put aboard before the special pulled out.

Local Brevities

Seriously Ill—Mrs. C. Wiley of Rogerson is seriously ill in a local hospital.

Go to Coast—C. A. Robinson left on Tuesday evening for Berkeley, Cal., where he will visit his wife and children for three weeks.

Takes Position Here—John Lawlor of Boise has recently accepted a position in the local Union Pacific freight office.

On Sad Mission—Mrs. Arthur Seaver left this morning for Newport, Vt., where the body of her mother, Mrs. Amelia Smith, will be taken for interment.

Here to Make Home—Mr. and Mrs. A. E. Anderson arrived here the first of the week from Illinois with the expectation of making their home in Twin Falls.

Returns to Nebraska—Mrs. Ed H. Reeves who has been nursing at the home of Walter Greig for the past four weeks, returned to her home in Byron, Neb., on Tuesday evening.

Back from Wood River—O. E. Carlson, Fred C. Sporer and Corey Spencer returned Tuesday from the Wood River county where they spent several days on a business and pleasure trip.

Masons to Entertain—Invitations have been issued by a committee for the Twin Falls lodge A. F. and A. M. to a reception to be given on Friday evening next to all Master Masons and their ladies.

Leaves Son Improving—J. D. Mit, who son has been seriously ill in the hospital here for the past five weeks, was able to return to his home in Council last night, leaving the boy much improved.

Back from Capital—Miss May Hubbert, formerly stenographer in the office of Attorney W. F. Guthrie, who has been for several months past in the government employ in Washington, D. C., has returned to Twin Falls.

Insurance Agents Meet—E. V. Shipley, S. McCullough of Central City, Neb., and A. C. McCullough of Yokohama, Japan, motored to Pocatello to attend a meeting of Central Insurance agents of which Mr. Shipley is state manager.

Returning to Sweden—Andy A. Mattson of Twin Falls, Monday applied at the office of the clerk of the district court here for passports to the quest of his sailing on May 25 from New York for his former home in Sweden, which he has not visited since coming to the United States eight years ago.

Pays Fine for Battery—Bert Van Eaton of Rock Creek, pleaded guilty when assigned Tuesday afternoon before Judge O. P. Duvall in probate court here on a charge of committing battery on Sunday last on Robert Gray, also of Rock Creek. He was sentenced to pay a fine of \$5 and costs amounting in all to \$15.40.

Leaves for Coast—Charles J. Crosby, founder of the Crosby undertaking establishment and former cooper, with his mother, Mrs. Emma M. Crosby, and uncle and aunt, Mrs. C. H. Vance, left here this morning travelling overland by way of Salt Lake and the southern route to Los Angeles, where they expect to make their home in the future.

WITNESSES OFFICIALS ASK FOR TWIN FALLS APPLES

Regional Director of United States Railways and Party Make Brief Visit Here

A special train carrying Hale Holden, regional director of United States railroads, E. R. Calvin, president of the Oregon Short Line, H. V. Platt, vice president and general manager and R. B. Robinson, chief engineer of the same road, reached Twin Falls today and after a brief stop left for Rogerson.

The visit is one of inspection by the officials. A healthy demand for Twin Falls apples greeted the local Short Line officials upon the arrival of the train and a box or two of the best to be had were put aboard before the special pulled out.

Local Brevities

Seriously Ill—Mrs. C. Wiley of Rogerson is seriously ill in a local hospital.

Go to Coast—C. A. Robinson left on Tuesday evening for Berkeley, Cal., where he will visit his wife and children for three weeks.

Takes Position Here—John Lawlor of Boise has recently accepted a position in the local Union Pacific freight office.

On Sad Mission—Mrs. Arthur Seaver left this morning for Newport, Vt., where the body of her mother, Mrs. Amelia Smith, will be taken for interment.

Here to Make Home—Mr. and Mrs. A. E. Anderson arrived here the first of the week from Illinois with the expectation of making their home in Twin Falls.

Returns to Nebraska—Mrs. Ed H. Reeves who has been nursing at the home of Walter Greig for the past four weeks, returned to her home in Byron, Neb., on Tuesday evening.

Back from Wood River—O. E. Carlson, Fred C. Sporer and Corey Spencer returned Tuesday from the Wood River county where they spent several days on a business and pleasure trip.

Masons to Entertain—Invitations have been issued by a committee for the Twin Falls lodge A. F. and A. M. to a reception to be given on Friday evening next to all Master Masons and their ladies.

MURTAUGH

(Special to The News)

MURTAUGH—Misses Desale Jones and Zina Pickell entertained the W. A. E. Sunday school class at the home of L. W. Rawlings Wednesday evening. After a business meeting the evening was spent in playing games. Dainty refreshments consisting of ice cream cake and punch was served. Those present were Ora and Emma Silvers, Hazel Russell, Blanche Worrell, Ethel Williams, Mr. and Mrs. C. V. Trues, Lloyd Griffen, John Jones, Frances, Everett and Lloyd Jain, Charles Warrell, C. C. Dudley, Bob Kendell, Law Rawlings and Mr. Lindan.

Mrs. Francis Childs underwent a very serious operation for appendicitis at the Twin Falls county hospital Sunday. At the last report she was getting along nicely.

Mrs. P. J. Fahey and daughter, Kathleen, left Monday morning for Idaho Falls where they will visit relatives. Lloyd Griffen left Monday morning for Missouri where he will visit his grandmother for some time.

Mrs. Ethel Jain who returned from the Twin Falls hospital has suffered a relapse.

The children of the M. E. Sunday school gave an Easter program at the church Sunday morning. Enter services were also held by the Union Sunday school at the High School auditorium. An Easter program and a Victory loan combined was held at the L. D. S. church Sunday afternoon.

Miss Katherine DeKay of Blackfoot who is attending state normal at Albion visited at Murtagh Saturday.

Miss McCoy who is teaching at Hansen was a Murtagh visitor Saturday.

Mrs. Nathan Merrill who is visiting at Boise and Gooding attended the aerial exhibition of flying circus at Boise Saturday.

Mrs. Larue Merrill and baby are visiting relatives at Richmond, Utah.

Collis Truo who is attending high school at Twin Falls spent Sunday at her home.

Mrs. Bees and daughter, Dorothy of Twin Falls, spent Easter Sunday at the home of her daughter, Mrs. Roy Hunt.

E. C. Chance spent Friday and Saturday at Pocatello on business.

W. S. Hall and son, William, motored to Twin Falls Friday.

Mrs. Loula Edwards and J. J. Byer were Twin Falls visitors Saturday.

Mrs. and Mrs. George Jensen and children of Hansen visited friends at Murtagh Sunday.

Mrs. J. J. Tolman who has been quite sick at the Salt Lake hospital is much improved.

Mr. and Mrs. Tom Carroll are the parents of a baby boy born Sunday, April 12.

Mr. and Mrs. Ogdon Boyd announced the arrival of a baby boy, Sidney Lewis, at Twin Falls, Thursday, April 17th.

IN THE DISTRICT COURT OF THE UNITED STATES FOR THE DISTRICT OF IDAHO, SOUTHERN DIVISION
In the matter of Jesse Frederick Marwick, Bankrupt.
In Bankruptcy No. 1118.
NOTICE OF APPLICATION FOR DISCHARGE IN BANKRUPTCY
NOTICE is hereby given that Jesse Frederick Marwick, has filed in the United States District Court for Idaho his application for discharge in bankruptcy, and that all creditors and other persons in interest are required to show cause, if any they have, why the prayer of said Petitioner should not be granted by entering their appearance in said proceedings on or before the 30th day of April, 1919, and within ten (10) days thereafter filing the particular grounds of their objection in the office of the Clerk of said Court. Given under the authority of the general orders of said Court and by a special order of the undersigned this 24th day of March, 1919.
W. ORR CHAPMAN,
Referee in Bankruptcy.

ORGANIZATIONS CARE FOR NEEDS OF TROOPS
Entertaining Soldiers and Providing Home Comforts Is Task Set by Knights
(City Associated Press)
COBLENZ, Germany.—Since the beginning of American occupation of Germany the Knights of Columbus force has steadily grown until today at Coblenz there is an independent headquarters of the organization with its own complete equipment. The operations before the Rhine are under the immediate direction of Fred V. Milan of Minneapolis. He has under his control a force of over 100 secretaries. This quota would be much larger were it possible to obtain men for the work. It has been the mood of labor that German civilians in large number are employed in the warehouse and about the clubs in lesser capacity.
Directors Operations.
The entire operation of the army of occupation is directed from headquarters in Coblenz. The city is therefore a leave area and daily over 3000 soldiers have enjoyed the liberty of the city. These men come from the far districts of the army, from Treves and the camps situated far up the Rhine or the Moselle. It is a sight to see that the American service organizations must make as comfortable as their means will permit while they await the word to start for home.
The most come from the outlying camps in the big fleet of river boats plying the Rhine and Moselle rivers. They are met by men of the Knights of Columbus and from their arrival in Coblenz or Treves, the second leave center of the area, they are urged to make the headquarters and club of the organization their headquarters.
Bulletin Distributing Soldiers.
At Coblenz the visiting soldiers are billeted in a huge structure formerly known as the "Florian" magazine and there is room for 1200 men every night. In this big warehouse nearly 20,000 doughnuts are fried on some days. The entire output of each day is sent to a given army unit in the occupied district. At their destination these delicacies are distributed by the head of the Knights of Columbus secretaries in each clubhouse.
In Coblenz, before the war there was maintained one of the finest municipal baths in all Germany. The big structure now is in the hands of the Knights of Columbus who are providing every modern bath, needle, shower, tub, modulated or just a plain old fashioned rubber and sponge, for over 800 soldiers every hour.
At the enlisted men's club there are eight large rooms where every want of the soldier is supplied. There is also an open-air bath.
Across the Moselle, from Coblenz is a large American garrison, the soldiers of which are not permitted to cross the river. Four club houses have been established in this garrison, including men and a large club has recently been opened for officers.

GOEN IS KING.
Silver King seed corn for sale that has produced over 90 bushels per acre on this tract. Seed now ready for delivery at 40c per bushel. See owner's test 99.9 per cent. Seed display at Salsbury Hardware, Ed Vance, 1 mile east, 1/2 north of Washington school.

REORGANIZING GUARD TROOPS FOR SERVICE

New Units Are Intended to Replace Old Body Which Cannot Be Held Legally in Time of Peace

(By Associated Press) Reconstruction of the national guard was actually started today when the war department...

Washington, April 22.—The war department announced today that it had issued the following instructions to the various states...

Will Replace Old Troops. These new units are intended to replace old troops which, under section 636-one of the national defense act...

Other authorizations for units are expected to follow soon. The terms of the act are such that their governments considered armed forces might be necessary under certain contingencies...

Organize At Once. The units authorized today must be in such state of organization before June 1 as to be eligible for official recognition...

"It should be clearly understood," the message sent to the state governors said, "that the war department does not call for the organization of the national guard at the present time, but leaves initiation of its organization with the state authorities..."

LOAN REPORTS SHOW SUCCESS OF BIG DRIVE

All Parts of Country Are Anxious to Be First Over the Top in Campaign for Victory Subscriptions

(By Associated Press) Washington.—Unofficial reports to the treasury today indicated that aggregate subscriptions to the Victory Loan were approaching \$300,000,000...

Many Quotas Already In. Telegrams from district headquarters of the loan organization throughout the country told of continued enthusiasm...

In Chicago fifty foreign language meetings, attended by 20,000 people have stirred up interest both among foreign born and native Americans.

New England Towns Over. Forty-eight cities and towns in New England have reached their goals, the Boston headquarters reported today.

in the Cleveland district it was estimated by campaign managers that \$100,000,000 sales had been reached to date. Sixty-one honor flags had been awarded to small towns which had subscribed quotas...

Oklahoma Counties Ahead. The Oklahoma campaign managers today reported that 35 of the 77 counties in the state had oversubscribed their quotas.

Sixteen of thirty-five counties in Oregon reported quotas subscribed at the end of the first day. Arizon, on Catalina Island, was the first community in the Pacific coast district to report 100 per cent over subscription.

NEWSPAPER ASSERTS WIRE SERVICE IS HINDERED

New York Publication Declares Postoffice Department Held Up Communication

(By Associated Press) NEW YORK.—New York World today charges that the post office department prohibited the transmission of the wires of the Western Union and Postal Telegraph companies...

It is now charged that representatives of the two telegraph companies located in the World office submitted a schedule to their respective chiefs and that these officials decided against the sending it over the wire on the ground that it "appeared to be improper."

WASHINGTON.—Postmaster General Burleson announced today that he had issued the following instructions to the various states...

It was stated that this order was issued yesterday morning, as soon as it was known that the war department might have prohibited the transmission of the wires of the Western Union and Postal Telegraph companies...

The message in question constituted an article relating to the postmaster general's administration of the wire systems.

WAR BLAMED FOR LESS AMOUNT OF TIMBER CUT

Forest Service Estimates Ten Per Cent Decrease in Lumber Production

(By Associated Press) The quantity of lumber reported cut in the United States in 1917 was 33,192,400,000 feet, according to the department of agriculture bulletin 763, just issued by the forest service.

The causes of the decreased output lie chiefly in war conditions. High costs of labor and material discouraged private logging operations...

The gain in Six States. The state of Washington was the largest producer, with a cut of 4,569,000,000 board feet...

The restriction of building operations during the year had its effect on the production of lath. Reports from mills showed an output of 281,738,000 feet in 1917, a 17 per cent from 1916.

The output decreased. None of the gains were of much importance except that in Oregon, which amounted to about 10 per cent.

The number of active mills remained about the same. The report showed an increased production—Oregon, Louisiana and Michigan.

BALL CLUB RELEASES PLAYER. CHICAGO.—Catcher Stumpess has been released by the White Sox to the Milwaukee job of the American association...

DEVELOPMENT OF WATERWAY IS NECESSITY

Mississippi Valley Association Is Urged to Improve Opportunity to Make This Means of Transportation Better

(By Associated Press) CHICAGO.—Development of the great Mississippi valley, stretching from the Rockies to the Appalachians, was urged today by John M. Barker of New Orleans, president of the Mississippi Valley association...

The "first period" he mentioned was that of pioneer water transportation. Of the third—the "new era" he said: "This third period involves the use of our waterway in connection with our easy grade rail lines..."

While the general increase was said to have been only 25 per cent, the complaint alleged that the actual advance in a result of war, the United States government had fixed the price of transportation products at a level 125 per cent higher than the ruling market quotation...

NORTH RUSSIA PUTS UP HARD FIGHT FOR LIFE

Forces Are Gaining Strength and Opposition to Bolsheviks Is Growing Stronger Is Report From Archangel

(By Associated Press) ARCHANGEL.—Opposition by officials of the government of northern Russia as recently made public in Paris, is based not only on unwillingness to provision territory occupied by the forces of the anti-Bolshevik Russians...

The interview given the Associated Press reporter revealed his opposition to the plan, Lieut. Gen. Eugene Karlovitch Miller, acting head of the Archangel government, expressed the opinion that the Bolsheviks in Russia in this wise would in effect be allying themselves with the Bolsheviks...

General Miller characterized as "impossible and impracticable" the proposition that the anti-Bolshevik Russians, should be permitted to place in order to allow provisions to reach their enemies.

"The Bolshevik government," continued the reporter, "is not a military organization from its very nature and it is now helpless in the north. In the interior it faces hunger. It would welcome welcome an armistice with the north in order to allow provisions to reach their enemies."

Strength Is Growing. General Miller stated that the period of trial for the new Russian troops in the north was finished. He pointed out that the Russian force which was fighting on the northern front was a "new force" and was more than a match for the Bolsheviks.

It must be understood," General Miller said, "that this war is not only a war of principles, but a war against brigandage. All over Russia there are little groups of Bolsheviks engaged in fighting and pillaging a band that can only be wiped out by extermination."

"The fulfillment of the Bolshevik...

plagues would result in the extermination of the bourgeois classes. The issue, is so clear that there is but only one solution to it—the complete defeat of the bourgeoisie...

ARRANGES NEW SCHEDULE

LONDON.—The London County Council has arranged a new schedule for unemployed boys and girls under the age of 18, which includes lectures, lessons in engineering, drawing, physical drill, fencing, football and other sports...

RATE INCREASE IS OPPOSED BY CORPORATIONS

Eleven Large Mining and Smelting Companies Object to Increase in Freight Charges Put Into Effect by Railroads

(By Associated Press) WASHINGTON.—Increased freight rates put into effect by the railroad administration were attacked today by eleven large mining and smelting corporations in a complaint filed with the interstate commerce commission...

While the general increase was said to have been only 25 per cent, the complaint alleged that the actual advance in a result of war, the United States government had fixed the price of transportation products at a level 125 per cent higher than the ruling market quotation...

AMERICAN RELIEF SAVES LIVES BY THE THOUSAND

United States Food Administration Doing Wonderful Work in Rumania

(By Associated Press) BUCHAREST.—American flour and other relief supplies are saving the lives of thousands of destitute people throughout Rumania...

The flour from America arrived at a time when conditions were at their worst and when local supplies for the Rumanian people were almost exhausted. It was feared that the want of flour would result in a state of Bolshevism and revolution.

Queen Marie, who has taken the greatest interest in this relief work, is fully satisfied with the work being done by the American Red Cross...

Rumanians living along the line of the Sereth river, where most of the fighting has taken place, are in the worst condition. The situation in northern Rumania is reported much less acute.

All hospitals are short of supplies, and many are closed. The American Red Cross is endeavoring to meet their needs. Additional shipments of food, clothing, medicines and soap are being arranged for in France.
