PRICE FIVE CENTS

PEACE MAKERS ARRIVE EARLY AT CONFERENCE

Eighty-Seven Members of German Delegation Reach Versailles by Special Train, Being Second Group to Appear

WOMEN PLAY PROMINENT PART IN STATE AFFAIRS

Mayor of City Posts Notices to Public to Remain Calm and for Commissioners to Abstain From Indiscretions

VERSAILLES, (AP) — The leading members of the German peace conference delegation are expected to arrive here at 9 o'clock this evening.

Eighty-seven members of the German peace commission arrived here tonight, being the second party to reach the scene of the presentation of the peace terms. Of these, thirty were women. The Germans include the commission on limitations of armaments, composed of Doctors Von Secker and Schall, and Major Böttcher and that on commercial affairs. Sixteen of the latter commission are women. With the party were the official courier, Von Binzmarck, a doctor, a barber and Rudolph Brand, the press representative. There was also a number of telegraph and telephone operators.

The party left the train at the little station of Vaucresson, 12 and a half miles from Paris, from which place they drove to Versailles in automobiles. The mayor of Versailles, Henri Simon, posted a proclamation appealing to the population to maintain a dignified and calm attitude and to abstain from the visitors to abstain from "happier manifestations and indiscretions."

Only Few Witnesses While there will be but few witnesses to the signature of the treaty in the Hall of Mirrors, the mayor has asked that the public be admitted during the days following that event so that they may see the arrangements of the historic apartment. All the buildings here were decked with flags the day that the treaty is signed. Count Von Brockdorff-Rantzau, the German foreign minister, is expected to arrive tomorrow with the rest of the enemy delegation.

Boise Railways to Be Sold at Auction to Satisfy Claim

Company Operating Eighth Street and Natorium Lines May Be Wound Up

(Special to The News) BOISE—According to the terms of a court order entered this morning the property of the Boise Railways company will be disposed of at public sale to satisfy a judgment of \$100,000 held by the Boise Cattle and Stock company. The Boise Railways company owns and operates the Eighth Street and Natorium lines. It was at one time operated by the Boise Valley Traction company as a part of the interests of the Idaho Power company but was severed from that concern some two years ago by court action at the instigation of some of the stockholders. The property is understood to have been in receivership for some time past.

PERSHING MEETS SON IN FRANCE

American General Greeted His Child After Separation of Many Months

NEW YORK, (AP)—Dr. M. J. Walsh, of Chicago, secretary of the Knights of Columbus, who has just returned from a trip to France, told today of the meeting between General Pershing and his nine-year-old son Warren. Dr. Walsh was a fellow passenger on the Leviathan with Secretary of War Baker, who took Warren over to France as a surprise for his father. "I knew nothing about his son's arrival," said Dr. Walsh, "until he boarded the ship at Brest. A sailor said to him as he came on board: 'Warren is aboard waiting for you.' The general was all 'daddy' in a minute. He forgot all about the war and Secretary Baker and thought only of his little son, who threw himself into his arms and cried for joy." Dr. Walsh said Warren was "a fine boy, a regular old man" and a great favorite with everybody on board.

WASHINGTON, (AP)—Postmaster General Burleson issued an order today returning the American cable system to their owners, effective at midnight, May 2.

WORLD LABOR IS GIVEN SPLENDID RECOGNITION BY FRAMERS OF TREATY

Principles of Six-day Week, Eight-hour Day, Abolition of Child Labor and Equality of Pay for Men and Women, Approved to Be Incorporated in Peace Conference

RIGHT OF ASSOCIATION AND UNLAWFUL PURPOSES ALSO C

WASHINGTON, (AP)—The nine clauses proposed by the commission on international labor legislation for inclusion in the peace treaty, as adopted by the peace conference in plenary session at Paris yesterday, were made public here today by the state department. Among the principles incorporated are a standard eight-hour day, a weekly day of rest, the abolition of child labor, equality of pay for men and women, and workmen's right of association for all lawful purposes.

The text of the clauses as adopted follows: Of Supreme Importance. "The high contracting parties, recognizing that the well-being of mankind, physical and intellectual, industrial wage earners is of supreme international importance, have framed a permanent machinery associated with that of the League of Nations to maintain the great end. They recognize that difference of climate, habits and customs of economic opportunity and industrial conditions of labor differ widely in the conditions of labor difficult of immediate attainment. But, holding as they do, that labor remedies (probably error in transmission) be regarded merely as an article of commerce, they think that rectification of labor conditions which there are methods and principles for all industrial communities should endeavor to apply so far as their special circumstances permit.

Among the Principles. "Among these methods and principles the following seem to be of high contracting parties to be of special and urgent importance:

- "First—The guiding principle above enumerated that labor should not be regarded merely as a commodity or article of commerce.
- "Second—The right of association for all lawful purposes by the employed as well as by the employers.
- "Third—The payment to the employed of a wage sufficient to maintain a reasonable standard of life as this is understood in their time and country.
- "Fourth—The adoption of an eight-hour day or a 48-hour week as the standard to be aimed at where it has not already been obtained.
- "Fifth—The adoption of a weekly rest of at least 24 hours which should include Sunday whenever practicable.
- "Sixth—The abolition of child labor and the imposition of such limitations on the labor of young persons as shall permit them to attend to their education and assure their proper physical development.
- "Seventh—The principle that men and women should receive equal remuneration for work of equal value.
- "Eighth—The standard set by law in each country with respect to the conditions of labor should have due regard to the equitable economic treatment of all workers lawfully resident therein.
- "Ninth—Each state should make provision for a system of inspection in which women should take part in order to insure the enforcement of the laws and regulations for the protection of the employed.

As Guiding Policy. "Without claiming that these methods and principles are either complete or final the high contracting parties are of opinion that they are well fitted to guide the policy of the league of nations in the industrial field. They recognize that no necessary will be collected and when the campaign opens two years hence only those state employees drawing salaries of \$2,400 or better will be asked to make contributions.

WASHINGTON, (AP)—The nine clauses proposed by the commission on international labor legislation for inclusion in the peace treaty, as adopted by the peace conference in plenary session at Paris yesterday, were made public here today by the state department. Among the principles incorporated are a standard eight-hour day, a weekly day of rest, the abolition of child labor, equality of pay for men and women, and workmen's right of association for all lawful purposes.

WORLD NEWS EVENTS

(By Associated Press)

PARIS, (AP)—The Rumanian troops on Saturday occupied the neighborhood of Pusespok-Ladany, 111 miles east of Budapest and on the railway line between Budapest and Debreczen. Dispatches from Budapest add that the Rumanians also captured Bekes-Osaba, 120 miles southeast of Budapest.

LINTON, Ind., (AP)—Martial law was put into effect here shortly after 8 o'clock this morning as a result of trouble attending a strike of telephone operators. State troops are patrolling the streets, aided by local police. No violence has occurred since the mob which formed last night dispersed.

ST. JOHNS, N. F., (AP)—Early morning plans to start the trans-Atlantic airplane race today were upset by New Foundland's fickle weather. Although mid-ocean conditions were reported favorable, black clouds gathered off shore during the forenoon and soon a heavy rain began to fall. There was no indication of a let-up.

BIRMINGHAM, Ala., (AP)—The Majestic mine, 22 miles north of Birmingham, has been blown up by an explosion of coal gas, according to information reaching here. The accident occurred shortly after noon. Four men have been taken out of the mine severely injured and forty others are believed to be still in the mine, according to company officials.

Wilson Approves Return of Wires to Former Owners

President Announces His Decision by Cablegram to White House Today

WASHINGTON, (AP)—President Wilson has approved Postmaster General Burleson's recommendation that the telegraph and telephone systems be returned to their owners upon the enactment of legislation deemed necessary and that the American cable lines be restored to their owners forthwith. The president's approval was announced in a cablegram today to the White House. Mr. Burleson stated yesterday that he hoped to effect the return of the cables by May 10.

Germans Attempt to Display Flag Before Doughboys

Gaiety of Coblenz Citizens Over Showing of Colors Is of Short Duration

COBLENZ, (AP)—Uplifted in spirit by prospects of peace and newspaper reports that the German peace delegates had passed Cologne en route to Versailles, five Coblenz civilians today hoisted German flags. The colors fluttered from their staffs only a short time, all being lowered by the military police, except in one case, almost as soon as they appeared. A crowd of 200 doughboys on leave assembled in the street near a downtown building where a large German flag was flying but military policemen relieved the situation by hauling down the flag himself. Army regulations prohibit the flying of German colors except by special permission, which has been granted upon only one occasion since the Americans came. That was in January, when the Burgomaster of Coblenz died.

GET THE MONEY IS VIEW TAKEN BY COMMITTEE

Victory Loan Subscriptions Must Be Secured—Solicitation Decided on if Necessary to Raise Cash

THIRTY-three thousand eight hundred eighty-seven men, members of the American Expeditionary Force, decided to leave money in the war. The living are asked to loan their credit to help pay for the victory which these men died to pay for. The committee will explain the details—go and see them. O. D. THOMAS, Chairman, Victory Loan Campaign.

THE proposition of collecting Twin Falls county's quota of Victory Loan subscriptions was definitely decided on late yesterday and a plan of operation worked out whereby various banks in the county will be the depositories of all monies so collected.

THE committee consisting of C. D. Thomas, Arthur P. Pavy and John M. Maxwell, with Lieutenant Epler, manager of the campaign, held a lengthy meeting early last evening at which every phase of the situation was discussed. It was pointed out that in former drives of all descriptions this county has always been in the vanguard and it was desired that the public at large would not be willing to accept half measures on the part of the men entrusted with the work of looking after Victory bond sales here this time.

Quotas by Districts. The following quotas of each banking district was given out, and the campaign from now on will take whatever form may become necessary to bring the sales of each up to the required figure:

| | |
|------------|-----------|
| Buhl | 161,200 |
| Rogerson | 48,200 |
| Hollister | 12,500 |
| Kimberly | 53,072 |
| Hansen | 16,740 |
| Murlough | 7,440 |
| Twin Falls | 456,208 |
| Total | \$820,000 |

Whenever any of these banks have raised the amount as shown by the amount of applications delivered to their bank, they are entitled to an honor flag, which will be given them when the money is turned in to the government of the United States. It will be interesting to know which district will raise its quota first. Mr. Epler has promised to publish from time to time a list of the districts between now and May 10, showing the total quota of each bank district and the amount subscribed.

IDAHO WEATHER. Tonight fair and colder; Wednesday light frost; next Wednesday morning.

ORLANDO IS EXPECTED TO SHORTLY RETURN TO PARIS

Official View of Italian Situation at Rome Appears to Be That Negotiations Are Merely Suspended Pending Action by Parliament; Battle for Fiume Will Be Diplomatic, Not Military.

WORK ON TREATY GOES STEADILY ON LEAGUE OF NATIONS BATTLE ENDED

THE stage is rapidly being set for the final phase of the peace negotiations. Yesterday's plenary session of the league of nations, while today Germany's plenipotentiaries are expected to arrive at Versailles to join the members of the mission already there.

COMMUNISTS IN HARD STRUGGLE FOR TERRITORY

Forces Battle for Possession of Country East of Rhine and Reserves Are Rushed Into Service

BERLIN, (AP)—Martial law was declared today in all Prussian territory east of the Rhine and government troops began an advance on Munich from the south and captured Murnau. The communists immediately threw reinforcements into Kampf for Murnau, from Munich and Augsburg to ward off the attack of the government forces.

Leader Is Shot. The Spartan leader in Nuremberg, Albert Schmidt, was shot today after the discovery by the military authorities of a plot to depose the Hoffman government. Fighting also developed between the government and communist troops, resulting in the death of a number of the reds. The other Spartan leaders in Nuremberg were arrested and quiet reigns temporarily.

Organize Armed Forces. Officers of the third army corps announce that they have established that independent leaders had organized an armed force to overthrow the Hoffman government and replace it by a communist dictatorship.

Agents Are Arrested. The communists yesterday sent emissaries to Hatisbous and Landau in an attempt to raise two million marks. The agents were arrested together with Herr Lusum, the communist commissioner of transportation. The commissioner confirmed reports that the financial situation in Munich was desperate and that the communists were unable to pay those out of work as they had agreed.

NATION LEAGUE IS UNPOPULAR

Senator Borah in Receipt of Letter From One Man Congratulating Him

(Special to The News) BOISE—The league of nations is not striking a popular chord among the boys who are "over there" and they are getting tired of being the "police dogs" for Europe and want to return home. This at least is the expression of being unpopular in the service, who has written Senator W. E. Borah of Idaho, congratulating him on his stand against the league. "Keep the good fight going, brother," writes this officer. "When the A. E. F. return to the United States they will fight with you and what you stand for."

ROME (AP)—Demonstrations in Rome today in support of the government's attitude toward the Adriatic question culminated in a great mass meeting, convoked by Prince Colonna, the mayor, in the Capitoline hill. The citizens at the meeting adopted a resolution of resolution making the annexation of all territory given to Italy by the treaty of London and also Fiume. The resolution was adopted with considerable applause and the "sufferings and hope of Spalato and Tran."

ROME (AP)—The assembly took a solemn oath to remain united as the famous Capitoline eagle was adopted. Prince Colonna presided at the meeting and municipal officials attended. A procession afterward went to the Quirinal where the king and queen appeared on the balcony of the palace. With them were soldiers who had been wounded during the war. The crowd cheered and cried: "Fiume! Dalmatia!"

RECORDS BATTERED. WASHINGTON, (AP)—The state department was advised today that a severe earthquake occurred in San Salvador at 1 o'clock yesterday morning, causing forty deaths, injury to many persons and considerable damage to property. The American legation building in San Salvador was damaged but no Americans were reported injured.

PARIS SHOWS NO INTEREST IN NEW DRAFT

Indifferent Attitude of French Nation Toward League of Nations' Covenant is Explained by Papers

PARIS, (AP)—The covenant of the League of nations arouses little enthusiasm in the press of this city. Indeed, many of the provincial newspapers abstain from comment altogether. L'Ouvre, which has always been a champion of the league and of President Wilson, says: "Speaking generally, we are bound to say the pact of the league of nations excites a certain amount of disappointment."

Writing in the Echo de Paris, "Portinax," spokesman of the nationalists, declares outright: "The league of nations is dead before birth."

All the newspapers point out that great concessions were made by France. Some of the journals go so far as to declare that these concessions amount to a surrender. As a whole, however, the press expresses hope that later amendments will result in satisfying what are regarded as legitimate wishes of France and the other countries which, as the Havas agency summary of the comment would it, "showed their moderation by abstaining from insisting yesterday upon an immediate ratification of the changes in the covenant which they were advocating."

DIVORCE CASE BRINGS OUT SENSATIONAL ALLEGATIONS

Court to Pass on Interesting Testimony in Matrimonial Tangle

(Special to The News.)

BOISE, Idaho.—A somewhat sensational case was filed in the supreme court of this state when the transcript in appeal of the case of Laura T. Smith versus William T. Smith was recorded. It comes from the fifth judicial district for Bannock county where Judge Robert M. Terrell granted a decree of divorce to Mrs. Gen. Smith ordered her husband to pay to her \$8,000 as her share in the community property. Smith appeals from the order and findings of the district court.

"Cruel and inhuman" treatment is the grounds on which Mrs. Smith based her suit. She recites she married Smith at Salt Lake, February 7, 1908, but they have lived in Idaho since 1909, at Soda Springs, where they also owned property. They also owned property at Bancroft.

Mrs. Smith alleges that her husband not only abused her and used obscene language to her, but that he threatened her, on one occasion saying: "Dead people don't call any names."

The complaint also states that Smith has a former wife living from whom he never secured a divorce and that the second Mrs. Smith discovered this and learned that he was corresponding with her and had threatened the latter to return to his first wife. The discovery of first wife's existence caused Mrs. Smith, the second, great mental anguish, she says.

The defendant accumulated considerable property after his marriage to wife No. 2, the plaintiff alleges. The value of this is given as \$10,000 and includes lots in Bancroft and Soda Springs, buildings and a farm. She further sets forth that he has valuable securities in addition.

AGRICULTURAL INTERESTS HOLD SECOND CONVENTION

Sheep Men, Manufacturers and Other Business Representatives Meet

PHILADELPHIA, (AP)—Delegates from many sections of the country, representing agriculture, sheep raising industry and manufacturers of wool textiles attended the opening session here today of the second sheep conference under the auspices of the More Sheep-More Wool association of the United States. The meetings will continue two days.

In outlining the purposes of the conference, A. C. Bigelow, president of the association, said plans for the further encouragement and promotion of sheep husbandry would be discussed and that a program to develop a better sheep industry under the auspices of the sheep industry upon a sound basis as an essential part of the livestock interests of the nation would be adopted.

Fire Causes Great Loss of Property

Many Are Homeless and Destitute as Result of Flames Which Sweep Town

YOKOHAMA, (AP)—The monetary loss in yesterday's great fire is estimated at 15,000,000 yen, or approximately \$7,470,000 under the pre war rate of exchange. The loss of life was also heavy. The loss of life was two killed and thirty were injured. Sixty blocks in the Japanese quarters were burned, including public buildings and houses. It was the most disastrous conflagration in the history of Yokohama.

Foreigners living in the bluff section of the city witnessed an awestruck spectacle. Five fires raged simultaneously and spreading confusion and terror among the people who vainly struggled to save their belongings. The mayor has started a relief fund for those left destitute.

PERSHING GIVES PRAISE TO K. OF C. WORKERS

Commanding General Inspects Welfare Organizations in France and Compliments Secretaries

TREVES, France.—Gen. J. J. Pershing visited the Knights of Columbus club in Treves this afternoon. A moment before the commander of the American forces entered the club, a column of soldiers seated about the tables writing letters home, he called "Attention!" The soldiers stood and a moment later General Pershing accompanied by his staff was escorted to all parts of the building. After the inspection he said: "I am pleased to see such good work at the Knights of Columbus. It is along the line of all Knights of Columbus activities. You have a very attractive place, with every arrangement for the comfort and pleasures of the soldiers."

General Pershing visited the writing room, approved of the stationery and was delighted with the big kitchen, where four baskets of doughnuts for doughboys were ready for distribution. "Fine for the boys," he said. Early in the afternoon all K. of C. secretaries were at the 89th division barracks accompanied by the remaining general review of the troops. All welfare organizations were inspected in numbers, and General Pershing shook hands with the secretaries.

NOW IS THE TIME TO LOOK AFTER ALL TREES

Month of May Particularly Suited to Work of Parasites of All Kinds

WASHINGTON, (AP)—May is the month when the insects wake up and get ready to attack your trees, says a bulletin from the American Forestry association. Here is some tree advice from the association for May: Plant overgrown during the first part of May. Spray for all varieties of insects, those that chew, suck and bore. Do not use any arsenical. Commence cultivating and watering trees and shrubs. Complete the removal of trees hopelessly infested with boring insects such as the hickory bark beetle, the two-lined chestnut borer. Examine the trees to see that they are free from eggs of the tussock moth, gypsy moth, etc., and from cocoons such as those of the brown-tail moth and the big worm.

MANY TROOPS ARE LANDING AT ALL HARBORS OF EAST

Thousands Are Daily Leaving Transports at Atlantic Seaboard and Starting Home

NEWPORT NEWS, Va., (AP)—The battleship Missouri arrived from France today with the 117th supply train complete. (former Tenth functional guard) of the Rainbow division.

NEW YORK, (AP)—Bringing 103 officers and two civilians, the steamship Athens arrived today from St. Nazaire. Five officers were accompanied by their wives.

The contingent chiefly represented detachments from the 316th field hospital, second trench mortar battery, 21st division, 316th ammunition train, 316th supply train and 347th machine gun battalion.

UKRAINIANS IN HARD POSITION IN WAR SENSE

Keen Anxiety in Capital City Over Attitude of Entente Powers on Question of Polish Fighting

NOTE.—The attitude of the 35,000,000 to 40,000,000 people of the Ukraine, a new state which came into being with the breaking up of Russia, has been one of the puzzles of the World War. On the east, they have been fighting the hordes of Old Russia and on the west, battling with the Poles for the possession of Lemberg. An Inter-Allied commission, sent to Lemberg to negotiate an armistice between the Ukrainians and the Poles in the latter part of February, failed and the fighting for Lemberg continued. These causes confusion in the minds of the people of the Western world.

To obtain the facts from the Ukrainians themselves, the Associated Press sent a correspondent to Stanislau, the capital of the West Ukrainian republic, and he has called illuminating information including an interview with General Simon Petliura, the Ukrainian military leader, and also has forwarded an interview with Freling Holobowits explaining the Ukrainian attitude and refused to conclude an armistice with the Poles.

In the subjoined article, the Associated Press correspondent has given some informative details of the situation now existing in the Ukraine.

STANISLAU, WEST UKRAINE.—Correspondent of the Associated Press.—Much anxiety is felt in this capital of the West Ukrainian republic over the future attitude of the entente allies following the ultimatum delivered by the Inter-Allied staff at Lemberg that if the Ukrainians resumed military operations against the Poles they would have to answer for the consequences. While the present temporary successes in the operations about Lemberg have had a heartening effect upon the Ukrainian troops, this has not been much reflected here.

The situation in this capital is much the same as that which prevailed in Poland in the early part of December. There is considerable fear of further gains by the Bolsheviks in Russian Ukraine, where they still are holding Kiev, although the Ukraine military authorities declare they are able to attack the Bolshevik forces within a month, particularly if they are not harassed by the Polish or Rumanian armies. However, there is more order in the West Ukraine now than there was in Poland up to within a month ago.

Food Conditions Bad

Food conditions are better with meat selling at 30 cents a pound, though bread and sugar are high. Medicines, soap and clothes are scarce and high. It is pointed out that the whole country of East Galicia has been the field of the operations of the Austrian and Russian armies for four years with now and then an incursion of the Turks and Germans, all of whom made requisitions upon the people. This is especially true of the Germans and the peasants say, "proved worse thieves than the Russians."

The whole flat country from Lemberg to Stanislau has a barren devastated appearance. Houses are rare except at railway stations and most of these stations have been destroyed by shell fire. A cow, sheep or horse is rarely to be seen. For dozens upon dozens of miles the fields which are turning green with the coming spring reveal long stretches of trenches and barbed wire for cannon, and often crosses marking banking away with here and there bases the burial places left in the trail of the armies.

CONGRESS CONSIDERS RELINQUISHING WIRES

Former Owners Must Receive Lines Back in Same Condition as They Were Given

WASHINGTON, (AP)—As a result of the announcement yesterday by Postmaster General Elisha that he had recommended to President Wilson that telegraph and telephone systems be restored to private ownership and that control of the American cable lines be relinquished, members of congress were today informally discussing legislation which will be necessary before the land systems can be turned back to their former owners. No legislation will be required in the case of cable lines, it was stated, as the affairs of the companies are in such shape that they can take care of themselves. If Mr. Elisha's recommendation is carried out it is probable these lines will be relinquished not later than May 10.

Provide for Protection

As the telegraph and telephone lines must be returned in the same physical condition in which they were when taken over, officials pointed out it will be necessary for congress to enact laws providing financial protection as to surrender them now without provision for additional revenue would mean wrecking of the industry. Early action by congress is looked for as speedy return to private ownership of the wire service was repeatedly sought at the last session.

\$2.50 Ironing Board Given Free With Every G. E. IRON

IDAHO POWER CO.

Railway trains which are drawn by wood-burning locomotives drag across the rivers where wooden military bridges have rotted and the steel-ones destroyed by shell-fire or mine.

City Badly Disarranged

The city of Stanislau was far more seriously damaged by the Russian and Austro-Bulgarian armies than was either Lemberg or Lemberg. Neither of the two latter cities have serious scars of the World War but Lemberg shows marks of the recent conflict between the Poles and the Ukrainians. The center of Stanislau was destroyed by fire. Many of its fine business blocks now are mere heaps of brick walls. This was especially true along the fine Saphira street where the Austrian and Russian shells both wrought disaster. The Ukraine cathedral which was one of the oldest and handsomest of its kind was badly wrecked and its shattered windows now have been covered with boards.

However, the business of the new Ukraine government is going on and the leaders here hope that the arrival of another Allied Mission will give strength and moral support until it is able to save Poland, the same may be possible here where the political alignment is the same.

The national democrats are really the stronger party but the socialists make a great parade of their strength, which they are able to do as thus far there has been no election. The socialists have less strength here partly because of the fact that there is no aristocracy as in Poland and also because the Bolshevik propaganda takes less hold on the people.

Peculiar Habits of Dress

The close union recently formed between the Eastern and Western Ukraine and the situation at Kiev is making this city take on the appearance of Old Russia with the costumes of local peasants mixing with those of the Ukraine Cossacks, who wear shakas, long blue or gray-brown overcoats of fur or gray wool, and red trousers with high boots and who carry short sabres curiously decorated with carved silver.

The National Ukraine plays are being presented in the theatre, where singers chant songs dear to the hearts of the people, such as the plaintive "Tears of Ukraine" and the Ukraine March, called "Mihaidamak", in which the Cossacks are called to arms to fight the enemy on their frontier. These songs evoke much applause, indicating how deeply they stir the national spirit.

THE TWIN FALLS POLICY

So far as present appearances indicate, no project for public improvement has ever been launched in Twin Falls under more favorable auspices than has the extensive paving program provided for in an ordinance adopted last evening by the city council.

The members of the council have been chosen by majority of the vote at the recent election, expressing not only approval of their past record as city officials but also confidence in their capability and integrity in carrying out so extensive a program, which had been proposed prior to the election.

Twin Falls citizens are largely in favor of the paving program and of public improvements generally, the appearance of numerous delegations on several occasions asking that their property be included in the proposed improvement district would be sufficient to convince the most skeptical.

Twin Falls is thoroughly committed to the public improvements program, both as a means of solving reconstruction problems and as a means of supplying needs that have existed here for a long time.

The result of the election on the proposed municipal bond issue for carrying out this program probably is as much a foregone conclusion as was the result of the vote on the highway district bonds, or the vote today in the Filer highway district for better roads.

MAY NOT RETURN. PARIS (AP)—Ambassador Page telegraphed from Rome today that he had been informed that the German premier did not intend to return to Paris for the signing of the peace treaty.

Professional mascot. Duke was served in both branches of the service, one year in the navy before going over for 14 months at the front with the 17th Engineers.

THE TWIN FALLS POLICY. So far as present appearances indicate, no project for public improvement has ever been launched in Twin Falls under more favorable auspices than has the extensive paving program provided for in an ordinance adopted last evening by the city council.

ONE YEAR AGO TODAY

(April 23, 1919). Battle of the British. Troops forced back to lines of 1914 in Flanders fighting. German storm troops reach Ypres, two miles south of Ypres. Artillery storm battalions allied lines clinging to defense of channel ports.

"DUKE" FIGHTS ON LAND OR ON SEA

Professional mascot, Duke was specially made according to 11 wound chevrons. Duke has served in both branches of the service, one year in the navy before going over for 14 months at the front with the 17th Engineers.

MEDIATORS TRY TO MAKE PEACE WITH PACKERS

President's Commission Are in Chicago Attempting to Reach Agreement Between Workers and Employers.

CHICAGO (AP)—Colonel J. P. Spangler and E. P. Marsh of the president's commission on mediation, who have been here for several days in conference to renew the war time wage agreement between the packers and their employers held an executive session with the labor representatives today.

Not Agree on Wages. John Fitzpatrick, president of the Chicago federation of labor in a signed statement, printed as an advertisement in connection with the bakers' strike today, states that contrary to public opinion the packers and their men are not in agreement as to wages.

The fact of the matter is that the packing men to the packers has been trying to negotiate an agreement with the packers for the past six weeks or two months. Every proposition presented by the packers has been rejected by the packers, and the only offer made by the packers was the very unsatisfactory and impossible arrangement.

POSTPONES PRESENTING TREATY TO GERMANS

PARIS (AP)—Because of the 24-hour strike set for May 1, especially affecting transportation and communications, the presentation of the peace treaty to the Germans on that day, as had been planned, it was thought the function probably would be postponed until Friday, May 2.

MAY NOT RETURN

PARIS (AP)—Ambassador Page telegraphed from Rome today that he had been informed that the German premier did not intend to return to Paris for the signing of the peace treaty.

When a man is a failure. The mere fact that a man has failed in business or other undertakings does not mean very much unless we know what he did after his failure.

MAY NOT RETURN. PARIS (AP)—Ambassador Page telegraphed from Rome today that he had been informed that the German premier did not intend to return to Paris for the signing of the peace treaty.

COMMENT, BY AND LARGE

Pertinent paragraphs on current events, official acts and the general trend of events, at home and abroad. Edited by Captain C. L. Longley.

EVIDENCE OF APPRECIATION

Just prior to the late city election, a well known resident of Twin Falls, in reply to the question, "Do you think the Elbridge ticket will be elected?" said, "Well, it is not the people of Twin Falls, will be elected; but I think it will in my estimation at least fifty per cent."

Not enough of the real facts, antecedent and existing, are known to the average American—or to almost any American who is an American—to permit him to form an intelligent and independent opinion regarding the equity of Italy's territorial claim.

Under all these circumstances and conditions, which might be elaborated at length, it is fitting that these men were found willing to continue the work so well begun, it would really seem that no opposition need have been offered to their election.

THE DOG QUESTION

"And in that town a dog was found, As many dogs there be, But mongrel, rumpy, white and bound, And curs of low degree."

When good old Oliver Goldsmith wrote his "Clergy on the Death of a Mad Dog," he evidently had in view a somewhat different object from the correspondent whose plaint in part is appended hereto.

THE DOG QUESTION

"The dog to gain his private ends, Weat mad and bit the man. The man recovered from the bite—The dog it was that died."

The News correspondent, upon the other hand, after setting forth the fact that Twin Falls people are not ambitious to beautify their city with fine lawns and fair flowers and shrubbery.

Most people are fond of dogs—in a proper place—a pet presence in the war zone—out herding the sheep and cattle or as a faithful watcher.

A dog loo quite in place on the ranch or when sitting quietly in an automobile or wagon with its owner, or safely enclosed in a good yard with a high fence.

The pet puppy that goes to the neighborhood store with Bobbie or Sallie too often finds entertainment in tearing out

that thing by any man or combination of men.

In the interview with one Addison T. Smith who returned to Washington last Saturday, after several weeks spent in Europe, published in Sunday's Statesman, that gentleman lines himself up with one G. Washington by an open declaration that he has become convinced that the part of wisdom is to withdraw from entangling European alliances.

It is quite interesting to note that President Wilson has sympathetic backing in his attitude upon Italy's claims. Both Berlin and Vienna heartily approve!

And now not only President Mackey of the Postal Cable company, but President Gompers of the Federation of Labor, are "roasting" Burleson. Mackey does not call him a liar, but says he "resorts to the contemptible trick of telling a half-truth."

Man in passing car—Have an accident, old fellow! Man and cab (grimly)—No, thank you, just had one.

A successor to "one of the world's best known but unlamented ex-dictators." In conclusion he declares the Burleson policies "archaic and antiquated," and that "any postmaster general who will follow the same policy will inevitably face the same public condemnation and eventually walk the same plank that Mr. Burleson must walk sooner or later." No wonder Burleson thinks a combination has been formed to "ruin" him!

The unanimity and enthusiasm with which all Italy backs its representatives in their refusal to accept the decision of the peace conference relative to the Fiume claim is something remarkable. It is possible that the peace conference has already provoked a war—and that with a half baked "league of nations" right in its oven!

Man in passing car—Have an accident, old fellow! Man and cab (grimly)—No, thank you, just had one.

FILLING JOBS PROBLEM FOR NEW COUNCIL

Long Discussion at Initial Executive Session of New Administration Brings About No Results.

Following the official canvass of returns of the municipal election of April 22, made by the city council last evening, certificates of election were delivered to Mayor William H. Eldridge, Clerk W. A. Minnick and Councilmen L. L. Breckenridge, E. J. Ostrander, C. B. Channel and G. S. McMartin.

The mayor and members of the new council, at the conclusion of the regular business meeting, went into executive session and until after 1 o'clock discussed the matter of appointments to fill city offices without arriving at any definite conclusion. Mayor Eldridge announced this morning that such appointments as should be determined upon in the meantime would be announced in open meeting of the council on Monday evening next.

The question of appointments is occasioning some difficulty this year on account of the creation of new offices by an ordinance recently passed by the council which provides among the innovations that the city engineer shall serve as street commissioner and that an engineer shall be appointed to serve as street commissioner. Each of these officials, under the ordinance, would receive an annual salary of \$2400. Whether or not competent engineers to fill these places at the salary named can be found is a question perplexing the new council.

Organization Formed.

L. L. Breckenridge was elected president of the council, to serve as its executive officer in the absence of the mayor, and the following standing committees of the council were announced: Public safety—Eldridge, Breckenridge, McMartin. Finance—Breckenridge, Ostrander, Eldridge. Parks, public buildings and public health—McMartin, Channel, Eldridge. Water, drains and sewers—Channel, McMartin and Ostrander. Streets and alleys—Ostrander, Channel, Breckenridge.

COUNCIL SETS DATE FOR VOTE ON CITY BONDS

Citizens Asked to Approve Issue of \$205,000 for Intersection Paving, Bridge and Sewers at Election in June.

Eleven miles of paving contemplated in an ordinance creating a bond issue, which was passed by the city council at its meeting last evening, will cost \$205,000, of which amount the owners of abutting property will pay \$467,500. The city will pay the balance of \$115,000 for the paving of street intersections.

In addition to the \$115,000 for intersection paving, citizens of Twin Falls will be asked to vote bonds in the sum of \$50,000 for a new bridge across Black Creek canyon at the end of Shoshone street and in the sum of \$40,000 for street paving, a total of \$205,000 which will be submitted on a special election to be held on June 6, according to the provisions of an ordinance passed last evening.

An indication of the temper of the community in respect to the improvement bond issue was the appearance before the council Monday evening of J. N. Clear, D. E. Sullivan, A. Hollingsworth, J. H. Detweiler and other residents of the west quarter of the city, petitioning for the inclusion of their property within the new paving district. Since the project was launched there have been many similar requests and none at all for exclusion from the district.

More Service Stations

Installation by the Standard Oil company of three gas and oil service stations in Twin Falls under the supervision of the city engineer and streets and alleys committee was approved by the council. The stations are to be situated at the intersection of Main and Blue lakes boulevard, at the intersection of Main and Fourth street west and at the intersection of Shoshone and Third avenue west. F. A. Webb, agent for the company, with engineers in its employ, presented the application.

The council ordered the removal of gas and oil service stations on the curb within the automobile parking zone.

Local Brevities

Move to Murtaugh

Mr. and Mrs. W. P. Dingman left on Monday for Murtaugh where they will make their future home.

On Business Trip

G. E. Duke left Monday evening for Salt Lake where he will secure a car to drive back to Twin Falls for the Idaho Auto Sales company.

Looks for Land

Carl Harder who has been hounded from France for about a month, went to Boise to look over the Jordan Valley land with the idea of purchasing property there.

Returns to Ogden

L. W. Dormody of Ogden, a brother of Mrs. Ed Jones, left Monday evening for his home after spending the past week in Twin Falls. Mr. Dormody has only recently returned from overseas service.

Mrs. White Back

Mrs. Jack White who is visiting her parents in Kimberly, visited friends here on Monday. Mrs. White formerly made her home here, but for the past two years has lived in California.

Inspect Nest Plans

Miss Hanna Spruce and Miss Anita Kincaid motored to Ellet Monday to look over plans for a trap nest for chickens. This new type nest provides a more accurate means of telling whether hens are laying well.

Back from California

Miss Bees (then who has spent the winter months in California, returned to Twin Falls Monday after visiting in Ellet with her sister for a few days. Miss Glenn spent a month in northern California and the remainder of the time in the return.

Returns from Coast

William Lambing returned on Sunday from California where he spent the winter months. Dr. Beebe of Ellet, F. C. Beebe is erecting a six room modern residence on the lots adjoining his present home. Percy Thompson is building the house, which will either be sold or rented.

Plan Lyceum Course

A meeting of the members of a local committee to secure to Twin Falls a Lyceum course provided by the Elison White company is to be held this evening in the office of E. J. Finch for the purpose of selecting the numbers of the course and of making other arrangements for its presentation.

Masons to Travel

Saturday, May 10, has been definitely set as the date for the trip to be made by officers and members of Twin Falls lodge A. F. and A. M. to the Burley lodge, at which time the local Masons will assist in conferring the Master Mason degree on one or more candidates for membership in the Burley lodge.

Comes to Twin Falls

Mr. and Mrs. P. A. Sharp arrived Sunday from Ponca City, Oklahoma, where since the armistice Mr. Sharp has been foreman for the Duncan Motor Co., Marmon and Oldsmobile dealers at Ponca City. Mr. Sharp is a well known and efficient service man for the Packard Motor Co. traveling out of Detroit, Mich. During the war he was instructor for the tank corps of the 33rd division located at Gettysburg, Pa. He has now accepted a position with the Lind Automobile company and expects to make Twin Falls his home.

Personals

Miss Vida Lofley of Murtaugh stopped here on Monday.

L. Crawford went to Salt Lake on business Monday evening.

Mrs. J. G. Meade returned from a visit in Rupert on Monday.

G. H. Tohey of Buhl spent Monday and Tuesday in Twin Falls.

Mrs. H. D. Knox of Burley spent the week end in Twin Falls.

Mrs. E. L. McClure of Burley stopped in Twin Falls on Monday.

Miss Helen Sherman is spending the week out of town with friends.

Miss Alta King of Kimberly visited friends in Twin Falls on Monday.

Miss Helen Tuttle spent the week end with Miss Beulah Barnhart.

Paul Richmond of Filer is visiting friends in Twin Falls this week.

Mrs. Helen Edwards of Burley spent Monday in Twin Falls with friends.

Mrs. L. T. Carter of Burley spent Monday in Twin Falls with friends.

Mrs. R. A. Goans of Hansen spent Monday in Twin Falls on business.

Mrs. B. S. Godfrey left on Monday evening for Boise where she will nurse.

Miss Gretchen Stuns of Poplar Hill spent Monday afternoon in Twin Falls.

Mrs. Louise Kennedy and son of Hansen stopped in Twin Falls on Monday.

L. T. Wright returned from a short business trip to Idaho Falls on Monday.

Mrs. J. W. Taylor of Rogerson came here on Monday after a short visit in Filer.

Mrs. Sylvia Nitschke of Rupert spent Sunday and Monday with her mother, Mrs. B. S. Griffin.

Miss Britton Wolfe spent the week end in Rock Creek as the guest of Mrs. Edith Perry.

Mrs. N. E. Fink who has been the guest of Mrs. L. B. Fink returned to her home in Postville on Monday evening.

On Sunday Misses Vera Cook, Eleanor Munson, Cleo DeWitt, Eula Duke and Faith DeWitt drove to Ellet for the day. They visited friends there.

Mumsy Lines in Kiddie Frocks

"Sixteen to one" advocates can find some very new and distinctive lines in spring frocks and things which are close patterns of "Mumsy's" Easter frocks. The fashion of the little girl is of blue velour with a narrow varnished leather strip supporting the new collar. The hat is velour with a rough blue straw and a wool tassel. Her larger companion is happy in a collarless frock of golden brown wool jersey with ruffles of navy blue and white. The two at the right have summery frocks, the little girl in a frock of pinks with a dark blue velvet bird applied. The older girl has a spring velour de laine in brick red with a ribbon jabot the same tint.

STUDENTS SCORE IN PRESENTING MINSTREL SHOW

Blackface Comedy Performance at High School Replete with Music and Timely Take-offs Pleases Audience.

The delay in the arrival of costumes and the consequent postponement of the glee club minstrel show and post-war jubilee seemed in no way to dampen the ardor of the performers last night. The first half of the program consisted of special numbers, songs and recitations by the company, while the second half was made up of take-offs on the students and faculty of the high school.

Lambert Day in arriving from overseas with his gift bag created an uproar. The end men, Burton Van Tassel and Elmer Wynand, were quite professional. Ralph Glasgow as Prof. Snowball, the interlocutor, was a great success. So well have the members of the chorus worked under Miss Jessie Simpson, their director, that an extraordinarily true negro accent was spoken by each member. Harold Gamble sang some original songs that were much appreciated.

The jazz orchestra contributed no small share to the success of the minstrel. Vernon Walters took the responsibility for directing this and in addition arranged all the music for the jazz work.

Vaughn Price made a humorous speech on the merits of the jazz orchestra which called down the applause of the house. Ernest Reed was prevented by serious illness from taking part in the orchestra work. The members of the circle were Joe Swift, Ralph Cobern, Willard Dutton, Willard Stearns, James Requa, Quick Landis, Lambert Day, Glen Wilkenson, Dean Mickelwait, James Wood, Ralph Vernon, Gene Thorne, Oscar Newman, Duane, Herb, Theron Goodrich, Harold Gamble, and in the orchestra there were Theodore Schwarz, Vaughn Price, and Dale Starr.

MEN ACCUSED OF DEFRAUDING ARE ARRESTED

Ivan Green and Bryant Schmeid, Charged With Padding Rubottom Cattle Company Payroll, Are Taken

Ivan Green and Bryant Schmeid, accused of defrauding the Rubottom Cattle company out of \$350, were arrested Monday afternoon in Jerome and returned here in custody of Deputy Sheriff P. O. Hoffman and Harry F. Dietrich a few hours after the complaint in the case made by John M. Beck had been filed by Prosecuting Attorney Frank L. Stephan.

The accused are charged specifically with representing that they had hired for the cattle company Charles Shapp, H. H. Hall, Elmer Inigo and Fred Clay, comb with three teams to bury 174 cattle owned by the company, and upon these representations Edward VanHammett, an agent for the cattle company, has paid out to them \$350. The complaint alleges that in fact none of the men named or any of the teams were employed in the work.

ROAD BUILDERS TAKE UP WORK IN SHOSHONE BASIN

Three Parties of Surveyors Are Sent Out on Long Job From Highway District Offices

The Twin Falls highway district on Monday sent out three surveying parties into the Rogerson and Shoshone basin districts for the purpose of surveying routes to Contact and Wells, Nevada, and throughout the basin country. The surveyors expect to remain on this work for about two months and will make their headquarters at a camp south of Rogerson. The parties include F. J. Johnson, James A. Bybee, A. D. Bounds, surveyors, and C. E. Jones, J. C. Ryan, Austin D. Thomas, T. W. Carter, J. H. Ferguson, G. O. Chapman and Ralph Bristol.

Deaths

Mrs. Mary Joiner

Mrs. Mary Joiner, aged 69 years, wife of H. H. Joiner, died this morning at her home at Hollister from pneumonia. The remains were brought to the Grossman undertaking establishment here and will be taken on Thursday morning to San Sabo, Texas, for interment.

Jake O. Cassidy

Funeral services, conducted by Rev. C. L. Owen of the First Baptist church, were held at 2 o'clock this afternoon for Jake O. Cassidy, aged about 70 years, who died Monday afternoon at a local hospital from dropsy. Mr. Cassidy had for some time made his home with his two sons, one of whom resides in the vicinity of Hansen.

Here's what we mean by a "Narrow Margin"

Here's a Fashion Park suit we've marked to sell at \$35. It's made from a piece of Hochman worsted that retails at \$40 in nine out of every ten cities in America. It's worth that price—and what's more, THAT'S the amount you'll have to pay for a like quality right here in Twin Falls.

At \$40 it shows a good legitimate profit.

At \$35 there's but a teaspoonful of velvet, but when the man who buys one of ours for \$35 meets his friends who paid \$40 for the same grade—our small dose of immediate dollars right away stretches into \$25 worth of good sound advertising—and that's what we want. Honest.

Photograph in Photograph.

A photographer has found a photograph a valuable aid in obtaining the desired facial expression in a subject. After studying the face of the person whose likeness he wishes to obtain, he decides whether he wishes an animated, reserved, sad or pensive expression. He then places a record in the photograph likely to "stimulate" the expression desired. For animation he will play such a tune as "Dixie," while to produce a sad or thoughtful expression "My Old Kentucky Home" may be played.

ALBERTA LANDS

530,000 Dry and Irrigable Acres

Lands are located in Southern Alberta and are among the best in that famous district, 200,000 acres will be under irrigation, the balance is being sold for grain growing.

The lands are being put on the market for the first time and the company is looking for bona fide settlers. All lands within a radius of ten miles or less to shipping point.

Dry lands are being sold at \$15 to \$30 per acre—irrigable lands \$40 to \$60 per acre, which includes water right—operation and maintenance charge \$1.50 per irrigable acre per year—easy payments and low interest. Alfalfa, grain, field peas, potatoes and root crops can be successfully grown.

Write direct to the company for full particulars and pamphlets.
