ITALIANS BACK UP ORLANDO

Action of Premier in Quitting Paris Endorsed by Both Houses of Parliament in Vote of Confidence

ROME, (AP)—Premier Orlando's government was given a unanimous vote of confidence in the Italian senate last night following the vote of confidence given him by the house of deputies. A great demonstration followed the premier's address before the senate.

Premier Orlando's work at the peace conference in Paris received vindication in the chamber of deputies when a vote of confidence was given him, 385 to 40. The opposing ballots were cast by the intrinsigant socialists.

Declares Situation Grave
The premier laid before parliament the details of his demands for Fiume and the Dalmatian coast districts to which Italy laid claim. He said the international situation was grave at present, adding "very grave" for Italy. He said it was Italy's duty to preserve an attitude of "calm and serenity" at present.

An outline of the exchanges between himself and President Wilson was given by Signor Orlando, who made it clear that the president's action in making public his statement as to Italy's claim to Fiume had made it impossible either to accept or reject any proposals that might be made. He said he believed it his duty to come before parliament to receive authority in carrying forward his work at the conference.

Up until April 14 when he received from President Wilson the American viewpoints on Fiume, he said he thought an agreement was probable. The premier also spoke of the attitude taken at Paris by the British and French governments, which he said had been loyal to promises made in the treaty of London, framed in 1915.

He admitted, however, that both France and Great Britain do not stand with Italy in her demands for the annexation of Fiume. He added that they might have agreed, in principle, to the creation of Fiume as an independent free state.

High Court Upholds the Rates Decision

Contention of Public Service Commission Is Favored by Justice's Action

ALBANY, N. Y., (AP)—Supreme Court Justice Brandt today upheld the contention of the public service commission, second district, that it is not bound by the New York Telephone company and the Western Union Telegraph company and proposed increased rates for the New York Telephone company, and the United Telephone company, and the United Telephone orders preventing enforcement of the increases which were ordered by the postmaster general.

ADPT PLANS FOR \$125,000 'Y' BUILDING

Meeting of Local Business and Professional Men With Association Workers Takes Definite Steps Toward Campaign

With the appointment of local committee at a meeting last evening in the Twin Falls Title & Abstract company offices of about 25 of the business and professional men of the city—J. E. Rhoads, Portland, and R. C. Clark, Tacoma, of the Y. M. C. A. field organization, a campaign was fairly launched here for the erection of the Y. M. C. A. building, which has been planned for and discussed since the founding of the city.

Goal to be Reached Quickly
L. L. Brackenridge, who served six months in France as a secretary for the Red Cross and then for the Y. M. C. A., is chairman and Stuart H. Taylor secretary of the general committee, which is planning to launch a vigorous campaign for the raising of the building fund among Twin Falls citizens immediately after the Victory Loan campaign is finished. It is planned to complete the campaign for the building (Continued on page eight)

CONFERENCE CONTINUES MAKING OF PEACE WITH ITALY ON THE OUTSIDE

Completion and Submission of Treaty Terms to German Envoys Will Proceed Without Reference to Position of Orlando and Delegation and regardless of Any Action Italy May Take.

RIVAL CLAIMS OF JAPAN AND CHINA AS TO GERMAN FORTRESS RECONCILED

(By Associated Press)
PARIS, (AP)—The government and the Italian delegation at the peace conference received a vote of confidence from the Italian parliament last night. The vote in the chamber of deputies was 385 to 40 and in the senate it was unanimous. What effect this action will have on the council of three of the peace conference is problematical. Paris advices indicate the return of the Italian delegation is not expected, for the present at least, and that it is planned to proceed with making peace with Germany regardless of any action by Italy.

CONSTRUCTION WAITS ON RESULT OF BONDS VOTE

Building of Wings to State Capital Contingent on Approval of Issue

(Special to The News)
BOISE — On May 10 Boise is to vote on a \$135,000 bond issue to provide funds for the purchase of property approaching the state capital building so that they can be worked and a civic center plan on a big scale carried out. The preliminary campaign to this election is now in progress. Under the law only property owner may vote at the election. Contingent upon the approval of bond issue is the building of the two \$450,000 wings to the main state capital building. The law provides that if the approaches are not secured by the city construction work on the wings may not proceed until the city does purchase them.

CAPITAL SHOCKED BY QUAKE

Severe and Prolonged Tremor Is Recorded by Seismographs in Washington—Disturbance Is Felt on Pacific Coast

WASHINGTON, (AP)—A very severe and prolonged earthquake estimated to have centered between 4,000 and 4,100 miles from Washington, was recorded early today at the Georgetown university observatory.

In what part of the world the quake was centered experts would not venture an opinion.

Fifteen Shocks Recorded.

ST. LOUIS, (AP)—Severe earthquake shocks centered 5,400 miles west by southwest from St. Louis were recorded early today by the seismograph at St. Louis university. Fifteen distinct shocks, starting at 2:30 a. m. and ending at 5:20 a. m., were registered.

NEW YORK, (AP)—Cable reports received by the South American cable company indicate that the earthquake which occurred in San Salvador two days ago may prove as disastrous as the great quake in 1917. It was said to be the worst of 1917, when an earthquake accompanied by an eruption of the volcano of San Salvador wiped out many towns in the republic.

German Delegates Are Surprised by Devastated Areas

Peace Makers Are Received by Prefect of French Government at Versailles

VERSAILLES, (AP)—When the German delegates to the peace conference headed by Count von Brockdorff-Rantzau, reached Versailles last night it was received in the name of the French government by M. Chaillon, prefect of the department of Seine-et-Oise, to whom the count expressed thanks on behalf of the delegation. The count's secretary, Herr Rottiger, remarked to the prefect: "Words fail me to describe my feelings as I crossed your devastated regions. I hope the peace which we are about to sign will give satisfaction to all the nations."

DEADLY BOMBS FOUND IN MAIL FOR OFFICIALS

Seventeen Infernal Machines Are Apprehended in New York City Postoffice by Inspectors.

WASHINGTON.—Postoffice inspectors at New York City reported today the discovery of seventeen infernal machines put in the mail addressed to prominent officials, including officers.

One of the machines is understood to have exploded during examination, but without causing great damage. All were similar to the one that exploded in the case of Harwick, of Georgia, which when opened at the Harwick home blew off the hands of a negro maid and injured Mrs. Harwick.

Among those to whom the deadly packages were addressed were Postmaster General Baileys, Secretary of Labor Wilson, Attorney General Palmer, Commissioner General Cassatt, of the immigration bureau; Mayor Hylan of New York; Governor O'Brien of Pennsylvania; John D. Rockefeller, J. P. Morgan; Solicitor General Lamar; the postoffice department and F. C. (Continued on page eight)

GERMANY WOULD MAKE TERMS OF PEACE TREATY

Settlement Favored by Enemy When War Started Is Given by Erzberger in Memorandum Written During 1914

PARIS, (AP)—The terms that Matthias Erzberger was in favor of imposing upon the allies if Germany had been victorious are set forth in a memorandum written by him in 1914 and outlined by a Geneva dispatch.

"Germany cannot tolerate the presence on her frontiers of so-called neutral states insufficiently strong to preserve their neutrality, or which do not want to remain neutral," said Erzberger.

"Her second aim must be to free herself from the insupportable leading strings of England on all questions of world policy. In the third place she must break up the Russian colossus."

Must Have Belgium

"Germany must have sovereignty over Belgium and the French coast from Dunkirk to Boulogne and possession of the Channel Islands. She must take the mines in French Lorraine and create an African German empire by annexing the Belgian and French Congo, British Nigeria, Dahomey and the French West Coast."

In Matter of Indemnities

"In fixing indemnities the actual capacity of a state at the moment should be considered. Besides a large immediate payment by annual installments spread over a long period could be arranged. France would be helped in making them by deducting her budget of naval and military appropriations. Indemnities should provide for the repayment of the full costs of the war and the damages of war, the redemption of all of Germany's public debt and the creation of a vast fund for incapacitated soldiers."

PUBLISHERS ASK BIG ROYALTIES

German Editors Demand Fat Returns From English and American Buyers

BERLIN, (AP)—The Spring book list contains feature memoirs by German governmental and military leaders, the newest acquisition being two volumes written by former Imperial Chancellor Dr. von Bethmann-Hollweg, former minister of foreign affairs, which is reported to be defense of Germany's pre-war policies.

German publishers are demanding fat royalties for American and English editions.

A Leipzig firm is offering the foreign rights on a combination work by Admiral von Tirpitz, Lieut. General Helmuth von Lottow-Gorbeok, for \$250,000.

The proposal has been made that the government seize manuscripts compiled by leaders of the old regime and include them among the foreign securities which are being requisitioned for the purpose of paying for food shipments from abroad.

BATTLESHIP IS LAUNCHED TODAY

World's Greatest Fighting Vessel Sides Down Into Water at New York Yard

NEW YORK, (AP)—The world's most powerful battleship, the superbly equipped Tennessee, was successfully launched today, sliding down the ways at the New York navy yard at 9:45 o'clock.

The launching ceremony was simple. After a prayer by Captain W. G. Isaacs, chaplain of the navy yard, Miss Helen Roberts, daughter of Governor A. H. Roberts of Tennessee, and sponsor, broke a bottle of champagne over the battleship's bow.

Cost is Exceedingly Large

The 32,000-ton vessel, when completed, will cost \$19,000,000.

The vessel, a sister ship of the U. S. S. California, now under construction at the Mare Island navy yard, is expected to be completed in 1920.

The Tennessee is 624 feet in length, her breadth 97 feet 3 3/4 inches and her draft 30 feet 6 inches. She will have a speed of 21 knots an hour and her eight water tube boilers will develop 20,000 horse power.

The armament will consist of twelve fourteen-inch guns, four fifteen-inch guns, four six-pounder, ten anti-aircraft guns and two torpedo tubes.

REVOLTS AMONG ALBANIANS ARE REPORTED SPREADING

SALONIKI, (AP)—The revolt in Albania against the Italian troops of occupation is spreading, according to Greek newspaper advice. The rebel commander is said to have a force of four thousand men.

Several hundred Albanians, it is added, have sent a message to the peace conference denouncing Italian acts in Albania and affirming confidence in Woodrow Wilson.

ACTRESSES AID LOAN CAMPAIGN

Movie Stars Are Assigned to Ships in "Match the Navy" Feature Contests

WASHINGTON, (AP)—Subscriptions to the Victory Liberty loan officially reported to the treasury today passed one billion dollars. Thus, with the campaign nearly half over, less than one-fourth of the \$4,500,000,000 total has been subscribed.

Actual subscriptions not yet backed up by the ten per cent initial payments probably would add several hundred million dollars to the treasury, it was officially reported, it was said.

Solicit Subscriptions

Moving picture actresses have been assigned as sponsors for fifteen battleships of the Atlantic fleet in New York harbor, under a Victory Liberty loan plan by which subscriptions taken at rallies addressed by the sponsors in various parts of the country will be credited to their respective ships as a feature of "match the navy" contests.

The assignments are as follows: Arizona, Clara Kimball Young; Idaho, Billie Burke; Pennsylvania, Anita Stewart; Utah, Dorothy Dandridge; Arkansas, Alice Joyce; New Mexico, Madge Kennedy; Oklahoma, June Caprice; Mississippi, Pearl White; Wyoming, Geraldine Farrar; Delaware, Marguerite Clark; Nevada, Norma Talmadge; New York, Florence Reed; Texas, Mary Pickford; Florida, Mabel Normand and North Dakota, Theda Bara.

BOLSHEVIKI ARE LEAVING RUSSIA

Leaders, Fearing Downfall of the Red Terror, Are Reported to Be Fleeing

WASHINGTON, (AP)—Official advice reaching Washington through a neutral source, said Bolsheviki leaders Lenin and Trotsky were seeking refuge outside Russia, fearing an overthrow of the soviet government.

Officials view the information as indicating that the two Bolsheviki leaders realize the days of Bolshevism are numbered.

It is known that before they have tried to make similar preparations but each time the Bolsheviki government received new impulses.

Sweden, Denmark, Norway, Switzerland, Spain and Germany, according to advice, have refused to entertain the suggestion that Lenin and Trotsky be given refuge there.

According to the reports Hungary has not refused the request, but has made no reply as yet to the proposal.

RECRUITING DOING WELL

WASHINGTON, (AP)—Continued increase in the number of enlistments resulting from the war department's call for 50,000 overseas volunteers was shown today in the official report for the week ending April 19. A total of 6,842 recruits were recorded, bringing the grand total to 17,020.

Neither the Japanese nor the Chinese delegates appeared during the first hour of the session, nor did the Belgians, whose financial claims have been under consideration, make an appearance.

REPORT GIVES DECISIONS IN ALL COMMERCE

Interstate and Foreign Trade of America Is Discussed Fully in Answers of Commission Investigating Lading Trouble

WASHINGTON, (AP)—Limitation of the carriers' liability by the value of property at the time and place of shipment has held by the interstate commerce commission today to be illegal. This long standing provision of bills of lading was ordered stricken out in its entirety from the uniform bill prescribed by the commission as a result of its exhaustive investigation, begun last year, into the contracts required by carriers before undertaking the transportation of freight.

In prescribing a uniform bill for export shipments, however, the provision was retained, as the Cummins amendment to the commerce act, which the provision was held to contravene, was not applicable to export shipments to non-adjacent foreign countries.

Put New Bills in Use

The new bills of lading were ordered put into use by carriers subject to the commission on or before August 8, with thirty days' notice to the public of the change.

The report held that it had authority to enforce the statutory law in regard to bills of lading and that numerous complaints of "unfair and varying practices of carriers in regard to such bills made a uniform contract imperative.

The report issued today, written by Commissioner Robert W. Woolley, related only to domestic and export bills. The livestock contract will be considered in a supplemental report. Additional forms for such special traffic as coal and perishables were held to be unnecessary.

WASHINGTON, (AP)—Decisions affecting every phase of the nation's interstate and export commerce were handed down today by the interstate commerce commission in the first section of a report on its bills of lading investigation.

Must Have Uniformity

With respect to domestic traffic, the commission declared that uniform practices alleging unfair and varying practices of carriers in the application of regulations contained in their present bills of lading, and the great importance of such bills in commercial transactions, made it imperative that the commission take appropriate action to prescribe uniform bills of lading. The commission ruled that it has authority to require carriers to comply with the law respecting the issuance of bills of lading, to file with the commission the regulations which they write on their bills, to require that uniform regulations be adopted, and to determine what are reasonable and non-discriminatory rates.

Three Classes of Application

With respect to the application of the Cummins amendment to the act to regulate commerce, the commission declared that property transported by carriers could be divided into three classes: ordinary livestock, as to which no limitation of liability whatsoever is lawful; property, other than ordinary livestock, concerning which the carrier may, upon authorization by the commission, be permitted to contract for a limitation of its liability; and property, other than ordinary livestock, as to which the carrier has no obtained authorization to limit its liability, and to which, therefore, no limitation is lawful.

MANY QUESTIONS STILL UNSETTLED

No Definite Program Is Announced of Decisions but Problems Are Considered

PARIS, (AP)—The council of three met today a half hour earlier than usual. While no program was announced, it was believed the Italian situation as developed by the parliamentary endorsement of the Italian delegation's position was to be considered and the discussion over Kiao Chau resumed.

Neither the Japanese nor the Chinese delegates appeared during the first hour of the session, nor did the Belgians, whose financial claims have been under consideration, make an appearance.

SERVICE MEN MAY KEEP UP INSURANCES

Soldiers and Sailors May Continue Policies Even After Being Discharged and Bureau Is Anxious That They Do So

WASHINGTON, (AP)—Soldiers and sailors government insurance will be continued automatically in effect for one month after the end of the month in which a man is discharged, even if the man does not pay his premiums, Henry D. Lindsay, director of the war risk insurance bureau, announced today. If a man dies within that time the insurance will be paid but after that time the policy is considered lapsed. A lapsed policy will be reinstated if application is made within six months.

Attempts are being made to have men keep their policies in force, as they can be converted into regular life insurance within five years.

Recognize Physical Disability

The bureau has ruled that physical disability of a discharged soldier will be recognized after his discharge even though records show he was sound on leaving the service.

The war risk bureau is anxious to hear from, first—discharged soldiers or sailors who are partially disabled, who need free treatment in government hospitals or sanitariums or who are entitled to compensation which they are not receiving, and second—soldiers or sailors who are discharged and have changed their addresses and who are not receiving allotment and allowance checks to which they are entitled.

SUBSCRIPTIONS ARE LARGE

WASHINGTON, (AP)—The nation's contribution to the Victory Liberty loan moved up \$145,000,404.000 within the last 24 hours, bringing total sales officially reported to the treasury to \$4,500,000,000. This is only 23.6 per cent of the sum which must be raised during the campaign.

REDFIELD SAYS BUSINESS MUST BE COOPERATIVE

Extreme Competition Is Often Cause of Destruction Is Declared by Secretary Before Chamber of Commerce

ST. LOUIS, (AP)—American business in the future will be more cooperative than competitive and this cooperation will solve many difficulties that the present inactivity and lack of energy fail to solve, William C. Redfield, secretary of commerce, told the Chamber of Commerce of the United States here today.

Competition may be destructive. He characterized extreme competition as destructive, and uncontrolled competition as dangerous, adding that the "ethical revolution" now in progress will bring the proper solution for business which has outgrown the law intended to control it.

"There has been a change for the better in the ethics and methods of the trade since the anti-trust laws came into being," he said. "These laws were the expression of the moral judgment of the country against certain business procedures deemed injurious to the body politic and to the lack sound social sanctions."

Laws Relate to Dead Past

"I am convinced that the advance in ethical purposes, in moral perception, in a higher grade of practice in the business world and in the actual conditions with which the anti-trust laws were originally enacted to deal, so that the form and substance of these laws as they stand in literal form relate in no small part to a past which, if not dead, is at least dying."

"The principles and practices of business are in a state of constant evolution. Therefore, the laws must from time to time be readjusted."

World Prevent Combinations

"In the effort to keep pace with the life of trade interpretation of law may go far afield. I think there is cause to wonder whether it is morally sound to construe a law, frankly intended to prevent combinations in restraint of trade, so as to prevent cooperation in construction of trade. There always felt as a man of business, there are two assumptions common to our public discussion of commercial matters which are essentially wrong. One is that competition is a bad thing so desirable that it should be restored if need be by force or law. The second is that the attitude of suspicion toward business is an evidence of wisdom."

"Few will deny that there are elements of good in a strictly competitive state of business. He added that if 'competition was outlawed, the combination proved to be both. And, as the path of competition was strewn with the commercial dead, so also is the way along which combination ran."

Sessions of Peace Congress Planned

Room Now Used by Supreme Council Is First to Be Occupied by Representatives

VERMILLION, (AP)—The first session of the peace congress that he held in the room now used by the supreme war council, and will be devoted to a verification of credentials.

The text of the peace treaty will be presented to the Germans at the second session in the dining room of the hotel Triton. This is a superb apartment 76 feet square and is virtually a room inclosed in glass.

The delegates will proceed to the conference chamber through a marble corridor 180 feet long lined with mirrors on one side and opening on the park from the other.

ROME, (AP)—The Home newspaper in commenting on Premier Orlando's speech before the parliament and the vote of confidence in his government, declares that now the Italian people and parliament have voted their solidarity with the government, it remains only for the entente to revise its decision regarding the Adriatic adjustment.

Italy Thinks Entente Must Revise Ideas

The view taken is that President Wilson appealed to the Italian people and now they have given their answer and that it is bound to have its effect upon his attitude.

The press praises what it refers to as the spirit of justice and moderation in regarding the speech of the prime minister.

Trouble Piles Up for F. M. Darling

Wife Invokes Court's Aid in Pressing Claims for Support

Troubles of Frank M. Darling, the defendant in an action for divorce in which his wife accuses him of being a bigamist, multiplied rapidly Tuesday when he was arrested and taken from his work in the employ of a building contractor here and held before Probate judge on a criminal charge of failing to provide for the support of four children, aged from 2 to 7 years. The court after reading this complaint produced another in which Darling was charged by the American Mercantile company with issuing a check without funds in the bank Decker Bank in the sum of \$28.75 in favor of Mrs. Darling.

Darling declared that he had signed a note February 4 for \$150 transferring the proceeds to Mrs. Darling's checking account, admitting that he had contributed nothing since that time to the support of herself or children. He said that he had sufficient money in the bank to meet the check in question at the time it was written. He furnished bond to secure his appearance in the probate court to answer to the non-support charge.

Mrs. Darling, who is living with her children on a ranch southeast of Holliester, appeared before the county commissioner Monday with a petition for financial assistance.

STEEL INDUSTRY MEN WILLING TO MAKE AGREEMENT

Representatives Are to Confer With Industrial Board in an Attempt to Reach Some Sort of Price Understanding

WASHINGTON, (AP)—The steel industry has expressed its willingness to confer again with the industrial board of the department of commerce together with representatives of the railroad administration, concerning steel prices. It was learned today that an invitation extended to the steel men through a member of the board yesterday in New York was accepted.

The conference, it is understood, will be held either in Washington or New York next week. Representatives of the industry, it is understood, did not indicate a purpose to recede from their price schedule approved by the industrial board three months ago, which the railroad administration rejected at too high.

FOOD RATIONS ARE INCREASED SEVERAL FOLD

Uniform Allotment to Inhabitants in Occupied Area of Germany Is Added to by Eighty Grams

COBLENZ, (AP)—The average uniform ration for the 7,000,000 inhabitants of the occupied areas of Germany will be 930 grams a day for each person, according to the decision of the international military commission for food supply for the civilian population on the left bank of the Rhine, announced today.

This is an increase of 80 grams a day over that provided by the German war regulations, but estimated in calories it means an increase of 2,400 calories a day from the 1,400 allowed by the Germans.

This decision means that the commission agrees to supply the food not supplied by the Germans. The food will be paid for by the German government.

The population of the American area of occupation is 850,000.

Beware of Compromises. One temptation in making difficult decisions is to compromise. You aren't sure which way is the best, you seek to combine the advantages of both and in a time merely combine all the disadvantages. To be sure, there are times when a compromise is the wisest course, but there are just as many times when it is cowardice and weakness. How can one tell which times are which? Well, that is simply another decision for you.

Fraser was a close personal friend of "Teddy's," and here in the making, is best known as the designer of the "Buffalo" nickle and his statue—"The end of the trail."

POSSIBLE SOLUTION OF TROUBLE IS REACHED

Problem of Chinese-Japanese Territorial Disposition Is Believed Solved

PARIS, (AP)—A formula for the solution of the problem of Kiao Chan which it is hoped will remove any possibility of a definite break and prove mutually acceptable to the Chinese and Japanese, has been reached by the powers, it was stated in authoritative quarters today.

The nature of the indicated solution has not been disclosed.

Dr. Fleisher Is Now a County Official

Superintendent of Home Finding Society Probation Officer Here

Dr. John W. Fleisher, superintendent of the Idaho State Children's Aid and Home-Finding society, with headquarters at Boise, is an official of Twin Falls county by appointment Tuesday by Probate Judge O. P. Duvall to the position of probation officer, serving without pay.

Dr. Fleisher's work brings him frequently to Twin Falls county and it was thought that his work could be carried on to better advantage by reason of the appointment which creates an auxiliary position to that of Probation Officer John E. Ault.

Dr. Fleisher was formerly pastor of the First Methodist Episcopal church here.

NOTED TRAVELER TO TALK HERE ON HIS EXPERIENCE

Dr. J. M. Taylor Comes to Twin Falls With Great Record in Interests of Centenary of Methodists

Dr. J. M. Taylor, missionary and traveler, who is to deliver, in the interests of the Centenary movement, an illustrated lecture Thursday evening at the Methodist chapel, arriving here on the subject, "The World as I Have Seen and Photographed It" is one of the most able and thrilling speakers in the Centenary team sent to hold the Centenary World Program conventions and for single meetings.

At the Area conventions in Chicago and Des Moines, he proved a dynamo of enthusiasm, presenting the Centenary message with tremendous power. Dr. Taylor is not only a missionary with a record of large success in America and the Philippines, but he is also a world traveler. He has traveled 450,000 miles in the last ten years, visiting practically every country in the world.

Last November he returned from a 70,000 mile evangelistic tour upon which he was sent out by the Methodist Episcopal church.

As a missionary among the cannibals, Dr. Taylor has had the most distressing experience of being captured and made a prisoner with the imminent danger of being eaten by them.

He is illustrated by a large dissolving stereopticon and has his own expert operator. The pictures he shows were made especially for him from photographs which he has been taken and owned by artists of first ability in New York city.

Says Wife Is Able to Execute Threats

Ornely Is Alleged by Husband in Suit for Divorce Filed Here

That his wife not only threatens the life and safety of himself and his children but that she is a large and strong woman capable of carrying out her threats and that she has in fact struck him with a flat iron and otherwise abused him are allegations in a petition for divorce filed in district court here Tuesday on the grounds of cruelty in the case of Roy W. Gager against Estelle May Gager. The couple according to the petition, were married April 28, 1918, in Rupert. They have one minor child. The plaintiff is represented by Sweeney & Sweeney.

SOVIETS ARREST MANY CITIZENS

Six Hundred Are Detained by Authorities for Actions Against New Republic

BUDAPEST, (AP)—Six hundred arrests have been made by the soviet authorities, virtually every financier, publisher, editor, writer, manufacturer and minister of Hungary being thrown into prison. More than thirty editors and newspaper owners and many reporters have been taken into custody. It is alleged, because they have refused to accept bribes to champion the soviet cause.

Count Albert Apponyi, former premier; Count Hadik, former food minister; Baron and Baroness Lutz Hatvanyi, Countess Niko and chambers of commerce members are being held. Attorney Stousov has been executed and ten others have been sentenced to life imprisonment.

AN OPPORTUNITY.

If Twin Falls cares to do so she may make an effort to secure for this city one of the two State Tuberculosis Hospitals, soon to be built at State expense.

Each of the hospitals is to be built in Northern Idaho, the other in the southern part of the State. Selection of sites will not be made until about July first.

Later on it should be readily possible for Twin Falls to gain state recognition with respect to her claims for some form or other of state patronage of a public character.

OLSON COMES OUT BEST IN FINISH BOUT

Terrible Swede Catches Ad Gustavo Off Guard and Trips Him for Heavy Fall in Match Here

Charlie Olson of Chicago won from Ad Gustavo, the Argentine champion, a finish wrestling bout staged Tuesday evening in the Lavering theatre, claiming his first fall after 51 minutes hard work throwing his opponent heavily on the head and neck with a crotch and half Nelson.

The men were evenly matched as to weight, the Argentine champion claiming the advantage of a row inches superior height. Both weighed in at 160 pounds.

Each man gave the best he had to the match and victory was the keynote of the bout from start to finish. Olson overpowered several chances early in the match to throw the Swede and then became careless, Gustavo said this morning.

The bout was referred by L. Musser of the referee to a preliminary bout on May 10 by J. Gilbert and Young Nelson, both of Buhl, was a fast and furious affair from the tap of the gong, no decision being given.

TWIN FALLS HAS CHANGE FOR STATE INSTITUTION

One of Two Tuberculosis Hospitals Will Go to Southern Idaho Town

BOISE.—All offers of sites for the state's two tuberculosis hospitals, one of which is to be constructed in north Idaho and the other in the southern part of the state, must be in the hands of J. K. White, state commissioner of public welfare, before June 30, according to an announcement which has just been made by Mrs. J. O. Athey, president of the state tuberculosis commission.

"Several propositions of unusual merit already have been placed before the commission," said Mrs. Athey, "but I feel sure that there still are many communities which desire to have their offers considered. Members of the board have been more than gratified by the evident public-spiritedness which has prompted several cities and towns to respond as generously as they have."

The hospital sites will not be selected until after July 1.

TWIN FALLS OLD TIMER IS AMAZED AT PROGRESS

J. M. Burnett Visits Scene of Early Days After an Absence of Twelve Years

Twelve years ago J. M. Burnett left Twin Falls where he was in the livery business, selling out to Jim Gallagher, and moved to Ogden, Utah. He is in town today looking up old acquaintances and marveling at the changes which have taken place in the "original townsite" and surrounding country in the days which have passed since he left.

Mr. Burnett is not much of a talker but his remarks at the office of The News this morning indicated the extent of his surprise and admiration of the progress which this section has made. "In the days when I lived here," he said, "I could stand on any corner and contemplate the square miles of agriculture and orchards by merely turning my head. Its different now, all right. When I left here I had not the slightest conception that the Magic City would come even close to its present mark in the next ten or twelve years, although I knew of course that the country would grow."

Mr. Burnett was the fourth or fifth man to erect permanent building on the site of Twin Falls.

COUNTY BOARD VISITS MINES

Commissioners Make Road Inspection Trip to Jarbidge, Nevada

After a trip Sunday over the road from Hogerson to Jarbidge, Nev., T. E. Moore, W. F. Parsons and W. F. Brock on, members of the Twin Falls county board of commissioners, decided to appropriate \$250 for the repair of the road in the vicinity of the Hot Springs. The commissioners spent Sunday night in the Nevada gold mining camp and were conducted through several of the operating properties in the vicinity. They were accompanied on the trip by Sheriff A. N. Sprague and E. A. Landon, deputy assessor. The return trip was made by way of the Lilly trail and Buhl.

That the Jarbidge district is in the midst of a development period limited only by the number of men available for employment is the statement made on the return of the official party by Sheriff Sprague. The Elkfork properties which are carrying out extensive development plans have employment at the present time for 50 additional men, Sheriff Sprague said.

This evening the seventh grade at the Washington school will entertain at a masquerade in the school.

The seventh B students of the Lincoln school left immediately after school on Tuesday for Shoshone falls where they spent the evening in true picnic fashion. The teachers of the departmental grades acted as chaperones.

The Business Women's association held their weekly dinner and monthly business session on Monday evening. After dinner plans for a picnic to be held next Monday evening at the lakes were discussed. This will take the place of the dinner. The party will leave town about 6:15 o'clock.

Mrs. I. B. Perrine will give the last of her parties today. Sunday the Twin Falls young people received a special invitation to the lakes on Monday a number of Castleford guests motored over to enjoy the blossoms and on Tuesday Mrs. W. H. Harvey of Buhl took a carload of Buhl's ladies down for the day.

The Twentieth Century club held the last meeting of the year in Moore hall yesterday afternoon. Mrs. J. H. Moore presided in the absence of Mrs. Humphries until the new officers were installed. Mrs. B. A. Baker, the new president, spent the rest of the time appointing working committees for the coming year. The club voted to continue meeting through the warm season after dinner plans for a picnic to be held at each of these meetings. Silver collections will be taken to add to the soldier memorial fund.

ONLY DAMAGE TO HIS WHEEL CONCERNS BOY

Wilbur Polley, Thrown by Collision with Car, Asks Driver to See That His Bicycle is Repaired.

Wilbur Polley, aged 10, son of Wayne Polley, 289 Jackson street, riding a bicycle at the intersection of Third street south with Main avenue, at about 7:30 o'clock Tuesday evening, collided with a car driven across the street by S. A. Ross, an employee of the Browning Automobile company, being thrown to the pavement and receiving some bruises and loosened teeth. The car had been brought to a stop when the accident occurred. A crowd gathered quickly. Mr. Ross offered to take the boy to a physician or to his home, but the lad decided to walk home, asking only that repairs be made to the wheel. The driver promised to see that this was done.

Honey Found in Tree Tops. Quantities of honey are found in the African forests by the natives in hollow trees. The honey is generally at the summit of the tree, and the men knock down the tree, and smoke the bees out of their lodging with burning grass. The honey is then quickly collected and taken to camp.

To Plintize Silver.

Place some platinum in a small quantity of aqua regia or nitro-muriatic acid, and keep it in a warm place a few days; it will dissolve. As soon as it has dissolved, evaporate the liquid at a gentle heat until it is as thick as honey, so as to get rid of the excess of the nitric and muriatic acids. Add a little water, and it is ready for use. A dozen drops of this solution goes a long way in plintizing silver. The operation is performed in a small glass or beaker, covered with a watchglass to keep in the fumes, and placed in a little sand in a saucer, to equalize the heat.

Wild Goose Hides Eggs.

The domestic goose is derived from wild species. The pioneer settlers saw their domestic geese run wild in primitive state. Now, the goose constructs a very pretentious nest on the ground. The eggs are so large and white that they would attract unfriendly notice at a considerable distance. To avoid this dangerous publicity the eggs are carefully covered over when the hen leaves them even for a short time.

Island Scene of Flores Fighting.

The Isle of Wight, indeed, has had a checked history as far as wars are concerned. Romans, Jutes, Saxons, Danes all descended upon it in their time, and from the fourteenth to the sixteenth centuries the islanders lived under the almost continuous threat of invasion by the French, who, in 1377, burnt Yarmouth, and so devastated Newport that it "lay uninhabited for two years."

Browning's High Ideals.

Probably the writer who most frequently confesses money was Robert Browning the poet. During the last 25 years of his life editors offered large sums for a short poem from his pen. But Browning said "No." He told his friends when they pointed out the unwisdom of this course that he was determined not to thrust his poems down the throats of the people; that if they wanted to read them they could buy his books.

Improved Lightship Bell.

A new lightship also has a bell, which is made to ring automatically by means of a highly ingenious device which utilizes the gas as it passes from the tanks to the lantern, to actuate the bell clapper. The light is not interfered with in the slightest degree by the operation of the bell-striking device. It is only set in motion, however, in very foggy weather, when the light is not to be distinguished at any great distance.

Would Be a Nuisance.

Chairs so mounted that they can be raised and lowered two feet or more by the occupants, for use in motion picture and other theaters, are shown in Popular Mechanics Magazine. The advantage of these seats is that they quickly adjust to the camera, to actuate a view of the stage unobstructed by persons passing to and fro in front of them—a frequent occurrence at the "movies."

Formalin for Ingrowing Toenail.

Safety advice application of solution of formaldehyde (formalin) for the relief of ingrowing toenail. A pledget of cotton wet with formalin is swabbed over the granulations once every day. The pain is relieved almost immediately, the inflammation is rapidly reduced and the cure is practically complete in four or five days.—Journal de Medecin et de Chirurgie Practiques.

Differing Fears.

When it is a man getting a set of false teeth, he is afraid he is not going to be able to talk with them; if it is a woman, she is afraid she will not be able to talk.

Nell Gwynne Custom.
 The custom of placing an orange on a plate near the door of Savoy chapel, London, the Sunday after Christmas is probably a survival of the custom which prevailed at this chapel after the death of Nell Gwynne. In those days it was usual, in memory of the orange-girl, who was notably large-hearted and a kindly giver of alms, to place an orange on the plate whenever signs were distributed.

DECLARES WAR ON FRUIT PEST

Commissioner of Agriculture Names Commission to Investigate

(Special to The News) BOISE - War is to be waged on the fruit pests in the orchards of this state. Miles Cannon, commissioner of agriculture, has appointed Professor C. O. Vincent, horticulturist at the University of Idaho, and E. R. Bennett, field biologist, university extension department to join with W. A. Wickes, director of plant industry and J. F. Litzgoy, entomologist in charge...

Recently it was announced that the red spider, imported from California, was working havoc in the prune blossoms, killing the fruit. It has since been discovered this menace was not as serious as at first expected.

DANGERS OF TONG WAR ARE BELIEVED AVERTED

Trouble Among Chinese Factions in Salem Is Quietly by Peace Delegates

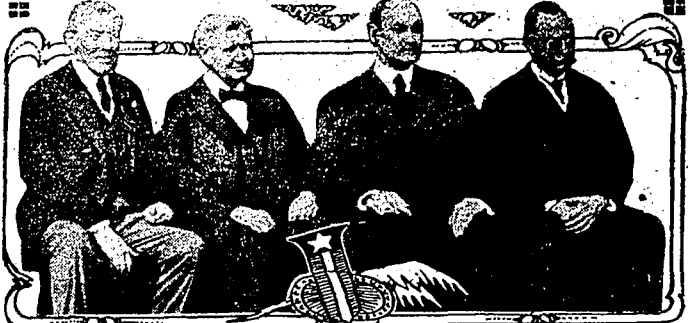

SALEM, Ore., (AP) - Serious threats of a tong outbreak in Salem were quieted today when long peace delegates from Portland and Astoria met and attacked up differences existing between local Chinese factions.

The trouble started several days ago when a 14-year-old son of Mrs. I. Hing, an influential Chinese woman, was accused of burning a laundry owned by a rival tong man.

CAN'T COMPETE AGAINST AUTOS

Motors Held Responsible for Forced Sale of Boise Railway Lines

(Special to The News) BOISE - In the sale of the Boise Railway company's property including all its city railway trackage in Boise, it appears, rolling stock, cars and barns, ordered by Judge Charles F. Beddock of the third judicial district court here, represents a concrete example of what the automobile is doing to carriers dependent upon local toll for their income, say those who have watched the development of both.

The Boise Title & Trust company has a judgment of \$154,445 against the railway company. It is to satisfy this that the sale was ordered to take place to the highest bidder on May 24.

A year ago a half ago the National Amusement company was organized to operate the railway property. It gave a mortgage on the railway for \$75,000, which is part of the \$150,000 mentioned in the foreclosure suit. David Miller of Kansas City purchased the property at a previous sale. He holds the stock but his whereabouts is unknown.

The railroad some time ago made application to the public utilities commission for authority to install one man car crows to reduce the expenses of operation as they are higher than the income. This application is still pending. The interurban lines operating in this territory made a similar application. They mention the auto as one of the main competitors.

BOLSHEWK MEET REVERSES ON ENTIRE WESTERN FRONT

Recent Successes on Southern Line Are Offset by Defeats on Other Sides

LONDON, (AP) - Bolshevik successes on the southern front have been counterbalanced by reverses on the western front, according to the Russian official statement of Sunday.

The statement said that on the western front the Bolsheviks had abandoned Sergelevsk and Chitopol.

On the southern front in the region of Baku, the Bolsheviks claim to have captured 3,000 prisoners and to have gained possession of most of the fords along the river Mantoh.

New York Stocks

NEW YORK, (AP) - Wall Street noon - Pressure against United States Steel relaxed for a time but the stock fell 1/2 to 5/8. Many large blocks being sold. Most active trading was in motors and related rubber shares, a series of those issues gaining from 2 to 5 points.

NEW YORK, (AP) - Wall Street 10 p. m. - A heavy sell accompanied the initial decline on the stock exchange today. Reactions of 1 to almost 3 points in several noteworthy industries being ascribed to the elimination of the extra dividend on United States Steel common. Steel opened with a sale of 10,000 shares at 99 7/8 down to 99, against yesterday's final price of 101 1/8. Additional sales were made as low as 98 3/4, followed by a slight rally. Shipments moved contrary to the general trend, however, and specialists were still affected by the setback in industrials.
