BELGIUM WANTS REPARATION OF GERMAN FOR WAR COSTS

Country Refuses to Sign Peace Which Does Not Give Her Independence and Some Measure of Reprisal

BRUSSELS, (AP)—Strong measures relative to Belgium's demands at the peace conference have been decided upon by the Belgian government, according to the Soli.
"Belgium will not accept the terms the council of three desire to impose upon her," the newspaper says. "She will demand a complete fulfillment of the promise contained in the declaration addressed to her by France, Great Britain, Italy and Japan and that expressed in the seventh of President Wilson's 'fourteen points.' She will refuse to sign any treaty which does not restore Belgium to political and economic independence and does not entirely indemnify her for damage sustained during the war."

In Matter of Indemnity.
LONDON, (AP)—One of the principal features of the arrangement for indemnity to Belgium against which Belgium is protesting is that that country will receive 100,000,000 pounds of the 1,000,000,000 pounds which Germany will be asked to pay by the end of next year, as part of a total reparation to be created later, according to the Mail's Paris correspondent.
The Belgian delegates, it is added, decline to accept the arrangement without consulting their government.
A Bouter dispatch from Paris states that three members of the Belgian cabinet will be sent to Paris to instruct the Belgian delegates.

COUNCIL GIVES GERMAN RIGHTS TO JAPANESE

China and Japan Are to Share Claims of Enemy in Shantung and Kiao Chau Provinces

PARIS, (AP)—All German rights at Kiao Chau and in Shantung province are to be transferred without reserve to Japan, according to an agreement reached today by the council of three. Japan voluntarily engages to hand back Shantung province in full sovereignty to China, retaining only the economic privileges granted Germany and the right to establish a settlement at Tsing Tao, south of Kiao Chau.
Thinks Arrangement Best
The council of three regards this agreement as the best solution of the problem to be obtained without risking a break similar to the Italian break. Confidently felt that the league of nations will be sufficiently strong to safeguard Chinese interests and insure the return of all China's rights in the coming months.
President Wilson and Premier Lloyd George and Clemenceau are all in favor of the withdrawal of allied troops from enemy colonies, and are confident that the league of nations can speedily solve pending disputes when military pressure is eliminated.

OPPOSE MAKING PARTY ISSUES OF NEW LEAGUE

Senators Do Not Favor Consideration of Covenant as Question of Political Possibility in Coming Campaign

WASHINGTON, (AP)—Several republican senators of the group known as progressive let it be known today that they opposed having the league of nations carried to a republican conference with a view to determining the attitude of the party toward the document.
Senators Johnson of California, Jones of Washington, McNary of Oregon, and Borah of Idaho made statements declaring the league could not be made a party question.
They were commenting on the action of Senator Lodge, leader, and Senator Curtis, whip, in telegraphing republican members of the cabinet to withhold a party conference on the league until a party conference could be held. Senator Norris, of Nebraska, said he did not oppose the conference, but he refused to be bound by any action it might take.

German Delegate Thinks Armistice May Not Be Kept

Truce Between Poles and Their Enemies May Be Broken if Any Invasion Is Planned

BERLIN, (AP)—Mathias Erbarber, chief of the German military delegation, in a note to Marshal Foch, says Germany has information that the Poles are planning soon an advance against German territory in Posen and Upper Silesia. He adds that it is impossible for the German government to guarantee that the armistice between Germany and Poland will be maintained if the Poles attack German territory. After such an attack, the German government could not be held responsible for the passage through Germany of the Polish troops of General Haller.

Opening Session of Peace Meeting Marked by Brevity

Initial Sitting of Delegates Lasts Only Five Minutes, According to Report

VERSAILLES, (AP)—In a session beginning at 10 o'clock this afternoon and lasting barely five minutes, the German plenipotentiaries of the peace congress presented their credentials to the council of three.
It was the first step in the peace negotiations. The German credentials were presented to representatives of the allies and the United States.

Forces Continue to Advance on Budapest

LONDON, (AP)—The Hungarian war office statement of April 30 says that the Franco-Serbian, Rumanian and Czech-Slovak forces continued their advance on Budapest, the Rumanians capturing Mezothur, eighty miles southeast of Budapest.
The Hungarian government also has asked the Jugoslav government for a cessation of hostilities, offering territorial concessions.

Churches Will Observe Day for All Mothers

NEW YORK, (AP)—Observance of Mothers' Day, Sunday, May 11, was commended to the members of 129,000 Protestant churches in the United States in an announcement by the Rev. Chas. S. McFarland, secretary of the federal council of the churches of Christ in America, made public today.

(By Associated Press)
TOKIO, (AP)—The diplomatic advisory council voted today to adhere to Japan's attitude relating to the Shantung peninsula and to make no concessions or compromises at Paris, according to newspapers here.

LONDON, (AP)—The Hungarian communist government, a wireless message from Budapest says, has offered the Rumanian government territorial concessions and requested an immediate cessation of hostilities.

PARIS, (AP)—While Paris and a great part of France was tied up today by labor's 24-hour general strike as a demonstration for better working conditions and changes in certain governmental policies, no disorders had been reported up to this afternoon.

COPENHAGEN, (AP)—The ring of government troops is closing around Munich, according to Berlin dispatches. The villages of Schongau and Umfig have been captured from the soviet forces without loss. They are about forty miles northwest of the city.

HELSINGFORS, (AP)—Petrograd is being evacuated by the Bolsheviks, reports from reliable sources say. Many of the inhabitants are being sent away and the Bolshevik government is taking rigorous measures to prevent the news of the happenings at Olonetz from reaching the people.

BANK EMPLOYEES PLEAD NOT GUILTY TO CHARGE

Cashier Is Sentenced to Ten Years in Prison but Others Deny Accusation.

SACRAMENTO, Cal. (AP)—Frank A. Brub, cashier of the Santa Rosa National bank, Santa Rosa, Cal., pleaded guilty today in the United States district court to a charge of embezzling \$204,000 of the bank's funds.
He was sentenced to ten years imprisonment in McNeil's island federal penitentiary.
Fernando Somoza, non-in-law of the late former President Sierra of Honduras and William C. Grant and Harold E. Loughery, assistant cashiers of the bank, pleaded not guilty to similar charges in indictments returned against them.

RADICAL PARADE ENDS IN RIOT AND STREET FIGHTING

Demonstration of Socialists, Bolsheviki and I. W. W. Results in Death of One Man and Injury to Many Others

NEW YORK, (AP)—A riot broke out today in New York city when a group of radicals, including Socialists, Bolsheviki and I. W. W., demonstrated in the city. The demonstration resulted in the death of one man and the injury to many others.

CLEVELAND, O. (AP)—One man is dead, three policemen were shot and probably two hundred persons were badly injured, a score of whom are in hospitals and more than one hundred persons were arrested up to 3 o'clock this afternoon as the result of a socialist-Bolshevik I. W. W. May day demonstration which ended in a dozen different riots in the downtown section this afternoon.

NEW YORK, (AP)—With the discovery and frustration of a nation wide bomb conspiracy yesterday against the lives of prominent Americans, every federal and municipal government agency was at work today in an attempt to trace the authors of the terrorist plot.

NEW YORK, (AP)—Under the direction of Inspector Purser and detectives worked all hours of every night to locate the authors of the plot. The police believe that the plot was organized by a group of radicals who were active in the city.

NEW YORK, (AP)—The police today made further examinations of the seven packages found in the general postoffice yesterday because they had been held for three days because of insufficient postage.

NATION TAKES NEW INTEREST IN LOAN WORK

Reports From Various Districts Indicate Fresh Efforts. Are Being Liberally Rewarded by Subscriptions

WASHINGTON, (AP)—The treasury today reported "a quickened interest" in the Victory Liberty loan campaign, based on reports from federal reserve districts. The total subscription officially tabulated still stood at \$1,130,697,000.

The treasury's review of the progress of the campaign said: "The percentage of quota officially subscribed still is below the percentage of the fourth Liberty loan subscribed at the same period. There is a gradual falling off in the average percentage of quota subscribed and workers are at a loss to explain it. Every district seems to be hopeful that it will obtain its quota but none of them is overly optimistic."

Minneapolis Reports

The Minneapolis district, which in previous loans has been one of the first to pass the hundred per cent mark, probably will have as much difficulty as any other district in this loan.

In the St. Louis district which alone has more than half of its quota, 12 counties of Arkansas are over-subscribed and 15 counties have not reported. Southern Indiana has 14 over and one unreported. Mississippi has ten over and three unreported. Illinois has 9 counties over and five unreported. In Tennessee three have passed 100 per cent and five have not reported, while in Kentucky 10 are over and 15 are unreported.

The Chicago district now reports 517,222 subscribers.

In New England 214 communities have over-subscribed.

The first rate committee to obtain its quota in Chicago, the treasury announced, included the brewers, distillers and tobacco dealers.

Subscriptions in the Kansas City district are divided by rates as follows: Kansas \$15,856,000; Missouri \$14,540,000; Nebraska \$9,440,000; Oklahoma \$10,012,000; Wyoming \$93,000; and New Mexico \$282,000.

In the San Francisco district 226,000 subscribers have contributed about \$72,000,000 in sales.

ENGLAND PLANS TO TAX WEALTH TO PAY DEBTS

Government's Budget Shows Increase of Inheritance Money and New Source of Revenue to Nation

LONDON, (AP)—The features of the government's budget which was discussed in the house of commons yesterday by Austen Chamberlain, chancellor of the exchequer, that are exciting most discussion are the continuance of the policy of heavily taxing wealth without an increase of taxes for people of moderate means and the launching of the scheme of preference for imports from the dominions and colonies.

Increase Inheritance Tax

The taxation on wealth and business is illustrated by the increase of inheritance taxes beginning with five per cent on 15,000 pound estates so that they pay ten instead of five per cent as at present with an estate of 1,000,000 pound pays thirty instead of twenty per cent.

Give Preference to Imports

The policy of imperial preference on imports begins, after years of discussion with the colonies without any arrangement for reciprocal trade favors for the colonies for British products. This is the first wedge for the introduction of the protective system, because preference for the colonies means a tariff on goods from other countries. The demand for more and better beef is granted with the allowance increased by an output of fifty per cent. This means a total of twenty million barrels a year which many consider to be favorable to the producers.

Postmaster Notifies Department of Findings and Names Intended Victim

WASHINGTON, (AP)—The postmaster at Salisbury, N. C., telegraphed the postoffice department today that a package containing a bomb similar to those found in New York had been received there addressed to Senator Overman. The postmaster is holding the package.

As acting chairman of the senate judiciary committee, Senator Overman had charge of the espionage act and many other measures dealing with law enforcement during the war. He also is chairman of the special senate committee investigating pro-German and other racial propaganda.

With Granting of City to Italy Other Nations Now Put in Claims

PARIS, (AP)—The town of Volpna, which President Wilson said in his memorandum to Premier Orlando should belong to Italy, is not on the Dalmatian coast but is an Albanian port now occupied by Italians. The Albanian delegation says that a seizure of Volpna by Italy would threaten the dismemberment of Albania.

Premier Venizelos has based on Italy's possession of Volpna a claim on the Albanian islands for Greece and the Serbian claims by this action are making proposals which are said to be threatening Albania's existence.

THANKS AMERICA FOR KIND WORKS

Aged Ruler of Serbia Expresses His Gratitude for Red Cross Aid

ATLANTA, (AP)—King Peter of Serbia who is living alone in a suburban retreat overlooking the Bay of Pireaus six miles from here, expressed through the Associated Press today the "great gratitude of the Serbian nation for the Christian charity of the American people, so marvellously organized by the Red Cross."

Monarch Thanks Americans

The venerable monarch who will be 75 years old in June spoke with great feeling of the assistance given by Americans to the population of Serbia and to tens of thousands of refugees, repatriated prisoners and wounded soldiers who since the armistice have poured into the country.

King Peter was prompted to speak by a set of photographs he had received from Major Daniel J. McCarthy of Danversport, Ia., in charge of the Red Cross relief work at Skopje, Serbia. One showed a group of ragged, barefooted, despairing women and children in front of the Red Cross relief station at that place and the other showed the same group, after having received baths, clothing and food from the Red Cross, now have dried tears, unassaged sorrow and alleviated the sufferings," said the king.

People Are Grateful

"Personally, I am profoundly grateful for this Christian charity," he continued. "As one sprung from the people and indeed a part of them, I do as they do and simply say to the American people, thank you, thank you, with all my heart."

King Peter who has been living in this part of Greece for more than a year, a fact which has been unknown to the outside world, would not discuss the political situation. He no longer participates actively in the affairs of the Serbian government.

Health's Poor

The aged ruler's health is far from good. His right side is paralyzed and he spends most of the time in bed, being able to walk only with the aid of crutches. He is living in an unpretentious six room flat, the rental being less than \$15 a month. The king has no automobile. When he is able to travel he prefers to use a motorcycle with a side car.

He is a great admirer of President Wilson whose photograph is in the living room of the king's apartment.

As soon as the railroad from Saloniki to Belgrade is restored King Peter plans to return to the seclusion of his private monastery outside his capital.

PARIS HAPPY AGAIN OVER FOOD SUPPLY

Stringent War Regulations Modified in Important Particulars—Whole City Rejoices

PARIS, (AP)—This has been a red letter day for the ordinary work-a-day Parisian. Beginning today the cafes are permitted to remain open an hour later in the evening, until 10:30. Music again is allowed, and the popular restaurants served "national" dishes at prices reduced by 30 per cent in consequence of the action of the food ministry which has placed frozen meat and certain classes of vegetables on the market at moderate prices.

The cheaper meals proved so popular that most of the restaurants were sold out at noon, and crowds of workers who had been eagerly looking forward to see some relief from the burden of dear living found themselves charged at the old exorbitant rates.

Unusual Crowds Out

In the evening, the grand boulevards were more crowded than ever as a consequence of the relaxation of the early closing rule. But a downpour of rain and the sudden failure of the electric light in the central districts plunged everybody into gloom. One French soldier, his face the picture of boredom, was addressed by a companion: "You don't seem pleased at all at being demobilized. 'No, I didn't think it was going to be so dull,'" was the reply.

But Paris is regaining slowly its normal life. March 30 was also the opening day of the first after-war season; to be precise, it was vanishing day of the Salon du Cercle Artistique et Militaire, otherwise known as the Salon Volney.

AMERICAN DELEGATION MUST WALK TO COUNCIL

Owing to May Day Demonstrations, No Cars Will Run to Peace Conference

PARIS, (AP)—Because of the observance of May day, President Wilson and other American peace delegates will be obliged to walk. Brig. Gen. Wm. W. Harts issued an order today prohibiting the circulation of American army automobiles and forbidding soldiers from strolling on the streets.

The council of three will meet at the "white house" and it is anticipated that Promiers Clemenceau and Lloyd George will have to walk to the session because of the entire suspension of street traffic. American delegates put in a supply of provisions yesterday so that their larders will not become exhausted today.

JEWES CRUELY TREATED BY BOLSHEVIK LEADERS

Fifty-Six Are Reported Massacred and Others Beaten and Imprisoned at Pinsk

LONDON, (AP)—Fifty-six Jews have been killed in a pogrom at Pinsk, according to information received from Copenhagen at the central office of the Zionist association.

Forty persons were imprisoned and brutally treated, it is said, and three women were flogged. The synagogues are reported to be closed and the Jews have been impressed at forced labor.

RECKEING OF RECORDS SHOW MORE CASUALTIES

WASHINGTON, (AP)—Reckoning of army records has resulted in the addition of 470 names to the list of major casualties, the war department announced today, bringing the total to 75,820 killed in action, died of wounds and disease and died other causes.

The number of prisoners was reduced to 4,786 and the missing in action to 4,293.

The corrected total of wounded was given at 201,847.

AGITATORS ARE IN BAD REPUTE AT SHIP YARDS

Attitude of Workers Promises Short Shift to the Professional Bolshevist in Labor Circles

WASHINGTON, (AP)—Fomenters of discontent and preachers of anarchy come in for scathing denunciation in contributions by workmen appearing in various shipyard papers. The agitators are evoked a veritable avalanche of letters, articles, poems and quips for men whom the agitators sought to influence, in which the writers assign important duties in no uncertain terms and demand "100 per cent Americanism" of every man working on the ships which will fly the United States flag.

A compilation of the various articles makes a "vigorous common-sense manifesto," according to a statement today by the shipping board, quoting the verdict of the workmen.

"The American citizen is ready at all times to render justice when justice is due, but if the Bolsheviki in this country cannot see the American point of view, they are liable to feel it on the way out!" asserts Speed Up, published at the Newark Bay, N. J., yard of the submarine boat corporation.

Lincoln's Property Values

Lincoln's opinion on the rights of property is quoted by a writer in the Compass of the Chester (Pa.) Shipbuilding company, in refutation of communistic agitation. The quotation reads:

"Let not him that is homelike pull down the home of another, but let him work diligently and build one for himself—thus by example he will be assured that his own will be safe from violence."

A committee of the workmen asked for a page in the Riverside Review of the McDougall Ditch company, Duluth, Minn., and ran on it a denunciation of some of their fellows who had been scattering radical propaganda.

"When we want a revolution, we can get it with our votes," their statement said. "We are out and out from top to bottom, and through and through, against Bolshevism and the I. W. W. When you find one, don't wait. Lead him to the gate and tell him to go. We will back you."

From the south also came many protests against agitation which might cause the loss of important advantages gained by labor during the war.

Labor Well Satisfied

"Labor-organized and unorganized—has gained more substantial recognition and progressed further during our year and a half war than it did in several decades," declares the Mobile Leg. of the Mobile (Ala.) Shipbuilding company. "The permanency of these forward steps will in a large measure be determined by labor's attitude in the next few months toward the controversies that are bound to arise. In the main, labor has acted very fairly thus far in the readjustment period, and barring the outbreak of a Bolsheviki and I. W. W.'s in its ranks, has played fairly."

Virtually all Pacific coast shipyard papers denounce the propaganda, quoting experiences in the recent Seattle strike as support of their argument. The question from the standpoint of the men who built the ships necessary for victory, the shipping board stated printed in Over the Top, published for the employees of the G. M. Staudifer Construction company, in Seattle and

Vancouver. The paragraph reads: "What was the use of building ships to feed the world and save civilization, if we are to have a paralyzed industry, plundered and ruined homes, famine, pillage, rapine and a riot of lust in America?"

FOOD FAMINE THREATENS ENTIRE INDIAN NATION

LONDON, (AP)—Official confirmation has been received of famine conditions in India. It is said to be confined to a few districts and particularly in Punjab.

Private advices are more alarming. They suggest, according to one newspaper, "that India may be on the verge of a worse food famine than in 1900."

IDAHO TROOPS ARE CONSPICUOUS FOR GALLANTRY DURING THE WAR

Notable Examples of Individual Heroism Gathered From Pages of Nation's Fighting Record Place Gem State in Honored Position in Great War Game

By REX OSBORNE.

The deeds of heroism performed by the soldier boys of Idaho in France and Belgium are among the most striking of which the war department has a record. Some of these Idaho soldiers have returned home. Others are still on duty. Some will never return. Their bodies rest in a last long sweet sleep under the poppies of the French republic. They have made the supreme sacrifice. When duty called they responded without hesitation and gave to the world their lives that the world might be safer.

When we read of those deeds of valor and when the eyes are dimmed and the throat catches as we recall the young men of our acquaintance who so willingly died that we might live in security, we are prompted to marvel at the character of the hero and the mind of the living in comfort and far removed from danger, might hesitate to perform his or her share in paying for a conflict that has been so costly in lives and the money expense of which has been inconsequential compared to the sacrifice our heroes have made and the benefits they have conferred upon civilization.

An officer high in rank who comes from Idaho and who has been cited for superior service is Colonel Lucius R. Holbrook of the 7th field artillery, General Holbrook's position is one of great importance in a notable engagement. Any break there, any mistake, would have been costly to the entire force. Because he displayed such conspicuous skill in handling his artillery group in this attack, and in subsequent bombardments, preserving his guns and giving most efficient support to the infantry, he was recommended, on the recommendation of the commander of the expeditionary forces, as highly complimented him.

Carried Comrade to Safety.

Among the many instances of heroism on the part of Idaho soldiers is that of Sgt. Arthur F. Zimmerman, whose home is at Bonanza, Idaho. Zimmerman entered the service in the fall of 1917 and sailed for France in July, 1918, with the 91st division. He participated in the Argonne drive, where he was wounded and is still in a French hospital. Near Oesnes, Nomma, France on October 3, 1918, Sergeant Zimmerman voluntarily and without thought of personal danger rendered first aid and carried a wounded comrade to a place of safety.

A similar act of heroism was performed by Corp. Hjelmar Frosman, a resident of Carl M. Brunner camp, Idaho. He, too, was a member of the 91st division and participated in some of the history-making battles of the war. Like Zimmerman, he left the safety of a perfect shelter, and through a heavy shell fire and, giving no thought to himself, carried a wounded comrade to safety.

Extraordinary Heroism.

Another Idaho boy who has been awarded the distinguished service cross is Sgt. Emmett W. Waltman of Kollong. The story of his action is perhaps best told in the official statement issued by General Foy as the name of the president, as follows: "Corp. Emmett W. Waltman, Company F, Fourth engineers. For extraordinary heroism in action near Fiaming, France, August 5, 1918. Corporal Waltman was a member of a small detachment of engineers which went out in advance of the front line to construct an enemy barrage from 77 millimeter and one-pound guns to construct a footbridge over the River Vesle. As soon as their operations were discovered, machine gun fire was opened upon them, but, undaunted, the party continued at work, removing the German wire entanglements and completing a bridge of great value in subsequent operations."

Sergeant Waltman engaged in other expeditions in which his detachment went ahead of the doughboys to build bridges. These tasks were accompanied by the gravest danger for the reason that the Germans concentrated their fire on the bridge workers as the best means of delaying the advancing army of freedom.

Hard Fighter in the Air.

Bravery and efficiency in the aviation service are also credited to Idaho men. One of these is First Lieut. Harry O. McDougall of Portland, who left the University at Moscow at the outbreak of the war and entered the service. He was commissioned in the aviation branch and served both with the French and American aviators. With his squadron, he participated in the Saint Mihiel, Argonne and other battles. He was cited for extraordinary heroism and awarded the distinguished service cross for his actions at Stouan.

While on a bombing mission with an observer, Second Lieut. McDougall, he left a comparatively secure position in the center of the formation during a combat with five enemy planes to go to the protection of two others of whose planes had been disabled and forced out of action. So skillfully did Lieutenant McDougall maneuver his machine that he enabled Lieutenant McKay to shoot down one of the adversaries and fight off the others. For this service he was recommended for promotion in the field and the recommendation was later approved by the commanding general.

Captured Hun Gunner. Another son of Idaho who won the D. S. C. is Corp. John W. Cramer of Halley. Corporal Cramer was a member of a patrol sent out to reconnoiter the town of Andenarde, Belgium. This detachment discovered several enemy machine gun snipers posted in buildings from which the streets of the town were being swept with lead. With but one companion, Corporal Cramer

This is her fiancé with her.

WORKERS ARE CELEBRATING MAY DAY FETE

Laborites of Many Nations Are Taking Holiday Today as Planned by Unions to Show Power of Organizations

PARIS, (AP)—The most conspicuous feature of the government's measures against possible trouble was the occupation of the Place de La Concorde by cavalry, to insure the enforcement of the order against street demonstrations. The cessation of work in accordance with the plan for the 24-hour shutdown, was virtually complete. No wheel turned on any of the transportation systems and taxicabs and omnibuses kept off the streets. All restaurants and cafes were closed and guests in the hotels went hungry if they had not supplied themselves with food beforehand.

Newspapers Are Stopped

Theaters, music halls and other resorts did not open. No newspapers were published and periodic stoppages occurred in the postal and wire services. The eating problem was serious, as nearly 750,000 persons here customarily take their meals in public eating places. Some of the hoteliers sent food for the day to the guests' rooms last night.

Buenos Aires

BUENOS AIRES, (AP)—May day was celebrated by a general 24-hour strike in the republic. The stoppage of business was complete here and included tramcars, taxicabs, coaches, hotels, restaurants and all food purveyors, the trees and fountains.

TO TELEPHONE USERS

The following is a copy of an announcement which was enclosed with all May 1st Bills for telephone service:

NO business institution can continue to operate indefinitely if its revenues are inadequate to meet operating expenses. This is precisely the situation that confronts the telephone business today, a condition brought about by increased material costs and increased living costs of employees, necessitating substantial wage increases, and very large increases in taxes, which has affected the telephone industry the same as it has every other industry.

In the last three years, commodity costs have advanced an average of 112 per cent. The average cost of wire, cables, poles and all other materials has increased proportionately. Freight charges have been advanced to a point where they add materially to maintenance and construction costs. Meanwhile, telephone rates have remained practically stationary.

In order, therefore, to secure revenue sufficient to cover the cost of rendering telephone service, it has been necessary to make changes in some of the rates charged for service. These rates are authorized and approved by the Postmaster-General.

Under the revision, effective May 1, 1919, the class of service which you are now receiving is billed in accordance with the enclosed statement. If you desire information with respect to rates on other classes of service it will be gladly furnished upon request, and if you desire any other class of service, proper adjustment will be made upon your application.

It is hoped that you will continue the same helpful co-operation you have rendered in the past to the end that a reliable and satisfactory service may be rendered you.

This Company is operating its telephone property under the direction of the Postmaster-General for the United States Government and all of the revenues belong to the government, and it must secure sufficient revenue to cover the cost of rendering the service.

IT'S WEAR LIKE THIS THAT CUTS YOUR SHOE EXPENSE

Stepping on small pieces of hot metal, walking on sharp chips of steel, standing on ice and snow, these are the harsh conditions of walking surfaces, in a steel plant, have no apparent effect on Neolin Soles. So says T. J. Doty, plant superintendent of the Sawyer Steel Casting Company, Milwaukee, Wisconsin.

The best oak tanned leather soles last about three weeks under the above given them in the foundry, while I have been wearing a pair of Neolin Soles for more than three months. And to all appearances, they are as good as when first put on my shoes," says Mr. Doty.

Only Neolin Soles can resist wear and abuse like this. They are created by Science to be very tough and durable—flexible and waterproof, too. To reduce your shoe expense, and to cut the grimly shoe bills, buy Neolin-soled shoes. You can get them in many styles for men, women, and children.

And have your worn shoes re-bottomed with Neolin Soles. These long-wearing soles are manufactured by The Goodrich Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outlast all other heels.

THE ST. LOUIS CONVENTION

On Sunday or Monday next, two or more delegates from this section will leave for St. Louis to attend the caucus or convention of the World War Veterans.

Twin Falls and Twin Falls County should be interested in every branch of activity in which the fighting men of the nation are to have a part.

One of the minor purposes of the Idaho delegation at the convention will be, if possible, secure the passage of a resolution endorsing in the strongest terms the proposed \$100,000,000 appropriation bill for the irrigation of arid lands.

This on the material side of the subject—but viewed from any angle, the World War Veterans' association is an institution of which the whole world may be proud.

WANTED OPPORTUNITIES

From six to eight letters a day are now being received in Twin Falls, addressed to the Twin Falls Commercial Club, from persons interested in this city.

The letters are for the most part allowed to go unanswered. In a single day's mail addressed to the Commercial Club, Twin Falls, this week, letters were received asking for information on the possibility of purchasing a six-chair barber shop here; the average value of land under this project; the average date of the latest Spring frosts; as to the chances of securing permission for the establishment of an airplane station as a part of a transcontinental, airplane route—and as to a host of other things in which the writers are interested.

All these letters require answers. Twenty-five per cent of them are sincere requests for information upon which the writers desire to base their opinion of TWIN FALLS as a place of residence or a place of business. The writers are entitled to replies. Hundreds of prospective residents of Twin are ignored, told by implication that neither themselves or their money is wanted in Twin Falls.

There is no provision of any kind for the answering of such letters. There is no Commercial Club, Chamber of Commerce, or any similar organization whose business it is to take care of this feature of the business of Twin Falls.

And as a result of such condition Twin Falls is in the position of standing back and daring anybody and every-

body to come in and become a part of this community.

There is no question but what hundreds of people every year hear of this city, and hear of it in a manner which prompts them to write for further information. Many of them are men of means looking for new business locations or for suitable places in which to establish homes.—Twin Falls replies by inviting them to stay away. Not directly perhaps, but this is the sum total of the effect of the present amount of care and attention provided to help Twin Falls grow.

There is no provision to pay for stamps for replies to such letters, for a stenographer to write, the letters or a secretary to dictate the replies. There is no local organization charged with the responsibility of caring for civic growth in Twin Falls, no indication of any kind that Twin Falls cares two whoops whether she ever gets a new citizen or not.

All this is wrong; and yet, it is impossible to say definitely that anyone is to blame. The City has seen fit to dispense with any machinery designed to perform this particular work for Twin Falls.

And Twin Falls, thereby, suffers weekly, monthly and annually, and will continue to suffer until such time as the situation is corrected.

Those who believe that this City and its people are better off without any particular attention being devoted to the upbuilding of the community through the securing of new men, new industries and new blood, generally, should be enthusiastic advocates of a continuation of the present policy. Those who feel that added prosperity comes of community development and community growth, and that to progress, a city, like an individual must work for what it gets, not sit back and wait for it, will take an opposite view.

With respect to this particular branch of civic enterprise, Twin Falls is dead on its feet.

His Big Chance

He was a professional conjurer. "Now, ladies and gentlemen," he said with a wave of the hand, "this is the magic exhibit. I invite any lady in the audience to enter this cabinet. I will then close the door, and when it shall be opened again the lady will have disappeared, leaving no trace."

There was an impressive silence until a little, underdressed man in the second row turned to an enormous woman, who sat by him, and breathed eagerly:

"Maria, dear, won't you oblige the gentleman?"—London Titbits.

A woman was calling at a friend's house. She knocked at the front door, and a voice said: "Come in." The woman tried the door, then called out: "It's locked!" "Come in," repeated the voice. "But it's locked!" "It's not the same," said the voice. "It's locked, I can't!" At that point a woman put her head out of a window next door and said: "There's no one at home. You're talking to the parrot!"

Discouraging

"Your pepper is half peas," said a customer to a grocer. "I beg your pardon, sir," respectfully answered the grocer.

"All right, then," was the answer. "Spell it." He had never heard it!

Jones Gets a Raise
By IMES MACDONALD
(Copyright, 1918, by McClure Newspaper Syndicate)

Young Mr. Jones reached over and gave his adding machine a few tentative jabs and again lapsed into a reverie. Five years out of a midwestern college, and David R. Jones had little to boast of in the way of achievement.

When he had taken the job in answer to an advertisement he had been assured of "rapid advancement and a fast rise for the right man." But he was still doing the same work he had been doing after his first three months with the company. He had stuck to one job with sincere and industrious purpose without its bringing him anything in the way of advancement—and now that it was June again the prosaic weather was not hot summer in that office pulled him.

With a thoughtful air he withdrew from his wallet a clipping which he had torn from his newspaper on the way downtown in the subway that morning.

WANTED—Athletic young man as hostess on vacation at estate, Connecticut shore. Must be expert swimmer—know motorboats, sailboats and canoes—make repairs and be generally useful and obliging; \$400 monthly and board. See Mrs. Agnes Turner between 10 and 12 Tuesday, Hotel Arkwright.

And after he had read the ad through once more young Mr. Jones arose from his desk and entered the private office of his great and exclusive boss, the well-known Mr. Henry P. Riggs, Mr. Riggs, or "Old H. P.," as he was called in the outer office, stared at the impulsive Mr. Jones with a surprised expression. The privacy of his domain had never before been so violated.

"Well?" he demanded. "I'm Jones," said Jones, "David R. Jones. I've been with this company five years. I have a fair collection of a certain amount of brains and some ability. When I came here I was promised rapid advancement and a future, and before I die of old age at 835 a week I thought I'd go into the matter with you."

"I want a man's job and \$3,000 a year from today or I'm through."

Old H. P. glared, and the barest crinkle of a sarcastic smile puckered up one corner of his mouth. "You're through, all right!" he agreed, "and you won't get three thousand dollars jobs hanging on trees around this town, young man."

"Anyway," grinned Jones affably, "I don't intend to hang on this tree till I'm rotten. There are plenty of other trees growing in the orchard of Manhattan."

"Very well," growled Old H. P., turning back to his desk. "But if you don't get your fancy job you can have your old one here any time before the first of September," he flung over his shoulder.

"Huh!" he grunted a few days later when the incident occurred to him. "The young squirt! And I was proud of fifteen a week at his age!"

But at that very moment David R. Jones, clad in a sleeveless jersey and an old pair of flannel trousers, was tuning up the engine of a high-powered motorboat on up on the Connecticut shore. "Hello, boatman!" shouted a voice above the din, and Jones looked up to see a smiling face peering at him over the edge of the dock.

"She's saving her legs over the side and turned around with the intention of sliding down backwards to the deck of the boat, some six feet below. Her skirt caught on a bolt, but she kept right on sliding till the modest Mr. Jones was compelled to turn his face away.

"Unhook me," she finally wailed indignantly. And Jones, wiping his dirty hands on a piece of waste, reached up obediently and unhooked her, setting her safely on her feet with a grin.

"My—my cooling was quite a revelation, wasn't it?" she said demurely, the color deepening in her cheeks.

But Jones had pretended not to notice, although the nice men who pretend never to notice are the very ones who never miss anything. "Who might you be?" he asked pleasantly.

"I'm Lotta, the youngest," she laughed. "Carliotta Riggs, you know. We only got here just a little while ago—Louise and Nina and Aunt Agnes. Aunt says you impressed her very favorably at your interview in town, and she thinks you're going to be a very nice boatman. What's your name?"

And from that day forth David R. Jones was Lotta's very own. She appropriated him as her own special pleasure and amusement. Together they painted the boat—modeled the dock—rebuilt the boat. Sturdily she worked at his side, and in between times they swam together. If the rest of the family noticed it at all they merely passed it off with a shrug—for after all Lotta was only a kid, but—

The day E. P. Riggs was expected to spend a week with his family, Lotta and Jones went across the bay in the motorboat to meet him, and he was introduced to the bare-shouldered, brawny young boatman by his daughter. At first he did not recognize Jones, but the way Lotta hovered over

that young man drew her father's undivided attention and disapproval—and while he glowered over his daughter's so apparent affection for his erstwhile clerk, Jones' identity registered itself on his brain. "Dave isn't really a boatman," explained Lotta to her father that night at the dinner table. "He's just a very nice young man who worked his head off five whole years for a grouchy old man who wouldn't give him a chance. So Dave made up his mind to have a vacation this summer and find a better job next fall."

Whereupon Lotta squeezed his arm and eyed her father hostilely. For a moment H. P. Riggs withstood that glance and then he extended his hand with a grin. "On the contrary, Dave," he said almost gently, "you're starting with H. P. Riggs & Co. at \$5,000—and eventually a partnership."

MOTOR VEHICLE LICENSE RECORDS SHOW INCREASE

Collections in County During First Four Months This Year Amount to \$42,219.05.

Collections of motor vehicle license fees during the months of April in Twin Falls county amounted to \$7126.25 and 402 cars were licensed during that period, according to the statement given out by County Assessor George W. Wilcox. The total collections for the first four months of this year are \$42,219.05, as against \$39,000 for the corresponding period last year. The number of cars registered as May 1, this year is 3681 as against 3081 registered up to May 1, 1918.

EXPERIMENT IN GROWING OF SORGHUM IS LAUNCHED

County Farm Bureau Has Seed for Distribution to Applicants.

Determination of whether or not sorghum came from which molasses is produced can be grown successfully in the Twin Falls country is the purpose of an experiment which has been launched under the auspices of the county farm bureau and in which growers of the county are invited to participate. A quantity of sorghum seed has been received by the farm bureau for distribution and persons wishing to cooperate in the experiment are available at the present time. The only condition on which the seed is given out is that the results of each individual experiment shall be reported to the farm bureau and that a small quantity of the seed produced shall be returned to the farm bureau for germination tests.

In connection with the experiment, the question has been raised as to whether a sorghum mill is to be found in the Twin Falls district. It is reported that at one time there was such a contrivance here but as to its whereabouts no information is now to be had. It is promised, however, that if the experiment is successful, milling facilities will be forthcoming.

PARK LAKE ON LIST OF LOAN SUBSCRIBERS

Leads School Districts of County, So Far as Records Show, with Investment in Victory Liberty Bonds.

Standing	Quota	To Date
Buhl	\$10,000	\$74,500
Rogerson	6,500	7,300
Hollister	12,500	5,500
Filer	60,340	35,500
Kimberly	55,072	14,300
Hansen	17,740	12,400
Murtaugh	7,440	1,000
Twin Falls	456,308	182,250
Totals	\$820,000	\$351,800

So far as known the first school district of the county to subscribe to the bonds of the Park Lake independent school district number 30, which yesterday bought for \$1,000 worth of the issue, F. J. Foris is chairman of the board. Bert Feller is clerk and the two with Sherman Harrison constituting the board. The action was officially endorsed by the board as a whole and the purchase of yesterday followed.

Reports of sales by districts of Victory Liberty bonds yesterday show gains as follows: Twin Falls \$8,450; Filer \$2,500; Buhl \$2,000; Kimberly \$1,300; Hansen \$550; Rogerson \$150; Hollister \$150.

Returns are coming in slowly in most of the districts. Campaign leaders and banks in each district are sending out appeals to depositors and residents of the district, and it is expected that the result of this campaign will be apparent shortly in the daily reports.

TO LINE UP AT ST. LOUIS FOR LANE MEASURE

Twin Falls Delegation to World War Veterans' Caucus Will Co-operate with Representatives for Resolution.

The Twin Falls district delegation composed of John S. Green, delegate, and Taylor Cummins, alternate, and such other returned service men as elect to make the trip, leaving here May 5 to attend the St. Louis caucus of world war veterans will line up with the other units of the Idaho delegation and with the delegations of other western states in an effort to secure adoption by the caucus of a resolution favoring the passage by congress of the measure proposed by Secretary of the Interior Lane to provide for appropriation of \$10,000,000 for reclamation projects to furnish employment and homes to service men.

The delegation also and incidentally, while in St. Louis, will spread the gospel of the Twin Falls country with its opportunities for returned soldiers both by distributing such literature as is available and by personal conversation.

Raising Funds

If present plans mature the Idaho delegation will travel to St. Louis in a special car which will serve in lieu of a hotel in furnishing accommodations for the members during their stay there.

An effort to secure subscriptions among Twin Falls business and professional men to a fund to defray the expenses of the Twin Falls district delegation, launched this morning, is meeting with good success.

AUTO TIRE BUILDERS READY FOR BUSINESS

Brown Tire & Vulcanizing Company About to Make Good Its Claims of Ability to Make Junk Serviceable

Theatre

AT THE IDAHO

Few, if any, motion pictures have been presented in the past year, that has attracted the wide interest that "Mickie Stern" super-comedy "Mickie" is now doing throughout the entire country. Everyone seems to be singing "Mickie," dancing "Mickie" and everybody is talking about "Mickie." Mabel Normand is the featured player. "Mickie" is comedy—but it's more. It's romance—but it's more. It's western—but it's more. It's well. It's just "Mickie." Mickie's character, is a lovable, mischievous little tomboy who has been brought up in a mining town. The only mother she has ever known is being an Indian woman. Later, Mickie goes to her aunt in the city, who believes at first that Mickie is rich, only later to conclude that she's poor, so puts her to work as a servant, and—oh the scrape the little tomboy gets into. But Mickie takes matters as they come, and wins the man she loves.

"Mickie" has been secured for a local showing at the Idaho Theatre for three days starting Monday.

To Save Pencils. A great saving of lead pencils may be accomplished by using metallic pencil holders which are bought at the stationer's for 10 or 15 cents. In this way you will get the use of almost the entire length of the pencil. Ordinarily about one-third of the pencil goes to waste. An ordinary stenographer or clerk will by this plan save about 30 pencils a year.—Tribune Magazine.

Copper of the Ancients. Metallurgists who have examined specimens of the so-called hardened copper of the ancients have found not pure copper, but usually an alloy either natural or made. The elements existed in one or so that in reduction an alloy was formed—or an artificial alloy made by melting the two ores together, the one copper, the other zinc.

Home beautifying window drapes

To give thought to the artistic aspect of a home is a duty incumbent upon all, for the less attractive a home, the less a home it is.

Most appropriate to assist home makers was the timely arrival early this week of many beautiful designs in drapes and curtains. We suggest that you choose the beautiful draperies for the windows and curtains for the furniture for the rooms and the porches. Everyone who takes pride in the home should visit this section of our store.

Window harmony

This modern floral design suggests the dining room. On a black background are large natural color blossoms, and small wreaths of the same color are interwoven among the flowers. The material is light and airy and perpetually interesting. Material by the yard \$1.75.

Chair gowns

Phoceans resting on variegated color branches beneath cool grey-green leaves are alighted against the green background to this firmly woven cretonne cloth. Rich and pleasing colors especially suitable for furniture hangings and chair coverings. Price of material by the yard, 90c.

Cheerful draperies

There's a breath of spring in this bright marquisette for the summer home. It comes from the pale yellow background rose flowers and green leaves and shadows shown in burnt orange. When this drape is hung against the window the effect is delightful as the pretty spring shades blend in perfect harmony and give the room a charming cheerfulness. Price of material, 45c the yard.

Official Paper of Artillery Brigade in Which Twin Falls Men Serve Comments on Duty to Be Done

Rumors that the 68th artillery brigade which includes one battalion of the 144th regiment, who are in the Twin Falls unit, will remain indefinitely with the army of occupation in Germany, which have filtered to relatives and friends here of the artillerymen are discussed in the following article by the Long Range Sniper, the official publication of the brigade, in its issue of April 10, received here yesterday:

Rumored Assurances.
Rumors describing assurances that the brigade would and that the brigade would not leave for home immediately, next month or not at all; rumors that the brigade would pack up overnight and would take the next train and that they would remain in Germany indefinitely, in fact any kind of a rumor possible has gone the rounds of the brigade until the average soldier of the two army artillery regiments has been up in the air. How a man could plan on meeting Nettie or Sarah or Pauline next month in New York and know for sure that he would be there is a question, the question. The Sniper realized it and worried over the jumble of choice gossip as much as anyone.

Definite Information.
The corps command of the Third army requested general headquarters for any information that would bear on the possibilities of the 68th field artillery brigade going home and received the information that the brigade would remain with the army of occupation indefinitely and that it is not proposed to return any of the brigade to the United States at the present time, that will remain as army artillery of the Third army.

Peace Is Not Yet.
Members of the brigade have realized that they have represented army artillery in the Third army, that they are being in that position is a compliment to them, and a recognition of a good work well done, and, too, that while a series of armistices have been signed between the warring nations, peace has not yet been signed, and the countries are still in a state of war. General Hapgood, commanding general of the 68th field artillery brigade, says that he hopes the brigade will be sent home when peace is declared. While under the present conditions the stay of the brigade is indefinite, the Sniper believes with the Sniper, that there is a definite faction in a well done job and if the brigade is needed, right where it is needed is where it wants to be.

Talk on Remembrance.
Commenting on the possibility of the removal of the 144th regiment of which Twin Falls men are members, to another station in Germany, the Long Range Sniper says:
While no definite arrangements have been announced, it is understood the 144th field artillery, which since January 1, has occupied the town of Grenzhausen, Grenzau, Naurof, Alsbach, Stromberg, Kana, Sessenbach and Wirscheid, will be moved to Bendorf on the Third army corps area, a small school established at Grenzhausen. The 144th field artillery will undoubtedly remain at its present location at Bendorf. The moving of the 144th to Bendorf, if the well established rumors are correct, will eliminate the scattering of the regiment over as large a territory as was necessary in the present location, combining them in a town large enough to accommodate the entire regiment.

Headquarters' Version.
Headquarters, always an authority on Rhine towns, states that Bendorf has 5700 population, has factories, and what will interest buck members of the 144th is an sanatorium for nervous patients. It is located here at a short distance from the Rhine, and is among the most beautiful towns in the Rhine district. It is seven kilometers from Hohn, and while a greater distance than that separating Hohn and Grenzhausen, the brigade will in reality be more compact.

Boats Splendid Mess.
Headquarters company of the 144th regiment into which the Twin Falls unit was converted together with the Idaho regimental band, boasts one of the best messes in the brigade in charge of Sgt. Charles Austin of Twin Falls and Corporal Fry of Jerome. Respecting the mess, The Sniper says:
The mess is the cooperation of the entire personnel of headquarters company, we believe we now have one of the best messes in the brigade. The mess is located in Grenzhausen, is well lighted; and, of course, everything is modern. The big chandeliers and decorations are a feature. No mess kits are required; no waiting in line for washing of dishes, and the service is beyond question the best in the A. E. F., in fact as good as you get in any leading hotel. Sergeant Austin, our mess sergeant, and Corporal Fry, in charge of the dining room, see to it that our every want is satisfied. There is always plenty to be had and of the best quality.

Social Notes

On Wednesday evening a number of friends of Mrs. C. O. Longley from the Justameo Inn entertained in the Parish hall in her honor. The hosts and hostesses were Dr. and Mrs. D. H. Mosman and Messrs. Dudley, Watson, Nelson Hayward, Shad L. Hodgins, Emma Warren and Messrs. W. W. Powell, T. F. Beadle, T. G. Hyalop, C. L. Longley and F. H. Homer. The hall was artistically decorated in pink and green. Streamers in these colors ran from the center of the ceiling to the four corners. Large bouquets of blossoms were placed about the room in great profusion. The hall was made more homelike by rugs and chairs. The guests spent the evening in playing cards and dancing. Delightful refreshments were served late in the evening. About 60 friends of Mrs. Longley were present.

On Tuesday evening the members of St. Edward's Catholic church entertained in honor of Mrs. C. O. Longley, who leaves soon to make her home in Minneapolis. The reception was given in the Parish house. The parish presented Mrs. Longley with a pair of silver candlesticks, a beautiful gold rosette and a great arm bouquet of roses, by way of showing something of their appreciation of her work in the church. Rev. Rami Koyser made a delightful speech of presentation and appreciation to Mrs. Longley on behalf of the parish.

Mrs. F. T. Keately entertained a few friends at her home on Rose avenue, on Tuesday afternoon. The time was spent in sewing and conversation. At the close of the afternoon the hostess served dainty refreshments. The house was beautifully decorated with bouquets of cherry blossoms. The guests were Mesdames John Smith, Willett Hance, Charles Jones, E. B. Holmoecke and M. B. Provost.

The Wednesday Bridge club was entertained by Mrs. I. B. Perrine at Blue Lakes yesterday afternoon. The afternoon was spent in playing cards. Mrs. Roy Spry was winning first prize and Mrs. G. F. Baker the prize for low score. Both prizes were enormous bunches of lilacs. A picnic lunch was furnished by the members of the club.

The additional names bring the total of the number of signatures to the petition up to 343. The new names are those of W. M. Zantz, G. D. Allen, J. W. Eaton, E. B. Sjöhlman and Frank DeKlotz, all of Ellet.

IDAHO ROTARIANS MAKE EXCITEMENT IN EAST

Salt Laker Reports on Anticipations Entertained by Visitors

The Idaho Rotarians are already creating some excitement in the east, according to a letter received by Robert W. Spangler publisher of the New West magazine of Salt Lake City, from Frank R. Jennings, the advertising manager of the Rotarian. Mr. Jennings says:
"I have heard something about how the Idaho Rotarians are going to raise parties here, to be held in the hands of Indian. After we have had a drink of Salt Lake soda water we may be able to stand on the sidewalk and look at both of them without becoming terrified. I am looking forward to my visit with the Idaho Indians, both red and white, with great pleasure."

Frank Gillen, Deaf and Dumb, Says He Will Enter Upon Schooling With Collection

Probation Officer John B. Ault has on file the written statement of Frank Gillen, aged 17, who was held before the city and county authorities here yesterday for begging, that he would leave Twin Falls at once to enter school carrying out a purpose in mind of which he has traveled from Florida west to Idaho collecting \$900, he said, to defray his expenses.

Gillen, writing his replies to written questions, told Mr. Ault that he had formerly lived in Kansas City, that he had no home nor any relatives except two uncles whose whereabouts he did not know; that he had undertaken to collect a fund sufficient to defray his expenses while attending school at Olathe, Kan., and that he had arrived in Twin Falls Tuesday from Burley.

ARGENTINA DENIES ANY KNOWLEDGE OF REFUSAL

Foreign Minister Declares His Country Had No Part in Mexican Trouble

BUENOS AIRES, (P)—Honorio Fuery, foreign minister, denied today that Argentina had any part in Mexico's refusal to recognize the Monroe doctrine. Salvador Diego Fernandez, in charge of the department of foreign relations of Mexico, issued a statement April 23 to the effect that Mexico "has not recognized and will not recognize the Monroe doctrine or any other doctrine that attacks the sovereignty and independence of Mexico." He said this declaration was called forth by inquiries from "some governments, friends of Mexico."

Appeals for Troops to Fight Opponents

Bolshevik Minister Declares It Imperative to Defeat Eastern Forces

COPENHAGEN, (P)—The Russian soviet government is making efforts to secure troops to carry out an offensive against the forces of Admiral Kolchak, in eastern and southeastern Russia, according to a dispatch from Lissa. Leon Trotsky, the Bolshevik minister of war and marine, has appealed for soviet action saying: "It is necessary to defeat Kolchak within the shortest possible time."

NAVAL POLICE FORCE IS NECESSARY FOR LEAGUE

Immediately After Signing of Peace, World Plans Call for New Organization

LONDON, (P)—A large naval international police force will be necessary under the league of nation plan immediately after peace is declared, in the opinion of Joseph W. Daniels, American secretary of the navy, and one of the objects of his trip abroad is to discuss with the admiralties of Italy, France and England some details as to this force, particularly the types of vessels desirable.

"The desire of conquest may still linger in the hearts of some nations after peace," said Secretary Daniels, "and such nations must be shown that it would be unprofitable to attempt to accomplish these desires."
As the league of nations becomes established, Secretary Daniels added, the naval police force would be decreased in proportion to the strength of the league.

The secretary has just returned from a visit to the interned German battle fleet at Scapa Flow. He declined to discuss the disposition of these warships.

Famous Buildings in Welmar. Ruspicious public buildings in Welmar are the Wittumpstalls, the old ducal dover house, containing Preller's famous mural paintings of the Odyssey; the Goethe-Schiller archive, an imposing edifice on an eminence above the river Ulm, to which are treasured manuscripts by famous German writers; the List museum; a gymnasium; a Realschule, or school for girls, founded by the Grand Duchess Sophia; a grand ducal school of art; technical, commercial and music schools, geographical institute, teachers' seminars and other institutions of learning.

Almost-Forgotten Author. "Lambert Lilly, Schoolmaster," was one of the pen names of the Rev. Francis Lister Hawks, an eminent Episcopalian divine of New York. Dr. Hawks was born in New Haven, N. C. in 1798, and died in that city in 1860. He also used the pseudonyms of "Frater, a Protestant Episcopalian" and "Uncle Phillip." He wrote "The Early History of the Southern States," and had it published under the pen name of "Lambert Lilly, Schoolmaster," in 1832.

Puritanic Names. Pinpoint, God-reward, Sarah, Mock, Reintance, Kill-ain, Be faithful, More fruit, Seek-wisdom, Accepted, Return, Hope-for, Weep-not; Fly-debate, and Stand-fast-on-high! Yes, these were all perfectly good front names in Mayflower times. They represent some of the dower of a Puritan jury. But think what an awful time the wives and sweethearts of these gentlemen must have had finding nick-names for them!

Well-Preserved Stakes. Some of the piles in use in Amsterdam are three to four hundred years old. That part which is not in the ground in salt water is often bored by a pile worm near the surface, but is preserved by driving in nails with very large heads, so as to give the pile an iron-coating. This coating is then transformed by the water into a layer of iron which protects the wood from the pile worm. This process must be repeated every fifteen years.

Goethe Memorial at Welmar. The genius of Goethe and Schiller characterize Welmar in many forms of civic beauty. Goethe, some years before his death, laid out a large public park in the form of a garden and without an enclosure of any kind. There a quaint relic of its originator remains in the stone altar round which a serpent climbs to eat the votive bread. Upon the altar is an inscription to the "genius hujus loci."

"Out of the Mouths of Babies." Willie, to talkative caller--"Well, now that you've come, I suppose I shall have to go for the doctor's Talkative Caller--"Why, Willie?" Willie--"Father says you always make him ill!"

World's Debt to the East. Civilization was born in the East. For ages letters, art, religion flowed westward from Asia. When Europe was a wilderness, peopled only with savage, wandering tribes, learning and government flourished beyond the Danubius. From Armenia, Syria and Persia came both the Jewish and the Christian religions, the alphabet and much of science. Long since the east turned. Civilization among these eastern peoples began to ebb, and they have slipped far back toward their pastoral days.

OFFICIALS ARE SEARCHING FOR BOMB PLOTTERS

Postoffice Authorities Are on Lookout for Any Suspicious Parcel With Several Theories Being Pursued

WASHINGTON, (AP)—With the great arm of the postal service reaching out over the country to pick up additional bombs mailed from New York to men high in official and business life, only one, so far as officials here were advised at noon today, got through in the morning.

This was addressed to Senator Overman of North Carolina, who as chairman of the special committee investigating alleged propaganda aroused the country last winter and other organizations. It was held up by the postmaster at Salisbury, the senator's home. The package bore a New York postmark, carried the label of Gimbel Brothers and was similar to the sixteen bombs seized in New York.

Watch for Suspicious Packages

Orders went yesterday to all postal employees to be on watch for suspicious packages, and to together with special publicity, is counted upon to prevent delivery of any of the bomb parcels that may be in the mails.

Postoffice officials said they had no reports received as the first of fourteen informal machines mailed to persons in the far west.

Postmaster General Burleson today went to Postmaster's office at New York, suggesting that suitable action be taken to reward Charles Kaplan, a postoffice clerk whose good sense resulted in the discovery of the sixteen bombs. They had been mailed at Saturday night for postage and on his way home Kaplan read of the attempt to kill former Senator Hardwick of Georgia and immediately set about to prevent delivery of those packages.

All incoming mail for government officials was scrutinized.

Parcels Go To Utah

CHICAGO, (AP)—Search of the mails for additional bombs was made at Chicago today upon information from officials in New York that parcels believed to contain informal machines were mailed from New York April 29. The New York officials said the parcels were addressed to points in Utah.

Postal authorities planned to get in touch with officials at Sioux City, Iowa, Ogden, Utah, and other points involved, search of the mail sacks would reveal the parcels. It was thought that one of the packages probably was sent to Frank K. Nebeker, of Salt Lake City, who was chief prosecutor in the case of the one hundred members of the I. W. W. convicted before Federal Judge Lantis.

In holding up the package addressed to Senator Overman, the postmaster at Salisbury acted in accordance with general orders issued last night to postal employees to make every effort to prevent delivery of suspicious mail matter. It was said that the Salisbury package bore the Gimbel Brothers mailing label.

Some of the men in the inspector's department expressed the opinion to-day that practically the whole anarchist output had been located.

In reports from the country indicated today that a thorough search still was being made of the mails for other bombs.

World Have Been Opened

SALISBURY, N. C. (AP)—Had the package believed to contain informal machines similar to those received by Senator Overman, Judge Lantis and others, which came to the Salisbury post office last night from New York addressed to Senator Overman, been delivered at the Overman home it probably would have been opened, as two daughters of Senator Overman were married last night and many gifts were received by mail.

Senator Overman stated today that he had received letters recently threatening his life because of his activities against enemy propaganda.

VESSEL STRIKES ROCK IN STORM

Two Officers and Fourteen Men Are Drowned in Accident Off French Coast

WASHINGTON, (AP)—Two officers and 14 men of the crew of the naval tug Gypsum Queen were drowned when that vessel struck a rock and sank near Amion Light, off the coast of France, on April 25, while returning to Brest after assisting a fleet of mine sweepers in distress.

Admiral Knapp, commanding the American naval forces overseas, in reporting to the department today gave the names of the drowned as follows: Officers, Ensigns George C. Edwings, Mount Degeat, and Maine; Gunner Charles D. Mills, Stamford, Conn.

Sweepers founder

Three of the sweepers, the Courtney, Douglas, and the James, foundered during a severe storm. All members of their crews and 17 officers and men of the Gypsum Queen were rescued by tug and destroyers.

The mine sweeping convoy was returning to the United States from Brest. When 2 hours out it encountered weather and turned back. Tugs and destroyers answered calls for assistance, but in spite of their efforts the three sweepers were downed at Amion Light on April 27; the Douglas two hours later, and the James at 11:50 a. m., April 29.

CLEVELAND, O. (AP)—A resolution demanding the resignation of Postmaster General Burleson was adopted last night by the Cleveland Federation of Labor. Another resolution adopted calls for the withdrawal of American troops from Russia.

HAS SEVERE EARTHQUAKE
SAN SALVADOR, (AP)—The earthquake Monday was the most violent ever registered in this country. Tremors of less violence have been felt since. Many people are sleeping in the parks and plazas. Electric light and water service has been restored. Physicians are attending the large number injured.

SEND OUT CHECKS
WASHINGTON, (AP)—Eighty-six thousand checks, representing payment for practically all awards made to date, were mailed today by the bureau of war risk insurance to beneficiaries of men who died in the military or naval service. It was announced. Since October, 1917, more than fifteen million checks have been sent to dependents, totaling more than \$469,000,000.

WOMEN DOCTORS PLAY VERY IMPORTANT PART

Fourteen American Physicians of Genter Sex Perform Splendid Work

NISH, Serbia, (AP)—Fourteen American women doctors are now in the Balkans, assisting the American Red Cross in its work of caring for the sick and destitute. These doctors are from the American Women's Hospital at New York and are located in Serbia, Montenegro and Albania. Six are in Serbia where the destitution and sickness is greatest. Some of the fourteen have received decorations or been cited for conspicuous service among the soldiers and refugees. They are:

Dr. Marjorie Burnham of Ashtabula, O.; Dr. Mary H. Elliot of New York; Dr. Harriet M. Gervais of Dorchester, Mass.; Dr. Alberta M. Greene of Cambridge, Bay, Mont.; Dr. Lulu Peters of New York; Dr. Marion C. Stevens of Reading, Mass.; Dr. Regina Flood Keyes of Buffalo, N. Y.; Dr. Mabel Flood of Wilkes, N. Y.; Dr. Catherine M. Cook of Washington, Pa.

Dr. Catherine M. Cook of Washington, Pa., and Dr. Dora E. Bowman of Kansas City, Mo., are assisting in the Greek-Serbian frontier, where she set up a hospital. She was given a handful of medical supplies intended for Serbia, a ship which was to supply her hospital never reached Greece. It fell a victim to a German submarine. With the crippled condition of transport through Serbia it was impossible for the American Red Cross to get her the necessary equipment. She had no operating table, no sterilizers, no beds, no stoves, no nothing except her small stock of surgical instruments and a few pounds of medicines. A carpenter built an operating table of old dry-goods cases. Dr. Keyes borrowed some iron beds from an abandoned military hospital. Old gasoline cans were made into stoves, stovepipes, kettles, dishes, sterilizers and everything needed to aid in an emergency.

With these nondescript furnishings and with the aid of Dr. Mabel Flood of Elmira, N. Y., and two American nurses Dr. Keyes opened the first American hospital in northern Greece.

When the French and Serbians began their memorable attack on the Bulgarians, which culminated in the collapse of Bulgaria, Dr. Keyes was asked by the French army authorities to accompany their troops as regimental surgeon. The plucky American physician served throughout the attack, treating hundreds of wounded officers and soldiers. Her work drew forth the warmest expressions of praise and thanks from the French and Serbian commanders. Dr. Keyes is now stationed at Monastir, Serbia, and is lending effective aid to the American Red Cross in caring for the sick and wounded soldiers who are returning to their homes from Austria and Germany.

Establishes Hospital

At the first call of help from Greece Dr. Keyes came to Volos, near the Greek-Serbian frontier, where she set up a hospital. She was given a handful of medical supplies intended for Serbia, a ship which was to supply her hospital never reached Greece. It fell a victim to a German submarine. With the crippled condition of transport through Serbia it was impossible for the American Red Cross to get her the necessary equipment. She had no operating table, no sterilizers, no beds, no stoves, no nothing except her small stock of surgical instruments and a few pounds of medicines. A carpenter built an operating table of old dry-goods cases. Dr. Keyes borrowed some iron beds from an abandoned military hospital. LACK OF HELP IS FACTOR IN MIDDLE WEST

High Cost of Living Also Cuts Big Figure in General State of Trade Over the United States

CHICAGO, (AP)—The labor situation today in the middle west is characterized by scattered strikes, some unrest over prevailing high prices, and continued unemployment in many cities while the big grain producing states are calling for an army of men to gather the immense 1919 crop.

A somewhat similar situation obtains in central and western Canada, where with prevailing high prices, and high work on the ground that they should till the land only when it is for their personal use.

Despite this rather unsettled state of affairs, many districts report conditions as good as those prior to the war so far as unemployment is concerned; labor is represented as following a sane policy in entering wages commensurate with prevailing high prices, and both labor and industry generally predict steady improvement.

There is perhaps greater unemployment among miners than in any single industry according to reports gathered from authoritative sources by the Associated Press. In Ohio 15,000 coal miners have been idle since January 1, because of a "lack of a market," either in the United States or abroad. In Iowa; in Illinois 70,000 miners work only two days a week, while 20,000 others are without work; in Missouri 40,000 unemployed are in the mining industry, and in Arkansas 2,500 coal miners are striking for higher wages.

Miners All Busy

In the copper and iron mining districts of Michigan there is little idleness, but mines are operating only three-quarters time because of market conditions.

On the other side of the scales, Kansas has sent out a cry for an army of 200,000 men to harvest the 11,000,000 acres of wheat, the largest wheat acreage ever planted by a single state. Harvest will start in southern counties about June 20; wages, according to E. F. Ritzell, federal harvest labor agent, probably will approximate \$4 for labor and \$7 to \$8 for experienced harvest hands. Kentucky, Minnesota, the Dakotas, Iowa and Nebraska report a substantial shortage of farm workers. No reports of idleness in other states for laborers at that time in the season of the state commissioner announced.

Unemployment in other industries of these states is reported normal.

Labor and employment agencies all agree that the farm labor shortage is due almost entirely to a disinclination on the part of returned soldiers to take up the old jobs.

The robust young warrior from Iowa or Nebraska, born and reared a farmer, has now tasted city life and hanker for smart clothes, a city haircut and a clerical job rather than a return to the stoical routine of the farm, labor representatives and employment officials say. Whether offers of high wages will alter this condition remains a question.

High Wages and High Costs

In Indiana, Illinois and Wisconsin labor officials contend that while the wages are the highest ever paid in dollars and cents, they are also the smallest in purchasing power. Duncan McDonald, president of the Illinois state federation of labor, said the spirit of unrest is due to disappointment of the workers who had "felt the war would bring better things for labor."

In Wisconsin, where unrest over high prices is manifest on the streets rather than in the shops, many factories are working fewer hours instead of laying off men. There are 2,500 men on strike in Ohio where unemployment peaked was reached in January with 162,000 men idle. The situation was aggravated by inauguration of war contracts.

The situation in Oklahoma is reported good despite the 2000 strikers; Arkansas reports only 1,500 unemployed, aside from 2,500 striking miners, and Texas reports there is just about a job for every man in the agricultural districts and oil fields.

Grain Review

CHICAGO, (AP)—Improved shipping demand from the east gave considerable strength to the corn market today. Bids for rather heavy 1 1/2 to 1 3/4 year olds and there were predictions that planting would be delayed by the combined influence of a late season and of a shortage of farm labor. Shorts covered freely, and found offerings rather light. Opening prices which ranged from the same as yesterday's finish to 1 1/2c higher, with July \$1.56 1/4 to 1 1/2 and September \$1.52 1/2 to 1 1/2 were followed by material gains all around. Oats developed firmness in sympathy with corn. After opening unchanged to 1 1/2c higher, with July 69 3/8 to 69 1/2c, the market continued to harden.

Provisions were sharply higher as a result of higher quotations of grain and hogs. The biggest upturn was in pork.

New York Stocks

NEW YORK, (AP)—(Wall Street)—Traders ignored the continued heaviness of United States Steel, the apathy of rails and reactions of 1 to 2 points in several of the prominent post-lease steel chief elements of the morning centered in shippings, motors and the more speculative oils and food shares. Atlantic Gulf, Marine, Standard, Swift and General Motors, Kelly Springfield and Keystone Tires, Royal Dutch, Sinclair, Steel Foundry, American and Baldwin Locomotives, Ohio Gas and sugars and tobacco represented the chief elements of strength at gains of 1 to 6 points. Liberty bonds were strong.

NEW YORK, (AP)—(Wall Street 1:30 p. m.)—The spirited rally which accompanied yesterday's later dealings was resumed on a broader scale at the opening of today's stock market. Gains of the first half hour ranged from 1 to 3 points in shippings, oils, motors, equipments, sugars, rubbers, leathers and specialties. Basis made moderate upward progress with copper. United States Steel was the only important exception to the general rise, yielding another large fraction. The outset and remaining under pressure.

SEATTLE MAYOR SAYS COUNTRY MUST ACT SOON

Government of United States Must Take a Hand in Affairs of I. W. W. and Other Radical Organizations

TOPEKA, Kan., (AP)—In a Victory loan address today before the Topka chamber of commerce, Mayor Ole Hanson of Seattle denounced the policy pursued by the government towards anarchism and the I. W. W. as "a skunk milk, weak vacillating and changeable" one and pronounced a warning of a wide spread, national effort to overthrow the government and society by violence." He declared the government was "on the wrong track in starting conferences instead of commencing the government and society in singing of brotherly love and turning loose those enemies of society."

Government Must Act

As to the revealed bomb plot in which he was one of the intended victims, the mayor said:

"I trust Washington will buck up and clean up, and either hang or incarcerate for life all the anarchists in the country. If the government does not do this, I will, I'll give up my mayorship and start through the country. We will hold meetings and have hanging parties. He declared he benefited the I. W. W. was at the bottom of the late bomb plot.

"The conspiracy to overthrow the government is widespread. It permeates every state in the union," he continued. "These men must be taken out of our country. Kindness means weakness to them." Concerning the pending I. W. W. convention, Mayor Hanson said: "My mayor that will permit an I. W. W. meeting in his city should be recalled and banished from America. He is not an American."

UTAH SENATORS ARE SENT BOMBS

Smoot and King of Salt Lake City With Other Prominent Men Are Mailed Packages

SALT LAKE CITY, (AP)—Information that a bomb mailed in New York Tuesday to United States Senator Reed Smoot at Salt Lake City was given to Salt Lake postoffice officials today by the Associated Press. Shortly thereafter official advice from the postoffice department reached here containing the same information.

The postoffice authorities were instructed to watch the mails closely and prevent delivery of the bomb should it reach this city. It was said that it might be sent to Provo, Utah, Senator Smoot's home.

Notwithstanding that bombs addressed to another unknown address in Utah also was received by the postoffice officials here. It is not known who the other bomb was sent, but it is possible, authorities said, that it might have been addressed to United States Senator W. H. King, United States Attorney W. E. Ray, Department of Justice Agent Dave Graham, former Governor Wm. Spry or Frank K. Nebeker, who prosecuted the I. W. W. in Chicago.
