PEACE TREATY IS READY FOR FINAL TOUCHES

With Progress of Negotiations Going Rapidly Forward, Terms Will Be Presented to Germans on Monday.

BELGIUM IS GRANTED PRIOR CLAIM INDEMNITY MONEY

If Present Plans Mature, the World Will Be Back in Normal Conditions by Last of This Month at Latest.

If the works of carrying out the last phase of the peace negotiations proceed according to the program outlined in Paris dispatches, the treaty probably will be signed early in the week beginning May 25.

The treaty will be presented to the Germans Monday afternoon. Reports from the peace conference indicate that it is to be a "victor peace" and there will be no verbal conversations except the most formalities when the treaty is handed over. Fifteen days will be given the enemy to consider the treaty, with a few additional days for the exchange of views between the allied and German delegations. Peace Begins Soon.

Thus, at the latest, if present plans are followed, May 27 would see Germany relinquishing once more peace and the allied and associated governments.

To Organize League. A second plenary session of the conference will be held Saturday, while on Monday a meeting will be held for the organization of the league of nations. Italy still is not represented at the conference, but her ambassador is invited to attend such conferences as the regular peace delegation from that country would attend. He has been asked to attend the present Monday session, but he has declined to represent his nation at the formal launching of the league of nations.

Give Belgium Prior Claim. The council of three met yesterday and ordered Belgium a priority of \$500,000,000 of the reparations moneys to be received from Germany. Germany's delegation exchanged credentials with the council yesterday. Count von Brockdorff-Rantzau, the German foreign secretary, appeared almost overcome with the sense of his country's defeat and was constrained by the allied delegation.

City Still Holds Out. The city of Munich, held by soviet forces, has not been taken by German troops, in spite of rumors indicating that it had fallen into the hands of the government soldiers, however, and it seems that a general attack upon it will not be long delayed.

WILSON FAVORS LABOR PROGRAM OF CONFERENCE

President Highly Pleased at Plans Adopted for Giving Aid to Workers Throughout Entire World.

WASHINGTON, (AP)—President Wilson's cabinet Secretary, Tamm, today said that in his opinion the labor program adopted as part of the treaty of peace "constitutes one of the most important achievements of the new day in which the interests of labor are to be systematically and intelligently safeguarded and promoted."

Mr. Wilson said that he personally regarded the labor program as one of the most gratifying achievements of the conference and believed no other single thing that had been done would help more to stabilize conditions of labor throughout the world and ultimately relieve the unhappy conditions which in too many places have prevailed.

Germans Express Satisfaction at Initial Session

Delegates Declare Spirit of Equality Prevails at Meetings of Peace Congress.

VERSAILLES, (AP)—The German delegates to the peace congress today expressed themselves as well satisfied that the first meeting Thursday with representatives of the allied and associated powers which took the form of mutual exchange of credentials rather than a one-sided demand for the production of the German papers for purposes of identification. They take this as an indication that the negotiations are to be conducted on a basis of equality.

DULUTH, Minn., (AP)—Eighty-two aliens who applied for American citizenship in the district of E. K. Roe, United States naturalization examiner, have been forever barred from becoming citizens, according to a report sent to Washington by Examiner Roe today. These men voluntarily surrendered their first papers in order to escape military service.

WORLD NEWS EVENTS

(By Associated Press)

WASHINGTON, (AP)—Private advices received here today say Marshal Joffre has not changed his plans for visiting the United States before the end of this year. He has not fixed a date.

ROME, (AP)—Camille Barrere, the French ambassador to Italy, had a conference today with Premier Orlando concerning the development of events in Paris since the departure of the Italian delegation.

WASHINGTON, (AP)—Members of the congressional party representing the military committees of congress now in Europe will sail from France May 10 on the Loviathan, the war department was informed today.

LONDON, (AP)—Sylvia Pankhurst and Amelia Mahoney, who were arrested yesterday when women attempted to force an entrance into the house of commons in a May day demonstration, in police court today were ordered to give bonds for their good behavior. Neither would give the necessary bond and they remain under detention.

NICE, France, (AP)—The Nice recreation area for American expeditionary troops, it was announced today, will be closed May 22, owing to the celerity with which the troops are returning home. The general council of the department of Alpes-Maritimes has adopted a resolution paying tribute to the excellent behavior of the American soldiers here.

PEACE MEETING HAS ITS GHOST

Eastern Question Is Declared to Be "Skeleton in the Closet" of Conference

PHILADELPHIA, (AP)—The Eastern question is the ghost that stalks through the halls in which the nations are assembled in conference and there is only one of the great powers that can address the ghost—the United States," declared Morris Jastrow, Jr., of the University of Pennsylvania, in an address on "The Ottoman Turk and the future of Turkey in Asia Minor," at the opening session of the American academy of political and social science today.

Others Are Responsible. "The other great powers, England, France, Germany, Russia, Italy, Austria Hungary," he said, "are responsible for the fact that the ghost has not been laid. Turkey in Europe would have disappeared at least five decades ago had it not been for the rivalry among the European powers for possession of the anticipated spoils of the east. "With the end of the war another opportunity is presented for solving the Turkish question on the basis of principle instead of diplomatic expediency. The obvious solution is to split Asia Minor into a variety of states."

WHIPPET TANK TOURS STREETS OF TWIN FALLS

Arrangements Complete for Visit of Engine of War of Ammunition, and Ball, Provided for.

ELABORATE PLANS FOR VISITOR'S RECEPTION

Non-subscribers to Victory Bonds to Be Shot at Sight, declares Chairman Thomas.

A real whippet tank, with real ammunition (Whippet and E. B.) will make a real tour of the streets of Twin Falls, probably on Tuesday of next week, certainly not later than Wednesday. The tank, declares O. D. Thomas, there is going to be no catch about it. It will run under its own power and shoot its own guns, and they won't be short-guns either. Arrangements for the visit were made by the Victory Bond committee and a number of telegrams have been exchanged between the local committee and the headquarters for the state at Boise. The tank will visit Buhl first, spending a day there, reaching Twin Falls on the early morning train. It will be out for a full day, and in connection with its stay an elaborate program along the lines of both entertainment and utility is being prepared.

To Help in Loan. The tank will be expected to put over the fact and of the Victory Loan drive. It will tour both the residence and business streets all day long and will make full use of its ammunition. Every home in Twin Falls and every individual will be expected to carry a prominent display.

ONLY ONE THIRD OF QUOTA RAISED

Entire Country Lags Behind in Bringing in Subscriptions to Loan

WASHINGTON, (AP)—With indicated subscriptions of \$1,500,000,000, one-third of the Victory loan quota the country still lagged today behind the record made in the third and fourth loans.

Reports showed the number of individual subscriptions was falling off in several districts and treasury officials declared extraordinary efforts would have to be made to equal the total of 20,000,000 subscribers to the fourth loan. Cincinnati has \$200,000 over its allotment. The Cleveland district was reported to have subscribed more than \$250,000,000. Honor flags have been awarded to 233 communities in the district.

Hundreds of subscriptions were said to have been obtained in San Francisco by the appeal carried on a card bearing the names of local men killed in action. The list was headed "the answer to all of your objections."

Among the racial groups in Chicago, the Czechs Slovaks are leading in the amount of sales. Captain H. H. Henry, a four-year honor flag has been awarded in the Chicago district.

Must Vote for Bonds or May Lose Capitol Is Plight of Boise

Secure Land for Additions to Building or Face Grim Prospect

(Special to The News) BOISE—That if Boise failed to vote for \$200,000 of Victory bonds, the legislature next convening probably would vote to move the capitol from Boise to some other Idaho city was a statement made by Frank Martin, former attorney general, at what was probably the most enthusiastic rally ever held in the history of the May day evening when citizens lined up generally in favor of the bonds. Governor Davis addressed the meeting saying that if the bonds were voted \$200,000 appropriated by the last legislature for the building of wings to the capitol would be made available immediately. It is proposed to make the vote 100 per cent if possible, in favor of the bonds.

May Deport Aliens for Participating in Demonstrations

Government Authorities Are Angry Over Socialist Parade on May Day.

CLIVELAND, O., (AP)—It became known today that federal troops, with two machine gun companies, were mobilized outside the city yesterday in readiness to suppress any disorder resulting from the socialist May-day demonstration in the city. The police proved unable to cope with it.

Government authorities, incensed over the socialist demonstration, today were considering steps to deport every foreign born person who participated.

BIG SPAN OVER SNAKE AT FALLS PLANS FAVORED

Commercial and Scenic Possibilities of Plan Suggested by Engineer Appeal to Commissioners Investigating.

The Snake River canyon will be spanned by a bridge with one of the largest suspension bridges in the United States, forming at once a connecting link of large commercial possibilities between the north and south of the canyon, affording a new and unique view of the waterfall of immense scenic possibilities, if plans suggested by the engineer supervising engineer for the Hansen bridge, to the county commissioners and to other citizens of Twin Falls are carried into execution.

Commissioners on Monday the members of the board of county commissioners with County Recorder C. C. Siggins and Mr. Murray yesterday visited the falls and inspected the site of the proposed bridge. The plan is feasible, the members of the board said on their return from the falls.

The matter has as yet been little discussed and plans have not been completed. The proposition, one that seems to meet with the general favor wherever it has been presented.

The width of the canyon at the proposed bridge site, about 2000 feet below the mouth of the Snake, is nearly twice the width of the canyon near Hansen where a suspension bridge is being built at the present time.

Mr. Murray has roughly estimated at \$500,000.

Tolls Would Pay Cost. Means by which the building the span have not been discussed in any formal manner, but the suggestion has been made that if a fund were created for this purpose and tolls charged the revenue collected from tolls would be sufficient in 15 years to pay all of the cost.

The proposed span, if built would be (Continued on page eight)

Peculiar Texture and Shade of Paper Used in Conspiracy Expected to Lead Eventually to Apprehension of Guilty Persons—Manufacturer Able to Supply List of Patrons to Whom Stock Was Sold

RAID ON NEW YORK MEDICAL CONCERN UNEARTHS BIG STOCK OF EXPLOSIVES

(By Associated Press) NEW YORK, (AP)—Federal and police investigators of the nation-wide bomb conspiracy to assassinate prominent men expressed the opinion today that they had found a clue that might lead to the discovery of the conspirators, when they learned the identity of the manufacturer of the peculiarly designed paper with which the boxes containing the bombs were covered. The manufacturer said that only a few of the paper had left his stock and that he could furnish the place with a list of his patrons in whose possession the paper went.

Reds Supposed to Have Some Knowledge of Internal Machines Found in Mail Are Being Rounded Up by Authorities.

NEW YORK, (AP)—Federal and police officials were expected to make a roundup of "Reds" here today in connection with the investigation into the nationwide May Day conspiracy to kill prominent men with bombs addressed to them through the mails. Twenty-five of these machines are known to have been sent to the city yesterday. It is assumed that the warnings sent them through the mails, that any bombs which may still be in transit will accomplish the execution designed for them.

It was reported today that messages had been sent to members of the peace delegation in Paris warning them against opening packages although there is nothing to indicate that any deadly contrivances had been sent abroad.

FRENCHMAN TELLS WHY PEOPLE LIKE AMERICA

Newspaper Reports Are Denied by Aide to Joffre in Recent Statement.

WASHINGTON, D. C., (AP)—The American newspaper reports to the effect that the war time administration held by the French people for American soldiers had waned since the armistice, has caused Capt. A. Malick, aide to Marshal Joffre, to protest to friends here. So far as the soldiers of France are concerned, Captain Malick writes in a letter to Lieut. Col. A. L. Penhale, the fourth staff of the army, "The difference is that we love you better than in 1917 because we know you more."

TERMS INCLUDE MANY CHAPTERS

Peace Treaty Is Composed of Between Fifteen and Twenty Different Parts.

PARIS, (AP)—The peace treaty comprises from fifteen to twenty chapters, according to Marcel Huot of the Echo de Paris.

The preamble is contained in the first chapter, setting forth the reasons why the various contracting parties entered the war and mentioning the necessity for the league of nations. The second chapter deals with the German frontiers, and the third contains all clauses connected with alterations of frontiers resulting in change in the sovereignty of territory. The fourth sets forth the military, naval and aerial clauses, and the fifth takes up the disposition of the German colonies, it is said.

Most Not Completed. The other chapters are not as yet altogether finished but will concern reparations, economic and financial questions and will deal with the international labor legislation treaty. The treaty concludes with a chapter concerning the guarantees for the execution of the treaty conditions by Germany. M. Huot adds he believes the German delegation has not yet decided upon the preliminaries of the treaty.

EKS SELECT SITE FOR NEW LODGE HOME

Members at Meeting Direct Trustees to Buy Four Lots at Corner of Shoshone and Second Avenue North

As an initial step toward the building of a new home for the Twin Falls lodge of Eks, an enterprise involving the purchase of \$200,000 by 30 members of the order at a meeting last evening pledged subscriptions to the amount of \$23,000, making an average of over \$750 per member. May 4, trustees of the lodge were directed to purchase four lots at the corner of Shoshone street and Second avenue north as the site for the proposed building.

Members To Pay Cost. The lodge has an active membership of more than 400, and if the average of subscriptions established at the Thursday meeting is maintained, the proposed new home will be built with funds furnished by members of the lodge.

The site selected will cost the lodge \$30,000. The owners of the lots selected are J. L. Dilworth, V. H. Ormsby, A. B. Anderson and Frank Bellville. Tentative plans for the building which have been discussed for some time by members of the lodge provide for erection of a structure of four or five stories in height.

ADOPTS MEANS TO CHECK ANY RADICAL PLAN

Patriotic League of Argentina Decides to Suppress Any Tendency Toward Demonstrations of Anarchism

BUENOS AIRES, (P)—Vigilance committees organized by the Argentine patriotic league and supported by military and naval detachments prevented menacing anarchistic tendencies during today's socialist demonstrations.

President Irigoyen told Dr. Manuel Carlos, president of the league, that socialist and anarchistic organizations had appealed him for protection against the league which had warned that it would forcibly suppress any anarchist disorders. The president asked what the league intended to do.

Must Crush Uprisings
"With or without authority," Dr. Carlos answered, "the patriotic league intends to end anarchistic efforts to break down the civilization of Argentina. It intends to prevent all demonstrations by anarchists."

With the organization of these vigilance committees, there appears a serious effort to eliminate anarchistic agitators, which have been serious for more than a year. Eight hundred agitators have been arrested during the last few days and the police have listed 1,600 more who may be taken into custody at any time.

Dr. Carlos stated today that beginning Monday the league would be breaking up all known meeting places.

GERMANY FEARS NEW COVENANT

Delegates to Peace Conference Think League Will Change World Scheme

LONDON, (P)—According to a report of an interview given by Herr Schuecking, one of Germany's peace delegates, to the Berlin correspondent of the Herald, the league organ, the plan for the league of nations which has been formulated at Paris has brought disillusionment to Germany. It is regarded there as a thinly veiled scheme for the league to have to gain the ascendancy and give the militarists an opportunity to taunt the pacifists for their simplicity. It is said, "If the scheme is in its present form," Herr Schuecking is quoted as saying, "it will lose all of its moral authority over all sections of the Germans, some of whom will go over to action. Others look forward to the establishment of international socialism."

POLICEMEN ARE HURT IN FIGHT

May Day Demonstration Proved Costly to City Officials Who Are Injured

PARIS, (P)—Two hundred and fifty policemen were hurt during yesterday's May Day disorders, according to an announcement at midnight. Apparently, only one person was killed. The United Trades Union of the department of the Seine declaring many women were victims of the "violent action of the police, exercised by order of the government," has decided to call a meeting of the general council tonight to consider the attitude it will adopt in view of the day's events.

GERMAN BANK DOES NOT LOSE BY WORLD CONFLICT

Collapse of Military and Political Machine Spells Little Change

LONDON—(Correspondence of The Associated Press)—The military and political collapse of Germany was not a costly experience for the Reichsbank of Berlin, according to copies of the annual report which have just reached London.

There was an unexampled increase in money requirements, while the stock of gold decreased.

The total turn over was 3,345,000,000 marks, being 1,310,000,000 marks more than the enormous figures of the previous year. Gold stocks showed a total decline of 144,000,000 against 114,000,000 in 1917.

Money requirements found expression in a great increase in note circulation, the end of the year seeing 22,187,000,000 marks in outstanding notes as compared with 10,250,000,000 at the close of the year before. In addition to this market loan bills amounted 10,242,000,000 as compared with 3,978,000,000 in 1917.

The bank had at its disposal foreign money to the value of 13,218,000,000 marks, an increase of 5,230,000,000 during the period covered by the report.

Total profits show the record sum of 814,000,000 marks against 364,000,000 in the previous year. Of this amount 340,000,000 was reserved for war losses. The net profit is given as 111,000,000 marks from which the stockholders received 15,600,000 marks in the form of a dividend of 8.68 per cent as compared with 8.72 per cent the year before. The imperial treasury received in all from the bank, 300,500,000 marks as compared with 307,000,000 in 1917.

WOULD CHECK INVASION OF COUNTRY BY SLAVS

German Austria Is Mobilizing Troops to Stop Advance of Neighbors

GENEVA, (P)—The Carinthia government has ordered the mobilization of twenty military classes in order to arrest the invasion of German Austria by the Jugo Slavs, according to a dispatch received at Berne.

Jugo Slavs are reported to be attacking on a fifty-mile front for the purpose of seizing Klagenfurt and Villach.

Vienna is said to be preparing to aid the Carinthian troops and the allies are seeking to settle the conflict.

Carinthia is a titular duchy of Austria situated east of the Tyrol and north of Carniola.

MONEY MAIN REQUIREMENT OF COUNTRY

New Minister Plenipotentiary From Salvador Outlines Pressing Needs of His People

SAN FRANCISCO, (AP)—The first and greatest need of the republic of Salvador is money, said Salvador Boh, minister plenipotentiary at Washington for that country, who has just arrived from South America. The money is needed at once according to Minister Sal.

"Twenty-five millions of dollars are needed to properly take care of our coffee crop and the government of the republic will not only welcome foreign capital but will make every fair inducement to attract it," he said. "We are particularly anxious to increase our commercial relations with the United States."

"The reason that Salvador did not actively enter into the war against Germany was the fact that there was an old clique of politicians favorable to that country. Since the war, that element has been completely eliminated. The administration of the country as elected now is entirely in the hands of pro-American officials. Our president, Jorge Melendez, was educated in the United States and a number of other number of others in official positions who have had the same advantages."

"We are particularly anxious for some large banks who can do business in a big way to open in Salvador. There are two banks of a capital of a half million dollars who have started business but what we really need is an institution which will have a capital of at least ten millions of dollars."

"Any man who has capital, say about \$10,000, will find excellent opportunities for investment, which will be well cared for, will bring him returns worth while. I should strongly advise against any young man who has only his hands and his brain to depend on from going down there."

"Our coffee before the war, was consumed in France, Italy, Germany and England. Now Germany is eliminated and the United States is getting one-half of our crop."

"It will be my particular endeavor to foster the commercial relations between the two countries and to intercept capital."

"We rely for our protection on the United States, confident of its fairness; so much so that we sent our delegates to the Paris Peace convention instructed to concur with the vote of the United States on all questions which came up. We do not fear anything as we are confident in the Monroe Doctrine and stand that this country will safeguard the nations of this continent."

WOOL PRICES REDUCED

LONDON—(Correspondence of the Associated Press).—The official issue prices of wool and tops to the wool trade have been reduced in average 7 1/2 per cent from April 1. These prices are to remain in force for eight months with a view to stabilizing values. Sales are to be held May 9 to 21, June 17 to 27, July 15 to 25, Sept. 2 to 19, October 7 to 24 and December 2 to 19.

According to official returns, the stock of wool held in the United Kingdom on December 31 last amounted to 301,513,281 pounds in the raw state, or 195,602,746 pounds in clean secured terms.

The government-owned wool in the colonies on the same date was 1,090,000 bales.

Woman Sixty Years Old Goes to Front With Soldiers and Helps in Battles.

NEW YORK, (AP)—"Ma" Burdick, sixty years old, Salvation Army "lassie" mother to thousands of doughboys with the American Expeditionary Force, returns to New York today on the Nieuw Amsterdam from Brest.

At the front she worked under shell fire, her silver head protected by a steel helmet. She cut off the rain and mud soaked tails of the doughboys' long coats and fashioned the remnants into capes. She had flapjacks over a stove fashioned from scrap metal and turned the toothsome batter cakes with a scrap of tin roofing. She finally worked herself into a condition of extreme physical weakness and was lying ill in the left of a shell torn stable. She was taken to a military hospital in Paris. When she recuperated she returned to the front.

Every member of her family old enough to serve responded to the first call.

Her husband hustled fuel for his boys' flapjack fires and between times he mended watches for the boys.

"Ma" Burdick held the pie baking record of the war, having baked 324 pies in twelve hours.

LUXURY TAXES ARE CONFUSING

Many Complain of Overcharging in Matter of Personal Equipment

WASHINGTON, (AP)—Complaints have reached the internal revenue bureau of retailers charging more than the actual tax on so-called luxuries, such as expensive clothing and other personal equipment.

Reports indicate that most cases of overcharging were caused by the failure of store clerks to acquaint themselves with provisions of the law. Officials issue a reminder that overcharging a tax may render the dealer or clerk liable to a fine of \$1,000 and a year's imprisonment.

In the case of the luxury taxes, it was emphasized that the tax of ten per cent is imposed only on the excess of cost above a certain sum specified in the law, and not on the entire sale price.

Beef, tea, coffee, sandwiches, cake, cream in buckets and medicinal preparations often sold at soda fountains are not taxable.

The managing committee of the socialist party and the socialist group of the chamber of deputies will also meet.

Deputy Marcel Cachin, writing in Humanite, claims the day was "an magnificent demonstration of the power and discipline of the laboring classes and was marred only by the brutality of the ferocious police."

M. Cachin places responsibility for the disorders upon Premier Clemenceau. He blames Labor People.

The police maintain that they had no ball cartridges in their revolvers and that no ammunition was issued to the troops, the few shots fired consequently having come from the demonstrators.

The disturbances are generally deplored by public opinion.

The socialist organ lay the blame upon the labor people, while the newspapers opposed to Premier Clemenceau are inclined to agree with the socialists that there would have been no trouble if a few demonstrations had been permitted in Paris.

The Petit Parisien says that throughout the country the laboring classes displayed their feelings in dignity and order and that a few incidents of violence should not be permitted to wipe out the satisfactory impression thus given.

WHEAT PLANT IS ATTACKED BY STRANGE NEW DISEASE

Yellowing and Loss of Vigor Is Found in Parts of Illinois Fields

CHICAGO, (AP)—The yellowing of wheat in parts of Illinois, together with the loss of vigor in the plants, are reported to be due to an infection hitherto unknown in this country.

In a statement today B. W. Snow, a crop expert, said that the condition as investigated, is due to a fungus which attacks the roots of the plant. In Australia it is known as "take-all" and in France as "foot rot," Mr. Snow says.

The report of yellowing plants and the first crop damage reported on the present crop.

TROUBLES COST HIM A FORTUNE

Texas Farmer Suffered For Fifteen Years—Is Relieved by Tanlac

"A few bottles of Tanlac have done me more good than other medicines and treatments that cost me a small fortune," said C. C. Fisher, a prosperous farmer living at Irving, Route 1, a few miles from Dallas, Tex.

"Fifteen years ago I continued to suffer so terribly from stomach trouble that I thought I could never get well. Everything I would eat went back on me and I would heilch up my food so sour that it would hardly be able to get me, the gas on my stomach would press on my heart so as to cause it to flutter and I would have the hardest time getting my breath. Let Us Have Your Thoughts for a Minute

They say that every man has a hobby. We know that most men have ambitions, and some have a goal which they have set for themselves.

Our one thought is food-stuffs, and how we can conduct our business so as to serve the greatest number of people at the smallest possible cost. Our ambition is to sell good merchandise, at our store, cheaper than it is sold elsewhere.

This week we open our new store at Pocatello. For some time we have felt the need of a central distributing point for our car-load purchases, and Pocatello fills that need. We can now buy practically all our goods in car-load lots—distributing it to our different stores, west and north of Pocatello. The saving to us, in price, will be considerable and we feel that to pass this saving on to the people—who made our stores possible—is only a fair business principle, sensibly applied, that it will increase our volume of sales—bring us more boosters—and carry us that much closer the goal.

Remember—Quality it never sacrificed at our store.

A. Y. M. C. A.

In any thought upon or discussion of the project of a proposed Y. M. C. A. building in Twin Falls, it were well to leave out any question of the failure or success of the institution on the battlefields of France.

Whether or not the Y. M. C. A. or its officials or employees are properly subject to censure or commendation in connection with the European activities of the institution will probably never be definitely known.

If this could be done there is no doubt that the first "got-together" would awaken the "Let's Go" spirit.

When Twin Falls gets that feeling she will lead Southern Idaho as she should.

Yours truly,
INTERESTED READER.

GOVERNOR IS INVITED TO LAND CONFERENCE
New Mexico Asks All Western State Executives to Consider Proposal

(Special to The News)
BOHNE—Governor Davis has received from Governor O. A. Larrazola of New Mexico an invitation to hold a conference of western governors for consideration of reclamation projects as a means of furnishing employment and homes for returned soldiers.

The meeting proposed by the New Mexico executive would be held in his own state. Governor Davis has countered with the proposition that he will be held in the city of Idaho.

Presenting Attorney F. L. Stephan Takes Novel Course Alleged Delinquent Taxpayer

Because of the alleged failure of the defendant to pay personal property taxes for the year 1918 amounting to \$34.10, prosecuting attorney Frank L. Stephan yesterday filed in district court here a notice of attachment.

That will be attended to in another way. If the Y. M. C. A. is to be built here it will be built because Twin Falls wants it to be built, just as it eventually would have been built supposing there had been no war at all.

No Y. M. C. A. over yet established in an American town has done that town any harm. But the absence of any and all forms of clean entertainment and recreation for young men, has always been a bad thing for any community and there are times when it seems to be apparent that it has been an especially bad thing in this particular town.

Those who have sons of their own, or who are interested in the broad proposition of humanity's duty in the matter of turning out clean men to inherit the cares and duties of citizenship everywhere, will find no fault with the Y. M. C. A.

A COMMERCIAL CLUB

Editor Twin Falls News:
Your editorial "Wasted Opportunities" certainly hit the spot. Yes, several spots, but not nearly all of them.

Perhaps it is best to not mention all the lack of boosting at once. The commercial club meeting in March was well attended. Most we admit that it was the dying gasp of a once vigorous organization.

The individual business men of Twin Falls cannot be accused of apathy. They give freely of their time and money for the city's good, and yet it is correct to state that, as a community, we not only fail but miserably.

Could not the News collect from each of its readers one suggestion as to the thing such a club most essential for the community's good? There would be good suggestions to bring before a commercial club got-together.

Any plan will do that would get a spirit of unity around and would work on Twin Falls before it is too late to catch up to the spirit of rapid progress abroad in the West and Idaho.

COMMENT, BY AND LARGE

Pertinent paragraphs on current events, official acts and the general trend of events, at-home and abroad. Edited by Captain O. J. Langley.

"HOOR THY KAISER!"
This many men of many minds,
It seems cannot agree
Whether Kaiser Bill shall come to
Or stay in Holland, free.

"There is no court that's big enough,
While other prophets of the hour
Say there's no law applied!

And all the while this Kaiser Bill
Stalks through the castle grounds,
And groweth thin and growth gray,
With thought's remorseless rounds.

He that was cast the German All
And honed to rule the world,
Into Remora's deepest pit
By every thought is hurled.

Was he arraigned at human bar.
The best that could be done
Would take his life, with great regret
That he had only one!

So the one question worth our while,
If anyone can tell,
Is whether here, or way down there,
He'll find the hottest hell!

AN OVERLOADED "GOAT"
The New York World, conceding that the present administration has deservedly become exceedingly unpopular, charges practically all of the responsibility therefor to Postmaster General Burleson—which is interpreted by the knowing ones to indicate that he will be made the party goat and be sent into the wilderness of "haspeens" loaded with enough political sins to redden the coat of any party leader, and especially the president, from all obligations or blame.

This is the 'World's' indictment against Burleson—serious enough in all conscience—that he is responsible for:
President Wilson's "ill advised" "he kept us out of war" platform plank.

President Wilson's "ill advised" refusal of last October that only democrats be elected to congress.

TWIN FALLS TO PAY MORE FOR PHONE SERVICE

All Rates in Southern Idaho Raised by Order of Burleson to Overcome Heavy Deficit in Operating Costs.

(Special to The News)
BOISE—By order of Postmaster General Burleson, telephone rates have been raised in South Idaho. The rate on a call of a mile from \$30 and \$24 a year for one and two party lines to \$38 and \$30, with \$27 for four party lines. Business rates are raised from \$80 and \$48 for one and two party lines to \$72 and \$60. These are the rates applicable in Twin Falls.

It is explained in an official statement that the deficit in telephone operation in South Idaho last year was more than \$200,000 and that the increased rates would make up about \$99,000 of it.

Postmaster General Burleson explains that the rates were not raised arbitrarily simply because the telephone had become indispensable to the public but solely because of the increased cost of operation, due to high wages and material.

Boise citizens, who have the same rates as Twin Falls accept the increase philosophically, feeling that the telephone is worth in many emergencies much more than the cost and also realizing the force of Burleson's statements as to increased cost of operation.

May Ask for an Injunction

BOISE—It is probable that the Idaho state public utilities commission may attack in the courts in the form of suit to secure an injunction, the increased rates of the Mountain States Telephone company authorized by Postmaster General Burleson to take effect in the southern Idaho territory May 1. The state of Utah already has acted in this matter and has secured an injunction holding up the increased rates in that state.

ORGANIZATION FOR Y. M. C. A. DRIVE FORMED

Campaign to Raise \$125,000 for Building in Twin Falls to Be Put Over Quickly Is Promise of Workers.

The campaign in Twin Falls to raise \$125,000 for the erection here of a Y. M. C. A. building, opening with a banquet on Monday evening, May 19, and closing at midnight, Tuesday, May 27, will be conducted from a Y. M. C. A. building to be erected on a vacant downtown lot to be selected by a committee on quarters appointed by the members of the campaign executive committee at a luncheon served Thursday noon at the Rogerson cafe.

The executive committee was unanimous in its decision made at that time that the drive should have for its goal the raising of not less than \$125,000. It was decided to split contribution pledges into four equal parts payable July 1, 1919, December 1, 1919, March 1, 1920, and July 1, 1920, over a year in which to make full payment.

High enthusiasm and the best of spirit prevails among all of the workers relative to the ultimate success of the campaign which is to be put over with a whoop to the end that construction may be started soon on a commodious home for the men and boys of the community.

The following officers of the executive committee were elected at the luncheon Thursday: Chairman, L. L. Hrekenridge; vice-chairman, C. E. Marney; secretary, E. L. Ashton; treasurer, J. M. Maxwell.

The other members of the executive committee are W. H. Bliridge, J. E. White, A. J. Feavey, E. J. Frantz, T. Wright, T. H. Irwin, W. R. Price, Hal G. Blue, E. L. Macveiver, L. G. Kirkman, V. H. Decker, J. S. Busel.

Boys Find Cashed Bottle of Beer in Vacant Corner Lot

Exhibit of Ontraband at Sheriff's Office Attracts Some Notice.

An open pint bottle obviously full of beer occupied a conspicuous position this morning in the sheriff's office where it attracted no small measure of interest. It had been found in the office last evening, the officers explained, by small boys who stated that they had found it among weeds in a vacant lot at the corner of Fourth avenue and Second street north. Fearful lest they be prosecuted for illegal possession of intoxicants the boys at the sheriff's office, immediately reported the bottle, immediately repaired with it to the sheriff's office, and then, thinking that the contents might not be confiscated here they returned to the vacant lot at just before they entered the office door releasing the overfoaming fluid which foamed furiously, removing any doubt as to its character or composition.

RETURNS FROM CRUISE THROUGH MEDITERRANEAN

Nicolas Wenzel, Released From Active Naval Service, Back Home

Nicolas Wenzel, who enlisted nine months ago in the navy, after a voyage through the Mediterranean with stops at several Italian ports, was released from active service April 21 at Norfolk, Virginia, with the rank of chief electrician, and returned Wednesday evening to Twin Falls. Mr. Wenzel was formerly projecting machine operator for the Orpheum theatre. As a member of the Second Idaho regiment he served on the Mexican border in 1916, and at that time made and sent back to Idaho several reels of motion picture film. He has not yet decided upon what civilian pursuit he will follow.

Errors Cost Locals Game Against Rupert

Twin Falls High School Nine Meets Its First Defeat of Season.

Expensive errors assessed against the Twin Falls infield, according to Coach E. P. Nafziger, were responsible for the defeat by scores of 6-3 of the Twin Falls high school baseball team at the hands of the Rupert high school nine in the game played Thursday afternoon on the Rupert field. Rupert skinned the home team by pitched the first six innings and off Fix who finished the game. Twin Falls collected in six hits.

The defeat of the local nine Thursday was the first defeat it has suffered this season, having beaten Rupert in a game played on the Twin Falls field and taking two straight from Boise.

The Twin Falls team is to play against the Boise nine at Boise in a two game series on Friday and Saturday of next week and in to meet the Buhl high school team here in the final game of season on May 16.

Vocational Worker Here—Dr. E. G. Cox, federal vocational adviser, will be in Twin Falls Monday morning to consult with all returned soldiers concerning their county and vocational training. Home service action will be glad to make any appointments.

Back from Shoot—C. A. Bailey and Capt. E. E. Swedler returned Thursday from Lewiston, where they attended and participated in the thirteenth annual trap shooting tournament of the Idaho State Sportsman association.

Illness Prevents Lecture—Owing to the illness of Elder Wagner, there will be no bible lecture in Union hall on Sunday next according to statement of Elder Samuel Stanley. Elder Wagner however, expects to continue his series of lectures on the following Sunday evening giving voice by verbal interpretation of the seventh chapter of Daniel.

Sues for Divorce—A petition for divorce in the case of Tany W. Wigan against Nina D. Wigleworth was filed in district court here Thursday by E. M. Wolfe and J. F. Martin attorneys for the plaintiff. Description, dating from February, 1918, is given as the grounds for the action.

Labor Department Busy—During the month of April, according to the report of E. E. Crabtree in charge of the farm bureau labor department, there were filed the applications of more than 300 farmers of this county for farm labor and the application of between 200 and 250 men seeking work on farms here. A demand exists now for a number of experienced irrigators.

Home Again—Mrs. Henry Bolton returned yesterday after several weeks' visit with relatives and friends in Chicago. She was accompanied by her parents, Mr. and Mrs. John S. Date, both of whom are 83 years of age. Mr. and Mrs. Date will make their home with their daughter here visiting southern California in the winter season. Mr. and Mrs. Date will celebrate their 63rd wedding anniversary May 5.

To Enlist Reporters—Arrangements for the appointment through the county farm bureau of several crop reporters in this county to cooperate with the field agent in the compilation of reports to the bureau of crop estimates were made by Julius H. Jacobson of Blackfoot, field agent, while here Tuesday and Wednesday in conference with County Agent Charles H. Bohrer and with the officials of the Twin Falls Canal company.

HAZELTON SCHOOLS CLOSE FOR FUNERAL SERVICES

Friends and Neighbors Pay Final Tribute to Memory of Mrs. Ella Rankin, Stricken by Pneumonia.
Schools at Hazelton were closed yesterday to permit of the attendance of pupils and their parents at the funeral services held at the P.-J. Grossman chapel here yesterday afternoon for Mrs. Ella Rankin of Hazelton who died here from pneumonia. The services were conducted by Rev. A. H. Brand of the Presbyterian church, and interment was in the Twin Falls cemetery. Three little children under 11 years of age are left motherless by Mrs. Rankin's death. She was a sister of Mrs. T. G. Leroy of Twin Falls. She had resided in Hazelton for less than one year.

How much did you want Victory?

Your answer will be your signature on a check for the biggest amount of Victory Bonds you can swing—conveniently or otherwise.

If you voice a weak "hundred" when you can well afford "five" you'll be like the man who wasn't there when the pinch came AND WE DIDN'T HAVE A ONE OF THIS KIND IN AN AMERICAN UNIFORM.

When you're making up your mind "how much" you'll sign up for, just let your thoughts roam over to the little pine plank cemetery in France, where Mrs. So and So's boy gave everything he had to keep the hun's bloody boots off your front porch—and THEN USE YOUR OWN JUDGEMENT.

The loan is now on and all it lacks is your name on the dotted line if you haven't V on your lapel.

Students Agree on Truce in Bibbity Class Colors War

Glose Hostilities With Honors Even Referring Teams to Council

Bloodshed was incidental to the encounters in the city park last evening marking the close of the color war which raged for 24 hours between the members of the senior and junior classes of the high school. Honors were even when hostilities ceased, the seniors retaining possession of their flag of black and gold after taking it away from the juniors who had hauled it down from its place on the bandstand in the park...

Thursday morning found the red and white of the juniors flying from the flag pole on the court house. Where it remained only a short time after it attracted the attention of the seniors. The seniors black and gold flew from the bandstand all afternoon until some of the juniors who were dismissed during the seventh period, about 40 minutes in advance of the dismissal of the other classes, took it down. The dismissal of the whole school was a scene of bloody noses and some damaged clothing resulted. Finally the seniors regained their colors. The armistice agreement was reached and hostilities ceased while each class cheered the other.

RED CROSS DOES GOOD WORK

MOSTAL, Herzegovina—(Correspondence of the Associated Press)—All the hospitals of Herzegovina and Bosnia, which are full of sick and wounded soldiers, returned from Austria, and many civilians suffering from typhus and other diseases, are receiving aid from the American Red Cross, which has sent several doctors and nurses here and a large quantity of medicines and clothing.

The Red Cross Mission, which is in charge of Captain F. C. Thwait's of Milwaukee, Wis., has relief stations at Ragusa, Spalato, Sarajevo, Mostar and other points. It is turning its attention to clothing the destitute caring for the sick, and improving sanitary methods with a view to the prevention of typhus. It is co-operating with the United States Food Famine Commission, which is distributing flour and fats to the poor.

RED CROSS DOES GOOD WORK

MOSTAL, Herzegovina—(Correspondence of the Associated Press)—All the hospitals of Herzegovina and Bosnia, which are full of sick and wounded soldiers, returned from Austria, and many civilians suffering from typhus and other diseases, are receiving aid from the American Red Cross, which has sent several doctors and nurses here and a large quantity of medicines and clothing.

The Red Cross Mission, which is in charge of Captain F. C. Thwait's of Milwaukee, Wis., has relief stations at Ragusa, Spalato, Sarajevo, Mostar and other points. It is turning its attention to clothing the destitute caring for the sick, and improving sanitary methods with a view to the prevention of typhus. It is co-operating with the United States Food Famine Commission, which is distributing flour and fats to the poor.

TWO LEADERS FACE CHARGES OF DISLOYALTY

Head of League and Organizer Must Answer to Court for Alleged Acts Plotted Against United States.

ST. PAUL, Minn. (AP)—A. C. Townley, president of the national non-partisan league, and Joseph Gilbert, the league organizer, must stand trial on charges of disloyalty, the state supreme court ruled today. The decision of the Jackson county district court, overruling demurrers brought by Townley and Gilbert, who sought to have the indictments quashed, was sustained.

Would Discourage Aid

Gilbert is charged with having made public utterances designed to discourage patriotic co-operation in the war and the Jackson county indictment holds Townley responsible for a non-partisan league pamphlet which, the indictment holds, was a violation of the espionage act.

Gilbert is charged with having used scurrilous language in an address at a meeting at Lakefield, Minn., Jan. 23, 1917. Gilbert's attorneys contended that Gilbert's remarks were not intended to be disloyal and were merely a discussion of various phases of economic conditions in the United States.

Enterers with War Funds

Sustaining the order overruling Gilbert's demurrer, the supreme court ruled that if Gilbert did utter the statements charged against him, the language would have tended to develop an impression that the United States did not have a just cause for entering the war and that such a tendency might have discouraged enlistment and interfered with the raising of war funds.

Townley's attorneys argued that the non-partisan league principles were aimed at profiteers and other enemies of the farmers and that there was no intention to incite anti-war or subversive feeling.

LINOTYPE OPERATORS GO ON STRIKE IN NEW YORK

Only One Newspaper Is Published as Consequence of Walkout of Workers

ALBANY, N. Y. (AP)—The only newspaper published here today was the Bulletin, a single sheet of reproduced typewritten news issued by the Victory Liberty Loan committee. The composing rooms of the regular papers were still tied up by a walkout of linotype operators.

The Bulletin appeared in newspaper form, carried a slug line to the effect that it was "Vol. 1, No. 1," and asserted that it "positively had the largest circulation today of any newspaper in Albany." It carried no advertisements but had some local news.

WHIPPER TANK TOURS STREETS OF TWIN FALLS

play of the fact that Victory bonds have been purchased to the extent of the assessment. "This tank is going to do the business," says Mr. Thomas. "It will have positive instructions to load with shrapnel and turn its guns on every house and every man caught on the streets without either a receipt or a Victory loan button. So let's all get busy; buy bonds now and with all and at the same time put Twin Falls into the winning class where she belongs."

From Twin Falls the tank will visit Purley on a similar mission, and will be on the Twin Falls branch for three days in all.

Gold Star Day.

At the request of the treasury department, Saturday of this week has been designated Gold Star day as a mark of special honor to the 500 Idaho boys who gave up their lives for the country's cause.

It is urged that every citizen join in the effort to complete the county's quota on Saturday without waiting for the arrival of the whippers. Special attention is being given this matter by Lieutenant Epler and the local committee and no pains will be spared to accomplish the end sought. In the event the county's quota is not completed on Saturday night, the tank will clean up the job on its arrival.

"There you!" says Thomas. "Will there be a whipper tank in Twin Falls on Thursday?" Mr. Thomas was asked by The News.

"There will," said Mr. Thomas. "It will travel the streets of Twin Falls under its own power and with all its guns in action. That is if a wheel doesn't come off or some other unforeseen accident interfere with the plan."

Look out for the tank!

FILES BRIEF IN CONTROVERSY OF ROAD AND STATE

Counsel for North Dakota Declare Administration Cannot Overrule and Change Intra-state Railway Rates

WASHINGTON, (AP)—Counsel for North Dakota filed their brief today contesting the government's authority to interfere with intrastate freight and passenger rates, in the appeals brought in the supreme court by the government from state supreme court decrees enjoining the Northern Pacific railroad from increasing its rates in compliance with an order of the railroad administration.

Does Not Mean Interference

The brief asserts that congress in enacting the railroad control act had no intention of giving federal officials this authority and asserted the statute did not confer arbitrary power upon the president.

Plans Are Clear

"Clearly the state laws upon these subjects are not inconsistent with the act of congress and cannot be abrogated or superseded by an order of the president," the brief further contends. In these matters there is no relation to the conduct of the war. Similarly if the obligation of the carriers to transport property at reasonable rates established by state law is not inconsistent with the provisions of the acts of congress, it is not within the power of the president to interfere with the force and effect of these laws.

Compares Original Draft

The brief compared the original draft of the railroad control act with the measure as finally passed to show what changes had been made to preserve the state laws.

"Thus," the brief continued, "from a bill in which it was attempted to give final ratification power to the president, the bill becomes one in which the 'police regulations' of the states and the jurisdiction of the interstate commerce commission were preserved."

CONVENTIONS FOR OPINION ON LEAGUE ARE PLANNED

Grain Review

CHICAGO, (AP)—Active trading and sharply higher prices developed today in the corn market. Increased shipping demand from the east together with shrinkage of receipts were the chief bullish factors. Profit taking sales on the part of early buyers failed to bring about any important reaction. Opening prices, which ranged from 1.1 to 1.3c with July \$1.03 3-4 to 1.04 1-2 and September \$1.00 to 1.01, were followed by decided further gains.

Oats partook of the strength of corn. After opening 1-3/4c off to 3-4c higher with July 71 3-4 to 71 7-8@72, the market scored a moderate general advance. Provisions were upward bent with grain and hogs. Offerings appeared scarce.

Liberty Bonds

NEW YORK, (AP)—Prices at 11:30 a. m. today were: 3 1-2's \$98.72; first 4's \$95.00; second 4's \$94.02; first 4 1-4's \$95.00; second 4 1-4's \$94.18; third 4 1-4's \$95.15; fourth 4 1-4's \$94.28.

OFFERS NEW LOAN

LONDON, (AP)—The British government is about to offer a great new loan equivalent to 5 per cent consols unless this decision is altered later, says the Daily Mail. The newspaper adds that the loan will take the form of consolidated stock bearing four per cent interest. The issue price will be slightly, thus making the yield five per cent. Boyd Hospital LABORATORY

Twin Falls, Idaho

Established 1905

A new department of the hospital, fully equipped to lend valuable aid toward making a diagnosis.

Without a proper diagnosis, no disease can be properly treated.

Diseases, such as typhoid, spiphilis, malaria, tuberculosis, anemia, influenza, obscure diseases of the blood and nervous system, Bright's disease, and cancer, can be diagnosed by laboratory tests alone.

In nearly every disease known, valuable diagnostic, as well as prognostic aid can be given by careful examination of the blood, urine, sputum, gastric contents, specimens of tissue, such as cancerous and tuberculous glands, bacterial examinations of pus, spinal fluid contents, and inflammatory exudates, such as pus in the lung, etc.

No disease is of such minor importance that the patient is not justified in demanding every means toward an accurate diagnosis.
