PRICE FIVE CENTS

GERMAN NOTES RECEIVE CLOSE CONSIDERATION

Communications Upon Subject of Labor and War Prisoners to Be Referred to Experts for Answer.

LAST TWO MESSAGES MAY OCCUPY TIME IN REPLY

Disposition Apparent on Part of Council of Four to Act with Extreme Deliberation in Future Negotiations.

PARIS, (AP)—The council of four at its meeting today decided to refer the German notes on labor and war prisoners to experts for consideration instead of answering them at once as it did with the first two communications from the German delegation.

PARIS, (AP)—The council of four of the peace conference met this morning and took up consideration of the replies to be made to the latest German notes—those regarding labor matters and prisoners of war.

Agree on Outlines
The council of four decided yesterday upon the outlines of reply to be made to the two notes sent to President Clemenceau of the peace conference on Saturday evening by Count von Brockdorff-Rantzau. The first of these notes asked that there be a reciprocal policy adopted as to the repatriation of prisoners and the other requested the details of the transfer be placed in the hands of a commission.

According to the newspapers the basis of the second note is a labor charter inspired by the conferences at Locarno and they agree that the purpose is to create among socialists an opinion favorable to Germany by putting in direct collaboration the work of the present government of that country.

Note on Prisoners
Count von Brockdorff-Rantzau, chief of the German peace delegation, in addressing a note to Premier Clemenceau relative to the repatriation of prisoners asks that the details of the transfer be entrusted to commissions.

The German foreign minister states that the German peace delegation has "noted with satisfaction" that the draft of the treaty recognizes in principle the repatriation of German war and civilian prisoners with great expedition.

One-Sided is Charge
The note then proceeds: "In a one-sided manner, some feel that the German peace delegation has."

FRENCH FIX UP FRANCIS PLACE FOR AUSTRIANS

Magnificent Palace Scene of Exchange of Terms Hungarian Delegation to Be Separately Received.

PARIS, (AP)—The French foreign office having been informed that the Austrian peace delegation might be expected to arrive on Wednesday, is being hastened on the delegation's quarters at St. Germain-en-Laye, where the palace of Francis I is being put in order for the reception of the visitors.

Two groups of nearby villas have been requisitioned for the Austrian and Hungarian delegates. They are quite distinct so that no comparisons can be made between the two delegations of the former dual empire. It is still proposed to conduct the negotiations separately, but it is possible they will be carried on

Declares Wilson Has Deserted His Fourteen Points

Peace Treaty Described as "Monstrous Document" Without Precedent in World Annals

BERLIN, (AP)—"Germany has seized and usurped a new banner on which are inscribed President Wilson's fourteen points, which the world apparently has deserted," said Friedrich Ebert, the German president, in a statement to the Associated Press today.

President Ebert called the peace treaty a "monstrous document." He declared that history holds no precedent for such determination to annihilate completely vanquished peoples.

Anarchist Queen Taken in Custody

Several Chicago Reds Held for Deportation After Raid on Flat.

CHICAGO, (AP)—Marie Nardini, called "Queen of the Reds" by government authorities, her husband, Pasquale, and Aloph and Joseph Fratelli, are being held on deportation warrants today following a raid on a flat and the seizure of a quantity of anarchistic literature.

The Nardinis were released 2 weeks ago from the Wisconsin state prison where they were serving terms in connection with the explosion in 1917 that killed seven detectives in a Milwaukee police station. The action of the lower court, which resulted in their sentence had been reversed.

These arrested are believed to be members of a gang who have been disseminating the revolutionary doctrine through pamphlets and other printed matter. Deportation warrants for the entire group are held by Inspector Howard Eby of the deportation bureau here.

MESSAGE OF WILSON WILL BE VERY SHORT

President Will Reserve Discussion of Peace Treaty Until Present in Person.

PARIS, (AP)—President Wilson's message which will be cable to congress May 19 is expected to be exceptional. It is said it will not submit the complete text of the peace treaty or the proposed Franco-American engagement for joint military action against Germany, both these subjects being reserved for formal presentation on the president's return.

The president's nearest associates today said that they were unable to account for the reports published in the French newspapers that President Wilson is to depart for home June 15 as the date for the president's departure.

BERLIN, (AP)—The independent socialist government of the small state of Gotha declines to abide by the restrictions for a "week of mourning" ordered by the national government. The Gotha government explains that it experiences no "bitter deception" through the publication of the peace terms.

LONDON, (AP)—The news from Afghanistan, where Afghan tribesmen have been attacking British positions on the Indian frontier, was scanty but satisfactory over the week end. The British drove the Afghans from Ashraikhel on Friday, while airplanes crossed the frontier and bombed the enemy positions at Loidatta with good results. The Afghans maintain their positions west of Loidatta.

BERNE, Switzerland, (AP)—Press comment and other news concerning the peace treaty as sent here by the German semi-official news agency, suggest that a campaign has been started to incite German public opinion against acceptance of the treaty, or perhaps, which is more likely, to give Count von Brockdorff-Rantzau manufactured popular support in demands he may make for alleviation of the peace terms.

WASHINGTON, (AP)—President Chamorro, of Nicaragua, has been warned by the American government against attempting any invasion of Costa Rica. This became known today after publication of press dispatches from San Jose that hostile forces had crossed the Costa Rican border from Nicaragua. Officials said, however, they had no information to show whether these forces were Nicaraguan troops or revolutionists.

DOLLAR WORSHIP CHARGE DENIED BY PRESIDENT

Wilson Disclaims Idea That the American People Are Largely Materialists and Mere Money Seekers.

SERVICÉS IN WAR ARE CASUALLY REFERRED TO

German Method of Inculcating State Worship Denounced; Granting Free Speech Best Way to Find Out Fools.

PARIS, (AP)—President Wilson, in his address today to the French academy of moral and political sciences, entered a strong disclaimer of the idea that the American people were largely materialists or dollar worshippers.

"I have not in recent months any very deep sense of privilege," the president said. "I have been keenly aware that there have been times when the peoples of Europe have not understood the people of the United States. We have been too often supposed to have been devoted chiefly if not entirely to material enterprises. We have been supposed, in the common phrase, to worship the almighty dollar."

"We have accumulated wealth, sir, we have devoted ourselves to material enterprises with extraordinary success, but there has underlain all of that, all the time, a common sense of humanity and a common sympathy with the high principles of justice which has never grown dim in the field of enterprise; and it has been my very great joy in these recent months to interpret the people of the United States to the people of the world."

"I have not in recent months any very deep sense of privilege, sir. I have not uttered in my public capacity my own private thoughts. I have uttered what I have known to be the thoughts of the people of the United States. I have uttered their feelings that have been stored up in their hearts and purpose from the time of our birth, as a nation."

It was at this point that the president made his declaration that the American people who came into the world consecrated to liberty, were ready to cast in their lot in common with the lot of those whose liberty is threatened whenever the cause of liberty was seen to be imperilled.

"This is the spirit of the people of the United States," he continued, "and they have been privileged to send two million men over here to tell you so. It has been the great privilege not merely

(Continued on page eight)

WOULD STRAIGHTEN OUT ITALIAN TANGLE BEFORE ARRIVAL OF AUSTRIANS

Leaders at Peace Conference Begin a New and Determined Effort to Harmonize Conflicting Views of Italy and Balance of Allied Nations; German delegates Trying Hard to Engage Members in Oral Controversy as to Treaty.

GERMAN NATIONAL ASSEMBLY MEETS TODAY—RESULT IS CLOSELY WATCHED

THE peace conference leaders have renewed their effort to reach an understanding on the Italian question, in view of the imminence of the arrival of the Austrian peace delegates in France. Consultations were begun today between Foreign Minister Sonnino of Italy and Col. E. M. House. Meanwhile the German delegation at Versailles is attempting to draw the representatives of the allied and associated governments into oral discussions of the peace treaty presented to the Germans.

United States Is Coming Prussia Is Brazilian Assertion

Charge Made That American Seeks Downfall of All the Latin Countries.

RIO JANEIRO, (AP)—An attack upon the United States is made by Madoeiros do Albuquerque, generally considered one of the leading journalists of Brazil in a long interview on the Brazilian situation by the United States only as a possible future colony. He adds: "World Obtain Payment"

"The United States wants to obtain as part of the payment of the debt of France and England a hand for Brazil's debts to those powers. On the day this is realized Brazil will be sold to the United States and the United States will be able to meet the interest will do to us as 'the land' sold to Central American nations."

Belittles United States
Senor Albuquerque belittles the part which the United States took in the war saying that the only American victory was the battle at St. Mihiel which he says was "gained with English artillery and French aviation. An attack the censorship which he remarks "has prevented these and other facts from becoming known. He attacks the Monroe doctrine and President Wilson, ridiculing the president's activities in the peace conference. He concludes by saying: "The United States, inconceivably is the Prussia of tomorrow."

News Comes As Surprise

WASHINGTON, (AP)—Proposals have been made at Paris by the British and French governments that the United States accept as part payment for loans

(Continued on page 9)

AUSTRIAN PEACE TREATY NEARLY READY TO SIGN

Italy to Get Strategic Points—Delegation Leaves Vienna—Authorities Demand Direct Communication Lines.

PARIS, (AP)—The peace treaty with Austria is nearing completion and an official summary of it is being prepared. Although it is not so stated in the treaty, the new Austrian frontier is the one designated by the secret treaty of London giving Italy all the strategic heights and defensive passages.

Leave Vienna Today
VIENNA, (AP)—The Austrian peace delegation will leave Vienna at 5:20 o'clock today on a special train. The delegation is due to arrive at Paris on Wednesday.

Want Free Wires
PARIS, (AP)—The Austrian authorities have demanded that direct telegraph and telephone communication be maintained during the negotiations just as it is now available to the Germans. The German peace delegates are using the only wires available and it is not considered probable that they will agree to give up any of their facilities to their former Austrian allies.

Sonnino Meets House
PARIS, (AP)—Baron Sonnino, the Italian foreign minister, held a conference today with Col. E. M. House, of the American peace delegation. The conferees went over the Italian position with a view to reaching a basis of adjustment before the Austrians arrived.

The conference took place at a luncheon at which Colonel House was the

INDEPENDENTS ARE DIVIDED OVER TREATY

Radical Wing of German Socialists Torn Open by Proposed Settlement of War as Presented.

LEADER ASKS CALLING OF WORKERS COUNCIL

Karl Kautsky Pleads for Signing; Says Opposition Is Hopeless and Urges Government to Accept the Pact.

BERLIN, (AP)—Although the independent socialists had adopted the standpoint the peace must be signed at all costs, the tremendous pressure of public opinion has led them to reconsider their view, many of them joining the multitude that is protesting against the signing.

Asks Conference
In the name of the independent socialist party, Richard Weller told the workers' councils of Greater Berlin that, such a dictated peace of eternal severity as the entente desires to impose upon Germany could not be a lasting peace. Therefore he demanded the assembling of a congress of councils to discuss their attitude toward the question and to appeal to the entente proletariat to work against the peace proposed by entente world imperialism as embodied in the treaty.

Herr Mueller, another of the independent leaders, asked the occasion again to assail the old imperialistic regime in Germany, which he declares increased blood guilt by the invasion of France and Belgium and the destruction of mines and industries.

Would Sign Treaty
Arguing against the prevalent protests, Karl Kautsky, writing in the independent organ Die Freiheit says: "Should we sign the peace if it is not to be modified, or have we not any other chance? If it were a peace of destruction, a death sentence, as it is called, against us, it would be suicide. But hard as the conditions are, they do not lead to the downfall of the German people, even though they will render the peace terribly difficult. A genuine downfall, a rapid physical downfall would come, however, if we declined to sign the peace, and reverted to a state of war. After a few weeks of fruitless opposition costing millions and lives, we should be forced to capitulate."

LIBERATION IS ASKED BY THE KOREAN PEOPLE

Petition Laid Before Conference and Special Messages Are Sent to Clemenceau and Wilson.

PARIS, (AP)—A petition from the Korean people and nation asking for liberation from Japan was submitted to the peace conference today by representatives of Korea. The petition asks for recognition of Korea as an independent state and for nullification of the treaty of August, 1910.

Treaty Was Signed
A treaty was signed August 23, 1910, by Japan and Korea formally annexed the Korean Empire to the empire of Japan. The Korean imperial government was overthrown in 1905. The treaty of 1910 deprived the Korean emperor of all political powers, changed the name of the country to "Korea" and established the office of the Japanese governor general. From the date of the treaty Korea became an integral part of the Japanese empire.

Appeal to Wilson
WASHINGTON, (AP)—Recognition by the peace conference of Korea's claim to independence was urged by Dr. Syngman Rhee, secretary of state for the exiled government of Korea, in a message sent to President Wilson and Premier Clemenceau, asking that the council of four grant an audience to the present imperial government's representative in Paris.

SIXTH DIVISION SUCCOR WINNER

Longest Game Ever Played Is Won by Score of Four to Two.

COBLENZ, (AP)—The team of the sixth division won the succor championship of the country. The team in what is believed to have been the longest soccer game ever played, it took the boys of the sixth three hours to take the championship from the team of the fifth division by the score of 4 to 2. The longest previous game is said to have been two and one-half hours in San Francisco in 1904.

Tennis Contest Lively
The tennis championship of the Third army went to the team from the third division headed by Lieutenant Paul Tremor of Boston, Mass., by defeating the team of the seventh corps today. The tennis championship was the

SPARTACIDES ARRESTED IN LEIPSCIG CITY

Activity by Leaders of Reds Causes Government of Germany to Take Steps to Hold Them.

BERLIN, via London, (AP)—German government troops have been occupied Leipzig. A number of the Spartacus leaders there have been arrested.

Game as Surprise
COBLENZ, (AP)—The occupation of Leipzig by some thousands of soldiers belonging to the force of Gustav Noske, the minister of defense, was a complete surprise, says a dispatch from Berlin to the National Tidende. The Spartacides were able to make only a slight resistance. A state of siege was immediately declared and steps were taken to restore the authority of the government.

PHILIPINO BOYS TO RUN YANKEE VESSEL OF NAVY

Party Officers and Crew All Navies of Asiatic Islands—First Time in Nation's History.

SAN FRANCISCO, (AP)—For the first time in the history of the United States navy, an American destroyer will be manned by Filipinos when completed, will make the maiden trip out of here with party officers and crew composed entirely of Filipinos.

Seventeen Filipinos are taking the course at the Mare Island yard near here, which will fit them for duty aboard the new ships. Others will come until the total complement of 110 men for the destroyer and 39 for the submarine have been assembled.

The destroyer Jose Rizal, and the submarine F-30 now being built at the yard, are the gifts of the Philippines to the United States navy. When they are placed in commission the Philippines will enjoy a distinction, not only that they have paid for the ships, but that they have also supplied the crews to man them.

Formerly Attendants

Heretofore Filipinos have been allowed to enlist in the United States navy with few exceptions in the Asiatic station, only as mess attendants. When the Philippines announced its gifts, an order was issued by the navy department to the commanding officer of every ship afloat to nominate from his crew such Filipinos as he considered desirable to form the complement for the new vessels. The boys also were allowed to make application for the assignment.

At Mare Island they are being given courses in seamanship, ordnance and torpedo work, signaling and infantry as well as special training in electrical school, gas and engine school and in officers' school for the painters, blacksmiths and coopersmiths.

The crew of the submarine will be made up entirely of volunteers. Fifteen already have been selected for the work and when they finish their course at Mare Island they will be sent to San Pedro, Cal., for further instruction.

The Filipinos here, many of whom have served in the constabulary service of the islands, show an adaptability to discipline, a ready compliance with the work and a willingness and ability to master the courses which they are taking, according to their officers.

Commander E. T. Root, now on duty at the Station Iron Works in connection with the completion of the Jose Rizal, the date of which is set for May 25, will command the destroyer and all other officers will be regular naval career men. At Mare Island, the crew which is to serve under him is being prepared for its work by Captain Marcum L. Miller, retired, and Lieutenant Commander J. T. Alexander, executive officer of the training camp.

PATRIOTS VOICE STRONG PROTEST

Belgian Societies Send Addresses to King Albert Against Treaty.

BRUSSELS, (AP)—A demonstration organized by a number of patriotic societies has sent a protest to King Albert, the most expressive of the Belgian people's disappointment to find the country had been "sacked and mutilated" and is obtaining neither satisfaction nor the reparation promised by the allies. The addresses complain that indemnities provided are inadequate and ask the king to "save Belgium from the ruin which threatens her."

CRICKET GROUND AS NAVAL LANDING SITE

Party from United States Cruiser Prepares Mooring Ground for Dirigible on Test.

ST. JOHNS, N. F., (AP)—A landing party from the United States cruiser Chicago today began to prepare a stretch of cricket field on Quaker's valley as a landing place and mooring grounds for the naval dirigible C-5, which is to make a test cruise here from Cape May this week.

Anchorages have been installed about 250 feet apart to provide a mooring for the ship. No construction work has been necessary, as the airship is to be stored in the open, removed only by a little more than its length from the comparatively tiny Martineau plane in which the British aviators E. G. Ryan and Morgan, plan their flight across the Atlantic.

Whether the big gas bag will be started overseas after its arrival here will not be decided until the lands.

VOLUNTARY ENLISTMENTS INCREASE IN NUMBER

WASHINGTON, (AP)—Voluntary enlistments in the army now total 27,277 with the recruits practically evenly divided between the one and three year men. General March, chief of staff in announcing the figures today, said the increase in the number of recruits were to be used only as replacements and that there was no intention of increasing the size of the American forces there.

YEE GLUTT IS SOME PATRIOTIC CHINESE

Washes, Raises Flowers and Boosts for Liberty Bond Sales

BERKELEY, Calif., (AP)—Yee Glutt devotes most of his time to his Chinese house with the exception of his patriotic action. In his spare time he raises flowers for sale and, incidentally, boosts for the Victory Liberty notes.

Yee's passion for his establishment are manifested by the following sign, prominently placed in his garden: "Yee Glutt laundry. Fine laundry delivered in horse wagon. All kind flower on sale. "Hab got Victory bond." "You gettem." "Gottum now!"

FRENCHINATION TO CELEBRATE IN GRAND WAY

National Fete Day Will Be Occasion of Voicing of Much Rejoicing on Part of Population.

PARIS (Correspondence of the Associated Press)—France's national fete day, the fourteenth of July, will witness scenes of patriotic fervor probably unparalleled in the history of the republic. That in the date provisionally agreed upon as a most appropriate for the grand march of the victorious French army through the streets of the capital.

The program is already beginning to assume definite shape. The route will be from the Porte Maillot, at the main entrance to the Bois de Boulogne, through the Arc de Triumphant, along the Avenue de Champs Elysees, the Place de la Concorde and the Rue de Rivoli to the Place de la Republique, a distance of not quite miles.

Decorations Scheme Planned

The general outlines of the scheme of decorations have been arranged by a body called the French Federation of Mobilized Artists of the year 1914-1918 and a festive committee, headed by M. Lafont, minister of the Public Instruction, has approved the scheme submitted.

At the Porte Maillot, between huge pylons, tribunes will be erected where the city fathers will welcome the heroes of Verdun and the Marne. Along the Avenue de Champs Elysees, decorative plaques will commemorate battles, the names of which are household words throughout the world.

Great Spectacles Certain

Decked with a profusion of flowers and flags, the Avenue des Champs Elysees will no doubt offer a magnificent spectacle. A monument representing the League of Nations, symbolizing Victory and Peace, will be erected on the Terrasse des Feuillants, while halfway down the same point, another monument will recall the glorious deed, resurrection and joining in the triumph of the living.

The Lector obelisk on the Place de la Concorde will be the center of an immense decorative scheme extending to the famous statues representing the chief cities of France. The decorations are felt in some quarters that by July so many of the actual participants in the great battles will have been demobilized. This will, however, not detract from the fervent homage that will be paid to the colors of the famous French regiments which covered themselves with glory.

JOURNALISM TAUGHT IN FRANCE BY ALASKA GIRL

JUNEAU, Alaska, (AP)—A former Alaska High School student, is teaching journalism to American and French in France, according to letters received here, her former home. The letter, which was dated from a university, the largest educational institution of the American expeditionary forces in France.

Miss Moore graduated from the University of Washington at Seattle and later worked for a time in the Sound city. She went overseas as a "hut worker" during the war. She is the daughter of Dr. and Mrs. H. H. Moore, formerly of Skagway and Juneau.

6-Room Modern Bungalow

Large sleeping porch, cement basement, double garage. This house has one big street front which could very easily be put in shape, making a seven room home. Possession can be given at once. Price \$4200. Terms very good.

Stuart H. Taylor E. L. Macfarlar Real Estate and Insurance

DENVER CHARTER AMENDMENT TO BE SUBMITTED

Change Proposed for Fundamental Law of the Capital City of Colorado Abolishing Short Ballot.

DENVER, Colo., (AP)—In addition to bond issues totaling \$3,850,000, the voters of Denver on May will pass on five proposed changes in the city charter. The bond issues which will be voted on only by taxpayers, would provide \$3,000,000 with which to construct a new city hall and court house on property adjoining the civic center on the west and thus form a "balance" to the state capitol which stands east of the civic center. The remaining \$850,000 would be used to construct a tuberculosis hospital and provide additional facilities at the county hospital.

Modify Form of Government

The charter amendments would modify the present mayor form of municipal government under which the mayor has unusual powers, would provide for a commission to supervise the construction of the proposed city hall and court house; increase the pay of city officers and policemen \$25 a month; extend the civil service clause of the charter to include all city employes and decrease a public utility commission to regulate rates on public utilities in the city.

The most revolutionary of the proposed amendments is the one affecting the form of municipal governments. In addition to providing for the mayor and sixteen councilmen, the amendment would make subject to the executive officer of the municipality elective instead of subject to appointment by the mayor, as at present.

MINISTER JAFFE USES BAD BILLS

Former Official of Bavarian Soviet Government Placed Under Arrest in Berlin.

BERLIN, (AP)—A guest who was arrested at the Ulm hotel here today while trying to negotiate 1,000 mark bills bearing the characteristics of the money which was temporarily put out of circulation in Bavaria because of the soviet regime was found to be Dr. Jaffe, the Bavarian soviet minister of finance, recently displaced with the other ministers by the Hoffman government. The ex-minister was taken to Munich for trial.

Antwerp American Commercial Base

President Wilson to Visit Belgium to Give Assurance to the People.

BRUSSELS, (AP)—President Wilson will visit Brussels about May 20, according to the Independence Belge, which adds that his visit will "disappoint misunderstandings and establish the good will of the allies toward Belgium." Several projects, it is stated, are under consideration, including the choice of Antwerp as the European commercial base of the United States. A Japanese delegation is now visiting Antwerp with a view toward a negotiation by Japan in the construction of Belgian industry.

PLEAS FLEE FROM MARKET OF CURIOUS

EL PASO, Tex., (AP)—Dressed Mexican fleas have disappeared from the curio market here. These little insects once were popular with tourists for mailing back home. The only dressed flea in the curio stores here is one being held by a wholesale dealer as a souvenir of the days when he sold the insects, skillfully drawn by keen-eyed Mexican women, by the gross.

HUN WAR BONNETS BRING BIG SALES

El Paso Committee Offers Them As Prizes with Good Results

EL PASO, Tex., (AP)—German helmets which were made for the anti-pated grand, goose-step entry into Paris are worth from \$2,000 to \$3,500 on the local market. Each night when the Victory loan mass meeting was held in Pioneer Plaza, sales manager Maurice Schwartz offered at auction one of the helmets to the person buying the greatest amount of Victory bonds. The first night a helmet was offered at auction it brought \$2,000 in bonds. The second night the price was raised to \$2,500 worth of bonds and Sales Manager Schwartz anticipates a brisk sale of these war bonnets during the remainder of the drive.

MEXICAN RULE OF PASSPORTS IS MODIFIED

State Department Changes the Conditions Regarding Issuance; Villa Destroys Many Bridges.

WASHINGTON, (AP)—To facilitate intercourse between the United States and Mexico, passport regulations have been modified by the state department. The modifications provide that residents of either country may obtain permanent cards which will not only allow the holder to cross the border, but to visit the interior of the other country in emergency cases.

Five Bridges Destroyed

Five bridges on the branch of the National railways of Mexico between Torreon and Chihuahua City have been destroyed by Villista forces, according to advices received here from Mexico City quoting a "high official" of the Mexican government. The dispatches said that when traffic is restored again, every train will be preceded by an "exploring train" carrying a guard of federal troops large enough to repulse any rebel raid.

Troops are being moved from Torreon to protect workers engaged in rebuilding the wrecked bridges, the dispatches added.

CONSORTIUM FOR CHINESE FINANCING AGREED UPON

PARIS (China) (AP)—A new consortium for the financing of Chinese loans was organized today by American, British, French and Japanese bankers. A reservation was made for later participation by Belgian bankers.

GREY PRAISES LEAGUE OF NATIONS COVENANT

Former British Foreign Secretary Says It Will Eventually Satisfy Critics.

LONDON, (AP)—Viscount Grey, former secretary of state for foreign affairs, says in an interview that he is delighted with the amended covenant of the league of nations, having feared "that much less might be accomplished at the conference."

Viscount Grey considers the key to the whole organization is the annual meeting of the nine premiers or foreign secretaries represented on the council. "Must Be Wisely Inspired." "So long as that meeting is regularly held and wisely inspired," he says, "so long may we confidently hope the peace of the world will be secure."

He believes that armaments will diminish as the league becomes strong and vital and produces a sense of security, and that eventually "those who now fear it does not go far enough and those thinking that it goes too far will both be satisfied."

"Fordson" Tractor

Experience has pointed to the small, light Tractor as being the one machine that will fill all varying conditions satisfactorily.

The "Fordson" is constructed to fill this condition. It is adapted for use on small farms, as well as on the largest. It will pull all farm implements and do the work generally done by horses on the farm. In addition, by its belt pulley the Tractor will drive farm machinery such as a thresher, ensilage cutter, etc.

This Tractor is designed as a two-plow machine and will pull two 12-inch plows in the stiffest soil.

The fuel consumption varies with conditions; two and one-half gallons of kerosene per acre being a fair average. The amount of ground plowed also depends on conditions; eight acres in ten hours would strike an average.

Let us demonstrate to you the good qualities of the "Fordson" Tractor.

PROCEEDINGS OF COMMISSIONERS

Twin Falls, Idaho, April 1, 1919, 10 A. M., regular January session. The Board met at this time pursuant to recess. Present all members and the Clerk.

Whereupon the following proceedings were had to-wit: The Board met at this time proceeded to investigate the status of the Highway District and to make settlement between adjoining Districts. After due consideration the Board decides that it will be for the best interest of the County to have this settlement made in the proper form, therefore, H. Oggins was employed to search the records for the purpose of settling, which was subsequently done.

In the Matter of the Hanson Bridge Estimate: This matter Engineer R. M. Murray appeared before the Board and presented the following estimates, and after due consideration the Board ordered warrants drawn to cover the same, in the following amount: Estimate No. 10 Midland Bridge Co. \$3,540.80 Estimate No. 11, R. M. Murray, Engineer 141.63 There being no further business to come before the Board a recess was taken until 9:30 A. M., April 2nd.

T. E. MOORE, Chairman. Attest: C. C. SIGGINS, Clerk.

Twin Falls, Idaho, April 2nd, 1919, 10 A. M., regular January session. The Board met at this time pursuant to recess. Present all members and the Clerk.

The Board at this time proceeded to the consideration of claims against the Current Expense Fund, until the hour of 5 o'clock when a recess was taken until 9:30 A. M., April 2nd.

T. E. MOORE, Chairman. Attest: C. C. SIGGINS, Clerk.

Twin Falls, Idaho, April 3, 1919, 9:30 A. M. Regular January session. The Board met at this time pursuant to recess. Present all members and the Clerk.

The Board at this time proceeded to the further consideration of claims against the Current Expense Fund. In the Matter of Bonding Assistance to Mrs. M. J. Watson:

In this matter Mrs. M. J. Watson appeared before the Board and represented that she was in destitute circumstances with four children to support and made application for immediate assistance. Said matter was referred to W. Parish for action, and an order for a few necessities amounting to \$10.00 was given her on the Lucky Grocery Store.

There being no further business to come before the Board a recess was taken until 9:30 A. M., April 4th.

T. E. MOORE, Chairman. Attest: C. C. SIGGINS, Clerk.

Twin Falls, Idaho, April 4th, 1919, 9:30 A. M. Regular January Session. The Board met at this time pursuant to recess. Present all members and the Clerk.

The Board at this time proceeded to the further consideration of claims against the Current Expense Fund, also the claims against the Hospital Fund, having completed the consideration warrants were ordered drawn in the following amounts:

In the Matter of Rendering Assistance to Mrs. Chapman appeared before the Board, representing that she was the sole support of herself and minor children and was unable to support them after investigation it was ordered that the matter be referred to W. Parish, who gave an order for not more than \$10.00 per month to be paid from the County Store to be charged to the County.

In the Matter of Bonding Assistance to Margaret Steel of Hansen: In this matter Margaret Steel appeared before the Board and made application for aid from the County. After due consideration it was ordered that said Margaret Steel be allowed the same.

There being no further business to come before the Board, it was ordered that a recess be taken until 9:30 A. M., April 5th.

T. E. MOORE, Chairman. Attest: C. C. SIGGINS, Clerk.

Twin Falls, Idaho, April 10th, 1919, 9:30 A. M., regular January session. The Board met at this time pursuant to recess. Present all members and the Clerk.

Whereupon the following proceedings were had to-wit: In the Matter of Opening Bids for the Painting of the Court Room.

In this matter three bids having been filed with the Board, the same were opened at this time, viz: Kunkle & Bemiller, \$197.00 for two coats; J. Kosharek, \$235.00 for two coats. After due consideration of the bids filed the Board accepted the bid of Kunkle & Bemiller, that being the lowest and best bid made.

There being no further business to come before the Board, a recess was taken until 9:30 A. M., April 11th.

T. E. MOORE, Chairman. Attest: C. C. SIGGINS, Clerk.

Twin Falls, Idaho, April 11th, 1919, 9:30 A. M., regular January session. The Board convened at this time pursuant to recess. Present all members and the Clerk.

There being no urgent office business on hand at this time the Board made a trip of inspection to the Hansen Bridge site, and at 5 P. M. adjourned until 9:30 A. M., April 12th.

T. E. MOORE, Chairman. Attest: C. C. SIGGINS, Clerk.

Twin Falls, Idaho, April 12th, 1919, 9:30 A. M., regular January session. The Board convened at this time pursuant to recess. Present all members and the Clerk.

Whereupon the following proceedings were had to-wit: In the Matter of Transferring to the Tax Collector All Delinquency Certificates Unredeemed:

In pursuance of Sec. 22, Chap. 77 of 1919 Session Laws of the State of Idaho, the Board makes the following order:

C. C. Siggins, County Auditor pursuant to Sec. 22, Chapter 77 of the Session Laws of 1919, this will be your authority to transfer to the Tax Collector all Delinquency Certificates unredeemed, which have heretofore been issued to you as purchaser for the County.

Signed T. E. MOORE, Chairman. Attest: C. C. SIGGINS, Clerk.

Twin Falls, Idaho, April 14th, 1919, 9:30 A. M., regular April session. The Board met at this time pursuant to recess. Present all members and the Clerk.

The Board at this time proceeded to the consideration of claims against the Current Expense Fund, Hospital and Bridge Funds, and having completed such consideration, ordered warrants drawn in the following amounts:

EXTREME DIVERGENT OPINIONS

That there is wide divergence of opinion shown regarding the peace treaty is indicated by the interviews of several senators.

Both criticisms represent extreme views. The assurance to France seems superficial except for psychological reasons.

The very existence of such specific assurances is itself a guarantee that it will never be necessary to exercise force.

On the other hand, the idea that this country should enter into a triple entente for offensive and defensive purposes, clearly carries with it the idea that the world must go back to the old balance of power principle which it has been denouncing in so dramatic a manner as one of the causes of all its woes.

Senator Norris of Nebraska, makes a more plausible criticism, since he thinks that the psychological effect of the guarantee to France would be to bring about eventual militarism.

However, this looks rather far-fetched. Predictions of militarism have been rife from time to time during our history.

BIGGER CREWS FOR TRIP OVER ATLANTIC

Six Instead of Five Probably Will Go; NC-4 Is Still in Dock.

THEPASSEY, N. F. (P)—The American navy's hydroplanes will not set out on their trans-Atlantic flight carrying 11 possible crews of six men instead of five as originally planned, and with extra propellers aboard.

The proposed enlargement of the crews and equipment was the result, Commander Tovers stated, of the experience gained in the flight from Halifax, when the NC-3 was delayed in port start and then forced to return to port after cruising fifty miles because of propeller trouble.

Weather Unfavorable.

CHATHAM, Mass. (P)—Weather conditions continued unfavorable today for the resumption of the flight of the hydroplane NC-4 to Halifax.

Premature Announcement.

WASHINGTON, (P)—Reports that the navy dirigible C-5 is to attempt a trans-Atlantic flight from New Foundland are premature. It was said today at the navy department.

Parral Falls to Villa's Forces

Bandit Chief Commands in Person; Garrison Overwhelmed; Commander Makes Escape.

EL PASO, (P)—According to information received here from Parral today, Francisco Villa's attack on Parral Sunday, Villa freed the prisoners and told them to go to work.

Colonel Gomez, commander of the garrison of Parral, escaped during the engagement. Villa commanded the attack in person. The exact number of men in his command was not known, but it is part of the forces operating under him in the south.

INDEPENDENTS ARE DIVIDED OVER THE TREATY

(Continued from page one) made for negotiations on the draft.

Frederick Stammer, editor of Vorwarts, in a talk with the correspondent at Berlin on Saturday asked for several printed copies of the German proposals on the league of nations and the labor charter.

The curious old habit of punishing offenders by pinning them in the public stocks seems very far in the shadow of any past, yet in other parts of the world wailing machines may still be seen in England.

Why Muskies Go Blind. Many dogs that are driven in double-traced harness to hunt Particles of very stinging hard and fine, fall from the brush of the dog that is traveling ahead, and striking the eye, scratch it, and in time cause partial or total blindness.

Prospective tenants for your property will get interested in it first through reading about it in the classified columns.

ENGINEER CORPS WAR STORY IS GIVEN PUBLIC

Brilliant Chapter in American Military History Officially Told; Technical Work Explained in Detail.

WASHINGTON, (P)—The war story of the engineer corps at home and in France is told officially for the first time in chapters of the war department's brief history of American war efforts made public today in advance sheets.

Technical Organization.

Probably the best illustration of this so far as the troops in France are concerned is the technical organization of the units of the engineers which reduced the other side. There were seven regiments and two battalions of railway construction engineers; five battalions for maintenance of way; two battalions for maintenance of railway equipment; four regiments and one battalion to operate the main American railways in France.

Three Special Units.

These special units, all composed of men trained in civilian life in the United States for the work they did in France, were in addition to the fighting engineers with each division, theappers, who formed about eight per cent of all the combatant troops in France.

Locate Hostile Airships.

Similar development of instruments for locating hostile airplanes was carried out until it was possible to determine the location of a raid at night within an angle of three degrees. The American types produced were easily portable and quickly set up to aid searchlights.

Sound Ranging Apparatus.

Except for lack of time in the brief seconds between the firing of the gun and the arrival of the shell, it would be quite possible with this proposed apparatus to calculate almost exactly where the shell would land.

It weighed, the report says, "one-eighth as much as light of former design, cost only one-third as much, was

this country and the rolling stock was in addition to great quantities of light railway equipment for front line work that was also sent abroad.

English Hospital Trains.

Hospital trains were obtained in England, 10 of them with a total of 12 cars having been completed by December, 1913, with 10 additional trains under construction.

The report lays stress on the fact that great progress was made during the war in the development of road building machinery which will be of value commercially in peace time.

Traveling Machine Shops.

"The day may come," the report says, "when the traveling machine shop will be a familiar sight upon our rural highways."

A special chapter is devoted to listing instruments developed during the war to locate hidden-guns.

Improving upon allied designs, the engineer corps produced machines for this purpose which operated with "uncanny accuracy," one of them having spotted 117 enemy guns in a single day.

Subsequently these were followed by instruments of even greater power and at the close of the war there were 12 complete outfits, each covering a five-mile stretch of front, at work on the American lines.

The fighting stepped up our military scientists and others co-operating with them were working on the development of a sound ranging apparatus intended to give troops warning of shells fired by the enemy in their direction.

When the fighting stepped up our military scientists and others co-operating with them were working on the development of a sound ranging apparatus intended to give troops warning of shells fired by the enemy in their direction.

The corps produced also a new form of searchlight more powerful than any that had preceded it in any army and with which the second field army had been partially equipped.

"It weighed," the report says, "one-eighth as much as light of former design, cost only one-third as much, was

about one-fourth as large in bulk and threw a light 10 per cent stronger than any other portable projector in existence."

Searchlight Control.

The engineers were at work when the fighting ended upon a mechanism which would enable them to control searchlights from a distance.

The chapter devoted to the work of the engineer corps in France draws a vivid picture of the duties of the combat engineers who played their full part throughout the war.

The chapter devoted to the work of the engineer corps in France draws a vivid picture of the duties of the combat engineers who played their full part throughout the war.

Knowledge Is Applied.

"Utilizing and applying the knowledge and scientific achievements of to-

cent years," the report says in concluding that portion devoted to the engineers, "drawing upon the fun of experience acquired by the regular army in its theoretical studies and past war-making available the vast amount of technical skill which has assimilated this nation to its present commercial and industrial status, the engineers of the United States army worked and fought planned and accomplished in France a work which in magnitude exceeds any similar undertaking recorded in American history.

COURT UPHOLDS TRANSFERS OF WATER RIGHTS

Judge W. A. Babcock Sustains Award of Irrigation Engineer Permitting Removal of Carey Act Rights.

Transfer of water rights from Carey act lands to other lands outside a Carey act segregation may be accomplished within the provisions of the law, according to the decision just rendered by District Judge W. A. Babcock.

The court upholds the right of Sweezy and Rose, under the award of the irrigation engineer, to make this transfer of water rights, and orders the dismissal of the appeal with assessment of the costs to the appellants.

GLASS ANSWERS PEEK CHARGES

Declares Head of Industrial Board Perverted Truth in Attack on Secretary.

WASHINGTON, (P)—Charges made yesterday by George N. Peek, chairman of the recently dissolved industrial board, that Secretary Glass had taken a stand on the board's efforts to agree on prices for necessities in direct contradiction with his message to the president urging creation of the board...

In a statement published today, Mr. Glass said the board in attempting to fix minimum prices for the public, did precisely that which it had been warned not to do, and that the action had been promptly repudiated by him as contrary to fundamental principles of economics of public policy and of the law.

Mr. Peek knows perfectly well, said Mr. Glass, that if he never in any way or at any time suggested such an action as that taken by the industrial board, hence his reference to me on this point perverts the actual truth.

PROVES KEEPING QUALITY OF DELICIOUS APPLES

James A. Waters Exhibits Samples He Kept Through Winter as Fresh as When Harvested

Samples of Delicious apples kept all winter and fresh in the spring were exhibited here this morning by J. A. Waters. They were as sound as when picked.

"I kept them about as they should have been kept," said Mr. Waters, "that is in a cellar with concrete floor and dirt sides and floor, the cellar having an opening at both ends. The apples were stored in barrels into which a little lime had been placed and shaken around. You can see the result."

"Apples like those can be produced on the present sort of apple trees on the Twin Falls tract, by means of a proper system of grafting, whereas it would take seven years to grow the same sort on newly planted trees."

MEXICAN IS HELD ON CHARGE OF BURGLARY

Jose Gomez Must Answer in District Court for Alleged Theft of Clothing.

Jose Gomez, 19, must answer in district court to a charge of burglary in the second degree, according to the judgment of Probate Judge O. P. Duvall entered Saturday afternoon after a preliminary examination in the case.

The testimony of several Mexicans was introduced into the record of the proceedings in the case through the services of an interpreter.

Attorney E. V. Larson appearing for Gomez, argued that the prosecution had failed to show that the suit in question was actually the property of the Idaho department store or that there was reasonable cause to believe the defendant guilty.

CURWOOD IS FAMOUS AMERICAN WRITER

Social Notes

Neighbors of Woodcraft hold an interesting meeting last Friday evening at J. O. P. hall. Following the usual business routine, Madame King, Jester and Beckwith were introduced and taken through the "mysteries of the wood."

Mrs. Ogden-Anderson announced this as her last meeting with the Neighbors as she is returning to her home in Portland, Oregon, this week. In a neat and feeling speech she took her farewell of those present who gathered round with hand clasps and many expressions of regret at her departure and hearty wishes for her speedy return to our "Sunny Idaho."

The Mountain View club met at Mrs. Feicht's home on May 7. There was a regular business meeting, after which refreshments were served. A social hour was spent in visiting.

BAYONETS STOP IRISH SOCIETY COMMISSIONERS

Refused Permission to Pass Military Guard on Way to Westport in Armored Car Used by Military.

DUBLIN, (AP)—Frank P. Walsh, Edward Dunne and Michael P. Ryan, representatives of Irish societies in the United States, visited the city Sunday and left in the evening for Westport, notwithstanding that they were officially notified they would not be allowed to go there because of a recent order which had been proclaimed. An armored car arrived at Westport on Sunday and military pickets have been posted along the roads over which the delegates will travel to the town.

Stopped by Bayonets
When the delegates reached the sentries on the outskirts of Westport they found troops with fixed bayonets, police with carbines and armored cars lined across the road. Walsh and Dunne shared an automobile with Messrs. Dunne and Ryan and Father O'Flanagan, produced passports and told the officer in charge that they were diplomatic passports which had been vised at the embassy and given to them at the request of Premier Lloyd George and President Wilson. The officer replied that they had been here for two days that they were coming, but as Westport was under military control his orders were not to allow them to pass. The delegates then went to Castlebar, the capital of the county of Mayo.

A large party of men and women marching in military formation and carrying flags, including the Stars and Stripes, tried to pass the barrier into Westport but were dispersed by the soldiers.

GERMAN NOTES RECEIVE CLOSE CONSIDERATION

(Continued from page one)

The stipulations have been made in favor of the allied and associated governments. For instance, the German government is to surrender the personal property of the search for missing objects, and the care of graves might be cited. It is assumed that these questions, a demand for complete reciprocity, are founded on general human rights.

Discuss Minor Points

The note then refers to a number of minor points and proposes that deliberations by commissions be begun immediately to clear up preliminaries in readiness for the time when shipping and similar difficulties may be solved and the removal of the prisoners may be possible. It alludes to the importance to Germany that the prisoners return home under orderly conditions, insuring their reinstatement into economic life with the greatest possible patch, and says that this seems only possible if everything is done to "raise the moral and physical state of those returning."

Ask Assistance

Since Germany's economic position prevents her, by her own strength, from providing the requisite guarantees, the delegation suggests that the deliberations of the commission might extend to the question of how far it would be possible on the part of the allied and associated governments to help Germany in the matter and, for example, in return for the repayment of the loans to provide the prisoners with new outfits, underclothing, civilian suits and boots before their return.

Internal Peace Involved

"Internal peace and human progress depend on how these questions are handled," the note says. "The demand for social justice reported by the press in this connection by workers of all lands only partly finds endorsement in principle in this section of the allied governments' draft of the peace terms. These high demands have for the most part already been carried out in an admittedly exemplary fashion in the German empire."

Disown Bad Motive

Commenting on the statement at Rio de Janeiro by Monteiro de Albuquerque, a leading journalist of Brazil regarding this transfer of jobs, state department officials emphasized that there was no desire on the part of the United States to exert any influence on Brazil's internal affairs.

Was Always Friendly

The attack on the United States by the Brazilian journalist caused surprise in official and diplomatic circles in Washington, it being pointed out that the South American countries in this country have voiced no opinion of hostility and frequently expressed the friendship of Brazil for the United States. It is pointed out by the Brazilian embassy in Washington that in New York he sent several dispatches to his paper, praising the United States for its part in the war and its interest in Pan-American affairs.

AMERICAN MILITARY POLICE OFFICER FATALLY INJURED

NICE, (AP)—Two American military policemen were attacked by a gang on Sunday night and one of the policemen, Herbert Larsen, was wounded fatally. Five revolver shots were fired point-blank at the policemen, three of them striking Larsen, who died several hours later. The aggressors have not yet been arrested.

THIS IS THE SEASON WHEN THE SHOE PINCHES

DOLLAR DENIED BY PRESIDENT

(Continued from page one)

to tell you so in words, but to tell you so in deed and material—the pouring out of their wealth and the offering of their blood."

President Wilson alluded to his situation in the first of his messages, and of the attempts he had made "to put into the words of learning the thought of a nation, the attitude of a people toward our common affairs." He continued:

"A great many of my colleagues in American university life, and in their training, even in political science, as so many men in civil circles did, in German universities. I have been obliged at various times to read a great deal of bad German, difficult German, awkward German and I have been aware that the thought was as awkward as the phrase, that the thought was more in a fundamental misconception of the state and of political life of people. And it has been a portion of my effort to dispel the thought of American university teachers from the mind, the instruction which they have received on this side of the sea. Their American spirit anticipated most of them, as it has done in the case of the thought, sometimes misled them. They speak too often of state as a thing which would ignore the individual, as a thing which was privileged to demand the fortune of men by a sort of inherent and sacred authority."

Is An Utter Democrat

"Now as an utter democrat, I have never been able to accept that view of the state; the view of the state is that it must stop and listen to what I have to say, no matter how humble I am, and that each man has the right to have his voice heard and his counsel heeded, insofar as it is worthy of him."

"I have always been among those who believe that the greatest freedom of speech was greatest safety, because if a man is a fool the best thing to do is to encourage him to say the fact, by speaking. It cannot be so easily discovered if you allow him to remain silent and look wise, but if you let him speak, as it is worthy of him, the world knows that he is a fool."

Exposure of Folly

"So it is by exposure of folly that it is defeated; not by the seclusion of folly and in this free air of free speech the United States has a great communication with one another which constitutes the basis of all common achievements. France through many vicissitudes and through many bitter experiences found the way to freedom and now she stands at the front of the world as the representative of constitutional liberty."

UNITED STATES IS COMING PRUSSIA IS ABERSTON

(Continued from page one)

advanced their notes and bonds of some of the South American countries including Brazil which they hold. It was said here today that there had been no opposition to the plan and that the United States might appear at the conference it would remove the interests of the European powers in the American continent and thus according to the principle of the Monroe doctrine.

Commenting on the statement at Rio de Janeiro by Monteiro de Albuquerque, a leading journalist of Brazil regarding this transfer of jobs, state department officials emphasized that there was no desire on the part of the United States to exert any influence on Brazil's internal affairs.

Was Always Friendly

The attack on the United States by the Brazilian journalist caused surprise in official and diplomatic circles in Washington, it being pointed out that the South American countries in this country have voiced no opinion of hostility and frequently expressed the friendship of Brazil for the United States. Spuds are Steady

CHICAGO, (AP)—Potatoes steady; arrivals 78 cars. Carlot sales northern bulk and sacked 1.70@2¢. Jobbing sales; Florida Spaulding No. 85@90 4.5¢ bbl.

Corn Goes Up

CHICAGO, (AP)—Corn took a decided upturn in value today owing to smallness of receipts and to predictions that there would be a renewal of wet weather likely to result in more delays to planting. Commission houses and the shorts were the principal buyers. Opening prices which ranged from 1.8¢ to 1.9¢ higher, with July 1.63¢ to 1.65¢ and September 1.55¢ 1-4 to 1.56¢ were followed by material further gains.
Cuts rose with corn. After opening 1.8¢ off to 1.2c advance, with July 97¢ 3-4 to 68¢, the market secured a moderate general advance.
Higher quotations on grain and hogs lifted provisions. Besides, exports for the week were large.

Change in Exchange

NEW YORK, (AP)—The character of the trading underwent a sharp change during the extremely active forenoon. Oil, shippings and rails gave way generally to steel, copper and related metals, notably silver shares. U. S. Steel, American Smelting and United States Smelting were the striking features, the latter gaining 3 1/2 points. Other and affiliated stocks also strengthened, but equipments figure only moderately. Texas company recovered half of its loss but reacted again and 4 1/2 points were irregular on the buoyance of Atlantic Gulf. Liberty bonds were firm, also low priced rails and local transactions, foreign issues showing no material change.

Gains Shown

NEW YORK, (AP)—The success of the Victory loan afforded the basis for a further advance of prices at the opening of today's stock market, though gains were extremely moderate.

The Master Tire.

EVERY Star Tire is made individually by master workmen, with the same care and skill as though they had but one tire to make. Each operation is inspected and re-inspected to insure 100% perfection, and when the tire is finished you know that a better tire cannot be made.
Star Tires are uniformly high grade but not high priced. Their mileage cost will be an agreeable surprise. The test of a Star is its use on your car.

Highest Corn Prices of Year Reported Today

Sensational Rise Due to Short Supply and Wet Weather Reports from Corn Belt.

CHICAGO, (AP)—Sensational new skyward flight by prices in the corn market resulted today from meagerness of readily available supplies and from prospects of further wet-weather delays to planting. Barley—1.02@1.12. Rye—No. 2, 1.55@1.65 3-4. Wheat—No. 2, 1.55@1.65 3-4. Wheat—No. 3, 1.55@1.65 3-4.

SEARCH CONTINUES FOR A MISSING SEAPLANE

BOSTON, (AP)—Search for the coast guard cutter Osprey for the wreckage of a seaplane sighted Saturday forty miles east of Provincetown by the destroyer McGehee has been unsuccessful thus far.

SEAPLANE IS THOUGHT TO BE THE ONE WHICH WAS LOST AT SEA DURING THE LIGHT IN CONNECTION WITH THE YANKEE DIVISION PARADE HERE APRIL 25.

The bodies of the three men of the crew are believed to be entangled in the wreckage.
