

PEACE TERMS FOR AUSTRIA ABOUT READY

Military, Naval and Aerial Conditions Discussed; Lloyd George Takes Day Off; Wilson to Meet Appointments.

PARIS, (AP)—It is indicated that the terms of peace will be ready for presentation to the Austrian delegates about the middle of next week. The council of four today discussed the military, naval and aerial terms of the treaty.

Premier to Go.

Premier Lloyd George will be absent tomorrow to bid good-bye to a Welsh regiment that is leaving France for home and the council of four will not meet again before Saturday. President Wilson will improve the opportunity to meet a number of persons with whom he has appointments. Mr. Wilson this afternoon went for a motor ride which took him to the neighborhood of St. Germain.

Published by Installments.

PARIS, (AP)—As the result of consultations among the peace conference leaders the peace terms to be submitted to the Austrian representatives probably will be published textually by installments.

It is reported that the financial and boundaries sections of the document will be made public tonight.

PARIS, (AP)—The council of foreign ministers continued work today on subsidiary details of the American treaty having to do with the new Austrian frontiers.

It is considered an unlikely that the treaty will be ready for presentation to the Austrian plenipotentiaries before Wednesday of next week and probably not until later.

CROSS GOES ON MAJOR TUCKER

Grandson of Albert Sydney Johnson Receives Honor from France.

CAMP XERANTY, San Diego, (AP)—Twice wounded in two engagements in France, Major Albert Sydney Johnson Tucker, now serving here with the 32nd regiment, today received the French croix de guerre. The ceremony of presentation took place on the parade grounds.

Major Tucker is the son of H. St. George Tucker of Lexington, Ky., the former president of the American Bar association, and a grandnephew of General Albert Sydney Johnston, famous Confederate commander in the civil war. Major Tucker was connected with the 10th infantry division of the first regiment and saw some of the heaviest fighting for a year. He was a company commander in the Toul and Somme sectors, received his first wound in the operations in the latter sector at Metz.

He also served in the Boissons offensive and commanded an assault battalion at the battle of St. Mihiel and in the fierce fighting in the Argonne, where he received his second wound. The croix de guerre was ordered for Major Tucker by Marshal Petain.

The presentation was made by Major General Frederick S. Strong, commander of the camp, the 32nd regiment and band being drawn up in hollow square formation.

BERLIN WARNS AGAINST RIOTS

Police Authorities Issue Proclamation for Protection of Foreign Residents.

BERLIN, (AP)—The police authorities of Berlin have issued a proclamation warning the public against demonstrations hostile to foreign residents of the city.

The proclamation declared:

Not Against Individuals

"We are fighting against the nefarious policy of imperialism, not against individuals who are not to blame for the policy of their governments. It has been determined to punish such excesses with the utmost severity and any who instigate disorders will also be punished."

SCIENTISTS OF COAST TO GO

Important Meeting Held in City of Pasadena on Nineteenth of June.

PASADENA, Cal., (AP)—Four hundred scientists from localities up and down the Pacific coast will assemble here on June 19 for the annual summer session of the Pacific division, the American association for the advancement of science.

The sessions will start June 19 and conclude June 22. Day meetings will be held at the Throop Institute of Technology and evening meetings at a local hotel.

Received Invitations

The assembly of scientists will meet in Pasadena on the invitation of President James A. B. Scherer, president of the Throop Institute, the invitation having been extended at the last meeting of the scientists held two years ago at Stanford University.

It is possible that the big 100 inch reflecting telescope at the Carnegie Solar Observatory on the summit of Mt. Wilson near here, will be in readiness for the first time when the scientists visit there on one of the excursions which will be a feature of the convention.

Visit Catalina

The scientists also will visit Catalina Island where excavations are being made by fellow scientists of the University of Chicago. A trip to the Brea asphalt deposits, in this section, also will be made.

Among the scientific societies which will be represented at the convention will be:

Many Societies Present

The Astronomical Society of the Pacific, the western branch of the American Geographical Society, the Western Society of Naturalists, Pacific branch of the Cooper Ornithological club, Pacific branches of the American Physical Society, American Chemical Society, Geological Society of America and the Pacific Coast Paleontological Society.

CABLE USED TO NOTIFY WILSON

Congress Will Conform to Conditions; Presidential Message to Be Short.

WASHINGTON, (AP)—President Wilson will be officially notified by cable of the assembling of congress when both houses convene in extra session Monday.

Decide on Ending

Congressional leaders, it became known today, have decided that in view of President Wilson being in Paris use of the cable was the logical method of going through with the customary procedure of notifying him. Ordinarily a committee representing both houses waited upon the president at the White House informing him that congress is now in session.

Message Short

President Wilson yesterday notified the cable companies that his message would be short and that it might be transmitted on the day of delivery to the companies.

SPEED KINGS MEET ON DECORATION DAY

GEELEY, Colo., (AP)—Speed kings of the motorcycle world from all parts of the country are expected to compete in the Rocky Mountain championship races to be held at Island Grove park on Decoration day. Inquiries from well known riders indicate a wide interest in the event.

Many Entries

Among the probable entries are Ray Orvison of Converse, Ind., who recently shattered the fifty-mile record on the Pacific coast; Bob Perry, well known rider now in the navy aviation service; Frank Kuncze of Loveland, Colo., recently discharged from the army, and Kuncze's old racing rival, Floyd Glymer of Denver.

FIGHTING DOWN WAISTLINE BUSINESS OF INSTRUCTOR

EL PASO, (AP)—Walter Williams has declared war on the waistline. He has been an athletic instructor at the army

camp and, not being chosen for service in France, he has brought the war home to the business men of the city who are getting perfect 40 figures in the region of the equator. Each morning at seven o'clock his class reports

for duty and Williams puts them through an hour of fat reducing exercises which end with a swim and a shower.

Offering for public subscription at \$8.00 per share the last 4000 shares of stock of the Mucklestone Oil Company.

THE SUREWED INVESTOR will recognize THIS OPPORTUNITY to make a safe, conservative and profitable INVESTMENT in a company that has already begun its drilling OPERATIONS.

OUR HOLDINGS

We own a total of 195 acres all within the PROVEN FIELDS of Texas. Our 7 1/2 acre tract in Block 41, in the famous Burkburnett field we value at \$10,000 per acre. We are now drilling on this tract which is SURROUNDED by production. Our 30 acres in Stephens County (Block 1380-T. E. & L. Co. Survey) is in the famous Breckenridge field where the Carey Gusher is daily producing 15,000 barrels of oil or more than \$30,000.00 worth of oil every day. Our 12 1/2 acres in Erath County (A. F. Barnett Survey) is in the Famous Duke-Knowles District and only 1 1/4 miles from the Phoenix well now producing. Our 15 acre tract in Comanche County (Dewey Survey) is just south of the Humble Oil Company's Goss well, and the remainder of our nine tracts are well located close to present production and drilling operations.

This shows our No. 1 well on Block 41 Burkburnett, now drilling at 1450 feet. This is west of the townsite in the field of the Big Gushers, and is surrounded by producing wells on all sides and only about 1800 feet from the two Big Humble Gushers which came in making better than 2,000 barrels daily.

This stock has already advanced in price to \$8.00 per share—an advance of \$3.00 per share over the par value. We predict that in less than two months time this stock will be selling for \$50.00 per share or 10 for 1.

VASSAR GIRLS HURT BY CHEMICAL EXPLOSION

Hospital Authorities Hope to Save Eyes of Those Who Were Injured.

POUGHKEEPSIE, N. Y., (AP)—Reports from Vassar Brothers hospital today indicated that the condition of Miss Margaret Tubbel, 20, of Garden City, L. I., Miss Helen Horvitz, 21, of Granville, N. Y., and Miss Lucy Hale, 20, of Los Angeles, injured yesterday in a chemical explosion at Vassar college, was serious but not critical. The hospital authorities said eye specialists had been combating the chemical action and that the girls probably would not lose their sight. They are somewhat disfigured.

Ten other Vassar students were suffering from minor injuries caused by the bursting of a retort in the laboratory.

ALIENS LEAVE AMERICAN FOR NATIVE LANDS

Many Causes Contribute to Ex-dus of Foreign Born from United States to the Continent of Europe.

WASHINGTON, (AP)—A widespread exodus of aliens from this country was reported today by the department of labor. Inquiries by the department's investigation and inspection service have revealed that already large numbers of foreign born residents are leaving the country and that even more expect to depart when steamship accommodations and passports can be obtained.

Family Interests Factors

Unemployment and family interests were said to be important factors in stimulating the eastward flow of the human tide, which for decades has set only westward. Ethelbert Stewart, director of the investigation service, said many aliens reported they had heard from their families since Europe was thrown into war, and that they were going overseas to make a personal investigation.

World Settle Freed Lands

Another cause of the emigration is the desire of some aliens to participate in the settlement of estates of relatives killed in the war. There also is the desire of many foreign born to return to lands freed from German or Austrian domination.

WILSON SENDS A WARM MESSAGE TO TRAINMEN

Regrets Inability to Attend Meeting and Speak to Them in Person.

WASHINGTON, (AP)—President Wilson has called William G. Lee, president of the Brotherhood of Railroad Trainmen, expressing appreciation of a message of loyalty sent him by Mr. Lee on behalf of the brotherhood, which is holding its annual convention at Columbus, Ohio. The president's cablegram, received at the White House today, said:

Expresses Appreciation

"Please express to the trainmen assembled in convention my warm appreciation of the message you have just sent me. It has done my heart good and made me feel the fine spirit of such friends in a way that make the work easier for me. My warmest best wishes for the success of the convention." Mr. Lee's message, addressed to Secretary Tumulty and forwarded by him to the president at Paris, last Wednesday, said:

Intended to Speak

"Had hoped it possible President Wilson could address convention some time during session. Appreciating the importance of the world work now being performed by him for humanity, it will not be possible to extend to him by cable the assurance of loyalty of the more than 185,000 members of the brotherhood who have been and are his loyal supporters."

PACIFIC COAST LEAGUE FIGURES

Comparison of This Year and Last Made by Baseball Dopster.

SAN FRANCISCO, (AP)—With the first month of play completed in the Pacific coast league's 1919 season, official figures and averages recently issued permit of a comparison with the results at the same time last year.

At the end of the first four weeks of play last season the league leader was the league leader with a percentage of 59.1. The brilliant start made by the Los Angeles team this year enabled it to finish the first four weeks with a percentage of 71.6. San Francisco was the tall order last year with a percentage of 42.3 compared to its 1919 second place position with 60.7.

Standings of Teams

With six teams in the league last season and eight this year the first division teams were:

1918—	1919—
Vernon	Los Angeles
Salt Lake City	San Francisco
Oakland	Sacramento
	Sale Lake City.

Killer in Lead

Killer of Los Angeles was the league runner getting the best of it first in 1918 with 32 runs and he has exactly equalled his performance this year by again leading with the same number of circuits to his credit.

In the base stealing department Four-nor of Los Angeles led this season with 11 pilfers while last year he was rated in sixth place with 6 stolen bases. Killer ranked fourth in the circuit with 9 steals, was tied with Four-nor last year at this time.

Thirty Good Batters

There are thirty men in the league batting 300 or better compared with 20 last season. Koorner of San Francisco who ended the first month of 1919 with a percentage of .423 as the leading batsman only rated in thirtieth place last season with a percentage of .264. Home runs have been more frequent this season up to date, the comparative figures being 32 homers for 1919 as against 26 at the same time last year.

Idaho Wheat Loss Will Be Very Small

(Special to The News)

BOISE — A loss of but two per cent in the record made by this winter wheat of Idaho, according to Julius H. Jacobson, field agent for the United States department of agriculture. There will be 224,350 acres for harvesting which will produce 8,798,200 bushels. With an area of some 6,000 acres of rye in this state a production of 181,200 bushels is forecasted as compared with 60,000 bushels last year.

SEX EQUALITY ADVOCATED BY THE COMMITTEE

Presbyterians Would Give Women Same Right in Church as Men; Co-operation is Urged; Provision for Expansion.

ST. LOUIS, (AP)—Recommendations to grant women sex equality in church affairs, endorsement of the inter-church world movement, and comprehensive plans for a five year church expansion program were laid before commissioners of the Presbyterian church in the United States here today at the second day's session of the 131st Presbyterian general assembly.

Give Women Places

A large plan for church leadership for women was recommended in the new era expansion program presented to the commissioners, which provided that the women be given the right to hold offices in the local church, the board of trustees and all committees of the church.

Co-operation Urged

Full co-operation with the inter-church world movement and support of all worthy federated movements to promote the co-operation of all Protestant churches in facing social, religious and civic problems, also was recommended to the assembly.

Five Year Program

Recommendations that the church launch upon a now five year expansion program for the spread of Christianity and plans for reorganization upon a budget system were outlined in the new era program. Expenditures of \$25,000,000 for individual church budgets, covering equipment and operations, including \$1,000,000 for increasing pastor's salaries and \$13,000,000 for the new era budget, were reported by the committee as a part of the 1919-1920 program. A total of ninety per cent of the \$13,000,000 expansion fund already has been raised, the committee report said, with the entire amount practically assured.

Apply Christian Principles

Special attention to the Americanization of immigrants and industrial centers and "fearless application of the principles of Christ" to the solution of economic and social problems were also recommended in resolutions presented to the commissioners.

Bryan Speaks at Meeting

William J. Bryan attended the sessions of the assembly today. Mr. Bryan is urging that the assembly take some action to establish a financial aid bureau to be supported by the church for lending money to needy members to save them from resorting to chattel mortgage money lenders. Establishments in every community of men's clubs as substitutes for the saloons minus their demoralizing influence also was advocated by Mr. Bryan.

EMIR'S ASSASSIN STILL UNTAKEN

Man Who Killed Habibullah Has So Far Escaped His Pursuers.

LONDON, (AP)—Latest reports received here regarding the murder of Habibullah, Emir of Afghanistan, on February 20, indicate that the assassin is still at large.

There have been rival claimants to the succession. The new Emir is Amanullah Khan, son of Habibullah, the dead monarch. He is 28 years old and has never been out of the country, but he is described as having "an active brain and a keen intelligence."

Was Spent Lover

Habibullah was a lover of sport, and was grouse shooting when fate overtook him. With him were his eldest son and Nazrullah Khan, his brother. His majesty slept in a large tent well guarded by soldiers. Four or five page boys also in the tent took turns in watching. About 3 o'clock in the morning a pistol shot was heard and when the emir's brother and eldest son rushed into the tent they found Habibullah lying dead in his bed, shot through the head.

VILLAIN ACQUITTED REGRETS TIME HE SPENT IN PRISON

PARIS, (AP)—Raoul Villain, after being acquitted of the charge of murdering the socialist leader Jaures, has rejoined his family at Auvergne, a town of 12,000 inhabitants, the capital of the Yonne department. Every evening since his arrival the youths of Auxerre assemble in front of his residence and serenade him with rudimentary musical instruments. Villain is said to take refuge in the paternal cellars during the concert and to recall with regret the years he spent in the calm of Santo prison awaiting trial.

COMMENT, BY AND LARGE

Pertinent paragraphs on current events, official acts and the general trend of events at home and abroad. Edited by Captain C. L. Longley.

Among possible candidates for the republican presidential nomination in 1920, the name of General Leonard Wood is having frequent mention.

The representatives of Austria are now being "called on the carpet" to learn what the peace congress may have in store for that country.

Italy and Japan appear to be the "bad boys" at President Wilson's School of Nations; but the president is long on "Moral Suasion" and will doubtless convince and correct them without even pointing at the rod up over the blackboard.

Those "fourteen points" appear about now to be giving more trouble to President Wilson than they have ever given to any of his critics.

Villa is again on the rampage down in Mexico. It seems a great pity that the "Monroe doctrine," or some other international medication, is not strong enough to reach his case!

Germany's record in sending "notes" to the peace congress bids fair to rival that established by President Wilson with Kaiser Bill as correspondent!

All military arrangements have been made for the allied armies to advance in exactly the same way as they would have done had Germany not accepted the armistice terms!

Germany should refuse to sign the peace treaty. It is very difficult to foresee and understand just what would be the effect and result of such an advance at this time; but it is perfectly certain that it is now quite impossible to advance "in exactly the same way" that an advance would have been made last November upon the heels of a beaten and flying army!

Nothing is more certain than that the hesitation and delay in meeting the call for subscriptions to the fifth Victory loan was caused by dissatisfaction with the national administration and was equivalent to a vote of lack of confidence therein.

Ex-Senator Bailey of Texas, files a charge of extravagance against the democratic party, and specifies as follows: "For the next fiscal year—year of peace—democratic cabinet officials have asked for appropriations aggregating the stupendous sum of fifteen billion dollars."

If any one should doubt that Twin Falls is bank-bail with the current of activity and prosperity, just let him try, without previous arrangement, to find a room in one of our hotels, or a seat in the restaurants or dining rooms.

A BAD PRACTICE

The practice of asking school children to contribute to various local projects in small amounts of cash in the interests of movements to which their parents, presumably have already given as much as they are able to give, is not accepted in all quarters as a sound proposition.

For some time past when it has been desired to sell Liberty Bonds, raise money for a Memorial, or otherwise get up a fund for the benefit of this, that or the other project, an elaborate collecting plant has been organized, primarily for the purpose of seeing that no man or woman in Twin Falls who is able to donate or pay, is allowed to miss the privilege.

The trouble with the school collecting plan is that there is not a single good feature about it. Children of parents who are unable to give are unnecessarily humiliated in the eyes of their little school fellows if they do not, by some hook or crook, miss the amount asked of them.

It isn't a fair proposition. Those children who are able to pay quickly and freely are not a fair way to be taught the first principles of snobbery by reason of the failure of some other little one to do the same thing.

Just exactly why wouldn't it be a good thing to regard a Twin Falls Commercial Club as one of the real needs of the City and place the project on the civic program along with the rest of the good things promised for this section in the near future.

Not even a Y. M. C. A. is of as much pure utilitarian benefit to the city as a Commercial Club. Bridges, monuments, memorials, not even paving will bring about as many real opportunities for growth as will a first class, well managed business man's organization.

A majority of the people who live in Twin Falls are probably in favor of a Commercial Club. At a meeting held a few months ago, it was unanimously decided to go ahead with the Commercial Club program.

PARTY CHIEFS ARE ANXIOUS

Borah's Attitude on League of Nations Excites Much Interest in Capital.

(Special to The News)

BOISE—The intimated threat of United States Senator W. E. Borah that he might bolt his party if it approves the league of nations, has a number of the O. P. leaders in Idaho sitting up taking notice. This that reached the senior senator's home state from Washington. It is contained in a letter he wrote to the Boston Transcript. Just how far Senator Borah is willing to carry out the threat party leaders in Idaho are unprepared to say. His close friends assert that he feels very strongly on the league covenant and should the senate approve it through a combination of republican and democratic votes, he might go so far as to denounce his affiliation with his party in order that he might carry out the league of nations. He is reported to have said he considers signature of the covenant in its present form would be treasonable.

Senator Borah was elected to a six year term, his third, at the last general election in this state, last fall. He has been and it can be safely said is, the greatest man in the party in his home state. While many of his party have disagreed with Senator Borah and his views on public questions, they have remained friends personally and politically.

Attitude is Criticized

Senator Borah's attitude on many big issues have been severely, if not bitterly criticized, yet his refusal to abandon a principle just because he was placed under pressure has won him many friends, which would not have been the case otherwise. His stand, therefore, on the league of nations episode will be watched with the keenest interest at home for as the plans of the "Big Four" go through, as now appears to be the case, the peace treaty with the league of nations covenant will be presented to the senate of the present congress for approval. It is now certain to the friends of the senior senator here that he will boldly array his fight against the league of nations covenant in the senate probably leading the opposition in the upper halls of congress.

MORMON CHURCH WOMEN HELPED

National Relief Association of Latter Day Saints Were Active War Workers.

SALT LAKE CITY, (AP)—The National Relief Society of the Mormon church, an organization composed of women, continued much war work in 1918, according to its annual report, just issued. The ward organizations of the society have subscribed \$44,000 in Liberty bonds and the members of the societies have subscribed to \$397,000.

Has Big Membership.

The members of the organization have taken out 24,297 memberships in the Red Cross and have donated thousands of surgical dressings and garments.

Wheat Report Unpublished.

The usual wheat report is not published. A year ago when the patriotic call came for the society to turn over its stored wheat supply the thousands of bushels owned by the society and saved since its establishment were sold and turned over to the government. Funds derived from sale of this grain are still on hand and will be used to purchase wheat and place it in storage against possible famine. The society's resources are placed at \$771,414.55.

ROBINSON'S

PALMOLIVE COMPANY PRODUCTS

My impression regarding the different articles sold by this Company is that they prefer to have them retailed at prices that would cause them to be bought freely at all times rather than have them sold at extra profit prices most of the time and then at special prices for a couple of days "once in a long while."

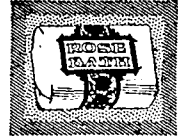

I have been, and still am, selling Palmolive goods at prices that should cause them to be bought freely. To illustrate my regular price on Palmolive Vanishing Cream is 50 cents a jar and on Palmolive Talcum Powder 25c a box. These are being quoted at 60c and 30c respectively. The higher prices mentioned are just 20 per cent more than my regular prices.

Palmolive toilet soap is sold here in this store at 9c per cake instead of 12 1-2c (two for 25c) or nearly 40 per cent more than I am asking.

A jar of vanishing cream at 50c and a box of talcum powder at 25c and four cakes of toilet soap at 10c (popular prices at which these goods are usually sold) makes a total of \$1.15, not \$1.40 as quoted by some.

If you want to purchase some Palmolive goods, come here and get a jar of vanishing cream, a box of talcum powder, two cakes of toilet soap and two cakes of bath-soap all for \$1.00 and make a real saving.

OTHER TOILET ARTICLES AT A SAVING

Toilet Paper (crepe finish), 6 rolls for 25c
Toilet Paper (the 10c kind), 4 rolls for 25c
Toilet Paper (fine tissue, 1000 sheet), 2 rolls for 25c

Privilege is reserved to limit number of lots sold to one customer, as these prices are not for dealers or speculators.

COMPROMISE ON BOND QUESTION MAY BE REACHED

Opponents of Proposed Paving Program Predict Defeat of Issue Unless Demands Are Met.

Defeat by two to one vote at the special June 4 of the proposed municipal bond issue of \$200,000 for street intersection paving, Hook Creek bridge and sewer extension, is freely predicted today by citizens who are opposing the proposed paving program on the grounds that it does not provide for an equitable distribution of the improvement.

The possibility also, of a compromise whereby the election and sale of bonds would be delayed to permit of the proposed paving district seems to have brightened, and it is regarded as probable that a showing of considerable proportions on the part of the opponents of the bonds may be made at the meeting of the city council on Monday evening next with a view to securing such action.

Not Against Sewer.

Opponents of the bonds, according to the statement of J. N. Clear, one of the leaders, would in no way avoid attacking the proposed sewer extension. They favor paving but are asking that the west and south quarters of the city be given a larger share in the program.

They are asking that the bonds for the proposed new bridge to span Hook Creek at the end of Shoshone street on the grounds that the present structure can be made serviceable for a period of years and that the money that would be expended for the proposed bridge at this time were better spent for extending the paving program.

Expect Re-submission.

It has been the idea of the opponents of the bonds that if the proposed issue were defeated at the forthcoming election, proceedings would be instituted at an early date for a re-submission of the bond issue and that a redrafting of the paving program might be included in these second proceedings.

Only taxpayers are to vote in the bond election, two-thirds of the votes cast must be in favor of the issue in order to carry it.

SMALL BOYS SUSPECTED OF STARTING BARN FIRE

Blaze Involving Estimated Loss of \$400 in Property, Destroyed Smith's Barn.

Small boys playing with matches are suspected of starting the fire at 2:30 o'clock Thursday afternoon which destroyed the barn at the residence of James M. Smith, 230 Fourth avenue north, and damaged adjacent outbuildings involving a loss of between \$300 and \$400. The blaze was not discovered until after it had gained considerable headway, and although prompt response was made by the fire department there was little to be done by the fire fighters except to prevent the spread of the flames.

L. L. HOOKS SAYS HIS TROUBLES ARE OVER

Tanlac Built Him Up So He Is Now Working Hard Every Day.

"When I weighed the other day I found I had gained thirty-five pounds, and that's only a part of what Tanlac has done for me," said L. L. Hooks, of North Roswell, Ga., in relating his experience with Tanlac.

"I suffered from such an awful case of stomach trouble," he continued, "that I could hardly eat a thing and nothing would digest. The little I forced down didn't give me any strength and at times I would almost choke from the gas that formed in my stomach. I was so weak and miserable I just couldn't do any work at all and was just about all in."

"I commenced to take Tanlac because I saw the good it was doing others, and I could feel all the difference in the world right from the start; it simply made me feel like a new man. My troubles are now over, it built me up wonderfully and I am working hard, using pick and shovel every day, and never have any more trouble with my stomach."

Tanlac is sold in Twin Falls by City Pharmacy, in Rogerson by Thompson Drug Co., in Murghaug by Murghaug Drug Co., in Filer by A. B. Wood, in Buhl by C. D. Boring Brothers Co., and in Kimberly by A. L. Stowe.—adv.

MOJIKS SUSPECTED BIG SOCIAL SCANDAL

Killed Manufacturer Who Gave 'Their' Money to Woman in the Case.

PARIS, (AP)—Belshivism, in the unuttered mind of the Russian proletariat, is a system under which everybody has plenty of money and one needs to work only two or three hours a day, writes a special correspondent in a sensational article from Russia. The money they needed, the mojiks were told, they would find in the factories, and all they would have to do would be to go and get it. Disappointment awaited them in most cases. For the great majority of the manufacturers were ruined, and the office cash boxes were generally empty. The next move was to seize the proprietor by the throat. "Where is our money?" they would demand. "The money that we've earned by our sweat and blood?"

Owner Moneyless.
One plant owner asserted that he had no money, and offered to prove by his books that he had not even enough money to keep body and soul together. The men fumbled through the books;

but being ignorant of the rule of three, they could not understand the entries. Then somebody found an entry of two million rubles under "Mortgages," the Russian for which is "Amortization." "What is this?" they demanded furiously. "Amortization must be the name of a woman. She has gotten our money. Who is she? Where is she?"

LATEST FIGURES ON WAR CASUALTY LIST
WASHINGTON, (AP)—Revised figures made public today by the war department showed that the total casualties of the American expeditionary force

during the war was 286,044. Battle deaths numbered 48,000, and the total of wounded was placed at 237,135 with the explanation that this represented a duplication of about 7,000 by reason of the fact that many men were wounded more than once.

FREIGHT RULING BRINGS PROTEST FROM IDAHOANS

Strong Opposition to Apple and Potato Rates; Would Readjust Tariff on Coal; Want a Differential.

(Special to The News)

BOISE—Regardless of whether the Oregon or Washington commissions join in the case, which is more than likely they will, the Idaho public utility commission has decided to go before the interstate commerce commission to protest the proposed increase in the freight rates on apples from western points to the markets of the east of from \$1.10 to \$1.25 per hundred pounds. A conference with the fruit growers of the state resulted in a decision being reached to gather the necessary data to show to the interstate commerce commission how unjust and unfair such a proposed increase would be. Questionnaires are being sent out to the growers and a number of protest meetings will be held in various sections of the state.

Appears at Portland

The Idaho commission will also appear before the Portland traffic committee of the railroad administration June 10 when argument will be made on the petition to adjust coal freight rates from the mines in Idaho; Wyoming, Utah, Colorado, Washington and Oregon on the basis of distance exclusively allowing each mine or group of mines to serve points geographically favored without regard to producers' competition, mountain hauls, etc. This is looked upon as an exceptionally important hearing.

Claims Rate Impends

The potato freight rate increase from Idaho to Texas points as proposed by the railroad administration will kill the potato industry in this state, it is claimed to go into effect, it is claimed by Leonard Way, rate expert with the public utility commission in a brief he has just filed with the Portland traffic committee of the administration. It is held that the proposed rate is unfair and discriminatory in favor of Minnesota, Wisconsin and Colorado. Idaho, this state has stabilized the potato and is competing with the other states named, in the southern markets. Idaho cannot reach the Texas market at a 0.1-0.2 cent rate as against 2-3 cents from Minnesota and 4-5 cents from Colorado. It is held by the Idaho public utility commission that the differential of four cents in favor of Idaho to Texas points should be maintained.

IDAHO DELEGATES FOR RECLAMATION PLANS

Many Projects in Gem State Capable of Being Brought into Cultivation.

BOISE—Idaho's delegates to the national caucus of the Western Veterans' association held this month at St. Louis stood solid with the 1500 delegates in that assembly when resolutions were passed demanding that congress take the necessary steps to bring about the reclamation of arid, swamp and cut-over lands so that they may be turned into farms for soldiers, sailors and marines who entered the service during the war. They believe that the action of the convention will have much to do with speeding congress up and getting action on one of the important measures before it. When congress adjourned no action was taken to give financial support to the Boise, Minidoka or King Hill projects, all of which are now owned by the government. This was a keen disappointment for all of the projects are in need of federal assistance regularly.

Other Projects in View.
In addition, however, Idaho has a number of proposed projects which come under the provisions of the Lane bill. These cover hundreds of thousands of arid lands in southern and eastern Idaho. The Big Bruneau-Twin Falls project, located south of the Snake river and west of the south side Twin Falls project, is one of these. It contains over one-half million acres alone. Other projects, the lands in which are feasible of reclamation are the Dubois located in the upper Snake River valley; the Sunnyside located in southern Idaho between Boise and Mountain Home; and in the northern stretch of land from American Falls on the north side of the Snake river to the Boise valley.

If you know what's advertised today you know what to buy today—where to find it—what it will cost.

Corn Moves Up
CHICAGO (P)—Lack of sufficient

available supplies for immediate requirements gave a new upturn today to the corn market. It was a favorite view that under such circumstances any decline was likely to be of special importance. Bulls were cautious, however, on account of continued uncertainty in progress between representatives of the government and of the grain trade. Opening prices which ranged from 1-4 to 2 1/2c higher, with July \$1.64 1/2 to 1.65 and September \$1.57 1/2 to 1.58, were followed by slight further gains and then by something of a reaction. Oats displayed independent firmness owing to active inquiry from the seaboard. After opening unchanged to 3-8 higher, with July 68 to 68 1/4c, the market eased off a little. Quotations nevertheless, averaged slightly higher with hogs and grain.

St. Joseph Live Stock
ST. JOSEPH (P)—Hog receipts 2,500; higher; top \$20.80; bulk \$20.35@20.65. Cattle receipts 300; steady; steers \$12.50@17.50; cows and hifers, \$6.50 @15.50; calves \$7.50@13.50. Sheep receipts 2,000; steady; lambs \$17.50@18.35; ewes \$13@14.50.

Kansas Produce
KANSAS CITY (P)—Butters, eggs and poultry unchanged.

Stocks Change Little
NEW YORK (P)—Stocks showed very slight change at the opening of today's market, but stronger tendencies soon developed on a renewal of demand for shipping, oil, metals, utilities and other securities; American Petroleum, Gulton-Williams, Royal Dutch, Texas company, Anaconda, Inspiration and Miami coppers, American and Baltimore locomotives, American Steel, Consolidated Gas and General Cigars rose 1 to 3 points in the first half hour. United States Steel gained only a fraction and rails were irregular, sellers hardening while pacifics and grangers made fractional recessions.

Liberty Bond Market
NEW YORK (P)—Liberty bonds at 11:30 a. m. today were: 3-1/2s \$94.84; first 4s unquoted; second 4s \$94.30; first 4-1/4s \$95.80; second 4-1/4s \$94.42; third 4-1/4s \$95.30; fourth 4-1/4s \$94.48.

Silver Market
LONDON (P)—Bar silver 57d per ounce; money and discount unchanged.

SCHNEIDEMANN APPEALS TO ENGLISH PEOPLE

Asks Them to Realize German Conditions; Tauton Delegates Send Long Note.

LONDON (P)—Philipp Schneidemann, the German premier, has sent to the Berlin correspondent of the Daily Herald the latest newspaper, an appeal to the British people to realize "the appalling position Germany is placed in by the peace conditions."

Says It is Unbelievable
Herr Schneidemann in his appeal says: "We cannot believe that fellow human beings, however much under the influence of a wicked war, can really intend to reduce a kindred civilized people to slavery, for that is what these conditions mean."
"We Germans call upon you English not to force us to sign away our birthright and the peace of Europe in our hour of weakness."

Present Long Note
BERLIN (P)—A note of considerable length presented to the peace council by the German plenipotentiaries deals with all the proposed territorial changes. The note does not deny that the principle of self-determination can be asserted for several of the changes, such as concerns Poland and Schleswig, but does not concede that the territories populated by Germans "can be bartered like pawns as security for the financial or economic demands of Germany's enemies." In this connection the note protests strongly regarding the Sarro valley and declares it is vain to object that the proposed occupation will be temporary because, it is declared, if Germany is not in a position to repurchase the mines with gold at the end of fifteen years, the region is destined finally to go to France even if the population "pronounces unanimously in favor of Germany."

Boyd Hospital LABORATORY

Twin Falls, Idaho

Established 1905

A new department of the hospital, fully equipped to lend valuable aid toward making a diagnosis.

Without a proper diagnosis, no disease can be properly treated.

Diseases, such as typhoid, syphilis, malaria, tuberculosis, anemia, influenza, obscure diseases of the blood and nervous system, Bright's disease, and cancer, can be diagnosed by laboratory tests alone.

In nearly every disease known, valuable diagnostic, as well as prognostic aid can be given by careful examination of the blood, urine, sputum, gastric contents, specimens of tissue, such as cancerous and tuberculous glands, bacterial examinations of pus spinal fluid contents, and inflammatory exudates, such as pus in the lung, etc.

No disease is of such minor importance that the patient is not justified in demanding every means toward an accurate diagnosis.

CHOCOLATES

For the "extra occasion" let us suggest our very attractive creation—PADS AND FANCIES—large pieces of Milk and Bitter Sweet Coatings over luscious creams, chopped fruit and nuts.

When you eat SWEET'S chocolates you will say they are superior in quality and flavor to any chocolates you ever tasted.
