NEWS OF HAWKER MACHINE LACKING

No Authentic Word of Sopwith plane Carrying Lieutenant Commander Grieve and His Pilot.

LATE REPORT INDICATES AVIATOR IS LOCATED

LONDON, (AP)—(9:18 p. m.)—Harry Hawker was reported to land in the sea within 100 miles of Dingle Bay, according to a Central News dispatch reporting a wireless message received at Limerick. The aviator evidently was making for the Estuary of the river Shannon.

LONDON, (AP)—(7:55 p. m.)—Reports were current here tonight that two wireless code messages had been picked up at the Lizard wireless station. One said that Hawker was at sea, was at 4:15 p. m. The other which came from an unnamed American steamer was to the effect that Hawker was still flying at 4:40 p. m.

Nothing confirmatory of these messages has reached London.

The Associated Press learns that the wireless reports that Hawker was still on his way arose from rather indefinite messages exchanged between the American ship Minerva and another ship which were picked up by the Lizard station.

LONDON, (AP)—Up to the present hour no authoritative news had reached the air ministry as to the whereabouts of the Sopwith machine carrying Harry Hawker and Lieutenant Commander Grieve. Anxiety is increasing here as to the fate of the aviator and his navigator. Wireless calls are being continued with no success. American and British destroyers are out searching off the western coast of Ireland.

Hawker Australian
NEW YORK, (AP)—Harry G. Hawker is an Australian, 27 years old. He began his career as a mechanic and rose to the rank of a pilot under the tutelage of Sopwith, one of the earliest British aviators.

Established British Record
He first came into prominence October 24, 1912, when flying a Sopwith biplane designed after the pattern of the Wrights, he established the then British record of 8 hours and 23 minutes for a duration flight and won the British Michelin trophy for that year.

Reached Great Height
In 1913, flying a Sopwith supplied with a Gnome motor he established the then British altitude record of 12,000 feet and on the same day carried aloft two passengers to a height of 14,000 feet. Later he attained what was claimed to be the world's altitude record—28,500 feet—which, of course, was later exceeded. During this flight he was engaged as an experimental flyer assisting in the development of Sopwith machines.

Report Not Credited
ST. JOHNS, N. F. (AP)—A report was received here at noon (10:30 a. m. New York time) that Harry G. Hawker's Sopwith biplane had been sighted on the Irish coast. There was great rejoicing by his associates here, and Frederick I. Baynham, his rival, whose trans-Atlantic start came to grief here yesterday, immediately cabled congratulations.

The air ministry announced shortly after five o'clock that it had no confirmation of the report that Hawker

The removal of the American headquarters at Beaumont is already under way.

Orders for Return from Huns' Land of Local Men Reported

Arrival Here of Twin Falls Artillerymen Expected About July 4.

The only celebration in Twin Falls that could make subsidiary the 18th birthday and patriotic celebration on July 4 is likely to materialize in the fulfillment of the cable statement received here from Lieutenant John G. Thorp that the 14th field artillery regiment, including four companies of the Second Idaho regiment, one of which is the Twin Falls unit, has been ordered home and is to leave Germany on Sunday next.

The regiment which with the 14th comprises the 66th field artillery brigade, is stationed now with the American army of occupation near Coblenz, Germany. It took part in the Meuse offensive, the Meuse offensive, the St. Mihiel offensive and the Meuse-Argonne offensive, leaving the United States in December, 1917, and landing in France in January, 1918.

The Idaho units included in the 14th are those from Sandpoint, Mars, Coeur d'Alene and Twin Falls, together with what was the headquarters company and the supply company of the Second Idaho regiment.

On July 4, 1918, this outfit received its orders to take up a position in the front line against the Huns' advance toward Paris.

IRISH REQUEST GIVEN WILSON

Lansing Refers Matter Directly to the President After Its Receipt.

PARIS, (AP)—Secretary of State Lansing today referred directly to President Wilson the request from the American delegation now in Europe as the representative of Irish societies in the United States, that the secretary present a formal request to the British government that Prof. De Valera, Arthur Griffith and Count Plunkett, Sinn Fein leaders, be given a safe conduct to come to Paris and present their case to the peace conference.

CALLS ELECTION ON NONPARTISAN MEASURES

BISMARCK, N. D. (AP)—Governor Lynn J. Frazier today called a special election for June 25 to permit the people to vote on seven measures enacted by the last legislature included in the Nonpartisan league program and which are asked to be referred by petitions circulated by the independent voters association.

WORLD NEWS EVENTS

ARCHANGEL, Sunday, (AP)—Arrangements are under way to begin the transportation to England of the Three hundred and thirty-ninth American infantry within ten days time.

RIO JANEIRO, (AP)—The fourth game of soccer football for the championship of South America was played today and resulted in the defeat of the Argentine team by Brazil, the score being three to one.

WASHINGTON, (AP)—The supreme court today ordered a reargument of test proceedings involving the constitutionality of provisions of the income tax act of 1916, taxing stock dividends as income. Arguments will be heard next fall.

WINNIPEG, (AP)—President Baker of the Brandon, Man., trades council, announced at union headquarters here that a general strike would be declared tomorrow at Brandon, presumably in sympathy with the general strike in progress here. The situation in Winnipeg is virtually unchanged.

WASHINGTON, (AP)—The South Dakota law of 1909 prohibiting shipments of migratory birds killed by hunters was today upheld by the supreme court in sustaining the conviction under that statute of W. E. Carey, found guilty of shipping fifteen wild ducks to Charles Comiskey, owner of the Chicago American league baseball club.

WASHINGTON, (AP)—A joint resolution to return telegraph and telephone systems to private management, introduced today by Representative Stearnson of Minnesota, and republicans, calls on the president for itemized report of all expenditures and receipts, since the properties were taken over and a report showing financial results of government operation.

LONDON, (AP)—The newly formed actors' association has fulfilled all the expectations of its members by securing an agreement with the managers' association for a uniform contract which remedies most of the grievances under which the rank and file of the stage have suffered. The chief points of the agreement are a minimum wage of fifteen dollars a week, fair notice of termination of contracts, payments for rehearsals and the management to furnish all costumes except those which actors can use in ordinary life.

REPUBLICANS ORGANIZE THE TWO BRANCHES

Congress Gets Under Way Promptly This Morning Without the Slightest Friction Being Manifest.

SEVERAL DEMOCRATS OF SENATE REPORTED AWAY

Republicans Elect Cummins Over Pittman in Senate and Gillett Over Clark in House of Representatives.

WASHINGTON, (AP)—Promptly at noon today the extraordinary session of congress got smoothly under way, with republicans in the majority in both branches, the leaders plunged into the work of organization.

WASHINGTON, (AP)—By a majority of fifty votes, the republicans took control of the senate, electing Senator Cummins president pro tempore, and defeating Senator Key Pittman of Nevada, democrat, by a record vote.

Program Arranged
In both house and senate the program well arranged in advance, started off as it had been planned. Vice-President Marshall presided in the latter and Charles G. Trumble in the former. The usual prayers and then the reading of President Wilson's proclamation preceded the calling of the rolls. Then the house proceeded to the business of electing a speaker—Representative Gillett of Massachusetts—and the senate to electing a president pro tempore, Senator Cummins of Iowa.

Lodge Presses Resolution
Republican Leader Lodge presented the resolution, proposing Senator Cummins and democratic Leader Marjorie proposed Senator Pittman. On the first roll call under the new roll call arrangement all republicans except Senator Cummins himself and Senator Calder of New York who announced he withheld his vote in recognition of a pact with Senator Gorry of Rhode Island, democrat, voted against Senator Pittman.

Resolution for Senator Cummins then was adopted viva voce. Senator Gorry of North Carolina, democrat was called to the chair to announce the result.

Adjourned Until Tuesday
After the republicans completed their organization the senate adjourned until tomorrow.

Service Men Meet Called for Boise June Twenty-fifth

Each County Has Double Representation It Has in Legislature.

(Special to The News)
BOISE — A call was issued today for a convention of soldiers, sailors and marines of the present war to be held in Boise June 25. The call is issued by L. R. Collier of Poastello, acting for Colonel Lindley, chairman of the national American Legion, formed at the recent St. Louis caucus. Under the call each county is entitled to double the number of representatives at the convention as it has members of the state legislature. The state convention will elect delegates to the national convention to be held in Minneapolis next fall. Questions of the attitude of the service men on law enforcement, I. W. W. and the Bolshevik movement, probably will be taken up.

Little attention here is given to the call for a meeting of service men to convene in Boise June 5, issued by Mark Shickel prior to the action of the St. Louis caucus.

UKRAINIA ARMIES DEFEAT FORCES OF THE POLES

WARSAW, (AP)—The Ukrainian offensive north and east of Lemberg has been repulsed by the Poles with heavy losses to the attackers, an official Polish statement today says. North of Kieff, the Poles have made a considerable advance and they also have gained a victory on the Volhynian front near Zolkoff, northwest of Kieff. On the other hand the Russian front the enemy was defeated by the Poles who captured prisoners and war material.

LODGE SELECTS THE COMMITTEE ON COMMITTEES

Borah Holds Second Place on Assignments; Majority Committees on Steering and on Patronage Chosen.

WASHINGTON, (AP)—Republican senate leader Lodge today appointed the committee on committees to make majority committee assignments. With Senator Brandegee of Connecticut as chairman he named the following senators:

Borah, Idaho; Sterling, South Dakota; Curtis, Kansas; Watson, Indiana; Harbo, Wisconsin; Wideman, New York; Fenwick, Maine; France, Maryland; Frelinghuysen, New Jersey; Kollogg, Minnesota; McCormick, Illinois, and Lodge (ex-officio).

McComber Chairman
Senator Lodge also named the following republican steering committee: McComber, North Dakota, chairman; LaSalle, Wisconsin; Wideman, New York; Fenwick, Maine; France, Maryland; Frelinghuysen, New Jersey; Kollogg, Minnesota; McCormick, Illinois, and Lodge (ex-officio).

Patronage Managers
The following committee on patronage was named: Senators New, Indiana; chairman; Sutherland, West Virginia, and Lenroot, Wisconsin.

BERGER DENIED FLOOR OF HOUSE ON PRIVILEGE

Socialist Recently Convicted Under Espionage Law Finds Right to Seat Challenged When His Name Is Called.

WASHINGTON, (AP)—When the name of Victor Berger of Wisconsin was called in the house today as new members were sworn in, Representative Bunting of Massachusetts, republican, chairman of the election committee, according to pre-arranged plan, formally challenged his right to be seated. Berger is appealing from a wartime conviction of the espionage law.

Refused the Floor
Speaker Gillett directed Berger to stand aside when he appeared with his state delegation for the oath and refused to recognize him when he tried to speak as a matter of personal privilege.

TWO OUT OF TOTAL OF THREE MACHINES WILL CONTINUE ON JOURNEY

NC-1 Definitely Out of the Running as Result of Pounding Received Upon Landing; Commander, Towers, Receives Congratulations of Navy Department; Fog and Storms Responsible for Trouble.

BOTH CREWS CONFIDENTLY EXPECTED TO MAKE SAFE LANDING IN PORTUGAL

WASHINGTON, (AP)—The lost naval seaplane NC-3, commanded by Commander J. H. Towers, lost in mid-Atlantic since 5:15 Saturday morning, was today reported to the navy department proceeding toward Ponta Delgada under her own power, seven miles from land. This message was received at the navy department early this afternoon from Rear Admiral Jackson at Ponta Delgada: "The NC-3 located seven miles north of Ponta Delgada under her own power."

CREEDENTIALS OF AUSTRIA GIVEN TO CONFERENCE

Germans Still Declare That They Will Refuse to Sign the Peace Treaty Unless It Is Amended.

ST. GERMAIN-EN-LAYE, (AP)—The exchange of credentials between representatives of the allied and associated powers and Austrian peace delegates took place at 3:30 o'clock this afternoon. The session lasted four minutes.

Drafting Is Slow
The impression prevailed in peace conference circles today that the peace treaty with Austria would not be presented during the current week. The drafting of the document is taking longer than was anticipated.

Leaders Returning

VERSAILLES, (AP)—Count von Brockdorff-Rantzau, head of the German peace mission, who left for Spa on Saturday night, returned to Berlin this morning. He was accompanied by Herr Landberg and Herr Giesberg, two other members of the delegation who had been to Berlin.

Council in Session
PARIS, (AP)—The council of four met this morning. The German note on the status of the German religious mission and further details of Bulgarian and Turkish affairs were to be considered at the meeting.

Wilson's Work Limited
As understood here President Wilson's participation in consideration by the council of details of Turkish and Bulgarian affairs is limited to questions that may arise relative to Armenian affairs. As the United States never was at war with either Turkey or Bulgaria, the president would have no part in the peace settlement with those nations.

Associated Press Summary
Declarations that Germany will not acquiesce in the demands made upon her by the peace treaty continue to come from high sources in the German government. President Ebert is quoted today in Berlin dispatches as having reiterated Sunday that the peace terms never would be signed by Germany.

Report Proved Erroneous
Meanwhile Count von Brockdorff-Rantzau, who left Paris-Saturday for Spa to meet government representatives from Berlin and who, it was reported, might not return because of differences in the delegation over Germany's peace policy, is back in Versailles.

German's note relating to the status of her religious missions in foreign lands was taken up by the council of four at its meeting this morning. Details Unpublished.
The details of its proposals have not been made public.
The council also planned to consider matters relative to Bulgaria and Turkey.

Dispatches from Paris indicate that no further effort will be made by the allies to provide food for the Russian people, as a result of the refusal of the Bolshevik foreign minister to consider food on countries adjacent to Russia.

Paderewski Coming
Premier Paderewski of Poland is expected in Paris Thursday. The crisis

Driven North by Storm.
Admiral Jackson's report was taken here to mean that Commander Towers after having been forced to alight on the water by fog had been driven northward and seaward, by the storm until he was able to taxi his craft to safety within a short distance of the "land fall" at the Azores.

Mrs. Towers Notified.
The news was flashed immediately to Mrs. Towers, wife of the flight commander.

With the NC3 making Ponta Delgada under her own power, officials expressed belief that the big seaplane could be put into condition to continue the flight to Lisbon and Plymouth. The NC-1, however, was definitely out of the running as the result of the pounding she received after landing on the water.

Daniels Is Confident.
When Secretary Daniels was informed of the sighting of the NC-3 by personally telephoning Mr. Towers the good tidings and then dispatched the following message to Commander Towers at the Azores:

"I know you would make. Heartiest congratulations on your plucky and successful flight. Just told your wife the good news. Congratulate your commanders and crew for so splendidly upholding navy's traditions. Confidently expect at least two planes to reach England on schedule."

NC-1 Picked Up
Horta, (AP)—The crew of the NC-1 was picked up by the steamer Ionis Saturday afternoon after they had been tossed about in the water for five hours in their damaged plane. All the men were fatigued and suffering from seasickness when picked up. The plane is almost a total wreck.

Admiral Jackson's message as to the condition of the NC-1 said:

"The Fairfax is standing by the NC-1 thirty miles east of Corvo. Both wings smashed and one piston missing. Bellinger reports NC-1 will not be in condition to be made to fly."

RUMORS OF SOVIET GOVERNMENT DENIED

WINNIPEG, (AP)—Rumors that a soviet government has been instituted in Winnipeg are utterly false. These reports have not only been denounced by city officials and leading members of citizens vigilance committee but by union officials. Two high union officers made an inspection of Winnipeg last afternoon that they felt much embarrassed by "fake stories of soviet government" which they said, had been sent to the United States by men who speculated in Winnipeg by distributing and filing dispatches to American newspapers.

FORD BEGINS HIS CONTEST

Formal Presentation of Charges to United States Senate When It Met.

WASHINGTON, (AP)—Formal notice of a contest in the election of Truman H. Newberry, republican senator-elect from Michigan, was given today with the Senate in session by a resolution of the House introduced by Henry Ford, defeated democratic candidate, asking for an investigation of campaign expenditures and a recount of the ballot and the putting on record of those presented by Mr. Ford last session to the senate elections committee.

JANE ADDAMS DECLINES TO BE ASPIRANT

Declares Idea of Serving on League Council to Be Impossible; Women Receive Message from President Wilson.

ZURICH, (AP)—Miss Jane Addams of Chicago today read at the women's international conference for permanent peace in session here a reply to an address sent to President Wilson at Paris relative to modification of the terms of peace. Mr. Wilson wrote:

"Your message appeals both to my intellect and heart and I sincerely desire that means may be found to comply with it, although the prospects are far from reassuring because of the immense practical difficulties."

Answering a suggestion by British delegates that the American delegation at the peace conference secure her appointment as a member of the council of the league of nations, Miss Addams said: "Such a scheme cannot be realized for in America at the present day none is more detested than the pacifist."

ADVERTISING IS URGED BY THE PRESBYTERIANS

Department of Information Recommends Use of Paid Newspaper Space to Further Religious Work.

ST. LOUIS, Mo., (AP)—Recommendations to grant women full equality in church affairs, including the right to become ministers and elders, and urging that the church be placed on record as favoring action by the president and congress to bring about closer relations between capital and labor, were contained in overtures presented today to the 131st general assembly of the Presbyterian church in the United States of America here.

The report of the department of information filed before the commissioners recommends that all Presbyterian churches in the country "engage in paid newspaper advertising as one aid in advancing the cause of Christ in the world."

Famous Ship Goes Out of Commission

Last Visit Made to Ship That Soon Will Be Only a Memory.

SAN FRANCISCO, (AP)—"Good bye dear old Oregon," was the sentiment voiced by hundreds of men, women and children during the last week of the Victory Liberty loan campaign when they visited the famous old battleship for the last time as she lay at anchor in San Francisco bay. Within a few weeks the grim fighter of nearly a quarter of a century ago will take her place with the "Constitution" in the hearts of the American people; the Oregon will go out of commission and become a memory.

Starts on Trip.

A few weeks after the sinking of the gun was in San Francisco harbor when battleship Maine at Havana the Ore there flashed across the continent on March 12, 1898, from the navy department to the Oregon's commander an order to proceed to Callao (Peru) as soon as practicable. On March 17, Capt. Charles E. Clark assumed command, and two days later began the celebrated trip around the "Tom."

Heard at Rio Janeiro.

Captain Clark was not advised that war had been declared against Spain until his arrival at Rio Janeiro, April 30. Great concern was felt in the United States when the Spanish fleet under Admiral Cervera, which had just left the Cape Verde Islands, was unknown.

Breathed More Freely.

The nation breathed a sigh of relief when word was received that the Oregon had arrived safely at Jupiter Inlet, Fla., May 24, 1898, a trip of 14,000 miles made in 61 days. A few days later she joined Admiral Sampson's fleet off Santiago, Cuba, and she participated in the great battle of Sunday, July 3, 1898, when Cervera's fleet was annihilated. The Oregon forced the Colon, the last of the Spanish ships, ashore to her destruction.

Went to Manila.

Subsequently the Oregon steamed from New York to Manila where she was on duty during the American operations in the Philippines. Of late years she has been used for a training school for young sailors and has been the feature of many celebrations and other events.

Built in San Francisco.

She was built at the Union Iron Works in San Francisco in 1896 and carried a complement of 34 officers and 671 men. Her displacement was 10,288 tons.

Early American Statesman.

Alexander Hamilton, one of our greatest statesmen, was sometimes called "Alexander the Coppersmith," because of the copper cents he had made in 1793, when he was secretary of the treasury. These cents were very unpopular with the people. He was killed in a duel by Aaron Burr.

To "finance" a "To Let" advertising campaign you need only set aside—for perhaps a few days—a part of your pocket money.

ONE HANDED PLAYER GREAT

California Soldier Overcomes Handicap Resulting from Loss of Hand in Battle.

DEL MONTE, Cal., (AP)—The possibility of achieving athletic success even under the handicap of extreme physical disability is being demonstrated on the golf links here by Captain F. A. Sutton, a British army officer who lost a hand in the great war.

Always Enthusiast.

Always a golf enthusiast and rated a first class player, Captain Sutton had forever dismissed from his mind the possibility of ever being able to indulge in his favorite game again. The possibility of, at least amusing himself by one handed putting occurred to the captain. The experiment was a success and he continued to improve in accuracy. Incidentally he was strengthening his remaining hand and arm by the constant use.

Soon Trying Out.

It was not long before he was trying out some of the other clubs and, in the course of a short time he found himself going through with his swing quite as he did in the old days. Today, there is not a club that Captain Sutton is not able to manipulate and he is able to go out and play a round with any of his friends without asking anything in the way of a handicap advantage. In fact he is considered the marvel of the course, and always attracts a gallery.

Recently he paired with Jack Neville, former California champion, and defeated another pair of excellent players, Captain Sutton on the green was a distinctive feature. In driving, approach shots and putting, he quite held his own, both in the matter of distance and accuracy. He has made a record score of 84 over the course which is better than a large majority of players are able to accomplish. He is considering entering a decoration day tournament which is to be held here.

FRENCH WOMEN WANT TO VOTE

Issue Manifesto Asking That Ballot Be Granted as in Other Countries.

PARIS, (AP)—Women in France have hitherto been slow to make any move in politics, but a movement on their part in favor of the vote has taken recently a great step forward as is shown by a manifesto placed on the walls of Paris. The document sets out the claims of women to the right to vote and asks:

"Women vote in Great Britain, Denmark, Norway, Finland, Germany, Austria, Poland, Bohemia, the United States, Canada, Australasia and New Zealand."

Many Associations.

The manifesto is signed by the National Council of French Women, the French League for the Rights of Women, the Society for the Improvement of the Condition of Women, the Society for the Rights of Mankind, the Fraternal Union of Women, and the French Women's Suffrage Union.

OBREGON LIKELY TO SUCCEED CARRANZA

Committee Named by Liberal Constitutional Party to Work in His Behalf.

MEXICO CITY, (AP)—Political writers of the capital press persist in the absence of official announcements, in mentioning the name of General Alvaro Obregon as the candidate to be named by the convention of the Liberal Constitutional party, which, they say, will hold a convention in this city in July after inviting all other political factions in sympathy with their program to participate. Campaign committee for every state capital in the republic have been named by the leaders of this party. It is asserted.

Solon's Call Will Help Porto Ricans

Visit of Congressmen to Island Results in Greater Appreciation of Needs.

SAN JUAN, Porto Rico, (Correspondence of The Associated Press).—That congress is to take a greater interest in Porto Rico as a result of the visit of 19 representatives who have just returned to the states after spending a week here, is the impression created here by the representatives themselves and by the statement of Representative Turner of Iowa, chairman of the committee of island affairs in the house, that a committee for congress should visit the island every two years.

Unionists Want Independence.

The representatives of the unionist party, the majority party of the island, urged Porto Rico's independence ultimately as the attainment of their ideal but the visitors from Washington were not impressed with the idea that separation from the United States represented the real desire of the people of the island.

RUSSIAN STOPS THE BOLSHIEVİK FLEET ADVANCE

Young Officer Saved Allies from Destruction While Advancing on the Dvina River from Archangel Port.

ARCHANGEL, (Correspondence of the Associated Press.)—It was largely due to the "bluff" of a young Russian naval officer in command of one of the little allied steamers on the Dvina river that the original allied expedition up that river from Archangel was not wiped out by the Bolshieviki in the early phases of the northern Russia campaign.

The Dvina expedition, 133 strong, went poking its way nonchalantly up the broad river aboard two or three funny looking river steamers, on which field pieces and machine guns had been mounted. The Bolshieviki had taken the best boats, Mississippi type of pad-dlowheelers, with them in their flight.

Drifted Along Eastly.

The famous 133 reached Berezni, nearly 500 miles south of Archangel, at the junction of the Vaga river with the Dvina, without firing a shot. One night, all of a sudden, three or four Bolshieviki side-wheelers mounting big guns came around a bend in the river and started trouble. When we fired one cannon, they fell through the thin decks into the staterooms of our steamers.

A young Russian naval officer, in command of one of our little ships with his own gun out of action, stood pat, with the useless muzzle turned toward the biggest of the enemy's ships, and barred the channel while our other ships retreated.

Monitor Reported.

Then our river expedition got the glad news that a British monitor, sent all the way from the Belgian coast, was on the way to help them. The monitor crawled along the sandbars and got to Berezni. The colonel in command of the river land forces told me about it, a few weeks later, when I went up to his sector of the front. It was something of a tragedy: this first episode of the monitor, but the colonel couldn't help laughing about it.

The Monitor Steamed Up.

The monitor steamed up," the colonel said, "and its captain was rowed over to my headquarters ship. The navy was on the job and so, naturally, all was over. He didn't want to stop a minute.

Practiced Self-Denial.

Australian Navy Is Much Enhanced

MELBOURNE, (Correspondence of the Associated Press.)—The dozen warships lately given to Australia by the British government as a mark of appreciation of Australia's naval efforts during the war will reach the commonwealth probably in June. The gift consists of six destroyers and six submarines. The fleet's leader is named the Anzac. The acting minister for the navy, Mr. Poynton, says one of the problems facing the government is how to man the Australian navy with Australians.

have chosen the best bank in all the world in which to put your funds. Paying for a home gives you a real reason for saving—supplies you with a tangible object which serves as a check to unreasonable spending and assists you to a firmer financial basis in the knowledge that you have available funds laid aside.

Do you know that it does not cost any more to build than to rent? You can build yourself a home and entirely pay for it on monthly payments no larger than the amount which you put into rent each month. And in return you will have a place of your own which will be your home the rest of your life.

Build Now! Not a thing is to be gained by waiting. Authorities concede that building costs are somewhat higher today than in normal times, but they also state that costs cannot be lower until some future time as yet unforeseen. As against this, rents are higher today than they have ever been before, so you are actually losing money every day you delay. Put an end to it.

For any information you may desire on any subject pertaining to locations, materials, plans, finishings, furnishings, equipments, costs, information as to architects, contractors, etc.—call at the Building Information Office. Not a thing to sell but a great deal to give away!

QITY PAVING.

It is to be regretted that in certain quarters some little opposition threatens to develop in connection with the coming paving bond issue.

The point of the matter is this, Twin Falls hopes to have new paving actually in use this year.

Let the matter of more paving in Twin Falls be brought up as soon as may be.

NAVIGATION SCHOOL IN SAN FRANCISCO

Instructions Given in Recent Rulings of United States Naval Force.

OFFENSIVE PARTISANSHIP.

Unless intended as a pleasant bit of persiflage to raise a laugh, something of which the former speaker is quite capable of indulging in, the statement of Champ Clark, in accepting the Democratic leadership, that if the party would stick together, it could "wool the Republicans," was a voicing of a sentiment that has all too often distinguished or disgraced American politics in the past.

After the Spanish-American war, a number of democratic senators opposed the treaty when proposed, whether from partisanship or patriotic motives it is impossible to say, and only the influence

of W. J. Bryan, then head of the Democratic party, saved the treaty from rejection. But this is all past and gone.

Important legislation proposed by Republicans should be discussed by Democrats on its merits.

PICTURESQUE INDIAN CUSTOM

Form Procession and March to Church Attired in Native Costumes.

ST. IGNATIUS, Mont. (AP)—One of the most impressive and picturesque annual ceremonies to be seen in the United States takes place at the ancient mission church of the Roman Catholics here every Good Friday evening.

After a short mass in the church, which is beautifully decorated with flowers and evergreens, the body of Christ is taken from the cross and carried out of doors.

Joins in Procession. The congregation joins in the procession, headed by fourteen squaws who chant a mournful hymn in the wildest possible manner.

Those of the men who are too old to keep up with the rest of the procession, which, in single file approximates a mile in length, stay behind, but enter all the way late they neglect their worship.

Gay Dress Shows.

The flickering light of the fires, the gay dresses of the Indians contrasting markedly with the sombre black of the whites, the glances of the onlookers, the silence, except for the crackle of the flames the shuffling of the feet over the ground, and, above all, the weird chant of the Indian woman, make a scene never to be forgotten by those who have had the privilege of witnessing it.

WYOMING OWNERS TO LAUGH AT PUBLICANS IN NEAR FUTURE IS BELIEF.

CHEYENNE, Wyo. (AP)—Dreams of a taxless Wyoming may soon be realized. One section of state-owned oil land will be paying a royalty of \$300,000 annually before the end of the present year.

Provisions of Act. Under the provisions of its organic act, Wyoming was given sections 10 and 36 of every township for the maintenance of its schools.

RECENT QUALIFICATION.

Another recent qualification for deck officer reads: "A graduate of the intensive training course prescribed by the United States navy and who has been commissioned as ensign in the United States naval reserve force, upon the recommendation of the master or masters, or the naval officer or officers under whom he has served after not less than four months' actual service at sea as officer of the watch or as extra watch officer in company with the officer in charge of the bridge."

Other Requirements. For engineer officers the following are the qualifications: "A graduate of the intensive training course prescribed by the United States navy, and who has been commissioned as ensign in the United States naval reserve force, upon the recommendation of the engineer officer or officers under whom he has served, after not less than four months' actual service at sea as junior engineer officer."

HER HUSBAND'S WIFE

Altogether with the mere announcement of a return appearance of "The Brat" company, headed by Miss Alden, to the Levering Theatre on Wednesday night of this week, there was a demand for seats at the Majestic theatre.

It may be truthfully said that users of mail show-travels almost as rapidly as that of the other variety, and there has been few plays visiting Twin Falls that provided a greater degree of satisfaction than "The Brat" which, despite the so-called "popular price" scale of admission.

For three seasons Henry Miller and Laura Hope Crews, in their brilliant comedy as a starring vehicle, which in itself is a mere endorsement. Miss Alden as the "hypocondriac" submerged her character of the outset in her previous local appearance, yet the press reviews from the northwestern cities in which she appeared in both plays prove her charming in the role of the latter.

In her support are several artists with national stage reputations, each having parts personally suited to their respective types.

Manager Levering caught this attraction on the spot to speak, learning by accident of their returning to Salt Lake and the central states cities, and looking them up.

Miss Anna Shoenberger entertained on Saturday evening in honor of Miss Thelma Singleton who leaves on the twenty-seventh for Salt Lake, where she will spend the summer with her grandmother. The evening was spent in dancing and playing games. The hostess served a dainty supper late in the evening.

FILER LOSES TO TWIN FALLS IN UNEVEN CONTEST

Tadlock Pitches Air-tight Game While Locals Bat the Ball All Over the Lot; Score 10 to 0.

In a game in which interest lagged because of its one-sidedness throughout, the Filer team on its own grounds Sunday afternoon was defeated by the Twin Falls club by a score of 10-1.

Tadlock pitched a tight game for Twin Falls, striking out 14 men and giving only three hits and allowing no free rides.

After being pounded for nine hits and seven runs, in the first five innings, Carson was relieved on the mound for Filer by Miller from whom the locals collected six hits and three runs in the remaining four periods. Between 1,000 and 1,500 fans witnessed the game, expecting close contest indicated by the initial match return of the opposing teams when Filer was blanked by score of 1-0.

Watson was the first man to bat. He singled and came home on a two bagger lined out by Thompson. Patton led the second frame with a two bagger and score on Neuman's single.

Filer's Hopes Die
Filer's hopes of a fourth win when Twin Falls scored five runs and tied the score with the ball for five runs. Denton struck out. Patton singled. Whitzel repeated the play, and then Singleton hit for a two bagger, scoring the men on bases. Neuman walked, stole second and went to third on a wild pitch which allowed Singleton to come in with a two bagger. Watson singled, went to second on an error assessed against Dingle, stole third and came home on the two base hit lined out by Denman. Denman died on third base when Thompson struck out.

Another Bad One for Filer
The atmosphere cleared again until the seventh frame when Twin Falls had three times and score two more runs. Denman was out at first. Thompson singled, Denton walked. Patton failed to beat the ball to first. Whitzel singled and Singleton hit out a two base hit scoring Thompson and Denton.

In the first of the eighth Tadlock singled, and went on second on a fielder's choice, permitting Watson to take first base. Denman put Watson across with another three-bagger.

Lucerne Tea Beats Oolong, Says Koob

Twin Falls Broker Tells What May Be Done by Products of Tract.

"I am firmly convinced that the day is coming when many of the things from other states and countries that we use and drink will be manufactured here from products now grown in Idaho, or capable of being grown here," said George W. Koob, manager of the North Idaho Brokers company referring to the introduction by his company of alfalfa syrups, teas and other substitutes.

"The war has taught the people of the world the value of substitutes," he continued, "and many are finding that things which they had never previously used are superior to the things which they had been using steadily. It should be readily seen that the tomato was raised only as a garden ornament, without knowledge of its value as a food. Alfalfa tea beats Oolong a city block."

"The day will come when instead of sending to rapidly depleting forests of Oregon for maple syrup, an article grown on the Twin Falls tract will be used in its stead. The demand for tea will be satisfied at home by a product of ours. The same principle will apply in regard to many other things."

The company will continue its usual business. The company headquarters is over the Closs Book store.

HAS WOUND AS MARK OF PART IN BIG FIGHT

Lieutenant D. A. Bissett, Former Twin Falls Boy, Mentioned in Account of 91st Charge on Argonne Front.

Lt. David A. Bissett, son of Mr. and Mrs. A. E. Bissett, a graduate of the Twin Falls high school, lieutenant a member of the Twin Falls unit of the second Idaho regiment, now on duty with the regular army overseas was a wound stripe in token of the injury he received in action as an officer of the company, 801st Infantry, 91st division, in action on the Argonne front in the fighting on September 22 against a line where the Hun decided to resist bitterly.

Costly in Lives
This line according to an account given by Col. Y. Arment, American Red Cross searcher with the 91st division in a series of articles appearing in the Spokane Spokesman-Review, ran through the north side of the Ceres woods along the ridge running west and extending brokenly along the Baulny woods and the Trossel farm ridge. The 361st and 304th were in the front line and made the attack. These two regiments along the ridge running west a 4 o'clock and night, had about 65 men killed or fatally hurt, and of course, hundreds less, seriously hurt.

Major Oscar P. Miller, in command of the third battalion of the 304th, died from wounds received in this engagement in which he distinguished himself by walking calmly along with the front wave encouraging his men and calling on them to follow.

Bissett is Hit
The Red Cross man makes the following reference to Lieutenant Bissett: "Lieutenant David A. Bissett of Company K, a Tecoman, came up a few minutes after the major had fallen. 'Never mind me,' the major said, 'I am done. Leave me and go on to the next ridge.' Bissett was then ordered to go to the front, but later returned to command of Company K."

Third battalion P. C. (post of command) on this day was in an old quarry. This quarry was 20 feet deep at its deepest. It was just a middle with its sides covered with slims. One section of it held about forty men, wounded and around the outside were more wounded men, and the sounds of men shouting and shouting were heard in the hill chaps. Sometimes 51st relatives inquire of the writer why wounded often were so long in reaching the hospital. This story is one of the answers. What ambulance men made it up to the quarry? Why men without lights could have carried the wounded back? To show lights meant death from the Hun.

Results of Charge
The results of the charge was summarized by the Red Cross man in the following paragraph: "The Third battalion fell back. Darkness was near. The wonderful charge was doubtless not futile. It had cleared out the nests from the top of the ridge, had gained the reverse slope of the ridge as a shelter for pits, and had established the division on the right wing of the line north of Ceres and Baulny Woods, from which it never withdrew and from which on the following day it made the great charge upon Genoes."

"And it shook the German morale. There are signs that during the night of the 28th, field pieces moved back, that infantrymen were left on the ridges in front of Genoes. Miller was gone and many a one of his men was gone; the charge was repulsed, but who says it did not pay as war pays?"

Plan Extension of Military Training for High School

Trustees Make Application for Army Officer to Be Instructor Here.

The Twin Falls high school curriculum next year will include a course in military training equal to that of any military academy outside of West Point if the board of trustees is successful in its efforts to secure the services of an army officer here as an instructor for the high school. Application to this end has been made to the commanding officer at Fort George Wright, Spokane, Washington, and considerable correspondence has been had.

If the plan is carried out uniforms and rifles will be furnished at the expense of the government to the students enrolling in the military training course. The commanding officer at Fort George Wright has expressed surprise and gratification over the advance already made by the Twin Falls high school in respect to the question of a military training course, which was introduced last year.

Army officers have been detailed to serve as military instructors in several high schools, it is stated.

Former Local Man Dies in Colorado

USES GUN TO END LIFE IN DESPONDENCY

Dead Body of John C. Koch, Farm Laborer, Is Found in Early Morning by Members of His Family.

Clutching in his left a 12 gauge shotgun, with his bullet wound through his head, the dead body of John C. Koch, aged 48 years, a farm laborer who came here two years ago from Texas, was found by members of his family at six o'clock Sunday morning in the bathroom at his residence on Sixth avenue east.

Members of the family and others declared that there was no question but that the case was one of suicide and an inquest is to be held. Funeral services, conducted by Rev. Elmer Grant Keith of the Methodist Episcopal church, are to be held at 3 o'clock this afternoon at the J. Grossman chapel and interment is to be in the Twin Falls cemetery.

Hurt in Auto Accident

Koch was injured in an automobile accident about two years ago and since that time had apparently suffered from a mental affliction. He had previously threatened suicide, it is stated, and early Sunday morning the shotgun was taken away from him by his wife, Leota Koch, and he was partially dressed. Avoiding notice he again secured the gun and went into the bathroom. The sound of the shot awakened members of his family who declared that before they found the body, they were practically certain of what had taken place. Koch held the muzzle of the gun just below his forehead. Death probably was instantaneous.

Deceased leaves besides his widow, five children, two daughters and three sons, all residents of Twin Falls. The daughters are Mrs. J. R. Taylor and Miss Hilda Koch. The sons are Bryon, Raymond and John Koch.

You Should Eat and Drink Alfalfa

After eight years of experiments and research the well known Dr. L. D. Ballou, medical director and prominent physician of South Dakota, has perfected the most healthful and best form of human foods from Alfalfa or Lucerne that can be purchased today.

LUCERNO TEA

Is absolutely superior to any ordinary tea in flavor and it has many valuable medicinal properties. It is almost certain cure in cases of Kidney and Bladder trouble, rheumatism, stomach and nervous trouble.

LUCERNO TABLE SYRUP

Is pure and wholesome made from Alfalfa and a portion of fine cane sugar. The flavor is between the maple and Honey-Drop. For purity there is no product of its kind on the market; you probably are aware that our best honey comes from alfalfa blossoms.

TWO CRIMINAL CASES ONLY ON COURT DOCKET

District Judge W. A. Babcock Returns from Rupert to Remain Here Until Opening Term on May 24.

The May term of district court in Twin Falls county will be opened here by District Judge W. A. Babcock at which time the court will call the calendar for the term. Members of the jury panel probably will be summoned to appear for duty on June 10.

Irregularity in Petition Defeats New Herd District

Commissioners Find Only Two Residents, One for and the Other Against Move.

Because the county commissioners determined that only one out of 65 signers of a petition asking for the creation of a herd district to include seven sections of land in the vicinity of Arnerterlam was an actual resident of the proposed district and that the only other resident of the area joined with Louis Harrell and other stockmen in that vicinity in protesting against the proposed district, the petition for the creation of the district, on Saturday, the date set for hearing in the matter, was denied.

The commissioners' investigation showed that there are seven owners of land in the proposed district, but that, while a considerable portion of it is improved and cultivated as farm land, there are at the present time only two actual residents. In support of the petition for creation of the district telegrams were received from Alfred J. Dunn and Mesak Howes, both of Wallace, Idaho. The former is the owner of 200 acres and the latter of 20 acres within the proposed district. Both argued that creation of the district would encourage improvement and cultivation of the lands within the district.

MARY JANE IRVING'S A REGULAR STAR NOW! A baby Mary Jane Irving, who used to be Bill Hart's little sweetheart, and who has also appeared in many another picture with other stars, is in an all star cast now, so she figures—and rightly—that she is a star herself.

Mary Jane and Ben Alexander, who also played the child part in "Hearts of the World" are together in the screen production of Thomas Dixon's novel, "The One Woman," which Select Pictures will present at the Gem Theatre on Wednesday and Thursday.

So, after a consultation with Ben, and with her mother, and Reginald Barker, the director, Mary Jane begged from one of the stage hands the tin star from his plug of chewing tobacco. Then she proceeded to stick it in the door of her dressing room, just under the name card.

"Now," she said, "everybody'll know I'm a star!" All agree that Mary is learning the business very young.

You may find that opportunity to work very quick if you tell what you can do through the classified.

MARATHON IS CALLED JUNE 7

Great Event in Colorado Under Auspices of a Denver Newspaper.

DENVER, Colo., (AP)—The seventh annual marathon race held under the auspices of the Rocky Mountain News, will be held over the Littleton-Denver course, a distance of ten and two-fifths miles Saturday morning June 7.

The race which annually attracts the best long distance runners of the Middle West states will have more entries this year than ever before, judging from the number of applicants that made known their intention of entering the western classic when the date was announced.

Soldiers Coming Back Many of the men who have participated in the race in previous years were unable to enter last year because they were in some branch of the service but with their return and the resumption of athletics at the colleges of the state on greatly enlarged scales the entry list this year should be the greatest since the revival of the race seven years ago.

The race is open to amateurs, the winners to receive a trip to the National A. U. track and field championship meet, which will be held some time this fall in the east. Special medals will be given to all service men who participate in the race.

Must Specify Fish DENVER, Colo., (AP)—Applications have been sent out by the state game and fish commissioners to deputy game wardens throughout the state in which the number of fish to be placed in the streams and lakes of the state is specified. As soon as all of the applications are received, the annual transplanting of the fish from the state hatchery, Brighton, to the lakes and streams of the state will take place. Trout for private lakes and ponds will be furnished this year by the United States fish hatchery at Malta, near Leadville.

MARRIAGE LICENSES Marriage licenses were issued Saturday in Twin Falls to the following: Harry H. Tate and Mary Tate, both of Kimberly.
