COUNCIL GIVES SARRE VALLEY CONSIDERATION

Reparations from Germans Also Gone Over at Length This Afternoon by Meeting of the Big Four.

IRISH REFUSE TO BE BOUND BY THE BRITONS

Brazilian President Cheered on Way to Paris from Rome; Italian Issues Still Tangle Workings of Council.

PARIS, (AP)—The council of four of the peace conference this morning considered the questions regarding the Sarre valley, raised by a recent German note on this subject.

This afternoon the council will take up the subject of reparations. Irish Belligerent Premier Clemenceau, president of the peace conference, has received a letter from Edward De Valera, Count Plunkett and Arthur Griffith, Irish Sinn Fein leaders, in which they declare that Ireland will not be bound by the action of the British delegates on the question of peace. They ask recognition on behalf of Ireland.

Brazilian is Cheered GENOVA, (AP)—Dr. Epitacio Pessoa, the Brazilian president-elect, met with a hearty reception here today on his way back to Paris from Rome. Here he has been the guest of King Victor Emmanuel and was received by Pope Benedict. The city authorities and members of the people assembled at the railway station and cheered the South American statesman.

Joint Note Sent Great Britain, France and the United States have sent a joint note to Italy asking for an explanation of the landing of Italian forces in Turkey. Premier Orlando answered the note and it is reported there was a personal clash between him and Premier Venizelos of Greece which resulted in the latter withdrawing from the council meeting.

The difficulty apparently is over the landing of Italian forces in Smyrna, which the allies are trying jointly to pacify with a view to a mandate to Greece for its administration. German Report Voluminous Apparently the Germans contemplate admitting very voluminous reparations to the terms presented by the peace conference. An extension of seven days has been granted the Germans for their final answer.

Chief of the German delegation, Count Brockdorff-Rantzau, has asked for permission to bring a printing press from Germany to the council printers. German objections to this matter must be adjusted before the terms are laid down. There is no indication as yet that the deadlock over the Plumo question has been broken by any definite agreement.

States Dissatisfaction The treaty between the allies and Austria may not be presented as soon as expected. Italy is reported not to be satisfied with the boundaries fixed between Italy and Yugoslavia, and this matter must be adjusted before the terms are laid down. There is no indication as yet that the deadlock over the Plumo question has been broken by any definite agreement.

ITALY CALLED ON TO EXPLAIN HER CONDUCT

Allies Statesmen Want to Know Why Troops Were Landed on Disputed Territory Without Council Being Notified.

PARIS, (AP)—It has been learned in trustworthy quarters that the United States, Great Britain and France have been in sending a note to Italy requesting an explanation of the landing of Italian forces in Turkey.

Premier Orlando is reported to have made a reply to the council of four after a sharp personal incident during which he objected to the presence of Premier Venizelos of Greece. The latter resigned from the meeting.

The nature of the Italian reply and whether it was acceptable to the senders of the note was not known this forenoon.

Where They Landed The Italians landed forces at Dalis, Budrum and Izmir during the period when Premier Orlando and Foreign Minister Sonnino had withdrawn from the peace conference, making the landings without notice to the allies.

The reported Italian incident apparently complicates the Turkish problem, already a vexed one, with which the peace conference here has been struggling for some time.

ALLIES ARE PREPARING FOR ANY EVENTUALITY

General Liggett, Commander of Army of Occupation and General Hines, Commander of Third Corps, Recalled to Coblenz; Nine Hundred Army Trucks Moved Into Rhine Area.

FEELING RUNS HIGH IN OCCUPIED AREA INCREASING FRICTION LEADS TO ACTION

COBLENZ, (AP)—Lieut. Gen. Hunter Liggett, commander of the army of occupation, and Maj. Gen. John Hines, commander of the Third corps, who were on their way to London, today were recalled to Coblenz by orders from American general headquarters.

Nine hundred motor trucks began to move Tuesday midnight from west of the Rhine to the bridgehead area. The trucks are being distributed to various points of advantage among the troops holding the zone east of the Rhine should the occasion arise for the Americans to start an advance.

The recall of Generals Liggett and Hines is part of the new program for the American army in the event the Germans do not accept the peace treaty. The composite regiment of the Third army, which was organized for participation in the empire day festivities in London is being held in Coblenz because of the new turn in the peace situation.

BULGARIANS AND TURKS HAVE REACHED PARIS

Both Have Grievances and Demands; Charges Made by Governor Against Italians

GENEVA, (AP)—Turkish and Bulgarian delegates to the peace conference have arrived in Switzerland. Both delegations plan to make protests.

The Turks, it is said will protest against the partition of Turkey, especially concerning Constantinople. The Bulgarians will put in a claim for the return of the Dobruja and the port of Constantine. The delegates expect to be in Paris by the end of May.

Let Prisoners Go SALONIKA, (AP)—The military governor of Salonika made a statement to the Athens press, that the Italian troops who were guarding Bulgarian prisoners in Macedonia and Bulgaria have permitted 8,000 of the 9,000 Bulgarians in their charge to escape.

The Journal des Balkans urges that all Italian troops be removed from the Balkans territory. It says that there is no reason for the Italians to remain there and that their presence only causes friction which may lead to troublesome events.

WORLD NEWS EVENTS

TURIN, Italy, (AP)—Lieutenant Prackappa, an Italian aviator, in an airplane with three passengers ascended yesterday to a height of 7250 meters (23,786 feet). The ascent was made in forty minutes.

HELSINGFORS, (AP)—The soviet government has introduced a new chronology whereby the year begins October 25, the date of the establishment of the Bolshevik regime. The year is to contain two hundred and eighty working days.

PARIS, (AP)—The council of four has delivered its reply to the German note on prisoners of war. The reply indicates that the allies differentiate between ordinary prisoners and those guilty of crime, and that the latter will be held and punished.

NEW YORK, (AP)—Before starting for Europe today as head of a commission which will study means of developing in this country the commercial airplane industry, Assistant Secretary of War Benedict Crowell declared that in his opinion the object could be attained only with the aid of a government subsidy.

MOBILE, Ala., (AP)—A corrected estimate of the damage done by yesterday's fire here shows that a total of two hundred and forty homes were burned and that 1050 people are without homes. The homeless are cared for at public halls and in tents. The loss is estimated at eight hundred thousand dollars.

British Ship Has the Largest Cargo GALVESTON, Tex., (AP)—The distinction of carrying the largest cargo ever contained in the holds of a vessel is claimed by shipping men for the British steamship Indore, which left here for Liverpool with 25,386 square bales of cotton. This was accomplished by a method of scientifically compressing the bales until they occupied minimum space. The closest approach to the record was made by the Russian steamship Omsk which in December, 1917, carried 27,130 square bales from Galveston to Liverpool. A strict new censorship would not permit mention of that record.

AEROPLANE MISSED THE DEPARTURE OF SECRETARY NEW YORK, (AP)—An army airplane which left Washington this morning with papers for Assistant Secretary of War Crowell, failed to reach here before the secretary boarded the transport Mount Vernon, left for France. The plane had not been seen when the liner started down the bay. Foggy weather prevailed.

NEW HAVEN, Conn., (AP)—International contests in track games and rowing between Oxford and Cambridge, and Harvard and Yale next year have been approved by the undergraduate committee of the Yale athletic association. It is announced today. The committee also has voted in favor of calling the new track Overton field, after Yale's famous runner who was killed in France; the Oxford first and Cambridge second. The Wilson field and the boat house to be constructed on the banks of the Housatonic river the Sturtevant boat house.

ALL AGREE ON REPEAL OF TEN PER CENT TAX WASHINGTON, (AP)—Republicans of the house ways and means committee virtually agreed today that a resolution for repeal of the 10 per cent tax on luxuries would be the first revenue legislation brought forth at this session. It was said the democrats would co-operate in its passage. Favorable action in the senate also was forecast.

High Winds Prevent Flying of the NC-4

Hope Voted That Conditions Will Be Better by Tomorrow Morning.

WASHINGTON, (AP)—High winds today again prevented the naval seaplane NC-4 from leaving San Diego for Honolulu on the flight. The navy department this morning received the following message from Admiral Jackson at Ponta Delgada: "NC-4 will not leave today. Seas too rough for start."

The weather forecaster for the Azores district cabled to the navy department today held out promise that conditions might be favorable tomorrow for the continuation of the flight as the blow from the southwest was moving northeastward.

WINNIPEG HAS RESUMED WORK IN A MEASURE

Government Officials Confering with Strikers While Commercial Enterprises Resume Activities.

CALGARY WORKERS MAY JOIN WINNIPEG STRIKE

CALGARY, Alberta, (AP)—Calgary labor union affiliated with the trades and labor council today started voting on the question of going out on a general strike Monday in sympathy with the Winnipeg strikers. Labor leaders predict that local workers would vote in favor of the walk out.

About 30,000 workers will walk out if the general strike is called here. The result of the strike vote will be announced on Friday night or Saturday morning. Practically every class of labor in Calgary will answer the strike call if it is issued.

WINNIPEG, Man., (AP)—Aggressive resumption of commercial enterprises in Winnipeg which have paralyzed by the week long general strike of the union men began this forenoon while high government officials were conferring with union leaders regarding settlement of the industrial disagreement.

Refuse to Be Interviewed Senator Gleason Robertson, minister of labor, and Arthur Meighan, minister of the interior, and also minister of justice, arrived from Ottawa. They declined to comment upon the situation prior to a conference with the central strike committee.

Published an Extra The Winnipeg Free Press published an extra edition this forenoon. Department stores made their first morning delivery since the strike began. No disturbance of note was reported. City and provincial officials declared they were convinced that the danger point in the situation was passed. Union leaders who commented upon this report said there never had been any intention of violence.

Conference Resumed Members of the central strike committee who were in conference from yesterday morning until late last night resumed their deliberations.

Solving Problems Mayor Charles F. Gray said he expected that the main problems surrounding the strike would be disposed of shortly. At the board of trade, where the citizens committee was in session, several members declared that "the strike was broken." Efforts to obtain a statement from the union forces were not successful.

SUFFRAGE GOT ANOTHER VOTE Sufficient Strength Secured to Pass Senate in Opinion of Its Supporters.

WASHINGTON, (AP)—The woman suffrage constitutional amendment resolution, which was passed yesterday by the senate, gained another vote in the senate with the announcement today by Senator Hale, Republican of Maine, that he would support it. Senator Hale voted against the resolution at the last session. Sufficient votes to insure adoption of the resolution in the senate.

CAMBRIDGE IN FIRST CLASS WASHINGTON, (AP)—The battle of Cambridge has been added to the official list of major operations for which special victory medal clasps will be awarded.

BERLIN SOLDIERS AND WORKERS COUNCIL DEMAND QUICK ACTION

Resolution Passed Insisting Upon Immediate Signing of Peace Treaty and Appealing to People of Allied Countries for Support—Conflicting Report Received from Silesia.

GERMANS ALONG POLISH FRONTIER ARE SOLIDLY OPPOSED TO ITS ACCEPTANCE

NATIONAL OPINION SOLID AGAINST SIGNING OF THE PRESENT TERMS

LONDON, (AP)—Full realization of the peace terms which have restored some of the national feeling in Germany, which seemed entirely to have vanished, and today there is almost solid national opinion against the treaty, according to the traveling correspondent of the Daily News in a dispatch dated at Benthien, in Silesia, near the Polish frontier, on May 20.

Germany is slowly finding men around whom she will rally, the correspondent adds. Upper Silesia, he says, and may soon be the storm center of the attempted peace settlement.

BERLIN, via London, (AP)—The Greater Berlin soldiers and workers council today adopted a resolution demanding that the peace treaty be signed and appealing to the proletariat of the allied countries.

The German cabinet's declaration, issued officially and exclusively through the Associated Press on Tuesday, that Germany would decline to sign the peace terms as presented to her at Versailles reflects the underlying note of official reply to be made to the allied and associated powers. In fact the statement as a whole virtually represents the preamble of the document which Count von Brockdorff-Rantzau, the head of the German delegation, is expected to deliver at Versailles before the end of the present program.

Specific Proposals This document will be complemented by specific proposals and counter proposals which will bring the volume of the reply up to about sixty typewritten pages. This is exclusive of the various notes already transmitted. Memorandum of which was made by the German delegation in Turkey's communication to President Clemenceau of the peace conference.

Delay Answer The delay of several days in the framing of the reply has been due to the absence of confirmation from Count von Brockdorff-Rantzau and his associates at Versailles of decisions reached at Berlin. The Germans have been carrying on deliberations at Versailles, Spa and Berlin, this separation making more difficult the work of ordering and unifying the steps decided upon. In Berlin there appears to have been the greatest difficulty, as the work of getting the peace conference to agree on the national assembly in agreement is said to have been much delayed through the constant intervention of the party leaders.

Agree on Essentials The essentials of the German reply in all its essential points however, has been agreed upon by all the participating factors. The German counter proposals will be of a definite character, and some of them will be so framed as to invite or suggest a revision of the present terms. It is also believed that the Germans will suggest that neutral arbitrators

RAILROAD LAW SURE TO PASS

Cummins to Push Matters; Wires Are Considered; Jones Certain of Suffrage.

WASHINGTON, (AP)—Senator Cummins of Iowa, chairman of the senate interstate commerce committee, announced today the committee would begin consideration of legislation for the return of the railroads to private control as soon as it has been reorganized. Numerous conferences among republican senators for exchange of views on the railroad question already have been held.

Also to Wires The Iowa senator said the committee would give early consideration to legislation for the return of the telephone and telegraph systems. Suffrage Certain Adoption of the suffrage resolution in the senate will not be less than six votes to spare was predicted by Senator Jones of New Mexico, retiring chairman of the senate woman suffrage committee. The senate estimate of that the vote would be about 66 for and 30 against the resolution.

Up to Johnson "I have now called a meeting of the committee to consider the resolution for the reason that I felt that my successor, Senator Johnson, of California, should have the opportunity to voice his passage," said Senator Jones. "If there should be any great delay in reorganizing the senate committee and my successor should not object, I expect to call the old committee together and report the resolution to the senate."

WILSON TO ISSUE STATEMENT PARIS, (AP)—President Wilson is expected to issue a statement on the Polish-Ukrainian hostilities today.

Meets Representatives of Industrial, Agricultural, Shipping and Financial Interests. WASHINGTON, (AP)—Representatives of the country's shipping, industrial, agricultural and financial interests began today a three day conference here with the shipping board to discuss reconstruction of the merchant fleet. The discussions will have a bearing on the proposals which the board will submit to congress for legislation to increase the efficiency of the merchant marine.

Urges Co-operation Chairman Hurley of the board, urged co-operation among the interests represented in framing a shipping program. He suggested that the three great needs of the merchant fleet were an American ocean mail service, a centrally controlled wireless system on the sea, and some provision for training officer personnel for merchant men.

Oppose Hurley Plan Opposition to Mr. Hurley's plan for sale of government built ships to private interest was expressed by F. C. Beach, speaking for the National Farmers council.

The farmers of the United States want American shipping operated for the benefit of the country at large, not for profit, he said.

EQUAL RIGHTS FOR WOMEN IN PARTY AFFAIRS

Stirring Talks Made by Representatives of Republican Women's National Committee.

WASHINGTON, (AP)—Important subjects dealing with party organization were discussed at a republican conference here today under the auspices of the republican women's national executive committee. Will H. Hays, chairman of the republican national committee, in an address, asserted that women should get the same consideration as all other individuals in the party.

Women Make Speeches

Reports on organization work preparatory to the next campaign were heard from representatives from three groups of states. Mrs. Florence Porter of California, speaking for the states in which women have complete franchise, Mrs. Margaret Hill McCarter of Kansas, for the partially enfranchised states, and Mrs. Alice Westmore, of Rhode Island, for the unfranchised group.

Only One Rule

"There is but one possible rule for a political party," said Chairman Hays in his address, "and that is that the rights of the individual membership to participate in the management of the party's affairs must be equal and remain equally sacred and sacrosanct. The republican women in this country are a part of the party membership. In many states this has long been so.

No Separate Organization

"There is to be no separate women's organization created within the party except and only in those cases where such an arrangement may be needed temporarily as an efficient instrument in the aid of the complete amalgamation which is our objective."

Conference Closes Tonight

With a dinner at which Mrs. Modill McCormick will close tonight. Chairman Hays, speaker Gillett of the house, and Senator Cummins of Iowa, president pro tempore of the senate as speakers.

ROBBER KILLS OWN COMRADE

Misses Messenger and Hits His Friend; Got Away With Considerable Booty.

PHILADELPHIA, (AP)—Desperados operating in a stolen motor car killed one of their number today in a sensational holdup here. A collector for a large chain store concern was attacked on the street here as he had left one of the stores with the receipts in a bag strapped to his wrist. The bandits, five in number, sprang at him and grabbed the bag. He put up a strong fight, holding blows and hitting back. One of the robbers fired a revolver shot at him just as he ducked to escape a blow from a blackjack another one was aiming at him. The shot hit the robber squarely in the forehead.

Abandoned Motor

Some time later the motor car was found abandoned on the street about five miles from the scene of the hold-up. The body of the dead bandit was in it. The robbers got away with between \$450 and \$500.

Army Bombing Airplane Leaves Washington to Try to Break Record.

WASHINGTON, (AP)—An army-McCord bombing airplane left Washington at 8:52 o'clock this morning for New York in an effort to break the record for this distance. The machine carries four passengers and important papers for Assistant Secretary of War Bennett Crowell, who is to sail for Europe at noon.

The plane is piloted by Lieutenant Ernest B. Harmon and the passengers are Col. L. S. Hart, commandant of Bolling field, Washington; Major Morris Connolly, Lieutenant Lotha A. Smith and mechanic. The machine is driven by twin Liberty motors of 400 horsepower each.

AUSTRIAN MONARCHS ARRIVE IN GENEVA

Former Emperor Charles Looks Ill While His Wife Appeared Gay.

GENEVA, (AP)—Ex-Emperor Charles and Ex-Empress Zita, accompanied by several Austrian archdukes, a number of his suite and a mountain of baggage arrived last evening at Nyon, on the western side of Lake Geneva from St. Gaud. The former Austrian royal pair were hissed by the crowd as they alighted from the ordinary train in which they had traveled and took automobiles for the chateau Pranzing, near Geneva, their future home, which was once the residence of Prince Jerome Napoleon Bonaparte. The ex-emperor appeared ill and depressed, while the ex-empress wore a gay air and was attended in a gown of the latest Parisian mode.

Swiss gendarme will temporarily guard the chateau.

PERU ELECTS A PRESIDENT

Successful Candidate Says He Will Encourage Investment of Foreign Capital.

LIMA, Peru, (AP)—Augusto B. Leguía, candidate of the independent party for the presidency of Peru, today claimed his election by a great majority. He said that telegrams received from the provinces gave him ground for estimating his total vote at 100,000 against less than 20,000 for Antero Aspilaga, the next nearest rival for the presidency.

Encourage Investment

As to his policy on taking office, he said that foreign capital would be given every facility and encouragement for the development of the resources of Peru.

STARVATION IS PREVALENT IN THE CAUCASUS

Food for Half Million Will Have to Be Provided According to Howard Heinz, American Food Commissioner.

CONSTANTINOPLE, (AP)—Starvation and misery prevail among Armenian refugees in the Caucasus region, according to a telegram sent to Herbert Hoover in Paris by Howard Heinz, American food commissioner for the Near East, who is in this city.

Mr. Heinz says that food for 500,000 in that territory will have to be provided by outside sources for another year.

"Regarding reports of cannibalism which have come out of this district from 'our,' said the telegram, 'I have been forced against my will to believe these reports to be true. I saw with my own eyes mutilated remains of corpses which have been exhumed from newly made graves. I did not see anybody who had actually witnessed the eating of human flesh but there is so much circumstantial evidence that I personally came to believe it true.

NATIONAL MARKSMEN MEET IN NEW JERSEY

Gathering to Be Held August 25; Individual and Team Competition.

WASHINGTON, (AP)—The national marksmanship matches to be held at the Caldwell, N. J., range will begin on August 25, at the conclusion of the matches of the National Rifle Association of America, the navy department announced today. The arm used will be the United States rifle, model of 1903, and any .45 calibre pistol or revolver having a barrel not more than 10 inches long.

Schedule Published

The schedule of events provides both for individual and team competition. The rifle matches will include rapid fire at 200 yards and slow fire at 500 and 1,000 yards, and the pistol competition both slow and rapid fire at 25 yards.

AFGHANS BEATEN BY BRITISH IN FIERCE BATTLE

Soldiers of England Win Several Success Over Tribesmen and Capture Many Guns and Prisoners in Dakko Hills.

LONDON, (AP)—British troops gained new successes over the Afghans on May 16 and 17 and on May 18 the situation in the region of Dakka, west of the Indo-Afghan frontier near the Khyber-Pasaya, was reported as very satisfactory by the commander of the First Indian division, in advices to the Indian government forwarded here. On Sunday the British held the hills west of Dakka and occupied the town of Sherabab and Zubat, about two miles northwest of Dakka. The successes against the Afghans are said to have had a beneficial effect on the Afghan tribes.

Afghans Driven Away

On May 16, the British forces at Dakka were attacked by a large force of Afghans who were eventually driven off. The British and Indian casualties were 130. On the 17th the first Indian brigade, with the cooperation of airplanes, attacked the Afghans on the hills west of Dakka and captured the hills. The strength of the Afghan force was reported at eight battalions and guns, four of which were captured. More than 100 of the enemy were killed in the fighting on the 17th. Most of them were identified as Afghan regular troops.

To Build and Foster

A COMMUNITY always welcomes the establishing of an institution that fills a recognized community need; unfortunately it doesn't always manifest a lively interest in the health of such an institution after it is established.

It is one thing to establish industries; it is quite another thing to build up, develop and maintain them.

An industry can be established by the investment of capital; its development and maintenance depend upon the attitude of the public toward the enterprise and toward the product.

Likewise, the permanency of an institution depends upon the willingness of its customers to pay a sufficient price for its product to enable it to continue strong and healthy financially.

The Mountain States Telephone and Telegraph Company's system of wires, furnishing the means of communication over mountains, plains and desert, is a tremendous factor in the development of the West.

Telephone service is a "home product" of every community in the mountain states, and is woven into the very warp and woof of commercial and social life. The permanency and adequacy of telephone service depend upon the same factors as are involved in the security and permanency of every other established industry.

With very, very few exceptions the people of the West recognize these principles and pursue a "live and let live" policy toward all legitimate business institutions.

NOTHING DOING FOR WILSON ON HIS HOLIDAY

President Had a Few Callers One Day When the Peace Conference Was Not Holding a Regular Session.

PARIS, (Correspondence of the Associated Press).—President Wilson had no peace conference council to attend today and devoted his time to receiving various individuals and deputations. His list of appointments is interesting as showing what a presidential day may be and what adversity of interests claim the attention of the chief executive. It follows:

- 11:00—C. H. Wellington Koo, to present the Chinese delegation to the peace conference.
- 11:00—M. J. Marquis de Voges and a delegation of seven others representing the Congress National Française, to present their view as to the disposition of the left bank of the Rhine.
- 11:30—Assyrian and Chaldean delegation with a message from the Assyrian-Chaldean nation.
- 11:45—Delegation to present to the president the result of the plebiscite of that part of Dalmatia occupied by Italians.
- 12:00—M. Bucquet, charge d'affaires of San Marino, to convey the action of the grand council of San Marino conferring on the president honorary citizenship in the Republic of San Marino.
- 12:10—M. Colondor, Swiss minister of foreign affairs.
- 12:20—Miss Rosa Schneiderman and Miss Mary Anderson, delegates of the National Women's Trade Union League of the United States.
- 12:30—The Patriarch of Constantinople, the head of the Orthodox Eastern church.
- 12:45—Essad Pasha, delegate of Albania, to present the claims of Albania.
- 1:00—Monsieur M. L. Coromilas, Greek minister at Rome, to pay his respects.
- Lufschon—Newton D. Baker, secretary of War.
- 4:00—Horbert Hoover.
- 4:15—M. Brattiano, of the Rumanian delegation.
- 4:30—Dr. Alfonso Costa, former Portuguese minister, Portuguese delegates to the peace conference.
- 4:45—M. Boghos Nubar, Armenian leader.
- 5:15—M. Pachitch of the Serbian delegation.
- 5:30—Frank Walsh, representative of Irish socialists in America.

YANK SISTERS ARE YOUNGEST DECORATED

QUIETING TO BE AN OBJECT

Germans Will Spend Part of Respite to Get Their People Satisfied.

Two American girls in teens are the youngest to ever receive a foreign war decoration. They are sisters, Miss Alberta Bicknell and Mrs. Constance Bicknell Vaughn, daughters of Ernest Bicknell of the American Red Cross. They were decorated by the queen of Belgium for "long and hard service."

PARIS, (AP)—The seven days granted the Germans before the time limit for the submission of replies to the allied peace terms expires will not be devoted exclusively to the drafting of notes at Versailles, but will be employed at Berlin for the purpose of quieting agitations there, according to newspapers here.

Many Would Sign
It is pointed out that there is an influential party in Germany, made up of independent and majority socialists, which favors the signing of the treaty. Bankers, manufacturers and business men generally, as well as the military authorities, are said to share this view, believing it is declared, that anything is preferable to Bolshevism, which might ensue if Germany refused to agree to the terms of peace.

Leaders Compromise
Philip Scheidemann, German chancellor, and Gustav Noske, minister of defense, it is said, have compromised their position by exaggerated statements and have placed themselves in a difficult situation.

Law Concession Made
Newspapers declare that the extension granted yesterday will be the last concession as to time made to the enemy. If this is true it is expected the treaty may be signed between June 12 and June 16.

CHARRED TIMBERS ARE LEFT FAIRBANKS, Alaska, (AP)—Charred timbers and other debris left by the Fairbanks fire which occurred in mid-winter are being cleared away with the melting of the ice which encrusts them. In the early days after the snow and ice has disappeared from Fairbanks, the streets become a mass of mud and the entire population is forced to wade through it, so that the clearing of the debris has a double purpose.

FORMAL NOTICE GIVEN PREMIER

German Delegation Cannot Give Detailed Statement on Territorial Points Tomorrow.

BERLIN, (AP)—Count von Brockdorff-Rantzau, head of the German peace mission at Versailles, sent Premier Clemenceau, president of the peace congress, yesterday, a note saying that within the next few days the Germans will address a communication to the entente on territorial and other points and were preparing a statement of observations by the German government on the draft of the treaty.

As experts had to be consulted, the count's note continued, it will be impossible to get through all this work within the time remaining before the expiration of the fifteen-day limit for the German consideration of the treaty. He, therefore, suggested that the contents of the prospective notes should be regarded as having been made the subject of written discussion, and he requested that a period be granted for setting them forth in detail.

Ginghams Rule

HAHBANKS, Alaska, (AP)—With the thermometer at 70 degrees above zero here yesterday, Fairbanks experienced one of its warmest early May days in history. Small patches of water in the sled trails are making the end of winter's grip.

ASH JUSTICE FOR JEWS
BOSTON, (AP)—A demand that the delegates of the peace conference take immediate steps to put an end to injustices toward Jews in Poland was embodied in resolutions adopted unanimously by the biennial council of the Union of American Hebrew congregations in session here today. The protest will be cabled to President Wilson in Paris in the name of J. Walter Freiberg, of Cincinnati, president of the union, and of A. C. Batschky of Boston, chairman of the council.

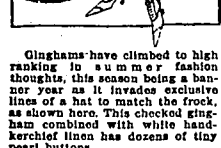

TWO BRITISH SHIPS
LONDON, (AP)—Two new British airships of the same type but larger than the R.33 and R.34 are expected to be ready for their trials this summer. In the meanwhile the R.34 is being groomed, it is said, for a flight to America.

ZION MEET A LARGE AFFAIR

Hundreds of Jewish Communities Will Send Representatives to Chicago.

NEW YORK, (AP)—Jewish communities in 352 cities in the United States on June 29 will choose delegates to the 22nd annual convention of the Zionist organization of America. The convention will be held in Chicago probably the first week in September, it was announced at Zionist headquarters here today.

GERMAN SUBMARINE SENT DOWN BY FRENCH SHIP
LONDON, (AP)—A German submarine unannounced, was sunk this week by gun fire of a French destroyer with permission of the British admiral, granted "with pleasure." The French were towing two of the captured craft to France for exhibition purposes. The hawser to one of them parted in a gale and the destroyers were unable to again take it in tow. As the boat threatened to become a menace to navigation the French commander asked permission by wireless to sink it and the request was granted at once.

Ginghams have climbed to high ranking in a number of fashion thoughts, this season being a banner year as it invades exclusive lines of a hat to match the frock, as shown here. This checked gingham combined with white handkerchief linen has dozens of tiny pearl buttons.

BAPTISTS MAP OUT PROGRAM

Purpose to Take Initiative in Solving Industrial Unrest Is Announced by Body.

DENVER, Colo., (AP)—The Northern Baptist convention today was asked to take the initiative in finding a solution for the industrial unrest in the United States which has found its expression in the I. W. W. and Bolshevik agitation. The request was made by the laymen's committee named to make a general survey and prepare a five-year budget to cover every department of church work.

Worlds Combat Bolshevism.
To combat Bolshevism, the committee proposed, in its annual report submitted today, that the Northern Baptist convention name a committee which will take the initiative with other denominations in a general survey of industrial and economic conditions over the country. It proposes that the results of the study be made public through magazines and pamphlets which will set standards of justice which can be established which will leave no room for radical agitation such as has followed the cessation of hostilities.

Program of Activities.
A gigantic program of activities in home and foreign missionary fields and education has been prepared calling for an expenditure during the five-year period of \$49,654,393.

Equipment and \$9,138,311 for operating expenses, the biggest program ever put before any Northern Baptist convention.

You may find that opportunity to work very quick if you tell what you can do through the classified.

ITALY AGAIN FRACTIONOUS.

Premier Orlando seems to be again creating a disturbance in the peace councils and further trouble may be expected from that restless and ambitious politician.

The attitude of Italy since the beginning of the war in Europe has been more than once the subject of grave doubt and misgiving. The refusal at the beginning to join hands with Germany and Austria, with whom that nation had an alliance, while often criticized was in fact wholly right. The terms of the alliance called only for cooperation in case of a defensive war and the world knows that Austria and Germany were not entering a defensive war.

Nor, in itself, could the joining of hands with the allies by this erstwhile friend and companion of the central powers be deemed an act of bad faith toward them latter. So far, then, Italy has a clean bill of health and can claim credit for doing much for humanity and for the preservation of civilization.

The attitude of Italy, therefore, is questioned more because while entering the war ostensibly for the sake of humanity and for the preservation of her integrity, both of which were very much at stake, she drove a hard bargain, regardless of the rights of other peoples, who, while desiring to be freed from the Austrian yoke had no wish to come under the domination of the Italian. The Croats hated Austria, but they hated Italy none the less.

Those who demand the carrying out of the terms of the secret treaty of London should not forget that it is not an issue in which Italy and Austria are alone involved. The principal parties in interest are the very people whom Italy desires to have delivered to her regardless of their wishes.

Let us suppose that instead of Dalmatians the citizens of Alsace and Lorraine or the citizens of Danish parts of Schleswig-Holstein were involved. These people, no less than the denizens of Dalmatia, were forced into the service of the central powers.

Now suppose that some outside power say Spain, had approached the allies with this proposition, "You agree to give us Alsace and Lorraine and the Danish parts of Schleswig-Holstein provided that we enter the war, in the event that the central powers are defeated," and suppose that such proposition were accepted, will anybody say that the outside powers would have the right to deliver these provinces against their own wishes, or without consulting them, in accordance with the terms of such understanding? Certainly not. In making such agreement they would simply have entered into a contract to deliver goods which did not belong to them.

The suspicion which all democratically minded people felt when they learned of this understanding was increased by the unstable, to use no harsher word, character of Italian diplomacy during the decade immediately preceding the breaking out of the European war.

In his exhaustive work "Why Italy Entered the Great War," Luigi Carnovall says that the royalists sympathized with the Central powers when war broke out and would have taken sides with them had they not feared the people. He declares that the steady pressure of the populace of the country finally compelled the government to join the allies. Carnovall's the-ninging of the Irredentists strictly so-called with

Italy, but claims that plans of conquest command neither support nor sympathy from the masses of the people of Italy, but only of a powerful minority. Should this be the case, the schemes of Orlando which threaten the peace of the world at this time, are all the more reprehensible, since they are not even in accordance with the wishes of his own people.

PUBLIC FORUM

A SWIMMING POOL

Editor News: It is with a feeling of keen regret that we receive the information of our school board's decision to eliminate the bathing pool from the plans for the junior high school building. No doubt the thinking element of this district is much disappointed.

"This action of the board is regrettable because at this time throughout the country considerable emphasis is being laid on this phase of education. It is hardly seems progressive to reject that which has become a live and substantial fact in national education. It is regrettable, too, because of the small expense, so salient a feature of our education system. Upon inquiry I have been informed that the calculated cost of complete equipment for this pool was the small sum of five thousand dollars. The number in which the citizens of the community give money to what they deem essential indicate to me that either the community needs to be enlightened as to the practical and common sense meaning of a swimming pool in our high school, or all they need is some one who hits some financial and social prestige to assume the leadership. If our good people knew what this swimming pool would mean to our school children and could be made to mean to the community, I am confident that the people of this district would enable the school board to go ahead.

It is regrettable again, as I have been informed upon inquiry, that the superintendent and board of trustees are wholly in sympathy with the swimming pool and that the lack of this small sum necessitated the board's decision. I am satisfied the teaching staff would heartily endorse it. Now if the superintendent, the board and teachers see the need of this, is there any substantial excuse for its elimination?

I wish the parents could see the need of this wholesome institution. We surely today cannot think of this effort as a merely utilitarian and pleasure-seeking one. It has many advantages to offer, in addition to those of sanitation and recreation which are so essential to health. What this institution would mean to the teachers alone would justify the expenditure of five times the sum calculated for the one planned for.

How strange it is we cannot see the economy and great good to be had from our teachers having such recreation. I have learned to my satisfaction that our teachers are not as happy here as they ought to be, and the large percentage of teachers who leave our local system annually suggests this to all. To offer this solely as a restriction to our teachers would pay us parents many times over in the near future.

Oh, dear people, wako up! I was well pleased to hear our late bishop of Idaho, James B. Funsten, tell me enthusiastically about the swimming pool he and the board of directors of St. Luke's hospital had decided to put in their new nurses' home. After this home was built the dear bishop was well pleased to learn what the swimming pool meant to the nurses even more than to the patients. The church is sometimes criticized by our western people as not being progressive. But here is an illustration that our church is more progressive than the citizens of Idaho. I regret that Bishop Funsten had to get his money from our good friends in the east, and not from Idaho.

Persons are proverbially out of funds. I am as proverbial as I care to be. Yet I could most cheerfully deny myself of some things that would help to make up a sufficient fund for a swimming pool in our Junior High School.

SOUTHERN BAPTIST AT NORTHERN MEETING

South Addresses Convention at Denver.

DENVER, Colo., (AP)—An address by Dr. J. S. Gambrell, president of the Southern Baptist convention, was the principal business of the morning session of the twelfth annual convention of the northern Baptist convention today. Dr. Gambrell brought greetings from the southern convention, which closed its session last week at Atlanta, Ga., and the announcement that the convention had voted overwhelmingly to reject the proposal for joining the interdenominational church movement purpose the co-ordinating of the activities of the denominational churches which will be discussed by the northern Baptist convention at some of its later sessions.

During his address today, Dr. Gambrell, expressed himself strongly against the "action of the government during the course of the war in permitting the Catholic church, and no other denomination to place their representatives in the army camps both at home and abroad."

Dr. Gambrell said: "The government created a breach in church circles and hurt religious rights when it refused the requests of the churches to be permitted to administer to the wants of their own in the army camps and put in the Catholics. I am not a critic, nor do I want to be, only when I want to be, of the president of the United States, but I do not think he had any right to do what he did do with regard to the Catholics and then refuse us our request."
"I do not want any rights for the Baptists that other denominations cannot enjoy but I do not want other denominations to enjoy any religious or social privileges by act of the government or any other agency, that the Baptist cannot enjoy."

CLOSED PAPER MILLS ARE GOING TO REOPEN

GLENS FALLS, N. Y., (AP)—According to present indications the mills of the International Paper company in the country, which have been shut down since May 11, as a result of a strike of employees, will reopen Monday morning, May 20, with all the strikers back at their jobs. Thereafter, conferences between officials of the company and representatives of the union are expected to take place for a settlement of the men's wage demands.

POPULAR YOUNG COUPLE UNITED IN MARRIAGE

Miss Vera Amos Becomes Bride of Wendell J. Allen Here.

A wedding of unusual interest in local social circles was that of Miss Vera Amos, daughter of Mrs. W. A. Flower, and Wendell J. Allen, which was solemnized at 9 o'clock this morning in the First Presbyterian church the ceremony being performed by Rev. Asher H. Brandl. Miss Zelma Larmore at the organ, played the wedding march. The ceremony was witnessed only by relatives of the young couple, including Mr. and Mrs. W. A. Flower, Mrs. O. V. Allen, Mrs. Robert Campbell, sister of the bridegroom, and Mr. and Mrs. Harry F. Allen.

Following the ceremony a wedding breakfast was served to the bridal party at the Flower home on Seventh avenue east which was decorated for the occasion in a color scheme of pink and white, roses and carnations being used effectively in the decoration plan. Mr. and Mrs. Allen were taken by Mr. Flower and Mr. Allen by motor to Wells, Nevada, where they will take

the train for San Francisco, to spend two weeks there. The bride numbers a wide circle of friends and acquaintances here and is prominent in younger social circles. She attended the Twin Falls high school for a time returning later to graduate from school at her former home in Missouri. Mr. Allen is one of the well known young business men of the district. For some time he has been associated with his uncle, H. F. Allen, in the Allen Oil company. He was discharged recently from the military service with the rank of lieutenant, having been promoted from the ranks.

AGREEMENT IS REACHED UPON PAVING ISSUE

Former Opponents to Proposed Bond Issues Call Off Forces and Will Work for Administration's New Plan.

On the basis of an agreement reached at meetings of the city council and of opponents of the previously proposed paving program, an understanding has been declared in respect to the municipal bond issues providing for issuance of \$200,000 worth of bonds providing for paving intersections, which are to be submitted to an election on June 10.

In conformity with this understanding the council at its meeting on Monday evening next will take steps to form a second improvement district to provide for paving, in addition to the proposed program, of Fourth avenue east from Shoshone street to the city limits, Second avenue west and Third avenue west and Minidoka street in front of the freight depot, and the forces heretofore enlisted against the bond issues will be enlisted in support of the proposed program.

Former opponents of the bond issues met last evening in the office of the Twin Falls Realty company, and selected a committee consisting of E. J. Sullivan, S. H. Bolton and E. E. Flanagan to present their views to the council.

Show Results of Delay.

At first the committee insisted that the proceedings heretofore should be cancelled and the general paving program revised. City Attorney John E. Davies stated that such procedure would involve at the least calculation, a delay of 62 days, and the members of the council declared that such delay would prevent building of any pavement this year.

It is the purpose of the council if possible to build pavement this year on Main and Shoshone streets to connect with roads built by the highway district, and it is regarded as improbable that any paving can be done this year in the residence to the proposition that none of the Class A or more expensive paving should be built except on Main avenue and Shoshone street. The estimated saving in the use of the cheaper material, as figured by Engineer E. V. Berg, would be about \$10,000, which would be sufficient to pay a considerable portion of the cost of paving the 10 intersections required to install the pavement petitioned for by former opponents of the program, which the council agrees to provide.

DOUGHBOYS FOUND IN MANY LANDS

Soldiers from America Visit Remote Islands of Sea in Quest of Experience.

ISLAND OF MYTILENE. Argon Sen, (AP)—No matter where one travels in Greece or Italy the word doughboy, the American soldier is to be found. Here on this far-off, infrequently island one would scarcely expect to see a doughboy, but he is here. The Yank is being recognized a familiar sight in the Near East.

In remote villages the traveler will find former west front doughboys, fighting for the army food rations, and the American Red Cross Balkan commission, or on pleasure bent, visiting with the personnel of the army, the old folks and the boyhood home. On Mytilene island are Greek born Americans from several United States army units. One is from Springfield, O., and wears the Italian insignia of the Lion of St. Mark. His left foot should be in the home in Mytilene and fought with the 332nd infantry in Italy.

Portland Gets Work of Gunners Returning

Dispatches Say Companion Regiment of 146th on Way Home.

PORTLAND, Ore., (AP)—Word was received here today from Washington that the 146th field artillery, which had been assigned to the army of occupation, was on its way to the United States. This unit is thought to be the last Oregon unit to leave France.

The 146th with the 145th, comprises the 66th field artillery brigade, recently stationed with the army of occupation near Coblenz, Germany. Four companies of the Second Idaho regiment including those from Twin Falls, Nampa, Coeur d'Alene and Nampa, are incorporated in the 146th regiment. A statement was received from Twin Falls recently from Lieutenant J. G. Thorp, leader of the 146th regimental band, that the orders had been received to leave for home May 25.

Social Notes

One of the most elaborate social functions of the month was a seven-course dinner Saturday evening honoring Miss Fern Emes given by the Misses Mattie Coates and Eva English at the Emes home on Fifth avenue east.

A centerpiece was formed by pink and white rose buds encircling a vase of the same flowers while the place cards were in small hand painted rose designs.

As the last course was brought in with each plate favored with a rose bud, Miss Coates sang "In the Heart of a Rose," and the girls discovered a tiny rolled slip of paper in each bud announcing the engagement of Miss Fern Emes to Mr. Fred B. Russell of Yukon, Okla., the wedding to take place some time in June.

After dinner the guests enjoyed music and dancing.

Those present were the Misses Fern Emes, Florence Hill, Birdie Jones, Lucille Wolfe, Emily Wall, Soledad Stanford, Edna Beauchamp, Irene Visser, Vivian Markle and the Mesdames Watson and Pettit.

Mrs. M. C. Alexander was hostess at a delightful card party Wednesday afternoon at her home on Kimberly road. The house was decorated with an abundance of spring flowers, a color scheme of pink and white being carried out in the decorations and the delicious refreshments served by the hostess in the late afternoon. The prize for high score a dainty maderia handkerchief, was won by Mrs. Carl E. Painter.

The guests of the afternoon were Mesdames Barber, Berry, Talbot, Wagner, Schenberger, Seligman, Girder, Greenhalgh, Painter, Green, Haight, Batley, Martin, Peck, Rasmussen, Murray, Shaw, Arnold, Keogh, Bolton, Macaulay, Harstad and the Misses Fern Costello, Florence Costello, Robert Wall, Benoit, Amos, Spaulding, Gourley and Williams.

The Wednesday Bridge club met with Mrs. G. F. Baker at her home on North Main. A delicious five-course luncheon was served by the hostess, assisted by her daughters, the Misses Margery and Audrey Baker. A color scheme of yellow and white was carried out in the table decoration, the centerpiece being of yellow and white iris. An abundance of these flowers were used throughout the house. The afternoon was spent playing bridge. The prize for high score, a beautiful maderia handkerchief, going to Mrs. W. S. Hill. Twelve members were present.

The M. B. C. club met yesterday at the home of Mrs. F. R. Cox on Eighth avenue north. The afternoon was spent playing bridge, Mrs. Jack Smith winning the first prize, a beautiful hand-painted plate. Mrs. George Leopold was a guest of the club. This was the last meeting of the club until fall. Dainty refreshments were served.

MARRIAGE LICENSES
Marriage licenses were issued Wednesday in Twin Falls to the following:
Wendell J. Allen and Vera Amos, both of Twin Falls.

Fruits of the Spirit.
The fruits of the spirit are love, joy, peace, kindness, benevolence. The lesson here is not only for the great powers, hitherto concerned at peace settlements only with division of spoils; but it is also for labor and capital, for the upper ten and the lower five, for all the varied and sometimes embattled elements in our complicated social framework. The mind that is ruled by hate is sowing seeds for his own reaping in loss and shame. The Sermon on the Mount still stands.—Exhange.

Superintendents in attendance at the meeting here Wednesday were Mrs. Lillian Sullivan of Minidoka who presided as temporary chairman; Miss Mae Lowe, Casata, temporary secretary; Mrs. Leah Burnside, Lincoln; Miss Myrtle Johnson, Gooding; Miss Frances Mills, Blaine; Miss Britton Wolfe, Twin Falls.

EDWARDS TO BE ROAD DISTRICT CHIEF ENGINEER

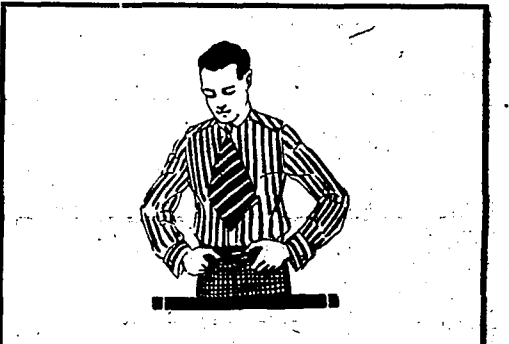

Twin Falls Man Named as Successor to Carl E. Painter Who Will Resume Position With Former Employers.

Carl E. Painter has resigned his position as chief engineer for the Twin Falls highway district, and expects to leave here about July to return to the employment of Burns & McDonough, engineers of Kansas City. He is to be succeeded by W. F. Edwards, formerly manager of an elevator at Kimberly, a resident of the Twin Falls country for several years who has had extensive engineering experience and who has been employed by the district for several weeks.

Mr. Painter came here in the spring of 1917 as supervising engineer for Burns & McDonough, in charge of the work of improving, extending and repairing the municipal waterworks system. He resigned that position some time ago to accept the position with the highway district, but was prevailed upon by his former employers to return under conditions of considerable advantage to himself. He will remain here until the completion of the waterworks system and for 30 days thereafter during a tryout of the system.

A tie for every taste

Someone said "you can't please everybody."

Perhaps not, but we're trying in our neck-wear buying and reviewing things from where we sit, it looks as if we'd succeed.

1500 different ties at 75c and nearly that many more at \$1.

Can you imagine a man not being able to pick from a beauty chorus of this breadth?

On top of this; new bat ties in bottom boxes.

We regard the neck as being a very important part of a man's anatomy.

There's the swellest line of shirts here to match any tie or suit—in prices from \$1.50 to \$12.50.

You will find the kind a fellow feels comfortable in without a coat these hot days, and still feel he's togged out stylishly.

SETS TIME FOR HEARING

Judge Babcock Will Listen to Statement of Alleged Water Grabbers.

District Judge W. A. Babcock Wednesday issued an order requiring Frank B. Damman, Alice Damman and Edwin Damman to appear in district court here at 10 o'clock Thursday morning, May 29, to show cause why a permanent restraining order should not be issued by the court to prevent them from diverting water from a tributary to the Condon 12 mile canal system in section 18, township 9, range 15, and section 13, township 13, township 9, range 14, and from obstructing or interfering with the flow of water in this tributary.

The complaint in the case made by the Twin Falls Canal company, alleged that the defendants are diverting water from this tributary thereby depriving stockholders of the Canal company of the use of water claimed by them.

FRUIT CROP OF COUNTY LITTLE HURT BY FROST

Horticultural Inspector C. W. Brannon Says Twin Falls District Will Harvest Practically Full Crop This Year.

Twin Falls county fruit crop prospects have suffered but little from frosts occurring on May 10 and thereabouts according to the statement made here today by C. W. Brannon, deputy state horticultural inspector, who has just completed a comprehensive survey of the condition of orchards generally throughout the county.

Except in the section north and east of Twin Falls and Kimberly, where the fruit of practically all kinds is killed in spots, the crop in the county will be equal to normal if not above the average in quantity, according to the inspector. Orchards in the canyon and in the vicinity of Bull are fairly loaded with fruit of all kinds, he says.

Minidoka county lost practically 90 per cent of its fruit crop, Mr. Brannon states, during the period of freezing night temperatures, and will depend largely on the Twin Falls crop this season.

Speaking of the freak sections of the frost, Mr. Brannon said that practically all of the fruit around Rupert in Minidoka county was killed when the mercury dropped to 24 degrees. White records taken at the Keyson Green farm near Twin Falls show that the temperature dropped on one occasion to 26 degrees, practically none of the fruit on this place was hurt.

Mr. Brannon will leave this week to inspect orchard conditions at Hagerman, Wendell, Gooding and Jerome.

NOTICE OF REGISTRATION FOR SPECIAL MUNICIPAL GOUPON BOND ELECTION

STATE OF IDAHO, COUNTY OF TWIN FALLS.

Notice is hereby given, according to law and the provisions of Chapter 108, Idaho Session Laws, 1919, and Ordinance No. 251, of the City of Twin Falls, in the County of Twin Falls, in the State of Idaho, passed and adopted by the City Council thereof, and approved by the Mayor thereof, April 25th, 1919, that all qualified electors in said state, who shall have resided within the limits of said city for three (3) months preceding the Special Municipal Coupon, Intersection, Bridge and

Sewer Bond election, to be held at the polling places in said city designated as follows:

Ward No. 1: The office of the Overseer of Streets in the City Water Works Building, at the corner of Second Avenue North and Second Street North, in the City of Twin Falls, Idaho.

Ward No. 2: The Johnson Auto Sales room on East Shoshone Street in the City of Twin Falls, Idaho, on Friday, the 21st day of June, 1919, shall be entitled to vote at such election, provided such elector is registered as in the manner provided by law.

The undersigned City Clerk, or his duly appointed deputy, will register electors for said election at any time during office hours at the office of the said city, in said city, every day except Sundays and legal holidays, beginning on the 14th day of May, A. D. 1919, and continuing up to 9:00 o'clock a. m. of the day preceding said day of election.

Provided, however, that it shall not be necessary for any voter who has registered in said city, in the municipal election held in said city on the 22nd day of April, 1919, for the election of city officials, to register again in order to vote in said election, providing such elector has continued to live in said city since such biennial election and is a taxpayer of said city.

W. A. MINNIOK
City Clerk of Twin Falls, Idaho, in the County of Twin Falls, State of Idaho.

Tigers Liked Water.

Tigers are extremely fond of bathing. In a zoo, if a tub be provided, they will eagerly make use of its facilities for ablution. They are first-rate swimmers, and in former days it was reckoned at Singapore that they "ate a Chinaman a night," swimming across from the mainland to get him.

Family Verbs.

Speaking of odd verbs, it has been the custom for years in a certain Boston family to say when the weather has cleared, "It has alced up." The other day, one of them was even heard to say, "It has alced up nicely."—Boston Transcript.

BOLSHEVSKI OUTNUMBER THE AMERICAN BOYS

Yankee Soldiers and Tommies Cuss Things Generally But Go on Fighting.

ARCHANGEL, (Correspondence of the Associated Press.)—The Russian allied force which has been conducting the campaign against the Bolsheviki in this far northern region has been outnumbered by the enemy everywhere from two to one.

Plenty of Luck.

What they lack in numbers, this force makes up in pluck, the pluck that makes them stick tight under attacks by superior forces, although they have not much interest in the Russian question, speak candidly speaking, that the folks in Washington and London and Paris are making them suffer the penalty of their inability to make up their minds as to what should be done in Russia.

Grumble Because There.

They grumble because they're here, and at the mistakes made by those at home and in Archangel who sometimes don't exactly understand the disposition of a homesick Yankee doughboy or British Tommie who is sitting in the snow in a frozen trench where a heavy fur coat makes no more impression on a man's heating apparatus than if it were a week of gossamer. But they go on fighting, just the same.

Stand by Commander.

With all their hardships, these troops have confidence in their commander, Major General Edmund Irensaid, a veteran of several British campaigns, and a six-footer physically who spends more time at the front than at headquarters in Archangel. They know the general is looking out for them but they don't feel the same way about the folks at home.

Live in Peasant Cots.

To march for four or five days over snow trails, sleep on the cold, hard floors of peasant cottages at night in an atmosphere as thick that has been more or less routine for the Yanks up here. They have fought with signal bravery, when greatly outnumbered, and when support, because of the weather conditions or the trails, failed to reach them. If you're a girl, and have a Yankee contempt for males who wear whiskers and kiss each other in the streets and speak a jawbreaking, foreign language. They want to go home as soon as they can, and, to them, it seems that all Uncle Sam has to do to get them home quickly is to send up a lot of regulars and marines and finish the Bolsheviki quickly.

Smile at Hardships.

The Yanks have gone, day by day, grumbling but smiling about their hardships. They're not extraordinarily fascinated by the Russian "Barshas" or young girls, and have a Yankee contempt for males who wear whiskers and kiss each other in the streets and speak a jawbreaking, foreign language. They want to go home as soon as they can, and, to them, it seems that all Uncle Sam has to do to get them home quickly is to send up a lot of regulars and marines and finish the Bolsheviki quickly.

Smile at Hardships.

The point of view of some of the American officers is illustrated by the remarks of one of them to the Associated Press correspondent:

"If you're a girl, and have a Yankee contempt for males who wear whiskers and kiss each other in the streets and speak a jawbreaking, foreign language. They want to go home as soon as they can, and, to them, it seems that all Uncle Sam has to do to get them home quickly is to send up a lot of regulars and marines and finish the Bolsheviki quickly."

SALMON RIVER CANAL COMPANY, LTD., NOTICE OF ALLOTMENT AND DELIVERY

To Water Users:

Water deliveries will begin Monday, May 20th, for the irrigation season of 1919.

The first allotment for the season is made at one acre foot per acre for each share on which minimum charges have been paid in full, the water delivered to be put to beneficial and economical use. An additional allotment may be made at a later date should the run-off for June justify.

This allotment is based on an anticipated demand for water on 45,000 acres. The present indications are not favorable for a total allotment of to exceed 15 inches per acre, and it is possible that it may not reach that amount.

With ordinary weather conditions the first run will probably continue about three weeks. Crop and weather conditions will determine the time when the second delivery will be made, but it will probably be in the latter part of June and the month of July. It will continue until each person has used his allotment and the head in the reservoir is so low that no further allotment or delivery can be made.

Orders for water should be placed with the riders as soon as possible. Deliveries will be made at any reasonable rate that may be requested, subject to the carrying capacity of the system.

IDAHO WINS SPUD FIGHT

Greeley Failed in Effort to Get Differential Changed—Another Battle Coming.

BOISE.—Idaho has scored another victory in the fight to prevent increases in potato rates on potatoes shipped from this state into the southern markets. The public utilities commission has been notified that the interstate commerce commission has handed down an opinion and order in the case of the Commercial club of Southern Railway company wherein it is held that the rates on potatoes are not unduly prejudicial to Greeley. Greeley sought to have the differential between that place and Idaho widened either by reducing the rate at the Colorado end or increasing it at the Idaho end. Had it been successful in either the differential would have been made so large for Idaho that shippers in this state could not afford to ship potatoes into Texas and New Mexico, their principal markets. While the Idaho fight against increasing the differential was successful, the fight to retain the southern markets to Idaho shippers is not won for the railroad administration proposes to increase the rates on potatoes as well as other commodities and the shippers and consumers are bitterly opposed to the act. They are preparing to go before the freight committee and fight it to the end.

PLAN MILITARY FUNERAL

Returned Service Men to Pay Honors to Herbert Keith of Hanton.

Military honors will be paid by returned service men at the funeral here Friday afternoon for Herbert Keith, son of Mr. and Mrs. A. D. Keith of Hanton, who died Wednesday morning at a local hospital. The service will be conducted by the Rev. J. Grossman chapel at 1 o'clock, with interment in the Twin Falls cemetery.

Keith served for a few months with an regiment of engineers, being discharged when he failed to pass physical examinations at New York for overseas service.

He is survived by his parents, two brothers and five sisters. The brothers, who are in California, are Paul and William Keith. The sisters are Mrs. H. Beales and Mrs. H. Whitehead. He was born in Hanton, Idaho, in 1917, by his father Clarence F. Pratt.

The sack has traveled 35,000 miles and visited fourteen states, including Ohio, Alabama, Iowa, Montana, Virginia, Wyoming, New Jersey, North Carolina, Louisiana, Tennessee, Michigan, and Florida. It was sold in Honolulu, twice on the Pacific ocean and in California sales were held in San Francisco, Oakland, Fresno and Santa Rosa.

be called in where the issues are exceptionally complex and that they will recommend the appointment of a commission to investigate the German and neutral representatives to pass up on the question of the restoration of the devastated districts and some of the most urgent problems relating to international trade.

Silesia Will Resist

The London Daily Mail correspondent reports a serious condition in Silesia.

The correspondent adds that upper Silesia is determined to remain Prussian and that 1,500,000 men have signed a pledge that the mining and foundry industries of the region will be handed over to Poland only in ruins and the price "taken in blood."

Upper Silesia today, he says, has 150,000 Prussian troops under arms. The troops are said to be all seasoned fighters.

The correspondent describes a parade of thousands of these troops at Katowice.

It was just that long, steady train of steel helmets, Prussian infantry companies, interspersed with field guns and machine guns, also companies of Uhlans, with pennons flying, as the "Prussian empire," he says. "Scores of children rose with the drivers on the horses, and the troops' horses and guns were festooned with flowers. There were the more who a few weeks ago refused to obey their officers and waved the red flag. They now are ready again to take up the battle of the trenches."

The parade was headed by General Hofer, who led the first counter-attack against the British at Cambrai. The salutes taken by short thick set men in a really-made tweed suit, to whom every eye was raised and every sword lifted. This was a blacksmith, Otto Horsing, who had made thirteen trips to the United States as a fireman on the Kaiser Wilhelm and now is high command in the Prussian army. He goes to Berlin frequently to confer with the government, has restored order and work in the industrial region, organized an army and put General Hofer at its head. Price Donnersmark, one of the great names of the old regime, "works under him."

GERMANS TO ASK COMMISSION

LONDON. (AP)—It is apparent from forecasts in the German press that one of the principal points of the German reply to the peace terms is a proposal to institute a joint committee of representatives of both sides with a neutral president to decide the economic questions. The Germans want to ask the appointment of a similar committee to determine the damage done in Belgium and France.

The German reply it is understood, will protest against the treaty and bring into consideration the damage done in Germany. It will be urged that Austria-Hungary, having been an ally of Germany, should be held in the same responsibility as Germany.

RED CROSS SACK HOME

Sold Twenty-three Times in 14 States and Brought An Immense Sum.

SAN FRANCISCO. (AP)—John D. McGilvray, potatoe of Islam temple of San Francisco, has just received the famous "Shriners' Red Cross sack of flour," started in Islam Temple in May, 1917, by His Honor Clarence F. Pratt. The sack has traveled 35,000 miles and visited fourteen states, including Ohio, Alabama, Iowa, Montana, Virginia, Wyoming, New Jersey, North Carolina, Louisiana, Tennessee, Michigan, and Florida. It was sold in Honolulu, twice on the Pacific ocean and in California sales were held in San Francisco, Oakland, Fresno and Santa Rosa.

Sold Many Times.

The sack of flour has been sold 23 times in fourteen states, with an aggregate sale of \$134,512.84 which has been turned over to the Red Cross.

The largest sale was held by the Oklahoma Shriners, their total being \$60,475, and Islam Temple at San Francisco, which sold \$23,701.25. Oklahoma's challenge to every temple in North America to pass their high mark was never met.

Like Ben Stormer.

The flour was booked and routed like a traveling theatrical company, and on account of the long lunge the sack had to make to accommodate the different Shriners' meetings and coronations, it was necessary to do all the booking by telegraph from San Francisco.

The sack was last two weeks when it made the journey from Wyoming to New Jersey, but finally arrived at the Shrine temple at Trenton one hour before the sale.

Planned Sale.

Since the first sale in May, 1917, Pratt and McGilvray and Historian Pratt have spent on an average of one hour per day watching and planning the different sales of the sack.

At Honolulu, the Island Shriners wore a laurel wreath, and the commercial covering of the flour; at Helena, Mont., the nobles of Algeria temple placed a breakers over the Honolulu covering; at Butte, Montana, Big Butte temple made a copper for a hand out of native copper. The Oklahoma Shriners built a miniature oil derrick of silver and nickel and placed it over all the other coverings.

Beat Gridley Sack.

The "Shriners' Red Cross sack of flour," created the famous Gridley Civil war sack of flour in two ways. Mark Twain said that Gridley's largest sale was \$40,000 at Virginia City, Nev., while Oklahoma Shriners more than doubled the Virginia City sale. Gridley's sack traveled 15,000 miles, while the Shriners' sack traveled 35,000 miles and wore out twelve commercial flour sacks.

Mankind Suspicious.

The flesh of the shark is said to resemble the famous Gridley Civil War sack of flour. The fish that "goes to the Caesar's dish," but its cannibalistic reputation, firmly fixed in the popular mind, is against it. Man's dread of the gastronomically enticed is only quieted by his curiosity, which after all asks the better of the fish. Truly he was a brave man who first swallowed a raw oyster.

Dependent on Language.

Many thoughts are so dependent upon the language in which they are clothed that they would lose half their beauty if otherwise expressed.—Ruskin.

Corn Has Rally

CHICAGO, (AP)—Assertions that much corn would have to be reloaded because of weather conditions changed soon, led a good deal today to rally the corn market. At first, weakness prevailed owing to a sharp break in the value of hogs. Bulls in corn, however, made much of an opinion by a leading expert that in the surplus corn states the crop was now two weeks late. The opening prices, which ranged from the same as yesterday's figures to 1-2c lower with July \$1.64 to 1.65 and September \$1.53 to 1.55 3/4, were followed by moderate declines and reports that the government would re-sell large quantities of meat.

Oats paralleled the action of corn. After coming 3/8c off to 1c higher with July 68 1/4 to 68 3/4, the market closed a general gain.

Provisions dropped with hogs. Special notice was taken of reports that the government would re-sell large quantities of meat.

DREAM CURES FOR TOMMIES

Physician Can Tell What Trouble Is by Reaction from Sleeping Illusions.

LONDON, (Correspondence of the Associated Press).—Curing nerve shattered soldiers through their dreams is the latest change of medical British army medical corps, and according to Captain M. Culpin, it is succeeding beyond all expectations.

Explains Method.

"In the method I adopt," Dr. Culpin says, "the patient relates the dream to me. I question him about it and if the underlying memory is not deeply blurred this questioning may recall it, and it is only necessary to insist upon the man talking about the incident.

Visualizes the Experience.

"Next I make the patient close his eyes and visualize the dream, and I try to ascertain what particular feature causes emotion. By dwelling on this feature I induce an emotional state and assure him that he felt like that before and that memory is coming up.

Facial Expression Shows.

"When success is attained there is a sudden change of facial expression or even an access of terror. By this I know I have reached the true cause of the dream. The merest scrap of a dream suffices.

Speedily Predicted Treaty Ratification by Senator Pittman

Democratic Leader Says Its Defeat Would Mean Isolation for the United States.

WASHINGTON, (AP)—Ratification of the peace treaty without delay when it is presented to the senate was urged today by Senator Pittman, democrat, of Nevada, who said amendment of the covenant of the league of nations would mean rejection of the whole treaty and the proposing of a new one. Senator Pittman was a member of the foreign relations committee in the last senate and probably will retain his place when the committee is reorganized.

The treaty itself provides, that when ratified by Germany and three of the allied powers, it shall go into effect. The United States will then have to accept political, economic and commercial isolation or petition to become a member of the existing league of nations. In the latter case, we would lose our present powerful position as a charter member of the council which has a dominating influence upon all of the acts of the league."

ITALY CALLED ON TO EXPLAIN HER CONDUCT

(Continued from page one.)

an last Thursday, meeting with considerable resistance from the Turks, but making themselves masters of the city. Italian troops were reported to have participated to some extent in this handling. According to a Paris dispatch of May 20, however, the Italians had previously landed forces at Adalia, on the southern coast of Asia Minor, and likewise during last week disembarked troops at Badram, 90 miles southeast of Smyrna, and at Makri, on the Gulf of Makri in the vilayet of Smyrna.

Particulars Unknown

There had been nothing to indicate that these landings were not by agreement among the allies and, indeed, some of the unofficial forecasts as to the probable division of Turkish territory under the league of nations mandates had indicated the probability that Italy would be given the Adalia district as a minister.
