TWIN FALLS, IDAHO, FRIDAY, MAY 23, 1919.

PRICE FIVE CENTS

SENATE DEBATE ON THE TREATY OPENS FIERCELY

Johnson Calls for Text; Flays Democrats for Failure to Make Public in Full Instead of Synopsis.

DECLARES MAJORITY WANT TO HIDE SOME TERMS

Senator Sherman Introduces Resolution to Divide Treaty from League Pact and Scores Administration.

WASHINGTON, (AP)—Measure for repeal of the war time prohibition act (known as the Cullen act) was introduced today in the senate.

The repeal bill was offered by Senator Phelan, democrat, of California, is similar to that introduced in the house by Representative Gallivan, democrat of Massachusetts.

Law Enforcement

Bills for enforcing war time and constitutional prohibition were introduced by Senators Sheppard, democrat, of Texas and Jones, republican, of Washington. Senator Sheppard's measure follows the lines of one that failed in the last congress, but Senator Jones' bill would apply to all alcoholic liquors containing one-half of one per cent of alcohol by volume.

Hitchcock Calls Request Indecent

Senator Hitchcock declared it would be "absolutely indecent" for the senate to pass such a resolution at this time.

"No good can come of it," he declared. "It would be regarded as an indication that the senate wants to render more difficult the settlement of peace."

Characterizing Senator Hitchcock's argument as "the worst I have ever heard," Senator Johnson declared: "It would be the very essence of cowardice to be afraid to ask for that to which we are entitled."

Senator Thomas, democrat of Colorado, another member of the foreign relations committee moved to amend the resolution so that it would call for the treaty text only if publication were "compatible with the public interest." He said it never had been the practice to send to the senate of war time public relations documents until they had been accepted by all the nations interested.

A senate concurrent resolution deciding if the senate of the league of nations treaty when it is submitted for ratification was introduced in the senate today by Senator Sherman, republican, of Illinois.

At the senator's request action on the resolution was deferred. He plans to call the resolution up later and to discuss the content at length.

Resolution as Offered.

Senator Sherman's resolution follows: "Resolved, that it is the sense of the senate that it is desirable that the senate be kept in the full possession of the German government be separated from the covenant of the league of nations so that each may be acted upon by the senate severally in the procedure leading to their final disposition and a vote thereon ratifying or rejecting the same."

ZURICH PAPER SCORES ALLIES

Declares That Note to Switzerland is Slow to Its Sovereign Rights.

BERNE, (AP)—The New Gazette, of Zurich, a newspaper with enthusiastic leanings, characterizes the note addressed to the Swiss government by the peace conference asking whether it would be willing and ready to enforce a more severe blockade against Germany, if necessary, as "a smashing blow against self-determination by small nations," and a "blatant illustration of President Wilson's declaration that Switzerland can enter the league of nations with a proud and erect head."

Confidence in the league of nations, it is pointed out, is diminished in Switzerland generally as a result of the note and the opposition to the country entering the league is growing.

SALVATION ARMY IS HONORED BY GOVERNMENT

PHILADELPHIA, (AP)—As a tribute to the Salvation Army, a 7,500 ton cargo carrier to be launched at the Hog Island shipyard tomorrow will be christened "The Salvation Army." Adjutant Mrs. Beatrice Hamond, of New York, who spent 18 months overseas with the American expeditionary forces as a representative of the Salvation Army, will be the sponsor.

Nonpartisans Call Blue Sky Law to Assist

Leading Members Appeal to Courts to Quash Shotz from State Organ Control.

(Special to The News) BOISE — The blue sky law of this state is being invoked to bring about the ousting of W. G. Shotz, as manager of the Free Press, a daily newspaper, recognized as the mouthpiece of the Nonpartisan League which ever since its organization has been like a fly in the political ointment of Idaho.

The long expected clash between the league over legislative matters pursued by the paper, has come as a disquiet to stockholders who have appealed to the courts for relief. It is expected this will bring into the political limelight the manipulations of the controlling factions in the league against whom there is growing bitter antagonism. The ranks of the organization are greatly being widened with no prospect of the breach being harmoniously bridged. If the present conflict within the league keeps up, that organization is not likely to prove a factor of any great importance in the next campaign.

J. L. Young and C. M. Baumgardner, two of the most substantial backers of the league when it was organized, have gone into the district court and asked for an injunction against the paper, and C. W. Drew, John Merkle, C. H. Kueger and S. H. Gronblad, directors, to restrain them from offering for sale any of the capital stock of the company behind the paper, until the company has complied with the blue sky laws of the state which supervise and direct the manner in which all stock of investment companies may be sold. They also ask that the directors be stopped from exchanging the bonds, paying them out or withdrawing them.

CRETE SOIL SUBJECT OF A SCIENTIFIC STUDY

CRETE, (AP)—American scientific agriculturists are now completing a survey of the soil possibilities of Crete in the same thorough fashion in which they surveyed the Greek mainland. American farming machinery and up to date methods are needed and arrangements have been made to educate the farmers of Crete and Crete so that they can enter the great crop era. Major C. G. Hopkins, of the Illinois Agricultural department, and Lieutenant G. J. Bouyoucos, a native Greek, are in Crete and a former instructor at Michigan Agricultural College are in charge of the American Red Cross agricultural survey of Crete and Crete.

WORLD NEWS EVENTS

LONDON, (AP)—The Prince of Wales will visit Canada probably in August, formally to open the new parliament building in Ottawa.

WASHINGTON, (AP)—Senator Johnson, republican of California, called up for consideration in the senate today his resolution asking the state department to furnish the senate the complete text of the peace treaty.

MADRID, (AP)—In response to a communication from Ignace Jan Paderewski, the Polish premier, the Spanish government has sent a cordially worded acknowledgment of Polish independence and recognition of the government of Poland.

WASHINGTON, (AP)—Retail prices for food in the United States during April were three per cent less than the high mark reached last December, according to a statement today by the bureau of labor statistics. Prices during the month, however, showed an advance of four per cent over those in March.

WASHINGTON, (AP)—A national eight-hour working day beginning January 1, 1921, was proposed in a bill introduced today by Senator Moses, republican, of New Hampshire. It was explained that the application of the measure would be similar to that of the Adamson law to the railroads.

ESTHONIAN FORCES ARE MAKING QUICK ADVANCES

Take Yamburg and Several Railroad Centers Within Fifty Miles of Petrograd.

LONDON, (AP)—Esthonian forces are rapidly approaching Petrograd from the east, according to an official statement issued at Esthonian army headquarters and received here. The text of the statement reads: "Esthonian advance guard units on Petrograd. Besides the town of Yamburg, the railway stations at Weymreg and Molokowitsy, on the Narva Petrograd line have been captured and the towns of Kopeje and several villages near Kokskaipi, on the Finnish gulf have been occupied. This brings the Esthonian within fifty miles of Petrograd."

NINE DEAD FROM FIRE IN STARCH FACTORY

Oflagration in Cedar Rapids Results Fatally for Many Employees.

CEAR RAPIDS, Ia., (AP)—The list of dead in the fire and explosion at the Douglas Starch works last night now numbers nine. Two additional bodies were recovered today and two unidentified men died in a hospital during the night. The list of seriously injured in the explosion numbers fourteen and it is believed many of them will die. The financial loss is estimated at \$3,000,000. The coroner announced this morning that he would begin an investigation immediately. At the plant the officials would advance no theory as to the cause of the explosion, but workmen insist that it was caused by dust.

GERMAN PEOPLE KEPT INFORMED OF PROGRESS

Meeting at Spa Announces That All F Will Be Made Public as They Are Received.

INA DETERMINES TO SIGN THE PEACE PACT

Future Administration of Turkey Moot Question; Allied Forces in Northern Russia Have Forced Enemy Back.

LONDON, (AP)—Chancellor Scheidemann Dr. Bernhard Dernburg, Count von Bernstorff and Mathias Erhard, left Berlin for Spa on Thursday to meet Count von Brockdorff-Rantzau and decide upon the final wording of the counter proposals to be presented at the peace treaty, says Berlin dispatch.

It was added, the German government was determined to enlighten the German people at the earliest possible moment concerning the counter proposals and the prospects for peace.

China Will Sign

China's delegation has decided to sign the peace treaty in spite of its declaration that it would not do so because of the decision of the council of three relative to the turning over to Japan of Germany's interests in Shantung and Kiao Chai. It is said, however, that reservations will be made in attaching the signatures of the Chinese.

Future Administration

The question of the future administration of Turkey is occupying much of the time of the peace conference, and it appears to be a desire on the part of the powers that the United States shall assume the position of mandatory for Turkey. President Wilson has been advised by Henry Morgenthau, former American ambassador to Turkey that the administration of Constantinople, Anatolia and Armenia should be combined in the hands of one of the powers.

German Proceed

It is not expected that the negotiations with the Germans at Versailles will be interrupted by the departure of Count von Brockdorff-Rantzau and other members of the delegation, who have gone to Spa for consultations. The return of the head of the mission and his colleagues is expected not later than Sunday.

ALLIES STAND BY TEXT OF CONDITIONS GIVEN GERMANY'S DELEGATION

Plea of Count Brockdorff-Rantzau Answered in Detail by Associated Press; Injustice to Germany Strongly Denied and Reasons Advanced for Conditions as Set Forth in Treaty.

HUN NOTE PANTS DIREFUL PICTURE OF RESULT OF ALLEGED IMPOSITION

SLIGHT MODIFICATIONS TO BE GRANTED.

CONCESSIONS on some points in the peace treaty have been made to the Germans by the Paris peace conference, slight modifications have been made in the terms of the Sarre valley award, and the terms regarding reparations also have been modified. It has not been publicly intimated just what were the alterations decided upon.

PARIS, (AP)—The note from Count von Brockdorff-Rantzau, head of the German peace delegation at Versailles, regarding the economic effect of the peace treaty, dated at Versailles, May 13, was made public today. The note reads:

"Mr. President: In conformity with my communications of the ninth instant, I have the honor to present to your excellency the report of the economic commission charged with the study of the effect of the conditions of peace on the situation of the German population:

PARIS, (AP)—The note from Count von Brockdorff-Rantzau, head of the German peace delegation at Versailles, regarding the economic effect of the peace treaty, dated at Versailles, May 13, was made public today. The note reads:

"Mr. President: In conformity with my communication of the ninth instant, I have the honor to present to your excellency the report of the economic commission charged with the study of the effect of the conditions of peace on the situation of the German population:

Becomes Manufacturing State

"In the course of the last two generations Germany has become transformed from an agricultural state to an industrial state. As long as she was an agricultural state, Germany could feed 40,000,000 inhabitants. In her quality of an industrial state she could support 15,000,000 of permanent population of 67,000,000. In 1913 the importation of foodstuffs amounted in round figures to 12,000,000 tons. Before the war a total of 15,000,000 of permanent population for their existence in Germany by foreign trade and by navigation, either in a direct or an indirect manner, by the use of foreign raw material.

"According to the conditions of the treaty, Germany will surrender her merchant tonnage and ships in course of construction suitable for overseas trade. Germany will lose in this way an installation of the payment of first instance tonnage destined for the allied and associated governments. Germany will, moreover, renounce her colonies and all her overseas possessions, all her interests and securities in the allied and associated countries and in their colonies, dominions and protectorates, and all her interests and securities for part of the reparation, to be subject to liquidation, and may be exposed to any other economic war measure which will be imposed upon her during the years of peace.

Territorial Clauses

"By the putting into force of the territorial clauses of the treaty of peace, Germany would lose to the east the most important regions for the production of corn and potatoes, which would be equivalent to the loss of one-third of the total crop of these articles of food. Moreover, the intensity of our

World Starve Country
At the end of a very short time Germany would therefore, be in a position to give bread and work to her numerous millions of inhabitants who would be reduced to earning their livelihood by migration and by trade. These persons would have to emigrate, but that is a material impossibility, all the more so because many countries, and the most important ones, will oppose any German immigration. Moreover millions of Germans expelled from the territories of the powers now at war with Germany from the colonies and protectorates which Germany must surrender, will return to their native land.

Many Deaths Certain

"The putting into execution of the conditions of peace would therefore result in the loss of several millions of persons in Germany. This catastrophe would not be long in coming about, seeing that the health of the population has already been broken down by the war, by the blockade, and during the winter by the aggravation of the blockade of famine. No help however important or extensive would prevent these deaths en masse. Peace would impose on Germany numberless human sacrifices that this year of four years ago a half did not demand of her people (1,750,000 killed, nearly one million dead, victims of the blockade).

CONVICT STRIKE CAUSES STIR IN PENITENTIARY

Prisoners Who Demand Retention of Wyoming Prison Warden Placed in Solitary Confinement by Guards.

RAWLINS, Wyo., (AP)—Every one of the two hundred and eighty convicts at the Wyoming state penitentiary struck yesterday when the state board of charities and corrections refused to reinstate C. L. Martin, former warden. Martin was removed two weeks ago on the allegation that discipline at the institution was poor.

The prisoners late in the day threw down their tools and turned over the power in the prison shift factory. The acting warden, and guards placed the men in solitary confinement today where they will be kept, it is announced, until they agree to work. Members of the board of charities and reform will arrive in Rawlins tomorrow to investigate.

Warden Martin formerly was a minister and school teacher, and had contemplated many reforms at the prison.

THROW DOWN TOOLS
The prisoners late in the day threw down their tools and turned over the power in the prison shift factory. The acting warden, and guards placed the men in solitary confinement today where they will be kept, it is announced, until they agree to work. Members of the board of charities and reform will arrive in Rawlins tomorrow to investigate.

Warden Martin formerly was a minister and school teacher, and had contemplated many reforms at the prison.

PROTEST FILED BY WINNIPEG TO DOMINION

Citizens Denounce Embargo of Mail as Being in Interest of the Strikers and Ask Immediate Resumption.

UNIONS MAKE PROTESTS AGAINST GENERAL STRIKE

Commercial Activities Resume Normal Ways and Only the Postal Service and Street Railways Are Tied Up.

CONCILIATION PROGRAM FAILS AT WINNIPEG

WINNIPEG, (AP)—Efforts to bring about a program of conciliation at a public meeting today of citizens and unions to discuss the general strike which has been in progress here for more than a week, failed today. Mayor Gray closed the meeting with the remark:

"If it is your wish that nothing further be done regarding conciliation, then hop to it. I will see that the law and order are maintained."

Representatives of the employers subsequently declined to meet with a committee of union men to discuss the question of conciliatory bargaining, the employers declaring that the problem of sympathetic strikers must be settled first. It was agreed that a conference committee should be appointed by Mayor Gray in an effort to solve the problems presented by the sympathetic walkouts of public utilities employees, to the manœuvre representatives of the railway brotherhoods endorsed the principle of sympathetic strikes and urged that the question of union recognition be kept in the foreground until it was obtained.

WINNIPEG, (AP)—Winnipeg citizens have transmitted a formal protest to the federal government regarding the embargo on mail to and from Winnipeg as a result of the general strike in progress here. The protest demands that the government resume mail service with Winnipeg immediately.

Unions Not Unanimous

Shortly before the public meeting to discuss the strike situation was called this morning, it became authoritative that the Winnipeg union forces were not unanimous in backing the executive heads of the central strike committee.

Two Unions Protest

Protest has been sent here by heads of at least two local unions to their international headquarters, that certain unions were forced to join the sympathetic walkout despite the fact that such action was not constitutional.

Activities Resumed

Commercial activities were rapidly approaching normal today, except for the postal and street railway. Restaurants opened with non-union men as well as union employees of telephone service was maintained.

CHINESE WILL SIGN TREATY

Celestial Delegates Will Endorse Pact with Definite Reservation as to Rights.

PARIS, (AP)—The Chinese delegation to the peace conference is understood to have reached a decision to sign the treaty of peace with reservations relative to the Chinese and Belgian rights. It is said that this will not affect the treaty as a whole and will preserve the rights of China.

Cite Precedents are cited in which the United States made similar stipulations in treaties before ratifying them.

Hoover Officially Named

"THE FRIEND OF BELGIUM"
LONDON, (AP)—Some time ago the king of the Belgians conferred on Herbert C. Hoover, the founder and first president of the commission for relief in Belgium, the title of Friend of Belgium. To commemorate the conferring of this unique title the Belgian Order of St. John of Jerusalem has issued a subscription for the purpose of offering Mr. Hoover an address which shall be a work of art symbolizing the life which this American managed to maintain in the oppressed country during the German occupation. The Belgian army joined the movement and each unit has sent a subscription. The contribution from the army alone is more than \$3500.

"I thought it my duty, before entering upon a discussion of other details of the treaty, to bring to the knowledge of the allied and associated delegations of this summary expose of the problem of the German population."

"I have at the disposal of your excellency statistical proofs of the above statements."

(Signed) "Brockdorff-Rantzau."

(Continued on page eight)

WEATHER FORECAST

Tonight fair; cooler southeast portion; Saturday fair.

MORGENTHAU FOR MANDATE BY AMERICA

Former Ambassador to Turkey Take Charge of That Country Under League of Nations.

PARIS, (Thursday) (AP)—Henry Morgenthau, former American ambassador to Turkey, has submitted a memorandum to President Wilson concerning the proposal that the United States should become mandatary of Constantinople. It is understood that he favors the inclusion of Constantinople, Anatolia and Armenia under one mandate, as being advantageous for administrative purposes by combining a large section of northern Turkey under one central administration.

The question of mandates for various parts of Turkey is before the council of four and has not been finally settled.

President Wilson's recommendation relative to accepting a mandate for Constantinople will depend largely upon the report of a commission created today for the investigation of Constantinople. Henry Churchill King, president of Oberlin college and Charles B. Crane will be the American representatives and will have colleagues from the allies and associated powers. The commission will leave immediately to study conditions in Turkey.

FINE HAMLETS ARE IN RUINS

Devastated Regions of France Cannot Be Rehabilitated; Explosives Buried in Towns.

PARIS, (Correspondence of the Associated Press).—Investigations by the commission which is examining the devastated regions of France are confirming the previous evidence that many of the beautiful towns and hamlets of the battle area are so totally ruined that they never can be rebuilt. Vaux, of immortal fame, has taken its place in the long list, and the remains of two other historic villages, Douaumont and Fleury, have recently notified their people, who are refugees in various parts of France, that these places cannot be reclaimed. Not only is the soil in such shape that it cannot be cultivated for many years, but the ruined hamlets are filled with hidden explosives and other dangers.

TREE MARKER FOR THE DEAD

Sixty Will Be Planted by Georgetown University for Fallen Soldiers.

WASHINGTON, (AP)—At the commencement on June 16, old Georgetown university will plan and dedicate 60 trees in honor of her graduates who gave their lives in the world war. The trees will be marked by the American Forestry association and registered on the national honor roll being compiled by the association.

An each tree is placed and the marker with the name above and the hero's name will be called out while a Georgetown aviator circles above.

France Grants Fixed Sum to All Enlisted

PARIS, (AP)—Every soldier or sailor who has been called to the colors has a right to an indemnity on being demobilized, or released from service. This indemnity has been fixed by a law of \$50 for every man who has served for at least three months between August 2, 1914, and the date of the signature of peace. In addition to this fixed sum, \$3 will be paid for each month's service.

CONTRACT BEANS
Farmers who wish to contract their bean crops for the season will do well to see P. N. Lyon, at the Rogerson Hotel, Twin Falls. Act quick, as the amount is limited.

GRIP, INFLUENZA

Ward's Wizard Oil a Reliable, Antiseptic Preventive
During influenza epidemics spray the nose and throat several times a day with one part Wizard Oil and two parts water, using an atomizer. If you haven't an atomizer, gargle the throat and snuff the mixture up the nose. This treatment sets up an antiseptic wall of defense against "the germ."
Chest colds and sore throat lead to grip. Stop them at once with Wizard Oil before they can develop into dangerous influenza.
Get it from anywhere for 30c. If not satisfied, return the bottle and get your money back.
Ever congested or have sick headache? Use Ward's Wizard Liver Wholesome little pink pills, 50c at drugists. Guaranteed.

CONTROL TO CONTINUE OPINION OF GARFIELD

Fuel Administrator Says Government Will Supervise Production.

CHICAGO, (AP)—Dr. Harry A. Garfield, United States fuel administrator in addressing the National Coal association today, expressed the opinion that the governmental supervision of business controlling the production of basic raw materials exercised during the war should be continued in some form after peace has been formally declared.

Has No Plan.
He had no definite plan but thought that some arrangement should be worked out whereby capital, labor and the public, represented by a governmental agency should cooperate with the fullest publicity in the coal industry and other lines producing basic raw materials.
Some such method he said would curb the tendency toward radicalism and be for the benefit of industry as well as the public.

GERMAN DELEGATE HEAD RETURNING TO MEETING

Belief Now General That German Will Sign After Making Protest.

VERSAILLES, (AP)—Count von Brockdorff-Rantzau, his colleagues on the German peace delegation who left Paris yesterday for Spa are expected to return Sunday. The remaining German delegation are proceeding with their work in Paris.

Absence Temporary
Newspapers in Paris believe that the absence of Count von Brockdorff-Rantzau and other members of the German delegation, who left yesterday for Spa, will be short. Some regard the departure of the Germans as a means of utilizing the delay in the peace negotiations granted by the peace conference on Wednesday. It is believed that the delegation which left yesterday will confer at Spa preparatory to making a serious decision.

Faith in Public Opinion
The Echo de Paris believes that the German leaders have taken a stand against signing the treaty but that public opinion in Germany is against them and they will retreat and reach a position which will make an agreement with the allies more possible. All the newspapers consider that the departure of the chief of the German peace mission does not indicate a break between the allies and the Germans.

RUSSIANS HELP DEFEAT REDS

Important Victory Gained in Battle on Murmansk Front at Lake Onega.

ARCHANGEL, (AP)—Russian troops cooperating with the allied force on the Murmansk front captured the town of Povenets at the head of Lake Onega on Saturday.

Capture Opens Gates.
The capture of Povenets opens the upper part of Lake Onega to allied forces. Before leaving the town, the Bolsheviks removed all males more than 14 years of age.
On the Vaga river front today a Russian patrol of 100 men broke through the Bolshevik outpost line at Malobereiki, killing 22 of the enemy and capturing 71 with no loss to themselves.

HAWAII HONORS FAMOUS RULER

Observance of Centenary of King of Sandwich Islands at Capital of Territory.

HONOLULU, T. H., (By Mail) (AP)—Gov. C. M. Carter has signed an act, passed by the territorial legislature, appropriating \$6000 for the observance on June 11 of the one hundredth anniversary of the death of Kamehameha I, conqueror of the Hawaiian islands and founder of the Kamehameha dynasty. Pageants which will mirror historic events in the life of the first Kamehameha will be a feature of the celebration.
Kamehameha, a high chief of the island of Hawaii, in a series of wars in the late years of the eighteenth century brought all the islands of the group under his rule and established his capital in Hawaii. It was largely due to his friendly aid and support that the first white traders and whalers were able to get a foothold in Hawaii. This opened the way for the advent of the missionaries and civilization the year following his death.

CHILDREN TESTED IN THOUSANDS OF CITIES

Weighing and Measuring Take Place Under the Children's Bureau; Many Rural Tests

WASHINGTON, (AP)—Weighing and measuring tests of children were held in 16,911 communities during the children's year campaign instituted by the children's bureau to reduce the infant mortality rate. To this total should be added many records coming from rural sections not listed as postoffice. One-third of the total communities having postoffices in the United States hold tests.

Illinois Led Way.
Illinois had the greatest number of cities and towns participating in the campaign—126. Wisconsin led in the actual number of babies measured and weighed as already announced, but the records came from 1065 towns, ranking third in that respect. Iowa was second in the number of communities participating, having 1213 and Ohio was fourth with 944. Indiana came fifth with 785. From far off Hawaii three cities—Honolulu, Hahaione and Tolo—sent records.

The weighing and measuring campaign is being followed up by the work of local committees seeking to make permanent the improvements shown by the tests to be necessary. Many committees are employing public health nurses and providing centers where the poor can obtain free medical advice.

German State Arsenal Shows a Big Deficit

BERLIN, (AP)—The state arsenal at Spandau, which has been shut down by the government, has shown deficits of 35,000,000 marks for the past few months. Estimates for April, May and June indicated a further total operating expense of 60,000,000. Attempts to utilize the gigantic plant for peace production are unsuccessful in its present condition and it will have to be dismantled and re-equipped.
The arsenal, which in peacetime employed 9000 hands and in the past few years engaged 40,000 workers, has since the revolution developed into a hotbed of radicalism. Communist leaders openly worked in the intimidation of other workers, threatening them with boycott and other forms of terrorism. It is stated also that the plant has also been grossly mismanaged which gradually brought on a state of passive resistance and insubordination among workers.

TRAPPERS GET BLOTH IN ALASKAN WILDS

JUNEAU, Alaska, (By Mail) (AP)—

Reports received here last winter from the Arctic coast of Alaska said trappers were reaping big harvests in fox and lynx fur. A trader at Point Barrow at the corner of the continent, is reported to have made a shipment of white fox furs valued at approximately \$15,000.

YANKEE FLOUR IN NEAR EAST

Every Small Port Gets a Consignment Shipped from the United States.

TIGANI, Isle of Samos, Aegean Sea. (By Mail) (P)—No matter at what time in the Near East one's ship touches, he finds that American flour and foodstuffs have been unloaded. Here in the ancient home of Phrygians, the town which once rivalled ancient Athens, there are thousands of refugees driven from Asia Minor during the war by the Turks, with American flour and fish from the Turkish coast their principal means of existence.

Donkey Distributors.
Deck-like Turkish caiques rush out to the American food ships which anchor here at intervals and unload the flour which is distributed on donkey back into the interior of the island. Both Tigani and Vathy, the latter the principal port of the island of Samos, are now well supplied with American staple foods.

Red Cross Supervisors.
American Red Cross representatives, working under the direction of Lieut. Col. Henry W. Anderson of Richmond, Va., see that the food is equitably distributed. Other Red Cross field workers perform a like service on the island of Nikaria.

Long for the Greek.
The inhabitants of Patmos, Leros and Lipo, Greek islands seized a few years ago by the Italians, hope soon to be reunited to Greece. Leros boasts that its inhabitants are direct descendants of the ancient Greeks. The island has changed little from ancient times and the natives are famous for their classic beauty. The island of Samos receives special consideration in the matter of American food for about 10,000 Greek refugees from Smyrna and Asia Minor, driven out by the Turks have been living in distress on the island during the war. With their native muscato wine, olives, oranges, nuts, figs, fresh fish and American food the natives of Samos are now faring not so badly.

Visit Old Folks Home.
Many American soldiers of Greek parentage are now visiting the Greek islands after having fought in France. Red Cross girls recently distributing food to refugees were greeted by a group of American soldiers.

"What are you Americans doing on this far-off island?" the girls inquired in astonishment.
"Oh we've finished up our work along the Rhine," one American Greek replied, "and now we've come back to the homes of our fathers."

DEMOCRATIC PRESIDENT BY SIGN OF HIS ARM

BERLIN. (P)—A German humorous sheet publishes the following grimly significant joke:

"I recently visited a swimming pool in a German capital. The bathing master whispered into my ear: 'Our minister-president is here today.'
"So? Which one is he?"
"That man over there, with the woman's head tattooed on his chest and the anchor on his right upper arm."

KING WOULD SEND MARTEN FROM THE UNITED STATES

Utah Senator Would Also Recognize Government at Omsk as Valid.

WASHINGTON, (P)—Senator King, democrat, of Utah, announced today that upon convening of the senate tomorrow he would introduce a resolution calling on the department of labor to deport L. C. A. K. Martens and other aliens connected with the Russian soviet bureau in New York. The senator declared the bureau was maintained with funds furnished by the Russian Bolsheviks and that its purpose was to promote Bolshevik propaganda in the United States.

World Recognizes.
Senator King also announced that he would introduce another resolution proposing recognition of the all-Russian government at Omsk as the de facto government of Russia.
Admiral Kolchak, dictator of the Omsk government, has been notified by the Paris peace conference that as soon as he has established stable government it will be accorded recognition.

TAKES POLITICAL FLUNGE.
HONOLULU, T. H. (P)—Duke Kahanamoku, world famous Hawaiian swimmer and holder of many records, has entered politics and is a candidate for the republican nomination for supervisor of the city and county of Honolulu, the district including the entire island.

NAMED BOSS FIELD.
WASHINGTON, (P)—The army balloon school at Arcadia, California, has been designated "Boss Field" for Lieutenant Cio J. Ross, killed in France.

OREGON FINDS GREAT ATHLETE

Redmond Boy Makes Marvelous Record in Events at Eugene Meet.

EUGENE, Ore. (P)—A 17-year-old boy, height 6 feet 1 1/2 inches, and weighing 185 pounds became the latest athletic sensation of the Pacific coast when he ran and jumped himself into fame on May 10 by winning single handed, an intercollegiate meet for his institution. Arthur Tuck is his name and he hails from Redmond, Ore.

Tuck thus scored 88 points for his school. The school which placed second scored only 14 points.
In the weight events the schools use a lighter miasle than the colleges so that no comparison is possible.
Figured on the basis of a pentathlon or decathlon all round competition, critics believe that Tuck's performance would be good enough to make him a formidable antagonist for first honors.
Tuck has run the 440 yard in 54 seconds, has jumped 5 feet 11 inches, broad jumped 19 feet 10 inches, and made 137 feet with the discus throw. He catches the pole vault, declaring he can go as high, without a pole as with one.

ABOUT RHEUMATISM.
People are learning that it is only a waste of time and money to take medicine internally for chronic muscular rheumatism, and about ninety-nine out of a hundred cases are one of the other of these varieties. All that is really necessary to afford relief is to apply Chamberlain's Liniment freely. Try it. It costs but 35 cents per bottle. Large size, 60 cents—adv.

BAGGAGE IS ACCEPTED FOR WINNIPEG AGAIN

Usual Passenger Connections Resumed; Provincial Federation to Vote.

DULUTH, Minn. (P)—Charles Skog, divisional freight and passenger agent for the Duluth, Winnipeg and Pacific railroad on his return today to Duluth from Winnipeg, said:
"We were advised today that luggage could again be accepted for Winnipeg, which means resumption of passenger travel and no further inconvenience on transcontinental trips.

Provincial Federation Vows.
OTTAWA, (P)—The Provincial Federation of Labor of Alberta will take a vote as to calling a general strike in sympathy with the Winnipeg strikers, according to information received at the labor department. If a strike is decided on, it will be effective from next Monday. As this would be purely a sympathetic strike, it is probable that should the Winnipeg trouble adjusted no strike order would be issued even the vote should favor it.

Battery Charging and repair work.
Expert workmanship. We invite you to call. D. C. Watson Company, dealers, Twin Falls, Idaho. adv.

GERMAN ACTORS ASK REMOVAL OF MAID OF ORLEANS

BERLIN. (P)—The actors of the municipal theater at Dortmund compelled the management to remove Schiller's "Maid of Orleans" and Kleist's "Prince of Homburg" from the theater's repertoire, on the ground that "the non-

conformity of those plays with the spirit of the age is an insult for modern theater goers, and further because actors cannot be called upon to play roles whose intellectual content is in opposition with the actor's own views."

LIQUID & CAKE
THE CALUMET BAKING POWDER CO. CHICAGO

IT RAISES THE DOUGH

Successful baking is assured when Crescent is used, because it raises first when moisture is added in the mixing bowl, and then again when heat is applied. The result of this double raise is deliciously light, wholesome, and easily digested breads, cakes and biscuits.

Crescent has been the established standard baking powder for a quarter of a century on the Pacific Coast. No better formula has been produced. The Crescent Cook Book is very helpful. Write the Crescent Mfg. Co., Seattle, for a copy. Grocers sell Crescent Baking Powder.

PIE CRUST
—and such pie crust!
Tasty, golden hued, so rich and tender it falls into delicious flakes at a touch. Always a certainty when you use

CALUMET BAKING POWDER
"BEST BY TEST"

The greatest quality value ever offered in a baking powder. It never loses its strength. It can't fail in the slightest degree; therefore, no waste—no disappointments.

The perfect results it gives—the greatest economy—provide the best means of answering the Food Cost question of today—so far as baking goes.

You Save When You Buy It.
You Save When You Use It.

Made in the largest, finest, most sanitary baking powder factory in existence. Try it. You'll see clearly why it's the world's biggest selling baking powder—why it is given preference by leading Domestic Science teachers, millions of housewives. Once used—no other will satisfy.

PIE CRUST FOR ONE PIE
2 level cups of flour
1 level teaspoon salt
1 level teaspoon Calumet Baking Powder
1/2 cup shortening
1/2 cup cold water

How to make it.—Mix together the dry ingredients, work in the shortening, mix to a dough with as little cold water as possible.

Be sure to cut out and paste this recipe in your recipe book for future reference. Of the many thousands of different pie crust recipes, you'll give this "better one" your preference.

NOTE THIS
When you buy a pound of Calumet you get a full pound—16 oz. Some high priced baking powders are now being put on the market in 12-ounce cans instead of a pound. Be sure you are getting a pound when you want it. No short weights with Calumet.

Popular Here—
Sold from Alaska to Australia.

Sweet's RENOWN Chocolates

THE GERMAN WAY OUT.

The information from Paris today to the effect that the peace conference will make minor modifications in the peace treaty in regard to several vital matters, leaves room for the inference that the Teutonic objectors will find a way out. It will take only a very small hole for them to crawl through as they are not nearly as fat as they used to be.

TAXES.

Probably no one is disposed to kick very seriously at his taxes, notwithstanding the amount of money actually necessary to liquidate as they come up the various expenses which these days go with the business of remaining on earth. It is a fact, however, that in the case of some of the various plans designed to keep Uncle Sam in business, it would seem that some simpler form might have been devised to effect the result aimed at.

The income tax law schedule of the average man is a source of wonder which will never grow stale, and apparently the more efforts made to simplify and explain it the more complicated the actual business of filling it out becomes. The people as a whole are growing used to the income tax theory and the vagaries of the present collection system but the so-called soft drink, or luxury tax on soda fountain products in its present form is a thing which no one can grow used to.

In theory, the tax is designed to provide an income to the government upon the various wares sold at the soda counters. So far, on the face of the matter it would seem to be a very simple proposition. The fountain takes in so much money every day; a certain percentage of this must be declared and paid over.

But at this point simplicity ceases and the apparent design changes from that of the collection of a tax to the providing of as much work as possible to the man who pays it.

The collection of the soda tax costs the soda man real dollars. A specially printed sales slip is necessary in most cases to comply with the government plan as to the return. This must not be based upon the day's sales, but upon each item of the day's sales. The figures must be set down in detail every time a sale is made if it only amounts to five cents. At the end of the day the result must be computed and tabulated on the basis of each individual transaction.

The original design was to collect a tax for the government. The working out of the plan goes much farther than this, it not only collects such tax but it supplies several hours extra work each day to the average vendor.

There is no occasion for this. No reason on earth why the tax should not be collected with just about one-fourth the amount of regulation and red tape now surrounding the matter. Nobody objects to the tax itself.

SWIMMER TAKES POLITICAL PLUNGE

HONOLULU, T. H. (By Mail) (AP)—Duke P. Kahanamoku, world famous Hawaiian swimmer and holder of many records, has entered politics and is a candidate for the republican nomination for supervisor of the city and county of Honolulu, the district including the entire island of Oahu.

To "Gossard" a "To Let" advertising campaign you need only set aside—for perhaps a few days—a part of your pocket money.

GERMANS ARRESTED FOR ROBBERING AMERICANS

COBLENZ, (AP)—Eight German railroad employees were arrested recently by American military police in Coblenz and charged with robbing United States army cars of food. One of the men, Gerhardt Croom, was superintendent of the railroad yards in Coblenz, and the others were switchmen. Croom who was taken to the office of the provost marshal by an American private was greatly humiliated by this procedure and protested vigorously. The American military police alleged German railway employees were caught separating food cars from a train arriving at night. Switching a car onto a lonely siding robbing it and dividing the plunder. Afterward the car would be returned to its proper place in the train.

The ads of the stores are news-budgets. They give you facts as to what is happening in the world of merchandising—price trends and actual selling prices. You must keep in touch with store news in order to be able to judge values.

KAHN DEMANDS RETURN OF ALL OUR SOLDIERS

California Congressman Back from Europe and Hard at Work.

WASHINGTON, (AP)—Withdrawal of the entire American army from Europe will be demanded by Representative Kahn of California, chairman of the house military committee when he speaks before the house on his two-months investigation of conditions in the A. E. F. Mr. Kahn returned to Washington today and immediately began organizing the committee. A peace time army of 100,000 men and universal military training will be among the things recommended by Chairman Kahn.

American troops, Mr. Kahn said, he found, liked neither the French nor the British troops, and he reiterated there was no doubt both the latter were beaten when the American army stepped in. Chairman Kahn announced he would

press for the publication of the full terms of the peace treaty at once. The published summary, he declared, was far different than the treaty itself, and he predicted that the American people would "receive a great many surprises when they study it carefully."

MANY TO COMPETE.

SAN FRANCISCO, Cal. (AP)—At least seven universities are expected to be competitors in the Pacific Coast Intercollegiate conference to be held at Seattle on Friday and Saturday, May 30-31. These are California, Stanford, University of Oregon, the Oregon Agricultural college, University of Washington, Washington State college and the University of Idaho. There are 15 events on the program with a possible score of 165 points.

If you can save something, through renting the ads, on half of the things you purchase—what a tidy total of "earned income" this would represent in the course of a year.

Classified Ads are cheap—effective.

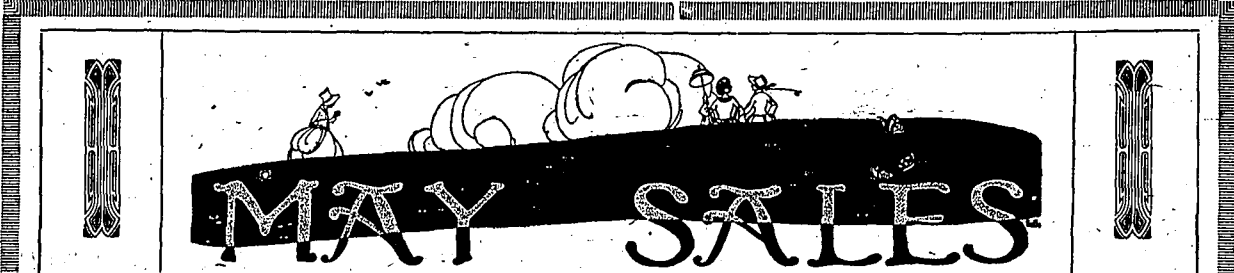

BOLSHEVIKI INSTRUMENTS OF TORTURE ARE EXHIBITED

VLADIVOSTOK, (AP)—Instruments of torture the Bolsheviks are alleged to have used against their victims, have been found by the Perm district inquiry commission according to the government Telegraph agency. They include a chain whip with thick handle, an iron bar which was used to brand prisoners, and a rubber knot.

"Another Package From Booth's" BOOTH MERCANTILE COMPANY

SPANIARD LOSES HIS AUTOMOBILE AND BOOZE LOAD

Jose Eugene Martinez Lodging House Host Faces Charges of Violation of Prohibition Laws in Two Counties.

Arrested on the Shoshone falls grade on the north side of Snake river canyon at about midnight last night by deputies of the Twin Falls county sheriff, Jose Eugene Martinez, proprietor of a rooming house at the corner of Second avenue and Second street south, is a prisoner in the county jail charged with illegal transportation of intoxicating liquor. Three gallons of whiskey and a Paterson car, valued at about \$1200 in which Martinez was carrying the booze, have been confiscated.

Officers Make Collection

Search this morning of Martinez rooms here revealed another quart bottle of the hard stuff, together with two sets of harness, believed to have been stolen, a shotgun, a knife and dagger, were taken up by the officers.

It is probable, it is stated, that Martinez will be held in the county on a charge of illegal possession of booze based on the discoveries of the officers at his room this morning.

If convicted on the charge, after serving the prison term that probably would be imposed, Martinez will be turned over to the authorities of Jerome county, within the boundaries of which he was apprehended last night with the booze cargo.

Sheriff White of Jerome county, at the scene of the arrest last night, requested the officers of this county to look Martinez for a time in the Twin Falls county jail.

MOBE WIRELESS STATIONS.

JUNEAU, Alaska, (By Mail) (AP)—Two new wireless stations, and probably a third, will be in operation in this district this season. One has recently been erected at Funer bay for a packing company and the station at Julian has been put in condition for operation. Another wireless plant at Fort Althrop has been contemplated.

Deaths

Mrs. Ann Kirkman, wife of John Kirkman, of 237 Fifth avenue north, died last night in a hospital in Lake City after a prolonged illness from complications resulting from Bright's disease. The body will be brought to this city tomorrow and funeral services will be conducted at the L. D. S. church Sunday afternoon at 3:30 o'clock.

Mrs. Kirkman, whose maiden name was Jones, was born in Pennsylvania, 70 years ago, and came across the plains to Utah during the "hand-cart" movement in the early '50's. The family settled in Springville, where they lived during the Indian wars and where Miss Jones met her future husband, John Kirkman, who was connected with the scouting service. Later on, the family lived in Glenwood and Salt Lake from which city the Kirkmans came here a little over four years ago.

Mrs. Kirkman is survived by her husband, nine children and 36 grand children.

The children consist of several sons and one daughter living in Twin Falls county, and one daughter, Mrs. Clara Hansen, of Salt Lake City.

Those living here are John M., L. O., George, June, Wallace, Leo and Royal and Miss Lulu Kirkman.

Mrs. Kirkman was a deeply religious woman and was borne up during her long illness by an unwavering faith. She was much beloved by all her friends and neighbors.

MASONS TAKE CHARGE OF FUNERAL SERVICES

Twin Falls Lodge to Conduct Obituaries for Late Hubbard F. Latham, Veteran Member of Order.

Twin Falls lodge, A. F. and A. M., will conduct funeral services at 9:30 o'clock this afternoon at the Methodist Episcopal church at Kimberly for Hubbard F. Latham, aged 86 years, who died at 1 o'clock Thursday morning at his home at Kimberly. Interment will be in the Twin Falls cemetery. Members of the Twin Falls lodge will assemble in the Masonic temple here at 4:30 o'clock this afternoon for the purpose of attending the services.

Mrs. Latham was a member of 45 years of the Masonic lodge, being identified with the Royal Arch Masons, the Knight Templar, Scottish Rite Masons and the Mystic Shrine. It was a member of the Bohemian, Illinois, lodge at which she was a member. Her funeral will take care of the funeral services.

Republicans Unite to Further Measures

Formal Steps Taken by Steering Committees to Expedite Passage of Bills.

WASHINGTON, (AP)—Formal steps for cooperation between senate and house republicans in framing legislative programs were taken today, the senate republicans steering committee appointing a sub-committee to confer with the house republican steering committee. Senators McCumber, North Dakota, and Watersworth, New York, and McCormack, Illinois, were named to represent the senate majority.

Social Notes

The Thursday Afternoon club was entertained at the home of Mrs. R. A. Sutcliffe. The 17 members responded to roll call on "What Women Are Doing in Reconstruction Work," and these topics were discussed. Mrs. Davidson was a guest of the club. At the close of the afternoon dining refreshments were served by the hostess.

The Thursday Bridge club met at the home of Mrs. Paul Johnson on Ninth avenue east. After the game the hostess served most delicious refreshments. Mesdames Jack Shroat and Peter Erickson were guests of the club.

The Kings Daughters met at the home of Miss Marie Steinhorn on Seventh avenue east, Wednesday.

The Penelope club had planned a trip to Artesian City but have postponed it to a later date.

ROBINSONS

SHOES

This is a good place to buy shoes for the whole family, because you will find good shoes here at reasonable prices.

The Knu-Shu is one of the comparatively new ideas in the shoe line. Made from heavy brown canvas. With heels and strong durable soles. A shoe—not a slipper or a make-believe shoe, but a real shoe. One that looks good, keeps the foot in shape and is really worth while and priced most reasonable. Come in and let us show you.

STYLISH SHOES are here as well as the everyday sort. The smart looking pumps and oxfords in canvas, kid and patent leather. Priced reasonable.

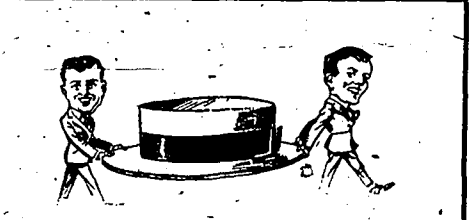

COMFORTABLE SHOES for women who want style and comfort combined. One in particular is a black kid lace that is really comfortable, at the same time good style. Priced low at \$5.00.

A Good Purchase to Make

- 4 Rolls Toilet Paper (Crepe Finish)
- 4 Cakes Palmolive Soap (2 Toilet and 2 Bath)
- One Can Talcum Powder (Palmolive)
- One Box Face Powder (Palmolive)
- All for One Dollar

This store kept prices reasonable during the time prices were soaring in other stores. This policy has been consistently followed. A store where dependable merchandise is carried; where fair treatment is a principle and where confidence is the thing most desired. A store where you can come or send any member of your household with a feeling that "things are right."

Edward Robinson

New Straw Hats in the windows at the Idaho Dept Store

Hats not only in the windows but scores of them on the counters and in the show cases are just aching for a home on somebody's head.

How your head would appreciate a rest from the regular old felt—how light and cool one of these genuine Panamas, or swell South American Bailulukes would feel this summer.

No matter what your ideas are about the style of a Straw Hat we can please you for we've all the new shapes—classy straight brim Alpine shapes, straight brim sailors, turned brim, telescope top hats, etc.

Prices from \$2.50 to \$10.00

WOULD EXTEND POWER LINES OVER COUNTY

Promoters of Mutual Company to Develop Clear Lakes Site After Plans with Altered Situation.

Plans of the promoters of the Farmers' Mutual Power and Light company, being organized to develop the Clear Lakes power site on Snake river north of Buhl, have been altered to eliminate the cost of the irrigation pumping plant at Clover and to provide for the building of three parallel lines, from the proposed power plant to Artesian City.

The withdrawal from the company of some of the stockholders among the residents of the Clover district, coupled with representations of wish for the Mutual company service in the vicinity of Hansen and to the east of that point, has made this change advisable, according to the statement made here Thursday by J. A. Cron, who is assisting D. M. Denton, holder of an option on the Clear Lakes site, in the promotion of the company.

A mass meeting at Maroon on Wednesday night was addressed by Joe Burns of Pocatello in the interests of the proposed Mutual company.

UNMATES TWO MISMATES

Court Hears Three Divorce Cases and Grants Two Divorces

Three cases in which decrees of divorce are sought were heard here on Thursday by District Judge W. A. Babcock. Decrees were granted in the cases of Doris E. Foster against Archie C. Foster and of W. H. McQuarrie against Ada McQuarrie. The case of Nayne Wertbaugher against Howard C. Wertbaugher was taken under advisement. The defendant did not appear in any of the three cases.

DO OUR BEST

Everyone should do all he can to provide for his family and in order to do this he must keep his physical system in the best condition possible. No one can reasonably hope to do much when he is half sick a good share of the time. If you are constipated, bilious or troubled with indigestion, get a package of Chamberlain's Tablets and follow the plain printed directions, and you will soon be feeling alright and able to do a day's work.—adv.

CHOICE OF GOVERNOR GIVES SATISFACTION

Appointment of E. M. Sweeley and L. V. Patch Meets Hearty Approval.

(Special to The News)
NOISE—The appointments made this week by Governor Davis when he selected Everett M. Sweeley of Twin Falls as a member of the public utility commission and Lieutenant Colonel L. V. Patch as adjutant general, thereby shifting A. H. Wilson, who has been serving as adjutant general to the position of inspector for northern Idaho in pure food matters, under J. K. White, commissioner of public welfare, was a shift brought about when it was learned that Lieutenant Colonel Patch desired to keep in touch with militia matters, although it has been reported that Patch was not keen for the position after having been in a class in the public utilities act which prohibits a commissioner from resigning to run for a political office or to become a candidate for any office within a period of two years after his term expires.

It can be said on excellent authority, however, that Governor Davis was more than pleased to learn of the colonel's preference for a military post, because Mr. Wilson desired to vacate the position of adjutant general and go back to the pure food commission work with which he was connected some years ago.

Governor Davis, it is said, is not anticipating anything, but he has always desired to have military arm of the administration made just as strong as the circumstances would permit. If there are internal disturbances during his term of office he will be prepared for them.

Is Well Qualified
In Colonel Patch he has one of the best equipped men in the state. The colonel has served one term as adjutant general and has been brigadier general. He took a lieutenant in the old Second Idaho, the only berth left open in order to go to the Mexican border during the trouble there and later when the regiment was called in to the great world war he left as a captain, was in charge of an artillery regiment and promoted to lieutenant colonel. While he was on the Mexican border his friends at home ran him for republican nomination of lieutenant governor but at the last moment opposition developed and was defeated. Probably Patch has some political scars to pay, but his friends are certain to have no such qualms. The commission on Sweeley of Twin Falls succeeds his fellow townman on the commission, John W. Graham, who resigned to go into the banking business in Nebraska. M. J. Sweeley, father of Commissioner Sweeley, had the refusal of the appointment, but urged the selection of his son, Captain Sweeley. Both are well known in Boise and held in general high esteem.

Excellent hog feed for sale. The Twin Falls Flour Mills. (Adv.)

Announcements

The Twentieth Century club will meet in the park on Tuesday afternoon, May 27, for a picnic. Everyone is to bring lunch, plate, fork and spoon and glass. Ice tea will be served. A silver offering will be taken for the Soldiers' Memorial fund. Come and bring a friend. An excellent time is expected. In the event the day should be stormy, the meeting will be held with Mrs. E. A. Baker, at Benoit apartments.

Suggestion for a Camping Trip
Buy a bottle of Chamberlain's Colic and Diarrhoea Remedy before leaving home. As a rule it cannot be obtained when on a hunting, fishing or prospecting trip. Neither can it be obtained while on board the cars or steamships and at such times and places it is most likely to be needed. The safe way is to have it with you.—adv.

HOLLISTER

(Special to The News)
HOLLISTER—A meeting of the Red Cross was held Thursday and an election of officers held. The officers for the coming year are: chairman, Mrs. E. E. Lawrence; vice-chairman, Mrs. Marion Ray; secretary treasurer, Mrs. G. M. Hill; and the representative of the executive board, Mrs. G. M. Hill. During the usual clothing drive some time ago this division sent in one hundred and sixty pounds of used clothing.

The Eastern Star chapter held a meeting at the Masonic hall Thursday evening to discuss the state convention to be held at Twin Falls next month.

Private Fred Dudley arrived home on Friday to remain permanently after having been stationed for some time post at Camp Lee, Virginia.

Mrs. F. Nunally and son, Fred, are in Twin Falls this week where Fred is receiving medical attention.

J. G. Schwab, returned Saturday from Boise where he spent the past week.

Mr. and Mrs. W. H. Craven and son, Lovitt, and Mrs. Guffitt were shopping in Twin Falls Saturday.

J. Bradley returned Saturday from St. Joseph, Mo., where he was called some time ago by the death of his father.

The graduation exercises of the Hollister school will be held in the high school auditorium Friday evening, May 23. Exercises will be given by the grammar school and a forty-five minute play by the high school.

Art Anderson and family of Filer spent Sunday at the Benito home.

Mrs. A. C. Duffin and children of visiting Mrs. E. E. Lawrence and other friends in town.

A baby girl arrived at the Moon home east of town, last week.

Mr. and Mrs. John Dudley, Jane Dudley and Lora Schwing were shoppers in Twin Falls Thursday.

Mrs. M. Hill of Denver spent Sunday with her son, W. C. Hill and family east of town.

The dance given at the high school auditorium Saturday night by the Hollister neighbors was well attended and everyone reports a fine time.

Mrs. Wm. Spaulding was in Twin Falls Wednesday receiving medical attention.

A baby girl was born to Mr. and Mrs. J. E. Pohlman Sunday.

Mrs. Mitchell is ok the sick list this week and Miss Perchem of Amsterdam is teaching her room.

SERVICE MEN TO MEET FOR BUSINESS AND FUN

Smoker Is Interesting Event Planned for Returned Soldiers.

A business session including the election of delegates to the state caucus to be held in Boise June 25 under the plan adopted by the American Legion at the recent St. Louis national caucus, will be combined with a real meal and program of entertainment affording opportunity for boxing exhibition when the returned soldiers, sailors and marines of the county assemble this evening at the smoker to be given under the auspices of the Twin Falls Service Men's association. Every returned service man is invited and expected to attend.

SCHEDULED LEAGUE GAMES HOLD INTEREST OF FANS

Either Twin Falls or Rupert Must Break Winning Streak Sunday.

The Southern Idaho league schedule for next Sunday provides for the following games: Rupert at Twin Falls, Paul at Filer, Buhl at Burley.

Neither Rupert nor Twin Falls teams have been defeated thus far this season. Rupert claiming victories over Paul 7-4, and over Buhl 11-10, while Twin Falls has twice defeated Filer 1-0 and 10-0. Interest on the part of local fans in the forthcoming meeting of those teams as a result of which one is bound to take a second place, is increased by the announcement of the plans of the Benito fans to run a special train here for the game.

Burley won from Buhl 6-5 in the final game of the season played at Burley.

Either Filer or Paul, both short ends thus far, will emerge from next Sunday's game with a win to its credit. Paul lost to Rupert 7-4, and to Burley, 9-7.

PAINT UP!

This is brighten-up time, you know. Even Nature is at it—every opening bud and gay flower is part of Nature's brightening up. So why not PAINT-UP to be in harmony with your surroundings. We are ready to help you with our full line of

Sherwin-Williams Paints

We have a particular paint or varnish for every purpose.

For Houses

For the best possible results in house painting, use Sherwin-Williams Paint, Prepared. It will cover more surface, look better and wear longer than any other paint.

For Floors

A splendid paint for inside floors is the S-W Inside Floor Paint. It dries overnight with a good gloss and will stand hard wear.

We have the ideal Floor Varnishes that will not scratch or mar and that will prove satisfactory under footwear.

For Walls

S-W Flat Tone is the last word in interior finishing—it is durable, sanitary, artistic and economical.

We also have Murexco in white and tints for beautifying walls and ceilings.

TRAINED NURSE NOW TESTIFIES

Says She Feels Made Over Since Taking Tanlac—Gains Nine Pounds.

Mrs. F. O. Forrester, a trained nurse residing at the Grand Central Hotel, Denver, Colo., is but one of this high profession who have testified to the merits of Tanlac. Mrs. Forrester recently said:

"I had been in miserable health seven years, suffering from indigestion. Everything I ate would sour and even cold water would cause me much distress. The pain in my chest and about my heart were almost unbearable at times and I suffered terribly from neuralgia. I would have vomiting spells daily and for three months could not retain a thing on my stomach but oatmeal. Often at night I would wake up feeling like I was smothering, to death and would have to get up out of bed and stand on my feet a while to get my breath.

"One of my friends who knew of my awful condition and who had been benefited by Tanlac advised me to try it. I did so and my relief has been remarkable. Really I feel like I have been made over again. I have already gained nine pounds in weight and intend to keep on taking Tanlac as long as it does me as much good as it is now."

Tanlac is sold in Twin Falls by City Pharmacy, by Rogerson by Thompson Drug Co., in Murtaugh by Murtaugh Drug Co., in Filer by A. B. Wood, in Huhl by C. D. Boring Brothers Co., and in Kimberly by A. L. Stowe—adv.

DR. FREDERICK E. SNOOK desires to announce that he resumed the practice of dentistry and is now located in his new office in the Snow Bldg., 223 Shoshone St. N., Twin Falls, Idaho.

SALMON RIVER CANAL COMPANY, LTD., NOTICE OF CLOSURE AND DELIVERY

To Water Users:

Water deliveries will begin Monday, May 20th, for the irrigation season of 1919.

The first allotment for the season is made at one acre foot per acre for each share on which maintenance charges have been paid in full, the water delivered to be put to beneficial and economical use. An additional allotment may be made later should the run-off for June justify.

This allotment is based on an anticipated demand for water on 45,000 acres. The present indications are not favorable for a total allotment of to exceed 15 inches per acre, and it is possible that it may not reach that amount.

With ordinary weather conditions the first run will probably continue about three weeks. Crop and weather conditions will determine the time when the second delivery will be made, but it will probably be in the latter part of June and the month of July. It will continue until each person has received his allotment and the head in the reservoir is so low that no further allotment or delivery can be made.

Orders for water should be placed with the riders as soon as possible. Deliveries will be made at any reasonable rate that may be requested, subject to the carrying capacity of the system.

J. C. PORTERFIELD, Superintendent.

Hollister, Idaho, May 20, 1919. adv.

NON-RESIDENTS GET INCOME TAX FILING EXTENSION

WASHINGTON, (AP)—Non-residents, including returning soldiers will have 30 days after the proclamation of peace for filing tax returns. The extension was announced today by International Revenue Commissioner Roper.

Advertisement in the Classified columns of the News. Somebody will want it.

One Armed Golfers to Hold a Tournament

LOS ANGELES, Cal., (AP)—A tournament for one-armed golfers is being arranged here.

A number of men who golf with one hand, either because that is the way they naturally play the game, or because they have learned to play with one hand after becoming crippled, play over the Los Angeles municipal links in Griffith park.

"Bill" Jones, the starter at the city links, has made that course in 82. He is highly interested in the plan for a tournament to settle the matter of supremacy among one-armed golfers.

British Officer in It

Capt. A. F. Sutton, a British officer, who recently caused a sensation at Del Monte, Cal., where he made the 18 holes in 84 has only one arm.

Morris Phillips, who lost one arm as the result of the accidental discharge of his rifle, went over the course of the San Gabriel Country club, near here and played over the Griffith park links in 79.

The late Charles E. Van Loan, famous short story writer, was an excellent golfer, although he played with only one hand because of an accident to the other.

If you know what's advertised today you know what to buy to-day—where to find it—what it will cost.

TO TRADE—Franklin 1918 five passenger car for income property. Box 670, Twin Falls.

STATE OF IDAHO, COUNTY OF TWIN FALLS—ss.

CITY OF TWIN FALLS.

Notice is hereby given, according to law and the provisions of Chapter 409, Idaho Session Laws, 1918, and Ordinance No. 251, of the City of Twin Falls, in the County of Twin Falls, in the State of Idaho, passed and adopted by the City Council thereof, and approved by the Mayor thereof, April 28th, 1919, that all qualified electors in said state, who shall have resided within the limits of said city for three (3) months preceding the Special Municipal Coupon, Intersection, Bridge and Sewer Bond election, to be held at the polling places in said city designated as follows:

Ward No. 1: The office of the Overseer of Streets in the City Water Works Building, at the corner of Second Avenue North and Second Street North, in the City of Twin Falls, Idaho.

SNOW FLAKES

Good With Cocktails

One good dish deserves another. Oyster or fruit cocktails are delicious dishes. Snow Flakes are delicious crackers. Combine the two and you have a most enjoyable course. Don't ask for crackers, say Snow Flakes.

Your grocer can supply you.

SNOW FLAKE SODAS

"Listen!" says the Good Judge—

"And remember it, too."

The better the quality of your chew, the more you'll enjoy it.

You'll get more out of your tobacco money, too—you'll save part of it for something else. A small chew of this quality tobacco tastes good—and it lasts and lasts.

THE REAL TOBACCO CHEW
 put up in two styles

RIGHT CUT is a short-cut tobacco
W-B CUT is a long fine-cut tobacco

DOINGS OF THE VAN LOONS

IF WOMEN WOULD ONLY KNOW HOW RICH THEY ARE THEY'D HAVE TO LAUGH AT THEMSELVES.

IF THE WOMEN WOULD ONLY KNOW HOW RICH THEY ARE THEY'D HAVE TO LAUGH AT THEMSELVES.

IT'S RICH THE WAY THE WOMEN DRESS! IT'S RICH THE WAY THE WOMEN DRESS! IT'S RICH THE WAY THE WOMEN DRESS! IT'S RICH THE WAY THE WOMEN DRESS! IT'S RICH THE WAY THE WOMEN DRESS!

YES, WHY DON'T THEY?

YOU'RE RATHER A NEW MEMBER BUT I'LL LET YOU IN ON THE WORK, SMART!

THAT'S THE VAN WINKLES' DRESSING ROOM!

THE KING COMMANDS!

YOUR ORDERS SHALL BE EXECUTED!

SUFFRAGE BILL HALTED BY THE SENATE ACTION

Alabama Senator Insists That It Go to Committee for Elaborate Hearing; Johnson Would Push It.

WASHINGTON, (AP)—Efforts to expell passage of the woman suffrage constitutional amendment resolution in the senate, sending it to the calendar, failed today through objection of Senator Underwood, democrat of Alabama, an opponent of the measure.

When the resolution was received from the house Senator Johnson, republican of California, asked to have it read twice and then sent to the calendar in compliance with the rules. Senator Underwood asked however, that it go to the committee so it might first be carefully considered.

ALLIES STAND BY TEXT OF THE CONDITIONS GIVEN GERMANY'S DELEGATION

(Continued from page one)

Allied Powers File Their Answer

The reply of the allied and associated powers, approved by the council of their principal members, was made public. It reads as follows:

"The allied and associated powers have received and have given careful attention to the German proposals submitted by the German government to examine the economic conditions of the treaty of peace. This report appears to contain a very inadequate presentation of the facts of the case, to be marked in parts by great exaggeration and to ignore the fundamental considerations arising both out of the nature and the results of the war, which explains and justifies the terms that it is sought to impose.

The German note opens with the statement that the industrial resources of Germany were inadequate before the war for the nourishment of a population of 67,000,000, and it argues as though this were the basis for a population with diminished resources she will be called upon to provide.

Population Reduced
"This is not the case. The total population of Germany will be reduced by about 6,000,000 persons in the non-German territories which it is sought to transfer. It is the needs of this smaller aggregation that we are called upon to consider.

The Tonnage Provision
"Complaint is made in the German note that Germany is required to surrender her merchant tonnage, existing or in course of construction, on a prior claim in favor of her shipbuilding capacity for a limited term of years. No mention, however, is made of the fact that considerable portion of the smaller tonnage of Germany is left to her unimpaired; and it seems to have entirely escaped the notice of her spokesmen that the sacrifice of her foreign shipping is the inevitable and necessary penalty imposed upon her for the ruthless campaign which, in defiance of all laws and precedent, she waged during the last two years of the war upon the mercantile shipping of the world.

In return for the twelve and three-fourths million tons of shipping sunk, it is proposed to transfer four million tons of German shipping. In other words, the shipping which it is proposed to take from Germany constitutes less than one third of that which was actually destroyed.

Universal Shortage
"The universal shortage of merchant shipping, in the result of the terms of peace, but of action Germany has no surprise can reasonably be felt if she is called upon to bear a share—and it is a very moderate share—of a loss for which her own criminal deeds have been responsible.

"Great stress is laid on the proposal that on the eastern side Germany shall be deprived of the regions specially suited to the production of wheat and potatoes. This is true. But the note fails altogether to observe that there is nothing in the peace treaty to prevent either the continued production of these commodities in the areas in question, or their importation into Germany. On the contrary, the free admission of these products of the eastern districts is provided for during a period of three years. Moreover, it is fortunate for Germany that those regions have lost none of their productivity owing to the ravages of war. They have escaped the shocking fate which was dealt out by the German armies to the corresponding territories in Belgium and France on the west, and Poland, Russia, Rumania and Serbia on the east. There appears to be no reason why their produce should not continue to find a market on German soil.

The Phosphate Dispute
"Stress is laid upon the proposed restrictions of the import of phosphates. It is, however, forgotten that Germany has never produced, but has only imported the phosphates of which she stands in need. Nor is there anything in the terms of peace which will prevent or hinder the import of phosphates into Germany in the future. Other countries which do not produce phosphates are also compelled to import them in common with many other products from the outside; and the only difference in the two situations will arise from the relative degree of wealth or impoverishment of the countries concerned.

Reply Regarding Coal
"The German note makes special complaint of the deprivation of coal, and asserts that merely curbing the production of the existing coal mines will

be lost. But it omits to notice that one-fourth of the pre-war consumption of German coal was in the territories which it now is proposed to transfer. Further, it fails to take into account the production of lignite, 80,000,000 tons of which is derived from the transferred territory. Neither is any reference made to the fact that the output of coal in the non-transferred districts was rapidly increasing before the war and that there is no reason to doubt that under proper management there will be a continuing increase in the future.

Germans to Blame
"But should not the coal situation be viewed from a different and wider standpoint? It cannot be forgotten that among the most wanton acts perpetrated by the German armies during the war was the almost complete destruction by her of the coal supplies of northern France. An entire industry was obliterated with a calculation and savagery which it will take many years to repair. The result has been a grave and prolonged shortage of coal in central Europe. There can be no reason in equity why the effect of this shortage should be borne exclusively by the allied nations who were its victims, or why Germany, who deliberately destroyed the coal supplies for the efficiency, should not, to the full limit of her capacity, make it good.

Not Unfair Condition
"Stress is also laid upon the hardships alleged to be inflicted upon Germany by the necessity of importing in the future iron ores and zinc. It is not understood why Germany should be supposed to suffer from conditions to which other countries contentedly submit. It would appear to be a fundamental fallacy that the political control of a country is essential in order to procure a reasonable share of its products. Such a proposal finds no foundation in economic law or in history.

"The allied and associated powers cannot accept the speculative estimate presented to them in the German note on the future condition of German industry as a whole. This estimate appears to them to be characterized and vitiated by palpable exaggerations. No notice is taken of the fact that the economic disaster produced by the war is widespread and indeed, universal. Every country is called upon to suffer. There is no reason why Germany, which was responsible for the war, should not suffer also.

Contradictory Contentions
"Similarly as regards the population of the future, no reliance can be placed on the data which are contained in the German note. On the one hand, it is sought to prove that emigration from Germany will be necessary but that few countries will receive the intending immigrants. On the other hand, it is sought to show that there will be

a flood of Germans returning to their native land and live under the conditions which have already been described as intolerable. It would be unwise to attach too much weight to either speculation.

Assertions Are Bosh
"Finally, the German note rashly asserts that the peace conditions will logically bring about the destruction of 'mass' in original several millions of persons in Germany. In addition to those who have perished in the war or who are alleged to have lost their lives in consequence of the blockade. Against the war losses of Germany might very fairly be placed the far greater losses which her initiative and conduct of the war have inflicted upon the allied countries and which have left an irremediable mark upon the manhood of Europe. On the other hand, the figures and the losses alleged to have been caused by the blockade are purely hypothetical. The German estimate of future losses could be accepted only if the premises upon which it is presumed to rest are accepted also.

Declaring Fallacious
"But they are entirely fallacious. There is not the slightest reason to believe that a population is destined to be permanently disabled because it will be called upon in future to trade across its frontiers instead of producing what it requires from within. A country both can become and can continue to be a great manufacturing country without producing the raw materials of its industries. Such is the case, for instance, with Great Britain, which imports at least one-half of her food supplies and the great preponderance of her raw materials from abroad. There is no reason whatever why Germany under the new conditions should not build up for herself a position both of stability and prosperity in the European world. Her territories have suffered less than those of any other continental belligerent state during the war. Indeed, so far as pillage of devastation is concerned, they have not suffered at all. Their remaining and untouched resources, supplemented by the volume of import trade, should be adequate for recovery and development.

Furnishes Real Relief
"The German reply also ignores the necessary relief that will be caused by her people in the struggle for recovery by the enforced reduction of her military armaments in future. Hundreds of thousands of her inhabitants, who have hitherto been engaged either in training for armies or in producing instruments of destruction will henceforward be available for peaceful vocations and for furthering the industrial productivity of the nation. No result should be more satisfactory to the German people.

Should Realize Conditions
"But the first condition of any such

recuperation would appear to be that Germany should recognize the facts of the present state of the world, which she has been mainly instrumental in creating, and realize that she cannot escape unscathed. The share which she is being called upon to bear of the economic calamity that has befallen the world has been apportioned by the victorious powers, not to her deserts, but solely to her ability to bear it.

All Suffer Great Loss
"All the nations of Europe are suffering from losses and are bearing and will continue to bear burdens which are almost more than they can carry. These burdens and losses have been forced upon them by the aggression of Germany. It is right that Germany, which is responsible for the origin of these calamities, should make them good to the utmost of her capacity. Her hardship will arise not from the conditions of peace, but from the acts of those who provoked and prolonged the war. Those who were responsible for the war cannot escape its just consequences."

Today's Markets

Chicago Market
CHICAGO, (AP)—(U. S. bureau of markets)—Tog receipts 20,000; opened about 10c lower, but weakening, and mostly 15 to 25c lower than yesterday's average; early top \$20.75; bulk \$20.30 @20.60; heavy weight \$20.30@20.60; medium weight \$20.25@20.60; light weight \$20.20@20.55; heavy packing sows, smooth \$19.75@20.15; packing sows, rough \$19.25@19.60; pigs \$18@19.50.
Cattle receipts 3,000; beef steers and butcher steers, steady to 15c higher; calves strong; stockers and light weight feeders steady; beef steers, medium and heavy weight, choice and prime \$15.90@16.25; medium and good \$13@10.15; common \$11.50@13.25; light weight, good and choice \$13.25@16.25; common and medium \$10.50@14; butchers' calves \$5.25@14.75; cows \$9.15@14.50; canners and cutters \$6.40 @8.15; veal calves, light and handy weight \$15@18.50; feeder steers \$10.25 @14.75; stocker steers \$9.25@13.50.
Sheep receipts 4,000; market generally steady to strong; lambs, 84 lbs. down \$13.25@15.25; 85 lbs. up \$12.75 @19; culls and common \$9@12; spring \$17@18; yearling wethers \$11 @13; ewes medium, good and choice \$9.75@11; culls and common \$4.50@9.50.

Omaha Market
OMAHA, (AP)—(U. S. bureau of markets)—Hog receipts 10,500; market 15c lower, closing 20c lower. Top \$20.55; bulk \$20.20@20.40; heavy weight \$20 @20.55; medium weight \$20.30@20.50;

\$50.00 PER ACRE PROFIT
45 acres one mile from Twin Falls, all in cultivation. Three room house, cistern, fence, etc. Should easily sell for \$250 to \$275 or more before fall and we believe there is a profit of at least \$50 per acre within six months.

Boyd Hospital LABORATORY
Twin Falls, Idaho
Established 1905
A new department of the hospital, fully equipped to lend valuable aid toward making a diagnosis.
Without a proper diagnosis, no disease can be properly treated.
Diseases, such as typhoid, syphilis, malaria, tuberculosis, meningitis, influenza, obscure diseases of the blood and nervous system, Bright's disease, and cancer, can be diagnosed by laboratory tests alone.
In nearly every disease known, valuable diagnostic, as well as prognostic aid can be given by careful examination of the blood, urine, sputum, gastric contents, specimens of tissue, such as cancerous and tuberculous glands, bacterial examinations of pus, spinal fluid contents, and inflammatory exudates, such as pus in the lung, etc.
No disease is of such minor importance that the patient is not justified in demanding every means toward an accurate diagnosis.
