OFFICIAL TEXT IS REFUSED BY THE PRESIDENT

Wilson Declines to Agree to the Publication of Document Until It Has Been Finally Completed.

SENDS MESSAGE TO SENATOR HITCHCOCK

Declares That He Has Pledged Faith with Other Great Powers; Urges Strict Investigation of Premature Publicity.

WASHINGTON, (AP)—President Wilson in a cablegram received today by Senator Hitchcock demurred on the president's investigation by the senate foreign relations committee of how copies of the peace treaty reached private interests in New York.

The president said he had felt it was highly undesirable officially to communicate the text of a document which is still in negotiation and subject to change, and that anyone who had possession of the official English text "has what he is clearly not entitled to have or to communicate."

Text of the Message

The president's message transmitted through the White House and read by Senator Hitchcock met today to plan his investigation, following the receipt of the message.

Investigation to Begin. WASHINGTON, (AP)—The foreign relations committee of the senate was called together by Chairman Lodge today to formulate its action.

Appointment of a sub-committee to do the actual work of calling and questioning witnesses was the principal subject to come up at the meeting.

In its investigation of how copies of the peace treaty reached New York, the senate foreign relations committee today subpoenaed Jacob Schiff, Thomas F. Lamont, H. P. Davison, Paul Warburg, J. P. Morgan and Frank A. Vanderlip.

The committee also adopted unanimously a motion by Senator Fall, republican of New Mexico, inviting acting Secretary Polk to appear as a witness and to take part in the inquiry by cross-examining witnesses and otherwise.

WAR IN IRELAND LOOMING UP

Walsh and Dunne in Supplementary Report Emphasize Danger of Situation.

PARIS, (AP)—Guerrilla warfare of a character which is likely to develop into a general conflict is now going on in Ireland, it is declared by Frank P. Walsh and Edward P. Dunne, in a supplementary report which they have forwarded to President Wilson regarding conditions in Ireland.

PEACE MEANS SETTLED STATE THINKS HOOVER

Europe Finances Will Speedily Recover from Condition Where It Must Be Fed Without Working in Payment.

PARIS, (AP)—"This sort of economic delirium tremens will end with peace," said Herbert C. Hoover, chairman of the inter-allied food commission, today, in discussing the situation in Europe and the need of financing different nations. Asked for a statement as to the financial requirements of Europe from the United States, during the next year, he said:

"Any statement is promised upon peace and the return of Europe to work. I do not take it we will finance more war in Europe, directly or indirectly, nor that we will provide money to enable the people of Europe to live without work or to work part time, as at present. This sort of economic delirium tremens will end with peace. Credit situation is not serious."

"The amount of credits from the United States to Europe during the year after peace, revolves around the inability to pay for (a) raw material, machinery and tools, (b) food, (c) currency organization, and (d) interest on money borrowed from our government."

"The volume of financial assistance needed and the solution therefore, varies with the situation in each state. Neutral states are flourishing and need cause no concern. Rumania, Greece, Serbia, Bulgaria, Arabia, Turkey, except Armenia; Portugal, Greece and Hungary will be virtually self supporting. In fact, some of them are able to export food and other commodities."

Short on Fats
"Poland and the Baltic states will produce almost enough bread, grain and vegetables for their own people but will be short of fats. Czechoslovakia, Belgium and Finland have a larger import problem or they always require breadstuffs, meats and fats. They must have working capital to reorganize their currencies, provide raw material and meet the food problem for a while. The situation in most of these states are simple when compared to the larger European nations and the world will be astonished with their recovery if they have peace."

Half Billion Needed
"I feel that something like half a billion dollars assistance from the American government, may be needed to join with the other allies in the reorganization of the currencies of the new states and to take care of some particularly acute and otherwise unworkable situations."

"On the other hand, much larger sums will be required from the Allies in order to secure that the private credits to governments, and especially to individuals, should be established. We may have some further political revolutions in Europe because the social pendulum has not reached the point of stability in some spots, but in my view the greatest danger of the red terror and destruction by Bolshevism has been greatly mitigated, and will have actually passed in some countries on the signing of peace."

WILLARD TAKES COIN FROM SUNDAY VISITORS
Doubles Charges and Makes Goodly Sum; Dempsey Re-fuses to Boost Admission.

TOLEDO, O., (AP)—Jesse Willard today began the second week of serious training for his heavyweight championship fight with Jack Dempsey. He July fourth the champion plans to increase his boxing limit. He reached the twelve round limit, the distance he is to travel against his youthful challenger.

There are criticisms because the champion doubled prices of admission yesterday to visitors to his training camp. The champion charged fifty cents, instead of ten cents as on week days, and receipts were \$2,084, about double the cost of training expenses for a week. Dempsey declined to take advantage of the Sunday through and charged the customary 25 cents. There were 1,600 paid admissions at the Dempsey camp.

RESTRICTION REMOVAL HELPS BRITISH TRADE

Idle Gotton Mills Again Get Busy and Begin Exporting Goods Abroad.

BERLIN — (Correspondence of the Associated Press) — A huge meeting was held here the other day to protest against the efforts to strip Berlin of its status as a capital. Mayor Werthmann and several other political leaders are working for a return to normal conditions and a city of the future. Despite its present smutliness, crime and disorder, they said, Berlin will regain its reputation as the cleanest, safest and best governed city in the world. Werthmann said that further disturbances would bring agony, and urged all to work to improve conditions.

Considered Black Sheep
Sydicus Willner admitted that Berlin never was popular, especially in Germany, and that "Berlin is considered a black sheep among German cities." He explained that its position necessitated the presence of good, bad and indifferent.

Dr. Max declared that Imperial Berlin had closed itself with lonely buildings and senseless monuments. "The real Berlin is hidden behind these pretentious characterless things but now back in working order, it is a city of art without parallel," he declared.

BERLIN LEADERS DESIRE CAPITAL

Protest Against Suggested Change Voiced by People at Meeting.

LONDON, (AP)—After having kept their mills idle since April 10, most of the Lancashire spinners of American cotton resumed activity on April 28. The 100,000 operatives affected are now working.

Nothing, says the American Chamber of Commerce in London, has brightened the outlook in Lancashire so much as the government's recent removal of the quantitative restrictions on exports to the European neutrals and the abolition of the blacklist for those countries.

Holland Takes Goods.
Holland, for instance, was in peace time, second only to Germany as Lancashire's best yarn customer, and it is now expected that millions of dollars worth of Lancashire piece goods and yarns will be absorbed by the Dutch, Danish, Norwegian, Swedish and Swiss markets.

Considerable yarn contracted for long ago and at much lower prices has been held up by the restrictions. The American Chamber in London understands that to cover such cases the Dutch were buying the English yarns have recently come to an agreement that an increased from 1d (2 cents) to 3d (6 cents) per pound over contract prices shall be paid to the spinner when the yarn is shipped.

Perishable Freight Charges Taken Up

WASHINGTON, (AP)—Investigation of proposed new tariff and regulations on the shipment of all classes of perishable freight was ordered by the interstate commerce commission today at the request of the director general of railroads who has had the new regulations under discussion with representatives of producers and shippers in the country. Examiner R. C. Marshall was assigned to hold hearings at Los Angeles July 7, Portland July 16, Denver July 23.

GERMAN COURT TO TRY THOSE WHO BEGAN WAR

Questions of Responsibility for Starting Prolonging and Losing Struggle to Be Presented to Tribunal in Berlin.

BERLIN, (AP)—The constitutional convention has completed its creation of a bill creating a state court which would try those accused of starting, prolonging and losing the war. It will be presented in the national assembly soon.

The measure provides for a committee of 15 members of the national assembly to investigate the political and military leadership of the country prior to and during the war, and requires the government to produce documents needed at the projected trial. The court would be composed of fifteen members. The accused would be permitted to have counsel and would be given the privilege of testifying. Deliberations of the court would be secret and there would be no appeal from its verdict.

"The people demand an explanation as to who is guilty for the war, why it was not ended earlier and whether the fearful result could not have been partly or wholly avoided," says a statement which will accompany the bill when it is presented to the national assembly.

Action of Council of Three Caused Great Commotion in Chinese Seaport of Amoy.

AMOI, China, (AP)—All business has been suspended and the schools have been closed in this city as a protest against the arrest of students in Peking following disorders which resulted from announcements of the action of the council of three at Peking relative to Shantung and Kiao Chau.

Key Industry of Germany Discovered

LONDON, (AP)—The secret of another German key industry has been discovered, the manufacturer of artificial mother of pearl. J. H. W. Dew, a Fellow of the Royal Society of Arts, found the process after much patient experimenting.

Dr. Dew was engaged during the period of the war in reconstructing, step by step, the method of manufacture.

Artificial mother of pearl is used for making fancy buttons, dress trimmings and many other articles. Before the war most of it came from Germany.

Why Boiling Points are the best Test of Gasoline. You get the power to run your engine from the combustion of your gasoline—its vaporizing or conversion into gas. Your gasoline begins to vaporize at its lowest boiling point and continues to do so at each succeeding higher boiling point. If it only has low and high boiling points and no connecting links of vaporizing or boiling points, then you have a broken power chain. Like a stairway minus several steps between the top and bottom steps. You can only find the continuous chain of boiling points necessary for easy starting, smooth acceleration, power and speed; from a straight-distilled gasoline. Conoco Gasoline is just that and nothing else. Look for the Continental Soldier Sign. Sunday's Games
 Paul 15, Twin Falls 3.
 Filer 4, Burley 9.
 Buhl 0, Rupert 5.

Paul, playing here Sunday, won from Twin Falls by a score of 15-3. His second out of six games, while the locals lost the second out of the half dozen games played in the league this season.

Williams, the first man to hit, wallowed the first ball pitched by Tadlock, and thereafter Paul met Tadlock and Oliver who replaced him at the beginning of the seventh frame, for a total of hits.

Moeller pitched for Paul until the sixth inning when he was relieved by Groschner.

Paul put over two runs in the first period. Twin Falls stock looked up the fourth when Thompson knocked one over the fence scoring himself and Watson, on bases through a fielders choice. Paul came back in the fifth with two more runs, adding four in the sixth and five in the seventh, with two more in the ninth for good measure.

Twin Falls players attribute their defeat principally to the fact that Paul, who seems to be the only catcher who can hold Tadlock's delivery successfully, is out of the game with a broken thumb received in the Burley game a week ago.

Following is the box score:

Protects Nicaragua from Proposed Attack

WASHINGTON, (AP)—With a substantial marine guard in Nicaragua and a warship on each coast, the United States is prepared to protect that country from invasion by Costa Ricans. It was learned today from official sources. No action is expected, however, pending the outcome of an investigation now being made by the state department.

SWEELLEY GOES TO WASHINGTON

More Idaho Representatives Called for to Aid Reclamation Bill.

Former Senator M. J. Sweeley of Twin Falls, who with former Representative R. M. McCracken and Frank J. Hatzenbuehler has been designated as a representative of Idaho at Washington in the interests of the Lane reclamation bill, expects to leave for the national capital on this mission as soon as he can arrange affairs here to permit of the trip.

A copy of the telegram sent Saturday by President S. E. Brady and Executive Secretary Fred B. Reed of the Idaho Reclamation association, to L. F. Bracken, secretary of the local association and to associations in other counties announcing the naming of additional Idaho representatives to go to Washington is as follows:

"The battle is on in Washington. Secretary Lane is bitter and \$200,000 for reclamation is now under fire. Governor Davis and former Governor Gooding, representing the Idaho Reclamation association for Idaho are both in Washington helping Mr. Lane. Governor Gooding wires today or more representatives for Idaho. Former Congressman McCracken, M. J. Sweeley and Frank J. Hatzenbuehler are going at once. Next week former Governor Hawley and B. P. Shawhan will go, and more later. The association needs money at once to pay expenses of these delegates and others."

HEAD OF STATE MASONS ILL FROM HEART ATTACK

Andrew Lounsbury of Albion, grand master of the Idaho Grand Lodge, A. F. and A. M., is a patient in a local hospital suffering from an attack of heart disease with which he was stricken while on the train returning from Long Beach, California, where he spent the winter. Mr. Lounsbury's condition was so serious when the train reached Burley that it was deemed inadvisable for him to attempt the trip to Albion and he was brought on to Twin Falls.

MEXICANS BOUND OVER

Frank Gulien, charged with committing a statutory offense, and Lino Martinez, charged with perjury, in connection with the case of Amy Fairchild, aged 16 years, of Burley, who left home May 31 under mysterious circumstances and was found later employed as a domestic in a Mexican family in Salt Lake, were bound over for trial in the district court after a preliminary examination Saturday before Justice of the Peace George Wintuburn in Burley. The defendants were arrested in Twin Falls. E. V. Larson of Twin Falls appeared as attorney for the defendants.

ROBINSONS

SMOCKS

Perhaps no one thing in women's wear is more in favor at this present time than this new and useful garment. They are being worn very extensively in the larger cities and as they are peculiarly adapted to this section with its cool mornings and evenings they should meet with ready sale here. Those shown here are smart looking and come in a wide range of colorings and styles, priced from \$3.50 to \$8.50.

Middies

When I say that you will find Jack Tar Togs here, it means middies and dresses made of good quality material, full cut, well made, and in styles most in demand. I need hardly add that the prices are right.

Children's Wash Dresses

I wish I could fully describe to you the wonderfully clever line of children's dresses carried in this store. From the daintiest and quintest dimities and swisses to the smartest things in gingham, pongees and other materials, takes one over a long range, and it is worth one's time to look them over even if a purchase is not contemplated. I want you to feel free to come and look. Perhaps you have material and would like some ideas. Come and look just the same.

Women's Wash Dresses

This season is undoubtedly the greatest one for all kinds of wash dresses for both street and home wear that has ever been known, and in keeping with the policy of this store of having the newest and best, the stock of gingham and percale dresses that is being shown here combine style, variety, good quality and fit, and with prices that are reasonable, ranging from \$2.69 to \$6.48.

House Dresses

I may be pardoned for saying that the sale of house dresses in this store is such as to lead me to think that I carry a stock better suited to the needs of the trade hereabouts than other stores.

Every consideration is given when making selections to see that quality, style and workmanship is combined in each and every garment.

The Barmon house dresses combine all the features mentioned above, with the added features of adjustable waist band, arm shields and adjustable bottom hem.

Prices are so reasonable on house dresses sold in this store that it hardly pays one to buy material and make them.

It's time to change Hobby-Horses

Too many Twin Falls men have ridden the custom tailor hobby-horse too long.

They have gone galloping by this store with never a thought of investigating ready-to-wear clothes—making progress. They have been chasing an idea, thinking it was an ideal.

They have consistently overlooked the fact that

HIRSH, WICKWIRE CLOTHES

have earned and held a reputation as The Finest of Clothing because in fabric worth, style variety and tailoring superiority they outmatch, price for price, anything produced by contemporary makers in the ready-to-wear and custom fields.

PYTHIANS PLAN ENTERTAINMENT FOR FRATERNITY

Spectacular Street Parade to Be Staged by D. O. K. K's a Feature of Grand Lodge Sessions in Twin Falls.

A costume street parade preceding the coronations of Aeca temple, Dramatic Order of the Knights of Kearsney, is to be a spectacular feature of the annual sessions here on June 17-20 of the Idaho grand lodge Knights of Pythias. This is to be staged on Tuesday evening, June 19, the coronation following the parade being held in the Masonic temple.

Arrangements are being made for the entertainment during the sessions of at least 100 Knights of Pythias and Pythian Sisters attending the sessions of the Idaho grand chapter, Pythian Sisters, convening here at the same time.

Widener's roast at Shoshone Falls on Wednesday evening, June 18 and sightseeing excursions on Friday afternoon are features of the entertainment plans.

Plans for Reception.

A major portion of the delegates together with the grand lodge and grand chapter officers are expected to arrive here on Tuesday night. They will be met at Minidoka by representatives of the Twin Falls organizations, and on their arrival here will be conducted to the Masonic temple where assignments to rooms will be given and a luncheon served.

On Tuesday afternoon a public reception will be held in the Masonic temple which time the members of the address of welcome will be made by the grand chancellor.

On Friday morning the installation of the newly elected grand lodge officers will take place.

IMPROVEMENT OF SPRINGS URGED

Engineer W. F. Edwards Suggests Improvement of Natural Attraction.

Improvement of the natural hot springs known as the Smith springs, is a project that might well be taken up by the county or the city, according to the attractions and resources of the Twin Falls county, according to W. F. Edwards, chief engineer for the Twin Falls highway district.

The springs are situated in Shoshone basin near the Nevada state line, where highway district engineers are now at work laying out roads.

At a minimum expense, Mr. Edwards states, an excellent road could be built to the springs, which, if improved, would be an attraction of considerable value to this county.

Sufficient water flows from the several springs, Mr. Edwards states, to supply a pool 50x100 feet in size. The temperature of the water of the several springs ranges from 112 to 118 degrees.

The springs have long been known to the earlier settlers of this region, and it is an established custom among several Twin Falls county residents each year to spend some time camping in the vicinity of the springs and bathing in their waters.

PRIZES ARE OFFERED TO BOYS AND GIRLS AT FAIR

County Club Leader, Co-operating with Fair Association Works on Awards List and Special Prizes.

Prizes aggregating not less than \$250 will be offered this year by the Twin Falls county fair association, to successful exhibitors at the county fair at Filer among the members of the boys' and girls' vocational clubs. A. I. O'Reilly, county club leader, is at work at the present time arranging the prize lists, and in an effort to secure donation of several special prizes in addition to the awards offered by the fair association.

Boys and girls club members' exhibits will be displayed at the fair in a new building being built this year for the purpose exclusively.

Soldier's Melon Patch Solicitor Is Fined as Vag

Seymour Fairchild Fails to Convince Magistrate of Good Intention.

Seymour Fairchild of Buhl, who has been for the past 60 days soliciting subscriptions to a fund which he claimed was being raised for growing a crop of 40 acres of melons on his farm for the relocation of returned service men, was arrested here Saturday afternoon on a charge of vagrancy, because of his apparent inability to account for the money he had received, which is said to amount to more than \$200. Police Judge W. A. Mienick imposed a fine of \$100 against him. He was turned over to the keeper of the sheriff until such time as he should arrange to pay the fine or provide bond.

PAYS FINE AND ACCEPTS PAROLE

A. T. Dalzell, Confessed Booze Owner, Meets Court's Requirements.

In district court Saturday morning Judge W. A. Babcock imposed a sentence of three months imprisonment and \$300 fine against A. T. Dalzell who recently pleaded guilty to unlawful possession of intoxicating liquor. The prison sentence was suspended upon payment of the fine.

Leonard Edson, charged with first degree burglary, reported that he had been accepted for enlistment in the United States army, and in accordance with a course indicated yesterday when Edson pleaded guilty to the charge, the court suspended judgment.

Sets Civil Cases

Judge Babcock made the following settings of cases on the civil calendar for trial next week:
Tuesday, June 10—Mitchell Johns against E. J. Lyon and wife; J. H. Lionberger against W. S. Smith; J. H. Boyle & Co. against F. M. Towne.
Wednesday, June 11—Susan Chase against John G. Zollman; F. M. Duffield against Joseph Ohnwehn; William Hathaway against John J. Gray; J. C. Fancher and others against Peter Aml.

FORGERY CHARGE CONFRONTS BOY

Merl Smith Is Accused of Felony in Securing Money He Says Was Stolen.

Prosecuting Attorney Frank L. Stephan Saturday filed a complaint in probate court charging Merl Smith of Filer, with forging the name of his father, Cloyd Smith, to a check drawn and cashed here last Thursday for \$25.

Young Smith was the complaining witness in the case of Nathan Jones, charged with the theft from him on last Thursday of a second hand watch valued at \$7.50 and \$15 in currency. Smith testified at the hearing in the Saturday that he had bought the watch with a portion of the proceeds from the forged check. The alleged theft took place while Smith, with Jones and Roy Standefer were together in the city park. Judge Duval withheld judgment in the theft case.

TA-HAN NATION HAS NEW CONSTITUTION

Koreans in San Francisco Receive Copy of Proposed Fundamental Law.

SAN FRANCISCO, (P)—The text of the constitution adopted by the republican forces of Korea has arrived here and reads as follows:

"By the Will of God, the people of Korea, both within and without the country have united in a peaceful declaration of their independence and for over one month have carried on their demonstrations in over 300 districts and because of their faith in the movement they have, by their representatives, chosen a provisional government. They carry on to completion this independence and so to preserve blessings for our children and grandchildren.

"The provisional government in its council of state has decided on a provisional constitution, which it now proclaims:

"1. The Ta Han (Korean) republic shall be a republican principle.

"2. All powers of state shall rest with the provisional council of state and the provisional government.

"3. There shall be no class distinction among the citizens of the Ta Han republic, but men and women, noble and common, rich and poor, shall have equality.

"Civil and Religious Liberty.

"4. The citizens of the Ta Han republic shall have religious liberty, freedom of speech, freedom of writing and publication, the right to hold public meetings and form social organizations and the full right to change their dwellings or change their abode.

"5. The citizens of the Ta Han republic shall have the right to vote for all public officials or to be elected to public office.

"6. Citizens will be subject to compulsory education and military service and payment of taxes.

"7. Since by the will of God the Ta Han republic has arisen in the world and has come forward as a tribute to the world peace and civilization, for the reason of its having been a member of the league of nations.

"8. The Ta Han republic will extend benevolent treatment to the former enemies of the state.

"9. The death penalty, corporal punishment and public prostitution will be abolished.

"Will Convene Congress.

"10. With the onset of the recovery of our lands the national congress will be convened.

"Signed by the provisional secretary state and the ministers of foreign affairs, home, justice, finance, war, communications. In the first year of the Ta Han republic, fourth month.

"The following are six principles of government:

"1. We proclaim the equality of the people and the state.

"2. The lives and property of for-

FEATHER CLOCK A MUSEUM FEATURE

Sandwich Island Memorial to a Princess Has Many Curious Things in It.

HONOLULU, T. H., (P)—Professor Herbert Ernest Gregory, geologist and until recently a member of the faculty of Yale University, has arrived here to become director of the Beretico Faunal Bishop Museum, said to have the finest collection of Polynesian antiquities in the world. Professor Gregory succeeds Dr. William T. Brigham, who now becomes director emeritus.

The museum was founded as a memorial to Beretico Pauahi, an Hawaiian princess, who married one of Honolulu's first and wealthiest bankers and who renounced her right to the throne of Hawaii. A large part of her private fortune, many millions, has been devoted to the foundation of the schools and for other works designed to improve the condition of the native Hawaiians, by whom her memory is held in deep reverence.

One of the treasures of the museum is a marvelous feather cloak the property of Kamehameha the Great, upon which a valuation of two million dollars has been placed. It is kept in a steel vault and is only exhibited at rare intervals.

WINNIPEG PLAN OF TRAINMEN IS LIKELY TO WIN

Indications Today Are That Forces Will Get Together; Many Returning to Their Work.

WINNIPEG, (P)—Strike leaders sent out an appeal to all union men this morning "to do nothing about returning to work until Tuesday." The leaders intimating that railroad brotherhoods might do something within the next 24 hours that would have a bearing on the strike. A number of railroad executives are here for a conference.

Several Winnipeg concerns affected by the strike notified their employes this morning that their jobs would be held open until tomorrow. Advertisements for city returned soldiers preferred, were printed in a local newspaper.

May Return
Additional union men who have been on strike here for nearly a month in sympathy with the metal workers unions were returning to work today.

It was reported that several of the local unions involved in the strike have decided to take a vote relative to returning to work immediately despite the argument by the leaders of the strike that to return to work without a settlement being reached with the employers is to admit defeat.

Found I. W. W. Literature.
Harold Riley, president of the returned soldiers loyalist association, announced that literature for the Alan Bolechewicz principles and approving a soviet government plan for Winnipeg has been obtained by members of the association. Rooms of the literature, turned over to local newspapers, carries the statement that it was printed by The Western Labor News, the official publication of the strikers.

Sign Police Plaque.
Winnipeg police normally notified the city police commission at a meeting this forenoon that they were prepared to sign the new anti-sympathetic strike pledge provided the city would withdraw its ultimatum making this act mandatory. The issue will be decided at a meeting late this afternoon.

COLORADO BUSY WITH RECONSTRUCTION PLANS

Large Bank Balances and Plenty of Labor in the Centennial State.

DENVER, (P)—Colorado is beginning the reconstruction period following the war in a manner which promises greater wealth and better employment than before the war, according to statistics available at the office of the state immigration commissioner. Bank balances are higher than before the war, unemployment has almost ceased, agriculture is flourishing and silver prices and lower cost of powder and mining machinery give promise of renewed activity in this field.

The cost of living in Colorado, however, has shown virtually no tendency to seek a lower level. In every city of that state there is a scarcity of homes. Building operations suspended during the war and the coming to Colorado of large numbers of health seekers is said to have added to the shortage of homes and high rents which have driven many families to hotels or furnished room housekeeping.

Soldiers Have Urban Tastes
Another factor which has brought a problem to the cities is the fact that a large number of returning soldiers and sailors who entered the military or naval service from the farm have no desire to return to rural life. They are turning to the cities and while there is a farm labor shortage of ten per cent, the cities are unable to employ all the men from the farms. In spite of this, it is said the unemployment problem is being rapidly solved.

Bank deposits have increased from \$228,154,528.14 in 1910 to \$253,887,431.82. The assessed valuation of the state has increased from \$1,211,697,240 in 1910 to \$1,424,811,288 in 1918. The cost of farm labor has increased from \$35 to \$40 in 1910 to \$60 and the price of farm land has increased from ten to 100 per cent.

The increasing importance of farm industry is indicated in returns to the immigration office showing an increase in the number of farm immigrants in 1910 to 60,000 in 1918. Last year the sales of farm property reached the highest total in the history of the state.

In manufactures Colorado's output increased from \$30,839,221 in 1914 to \$210,000,000 in 1918.

HUNGARIANS ARE WARNED

Clemenceau Demands Cessation of Hostilities on Czech-Slovak Forces at Once.

PARIS, (P)—Premier Clemenceau, president of the peace conference, has telegraphed the Hungarian government that attacks by Hungarian troops on Czech-Slovak territory must cease immediately from Vienna today says. In case of non-compliance the allied and associated governments have decided to use "extreme measures" to bring about cessation of hostilities," the premier's message adds.

ELDER YORK NAMED WAR'S GREAT HERO

"Elder" A. C. York, Pall Mall, Tenn., went to war a conscientious objector. He returned from France decorated by General Pershing and Foch and considered "the war's greatest hero." His feats include the killing of 25 Germans, slaying a score of machine gun nests and capture of 132 prisoners, including a major. His hometown folks are going to give Elder \$5000 farm and \$2000 Liberty Bond.

VOLCANO HAS BIG ERUPTION

Vast Outpouring of Lava Makes Lakes of Fire Around Kilauea Mountain.

HONOLULU, T. H., (P)—Kilauea, the great active volcano on the island of Hawaii, has for weeks past been unusually active, the lava column in the central fire pit having risen above the level of the floor of the main crater, sending streams of molten lava in all directions. On Saturday morning more than three miles in four days, forming a new lake of fire against the northern wall of the main crater. All previous records for rise of the lava column and length of duration of overflow have been broken.

On June 3, 1916, following an outbreak of lava from the neighboring great central volcano of Mount Loa, the lava column of Kilauea fell to a depth of almost 1,000 feet below the rim of the central fire pit. By the end of that month the column had started to rise and, except for the usual short falls at solstice and equinox, has continued to rise ever since, the overflow point being reached on March 25.

Will Continue Some Time
It is probable, according to Professor Thomas A. Jaggar, Jr., in charge of the foliatic observatory at Kilauea, that the present overflow will continue until the autumn of this year, but, when a subsidence is likely to occur. Upon the extent of this movement much depends, for should it be small, it is probable that late this summer a great volcanic eruption will occur without parallel.

Kilauea has certain fixed habits, but even Professor Jaggar, whose years of study of the volcano has familiarized him with the volcano's moods, cannot exactly forecast the extent of the movements.

Home of Gods
To the ancient Hawaiians, Kilauea was the home of Pele, Goddess of Fire and many of the natives still regard the volcano with superstitious awe. To Madame Pele these natives attribute the recent descent of a small portable wooden building, erected on the rim of the fire pit for the use of scientists connected with the observatory.

The sudden outbreak of a lava flow made the removal of the building necessary and it was shifted three times to escape the molten streams, finally being anchored with chains to the summit. The lava flow is now being fed from the floor of the main crater. The workmen left the building there for the night, feeling it was at last safe from Pele's attacks.

Flames Leap Up
Leaping flames at midnight disclosed to astonished observers the fact that Pele had attained her goal, for there was a sudden upheaval of lava from under the wooden dome high above the floor had been placed and a torrent of molten rock was hurled through its roof, destroying the entire structure in less than three minutes. There has been no further sign of activity at this particular spot since the building disappeared, and visitors now sit in safety upon the glistening surface of the lava flow which has advanced.

Many of the trails in the main crater have been buried deep by flowing lava and the eastern shelter house, a massive building, was quickly covered by one stream, now being 60 feet beneath the surface of the still flowing mass.

GOT A BIG JOB AFTER THE WAR

Turned Down Twelve Dollar a Week Offer and Now Draws Large Salary.

WASHINGTON, (P)—"I know a young man, who was a waiter in a small town restaurant in Ipa-wau days for \$12 a week and in pre-war days for \$12 a week," said Colonel Arthur Woodcock to the secretary of war. "He had been in the national guard and managed to get an appointment at an officers' training school. They sent him to war as a second lieutenant. He came back a captain with a medal and a citation. 'Nothing doing,' he laughed when the boss offered him his old job back as a waiter with the promise of a head-waiter position in a few months. 'I am a five thousand dollar a year man now.'"

High Court Dismisses Cable Company Action

WASHINGTON, (P)—Federal court decision yesterday in proceedings brought to restrain Postmaster General Burleson from seizing and retaining control of the cable lines of the American Cable and the Commercial Pacific Cable companies as well as from merging them with those of the Western Union Telegraph company were set aside by the supreme court today when it ruled the lower court to dismiss the proceedings.

Bulls in Corn.
CHICAGO, (P)—Offering more or less to absence of any large stocks on hand the July delivery of corn showed much strength today but later months were nearly affected by good weather. Changes, however, were within narrow limits. The 200,000 bushels limit on trading tended to prevent wide fluctuations. Opening prices, which ranged from 1.2c off to 1.2c advance with July \$1.08 3/4@1.09 1/4 and September \$1.00 1/4@1.00 3/4, were followed by moderate general setbacks but then by a decided upturn in July.

Oats were easier, influenced by lack of demand from the seaboard. After opening unchanged to 5c down, including July at 67@71 1/4c, the market rallied a little and then sagged again. Higher quotations on hogs gave firmness to provisions. Business, however, was dull.

Chicago Produce
CHICAGO, Ill., (P)—Butter steady; creamery 40@51. Eggs unsettled; receipts 34,024 cases; firsts 40@42; ordinary firsts 38@39; at mark, cases included 39@40; storage packed firsts \$1 1/2@1 1/4; extras 42@42 3/4. Poultry alive, higher; flour 20c.

Market Declines
NEW YORK, (P)—Professionals who experimented on the short side and found that the usual over Sunday large accumulation of buying orders was lacking, attacked the market vigorously, causing severe declines in various speculative groups. Studebaker fell ten points, General Motors 7 1/2, Atlantic Gulf & Mexican Petroleum and Texas company each four. Renewed talk of Mexican disturbances induced caution and there was some selling of stocks with interests below the horizon. Toward noon there were some material recoveries from the low levels and a few shares showed positive strength, notably International Harvester.

Spuds Steady
CHICAGO, (P)—Potatoes arrivals 50 cars. Old steady; Northern White U. S. No. 1, carlots \$1.10@2 cwt. New; Texas and Louisiana Triumphs jobbing \$4.25@5 cwt.

KOREAN CONTROL SCORED IN JAPAN

Member of Constitutional Party Visits Land and Makes Report.
TOJKIO — (Correspondence of the Associated Press)—Representative Etsunoske Moriya, who was dispatched by the constitutional, or opposition party, to Korea to investigate the disturbances has reported the insurrection to be due to the following causes:
Discriminatory treatment given to the Korean subjects, who are refused equal treatment with Japanese subjects in matters relating to the appointment in government offices and stipends allowed.
Complicated and impracticable administrative measures, particularly the strict measures for the tax collection which are against the old customs and manners of Korea.
Extreme oppression.
Extreme oppression on public speeches. Koreans have no organs to give utterance to their complaints which do not reach the ears of the government.
Forceful adoption of the assimilation system. It is a great error and failure of colonial policy, he asserts, to attempt to enforce upon the Koreans with a 2,000 years history, the same spirit and mental training as on the Japanese people.
Spread of the principles of the self-determination of nations which he describes as the rising tide of thoughts of the world's nations and which, he says, has deeply implanted itself in the minds of the Korean people.

BERNHARDI SAYS KAISER IS SLOW

Declares Former Emperor Guilty Because He Failed to Start the Struggle Sooner.

BERLIN, (Correspondence of the Associated Press)—General Friedrich E. von Bernhardt, the military expert, under the title "Kaiser Wilhelm and responsibility for the war," declares that the former emperor's only guilt was in not beginning the war early enough when his opponents were not equipped and takes the viewpoint in favor of preventive warfare.
He says of the kaiser:
"To the last moment he believed Russia would surrender its military intentions and England would not take part in the fighting. In this belief he negotiated to that end and only with difficulty could he be induced to throw up the gauntlet that had been thrown down to him."

SENATE MAKES PUBLIC COPY OF THE TREATY IT RECEIVED

(Continued from page one)
ceived copies from the American peace mission in Paris, had them locked in the state department vault and believed that copies of those copies were the ones referred to as being in New York.
Coincidental with the opening of the investigation, President Wilson called Senator Hitchcock to his office for the investigation would thoroughly be prosecuted.
The committee adjourned without fixing a date for the next meeting.
The investigation will be made by the full committee and Chairman Lodge was expected to call another meeting as soon as any of those subpoenaed today are ready to appear.
Chicago Paper Named
NEW YORK, (P)—The full text of the peace treaty with the central powers, which has been the subject of discussion in the United States senate for a week or more has been brought to this country by Frazier Hunt, a correspondent of the Chicago Tribune and is being syndicated to newspapers in this country in copyrighted sections.
Mr. Hunt says the copy which he brought here is one of the original drafts and was obtained in Paris. He says it is quite easy to obtain German translations of the treaty in Germany and neutral countries.
Another American correspondent abroad also secured and mailed a full copy of the treaty but the British censor held it up. A complaint in the matter was officially made today to the foreign relations committee of the senate.

A Windfall.
The origin of a windfall, in the sense of "good luck," dates from the time of William the Conqueror. It was then a criminal offense to cut timber in the forests. Only such could be gathered as the wind had blown down; hence, a heavy windstorm was hailed by the peasants as so much good luck, and from this, comes the modern application of the expression.
