TWIN FALLS, IDAHO, TUESDAY, JUNE 10, 1919.

PRICE FIVE CENTS

RESOLUTIONS INTRODUCED TO DIVORCE LEAGUE AND THE TREATY

Knox of Pennsylvania Author of Senate Action Designed to Provide Rallying Point for Fight.

OPPOSITION IS LIKELY TO ENDORSE THE STEP

Obligations of Germany Under Treaty Shall Not Be Affected by Action, Document Sets Forth.

WASHINGTON, (AP)—A resolution to have the senate declare it could not concur in the league of nations provision of the peace treaty is now drawing widespread support today by Senator Knox, Pennsylvania, republican of the foreign relations committee.

The resolution which is expected to bring to a more definite stage the fight being made against the league covenant, asks that the covenant be separated from the peace treaty before being submitted to the senate for ratification.

At the request of Senator Knox, who announced he would later discuss it in the senate, the resolution was referred to the foreign relations committee.

Conferral with Lodge The resolution was offered by Senator Knox in conference with Chairman Lodge of the committee and there were evidences that it would have the backing of most of those who have conducted the fight against the league. It is understood to be designed as an official notice to the peace conference that ratification of the treaty in its present form is not possible.

The Knox resolution also would declare it the policy of the United States government to meet fully and to the world, that the freedom and peace of Europe being again threatened by any power or combination of powers, the United States will regard such a situation with grave concern as a menace to its own peace and freedom.

TWO MEN ARE KILLED AS TRAIN HITS HORSES

Rock Island Train Strikes Horses with Bad Results to the Crew.

WATERLOO, Ia., (AP)—Two men were killed and five injured when a Rock Island train from Minneapolis for Chicago and St. Louis struck three horses at Waterloo, Iowa, today.

Extension Given Until July 15 on Certain Tax Returns

Corporations and Partnerships Get Further Time but Must Send in First Installment.

WASHINGTON, (AP)—An additional extension of thirty days to July 15 was given today to partnerships and corporations having fiscal years ending January 31, February 28, March 31 or April 30, for making tax returns. The extension does not operate, however, to delay payment of tax installments.

Promises Delivery of Mail to 146th

Idaho Hostess in New York Gives Directions for Addressing Letters.

Mail sent to members of the 146th field artillery regiment, including the Twin Falls unit of the old 82nd Airborne Division now on the Atlantic returning from Europe, will be delivered to them on their arrival in New York on Saturday next if it is addressed in care of the Idaho Club, 27 West Twenty-fifth street, New York, according to advice wired here today by Miss Nancy E. Watts, in charge of arrangements for reception of returning Idaho men at New York.

LABOR CRISIS AGAIN DIVIDES PARIS PEOPLE

Extremists Wish to Turn It Into Political Affair; Conservatives Oppose All Political Action Regarding Struggle.

PARIS, (AP)—The labor crisis, which was suspended over the Pentecostal holidays, became acute again today.

The extremists are seeking to turn the strike into a political movement while the conservatives condemn such a policy as playing into the hands of the government.

WORLD NEWS EVENTS

WASHINGTON, (AP)—Carlos Lara, representative here of President Tinoco of Costa Rica, has made formal denial of any intention of Costa Rica to invade Nicaragua.

RIO JANEIRO, (AP)—The squadron of the Brazilian fleet which has been in European waters, where it co-operated with the allied fleets during the war, arrived in the harbor today.

BERNE, (AP)—The number of members of the Swiss mission which is to go to the United States in August for a study of economic conditions there has increased to 652. The mission will be under the patronage of the Swiss government.

SPRINGFIELD, Ill., (AP)—Illinois is the first state to ratify the woman suffrage constitutional amendment. The general assembly approved the measure today. The vote in the senate was unanimous while in the house the roll call was 132 to 3.

CHICAGO, (AP)—The Methodist joint centenary campaign for one hundred and five million dollars passed its goal today, the director, Dr. John W. Hancher announced. The total today had reached \$106,285,000 with six large subdivisions of the loan work yet to report.

STRIKING MEN AWAIT TERMS

Eight Thousand Out on Norfolk and Western Because Eight Have Been Discharged.

ROANOKE, Va., (AP)—More than 8,000 striking shop employees of the Norfolk and Western railway are awaiting steps today by the railroad administration looking to the settlement of the controversy over the discharge of eight men at Wilcox, Va., last Wednesday which has resulted in almost a complete tie up of the shops on the entire Norfolk and Western system and threatens to involve railroad employees over the country.

EASTERN STAR GRAND CHAPTER OPENS SESSIONS

Lodge Men and Women of State Guests This Week of Four Organizations of District, Assemble for Meetings.

FILER CHAPTER STAGES SUCCESSFUL RECEPTION

Scores Meet Officials and Distinguished Visitors in Pleasant Surroundings on Roof Garden Floor.

With nearly 200 delegates and visitors in attendance, the seventeenth annual session of the Idaho Grand Chapter of the Eastern Star, meeting here three days this week, was opened this morning in the Masonic Temple.

While the assemblage stood at attention, Captain P. W. McRobert, in uniform and bearing an American flag, led the march of the grand chapter officers to their positions immediately prior to the opening of the sessions.

Dr. W. F. McMahon of Lewiston, grand patron, presented the distinguished visitors, including a number of past grand patrons and past grand patrons. A Floral Tribute.

The address of welcome was made by Mrs. E. L. VanRiper of Buhl, a past grand matron. During the address she presented the grand matron with a carnation, the worthy matrons of the four entertaining chapters of Twin Falls, Buhl, Filer and Hollister, also presenting carnations so that at the close the matrons were crowned with each of the five colors of the order.

Mrs. Mary Shields of Moscow, associate grand conductress responded to the address of welcome.

The appointment of committees was completed at the morning session, and this afternoon, following the reception of the grand representatives, the addresses of the grand patron and grand patron and reports of the grand secretary and grand treasurer were scheduled.

Buhl chapter this evening will give an exemplification of the ritualistic work, and the Twin Falls chapter will serve refreshments.

On Wednesday evening the Twin Falls chapter will give an exemplification of the Floral work and Hollister chapter will serve refreshments.

Filer Entertains.

Filer chapter last evening entertained at a reception for the grand officers, together with the past grand patrons, delegates and visitors, assembled in the Rehoboth roof garden which was beautifully decorated for the occasion.

CLEMENCEAU STANDS PAT IN OPPOSITION TO MODIFIED TERMS

Pessimism Over Agreement on Larger Issues in Dispute Manifested in Council of Four; Polish and Silesian Questions Undetermined; Date of Reply to German Conditions Still Indefinite

SIGNING OF TERMS BY GERMANY BY JULY 1 PREDICTED BY PARIS PRESS

AUSTRIAN REPLY WILL EVADE MAIN POINTS IN CONTROVERSY

VIENNA, (AP)—It is understood that the reply probably will be an evasive one.

PARIS, (AP)—The council of four met today amid an atmosphere of considerable pessimism over the larger questions of peace making with Germany still unresolved. It is understood that Premier Clemenceau has not moved from his position against any modification of the peace terms.

No settlement of the Silesian question or that concerning the Polish western frontier has been reached. It is stated that the Silesian problem is tied up with the difficulty of holding a plebiscite without allied occupation, no troops being available for the purpose.

BOLSHEVIK ARE BEATEN AT KEM

Allied Seaplanes Successfully Attack Flotilla and Put the Reds to Flight.

KEM, Northern Prussia, (AP)—Allied seaplanes attacked four Bolshevik craft on Lake Oeaga, south of here, yesterday. The bombs dropped by the seaplanes did not hit the Bolshevik boats, but the machine gun fire and the aircraft raked the decks of the lake boats and silenced the anti-aircraft guns which were mounted there.

The Bolshevik flotilla fled and was pursued for a great distance. One allied plane returned to its base, re-loaded bombs and rejoined the others in the allied machines returned.

COURTS MARTIAL HEARING BEGINS

Special Committee Investigates Charges Against System as It Is Organized.

CHICAGO, (AP)—Hearing on the special bar committee investigating contradictions was resumed today with Frederick Brown, president of the Illinois Bar association; Capt. John W. Beckwith and Col. Eugene E. West, head of the military section of the judge advocate's office in Washington on the list of witnesses to be heard. It was stated today that the committee would continue its hearings here today and then proceed to Washington to draw up official recommendations.

COTTON RISE IS UNPRECEDENTED

Increase of 377 Points Since Saturday; Speculation Running Wild on Street.

NEW YORK, (AP)—The feverish rise of cotton continued today. When the market opened, excited traders soon bid that commodity up to 31.30 cents a pound which then rose to 377 points of 18.85 a bale over the lower level of Saturday morning. Rumors of a short crop and a great export demand prevailed and to these the speculative sky-rocketing is attributed.

FEELING OF KOREA AGAINST JAPAN IS VERY STRONG

SHIMONAKI, Japan, (AP)—A Korean poet, Yeu-sung, Shin-ah, who has just returned from Fusan, Korea, told a Japanese journalist that during the recent demonstrations in Korea he received about fifteen threatening letters a day because he issued a warning to Koreans that none of the western powers would interfere to support the demonstrations against Japan and that the agitation would have a warning effect upon future relations between the Japanese and Koreans.

The Viscount added that anti-Japanese feeling was strong throughout Korea.

IDAHO WEATHER

Tonight and Wednesday fair, except probably showers in southeast portion; cooler tonight southeast portion; light frost in the early morning in exposed places.

STRIKE CERTAIN UNLESS WESTERN UNION RECEDES FROM ITS STAND

Postal Telegraph Shows Signs of Coming to Terms with Men Who Are to Go Out Tomorrow.

MESSAGE SENT TO FEDERATION MEET

Konenkamp Asks Convention to Help Destroy a Monopoly; Western Union Employees May Refuse to Strike.

CHICAGO, (AP)—Only eleven hour concessions by operating companies can prevent the strike tomorrow of some 70,000 telegraph and telephone operators. S. J. Konenkamp, international president of the Commercial Telegraphers' Union of America, said today after receipt of additional reports from locals in various sections of the country.

The only ray of hope, union officials said, was that officials of the Postal Telegraph and Cable company might sign the new agreement that keeping employees of that company out of the strike. This hope was based on a message from the west to the effect that the Federal Telegraph company, operating land and wireless lines on the Pacific coast, had met a union committee and offered to sign the new agreement.

Sends a Telegram Mr. Konenkamp today sent the following telegram to Samuel Gompers, president of the American Federation of Labor, which is in session at Atlantic City.

"The commercial telegraphers of the United States will strike tomorrow for the fundamental rights to organize into the unions and to bargain collectively. The attitude of the wire administration under Burleson and his restoring President Carlson to control of the Wire Union for the purpose of destroying us makes this strike inevitable. You are aware of the promises made to us by the government. You know how many were violated. Mediation, conciliation and arbitration have not been available for us, because the employers doubt our strength. But I feel confident we will surprise the nation by tomorrow's action."

"I earnestly ask the convention now in session to take some action to help us destroy the worst labor autonomy this country has ever known."

It was announced that the Montgomery county (Illinois) telephone and telegraph company today signed the new agreement, thus ending a strike of some 1,000 workers which had been in progress six days.

The Association of Western Union Employers may not join the strike. Joseph P. Hayes, president of the association, today sent a message to all members urging them to continue at work. He said officials of the Western Union had assured him the company would not pay the retroactive wage awards recently ordered by Postmaster General Burleson and so end all the disputes over wages.

SPECULATION IS FEAR OF BOARD

Danger of Excessive Plunging Indicated by Inquiry Sent to Reserve Banks.

WASHINGTON, (AP)—Concern felt by the federal reserve board over the existing tendency toward excessive speculation found renewed expression today in a letter sent by the board to the reserve banks asking information as to the extent of the number bank borrowings on government collateral other than for the purchase of government bonds or for purely commercial purposes.

While ordinarily speculation could be corrected by advancing the discount rates at the federal reserve banks, it is understood the board regards such a step as impracticable at this time because of government financing.

STEEL COMPANY IS CATCHING UP

Decrease in Unfilled Orders Compared with April Is Shown by Report.

NEW YORK, (AP)—Unfilled orders of the United States Steel corporation on April 30 were \$42,310,000, according to the corporation's monthly statement issued today. This is a decrease of \$18,375,000 compared with the orders on April 30.

CANADIAN LABOR CALLED UPON TO REJECT SEDITION

President of Dominion Manufacturers Association Speaks at Opening of Annual Convention.

TORONTO, (AP)—If Canada is to retain confidence in organized labor, the trades unions must denounce any of their members who hold or preach "godless doctrines, repugnant to the common sense of the people," W. J. Bulman, president of the Canadian Manufacturers association, declared today at the opening of the annual convention.

While the general result of negotiations between employers and employed has been satisfactory, he said, extremist elements, revolutionary in method and speech, had made their appearance and were hard to deal with. The manufacturers, he added, did not take the attitude that the industrial situation was perfect but preferred to improve conditions according to the British rather than Russian methods.

Mr. Bulman advocated a commission acting in an advisory capacity to parliament to recommend revision of the tariff laws, which he said were essential to industrial development.

GERMAN MINERS LOSING MONEY

Great Sum to Be Taken from Wages for Money Lost Industry by Strike.

BERLIN, (AP)—The strike recently concluded in the Ruhr and coal district has cost the miners 75,000,000 marks in wages. The output of the district is 3,330,000 tons representing more than 140,000,000 marks. The loss to physical property is believed to be so great as to preclude profitable operation for a long time to come.

Deduct from Wages

The miners in the Ruhr coal fields are more than 100,000,000 marks out on their wages account as the strikes have been going on extensively since the beginning of the revolution. In the Hanbors district miners struck 63 days out of 140 working days between November 9 and April 28.

The loss to the nation as a result of the coal strikes cannot be computed. It caused a general paralysis of railway traffic, the shutting down of industrial plants and a loss of revenue and freight to the state railways. The national strike fever is believed to have caused a depreciation in the national currency of more than 100,000,000 marks and to have aided to depress the value of the German mark abroad.

JACK DEMPSEY NURSING A SORE 'BUM LAMP'

Kearns Decides Against More Boxing Until Disabled Eye Has Improved.

TOLEDO, O., (AP)—Because of danger of infection, Jack Kearns, manager of Jack Dempsey, challenger for the world's heavyweight championship, tonight decided not to allow Dempsey to do any more boxing until the wound over his left eye, inflicted in a training bout yesterday, thoroughly healed. Physicians took two stitches in the inch long wound.

Dempsey will continue his road work and other exercises until the wound is healed, which probably will be in two or three days.

Willard said today that his training has never been so easy for him as it has been for his coming championship contest.

"Road work used to be punishment of the worst sort for me," the champion said. "My feet always seemed as heavy as lead, and I tired and I lamed at the finish. I used to confound myself to three miles of it. Now, however, it is really a pleasure. I seem to have more energy than ever and seem to get along faster. I went between five and six miles yesterday and felt fresh and strong at the finish."

NC-4 OFFICERS GET ROYAL AIR CROSS

Honor Conferred on Men Who Sailed Over Clouds to Lis-bon Recently.

LONDON, (AP)—The Royal Air Force cross has been conferred on Commander John H. Towers, commander of the American seaplane squadron on the trans-Atlantic flight and Lieutenant Commander Albert C. Read and the other commissioned officers of the crew of the NC-4, Lieutenant Walter Hinton, Lieutenant E. E. Stone, Lieutenant J. L. Breece and Ensign H. C. Rood. The Royal Air Force medal has been conferred on Chief Mechanic Mate E. B. Bhoasle.

Where the Wrinkles Are.
"Improving the bonnet cap—little wrinkles that help to make it more becoming," says a headline. The wrinkles, as we understand the proposition, are in the cap, not on the wearer.—Kansas City Star.

If you have something to sell, your need to market is a short and pleasant one, leading through the classified.

Booze Vendors to Turn to Movies

Proprietors of Thirst Parlors Buying Motion Picture Houses.

SAN FRANCISCO, (AP)—Saloon-keepers seeking an opportunity to serve the public when war-time prohibition becomes effective July 11, and also an investment, are turning to the movie business, according to men interested in the amusement business.

More moving picture theaters have changed hands in California and other states in the west recently than ever before in the history of the business. This is similar to the change in ownership of the moving picture houses that was noted when Oregon and Washington were put in the dry column. Men in the motion picture business are authority for the statement that prohibition increases the patronage of the "movies."

Are Very Busy
"The saloon owner, who will be forced to seek another business after June 30, is the most active buyer of motion picture theaters at present," said a broker who in the last five years is credited with having sold motion picture houses aggregating \$5,000,000 in value. "The saloonkeeper is looking for an investment for his money and naturally is turning to a business that will keep him in contact with the public and at the same time give him a good income."

INDUSTRIAL DEMOCRACY ON CONSTITUTIONAL LINE

Patterson Man Tells How His Scheme of Factory Control Works in Practice.

NEW YORK, (AP)—Sitting before a pile of letters from manufacturers all over the United States, James M. Patterson, all asking him for information as to the success of the "industrial democracy" plan in operation in his silk mill in Patterson, N. J., B. Edmund David explained in his office here today the advantages of the system and the difficulties of installing it in the average factory.

"There is no doubt," said Mr. David, "that the plan, which is based upon the idea of constitutional government, creates a better basis of understanding between management and workers than is possible under the old system."

"It is the means of settling every question of wages, hours, and working conditions that may arise and, through the constant, close, personal contact between employer and employee, facilitates such settlements to a considerable degree." It tends to the elimination of wasteful methods and minimizes friction. It stimulates the worker's interest in his work and, best of all, it puts the human touch into the relation between employer and employee, the one thing more essential to industrial peace than all others combined.

Appeals to Imagination
"I have never known of an industrial subject that appealed to popular imagination so much as this does. This idea will spread because every manufacturer who is alive to the times is looking for some system that will ease up a situation that has rapidly been growing from bad to worse. The relation between capital and labor. But let no one think the plan is easy or that it is one-sided. It is purely a 'give and take' and a 'live and let live' idea."

Original "Yeomen" of military cloth, and the yeomen were so styled because, besides the weapons fit for close engagement, they fought with arrows and the bow, which was made of "yew," a tree that has more repelling force and elasticity than any other. After the conquest the name of yeoman, as applied to their official office in war, was changed to that of archer.

PRESIDENT POINCARE APPOINTS PRELATES

Surprises Manifested When Step Was Taken; Socialists Express Resentment.

PARIS (AP)—Appointment by President Poincare of new bishops for Strasbourg and Metz created a remarkably feeble sensation, considering that if French policy on religious questions since the separation of church and state.

It was a surprise only to those to whom it had not occurred that France could not interfere with religious institutions in the returned provinces. The socialists alone manifested resentment. Other anti-clericals appear to have taken the view that if Alsace and Lorraine must have bishops, those bishops should be French rather than German.

According to the French press, the candidates most favored by the government were not approved by the Vatican. Moneigneurs Rich and Pelt who were given the preference are, however, both ardent patriots.

CHILI PAPERS MAKE PROTEST

Vigorously Denounce Reports; About Alleged Disorders; Declare Them Erroneous.

SANTIAGO, Chile, (AP)—The Santiago newspapers are protesting vigorously against the publication of erroneous reports in various countries of the breaking out of disorders in Chile. The fact is that complete tranquility prevails here.

The government has sent a circular letter to its legations denying the rumors that have been circulated.

Special dispatches from Buenos Aires June 6 carried reports received there that a revolutionary movement was in progress in Chile.

Not All There.
Delbrook was the proud possessor of a brand-new suit of clothes with a small wooden whistle attached to it. Soon after getting the suit, and while the family was dining away from home, his father asked him why he did not wear his new suit that evening. "I can't, daddy," he answered, "cause the whistle's broke."

Antarctic Explorer Disfigured by War

SYDNEY, (AP)—Sydney Atkin, who was one of the Aurora party in Sir Ernest Shackleton's last Antarctic expedition, has returned to his home in New South Wales after years of adventure. Atkin came back from the French battlefields with a head broken jaw, only one lung and several scars. In addition he was gassed.

Atkin is about 36 years old. Prior to joining the Shackleton expedition he was in turn a cattle drover, a coast artilleryman, a soldier in the South African war and a sailor.

THE FASHION SHOP

TWIN FALLS AND BURLEY
All Eastern Star Ladies attending the Convention this week are cordially invited to visit our Shop and take advantage of our June Sale

WHEAT CROP LARGEST IN OUR HISTORY

More Than a Billion and a Quarter Bushels Is Forecast Given Out by Department of Agriculture.

WASHINGTON, (AP)—A wheat production of 1,235,000,000 bushels this year combining the winter wheat and spring wheat crop was forecast today by the department of agriculture from the condition of the crop June 1.

Crop Largest Ever
Winter wheat production is forecast at 893,000,000 bushels, compared with 899,915,000 bushels forecast last month, making it the largest ever grown. Condition of winter wheat was 94.9 per cent of a normal, compared with 100.5 last month and 83.3 last year.

Spring wheat production is forecast at 343,000,000 bushels, compared with last year's production of 350,000,000 bushels. This is also a record crop. Average this year is 22,593,000. Condition of the crop June 1 was 91.2 per cent of a normal, compared with 95.2 a year ago.

Red Rust Appears
Red rust, a wheat disease, made its appearance during May in important winter wheat producing states causing more than 5 1/2 points decline in the condition of the crop and threatens still greater damage. The infection has appeared in practically all of the central states west of the Mississippi river, and is extending eastward through the states south of the Ohio river. The decline in the condition of the crop in the last week in May was very marked, especially in Kansas.

SHRINERS MEET IN BIG JUBILEE

Immense Gathering in Indianapolis Where All Sorts of Amusements Are Provided

INDIANAPOLIS, (AP)—The forty-fifth annual jubilee session of the imperial council of Shriners of North America was opened formally today when thousands of Shrineres from all parts of the United States and Canada were greeted by city, state and organization officers.

The welcoming exercise, which marks the beginning of a twelve hour program into which will be crowded business meetings, receptions, athletic events, band concerts, a grand ball, meetings of individual temples and a continuation of the "wild west" round-up events, begun yesterday, is to follow the parade of patrols, bands and uniformed bodies to escort the imperial council to a grand theatre. Mayor Charles W. Jewett, Governor James P. Goodrich and United States Senator James E. Watson of Murat temple, Indianapolis, are expected to welcome the visitors. Responses are to be given by Elias J. Jacoby, of Indianapolis, imperial potentate, and E. Freedland Kendrick, of Philadelphia, deputy imperial potentate.

Divide Attention
The business session of the imperial council will divide the attention of the Shriners with the round-up events and meetings of visiting temples. In the evening the Moslem temple patrol, of Detroit, is scheduled to give an exhibition drill followed by a grand ball for the visiting patrols, bands and uniformed units in the corridors of the state house. A number of other dances and also band concerts are on the evening program.

LARGE SUPPLIES OF WAR MATERIAL SHIPPED

BERLIN, (AP)—Large amounts of war material chiefly automobiles have been stolen in Germany and shipped over the borders for a sale, according to a statement of Herr Oetheln, minister of the treasury. The bona fide sale of war material is given an early 275,000,000 marks and the majority of that was paid for in war loan certificates he added.

WYOMING HAS MANY CARS

CHEYENNE, Wyo., (AP)—Twenty-five thousand automobiles for next year is the estimate of the secretary of state in enjoining the new license tags for Wyoming. Four hundred is the estimate for motorcycles and 300 dealers' license plates. It is estimated 20,000 licenses will have been issued by the end of this year. Oil fortunes are said to be responsible for the big part of the increase in automobile licenses required.

"The want ad way" is crowded with travelers who are on the road to market.

OFTEN WOUNDED HIS HAIR TURN'S WHITE

CHEYENNE, Wyo., (AP)—Sergeant J. W. Roberts, formerly of Des Moines has white hair today, though he is not out of his twenties. Roberts recently was discharged from the army at Fort Russell. In eighteen months overseas, he participated in seven battles and was wounded in each, receiving five rifle wounds in the legs. On top of all this, he came home only to find that his father, mother, wife and two children had succumbed to the influenza during the epidemic last winter. Now he is working with the Union Pacific Railroad company here as a crossing watchman.

Avoid the long wait for a buyer—advertise that real estate in the classified.

Got the Goat of Many Milk Buyers

BERKELEY, Cal., (AP)—Goats have proven their value both as monetary and dietetical assistants to students who are carrying their way through the university. At least this is the experience of a University of California coed who earned her way through college "riding on a goat." In other words, Miss Elsie Thomas, the goat herder, acted as "milk man" to her several customers, and used the product, also as part of her diet. Miss Thomas graduated recently with her class.

The new man who was in charge of the little store around the corner today probably found his new enterprise through the classified.

WAR DEPARTMENT BOOT-MAKING AT AN END

LONDON, (AP)—The war time last department of the government having produced over 20,000,000 pairs of boots has now come to an end. The director, E. J. Marquis, says manufacturers are now in a position to produce as many boots as are required at a reasonable rate. He said the government had purchased a very large amount of leather from America, which is being distributed to boot manufacturers on conditions that they do not profiteer and that they prevent their retailers from doing so.

You've learned to do something well—so find the employer who needs your services through using the classified. Classified Ads are cheap—effective.

PROVISIONAL RULE FOR RUSSIA PLANNED

Former Member of Kereensky Cabinet Will Head Government and Choose Colleagues

LONDON, (AP)—A provisional government for liberated territory in Russia, after the expected capture of Petrograd has been arranged for, according to a dispatch to The Mail from Helmsingfors. Prof. Kartasheff, non-socialist member of the cabinet headed by A. F. Koronsky, will be the head of this government and will choose his colleagues from elements forming the

Kolchak government at Omsk and the Russian political committee in Paris.

JAGOW VENTURES A PREDICTION

BERLIN, (AP)—Berlin's former police president, Von Jagow, who tried to eliminate all but German words from the German language during the war with humorous results, has retired with this parting prediction: "If I depart, with the conviction that the German people will yearn to have its socialist Kaiserdom again."

Tempted.
"I have never been what you might call a lover of horse flesh," remarked the facetious feller, "but darn if I won't be tempted to try it if it's any cheaper."

The Home that is Just Right is the Home You Build

Until you begin building a home of your own you cannot possibly know the heartfelt pleasure and satisfaction of the Home Builder.

What are these pleasures and satisfactions? Why, the working out of your own ideals and desires—your own tastes and preferences—your own conception of what a home should be.

As you watch the progress and growth of your home you have the keen pleasure of seeing your hopes realized. You have the consciousness that you are building for the future—preparing an abiding place for yourself and family, perhaps for a lifetime.

You can build into your home all those things you have always wanted—that den for yourself—the sewing room your wife really needs—a play room for the little ones—all those comforts, conveniences and whims that go to make a home a home and life worth living. Then, when you are living in the completed house and work about the lawn or gardens or shrubbery, you will have the satisfaction of knowing that you are working for yourself and not for a landlord or some renter who may live there after you have moved.

And you can live where you please. How often have you, who live in rented houses, been forced to live in

unpleasant neighborhoods? How often have you wished your children might be removed from the influence of associates of whom you disapprove?

In building your own home you can choose a location congenial to yourself and safe for your children.

Realize the joys of the home builder now! It is agreed by authorities that nothing can be gained by waiting—that the cost of materials, land and labor is as favorable to building today as at any time in the reasonable future. In this connection we quote the following opinion from the publishers of the "Architectural Forum"—

"For those who contemplate building it would be decidedly short-sighted policy to delay. Building costs are a trifle high at present, it is true, but against this are the tremendously high rentals that generally prevail.

"The small amount you would lose by building now would be far more than offset by what you would gain in the matter of rents."

Therefore do not deny yourself longer the happiness and real content of life in your own home. You will gain nothing by waiting—but you will lose much.

The Building Information Office is equipped to give you invaluable assistance along every line in which you, as a builder, could possibly be interested—locations, plans, materials, furnishings, costs, etc. We have nothing whatever to sell you, but a very great deal to give you. We hope to see you there.

CHAIRMEN NEED MANAGERS.

Comes now Homer Cummings, head of the Democratic party organization, and avers that the salvation of humanity depends on the triumph of the Democratic party at the next election.

Aside from the support of Republicans like former President Taft, the present league plan has also the support of many leading Republican newspapers among which in the west may be named the Salt Lake Tribune, the Spokane Spokesman-Review, the Portland Oregonian and the Los Angeles Times.

Of course, Republicans are not wholly without their own grievances. Last year when there was a general feeling that party politics should be dropped...

He explained this to be sure but it took a good deal of explaining and the point was made at the time that while political parties select chairman to conduct and manage their interests there is no provision whatever for the selection of a man to manage the chairman.

There can be no question as to the wisdom back of the proposition of a League of Nations—even if it only amounts to a mere debating society among peoples—but, the man does not live who can foretell accurately just how it is going to work in practice.

ORDINANCE NO. 254

An Ordinance declaring the intention of the City of Twin Falls, Idaho, to grade, pave, curb and surface certain streets and parts of streets within the City of Twin Falls, Idaho, the expense thereof to be paid by special assessment levied against the abutting property.

Section 1. The City of Twin Falls, Idaho, does hereby declare its intention to grade, pave, curb and surface certain streets and parts of streets within the City of Twin Falls, Idaho, hereinafter specified, and for that purpose to create and establish in said City, the following:

Fourth Avenue East: Beginning at the South line of Third Street East, thence Southward, a distance of 1750 feet, to the point of intersection of said Fourth Avenue East with the East line of Blue Lakes Boulevard, width 40 feet, with curb.

Fourth Avenue East: Beginning at the East line of Blue Lakes Boulevard, thence East, a distance of 1260 feet, to the west line of Locust Street, width 40 feet, with curb.

Second Avenue West: Beginning at the Northwest line of Second Street West, thence Northwest, a distance of 2940 feet to the East line of Washington Street, width 40 feet, with curb.

Sixth Street West: Beginning at the Southwest line of Main Avenue West, thence Westward, a distance of 300 feet, to the Northwest line of Third Avenue West, width 30 feet, with curb.

Minkola Street: Beginning at the South line of Third Street South, thence Southward, a distance of 450 feet, to the Northwest line of Fourth Street South, width 30 feet. No curb.

Section 2. The property to be included in said district as assessed at hereinbefore provided, shall include all the property fronting or abutting on, contiguous or tributary to the streets, avenues and alleys, and between the points herebefore specified, and to the distance back from such streets and alleys. If placed in lots to the center of the lot; if not platted, to the distance of 325 feet.

Section 3. The general character of improvement shall be the grading, surface paving and widening of the roadways, of said streets and alleys, to the width hereinafter set forth between the points hereinafter specified, and to the distance back from such streets and alleys.

Section 4. The cost and expense of said proposed improvement shall be taxed and assessed upon all property in improvement district in proportion to the frontage of such property on the streets, avenues and alleys, and to the expense of making and repairing sewers, shall not be included in said assessment until such time as the City of Twin Falls, Idaho, shall have done on one side of the street, on one side of the center line, the property on which shall be assessed.

Section 5. The 23rd day of June, 1919, at 8 o'clock P. M., is hereby designated as the date on which the Mayor and Council of said City of Twin Falls will receive protests against the making of the said proposed improvement and all persons affected by the same are hereby notified to file their protests in writing with the City Clerk or before or at the time of said meeting. Place where protests will be received and heard will be at the office of City Clerk of said City.

Witness my hand and the Seal of the City of Twin Falls, Idaho, this 9th day of June, 1919.

W. H. ELDRIDGE, Mayor.

ELKS COMPLETE OBSERVANCE OF FLAG DAY PLAN

Rev. Willis Martin of Boise, Former Second Idaho Chaplain, to Be Principle Speaker at Public Exercises.

Flag day, celebrated throughout the nation in commemoration of the act of congress June 14, 1777, adopting the red, white and blue as the national emblem, is to be observed by Twin Falls lodge, B. P. O. of Elks, with public exercises to be held Saturday in the Elks' hall, according to plans which have just been completed.

Rev. Willis Martin, pastor of the First Methodist church, Boise, and former chaplain of the Second Idaho regiment, is to be the principle speaker of the occasion.

The history of the flag will be given by Col. C. L. Longley, a Civil war veteran, and the Elks' Tribute to the flag by Harry J. Bonoit, a returned service man of the world war.

Ritualistic introductory and altar services will be conducted by Exalted Brother Frank Mattison, Esquire V. H. Ormsby and the other officers of the lodge.

Mrs. O. P. Duvall is to sing, "He Maketh Wars to Cease," and Miss Helene Allmendinger, "The Americans Come," both singers being accompanied at the piano by Miss Nolle Tensdale. There is to be also orchestra music and the exercises are to be closed with the singing of "America" by the entire audience.

Announcements

A lawn party, the first of the season, is to be given at the farm home of Patrick Wynn, two miles south of Twin Falls, on Thursday evening, June 12, by the women of St. Edward's Catholic church. Members of St. Edward's parish and their friends are cordially invited.

BOOZE CARRIERS ELUDE OFFICERS GIVING PURSUIT

Persist in Precipitate Retreat in Hail of Bullets, but Make Getaway Minus Their Alcoholic Cargo.

Two men, said by the officers to be Lester W. Stephens, a lineman employed by the Telephone company, and Chas. W. Y. Buelley, who drove a Ford car loaded with 45 plants of whiskey in three suit cases, led pursuing county and city police officers an exciting chase Saturday evening and finally succeeded in eluding their pursuers according to information which has just been released for publication by the sheriff's office.

Last Shot Effective. The chase was staged between the Amalgamated Sugar company factory and the baseball park in Twin Falls. The officers failed to intercept the booze-laden car but pursued it hotly. They called upon the liquor carriers repeatedly to stop and then Chief of Police William Taylor opened fire, at first with the tips of the machine ahead as his target and later at the fugitives themselves. With the last cartridge in his gun the chief sent a bullet fairly throughout of the suitcases alongside the hood of the car and broke practically every bottle in it.

The fugitives then throw overboard their cargo but continued the mad retreat. Out of the 45 bottles, 20 were picked up unbroken.

Dr. Weatherbee Leaves—Dr. Charles Weatherbee left Monday for New York where he will spend several weeks in post graduate study. While away he will also attend the convention of the American Medical association to be held in Atlantic City. He will return to his practice here.

Attending Sessions—Mrs. W. D. Southworth of Mountain Home is a guest here at the home of Mrs. Rambo, while attending the sessions of the Idaho grand chapter, O. E. S. She will be accompanied, on her return to her home Friday, by Mrs. Rambo who will spend two weeks as her guest.

Pleads Guilty—Bert Kelso, colored, in district court Monday entered a plea of guilty to illegal possession of liquor. Saturday next was set as the time for pronouncing judgment. Kelso previously pleaded guilty to a charge of illegal transportation for which the charge of possession was substituted.

Grand Master Recovering—Andrew Lounsbury of Albion, grand master of the Idaho grand lodge, A. F. and A. M., recently stricken by an attack of heart disease while returning from Long Beach, California, is improving, according to announcement made today at the Boyd hospital where he is a patient.

SECOND TRIAL OF SIMS BEGINS

Spectators Are Few When Prosecutrix Takes Stand This Morning.

Popular interest in the second trial of Harold M. Sims, former state representative and newspaper man, charged with committing a statutory offense, seems to have reached a low ebb if the size of the audience assembled in the district court room this morning when the first witness for the prosecution was put on the stand, if any criterion. Outside of the court attaches, there were less than a half dozen persons in the court room. Witnesses for the prosecution were excluded by stipulation.

Mrs. Ruth E. Jester, the prosecutrix, was the first witness called by the prosecution. The names of more than 40 witnesses have been endorsed on the information by Prosecutrix Attorney Frank L. Stephan.

All day Monday in district court was occupied in securing the jury in the second trial of the case of Harold M. Sims, former state representative and newspaper man, who is charged with commission of a statutory offense. The task was completed at 5 o'clock after a special venire of 12 men had been returned at 4 o'clock.

Several Excused. During the examinations of the prospective jurors the state excused 14 because of prejudice and the defense excused one. The state exercised all of the six peremptory challenges for removal of prospective jurors, while the defense waived its second and sixth peremptory challenges.

Judge W. A. Babcock excused all jurymen not included in the panel for the trial of this case until Wednesday morning.

Presentation of evidence was deferred after the jury had been sworn in until this morning.

The members of the jury are the following: W. R. Parker, W. M. Lambing, G. C. Davis, S. Potts, W. Miller, J. A. Gallier, S. G. McAuley, J. E. Winans, D. C. Weaver, Dan Whaley, Andrew Rogerson, E. R. Hobbs.

Alleges Undue Interest. An indication on the part of the defense to show during the progress of the trial that D. M. Denton, with whom Sims was formerly associated in the publication of a newspaper here, is unduly interested in the prosecution was evident in the text of the affidavit accompanying the motion for change of venue which was denied and in the examination of prospective jurors by G. W. Booth of Pocatello, attorney for Sims.

The affidavit recited that Denton had conducted a campaign with "systematic thoroughness, cunning and malignant ingenuity" both in Twin Falls and in Pocatello, where Sims now resides, to discredit Sims with the result that "a feeling of general prejudice and bias exists against him throughout Twin Falls county and among a great majority of the people thereof."

In examining prospective jurors, Mr. Booth frequently inquired if they were acquaintances of Denton or subscribers to his paper.

Pleasure in Production. Every blade of grass is a study; and to produce two where there was but one is both a profit and pleasure.—Lincoln.

Lodge Officers Here—Mrs. Minnie Hobbs of Mountain Home, Mrs. Martha Melvin of Blinnon, and Dr. and Mrs. McMathen of Loviston are here attending the meeting of the grand chapter of the Eastern Star. Mrs. Hobbs is the grand worthy matron; Mrs. Melvin, the grand secretary, and Dr. McMathen, the grand worthy patron.

Back from Coast—J. M. Bratton, well known pioneer of Twin Falls, returned Saturday from spending the winter in Long Beach, Cal. After remaining Sunday with friends here, he left Monday for his home in Hollister.

Home for Vacation—Frayne McAtco returned the latter part of last week from Lexington, Mo., where he has attended Wentworth military academy for the past year.

BEGIN JURY SELECTION IN TRIAL OF H. M. SIMS

Judge Babcock Overrules Motions for Continuance and Change of Venue.

Judge W. A. Babcock in district court here this morning, overruled motions for continuance and for change of venue in the case of Harold M. Sims, former state representative and newspaperman, charged with committing a statutory offense, and selection of a jury for the second trial of the case was begun. The first trial during the February term of court here resulted in acquittal of the defendant. The motion for continuance was based on an affidavit to the effect that Sims had not learned until late date that the case was to be tried at this time, and the withdrawal of his former counsel, E. M. Sweeley. He is represented at this time by C. M. Booth of Pocatello.

Out This Out and Take It With You

Mr. Booth argues the exact nature of the article he wishes to purchase and as a last resort takes something else instead. That is always disappointing and unsatisfactory. The safe way is to cut this out and take it with you so as to make sure of getting Chamberlain's Tablets. You will find nothing quite so satisfactory for constipation and indigestion—adv.

FEDERATION REPORT IS LAID BEFORE MEETING

Executive Council Finished Submission of Document at Gathering Last Evening.

ATLANTIC CITY, N. J. (AP)—Headquarters of the executive council of the American Federation of Labor was completed last evening. Anarchism was strongly denounced and opposition to a lower wage scale was reiterated.

The closing part of the report covered a wide range of subjects. Appropriations for the department of labor are discussed at some length. It is stated in the report that congress in granting meagre funds to that department "has failed to interpret correctly the spirit and trend of present-day development, especially at a time when there is world-wide recognition of the fundamental importance of industrial problems."

"We maintain," the report continues, "that the importance of the forests at issue and the faithful, loyal service the workers have given the government and society, have earned for us the right to fair consideration in the expenditure of national funds."

"We recommend that congress be advised that it is the earnest desire of the organized labor movement and all America's workers that the department of labor be provided with adequate funds for performing the important work which devolves upon it." The council recommends to the convention the endorsement of government ownership of the railroads.

In discussing what is called the "meat packing monopoly," the council quoted the report of the federal trade commission to President Wilson and said that hearings by the house interstate commerce committee "seemed to show conclusively the existence of a combination which not only controls and regulates prices of beef, lamb, hogs and other meat, but also eggs, butter, poultry, cheese, rice, fish, canned goods of all descriptions, leather and wool."

It is then stated that insofar as "this combination restricts the supply and enhances the cost of these necessities, the laboring people of the country are adversely affected and the matter becomes one of concern to the American Federation of Labor." It is charged in the report that the packers "during the war shortage of leather, when it was difficult to furnish shoes for soldiers, hoarded such quantities of hides that it was impossible to find proper storage room for them." No definite recommendations are made by the executive council.

Live Day by Day. Finish every day and be done with it. You have done what you could; some blunders and absurdities no doubt crept in, forget them as soon as you can. This day for all that is good and fair.—Emerson.

Pretty Soft-A? Who remembers the old days when we got our toes pulverized standing in line for our granulated sugar permit?

Booze is Not a Good Cure From the Ames Iowa Intelligencer. When a man comes to you all doubled up with pain and declares he will die in your presence unless you procure him a drink of whiskey, send him to a doctor or else give him a dose of Chamberlain's Colic and Diarrhoea Remedy. There is a mistaken notion among a whole lot of people that booze is the best remedy for colic and stomach ache.—adv.

Reconstruction Program. The labor reconstruction program, formulated by a committee appointed by the St. Paul convention and made public last December is printed in full and carried in the executive council's report.

Under the heading "labor and peace" the report quotes the declaration issued by the American Federation of Labor March 29, 1917, discussing labor's effort to win the war and continues: "Turning from war to peace upon the signing of the armistice, a condition soon became apparent to every one that had long been feared by organized labor. It was made apparent very early that there had been no adequate forethought and provision made for the period of industrial reconstruction." The executive council recommended that the entire matter be taken up by the convention for its consideration on an action program.

Oppose Lower Wages. "In addition," there were pronouncements from many sources among employers that extensive reduction of the wages would be undertaken. The taunt also was thrown at working people that they should have been able to bring the war, because of increased wages to save enough to carry them through the period of readjustment. These statements, however, either ignorance or desire to "win" the war, are refuted by the fact that the rising cost of living had absorbed whatever increase in wages had been secured, and that the cost of living was beyond the point of absorption effecting an actual decrease in purchasing power of the individual.

"Declarations of a policy of wage reduction came to our attention at Laredo, Texas. President Campers there introduced the subject in open conference and declared that labor would resist to the utmost any policy of wage reduction.

Wages Too Low. "It is the opinion of your executive council that no wages paid to American workmen today are too high, but that the contrary was far too low still ago paid in many industries. Progress is the world today and the progress worth most and best understood is the kind that raises the individual in the form of a better life, a freer and larger opportunity, and more of things by which life is sustained and enriched. The progress of our movement in realizing these things is the progress that is not to be denied by any influence or obstacle."

Formation of the Pan-American Federation of Labor at Laredo, Texas, last November is reported with a recommendation that the American Federation of Labor continue its participation in the work of the committee of Samuel Gompers, president of the American Federation of Labor are recounted.

Labor to be Controlled. The report of the council concludes as follows: "No question of great national policy or of great national interest is delicately weighed in a distribution of thought and viewpoint by the labor movement. The war brought to the nation and to the labor movement questions more vital and more involved than we have ever known. The peace of peace in nowise lessens the magnitude of the issues that must be dealt with."

NOTICE TO CONTRACTORS;

State of Idaho, through the Department of Education, will receive bids up to and until two o'clock, on the 21st day of June, at the office of the Commissioner of Education, for the construction of a concrete, stone and wood building for use as a school purposes to be built at the Idaho State School, for the Deaf and Blind, located at Gooding, Idaho, according to plans and specifications prepared therefor, by Wayland & Penning, architects, Idaho Building, Boise, Idaho.

All bids for the general construction shall be accompanied by a certified check in the sum of One Thousand (\$1000) Dollars. The certified check shall be made payable to State Board of Education. Said check will be held as a guarantee that the accepted bidder will enter into a contract forthwith with the owner for the completion of the above building, according to plans and specifications furnished. Unsuccessful bids will be returned with certified checks immediately upon the signing of the contract. The accepted bidder will be required to furnish a good and satisfactory surety bond in the sum of 50 per cent of the amount of his contract. Plans may be had at the office of the architect and seen at the institution at Gooding upon furnishing a personal check for Twenty-five (\$25.00) Dollars as a guarantee that the bidder will submit a bid and return the plans, upon return of the plans the check will be refunded.

Separate proposals will be received for the Heating and Plumbing, contractors bidding on the Heating and Plumbing will be required to furnish a certified check in the sum of Two Hundred and Fifty (\$250) Dollars, made payable, made payable. The award owner reserves the right to accept any or reject all bids submitted.

By Order of State Board of Education, E. A. Bryan, Commissioner of Education.

Seems an Unfair Division.

Thousands of hats discarded by English women are exported every year to Brazil, where they are eagerly bought by the Indians. The feathers and other ornaments on the hats are taken by the men and the bare straw shapes given to their workfolk.

Why Stings Hurt.

The pain caused by the sting of nettle is due partly to formic acid and partly to a chemical resembling snake poison. Our nettles are comparatively harmless; but in India, Java and elsewhere, there are nettle stings the painful effects of which last weeks, and in some cases months, like snake-bites.

A lapse in rental income will take care of the profit, and satisfaction out of property-owning—so use the classified.

BIRTHRATE OF ITALY FELL DURING THE WAR

Increase in Infant Death Rate Shown During the Same Period.

ROME — (Correspondence of the Associated Press)—The High sex-war birth rate of Italy of 31 per thousand (declined) during the war until for 1918, according to an exhaustive investigation by Charles White of Pittsburgh, head of the American Red Cross Tuberculosis commission, it had reached the low figure of approximately 17 per thousand. In some cases it rose to the alarming figure of 637 in the smaller cities. These figures give some indication of the problem in the fields of child welfare of a million of the countries suffering most by the calamities of war within its own territories.

Deaths Increase

Normally, 138 children under one year of age die for each thousand living births in Italy. During the war this figure in the large cities had risen to 171 per thousand. In some cases it rose to the alarming figure of 637 in the smaller cities. These figures give some indication of the problem in the fields of child welfare of a million of the countries suffering most by the calamities of war within its own territories.

For Artificial Limbs.

Willow or other wood of a similar nature has heretofore been made up of in the manufacture of artificial limbs, but a cheaper and at the same time superior substitute has been found in a composition in which cellulose largely enters. The composition is made use of by spreading upon pieces of fabric, which are then wound about a mold. The new material is said to be light, easily worked and of trivial cost.

As to Snobs.

The true gentleman and the true gentlewoman are always above snobbery. The glitter and glare of wealth, the vulgar show of money, the display of possession—these are not the evidences of real superiority. Character and true worth are the only standards by which men and women can be judged, whether they be rich or poor. And, as for snobs, why, may heaven save us from them.—Exchange.

One Good Friend.

We are the wisest of sound-threads if we let one friend drop off through inattention, or let one push away another, or if we hold aloof from one for petty jealousy, or needless roughness. Would you throw away a diamond because it prickled you? One good friend is not to be weighed against all the jewels of the earth.

Discolored Ceilings.

It is frequently found that the ceilings immediately above incandescent mantles become blackened. If white-washed, it can be cleaned by being rubbed over with a mixture of water and water of the consistency of cream. A soft flannel cloth should be used. When dry gently rub off the starch. The black stain will come with it.

EVERY REAL ESTATE DEALER HELPS TO MAKE A BIGGER AND FINER CITY. The classified ads, therefore, are city builders.

NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of the Twin Falls Highway District up to two o'clock P. M. of the fourteenth day of June, 1919, for furnishing labor, material and constructing improvements on the highway system of the Twin Falls Highway District for said district.

Bids will be received on the following:

Constructing approximately eight miles of gravel road including approximately 500 yards earth work, 1,800 yards gravel per mile and 3.6 acres clearing and grubbing. Average haul of gravel two miles.

Location of proposed improvement: East and North of Hildreth, Idaho.

Proposed blanks, detailed plans and specifications are on file at the office of the Twin Falls Highway District. Copies desired for personal use may be obtained by making a deposit of \$15 which will be refunded upon return of plans.

TWIN FALLS' HIGHWAY DISTRICT.
By C. H. Channell,
Chairman of Commission.
Stuart H. Taylor,
Secretary.
Dated June 4, 1919.

MAKES HAIR GROW INWARDS ON TAKERS

Preparation Sold in Ponce for Hirsute Adornment Taken Internally.

HAN JUAN, (Correspondence of the Associated Press)—Hair tonic has leaped in favor as a drink in Ponce. In one week more than 4350 bottles of a kind manufactured by a local firm under a formula registered with the insular government was sold in that city. The tonic said to contain more than 60 per cent alcohol is reported to have been selling at 15 cents a drink, despite the fact that it contains drugs which, although reported to be of benefit to the hair when externally applied are said to be somewhat harmful to the system when imbued.

As the formula was registered with the insular government by the manufacturers, no legal action has been taken against them but the manufacturer has been stopped and the police have been endeavoring to round up all the supplies of the hair tonic that can be found. It is reported that about 75,000 bottles have been shipped to Ponce during the last few weeks, of which the greater part has been recovered.

Optimistic Thought.

Speaking silence is better than senseless speech.

To fall to read the ads is to waste time and make mistakes.

ALBERTA LANDS

530,000 Dry and Irrigable Acres

Lands are located in Southern Alberta and are among the best in that famous district. 200,000 acres will be under irrigation, the balance is being sold for grain growing.

The lands are being put on the market for the first time and the company is looking for bona fide settlers. All lands within a radius of ten miles or less to shipping point.

Dry lands are being sold at \$15 to \$30 per acre—irrigable lands \$40 to \$60 per acre, which includes water right—operation and maintenance charge \$1.50 per irrigable acre per year—easy payments and low interest.

Alfalfa, grain, field peas, potatoes and root crops can be successfully grown.

Write direct to the company for full particulars and pamphlets.

Canada Land & Irrigation Company, Ltd.

JULIAN ELLINGBO

From the Pacific coast to the Atlantic and back again, covering many thousand miles, Julian Ellingbo and his Revue of Nineteen Nineteen, on his farewell tour prior to a trip around the world, will be at the Lavender Theater, Tuesday, June 17. This will be the first appearance on the speaking stage for several seasons, as he has been in the "Big Boy" and his photo offerings have been shown in every quarter of the entire world. As an offering entirely different than anything he has ever before seen in a Revue of Nineteen Nineteen, with a company of headliners from the highest class variety stages, both here and abroad, Mr. Ellingbo appears under his own management, and producing his own attraction he has spared no expense to outfit his production with the best which were always classed among the very best. Some of his associate players are such well known favorites as "The Sydney Gray Long Letty" fame; Gaudamith Brothers, over a year at the New York Hippodrome; Leo A. Beers, the distinguished artist; Cleo Gascoigne, for the last two seasons with Harry Lauder; the LittleJacks; Carville and Gorhadi, (Christians); Nestette, Virginia Whitman, Marjorie Bennett, Arthur Shirley, Edna Stone, and a California beauty chorus of dancers. New Shows a Picture: His Night at the Club, Ellingbo's new vehicle, suggested by him, is presented under the direction of Fred Nible, gives the star great opportunity to display his newest gowns and to sing his latest songs. "The Blue Star Vampire" and "He Was So Good To Me," being two of the most popular.
