PARIS, (AP)—The reply to the German counter proposals agreed upon by the peace conference heads refuses the German request for a mandate for the former German colonies, it was learned today.

DUNCAN CRITICIZES Immediately after the reading of the resolution, James A. Duncan, chairman of the Central Labor Council of Seattle, criticized the actions of the resolution committee for reporting the resolution first, claiming that in his opinion the workers of the country would have been better satisfied had resolutions dealing with a six hour working day been the first out of the committee. He said he and his organization were against any movement to alter in any way war time or any other kind of prohibition.

Villa Forces Have Clean Sweep to the Border on North

Gather in Three Separate Columns and Advance on Juarez Without Resistance

EL PASO, Texas, (AP)—If the information received in El Paso this morning is correct, and there seems no reason to doubt it, forces under General Felipe and Francisco Villa have swung from south of Samalayuca northeast in three separate columns to the vicinity of Guadalupe, 33 miles east of Juarez, and have a clean sweep toward the border city.

BURLINGHAM DECLARES STRIKE IS WITHOUT JUSTIFICATION

WASHINGTON, (AP)—Postmaster General Bureau declared in a statement today that no amount of pressure would avail to make the government wire control board "extend or go beyond rules and regulations of the war labor board which have been strictly observed since the government took over control of the telegraph and telephone properties. He declared the strike wholly without justification.

LABOR PARTY WANTS A WORKMEN'S CONFERENCE

Plan Is Presented at Chicago Federation of Labor Looking to That Result.

CHICAGO, (AP)—A plan to call an international workingmen's conference on peace here September 6 and 7 was announced today by the speakers committee of the Chicago labor party, which is arranging a demonstration of labor interest in Chicago. The plan will be presented to the Chicago Federation of Labor and if approved there to the American Federation. Belief that the conference will tend to attain sufficient peace guarantees was the reason announced for the conference.

COUNTY DIVISION ISSUE IS BURIED UNDER PLANS

Assemblage Votes to Send E. T. Meredith to Washington to Boost Reclamation Bill; Endorses West End Road.

Nearly one hundred Twin Falls business men were the guests of the Buhl Commercial club at a dinner held in the Buhl high school last evening. The meeting was in the nature of a welcome to E. T. Meredith promoter of the Twin Falls West End irrigation project, but during the evening the discussion became general and irrigation, improved highways, community cooperation and a host of minor topics were the subjects of brief but forceful addresses by upwards of a dozen men from Buhl and Twin Falls.

Good Feeling Prevails The greeting was characterized on every hand as one of the best of the kind ever held in the county. The best of good feeling prevailed throughout the evening, even the mention of county division failing to elicit a single note in any way out of harmony with the general air of good fellowship which obtained. The sentiment in favor of the holding of similar meetings frequently was very apparent and the hope was expressed by more than one of the speakers that the next of these be scheduled for Twin Falls in the near future. Western Union Company President Declares Great Strike of Wire Men a Complete Failure

NEW YORK, (AP)—Only 166 persons, including 131 operators out of a total of 40,000 employed by the Western Union throughout the country were absent from duty at noon today, Newcomb Oxley, the company's president, announced in a statement today. "The complete failure" of the strike called by the Commercial Telegraphers' Union.

CHICAGO, (AP)—Conflicting claims of union leaders and officers of commercial telegraph companies made uncertain at noon today the extent of the nation-wide strike of telegraph operators but representatives of the workers confidently maintain that the number of strikers would reach sixty thousand by night. "We are operating one hundred per cent," declared an official of the Western Union Telegraph company after receiving reports from points in this district, which includes Illinois, Wisconsin, Michigan, Indiana and Ohio. "Our proof is the fact that we are ready to accept all business offered."

FRANCE FIRM IN REFUSAL TO LET HUNG IN LEAGUE

Official Announcement Expresses Belief in Early Settlement but Many Issues Remain to Be Disposed of.

Official announcement was made after the meeting of the council of four this afternoon that there was hope of a comparatively early decision on the reply to Germany's terms. It was said an agreement, in principle was reached on the reparations clauses to the effect that no definite sum to be paid by Germany will be fixed in the treaty and that the question would be left virtually as in the original draft. In French circles it was stated today

BOTH SIDES IN THE BIG STRIKE ARE CONFIDENT

Companies and the Union Are Certain of Victory According to Their Own Versions of the Struggle Over Issue.

CHICAGO, (AP)—The nationwide strike of union commercial telegraphers, called by S. J. Koenekamp, international president of the Commercial Telegraphers Union of America, became effective at 7 o'clock this morning (Central time).

The companies against which the strike is called include the Western Union Telegraph company, the Postal Telegraph and Telephone company, and a number of smaller telegraph companies in various parts of the country.

Union officials estimated that 60,000 telegraphers would leave their keys during the day, and that on June 10 more than 100,000 electrical workers would join the strike. Western Union officials said that only a few of their employees were members of the Commercial Telegraphers Union of America, and that those over their heads would not be materially affected by the strike.

Collective Bargaining Involved

The issues involved in the strike include the right to organize and bargain collectively, wages and working conditions.

President Koenekamp established headquarters here and announced that he would direct the strike from this city. At a meeting of telegraphers early this morning "peaceful picketing" was decided upon and at 7 o'clock pickets were placed around the general offices of the companies in the city.

Lined up operators were not involved in the strike. Soon after the hour set for the men to strike, Mr. Koenekamp said that it probably would be two or three days before the full strength of the strike was known. Reports indicated, he said, that men were going out steadily.

He estimated that in this district, comprising Illinois, Michigan, Indiana and Wisconsin, about 2,700 men of both the Western Union and the Postal companies would strike. In Chicago alone by tonight he expected 800 to 1,000 to be out.

An hour after the strike began the Western Union officials here said they had not been affected. They showed a newspaper man through their operating room, where many men were at work. At strike headquarters it was said that the effects of the strike in Chicago probably would not be felt before noon, owing to the varying hours at which day shifts came on duty.

The Postal officials here said that they expected the strike to stick, but that some of the younger men might go out.

Mr. Koenekamp received a report that the electrical workers in the Western Union had gone out, and that the telephone girls there probably would go out in sympathy.

Collins Makes Statement

General Superintendent of the Postal, E. W. Collins, said two hours after the strike had begun that about thirty per cent of his men here were out, mostly the young men. He said that there had been some intimidation.

Carlton Confident

NEW YORK, (AP)—Reports from the seven divisions of the Western Union Telegraph company throughout the United States and the maritime provinces showed a full force of operators on duty two hours after the commercial telegraphers' union strike order had gone into effect. Newcomb Carlton, president of the company, announced today.

The divisional reports which covered all the large centers in the Western Union service, declared that the wires were clear and traffic normal, Mr. Carlton said. He was without advice, he added, from the smaller offices, but expected a complete report by midnight.

"We are handling business throughout the country without serious interruption anywhere," Mr. Carlton stated. "We have an adequate force of men on all our business without interruption."

The reports at hand were from New York, Chicago, San Francisco, Atlanta, Dallas and Denver districts and from headquarters for the maritime provinces.

As the office of the Postal Telegraph company, Edward Reynolds, general manager, said that a statement covering conditions throughout the country would be issued this afternoon.

Deny Losing Any Men

SAN FRANCISCO, (AP)—"We have not lost a man," Western Union officials said here today in response to queries as to the number of telegraphers who had obeyed the strike order. The officials added that they expected the strike order on the Pacific coast to be generally obeyed.

Postal Telegraph company officials said that of the seven men composing the night shift, six quit their posts today. Employees of the Postal Telegraph company, which operates only on the Pacific coast, were not affected by the strike. Previous reports said the Federal company had agreed

HORSE STILL A FACTOR IN ROMAN SOCIAL LIFE

Cab Driver Votes and Gasoline Shortage Makes Dobbin Undethroned King.

ROME, (AP)—The horse here has not vacated his position to make room for the automobile. There are still thousands of horse drawn cabs operating in Rome while there is not a single taxicab.

Two reasons are given for this equine superiority. First, there are three thousand cab drivers in Rome, according to the municipal statistics. These exercise a considerable influence in the municipal elections of Rome and as a consequence no motor vehicle concessions were granted. The politicians know that in order to retain these three thousand votes they must be faithful to the horse and an enemy to the "silver."

Besides the supply of gasoline in Italy is not large and to insure enough for the military needs it was found absolutely necessary to encourage as much private motor vehicle traffic as possible.

To meet wage demands, but no official confirmation was forthcoming. Their employees were at work today.

Are On Duty

MILWAUKEE, (AP)—Telegraphers employed by the Western Union and Postal companies reported for duty as usual this morning. According to reports, it was decided at a meeting last night to postpone the contemplated walkout until Saturday.

Duluth, Minn.

DULUTH, Minn., (AP)—Managers of the Western Union and North American Telegraph companies in Duluth reported to newspapers this forenoon that no telegraphers had gone on strike here.

Cleveland, O.

CLEVELAND, O., (AP)—Western Union and Postal Telegraph company officials here said that every employe reported for work this morning.

Salt Lake City

SALT LAKE CITY, (AP)—Every employe of the Western Union Telegraph company in this city appeared for work this morning. It was announced by the company officials. The Postal Telegraph-Cable company reported only one man on strike.

Was Curtailed

CHICAGO, (AP)—At the Chicago board of trade it was announced that Postal wire service was greatly curtailed.

Pickets at the Postal company building here asked other employes to quit in sympathy with operators. There was a small disturbance in which the police intervened. Policemen told one picket that they would give him two hours to get out of town.

Some Western Union messengers announced that they were on strike.

ITALIANS HELPING TO AMERICANIZE AT HOME

Go Back with New and Progressive Ideas to the Old Home in Europe.

ROME, (AP)—The Italian who has lived long in America is helping to Americanize Italy more potently than other factors could. He has introduced American ideas and American ways of doing things at every possible turn when it is practical and more efficient than the Italian.

Empower Housing

The Italo-American has brought back from America an idea of better housing conditions and if he decides to settle again in Italy he builds a home patterned along American lines with plenty of space around it and with its division of rooms. Most Italian families of the farming sections are accustomed to live in one large room while large numbers live in thatched huts which dot the sides of mountains hidden among the trees and brush. Several families live in what would seem an ordinary American family's habitat.

RECRUITS WANT EXCUSE FOR JOINING BOLSHIEVSKI

Request Advance Certificates That They Have Been Obligated to Join Reds.

VLADIVOSTOK — (Correspondence of the Associated Press)—Three hundred young recruits in the Siberian army presented a petition to their commanding officer at Tuman, Siberia, asking certificates be furnished them that they were obliged by the system of conscription to join the army and fight the Bolshievki.

They explained that they had no intention of mutiny but if they fell into the hands of the Bolshievki they wanted a fair chance for their lives. The petition was refused.

Waged Siberian Battle

According to reliable information the young soldiers then barricaded themselves in a building not far from Tuman, some of them beginning to shoot. The commanding officer summoned the Czecho-Slovak troops to his assistance and machine guns were used against the mutiny and the remaining recruits. It is understood that 74 were killed and 140 wounded.

A number of soldiers in the Russian-Siberian army have brothers or relatives in the Bolshievki armies, serving either through duress or choice.

Tablet to Horace Greeley

The Vermont Press association placed a memorial tablet on the old building at East Poutney where a ragged fourteen-year-old boy, in 1825, began a painful apprenticeship as a printer, in which he obtained a working knowledge of the most dynamic of all the arts. The ragged boy was Horace Greeley, and the building was the office of the Northern Spectator—a country weekly newspaper.

HOUSE INQUIRES AFTER REPORTER

Robert Minor Believed to Be in Custody of French After Syndicalist Meeting.

PARIS, (AP)—Col. E. M. House, one of the United States peace delegates has been asked to investigate the disappearance of Robert Minor, a newspaper correspondent and cartoonist, who was taken from his hotel, presumably by French officials. The American embassy was asked by Lincoln Steffens to inquire about Minor, but no information was forthcoming. Consequently Colonel House was requested to investigate.

Minor recently came to France from Germany and was in Russia for many months preceding last December. He was formerly employed by the New York World and the Philadelphia Public Ledger. His trunk is still in his hotel, but his papers have been removed. Minor's disappearance followed his attendance of a syndicalist railway employes meeting, where he talked with the committee in charge.

ORDINANCE NO. 254

An Ordinance declaring the intention of the City of Twin Falls, Idaho, to grade, pave, curb and surface drain certain streets and parts of streets, within the City of Twin Falls, the expense thereon to be paid by special assessment levied against the abutting property. To establish for that purpose local improvement district No. 35, consisting of a part of the street when protests will be received against making of said proposed improvement.

Enacted by the mayor and council of the City of Twin Falls, Idaho, as follows:

Section 1. The City of Twin Falls, Idaho, does hereby declare its intention to grade, pave, curb, and surface drain certain parts of streets and alleys within the City of Twin Falls, Idaho, hereinafter specified, and for that purpose to create and establish in said City of Twin Falls as a part thereof, a local improvement district No. 35, constituting the streets and alleys or parts of streets and alleys as follows:

Fourth Avenue East: Beginning at the Southeast line of Third Street East, thence Southeast, a distance of 1750 feet, to the point of intersection of said Fourth Avenue East with the East line of Blue Lakes Boulevard, width 40 feet, with curb.

Second Avenue West: Beginning at the Northwest line of Second Street West, thence West, a distance of 2940 feet to the East line of Washington Street, width 40 feet, with curb.

Third Avenue West: Beginning at the South line of Main Street, thence Northwest, a distance of 2080 feet, to the East line of Washington Street, width 40 feet, with curb.

Sixth Street West: Beginning at the Southwest line of Main Avenue West, thence Southeast, a distance of 800 feet, to the Northeast line of Third Avenue West, width 30 feet, with curb.

Middle Street: Beginning at the Southeast line of Third Street South, thence Southeast, a distance of 450 feet, to the Northwest line of Fourth Street South, width 30 feet. No curb.

Section 2. The property to be included in said district and assessed as hereinafter provided, shall include all the property fronting or abutting on, or between the points hereinafter specified, and to the distance back from such streets and alleys, if platted in blocks to the center of the block; if platted in lots to the center of the lots; and if not platted, to the distance of 125 feet.

Section 3. The general character of said improvement shall be the grading, surface draining and paving of the roadways, of said streets and alleys, the width hereinafter set forth between the points hereinafter specified, said paving to consist of some suitable pavements according to the general plans now on file in the office of the City Engineer and the City Clerk, and the construction of a concrete curb along side of the said portion of the said streets as hereinafter specified where a concrete curb is not already constituted, extending the concrete curbs which are already constructed along the said portion of the said streets downward where they are found to be not deep enough for the purpose of paving except across roadways or intersecting streets. Said improvement is an original improvement.

Full plans and specifications for said proposed improvement to be filed in the office of the City Clerk of said city on or before the day on which the Mayor and Council will receive protests against making the said proposed improvement.

Section 4. The cost and expense of said proposed improvement shall be taxed and assessed upon all property in said improvement district in proportion to the number of feet of such lands and lots fronting thereon, or abutting, contiguous or tributary thereto, and in proportion to the benefits derived by said improvement.

All the property within said improvement district to be assessed as aforesaid for the cost of said proposed improvement except that the expense of the improvement in the space formed by the junction of two or more streets or where one main street terminates or crosses Main Street, shall also include necessary street crossings or crosswalks at corners and intersections of streets, and the expense of making and repairing sewers, but shall be paid by the City of Twin Falls. When work is done on one side of the street, on one side of the center line, the property on that side only shall be assessed. The total cost and expense of said improvement, according to the estimate returned by the City Engineer is the sum of Seventy-eight Thousand Dollars (\$78,000.00), divided as follows:

Post Frontage	\$25,000.00
Intersections	13,000.00
Total	\$38,000.00

Section 5. The 23rd day of June, 1919, at 8 o'clock P. M., is hereby designated as the date on which the Mayor and Council of said City of Twin Falls will receive protests against the making of the said proposed improvement and all protests filed by the same are hereby notified to file their protests in writing with the city clerk on or before or at the time of said meeting. Place where protests will be received and heard will be at the office of City Clerk of said city.

Passed by the City Council of the City of Twin Falls, Idaho, this 9th day of June 1919.

Approved by the Mayor of the City of Twin Falls, Idaho, this 9th day of June, 1919.

W. H. ELDRIDGE, Mayor.

New School's Snap Judgment.

A number of years ago when a Boston paper asked leading authors of this country and England to name the best poem in the English language, James Whitcomb Riley chose Longfellow's "The Bridge." He found in it every element necessary to a perfect poem. Most of the other writers said there could not be any "best" and declined to make a selection. The new school of rhymeless and rhythmless verse writers have ruled Longfellow and "Tumony-out" as "artificial" and second rate—Exchange.
