PRICE FIVE CENTS

TO REWRITE TREATY FOR BENEFIT OF THE ENEMY

Council of Four Decides That Presentation of New Features Impossible Without Redraft of Entire Document.

PUBLISHED TEXT IS RENDERED OBSOLETE

Germany to Receive Fresh Outline of Allied Demands, Unchanged in Principle but Different in Terms.

(By Associated Press) **W**HILE unchanged in principle, virtually a new document will be presented to the Germans. It is understood that the new treaty will be made public on the day of its delivery or the day after. The council of four it develops, decided that simply to attach the new text to the original document was impracticable, as important clauses would be left obscure and imperfect. Hence the decision to rewrite the document. It was commended in peace conference circles today that this action renders obsolete the text published in the United States.

The treaty will not be altered in principle, but it explained that the incorporation of the explanations and clarifications which the allies have framed in replying to the counter proposals will make virtually a new document of it. It is expected that its publication will be authorized the day it is delivered to the Germans or the day following.

Work Now Going On
The work of drafting the allied reply in the form of changes set forth upon, is going forward in Paris today. The task is a considerable one, and it has been complicated by a British proposal to reopen the reparations section, which, however, is likely to be rejected. The situation, nevertheless, points to a delay in the delivery, possibly taking it over until Monday.

No Certainty of Outcome
While there seems to be definite general belief that the Germans will accept the treaty terms, news dispatches from Paris reflect a certain amount of doubt whether the German delegates or the present German government will sign the convention. French official circles are said to expect the immediate establishment of a national government, which, it is said, may sign the treaty, but even in that event, it has been suggested, the allies might not accept the signature of the radicals.

To Admit Hans to League
Agreements in principle as to the most perplexing features of the treaty have been reached, it being reported that a plebiscite in Silesia will be granted and Germany will be admitted to the league of nations.

The treaty stipulates that the Sarre district will hold a plebiscite after fifteen years.

The five great powers have informed Admiral Kolchak, head of the All-Russian government at Omsk, that the allies stand by their recent offer to furnish supplies and munitions to the Kolchak army.

Kansas Needs Hundred Thousand Harvesters
WASHINGTON, (P)—Glenn County, assistant secretary of agriculture, reported today that Kansas needs 100,000 laborers to help harvest the record breaking wheat crop in that state.

ALLIED TERMS FIND CHAMPION

Leader of Independent German Socialists Says Conditions Necessary.

WEIMAR, (P)—Eduard Bernstein, the independent socialist leader, stated in his reply to the letter from the allied and associated powers, which resulted in a second letter promising him allied support, declared that he did not propose to retain power longer than required by the interest of the country. He reaffirmed his intention to call elections for the constituent assembly as soon as the Bolsheviks have been crushed. The text of the admiral's reply was made public tonight. The allied letter was handed to Admiral Kolchak at Tsimon by 31 March, the French charge d'affaires at Omsk. The admiral's reply was received in Paris June 5.

IF we follow the map as it is governed by language we will see it follows, with a few exceptions, the lines set by the entente.

Text of Allied Reply to Be Published with Proposals of Germany

Council of Four Devotes Both Session to Putting Finishing Touches on Treaty.

PARIS, (P)—The reply of the allied powers to the German counter proposals will be made public Monday, according to present plans. It is expected that the text of the German counter proposals which has never been given out, also will be made public shortly.

The council of four today devoted both of its sessions to the revision of the text of the treaty. When the forenoon session ended the council had sent to the revision commission 18 reports. Among those remaining to be passed are several dealing with important subjects.

These subjects include the Sarre valley, Alsace Lorraine and the league of nations.

The revision commission, which is in constant session, is headed by Andre Tardieu of the French mission.

Chinese Ministers of Departments Send in Their Resignations

Agitation Following Japanese Loans and Shantung Settlement Caused Changes.

WASHINGTON, (P)—Advices to the state department today said Tso Jun, minister of communications, Lu Chang Yi, chief of the currency bureau, and Chang Chung Hsiang, Chinese minister to Japan, had resigned and that their resignation had been accepted. The action followed the recent agitation growing out of Japanese loans and the Shantung settlement.

Peking was reported to be quiet. Some Chinese in Shang Hai were said to be wearing badges indicating they were boycotting Japanese goods because of the Shantung question.

TEXAS TRAIN WRECKS KILL AND HURT MANY

Locomotive Blows Up on Fort Worth and Denver; Oil Special Off Track.

FORT WORTH, Texas, (P)—The locomotive on the Fort Worth and Denver City railroad passenger train, which left here at 10 a. m. blew up at Avondale, near here, killing the engineer and several other persons.

RIO JANEIRO, (P)—All newspapers here made editorial attacks upon France because of the receipts of reports indicating that France is opposing the keeping of former German steamers by Brazil.

CHICAGO, (P)—Hospital physicians said today six months old Dorothy McVickers would live, following an extremely delicate operation which removed forty-three tacks from her stomach and three from her lungs. A box of carpet tacks had been handed the baby by her two-year-old brother.

HAMBURG, (P)—An increasing number of thefts on the part of dock workers engaged in unloading American food ships here resulted last night in another search of workers returning home from the docks. The result was that large quantities of bacon, flour and cereals were recovered. One hundred and thirty arrests were made.

ROME, (P)—There have been sporadic strikes throughout Italy for several weeks in which the demands have been for decrease in the hours of labor and increases in wages, while others have been in protest against the high cost of living, the most serious of the strikes being that of seventy-six thousand school teachers demanding a minimum pay of two dollars daily.

Request of Canada Is Denied by Labor

MONTEREAL, (P)—Negotiations undertaken by the Canadian railway war board with the representatives here of division No. 4 of the Railway Shopmen of America in an attempt to prevent 30,000 men from striking for higher wages were reported today to have failed.

INCREASE OF GOLD EXPORTS TO SOUTH AMERICA

NEW YORK, (P)—The movement of gold from this country to South America which has been in progress since the removal recently of the embargo on gold exports was increased today by an agreement by the bank of the Americas of \$1,000,000 in gold bars for transfer to Peru.

SETTLEMENT OF WIRE STRIKE IS INTENT OF STEP

Commercial Telegraphers Union Submits Conditions of Possible Adjustment to Postal Telegraph Co. of Its Request

WILL RETURN TO WORK IF PLEDGE IS GIVEN

Union Proceeds With Its Preparations to Tie Up Business of Country; Tie Up Wire Systems of Country.

CHICAGO, (P)—First steps toward a settlement of the nationwide strike of commercial telegraphers were taken today when officials of the Commercial Telegraphers Union of America submitted to the Postal Telegraph company conditions upon which an agreement could be based.

The conditions, it is stated, provide that the strike would be called off as far as the Postal is concerned if that company will agree to wage adjustments immediately after full control has been given the company by the wire administration.

The conditions, which are understood to have been requested by the Postal Telegraph company, were forwarded to New York officials of the company today, according to reports here.

Burlington Order in the Way.
Union officials said that an order issued some time ago by Postmaster General Burleson still in effect prohibits the commercial telegraph companies from signing wage contracts with their operators for less than the conditions of the conditions were so drawn as to provide that actual wage agreements would not be entered into, nor other conditions considered until after the government had discontinued all control.

Send Out Pickets
With the announced determination of making the wire line up in the country complete, so far as commercial business is concerned, by next Monday.

Church Peace Union Asks Ratification of League Covenant

Declare It Represents Idea for Which Youth of Allied Nations Have Laid Down Lives.

NEW YORK, (P)—Resolutions urging ratification of the league of nations covenant which is described "as the end for which the youth of the allied nations were laying down their lives" were made public today by the Church Peace Union. The signers include former President William H. Taft, Cardinal Gibbons, Bishop Luther H. Wilson and Dr. John W. Moton. The resolutions were sent to the senate.

Orlando Goes Back to Rome to Confer with Parliamentary Heads

Urgent Matters of Military Character Impels Him to Visit Capital of Italy.

PARIS, (P)—Premier Orlando of Italy left for Rome last night intending to confer with the parliamentary leaders in secret relative to the work of the peace conference and to settle certain urgent questions, notably those concerning military precautions contemplated in the Carabian region. General Diaz, commander in chief of the Italian armies accompanied the premier and will be in personal control on the frontier.

HASSON IN BAD AT BURLEY

Returned Soldier of Twin Falls a Prisoner Facing Serious Charges.

(Special to The News)
BURLEY—Falling in his attempt to get away after drawing a gun on officers by whom he was arrested here Saturday night, a soldier of Twin Falls, a returned soldier, is a prisoner, being held here on three charges, one of having intoxicated liquor in his possession, another in carrying a deadly weapon and of resisting an officer while on duty. The booze taken from Hasson was of the moonshine variety extracted from a cask of stolen wine. A cask of stolen wine was found in a vacant lot near a dancing pavilion.

SILVERMEN TO FORM COMBINE

New Association to Be Launched July 1; Similar to Copper Combination.

NEW YORK, (P)—A proposed combination of silver producers, intended to control the price of the metal by opening the question of reparations. They followed by the copper export association, will be thrown open to all members of the trade, it was reported here today. Terms and conditions today are such that the price is controlled by the London market. There is no intention, it was said, to confine the organization to its proponents, the Commercial Copper Mining company, the American Smelting and Refining company and the United States Smelting and Refining company.

Restriction of immigration, further action by organized labor to assist in the raising of the bond issue of the Panama Canal, approval of Secretary Lane's project to furnish land for soldiers and sailors, a protest against the excessive rents for housing facilities furnished by it, also were submitted as deserving the approval of organized labor as a whole.

BRITAIN WOULD RECONSIDER ON REPARATIONS

Effort Made to Reopen Question of Contol of Raw Material Entering Germany; Little Sympathy Shown Proposal.

PARIS, (P)—The British have made an eleventh hour attempt to reopen the question of reparations. They have submitted proposals introducing into the functions of the permanent reparations committee, the principle of control along the lines of the German reparations, enabling the commission to control Germany's economic development during the period it operates. The British effort has not met with a sympathetic reception by the reparations commission, to which it was referred. It seems improbable that the proposals will be accepted but they constitute one of the causes of the delay of the reply to the Germans, which was removed today, probably would not be presented until Monday.

Albanian Appeal Is Received by Wilson

WASHINGTON, (P)—An appeal for the independence of Albania was called to President Wilson by the pro-Albanian committee of America. It was said similar action was taken by Albanian representatives in other nations.

PLAN OF ACTION TO BE OUTLINED BY LEAFLETS DROPPED FROM AIR

SECRET SESSION DECLARES IN FAVOR OF GENERAL COMMERCIAL AND INDUSTRIAL TIE-UP AS MEANS OF ASSISTING BOURGEOISIE IN ATTAINING NATION-WIDE POLITICAL POWER.

Manufacturers, Merchants and Professional Men Set Seal of Approval on Drastic Program. National Unrest Growing. Present Government Declared Incapable of Redeeming Germany from Chaos.

BERLIN, (P)—A secret session of the citizens council of greater Berlin held on Wednesday declared in favor of a citizens strike, according to the independent socialist newspaper Die Freiheit. The attendance includes a number of leading manufacturers, merchants and professional men, and Colonel Reinhardt, the Prussian minister of war.

The chairman of the meeting is quoted as declaring that a strike was necessary because the present government was incapable of redeeming Germany from chaos.

FEDERATION IN MEETING TAKES UP RESOLUTIONS

Many Propositions Submitted to the National Body in Session at Atlantic City; Bitter Debates Held.

ATLANTIC CITY, N. J., (P)—Resolutions urging recognition of the soviet government of Russia and the lifting of the blockade against that part of the country under its control, were among 200 submitted by delegates attending the convention of the American Federation of Labor here, texts of which were made public today. Publication of the resolutions concerning soviet Russia and the lifting of the blockade among the delegates and was more discussed than any other. Indications were that when it comes up for discussion on the floor, it is likely to precipitate a bitter controversy.

The resolution, which was adopted by the Seattle organization, calls upon congress immediately to order troops out of the zone of the soviet government, and would require the American Federation of Labor to conduct a ballot of all local unions "to ascertain the sentiment of the membership of the organization on the question of recognition of the Bolsheviks. The result, it is declared, "would serve as a guide to the congress of all labor officials and unionists generally."

Against Espionage Law
The independence of Ireland, a six hour working day, immediate repeal of the espionage law, the electoral franchise for the citizens of Washington, D. C., regulation of the meat packing industry, action by congress to lower the cost of living, condemnation of introduction into their plants by steel companies of other big industries of the "Rockefeller plan" of collective bargaining, and a severe condemnation of the "Prussianist, imperialist" pastime of general non-organized in some of the other important resolutions.

Mooney Has Sympathizers

Restriction of immigration, further action by organized labor to assist in the raising of the bond issue of the Panama Canal, approval of Secretary Lane's project to furnish land for soldiers and sailors, a protest against the excessive rents for housing facilities furnished by it, also were submitted as deserving the approval of organized labor as a whole.

PLAN FIGHT ON WEEDS

H. W. Beldeman, farmer, residing four miles south of Twin Falls, this morning voiced his complaint before the county commissioners in respect to violations of the noxious weeds law. Mr. Beldeman stated that Canadian thistles threaten great damage to his property, and he desires the application of legal measures to reduce the danger. The commissioner took the matter under advisement, promising favorable action in the immediate future.

Drop Message from Planners.
It was planned, according to the newspaper, to have airplanes distribute leaflets announcing when the strike would begin. All the food industries, including the bakeries, would cease work, according to the plan, this leading to civil war, which it was held, would help the bourgeoisie attain political power.

New Revolution Is Attacked.
ZURICH, Switzerland, (Havas, P)—Speaking at the majority socialist convention at Weimar, Philipp Scheidmann, the German minister president, attacked the partisans of the "new revolution" whose object was to substitute sovietism for the present government. He declared he would never make a compromise on a question like this, as it was a question of principle where all compromise was impossible.

Herl Scheidmann, remarked that while the political situation might be clearly defined the economic situation of the country was very obscure.

Majority Socialists Condemn Move.
WEIMAR, (P)—Resolutions expressing indignation at the "peace of violence" which makes Germany's future "impossible", were adopted by the majority socialist party at its convention here today. The resolutions declare that the peace terms are not in conformity with President Wilson's fourteen points.

International socialists are called upon by the party to protest against what is characterized as "the most unboard of peace of modern history".

Cabinet's Position Is Strengthened.
BERLIN, (P)—The position of the German cabinet has been materially strengthened as a result of the speeches of Gustav Stresemann and Philipp Scheidmann at the Weimar convention of the majority socialist party, according to the view of the non-socialist press.

The proceedings of his convention thus far also appears as have demonstrated that his opposition to the members of the cabinet in their own party has been overcome, the lineup of the majority socialists seeming to reveal an unbroken front.

KOLCHAK AGREES TO QUIT LATER

Will Only Hold Office While Services Are Required by His Country.

PARIS, (P)—Admiral Kolchak, the head of the all-Russian government at Omsk, in his reply to the letter from the allied and associated powers, which resulted in a second letter promising him allied support, declared that he did not propose to retain power longer than required by the interest of the country. He reaffirmed his intention to call elections for the constituent assembly as soon as the Bolsheviks have been crushed. The text of the admiral's reply was made public tonight. The allied letter was handed to Admiral Kolchak at Tsimon by 31 March, the French charge d'affaires at Omsk. The admiral's reply was received in Paris June 5.

IDAHO WEATHER
Tonight and Saturday showers.

ENTIRE ACCORD ON THE TREATY

Details Worked Out and Nothing Remains to Be Done but Rewrite It as Amended.

PARIS, (AP)—The peace treaty with Germany will be entirely rewritten and reprinted, for the incorporation textually of the explanations and clarifications contained in the allied reply to the German counter proposals.

Complete Accord
PARIS, (AP)—A complete accord has been reached in principle on all questions connected with the reply to the German counter proposals. This statement was made in responsible quarters tonight.

French and American peace conference circles are highly gratified at this favorable turn after the protracted differences of the past fortnight, verging on a deadlock. The accord includes the Ottoman question, the proposed admission of Germany to the league of nations, and reparations, which were the chief subjects of difference among the delegates.

The agreement in principle leaves only the details and drafting, which it is said, could be accomplished by Friday night, though the expectation is that actual delivery of the document to the Germans will not take place before Saturday night.

Drawn by House and Cecil
The agreement concerning the admission of Germany to the league of nations, drawn by Lord Robert Cecil and by Colonel House, with the omission of the fourth condition, requiring Germany to abandon compulsory military service. M. Clemenceau, president of the conference, contested this condition as likely to precipitate the same question in France and the council finally dropped it. No time has been fixed for Germany's entrance, but if she conforms to the conditions, it is expected that she will be represented at the first meeting of the assembly.

The Silesian settlement is based on a plebiscite for the disputed Polish-German region.

Adds Many Words
It has been decided to incorporate the reply in the treaty itself rather than present it as a supplemental document. It will contain about 25,000 words.

Baron Makino, Japanese delegate, today joined President Wilson and Premiers Lloyd George, Clemenceau and Orlando and the council, known as the "big four" will hereafter be styled the "big five."

The decision adding Baron Makino to the council is explained by the fact that his government might be given an opportunity for full concurrence, if full adherence is expected. His entry into the council meeting today necessitated rearranging the entire reply, article by article.

Terms of Admission
The conditions for the admission of Germany to the league of nations, embodied in the report of Lord Robert Cecil and Colonel House are:

- First. Establishment of a stable government.
- Second. Signing of the treaty of peace.
- Third. Loyal execution of the peace treaty.

A proposed fourth condition, relative to Germany's abolishing compulsory military service, was finally omitted on Premier Clemenceau's suggestion. It was considered that the treaty sufficiently provided for Germany's disarmament.

COMMENCEMENT WEEK IS ON AT GOODING COLLEGE

Tour of Glee Club on Concert Trip to Include Twin Falls Launched at Close of Graduation.

GOODING—The first commencement exercises of Gooding college are being held this year in the presence of 300 per cent in enrollment, with not a day lost on account of influenza is one of the points that tells of the good work done this year.

Sunday, Rev. F. L. Wemett of Idaho Falls, Rev. W. J. Yascombe of Ontario, Oregon, and the young ladies' glee club furnished the program. Monday and Tuesday evenings the exercises were in charge of the departments of public speaking and music, while Rev. William Martin of Boise gave the commencement address Wednesday evening.

Thursday, the Glee Club will start a concert trip that will include Borley, Jerome, Twin Falls, Piler, Arden, Hagerman and Shoshone. Students are already registering for the summer courses in commercial high school and county certificate subjects, while others are registering for the fall term which begins September 9.

IMPERIAL PROPAGANDA UNCOVERED BY PAPER

Vorwaerts Discloses Efforts of Emperor's Friends to Influence Dutch Press.

BERLIN, (AP)—Letters exchanged between officials of the league for protection of William II, one of which refers to a remittance of 20,000 marks to Holland for the purpose of "cultivating" the Dutch press, are printed by the socialist Vorwaerts. This sun, the newspaper remarks, is not a considerable one in view of the present state of relations, but fears the league must spend considerably more than this on its propaganda "in view of the determination of the enemy to have the ex-empereur surrendered."

NEGRO WOMAN LEAVES MILLION TO DAUGHTER

Manufacturer of Hair Ointment Also Bequeaths Large Sums to Charitable Purposes.

NEW YORK, (AP)—The title of "richest negro woman in the United States" which was held for many years by Mrs. C. J. Walker, manufacturer of a hair ointment widely popular with her race, will pass to her only daughter, Mrs. Leola Walker Robinson, under the terms of her will, which it was learned here, has been filed in Indianapolis. With the exception of two trust funds of \$100,000 each for the benefit of charities, distant relatives and friends, Mrs. Walker left her entire estate to her daughter. The estate is estimated at \$1,000,000. Among the charitable bequests was one for the establishment of an industrial and mission school in Africa.

COMMERCE COMMISSION TO GET CONTROL OF RATES

WASHINGTON, (AP)—Without a recent vote, the senate today passed the bill of Senator Cummins, republican of Iowa, amending the railroad control act so as to restore the rate making powers of the interstate commerce commission. The measure now goes to the house.

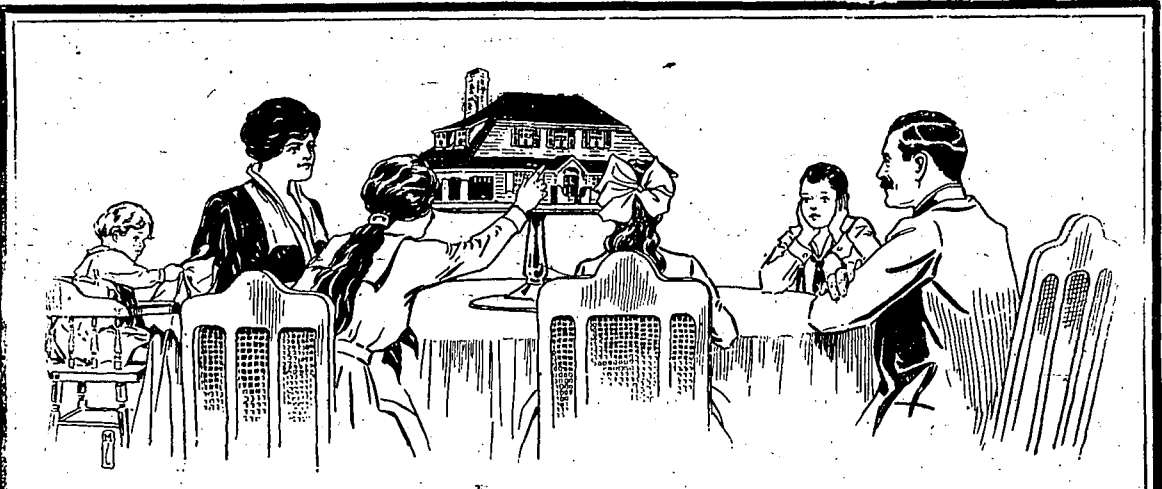

FAIL TO REACH AGREEMENT REGARDING WORLD SERIES

CINCINNATI, O., (AP)—The National Baseball commission failed to reach a final agreement relative to any changes that might be made in the division of the world baseball championship series at its meeting here today.

ALLIED GOODS GETTING INTO GERMAN TERRITORY

Council Takes Up Matter of Undue Advantage Which Might Accrue to Some.

PARIS, (AP)—The question of large amounts of British and French goods finding their way into Germany from the occupied regions, has been raised in the supreme economic council of the peace conference. The proposal has been made that some form of control be instituted to prevent one nation trading without the knowledge or consent of the others.

Planning the New Home

Let Your Family Help

There is an immeasurable delight—a deep satisfaction and real happiness to be found in planning your own home. Suppose you call your little family together now and begin those plans—discuss ideals and desires and conceptions of the home as they are seen by each of your household. Let each member have a say.

First, there's the little sewing room your wife really needs. Her face lights up with pleasure as she tells how she would like it—"In a corner of the house, overlooking a wide lawn—plenty of windows to insure lots of air and light." She'd also like a bright, airy, convenient kitchen where it would be a pleasure to prepare the family's meals. Then the little ones really should have a playroom. Here they'd be happy and contented and safe from the dangers of the streets.

The girls both begin talking at once, telling how they'd like to have the new home—their very own bedrooms—a great, big, comfortable living room—a pleasant library where they could read or study in peace—a big front porch with a huge swing and comfortable wicker chairs.

Junior grows joyfully excited as he tells of that workshop he's going to have in the basement where he and the "fellows" can hammer and saw to their heart's content.

Then you're called on to tell what you would like. Well, there's that cozy, little den you always have

wanted. You've often pictured it as some pleasant corner where you might rest and smoke for an hour after dinner—here, too, you could bring a bit of unfinished work from the office or chat with a friend who dropped in of an evening.

And so the plan runs on—into decorating and designing and furnishing. You choose locations and building materials—you talk of the size and architecture of the house—of equipments and costs.

Then, upon this foundation of known needs and desires you are ready to begin the real business of planning. At this point it would be wise to call an architect or contractor to your assistance. Because of their wider experience these men could help you carry out your plans, could show you how to accomplish what you desire with greatest success and least cost.

Build now! Nothing is to be gained by waiting. Authorities concede, it is true, that the cost of materials is somewhat high at present, but they also state that costs cannot be lower for some time in the future that cannot yet be foreseen.

For any information you may desire on any subject pertaining to locations, plans, materials, finishings, furnishings, equipments, costs, information concerning architects, contractors, etc.—call at the Building Information Office. Not a thing to sell, but a great deal to give away!

A GOOD RESULT.

Although the vote last Friday upon
the bond issues for municipal improve-
ments appears to have been a light one,
it would be a great mistake to construe
it as showing opposition, or even lukewarm-
ness toward civic progress and im-
provement. That only from fifty to
seventy-seven votes were recorded
against either of the three projects
submitted indicates great unanimity in
favor of them. This for the obvious
reason that, expecting an affirmative
majority, as every one did, the favoring
vote might be careless about getting to
the polls, while any one who was really
in opposition would be sure to have his
vote recorded.

COLUMBUS RAID IS
DESCRIBED IN CASE

Witness in Ford Libel Suit Tells of
Slaughter of Mexicans in Border
Battle

MOUNT CLEMENS, Mich., (AP)—
Wrangles over the much discussed
"plan of San Diego" in the course of
citizenship of William Lucking and
Alfred J. Murphy of the Ford consular
office, were suddenly swayed and ques-
tioned and personal narratives of witnesses
to the Villa raid, on Columbus, N. M., on
March 9, 1916, marked the progress of
the libel suit of Henry Ford against the
Chicago Daily Tribune today.

Saw 47 Dead
The Columbus witnesses who said he
counted the bodies of 47 dead Mexicans
after the incursion, Samuel N. McCul-
lough, a section foreman, who managed
to get his wife and four children to
the place of safety; Leo A. Riggs, a cus-
toms official, Mrs. Riggs, his wife and
Arthur Havel, a Hebrew refugee from
Russia. In addition to the testimony
from Clarence A. Monahan, chief
of the fire department of Brownsville,
Texas, and from Ellsworth P. Reynolds,
chief of the fire department of Brown-
sville, Texas, and Ellsworth P. Reynolds,
chief of the immigration district, re-
calling further cross examination
regarding the "plan of San Diego."

Havel, now 19 years of age, is one of
four brothers conducting a general
store which was raided by the bandits.
The witness said that when the firing
began he first crawled under a bed.
Then he ran into the street, where, he
said, bullets were flying and he saw
many Mexicans fall.

BUDAPEST FLAUNTS THE
COLOR SCHEME OF RED

Communists Make Feverish Ef-
fort to Secure Converts to Their
Radical Doctrines.

BUDAPEST, (Correspondence of the
Associated Press).—This "red city"
still flaunts its color scheme arranged
for the May day celebrations. The
communist red banner on the castle which is the headquarters
of Bela Kun, the big chief of the soviet.
Red bunting also waves from
the Hotel Hungaria, where the food, is
hoarded and where the ministers have
sequestered themselves with a body
guard of red soldiers. It is there where
it is affirmed they keep their most pri-
ced hostages in the city.
A brave show is still made of keep-
ing up the government, with much deal-
ing to and fro of ministerial automo-
biles. There have been no more arrests
since the counter revolutionists suc-
ceeded in blowing up big munition
factory at Erzsobitair, near here.
The cost of "painting the city red"
for the May day celebrations was a
first estimate of twelve million crowns
but today the supplementary informa-
tion is forthcoming that the red bun-
ting used in such profusion was only
paper war cloth which proved a fail-
ure for other purposes. So it was dyed
red and hung up as it came cheaper
than paint.

Political activity is going on to win
converts to communism by stirring up
rouble in Rumania through revolution-
ary agents who handle enormous sums
of money, but also within the country
wild efforts are being made to secure
adherents. Printing presses are work-
ing overtime turning out Bolshevik
posters of the wildest kind. Of course
the "New News" (Nouvela) paper will
all to become "voros" or red soldiers.

Plaster Church Walls
All bare walls including church fronts
are plastered over with the declaration
"New News" (Nouvela) paper which is
the slogan for the refusal to
abandon the national soil to the Bu-
manian and the Czech.

The propaganda is also active. It is
sending out foreign correspondents to
forge articles, or else it rewrites any
copy submitted for censorship. Much
ingenuity is shown in several new Bol-
shevist magazines illustrated with com-
ic pictures and jokes of the proletariat
at the expense of the hated bourgeoisie.
One magazine which bears the name of
the month in which it appears shows
fat landlord, or rather an ex-landlord,
conmuring with a snail.

"Ah, lucky beast!" he exclaims, "they
have still gotten by his house on 'troy
hack'."

Make Fun of Bela Kun
The magazine even dares to caricature
little Bela Kun with his thick over-
hanging lips, sometimes likened to a
bulldog.

The result of such propaganda is
questionably judged by the action of
three communist agitators who the As-
sociated Press correspondent rode in a
train. They lolled in their comfortable
seats, while a humble woman, with a
new-born babe in her arms, stood in the
corridor for fully six hours. These
three men were all the time devouring
Bolshevik literature but it never oc-
curred to their humanitarianism to give
up a seat to the tired woman. They
obviously know adversity but it had
not taught them charity.

Gives Many Employment
All this propaganda work gives em-
ployment to a large number of persons,
and there are special training schools
for apt candidates. Recently, a group
of men more aptly called "language
gangs" went to the foreign office to
seek employment, and they were told
that the only work that was open was
to act locally as spies or to go to Buch-
arest, Vienna or Paris and carry on
propaganda work there. This in con-
tradiction to the promise made by the
ministers to the Americans that they
would not permit the dissemination of
ideas abroad if they were left alone at
home.

Among the original converts who
have been made are the ironworkers
union who have formed a secret guard of fourteen
thousand members to protect Budapest

American Women Busy.

Two women of American origin, Mar-
cella Lind Jullinek, a singer, and Mrs.
Isidore C. Shaza, (formerly Mary Was-
serman of New York), who is related
to the Schlegel banking family, have
filled their houses with homeless
friends so as to escape the "communist"
of their apartments.

Count Apponyi's house is quite fill-
ed to the last with the people who
protects of his daughters who had remain-
ed behind with a German governess.
When the latter made a complaint to
the local red guard commissioner, he

sult.

NEW FACTOR IN
CANADA STRIKE

Unions Report That Trainmen
Demand Reinstatement of
Police.

STRIKE SETTLEMENT SOON

WINNIPEG, (AP)—Settlement
of the Winnipeg strike this week
was intimated, this afternoon by
Mayor Gray. When asked if the
last conference movement was
succeeding, he said: "I may have
big news for you within 24
hours."

Officials of the Winnipeg
Switchmen and Trainmen locals
announced this afternoon that
they had voted to go on strike
at 6 o'clock tonight. It is be-
lieved that the action of the
trainmen will severely cripple
freight service to and from Win-
nipeg and may handicap pas-
senger transportation.

WINNIPEG, (AP)—Union leaders an-
nounced today that Winnipeg
firemen and engineers employed on
the three railways entering the city,
have voted to join the general sym-
pathetic strike unless the city reinstates
the police force which was dismissed
on Monday. No statement was issued
by the railway brotherhoods executives
but it was stated at the city hall that
a delegation of railroad men was ex-
pected to call on Mayor Gray this after-
noon.

Renewed efforts to conciliate labor
controversies involved in the Winnipeg
strike were made today. Federal
as well as provincial officials are dis-
patching a new platoon of mediation.

Winnipeg was calm this morning. No
attempt has been made to operate street-
cars, despite the fact that the city
has been without transportation serv-
ice since May 15.

Labor leaders said, "they under-
stood the firemen and engineers were
ready to strike at 6 o'clock this after-
noon." The meeting of these workers,
it was announced, was held at the labor
temple. For more than two weeks,
Winnipeg railroad men have been split
into two factions, as a result of the
local strike.

ORDINANCE NO. 254

An Ordinance declaring the intention
of the City of Twin Falls, Idaho, to
grade, pave, curb and surface drain
certain streets and parts of streets,
within the City of Twin Falls, Idaho,
the expense thereof to be paid by special
assessment levied against the abut-
ting property. To establish for that
purpose a local improvement district
No. 35, in said city, fixing the time
when protests will be received against
the making of said proposed improve-
ment.

Be it ordained by the Mayor and
Council of the City of Twin Falls, Ida-
ho, as follows:

Section 1. The City of Twin Falls,
Idaho, does hereby declare its inten-
tion to grade, pave, curb and surface
the certain streets and
ways within the City of Twin Falls, Ida-
ho, hereinafter specified, and for that
purpose to create and establish in said
City of Twin Falls, as a part thereof,
a local improvement district No. 35, con-
stituting the streets and alleyway parts
of streets and alleys as follows:

Fourth Avenue East: Beginning at
the Southeast line of Third Street East,
thence North, a distance of 1750
feet, to the point of intersection of said
Fourth Avenue East with the East line
of Blue Lakes Boulevard, width 40 feet,
with curb.

Fourth Avenue East: Beginning at
the East line of Blue Lakes Boulevard,
thence East, a distance of 1260 feet, to
the west line of Locust Street, width
30 feet, with curb.

Second Avenue West: Beginning at
the Northwest line of Second Street
West, thence Northwest, a distance of
2840 feet to the East line of Washing-
ton Street, width 40 feet, with curb.

Third Avenue West: Beginning at
the Southeast line of Third Street West,
thence Northwest, a distance of 2090
feet, to the Northwest line of Washing-
ton Street, width 40 feet, with curb.

Sixth Street West: Beginning at the
Southwest line of Main Avenue West,
thence Southwest, a distance of 620
feet, to the Northwest line of Third
Street West, width 30 feet, with curb.

Minidoka Street: Beginning at the
Southeast line of Third Street South,
thence Southwest, a distance of 300 feet,
to the Northwest line of Fourth Street
South, width 30 feet. No curb.

Section 2. The property to be in-
cluded in said district and assessed as
hereinafter provided, shall include all
the property fronting or abutting on
contiguous or tributary to the streets,
avenues and alleys to be improved, and
between the points hereinafter speci-
fied, and to the distance back from
said streets and alleys, if platted, in
blocks to the center of the block; if
platted in lots to the center of the
lots; and if not platted, to the distance
of 125 feet.

Section 3. The general character of
said improvement shall be the grading,
surface draining and paving of the
roadways, of said streets and alleys,
to the width hereinafter set forth,
between the points hereinafter speci-
fied, said paving to consist of some
suitable pavements according to the
general plans now on file in the office
of the city engineer and the city clerk,
and the construction of a concrete curb
along the side of the said portion of
the said streets as hereinafter speci-
fied where a concrete curb is not al-
ready constructed, extending the con-
crete curbs which are already con-
structed along the said portion of the
said streets downward where they are
found to be not deep enough for the
purpose of paving, except across road-
ways or intersecting streets. Said im-
provement is an original improvement
of the city engineer and the city clerk,
and full plans and specifications for said
proposed improvement to be filed in the
office of the city clerk of said city
on or before the day on which the may-
or and council will receive protests
against making the said proposed im-
provements.

Section 4. The cost and expense of
said proposed improvement shall be tax-
ed and assessed upon all property in
said improvement district in proportion
to the number of feet of such lands and

lots fronting thereon, or abutting, con-
tiguous or tributary thereto, and in
proportion to the benefits derived by
said improvement.

All the property within said improve-
ment district to be assessed as afore-
said for the cost of said proposed im-
provement except that the expense of
the improvement in the space formed
by the junction of two or more streets
or where one main street terminates
or crosses another main street, and also
all necessary street crossings or cross-
ings at corners and intersections of
streets, and the expense of making and
repairing sewers, shall not be included
in said assessment but shall be paid
by the City of Twin Falls. When work
is done on one side of the street, on
one side of the center line, the property
on that side only shall be assessed.

The total cost and expense of said
improvement, according to the estimate
returned by the city engineer is the
sum of Seventy-eight Thousand Dollars
(\$78,000.00), divided as follows:

Foot frontage \$65,000.00

Intersections 13,000.00
Total \$78,000.00

Section 5. The 3rd day of June,
1919, at 8 o'clock P. M., is hereby des-
ignated as the date on which the mayor
and council of said City of Twin Falls
will receive protests against the mak-
ing of the said proposed improvement
and all persons affected by the same
are hereby notified to file their pro-
tests in writing with the city clerk on
or before at the time of said meet-
ing. Place where protests will be re-
ceived and heard will be at the office
of city clerk of said city.

Passed by the city council of the
City of Twin Falls, Idaho, this 9th day
of June, 1919.

Approved by the mayor of the City
of Twin Falls, Idaho, this 9th day of
June, 1919.

(Seal) W. H. ELDBIDGE, Mayor.

Attest: W. A. MINNICK, City Clerk.

FINANCE HEAD NO FRIEND OF BOND SEEKERS

Commissioner Guy E. Bowerman Uses Plain Language in Discussion of Exchange of Government Securities.

Guy E. Bowerman, state commissioner of finance, is no friend of the individual going about the state encouraging the purchase of bonds in questionable undertakings and accepting in payment therefor government bonds owned by the one solicited.

It is true, Mr. Bowerman says, "that at present the bonds are quoted below par, but every individual who sells a bond, instead of holding it as he should help materially to continue the condition. The bonds are worth 100 cents on the dollar because the faith and credit of the government is so solid on them at their maturity. Remember this when someone is trying to relieve you of them."

Continuing a discussion of the subject Mr. Bowerman says, "The problem of how to prevent the exchange of government bonds for stocks or investments which, if not altogether worthless are of a decidedly speculative character, is a serious one; and some positive effort should be made to warn and in consequence to the people against stock selling agents or others who go about the state encouraging the purchase of stock in questionable undertakings, and accepting in payment therefor the government bonds owned by the one solicited."

Separation Procedure The usual method employed by the agent is to compare the splendid returns (7) from the stock he offers for sale with the low rate of interest which the government bonds carry, and to call particular attention to the fact that these bonds are selling for less than the purchaser paid for them.

Reference is usually made to the government debt; its recent tremendous increase; and the probability of future issues; all of which are admittedly held up for the inspection and consideration of the bond owner.

In spite, however, of the various reasons given to prove the apparent fallacy of continuing to hold government bonds, the solicitor usually makes it plain that his company will accept the bonds as part payment of what he has to sell. This evidence of misrepresentation alone should caution one, but seemingly in many instances the agent and the exchange is made too often to the detriment of the one who owned the bonds.

When Bonds Go The schemes are presented in many many different phases, but the result will always be the same. Your government bonds are gone, and you have something, the value of which you begin to question as soon as the agent has departed. The western American people especially are not bond buyers. They are not as familiar with investments of this kind as they should be or as we hope they will be in the future, and far too many are easily made skeptical as to the real value of government securities.

Consult Authority First The thing to do then is to hold your bonds. Don't sell them, and if you are in case of absolute necessity, and in that event, go to your bank or a responsible bond house where you are sure of receiving their full market value in cash.

The banks will also at any time advise you as to the latest quotations on the various issues, as each has a different present market value. Also it is an excellent plan to keep a list of the numbers of your bonds in a separate place from that in which the bonds themselves are kept; in that way, were they lost or stolen, with the numbers in your possession you might be able to trace and recover them.

The banks of the state could, with out expense, be of great assistance to the bondholders, and in many instances protect them from loss by carrying in their local advertising just a line or two cautioning their customers as to the matters mentioned.

Memorial Tablet to Be Given Place

Record of High School Contribution in World War Made Enduring.

The bronze tablet commemorating the six students of the Central High School of Twin Falls who were killed in action or died in the military service during the world war, presented by the class of 1919 as its memorial to the school, has been received here and is to be placed in a conspicuous position in the school building. The tablet bears the following inscription: "Honored and Brave High School. This tablet commemorates the soldiers who paid the supreme sacrifice during the world war, 1917-1918. Killed in Action: Kenneth Brown, Charles Gilbert Victor Golden, Galen McMaster; Died in the Service: John H. Smith, Elmer Hayden. Liberty, justice, humanity. Presented by the class of 1919."

RECORD WHEAT CROP IN SIGHT

Idaho's Wheat This Year Worth \$52,551,780, Bureau Estimates.

With a total wheat crop of 23,233,000 bushels, forecast from the conditions of the crop June 1, Idaho has in sight the largest wheat crop grown in the history of the state, according to the report of Julius H. Jacobson, field agent for the Federal bureau of crop estimates in Idaho. At the guaranteed price of \$2.26 a bushel, such a crop represents a value of \$52,551,780. It is growing on 959,000 acres (preliminary estimate) and compares with 13,045,000 bushels produced last year on 845,000 acres.

The 324,000 acres of winter wheat with a June 1st condition of 83 per cent of normal, indicate a production of 8,286,000 bushels. A condition of 91 per cent forecast a production of 14,907,000 bushels of spring wheat from 845,000 acres.

Decreased Oats and Barley Acreage. These two crops have been sacrificed somewhat in favor of wheat with its guaranteed price. Oats, with an acreage of 220,000 and a condition of 52 per cent, indicates a production of 3,377,000 bushels, while a June 1 condition of 96 per cent for the 152,000 acres of barley forecasts a production of 5,785,000 bushels.

Total Hay Crop Larger. A somewhat larger production of all hay than last year is indicated 2,609,000 tons against 2,093,000 in 1915. An increase in alfalfa is noted.

Sugar Beets Buffer. In the upper Snake River valley, Pocatello north, sugar beets suffered from cold drying winds and lack of rain. Germination was interfered with and reseedling was necessary. An acreage of 60,800 is reported seeded this year, with a June 1st condition of 65 per cent normal.

Weather Conditions. The month was generally unfavorable for crops. It was a month of extremes—killing frosts, lack of precipitation, considerable drying winds, and a few days of exceptionally hot weather.

According to the weather bureau office at Pocatello, the temperature varied from 26 degrees to 94 degrees. The precipitation deficiency was 1.85 inches compared with the May normal.

The Boise office reports temperature extremes of 31 degrees and 99 degrees with precipitation 1.21 inch below the normal for May.

Lewistown temperature varied from 32 degrees to 92 degrees. Rainfall was .65 per cent of an inch below normal. However, North Idaho had some good rains and grain crops are progressing satisfactorily.

Mrs. Ernest White delightfully entertained the members of the P. E. O. Tuesday evening at her home on Eighth avenue east. The home was beautifully decorated with the P. E. O. colors, yellow and white. A short business session was held. Then each member was given an English walnut tied with yellow and white ribbon; this, upon opening proved to contain the announcement of the engagement of the hostess' daughter, Miss Nellie Teasdale, to Arthur W. Ostrom of Duhl, no date being given for the wedding. At the close of the evening, refreshments consisting of heart-shaped ices and cakes, and coffee were served.

Theodore Budrow recently returned from service in France, was the guest of honor at a patriotic party given on Tuesday evening by Miss Gertrude Shurtliff at her home on Fourth avenue east. Flags and the national colors were profusely used in decorating the rooms and the table. After a pleasant evening of music, the guests were served delicious light refreshments. The guests were: Misses Hazel Peters, Esther McRoberts, Zora Shurtliff, Frances Rippe and Viola Shillman, Messrs. Theodore Budrow, Genoris Bybee, Ralph Coburn, Robert Jewitt, Arthur Bockwitz and Ralph Husted.

Twenty members of the Rotary club enjoyed their weekly luncheon Wednesday at the Rogerson.

Miss Cora Greenhow was hostess to the Wednesday Bridge club at her home on Eighth avenue north. Mrs. M. J. Swales won the prize for high score. At the close of a pleasant afternoon, the hostess served a delicious two-course luncheon.

The M. S. and S. club met Wednesday afternoon at the home of Mrs. J. Laughlin, most of the members being present. After a short business meeting, during which plans were made for a picnic June 25 with the husbands of the members as guests, delicious refreshments were served.

At a dinner served at her home on Tuesday evening to 12 guests, Mrs. Frank Differdarer announced the engagement of her daughter, Miss Ethel Differdarer, to George E. Duggan, instructor in agriculture in the Twin Falls high school, the wedding to take place in July. A color scheme of yellow and white was used in the decorations, a bank of yellow roses forming the centerpiece for the table from which a five course dinner was served. The announcement of the forthcoming nuptials was made on tiny rolls of paper tied to a rose placed at each plate when the last course was served. The guests were Mrs. Hal G. Blue, Mrs. Glenn Whitney, Mrs. Wanda Harter, Miss Brittonn Wolfe, Miss Leonella Bennett, Miss Rose Murray, Miss Alma Grassians, Miss Opal Billington, Miss Edna Billington, Miss Eleanor Taylor, Miss Barbara McShea.

ROTARIANS TO BOOST IDAHO AT NATIONAL MEET

Twin Falls Club Arranges for Display of Big Pictures of Scenic Attractions and Distributions of Advertising.

Large framed photographs of Shoshone falls and Twin Falls, each measuring 3 1/2 x 5 feet, are to be conspicuous among the exhibits at Idaho headquarters to be opened in the morning floor of the Hotel Utah during the national convention of Rotary clubs opening in Salt Lake on Monday next. The pictures are to be displayed by the Twin Falls Rotarians who are to share the headquarters with the Rotarians of Boise, Idaho Falls and Pocatello, each club assuming charge for one day during the convention.

As Propagandists

In addition Twin Falls Rotarians have armed themselves with a generous supply of road maps and literature dealing with the resources and opportunities of the Twin Falls country, by means of which they expect to attract the attention of many of the thousands of Rotarians attending the sessions toward this region.

The Twin Falls Rotary club is to be represented, at the Salt Lake meeting, according to present indications, by practically its entire membership, with members of the families.

MEXICO CITY — (Correspondence of the Associated Press)—Francisco Villa, the bandit leader, has been married again, according to a story by a traveler in the newspaper Excelsior of this city. The traveler claims to have been present at the ceremony which he says was performed at Valle de Allende, near Parí, Chihuahua.

Villa is said to have appeared suddenly one day in the village and ordered all the inhabitants out for a fiesta. The marriage, according to the traveler, was performed by a former judge. Afterward there was a feast and a dance at which Villa introduced his bride, a girl of twenty years, and delivered a speech.

Mrs. Juanita Torres Villa, who lived for a time in Los Angeles, has claimed to be the only lawful wife of Francisco Villa.

NEW OFFICIAL IS INTRODUCED

Farm Bureau Announces Miss Edna Ladwig as Successor to Mrs. Brown.

Announcing the retirement of Mrs. Caroline H. Brown as Twin Falls county home demonstration agent, and introducing Miss Edna Ladwig as her official successor, the farm bureau bulletin today says:

Patriotism Every Factor

Mrs. Caroline H. Brown, who has been the home demonstration agent in this county since last August, officially severed her connections with the farm bureau on June 10.

During the time she has been here she has been very successful in the work and since last August, officially severed her connections with the farm bureau on June 10. During the time she has been here she has been very successful in the work and since last August, officially severed her connections with the farm bureau on June 10.

Her work along the clothing line with Miss Etwell in dressmaking, remodeling clothes and making dress forms, has been highly appreciated by the women of the county.

Mrs. Brown's work with the farm bureau has done much to strengthen and bring the people of the county to the realization of the importance of the home demonstration work in connection with the farm bureau. The women of the county who have known Mrs. Brown all regret to see her leaving the work.

Mrs. Brown is still in Twin Falls and has not decided how soon she will leave.

Has Previous Experience

Miss Edna M. Ladwig, who comes to Twin Falls county to take the position of home demonstration agent, succeeding Mrs. H. Brown, has very good experience in home demonstration work in Weber county, Utah, where she has held the position of home demonstration agent for the past two years.

During Miss Ladwig's leadership a splendid organization was built up among the women and they have accomplished a great deal in that period of time. Her improvement of home conditions. Her work in that county during the period of the war was along the line of the conservation of food as a measure. She was recently reported in this work by the women of that county. In addition to the above work she had projects in poultry work. The people of Weber county regret very much to lose Miss Ladwig there and on the other hand Twin Falls county is very fortunate in securing the services of one of her experience.

Miss Ladwig is a graduate of the Colorado agricultural college at Fort Collins, having taken her degree in home economics. She came here on May 28, and has had the benefit of two weeks work with Mrs. Brown and Dean Moore, who was finishing his poultry work at that time, in getting acquainted with conditions in this county.

Every Blouse Worth a Pause

What woman is not willing to pause over the newest blouses? Here are three for the summer and early fall wear. Georgette still rules the field, although velvet dips in with an occasional bid. On the left and center are the georgette, silk-pattern lace and tulle-trimmed collars being used. French bias, tulle and white for color. On the right the voile is knife pleated for frills and is in the flesh colored or pink.

FRENCH BARONESS MAKES A NEW AVIATION RECORD

Reaches Greatest Height Ever Attained in Aeroplane by Any Woman.

PARIS, (AP)—Announcement is made that Baroness De La Roche, a widely known French aviatrice, driving the small biplane in which the late Jules Vedrines landed on the roof of a department store here in January, has reached an altitude of 15,700 feet. Reports of her flight have been checked by a commission appointed by the French Aero club and she is given the record for height attained by woman fliers. The level she reached is over a thousand feet higher than the best record made by Ruth Law, who has heretofore held the women's altitude title.

TRAINMEN GIVE STRIKE SUPPORT

Announce That Messages Are Sent Abroad Without Use of Lines of Companies.

DENVER, Colo., (AP)—The Brotherhood of Locomotive Firemen and Enginemen, in triennial session here, last night pledged their support to the strike of the Commercial Telegraphers' Union of America. The resolution adopted unanimously, is as follows: "That we pledge our united support to the Commercial Telegraphers, in this, their time of trouble, and do everything within the defined limits of our power and means to impress upon the United States railroad administration to not call upon any operator coming under the jurisdiction of the Order of Railroad Telegraphers to do any commercial work whatsoever. "That no messages by this convention be sent over lines which are operated by scabs or strike-breakers." Officials of the brotherhood announced that messages sent to President Wilson, the premier of Canada and the speaker of the house of representatives at Washington by wire yesterday, were not sent over the lines of either Western Union or the Postal Telegraph company.

Send Delegations

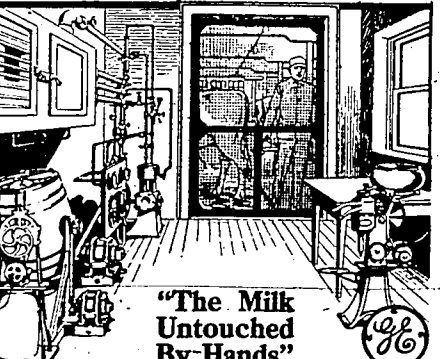

A delegation of six members of the telegraphers' strike committee today visited the convention and David Clamango, spokesman for the strikers, addressed the delegates. He declared the strike was proving a success, declaring that 50 to 60 per cent of the Western Union employes and nearly 100 per cent of the Postal Telegraph company's operators had responded to the strike call, statements from company officials notwithstanding. He also told the delegates what the union is striking for and explained that the success of the strikers in demanding collective bargaining would have a vital effect on affairs of labor generally.

Can you wash your walls?

You have often wished that you could remove spots and stains from your wall paper. Perhaps the paper was almost new. In that case the marks must remain an eye-sore, or you must go to the expense of repapering.

We can save you all such annoyances. In place of this unsightly wall paper, we recommend that you use

DEVOE Velour Finish

The Guaranteed

It is an oil paint that gives to walls a beautiful, soft, water-color effect. If it becomes soiled, wash it with soap and water.

Besides being a thoroughly sanitary finish for your walls and ceilings, Devoe Velour Finish also offers artistic possibilities that cannot be obtained with wall paper. Also, it is more economical—lasts longer than wall paper.

We guarantee every can of Devoe we sell. Our customers tell us it gives them perfect satisfaction and that it is very easy to apply.

Be sure to ask us for the new booklet—"Harmony in the Home."

The Stormy Petrel. The birds known to sailors as Mother Carey's chickens, whose appearance is supposed to foretell a storm, are otherwise known by the term stormy petrel (Thalasidroma pelagica). The bird seems to run in a remarkable manner along the surface of the sea, where it picks up its food. The petrel is a small bird of dusky plumage, nocturnal in habit, most abundant in the southern hemisphere. The name Mother Carey is supposed to be a corruption of the "Mother Cara"—dear mother—of Levantine sailors.

BOY'S TROUBLE COST THOUSANDS

Suffered Since He Was Two Years Old—Takes Tanlac—Now Well and Strong

"My nephew, James Hogan, who is fifteen years of age, has gained sixteen pounds on Tanlac and is now a robust, happy boy after thirteen years of awful suffering," said Miss Maggie Goldsmith, 280 Henry Ave., Memphis, Tenn. Miss Goldsmith has been connected with the Joe L. Ulathorne Sewing Co. of that city for twenty-seven years and is a stockholder and director in the company.

"Ever since James was two years old, he has been afflicted with stomach trouble. Two or three hours after eating, especially the evening meal, he would begin to complain of severe pains in his stomach which would increase until he would go into convulsions. These spells would come on five or six times a month and last about thirty minutes and he would be unconscious for an hour. Some said he had heart trouble and others said it was vertigo. His condition kept him down to almost a skeleton and it was pitiful to see how he suffered.

"His mother took him to St. Louis and many other places for treatment, and he spent thousands of dollars trying to find relief for him but it was all to no avail.

"But all that awful load of anxiety and worry has been lifted. James is now a well and happy boy and is going to school, and a few bottles of Tanlac did it. He always complained of having to take other medicines, but he seemed to like Tanlac and after taking five bottles he lost sixteen pounds heavier and doesn't look like the same boy. He wants to eat all the time and can eat anything without it hurting him. It is a relief to see James well and stout and enjoying life like other boys. We are not looking for no-forgetty, but for the sake of suffering humanity, we are willing to give our unqualified endorsement for Tanlac."

Tanlac is sold in Twin Falls by City Pharmacy, in Rogerson by Thompson Drug Co., in Murrough by Murrough Drug Co., in Filer by H. Wood, in Buhl by C. D. Boring Brothers Co., and in Kimberly by A. L. Stovce—adv.

FEDERAL COURT RULES ON SEEPAGE QUESTION

Judge of Nebraska District Holds That Negligence Must Be Shown.

NORTH PLATTE, Neb., (AP)—United States District Judge Woodruff, holding a session in federal court here today made a ruling regarded as of first importance to all irrigation companies wherein damages have been claimed as "result of seepage." Judge Woodruff held that a company, in the absence of negligence, cannot be held for seepage damages. Thomas Hooker, landholder of Blaine, Yellowstone county, this state, asserted his land had been ruined because of overflow from an irrigation canal. He claimed the construction of the canal was faulty in that it was dug in a narrow gully which permitted seepage. The court held that the overflow was unavoidable.

Happiness Easily Attained.

Those of us who ever stoop to reason or think along practical lines know that there are "sermons in stones, books in running brooks, and good in everything" as the poet sings. We do not have to be either rich or famous to procure happiness. If we try to keep cheerful, forget our woes and "look pleasant" in a narrow sphere will take on a broad and pleasing aspect. Furthermore, this view will make us see lots of good in the folks around us and many fine attractions in our home and old "home town."

Without the bone of a sheep, the stout, obnoxious Maytag of all the East, the children of Asia would be absolutely without an amusement device. Go wherever children play—Osmanlis or Kurds, Armenians or Arabs, Druses or Greeks—and you will see the sheep bone represents everything from a doll to a sword, from a pastor's horridly ornamental standard to a British gumbal, from a noisette to a church.—Iced Cross Magazine.

If there were a better news service than the ASSOCIATED PRESS, The News would have it.

If for one moment the public verdict as to the superiority of ASSOCIATED PRESS news over all other forms of telegraphed news service, should seem to even waver, The News and the other Associated Press newspapers over the country would be the first to find it out.

There is but one ASSOCIATED PRESS, and The News is proud of its membership therein.

A newspaper does not merely "order" ASSOCIATED PRESS service—ASSOCIATED PRESS service is not sold to the highest bidder or indiscriminately to newspapers generally. The ASSOCIATED PRESS is an ASSOCIATION of newspaper publishers, and to this ASSOCIATION belong the leading publishers of America.

The membership of The Twin Falls News is one of the things which stamps The News with the hall-mark of success. The possession of Associated Press service may be regarded as a credit to The News and to the whole Twin Falls country, and—be it remembered—The News is the only afternoon newspaper in Idaho which gives to its readers the full leased wire day report of the ASSOCIATED PRESS.

EASTERN STAR GRAND CHAPTER ENDS SESSION

Installation of New Officers and Sightseeing Excursion to Shoshone Falls are Concluding Events of Meeting.

The seventeenth annual session of the Idaho Grand Chapter, Order of the Eastern Star, held at Twin Falls this week, was concluded Thursday afternoon after installation of the newly elected and appointed officers and a sightseeing excursion to Shoshone Falls, made by delegates and visitors, traveling in 46 automobiles placed at their disposal.

Expressing the appreciation of the grand chapter of the entertainment provided during the sessions here by the chapters of Twin Falls, Buhl, Plover and Hillstar, the following resolutions were adopted on the closing day of the meeting:

Resolved, That the grand chapter O. E. S. of Idaho extend a vote of thanks to the officers and members of the chapters of Twin Falls county for their gracious invitation to meet with them at this time, for their most cordial welcome, for the automobiles so generously used for our convenience, for the attractive decorations arranged in our behalf, for the music and flowers that have given us so much pleasure.

We desire to thank our four chapters for the privilege of viewing the famous Shoshone Falls and Blue Lakes of this region, and for enjoying their hospitality at a bounteous picnic lunch provided, that the chapters of Plover, Hillstar, No. 40, for the enjoyable evening we spent at the Roberson roof garden, and the charming program with which we were entertained.

Resolved, That we thank the officers of Buhl chapter, No. 38, for the beautiful manner in which they exemplified the initiatory ceremony.

Resolved, That a vote of thanks be extended to Twin Falls chapter, No. 29, for their pleasing explication of the opening and closing forms of this ritual and for the delightful refreshments they served with such unobtrusive efficiency.

We also desire to thank them for the exquisite floral ceremony which their officers rendered so beautifully.

Resolved, That we tender thanks to Hillstar chapter, No. 47, for the delightful refreshments which we all enjoyed.

Resolved, That a vote of thanks be extended to the grand officers of this grand jurisdiction for their able administration of the affairs of this grand chapter during the most strenuous year and at this season.

Resolved, That the thanks of this grand chapter be tendered Brother E. H. Hobbie for the most interesting case which he made for the grand chapter flag.

Resolved, That thanks be extended to the citizens of Twin Falls for opening their homes to us, for their courtesies, and to the business men for their thoughtful consideration and many courtesies. Especial mention due to the daily newspapers for their kind words of praise.

Fraternally submitted,
MARGARET GARY,
BERDECA G. COYNE,
KARL WADDOFF.

picketing committees in scores of towns and cities today set to work urging telephone girls to join the strike. Many of the girls are affiliated with the International Brotherhood of Electrical Workers which has called a strike for next Monday that will affect 130,000 workers, according to strike leaders.

Claim Many Idle. It was estimated the number of workers idle today exceeds 22,000 with the number swelling hourly. Moral support to the strikers will be given by the American Telephone Dispatchers' association, according to a statement today by its president, J. G. Lührsen.

Western Union Says Aboard. The Western Union reported 51 strikers in the traffic department, only 19 of whom are Morse operators. Union leaders also claimed that these figures were "ridiculous."

Both companies said practically all their messengers were on strike. The strikers began distribution of posters reading "We fought our way over there. Now we're fighting our way over here."

At the opening of the third day of the commercial telegraphers' strike, telegraphers of the union today professed to be encouraged, asserting that additional men had gone out during the last 24 hours and that more than 100,000 ranks of the strikers during the day.

On the other hand, officials of the Western Union and Postal Telegraph companies claimed that the various ranks who left their jobs on the first day of the strike, had returned to work and that only slight inconvenience had been caused by the walk-out.

Union officials said the order issued yesterday to members of the Order of Railroad Telegraphers to refuse to handle commercial business of the two big telegraph companies after tomorrow morning would be of great advantage in their fight to force recognition of the right for collective bargaining, improved working conditions and wage increases. Further encouragement was found by the union officials in the order for a strike of more than 100,000 electrical workers next Monday, unless a settlement of their differences is effected in the meantime.

It was also announced today that telegraphers employed by brokers in the west would hold meetings to decide whether they would go out in sympathy with the commercial men.

SIMS IS FOUND GUILTY ON STATUTORY CHARGE

Jury in Second Trial Returns Verdict After 18 Hours Deliberations.

Harold M. Sims, former state representative and newspaper man, was found guilty of committing a statutory offense by a jury in district court here this morning after deliberations extending over a period of 18 hours.

Major C. M. Booth of Porterville, attorney for Sims, stated that a motion for a new trial would be filed when judgment in the case is pronounced by Judge W. A. Babcock at 1:30 o'clock Monday afternoon next.

The penalty provided by statute on conviction on this charge made against Sims is "not less than \$100 fine or imprisonment in the county jail for three months or imprisonment in the state penitentiary for a period not exceeding three years or in the county jail for a period not exceeding one year or fine of not less than \$100."

The verdict reached this morning came at the second trial of Sims on this charge. The jury in the first trial failed to reach a verdict. The first trial occupied one week's time. The second trial was concluded on the beginning of the second week.

Mrs. Sims, wife of the defendant, was the only woman in the court room when the verdict was returned this morning. She was deeply affected.

Argument of attorneys in the case was made yesterday afternoon after nearly three days had been spent in the introduction of testimony. Unexpected developments in the trial occurred last night.

Prosecuting Attorney Frank L. Stephens devoted less than five minutes to his opening argument, reserving his chief closing argument in which he summed up the evidence in support of the state's claim that the story of the prosecutrix had been fully corroborated.

Major Booth spoke for an hour and a half in his closing argument, in which he stated that the prosecutrix had contradicted her own statements and that her credibility as a witness had been impeached to such an extent that it was in error in dismissing the charge against the prosecutrix and prosecuting the defendant, and hinted at a conspiracy to discredit Sims.

NARCOTIC DRUG USE INCREASING

Thirty-six Doses of Opium Per Capita Yearly Imported into the United States.

WASHINGTON, (AP)—"Nation wide use of narcotic drugs for other than legitimate medical purposes, steadily increasing despite vigorous enforcement in the last four years in the enforcement of the law, was disclosed by the treasury's special investigators' committee which submitted a final report today.

The number of drug addicts in the United States was estimated to be in excess of 1,000,000.

The committee found that imports of opium into the United States have increased twice as fast as the general population. Imports of opium have from which cocaine is made, also have grown steadily.

"It has been stated that about 90 per cent of the amount of these drugs entered for consumption is used for other than medical purposes," the report stated, "and this statement is probably correct, inasmuch as the per capita consumption in this country, with that of other countries indicates that this country consumes from 13 to 25 times as much opium per capita as other countries."

Imports Heavy. Enough opium is consumed in the United States every year, the report stated, to give every man, woman and child 26 times as much opium as the value of habit forming drugs used was given as \$20,000,000.

"What effect, if any, nationwide prohibition will have on the situation cannot be definitely determined by the committee," the report said. "The consensus of opinion appears to be that the number of addicts will increase as soon as the prohibition laws are enforced. These opinions are based for the most part on the theory that drinkers will seek a substitute for alcohol. This opinion apparently receives some support for investigations made in some of the southern states, where prohibition has been in effect for some years."

The committee of investigation was composed of Representative Henry T. Rainey, chairman; Prof. Reid Hunt of Harvard university; B. C. Keith, former deputy commissioner of internal revenue, and A. G. Du Mez of the public health bureau.

NEBRASKA HAS GREAT HARVEST OF WHEAT

Only Late Rust or Unexpected Damage Can Prevent Immense Crop

LINCOLN, Neb., (AP)—Barring further damage from lodging or rust, Nebraska will have a record winter wheat crop this year, it is predicted in a monthly crop report issued today by the United States bureau of crop estimates and the state board of agriculture.

Combined production of spring and winter wheat is forecast at 51,761,000 bushels or 10,743,000 bushels more than the previous high record. The estimate, based on June 1 conditions, does not take into consideration the probable effect of orange leaf rust, but expresses hope that rust may not do great damage.

VILLA MEN IN JUAREZ SUBURB ARE VERY FEW

Small Parties Caused Panic; Attack on City Improbable; Villa Making Forced Loans from Ahumada Merchants.

EL PASO, Texas, (AP)—A personal inspection of the territory east of Juarez and as far as Ahumada, in which town a large force of Villistas under Felipe Angeles was reported several days ago, was made by a representative of the Associated Press yesterday and last night. No considerable force, according to the inhabitants of Guadalupe, has been anywhere near that town.

A party of four men from Villa's headquarters said to be from Villa Ahumada, visited Guadalupe Tuesday. They reported that Villa, Felipe Angeles and Martin Lopez, were at Villa Ahumada with 800 men and that more were being there constantly. They said that there were detachments at Samalayuca and Tierra Blanca and at other points about Juarez at short distances from that city.

Attack Not Expected. A conservative study of the situation leads to the conclusion that the near panic in Juarez has been caused by business parties, which are moving rapidly about that city and that no attack in force is contemplated at present, if at all.

Juarez is quiet this morning. Scouting parties have been sent out yesterday and today, but no fighting has been reported this morning.

Raise Money by Force. JUAREZ, (AP)—That the Villistas forces in Villa Ahumada are raising money at that point by forced loans was reported by Librado Nunez, a merchant at Villa Ahumada, who arrived at Guadalupe, east of here yesterday, on his way back. Nunez said the Villistas officer who demanded money from him was dissatisfied with the amount he received from Nunez and looted his general merchandise store. Nunez said that Martin Lopez, was at Villa Ahumada.

RECOVERED DEPOSITS ILLEGALLY. MINNEAPOLIS, (AP)—Charles F. Wessant, of Minneapolis, president of the Mortgage Security company, and of several banks, was arrested today when he was convicted of accepting deposits in a bank which he knew was not solvent.
