PRIOR FIVE CENTS

JAPANESE BARON STUDIES TERMS OF PEACE PACT

Work of Editing Proceeds Rapidly; Austrian Treaty Will Be Taken Up Monday; Allies Stress Commission Plan.

LABOR PROPOSALS ARE CONSIDERABLY CHANGED

Criticism of German Delegation Causes Alteration; Belief Is Germans Will Sign; Ask Only Five Days to Consider.

PARIS, (AP)—The council of five continued the work of editing the revised peace treaty this morning, at the same time enabling Baron Makino, the Japanese representative, to acquaint himself with the document. The work is nearly completed and it is believed the treaty will go to the revision committee tonight. It is said that it will be printed and ready for delivery to the Germans Monday or Tuesday.

It is the present plan of the council to renew consideration of the Austrian terms Monday. Representatives of Turkey will be received Tuesday.

Go to Brussels Wednesday. If no other developments arise, President Wilson probably will make his trip to Brussels between Wednesday and the expiration of the German time limit.

Some modifications were made by the council yesterday in the labor covenant in the peace treaty. The existing labor situation in various countries, supplied with clever German tactics, had been taken into consideration in this part of the treaty becoming one of the principal points of attack in the counter proposals. The situation caused a lengthy discussion which resulted in certain modifications in the covenant.

Ray Stress on Commission. The applied stress on the German proposals, it developed today, will lay emphasis on the permanent reparations commission. It will be explained to the Germans that this commission is not a tyrannical body but that it will administer its duties in a fair and equitable manner so as to facilitate Germany's economic reconstruction.

It is learned that the short time limit given Germany for a reply is largely due to the Germans themselves. They are understood to have said they would not require more than five days to reach a decision. Only two days would be given for the answer, with three days of grace before the armistice was suspended in the event of a German refusal to sign.

Expect Them to Sign. While reports from Germany on the prospects of Germany's signing the treaty are lacking in clarity, it is known that the council is acting on the belief that there is no general feeling on the part of the masses against German acceptance of the terms. An air of optimism pervades the council in this respect.

Associated Press Summary. Germany's peace delegates, it is reported from Paris, will be given only two days in which to consider and reply to the revised peace terms, which are expected to be presented on Monday. Three days of grace would follow before the armistice was suspended, should the Germans refuse to sign. In that event, the armistice between Germany and the allied and associated powers might be resumed next Saturday, June 21.

Only Five Days Needed. In recent reports it had been stated that the treaty would be completed by a note giving the Germans five days in which to reply, but advisers indicate a change in the plans of the conference during the last day or two. The Germans themselves are said to have declared that they did not need more than five days in which to make up their minds, and they would virtually have this period, counting the three days' notice which must be given under the terms of the armistice before hostilities could be resumed.

Small Nations Want Hearing. It is possible, however, that there may be a delay in presenting the treaty. Smaller nations are reported to be demanding that the pact be considered in a plenary session before being sent to the council. It is held, a postponement of the delivery probably will be forced. The heads of the great powers are declared to be convinced that the treaty has been given the normal assurances that the American troops will, if possible, be assigned to the plebiscite district to see that the voting is done fairly and that the voters are not intimidated.

Polish Move Satisfied. The Poles are said to be considering in a more favorable light the proposed plebiscite in Silesia, which will determine the future sovereignty of that region. They have, it is said, been given the normal assurances that the American troops will, if possible, be assigned to the plebiscite district to see that the voting is done fairly and that the voters are not intimidated.

BIPLANE STARTS ON TRIP ACROSS OCEAN WITH TWO ON BOARD

Vimy-Vickers Machine Leaves for Long Trip with Powerful Engine and Gasoline Enough for Journey Through Air to the British Isles; Briton Is Captain and American Is Associate.

LONG DISTANCE WIRELESS SYSTEM INSTALLED FOR CREW'S PROTECTION

ST. JOHNS, N. F., (AP)—The Vickers-Vimy biplane started on its trans-Atlantic flight at 4:13 o'clock this afternoon, Greenwich time.

The Vickers-Vimy machine carried two men, Captain Jack Alcock, a Britisher, as pilot, and Lieutenant Arthur Whitten Brown, an American association aviator.

The Vickers-Vimy machine, which started on a trans-Atlantic flight today has a wing spread of only 67 feet and is equipped with two 350-horse power Rolls-Royce motors, said to be capable of developing a speed of more than one hundred miles an hour. The capacity of the gasoline tanks was recently enlarged to 895 gallons and the lubricating oil tanks to 50 gallons, which is believed sufficient to carry the plane 2,440 miles, under normal weather conditions. A wireless telegraphy set capable of sending and receiving messages over comparatively long distances, is part of the plane's equipment.

Was Prisoner of Turks. Captain Jack Alcock, the pilot, was among the British pilots in an aviation. He obtained his flying certificate in 1912 and joined the royal air service immediately upon the outbreak of the war. He acted as an instructor at first, but was later sent to the Turkish front where he held the record for long distance-bombing raids. He was later captured by the Turks and held prisoner until the armistice was signed.

Also a Veteran. Lieutenant Arthur Whitten Brown, navigator of the Vickers-Vimy plane, also is a veteran of the war, having served first as an infantry officer and later in the British aviation service. It all an accident to the machine in which he was an observer late in 1915 forced a descent in German territory where he was wounded and taken prisoner.

ITALIAN WORKERS DIVIDED ON DETAILS

ROME, (AP)—Representatives of the various labor unions in Italy are meeting daily to perfect arrangements for a general strike. Opinion among the leaders is divided. Some want to proclaim a general strike only with the labor organizations of England, France and Belgium. Others want the Italian strike to be a general movement. There also is a difference in views regarding the subject of the strike. A number of leaders wish to give the strike a political character and to protest against the interference of the allies with the Bolshevik government in Russia and Hungary. Other leaders prefer to confine the manifestation to labor problems.

Lack Sufficient Force

The disorders which began in Spezia on Thursday continued today because of a lack of sufficient force to check the crowds which were packing the shops and distributing hats, shoes and provisions. Later the mob took control of the market and obliged the merchants to sell at prices fixed by the people. Thus chickens which recently reached 40 cents a quart, and which had brought fifty cents a quart, fell to 25 cents, while thousands of bottles of fancy wines which had been selling at high prices, were paraded out to the crowd for 20 cents each.

BERNE, Switzerland, (AP)—The Jewish Palestine bank has been organized by Zionist interests. It will be established at Zurich, instead of at London or New York as originally proposed. Its capital is fixed at one million francs.

PARIS, (AP)—The Poles have become somewhat reconciled to the proposed plebiscite in Silesia by informal assurances which they have received that American troops will, if possible, be assigned to occupy the contested and disputed area pending the vote, to assure a fair and unimpeded expression of the people's wishes.

ZURICH, (AP)—The court which has been hearing the trial of anarchists and agitators who had their headquarters in Switzerland announced its decision today. Sixteen out of the twenty-one accused persons who were present at the trial were acquitted. Three others who are not in Switzerland, were sentenced to prison terms by default.

PARIS, (AP)—Orders placed in American shipyards for a half million tons of merchant ships to go under the French flag have been approved by Edward M. Hurley, chairman of the United States shipping board. Notification also was given by Mr. Hurley that two hundred thousand tons of shipping ordered by France in June, 1917, and now in service, will be transferred to France.

ATLANTIC CITY, N. J., (AP)—With the exception of those favoring prohibition, all delegates to the American Federation of Labor convention were to leave here today for Washington, D. C., to participate in an anti-prohibition demonstration in front of the capitol this afternoon. The largest group remaining here is from Seattle, Wash., and other prohibitionists representing various localities. The convention has adjourned until Monday.

Radio Brings Word from Boat Bearing Twin Falls Gunners

148th Field Artillery Regiment to Land in New York on Sunday.

According to a radio message received this morning by Nicolas Wenzel from his brother, Arthur E. Wenzel, a member of headquarters company, 148th field artillery, that regiment, which embarked from St. Nazaire, France, June 3, will arrive in New York on Sunday. Previous forecasts had set the date for the arrival as today. The message from Mr. Wenzel was dispatched by radio from the U. S. S. Pershing, on which the regiment embarked, by way of Boston on June 13. It says, "Arrive in New York Sunday."

Guarantee of Great Powers to Liberated States Is Submitted

Small New Countries Will Pass on Guarantee of Territorial Limits by Big Five.

PARIS, (AP)—The proposal that the five great powers undertake to guarantee the territorial limits of liberated states in eastern Europe as established by the peace treaties in return for the acceptance by the latter of stipulations protecting the rights of minorities and religious minorities has, it is understood, been submitted to the interested states by the council of four.

Military Ball Is Interesting Event

Twin Falls Post; American Legion, Scores as Host at Social Occasion.

One of the most interesting of recent social events in Twin Falls was the military ball given by the Twin Falls post, American Legion, composed of returned service men of the world war. The pavilion was elaborately decorated for the occasion, the flags of the allied nations being displayed at the entrance and two double lines of American flags being suspended from the ceiling. The ball was crowded throughout the affair. Approximately 8000 was cleared for the benefit of the entertaining organization.

COUNCIL SELLS BOND ISSUE AT A BIG PREMIUM

Accepted Offer of National City Company of Portland Said to Be Best Sale of Securities Here in Several Years.

Out of 22 bids submitted, the city council at its meeting last evening accepted the proposal of the National City Company of Portland at \$311,500 premium for 5 1/4 bonds for the purchase of the \$25,000 municipal bond issue voted June 6 for pavement of street intersections, building of a new bridge on Shoshone street and the Creek bridge on the main trunk line sewer. This is said to be the highest price paid for bonds in this section for several years.

The bid accepted was submitted by mail and no arrangements have been made as to the time or place of delivery of the bonds and receipt of payment.

Exchange Hot Words

The Lumberman's Trust company of Portland, forfeited its bid of 2018 premium for 5 1/4 bonds so far as the council was concerned, by reason of its attitude in respect to what seemed to be a bid on 5 per cent bonds without offer of premium submitted by it. B. F. Neal, representing the Lumberman's Trust company, called attention to a condition attached to the acceptance of the 5 per cent offer which entailed employment by the city of the Lumberman's Trust company as fiscal agent and distributor of the bonds on payment of two-thirds of one per cent of \$1336. Neal engaged in controversy with Councilmen L. L. Breckinridge and E. J. O'Connell over the condition and bid and then put the bid in his pocket.

Defers Bridge Proposals

The council deferred until its next meeting, action on bids for preparing specifications and advertising for the bridge. Proposals were submitted by R. M. Murray, supervising engineer for the Hansen bridge, and by the American Bridge company, C. H. Med for the contract as an independent engineer.

Claims for damages resulting from recent ice in the river water main including one claim for \$2000 made by the Elite Millinery company, were filed, and acceptance of bids for hauling garbage was laid over until the next meeting.

The council agreed to furnish 4100 in labor and money for grading and leveling one block leading to the ball

HEAVY FILES OF TELEGRAMS PILE HIGH IN WIRE COMPANY OFFICES

Co-operation by Railroad Key Men Strikes Vital Blow at Service to Patrons by Both Western Union and Postal Telegraph Companies; Many Cities Affected.

ACTION OF RAILROAD TELEGRAPHERS MAY CRIPPLE SERVICE OF COUNTRY

ST. LOUIS, (AP)—Reports to headquarters of the Order of Railroad Telegraphers have today indicated that the 80,000 members of the organization had strictly complied with instructions of their president, E. J. Manson, to discontinue handling business of the Western Union and Postal Telegraph companies as of 6 a. m. today.

This action, according to officials of the order, completely ties up commercial telegrams in smaller towns throughout the country.

CHICAGO, (AP)—Leaders of the nation-wide strike of commercial telegraphers declared today that reports had been received showing that heavy files of Western Union telegrams were piled up at relay points because of refusal of railroad telegraphers to handle commercial business.

HAYS DECLINES CUMMINGS DARE ON THE LEAGUE

Republican Chairman Declares That Partisanship Must Be Left Out of Discussion of Pact.

CHAIRMAN HAYS REPLIES TO DEMOCRATIC MANAGER

PORT WAYNE, Ind., (AP)—Will H. Hays, chairman of the national committee of the republican party, in an address here tonight rejected the challenge of Thomas S. Cummings, chairman of the national democratic committee, recently made in Chicago that the republicans make partisan issue of the league of nations.

Not Partisan Question. Mr. Hays without naming the league nevertheless said:

"The conclusion of the treaty of peace, including all its provisions when we know what they are—is in no sense a partisan question. It is an American question. In the same spirit in which republicans during the recent war made no party issue of how they could contribute most to effective action, so now they are determined to meet this new phase of the war problem in that serious spirit of sober patriotism which has glorified the success of our experience of fire and blood, moving with a full appreciation of this country's duty as a responsible factor in the world of today and tomorrow with the earnest determination to do all that can possibly be done toward the maintenance of peace without sacrifice, and with the firm conviction that the preservation of which in its integrity is the greatest safeguard for the future not only for the citizens of this country but for all peoples every where."

Bring Government Back. Speaking for his party which now controls both branches of congress, Mr. Hays declared "we shall bring this government back to the limitations of the constitution in time of peace."

"I dwell on the 'preservation of our institutions' and 'patriotism.' Among his declarations were the following: "With no other answer we will strive to prevent the further spread of socialism."

"We have promised a forward step as well as a forward looking program for our business and for the farmer, and those promises we will keep."

"That criminal element, organized or unorganized, called I. W. W. or anything else, that goes about this country seeking whom it may destroy, that thing is a traitor to this country, nothing else, and should be treated as such."

Stands by Protection. "The republican party will not for get, in the stress of other matters, that its protective tariff policies have made the wages of our laborers the highest in the world."

"There must be strong federal regulation, but no federal ownership."

"Shame on us for tolerating in our body politics an undignified mass making for nothing but internal disorder. If a man is loyal to any other flag, foreign, red or black—he is disloyal to the Stars and Stripes. Either these men are Americans or they are traitors. They are traitors they should be interned, deported or shot."

WEDDON GROSSMITH NOTED ARTIST, DIED IN LONDON

LONDON, (AP)—Weddon Grossmith, actor, author and artist, died in London today.

Weddon Grossmith was born in London in 1852 and became known as a successful portrait painter. He made his initial appearance on the stage at Liverpool in 1885 and toured America in the same year. He made a second tour of the United States in 1910. He was best known as a comedy actor.

WOMEN SHOULD RUN THE WORLD

Behind in Thinking and Contribute Few Ideas but Safer Says Professor.

AMES, Ia., (AP)—Now that women have the ballot they should upset the world and build it over, according to the world editor, E. A. Ross, well known educator and sociologist of the University of Wisconsin. He said that the 1,000 delegates to the Iowa convention of the National Federation of Women's clubs.

"Only one-tenth of the university lectures, one-fifth of the newspaper editorials, one in 171 sermons and one in 190 court arguments come from women. They contribute only one percent of the intellectual force received by the general public."

ANGELES AND VILLA UNLIKE IN CHARACTER

One Is Highly Educated and Suave While the Other Is Rough and Ignorant; Complements of One Another.

JUAREZ, (AP)—The physical law that opposes attract each other seems to apply to Francisco Villa and Felipe Angeles, the two leading Mexican rebel commanders. Villa rough, impulsive and given to flashes of red temper is an devoted to the suavo, well bred and highly educated, as if they were blood brothers. When Angeles left New York last November to join Villa among his friends on the border wondered at his folly in leaving a comfortable hotel to take the field with the most rough-and-ready character in Mexico. The two leaders are as unlike as the poles and yet each in the complement of the other and the result of their union under a rebel flag was almost instantly apparent when Villa ceased killing prisoners and civilians, treated Americans captured by his forces with more consideration and refrained from destroying property wantonly.

Staid in France. General Angeles was graduated from the Chapultepec military academy of Mexico as an artillery officer and studied at St. Cyr in France under master artillerymen. He was an observer at many European maneuvers and wrote many pamphlets on artillery fire. He joined the Madro revolution and, later, the constitutionalist movement under Carranza. When Villa broke with Carranza the prospect of action with Villa lured Angeles to his side and together they conducted an aggressive campaign in the north which has such a close parallel to the battle of Colays. After this Angeles deserted Villa, bought a dairy in the El Paso valley and announced his lighter, constitutionalist views. The San Francisco shipbuilding company, builders of the Palo Alto, directed the construction of the Palo Alto, the working being done under inspection of the shipping board.

Wears "Blind" Shirt. Even in his field Angeles shaves daily, wears clean linen and a white tulle hat on an extra pack mule. Villa wears a flannel shirt and a soft collar of starched linen, shaves at rare intervals when in the field and wears "head-me-down" suits and square toe shoes.

To an American held prisoner in Villa's camp General Angeles confided Villa had almost ruined Carranza by retaining the will of Americans by his treatment of native and foreign prisoners and that he, Angeles, has persuaded Villa that to observe the rules of civilized warfare was to make friends for him and for his cause in the United States. The only time Villa has lapsed from this program was at Parral where he executed Carranza because he found them armed and the three Herreras, against whom he had a grudge of long standing.

News Have Accepted. To another American prisoner Villa extended a blanket invitation to any Americans who wished to visit him in his rebel camps in the field. To date no one has accepted this invitation.

HEAVY DAMAGE CLAIMS FILED AGAINST MEXICO

MEXICO CITY, (AP)—It is learned that claims for many millions of pesos in damage arising from the Mexican revolution have been filed with the diplomatic representatives of various nations whose national demand reparation. These claims are in addition to many others presented to the Mexican government direct and are being considered by a commission. Thus far the commission has paid no claims. Government officials contend that the claims from foreign nations should first be presented to the Mexican government. If disallowed they should then be presented through diplomatic channels.

STUNNED BANK WORKER CIRCUMVENTED ROBBERS

David Ryan Recovered in Time to Shoot Down Men Escaping with Money.

NEW YORK, (AP)—The alertness of an elderly bank messenger who pursued six holdup men down the stairway of an uptown Manhattan elevated station and felled one of them with a revolver shot, frustrated a daring attempt at daylight robbery here today. The robber who was shot was fleeing with a bag said to have contained \$100,000 in securities taken from David Ryan, the messenger who did the shooting, and Henry Bayne, an employee of the Colonial bank, who were taking the funds to the federal reserve bank.

Knockout Put. The robbers had put Bayne out of business by ransacking a wall of cotton saturated with chloroform to his face, while Ryan was stunned with a blow from a blackjack. However, as the thugs ran toward the street Ryan followed them and fired four shots at the group. The man with the bag collapsed, releasing his hold on it and while his companions were carrying him to a waiting automobile, Ryan retrieved the valuable.

CEMENT SHIP IS MUCH IMPROVED

Many Changes Since First Was Floated; Puffed Brick Vessel Is Next Experiment.

SAN FRANCISCO, (AP)—The new cement ship Palo Alto, recently launched at the Government Island plant at Oakland differs materially both as to architecture and composition from the first concrete ship "Faith". The system of steel reinforcing of the Palo Alto is singular, that of the land differs materially both as to architecture and composition from the first concrete ship "Faith". The concrete aggregate used in the Faith was rick, sand and cement; that of the Palo Alto of sand, cement and crushed brick, with lighter concrete construction. The San Francisco shipbuilding company, builders of the Faith, directed the construction of the Palo Alto, the working being done under inspection of the shipping board.

Shell Is Thick. The "shell" or walls of the Palo Alto are four inches thick with the exception of a part of the bottom, where it is five inches in order to provide additional strength to care for the foundations of the machinery. Decks, deckhouses, cabins—in fact everything about the vessel, with the exception of a few fittings and necessary steel appurtenances is of concrete.

About six weeks hence, when the Palo Alto is ready to go into service, another concrete vessel will be launched. It is growing in its forms located next to those that hold the Palo Alto. It will be the first "puffed brick" ship ever built and will be named the "Twilight".

GRAY BUYS HOME IN BOISE

Real Estate Transaction Takes Moneyed Man to State Capital.

BOISE — The sale to J. J. Gray of Eden, a retired prominent banker, lived at Nellvue, of the W. E. Pierce home on Twenty-first and Irene streets, announced on the streets today is regarded as a real estate transaction of considerable interest in that it brings to Boise another man of large financial interests. The consideration will not be made public, but is believed to be \$20,000. Mr. Gray and his family, who have been in Boise for several days, left Thursday for California, from whence they will be going back, to be buried here, the body of their child who died there recently.

MEAT CONSUMER GETS A CHIDING

Retail Dealers Say People Adhering to War Time System Keep Up Prices.

CHICAGO, (AP)—A statement blaming consumers in part for the high cost of meat was issued today by the retail meat dealers of the United States.

"The American people," said the statement, "by clinging to eating habits which they adopted during the war, but which are now unnecessary and unwise, are denying themselves the full benefit of decreases in wholesale prices of meat."

The statement then asserts that retail meat prices have "dropped materially" despite contrary reports. It adds:

Hold Back in Consumption. "Two large groups of the population are holding back on their consumption of meat. One group is composed of persons who in normal times treat themselves to the best quality of pork, beef and mutton. This group is still continuing its reduced consumption of beef, although the necessity for conservation of it is lessening."

"Another large group is buying only those sorts of beef which can be cooked quickly and easily.

"Everybody is neglecting lamb and mutton.

"The people do not seem to realize that beef has dropped materially and is now cheaper than any other meat."

Part of 41st Arrives in New York on Ship

NEW YORK, (AP)—Twenty-four officers and 411 enlisted men of the 41st field artillery, 41st division, were among the 1,791 troops arriving from St. Nazaire today on the transport Florida. The artillery units included field and staff medical detachments, headquarters company and battery E. Other troops on board were the 59th engineers, headquarters, and medical companies and companies A to D, infantry, members of the 368th service park unit.

CHINESE CABINET THROWS UP JOB

Again Resigns Over Shantung; President Once More Talks of Quitting His Place.

PEKING, (AP)—In consequence of difficulties created by the popular movement against pro-Japanese members of the government cabinet has resigned and President Hsu Shih Chang has also indicated his intention to quit office. It is anticipated that parliament will decline to accept the president's resignation. This would amount virtually to a vote of confidence in the chief executive which is needed to strengthen his hand in his fight against the militarists.

Strikes throughout the country continue. Railroad traffic is being impeded and the situation in China is awkward.

FRENCH JOURNALIST IS CONVICTED AS SPY

Extreme Specialist Said to Have Imparted Information to the Enemy in War.

PARIS, (AP)—Gaston Boutier, a prominent French journalist, was today sentenced to death by court martial for imparting military intelligence to the enemy. Boutier, who is a socialist with extreme tendencies, was tried by default. He was charged with having agreed with German agents in Spain to start a French language paper there during the war for the purpose of carrying on Germanophile propaganda.

Gaston-Boutier founded the Madjid La Paix in 1917. It was believed that Bolo Ezzah, who was executed at Paris in 1918 for treason, furnished the funds for the establishment of the newspaper. An order for the arrest of Boutier was issued by the French authorities in October, 1917, but his arrest has never been reported.

BRITONS MEET TO BOOST THE NATION LEAGUE

Vigorous Defense of Proposed Pact Calls Forth Opposition from Both Extremes; Socialists Howl for Bolsheviki.

LONDON, (P)—A campaign to popularize the league of nations was launched today by the British league of nations union. Albert Hall was packed with more than 7,000 persons. Viscount Grey presided. The principal address was made by Lord Robert Cecil, the other speakers being John Robert Clynes, former food controller; Dr. Alexander Irving, archbishop of Canterbury and Dr. John Clifford. John W. Davis, American ambassador, was present with his wife, and Vice Admiral Beatty was in attendance. All the speakers dwelt on the necessity for united and zealous popular support to make the league a reality and a success. Lord Robert Cecil, in the course of a defense of the league, twice referred to President Wilson, being vigorously applauded.

Audience Enthusiastic.—The enthusiasm of the audience for the league was in evidence throughout Lord Robert's speech, but here and there were a few hecklers who tried to interrupt him. Several men in the gallery unfurled a red flag inscribed "warships are fighting a noble republic" evidently referring to the fighting between British and Russian warships in the Baltic. When Lord Robert was naming the framers of the league a man shouted: "What about Ireland?" Lord Robert quickly reported: "Ireland was ably represented, if I may say so, by General Smuts and myself." The audience warmly cheered the speaker's arguments for admitting Germany to the league but the applause was punctuated by cries of protest, one man shouting: "You bloody traitor!" Many others shouted: "Put him out," and cheered loudly when the man was ejected.

League Not Perfect.—Lord Robert said that nobody would claim the covenant of the league of nations was perfect. "But it is a living organism," he continued, "which will grow and adapt itself to requirements."

TALKS ON THE FIGHTING RECORD OF THE 146TH

Lt. Col. L. V. Patch Pictures War's Horror at Meeting of Elks.

(Special to The News). BOISE — Lieutenant Colonel L. V. Patch, adjutant general of Idaho and former commander of the 146th field artillery which is scheduled to land on Saturday in New York this week, addressed a meeting of the Elks' lodge here recounting experiences under fire in the war zone. He told of being in Paris en route with his regiment to the front early last summer when the Germans were bombarding the French capital; of the fighting at Chateau Thierry, where his regiment was the first unit of heavy artillery sent into service by the Americans; of the fighting at Belleau Wood and in the Argonne. His regiment was sent into action for the first time on July 14 at Chateau Thierry. The guns he commanded, he said, kept up a constant fire for four days and nights. On the St. Mihiel sector, he said, shells to the value of \$1,000,000 were thrown over under his command in 26 hours.

SETTLEMENT OF FRENCH STRIKE SEEMS PROBABLE

Fear Expressed That Adjustment Will Be Delayed Too Long.

PARIS, (P)—Intervention by government officials in the strike situation has aroused hopes of a settlement soon. However, it is doubtful whether the claims of the miners can be satisfied before they put into effect their decision to go on a general strike Monday. A general strike of the miners would have a serious effect on industry and business but the situation would be graver still should the organization known as the Inter-Union Trust which includes the railroad workers, registered seamen, metal workers and transportation workers in addition to the miners, carry out its decision to walk out in sympathy with the miners.

NONPARTISAN LEAGUE BILLS IN REFERENDUM

Election to Be Held June 26 on Measures Passed by North Dakota Legislature.

FARGO, N. D., (P)—The first direct test of the National Non-partisan league's industrial program will take place June 26 when a special referendum election will be held on seven of the league's measures passed by the North Dakota legislature. Interest centers chiefly upon the industrial commission bill and the act providing for establishment of the Battery Charging and repair work. Expert workmanship. We invite you to call. D. C. Bank of North Dakota, both of which are vital to the entire program. The industrial commission bill provides for a commission which would control the state-owned industries to be established. The Bank of North Dakota would provide funds for carrying out the program. League supporters say failure of either measure would disrupt the program. The other bills to be voted upon deal with education, taxation, state printing, emigration and judicial reorganization. Called by Governor. The referendum election was called

by Governor Frazier after circulation of petitions by the Independent Voters' association. The association also circulated petitions for the initiation of a mill and elevator association law, a nonpartisan election law, rural credits laws and a home building law, the initiative election to be held simultaneously with the referendum. These measures, with the exception of the nonpartisan election law, are included in the league program. The initiative petitions contained more than twice the number of signatures necessary but Governor Frazier

held that the association's effort to have the referendum and initiative held on the same date was merely an attempt to confuse the issue. Then he named June 26 as the date of the referendum. The constitution requires that initiative petitions be filed 30 days before an election. The initiative petitions were not filed until late in April. We are again making stockfood. A MUCH-ABUSED CONSTITUTION.

A few days ago, according to advices just received, Felipe Angeles, Francisco Villa, eighteen other generals of the Mexican insurgents and 175 other persons met in Parral, Chihuahua and signed a manifesto which, after a grandiloquent and bombastic opening, defines the purposes of the signers as follows:

- First: The reinstatement at the earliest possible time of the constitution of the great Don Benito Juarez, proclaimed in 1857.
Second: To protect and enforce the protection by all means, of the lives and interests of all the foreigners who will devote their time and energies to minding their interests and business, keeping out of factional support direct or indirect, making it emphatic that the Americans will be given the protection to which they are entitled, regardless of all mistakes of those who thought to have made the right choice in their decisions about the affairs of Mexico.
Third: To protect the weak, the innocent and the defenseless from indignities, wrongs and outrages from the lawless, the professional criminals and brutal; to alleviate to the utmost of our capacity the injured and oppressed; to extend immediate practical aid to the suffering and unfortunate, and above all to the widows and orphans of friends and for allies, bringing the miseries of both to a minimum.
Fourth: To enforce the faithful execution of the constitutional laws of 1857, and to protect the property legally acquired from unlawful seizures and confiscation; avoiding drumhead court-martial trials as has been customary here-

tofore, unless caught red-handed and with the weapons in action. Judgments are to be given only by the civil or military authorities in absolute conformity with the laws of the republic, as per the constitution of 1857.
Transitory: Death penalty will be abolished from this date on, unless deeds for treason, murder or espionage, in places which are temporarily or indefinitely, occupied by the forces of our different armies.

"In the name of supreme justice, law and final victory." This manifesto is a repetition of the standing jokes of Mexican politics; the endorsement of the laws and constitution of Benito Juarez. Not to exceed 5 percent of people of Mexico know anything about what was in the constitution of laws, in theory; none know in practice, for the provisions of these interesting documents were never carried into effect. Benito Juarez is a name to conjure with in Mexico, and while he more nearly carried out the provisions of his constitution than any of his successors, he failed to put into effect all of either the good or the bad parts thereof.

Of late an ocean of ink has been spilled to show up Villa, Zapata, Angeles and Felix Diaz as high-minded, amiable gentlemen intent only on bringing into being a sort of idyllic yet practical republic. Angeles, who is highly educated, has been especially praised, and his antipathy to bloodshed except

through due process of law has been much commented on.

However, only yesterday, in answer to a question by a reporter of the Associated Press relative to the opposition shown in this country to the moving of 2000 Carranza troops through American territory he made this significant reply:
" Well, there was only one American in Parral when I took the city. He is still there and in good health." The implication contained in this answer is too plain to need elucidation. It gives the lie to the denunciation of drumhead court-martial trials and to the promises of abolishment of the death penalty except for treason.

Angeles boasted that he had plenty of money and was paying for what he got. A writer for the June issue of the World's Work, says that the same is true of all the revolutionary leaders. These familiar with Mexican politics will not marvel thereat. Both sides have more or less money received through graft, from vast financial interests having investments in Mexico. Carranza is probably personally as little inclined to take graft as anyone

recently in control except Madero. But like the latter he is surrounded by those who are not above taking money whenever they can get it, and unlike Madero, he is obsessed with an insane hatred for America. He entered office swearing loyalty to the constitution of 1857 and then calmly supplanted it with a new one of his own making.

But at that the elevation of Villa and Angeles, at his expense would be no gain for either Mexico or humanity.

If advertising did not serve the people there would be no advertising. Is it planning you?

SCOTCH SHORTHORN DAY

FOR

Twin Falls County and Southern Idaho Farmers
Friday, June 20, '19
TWIN FALLS, IDAHO

A Great Opportunity to Buy Foundation Stock

THIS AUCTION SALE OF PURE SCOTCH SHORTHORN COWS, HEIFERS AND BULLS SHOULD ATTRACT AND BE OF INTEREST TO EVERY RANCHER AND BUSINESS MAN IN SOUTHERN IDAHO.

It has been the expressed intention of certain of our bankers that we make Twin Falls County the banner county of Idaho and the Northwest for Shorthorns.

This is the first auction sale of pure Scotch Shorthorns ever offered in Idaho and the cattle are of such merit, breeding and quality that every one owning an acre of grass land should take notice of the owner's GUARANTEED CONTRACT PRICE. The owners offer to pay from 20 cents to 50 cents per pound for the crop of calves that are sold by the side of the cows and from the cows that are now bred, at 12 months old, if the purchaser desires to sell. This price means from \$160.00 to \$500.00 per head. Think about this, Mr. Farmer. Would you not much rather buy a cow that will make you from \$25.00 to \$70.00 for that ton of hay than to keep that old grade cow on the same amount of feed, and get from \$50.00 to \$60.00 for the calf, paying you not over \$7 per ton for your hay?

We believe that we have the support of every Shorthorn breeder, every banker, business man, and every conservative thinking rancher in Twin Falls County. If this offering of Scotch Shorthorns brings a price in keeping with their value we shall establish a record price for Shorthorns in Twin Falls County and in Idaho. And, above all, we shall establish many new breeders.

Sale to be at Sale Barn, 1 p. m.
JUNE 20

AUCTIONEERS: Walter & Shearer, Filer, Idaho. Miller & Dickens, Caldwell, Idaho.

BANKERS' ENDORSEMENT

Referring to C. A. McMaster's sale of Registered Shorthorn Cattle to be held at Twin Falls, Idaho, June 20:

The undersigned Bankers of Twin Falls County are aware of the sharp demand for Shorthorn cattle throughout the United States and of the high esteem in which they are held as the farmers' cow.

We are convinced that the raising of pure bred Shorthorns is one of the most profitable uses to which we can turn our high-price irrigated lands, and Mr. McMasters is to be commended for bringing to us the opportunity to buy cattle of quality which he is offering.

We assure our responsible patrons that we shall be pleased to extend them credit for purchase of cattle at McMaster's Shorthorn sale, June 20.

"Here's where I end my battery troubles—"

Why not say that to yourself—say it today? Many a motorist before you has laid the bugaboo of starting and lighting doubt and distrust forever by simply calling at our "Exide" Station and getting the real "hard pan" story of the

"Exide" Starting & Lighting Battery

and "Exide" Service. The "Exide" Battery is the battery with thirty-one years of exclusive storage battery building experience insuring the "rightness" of its every detail. Every feature of it is practical—designed by practical men from practical knowledge, and tested out in practical work.

Let us show you the "Exide" Battery. Examine it carefully. See how sturdily it is made. Learn just what each part is and why it is there. The "Exide" is sold not on flashy "selling points," but on real "reason-why, open-eyed" facts. If you are convinced that it looks good, put it in your car and prove the soundness of your judgment.

"Exide" Service stands back of every "Exide" Battery. "Exide" Service is considerably more than the mere sticking of a hydrometer syringe into the electrolyte. "Exide" Service is based on the big, broad principle of "solving the customer's individual battery problems." "Exide" Service enables you to get exactly the battery best suited to your particular needs; it provides for the kind of attention that will keep that battery "on its job" season in and season out. "Exide" Service knows no exception; it includes the repairing, recharging and testing of all makes of starting batteries. Come in and talk it over.

LEGAL BATTLES OVER WATER GO TO U. S. COURT

District Judge Babcock Authorizes Transfer of Case of Twin Falls Canal Co. Against Damman and Others.

The legal fight to determine the right of persons other than stockholders to apply to their own use waste water developed and conveyed in whole or in part through the Twin Falls Canal company irrigation system is to be fought out in the United States district court in the case of the Twin Falls Canal company against Frank B. Damman, Mary Alice Damman, Edwin Damman, Warren G. Swendsen, state engineer and commissioner of reclamation, and Melissa Fairchild.

This is established in the order issued by District Judge W. A. Babcock transferring the trial of the case from his court to the federal district court on petition of the defendants Damman, who allege for this purpose that they are citizens and residents of Illinois and that the amount involved is over \$3,000. The petition was resisted by the plaintiff corporation.

Previously Involved
Edwin Damman, who holds power of attorney of Frank B. Damman and Mary Alice Damman, recently paid a fine of \$100 in district court here for disobedience of an order restraining him from interfering with the delivery of water to other water users.

In this case the Canal company brought suit against the Dammans and others to prohibit them from diverting water from a tributary to canals "12" of the Canal company system traversing certain lands in the vicinity of Buhl, claiming that the interests of the Canal company and its stockholders were jeopardized.

Where Official Comes In
The state engineer was made a party defendant for the reason, the plaintiff claims, that his success in office has accepted the application of the Dammans for a water permit covering the water involved in the controversy, and that he is likely to issue such a permit. A similar application, made by Melissa Fairchild, also has been accepted by the state engineer's office.

APPEAL MADE FOR THE UNIVERSITY AT LILLE

PARIS, (AP)—The bishops of northern France have sent the Abbe Ernest Dumont, of the Stanislaus college, Paris, on a mission to the United States to secure financial support for the Roman Catholic university of Lille. The alma

matior of Lille is a very progressive seat of learning with almost American tendencies; but the rich manufacturers of that region, who were liberal patrons of the institution, have all been impoverished or ruined by the war.

ADDS TWO MORE AUTOS TO ITS STOCK IN TRADE

Johnson Auto Sales Company Becomes Distributor for Chalmers and Maxwells.

Of interest in automobile circles of the intermountain country is the announcement made today by E. J. Johnson of the Johnson Auto Sales company, of the addition to the line of cars for which the firm is distributor in the Twin Falls district of the Chalmers passenger cars and the Maxwell passenger cars and trucks. The firm has heretofore been distributor for the Hudson and Essex passenger cars and for the Garford trucks, which lines it will continue to handle.

The announcement today means that the firm has resumed the distributorship for the Maxwell cars which it dropped a year ago. The Chalmers car has been handled heretofore in this territory by what is known in automobile trade circles as "carbonate" dealers.

Inability to secure delivery of a sufficient number of Hudson cars induced Mr. Johnson to take over the agency for the Chalmers line, he said today, and the fact that he considers the Maxwell passenger car unexcelled at its price resulted in the resumption of the distributorship of that car.

"Since January 1," Mr. Johnson said, "I have been able to secure delivery of only four Hudson cars, while during that time we have had orders for at least 30 Hudsons. The Chalmers is one which will compare favorably with the Hudson and in many instances the prospective buyer who is disappointed in his order for a Hudson will take the Chalmers instead."

Buhl Coming Strong for Sunday's Game

Strengthens Line-up for Forthcoming Contest with Twin Falls Team.

The lineup of the Buhl baseball team has been strengthened, it is reported, for the game scheduled on account of the fact that the Buhl grounds are not finished, to be played in Twin Falls on Sunday afternoon next, and in view of the two games dropped successively by the Twin Falls bunch to Bursley and Paul, a strong delegation of Buhl boosters planning to accompany their team here, is entering the hopes of bettering its present position at the bottom of the list of teams in the Southern Idaho league.

Twin Falls prospects have picked up materially since the arrival here of Joe Griffith, Salt Lake semi-professional, who is to work in Sunday's game as catcher in the place of Patton whose injury in the Bursley game started the locals on the toboggan. Bert Walcott, a speedy right hander, is booked for a trial in the pitcher's position and will work first probably in the Buhl game.

Prominent Twin Falls Women Organize Circle

Ladies of Gaud Army Re-presented Here by Second Society.

Christened in honor of the father of Mrs. T. O. Boyd, who served through the civil war as a member of Company D, 75th Indiana volunteers, the Henry

V. Walling circle, No. 44, Ladies of the Grand Army of the Republic was instituted here this week by W. W. Humphrey, chaplain and past commander of Dan McCook post, G. A. R.

The following officers were elected: President, Mrs. T. O. Boyd; senior vice-president, Mrs. Morgan G. Heap; junior vice-president, Mrs. J. H. McLain; chaplain, Mrs. C. A. Osterlander; treasurer, Mrs. W. O. Taylor; secretary, Mrs. Leonard E. Smith; conductor, Miss Barbara McShen; guard, Mrs. D. D. Alvord; associate guard, Mrs. J. H. Wines; associate conductor, Mrs. Lydia Boyd Keogh; patriotic instructor, Mrs. D. H. Peck.

Authority for the organization of the new city, according to Mrs. Sadie Humphrey, state councillor, who has been active in its formation, is given in the following letter received by her from Mrs. Rachel Baldwin of Boise, department secretary, Ladies of the G. A. R., which reads, "I am pleased to learn of the prospect for a new circle. We have the chapter which I forward to you today, also order on the treasurer for supplies. I herewith grant a dispensation to Sadie Humphrey, past of the G. A. R. to organize a new circle at Twin Falls, Idaho.

In connection with the above, Mrs. John R. Ault, treasurer of the state organization, Mrs. Julia Griffin and Mrs. Martha Smith, president and secretary, respectively, of Dan McCook circle No. 3, Twin Falls, Ladies of the G. A. R. have issued the following statement:

For the information of the Twin Falls ladies who have or who may be solicited to join the patriotic organization known as the Ladies of the Grand Army of the Republic, it seems necessary to state that Mrs. Sa-

Batteries? Only ONE For Me

If you saw batteries every day as I do you'd say the same, and your choice—like mine—would be Willard every time.

You'd know—as I do—that every Willard Battery is built to give full battery value for every penny that's paid for it—that every piece of insulation, every plate, every jar, is known to be right before-it leaves the factory.

We keep a complete stock of Willard Batteries—and can supply a new one fully charged and ready for use on your car. If you need battery repairs, we'll furnish you with a rental battery, so that your car can be kept constantly in service.

We test, repair and re-charge storage batteries, and always carry a full supply of battery parts, new-batteries and rental batteries.

JULIAN ELTINGE

is now on his way to Portland where he sails for Australia and from there around the world with this wonderful company of European acts.

Mr. Eltinge's engagement in Twin Falls is the last opportunity which will be accorded Twin Falls theatre patrons to witness an Eltinge performance in a long time.

Show starts promptly at 8:30 and no one will be seated during acts.

Attend the Eltinge Dance at the conclusion of the performance, at the Laving Pavilion.

Everybody welcome.

SPEED

Railroads run 70 miles an hour;
Aeroplanes fly 100 miles an hour;
Automobiles run 120 miles an hour;
Everywhere speed is the keynote of activity.

Twin Falls is no exception to this rule; The pressing of a switch floods your house with light; The lifting of the telephone receiver places you in communication with thousands of people—and among these is numbered the Twin Falls Steam Laundry. Speed is one of its essential features—an auto calls for your laundry—skillful hands deftly handle it, transferring it from vats of soap water into tubs of clearest rinsing water. It is dried with professional care—pressed with home-like thoroughness. Each step in the process of restoring absolute cleanliness is one of speed—so great is it that your laundry may be returned in 48 hours if you desire—do you?
