

MANY WANT TO GET TO AMERICA

British Government Has Expects at Work of Detection of Alleged Americans.

WINCHESTER, England (Correspondence of the Associated Press)—American and British authorities delegated to examine the thousands of soldiers in the British army who claim repatriation to the United States are having a difficult job. Many of them are adventurous individuals who have roamed the globe and now want to go to America at the expense of the British government.

A board of military and civil officers which examined men collected at the camp here formerly used as a rest camp by American troops had so many difficulties that the aid of a representative of the United States consul general's office in London was requested.

Lieutenant Kane was selected because of his knowledge of many cities in the United States and his general acquaintance with conditions north, south, east and west. A favorite city selected by the would-be repatriates is said to be "home town" in London. The street number is given, their statement that they are one of the thousands employed in the motor car industry cannot be disposed and they know some of the principal streets. But no question finishes.

"What is the principal park in Detroit?"

They do not know Belle Isle and they do not get to the United States. Lieutenant Kane has a stock of such questions concerning most of the cities of the country and if they can be correctly answered it is their passport. If the soldier has a just claim and he is passed.

FARMERS SCORE BARNES AT SPOKANE GATHERING

Find Fault with Agreement; Wheat Administrator Names Pocatello Price Center.

SPOKANE, Wash. (P)—A cablegram protesting against what was termed the "maladministration" of Federal Wheat Administrator Barnes in entering into an agreement with millers, grain buyers and bakers to buy wheat only at the government guaranteed minimum was directed sent to President Wilson at the northwestern conference of farmers here.

Resolutions adopted included one declaring against the daylight savings plan and for "the observance of the laws of nature and the Almighty," for more good roads and the "bonding of counties to pay for them; a temple of agriculture at Washington; a government land settlement policy which reduced freight and express rates on seeds; a branch of the bureau of animal industry for the northwest; the teaching of animal husbandry and domestic sciences in public and rural schools; better livestock laws; a 1920 wheat price to prevent loss and possible disaster to the agricultural interests of the country. An option on the purchase, for \$50,000, of a building in Washington for use of the national farmers organization as headquarters until a permanent temple of agriculture is erected, was announced today by A. A. Elmore, president of the Washington State Farmers' Union and chairman of the conference. He said the farmers of Washington, Oregon and Idaho represented in the conference here had agreed to meet the entire cost.

Subscriptions to the temple fund had reached between \$25,000 and \$50,000 it was announced.

Barnes Has New Plan
NEW YORK (P)—To preserve a natural flow of wheat from the farm, periodical premiums covering storage charges will be added to the basic price at various guarantee markets, according to an announcement here by John H. Barnes, United States wheat director.

These premiums will not be introduced during July, when basic prices prevailing for the last year will be in main in effect. For each succeeding month, however, premiums will be announced 30 days in advance.

Mr. Barnes also announced railroad rates from intermountain and Pacific coast territory to Galveston and New York soon will be reduced to 50 cents per hundred, the equivalent of 33 1/2 cents per bushel. Mr. Barnes explained, it is intended as a relief to the producers in those sections as the grain corporation cannot purchase its practice of raising the price of \$2 blanket minimum price for all the wheat at intermountain points, but will be obliged to confine itself to paying \$2 at Pocatello, Great Falls, Salt Lake City, leaving the rest of the western territory to base on the commercial market most readily reached by it. To assure a larger flow of wheat to the gulf ports, Mr. Barnes said he had decided to seek an executive order increasing the number 1 base price at Galveston and New Orleans from \$2.25 to \$2.30 per bushel. He predicted this change would become effective July 1.

VILLA GOT GOOD PRICE FOR SKINS

Uavs Two to American for Sum of \$21,000 Ransom He Demanded of Captives.

EL PASO, Texas (P)—Deer skins at \$10,500 a hide is the top price for these souvenirs of the hunt. Yet that was what an American man claimed to have paid for two he has in his possession. He was captured by Francisco Villa and ransomed for \$21,000 in currency and merchandise. When he was liberated near the border Villa presented him with the two deer hides he had obtained from a killed by himself the same morning, saying these were in return for the ransom money paid.

FOCH SENDS ULTIMATUM TO GERMAN GOVERNMENT

Demands That Polish Troops Shall Be Allowed to Pass Over Teutonic Territory.

COBLENZ, (P)—An ultimatum demanding the immediate continuation of the movement of Polish troops across Germany has been sent to the German government by Marshal Foch, according to dispatches received here from Paris.

Orders were issued at Berlin several days ago to hold up the Polish troop trains. One was held at Coblenz, another at Treves, two at Ems and eight in the interior of Germany. The transfer of Polish troops from France to Poland began about six weeks ago and was due to be completed on June 17.

A Berlin dispatch received on Friday night stated that Matthias Erbsberger, chairman of the German armistice commission at Spa, had written General Dupont, chief of the French mission in Berlin, declaring that Poland intended to distribute two divisions of General Haller's troops along the frontier. It was said that Erbsberger had protested that this was opposed to the terms of the armistice and that unless Poland abandoned her purpose Germany would withdraw its troops and the movement of the Polish army across Germany.

WINNIPEG LOCAL MEMBERSHIP IS STILL AT WORK

Railway Brotherhoods Repudiate Action Calling Strike; New Compromise Plan Being Worked Out.

WINNIPEG (P)—Although local service was somewhat impaired, transcontinental railroad traffic was not affected last night or early today by the action of local firemen and timber workers in joining the sympathetic strike of Winnipeg labor unions.

Because the railway brotherhoods repudiated the strike action of the locals, a majority of the Winnipeg railroad men decided tonight to wait until today before deciding whether to act in defiance of the orders from their union chiefs.

But Few Quit
First reports received today indicated that a few of the union men employed by the three railroads quit work last night but that the majority of the men who walked out, believing the strike was on or whether they acted with full knowledge of the opposition from the brotherhoods.

It was announced this morning that brotherhood executives have conferred with Senator Gideon Robertson, federal minister of labor. Matters discussed at the conference were not made public. It is understood, however, that the brotherhood officers are interested in the new conciliation movement which was begun after a revised plan for strike settlement was suggested by some leading Winnipeg employers.

Powdered Eggs
China is one of the principal sources of dried and powdered eggs. Manufacturers of prepared products in this country are said to be interested in the possibilities of dried and powdered eggs, especially in view of the increased use of such products in ready-mixed soups and in bakeries.

New mid-month records for June are now here. Come in and hear them. Krull Music Co.

BORDER SERVICE IS ATTRACTIVE

Many Join Army for Service Along Frontier of the Southern Neighbor.

MARFA, Tex. (P)—Mexican border service is attractive to young Americans who like to ride, shoot and live in the open. To prove that the lure of being "riders of the purple sage" is strong for his men, Col. George T. Langhorne, commanding the Big Bend district of Texas, quotes figures to show that 407 of his men had re-enlisted since the recruiting order was issued in an effort to retain border veterans in the cavalry service. During the first month the recruiting order was in effect 350 men re-enlisted and the total enlistments for a second or third tour of duty in the Big Bend are more than 18 per cent of the total strength of the border troops in this district.

On the outpost at Buidoso, miles from the nearest habitation, 90 per cent of Troop M, Eighth cavalry, re-enlisted. The machine gun troop showed the highest percentage in its re-enlistments. Troop I was a close second with 28 re-enlistments. Colonel Langhorne considers the showing of his recruiting campaign all the more remarkable from the fact that the district command has been stationed in the Big Bend district, away from a large city, almost two years. This, he says, explains the eagerness for re-enlistment on the part of the men. The morale is higher and the spirit of regimental loyalty more intense because the men are thrown together in the wilds, are not distracted from their military duties by the attractions of a large city nearby and come in closer and more personal contact with the officers commanding them. This explains why the men volunteered almost as a unit to remain in the Big Bend rather than transfer to Fort Bliss, Colonel Langhorne added.

POSTPONES OPENING BIDS

Highway District Looks for More Proposals on Road Building Contract.

The Twin Falls highway district has postponed until Saturday next the opening of bids on the construction of about twelve miles of road east and north of Holieter, which is the first contract to be let by the district in pursuance of its road building program for which \$1,000,000 worth of bonds was recently voted and sold. On Saturday last, the time set for opening bids on this work, the proposal of only one contractor had been received. It is believed that at least two or three others will submit bids on the later date.

METHODIST CENTENARY PROGRAM IS COMPLETE

Great Trombone Concert Will Be Feature of Affair in Columbus, O.

COLUMBUS, O. (P)—A choir of 100 trombones, said to be the largest ever organized, will be a feature of the Methodist Centenary celebration here, June 20 to July 17, which will mark the close of 100 years of missionary work by the Methodist Episcopal church. Alto and tenor were the principal trombones used by the choir which has been rehearsing for weeks. To give the complete voicing necessary, soprano and bass trombones had to be produced in large numbers and those accustomed to playing the more common trombones had to acquire a new technique. The soprano trombone, in particular, had not been used in concert in more than 100 years, according to H. R. Dickson, organizing secretary.

Simple Program

Special scores had to be prepared for the simplest church hymns and for the greatest choruses of sacred and semi-sacred music. Besides the trombone choir, there will be a \$50,000 pipe organ, a mixed chorus of 1500 voices, a chorus of 500 negro singers a group of trained oratorical singers and a band from the famous Baldwin studios. A fabric building and private homes will be used to accommodate the 200,000 to 300,000 visitors expected at the celebration which, directors say, will be the biggest church meeting ever held. The State School for the Blind, the State School for the Deaf, and the former army barracks on the Ohio State university campus will be used to house the delegates. Forty thousand rooms in private homes have been listed.

Use Former Saloons

Hundreds of delegates will eat their meals in former saloons which went out of business when Ohio became dry May 27 and which have been converted into restaurants to accommodate the visitors.

Chill Peppers

From data gathered from the various consular districts it is revealed that the growing of chill peppers is confined principally to the states of New Mexico, Arizona, California, San Luis Potosi and Lower California, and the district around San Martin, in the state of Puebla. This latter district is found to be in normal times one of the most important for the cultivation of this pepper for export, the possibility for the crop being very extensive.

ATHLETIC CONTEST IS NOVELTY WITH CIRCUS

England's Champion Middleweight Wrestler, Lately Discharged from Service, to Meet All Comers.

One of the many novelties to be seen when the Great Sanger circus appears in Twin Falls, Thursday, June 19, will be an athletic contest staged by Eddie Lewis, the champion middleweight wrestler of England. Lewis was but recently discharged from the British army where he served four years. He became the champion middleweight wrestler of England when but 21 years of age. He is making a short tour with the circus meeting all comers in a catch-as-catch can wrestling match, preparatory to meeting some of the champions of this country. There will be two performances here of the Great Sanger circus at 8 and 8 p. m., the doors opening an hour earlier.

Liberty Demands Full Loyalty. We honor Liberty in name and form. We set up her statues and sound her praises. But we have not yet fully trusted her. And with our growth, so grow her demands. She will have no half service.—Lord Macaulay.

MEXICO BETTER DECLARE EXILES

Noted Mexican Statesmen of Diaz Regime See New Hope for Country to South.

LOS ANGELES, Cal., (AP)—Enrique C. Creel, twice Mexican ambassador to the United States, minister of foreign affairs in the cabinet of Porfirio Diaz and for many years governor of the Mexican state of Chihuahua, now living in exile in Los Angeles, has just divulged for the first time how the Carranza government has returned to him and his family securities valued at more than \$1,000,000, and other valuable property. He told, also, his belief that conditions in Mexico are rapidly improving.

The securities, hidden in two large boxes since 1914, have been restored to his sons, Edward, Henry and Salvador, who, under the name of Creel Brothers conducted a banking establishment in the City of Mexico. The former Mexican ambassador has been returned his family home in the Mexican capital.

"As yet," said Senor Creel, "my estates have not been returned to me, but as conditions in Mexico are steadily improving, I believe they soon will be."

Has Immense Estates.

His estates include thousands of acres in Chihuahua now in control of the Mexican government, as are 12,000,000 acres which were the property of his father-in-law, the late Gen. Luis Terrazas, who died an exile in Texas last March, and who during the Diaz regime, was known as the wealthiest man in the southern republic.

"When the first revolution came in 1914," recalled Senor Creel, "my sons packed away in two large boxes securities owned by clients of Creel brothers and valued at more than \$1,000,000, together with valuable papers of my own. The boxes were placed for safekeeping in a vault at the Banco Central Mexicano, in Mexico City.

Hold Over Four Years.

"The forces which captured the city found them, seized them and took them to the capitol where they have been lying for more than four years. In that period, the government has been making an investigation to learn if Creel brothers had been involved in political machinations against. Recently the official report that the establishment had been guilty of no political activities was made and the government directed the return of the securities and of my residence in the capital.

"As my sons now are living in the United States, the boxes were returned to their attorney, Francisco C. Terrazas, in Mexico City, who has distributed them to clients of Creel brothers. Nothing was missing."

Better Day Dawning.

Senor Creel, now 72 years old, short, with gray mustache is living here in semi-seclusion. "Since he left his native country nearly five years ago he has not returned, but through his correspondence with friends in Mexico he has become convinced that 'a better day is dawning them.'"

Carrillo Is Convinced.

This view is held also by Adolfo Carrillo, formerly Mexican consul here, who has just returned from Mexico City, where he had a conference with President Carranza.

"Business is booming in the Mexican capital," declared Senor Carrillo. "There is plenty of money. One sees only gold and silver. Laborers are now paid \$2.50 a day, as compared with \$1 a day several years ago."

"President Carranza told me he welcomes Americans and American capital but that he does not believe anyone should have a monopoly in any business."

Conditions Normal Says Zertuche.

Jose Garza Zertuche, recently appointed Mexican consul here who holds the same conditions in Mexico are rapidly returning to normal. He said he did not take seriously the recent proclamation by Villa forces of Gen. Felipe Angeles as provisional president of Mexico, and of Francisco Villa, as secretary of war.

TRANSCONTINENTAL AUTO TRAIN JULY 7

Starts from Washington for Trip Across Country to San Francisco.

WASHINGTON, (AP)—Plans were completed today by the motor transport corps for the first transcontinental trip of an army motor truck train. It will start from Washington, July 7 and end at San Francisco 47 to 60 days later. Before the machines get away President Wilson is expected to dedicate a milestone in front of the White House to represent the starting points for highways radiating out of Washington.

Part of the route has not yet been completely worked out but as far as the truck train will follow the Lincoln highway.

Stains of Photos After Fixing.

The brown or yellow stains which are sometimes found on photographic prints after being taken out of the fixing bath can be prevented by mixing a tablespoonful of vinegar in the water in which the prints are washed after being developed.

Goat Cheese Popular.

The people of Norway have for many years shown a success of the goat as a milk producer and money maker. One of the Norwegian farmers' principal pursuits is goat cheese making, and the popularity of this table delicacy is evidenced by the fact that Americans have been trying hard to "copy" it, with little success.—Exchange.

THREE HUNDRED TRAINS WILL GO TO TOLEDO

Many Specials Scheduled; Willard Takes Wind Out of Sailor Bill's Sails.

TOLEDO, (AP)—No less than three hundred special trains will be run to Toledo for the heavy weight championship contest between Jack Dempsey and Jess Willard on July 4, Tom Hickard, promoter of the contest, said today.

Willard announced today that he expects to weigh within two or three pounds of what he scaled when he won

the championship from Jack Johnson in Havana in 1915. Willard tipped the scales at 249 1/2 pounds then and he was only two and a half pounds above that figure when he finished his workout yesterday.

If the cut over Dempsey's damaged eye is sufficiently healed, the challenge will be allowed to resume boxing tomorrow.

Sailor Bill Ketchell, the young heavy weight, who joined Willard's staff of sparring partners yesterday, is on his way back to New York today. Willard sunk a left hook into Ketchell's mid-section and he allowed that he had enough.

Portuguese Vine Men Are Going to Mexico

MEXICO CITY, (AP)—Officials here have been advised by the Mexican consulate in San Francisco, Cal., that numerous Portuguese residents of the United States, especially those in California, are seeking admission to Mexico where they hope to find work. The Portuguese are skilled in vine culture and in the manufacture of wines and other beverages but demand for their services will cease when prohibition goes into effect in the United States.

Officials here point out that at the present time there are more than 50,000 Portuguese in the United States and that it proposed to plant colonies in the states of Durango, Sinaloa and Nayarit.

BRILLIANT PLAYER

HE MILES WELCH

Miles Welch, who plays the leading role in support of Vivian Martin in her latest Paramount picture, "Jane Goes a-Wooing," which will be displayed at the Idaho theatre Monday and Tuesday came to the part of acting via college theatricals. At Yale and Columbia universities, Mr. Welch devoted a great deal of his time to acting and soon determined to adopt theatrical work as a profession.

He spent three years with a stock company. Then he went to the pictures and soon became a leading man of promise, playing opposite such stars as Mae Marsh and Norma Talmadge.

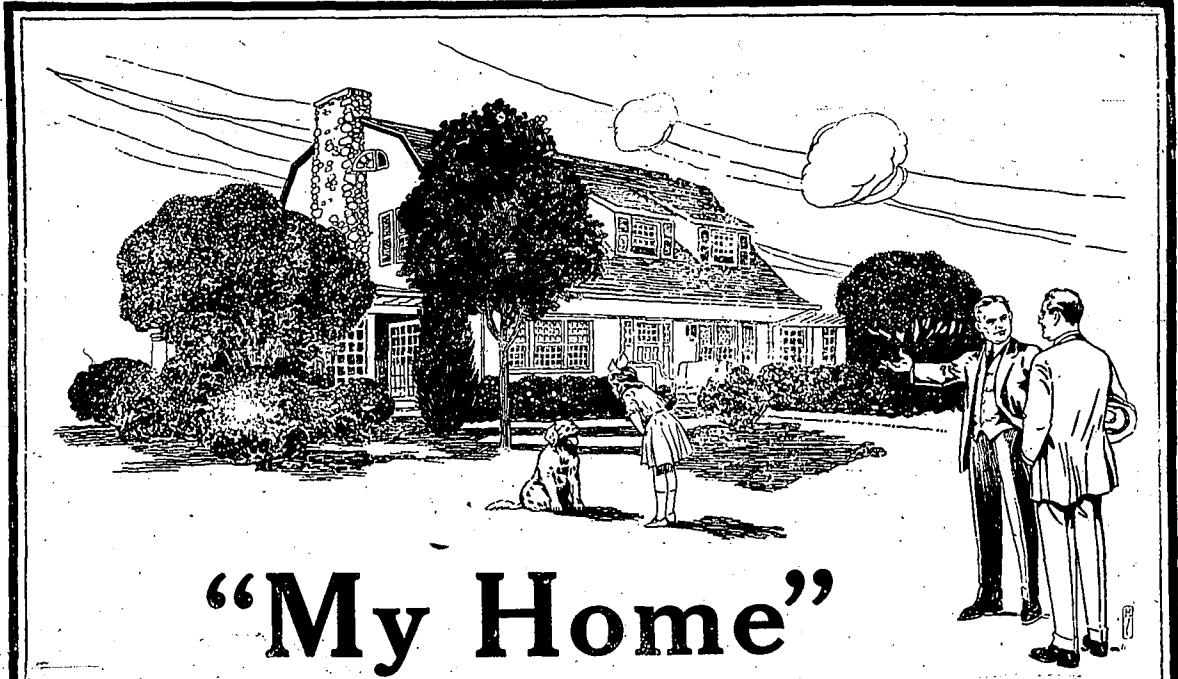

Recently Mr. Welch joined the Paramount forces and will be seen hereafter in support of Paramount stars. His

acting in support of Vivian Martin is of the same high standard that has made him known as one of the cleverest young actors on the screen recently.

Bactericides.

Most fruit juices, through their acids, were found in Japanese experiments to destroy the bacillus of typhoid and other bacteria; but sugars and starches, even in the strongest solutions, had no antiseptic effect. The strongest bactericide of the vegetable acids proved to be tannic acid, which was followed in order by citric, tartaric and malic. Imitation "lemons," prepared with various acids, especially with hydrochloric acid, had considerable bactericidal action.

"My Home"

He's pretty proud, that friend of yours, as he shows you through his new home and about the grounds, isn't he?

He takes you through every room and shows you each corner and nook and cranny. Asks if that cozy den of his isn't a "dandy" and if the wife's sewing room isn't "pretty fine." Shows you the kiddies' playroom and tells you its "the best thing in the world to keep the youngsters off the streets."

He explains that the entire house was built exactly as he and his wife had planned it—that the designing and decorating were done according to their own tastes and the rooms laid out to meet their own wishes and requirements.

He takes you about the grounds and shows you the fenced-in yard where the little ones can play to their heart's content. He tells you to sniff the roses in his wife's little flower garden and proudly exhibits a few feet of garden plot where he has planted some of their favorite vegetables.

He's pretty happy, isn't he? And his voice just rings with the pride of ownership as he smiles on it all and says, "My Home!" And then you realize as never before what the poet meant when he wrote the words, "Home, Sweet Home."

And as you turn to go back to your rented house you're a little envious of your friend, aren't you, and just a bit ashamed of your own inactivity?

There is no reason in all the world why you can't have a home of your own—a home built as you've always dreamed a home should be—a home you've planned and designed and decorated—which is exactly in accordance with the wishes and needs of your family.

Do you know that it does not cost any more to build than to rent? Practically—the same amount of money you pay out each month for rent—or even less—will build you a home and entirely pay for it. Where is the sense in paying for the privilege of living in a home when you could just as easily own that home?

Build now! Nothing is to be gained by waiting. Authorities concede that building costs today are somewhat above normal, but they also state that costs cannot be lower until some future time as yet unforeseen. As against this, rents are higher today than ever before, so you are actually losing money every day you delay.

For any information you may desire on any subject pertaining to locations, plans, materials, finishings, furnishings, equipments, costs, information concerning architects, contractors, etc.—call at the Building Information Office. Not a thing to sell but a great deal to give away!

ment of the case at this time. Secretary Wilson stated that the judge and jury which convicted and sentenced Mooney seemed to have acted honestly. Many observers have urged that it might be well to try Mooney for murder on account of the death of another of those who were killed by the explosion, and if he should be acquitted, then pardon him on the count on which he was found guilty, since the evidence would be the same in all these cases growing out of the same explosion. Unquestionably should the Labor Department find more evidence bearing on the case as a result of its present investigation, it will bring strong pressure to bear to have something of this sort done.

Tracing further light from a reasonably impartial source, it would be the height of folly for the laborers to strike for an outright pardon. Such a strike, it has been pointed out would break every labor contract in the country and present a problem of reconstruction of the greatest magnitude.

WILLIE MARTIN'S GREAT SPEECH

There are comparatively few men in this country or any other who have the ability of the clear and profound thinker combined with that of eloquent and effective speech to so great degree as the Rev. Willie Martin of Boise, whose address on Saturday literally held his audience spell-bound—and that the audience was not a larger one was a sad loss to all who might have been there and were not.

His apostrophe to the American flag and enumeration of the things for which it stands, illustrated by observations and experiences in France and elsewhere, was not only beautiful, but practically patriotic. It stood, he said, for a revaluation of human life—the most precious thing in the world, while dollars are the cheapest. It stood for equal opportunity, regardless of rank or station. It stood for the elevation and protection of humanity—not for the protection of humanity—not for mankind and idealistic new internationalism.

He was, he said, a nationalist first; and thought any one who tried to spread his loyalty over all the world gave evidence of a lack either in morality or morality. The flag stood, he said, for the ability to seize opportunity into achievement—citing the physical wonders accomplished in docks, railways and warehouses and other preparations to care for two million men in France—'and in six months than we could have done in six years,' the French engineer said it was, in every way a great address, and the hear that he spoke passed un-noticed.

JUAREZ FEDERALS GET SUPPLIES FROM EL PASO

Vast Stores of Ammunition Ready for Use Against Forces of Villa.

JUAREZ, (AP)—Had the battle between Villa and Carranza forces for possession of Juarez continued another day the federals would have suffered no shortage of ammunition, it became known today. Arrangements had been made to cross 140,000 rounds of ammunition from the American side and 200,000 rounds were crossed yesterday. The remaining ammunition are here and will probably be used in the combined campaign against Villa.

The Roaming Bee. According to a scientist if a bee finds a suitable patch of flowers by following a zigzag course it will seek it again by the same devious route, and not in a straight line from the nest. Certain bees coming to visit a bull-thistle always come over the wall 25 yards to one side instead of directly opposite.

Pugnacious Fish. In Slum there are small fresh-water fish so pugnacious that when two of them are placed near each other they begin coming to fight. When the fish is quiet his color is blue but when excited it is of a brilliant brilliance.

Seawater Note. Eph Tritopus, prominent Ivory stabler, has got a new pair of glasses, as he expects to attend the "Fallies" up to Indianapolis tonight. Eph had quite a time deciding whether to get eye glasses or nose glasses. "Henn-ton Bangle" Correspondence in Indianapolis Star.

Italy's Votive Candles. In Italy the distinctive votive candle is made by hand. The material is pure beeswax, which is kneaded and tempered and mixed with a secret ingredient to retard combustion. Special Egyptian cotton is used for the wicks. The cotton, too, is treated with chemicals to keep it from feeding too fast.

AMERICAN CAVALRY PURSUING FLEEING BANDITS

(Continued from page one)

Mr. Baker issued this formal statement: "There is no possibility of a misunderstanding between the republics of Mexico and the United States with regard to the protection of life on the American side. In many instances, previously, it has been necessary for the American forces very briefly to cross the border to disperse bandit forces. The sole purpose of the American soldiers is to protect life on the American side."

Retreat South. JUAREZ, Mex., (AP)—Villa troops, driven from Juarez early today by United States infantrymen, set across the border just before midnight to stop firing into Juarez by Mexican rebels, were reported this morning in flight to the southeast of Juarez, headed toward Guadalupe, opposite Fabens, Texas, 32 miles from here. United States cavalry were reported to be in close pursuit.

Information as to the location of the rebel troops was brought here by a Carranza captain who had just been in contact with the Villa forces. Officers of the 24th infantry (colored), who were in contact with the rebels early today, confirmed this.

Resumed Command. Major General Felix Gonzales returned to Juarez from the southwest early today and resumed command of the federal troops remaining after American soldiers entered. Upon the occupation of Juarez by the Americans, General Gonzales withdrew in the direction of Samalayuta to prevent any clashes between the American and Mexican government troops because of mistaken identity or purpose.

General Gonzales was assured by Lieutenant Cox, aide de camp to General Erwin, that he would be given every consideration and was handed a sealed communication from Brigadier General Erwin believed to express the same sentiment. After the visit of Lieut. Cox and after reading General Erwin's letter General Gonzales announced he would remain at Hidalgo and asked permission to go to different parts of the town now under control of the American troops. He also asked that his officers and men who had been temporarily detained at the United States immigration station be released. This was ordered done.

Up to Carranza. "This is a matter for my superior officers and for my president to consider," General Gonzales said at Port Hidalgo. "I am not in position to impose my own views upon the situation although I did not, and do not yet think the crossing of the American forces was necessary for the defeat of the Villa forces as my forces defended the town most bravely."

Up to Carranza. The number of Villa rebels killed during the engagement was placed at 200 by the federals while 70 were wounded, they said. They said they had no estimate of their own losses. The American troops, mostly 24th infantrymen, guard the American approaches to the international bridge today while diminutive Mexican soldiers stand guard at the Mexican end of the bridge. The Chinese and Mexican refugees who were detained at the United States immigration station during the night were released and permitted to re-travel to Juarez where everything was quiet. Customs inspection was suspended at the Mexican end of the bridge.

"This Ice Cream is Fine," sez She. "You Bet it is," sez He.

SPEED

Railroads run 70 miles an hour; Aeroplanes fly 100 miles an hour; Automobiles run 120 miles an hour; Everywhere speed is the keynote of activity.

Twin Falls is no exception to this rule; The pressing of a switch floods your house with light; The lifting of the telephone receiver places you in communication with thousands of people—and among these is numbered the Twin Falls Steam Laundry. Speed is one of its essential features—an auto calls for your laundry—skillful hands deftly handle it, transferring it from vats of soap water into tubs of clearest rinsing water. It is dried with professional care—pressed with home-like thoroughness. Each step in the process of restoring absolute cleanliness is one of speed—so great is it that your laundry may be returned in 48 hours if you desire—do you?

BATTING RALLY IN NINTH WINS FOR TWIN FALLS

Local Players Stage Vigorous Comeback and Snatch Game Out of the Hands of Visiting West Enders.

Table with columns: Southern Idaho League, Won, Lost, Pct. Rows for Burley, Rupert, Twin Falls, Ellier, Paul, Buhl.

A batting rally staged in the ninth inning putting across five runs for the Twin Falls team and snatched victory from the hands of the Buhl club in a hard fought league ball game played here Sunday.

Singleton started things for the locals in the ninth after Demman was out on a foul tip caught by Simpson. Singleton singled; Thompson struck a three bagger. Watson singled and stole second. Boll struck out. Hanak connected for a two-sacker. Neuman went to first on an error assessed against Oliver, stole second and scored on Carson's single followed by an error on the part of the Hubble. Whitzel walked. Demman came to bat again and made the third out on a foul tip that fell into W. Charlton's glove.

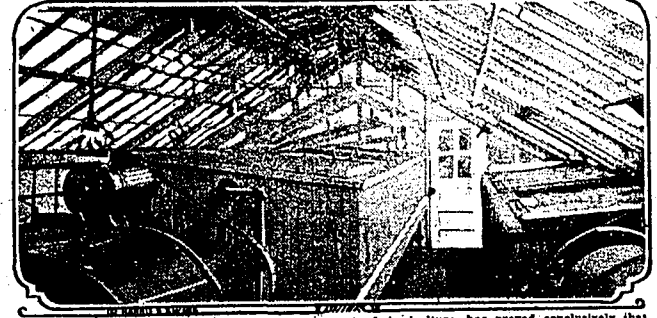

Twin Falls introduced two pitchers and three catchers during the play while Pecht began and ended the game with Pecht on the mound and Simpson as backstop. Walcott got the hook after he had served three Buhl batters, being hit by two of them and hitting the second man up with a pitched ball. Carson went in and finished the game. Griffith hurt his hand in the second inning but stayed in the game while two more Buhl batters came to the plate. Twin Falls fans set up a cheer when Patton went in to relieve him until the fifth, when Hanak was in.

Table with columns: A. B. R. H. P. O. A. E. Rows for Whitzel, Thompson, Demman, Watson, Singleton, Bell, Griffith, Neuman, Walcott, Carson, Patton, Hanak, and Totals.

Score by innings: Twin Falls: 0 1 0 0 1 0 5-8; Buhl: 2 1 3 1 2 1 1-16.

MARRIAGE LICENSES: Marriage licenses were issued Saturday in Twin Falls to the following: James O. Humphrey, Denver, Colo., and Doris Irene Harvisty, Buhl, Ida.

Giving Plant Life Its Winter in July

Dr. Frederick W. Coville, botanist in the Department of Agriculture, has proved conclusively that plant life must have its winters if it is to bear its fruits.

Local Brevities

Hogerson Needs Postmaster—An examination to be held here July 16 for the position of postmaster at Hogerson is announced by the civil service commission at the request of the postmaster general.

Mrs. Brown Leaves—Mrs. Caroline H. Brown, former county home demonstration agent, left Saturday evening for Spokane, where she will visit for some time at the home of her brother before determining her plans for the future.

Photographs Spud Cellar—E. R. Bennett, field horticulturist of the state university extension department, while here Saturday collecting data for a bulletin on the storage of spuds which will be issued by the department in the near future, secured photographs of a spud cellar on the H. E. Musser farm near Ellier, for use in the publication.

Bandman Returns—Theodore Hollerman, a member of the 148th field artillery regimental band, dismissed from the military service on application of his mother following the death of his father, returned Thursday to Twin Falls.

MARTIN SCORES INTERNATIONAL SENTIMENTALISM

Fighting Boise Preacher Delivers Telling Strokes Against Influence That Would Undermine Americanism. Maulin internationalism finds no friend in Rev. Willis Martin, pastor of the First Methodist Episcopal church of Boise and former chaplain of the Second Idaho regiment, who addressed the audience assembled Saturday afternoon in the Elks hall at Flag day exercises.

The speaker illustrated his point with the statement that the man who avows affection in equal measure toward all women must occasion suspicion either as to his mentality or his morality, or both. Critics of the sentiment, "My country, right or wrong," should remember the speaker said, that the nation never needs loyalty more than when it is wrong to help set it right.

Veterans Take Part: Quarantine services were conducted by the officers of the lodge, Capt. C. L. Longley, a veteran of the Civil war, gave the history of the flag, and Harry J. Benoit, a returned soldier of the world war, the Elks' Tribute to the Flag. Vocal solos were given by Mrs. O. P. Duval and by Miss Helene Allmendinger, Miss Nellie Teasdale playing the piano accompaniments. The exercises were closed with the singing of America by the entire audience.

She Knew a Way: A little girl in our neighborhood stumbled and fell, hurting her head quite badly. The hair had to be cut around the wound, and after telling her that her hair would not grow, when the hair was cut she said: "Chicago Tribune.

ROTARY VICTORY CONVENTION

Mardi Gras feature to advertise it as a convention city, while Atlantic City delegates promise a surprise something today in the form of about 20 electric propelled chairs which have made the famous board walk more famous, which, it is understood, will parade through the principal streets carrying some of Salt Lake's feminine beauties.

ATTACK WITH BOTTLE SEQUEL TO QUARREL

L. E. Taylor of Buhl is Prisoner Accused of Assaulting J. O. Barnetter Now in Hospital. As the sequel it is reported in a quartet last week over a crap game, L. E. Taylor, 17, is a prisoner in the county jail, and J. O. Barnetter is a patient in the local hospital suffering from a scalp wound said to have been inflicted by a blow dealt with a bottle Saturday night at Buhl by Taylor.

Word of Father's Death in Austria Is Long Delayed

Daughters Just Appried of Demise in 1918 of Former Twin Falls Man.

Word of the death of their father which occurred December 13, 1918 in Austria, has just been received by Miss Ella Hager and Mrs. Leo Streifus. Deceased was formerly a farmer residing in Twin Falls county. He left here in February, 1913, for a visit to his former home in Austria. His daughters had not heard from him for three years.

COMMITTEE SEEKS BEDS

Accommodations Are Needed for 20,000 Visitors During Round-Up.

Anticipating an attendance of at least 20,000 persons at the Elks' Round-up and patriotic celebration to be held in Twin Falls July 3, 4 and 5, the Roundup committee, with the endorsement of Mayor W. H. Eldridge, has issued circular letters calling upon citizens of Twin Falls to place every available bed at the disposal of the city's guests during that time. We will guarantee to send you as guests none but respectable people from surrounding towns. If you can't furnish a room and bed, can you fix a cot on the sleeping porch, lawn or garage? Please report that fact, and also your price for all beds as they expect to pay for the accommodation, to the committee says in its letter. Reports are to be made to Merlin Batley, secretary of the committee.

HOLLISTER

(Special to The News) HOLLISTER—Miss Minnie Peterson left Saturday for Albion where she will attend normal during the summer term. Leo McCracken was a passenger to Twin Falls Saturday to spend the week end at home. Professor H. M.B. roadhead of Berkeley arrived in town Wednesday and spent the remainder of the week visiting friends. Miss Gertrude Ritchie of Twin Falls is spending a few days visiting at the home of her cousin, Miss Helen Mort. K. W. Jones and daughter, Rose, left Saturday for Los Angeles, California, where they will remain for some time for the benefit of the former's health. Dr. Dean of Twin Falls was in town Friday on business. The Children's Day program given at the church Sunday morning was well attended and enjoyed by every one present. J. G. Schwing returned Sunday from California and has resumed his duties at the O. B. L. depot. Notice has been received that the Ellison-White Chautauque will be here for an entertainment beginning July 25th, running five days. The Eastern Star chapter Friday evening held a meeting at the Masonic hall at which the grand nation presided. J. W. Bouton's nephew of Salt Lake arrived Sunday and will spend the summer vacation with Mr. Bouton on the ranch. Mrs. S. E. Leese, Mrs. J. W. Bouton, Mrs. J. Duder, Mrs. G. M. Hall and Miss Gladys Palmer were among those who represented the Hollister chapter of the Eastern Star at the convention at Twin Falls. Mr. and Mrs. F. P. Bates, Mr. and Mrs. W. C. Hiff and Jennie Dudley visited at the Art Anderson home at Elber Sunday.

ANTIQUE DEALERS MADE FORTUNES OUT OF WAR

People Grew Rich Suddenly and Spent Money Freely at Auction Rooms.

LONDON. (Correspondence of the Associated Press).—The enormous fortunes made in England during the war are responsible for record breaking prices which sellers of antiques of every kind are realizing in London auction rooms...

Artistic furniture is in even more demand. Six Chippendale Gothic chairs recently sold at a country sale for \$5125, in spite of the fact that many artists are copying this particular design with marked success...

If there were a better service than the ASSOCIATED PRESS, The News would have it.

If for one moment the public verdict as to the superiority of ASSOCIATED PRESS news over all other forms of telegraphed news service, should seem to even waver, The News and the other Associated Press newspapers over the country would be the first to find it out.

There is but one ASSOCIATED PRESS, and The News is proud of its membership therein.

A newspaper does not merely "order" ASSOCIATED PRESS service—ASSOCIATED PRESS service is not sold to the highest bidder or indiscriminately to newspapers generally. The ASSOCIATED PRESS is an ASSOCIATION of newspaper publishers, and to this ASSOCIATION belong the leading publishers of America.

The membership of The Twin Falls News is one of the things which stamps The News with the hall-mark of success. The possession of Associated Press service may be regarded as a credit to The News and to the whole Twin Falls country, and—be it remembered—The News is the only afternoon newspaper in Idaho which gives to its readers the full leased wire day report of the ASSOCIATED PRESS.

There are plenty of news services, but only one ASSOCIATED PRESS.

BUHL MAN HELD AS ASSAILANT

A. J. Godsey is Accused of Stabbing Noah Pruett.

A. J. Godsey, 36, a laborer, arrested Saturday night at Buhl by Deputy Sheriff E. R. Sherman and Marshal J. F. Baymiller, is a prisoner in the county jail as a result of an attack alleged to have been made by him with a knife upon Noah Pruett...

STRIKE LEADERS PLEASED WITH LATEST BULLING

(Continued from page one) situation as it bears upon that organization. The federation will be asked what steps may be expected from the organization if the strike continues.

Out in Denver DENVER, Colo., (P)—In default of receipt of instructions to the contrary, members of the Denver local union of the International Brotherhood of Electrical Workers went out on strike this morning in response to the issue called last week.

ST. LOUIS, (P)—A strike of telephone operators and other electrical workers which went into effect here at 7 a. m. today had completely tied up service of the Kinloch Telephone company and crippled service of the Southwestern Bell company several hours later.

San Francisco Strikes SAN FRANCISCO, (P)—Operators,

linemen and electrical workers employed by the Southern California Telephone company in Los Angeles, Long Beach, Santa Anna, Riverside and San Bernardino were the only telephone workers along the Pacific coast to strike today according to R. E. Swain, president of the Pacific coast council, International Brotherhood of Electrical Workers.

LOB ANGELES, Cal. (P)—Linemen and switchboard men members of the International Brotherhood of Electrical Workers left their work in the plants of the Southern California Telephone company here today at 8 o'clock, according to their officers. Telephone company officials declined to discuss the situation until they had completed a check of the remaining force.

SPRINGFIELD, Ill. (P)—The strike of electrical workers on the Pacific coast today despite the fact that the general strike order has been cancelled is due to a lack of communication of the cancellation order, according to Charles P. Ford, secretary of the International Brotherhood of Electrical Workers. Mr. Ford declared that messages calling off the strike were sent out yesterday and that official orders to that effect would go out today. He added that in cases where local managers refused to obey the order of Postmaster General Eitzen in which the workers' demands were granted strikers would result.

ENGLISH CELEBRATE FLIGHT OF AVIATORS

(Continued from page one)

distributed cigarettes as souvenirs, and gave away the small dog and cat which were mascots during the trip. The entire equipment was ransacked by the downpour during the journey.

Sun Only Once. Describing the trip the aviators said they had a very trying ordeal, Captain Alcock saying that the sun came out only once when the plane had attained a height of 11,000 feet. Only three astronomical observations were possible during the voyage. The altitude of the machine varied from a few feet from the water up to 13,000 feet and the fliers never sighted a single ship.

The breaking away of the propeller generating current for the apparatus soon after the start prevented the men from communicating with the shore. When it happened, Lieutenant Brown noticed that the propeller had carried with it one of the stay wires, but he did not tell Captain Alcock until he landed at Gliffen.

Unable to sleep. After breakfast today Lieutenant Brown went to bed, while Captain Alcock inspected the machine. The lieutenant, however, was unable to sleep and soon got up. By noon both were looking perfectly well and willingly distributed autographs to admirers.

The arrival Sunday evening in New York of the 146th field artillery regiment, including the Twin Falls, Nampa, Sandpoint and Coeur d'Alene units of the Second Idaho regiment, is announced in a special telegram received here last night and this morning. Twin Falls will share in the expense of a reception, for the home coming parade in the afternoon, and the night-long tour of the city, dinner and theatre. This is pledged by City Clerk W. A. Minnie, acting in the absence of Mayor W. H. Ellbridge, to the following telegram received from Representative Addison T. Smith: "About 600 Idaho troops arrived last evening. A committee headed by Governor Davis representing the people of our state, is planning a reception, and sight-seeing tour of the city, dinner and theatre. Will Twin Falls have a proportionate share of the expense?"
