

AMERICA WILL MAKE MEXICO BEHAVE WELL

Powerful Force Will Move Across Rio Grande Should Villa Attempt Reprisals for Juarez Incident.

WASHINGTON, (AP)—Recent developments along the southern border and within Mexico itself, it was learned officially today, has brought a radical change in the attitude of this government towards Mexico. It can be stated on positive authority that "wretched beggars" has been discarded for "wretched provocateurs."

The war department has perfected plans to throw a punitive expedition of adequate strength across the Rio Grande the moment official word is received of reprisals on the part of Villa for the Juarez incident, or in case of other contingencies tending to bring the Mexican situation again to a stage approaching the crisis of last Sunday. Orders for the advance of this column, however, it was said, would be accompanied by instructions for the military occupation of territory necessary to insure the safety of the expedition and absolute protection of the border through the creation of a neutral zone south of the line.

Depends on Circumstances.

Further movement of the expedition would depend entirely on subsequent developments.

Military observers here place little credence in the reports that Villa has abandoned his offensive to the north. Economic as well as military matters, it was pointed out, call for the elimination of the Carranza garrisons now stationed on the flanks of the territory Villa now controls and for possession of a principal frontier entry port which would give the rebel chieftain fresh avenues of war in the shape of customs duties and equipment.

Although three federal generals now are operating against Villa in northern Mexico, confidential reports to the war department are not optimistic regarding the success of the Carranzista campaign there while the withdrawal of badly needed troops from the south, it is expected will be followed by fresh incursions of the Felixian—already at the very gates of the capital. The Carranza military establishment according to official reports still now actually includes less than 40 per cent of its paper strength of 160,000 and its military value is decreased by the doubtful loyalty of some of its units and the fact that hundreds of recruits were forcibly conscripted.

Angels is Able.

Angelo, a Villista general, is characterized in official circles here as undoubtedly the most skillful military leader south of the Rio Grande. The Villistas are conservatively estimated to number ten thousand equipped with fairly modern arms including cannon up to 100 millimeter. It is said to be bending every effort to secure the direct support of the United States. This, according to officials here, accounts for the ease with which the Juarez incident was closed.

Erwin Declines to Discuss.

EL PASO, Texas, (AP)—"I decline to have any communication whatsoever with you or your principal," Brig. Gen. James B. Erwin replied to the communication received from General Felipe Angeles, commanding revolutionary forces in Mexico, regarding the reason "American troops crossed the border last Sunday night."

A courier from General Angeles' camp near Samalayuca, 30 miles south of the border who arrived here last night today denied the communication to General Erwin. It was signed by General Angeles and bore the seal of Villa's revolutionary government.

The reply was transmitted to General Angeles by the courier who left immediately for the revolutionary headquarters.

"There is but one government in Mexico recognized by the United States of America and it appears that you or your principal are in no way connected with or claim to be connected with that government which is recognized by the United States of America," General Erwin's reply read.

"I therefore decline to have any communication whatsoever with you or your principal on any subject related in any way to those governments."

Telegraphed to Cabell.

The contents of General Angeles' communication was telegraphed to Gen. DeBorja Cabell, commander of the southern department at San Antonio, by General Erwin, commander of the border district here, and was relayed to Washington from there.

General Erwin's reference to General Angeles' "principal" is assumed here to refer to Francisco Villa.

Employment Spoiled.

A Miss Erwin's mother had just bought her a bright red coat which she had never worn. There being a death in the family her mother dressed her and decided it not best to wear such a bright coat, so put on an old black one. As the child noticed she was being put to cry and said: "If I can't wear my new red coat I sure won't have a good time at the funeral."

African Idea of Beauty.

In Africa a crop of the blackest, curliest, closest hair imaginable adorns a girl the belle of the neighborhood. If she be plump, if she have eyes, thick like a nose like an India rubber shoe, and a skin that shines like a cooking store.

Real estate must be managed, advertised, and sold you a return on your investment.

NAVY COLLECTS DATA OF FLIGHT

Unique Features of Air Trip in Hands of the Navy Department of Nation.

NEW YORK, (AP)—One of the unique and interesting features of the navy's recent trans-Atlantic flight is the compilation for the historical archives of the navy department of a complete pictorial record of the flight, including drawings, sketches, photographs, motion pictures and oil paintings. This record will show the construction and trace the development of the NC type of planes in which the flight was made besides depicting actual scenes of the preparations for the flight and its progress across the ocean.

Navy photographers photographed every interesting phase of the preparations and the trial flights at Rockaway Beach. Later when the course had been selected, other photographers were sent to Halifax, N. S., Francisco, N. F., Ponta Delgada, Azores, Lisbon, Portugal, and Plymouth, England, where landing stations and bases had been established. Several thousand feet of motion picture film and several hundred photographs were taken at these stations and from these a careful selection will be made for the department's permanent pictorial record.

Makes Canvas Record

The task of making a pictorial record on canvas was entrusted to Lieutenant C. E. Futtan, U. S. N. R., of New York, who was designated by the navy department as the official artist for the flight. He was temporarily assigned to the U. S. S. Melville, which acted as a supply and repair ship for the seaplanes at Ponta Delgada. Lieutenant Futtan, who is a qualified pilot, brought to the work a long and valuable experience obtained in painting naval aviation pictures on the western front.

During the three weeks the Melville was stationed at Ponta Delgada Lieutenant Futtan made nearly a dozen sketches in oil illustrating the most interesting and exciting scenes of the flight. One sketch shows the arrival of the NC-4 at Ponta Delgada with the cheering crowds lining the beach and all ships in the harbor outlined in bursting and flags. Another shows the arrival of the damaged seaplane NC-3, which motored into port under her own power after being adrift for 53 hours.

Curiosities of the Calendar.

It will be found that January always begins on the same day of the week as October, and the same is true of April and July, September and December. Again February, March and November also begin on the same day of the week. This, however, is only true in years of 365 days.

TWELVE PRINCIPLES OF COMMERCE ARE ENDORSED

Vote Shows Only One of Chamber of Commerce Plans Is Lost.

WASHINGTON, (AP)—Twelve principles of industrial relations have been endorsed by American employers as represented in the membership of the United States Chamber of Commerce. A canvass of a referendum vote announced today about the proposal for a national employment system to have been the only article of thirteen which failed to receive the two-third majority.

Underlying the cardinal principle that "the public interest requires adjustment of industrial relations by peaceful methods," were those declaring "the right of workers to organize"; that "industrial harmony and prosperity will be most effectually promoted by adequate representation of the parties in interest"; and that industrial relations agreements should be "fairly and honestly observed." Other declarations approved were that wages should be "reduced only when the possibility of costs in all other directions has been exhausted; that every man is entitled to an opportunity to earn a living wage and that "wages should be adjusted with due regard to their purchasing power."

Fixing of a basic day as a "device for increasing compensation" was held to be a "subterfuge that should be condemned."

BEGGARS INFEST CHURCH STEPS

Descendants of Old Families of Mendicant Nobility Have Much Degenerated.

ROME, (Correspondence of the Associated Press).—The picturesque galaxy of beggars who had by a sort of hereditary succession occupied the flight of steps leading from the Piazza Spagna to the church of Trinita de' Monti on the Pincio, who have been from time to time the topic of authors like Dickens and Hawthorne and who, for lack of patronage during the war vacated the steps, are now taking up positions along the broad stone stairway again.

While the beggars are full-fledged descendants of their mendicant ancestors they are not nearly as picturesque. They come no more with their pretty brown velvets in breeches and short-waisted coats. They are not accoutred in the dress of the Italian operative peasant. They lack the striking qualities which color gives and they have abandoned the romance of the historic and ancient attire.

Have Poor Attire.

The new arrivals wear the apparel of a western charity school. Their linen is not clean, though their clothes are of modern, comparatively modern, models. They are not unlike American beggars in the dress of the Italian operative peasant. They are not accoutred in the dress of the Italian operative peasant. They lack the striking qualities which color gives and they have abandoned the romance of the historic and ancient attire.

Among them the artists can find many examples for their paintings of "Holy Families." Some begging mothers bring all their offspring with them as an additional evidence of their right of possession of the steps. The children play with each other, unconscious that their mission there is to attract the pity of the passing pedestrian. It would appear that the children were posing for a picture of "Domestic Happiness."

RESERVE BOARD ASKS RELIEF FOR BANKERS

Would Extend Right to National Institutions to Join Trade Promotion.

WASHINGTON, (AP)—Legislation to permit all national banks to become stockholders of corporations engaged in promoting foreign trade was recom-

ended to congress today by the federal reserve board.

An amendment to the federal reserve act will be suggested which will unlock perhaps \$100,000,000 of capital for financing the tremendous purchases which other nations desire to make in this country. By furnishing a basis for long-term credits to countries already heavily in debt to the United States, action by congress in accordance with the board's recommendations is expected to hasten a return to normal conditions in Europe and at the same time contribute materially to the continued prosperity of America.

All day discussion with the executive committee of the federal advisory council preceded the announcement. At present, national banks are limited by law in their ownership of stock in other enterprises. A bank must have at least \$1,000,000 in capital and in surplus in order to apply to the board for stock in a corporation engaged in international or foreign banking, and may not invest more than 10 per cent of its capital and surplus.

To fail to read the ads is to waste time and make mistakes.

ARGENTINE SATISFIED IN THE JUAREZ AFFAIR

Newspaper Indicates Sympathy for Position of the United States in Matter.

BUENOS AIRES, (AP)—The Mexican legation today published in all the Buenos Aires newspapers a statement regarding the crossing of the Mexican border by American troops June 15. The statement says that Francisco Villa, the rebel leader, attempted to provoke an international conflict by firing upon United States territory, inflicting casualties in El Paso, Texas. "United States troops then crossed the border, dispersed the Villistas and returned to United States soil the same day without coming into conflict with federal forces," the statement adds. "The Mexican government made representations to the government at Washington, obtaining explanations. The incident is considered closed."

TIME FOR CONCILIATION.

The national meeting of Rotarians at Salt Lake City acted wisely last evening in adopting a resolution pledging the organization to a policy of conciliation.

Such policy is especially timely, since the present is a crucial period in the relations of labor and capital.

The portents are favorable for a state of mind making for understanding. On one hand, the Chamber of Commerce of the United States by referendum vote has adopted by an immense majority a resolution opposing wage...

There is a movement in that picture that is going to thrill down the spinal column of the world.

"CONGRATULATIONS" (Signed) FANNIE HURST.

The refusal of the federation to request the pardon of all those convicted of violating the espionage laws and the statutes against sedition during the great war shows the proper American and patriotic spirit.

With such sentiments as are found in the resolutions of the Rotary clubs and the United States Chamber of Commerce on one hand, and the principles endorsed by the American Federation of Labor on the other, the problems confronting the country, grave and difficult as some of them undoubtedly are, will be found susceptible to solution.

PYTHIANS VOTE PENSION FUND FOR THE AGED

Authorize Setting Aside \$1500 from General Fund as Nucleus for Members' Relief Work.

Definite action in respect to the creation of an old age pension fund for the benefit of members of the order within the state was taken by the Idaho grand lodge, Knights of Pythias, at its concluding sessions Friday of its twenty-seventh annual convention when the delegates voted to take \$1,500 out of the general fund for this purpose and named a committee to devise a plan of administration of the fund to report at the next annual convention in Keelings.

The grand lodge also concurred in the recommendation of the supreme lodge that the age limit for new members be reduced from 21 to 18 years. This recommendation cannot be made effective until the convening of the supreme body two years hence.

Election of the junior supreme representative deferred until Friday resulted in the naming of Thomas B. Jones of Warbler, retiring grand chancellor.

Installation of the newly elected officers which was the closing order of business, was conducted by Charles E. Harris of Blackfoot, senior supreme representative.

Pythian Sisters Install

The Idaho grand temple, Pythian Sisters, concluded its convention here on Friday with the installation of newly elected officers conducted by Mrs. Nellie Higgins of Twin Falls, assisted by Mrs. Kate Dyer of Spirit Lake, and Mrs. Laura Edlin of Weiser. The installing officers were all past grand chiefs of the order.

MARRIAGE LICENSES

Marriage licenses were issued Friday in Twin Falls to the following: Andrew G. Hansen, 22, and Nora L. Lowe, 15, both of Twin Falls.

J. E. DeWitt returned last evening from Lava Hot Springs where he spent several days. Mrs. DeWitt and children expect to remain at the Springs for about two weeks.

Plan Rabbit Drive

Plans have been perfected for a big rabbit drive to start at 2 o'clock Sunday afternoon on the McDonnell ranch, two miles southeast of Hansen, just above the main canal. No guns or dogs will be allowed.

Building Dance Floor

Chas. D. Lyon Friday took out a municipal builders' permit for the construction of an open-air dance floor, 70x120 feet, just being completed at a cost of \$200 on five lots on Second avenue north between Second and Third streets.

Postpones Plans

J. Godsey of Buhl, when arraigned this morning in probate court on a charge of assault with a deadly weapon last Saturday upon Noah Pruett at Buhl, withheld his plea until Saturday when he expects to be represented by an attorney. Godsey is accused of stabbing Pruett with a pocket knife.

Resumes Practice

Dr. W. E. Aaron has opened offices on the second floor of the Moorman building opposite the hotel Perrine, and will resume the practice here of dentistry, after several weeks absence in California. Dr. Aaron is well known to Twin Falls people, having practiced his profession here for eight years.

Buhl Masons Entertain

About 50 of the officers and members of Twin Falls lodge, A. F. & A. M., were guests last evening of the Buhl lodge at which time the Master Mason degree was conferred by the officers of the local lodge on two candidates for membership in the Buhl lodge. Refreshments were served by the entertaining lodgemen.

Mounted Recruiters Here

Corp. T. J. Mann and Corp. P. K. Halls of the Salt Lake station, United States army recruiting service, toured the district on a motorcycle in the interests of securing enlistments, arrived here Thursday from Boise. They will remain in this county for one week, leaving at the expiration of that time for Pocatello and Idaho Falls.

Plans Trip Abroad—Mrs. Bessie Gould Phinney Friday made application through the office of the clerk of the district court here for passports permitting her to sail August 7 from Vancouver on a year's tour of Japan and Australia.

Mr. and Mrs. Glen Bell from Hagerman were among the out of town visitors in Twin Falls Friday.

WIFE INTERPOSES AN OBJECTION TO DIVORCE

Mrs. Olive Morley of Bear Lake, Says Spouse Is Without Justification in Seeking Separation

Objection to the issuance of a decree of divorce to Edward F. Morley by the court of description in made by his wife, Olive Morley of Bear Lake, Idaho, in an answer filed Friday in district court here through her attorneys, Potts & Wernette of Coeur d'Alene. Mrs. Morley recites in her answer that she has failed to provide for the support of herself and their two year old child. She avers that her husband on May 18, 1917, started an action for divorce in Kootenai county, to which she demurred, and which is still pending. Soon afterward he joined the army, she says, but he has now returned. She asks for a reasonable alimony during the pendency of the suit and for judgment of dismissal of the complaint in the case.

The man who is thinking of buying a home becomes a regular reader of the classified.

BERGER

(Special to The News.) BERGER - Murrel Stambaury returned home from France Sunday. He has been honorably discharged from the service. There was a family gathering at the Frank Holloway home Sunday to join with Mr. Holloway in the celebration of his birthday. Mr. and Mrs. H. E. Thomas and family, Mr. and Mrs. P. C. Hills and H. Hanson went over into Nevada Saturday on a fishing trip. Mr. and Mrs. Fred Morlok and family and Miss Edna Stoen of Filer visited at H. G. Lammar's Sunday. Misses Krista Holloway and Iere Thomas visited friends in Filer the first of the week.

Excellent hog feed for sale. The Twin Falls Flour Mills. (adv.)

French Port Regains Trade. While Havre was still young the scattering men of Honteur conquered Newfoundland, founded Cashe and established numerous trading posts in India. Much of the town's commerce was gradually absorbed by Havre. At the outbreak of the great war, however, Honteur had a prosperous export trade with England in dairy products, fruits and vegetables, and a considerable quantity of lumber was imported direct from the Scandinavian countries.

July records are now in. Come in and hear them. Krull Music Co. adv.

Canada's Water Power. An important feature of the water-powers of Canada is their fortunate situation with respect to existing commercial centers. Within economic transmission range of practically every important city from the Atlantic to the Pacific, except those in the central western prairies, there are clustered water-power sites which will meet the probable demands for hydro-power for generations.

ROTARIANS TO PLANT TREES TO HONOR SOLDIERS

American Forestry Association Co-operates with Organization in the Work.

WASHINGTON, (P) - Rotary clubs are planning to plant trees by the thousands in honor of the sailors and soldiers in the war. The American Forestry Association is co-operating by giving certificates of registration showing the trees have been entered on the national-honor roll the association is compiling. The rotary club will thus be able to give a certificate of registration to the next of kin.

At Richmond, Va., the Rotary club has plans under way for planting six thousand trees, or one for every person who entered the service of his country. At Chicago the Rotary club has submitted a plan to the Cook county board of commissioners for planting memorial trees in the Cook county forest preserve.

At St. Paul, Minn., the Rotary club has approved for a memorial grove and Milwaukee now has under way a campaign for \$10,000 for transforming a park into a memorial grove. Cleveland, O., has dedicated "Victory Oaks" planted along one of its boulevards.

NOTICE We have taken over the Highway Service Station, formerly owned by F. O. Sanders. All obligations incurred by the former manager are to be settled by him. KENDALL & MANN.

STOLL AUTO BED AND TENT WATER-PROOF When you select camp equipment don't overlook the fact that "comfort" is vitally important. Insist upon having a bed that will not sag or stretch—be quick and easy to set up. This outfit folds into a small bundle, which can be packed easily on running board.

Classified Ads are cheap—effective.

SPEED

Railroads run 70 miles an hour; Aeroplanes fly 100 miles an hour; Automobiles run 120 miles an hour; Everywhere speed is the keynote of activity.

Twin Falls is no exception to this rule; The pressing of a switch floods your house with light; The lifting of the telephone receiver places you in communication with thousands of people—and among these is numbered the Twin Falls Steam Laundry. Speed is one of its essential features—an auto call for your laundry—skillful hands deftly handle it, transferring it from vats of soap water into tubs of clearest rinsing water. It is dried with professional care—pressed with home-like thoroughness. Each step in the process of restoring absolute cleanliness is one of speed—so great is it that your laundry may be returned in 48 hours if you desire—do you?

If there were a better news service than the ASSOCIATED PRESS, The News would have it. If for one moment the public verdict as to the superiority of ASSOCIATED PRESS news over all other forms of telegraphed news service, should seem to even waver, The News and the other Associated Press newspapers over the country would be the first to find it out. There is but one ASSOCIATED PRESS, and The News is proud of its membership therein. A newspaper does not merely "order" ASSOCIATED PRESS service—ASSOCIATED PRESS service is not sold to the highest bidder or indiscriminately to newspapers generally. The ASSOCIATED PRESS is an ASSOCIATION of newspaper publishers, and to this ASSOCIATION belong the leading publishers of America. The membership of The Twin Falls News is one of the things which stamps The News with the hall-mark of success. The possession of Associated Press service may be regarded as a credit to The News and to the whole Twin Falls country, and—be it remembered—The News is the only afternoon newspaper in Idaho which gives to its readers the full leased wire day report of the ASSOCIATED PRESS. There are plenty of news services, but only one ASSOCIATED PRESS.

an overland trip to California and other points. Mr. and Mrs. Willis and family of Twin Falls spent Sunday at the Mc Dermore house. Treatments at the Same Old Price at Dr. Wyly's Chiropractic Sanitarium

DR. WYLY, the big Chiropractor of Twin Falls, has found that he can cut down expenses to such an extent that he will still be able to treat all patients at the same old price as formerly—in fact, he finds that to change prices at this time would conflict with the best interests of his work.

He is indeed happy to announce to both his old patients and to others who wish to be restored to health by him that his prices will remain the same as formerly:

- \$2 for Single Treatments
- \$20 for Twelve Treatments.
- \$35 for Twenty-four Treatments
- Examinations Free.

It Costs You Nothing to Consult Dr. Wyly

If you are not as well as you ought to be, go to Dr. Wyly—he will examine you free and tell you what your trouble is, and if he can help you he will take your case; if he cannot help you he will tell you so—so don't hesitate to go to him if you are sick. Dr. Wyly does not want your money unless he can help you.

You are invited to visit our Sanitarium at any time and see what Dr. Wyly is doing for Sick Folks.

THE wonderful practice Dr. Wyly has, reveals the faith and confidence that the people have in him and his skill. He is getting wonderful results in cases of Rheumatism, Stomach and Kidney trouble, Constipation, Appendicitis, Tonsillitis, Adenoids, Catarrh, Hay Fever, Asthma, Liver trouble, Headaches, etc.

APPENDICITIS CAN BE CURED WITHOUT REMOVING APPENDIX

If you have Appendicitis, don't have the Appendix taken out until you have first consulted Dr. Wyly. He may be able to prevent an operation for you as he has done for hundreds of others. It is at least worth investigating.

Latest Equipment

Dr. Wyly has at an enormous expense, fitted up and equipped the most up-to-date Chiropractic Sanitarium in Idaho. His Electrical appliances are second to none west of Chicago. He has just lately installed some very fine and extra equipment for the treatment of Bladder trouble in both men and women and for the treatment of the diseases of women—the results he is getting in such cases are simply marvelous.

NEW MEXICAN POLICY STIRS MILITARY MEN

Great Interest Shown in Announcement; Plans Are Being Laid; Mormons Unable to Comply with Request to Move

EL PASO, Tex., (AP)—Military men were much interested in the Associated Press dispatches from Washington today outlining the new policy of the United States toward Mexico.

While it has been realized that conditions were approaching a crisis south of the Rio Grande, the new attitude of the United States was a surprise. The presence of approximately 2,500 Villa forces near the border caused the military commanders to take every precaution to prevent raids and the expedition to Juarez Sunday night was so well organized it was only necessary for Brigadier General Exeun to issue the formal order to throw 3,000 men into Mexico within a few minutes.

Consider Neutral Zones

Establishment of a neutral zone has been a subject of general discussion here since Villa first besieged Juarez. Army officials point out that the re-establishment of such a zone along the entire border would include all of the larger ports of entry and would cut off the Mexican federal government from direct commercial contact with the United States. Ojinaga, Juarez, Naco, Nogales and Las Alamos would be occupied should such a plan be carried out and the military forces at these Mexican border ports would be forced to evacuate and retire to the interior.

Denies Reprisal Plan

Villa agents here insist that Villa will attempt no campaign of reprisals, adding that General Angeles and his soldiers realize that an overt act against Americans at this time would result in another expedition into Mexico which, they say, would not stop short of its objective.

These Villa agents say Villa and Angeles have no intention of abandoning the campaign in the north, as the rebel leaders believe the Mexican government is at a disadvantage in the northern country which, they assert, is sympathetic to Villa and his movement.

guez considered the withdrawal of the Americans from the Casas Grandes-Mormon district advisable until such a time that he could send his troops into that district to protect the Americans. The warning was referred to the American state department.

Plan Impracticable

Mormon church officials here consider it impracticable for the 330 Mormons living in the Casas Grandes district to leave their homes at this time and consider it improbable that another such similar episode of 1912 and 1914, will result from General Dieguez's warning. They say such action would only result in a general looting of the colonies. The Mormon officials here consider there is no immediate danger from Villa's men.

General Dieguez also informed the American consul at Chihuahua City that his bombing planes were ready to take the field and that a column would be started north at once to engage Villa.

Ask Nurses To Go

Six American Red Cross nurses, carrying for Carranza and Villa wounded in the White Cross hospital here, were advised to return to the American side yesterday by Mayor Romero. The reason given was "the presence of the Villistas," but it was not known whether the mayor referred to Villa wounded or the presence of the Villa forces near Juarez.

General Gonzalez has ordered an investigation of the incident.

CONCILIATION ADVISED BY THE ROTARY MEETING

Bitter Debate Ends Harmoniously; Expert Advises Curtailment of Immigration

SALT LAKE, Utah. (AP)—Resolution number 19, on the relationship between employer and employee, which brought forth bitter debate at yesterday's session of the convention of the International Association of Rotary Clubs, was adopted late last evening at the closing session of the convention, but that part of the resolution which would have pledged rotary to compulsory arbitration of economic questions was eliminated.

Action on the resolution was postponed from Thursday until today to await the address of Dr. Henry Suzzalo, president of the university of Washington, to whom had been assigned the subject of employer and employee. Dr. Suzzalo strongly recommended conciliation in the settlement of economic disputes, in his address before the convention. Later in the day, when debate on the resolution was resumed, Dr. Suzzalo was asked to again express his opinions he declared that the use of force for the settlement of wage and labor disputes must be stopped.

Considers Majorities

interest of the majority of the public be given due consideration.

Dr. Suzzalo, in his programmed address, recommended that immigration be curtailed for a period of years, so that the foreigners in this country could be assimilated. He also made a plea that the country provide for the gradual development of an industrial code.

Albert A. Adams of Atlanta, Ga. was formally elected president of the organization, his election being assured yesterday when rival candidates withdrew from the race.

John N. Dyer, Vincennes, Ind., was elected first vice-president; Estes Sneed, Portland, Ore., second vice-pres-

ident; James F. Finley, Chattanooga, third vice-president; Raymond M. Hines, Kansas City, vice-president at arms and Rufus F. Chapin, Chicago, re-elected treasurer.

Committee Rejects an Exception in Liquor

WASHINGTON, (AP)—A proposed amendment to the pending prohibition enforcement bill giving the president authority to repeal the war time prohibition act, insofar as it affects the sale of light wines and beer was defeated today by the house judiciary committee, 12 to 5.
