No Parade or Other Extensive Ceremonials Will Be Held at Home; Soldiers' Day July 3rd.

EXCURSIONISTS TO SIGN UP

The committee in charge of the welcome for returning soldiers of the 148th field artillery regiment, expected to arrive here Friday or Saturday, has filed with D. S. Spencer, of the Oregonian, a request for information as to when the Twin Falls unit will reach Minidoka for an extra train service to permit of Twin Falls people meeting the returning service men at Minidoka, and to return to Twin Falls from that point with the troops.

LEADERSHIP J. G. THORPE, HEADMASTER OF HEADQUARTERS COMPANY, 148TH ARTILLERY, AS TO BE PROMINENTLY IDENTIFIED WITH THE OPERATIONS OF THE COMMITTEE IN RECEIVING THE MEN OF IDAHO WHO ARE SCHEDULED TO REACH TWIN FALLS SATURDAY.

Lieutenant J. G. Thorpe, headmaster of headquarters company, 148th artillery, as to be prominently identified with the operations of the committee in receiving the men of Idaho who are scheduled to reach Twin Falls Saturday. Lieutenant Thorpe, according to official information, reaching here today, has been selected to take along with him and is to arrive in Twin Falls Friday. The telegram indicates a slight doubt as to when the company will arrive, suggesting either Friday or Saturday. It is noted the committee is not clear, but is seeking definite information.

The committee in charge of entertainment for the men from overseas, has announced that no elaborate reception party will be engaged, but that plans have been perfected for meeting the company at Minidoka and accompanying the soldiers home, reception facilities and entertainment program being held on the train. The soldiers will be at liberty, after brief functional ceremonies, to disband immediately upon arrival in Twin Falls.

Plan Soldiers' Day

The reception committee, headed by E. L. MacVicar, has arranged to have the local band in the reception party going to Minidoka, and arrangements have been concluded to take along parties of other close relatives and such persons as have close personal interest in the arriving soldiers. The plans of the committee also include serving refreshments to the soldiers, the program being the run from Minidoka to Twin Falls.

Upon arrival the soldiers will be welcomed by the townspeople at large at the station. Soldiers' day on Main avenue to the railroad station, is to be guarded by rope barriers and in this roped area the home welcoming parties will be at liberty to follow their own inclinations and devices.

Members of the 148th field artillery regiment have been in active foreign service for about 18 months and look forward to the important ceremonies in which American troops participated from the Cateau-Thierry offensive to the signing of the armistice. They embarked from New York on Christmas eve, 1917, and spent Christmas eve a year later in Coblenz, Germany, with the army of occupation. Many of the members of the outfit have been in the service for three years, having served in 1918 on the Mexican border. It is estimated that the number of men of the 148th returning to Twin Falls, including members of the regimental band, will be between 60 and 72.

Kaiser Hears of the Yielding of Germans to Allied Peace Pact

Attendees Bitterly Score the Action of National Assembly in Giving Way.

AMERONGEN, (AP) — News of Germany's decision to accept the peace terms, including the clause providing for the delivery of the former German emperor to the allies, reached the castle late yesterday evening. Exactly how the former emperor was affected by the tidings cannot be ascertained but the attitude of members of his party gives rise to the belief that the news was a considerable shock. When the Associated Press correspondents talked with attendants they declared the news was already known at the castle. They made the most scathing criticisms of the German national assembly for its action. Evidently they had held to the hope that some way would be found for the former emperor to return to Germany. Now, however, it appears that he will be exiled forever from his country. The former monarch resumed his customary log rolling at the usual hour.

FRENCH ARMY TO BE DISBANDED IN SHORT TIME

Prime Minister Says Force Needed Temporarily to Watch Germans; Election of Deputies in October.

PARIS, (AP) — Premier Clemenceau appeared in the lobby of the chamber of deputies today and members pressed the question as to the government's intentions regarding demobilization of the army. The premier said that the government had no concern at present with demobilization of the army. "Although it is desired that demobilization may be as rapid as possible the government is obliged to take into account the state of mind of the Germans," he said. "The only method of spirit in which Germany is about to sign the treaty, it is only necessary to consider the scuttling of the German fleet in Brest. The more recent destruction of German ships at Kiel. Consequently, precautions are necessary and an army of a certain importance must be kept to enforce, if necessary, strict observance of the conditions of the treaty by the Germans."

Retirement Uncertain The statement made by Premier Clemenceau in the chamber of deputies yesterday, that the late general elections will probably be held in October is interpreted by a number of newspapers as meaning that the premier will not retire shortly as had been reported. Several newspapers print reports that it is possible that there may be a shake-up in the cabinet and that specialists in social and economic questions will be brought in.

BORAH SAYS TREATY GUARANTEE OF WAR

Idaho Senator Asserts Land, Korea and Should Have an Freedom by 1919. Fact.

WASHINGTON, (AP) — After two hours' discussion of the resolution of Senator Borah, a state of peace with Germany, the senate foreign relations committee adjourned without action. Borah Takes Part. Discussion of the peace treaty and the league of nations developed in the senate during consideration of the army appropriation bill. Senator Borah, republican, Idaho, declared the treaty was a guarantee of war. He said the "real test" of the treaty was not its application to the principle of self-determination of peoples to the peoples of enemy countries, but to peoples dominated by the allies. Ireland, Korea and Egypt, Senator Borah asserted, should have been given independence. "I am not criticizing the president for what he failed to do," said Mr. Borah. "He was prevented by the imperialistic designs of the European nations with which he was associated. There is no doubt that the sentiment of America included Ireland."

Replies to Thomas Mr. Borah spoke in reply to Senator Thomas, democrat, Colorado, who declared partisan politics was involved in the senate's hesitancy to adopt the peace conference report regarding the provisional Irish republic. The vote by which the foreign relations committee postponed action on the bill resolution was 12 to 4 and was said to have followed a stormy discussion in executive session.

Hold Stormy Session Senator Johnson, democrat of Virginia, was understood to have made the motion to adjourn without action, and it was said to have been supported by Senators Lodge, Knox, Harding, McCarver, New and Brandegee, republicans, and Swanson, Hefcock, Tompkins, Smith, Arizona, Pittman and Shields, democrats. Voting in the negative were Senators Paul, Borah, Johnson, California, and Moses, republicans.

GALICIA AND AFRICA BEFORE CONFERENCE

PARIS, (AP) — The peace conference will first fix the attention to discuss the political situation in Africa. It was understood that the council also planned to examine into the general question of colonization in Africa.

LABOR DEBATES STRIKE WAY TO ADMINISTRATION

Industrial Action to Secure Political Ends Up for Discussion at Gathering of Workers in England.

SOUTHPORT, (AP) — Main interest in the nineteenth annual conference of the labor party which opens in Southport today, lies in the question of using industrial action to create political aims. An influential section of the leaders of the triple alliance of miners, railway men and transport workers has long advocated the use of the power of the strike to bring about the abolition of conscription, the withdrawal of troops from Russia, the release of conscientious objectors and other objects sought by the labor party.

Convenes Soon The labor action by the executive council of the triple alliance last night in London, July 23 to consider what action should be taken to compel the government to comply with the demands mentioned, was a step independent of the labor conference. The action taken by the London conference, however, will be materially affected by the attitude of the present conference, in deciding to convene a special conference in London July 23 to consider what action should be taken to compel the government to comply with the demands mentioned, was a step independent of the labor conference.

Far Reaching Effect The far reaching importance of any decision placing in the hands of the industrial unions the power to enforce political demands was emphasized as it is recognized by the executive committee of the labor conference, which in a report to be presented today expresses the opinion that industrial action is a precedent in British industrial history it is imperative that the trade unions realize the responsibility which such a course entails and that they themselves determine the ground plan of the new campaign.

Many From Abroad Many foreign delegates are in attendance at the conference, including Camille Huysmans of Belgium, Hjalmar Branting of Sweden, Pieter Troelstra of Holland and the French socialist Louis de Man. The reason for the exclusion from England of deputy Jean Longuet, leader of the French minority socialists, and M. Praxel, general secretary of the French socialist party, who were stopped by the authorities at Folkestone on their way to the conference, has not yet developed.

VAINLY AWAIT WORD FROM WEIMAR CONTAINING STATEMENT REGARDING PERSONNEL OF COMMITTEE TO AFFIX SIGNATURES TO TREATY.

Teutonic Representative Says Members of Government Have Gone to Berlin; Will Delay Action Until Saturday; Ultimatum Will Be Given Unless Report Should Be Received Soon

PARIS, (AP) — Up to 4:45 o'clock this afternoon no official word had been received regarding Germany's plans with regard to the formal signing of the peace treaty. The peace conference leaders were ungladly perplexed over the situation. Paul Dautast, the general secretary of the peace conference, went to Versailles this afternoon under the instructions of the council of three to see if Herr Hans von Weimann, representing the Germans there, had any information as to the government's intentions. The German representative said, however, that he had received no news except the fact that the members of the government left Weimar for Berlin last night. It was conceded to be impossible that the ceremony of signing could take place before Saturday. Unofficial reports were that it probably would be delayed until Monday.

SHEARERS ARRESTED SUSPECTED OF THEFT

Sheriff Sprague Picks Up Two Men Accused of Stealing Rancher's Wool.

Accused of grand larceny Charles Robertson, aged 22, and Frank Nichols, 44, were arrested today by Sheriff A. N. Sprague. The men were taken from the Frank Clark ranch at Twin Creek and brought to the county jail where they are held without bond. Robertson and Nichols are shearers and stand charged by Joseph Bangschoff, a sheep man of Mountain Home, with having stolen wool belonging to him aggregating in value approximately \$1,000. Report of the alleged theft was received in the sheriff's office early in the week. The wool said to have been stolen was found by the sheriff and identified by Mr. Bangschoff as a sheep owned by the Frank Clark ranch on Cedar creek, twenty miles distant from the place where the robbery is said to have taken place. The wool, it is charged, was moved by the men to a place near the creek, the conveyance being traced the entire distance by Sheriff Sprague and Mr. Bangschoff. Sprague is now directed to a third person, an accomplice to the alleged robbery. It is expected the arrest will be made immediately by Deputy Sheriff P. O. Herriman, who is now out on the case.

FORTIFIED FRONTIER ON BORDER OF MEXICO

Permanent Housing to Take Place of Temporary Quarters for the Army.

WASHINGTON, (AP) — Completion of forts and housing accommodations along the Mexican border, undertaken by the war department to enclose the trails of the troops serving as patrollers on the United States first rail fortified frontier. Regularly established boundary posts along the international boundary now total more than two score, with probably as many more outpost positions, each accommodating a troop of cavalry or an infantry platoon. The three year watch of the American troops left the war department finally to decide that permanent housing should be furnished. The cost of this construction to the government has been small. Major General De Rosey C. Cabell, commanding the southern department, was authorized to visit the camps in his department which were to be abandoned and to claim any material needed. The buildings were transported to the border and re-erected on the troops. Only a small quantity of new lumber and equipment was used. Designate Posts Official maps just issued by the war department designate the following posts as "Army posts": Yuma, Palm City, Compe, Tecate and Calexico. Arizona—Yuma, Ajo, Arivaca, Fort Nogales, Cochise and Fort Douglas. Texas—El Paso, Fort Hancock, Hester's ranch, Marfa, Castorville, Evert's ranch, Big Bend, Terlingua, Glass Springs, Del Rio, Fort Clark, Eagle Pass, India ranch, Delores mine, Laredo, Del Rio, Zapata, Roma, Mission, Fort Rivard, San Benito, Camp Mier, Comstock, Harlingen, Brownsville and Fort Brown.

BRIDES OF WAR ARE ARRIVING

Twenty-nine on Ship Today; Officers in Paris Busy Giving Out Passports.

NEW YORK, (AP) — The transport Santa Teresa docked here from St. Nazaire with 1,912 troops and 25 "brides" of the war. The daily news board was the 149th provisional battalion, 35 officers and 1,895 men. A baby born on the voyage to the French wife of E. E. Smith, of Gilfort, Mont., was christened Marcelle Terese Smith after the ship and was presented with a christening fund of 1800 francs by the officers and crew of the transport. PARIS, (AP) — Passport officers at the American embassy are working night and day providing papers for the French brides of American soldiers who are about to leave for the United States. Many of the brides are accompanied by their khaki-clad husbands, some bringing their mothers with them, some with their babies. The daily news at the embassy are French girls and from nearly all the provinces. There are many girls and small girls, beautiful and plain girls, simple country girls unassumingly gowned and girls in the rakhai hats and short skirts of the Paris boulevard. Nearly all the brides speak some English, but few speak English as well as French their husbands have acquired.

HUN OFFICERS MAKE THREATS AGAINST PACT

Finally Change Tactics and Advise Troops to Stay After—Failing to Secure Modifications.

BERLIN, (AP)—Long accounts written for the Berlin paper by correspondents at Weimar telling of events preceding the decision of the German government to sign the treaty of peace show that there were many general and officers of the volunteer troops to quit if the treaty was signed without reservations. Gustav Norko, minister of defense, rejected his resignation but later receded in appealing the officers. He then withdrew his resignation under pressure from his party and cabinet ministers.

Feeling among military leaders is still running high, notwithstanding the fact that they are admonishing the troops to continue in the service. Major General Baron von Lottwitz, in a special call, reiterates his opposition to the peace terms, while Major von Gill, Herr Norko's adjutant, has announced that Prussian War Minister Eisner will endeavor to defend the menaced honor of the army and its leaders by the adoption of special measures. He will confer with Herr Norko today.

Erzberger Loses Prestige

Correspondents at Weimar are unanimous in the belief that the prestige of Matthias Erzberger has been damaged because of his mysterious flight. His assurances that the contents would be willing to yield on the honor issue, which failed to materialize. Herr Erzberger's position is now one of speculation and it is believed that as soon as the peace crisis is passed he faces a rather trying period.

VETERANS OF FRANCO-PRUSS WAR PRESENT

Five Senators Who Took Part in Previous Struggle to Witness Signing of Treaty of Peace.

PARIS, (AP)—Notable among the persons who will attend the ceremony of the signing of the treaty this week will be five senators who participated in the campaign of 1870. President Clemenceau announced in the senate today that these men will be honored with places in the Hall of Mirrors in the chateau at Versailles.

Marshal Faidin, accompanied by six French generals, Mrs. Wilson and her secretary, and Miss Margaret Wilson, will be among the thousand persons, including delegates and secretaries, who will be present when the treaty is signed. They will be seated at the signing table with the signatories.

Three hundred journalists from all the interested nations, a few neutral newspaper correspondents, and about 3000 guests are expected among the signatory nations will have places in the hall.

Heavy Guard for Ceremony.

Seven regiments of cavalry and four regiments of infantry will guard the palace grounds during the ceremony. Within the marble court through which all the witnesses except the Germans will pass, will be stationed a company of drummers and buglers. No other musicians will participate. All the soldiers within the palace will be members of the republican guards, wearing silver helmets, red coats and white breeches.

The Germans will be admitted at a side entrance from the park after the other delegates are seated at the horseshoe table within which will be the signing table where the treaty will lie.

ZACHARY TAYLOR BIG STORAGE CAMP

Great Quantities of Quartermaster's Supplies Ready for Disposition.

LOUISVILLE, Ky., (AP)—Camp Zachary Taylor, besides being a great demobilization center, is becoming a big storage point for quartermaster supplies. Twenty million dollars worth of shoes, uniforms, hats, blankets and helmets are held in the camp's twenty-three warehouses.

The chief work of the quartermaster now is salvaging clothing and blankets, particularly articles used in the trenches. The newly erected laundry at the camp is busy sterilizing and mending. Thousands of pieces of clothing are sent here from other cantonments. Grafty cobblers to make shoes, while other experts redeem hats, shirts and other garments. Millions of tin cans are sterilized and sold to canning concerns for re-use. This salvage alone brings in thousands of dollars.

THOUSANDS DIE FROM HUNGER IN ARMENIA

Clothed in Filthy Rags and Infected with Disease Population Dwindles.

LONDON, (AP)—I have seen towns where there were 7,000 refugees losing 1,000 of them monthly through starvation. I have seen a town thirty miles from the railroad reduced by starvation from a population of 4,000 to 2,000 in ten days.

That is what is happening in Armenia according to Lieutenant Melville Chubb of the American Red Cross, who has arrived in London after an extensive tour of the Near East.

Conditions Appalling.

Conditions there told the Associated Press representative, are simply appalling. The people are in rags. Disease, no less than starvation, is taking its heavy toll, and it is difficult to check its spread because there are no medicines or disinfectants to be had. The people will have to be fed by outsiders, he said, until the harvest which follows the next sowing.

The new Armenian state known as the Republic of Erivan is a country so depopulated by the Turks the Red Cross office stated, that it does not possess even any seed grain.

Turks Destroy Systematically.

"During the war," he said, "the Turks made systematic attempts to destroy the Armenian people. They forced their way through Armenia with the intention of joining forces with the Tartars to the north, massacring and committing widespread depredations as they marched. On their way back they swept Armenia clean, for the Armenians at the time of the armistice had only a few soldiers in the field. The Turks wantonly destroyed everything in their path. The result is that the Armenian republic has no cattle, seed grain, flour—nothing at all to eat."

The American Committee for Relief in the Near East is making every effort, according to Lieutenant Chubb, to succeed the starving Armenians. From February 8 to April 1 with the aid of the American Red Cross, it put into the country 5,000 tons of flour. Distribution is a difficult problem. Food is carried to interior points by native muleback caravans.

Republic Starves.

While the Erivan republic is starved, the neighboring Georgia is thriving. Throughout the country Lieutenant Chubb said he saw fine grazing lands and large herds and flocks. The Georgians were not molested by the Turks and the country has had to deal with few Armenian refugees except those at Tiflis, to which city Turkish Armenians have fled since 1915. Tens of thousands of Armenian orphans are now there.

"The Armenians are praying for an American mandator. They think they would never be free under any other government," said Lieutenant Chubb.

SPAIN ADHERES TO THE LEAGUE

Alfonso So States in Speech in Which He Outlines Long Program.

MADRID, (AP)—It was with unfeigned joy that I received and you received the news of the certain advent of peace," said King Alfonso in his speech from the throne at the opening of the cortes today. The king began his address by affirming the unalterable concord between Spain and the various nations.

After stating that Spain had recognized the independence of Poland, Czechoslovakia and Finland, the king said that Spain had manifested her adhesion in principle to the league of nations and had "the honor to be included in the provisional executive committee of the organization." He closed by announcing that various bills looking to national development, popular education, housing and other matters of social welfare would be introduced before the cortes by the government.

BELA KUN GOVERNMENT IS FANTASTIC AFFAIR

Proletariat Show Great Informality in the Homes of the Nobility.

VIENNA, (AP)—Conditions in Budapest and the surrounding country under the fantastic government of Bela Kun and his soviet are grotesque. It has become known that Countess Szuda is scrubbing stairways in one of the city prisons. Count Julius Szechenyi, aged ninety, formerly master of the Kings horse, is one of those who has incurred the displeasure of the ruling forces. In spite of his age, he has been forcibly removed from his home and imprisoned. What disposition will be made of him is not likely to reach the public until it has been ordered and executed.

Every room in the handsome marble palace of Count Louis Kanizs, the former Austrian ambassador to London, is occupied by some one of the vaunted proletariat, with such guests as might be expected. Stove pipes, sticks from the lace curtained windows, and the silk covered walls are smoky, grimy and greasy. Protective covers have been torn from rich divans and handsome chairs to be used for dish rags. Coat-brackets, clipped and mutilated, are being used as playthings by the proletarian children.

Dirt Takes Possession.

It is the same in the handsome residence of Count Andrássy next door, where squalor and dirt are rapidly replacing the magnificence and polish of a happier day.

Day by day comes the news of increasing violence on the part of those who are in power. The latest instances have to do with Ludwig Navvy, the former president of the Hungarian parliament. He was seized at his country home and while being taken into Budapest, was taken from the train and shot to death by the Red Guard who gave an excuse that he was trying to escape.

Altogether the situation in Budapest is rapidly approaching the point where there will be the customary appeal to the "great big-hearted American" to feed and clothe the people. Security of life and property is growing less with every week and the once magnificent city is rapidly taking on an appearance to which its people have hitherto been strangers.

Agriculture Neglected.

Neglect of agriculture is one of the outstanding features of the situation. It is estimated that fifty per cent of the tillable soil has not been plowed, partly due to the disorganization and demoralization occasioned by an order which forced landowners to raise the wages of farm laborers from five crowns to thirty crowns per day, and also to give them butter and milk without any charge and to see that they were properly clothed.

TEXAS APPROVES JUAREZ ACTION

Commends Government and Army Officers; One Element Wants Recognition.

AUSTIN, Tex., (AP)—A resolution was adopted by the Texas senate commending the federal government for "its expressed determination to protect our citizens in Mexico," and especially commending "army officials for their efforts to protect life and property along the border."

Another resolution introduced would "strongly urge" the federal government "to recognize that a state of war exists in northern Mexico between two independent and distinct factions" and that citizens of the United States be permitted to sell supplies both to the Carranza government, and the government recently proclaimed by General Angeles as provisional president. The resolution was referred to committee.

CREEL FORTUNE WAS HELD LONG IN MEXICO

Money Hidden in Private Residence Where It Was Held for Identification.

MEXICO CITY, (AP)—When representatives of the famous Creel family of Chihuahua recently appeared before the government officials here with requests for help regarding the whereabouts of missing railway and other valuable stock valued at close to 2,000,000 pesos, they were astonished to learn that the stock, as well as about 2,000,000 pesos in paper money, was held by the national treasury for identification of ownership and that it only had been discovered a few months ago.

According to published accounts, workmen, while cleaning out a spare room in the building used by the federal district government, found a score of locked boxes which contained the money and shares. Nathan, the governor of the federal district, ordered Alfredo Brecedo, not the district court, after guarded investigations, could determine who owned the treasure, so it was turned over in trust to the national treasury.

The theory is that, during the first revolutionary troubles which resulted in the downfall of Porfirio Diaz, the boxes were sent from Chihuahua to a private residence of the Orsola here and that, when the Zapatistas first entered Mexico City, they were placed in charge of the federal district government.

The Creel representative stated that a large sum of metallic currency and a valuable collection of jewels also were being sought, but of these easily realizable riches, no trace has been discovered.

Senate Grants Authority Asked but Gore and King Denounce Methods.

WASHINGTON, (AP)—With a record vote the senate today approved a committee amendment to the annual appropriation bill authorizing the war department to proceed with the purchase of camp sites, negotiations for which are pending.

The house specifically prohibited these transactions in passing the bill and stormy debate preceded senate action. Senator Owen, democrat, Oklahoma, declared the department's method of caring for war supplies was "infinitely scandalous," while Senator King, democrat, Utah, said "somebody in the war department ought to be punished for this wasteful and willful expenditure of public money" in the purchase of unnecessary lands.

Stop Watch Provision Killed

By a vote of 33 to 20 the senate restored a provision stricken out in committee to prevent use of stop watches or similar time measuring devices in work done under contract for the war department. In discussing the purchase of the site of Camp Benning, Georgia, Senator Lenroot, republican, Wisconsin, renewed his charge that Secretary Baker had been guilty of a breach of faith.

Indicted with Neideman were Thomas O'Neill, corporal of police, and David Cockrell, known as the king of gamblers. It is expected the trial will last two weeks.

LOSSES FROM STORM GROW MUCH LARGER

Early Estimates of Value of Property Destroyed Proven Too Conservative.

FERGUS FALLS, Minn., (AP)—Military officials in charge of the tornado stricken areas of this city, have compiled a list of 48 known dead as a result of the cyclone which swept over here Sunday. The officers estimate that the total death list will be "not less than sixty."

Mayor George Frankberg today issued the following statement in connection with the financial loss which resulted:

"A careful survey of the city shows that the early estimate of a million and a half loss is too conservative, and that the actual loss is at least three million dollars. Forty per cent of the residence district is in ruins, and about the same per cent of the business district has been demolished."

PERSHING LAUDS THEY, M. C. A.

Commander Says too Much Was Expected of Organization Doing a Great Work.

PARIS, (AP)—The army has been unreasonable at times in its expectations from the Y. M. C. A. because the "Y" spirit of willingness made the dough boy take for granted the association's ability to accomplish results, General Pershing declares in a letter of commendation to C. G. Carter, chief Y. M. C. A. secretary with the American expeditionary force.

"On behalf of the A. E. F., I desire to express to you and to your fellow workers my appreciation and thank you for the splendid services which the Y. M. C. A. has performed for the American army in Europe," General Pershing's letter reads.

Began at Beginning

"When the first contingent began arriving the Y. M. C. A. began that work for the American soldiers which has ever kept pace with the growth of the American expeditionary force. All the divisions and most of the smaller organizations have enjoyed its benefits and services. Besides maintaining the usual recreation huts, it has conducted canteens where the men could obtain the necessities of life, such as coffee, the Y. M. C. A. has constantly distributed, without charge, tobacco, hot drinks and the like at the front."

"Another service of great value has been the creation of an aid service in leave areas, where the problem of giving the men occasional respites from the routine of army life has been solved. The facts, which surely this possible have been the recreation facilities in the leave areas, and especially the presence and splendid assistance of the American women with the Y. M. C. A."

Many Branches Maintained

"Other branches of your endeavor deserving of special mention are those connected with education, entertainment and athletics. In each of these departments the Y. M. C. A. has done excellent work, but the features which I have mentioned do not begin to cover the activities of the association, which has at all times shown itself eager to understand any extension of its work to meet the wishes of the military authorities. This spirit of willingness has resulted in the army's taking for granted much of your society's ability, to accomplish many results, and sometimes expecting more than was reasonably allowable under the American army and made possible its contribution to the successful conclusion of the war."

"As I cannot address all of your workers personally, I hope that you and they will accept this letter as an expression of my appreciation of the splendid work that you have done in France."

SINISTER INFLUENCE FOR BILL IS CHARGE

Michigan Representative Attacks Lane Measure for Land Reclamation.

WASHINGTON, (AP)—Charges that selfish and sinister influences were at work in behalf of Secretary Lane's project for farms for soldiers and sailors caused a wrangle today in the house public lands committee.

Representative Nicholas, republican, Michigan, declared that a soldier who appeared last week before the committee had been coached and sent forward by J. J. Harris of the Big Horn Investment company of Harding, Mont. Representative Ferris, democrat, Oklahoma, took vigorous exception to the charge saying he himself had been the soldier in the audience and invited him to speak.

Mr. Harris promised to appear tomorrow to testify. He told the committee the soldier had come to him for information about the bill and he sent him to the committee.

No doubt all the backing "and fill-in" of the protesting, the begging and the balking, the arguing and the denouncing, indulged in by the Germans during the weeks last past with regard to signing the proposed peace treaty had to be—was the Hunnah way!

TO WHAT END?

So far as known about the only occasion to the "feelings" of the Hunns made by the terms of the armistice was the privilege of leaving skeletons of their own crews upon the surrendered war vessels during internment, without the presence of any British or other allied guards.

DISCARD PLANS FOR ADDITIONS TO WASHINGTON

School Trustees Heed Protests Against Extension of Wings and Divert Funds to Construction of Junior High.

No additional rooms will be built this year at the Washington school, but the expenditure of between \$10,000 and \$15,000 to have been applied to this purpose will be diverted to the cost of the new junior high school building to be erected in connection with the present high school building.

The solution of the problem of providing additional room for younger pupils will be deferred until next year when, it is probable, a new and separate building will be erected, with funds raised either by tax levy or bond issue.

Protest Back of Change

This is the decision reached by the trustees of the Twin Falls school district at a meeting Monday evening, in consideration of protests presented by several residents and property owners of the vicinity of the Washington school claiming that the proposed extension of the wings of the school building would seriously obstruct the view.

Diversion of the fund to have been spent in enlarging the Washington school to the junior high school will make possible the inclusion in the latter structure several improvements which probably would have been sacrificed otherwise. Except for the expenditure of less than \$2,000 for sidewalks at the Lincoln and Bickel schools, all of the \$150,000 bond issue recently voted will be applied, under the new arrangement, to the junior high school.

Swimming Pool Assured

It has been definitely determined that the junior high school will include a swimming pool. Plans for this end which were abandoned at one time on account of the cost involved have been revived by the trustees upon assurance given by the Rotary club and the Twentieth Century club as well as by private individuals that the funds for defraying the cost of this feature would be forthcoming from other sources if the building fund were inadequate to cover it, and excavation now in progress is to provide for the plunge. The heating apparatus also has been ordered with a view to its installation for heating water to be used in the pool.

COMMITTEE HAS DIFFICULTY IN GETTING SPACE

Twin Falls Chautauqua Crowded Out of Two Possible Locations, May Go This Year to Second Avenue West.

Twin Falls' Chautauqua course opening on Friday next and continuing until July 4, is likely to be held on vacant lots next to the Cozgriff painting establishment on Second avenue west between Second and Third streets.

Earlier plans for holding the chautauqua on the lots occupied for this purpose last year at the corner of Fifth avenue and Second street have been cancelled because of the fact that excavation and blasting for the new junior high school building just across the street from the chautauqua location, which is being used now for piling rocks, taken from the excavation.

The request of the chautauqua committee for permission to erect a stage east of the Methodist church has been turned down by the city park committee on advice of the park custodian that its use for this purpose would destroy the grass and that the possible destruction of the grass already secured by the city with a view to making it a campsite for automobile tourists at a later season. B. E. Morse, owner of the property, expressed his willingness with the plan for its use as chautauqua grounds, provided satisfactory arrangements could be made with the city administration.

The chautauqua committee offered to make good whatever damage might result from the use of these grounds for this purpose, but the park committee, acting on the advice of the custodian, figured that the possible destruction of the grass already secured would result in a year's delay in improving the grounds and retreating the proposition.

Entry books for contestants at the Elks' Roundup, to be held here July 3, 4 and 5, will be open to contestants for a period of five days, beginning June 27. The best entries will be received on the night of July 2, according to Manager C. H. Entering with this noted rider will be her husband, Frank McCarroll, whose fame as a bulldogger and strong man reaches over the entire length and breadth of the land. Mr. McCarroll won the championship for steer bulldogging several years ago and at the Penitentiary Roundup last year successfully defended his honors. He is well known as a wrestler and lifter of weights, but has won more fame by feats of strength in handling obstreperous cattle and horses. He will give an exhibition at the Twin Falls Roundup of holding a span of horses with his arms.

The regular roundup program will be carried out at Roundup park during each afternoon of the Roundup week. The program consists of twenty events of one sort or another, feats of skill and strength by cowboys and cowgirls, as well as races on horseback and of stage coach. Indians, too, will compete in various classes of contests, and Unatilt tribesmen from Penitentiary will give exhibitions of native dances of the Hellman.

TRIO OF TRIALS CLAIM INTEREST

Personal Injury Suits Feature in Term of Court Just Closed Here.

Popular interest in the term of district court just closed here by Judge W. A. Babcock centered on three trials—that of Harold M. Sims, former member of the state legislature, figuring in the only criminal case brought to trial during the term, and the two suits wherein damages were claimed for personal injuries. In neither of the personal injury cases did the plaintiff recover judgment, and in either case the same attorneys were opposed to each other.

Big Claim Denied.

The case of William Hathaway against John J. Gray of Eden, a wealthy sheepman, involved a claim for \$23,000 damages, the largest for a personal injury claim in the history of the court. Hathaway's appearance in court was patent evidence as to the extent of his injuries received while stacking hay in the summer of 1917 in the employ of Gray, but he was unable to convince the jury of any measure of responsibility of his employer for the accident.

Question of Lights.

George Eliopoulos was denied his claim against the Amalgamated Sugar company for damages in the sum of \$2900 for the loss of sight of one eye alleged to have resulted from a blow dealt by a fellow workman in the pursuit of his duties at the sugar factory here. Eliopoulos claimed that insufficient lights were furnished in the shed where he was at work at the time of the accident to permit of his seeing and avoiding the danger.

PANTS COST GOOD SUM IN FAR OFF SERBIA
Sixty Dollars for Cheapest; Lowest Price for Suit Is \$240.

NISH, Siberia. (Correspondence of the Associated Press)—Upon their arrival here with food, clothing and medicine the rmy food mission and the American Red Cross found the following prices prevailing: for a man's suit of clothes of cheap quality, \$240; a pair of trousers, \$60; a pair of shoes, \$55; one yard of cotton cloth, \$12; a spool of cotton thread, \$8 to \$12; a small piece of soap, \$8; one pound of coffee, \$15.

Bulgars Carry Off All
In both the Nish and Pirot districts the Bulgarians had carried off clothing, bedding and cloth of all sorts. Red Cross representatives found hundreds of men, women and children in some hamlets wearing nothing but burlap sackings. Typhus has broken out at Janjevo, Gostovar, Palanka, Cupriji, Leskovatz, Uskub, Serec, Drama and Kavalla. In virtually every town of 4000 population in Serbia there are from ten to thirty cases of typhus. Dozens of Red Cross "teams" consisting of one doctor and three or four nurses have been sent out from Salonki to the worst typhus centers. Dispensaries, disinfecting stations, soup, bread and clothing lines have been established and many Serbian hospitals have been taken over. Millions of feet of mosquito netting have been brought into the Balkans by the American Red Cross to fight this summer's fly plague.

RELIGIOUS TURK HAS TAKEN THE BLUE DEVIL

German Stole Eggs from the Mosque and Faithful Avoid Profaned Ground.

CONSTANTINOPLE. (Correspondence of the Associated Press)—The religious Turk is very much discouraged. The mosques are not as well patronized as formerly for Mahomet is blamed for the loss of the war. Turks whose dogs were taken away from them and dumped on an island in the Marmara sea to stave with tens of thousands of other Constantinople mongrels some years ago see in Turkey's present plight a just judgment from Mahomet. Those who prophesied at the time that the whole mastery of the dogs would bring bad luck to Turkey are now wagging their heads sagely and recalling their prophecies. The mosque of Ahmed I is deserted. The Germans when they left carried off all the precious rugs and the faithful refuse to enter the mosque on the ground that it has been profaned and is unclean. More than 300 deaths from cholera took place in this mosque during the war.

The Howling Derivatives in particular decline that there is no hope for Turkey unless the "Great Prophet Wilson" intervenes. Recently the American Red Cross mission for Rumina stopped off at Constantinople and, while waiting for their boat to sail, visited the Howling Derivates.

With hot coals in his mouth and high priests sticking knives through their chests in time-honored fashion, the high priests called down the blessings of Mahomet upon America and maledictions upon all the enemies of Turkey. A young Turk translated: "O Lord! Ho! lamentations and laments!"

Sultan Has Faith.
Momet VI, the sultan, has not lost faith in Mahomet, however. Each Friday he goes to the mosque to pray. His visit is a ceremony attended not only by thousands of Turkish onlookers and guards but also by hundreds of allied officers all equipped with cameras of every size and description.

American army officers and Red Cross girls now find it easy to visit the mosque. Sophia is open to all comers and the American army men is not forced even to take off his shoes. He merely slips them into a pair of huge slippers and shuffles about on the precincts which are aligned in the general direction of Mecca.

As a tag-off to Miss Joy Brandt, who is soon to leave for her home in Gooding, the young ladies gave a dinner Sunday at the North Side Inn in her honor. A long table was set and tastefully decorated for the occasion, red and white roses being the floral part of the scheme. The dinner, which was a four-course affair, was followed by a visit to the Chautauque to hear the boys' quartet.

Mr. and Mrs. Thomas Joyce have returned from Boise, where they spent some time visiting.

One of the biggest crowds seen in Jerome gathered on the streets last Saturday for a circus which was billed for appearance. It is claimed the show was the best ever advertised and the authorities cancelled the permit for the performance.

Mr. and Mrs. George Steiner are to leave soon for Sugar Hot Springs where they will remain for 2 to 3 weeks.

Fire, of unknown origin, recently destroyed a barn on the Knight place. By extraordinary effort the firemen were able to contain the blaze to the one building, although at one time spreading of the fire to a greater area seemed inevitable.

Sunday night the 1919 Chautauque closed a very successful season. The entire list of entertainments was highly pleasing. The Chautauque was well attended.

Jerome will be well represented at the Twin Falls roundup next week if present indications can be considered a true index. Many persons from here plan attending the big affair at the county seat.

Mrs. Foster has as her guest her sister, Mrs. T. N. Tourtelot of Cedar Rapids, Ia., who will be in Jerome several weeks.

Mr. R. S. Prager is in Boise for a few days transacting business.

AMERICAN SUFFRAGE CONGRESS IS PLAN

Project for Conference of Western Hemisphere on Question of Votes for Women.

NEW YORK, (AP)—An all-American congress of women suffragists is projected by Aletia Morcan, president of the National Women's union of the Argentine. Her proposal has been received here by Mrs. Carrie Chapman Catt, president of the International Woman Suffrage association.

"Mrs. Catt has not yet acted upon the suggestion but it is announced that she soon will do so. Signora Morcan proposes that the cooperation of the delegates of the various countries will encourage the discussion of the different problems raised relating to the position of women and will be the means of bringing forward suggestions for the ultimate solution of each difficulty."

"It is proposed," says Signora Morcan, "that we concentrate our energies on a general movement throughout the Americas in behalf of our ideas, being confident that the cooperation of the delegates of the various countries will encourage the discussion of the different problems raised relating to the position of women and will be the means of bringing forward suggestions for the ultimate solution of each difficulty."

"We hope that our sisters in the United States of America will give us their active support; the world wide prestige won by the part they have played in this movement and the result obtained makes them stand out as examples among the democratic institutions, and will be a sure sign of ultimate success of our work."

"Behind this conference, adds Signora Morcan, looms a larger hope of a Pan-American organization, which would stimulate mutual help among the all-feminist associations."

COCCHI TELLS OF MURDER OF RUTH CRUGER IN TRIAL

Court Room Crowd in Italy Horrified by Narrative of Confessed Criminal.

BOLOGNA, (AP)—The trial of Alfredo Cocchi, charged with the murder of Ruth Cruger in New York in 1917, has been interrupted to enable the court to examine American court records with reference to testimony given in the Cocchi case regarding Cocchi's wife.

There was a spirited exchange between Signor Bagnoli, president of the court, and Cocchi yesterday over the latter's change of attitude toward the crime, in which the ex-conv spoke vehemently in Cocchi's behalf.

Dispatches received yesterday from Bologna stated that Alfredo Cocchi had appeared before the court and jury and had declared that his wife was guilty of the murder of Ruth Cruger, a New York girl, who was slain in Cocchi's bicycle repair shop in New York City in 1917. It is evidently the purpose of the court to examine the record of the inquiry made in the case of Mrs. Cocchi by a New York grand jury which exonerated her.

Local Brevities

Dance at House Party

Members of the Juntemore Inn household last night participated in a house party. The program included cards and dancing. Lunch was served during the evening.

Four Pay Fines

Four violators of the city ordinance prohibiting parking of cars within 20 feet of a fire hydrant Tuesday paid fines of \$2.50 each assessed by W. A. Minnick, police judge.

Accounting for Checks

Persons who cashed checks or gave checks in payment for merchandise Saturday at the "Central Meat market" are asked to advise the manager of the fact in order that loss resulting from the loss of their Monday may be recouped. Out of the \$1,000 alleged to have been taken only about \$550 was cashed.

Same Two Building Permits

The following permits to build were issued yesterday by City Clerk W. A. Minnick: No. 10,000 for the erection of a three-story building 28 by 36 feet, one story, in the De Long block, to cost \$3,000; to J. E. White, for the erection of a one story frame building on lot 3, Golden Hill block, to cost \$1,500.

Trial Postponed Two Weeks

Trial of the city's action against Mr. Stevenson and S. D. Kessler, proprietors of the Central Meat Market at Shoshone street and Second avenue north, set for the police court yesterday morning was postponed until July 9, on account of inability of the defendants to present their case. The action involves alleged maintenance of a nuisance in connection with the meat market. The complaint was filed by the Street Commissioner E. V. Berg under terms for the health ordinance.

From Oklahoma for Vists

Mr. and Mrs. George H. Moeller, and Miss Florence Earle, of Butler, Oklahoma, are the guests of Mrs. E. V. Berg, at the merchant, 316 Fair avenue. Mrs. Moeller is the daughter of Mr. and Mrs. Merchant. Mr. Moeller is in the drug business at Butler, and is also president of the First National bank at that place. Miss Earle is a personal friend of Mrs. Moeller and is employed as teacher in the Butler schools. The visitors report excellent crops throughout Oklahoma, and state that wheat in that state is nearly all harvested.

CHICAGO, (AP)—The corn market was unsettled today, bearing crop conditions and a general opinion that peace had been amply discounted in advance contributing to the initial weakness. Opening prices which ranged from 3-8 higher to 5-8 lower with July \$1.77, September \$1.75 to 1-74 1/4 and December \$1.52 to 1-53, were followed by slight declines. Later the market crept away from the low level. Cuts signed vertically. After opening unchanged to 5-8 down, with September at 68 to 69 3/4c, the market sagged.
