FOE OF OUTLAW IN PIONEER DAY CROSSES DIVIDE

Death Ends Career of Commodore Perry Owens, Arizona Cattleman, Indian Fighter and Fearless Sheriff.

SELIGMAN, Ariz., (AP)—A romantic figure of Arizona's pioneer days has just passed in the person of Commodore Perry Owens, cattleman, sure shot, daring Indian fighter and fearless sheriff, who died here today.

With his long, waving hair falling over his shoulders, his pleasing personality and dignified carriage, Commodore Owens carried a splendid record over Arizona's tablets of history between his arrival in the state in 1852 and his death.

Owens was born in Indiana 45 years ago and came to Arizona via Texas, New Mexico, in 1858, to become range foreman of a cattle company at Navajo Springs.

Outraged Deadly Rifle

In a single handed battle with three Navajo Indians who had stolen the company's cattle, Owens killed the trio. Then followed numerous clashes with the red raiders, many of whom fell before his rifle. In 1865, when the Indians came to believe he bore a charmed life and gave him a wide berth, since, despite his frequent battles with them, he did not receive a single wound.

In 1866, when the Apache country was defying the law, Owens was elected sheriff, and, backed by Judge Robert E. Morrison, now of Prescott, he obtained indictments against 16 of the most notorious murderers and thieves.

While the grand jury was reporting the true bills, a dozen of the outlaws fled the country rather than face the new sheriff. The latter tracked three of the remainder to the Blue River and there, when they were resisting arrest, they fell before the guns of Sheriff Owens and his posse. One member of the gang, Finn Clinton, was trapped, captured and sentenced to serve ten years in prison.

Beals Doom of Trio

Perhaps Owens' most spectacular feat was one fought at Lolo, where the sheriff killed Andy Cooper, a notorious bad man and two companions. Owens had been told that the trio had taken refuge in a hole down the railroad tracks. He rode down to the door to the building, walked up to the door and rapped for admission, with his rifle held in his right hand at his hip. Cooper opened the door, attempted to draw his revolver, but the sheriff fired from the hip. Cooper fell badly wounded. At the same moment another shot rang out from behind from the gun of one of Cooper's companions, the bullet barely missing the sheriff's head. With his back to the second assailant, Owens threw his rifle over his shoulder and died. The outlaw dropped mortally hurt.

As the officer retreated a few steps he saw a man through the window maneuvering for a shot and again the sheriff's rifle spoke. The outlaw fell full to the floor and died within a few minutes. It was Cooper who had been shot first when he opened the door.

Then the fourth desperado made his appearance, running around the corner of the house with his revolver raised to fire, but before he could pull the trigger Owens shot and the last of gang died in his tracks.

Owens served but one term as sheriff of Apache county, but it was said that at the end of his tenure of office every outlaw in the county had been driven out, killed or arrested.

For a short while the ex-sheriff acted as an express messenger, but later he opened business on his own and died peacefully in commercial hours.

FACTORY WINS ITS WAY IN RESIDENCE DISTRICT

Shirtwaist Manufacturer Wins Favor of Exclusive Los Angeles Set with His Plans Embodying Innovations.

LOS ANGELES, (AP)—Residents of Los Angeles' most exclusive home district—the West lake—were shocked, when surprised and more shocked, to know just what to think, as the result of an announcement made here recently by the owner of the largest shirt waist factory in the city that he intended to construct a \$300,000 factory right in their midst.

When the project was first announced, home owners, picturing an unsightly, shabby building, rose in a body and prepared to fight the plan. But that was before the shirt waist manufacturer showed the architect's plans for the building.

According to the proposed plans, the building will have the appearance of a high-class apartment—hotel, or a school and is considered a decided innovation in industrial construction.

When asked to explain why he desired to move from the industrial district to the residence district, with his factory, the manufacturer said:

"It is not proper that a shirt waist factory should be sandwiched in between an iron foundry and a machine shop and it is not right that workers in my factory should be forced to walk to the smoke and soot which these establishments give off."

The building will be constructed U-shaped, and will be five stories in height and two of the interesting features will be a school of instruction for employees and a permanent exhibit of products of the silk industry from the raw silk to the finished articles of commerce.

To allow the construction of the building, it was necessary to secure approval by two-thirds of the property owners in the district and the manufacturer announces he has secured approval of 85 per cent.

Five Former Governors Now Wear Senatorial Toga

Five United States Senators in the present Congress were formerly governors of their respective states and all are mighty proud of the distinction. This new picture of the group was taken on the capitol steps at Washington Reading left to right, they are Senator Arthur Capper of Kansas, Senator Henry W. Keays, New Hampshire, Senator Walter E. Edge, New Jersey, Senator Augustus O. Stanley, Kentucky and Senator David I. Walsh, Massachusetts.

GOODS REACH NORTH SERBIA

Country Long Closed Has Again Been Opened to Assistance.

BELGRADE, Serbia, (AP)—Northern Serbia which for several months after the war was virtually isolated from contact with allied sources of supply is now receiving a steady stream of goods of all kinds. The supplies were brought in by way of Fiume as there is no through rail connection north from Saloniki across Serbia owing to the fact that the main north-south railroad in Serbia is still being repaired and hundreds of bridges are lying smashed beyond repair in the beds of the streams they once spanned. At present it is possible to get from Fiume to fifteen days to cross Serbia from Saloniki to Belgrade by motor truck and rail.

The American army food mission and the American Red Cross are daily sending truckloads of food, clothing and medical supplies into Northern Serbia from Belgrade. The American Red Cross in Northern Serbia has established stations at Curcija, Kragujevac, Palanka, Poshorovatz, Shabatatz, Petrovatz, Abrenovatz and Semendria, from which centers hundreds of smaller towns are served. At all these points American army doctors, American army nurses and former dough chaffeurs and motor transport men are busy.

PREDICTS HOTTER WEATHER

Bureau Sees Prospect for Fair and Warmer Conditions Generally.

WASHINGTON, (AP)—Weather predictions for the week ending Monday issued by the weather bureau today are:

Upper Mississippi and Lower Missouri rivers: Fair to good, with occasional showers Tuesday and Thursday, otherwise generally fair; temperatures will average about normal except during the shower periods.

Northern Rocky mountain and plateau regions: Generally fair; temperatures above normal except during shower periods.

Southern Rocky mountain and plateau regions: Generally fair; temperatures averaging above normal.

PLANTERS SUE AIRMEN FOR DAMAGE TO BEANS

California Attorneys Are Fuziled Over Questions Raised in Unique Action Against Aviators.

SANTA MONICA, Cal., (AP)—In an airplane collision in midair an "act of God" if not, can damages be collected for a crop which was damaged when the two planes fell? These are the questions that are puzzling attorneys for the Santa Monica Mountain Park company, owners of a large tract planted in beans, which was virtually destroyed recently as the direct result of an airplane collision.

Two aviators went up over Santa Monica on the night of June 25, when the flight ended in a crash landing. One of the planes was scheduled to land in the other, while both were in full flight. A third airplane circled a short distance away, bearing a camera and a camera man to take pictures of the "stunt." When the machines drew close to each other, they collided and the flight ended in a crash landing. The ground, they tore up a large plot that had been planted to beans. Several thousand people who had been watching the flight rushed to where the airman fell and it is alleged, contributed further to the bean crop's destruction by trampling down the vines.

New is to establish an airplane rescue fund to provide for the expenses of contemplating the feasibility of taking action against the aviators, who, they claim, were the cause of the destruction.

JAPAN SENDS MORE STUDENTS

TOKYO, (AP)—The department of education is planning to send eighty students to the United States and Europe this year to study trade and industry. No such large number of students has ever been sent abroad by the Japanese government and it indicates a determination to more closely observe conditions in foreign lands so that Japan may benefit by all forms of modern progress.

YUKON WANTS AIRPLANE RAGE

DAWSON, Y. T., (AP)—Alfred Thompson, member of parliament for the Yukon territory, has asked the dominion government to establish an airplane rescue fund to provide for the expenses of Yukon, Whitehorse and Edmonton.

Baking of Biscuits of Greater Moment Than Big Gun Fire

Imperturbable Chinese Cook Stays on Job Regardless of Shells.

PHOENIX, Ariz., (AP)—The baking of good biscuits for his comrades in the firing line was a matter of more importance to Tin Him, Chinese cook for Battery A of the 340th field artillery, than the bursting of any number of German shells about the dugout in which he pursued his culinary way. Tin worked in a Phoenix restaurant before he went to war.

This is the story of members of the battery, who have just arrived here from the battle zone. One day, say the artillerymen, a shell exploded at the mouth of Tin Him's dugout, but the cook still stirred his biscuit dough. A second and a third followed in its wake, and an artilleryman stuck his head through the hole to see what was going on.

"Get out of there, you fool," yelled the worker of guns. "Don't you know the Germans have the range?"

"Whaamall!" bellowed Tin Him in reply. "I gotta bakom biakit."

Arrests Socialists on Berlin Council

BERLIN, (AP)—The independent socialist and communist members of the executive council of the German soviet were arrested Thursday night by order of Minister of Defense Noske. They are charged with having been an influential factor in the leaders of the uprising in Hamburg.

Prussian Government Decides to Remain

BERLIN, (AP)—The Prussian government, having received a vote of confidence in the diet, has decided to remain in office.

PECKINPAUGH SURPASSES COBB'S BATTING RECORD

Also Breaks Tie for Runs Scored and Takes Place in the Front Row.

CHICAGO, (AP)—Roger Peckinpaugh, New York, with an average of .355, has destroyed by Cobb, Detroit, for batting honors in the American league, according to averages released today and which include games of last Wednesday. But Cobb has been out of the lineup all week. As a result, Peckinpaugh, a teammate, has worked up to a tie with the Georgian for second place with a mark of .358.

Peckinpaugh broke the tie which he shared with Fisher, St. Louis, last week for runs scored and is in front now with 41 to his credit. Cobb's illness enabled Roth, Philadelphia, to break the tie for total base honors, Roth has 107.

Gavvy Cravath, Philadelphia, by cracking out three home runs in a week leads the home run department, broke the triple tie for total base honors shared by himself, Doyle and Kauff, New York, and continued leading national league batters who participated in 20 or more games. Cravath's average is .408, acquired on 42 hits, made in 47 games.

Olsen, Brooklyn, leads the run makers with 35.

FISHERMAN FOR UNION

WRANGELL, Alaska, (AP)—Alaska labor Union No. 10 has been organized here with 75 charter members. Ninety per cent of the members are fishermen.

MADERO'S FOE REPORTED BACK

Man Who Furnished Brains to Plot Said to Be Again in Mexico.

MEXICO CITY, (AP)—Numerous rumors are afloat that Manuel Mondragon, called the intellectual leader of the coup that resulted in the overthrow and death of President Francisco I. Madero on Feb. 23, 1913, has returned to Mexico.

One report has it that the former federal general, one of Victoriano Huerta's ministers of war, has landed in the Yucatan region, after proceeding from Vera Cruz, after proceeding from Vera Cruz last month. Mondragon crossed into Mexico at a point near El Paso and journeyed south with the object of conferring with the former federal general Felipe Angeles, who is now campaigning with Villa.

The conference is reported to have been unsatisfactory, one version being that Villa refused to listen to offers Mondragon carried from Felix Diaz and threatened to shoot the emissary. Mondragon then is said to have reprocessed into Texas.

SAYS FINAL LEAGUE OF NATIONS DRAFT CHANGES

Acting Secretary Folke Makes Statement in Response to Request of Foreign Relations Committee

WASHINGTON, (AP)—Acting secretary Folke informed the senate foreign relations committee today that the draft of the final league of nations covenant showed some changes in wording from the version printed in this country.

The information was sent in response to a request from Chairman Lodge who said in requesting a re-print with corrections, that the differences apparently were due to inaccurate cable transmission.

"The changes are all verbal as far as I can see," said Senator Lodge.

COMPROMISE ON AIR FUND

Agreement on Appropriation of \$350,000,000 for Navy Planes Reached.

WASHINGTON, (AP)—Funds for naval aviation for 1920 were fixed today at \$35,000,000 under a compromise agreement reached by house and senate conferees. Secretary Daniels had asked for \$300,000,000.

NOTICE TO UNION MEN!

There is no fine or penalty imposed on any union employ for dancing at any of the pavilions in Twin Falls at this time.

GEO. BOWEN, Business Agt. of Building Trades Council.

We will close our yards at noon, July 3rd and remain closed for the balance of the week.

Yours for a Great Round-up,

Boise-Payette Lumber Co.
Gem State Lumber Co.
Home Lumber and Coal Co.
Nibbley-Channel Lumber Co.
Ostrander Lumber Co.

AUSTRALIAN MINES AND SMELTERS CLOSE

Large Supply and Small Demand Cause of Closing of Industry.

LONDON, (AP)—All but two of the Australian copper mines and smelters are reported to have been closed, down because of the large stocks of metal on hand and the very small demand.

The American Chamber of Commerce in London reports that this condition has raised the question in interested circles in Great Britain as to whether copper should be imported from the United States to the detriment of the industry in British dominions.

Copper from America.

Sixty per cent of the British imports of copper last year came from the United States and only a little over 9 per cent from Australia. War allocation of shipping spaces had a lot to do with this but there is a feeling in England that imports from the United States should now be kept down and preference given to the Australian product. This would be a further means of reducing Great Britain's adverse balance of trade with the United States.

STATES MAY WITHDRAW WHISKEY AS MEDICINE

Committee Inserts Provision After its Use in "Flu," Is Pointed Out.

WASHINGTON, (AP)—Under an amendment to the prohibition enforcement bill approved today by the house judiciary committee, a state would be permitted to withdraw, tax free, from government warehouses alcohol produced at industrial plants and needed by health authorities in time of epidemic.

In offering the amendment Representative Goodkinds, republican, West Virginia, called attention to the situation last year during the Spanish influenza epidemic and said in many cases physicians had used whiskey as the best and most available remedy.

Patent Medicine Provision

Another amendment approved by the committee provided that patent medicines containing more than one-half of one per cent of alcohol must be "unfit for use for beverage purposes."

Get in touch, through the classified, with your "prospects" in trade, finance, you know, a prospect is a possible buyer.

SYSTEM IN PERSONAL AFFAIRS

is as valuable as system in business.

Spend prudently—save regularly. Set aside a definite amount each pay day for your savings bank account.

Deposit this and make the balance answer for your needs. If your personal "budget" is well planned you will never miss the amount set aside.

Interest at 4 per cent added to your savings will accumulate to a tidy sum.

FEDERATION OF LABOR IS READY TO AID GERMANS

Samuel Gompers Says American Workmen Will Extend Helping Hand to Enemy If Found Worthy.

PHILADELPHIA, (AP)—The American Federation of Labor is ready to extend the helping hand to Germany if the Germans show themselves worthy," declared Samuel Gompers, president of the American Federation of Labor, in addressing today members of the organization at the launching of the cargo carrier Afol at the Hog Island shipyard.

"Do me this in an epoch-making event," said Mr. Gompers, "not only because of the purpose for which we are assembled, but also because of the signing of the peace treaty. At last the dawn of a new era has come for which you men labored in this the gravest of shipyards, and it performed marvelous tasks in helping our government and those of allied nations."

"We fought Germany, Austria, Bulgaria and Turkey, not from our desire to fight, but to rid their peoples of oppression from their masters and give them an opportunity for self-expression. If our former enemies will but show themselves worthy we will be glad to extend to them the hand of fraternity. Remember that the ideals of the American Federation of Labor are synonymous with those of the government."

RUSSIAN VETS ON U. S. SHORES

Transports Bring Detachment from Archangel and Mid-West Casuals.

NEW YORK, (AP)—The transport Von Steuben arrived here today from Brest, with 2920 troops, including a large detachment of the 389th Infantry, 25th division, which was drawn from Archangel, Russia. The transport Infanta Isabella arrived from Bordeaux with 1730 troops and the yacht Aphrodite came in with thirteen casual officers from Brest.

The French liner La Loraine from Havre with 487 casual troops on board, arrived early today. They are from New Jersey, Oklahoma, Arkansas, Tennessee, Georgia, Ohio, Virginia, North and South Carolina, Indiana, Texas, New York, Missouri, Illinois, West Virginia and Iowa.

Other units of the Von Steuben detachment of Company B, 524th engineers, Company G, 24th engineers, 37th depot service company; casual companies organized from men living in Arkansas and scattered points and discharged soldiers. Brig. Gen. Barry G. Bishop was among the returning casuals.

On board the Infanta Isabella were detachments of the following units: 329th butchery company; 8th army service corps band; 64th camp hospital; 25th depot service company; 834th, 855th, 861st, 362nd and 807th companies, transportation corps; 118th supply train, headquarters detachments and companies A to F, inclusive, and scattered casuals.

MEXICAN TROOPS STOP WORK ON FOREIGN WELLS

Armed Soldiers of Carranza Government Threaten the American Drillers.

NEW YORK, (AP)—The National American Rights in Mexico has received information from private sources in Mexico that the Mexican government has sent troops to stop the drilling of wells in the properties of foreign companies in the oil fields. The drilling work of two American companies already had been stopped by armed soldiers of the Carranza government who surrounded the wells and under threat compelled the American drillers to stop work, the advices say.

The United States protested against the confiscation of oil lands by the Mexican government in April, 1918, the association says and Great Britain, France and Holland joined in the protest against confiscation of oil fields owned by their nationals.

SUFFRAGE IN NEBRASKA NOT SUBJECT TO VOTE

Supreme Court Affirms Decision Restraining State Officials from Submitting to Referendum.

LINCOLN, Neb., (AP)—The Nebraska supreme court on Saturday handed down an opinion affirming the decision of the Lancaster county district court here granting an injunction to suffragists restraining state officials from submitting the state's partial suffrage law to a referendum vote. The district court's decision was handed down several months ago after suffragists attempted to have the suffrage law submitted to a referendum.

Don't be content with an undesirable furnished room—for in the classified you will find good ones advertised.

Uncle Sam Strikes Quick as Mexicans Threaten

Uncle Sam in 1918 and Uncle Sam in 1919 is something else again, as has been found out by Mexican revolutionary leaders. Pancho Villa in particular, stry bullets from Mexican guns killed one and injured several Americans in El Paso, Texas, across the Rio Grande from Juarez, Mexico, who Maj. Gen. De Rossey C. Cabell, commander of the U. S. border guard, ordered an advance of American infantry, cavalry and artillery across the Rio Grande at five points on the Mexican side to meet the Angulo-Villa troops which were then advancing on Juarez.

SEASON AT HEIGHT IN CANTALOUPE DISTRICT

Imperial Valley This Year Produces 8000 Carloads or One-third of Production in United States.

EL CENTRO, Cal., (AP)—The cantaloupe season for Imperial Valley now is in full swing and the melons are being shipped to all parts of the United States and Canada. Figures just made public by the United States bureau of markets show New York is consuming 25 carloads a day of 337,600 cantaloupes. San Francisco is buying six carloads daily and Los Angeles ten.

The valley's acreage of 14,000 is the largest cantaloupe growing district in the country. This year's crop, it is estimated, will be fully 6000 carloads, or one third of the entire production of the United States.

PLAN DIVISION OF FLEET

Pacific Commander to Hoist Flag on Battleship New Mexico.

WASHINGTON, (AP)—Actual division of the United States fleet into Atlantic and Pacific forces will begin next Tuesday at New York when Admiral Hugh Rodman, as commander in chief of the Pacific fleet will hoist his flag on the battleship New Mexico.

Immediately afterward the battleships, destroyers and auxiliaries assigned to his command will start moving to the Hampton Roads for concentration before sailing for San Francisco about July 17.

Christian Service on Coliseum Site

Rome Pays Tribute to Italian Boy Scouts Killed in Action.

ROME, (AP)—On the very site where one Christian was offered as the prey of wild beasts to amuse the Roman populace in the Roman coliseum, a Christian service has at last been held. It was celebrated recently in memory of the boy scouts of the Italian army who had done messenger service at the front and were killed in action. The altar used for the service was one which had been carried by the Italian armies throughout many campaigns in the Alps and was placed in the west end of the coliseum. The service was presided over by Monsignor Bartolomai, who held the rank of general in the Italian army, being the chief chaplain to the Italian forces.

EPWORTH LEAGUE DAY CELEBRATED AT MEET

William Jennings Bryan to Be Principle Speaker at Centenary Exposition Temperance Observance.

COLUMBUS, O., (AP)—Members of the Epworth league of the Methodist Episcopal church, both north and south, are celebrating Epworth league day on the Methodist Centenary exposition today. Speakers scheduled to deliver addresses during the day include Bishop A. W. Leonard, and the Rev. Dr. S. A. French, first general secretary of the Epworth league of the Methodist church and Rev. W. I. Havens, one of the organizers of the league. The observance day will be inaugurated on July 1 at the exposition. Wm. Jennings Bryan will be the principal speaker. Centenary officials are planning a patriotic demonstration on July 1.

Confederate Memorial Day. April 26 is celebrated in Alabama, Georgia, Florida and Mississippi as Confederate Memorial day, a day that corresponds to May 30 in the North. The day was established by a woman from Georgia, Mrs. Ann Williams, who, in a letter printed in the Columbus Times in 1866, called upon her fellow citizens to observe the following April 26 as a day "to breathe the graves of our martyr-dead with flowers."

Wishing is Not Willing. The power of the human will has been discredited because we have so often substituted mere wishing for determined willing. A desire is one thing, and a decree is quite another in the matter of self-government.

Not much expense and not much delay involved in getting results from classified advertising.

MEMORIAL FOR ENGINEERS PLAN

Men Who Put in Panama Canal Will Be Remembered with Building.

ANCON, Canal Zone, (AP)—A memorial to the engineers who built the Panama canal to be erected in the form of a building containing assembly and library and museum facilities, was endorsed at a meeting of the Panama Electrical Engineers. It is intended to enlist the cooperation of the national engineering societies. It is believed that a site overlooking the canal will be granted by the United States government.

WOULD SPREAD BENEFIT OF LANE LAND MEASURE

Utah Governor Urges Favorable Action on Proposed Legislation to Provide Farms for Soldiers.

WASHINGTON, (AP)—William Spry of Salt Lake City, Utah, urging favorable action on Secretary Lane's proposed legislation to provide farms for soldiers and sailors, before the house lands committee, declared that every state would receive benefits from the legislation, and urged early action.

Requests of persons interested in the Iron Canyon reclamation project in northern California for an opportunity to present their views on this project, were denied by the committee holding that it would not consider special projects as its efforts were centered in general legislation.

DONT LOSE YOUR CAB!

Park it at the Saturday Sale ground, inside the high board fence, during the Roundup. Open day and night. Price reasonable.

EXPENSES OF GERMANS' PEACE DELEGATES HEAVY

Bad State of Tension Exchange Requires Payment to French of More Than 200 Marks Daily.

BERLIN, (AP)—The financial authorities who have been entrusted with the paying of the German delegation's bills at Versailles have discovered today that the expense for the 250 delegates, experts, clerks and stenographers just for living only, for five weeks, totals a quarter of a million marks. This naturally does not include the personal expenses which in themselves are very considerable.

This great expense is due partly because of the bad state of the German exchange which is less than one-half that of the French franc, so the delegates must pay the French more than two hundred marks daily apiece.

AIRMAN BEARING PEACE NEWS FALLS TO DEATH

Plane Goes Down Near First Division Headquarters Overseas Allowing Officer Carrying Papers.

COBLENZ, (AP)—Captain Walter Schulte, of Chicago, Ill., a member of the 135th aero squadron, was killed Saturday evening when an airplane in which he was distributing an extra edition of the Amawoo News, the soldiers daily newspaper, announcing the details of the signing of the treaty of peace, fell near Montabaur, headquarters of the first division.

SOLDIERS AND CIVILIANS CLASH

LONDON, (via Montreal) (AP)—Serious street fighting occurred Friday at Working, Surrey, between Canadian and British soldiers and civilians. The Canadians came from the camp at Whitley.

NEW YORK RESERVES INCREASE

NEW YORK, (AP)—The actual condition of clearing house banks and trust companies for the week shows that they hold \$64,077,130 reserve in excess of legal requirements. This is an increase of \$33,668,604 from last week.

OPPOSE SCHEME TO CUT TARIFF BOARD MONIES

Senator LaFollette One of the Leaders Against Proposal of Committee to Eliminate Commission Appropriation.

WASHINGTON, (AP)—The appropriations committee proposal to eliminate all funds for the tariff commission in the sundry civil bill met with bitter opposition Saturday, several senators declaring that the purpose was to kill the commission by indirect action. Chairman Warren of the committee, denied this, however, explaining that it had been intended to have the size of the appropriation worked out in conference.

Referring to the senate's previous action in reducing the appropriation for the federal trade commission, Senator LaFollette, republican, of Wisconsin, declared there had been heard on the floor expression among senators that this was a good time to take a swipe at the commission and teach it not to go too far.

Says Investigation Benefits. "The federal trade commission is the best product of the Wilson administration," said the senator. "It has done good, and the best thing I have done is its investigation of the packers organization." Testimony before the senate agricultural committee as to the packers, he said, some day would be "thrown on a screen" for all people to see, but he added that the time had not yet come to show just what had been said there.

COMMERCIAL BODIES TO TALK ON FREE PORTS

Member of United States Tariff Commission to Explain Reasons for Proposed Move.

NEW YORK, (AP)—Representatives of chambers of commerce, boards of trade and other commercial organizations of San Francisco, Philadelphia, New Orleans, Baltimore, Savannah, Chicago, Boston, St. Louis, Detroit, Cincinnati, Oakland, San Diego, Seattle, Tacoma, Newport News, Mobile, Memphis and Bellingham Wash., met here today to discuss the proposed establishment of free ports in the United States.

William Kent, member of the United States tariff commission, was invited to attend the meeting and explain the reasons which led the commission to report in favor of establishing free ports. He also was expected to describe the provisions of the Sanders-Shepherd free zone bill, now pending in congress.

The Perfect Oil for Cooking and Salads

Why Mazola Saves Money in Cooking and Makes Food Better

ONE of the most important things Mazola does for cooking is to take the place of butter. In frying or shortening it gives the finest results. And, pound for pound, it costs considerably less. Foods cooked with Mazola, or in which Mazola is used, are wholesome, healthful, very easy to digest. Use 1/4 to 1/2 less Mazola for shortening than butter or lard. In frying, use Mazola over and over again to the last drop—it never absorbs odors or flavors. No smoking—no soggy cooking.

FREE Wonderful Cook Book. Write today for it.

CAUGHT IN OWN DEVICES

Individually Tuesday may be your lucky or unlucky day; just as you feel on the question of prohibition.

Thus it is that tomorrow one of the most infamous institutions; one of the least law-abiding and certainly the one most degrading institution any nation has permitted to exist.

The American saloonist himself is responsible for his downfall and the condition that has deprived him of his business.

All reports from the Willard camp are belittled, in fact. They tend to the constant stream of similar statements that exuded from the Jeffries camp prior to the day he entered the ring with Black Jack Johnson.

SEARING THE COAT

It is a good principle to be applied to the problem of paying the war debt that those who have benefitted most by the war should pay most.

While it is undeniably true that some have profited financially in supplying the needs occasioned while the great conflict has entailed sacrifices to others, it is the fact in a large sense that we have all benefitted as a result.

In the light of this self-evident fact the refusal of Austen Chamberlain, chancellor of the British exchequer, to consider a proposal of the Labor party to assess a major portion of the country's war debt of \$40,000,000,000 against all who own more than a certain amount of the nation's wealth is no doubt justified.

The question calls for a nice determination not only as to the ability of each individual to pay but as to the effect that a disproportionate drain on one element of society must bear in reference to the problem of bringing the finances of the nation back into order.

and less of begetting generally would prove most beneficial in the solution of this, as of other problems not confined to England.

BITS OF SPORT

The District government expects to start work during the present week on a baseball lot and athletic park.

Even with Long Gene Dale pitching the tightest sort of baseball in the power of mortal man to twist, the Salt Lake team will win \$15,250 (\$1,750) and \$7,500 (\$1,250) in cow, August Saturday. Boats, principally.

The Salt Lake club is blessed with one of the snappiest and sweetest shortstops extant. The player is Ernie Johnson, faster than whom there is not a short fielder in major or minor league circuits.

Beauty of the Dawn. It is at dawn that the world awakes rested and refreshed from a night's sleep as a man awakes rested and refreshed from good slumber.

If you were looking for a position you would read the classified. If you are looking for help, use the classified.

TRIBUNE WRITER TAKES STAND IN FORD LIBEL SUIT

Author of Editorial Basis for Automobile Maker's Million Dollar Claim Denies Animus Against Plaintiff.

MOUNT CLEMENS, Mich., Clifford S. Raymond, author of the editorial which is the basis of Henry Ford's \$1,000,000 libel suit against the Chicago Daily Tribune, took the witness stand today when hearing of the case was resumed after a recess since last Thursday.

Questioned by Attorney Waymouth Kirkland of counsel for the Tribune, Mr. Raymond said he had been on the staff of the Tribune since 1898.

"You wrote the editorial complained of in this case," asked Mr. Kirkland. "I did," answered the witness. "You had no animus against Mr. Ford?"

Names Active Publishers. Mr. Raymond testified that the active publishers of the Tribune are Joseph M. Patterson and Joseph Modill Patterson. He said he had never received instructions of any kind from the mothers of the publishers to control the stock of the Tribune company.

Witness on further questioning testified to further knowledge of Mr. Ford's pacifist views and many of his utterances opposing military preparedness. "Did you know on June 23, 1916, when the editorial was published, that Mr. Ford had said that the word 'murder' should be embrodered on the breasts of soldiers,"

"I know such a statement had been attributed to Mr. Ford." Says No Oudun Influence. Mr. Raymond testified that he had never seen the most remote trace of Standard Oil or International Harvester influence in the Tribune office.

"Who wrote it on the Tribune that decided to adopt a policy of intervention in Mexico?" asked Mr. Lucking. "To my best recollection it was Captain Patterson."

"And what was the first editorial on the subject?" "I believe it was headed 'After Hours—What!'"

Says Retraction Printed. Mr. Raymond testified that he conferred with Tiffany Blaker, chief of the editorial department before writing the editorial of June 23, 1916, headed "Ford is an anarchist."

"I wrote the heading," said the witness. "Was it referred to Colonel McCormick?" "I don't know." "Anyway it was written deliberately?" "Very."

"There never was a retraction printed?" "Yes, I think so." "What, editorially?" "Yes, editorially." "Do you recall it?" "Do you recall it?" "Do you recall it?"

"No, I did not know it till about three months ago. I was not consulted." "Did you not say to friends that the suits would be worth \$2,000,000 in advertising to the Tribune?"

If you own a lot and need some money, find a buyer through the classified. The classified columns solve a wide range of selling problems for you.

COMMENT, BY AND LARGE

Pertinent paragraphs on current events, official acts and the general trend of events, at home and abroad. Edited by Captain C. L. Longley.

A BEAUTY SPOT

If any one of the hundreds of auto driven out of Twin Falls daily "just for a ride," should be directed south along the line of the water main, and when near the low-line canal, turned east, just after passing the settling basin and other water works structures, its occupants would be suddenly brought upon a beauty spot which we venture to say cannot be excelled, of kind or character, in the United States—or anywhere else, for that matter.

Across the ten rods roadway front of a neat but unpretentious farm house, itself embowered in trees, is certainly the greatest and most beautiful display of blooming roses ever seen, California and the rose growing south not excepted. This effect is produced, not by a "rose garden," where canals, but mod and trained, rose bushes stand at mathematical distances from each other, each bearing one to a dozen very perfect blossoms, but by a single row of color in a magnificent double column.

The ranch is owned and occupied by Mr. and Mrs. E. J. Evans who evidently make flower growing their recreation, and who were enjoying it among the roses when the occupants of one passing auto exclaimed in concert at the unexpected vision. "Wouldn't you like a bouquet?" called out Mr. Evans, and five people were soon scattered along the wall of bloom, uttering new expressions of surprise and delight at every step.

The finest varieties of roses in the land, both bush and climbers, are here in endless profusion; and are readily pointed out and named by our volunteer hosts as they pass along cutting for their visitors here a choice bud, there a magnificent full bloom, and yonder a grand spray, until each and all have an armful of beauty and fragrance. And the result of the blooming array is such that this might be done—in fact, is done—a dozen times in succession without the slightest apparent diminution of the supply.

The fact is, this rose phalanx cannot be adequately described. Massed clusters of roses sweep the ground, they wholly cover and hide the homely yard fence; they flank their banners above the arched gateway—they just dominate the entire scenery and remain blazoned before your mind's eye long after they have disappeared from natural view.

More Overseas Men Return. BOSTON. (AP)—The transport Finland, with 2,545 troops and 235 civilian employes of the war department, arrived today from Brest. On board were the third cavalry; battery B of the Third field artillery; batteries A and E, and headquarters company of the 78th field artillery; 310th and 134th engineer train; a detachment of the 94th infantry; seventh army corps sanitary train; headquarters field hospital No. 153 to 158 with ambulance companies 153 to 155; 418th motor transport supply train; headquarters motor transport company 469, 471, 472, 473; company B sixth supply train; and nine casual companies from Brest and St. Aignan.

The Disps sent of the United States government is about to be closed. Speaking about a proposed "Wilson peace medal," a London paper says

IN THE DISTRICT COURT

Of the Fourth Judicial District of the State of Idaho, in and for the County of Twin Falls.

Notice is hereby given, that the Miskelwite Ranch Company, a corporation formed under the laws of the State of Idaho, has presented to the above entitled court its petition praying to be allowed to disincorporate and dissolve, and that Saturday, the second day of August, 1919, at ten o'clock in the forenoon, or as soon thereafter as the same may be heard, has been appointed as the time and the Court Room of the District Court, in and for the County of Twin Falls, State of Idaho, as the place at which said application is to be heard.

In witness whereof, I have hereunto set my hand and affixed the seal of the district court aforesaid, this 30th day of June, 1919.

C. C. BIGGINS, Clerk. By C. L. BOWEN, Deputy. (Seal) WALTEBS & HODGIN, Attorneys for Petitioners.

MOTHERS MAKE PLANS TO FETE SERVICE MEN

Elaborate Preparations Under Way for Soldiers' Entertainment Thursday.

Elaborate plans are being made by the War Mothers society for the entertainment of the service men on July 3, which has been officially designated Service Men's Day.

Local Brevities

Singer to Open Studio—Mrs. R. M. Earl, who sang at the band concert on Thursday is a recent arrival from Salt Lake where she has been prominent in musical circles.

Donations Requested—Mrs. T. H. Irwin, president of the War Mothers, announces that all those who wish to contribute provisions, or anything that will be needed for the service men's dinner in the park on July 3 will please have such contributions at the Methodist church basement on the morning of July 3.

Returns from East—The Rev. Elmer Grant Keith, pastor of the Methodist Episcopal church, has returned from Iowa, where he was called to assist in Centenary matters. While in the east the minister attended a celebration of the centenary at Columbus, Ohio, being present at the opening ceremony. Tomorrow morning the Rev. Mr. Keith will occupy the pulpit at the First Methodist, preaching at the 12 o'clock services, and will participate in religious services in the city park during the evening.

Total of Fourteen.

Put your mathematical friend to the test by asking him to name five nine-figure figures, when added together, total 14. After he has given it up set down for him three ones and the figure 11. If he argues that 11 is only one figure, tell him that 11 is made up of two figures. If that solution doesn't satisfy him give him this one: Four ones equal four. Set down another one in front of the four and you have fourteen.

Cultivate Confidence.

The man or woman who ventures much, may fall often, but he will achieve progression to those very failures because he kept on going on a stepping stone to higher effort. But the man or woman who quibbles, reconsiders, hesitates and weighs every gain against a greater loss, is a pessimist indeed, because his very attitude of mind counts that condition which he should avoid.—Exchange.

The Beaver's Memory.

For generations beavers flourished in the rivers of France till killed off for their furs, and they are now known only on the Rhone, near Avignon, where for three centuries there have been no trees to cut down. The animals consequently burrowed in the banks, but when transferred to Poland at once resumed the tree-cutting habits dropped by their ancestors 500 years before.

Eggs of Various Kinds.

The turtle living in the Orinoco lays eggs which are extraordinarily rich in oil. The Indians in British Guiana collect 25,000,000 yearly for making oil. The eggs of many sea birds are excellent eating. The best of the lot is said to be that of the "murre," a bird which is very common on the Labrador coast.

To Restore Tired Eyes.

If the eyes are very tired and one specially wishes them to be as bright as possible, it is quite helpful to lie down for half an hour with the eyes closed, and a folded handkerchief dipped in cold water, in which borax and salicylic acid powder is dissolved, laid over the forehead and eyes. This can be repeated as soon as the cloth is warm.

More Fun for the Guests.

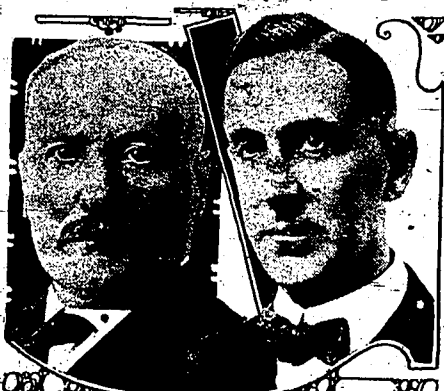

The newlyweds had finally escaped from their friends after much rice throwing, etc., and were speeding on their way in a taxi. But alas! the policeman discovered that he had left every cent of his money behind and they had to go back for it, much to the merriment of the wedding guests who had not yet departed.

One-Sided Humor.

After the company had gone, Mrs. Mason said to her husband, "What an earth did you mean, John, by telling the humorist that humor was positive, but not negative?" "Meant," said Mr. Mason discreetly moving toward the door, "that you could make a joke, but couldn't take one!"

Court Officials at Trial Of Non-Partisan Leaguers

JUDGE E. C. DEAN •• ATTY. E. H. NICHOLAS

Judge E. C. Dean and County Attorney E. H. Nicholas, who will be next to the defendants, the most prominent figures in the trial at Jackson, Minn., beginning June 23, of A. O. Townsend, president National Nonpartisan League, and Joseph Gilbert, who was national secretary of the league. They are accused of acts alleged to be in violation of the Minnesota anti-disloyalty law.

Guard the Thoughts.

"Thoughts are things." We do not see them as they fly hither and thither at their work, but neither do we see the disease germs of the street and those that are inhaled in shop and car. The frightful, gloomy mood, the discontent and pessimism that steal away courage and hope, are things that we can no more keep wholly to ourselves than we can keep a contagious illness if we carry it among our fellows. Fretfulness makes others frettable, and gloom, like a pestilence, will make itself felt through the entire family.

Seek to Realize Ideals.

The life that is a "comer" is charged with energy. The best plans in the world must be worked to make them productive. Life with ideals is something, but it is the ideal-plus active application that brings the fruits. Many a fellow with small ability, but that ability consecrated to a definite purpose, rises to merited recognition in life. When today's efforts forecast tomorrow's activities there is a continuity that produces rounded character and symmetrical development.

How Mangrove Travels.

Trees have many methods of traveling and one of the most unique of these is used by the mangrove tree which walks in water. It is not uncommon to see a mangrove standing knee-deep in the water, with numerous arms reaching downward from the upper limbs. As soon as these take root, a new tree is started; thus the mangrove is said to walk.

COURT NOTES

In the court of Judge O. P. Duvall late Saturday afternoon Damon Smith, a Rogerson rancher and former ditch rider, accused, with tampering with water measuring devices, was acquitted after trial before a jury. The jury was out only a few minutes and was unanimous in its finding.

A decree of divorce has been granted Lillian Mae Kenner from Perry L. Kenner by Judge W. A. Babcock of the district court. The complaint alleged non-support. The defendant is a barber by trade. There was no contest.

Judgment to quit title to lots 20 and 21, block 55 of The Park townsite, has been awarded J. S. Keel against J. M. Maxwell. Judgment was awarded Saturday afternoon by Judge William A. Babcock of the district. The defendant defaulted.

W. E. Friebe, a local business man, paid a fine in the court Saturday afternoon for alleged violation of the traffic ordinance. He was formally accused of speeding. The fine was imposed by Magistrate W. A. Minnick.

The Filer Seed company has filed actions against R. F. Mosley, W. W. Wilcox, C. C. Cobb and O. L. Lichten. The amounts run from \$11.54 to \$250.41.

Kitty Dickman, arrested on charge of agency, was on Saturday afternoon ordered to leave town. The charge professed was vagrancy. The woman claimed Rupert as her home.

Lieutenant Thorp Becomes Benedict Returned Army Man—and Miss Nellie Bullis Are Married at Noon Today.

At noon today Lieutenant John E. Thorp and Miss Nellie L. Bullis were joined in wedlock, the Rev. Asher B. Brand, pastor of the First Presbyterian church, officiating. The ceremony was performed at the residence of the Rev. Mr. Brand, Second street and Fifth avenue north, and was officiated by witness by Mr. and Mrs. C. E. Booth.

Lieutenant Thorp returned from service in France, where he saw plenty of active service. He was mustered out of service at Fort D. A. Russell, Wyoming, during the past week and returned to Twin Falls, his home, with the contingent of Twin Falls service men Friday evening.

The bride is a sister of C. E. Bullis and Mrs. C. E. Bullis has been employed in the Booth Mercantile store a number of years. The couple will make their home in Twin Falls.

The Crucial Test.

Of course, Algeon, there is a legitimate way to learn whether your sweetheart's complexion is natural or applied. Rub it with a wet rag, then, look at the rag.—Galveston News.

NOTICE

To the Stockholders of the Twin Falls Canal Co. I have been instructed by the board of directors to notify you that our storage water will be exhausted on the night of July 2nd, 1919.

After that time delivery will be made on basis of the natural flow only, which will enable delivery to be made on a basis, as far as we can determine now, of 30 or 35 per cent.

After July 2nd, we will publish daily reports of the amount of water that will be diverted into our canal so that the stockholders may be advised of the situation.

Regarding the report in circulation that the Jackson Lake Reservoir was drawn down during the fall and winter: The board desires to state that there is no foundation whatever to this report.

The board urges the stockholders to take every possible advantage of the water they will receive and advises that the prospects are that the flow of the river will fall below the present height before there is any increase.

Very respectfully yours, TWIN FALLS CANAL COMPANY, B. W. O. Taylor, Secretary.

Guard the Thoughts.

"Thoughts are things." We do not see them as they fly hither and thither at their work, but neither do we see the disease germs of the street and those that are inhaled in shop and car. Fretfulness makes others frettable, and gloom, like a pestilence, will make itself felt through the entire family.

Uncovered Fine Sapphires.

In 1822 there occurred in the Slida Pass, of the Himalayas a great landslide, which uncovered a wonderful sapphire-bearing deposit. From the latter have since been obtained many of the finest existing sapphires. Aside from this deposit the most important source of fine gem stones of the kind is a district in Ceylon.

COUNCIL TO CONSIDER COST OF SPRINKLING

Roll Covering Street Watering for Council Tonight. Will Be Among Matters

Numbered with the more important matters to be brought up for consideration at tonight's session of the city council is the sprinkling roll for the ensuing year. City Engineer E. V. Berg has prepared a roll covering the entire sprinkling district of the city. The roll calls for an expenditure of \$12,000.07 for the season.

According to authorities these figures are higher than last year's roll, are particularly reasonable in view of the increased costs that enter into this class of labor. It is expected the roll will be officially accepted and authorized by the council without debate. It is probable that an ordinance will be presented calling for bids covering construction of sewers over the south side improvement district. In addition it is expected an ordinance will probably be submitted calling for contract figures on further paving about the city. Outside of these important matters the meeting is not expected to develop any great amount of interest. Mayor W. H. Eldridge will preside.

The Seven Seas.

In ancient times the expression, Seven Seas, meant the waters known to the civilized nations, particularly those known to the Greeks and the Romans, for instance, the Mediterranean, the Adriatic, the Aegean, the Ionian (part of the Mediterranean), the Red, the Black, and the Caspian. In modern times it is a poetical and not untruthful expression denoting the world's great oceans and seas, seven being the mystical number signifying completion or perfection—the high seas generally.

Fewer Walking Sticks Used.

Not as much timber is being made into walking sticks as in days gone by. About two generations ago no gentleman was considered fully dressed for the street unless he carried his stick. Now it is almost as unusual to hear of a man being presented with a gold-headed cane as with a silver or tortoise-shell snuff box.

The merchant who can sell it at a lower price will not neglect to tell you about it in his ad.

BERLIN AGREES TO CUT PRICES

Government Tells Strikers Food Costs Will be Reduced Materially.

BERLIN, (AP)—Under an agreement with the railroad strikers, the government proposes a reduction in the price of foreign, especially American, food, totaling 1,000,000 marks, to be distributed and charged to the empire's free states and communities.

Half a pound of American flour now costs two marks, twenty to fifty percent higher, and in future will cost from eighty to eighty-five pfennig. A quarter of a pound of rice which now costs three marks will be reduced to two. Corn will be lowered from two marks, twenty pfennig to one mark, ten pfennig, and one mark, thirty pfennig. The price of foreign meats will be cut down from eleven marks to four marks. Fifty-five pfennig per pound of foreign potatoes also will be cheaper under the new system.

Personals

Helan Tracy and son motored to Halley Sunday.

Mr. and Mrs. Samuel Hart made a trip to Richfield Sunday.

Mrs. G. M. Hall of Hollister was a week end visitor in Twin Falls.

W. G. Reed and family spent Sunday at Hagaman on a fishing trip.

BRADSTREET SAYS WHEAT CROP OUTLOOK IS GOOD

Slight Damage from Rust and Smut Reported; Corn Crop Is Backward.

Except for slight damage in a very few sections, occasioned from rust and smut, the country wheat crop is in good shape, according to Bradstreet's latest report. The report says: "Winter wheat is in generally good condition, with some damage from rust and smut in Kansas and rust in Nebraska. Deterioration and light heads are reported in extreme southern Indiana and Missouri. Harvesting is progressing in Oklahoma, finished in Texas, beginning in southern Kansas and well along on both sides of the Ohio valley. In Illinois it has progressed one hundred miles north of Chicago. Spring wheat is making good growth, except in western North Dakota and southern Montana, where heat and drought have retarded progress. The temperature at Miles City, Montana, on June 16 was 104. The government report shows large percentages of increase in spring wheat acreage in central states.

Concerning the outlook for a corn crop Bradstreet is not as optimistic as over the wheat situation. The report tells of damage by cutworms in Illinois and Indiana, with such sections as Iowa, parts of Missouri and Iowa, parts of Missouri and Iowa, where it has been too wet. Cultivating is being done in Illinois, Iowa, Indiana and Ohio. At the present rate of growth intensification will be largely overcome within a few weeks. Cutworms are damaging the crop in Illinois and Nebraska, and army worms are doing damage in Illinois and Indiana. Ear-earns are appearing in southern sections, the plant is tasseling in southern Oklahoma.

NOTICE OF STOCKHOLDERS MEETING

The regular semi-annual stockholders meeting of the Idaho Department Store Ltd., will be held at the office of the company on Monday, July 7th, at eight p. m.

(Signed) D. D. ALVORD, Secretary.

HEYBURN

RUPERT

(Special to The News) RUPERT — A Fourth of July celebration will be held in Rupert. It will be one of the largest and best ever held in the county. The principal games will be played between Rupert and Burley. Hundreds of people from the towns of Burley, Paul, Hoyle, Burley, Aconia, Alexander, Kinnaman and other places are expected. One thousand dollars worth of fireworks his arrival to be set off in the evening. Stunts by the returned soldiers will be the feature of the day. Water for irrigation purposes on the Minto project will be set down from thirty-five to forty per cent on July 10th on account of shortage. This project has never before suffered from shortage of water, and it is thought that by the tenth the crops will be far enough advanced that it will not affect them.

A local hardware and furniture store owned by I. W. Greaney was entered the other night by a back window and \$200 worth of cutlery and guns were stolen. No clue to the robbers has been found.

Mrs. O. P. Allen and daughter, Eleanor, went to Eden, Idaho, Tuesday, where they will visit Mr. Allen's sister, Mrs. H. A. Painter and family a week.

Mrs. M. J. Ford arrived home Tuesday from Pocatello, where she spent a week visiting her mother, Mrs. M. J. Thompson and son Clifford departed last Sunday for an extended visit in the east. They will spend the summer visiting relatives in Colorado, Idaho and other sections.

Mrs. J. E. Wilcox, who has spent three weeks here visiting her daughter, Mrs. W. C. Roberts, returned to her home at Montpelier, Idaho, Tuesday.

Mrs. William Hoos and two children returned to Kimama Tuesday. They have been stopping at the Cottage Hotel for the past week owing to the illness of Mrs. Hoos' baby, who has been under the doctor's care. It is getting along nicely.

J. J. McElroy and A. Thomas left on Tuesday for the Lava Hot Springs, where they will spend a week at the resort.

Mrs. Mamie Adamson arrived Sunday from Provo, Utah, for a short visit with her sisters, Mrs. C. A. Jones, Mrs. T. L. Wilson and baby and Mrs. A. P. Shenck and children arrived from Great Falls, Montana, the last of the week. They will visit their father, G. B. Perry, here until Friday, later they will make their home with them at Spokane. Mr. and Mrs. Kelly have been visiting relatives a month.

Miss Crockett, Dolores and Miss Ell Tyler accompanied by eight other young ladies drove to the Jackson bridge last Monday evening, leaving at 6:30 and returning at 10 p. m. They had a jolly time trying to beat a camp fire and having a picnic dinner and going in bathing in the river. Besides the drivers the party consisted of Misses Edith Crockett, Dolores and Leta, Betty Smith, Hazel Nelson, Mary Lou Ford, Dolly Schefel and Grace Downing.

Mr. and Mrs. C. R. Schenkelton, cousins of Miss Belle Hall, have arrived from Chicago, Ill. They spent Tuesday in Paul, the guests of Mrs. Ruth Nelson. The last of the week they will leave for a trip through the Yellowstone Park. Mr. Schenkelton will then return to Chicago and Mrs. Schenkelton will make an extended visit here with relatives.

BLOUSE THE CAPE IN FIRST FALL STYLE

Capes are due for much popularity in the fall and winter and this first new fall style shows. The barrel silhouette with a bloused neck is the feature. The material is of blue satin, trimmed in rows of silk fringe.

CALL FOR RECRUITS ON MEXICAN BORDER

War Department Orders Enlistments for Early Service Along the Rio Grande.

Authorities in charge of the Twin Falls military recruiting station have received instructions to recruit for military service on the Mexican border. The service is to be organized in Infantry, cavalry, field artillery, engineers, medical corps, signal corps, air service and quartermaster corps. Men without prior service must enlist for three years, previous service men may enlist for one. This is an urgent special assignment and candidates for the service will not be required to train at an army post any length of time. The service will require many men for operations in China, Philippines, Hawaii, Alaska, Panama, Siberia and France.

HAY CROP VERY LIGHT IN GOODING DISTRICT

(Special to The News) GOODING — Reports reaching Gooding from ranches in this vicinity indicate a light crop of hay on first cutting. It is expected to yield about two-thirds of a crop. The average yield is reported to be less than 300 hundredweight to the acre. Cold and late spring, with insufficient moisture during the growing period, are given as the causes.

MANY ARE ATTRACTED TO SUNDAY MEETINGS

Evangelical Sessions Hold Interest for Big Throughs During the Day.

Intense interest is being displayed in the tent meetings being conducted at the corner of Main avenue and Sixth street. During the past week the Rev. F. E. Pond of Boise, and the Rev. B. C. Dewey of Portland, have been adding the Rev. S. Klein, pastor in charge. Rev. Pond expects to return to Boise during the early part of this week, but the Rev. Mr. Dewey who is an evangelist of long experience and who has traveled extensively about the entire States, will remain as evangelist until the close of the meeting. Services are conducted each night at 8:15. Yesterday a meeting was held at 10:30 a. m.; in the afternoon at 3 o'clock and at 8:15 in the evening. The attendance at each service was gratifying, despite the fact that the Chautauqua undoubtedly attracted many persons from the religious meetings.

BUHL

(Special to The News) BUHL — Secretary Finch of the Jarbidge-Buhl Mining company has announced that all stock set apart for development purposes has been disposed of and work on the property will begin in about a month. The property is now in Detroit on the Ford damage suit, will have charge of the working. Indicating the steady growth of the city in the continued lack of houses for occupancy, although many have been built during the present season. There are now a start of homes under construction. The cornerstone for the Oddfellows hall was laid last Thursday with appropriate ceremonies by the officials of the lodge. There was no public demonstration at the affair. It is expected the structure will be completed and ready for service before cold weather. The new proprietor of stores and other business houses at Buhl will close in observance of the national holiday July 4. Sunday hours will be observed at the postoffice. Stores will be open late at night on the company.

There is a serious shortage of water in the Buhl district for irrigating purposes. While wheat has thus far withstood the fiercest heat and continued dryness remarkably well, alfalfa has suffered materially and noticeably. All farmers not on a reduced supply from ditch sources. Edward Zinderer has purchased the City hotel, from C. L. Washburn, who has operated the business a number of years. Mr. Zinderer will make some alterations in the house and will continue to operate it for the comfort of the public. The Baptist church is to have a new parsonage. It is expected building operations will start at once. The building will be on the bungalow plan, and will have five rooms. B. N. Reed has returned to Buhl from the northern portion of the state. While absent he purchased a tract of 400 acres near Cour d'Alene city. Mr. Reed expects to move on his property some time this fall. The Rev. E. B. Gowland, who has been called to become pastor of the Nazarene church, has arrived from Marshalltown, Iowa. His family, consisting of Mrs. Gowland and five daughters, will come on in a few weeks. In the meanwhile the Rev. Mr. Gowland is seeking a place of residence. Construction of the Buhl opera house, is proceeding with all possible haste, and according to the contractors, the house should be ready for operation in the fall. The place when completed will be the largest and most complete of road shows. While plans have not as yet been completely worked out the Ellison-White trust is preparing to hold a Chautauqua in Buhl again next season. The program just closed proved an eminent success in every way, and the backers of the enterprise consider the Buhl Chautauqua a fixture.

CHAUTAUQUA PROGRAMS PLEASE VAST THROUGHS

Quartet and Lecturers Prove Eminently Satisfying to Sunday Audiences.

Two of the most interesting, enlightening and entertaining programs ever offered at a Twin Falls Chautauqua were presented to immense throngs under the monster eave tent of the Ellison-White company on Sunday. The program received cordial endorsement in spontaneous outbursts of applause for each separate number. The offerings throughout were of a semi-sacred character. The performers were: Lewis Military Quartet, Rev. Dr. Elliott Boyd and Edwin M. Whitney. The Lewis Military Quartet, a male organization, appeared at both afternoon and evening performances giving an array of most delightful single and company vocal selections. In the afternoon a lecture was given by Dr. Boyd, "The Advantages of a Handicap" in which the speaker attempted to show that unless the individual had some sort of handicap to battle against he might lose the natural ambition born with him. In the evening Mr. Whitney gave a highly pleasing and well handled dramatic reading entitled, "Turn to the Right." The reading was of interpretative turn and was given in monologue form. Among the artistic principals appearing at the Chautauqua today will be Miss Ida M. Tarbell, one of the most noted women of America. Miss Tarbell gave a highly pleasing and well handled drama conference until recently will address this evening's audience on "The United States at the Peace Conference." On the evening platform, too, will be Mary Adel Gray, a soprano singer who comes so well recommended that she is headlined by the Chautauqua promoters. Press notices of her performances elsewhere are highly complimentary. This afternoon the Recital Artists, instrumentalists, will be one of the program features. They will assist Miss Hays at the evening performance. Miss Mae Gordon will give a series of impersonations this afternoon. Miss Louise Fitch, sister of the late George Fitch, eminent writer, this morning addressed the Junior Chautauqua on "Woman's Work in Reconstruction." Miss Fitch has just returned from a six months' study of conditions in Europe. Her lecture was interesting and instructively delivered.

DISTRICT MAKES APPEAL FOR LAND CONDEMNATION

Highway Department Files Action Against Property Owners for Right of Way.

Condemnation proceedings have been started in the district court by the Twin Falls highway district against J. T. Chapman and wife, C. M. Lloyd and wife and M. Montgomery and wife, owners of property the district seeks to acquire for right of way purposes. The land involved in the proceedings lies near the south end of the Blue Lakes Boulevard. The right of way is needed for the building of a spur line to connect with a line on the forty acre tract recently acquired by the district, and upon which is located a stone quarry. Statement is made in the complaint that efforts to obtain the right of way, made by purchasing agents of the district with the parties involved direct, have brought no results and appeal is made to the court to provide relief. The court is urged to set apart the property as required and determine a just valuation for the same.

Kindness Counts for Much!

There's no telling what a little kindness will do. Assumed superiority is no guarantee of greatness. The really big soul can afford to be kind and gentle. As the gentle rosettes move stones and split rocks, so gentle characters accomplish things undreamed of by rougher characters. This does not prohibit the use of firmness when necessary. But even that may be applied with such gentleness that it will be beyond the reach of some men—Exchange.

Optimistic Thought.

By clouds we are taught to estimate sunshine.

Believe Mangrove Walks.

Off the west coast of Africa, where mangroves are very plentiful, the natives have many curious superstitions about the mangrove tree, which is supposed to walk around in the water at night and is thought to be under the direct influence of spirits. These trees are plentiful in the southern states, especially in Florida, where they literally form islands impenetrable to man, but the paradise of water birds.

Unique Trophy.

The British royal standard which flies the center of the ceiling of a room at Annapolis is said to be the only British royal standard in the possession of a foreign nation. It was taken at the capture of York, Toronto, by Commodore Chinnery and General Montgomery, in 1813.

Mad as a Hatter.

Mad, in Anglo-Saxon, is frequently used as a synonym for violent, furious, angry or venomous. After, in old English, means adder or viper. Hence the combination of the two words "mad" and the corrupted "hatter" merely means "as venomous as an adder." And the proverbial saying has, therefore, no reference to hatmaking at all.

OVERSEAS VETERANS TO SHOOT IN RIFLE MATCH

War Department authorities entrance of the team in National Outlets at Fernburg's suggestion.

WASHINGTON, (AP)—Among the competitors at the national matches—the government marksmanship contest to be held at the Navy range at Childwell, N. J., from August 4 to 25, will be a team of riflemen selected from the most expert of the regular force. Fresh from participation in warfare and in the A. E. F. and inter-allied competitions at Le Mans, they will represent the actual service riflemen at their best.

The decision of the war department to authorize the attendance of representatives of the A. E. F. was in line with a recommendation from General Forshing. A regular team of seventeen members and a number of individual competitors will represent the overseas force.

MATCH FOR CARPENTIER

Tex Rickard Offers Frenchman \$45,000 for Bout Here with Dempsey.

PARIS, (AP)—George Carpentier, having been cabled from Tex Rickard, the boxing promoter, an offer of \$45,000 for a match with Jack Dempsey in the United States in January next.

BITS OF SPORT

Rube Evans, formerly of Spokane, winner of the Salt Lake Beer, still later of the Shipyards league, and later still of Portland, was on the peck for Rupert yesterday and took an artistic beating.

Evans, who is lauded both as a flipping and disposition, was not accorded the best of support in his endeavor to fly the "Twins" and, running true to the form he displayed in the Northwestern and Pacific Coast leagues he let his left-handed disposition get the better of his better judgment. Rube crumbled with the customer and thereafter paid little attention to his business.

The Bull club continues to lose more of the pity.

Burley intercepts an objection to Twin Falls bringing in outside teams for the special games during Roundup week. The local management proclaims with much vehemence, that there is no law to prevent this, and submits the argument that the people like to see new faces on the field. Which argument has considerable merit as well as weight.

One of the surprises of the season is the way the Chicago White Sox of the American league are flitting from the top toward the lower regions of the percentage column of the field. The Boston Red Sox, the champions of the league, are steadily grasping out toward the upper reaches of the list.

All of which proves more and more that one cannot judge by the early season spurs where a team will land at the end of the playing year.

Also, the lowly Pittsburgh Pirates trounced the Cubs yesterday, which is a considerable feat for the Pirates.

By winning yesterday from the Bull club while Rupert was being defeated by Twin Falls Burley romped into first place.

Twin Falls and Rupert are now in a tie for second position in the league's standing.

Buying opportunities are not for the faint of heart. The stores advertise their offerings.

Today's Sporting News

LEAGUE LEADERS BEATEN BY TWIN

Local Players Pull Rupert from Top and Go Into Tie for Second Place.

RUPERT — (Special)—Hammering Rube Evans' ball hand all through, and taking advantage of the numerous misuses and bores of the Rupert team Twin Falls won here yesterday 6 to 0. Evans pitched well enough until he crumbled at his support, which was poor off the way through, but he became indifferent and merely lobbed the ball over the plate. The slugging members of the visiting team flogged the ball to all corners of the lot and ran wild on bases.

A sterling feature of the game was a rare running catch by "Big Martha" Thompson, of the victors. Thompson romps in center field and although he is said to have seen his best days as an athlete he displayed a lot of athletic prowess yesterday. It was in the seventh round that "Martha" pulled his spectacular stunt, which checked a building rally for the home team, and really was responsible for the shutout. There were two men on bases at the time, and the hit should have gone for at least three bags, putting over the two-bag runner. Thompson raced madly to the fence, leaped like an antelope into the air and speared the floating pellet with one hand. Thereafter the game was a cinch for Twin Falls.

Alexander and Patton formed the battery for Twin Falls, the pitching member of the club being in especially fine fettle. The game was well attended, a large body of fans coming from Twin Falls by special train.

Evans used the Emery ball throughout.

HEAVY FIGHTERS FINISHING WORK

Dempsey, Eases Off While Champion Continues Training Speed for Bout.

TOLEDO, O., (AP)—For fear of an injury to his hands on the eve of his heavy weight championship contest with Jess Willard, Jack Dempsey today was instructed to eliminate all heavy hitting from his training bouts. The instructions were issued at the request of Tax Rickard, promoter of the Fourth of July match, who also intends to make the request of Willard.

Sunday saw the last hard workout for Dempsey, but from now on the challenger will ease off rapidly in his training. This is a necessity rather than a choice so far as the Salt Lake heavy weight is concerned for he is so fine physically that there is more than a remote danger of his going stale.

This afternoon Dempsey plans to box four rounds in which nothing but light work will be attempted.

Champ Feeling Snappy

Willard, on the other hand, plans to continue his recent burst of training speed for at least two days more, unless a spell of hot weather causes him to change his mind. The cool breeze of the week end put a feeling of snap into the champion and led him to decide to work steadily until Wednesday at least. The title-holder long since dropped all forms of road work with the explanation that he did not think that it benefited a man of his tremendous bulk.

Physical culture sharps are almost in widely separate camps. Those who think he is about finished have no doubt admit that he is in better shape than when he met Frank Moran in New York, but claim that he is woefully short of the condition reached when he defeated Jimmy Braddock in Havana.

Dempsey "Picking" Face

Some of his most enthusiastic admirers claim that his condition clearly indicates that he has been doing secret training in addition to his public workouts, but Willard denies this old trick of pugilism. The champion is not using brine or any other preparation to toughen his fists, but Dempsey is following this old system and is "picking" his face for the contest as did Fitzsimmons. Jeffries and other earlier day champions.

Playing on a Vast Field at Filer Burley Is Victor by Score of 6 to 4.

BURLEY—Playing on the Filer field Sunday the Burley ball club of the Southern Idaho league defeated Buhl 6 to 4. The contest was played out, without a semblance of the spectacular, or a feature play from start to finish.

Yesterday's game was played in slow time and was an interesting contest, except from the fact that Buhl displayed more "pep" than in any game the club has played this season. The grounds were in poor shape and the umpiring unsatisfactory to both sides.

The batteries were, Burley—Titte and Kutch; Buhl—Oliver and Hubble. Titte had a slight edge over his opponent in pitching, and his support was staid. Sherwood and Dunn were the umpires. Burley will play at Twin Falls next Sunday.

Southern Idaho League Standing of Clubs

Club	Won	Lost	Pct.
Burley	8	1	.889

DOINGS OF THE VAN LOONS

Father seems to have had the right hunch!

'STUNT' BURROS AT THE ROUND-UP

'Panhandle Pete' Comes with Fiery Donkies to Ride; Indians All Over Town.

"PANHANDLE PETE" MOSER

Pete Moser will be one of the attractions at the coming roundup. He rides "fiery-untamed" Rocky Mountain canaries, and guarantees to "stink."

One of the unique attractions on the Round-up program will be submitted for approval by "Panhandle Pete" Moser, a rider well known in this locality, and one of the best of burlesque performers at wild west, roundup and street shows. Pete plays a burlesque part chiefly and never fails to give a good show, according to officials of the Elks Round-up, who recently signed the performer to appear at all shows during the week.

"Panhandle Pete" has a pair of burros he has been training during the past three weeks in special stunts, and he promises a real circus when he "goes to the mat" with his Rocky Mountain canaries.

Gaily Caparisoned Bore.

There are now a score of more full-blooded Unsaddle Indians in town. This band, a vanguard of which reached Twin Falls late last week, is headed by "Big Jim" White, chieftain of the tribe. The chief is a Carlistan man, well educated and able to discuss any national or tribal topic with any man. His company has as part of its composition six burros and comely squaws. The entire band creates quite a stir when it appears in force on the street, paraded in the garb of the true Indian.

Chief White and his followers have here 22 head of ponies and racing horses, which will participate in the features of the Round-up. The Indians are stationed in a village in the Stockade, and are having a "happy holiday", as Chief White puts it. The ponies are especially trained in the tricks of the range and ring. One of the feature performances to be staged by some of Chief White's band will be a "whiskey

ride," more commonly known as a "drunken ride."

Entrees Invited
Secretary Bailey, of the Round-up, announces workouts of all local horses and riders at 8 o'clock every evening. Everybody who can ride or who wants to try, or who has a horse or other animal considered eligible to enter the Round-up lists, is invited to enter these workouts.

The track and performance grounds at Round-up park will be finished and ready for service by opening day, July 3. A complete wild west show will be presented by the "Buffalo" men, consisting of trick riding, roping, bucking, novelty races, dancing horses, broncho riding, women and men participating.

H. A. Tuttle, recently from overseas and a former member of the 10th field artillery, has entered a bunch of saddle horses for steer tying and bulldogging. Tuttle is an expert rider and will give some exhibition on his account.

Best Women Riders
The Round-up secretary announces the signing of the best of all women riders in the west for the Round-up. Among those are Bertina Blanchard of Pendleton, Oregon; Edna Thompson and Rose Smith of Cheyenne; Bonnie McCarroll of Boise; Stella Dicker of Austin, Texas; and Daisy Parsons, of Walla Walla. The latter is the youngest girl rider in the world, and said to be the champion of all juvenile pony handlers and riders.

Announcement has reached Round-up headquarters tonight that "Buffalo" Vernon will arrive in Twin Falls tonight to be one of the principal participants at the three-day show. Vernon was formerly a member of the Buffalo Bill wild west outfit, and is one of the best known of cowmen in the west.

Up to today the Round-up committee had entered 50 thoroughbred racers for the Round-up. Besides these are there 50 buckers and 25 longhorn steers. The latter will be used in the bulldogging and roping contests.

Marching Order Changed
A change in the order of march for the parade on July has been announced by the committee. The official order will be as follows:

Color bearers, Band, G. A. R., soldiers, sailors, marines, Boy Scouts, Scouts and Cadets, Camp Fire Girls, artistic auto floats, juvenile floats, police, juvenile bicycles, rural floats, fire department, industrial floats. At the Round-up: Cowboys; cowgirls, Indians, autos, citizens.

Chairman C. T. Macaulay says the procession will start promptly at 10 o'clock, forming on Main avenue north between Fourth and Eighth streets. The marshal of the day will be announced later. An open invitation has been extended by the committee for all to enter floats or other displays. Any information regarding the parade may be obtained from C. T. Macaulay, 110 Main avenue south, telephone 74.

Meredith's Vanity.
"George Meredith, as his friends tend to call with amusement," writes Robert Lynd in the London Nation, "was a vain man. Someone has related how, in his later years, he regarded it as a matter of extreme importance that his visitors should sit in a position from which they would see his face in profile."

Buying opportunities are not for the elect few. The stores advertise their offerings.

Classified Ads are cheap-effective.

ORGANIZATION'S AIM TO INSTILL AMERICAN IDEAL

National Social Unit Society Diagnoses World Economic and Political Diseases and Prescribes Treatment.

NEW YORK, (AP)—A campaign division with headquarters in this city to further an immediate construction program abroad in line with democratic American development, has been organized by the National Social Unit organization. It was announced today by Mrs. Charles L. Tiffany, executive of the National Citizens council of the organization.

The organization was formed three years ago to demonstrate certain principles of democratic organizations in some typical American community. The Mohawk-Brighton district of Cincinnati became, at its own request, the seat of the demonstration. The three-year period agreed upon expires December 31, 1915. At that time the social unit organization plans to present to the country an evaluation of its work, made by leading experts in all fields of community endeavor.

Meeting and Block Symptoms.
"The world is suffering from a disease," Mrs. Tiffany's statement says. "The symptoms of this disease are the revolution in Russia, the mutiny of soldiers in England, the May day riots in Cleveland, bomb conspiracies and strikes. The only cure is a big, appealing American idea, based upon good will and co-operation."

"The social unit has demonstrated such an idea in one typical American community during the past two and a half years."

Franklin K. Lane, secretary of the interior, is chairman of the National Social Unit organization.

Thumb-Bells.
Sailors used to wear a little contraption on their thumbs; they called them first thumb-bells then later thumb-balls. It is claimed that they were used in the days of Heracles. It takes 20 men and a great deal of expensive machinery to make a thumb-balls. They were introduced into Great Britain from Holland in 1893 by one John Sotting, who thus brought also a new and important industry into England.

You've learned to do something well—so find the employer who needs your services through using the classified.

Warranted Rebuke.
Billy was sent on the nursery floor playing with his blocks, when his grandmother entered the room and with the swiftness of her skirts knocked down the house. Billy was erecting. For this she apologized. Billy said nothing but proceeded to rebuild; grandmother in repressing again knocked down the house of blocks. Billy looked up at his grandmother and in a grieved tone of voice said, "I know that the first time it was an accident, but the second time it was just carelessness."

To find a capable office helper is sometimes a mighty urgent matter with a business man. The classified always serves him efficiently.

GOTHAM LIQUOR DEALERS DECIDE TO TAKE CHANCE
(Continued from page one)

ected. Many of the neighborhood saloons had a farewell celebration Saturday night, in several of them dancing taking place on the floor in which the members of families in the neighborhood participated.

Booze Business Big in Kansas City.
KANSAS CITY, Mo. (AP)—After a hilarious Saturday and Saturday night, followed by a painful and restless Sunday, Kansas City "wet" enthusiasts auld those from the southwest, assembled here today to observe the last day of saloons.

Business, both over the bar and in package goods, maintained a brisk pace this morning. Practically all of the tables in downtown hotels have been reserved for the past fortnight and scenes resembling those of New Year's eve are expected tonight. Saloonkeepers are building extensions to their bars and employing extra attendants in anticipation of a goodly rush of the thrifty during the last hours before prohibition becomes effective.

Washington Promises Strict Enforcement.
WASHINGTON, (AP)—War time prohibition, effective at midnight, will be strictly enforced by the department of justice insofar as existing machinery can function to that end.

It was said at the department today that open violation of the law, threatened in New York and other cities, would be promptly dealt with by federal agents. Whether the department's present force will be able to break up secret traffic remains to be seen.

Beer containing 3-4 per cent of alcohol is regarded by justice officials as intoxicating and persons who undertake its sale will be arrested, it was said. Suit brought in Baltimore to have the courts determine whether such beer is intoxicating within the meaning of the law, is to come to trial tomorrow, but it is expected that before final judgment is entered congress will have specifically fixed in the enforcement law the amount of alcohol which beverages may contain.

The opinion of department of justice officials and many members of congress war time prohibition will have no effect on the Reed amendment prohibiting the transportation of intoxicants into territory where its manufacture and sale is forbidden by local law. Information has reached the department that many persons living in "dry" territory have stored quantities of liquor in "wet" cities with a view to transporting it after today, but enforcement of the Reed amendment will be in no wise be relaxed.

BEWARE OF AUTO THIEVES!

Park your auto during the Round-Up where you know your car and everything in it will be safe. We will keep a guard day and night to watch your car, and the cost will be very reasonable. Remember the location
