TURK SITUATION BREEDS UNREST IN CONFERENCE

Reports Tell of Organization of Armies in Asia Minor Whose Commanders Reject Constantinople's Authority.

AFRICAN COLONIES MAY SATISFY ITALY'S CLAIM

New Council of Five Is Determined Upon to Assume Temporary Direction of Peace Conference Affairs.

PARIS, (AP)—The Germans expect to ratify the peace treaty the first of next week according to a note sent to the allies. The note was the acknowledgment of the stipulation that the treaty will be ratified when the blockade is lifted. The Germans also expressed the hope that German war prisoners could be released at the same time.

PARIS, (AP)—The Turkish situation is giving the conference much uneasiness. Reports received here indicate that there have been organized in Asiatic Turkey three Turkish armies which generally refuse to obey orders from Constantinople.

An opposition of Constantinople has been much weakened by the refusal of the conference to consider proposals from the Turkish delegates immediately, it is feared that independent movements will develop throughout Asia Minor.

Plan to Satisfy Italy The proposed solution of the Italian problem being discussed here, it is understood, contemplates giving Italy certain colonial possessions, probably in Africa, in return for her support of the peace conference decision in the Adriatic settlement.

Create New Council

Premier Clemenceau, Secretary of State Lansing, Foreign Minister Balfour, Foreign Minister Plignon, Baron Makino and Viscount Uchida and Foreign Minister Tilton of Italy, decided Tuesday afternoon to constitute a new council of five. This council will meet in London on Wednesday. Secretary Lansing, M. Plignon, Foreign Minister Balfour, Foreign Minister Tilton and Baron Makino, head of the Japanese delegation.

Vienna Press Posters Unjust Peace Idea

VIENNA, (AP)—News regarding the prospects of peace has not made any impression on the press of the republics formed from the former dual monarchy, because of their own myriad difficulties. But one development of the situation is the improvement of exchange rates. It is the general feeling that the central empires have suffered more through the blockade since certainly an internal crisis during the past conference occurred at Paris than in any year of the war.

WILSON MAY OPEN TOUR OF NATION IN NEW YORK

Secretary Tumulty in Charge of Arrangements for Reception of Returning Chief Executive in Gotham.

NEW YORK, (AP)—Plans for the reception of President Wilson on his arrival here from overseas on the steamer George Washington, probably next Monday, were under discussion here today. Joseph P. Tumulty, secretary to the president, who will be in New York until his chief arrives, will have entire supervision of all arrangements for the reception and entertainment of the presidential party.

NO CLAIMANT FOR BODY

Aged Murderer Suicide May Be Buried at Public Expense.

MINEOLA, N. Y., (AP)—No one has claimed the body of Peter Keneo Wilkins, the aged physician who hanged himself in the Nassau county jail here Tuesday after his conviction of first degree murder for killing his wife at their Long Beach home. County authorities said today no money was available for funeral expenses. The coroner indicated a burial at public expense was likely.

German Brides May Be Claimed By Some Yanks

COBLINZ, (AP)—The judge-advocate's department here was kept busy today with inquiries from various parts of the occupied zone as to the status of German girls who had been promised to American soldiers and German girls would be allowed, now that the peace treaty has been signed. More than 140 inquiries were made today by various individuals, including several officers.

Sounds Warning to Soviet If Attempt At Reprisal Made

U. S. Government Official Answers Russian Minister's Protest.

WASHINGTON, (AP)—The Russian soviet government was warned by the United States late Tuesday in a message sent through the American legation at Moscow that reprisals against American citizens in Russia would arouse indignant sentiment in the United States against the soviet regime.

The warning was contained in a cablegram sent by acting Secretary of State Phillips in reply to a protest from Soviet Foreign Minister Tschitcherine against the arrest of L. A. O. E. Martens, the soviet representative in New York. The protest intimated that reprisals might be taken against Americans in Russia.

Promises Trouble at Atlantic City

WASHINGTON, (AP)—Attorney General Palmer today ordered investigation of liquor selling at Atlantic City and immediate federal prosecutions of violations, as reported in the newspapers.

AVIATOR FALLS TO DEATH

JEMISVILLE, (AP)—Lieut. James Blenzyart, an aviator, was hurled to death here today when his airplane, a new type of machine in which he was making an initial flight, fell. The plane took several minutes to descend here, was recently married.

ST. JOHNS, (AP)—Rain, fog and a northeast gale today prevented the start of the trans-Atlantic flight of Rear Admiral Mark Kerr in his Handley-Page machine.

BREST, (AP)—During the month of June one hundred and seventy-seven thousand American troops sailed homeward from Brest. This is the record for any month at any port on the Atlantic seaboard of France since the armistice.

PARIS, (AP)—Louis Louchour, minister of reconstruction, said in the chamber of deputies today that the French government is arranging to import one million tons of coal from the United States using a special ticket for the work.

LONDON, (AP)—The capture of the city of Perm from the forces of the Kolchak government is claimed by the Bolsheviks in a wireless dispatch from Russia received here today. The occupation of Perm took place Tuesday, it is declared.

BERNE, Switzerland, (AP)—Virtually all of Montenegro is in rebellion against the Serbian military occupation, according to private advices received here. Bloody encounters it is said, have occurred at many places and guerrilla warfare is reviving in the mountains.

RELIEF WORK PROCEEDS RAPIDLY IN QUAKE ZONE

Latest Compilations Show 100 Deaths and Thousands Homeless.

FLORENCE, (AP)—The earth quake in this district Sunday caused 100 deaths, made several thousand homeless and destroyed 200 homes. Six churches, several public buildings and schools, according to the latest compilation.

The work of relief proceeded with such rapidity that food and tonics that virtually all those made homeless were given food and shelter. The military authorities who have been working incessantly believe that the situation now is well under control.

WIND AIDS FIRE FIGHTERS

BAULT STE MARIE, Mich., (AP)—Reports from the territory extending 40 miles westward from here over the forest fires were sweeping yesterday and last night indicated early today that shifting winds were aiding the fire fighters and that Trout Lake, Bault, Boney and other menaced villages may be saved from destruction.

STRIKE MOVE IN GERMANY GROWS MORE DANGEROUS

Communist Movement Again Arrives at Berlin, Stage in Political Insurrection

OF DEFENSE TIGHTENS REGULATIONS

Attempt of Revolving Railworkers to Halt Movement of Food and Fuel Supplies Is Dark Spot in Situation.

BERLIN, (AP)—The communistic movement again arrived to the fermenting stage in greater force, as there are indications that the strike movement may develop into a political insurrection.

Dictatorial Demand Significant The street car strike threatened to involve the suburban and both the railroad workers, if not the big industrial plants. The frankness with which the radicals are now demanding a dictatorship by the proletariat is looked upon as significant in the meantime Gustav Noske, minister of defense, is generally tightening martial law regulations.

The government will apparently satisfy the present strike movement, as it is purely political and determined to treat it as such, nevertheless, it is not underestimating its grave influence upon economic conditions. The cessation of the city rail traffic has had its influence on the workers of the suburban roads and both lines, which stopped operating on the ground that the overcrowding of the cars is contrary to public safety.

Wheeled Vehicles Jam Streets

Berlin's downtown streets today again were jammed with long lines of taxis, three and four wheeled vehicles, many of early types, which could bring high fares. The few available automobiles and motor buses were very quickly filled. Many persons are using bicycles and roller skates.

The most serious phase of the situation is the attempt of the striking railworkers to halt the movement of freight cars, especially those carrying troops and their supplies. Up to 3 o'clock this afternoon no disorder had been reported, although the cabmen protested loudly that their business had been interrupted on the ground that they were strikers.

WOMEN PASSENGERS HAVE NARROW ESCAPES FOR LIFE IN NEW YORK FERRY TERMINAL FIRE

NEW YORK, (AP)—Fire at the South Ferry terminal of the city's elevated structure today destroyed one train and part of another. Both trains were carrying passengers. Many of those on board, a large number of whom were women, had narrow escapes. They were rescued by firemen who rushed ladders to the top of the elevated structure and carried them to the ground. Reports that several persons had been killed had not been verified a half hour after the fire started.

Tribune Military Expert Testifies in Ford Million Dollar Suit.

MOUNT CLEMENS, Mich., (AP)—Col. Henry J. Kelly, military expert of the Chicago Daily Tribune, who consulted the regiment of the Rawlins Cavalry in Mexico, testified today in the Ford Tribune libel suit.

Colonel Kelly is a West Point graduate and saw service in the Philippines and on the Mexican border as well as Europe. He has also traveled in Mexico.

Francisco J. Madero tried to govern Mexico by law in accordance with the constitution and when he failed I became convinced a strong military government alone could control the country under present conditions, Kelly testified, adding as to conditions in Mexico.

Italian Boy War Hero Finds Home

NEW YORK, (AP)—Michael Card, a 14-year-old veteran of the world war, who wears the French and Italian war crosses for gallantry in action, who arrived here on a steamer from Marseilles six weeks ago has been adopted by Miss Elsie Janis, a young girl, who furnished a \$5000 bond as a guarantee that the boy who served as a bugler in two armies, will conduct himself in an orderly manner and get along with his adoptive father, an Italian officer, was killed early in the war and his mother died soon afterward.

France to Celebrate U. S. Independence

PARIS, (AP)—The celebration of American Independence Day will begin in Paris today with a reception to General Pershing, Rear Admiral B. C. Knapp and 150 American officers by the municipal government at the city hall. President Poincare will review 3000 American and 3000 French soldiers and sailors in the Place de la Concorde July 4.

Censor's Ban in War Zone Lifted

PARIS, (AP)—General Pershing, it was announced at military headquarters here today, has issued instructions that the military censorship be abolished immediately. COBLINZ, (AP)—All censorship of the dispatches of correspondents with the American army, and the censorship of soldiers' mail and telegrams, will cease tonight.

Former Nonpartisan League Employee Gives Damaging Evidence at Trial.

JACKSON, Minn., (AP)—Ferdinand A. Tegen, Minneapolis, a former employee of the national Nonpartisan league, on the witness stand today for the state, at the trial of A. C. Townley and Joseph G. Gilbert charged that Townley had committed disloyalty declared that Townley told him in 1917 that he was opposed to the war; to the entrance of the United States into the war; to the American method of raising money by Liberty bonds and that Nonpartisan league organizers working in German communities should arouse pro-German instincts.

IOWA RATIFIES FEDERAL EQUAL SUFFRAGE AMENDMENT

DES MOINES, Ia., (AP)—Iowa today ratified the Susan B. Anthony federal suffrage amendment. The vote passed by a unanimous vote, 100 to 0, ratification and the house a few minutes later voted 95 to 5 in favor of it. The ratification was completed shortly after noon, the vote, which had only two hours. When the vote was reached in the house it was found three more members had arrived bringing the total to 100.

TRANS-ATLANTIC DIRIGIBLE NOW OUT 590 MILES

Big Airship Slows Down in Dense Fog to Speed of 31 Knots but Pushes Forward on Westward Course.

COMMANDER SENDS BACK REPORTS ON PROGRESS

Jump-off in East Fortune, Scotland, in Early Morning Draws Small Crowd; No Serious Minded Farwellers.

LONDON, (AP)—The British dirigible R-34, which left East Fortune, Scotland, at 1:18 o'clock, Greenwich time, this morning on her attempt to cross the Atlantic, had reached 53 degrees 50 minutes north latitude, 17 degrees 50 minutes west longitude at 2 o'clock Greenwich time, this afternoon (10 o'clock New York time).

At that time the course of the airship was west and she was progressing at a speed of 31 knots.

The position of the R-34 at 2 o'clock Greenwich time, was approximately 371 miles due west of (31) in the ocean of Connaught, Ireland; indicating a course of 100 miles at 2 o'clock Greenwich time, when she had reached 55 degrees 7 minutes north latitude 17 degrees 50 minutes west longitude, approximately 200 miles due west of Burin, on the northwestern coast of Ireland. Her position at 2 o'clock was approximately 590 miles from east Fortune, having a bearing point.

Struck off at Noon When Major Scott, the commander, reported at 12 o'clock that the dirigible was making 32 knots an hour in a thick fog. He added that all was well in his report at 5 o'clock Major Scott said that at 5 o'clock the dirigible was at 55 degrees 10 minutes north latitude and 16 degrees 40 minutes west longitude. At 6 o'clock the big airship was making 40 knots an hour and averaged 45 knots an hour up to that time.

The mail carried by the R-34 includes a letter from King George to President Wilson.

Confidence Marks Leave-taking

EAST FORTUNE, Scotland, (AP)—The British dirigible R-34 started on her voyage heralded trip to America this morning with many like-minded persons than that which attended the departure of dirigibles for their moon-overs North Sea patrol during the war. Several before the first streaks of dawn broke over the main airship, the great airship was quietly taken out of its airbase on 1 turned around and headed for the west. The airship was pointed straight west. The command of Rear Admiral Scott, who had the huge envelope quickly run. Before the height of 500 feet was reached she was lost to view in the mist.

Few Witness Jump-off

Not more than a score of people motored the 21 miles from Edinburgh to the start of the main airship, but among them was one American, one who presented a silk American flag to Lieutenant Commander Zachary Lunsford, the dirigible's commander, just before he stepped into the gondola.

The flight is not regarded here as an unusual feat. There is the utmost confidence in the ability of the R-34 to make the trip. There were no serious-minded farwellers at the start and those who say they will.

Arrival Time Is Uncertain

MINKOLA, N. Y., (AP)—Lieutenant Col. Frederick Lagan, of the Royal Air Force, one of the advance party here arranging for the reception of the British dirigible, now on route to Long Island, said today that he was without advice as to the time the giant airship might be expected to arrive.

Everything is in readiness to receive the craft for several miles after the ship will be moored while waiting to put back immediately to England. General orders issued by Colonel Archie Miller in command of the fleet, provided for safeguarding the craft, and assuring the comfort of the visiting airman.

Radio Stations on Coast Watching

WASHINGTON, (AP)—Naval radio stations along the Atlantic coast from Bar Harbor, Maine, to New York were maintaining a special watch today in the event of the arrival of the British dirigible R-34. Officers at the navy department said, however, that it was not expected that any message directed from the airship would be received before tomorrow.

COMMERCIAL TELEGRAPHERS UNION STRIKE CALLED OFF

NEW YORK, (AP)—The strike of the commercial telegraphers union against the Western Union and Postal Telegraph companies was declared off this afternoon, it was announced here by president of the organization.

RESERVE BOARD OPTIMISTIC ON TRADE OUTLOOK

Prospects for Prosperous Year with Unprecedented Financial Returns to All Industries and Workers Are Pointed Out.

WASHINGTON, (AP)—Optimism as to the business outlook reported today by the federal reserve board's monthly statement of conditions was tempered with renewed warning against undue speculation.

"In nearly all the districts," the board's statement said, "the opinion is entertained that the prospects for a successful and prosperous year, with very large output of goods and almost unprecedented financial returns both to manufacturers, agriculturalists and laborers are now positive. The possibility that speculation may be carried too far and may exert an injurious influence, aided and furthered by the excitement of free credit and speculative tendencies, appears to be the principal offsetting influence in the situation."

Prices Continue Higher

Prices continue to rise throughout June, the board's statement showed and enormously heavy demand for goods for export had rendered products in many lines scarce. It is expected that the reported business men had decided they could rely upon heavy demand and continuously sustained prices for some time to come. The early closing of the year was disappearing, jobbers and retailers readily entering into large commitments for fall and winter.

In many respects, the agricultural prospects of the early spring are being more than justified. Wheat, corn, cotton, tobacco and pacific coast crops will be harvested in record quantities. Livestock continues high in price. Steel and iron experienced a distinct turn for the better. The fuel situation has been much below normal, with prospects of a tight situation next winter. Metal mining industry was again improving.

Manufacturing likewise took a strong upward turn during June. Demands for a lot of cotton products, shoes, shoes factories are producing at maximum capacity, while heavy demand from Europe has drawn off much of the wool supply. Wool products are sold at a profit. Automobile manufacturing is running in many plants at record levels.

Building Shows Revival

Building shows continuation of the revival noted in previous months. The heavy buying by building contractors has become general. There is much trading in houses and business property.

"The labor situation has now reached a distinctly advanced stage of full employment," the board's statement said in commenting on employment conditions.

There is apparently no present condition of unemployment, indeed, many industries report they cannot get the men they need, while wages are fully up to par levels or higher. The requirements for farm help are absorbing surplus labor in practically all parts of the country. There is some surplus of unskilled labor in certain districts, but this is not different from the conditions in normal times. No reduction in wage scales is now foreseen.

Some Wages Must Be Raised

One of the principal problems in the labor situation noted by thoughtful observers is the fact that clerks and office employees, as well as other workers receiving more or less fixed incomes, have not yet participated in the advance in wages. Improvement for these classes of workers will be necessary if prices are continued at their present level, but will, of course, add correspondingly to the cost of business to the government.

Returning soldiers are being rapidly and steadily absorbed into business, and the problem which for a time seemed to threaten in this connection now appears minimized in all directions. From the farming districts particularly comes the report that the supply of labor is so good and likely to prove more so as business progresses.

Government credit was reported in good condition, as evidenced by the high and rising liberty bonds, and bonds of practically all issues, particularly Victory notes.

RIO JANEIRO MOWLS AT MOVE TO BOOST COFFEE

Effort to Double Price of National Drink Precipitates Demonstrations Overturning Proposal.

RIO JANEIRO, (AP)—Demonstrations by the populace of Rio Janeiro today defeated an effort by the proprietors of coffee houses to double the price of the national drink. Demonstrations entered the cafes took the coffee and then refused to pay more than the old price of 100 reis (normally 5 cents) for a small cup. After some coffeehouses had closed the demonstrators' actions the proprietors announced the return of the old price.

WELCOME FOR PRESIDENT PLANNED IN WASHINGTON

Tentative Arrangements for Part of Atlantic Fleet to Be Escort.

WASHINGTON, (AP)—The tentative plans for the welcoming of President Wilson at New York when he arrives in the George Washington probably on Monday, provide for part of the Atlantic fleet to meet his ship and escort her into port. The welcoming committee will include the Pennsylvania Admiral Wilson's flagship.

It was said at the White House today that the president would remain in New York only a short time and that his address in response to the welcoming committee would not embrace a discussion of the treaty of peace and the league of nations.

The president has not indicated when he will submit the peace treaty to the senate, but officials here expect him to do so either next Tuesday or Wednesday.

WILSON IS AT WORK ON MESSAGE TO CONGRESS

Physician Advises Period of Rest for Strenuous Days Ahead.

ON BOARD THE U. S. S. GEORGE WASHINGTON, (AP)—The presidential voyage continues under most favorable conditions with calm seas and mild sunny weather. Mr. Wilson has done some work on his message to congress, in which he will submit the treaties, protocols and general results achieved at the Paris conference, but on advice of his physician, Dr. Grayson, a physician, the president is giving considerable time to rest and recuperation, after the strenuous days he has just left behind and for those through which he will soon pass.

While no precise plans concerning the presentation message have as yet been announced, it seems probable that if the George Washington arrives in New York Monday as expected, the treaty will be submitted and the message read by Wednesday or Thursday.

ELECTRICIANS OF COAST ON SYMPATHETIC STRIKE

Telephone Employees in Tacoma and Spokane Go Out in Protest with California and Nevada Strikers

SEATTLE, Wash., (AP)—A union electricians employed by the telephone companies at Tacoma and Spokane struck Tuesday in sympathy with the telephone operators and linemen of California and Nevada. Telephone operators in both cities went out to work. The union electricians employed by the Pacific Telephone and Telegraph company at Portland, Ore., and Bellingham, Wash., also struck later in the day. The operators at Bellingham remained at the switchboards.

The operators in Portland went out Monday. The telephone company announced that Tuesday the operators had struck. Union leaders declared that more than 400 were out and that nearly 300 had joined the union since the strike began.

NEW DRY ORDER REVIVES MEMORY OF PIONEER DAYS

El Paso Older Residents Recall Palmy Days When 200 Saloons Operated in American and Mexican Quarter

EL PASO, Tex., (AP)—Texas having been officially "dry" for more than a year, El Paso was not affected by the enforcement of national prohibition other than to recall to the minds of the older residents many of the most famous places on the Mexican border which were conducted here in the days when El Paso was known majestically as a "wide open" town and the saloon keepers bragged that they owed no ticks or keys since they kept open the year around.

Origin of "Bucket of Blood"

At one time, there were more than two hundred saloons operating here in the Mexican and American quarters. The most noted of these were in the business district along both sides of San Antonio street, El Paso street and the plazas. These included the street, the Parlor Wigwag, Queen, the Parlor, the Ruby, Art House, Palace, Coney Island and Lobby. Outside of the downtown district the "Bucket of Blood" near Fort Bliss, received its government name from the fact so many men had been killed there. In the Mexican quarter the "Copa de Oro"—(Cup of Gold), El Buen Tiempo—(The Good Time) and the "Amigo de los Poleros"—(Friend of the Poor) were noted drinking and gambling places for the Mexican population. These "cantinas" have been here since the city was a goat ranch.

Scenes of Killings

Gambling was conducted openly in a majority of these saloons. The Wigwag was one of the most popular. The proprietors from the hills of the southwest and Mexico gambled away their earnings of a year, on the desert, many times over. The "Amigo de los Poleros" and was long the rendezvous of the cowboys and entered to them, by having stuffed steer heads, mounted horns and a display of ancient and modern firearms in cases along the dingy walls. Several killings occurred in this saloon.

Phil Young's cafe was one of the most popular places on lower El Paso street. It was a clam powder and free lunch was known from coast to coast. He retired and is living in California.

HITCH AMONG CONFEREEES TIES UP DEFLATION BILL

WASHINGTON, (AP)—Inability of senate and house conferees to agree on Tuesday to a legislative rider directing Secretary Glass to take over the Chicago Speedway hospital caused final action on the \$21,000,000 general deficiency bill to be delayed until next week.

FORECASTS COTTON PRODUCTION

WASHINGTON, (AP)—Cotton production this year was forecast today at 10,986,000 equivalent 500 pound bales by the department of agriculture, basing its estimate on the June 25 condition of the growing crop, which was 70.0 per cent in a normal and an area of 33,960,000 acres under-cultivation on that date.

COURT RULES MAKER OF BEER TAKING A CHANCE

Baltimore Judge Holds Brewer May Brew Pending Final Decision.

BALTIMORE, Md., (AP)—Judge John C. Rose in the United States district court here Tuesday sustained the demurrer to the indictment against the Standard Brewery, incorporated, of Baltimore, which charged the concern with manufacturing a "cereal beverage" containing at least one-half of one per cent of alcohol.

The court ruled that the manufacture of beer having an alcoholic content of 3-3-4 per cent could be done only at the risk of the brewer pending final decision by the higher courts.

"I hereby sustain the demurrer," said Judge Rose, "and this means that until the supreme court decides the case a man may make fermented or vinous liquors not intoxicating. It means that in making these liquors he takes his chance."

It was contended by United States Assistant Attorney General William F. French and the other government counsel that when congress passed the law it meant to prohibit the brewing of any alcoholic liquors, while the defense argued that only intoxicating liquors was meant and the product of the Standard brewery was not meant.

The case will be taken to the United States court of appeals at Richmond and probably to the supreme court.

RAIL KEYMEN RESUME COMMERCIAL BUSINESS

Ban Imposed in Connection with Naton-wide Strike Is Lifted.

ST. LOUIS, Mo., (AP)—Members of the Order of Railroad Telegraphers throughout the country today were notified to resume handling business of the Western Union and Postal Telegraph companies. The order was issued by E. J. Manion, president of the order of railroad telegraphers, cancelling the ban on commercial business which went into effect June 12 in connection with the nation wide strike of the Commercial Telegraphers union of America.

The action of the railroad telegraphers was taken, according to President

Manion, because of the commercial operators to make their strike effective and also the obligation of the order to the public and the railroad administration.

Members of the order who number 80,000, however, were instructed to refrain from handling any excess business diverted to railroad offices by the commercial companies.

SAYS TEACHERS SHOULD AID IN MAKING OF LAW

President G. D. Strayer Tells National Educational Association Requirements of Efficient Pedagogue of Today

MILWAUKEE, Wis. (AP)—Complete reorganization of the National Education association and affiliation with other educational bodies within a year was predicted by President George D. Strayer in his address before the annual convention here today. He said that such affiliation would bring the association's membership to 500,000. "The time is at hand when we must act," he continued. "The profession must be 100 per cent efficient in determining educational policies. The teachers must help to re-write state constitutions, draft educational codes and encourage all laws providing for public welfare. All of America's children must be insured the kind of teachers that the most intelligent parents want for their boys and girls."

"To Discuss War's Lessons. Leading educators will discuss the lessons of the war and educational needs of the future before the convention, which will continue for one week and which will have as its keynote, "development of the new democracy, as it applies to the public schools."

Dr. Strayer told the delegates that a great association of teachers, an association willing to accept responsibility is necessary in order to develop a system of education that will make good the promises of democracy. He said that through the justice of the association's cause, legislation would be obtained for placing a department of education in the national government, with a secretary in the president's cabinet. He said appropriations would be obtained which will stimulate states to provide "a properly trained and adequately paid teacher for every American boy and girl" and thus eliminate illiteracy and Americanize the foreigner in this country.

When the convention was called to order it was estimated more than 10,000 persons would be in attendance by tomorrow. England, France, Porto Rico, Canada and the Philippine Islands are officially represented by early arrivals. Physical Training Figures. The value of proper physical training will be given close attention by this year's convention. A huge physical

DENVER GETS NICKEL FARE

Strike in Prospect if Move Entails Reduction in Employees' Wages

DENVER, Colo. (AP)—Five cent fare will go into effect in Denver next Saturday, under a bill passed by the city council Tuesday repealing the six cent tramway fare ordinance. A strike of street car employees is a possible result of an "announced" cut in wages that will follow the return to a five cent fare.

The tramway company has announced it will return to the 1910 wage scale when the fare is cut and trainmen have declared they will not consent to a wage reduction.

training demonstration, participated in by two thousand pupils, was staged by Dr. Wittich, supervisor of physical training in the Milwaukee public schools. It was intended to show the superiority of physical training over military drill in the matter of promoting health of pupils. Representatives of organized labor, manufacturers, commercial men and agriculturists will take tomorrow in the afternoon a discussion of "The New World, and the Demand it will make upon public education."

UNEMPLOYED NUMBERS IN BELGIUM DIMINISH

Return of Machinery Stolen by Germans Makes Possible Productive Labor for Hundreds

BRUSSELS. (AP)—The number of unemployed in Belgium is 800,000, according to the minister for food, but is diminishing from day to day. Only two blast furnaces are working out of sixty which before the war existed in Belgium. Of these sixty, all but four have been completely, or to a very large extent destroyed by the Germans. The steel and iron production, which in 1913 attained 2,254,000 tons is still since 1917. Of 35,000 metal workers in 1913 only about two hundred are working.

It is hoped that by the end of this year, at least 25 blast furnaces will be producing and that 45 per cent of the pre-war production will be obtained.

Six thousand operatives have resumed work in the linen industry. The English week of 54 hours has been agreed to. In the textile industry (carding) work may be resumed several weeks hence since a great part of the machinery which the Germans had taken away has been discovered in Leipzig and repaired.

ANNOUNCEMENT I will discontinue practice for the present in Twin Falls county, August 1, 1914. So those who have treatments paid for will please come in during July and take them. Very respectfully, Dr. WYLY.

Employees of Spokane Packing Plants Return to Work Today

SPOKANE, Wash. (AP)—Employees of the Armour and Carstens packing plants here who walked out Monday in support of their demands for wage increases of 50 cents a day, Tuesday returned to work. About 200 were affected. Armour employees, it was stated, agreed to accept a 10 per cent bonus in lieu of the advance demanded. Carstens employees, officers of the company said today, already were receiving a wage equal to that granted employees of the Armour concern, and returned without an advance.

CALIFORNIA BREWERIES AWAIT COURT DECISION

Suspend Operations Pending Action on Injunction to Permit Making Beer with 2-3-4 Per-Cent Alcohol

SAN FRANCISCO. (AP)—California breweries suspended operations Tuesday, awaiting decision in the United States district court here on a petition for an injunction intended to prohibit manufacture of beer containing not more than 2.34 per cent of alcohol. Announcement of the manufacturers' action was made by R. Smet, president of the California State Brewing association.

SUCCEEDS TO COMMAND OF FORCES ON RHINE

MAJ. Gen. Henry T. Allen, Former Commander of 90th Division, Takes Place of General Liggett.

PARIS. (AP)—Maj. Gen. Henry T. Allen, it was announced at American military headquarters today, will succeed Lieut. Gen. Hunter Liggett in command of the "forces on the Rhine" the new title of the army of occupation.

Major General Allen formerly commanded the 90th division, composed of national army troops from Texas and Oklahoma. General Allen was born in Kentucky and entered West Point in 1878 from that state.

NEW YORK BANKS PLAN TO FINANCE FRUIT CROP

Syndicate of Prominent Concerns is Formed to Extend Credits Which May Run to \$20,000,000

NEW YORK. (AP)—A syndicate of prominent banks and banking concerns throughout the United States is being formed to extend acceptance credits, which may run as high as \$20,000,000 to finance the California dried fruit crop. It was announced here today. Approval of the transaction and eligibility of the bills has been given by the federal reserve board, according to the announcement. This will be the first time, it was stated, that the western fruit crop has been handled by the credit medium of bank acceptances as heretofore the crops have been moved with the assistance of straight bank loans.

A credit of \$2,000,000 has already been granted to the California prune and apricot association and one of \$2,000,000 to the California Raisin Growers association. The credit will be a revolving one, bills being drawn for 20, 60 and 90-day periods, commencing on July 1 and running into the spring of 1920.

LAST AMERICAN IS OUT

WIMBLEDON. (AP)—Charles S. Carland of Yale university, the only American player to reach the semi-finals, was eliminated Tuesday by Kinacote of England, in the international tennis championship being played here. The score was 6-1, 6-4, 2-6, 5-7, 6-4.

BOLSHEVISM DEFINED.

The spirit of Bolshevism is graphically characterized in a current cartoon composed of two drawings, one showing Lenin, having cut down the tree, inviting a miserable crew to help themselves to the fruit, and the second picture showing the tree barren and dead with the destroyers in worse plight than before.

What is Bolshevism? To more lucid definition has been given than this phrase coined by Harold MacGrath: "It is the revolt of the inefficient."

The spirit of Bolshevism is not created by circumstances. It is inherent in men who can't do things and want to pull down the man who can. It is a poisonous adder that strikes only in the dark and turmoil when the minds and energies of real men are occupied in building up the slowly-but-surely arriving rights of mankind and combatting the forces that would blight their development.

But the truth that after great wars the scum always comes to the top--anarchism, red-socialism, bolshevism.

waters must disappear when the waters are stilled again, and the period of trouble which has brought about the downfall of autocracy--one form of strangulation of human rights--is coming to an end and with its close Bolshevism, a greater peril than autocracy, must inevitably vanish, like acrid smoke. Democracy and the progress of the rights of all men--not only one class of men--whether at the bottom or at the top of the social order--alone, can continue and endure.

FOOLS RUSH IN

During the next few days it is going to be more than ever necessary that the greatest care be exercised on the part of auto drivers if the possibility of accidents is to be eliminated in and around Twin Falls.

During Round-Up days this city will be filled with men, women and children, strangers and home folks. Many of the former will not be used to the local driving regulations and crowds are proverbially careless--there could be no greater hot upon the fair name of Twin Falls than would result through any serious accident to driver or pedestrian. No single incident would so mar the pleasures of the holidays as would any repetition of the unfortunate and distressing occurrences which from time to time have happened on the streets of this and other towns.

Fortunately, the great majority of those who drive cars are careful. Probably nine out of every ten drivers are practically accident proof, so far as such a thing is humanly possible. But the other tenth is composed of the youngster who is in the habit of doing his driving with one arm around his best girl, the man or woman who regard a practical brake as a purely ornamental thing, the fellow who refuses to dim his lights upon the approach of another car at night, the bird whose philosophy of driving is to make the other fellow do the guessing--there are plenty of 'em; hundreds right here at home.

It would not be so sad if the careless man took all the chances himself, but he does not. He is more of a menace to others than himself, and in this fact lies the danger.

The court declared that he could not accept the view of intervenors Robert Ray and others represented by T. K. Hackman of Twin Falls, that all of the stockholders of the Land & Water company should be brought into the suit. "It is not a question of to whom debts are owing but of the construction of contracts," Judge Dietrich said. He requested each of the parties of the suit to submit briefs in 30 days, and advised the intervenors to present a brief on the question of the legal ability of the stockholders trustee to foreclose against settlers pending the issuance of patents by the federal government to the state for the lands included in the project.

ARMY NO PLACE FOR LAZY MEN

Colonel Lee Tells of Opportunities Offered in Service for Those with Ambition

Lieutenant Colonel Alva Lee, of the United States army, was in Twin Falls Tuesday afternoon for an inspection of the recruiting office. He left during the evening for American Falls, the home of his parents, for a visit with the latter. From American Falls he will go to his post at Salt Lake.

Colonel Lee has just returned from France, where he served as member of the general staff of the 81st division. He had many anecdotes and experiences to recount while he was here.

Opportunities
Speaking with respect to recruiting Colonel Lee explains that the new army being constructed by the United States government offers excellent opportunities to young men of character, energy and ambition who desire to complete their education along diversified lines. Those not desiring grammar or high school subjects, may learn a trade and earn high wages while training. Those who wish to enter West Point are given special training under graduates of the military school, and after serving one year there will be appointed to the corps of cadets. The army while serving at West Point is \$750 per annum.

For the Cadet
On graduation cadets are commissioned second lieutenants in the United States army at a salary of \$1,700 per year. From then on the only limit to advancement in a military is the limit of ability.

The requisite characteristics of candidates—those making for success, according to Colonel Lee, are character, zeal, industry, loyalty and ambition. The cadet, he says, is no place for a lazy man.

Beds for Bedless Folks Are Wanted by the Committee

Half Thousand Couches Sorely Needed for Accommodation of Tired Strangers.

Have you a spare bed, a cot, a bunk or anything where it would be possible to visit Twin Falls and lie down and find rest?

If you have told it to the accommodation committee of the Elks' Roundup, be a philanthropist, just this once. Come on!

The Elks' Roundup accommodations committee has already calls for 500 beds in excess of the available accommodations now listed. These must be supplied; the burden of responsibility rests with Twin Falls residents equally with the members of the committee. By co-operation only can the want be supplied. Are you willing to do your share?

Have you a tent that can be occupied? Tell the committee.

Have you a spare room in the house? Let the committee know.

Can you fix a place on the lawn? Advise the committee.

What's that trunk lying on the back porch doing unoccupied? The committee needs it.

Here's your opportunity to demonstrate the extent of your flow of the milk of human kindness, and the amount of altruism in your composition.

Here! Beds! Beds! Beds! Beds! Beds! You've been too convenient yourself and found trouble getting a place to sleep, haven't you? Recall your misery then and open your doors now.

It is the belief expressed by the Roundup accommodations committee that 1,000 beds and cots are available in Twin Falls, but the offerings on the first call have been all too scant. This is the last call. Your beds in Twin Falls and its reputation are at stake. Have the honor of the place by letting a stranger into your domicile.

The committee has done "Trian" work in carrying out its accommodation plans thus far, but the work is incomplete because of lacking co-operation. Beds are wanted and they are wanted badly. Beds and half beds can be used on the camping grounds, and in case you have such a bed or cot and cannot open your house further you are urged to call at one telephone No. 541 and get on the list of contributors to the cause. You can also let Chapin know.

The troubles of the accommodations committee are weighty; help lift them. Do it today; do it now.

Social Notes

ORDER FARMER'S ARREST
On a warrant issued here today, the arrest of A. L. Utter has been ordered on charge of larceny. The defendant is accused by Orr Champan, an attorney, of feloniously diverting water from an irrigating stream and appropriating it to his own use. Utter's place is near Kimberly.

TAKES BANK POSITION
H. Barker, president of the Twin Falls Casket company, has been named cashier of the First National Bank at here, taking the position vacated by J. W. Farris. The latter was appointed to his indoor work on account of his health.

Local Brevities

Fire Department Has Call—A burning electric light pole caused an alarm at the fire station last night about 10 o'clock. The pole caught fire through the breaking of a transformer, which affected the insulation in a light wire.

Speed for Fighting—A fine of \$2.50 was imposed upon Albert Hadley yesterday in the municipal court after a charge of assault had been filed against him. Hadley struck a fellow worker in the Quality shoe shop, according to the complaint.

Pays Fine in Court—For violating the city ordinance relating to parking automobiles or other conveyances within a certain area designated as a safety zone near fire hydrants, Frank Sivers yesterday paid a fine of \$2.50 in the municipal court.

No Trace of Missing Man—George Huffman, deputy connected with the work there, returned last night from the Salmon Falls, where he spent some time in an effort to locate a trace of J. J. Richmond, who has been missing ten days. The deputy's efforts proved unavailing.

Clark Named Secretary—Charles F. Clark, formerly a recruiting sergeant located in Twin Falls at one time, has been selected secretary and business manager of the Buhl Commercial club. Mr. Clark has been employed as sports and auto editor on a Boise newspaper. The appointment takes effect August 1.

Strike Quickly Settled—The differences of cooks and waiters and employees were adjusted last night and a threatened tie-up of eating houses in Twin Falls was averted. The workers demanded changed working conditions with some increases in stipendary consideration. The adjustment was effected after a series of conferences.

Scott Funeral to be Military—Funeral services for Arthur M. Scott, service man who died at his home here on Monday night of an ailment contracted while in army work, will be conducted at the Baptist church at 7 o'clock this evening. Burial will be in Twin Falls cemetery. A firing squad composed of members of the American Legion, will lead a military touch to the obsequies.

Extradition Ordered—Papers for the extradition of Newton E. Austin and James Austin, held by authorities in Montanan, were issued yesterday. The

men are under arrest on a charge of obtaining from J. F. Fleming cash and notes amounting in value to \$2400, representing payment for an alleged water right which, it is said, has proven to be fallacious. The Austins are under arrest at Deer Lodge.

New Manager Named—H. D. Forryce of Burley has been appointed manager of the clothing department of the Big White Store, and has taken up his work there. Mr. Forryce's family is still in Burley, but will move to Twin Falls as soon as a residence can be procured here.

Lawbreakers Fined—Forrest Tenney, A. E. Boone and J. E. White parked their automobiles inside a fireproof safety zone and were arrested this morning. They paid fines of \$2.50 each in the municipal court.

ROUNDUP WILL HAVE FIRST AID STATIONS

Red Cross Health Association Will Provide Hospital Service During Carnival.

The Red Cross Public Health association of the county at a meeting held last night at headquarters completed arrangements to establish during the Roundup two first-aid hospital tents, one at the ball park and the other at the city park, both to be fully equipped and to be served by an ambulance, belonging to P. J. Grossman.

Mrs. Leah Graves, who has just returned from a year's service overseas, who is to be made the county nurse under the new administration, will have general charge of these arrangements. The tent in the city park will be under the immediate supervision of Mrs. Austin Thomas and Mrs. Overton of Filer, while Mrs. Hal Bieler and Miss Schenat will be in charge at the ball park. Doctors W. F. Pike and Hal Bieler will be on call when needed.

The Red Cross Public Health Nursing committee, whose services have been given to this work, has also provided for a float in the big parade on July 31, and, moreover, wishes it understood that no charge will be made the public for any service it may be able to give during the week.

MUSICAL PROGRAMS AROUSE ENTHUSIASM

Chautauqua Offerings Tuesday the Best on List; Pvt. Peat III in Hospital.

Music was the prime feature of yesterday's Chautauqua. The afternoon and evening performances were provided by the Chautauqua band, assisted at night by Mme. Cafarelli. Both programs were far above the average, that at night being extensive and elaborate.

The Czech-Slovak band, directed by Professor Gura, proved one of the best organizations of this sort appearing in Chautauqua performances here. The band is composed chiefly of young men, but all are artists. Gura is a wizard with the director's wand, and displayed excellent control over his company.

Mme. Cafarelli, a coloratura soprano of great experience, possesses a voice of peculiar sweetness and a distinctive quality, great power and wide range. Her numbers, as well as those of the band, were received with spontaneous and loud acclaim.

There is a disappointment due Chautauqua patrons planning for tonight's performance. Private Peat, soldier and author, will not be present. The world war veteran is reported ill in a hospital in Blackfoot, and has been compelled to cancel his engagements with the Chautauqua for the present at least.

This afternoon the Reguers, musicians and entertainers, are giving a concert, which will be followed by a lecture by W. L. Mellinger, the topic being "Misunderstood Mexico." The performance will be repeated tonight.

Deaths

Mrs. Myrtle Johnson of Twin Falls died in the L. B. hospital at Salt Lake Monday night, according to reports received by relatives here. Arrangements for burial in Salt Lake have been completed.

Mrs. Johnson was the wife of F. D. Johnson, field manager of the Almagate Sugar Company in Twin Falls. She had lived here about twenty months, and was married to Mr. Johnson here. There are no children. Mrs. Johnson was born 25 years ago in Bonanza, Utah, where her parents still reside. Burial will be in City Cemetery, Salt Lake. The husband was called to the bedside when death seemed inevitable.

CUMMINGS COMING TO MAKE A VISIT

National Democratic Chairman, Now on Coast, Expects to be Here July 10.

Information reaching Twin Falls today from Portland indicates that Homer S. Cummings, national chairman of the democratic party, now in Portland with members of the democratic committee and a retinue of clerks, will make Twin Falls a stopping place on the coast by his trip.

The junket of the democrats started from Washington some days ago and includes most of the important towns throughout the west coast. The party expects to be in Twin Falls about July 10 on the way to Yellowstone Park. In the company are W. F. Jamieson, director of finance; W. E. Hollister, executive secretary; E. Bruce Kromer, western vice chairman; Mrs. George Bass, head of women's activities. The party will be accompanied there by Idaho by national committee member Elder and D. W. Gensberg of Wallace.

CHURCH TO REMOVE ITS SERVICE FLAG

Congregation of the Christian Church Will Place Banner with Permanent Records.

Announcement is made of a patriotic service to be conducted at the Christian church on Sunday, July 13, when the church's service flag will be taken down.

The general program on this occasion is planned to be of an entirely sacred order, and will be especially elaborate. The flag is to be kept with the records in the archives of the institution. The names of all men sent into the service from this church will be engrossed on the rolls of the clerk of the congregation as a memorial to the soldiers.

The Rev. W. A. Minto, pastor of the church, is spending the present week in Nampa as presiding officer at the state convention of Christian churches. The women's missionary society of the church has postponed its regular meeting to July 11.

Social Notes

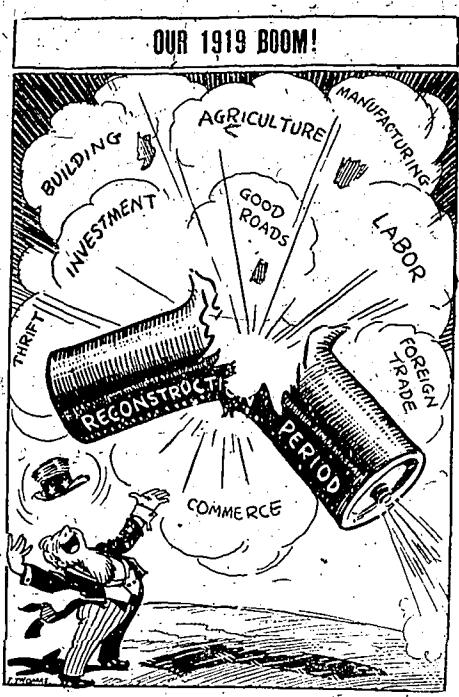

The Blue Lakes Boulevard club met last Friday with Mrs. Henderson. Musical selections and readings were featured on the program. Refreshments were served. The next meeting will be on July 11 with Mrs. Long.

The Salmon Social club met June 29 at the home of Mrs. C. H. Winter. Mrs. Albert Hughes and Mrs. Laura Haul were voted in as new members. Mrs. Frank Osborne, president of the Federation of Women's clubs, will be present at the next meeting to explain the advantages of her organization which will be July 10 at the home of Mrs. Lester Denton.

External Substitutes.
Here is a famous Chinese humorous story. A traveler stopped at a house and asked for a cup of tea. Having none on hand, the host sent his son out to procure some. Meanwhile the hostess put a pot of water on the fire to boil. The son did not return, and it became necessary to add some more water to the pot. This was done several times. The son still remained absent, and finally the wife said to her husband: "Inasmuch as my husband does not seem to be forthcoming, perhaps you had better offer your guest a bath."

No Written Chinese Music.
Chinese music is not written. The words of some of the favorite songs have been preserved, but the music has been handed down from father to son for generations that go far back before the day of the troubadours. When music is played it is played according to the memory of the musician and his ideas of interpretation. A musician varies the performance at his best judgment. Sometimes add the strings, reeds or brass may break in at almost any time.

M'CARROLL ISSUES DEFI TO MAT MEN

Champion Bulldogger Challenges County's Middleweight Grappler.

To enter the lists at the Roundup Frank McCarroll, champion bulldogger and noted for his feats of strength, and his wife, Bonnie McCarroll, are in Twin Falls. They came in from Boise and will appear every day, both in Roundup park and the Stockade. "Texas" Rose Smith, of Austin, also has arrived to participate in the stirring event of the week.

Frank McCarroll, a burly chap whose every action denotes apple strength, won championship bulldogging honors in 1913 when he subdued an obstreperous steer at Boise in 11 seconds. Later he broke over this record, taping a steer in ten seconds. The champion has won considerable renown as a strong man and in the wrestling ring, and has issued a challenge to meet any grappler in the country at any weight from 150 pounds to the top of the light heavyweight division.

Bonnie McCarroll totes the championship forbantamweight women bucking horse riders. Miss Smith is an all round performer on horseback.

ROCK CREEK

(Special to The News)
ROCK CREEK Richard Gray came home Monday from Madison barracks, New York, where he has been stationed for the past few months. Richard was the third son of Mrs. Susan Gray to enlist in the service of his country and has been absent for a little more than a year. In March, 1918, he enlisted in the infantry, was assigned to Company D, 63rd infantry and sent to San Francisco. Later his regiment was sent to Camp Meade, Md., on the first lap of their journey to France but the armistice was signed before they were ready to leave and for a number of months he did guard duty at Curtis Bay, from there he was transferred to Madison barracks, New York.

Tex Martin, another Rock Creek serviceman, came home Thursday. He enlisted in the retnout corp last August and in a short time was sent to France where he was placed in a company where he remained until discharged.

Mrs. Wesley Hyde, who has spent the past two months at the county general hospital in Twin Falls, came home on Thursday.

Miss Anna Larson entertained a few friends at luncheon Sunday, honoring her sister, Miss Florence, who has just returned from Corvallis, Oregon, where she attended school last winter.

Wiley Nicholson, who has been visiting for a few months with his uncle, L. M. Van Eaton, left Thursday for his home at Van Buren, Ark.

Mrs. Lou Brown of Kimberly is visiting with her aunt, Mrs. H. P. Larsen. Mrs. Brown was formerly Miss Della Bignor.

Mrs. T. O. Jones and Mrs. Maybo of the Big Flat Ranch at Three Crook, who have been visiting at the Brad home, returned home Thursday.

LANDS ARE ELIMINATED FROM NATIONAL FOREST

Government Sets Apart Numerous Tracts from Ruby Division in Nevada.

Information has been received locally to the effect that President Wilson has just signed a proclamation eliminating 18,152 acres from the Ruby division of the Humboldt national forest in Nevada. The lands are in small tracts along the forest boundary at the foot of the slope of the Ruby range. By the same proclamation 25,810 acres were added to the Humboldt division. This addition is in a single tract and connects the Humboldt and the Elk mountain divisions.

CONGRESS ACTS TO PAY BILLS OF GOVERNMENT

Water Power Providing for Lease of Hydro-Electric Sites Goes Through with Appropriations.

WASHINGTON, (AP)—Congress last night passed an appropriation bill needed by the various agencies of the government for the fiscal year that began yesterday.

After being in session until midnight the house and senate finally reached agreements on bills that have been in dispute for weeks. The measures approved included the army bill carrying \$775,000,000; the sundry civil bill carrying \$605,000,000; the District of Columbia annual budget of \$15,000,000 and a deficiency measure of \$25,000,000.

With the appropriation bills disposed of and with passage of the administration's water power bill in the house both branches adjourned until Tuesday, July 8. At that time, President Wilson is expected to present the treaty of peace with Germany and while the senate is debating that document the house will resume consideration of prohibition enforcement legislation.

Provides for Resources Survey.

The water power bill as passed in the house is substantially as reported from committee. It provides for the lease to states, municipalities or corporations water power sites on navigable rivers, public lands and public reserves for a period not to exceed 50 years. Representative Baker, democrat of California, demanded a separate vote on an amendment to the bill providing for the repeal of the provision of the rivers and harbors act creating a commission to investigate the water resources of the country. The amendment was carried by a vote of 132 to 8.

HOG PRICES TAKE JUMP OVER PREVIOUS RECORD

Rise Is 25 Cents in 24 Hours to Altitude of \$22 a Hundredweight.

CHICAGO, (AP)—Hog prices today jumped far above yesterday's figures, which in turn had exceeded any previous top record. The latest altitude is \$22 a hundredweight, a rise of 25c in 24 hours.

Increased export demand for food products was the generally accepted reason for the continued unprecedented advance.

JUDGES ARE NAMED FOR THE ROUNDUP

Three Men Chosen to Decide Winners in Races and Other Events; Payne Announcer

Announcement was officially made today of the selection of the following officials, who will have charge of affairs at the Roundup, which opens tomorrow.

Announcer—Claude N. Payne, Twin Falls.
Judges—P. R. Emerick, Jerome; C. O. Markel, Twin Falls; Sam Cottrell, Burley.

It is understood some objection has been interposed by certain Roundup contractors coming from the outside against one member of the judging committee, the objections requesting the selection of a man from one of the bordering states to take the place of one of the judges named. The list, therefore, is subject to change before the first meeting.

Grandfather Says Boys Stole Auto

Gooding Resident Has Grandsons Arrested on Charge of Grand Larceny.

Two young men named Rowell were arrested here Tuesday night on a warrant from Gooding county charging grand larceny. They have been taken back to Gooding for trial.

The two men were taken in charge by Sheriff A. N. Sprague of Twin Falls county, and Sheriff Sanders of Gooding county as they were watching the Ferris wheel and other Midway Pleasure amusements on Second avenue and Second street east. One of the young men occupied a position in the crowd at the time the automobile was stolen. The warrant was sworn to by the grandfather of the defendants, who claims the machine as his property.

Defendant Sick; Trial Postponed

J. B. Rice, Accused of Grand Larceny, Taken to Hospital Instead of Courtroom.

Trial of the state's case against J. B. Rice, a resident of Buhl, has been indefinitely postponed, due to the severe illness of the defendant. He was removed from the county jail to the county hospital yesterday, and is said to be in the last stages of consumption.

The arrest of Rice was made about ten days ago on the specific allegation of grand larceny. He is said to have stolen a horse at Buhl and offered it for sale. Since his arrest his decline, according to court house authorities, has been very marked, until this morning it was decided to send him to the hospital for treatment. His preliminary hearing was set for 10 o'clock this morning in the probate court chambers.

GAY THROUNGS IN FESTIVE ARRAY STEADILY ARRIVING

Roundup Is Attracting Steady Inflow of Revelers Coming for the Three-Day Carnival Event; Scenery Is in Place and All Things Ready for Reception of Biggest Crowd Town Has Seen.

FRANK AND BONNIE McCARROLL

Two daring riders who will be one of the principal attractions during the Roundup—McCarroll is the champion steer bulldogger of the world; Bonnie McCarroll holds the palm as the lightest woman bucking horse rider.

The scenery is in place, the courses in trim and the entries are ready for the bell that tells them to "go!"

Tomorrow the Elka Roundup, a revel designed to at once celebrate world peace and the emancipation of the United States from foreign rule, never before indulged in, and such a celebration as few towns, big or little in the west have ever schemed.

The fête time officially opens at 1:30 tomorrow afternoon and will close with a tremendous street carnival, Mardi Gras and general hilarious times. The town will belong to the revelers from the opening gun to the joy shout on Saturday night.

Something Doing All Time.

The Roundup, a feature of all three days, will be open to public patronage each afternoon from 1:30 until the close of the day's program. Immediately after recess for dinner the stock-

ade will be thrown open to the public for another whirl at the wild west revival. Bands will be present at all entertainments and during the evening the street in front of the stockade will be set apart for dancing, the band with in the stockade and enclosure providing luring jazz and jazz music for the dancers as well as dispensing strains for the edification of those on the inside.

There will be something doing somewhere all the time, there will not be an instant for languor, and no cause for complaint, according to Secretary Merlin G. Bailey, who has been one of the busiest men extant since the first thought was given to the fête.

Diversified Program.

The Roundup program is widely diversified with all sorts of rides and news mingled. There will be men, women and Indians in the main events,

with favorite virtuosos aplenty. Among the events scheduled are: Earle's bucking contest, maverick races, trick riding, bucking contests, ladies' relay, pony express race, cowboys' Roman race, wild horse races, cowboys' relay race, cowboys' pony race, cowboys' girls' pony race, trick and fancy roping, cowboy relay races, Indian pony races, bulldogging contests, barrelback riding, Indian bareback relay, stage coach races.

Many of these events will be re-enacted at the night frolic in the stockade.

Many Ball Games.

In addition to the sports the Roundup committee on amusements has arranged for baseball games have been planned for the festival season. The Piler and Paul clubs of the regular league have been signed to go against the Twin Falls club. The first game of a three-contest series with Piler will be opened at 3 o'clock this afternoon. Two games will be played with Piler Thursday, one at 10 a. m. and the other at 4:30. On Saturday the Twin Falls club will meet the Paul outfit in a double header, the same hours of play being observed as on Thursday.

It is expected that on Friday, July 4, the crowd will be augmented to meet the normal holiday throng, and arrangements are being made now to hold a double-header Roundup performance the next afternoon, showing today for the "overflow." Official announcement of the adoption of this scheme will probably be made tomorrow.

That there will be no dearth of refreshment places is indicated by the extraordinary number of applications for lunch counter concessions about town and at the park. Booths for supplying food and drink are being sprung up in every nook and cranny about town, along with booths for games and similar purposes. The town is rapidly assuming gasp aspect, with extensive decorations affixed on every hand and the folk themselves assuming attire of gorgeous hue.

Visitors have already begun to gravitate to this center, and there are now more strangers on the streets than is usual on the occasion of normal holidays. If the present influx is an index of the added crowds to follow the city will be cramped to the limit by tomorrow afternoon.

Grain and Produce

CHICAGO, (AP)—Both corn and oats today touched the highest prices yet in this season. Excessive heat coupled with lack of rain had much to do with broadening out of activity of buyers and lifting values. Continued record breaking returns in the hog market formed another bullish feature. Open-

ing prices which ranged from 3-4 to 3-5-6 higher, with September \$1.70 to 1.80 and December \$1.58 to 1.50, were followed by additional gains.
Improved shipping demand from the east led subsequently to a further advance. Besides, rural offerings were light. The market closed buoyant, 4 1-8 to 5 1-8 not higher, with September, \$1.82 7-8 to 1.83 and December \$1.61 5-8 to 1.61 3-4.
Oats kept on the ascent with corn. After opening 1-4@3-8 to 1 1-4 up, including September at 70c to 70 3-4, the market went still higher.
Provisions were hoisted by the influence of hogs and grain. Trade was fairly active.
New high levels for the season were reached by pork and lard.
